Chapter 3571

At the next moment, ye Chen gives up looking for ye luo'er, and the six ways of reincarnation dissipate, but his breath is also depressed to the extreme. He uses the method of six samsara to investigate the supreme cause and effect, which makes him suffer from the backfire in his eyes.

At the moment, the heart of blood you is suddenly killed, and ye Chen can't dodge at all.

At the same time, ye Chen's heart is also full of endless anger to the heart of Xueyou. He was about to succeed, but he was destroyed by the heart of Xueyou. How can he not be angry.

Just when ye Chen saw the heart of blood you for a moment, the anger in his heart suddenly dissipated, and his eyes became scornful.

"It turned out to be the guy I killed."

Ye Chen's mouth curled up a touch of arc, he has already noticed a familiar breath, this is the heart of the person he killed in the previous life, and that person is not worth mentioning in his own eyes.

"I was able to kill you, and now I can!"

Ye Chen suddenly burst into a fury, and the violent breath flowed. The power of destroying heaven and earth emerged. Two rounds of blood moon rose abruptly above the sky.

When ye Chen is severely attacked, he even forcibly calls for two rounds of blood moon, trying to perform the blood moon Tu Tian cut.

At this moment, the blood moon above the sky reflects endless brilliance. If we want to crush the world, all the heaven and the world will be broken.

Ye Chen's mind is now affected by the inexplicable rise of the impulse, regardless of the injury, with the blood moon butcher day, the next moment suddenly spit blood, breath instantly withered down.

"How dare you use such supernatural powers when you are attacked."

The dark emperor frowned, and at the moment, the heart of blood has exploded, and the killing intention and resentment of destroying the heaven and the earth are even strong to the extreme, condensed into essence, with the boundless vicissitudes of life and ancient vast blood, condensed into a series of arrows.

The heart of blood you has not arrived, the arrows have already come all over the sky, and the face of the demon emperor has changed slightly.

The momentum of Xueyou heart is so terrible that even he can't resist it, but it can't be stopped.

"Kill the immortal, split the cloud and chop!"

Looking at the heart of Xueyou, the dark emperor suddenly roared, and the fierce power emerged. The sword of killing immortals appeared in his hand at this moment. The momentum of destroying the heaven and the earth broke out, and the power of the source flowed.

For a moment, the God of covering heaven and evil seemed to turn into the center of the world. The sun, moon and stars were all under his feet, and the power of the source of the fury split the sky and cut everything.

This is the most powerful attack of the God covering demon emperor. The sword he comprehended from the killing immortal sword contains the power of the source of sword art.

At the moment, Junmo looks at the scene in front of him, and he can't help but stare at it. When ye Chen just started to kill the sky and the moon, the vision of heaven and earth, the wave of destroying the heaven and the earth, even containing a touch of source power, have made his mind vibrate endlessly.

But at the moment, the dark devil emperor had such a method. This sword was absolutely invincible. It also contained the power of the source, which made him feel unbelievable.

"Originally thought that these two guys and I'm not much different in strength, but I can't imagine that they hide so much!"

Jun Mo's eyes are strange, and at this moment momentum also breaks out. Ye Chen encounters a fatal crisis. As a companion, he must help!

"Kill with blood, kill with blood!"

Jun Mo angrily drinks a, eyebrow heart unexpectedly explodes at this moment, flesh and blood spatter, a single eye unexpectedly appears in Jun Mo eyebrow heart.

This one eye blood is extremely red, filled with the blood of infinite ancient vicissitudes, crystal clear as ruby, and the most terrible power is also emerging at this moment.

The flow of blood and Qi, at the moment, gathered into a bloody God awn. As soon as the God awn appeared, it would wipe out the void, and everything around was collapsing and eliminating.

The heart of blood you is aware of Jun Mo's magical breath, suddenly spreads out the voice, "has inherited my strength, unexpectedly has to deal with me!"

"Well?"

Jun Mo smell speech a Zheng, he did not expect blood you heart unexpectedly still has own consciousness, but the next second his eyes will be cold again.

