

Physician 3551

Chapter 3551

"Bang!"

The terrible impact swept away, the whole world was in shock, countless stars on the extraterritorial sky shook off one by one meteorite, burning flames fell to the earth.

At the same time, Jun Mo was in great distress and fell from the sky. Standing on the earth, he did not forget to Chong Ye Chen. The three men said, "come down! If you fly to death mountain, you will encounter the bombardment of death thunder

Jun Mo is also very depressed at the moment. He is too excited for a moment, and even forgets this matter. If he didn't react fast enough, he would have been killed by the thunder of death.

Hearing this, ye Chen three people suddenly fall from the sky. They have already seen the terrible thunder of death. Even if it is the Ninth Heaven in the holy ancestral land, they can't resist it. It seems that they can only climb the mountain honestly.

Walking on the earth, ye Chen and his three men came to Junmo. They saw that the blood red clothes on Junmo's body were somewhat broken, and there were wisps of black smoke on his body. His flowing long hair was even more disordered. Obviously, it was not good to be bombarded by the thunder of death.

Jun Mo breath some concussion, adjusted for a moment, then opened his eyes, looked at Ye Chen three people, said: "everyone, just I was reckless, now let's climb the mountain."

"Good."

Ye Chen didn't object. He looked at the dead Magic Mountain in front of him, and the strange feeling became clearer. It seemed that something was gestating in the dead demon mountain. Although the vitality concussion was very weak, it was full of strength.

On the death demon mountain, there is a winding mountain road. On this mountain road, there are countless dead gas rolling, gathering into a terrifying monster, watching Ye Chen four people roar ferociously.

"This mountain road is called the death ladder. Only by climbing the top of death demon mountain can we get the flower of death. Otherwise, even if the bombardment of death thunder comes to the top of the mountain, the flower of death will not appear."

Jun Mo then opened his mouth to explain that he had just been excited to forget these matters, but now he remembered.

Then, ye Chen's four people stepped up the death ladder. Just stepping on the death ladder, the endless dead air on the death demon mountain roared and rushed to Ye Chen's four people.

The strength of these monsters is not weak, the strongest even reached the early days of the holy ancestral land. Although such strength is not enough to make ye Chen four people fear, the key is that their number is endless.

"Hum! A group of local chickens and dogs, get out of here

The cold light bloomed in the eyes of the dark emperor, and his body was shocked. The evil spirit was rolling out all over the sky, and the impact of destroying the heaven and destroying the earth swept through.

"Demon wolf smoke blade!"

With a drink, the emperor of the shielding God drank, and the blade of endless smoke swept out. The cold light twinkled and the edge was invincible. In a flash, he killed the endless dead monsters and eliminated all the dead demons on the death ladder in front of him.

Seeing this scene, Jun Mo and Yang Han are shocked. Although they are in the same realm as the emperor Zha Tianmo, they are obviously not the opponents of the emperor.

"The devil emperor is really powerful." Jun Mo can't help exclamation.

However, the voice of Junmo's voice was still declining, and the endless stillness was rolling. The monsters that had just been chopped up by the emperor of covering the heaven and the devil gathered again, and the breath was even more powerful, and the strength was enhanced by one point.

"This Jun Mo can't help gaping at this scene. The monster can't be killed, and the number is so large that the death ladder is simply very difficult.

"We can't delay. We must get to the top of the mountain as soon as possible!"

Ye Chen is also aware of the situation is not good, immediately shout out, the next moment the destruction of Shinto erupt, the violent atmosphere of destruction swept out, just condensed into shape of the monster again was all killed.

"Go

Ye Chen murmurs and rushes out first. Along the way, there are endless dead monsters. Just after they are killed, they condense again. Every time they re unite, their strength will be enhanced by one point.

And as ye Chen and others follow the death ladder all the way up to the hillside of the dead demon mountain, the strength of the demons here also soars again. Unexpectedly, in the middle of the holy ancestral realm, ye Chen's pressure increases sharply.

"Brother Ye Chen, you have been on the road for so long. It's time for me to come."

At this time, Yang Han, who had not spoken, suddenly began to shout. Then he rushed to the front without saying a word and opened the way for everyone.

Seeing this, ye Chen moved in his heart. Seeing Yang Han like this, he seemed to have no bad thoughts.

In fact, although Ye Chen Kai road consumes a lot of money, it hides most of his strength. He doesn't do his best to guard against Yang Han and Jun mo.

Yang Han was dressed in gold armor. When he took the hand, the golden armor on his body shone even more brightly, even burning a golden flame. When the golden light reflected on the monster, he could hear a hissing noise, and many monsters exploded directly.

The golden armor is filled with a strong aura of Hongmeng, which is very extraordinary, and has obvious restraining effect on these dead condensed monsters.

At the top of the mountain, the effect of killing many monsters on the mountain is better than killing people on the way.

But when ye Chen four people stepped on the top of the death demon mountain, the endless monsters on the death ladder all stopped and didn't follow. On the contrary, these monsters exploded one after another, turning into endless dead air around the dead devil mountain.

And at this moment, an inexplicable wave trembles between heaven and earth, and ye Chen's face changes slightly.

"The dead air is condensing!"

Ye Chen can see at a glance that these exploded monsters turn into infinite dead gas, and now they gather together.

Then, the dead spirit turned into a huge monster with two horns on its head and sharp spines on his back. Like a wolf, he rushed to the top of the demon mountain and opened his mouth to Ye Chen.

"Half step to mend the sky!"

Jun Mo's mind was in shock. The monster had reached the state of half step mending the sky, which was even higher than his state.

Although the monster has not completely stepped into the heaven mending realm, the terrible momentum emanating from it has surpassed the holy ancestral realm. The magnificent stillness shocks, the sky trembles, and the void of the monster's whole body is constantly exploding.

"Roar!"

The monster roared and suddenly burst out his hand. His sharp claws fiercely grabbed Yang Han.

The fierce and incomparable power swept over, and the dead air that destroyed the heaven and the earth was pounded. The monster's claw seemed to be able to tear the sky and break through the ages. It was lawless!

Seeing this, Yang Han's face changed slightly, and he quickly pulled out his sword. The long golden sword lit up an endless golden flame. The crazy tyrant's divine fire scorched the void and collapsed. Yang Han chopped the monster with one sword.

"Bang!"

The next moment, Yang Hanru was struck by lightning, and his body trembled and flew back. His breath was turbulent and he almost fell to the top of the mountain.

Seeing this scene, ye Chen's mind vibrates. Is this the power of half step mending the sky? It's really tough.

"Ladies and gentlemen, we will join hands to kill this colleague, and then we will get the flower of death!"

When you look at the vicissitudes of life, it seems that when you return to the sky and the sky, you will return to the light of the day!

"The blood kills the sky knife!"

Jun Mo roared with a roar, and the blood on his body surged out. In the palm of his hand, he turned into a fierce and powerful sword, just like a blood knife to cut through the heaven and earth, and a knife to the monster.

"Destroy Shinto, explode!"

Ye Chen also did not hesitate, immediately pulled out the evil sword, a sword stabbed out, the world concussion, as if to pierce through the sky, the fury of the God of destruction is just like destroying the heaven and destroying the earth.

At the same time, the evil emperor of Zha Tian also made the same move. His breath was rolling. He suddenly raised his hand, and the endless evil spirit was rolling. Behind him, there was a supreme demon shadow who stood up to heaven and earth!

"Magic emperor shaking the sky palm!"

With a roar of anger, the shadow's momentum vibrated, which directly cracked the sky, smashed the sky and destroyed the earth. The endless evil Qi gathered in the palm of the giant palm and turned into a black cloud of evil Qi that killed everything. The lawless power swept down the monster.

At the same time, Yang Han also flew from afar, the golden sword in his hand burst out with endless light, and the turbulent golden fire swept out.

"Kill the fire!"

Yang Han roared and roared. He was very angry when he was hurt by the monster's claw. At the moment, he burst out 100% strength.

"Boom

In an instant, the blood killing sword directly cleaves the monster, and the destruction Shinto erupts. The giant palm of the devil emperor sweeps down, and the golden fire comes!

Facing Ye Chen's fierce and incomparable magic power, the monster roared and opened his mouth. Infinite dead breath gathered in his mouth and finally condensed into a dead thunder with the breath of destroying the heaven and the earth!

"Roar!"

The monster roared, and the thunder of death swept out and collided with the magic power of Ye Chen.

"Bang!"

At this moment, the heaven and earth vibrated, and the impact of destroying heaven and earth swept all over the world. The endless dead air around was eliminated in an instant, and the dead clouds on the top of the death demon mountain were even shaken away.

"Cough..."

A light cough in the impact of the endless dust, and then I do not know who hands to sweep the dust, ye Chen four figures exposed.

Yang Han's face was pale, covered his chest and coughed repeatedly, but his eyes were excited. Ye Chen's condition was better. Although his breath was unstable, he was not hurt.

"That guy won't come back together again?"

Jun Mo looks suspiciously at the stillness rolling between heaven and earth. Although the monster is half step mending the sky, after all, it has no wisdom. It is killed by the four of them, but it is hard to guarantee that it will not reunite like the monster on the death ladder.

If the monster can cohere infinitely, it will be troublesome.

At the moment, ye Chen's face is not from dignified rise, but wait for a long time also did not see concussion of dead gas again gather.

On the contrary, there is a hot spring in the center of the dead devil mountain. At the moment, there are waves in the hot spring.