All his practice is really related to the heart of blood you, and even only the heart of blood you can make him further. However, the master of the heart of blood you has already fallen, and what he does has nothing to do with it.

"If you want to hurt my companion, pass me first!"

Jun Mo roared, Zhu Tian Xue mang shot out abruptly, and at the moment, the dark emperor had already cut his sword to the heart of Xueyou.

At this moment, Xueyou heart is aware of the terrible crisis. The full force of the dark emperor and Junmo makes it feel afraid and has the risk of being completely annihilated.

"Asshole, a group of mole ants, how dare you attack me!"

The heart of Xueyou vibrates and roars. At the next moment, the heart of Xueyou erupts endless blood, which converges into a sword light that destroys heaven and earth.

The sword light is terrible to the extreme. It penetrates the sky and pierces through the ages. The breath of vicissitudes flows on the sword light, as if coming here through the long river of time before endless years.

In an instant, the magnificent momentum broke out, and there was a big shock between heaven and earth. The sky of the nine dead places all burst, and endless and inexplicable rules emerged.

These rules are full of fighting spirit, as if the last war in ancient times reappeared. Everything around them has changed. Endless fighting spirit flowed between heaven and earth. The fierce and incomparable power roared, thunder exploded above the sky, and the bloody rain poured down.

"Die for me!"

The heart of Xueyou vibrates endlessly, bursts out all the strength, the endless blood red light even the heaven and earth are covered, the world is only left this blood red color.

Only the shadow of the dark sky of the demon emperor, with a startling sword light, accompanied by a blood red God awn, at this moment, towards the heart of blood!

"Boom

The impact of destroying the heaven and the earth swept through the sky and the earth. At this moment, the endless fighting spirit, the inexplicable rules, and even everything around were all destroyed by the fury and incomparable breath.

Endless space has been annihilated, the void subverted, the sun and moon concussion, the Star River has become eclipsed.

There are many ferocious beasts in this area. At the moment, they are all shocked by the terrible and vast impact. Some fierce beasts even take a look at them and suddenly spit blood.

The force of the battle was so terrible that no one could resist it.

In the center of endless fury, the figure of the demon emperor suddenly fell down, and Jun Mo, standing on the ground, was also spitting blood. His one eye in the center of his eyebrows became dim, and even cracks appeared and closed instantly.

"The heart of blood..."

Jun Mo saw a furious matchless, killing the sky of blood light immediately behind the dark devil emperor burst, it is the heart of blood.

In the confrontation with Xueyou heart, shitianmoodi and Junmo suffered serious repercussions, but Xueyou's heart was not very well. At the moment, although the breath was violent, the light was also dim, and the blood gas was dissipated a lot.

Just at the moment, the heart of blood you is not concerned, to Ye Chen burst out.

As if ye Chen is carrying its towering anger!

Chapter 3572

Seeing this scene, the evil emperor of Zha Tian can't help but look at Sen Han, and suddenly stabs out the immortal sword to stop the heart of blood.

"You're damned!"

The voice from the heart of Xueyou is so angry that it wants to kill Ye Chen to avenge her revenge. However, the evil emperor repeatedly obstructs him.

And its remaining strength can not be entangled with the dark devil emperor. In the end, it can not only protect the enemy, but also be taken over by the emperor and ye Chen.

Falling on the enemy's hands in the past is something that xueyouxin can't accept. It also can't imagine that ye Chen is surrounded by two such perverts. It is clear that the strength is only the holy ancestral realm, but the power that erupts out even worries about mending the heaven.

"You are all forced by me

At this moment, the heart of blood you is completely crazy, and the violent breath sweeps out and beats violently. A vast and boundless great force turns into a series of impact and overwhelming blasts.

At this moment, Jun Mo's face changed greatly, pointing to the heart of blood on the sky, he suddenly angrily drank: "be careful, it should explode itself!"

Jun Mo a angry drink, let Ye Chen and cover the sky evil emperor at the same time changed his face.