This fluctuation is very mysterious, as if the ultimate vitality born in the dead air, as soon as it appears, it is like the Hong Zhong Da Lu in Ye Chen's four people's hearts, which makes people feel shocked.

Chapter 3552

"This is..." Ye Chen looked at the hot spring, he noticed that the vitality was similar to what he had sensed before.

At this time, four pure, crystal clear white flowers slowly emerge from the hot spring.

"The flower of death!" Jun Mo gets excited, and the flower of death appears, proving that they have passed the test of Death Magic Mountain.

The flower of death blooms with endless brilliance and surging vitality. It seems that the purest and purest life force between heaven and earth can prolong one's life and make one's mind clear.

Jun Mo did not say a word, came to the hot spring edge, a flower of death automatically floated, fell on Junmo's palm.

Feeling the vast vitality surging in the palm, Jun Mo's heart raised an impulse to swallow the flower of death, but still resisted.

"Where is the flower of death? It should be called the flower of life."

At the moment, Yang Han came to Junmo's side, and a flower of death also fell on his palm. Yang Han had just been injured. Looking at the flower of death in his palm, his eyes turned red.

The flower of death released endless temptation at this moment, as if the most touching thing in the world. Yang Han's mind swayed, and he could not control his desire. He opened his mouth to swallow the flower of death.

"Can't eat!"

Jun Mo didn't change his face when he saw this scene. He quickly stopped Yang Han and snatched the flower of death in his hand. However, Yang Han sucked a wisp of vitality from the flower of death into his stomach.

"No!"

Jun Mo couldn't help looking ugly. His voice was still falling. Yang Han's eyes widened. His face became pitch black for a moment. His eyes were filled with black blood.

Yang Han was terrified and sat down in a hurry. His armor gave out endless golden light, and the golden fire rose.

"Now, drive these dead spirits away, or you will die!"

Jun Mo anxiously said, at the same time put his hand on Yang Han, want to use his strength to let the other party drive out dead gas.

Seeing this scene, ye Chen and Zha Tian Mo Di are also frightened. They are extremely alert to the flower of death that has just fallen into their hands, and then they also help Yang Han refine his dead spirit.

After a while, Yang Han's dead breath was gradually expelled, his face gradually returned to ruddy, and his breath became stable.

"The flower of death is not an empty name. Its vitality is only appearance, or its vitality is too strong. The vitality condensed to the extreme, that is, the terrible and unexplained stillness. Fortunately, you just swallow a wisp, or you will die!"

Jun Mo looked at Yang Han and couldn't help saying, but it's no wonder that Yang Han is injured. The strong vitality of the flower of death has become the most attractive thing. Few people can resist such temptation.

After waiting for a moment, Yang Han is finally self-cultivation. He looks at Ye Chen in embarrassment, and is still afraid of his experience.

"Thank you for your help." Yang Han gratefully looks at Ye Chen and Zha Tian Mo Di. If ye Chen and Zha Tian Mo didn't attack, but Jun Mo alone, he might not be able to expel these toxins. Even if he did, he would have to pay a painful price.

"It's OK. Since I'm in the same trade, it's right to help."

Ye Chen waved his hand indifferently, while the evil emperor nodded and did not speak.

"Well, now that the flower of death has arrived, the ancient city of death should also appear."

Jun Mo looked at the crowd, and then said: "this can be a spirit, the ancient city of death is more terrible than the death of magic mountain countless times."

Smell speech, ye Chen not from look slightly Su, distance into the state of nine death is a step closer, and he is also more worried about ye lu'er.

This has not entered the situation of nine deaths, there is such a crisis, we can imagine how terrible the situation of nine deaths is, ye Chen is very worried about ye lu'er's safety.

At this time, the flowers of death in the hands of Ye Chen's four people suddenly burst into endless dazzling white awns, which gathered in front of Ye Chen's four people.

In the end, a crystal clear white mirror appeared in front of everyone. Through this mirror, the four of Ye Chen could see that there was nothing in front of them. Unexpectedly, there was a huge valley full of stillness and terror.

The endless stillness is surging. In the vast and deep canyon like a natural moat, the dragon of dead gas condensed by dead gas roars and flies in the canyon. Every move seems to destroy all the vitality, which is daunting.

"What is this?"

Ye Chen frowned slightly and asked.

"This should be the death Canyon leading to the ancient city of death. It is said that the canyon is full of crisis. If you are careless, you will die."

Junmo is standing beside Ye Chen at the moment, looking at the death canyon with a dignified face. He feels the great terror and crisis from the death Canyon, which makes him shiver.

Even if Jun Mo has been searching for the trace of the nine death place all the time in such a long time, now he is one step closer to the nine death place, and he can't get excited. The breath from the death Canyon is too terrible.

"Now that we're here, let's go in." Ye Chen did not have much fear, and his eyes were full of fighting spirit. No matter how many difficulties and dangers along the way, he must enter the situation of nine deaths and rescue ye lu'o'er.

Seeing ye Chen's tough eyes and the invincible momentum emanating from the language, Jun Mo can't help but be stunned. At the next moment, his eyes become hot.

"Yes, it's not easy to get here. You must make a breakthrough!"

Junmo agreed with Ye Chen's words, the next moment Ye Chen four people directly jump, directly from the top of the death demon mountain into the Grand Canyon.

"Protect the flowers of death in their hands, which is the most desired food for all the dead creatures in the Grand Canyon. They will come to fight for it at all costs, and if they are allowed to eat the flowers of death, unexpected situations may occur."

Jun Mo complexion heavy said, at the same time the flowers of death.

Seeing this, ye Chen and his three men also collected the flowers of death, and then they rushed into the Grand Canyon, where the dragon of dead gas roared incessantly.

"Boom

Ye Chen four people step into the land of the Grand Canyon. In an instant, the endless stillness in the canyon seems to find the enemy. They are infuriated, and they are swept to Ye Chen's four people crazily.

At the same time, the dragon of dead gas, which is boiling and roaring, also blooms with endless cold light in his eyes, and then rushes to Ye Chen's four people crazily.

In addition to the dead gas dragon, there are also endless dead living creatures hidden in the dead gas. These creatures are just like the dead gas dragon. Seeing ye Chen's four people, it seems that they have seen the most delicious food in the world, and one by one they are extremely greedy.

These dead creatures smelled the smell of the flowers of death on Ye Chen's four people, so they rioted in an instant.

Chapter 3553

Seeing this scene, ye Chen's face is slightly heavy. The strength of these dead dragons is very strong and has reached the holy ancestral realm, and many of the dead spirits have reached the peak of the heaven God realm, one by one they are very strong.

Endless dead air surges, like the waves sweeping, ye Chen's face is cold, suddenly a sword stabs out.

"Destroy Shinto!"

Ye Chen roared, and the violent destruction Shinto broke out. The sword that destroyed the heaven and the earth swept across the Grand Canyon. In an instant, the endless dead air filled between heaven and earth was dissipated.

The countless dead living creatures killed by Ye Chen are killed by Ye Chen's sword, but soon the dead gas surges and the endless dead life gathers again.

"It seems that here, like the ladder of death, dead creatures can continue to regenerate. We have to speed up to get through the valley of death."

The light in Ye Chen's eyes flashed and said.

"Well." Junmo nodded with approval, and then he was killed directly. The fierce blood light swept all directions. At this moment, Junmo seemed to be an extremely ancient existence. The creatures that existed before the birth of heaven and earth had a strong and dignified atmosphere.

"Boom

The endless blood light rolled down, and countless dead creatures howled. They were afraid of the blood light from Junmo.

See this scene, ye Chen heart micro motion, Jun Mo body hidden a lot of secrets, this blood light is very worthy of attention.

Jun Mo's blood light is too old and vast. I'm afraid it has an unusual origin.

As for Yang Han, the armor on his body is also unusual. These two people are not simple existence, and their temperament is very noble. If they can make friends with each other, it will be a good thing.

Thinking about it, ye Chen has already taken the lead. Under the circumstances of Jun Mo's blood light suppressing the dead and living creatures, he directly explodes and kills in the Grand Canyon across countless distances in an instant.

Between the waves of the Sha sword, the endless breath of destruction swept all directions, and countless dead creatures howled and broke one by one.

The whole valley of death is now in constant shock, and the impact of destroying heaven and earth constantly erupts.

Ye Chen's four men, as if they were unstoppable, were advancing in the valley of death. All the dead creatures blocking them along the way were smashed and could not stop them even half a step.

In such a violent killing, ye Chen's four people are also very fast. Although the death Canyon is very vast and deep, it is almost to the end at this moment.

The strength of the dead spirit that blocked Ye Chen's four people became more and more powerful. From the initial stage of the holy ancestral realm to the middle or even later stage of the holy ancestral realm, the dragon of dead spirit has been existing in the middle or even later period of the holy ancestral realm.

The strength of the dead spirits also increased a lot, and their breath became more and more violent. Accompanied by the boundless breath of the dead, they launched a crazy attack on Ye Chen's four men.

"Well, these guys can't stop us."

Junmo was excited again at the moment. He did not know how many dead creatures he had killed along the way. However, the crisis in the Grand Canyon that made him feel scared and even chilly did not appear. This made him feel too nervous. The crisis was just his illusion.

But the deeper into the valley of death, ye Chen's face is more dignified. Junmo can feel the crisis, he can also feel it, and feel it more clearly than Junmo.