The heart of blood is a legacy of great power. It contains endless power. If it explodes, it will destroy heaven and earth. The terrible explosion force is lawless, and all three of them will be wiped out!

The heart of Xueyou is beating violently at the moment. Every time it beats, it seems that the universe is following Yinghe, and the Qi and blood of Ye Chen are all beating with it.

Even if it is the Hongmeng gas, space and mountains overflowing between heaven and earth, they are constantly trembling at the moment. The terrible vision caused by the self explosion of blood and quiet heart is chilling, and the destructive power revealed is also overflowing.

Ye Chen looks at the heart of Xueyou at the moment, and feels a little powerless. He wants to find ye Luo'er's trace, but he can't expect to lead to such an accident. At the moment, he implicates Zha Tian Mo Di and Jun mo.

At this time, all three of them are injured. Facing the self explosion of Xueyou heart, they are helpless. Jun Mo's face is gloomy to the extreme. He has many means, but when facing the heart of Xueyou, his power suddenly decreases. He can't help it.

After all, Junmo has inherited the magic power of Xueyou heart. Now it is necessary to use it to deal with Xueyou heart with half the result.

At this time, the eyes of the demon emperor burst out endless magic light. He looked at the heart beating above the sky, and his eyes suddenly turned into endless darkness, as if there were all kinds of demons in his eyes.

"You want to blow yourself up, have you asked me?"

The evil spirit of covering heaven and earth rises from the sky and covers the world like covering the earth.

At the same time, behind Zhetian devil emperor, a series of inexplicable charm emerged, and an almost illusory shadow appeared behind him, emitting the supreme magic power.

The magic power is mighty, suppresses the heaven and the world, sweeping the galaxy, and a trace of source of breath is flowing.

This moment Ye Chen can't help but look surprised, and Jun Mo also looks shocked, covering the sky, the devil emperor's means so powerful, let him never expect.

"Whatever you do, you can't stop me!"

The heart of Xueyou laughs wildly. Its power has been overstocked to the limit. At this moment, it is about to explode. It's too late for the emperor to stop it.

The reincarnation Lord, who hates the most people, will avenge and avenge today, and kill the supreme figure who is above the heaven, which is his glory!

"I'm not ashamed of it!"

The evil emperor suddenly burst into a rage and pointed to the heart of Xueyou. Behind him, the virtual shadow even moved, but different from the action of the emperor, the virtual shadow pinched the formula in both hands.

At the same time, the shadow's eyes also bloom with endless light, reflecting the sky and covering the world, just like the Supreme Master overlooking the earth, overflowing with endless divine power.

A supreme force of blockade emerged, as if to suppress the heaven and earth, seal, people's scalp numb, creepy.

Aware of this wave, Xueyou's heart was terrified. It felt the supreme crisis, and it was as deep as hell.

"What is this?"

The heart of blood you can't help shaking, but at the moment, the dark emperor's eyes are at the top of his eyes, and endless cold forest emerges. He opens his mouth and says, "the devil emperor's holy prison lock!"

At this moment, the chest of the God of the God of heaven was opened, and a chain carrying the infinite power to destroy everything and suppress the world came out of his chest and shot into the heart of Xueyou.

"Impossible, trying to stop me, you dream!"

The heart of blood you screams wildly, its breath converges to the extreme, and it is about to explode at this moment. The endless breath of destruction overflows, which makes people feel desperate.

Just at this time, the supreme chain was already close to the heart of Xueyou, and a vast force swept through. The force of prohibition, which was incomparable to the extreme, let the power of the heart of blood you condensed to the extreme point collapsed in an instant.

This supreme chain has the power to block the heaven and earth. Everything in the world is hard to resist. It is like a real devil's realm. It suppresses everything and devours everything.

"Bang!"

The supreme chain suddenly entangles Xueyou's heart. Xueyou's heart senses the danger and struggles madly, but it doesn't help at all. The great and invincible great power suppressed the heart of Xueyou, and even dragged the heart of Xueyou to the emperor of covering heaven and earth.

"Suppressed by me!"