At this time, ye Chen finally arrived at the deepest part of the Grand Canyon. In front of them, there was a vast abyss, in which something terrible was hidden.

The endless dead air flows in the abyss, and the dead gas of the whole death Canyon rushes out from the abyss.

Seeing this scene, ye Chen can not help but think of the ancient battlefield under the boundary city. The cause of the situation of nine deaths is a great war just like the ancient battlefield, and there is an abyss in both places.

"This..." Ye Chen's eyes suddenly coagulated, "the soul of war! This abyss will condense the soul of the war, and you will have a good time

Ye Chen instantly thought of the soul of the ancient battlefield, his face slightly changed. The strength of the soul in the ancient battlefield was not vulgar, and the battle that had happened in the land of nine deaths was more terrible than that of the ancient battlefield. The strength of the soul of war gathered here should be more powerful.

"Boom

With the fall of Ye Chen's voice, there was a sudden riot of dead air all over the sky, which swept out like destroying the sky and destroying the earth, directly enveloping the whole valley of death.

The whole valley of death is shrouded in the endless stillness uprising and the breath of death that destroys heaven and earth flows.

Everything around, the sky above, was covered, and the endless darkness was shrouded with a strong smell of death.

Ye Chen four people's facial expression immediately dignified rises, they are aware of a terrible force is pregnant.

And at this time, has been to the Ye Chen four people launched an attack of the dead spirit of life, but suddenly one after another exploded.

"Bang bang bang!"

The countless roars of heaven and earth were resounding, and the terrible explosion was constantly sweeping Ye Chen's four people. They stood back-to-back like a boat in the rough sea.

"What's going to happen?" Jun Mo face dignified to the extreme, he has been feeling the great crisis, great terror will come."It should be the soul of war."

Ye Chen's eyes Sen ran said, and cover the sky evil emperor at the same time one eye.

At the same time, Zhetian demon emperor followed Ye Chen into the ancient battlefield, so he was very familiar with the events in the ancient battlefield. At the same time, he also found the similarities between the death valley and the ancient battlefield.

"This abyss should be the place where war spirits are bred."

Ye Chen opens his mouth again and says that he nods. Jun Mo and Yang Han are puzzled. Why is Ye Chen so sure that there will be a war spirit.

At this time, the endless dead gas formed by the explosion of the endless dead gas was all drilling into the abyss. In the abyss, a terrible roar sounded.

"Roar!"

The sound seemed to shatter the heavens and the ages, and to cut down everything in the world.

The impact of the destruction of heaven and earth swept through, and ye Chen's four faces changed greatly. This is not the power of the holy ancestral realm, it is the power to mend the heaven!

"It's the soul of mending the sky!"

Ye Chen can't help but look dignified at the moment, and see endless stillness surging into the abyss, and at the moment a figure is also slowly floating from the abyss.

Compared with Ye Chen's war soul in the ancient battlefield, the war soul bred in the death Canyon is obviously more extraordinary. He looks like a real existence, with exquisite facial features and a strong breath of violence and destruction of the heaven and earth.

Between breathing, there is a noble spirit flowing between the mouth and nose of the war soul, and he is wearing a tattered clothes, now slowly open his eyes.

"You..."

The voice of the war spirit is very hoarse, as if from the endless hell, but he has not finished his words, but suddenly saw Ye Chen.

"It's you!"

Chapter 3554

In the eyes of the war spirit, endless killing intention erupted. The breath on the body exploded like thunder, and the fury and incomparable destruction swept through.

"I'll kill you!"

With a roar of war spirit, he made a sudden move, and the fury of destroying heaven and earth swept over, as if to bury everything.

Seeing this scene, Jun Mo and Yang Han are both suspicious. It seems that the war spirit knows Ye Chen and is extremely hostile to Ye Chen. What's going on?

But at the moment, the soul of the war hands, the power of rage swept over, Jun Mo saw this scene face changed, too late to think, hastily shot.

"The blood kills the sky knife!"

Jun Mo roars, the blood knife condenses, the fierce blood light that reflects the sky sweeps open, Jun Mo cuts to the war soul with a knife.

"Tianyang tests demons!"

Yang Han didn't say a word at the moment, but he put his hand directly. He saw an endless raging flame burning in his eyes. The flame was like golden glass, which swept out of Yang Han's eyes in an instant.

The golden flame refines the sky. In a moment, the fire directly covers the whole valley of death, and the endless dead air is roared by the fire.

"Tianlong eight gods sound!"

Ye Chen's face is dignified at the moment, and Hongmeng notes are swept out. At the same time, ye Chen stabs out his sword and destroys the Shinto. The fierce and destructive breath is aimed at the war spirit and goes away fearlessly.

"Demon wolf smoke blade!"

See ye Chen actively meet the soul of the war, face slightly changed, quickly hand.

The inexhaustible smoke blade cuts through the void and cuts the whole world. In an instant, it sweeps to the soul of war, and the fierce and incomparable evil Qi sweeps across the sky.

"Boom

At this moment, ye Chen, accompanied by a number of fierce and incomparable magical powers, smashes the heaven and the earth, explodes to kill the war soul, and the Sha sword and the hand of the war soul suddenly collide together.

The terrible impact of the destruction of heaven and earth swept all directions. At this moment, the whole valley of death vibrated endlessly, and endless boulders fell. The land of the canyon was shaken, but under the canyon land, there were endless forest skeletons buried.

Even though these bones have been dead for many years, they still exude a terrifying and terrifying smell. Some of them even have golden light flowing on them, and the breath of destroying heaven and earth is overflowing, which is terrible to the extreme.

"What a terrible war has happened here."

Jun Mo's eyes were shocked. How many bones were buried on the earth than he was.

But at the moment above the sky, ye Chen suddenly flies upside down, his breath is rolling, his face is slightly pale, and there is even a trace of blood in the corner of his mouth.

"Die for me!"

The soul of the war follows Ye Chen, and his violent body appears. The terrible power of mending the sky sweeps across, as if to destroy everything, and endless great power comes.

"Well, don't think about it!"

With a roar of anger, the dark emperor suddenly flew up, and the emperor's robe of breaking the army was shaking behind him, and the endless evil Qi was rolling around, suddenly forming a huge and incomparable shadow of the evil emperor.

"Boom

As soon as the shadow of the evil emperor appeared, he took a picture without hesitation, and the power of destroying the heaven and the earth directly enveloped the soul of the war.

At this moment, the soul of the war also suddenly turned around, and the endless murderous spirit surged in his eyes. Suddenly, he slapped the giant hand of the demon emperor that covered the sky.

"Boom

The power of one hand is extremely terrifying. The soul of the war actually blows up the shadow of the evil emperor with one hand. The terrible breath sweeps around, and the devil emperor's face becomes more and more dignified.

Originally, the emperor thought that even if the soul of the war had reached the realm of mending the sky, it was only the result of endless resentment and stillness. There should be a big gap between the strength and the real sky mending realm. It is not too difficult to kill.

But at the moment, we found that the strength of the war spirit was far beyond imagination, and it was almost the same as the real sky mending realm.

"In this way, I'm afraid we can no longer hide our strength."

The dark emperor's eyes flickered. All the way, he seldom spoke. He was always on guard against Junmo and Yang Han. Hiding his strength was also worrying about their ulterior motives. If his real strength was exposed, there would be a lot of risks.

At this time, ye Chen then blocked the spirit of the war with the help of the emperor, who had successfully got rid of it and stood with the three people.

Looking at the battle soul above the sky, ye Chen looks cold. The battle in the valley of death seems to have something to do with his previous life.

Have you ever been here before?

"It seems that we can't hide our strength."

Ye Chen and Zha Tian Mo Di looked at each other, and he immediately understood the meaning of Ye Chen and nodded slightly.

And at this time, Yang Han and Jun Mo also looked dignified, looking at the battle soul from the sky again.

Jun Mo suddenly opened his mouth and said: "two, this war soul strength is strong, if again conceals the strength, I'm afraid it is difficult to fight."

Obviously, Junmo and Yang Han are very clear that ye Chen and ye Chen have hidden strength. They are both the same. After all, it is the first time they have met and it is impossible to dig out their hearts and lungs.

"Ha ha, then go all out."

When ye Chen hears the speech, he laughs calmly. At the next moment, the fierce and incomparable power emerges. The breath of destroying the heaven and the earth circulates, and ye Chen's momentum bursts out like an invincible Supreme Master. For a moment, the dead air around him was scattered by Ye Chen, as if he was afraid of Ye Chen.

Seeing this scene, Yang Han and Jun Mo are also shocked. It is really that ye Chen's realm is too low. They have been trying to overestimate Ye Chen's combat power, but they still did not expect Ye Chen to have such a powerful power.

In an instant, the incomparable power surged, as if to break the heaven and earth, breaking the whole world. The vigorous Qi of Ye Chen was shocked, and the next moment the vigorous Qi of huangquan spring emerged.

"Boom

Ye Chen refines the yellow spring water, and the vigorous Qi of the yellow spring suddenly penetrates through, just like breaking through the Star River and the ancient Zhenshi great power, which is swept out in an instant.

The vigorous Qi of huangquan is so vast that even the soul of war is shocked at the moment. He stares at Ye Chen and suddenly opens his mouth and furiously drinks.

"Boom

Infinite death gathered in the mouth of the war soul, and finally condensed into an endless gray light, which destroyed the heaven and the earth.