With a roar of anger, the emperor suddenly flies back without chains. He drags the heart of Xueyou back into the body of the emperor. The heart of blood is also included in the heart of the emperor.

"Boom

The fury of the evil spirit hit the heaven and earth, so that everything around was swept and washed away by the evil Qi. This place has become a devil's land from now on.

After suppressing the heart of blood you, the open chest suddenly closed, and his breath was withered for a moment, and the shadow and momentum behind him suddenly collapsed.

"Poof!"

The dark devil emperor spurted out a mouthful of blood and fell from the air.

Seeing this scene, ye Chen's face changed slightly, and he quickly flew to catch Zha Tianmo di.

"Master devil, are you ok?" Ye Chen looks at the evil emperor of covering heaven with worry. The other party suppresses the heart of blood in his own heart with the supreme magic power. Of course, he and Junmo get rid of the crisis, but he plunges himself into endless danger.

"Come on, get out of here. I notice that the heart of Xueyou is contaminated with cause and effect. Someone is tracking it."

Zha Tianmo Di said with an ugly face, and then violently spewed out a mouthful of blood. The emperor was extremely weak and said: "find me a quiet place. I want to refine the heart of blood. Although I ban it, I can't completely erase it."

At the moment, ye Chen can even hear the sound of trembling sound in the body of the dark emperor, which is the beating sound of the heart of blood.

Aware of this, ye Chen's face is dignified. The strength of Xueyou heart is far more than that of Zha Tianmo. It is very difficult for Zha Tianmo to seal Xueyou's heart with his supernatural power. It's even more difficult to refine Xueyou's heart by force at this moment.

Chapter 3573

"We're leaving."

Ye Chen rises abruptly, and flies up with the cover of heaven and devil emperor. Jun Mo sees the appearance and quickly wipes off the bloodstain on the corner of his mouth, and follows Ye Chen together.

Junmo is in the best condition of the three, ye Chen and Zha Tianmo Di are seriously injured. He needs to protect Ye Chen and them.

After all, Junmo can leave by himself in case of crisis, and even hide in the dark to wait for opportunities to kill and seize treasure.

But Junmo did not do so, which shows that Junmo is a gentleman and a trustworthy friend. Therefore, ye Chen and ye Chen will let Junmo follow him. Otherwise, in their current situation, I'm afraid they should always guard against Junmo and avoid Junmo.

Ye Chen three people fly all the way, speed to the extreme, and finally find a place of absolute silence.

Here is a deep and vast mountain range. The mountain range is vast and lofty, stretching for tens of thousands of miles. Countless sky giant trees grow in the mountain range, and the voice of fierce animals rings through the mountains from time to time.

"It's good here."

Ye Chen's eyes twinkled. There are countless fierce beasts in the mountains, which are in danger. However, it is precisely because of this that the breath of fierce beasts can cover the breath of the three of them. Even if a person with a heart wants to search for the three of them, it will take a lot of effort.

Then, ye Chen will take cover the sky devil emperor to fall in the mountains, and Jun Mo also go together.

There are numerous deep valleys in the mountains. The deep valleys are accompanied by streams. The ground is full of flowers, green, full of aura and charming fragrance.

Zha Tianmo Di found a cave, and immediately entered it. The sound of the heart shaking in his body was clearly visible. Even the body of the emperor was rising and shrinking with the vibration of the heart. It looked extremely strange.

It is difficult for the emperor to suppress the heart of Xueyou any more. At this moment, he must start refining. Otherwise, when the heart of blood you breaks through the ban and breaks through the body, ye Chen will die!

When the God of covering the heaven enters the cave and closes down, ye Chen's injury is not light. At the same time, he looks for a secret place and begins to close down. He wants to recover his wounds.

Just now ye Chen is about to see ye lu'er's trace. He is not reconciled, so he wants to try again after his injury recovers.

Ye Chen and the emperor of covering the sky are closed. Junmo stays in the deep valley of the mountain and sits on the earth with his eyes closed. The breath on his body gradually dissipates as if he disappeared from the world.