"Hiss!"

The God of death suddenly burst out, and instantly penetrated the time and space, pierced the sky, and collided with the vigorous Qi of huangquan.

At this moment, all the brilliance between heaven and earth seems to be swallowed up, and the world becomes extremely dark in an instant.

In the center of the endless darkness, where the God of death collides with the vigorous Qi of the yellow spring, a little light suddenly appears and blooms in the next moment.

"Bang!"

The fierce and incomparable power swept over, and everyone was forced to close their eyes by the dazzling white light.

"Now!"

At this time, Junmo suddenly drank, suddenly flew up, endless blood light appeared on him, the vast breath of vicissitudes of life flowed, Junmo pointed to the war spirit.

"Kill the trapped devil with blood!"

At this moment, the infinite blood light has condensed into countless blood chains, which burst out the vast power to suppress the sky, and instantly bound the soul of war.

"Damn ants, you dare to stop me!"

In the eyes of the war spirit, Ye Chen is the only one who wants to kill Ye Chen. At the moment, Junmo's hand makes him furious, and the furious stillness sweeps out. Unexpectedly, he condenses a dead air arrow with a sharp edge to the extreme, which suddenly shoots at Junmo.

Chapter 3555

"Hiss!"

Arrow through space, across time, as if to pierce the universe, instant appeared in front of Jun mo.

Seeing the arrival of the arrow, Jun Mo's face changed greatly. There were endless ripples of blood on his body, which broke out the power of destroying heaven and earth. Everything along the way was destroyed and the endless space was broken.

When the arrow touched the blood ripples, it was hard to pierce the ripples. Instead, it vibrated and then exploded.

"Cough..." Although Jun Mo blocked the dead arrow, he was obviously uncomfortable. His face turned pale and his mouth overflowed with blood.

"Yang Han, what are you waiting for?"

Jun Mo is discontented at the moment to look at Yang Han, abruptly and violently.

"Oh, what's the hurry?"

Yang Han burst into the sky with a laugh, and his golden armor broke out at the moment like destroying heaven and earth.

The fierce golden light swept all directions, and the vast golden flame rose from Yang Han. Yang Han suddenly reached out his hand and blasted to the soul of the war.

"God cremated the magic hand!"

Yang Han roared, and the endless golden flames gathered together to form a huge palm, which smashed into the soul of the war.

At the moment, the soul of the war is still bound by Jun Mo's blood red chain, and can't get out of it. Seeing Yang Han's slap, he roars constantly.

Infinite stillness surged, and the soul of the war suddenly burst out an endless gray light, and in front of him even formed a dead gas barrier.

The barrier of dead gas depicts countless mysterious lines, as if the stars in the sky are arranged on the barrier, which is indestructible. Yang Han's hand blows on the barrier, and the sound of violent explosion is endless.

However, the air barrier still firmly blocked Yang Han's palm. Seeing this scene, Yang Han couldn't help but change his face.

At this time, the figure of the dark devil emperor suddenly appeared, and his infinite evil Qi was rolling like a supreme demon lord coming into the world. The fierce evil Qi condensed a long sword of evil Qi, and the dark devil emperor suddenly stabbed the dead air barrier with the sword.

"Heaven's magic killing!"

With a roar of anger, the fierce evil spirit gathered on the sword blade in his hand. The incomparable magic light reflected the heaven and earth, startled the shining of the sword, and the edge of destroying the heaven and the earth broke out.

In an instant, the barrier of dead gas was suddenly broken by the joint efforts of Zha Tianmo Di and Yang Han, while Zha Tian Mo Di and Yang Han were extremely powerful. The infinite noble spirit flowed around the whole body, and suddenly aimed at the war spirit.

"Boom

At this moment, the soul of the war suddenly broke free from the shackles of the blood red chain. Junmo was bitten back and spewed out a mouthful of blood. The soul of the war had already stretched out its palms and pounded hard at the two men of Zha Tianmo Di and Yang Han.

The fierce stillness circulates on the soul of the war, and finally converges between his palms, forming two groups of dead gas vanishing light balls which are full-bodied to the extreme.

The power of the light ball broke out was almost crushing the sky. It was terrible to the extreme. Seeing this scene, the devil emperor and Junmo could not help but change their faces.

At the next moment, the two sides collide, and the impact of destroying heaven and earth sweeps out. The figures of Zha Tian Mo Di and Yang Han suddenly fly back out, and their breath is a little depressed.

"How dare you stop me with this strength?"

At the moment, the spirit of war disdains to roar. The breath of his body is almost lawless. The fierce momentum sweeps out, and it is invincible.

But at this moment, a sword light suddenly burst out. The sword was so terrible that it could destroy the whole world and the sky. A touch of horror flashed in the eyes of the war soul, and he rushed to the sword light.

"Hiss!"

The sword light pierced the palm of the war soul, and then it directly crossed the soul's neck.

"Boom!"

The body of the war spirit suddenly exploded, and the impact of destroying the heaven and earth swept through. The state of the war soul had reached the realm of mending the sky. At the moment, the impact of the explosion was even more terrible, and it almost wiped out the sky.

Ye Chen's figure is revealed in the air, and his face is slightly pale. He is waiting for an opportunity while he is holding on to the war spirit by the two men of Zha Tian Mo Di and Yang Han.

At the moment when the soul of the war beat all the others back, he just relaxed his vigilance and was killed by Ye Chen.

However, he didn't expect that his body would burst into such a terrible impact. The violent and incomparable impact swept all over the country, which would destroy the heaven and earth. Seeing the fierce impact, ye Chen's face changed slightly.

Ye Chen's four men were not in a good condition when they fought with the soul of the war. After all, the battle spirit was a solid patchwork of heaven. Although they didn't pay too much for killing the war spirit, the consumption was still huge.

At the moment, the impact of the body explosion of the war spirit is too terrible. If they resist the impact, they may even be seriously injured.

"Into the abyss!"

Ye Chen suddenly sees the abyss not far away, which is the place where the soul of the war condenses, and it is the only place that can avoid the violent impact.

Hearing Ye Chen's words, Jun Mo, who was shocked by the terrible impact, suddenly burst into the abyss.

Although it is not clear what is in the abyss, and there may be a more terrible crisis, it is clear that the most important thing is to avoid the impact of the war spirit. The next moment, ye Chen four people all rushed into the abyss, but they suddenly saw that in the deepest part of the endless abyss, there was a city with faint light.

The city exudes an endless and magnificent atmosphere, and the active power flows on the city. On the city's dilapidated walls, ye Chen can see murals depicting a terrible war that destroys the heaven and the earth and shocks the whole world.

"This, this is the ancient city of death!"

Jun Mo's eyes suddenly light up at this moment, excited to look at the city below, between the eyebrows and eyes is full of excitement.

Hearing Jun Mo's words, ye Chen moved in his heart and took a close look. Although the ancient city below looked grand and majestic, there was still a strong sense of stillness around it, which was even more terrible than the stillness of the soul of war. However, if you don't look at it carefully, you can't see it at all.

"It's the source of death." The evil emperor's eyes twinkled and preached to Ye Chen.

"Well."

Ye Chen nodded slowly. He had come to the ancient city of death. As long as he passed through the ancient city of death, he could enter the realm of nine deaths, and then he could find ye Luo'er.

Then, ye Chen four people will directly fall to the bottom of the abyss, close observation of the ancient city of death.

The ancient city of death exudes an endless and magnificent atmosphere, but when it comes close, the spirit of death is even more terrible, and there is no life at all. Death completely covers the city.

"There is something strange about this city." Ye Chen's face changed slightly and said.

"It's just an ancient city. What's weird about it?"

Yang Han's eyes twinkled at the moment. He was silent most of the way. At the moment, he was extremely excited, even more excited than Junmo.

It is obvious that Yang Han is more eager to enter the realm of nine deaths. At the moment, he takes the lead. The golden armor on Yang Han breaks out endless divine power, and the fierce golden flame sweeps up and rises. Like the master without fire, Yang Han strides into the ancient city of death with invincible momentum.

"Not good!"

As soon as he stepped into the gate of the ancient city of death, Yang Han's face changed greatly, and he suddenly burst into a rage. The fierce golden flame of his body was extinguished in an instant, and his body was full of endless white light.

Baimang exudes endless vitality, but in this vitality it is rich to the extreme, which makes the scalp numb and chilling.

"Help me!"

Yang Han suddenly turned back to look at Ye Chen's three people and said, his body has been eliminated at the speed visible to the naked eye at this moment. Without waiting for ye Chen's three people to make a move, Yang Han turned into a white bone and fell to the ground suddenly.

"Bang!"

The white bones fell under the gate of the city, and all of a sudden, in this white bones, there is a flower with vast vitality, which is the flower of death.

"It was the flower of death that killed him!"

Jun Mo's face changed greatly. He only knew that he could see the ancient city of death with the flower of death, but he did not know that if he had the flower of death to enter the ancient city of death, he would surely die.

"Jun Mo, what's going on?"

At the moment, the dark emperor's face was cold and looked coldly at Jun mo.

And ye Chen didn't open his mouth, but he also put his eyes on Junmo's body. His momentum broke out and he was invincible.

"I don't know."

Jun Mo's face was hard to see the extreme. He knew that ye Chen and ye Chen had misunderstood each other. He quickly opened his mouth and explained: "it was the person who gave me the map that told me that the ancient city of death can only be seen with the flower of death, but I don't know that the flower of death will also kill the holder!"

"Who gave you the map?"

Ye Chen at the moment in his heart moved, immediately opened his mouth and asked, if what Jun Mo said is true, then the person who told Junmo all this is absolutely sinister. He wants to kill all people who want to enter the realm of death.

"Yes..."

Jun Mo hesitated, this person's identity is too important, he dare not easily reveal.

Seeing this, the momentum of Ye Chen and Zha Tian Mo Di suddenly breaks out, and endless killing intention sweeps across. Jun Mo's face changes again and suddenly sighs.

"Now that he wants to kill me, it's no harm to tell you his identity."

Jun Mo said helplessly, "this man is named xuezun, which is a very strong existence outside the territory. He told me that when I enter the nine dead place, I can get the heart of blood you, and the heart of blood you can recast the ancient body of blood you. I want to get the heart of blood, so I come here."

"He shouldn't have harmed me." Jun Mo looks a little annoyed. Obviously he doesn't understand why xuezun should do this.

Ye Chen doesn't know who the blood Zun in Junmo's mouth is. He can't help but look at the dark devil emperor, but at the moment, his face is somewhat dignified.

"Do you know this man?" Ye Chen asked.

"Yes." The evil emperor nodded, and his eyebrows were full of fear. "Blood respect, this man's strength is the heaven, is also good and evil, do things according to their own preferences."

"You said that all this was told by blood Zun. Do you have any proof?" The dark emperor looked at Junmo.

"What else do you need?" Jun Mo wry smile, "can't you see that my magic power is related to blood respect?" "I am the descendant of xuezun." Jun Mo tells the whole story.

Chapter 3556

As soon as this speech is said, ye Chen's heart moves. The blood Zun is obviously a great power in foreign countries. As a descendant of xuezun, Junmo's noble breath also makes sense. Junmo should not have lied.

"Can you be sure now that you can enter the realm of nine deaths through the ancient city of death?" Ye Chen then asked.

"I'm not sure. That's all xuezun told me, and he wanted to kill me. Do you think I'll know what to do next?"

Jun Mo's face is bitter and astringent. At the moment, looking at Yang Han's white bone not far away, a touch of grief flashed in his eyes.

"Yang Han trusted me so much, but he was killed by me. In this case, let me explore the ancient city of death."

Jun Mo said, suddenly a flower of death will be thrown away, and then step into the ancient city of death.

"Boom

Junmo stepped into the moment, did not encounter the same thing as Yang Han, obviously lost the flower of death, there will be no sudden death crisis, but there are other problems.

At the moment, the turbulent stillness of the ancient city of death is sweeping all over the place, and rushing towards Junmo like destroying the heaven and the earth. The stillness is too terrible and full-bodied. Although it is not comparable to the flower of death, it is also hard to resist it.

"Damn it!"

See this scene, Jun Mo also can't help scolding, the next moment he suddenly took out a jade card.

The jade plate emits dim light and covers the Junmo. The magnificent and mysterious charm emerges from the jade plate, and even condenses into a weak barrier around the Junmo.

The light of jade card is too weak. At the moment, under the impact of stillness, it seems that it can be broken at any time.

And Jun Mo is also frightened, firmly grasp the jade card, constantly infuse the aura into the jade card, and at the same time look at Ye Chen.

"You two, if you don't have the goods or means to protect yourself, please go back. It's too dead."

Jun Mo opened his mouth, and then quickly rushed to the interior of the ancient city. He did not know how long his jade card could resist the dead. He wanted to find the entrance to the nine dead place as soon as possible in this period of time.

Seeing this scene, ye Chen frowns slightly. The next moment, the God of destruction sweeps out in an instant. The spirit of endless destruction envelops him, like a master of destruction.

Then, the dust stele also flew out of Ye Chen's body. The dust stele released the boundless brilliance, and the air flow of Hongmeng turned to firmly protect Ye Chen.

At the same time, the devil emperor's endless magic Qi surged, and even condensed into an ancient clock. There were extremely mysterious patterns on the ancient clock. The breath of the ancient to the extreme overflowed and shocked the mind.

"Let's go."

Looking at the ancient city of death in front of him with a dignified face, he stepped in at the next moment, followed by Ye Chen.

As soon as he entered the ancient city of death, ye Chen felt the boundless stillness sweeping over him. The terrible stillness would destroy everything and devour all vitality.

Endless dead air swept through, ye Chen and ye Chen seemed to be a boat in the rough sea, and their guard forces were constantly shaking. Obviously, they could not hold on for long under the vigorous and boundless dead air.

"If you can't find the entrance, get out of here at once." Ye Chen looks to cover the sky evil emperor, open mouth to say.

Ye Chen wants to find ye lu'o'er and rescue ye lu'o'er, but he can't kill the demon emperor. If he can't find the entrance to the nine dead place, he will die in the ancient city of death.

"Good."

The dark emperor nodded and did not say much. At the next moment, the two men rushed out with the boundless and boundless dead air.

"Boom

Under the bombardment of endless dead gas, ye Chen and ye Chen look for the entrance of the nine death realm in the ancient city of death. When they come to the end of the ancient city of death, they can see that there is a stone gate at the end. In front of the stone gate, there is Jun mo.

"You two, come here."

Jun Mo Chong and ye Chen waved, but there was no dead breath near the dead gate. Obviously, this is the only place in the ancient city of death that can't be approached, and the only place of vitality in the ancient city of death.

Seeing Junmo, ye Chen's eyes flickered, and he rushed into the stone gate with the dark emperor. The endless dead air bombardment stopped, and ye Chen felt relaxed.

"Is this the entrance to the nine dead? Why didn't you go in? " Ye Chen looks to gentleman Mo to open mouth to ask a way.

"I knew you two would come in, so I'm here to wait for you."

Jun Mo Wen said with a smile, and then pointed to the central position of the stone gate, "and there is a great power here. He told me that only when all the people who have entered the ancient city of death but not died come here, can he open the entrance to the realm of nine deaths."

"Is there anyone else here?"

Ye Chen hears the speech in the heart to move, looks to the Stone Gate Center, his eye is extremely keen, but has not discovered the stone gate above still has the big energy in.

At the moment, ye Chen suddenly realized that there was a gravel in the center of the stone gate, and there was an old man sitting in the gravel.

The old man's breath vibrated, as if he had infinite great power. He even had the size of endless gravel all over his body, but the light was even beyond the stars. At the moment, the old man seems to be aware that ye Chen is looking at himself. At the moment, he suddenly opens his eyes. His eyes are like a black hole, constantly flowing. It seems that he can inhale people's soul and even the universe.

"It's all here."

The old man suddenly said, voice vicissitudes incomparable, then he body movement, directly appeared in front of Ye Chen three people.

The old man sat cross legged on the edge of the stone gate, raised his head, looked at Ye Chen indifferently, and then said, "you all want to enter the realm of nine deaths?"

"Yes."

Ye Chen smelled the speech and nodded. He was very polite to the old man. After all, the strength of the old man was simply unfathomable. If he was angry, he would die.

"Don't be nervous. I'm just the guardian of the death gate. I'm only responsible for the opening and closing of the death gate. As long as you don't plot against the death gate, I won't fight anyone who comes here."

The old man looked at Ye Chen and said calmly.

"Dead door?"

Ye Chen smelled speech, his eyes narrowed slightly, and looked at the stone gate in front of him, "is this the gate of death?"

"Of course."

The old man's black hole like eyes lit up. "This is the greatest creation. It can make people feel life and death. If you want to enter the realm of nine deaths, you can only be qualified to enter the gate of death and realize the beauty of life and death."

"However, if you want to get out of the gate of death, only the great wisdom can do it. You can let your strength reach the sky. If you can't understand life and death, you will surely fall."

"So you three, have you thought about going into the dead door? There's still time to go. "

Smell speech, ye Chen three people did not have the slightest hesitation, immediately said: "consider good."

Junmo has been pursuing the situation of nine deaths for so many years. Now he is near. Even if the death door is terrible to the extreme, he will not give up.

The same is true of Ye Chen and Zha Tian Mo Di. What's more, both of them are very confident and even proud. They firmly believe that they have great wisdom and will be able to pass through this death gate.

"Well, in that case, three please."

I'm afraid that if the retired old man doesn't have the strength to play chess in the park, he will not be able to sit on the earth for a long time.

At this moment, the old man's palm waved, endless great power burst out, the stone gate was shocked, and the fierce and incomparable power and pressure swept out!

When the stone gate opened, there was another hole behind the door. The endless void breath was revealed, and the great and vast pressure swept through.

Behind the door is an endless sky, countless world life and death, countless creatures in the sky live and die, understand the human state.

"Enter it and feel life and death." The old man became very solemn at the moment, and said to Ye Chen in a deep voice.

"Good!"

Jun Mo was the first to bear the brunt, and walked directly into the stone gate. The next moment, he was inhaled by the endless sky, and his figure disappeared.

"I'll go first." Zha Tianmo Di looked at Ye Chen, and then walked into the stone gate.

At the moment, the old man looked at Ye Chen deeply, "it's your turn."

"Well." Ye Chen nodded indifferently and walked towards the stone gate, but found an irresistible force of resistance. He resisted himself to death and refused to let himself enter the stone gate.

"What does that mean?" Ye Chen eyebrows slightly pick, invincible momentum burst out, destroy the sky and destroy the earth like force swept out, he wants to break this force, directly into the stone gate.

"Boom

With a loud noise, ye Chen's body suddenly flies backward. He wants to force himself into the stone gate, but the resistance force contained in the stone gate bursts out. It's terrible to the extreme. In a moment, ye Chen's body almost collapses.

"Why don't you go in yet?"

Ye Chen has just stabilized his body, the old man on one side has already glared at him, watching Ye Chen's whole body breath rolling, the vast and infinite great power sweeping out.

"This dead door won't let me in."

Ye Chen frowned, and he did not expect such a thing to happen.

"Not allowed?"

The old man smelled the speech and had a strong vision. As the guardian of the stone gate, he had never resisted anyone's entry for countless years. Ye Chen was obviously lying.

"You dare to pretend!"

The old man was furious, "I open the stone gate, all the living people of the ancient city of death must enter. Even if you are afraid, you must go in for me!"

The old man thought Ye Chen was afraid of the crisis of the death gate. He regretted it at the moment. He could not help but direct his hand. Infinite power directly covered Ye Chen and hit him fiercely into the stone gate.

The tempestuous who wants to destroy the gate of heaven and earth.

The resistance force above the stone gate erupted and collided directly with the power of the old man.

"Boom

The whole ancient city of death trembled, countless old buildings collapsed, the old man suddenly spit out a mouthful of blood, pale to the extreme.

"You..." The old man looks at Ye Chen in horror, and his breath vibrates endlessly."I don't know what's going on."

Ye Chen saw the old man's dispirited breath and knew that he had been bitten back in the confrontation with Shimen. He could not help frowning and explaining.

It can be seen that this old man does not have any malice, but his duty as a guardian is to send all the living people who enter the ancient city of death into the dead gate, so he just forced his hand.

Hearing Ye Chen's words, the old man suddenly fell down on his knees, looking at Ye Chen's respectful exclamation: "I've seen the Lord of reincarnation, guard Zhou Liang at the stone gate!"

Chapter 3557

"Well?"

This words a, ye Chen's eyes suddenly a congealed, this old man is how to see his own identity, he clearly hide very well.

"My Lord, this gate of death is a place where we can understand life and death. Anyone can enter the gate of death, but there is one exception. Only when we control the reincarnation of life and death, or even transcend the supreme existence of life and death, can we enter it."

The old man's face was terrified. He had just tried to force Ye Chen into the dead door, but he was bitten back by the dead door and warned by the spirit of the dead door.

The samsara, the one who dares not to enter the gate of samsara, is the one who dare not to enter the gate of samsara. The one who dares not to enter the gate of samsara, the one who dare not to enter the gate of samsara, the one who dare not to enter the gate of samsara, is the one who does not dare to enter the gate of samsara.

Hearing the old man's explanation, ye Chen suddenly understood. His eyes became deep for a moment. He controlled the reincarnation of life and death. I'm afraid there are few people in the world who can create the gate of death. Maybe it has something to do with himself.

"Who created the death gate?"

Ye Chen suddenly looked at the old man and asked.

"Ah?" The old man was stunned when he heard the speech. He served as the guardian of the death gate for countless years, but he did not know much about the death gate after the stone gate. He did not know who created the death gate.

"I don't know." The old man replied honestly.

The one who shakes his head is not as clear as the one who shakes his head and doesn't look for the riddle in the past.

Immediately, ye Chen looked at the old man, and then asked, "now that I can't enter the gate of death, can I also enter the realm of nine deaths?"

Only by understanding life and death through the gate of death can we enter the realm of nine deaths, while ye Chen cannot enter the gate of death, which is somewhat embarrassing.

"Of course not." The old man quickly shook his head when he heard the speech, "my Lord, you are the master of life and death. You don't need to understand life and death at all. It's easy to enter the realm of nine deaths."

When the old man spoke, he suddenly waved his hand, and a door full of the smell of destruction and death suddenly appeared in front of Ye Chen.

There are numerous and luxuriant runes on this gate, and they are also stained with magnificent and vast bloodstains. These bloodstains have an endless ancient flavor, but at the moment, they are as fresh as they have just sprinkled on the door.

"This is the entrance to the realm of nine deaths. You may enter at any time, my Lord."

The old man looked at Ye Chen respectfully and said that there were some flattering meanings between the words.

"You can enter at any time..." Ye Chen heard this, not from some heart, he came here is to save ye lu'o'er, now the entrance of the nine dead is in front of you.

"Well, when they come out, let's go in together."

Ye Chen's eyes flickered for a moment and then shook his head. He came with the dark emperor. Now it's not proper to leave the devil emperor alone to enter. What's more, there are many dangers in the territory of nine deaths, so it's safer for someone to go with him.

For a moment, ye Chen pressed down the impulse in his heart and stood here waiting.

But the old man did not say much when he heard Ye Chen's words. He waved his hand and hid the entrance of the nine dead place. Then he stood behind Ye Chen respectfully, just like a most loyal servant.

At the moment, ye Chen suddenly thought of one thing and looked at the old man again, "have you seen two people appear here recently?"

"Two people?" The old man was stunned when he heard the speech. People often came to the ancient city of death. He saw too many people.

"A guy with a broken arm and a girl full of the breath of heaven." Ye Chen eyebrow tiny pick, open a mouth to say.

The one who broke his arm was obviously Xuanyuan moxie, while the girl was ye lu'o'er. Ye Chen was always wondering. If he wanted to enter the realm of nine deaths, he had to go through so many tests.

It is said that Xuanyuan Mo Xie and ye lu'o'er entered the realm of nine deaths. Did they also go through so many tests before they entered the realm of nine deaths?

"I remember."

Hearing Ye Chen's introduction, the old man suddenly raised his head, "some time ago, there were two dying guys falling into the ancient city of death, one male and one female. They were originally weak, so when they entered the ancient city of death and were still in a coma, the death door opened automatically, and they were sucked in to feel life and death. "

"After that?"

Ye Chen's heart is moving. Xuanyuan Mo Xie and ye lu'o'er meet. A battle breaks out between them. Ye lu'o'er is injured by Xuanji Yue. They are both dying.

"I don't know what happened afterwards." At the moment, the old man shook his head and looked at Ye Chen with some embarrassment.

"What you don't know, my Lord, is that the gate of death has its own ideas. The creatures that are actively inhaled by it, regardless of life or death, will be directly sent to the realm of nine deaths, and will not be arranged by my hand."

"So it is."

Ye Chen nods slowly. Xuan Yuan Mo Xie and ye lu'o'er are people with great chance and great cause and effect. It is unlikely that they will die in the gate of death. I am afraid they have been sent to the realm of nine deaths at this moment.

Then ye Chen will no longer say more, quietly waiting for the dark god and Jun mo.

After a period of time, the gate of death, which contains the infinite sky, suddenly vibrates, and a figure flies out of it. This man is Junmo. I can see that Jun Mo is full of stillness and vitality at the moment. His eyes are extremely vast and profound. His breath is in the extreme. It seems that he has experienced countless samsara.

"Hoo..."

Jun Mo long breath, see ye Chen can not help but smile, "you faster than us? This death gate is really amazing. It is a great opportunity to understand life and death, and it has boundless benefits. "

Junmo is full of admiration for the gate of death. He realizes life and death in the gate of death and gains infinite benefits, which makes his understanding of life and death reach the acme. I'm afraid it won't be long before he can break through and reach the half step sky mending realm.

"Well, congratulations."

Chen Mo Jun Mo Chen just under the explanation leaf is excited, otherwise don't want to see the opportunity to get out of the gate.

And in the next second, the gate of death is turbulent again, and the figure of the dark emperor flies out of the gate.

Compared with Junmo, the breath of the demon emperor is more magnificent and magnificent at the moment. His eyes seem to have penetrated through the ages and see through the long river of time. The vast magic Qi is surging around him, sometimes turning into runes. These runes actually contain the great mystery of life and death.

"Understanding life and death is a big deal."

There was a glint in the corner of his mouth, and he realized that life and death also gained a lot of benefits. At the moment, there was a charm of Tonifying the heaven.

"Master devil, have you broken through the half step sky mending realm?" Ye Chen eyebrow tiny pick, looking at cover the sky evil emperor can't help but open mouth to ask a way.

"Not yet, but only one step short." The emperor is in a good mood at the moment, he said.

"I am worthy of being the companion of adults. All the people who can walk out of the door of death in such a short period of time are the people with great prospects."

At this moment, the old man who stood respectfully behind Ye Chen suddenly said with a smile, full of flattery between the words.

Chapter 3558

"Well?"

Jun Mo heard this, looking at the old man's respectful attitude towards Ye Chen, temporarily stunned.

The strength of the old man is unfathomable, just like the endless sky, without seeing the margin, the vast and powerful to the extreme.

Just a look at the old man, Jun Mo all feel palpitation, and at the moment the old man is so respectful to Ye Chen that he almost regards Ye Chen as the master. What's going on?

At the moment, the dark emperor also realized that it was wrong. He squinted at the old man, and then his eyes flashed. He already guessed something.

Ye Chen's identity is too terrible. Even if the old man is more powerful, he can't be stronger than the reincarnation master. He may have known Ye Chen's identity, so he is so respectful.

"Ye Chen, this..." Jun Mo in the heart is startled and uncertain, can't help looking at Ye Chen.

"Nothing. This old man is teasing you on purpose." Ye Chen can't help but smile and look back at the old man. His eyes are obscure, but the meaning is obvious.

For a second, he doesn't want to see his identity.

"Yes, I teased you on purpose. After realizing life and death, your mind will be endless. If you don't relax, it's easy to form a heart demon."

On hearing this, Jun Mo could not help nodding, but what the old man said was right. After entering the gate of death, he seemed to be constantly reincarnated in the endless sky, and he had a great understanding of life and death, but his thoughts in his mind were also very complicated, as if he had experienced endless years.

Seeing Junmo's approval, the dark emperor who has already guessed the truth is just like a curve in the corners of his mouth. The old man's level of telling lies is really good, so easy to muddle through.

After being warned by Ye Chen, the old man obviously didn't dare to speak any more. At the moment, he quickly reached out and waved his hand, and the entrance of the nine death situation that ye Chen had just seen appeared in front of everyone again.

As soon as the scene of nine deaths appeared, the eyes of Junmo and the God covering devil were attracted. The endless and vast breath of destruction flowed out from the entrance of the nine death realm, as if the real hell on earth, without any vitality, was more terrible than the ancient city of death.

And the blood on the door of the nine dead place makes people feel creepy. The vicissitudes are vast, and it contains infinite great power. It is still so fresh. This kind of blood may belong to those who exist above all else.

And what kind of people can make these supreme beings bleed and hurt. What a terrible battle has broken out in this nine dead state.

"Three, this is the entrance to the realm of nine deaths. Please come in." The old man stretched out his hand at the moment and looked at Ye Chen and said.

"At last." Jun Mo smell speech not from exclamation a, then look to Ye Chen two people.

"Two, together."

"Good." Ye Chen hears the speech to say indifferently, stride directly to Jun Mo's side, and cover the sky evil emperor also come at the moment.

Then the three men directly entered the entrance of the nine dead.

"Boom

When the three entered the entrance of the nine dead, the entrance was suddenly closed, and the old man's eyes were deep into the sky.

At this moment, whether the ancient city of death, or the valley of death, or the mountain of death, they are all smashed and turned into fly ash, as if they had never appeared before.

The outside world has become a desolate wasteland, white bones everywhere, the sky is a crow and vultures hovering, whining endlessly.

All these tests, and things related to the situation of nine deaths, are constantly moving. They appear in one place and will stay for a period of time. When all the people who enter these things die, or they succeed in reaching the nine death state, all these things will disappear and change their positions again.

Of course, what happened to the outside world, ye Chen three people who entered the situation of nine deaths were obviously not aware of it.

.....

At the same time, in the territory of nine deaths, the gray sky shrouds the earth, and here is filled with a strong to the extreme stillness, like a real hell. The smell of blood and smoke still wafts in the air. The vast power flows in the void, and it seems that there has been an extremely terrible battle.

But in the southwest of the nine dead, here is a basin, but in the center of the basin is endless purgatory. The terrible magma is boiling, giving out one after another extremely hot bubbles, which burst into countless strong black smoke.

In this basin, all living things will be destroyed, no one can survive, terrible to the extreme.

In the middle of the basin, on the only few pieces of land, a ball of light filled with the vast and majestic atmosphere was quietly placed on it. The magnificent breath flowed out, and the turbulent heat waves around were forced back, so it was impossible to get close to the light ball.

"Me, where am I?"

At this moment, a weak sound from the light ball, the light ball suddenly broken, a slightly embarrassed, but extremely beautiful figure emerged.

This figure is ye lu'o'er. At the moment, she is so weak that she can barely stand up and look around. She finds herself in the endless magma, and her memory in her head is so confused that she seems to have experienced endless reincarnation.

"What's wrong with me?" Ye lu'o'er shakes her head vigorously, remembers what happened before. Gradually, she remembers the battle with Xuanyuan moxie in the passage and xuanjiyue's hand.

After xuanjiyue's hand, ye lu'o'er is in a coma. Her only feeling is that she seems to be constantly falling, and then she enters a world of endless reincarnation. In that world, she realizes the mystery of life and death, and then she wakes up and appears here.

"Whatever it is, leave here first."

Ye Luo'er's eyes are indifferent, suddenly condenses the strength, the body bursts out the golden light, faintly between a dragon's virtual shadow appears.

"Cough..."

Ye Luo'er has a pain in her chest, and her throat is filled with sweet smell. The shadow of the Dragon suddenly breaks. She wants to turn the Dragon away, but the wound caused by the battle is too serious.

Moreover, the stillness here is so strong that she is always eroding her body, which leads to her poor condition. She can't turn into a dragon at all. She must be recuperated and recovered immediately.

Then, Ye Luo'er directly sits on the ground cross legged, and infinite aura emerges and converges into her body.

Ye Luo'er's body blooms brilliance, which is majestic and domineering. It seems that the most arrogant power in the world is lawless, and all the dead spirits close to him are forced back.

"Boom!"

As soon as Ye Luo'er took a breath for a moment, he heard the huge sound of the earth shaking. The earth was shaking. The mountains around him were shaking. Unexpectedly, some mountains collapsed and countless rocks fell down.

Ye Luo'er's eyes flashed a touch of Ling Ran, such a huge movement, there must be something bad happened.

And at this moment, a huge, mountain like beast suddenly galloped over the plain from afar.

Behind them, there is an endless tide of beasts. All kinds of beasts are running and roaring, and there is a constant reverberation between heaven and earth.

Chapter 3559

The impact of destroying the heaven and the earth is sweeping. The tide of beasts is too terrible. I don't know how many ferocious beings have gathered. The ferocious power sweeps around, as if returning to the boundless wilderness in an instant.

"Damn it!"

Ye Luo Er's eyes flashed endless killing intention, her wound has not recovered at all, at the moment, the combat strength is weak, she can't resist the raging beast tide.

The basin where she was located was just the direction of the animal tide. At the moment, the animal tide came, the earth trembled, the world was turbulent, and the endless ferocity swept over her. She couldn't escape from it. The scope of the animal tide was so large that it almost covered the whole world.

Whether on the sky or on the earth, there are dense animal figures, and ye lu'er has nowhere to escape!

"Roar!"

In a moment, the tide of animals has come, ye lu'er's face is dignified, and the fierce killing intention in his eyes breaks out.

"Boom

A chain of Tianxing rose abruptly behind ye lu'er, penetrating the void and piercing the sky. The vast and terrible atmosphere of natural disaster flowed out.

Under the breath of the natural disaster, the huge beast that came from the impact was immediately frightened and wanted to escape, but the endless group of beasts behind had already rushed over, and the giant beast in front of him was directly escorted and bumped into ye lu'er.

"Looking for death!"

Ye Luo'er's face was cold, but he didn't expect to sacrifice the Tianxing chains to be unable to force back these irrational beasts, and then he was furious.

"Hiss!"

The chains of heaven and punishment burst out, and the violent force swept through the bodies of countless monsters. Under the breath of natural disasters that destroyed heaven and earth, countless monsters were eliminated directly, leaving only the forest and white bones.

It can be seen that the heaven punishment chain is so powerful and terrible that the animal tide can not be shaken at all. These animals have lost their senses.

For a moment, Ye Luo'er struggled against the tide of beasts, but was still injured in the face of the endless tide.

For a moment, Ye Luo'er's breath became more and more dispirited and her injury aggravated, which made her face pale.

"Boom, boom!"

Under the outbreak of Tianxing chain, countless monsters turned into white bones. Ye Luo'er killed crazily. His body became weaker and his mouth overflowed with blood.

"Bang!"

At the moment when Ye Luo'er lost his mind, a huge beast suddenly rushed over and directly knocked her out.

After that, Ye Luo'er's face changed greatly. Regardless of the injury, he forced to use the Jiulong fire shield.

"Bang!"

The fire cover of Jiulong shrouded ye lu'o'er in an instant. The fire that destroyed heaven and earth swept away, and the infinite beasts were burned into coke.

However, ye lu'o'er's injury has become more and more serious. She forced the Jiulong Shenhua mask into overdraft of vitality.

At the moment, the endless tide of animals is still pounding, and they are flying moths into the flame cover of Kowloon.

Under the impact of the infinite beast, the light of the Jiulong Shenhua mask is dim. The strength that ye lu'o'er barely gathers can not maintain the flame cover for long.

At the time when ye lu'o'er was about to hold on, the tide of beasts finally passed through completely, and the infinite beast rushed to a farther place.

In this basin, which was originally filled with countless magma, there are endless white bones, which even cover the magma. In yeloer, there are countless white bones converging, like a hill.

"Boom

The white bones like a hill burst apart, and ye lu'o'er's body was exposed, and the brilliance of the fire shield of Jiulong was broken in an instant.

"Poof..."

Ye lu'o'er suddenly vomited out a mouthful of blood. Her face was pale and her breath was withered. The impact of the animal tide made her injury more serious.

At this time, on the top of a mountain not far from ye Luo'er, several fierce beasts are staring at ye Luo'er.

"Hey, I didn't expect to find such a good prey to drive the tide of animals."

One head is covered with golden lines, with a single horn on the top of his head. He looks at ye Luo'er and says with burning eyes.

The leopard, named Golden Leopard, is a cruel and murderer who loves killing. He has great power and talent since he was born. Now he has reached the second heaven of the holy ancestral realm.

"That's dragon blood!"

One side is like a rhinoceros, but its skin is dark brown, flashing hard luster. The fierce beast with five tails behind him looks at ye Luo'er's blood, and his eyes are full of excitement.

The rhinoceros is called black devil rhinoceros. Its blood is very ancient, containing a trace of the blood of the ancient god devil rhinoceros. Its strength has reached three levels of heaven in the holy ancestral realm.

Ye Luo'er's dragon blood is extremely pure. The blood breath that overflows makes several fierce beasts tremble and want to kneel down. But at the moment, ye Luo'er's breath is extremely depressed, which makes them have different thoughts.

There are three fierce beasts in total. In addition to the golden pattern leopard and the black devil rhinoceros, there is another fierce beast whose breath is the most terrible. Both the golden pattern leopard and the black devil rhinoceros are full of fear for him.

"I'm afraid the identity of this woman is not simple. However, she will not be able to stir up any storm even though she comes from the world of nine deaths. If her blood is swallowed up, it will be a great opportunity." At the moment, the third fierce beast said, this fierce beast looks like a monkey, but it has three heads and six arms. It has two unicorns on its head, and its eyes are red gold, full of evil.

This is the supreme demon monkey in ancient times. It has three heads and six arms. It has extraordinary combat power. It can possess the strength of the heaven God realm when it is born, and become the holy ancestral realm when it is adult. At this moment, this evil war monkey has reached the fourth level of the holy ancestral realm.

"What are you waiting for? We'll kill her at once!" The black devil was very impatient. Looking at ye luo'er at the moment, his eyes were full of greed, and he immediately began to shout.

As soon as the words came out, the evil war monkey's eyes flashed, and a strange radian appeared at the corner of his mouth. He immediately said, "OK, let's do it!"

"Boom

The ferocious power swept out. Ye luo'er had just experienced the animal tide, and before he relaxed, he saw three fierce mansions coming to destroy heaven and earth.

"Woman, if you appear in the situation of death, you will surely die!"

Evil war demon monkey evil smile more than, suddenly appeared in the hand of an iron bar, this is he once entered the situation of nine deaths from the body.

"Bang!"

The iron stick is covered with blood red runes. When it is waved, boundless blood emerges. The fierce power and murderous intention cover the sky and cover the earth. All of a sudden, it sweeps towards ye luo'er.

Seeing this scene, ye luo'er can't help but change her face. She consumes too much. At the moment, she doesn't have any strength at all. She can't resist the stick when facing the evil war monkey. What's more, there are black devil rhinoceros and Golden Leopard beside the evil war monkey.

"Am I going to die in the hands of these three beasts?"

Seeing this scene, ye Luo Er can't help but flash a touch of desolation in her eyes. At the moment, a name suddenly appears in her mind, ye Chen.

"Who is Ye Chen and why do I always think of him?"

Chapter 3560

At the time of life and death, ye Luo'er suddenly feels a headache and wants to crack. It seems that there are countless dust laden memories in his mind to burst out of consciousness. At this moment, the fierce and incomparable vast dragon power that destroys heaven and earth suddenly sweeps out of her body.

"Boom

The three fierce beasts suddenly changed their faces. The dragon power was too vast and invincible. They could not raise a trace of resistance, and even all the forces in their bodies were suddenly suppressed.

"Bang!"

The three fierce beasts fell directly from the sky on the earth. All the forces in their bodies were suppressed by the dragon power. They could not even stand up. They just wanted to kneel down to ye Luo'er.

"No way. Who is this woman and why is her blood so terrible?" Evil war monkey face difficult to see the extreme, struggling to get up, but was suppressed simply unable to move.

The blood of the evil war monkey is very good, and it will not be suppressed in the face of the general dragon race. However, the dragon power burst out of Ye Luo'er makes him full of fear and wants to kneel down, which makes him shocked.

At the same time, the evil war monkey also wants to devour ye Luo'er more. If such a terrible blood is captured by him, he will completely degenerate and soar into the sky, invincible in the world!

At this moment, the sharp pain from ye lu'o'er's head gradually dissipates, and some memories awaken in her mind. However, there is nothing to do with Ye Chen, instead, it is related to her own blood.

Ye lu'o'er has a trace of ancestral dragon blood. The power of ancestral dragon blood is sealed in ye lu'o'er's mother. After she was born, she got this power, but she did not wake up.

The holy dragon family in Lingwu land is just a means to hide their blood.

"Mother..." Ye Luo Er's eyes are full of pain. She can't remember who her mother is and what she looks like.

"What's the matter with me?" Ye lu'o'er roars in her heart, and at the moment, the dragon power on her body gradually dissipates with the awakening of memory.

The three evil war magic monkeys, who are suppressed by Longwei, can finally get up and look at ye lu'o'er in fear, but they find that ye lu'o'er's breath is still the same.

"It seems that something happened to this woman just now, but her injury has not recovered completely. It is still easy to kill her!"

"Kill her, this invincible blood force, I six, you share the rest!"

Hearing that evil war demon monkey wants to own 60% of the total, Jinwen Tianbao and black devil rhinoceros are annoyed, but they dare not show it at all, so they can only nod and agree.

Seeing this, the evil war monkey sneered twice, and then killed ye lu'o'er, and the golden striped leopard and the black devil rhinoceros rushed to follow.

"Die for me!"

The evil war magic monkey waved the iron bar in his hand. The power of destroying the heaven and the earth swept out. Among the infinite blood, the evil war magic monkey's momentum broke out, and the huge eyeball in his abdomen burst into endless darkness. Ye Luo'er felt in a trance at the moment when he saw it.

"Very good, let your blood and power reach the sky, now this state, also can't lift any storm!"

Evil war demon monkey evil smile, hand iron stick down Ye Luo'er's head, he will directly knock Ye Luo'er to death, do not give Ye Luo'er any chance to fight back!

"Looking for death!"

Just when the iron stick of the evil war monkey was about to fall on Ye Luo'er's head, a loud and majestic voice with endless ferocity suddenly sounded.

"Who is it?"

This voice is too loud, and the power that follows makes people tremble. Evil war monkey can't help but look at it later.

"Roar!"

A brilliant golden light, dragon power, sweeping the sky, the Dragon suddenly came.

The dragon's claws are like a blade tearing the sky and earth. The dragon's scales reflect endless brilliance in the sun, and even burn a holy white flame.

What's more, the breath of the dragon is similar to that of Ye Luo'er. Although it is not as terrible as the dragon power that Ye Luo'er has just erupted, it is no small matter.

"Who are you?"

The evil war monkey's face changed greatly. He didn't dare to attack ye luo'er again. He quickly waved the iron bar in his hand and smashed it to the dragon.

"Bang!"

A flash of disdain flashed in the dragon's eyes, and the mighty dragon power swept around the dragon. The dragon claw, which covered the sky and covered the earth, directly stretched out the huge dragon claw with infinite power and aimed at the three fierce beasts of evil war magic monkey.

"You can't beat me, run!"

Sensing the vast and invincible power of the dragon, the Golden Leopard was almost scared out of her wits. Her wings trembled behind her and she wanted to escape.

The speed of the Golden Leopard is as fast as lightning, and its wings can move tens of thousands of miles. In one day, it can span the endless stars. At the moment, there are even violent thunder emerging on the Golden Leopard, which makes its speed a little faster.

However, the black devil rhinoceros is roaring at the moment. The black skin of the black devil actually blooms with tenacity to the extreme. The defense of the black devil rhinoceros is the strongest. Once it breaks out, it is like an ancient rock, indestructible!

"Hum, I still want to turn the sky!" Looking at the three fierce beasts using their means, the Dragon sneered, and the dragon claw suddenly grasped, and a black whirlpool formed in the claws.

"Boom

The violent black whirlpool is like a black hole, releasing endless power of swallowing. The violent breath of destruction flows out. The Golden Leopard wants to escape, but it can't escape at all. Instead, it is sucked into the whirlpool.

The evil war monkey and the black devil rhinoceros are the same. They are hard to resist. They can't help but see the extreme.

"You want to kill us, fight with you!"

The evil war monkey suddenly roared, three heads and six arms broke out, the fierce fighting power emerged, and the iron rod waved, as if to break the sky.

Meanwhile, the Golden Leopard and the black devil rhinoceros roared and yelled again and again. With each method, the three fierce beasts broke out completely, and the fierce power swept through.

But all this is not worth mentioning in the eyes of the dragon. All the means of the three fierce beasts are so weak that they can't stop the power of the Dragon claws.

The next moment, the covering dragon claw suddenly pinched the three fierce beasts in the palm.

"A bunch of rubbish!"

Dragon disdain sneer, dragon claw a tight.

"Ah

Endless howling accompanied by the stinking blood flowing out, the three fierce beasts were crushed to death by the dragon, all their bones were crushed, and even their souls were completely destroyed.

"Pa!" A group of extremely sticky, disgusting flesh and blood was abandoned by the dragon on the side of the mountains, the mountains were suddenly flashed, flying stones splashed all over the sky, and the earth trembled.

Ye Luo'er looked at the scene in front of her eyes, and her eyes were shocked. The strength of the dragon was fierce and invincible, and it was simply fierce to the extreme.

At the same time, ye lu'o'er also found that the breath of the dragon was similar to her, which made her have a kind of intimacy. However, her current state was so weak that she had to be cautious and coldly watched the Dragon approaching.

"Boom

The Dragon fell in front of Ye lu'o'er and suddenly changed into an old woman with white hair and wrinkled face.