This is Jun Mo's unique skill, can let him hide his body, want to trace his breath to find him, is an almost impossible thing.

But at the moment Junmo conceals the breath, is to guard Ye Chen two people, he is the lightest injury, at this moment also can only be him to stand up, and if there is any person who plot an evil plan to come, he will fight fiercely and kill each other instantly like a thunderbolt.

At the same time, not long after ye Chen left the lava Valley, Xuanyuan moxie suddenly opened his eyes in the mountains not far from the lava valley.

"The breath of Ye Chen..."

Xuanyuan Mo Xie's eyes were shaking. During this time, his injury had been almost healed. He was trying to find out the secret of the source of the waterfall, but he found the breath of Ye Chen and the fluctuation of his magical powers.

"This guy, he's chasing here!"

Xuanyuan Mo Xie's eyes flashed a sense of killing to the extreme, and his tone was extremely venomous. He was full of resentment against Ye Chen, and his hatred of broken arm made him unable to forget.

"What the hell are you doing? I'm afraid you can't

Xuanyuan moxie raised his eyes and looked at the source of the waterfall above. The turbulent and vast source gas constantly emerged from it, and a struggle flashed in his eyes.

At the next moment, Xuanyuan moxie bit his teeth and flew up abruptly, but he didn't go to the source of the waterfall, as if rushing into the channel of the mountain. He wanted to see what ye Chen was doing.

Xuanyuan ink evil came to the top of the mountain, but now found no trace of Ye Chen, it is obvious that ye Chen has left.

However, when he saw the lava Valley, his pupils shrank, and the four breath were furious to the extreme. All his actions and actions erupted into a figure with the momentum of destroying heaven and earth, appearing in the lava valley.

"The wave that just broke out in the heart of blood is here, but now it's gone."

These four figures are just the four strong people who want to take over the blood you heart. They follow the blood you heart all the way to come here, but they find that there is no blood you heart breath.

Of course, the four strong people in the sky mending environment did not know that the emperor Zha Tianmo had sealed the heart of Xueyou in his heart, but they also noticed that there were other people's breath fluctuations here.

"I'm afraid these people have taken away the heart of Xueyou!"

A strong man in the sky mending environment roared, and suddenly pinched the formula with his fingers and pointed it out.

"The light is shining, the mirror is broken and reunited!"

One side of the divine light is bright, the bright flowing mirror suddenly appears, the mirror sends out the rich Hongmeng gas, at this moment a picture appears in the mirror.

But these pictures are blurred to the extreme, only to see the three groups of fog in the fight with the heart of blood you, can not see people.

A strong mending the sky environment at the moment not from the face slightly changed, "is the person of great cause and effect, otherwise how can hoodwink the natural mechanism, investigate not clear." "Well, no matter who he is, if he dares to take what I like, he must return it to me!"

Another person snorted coldly, and his killing intention was turbulent. The endless cold light burst out in his eyes. The breath of destroying the heaven and the earth shocked the four sides.

In the mirror, the three clouds of fog eventually fled to the southeast, and now their eyes were all on the southeast.

"What's more, these three guys are even big causalities, but their strength is just the holy ancestral realm. They are not the opponents of us and you. If we kill them, we will make them invincible."

Hearing the words of their companions, they are all excited at the moment. Just as they said, although they can't see clearly the appearance of Ye Chen in the mirror, they can see that their strength has not reached the level of mending the sky. The mole ants in the three holy ancestral realms, even if it is the great cause and effect atmosphere, are not their opponents.

In a flash, the eyes of the four sky mending strong men twinkled. They realized that this was a big chance for them to kill Ye Chen. They could get the supreme luck. This is the best chance for them to achieve the supreme existence. They must seize it!

"The heart of blood is no longer important. The air carrier can let us soar into the sky. You must find them!"

A strong man's momentum broke out, and the strong spirit of Hongmeng scattered in the sky, and he directly turned into a streamer and burst out towards the southeast.

Seeing this, the other three strong people in the sky mending environment looked at each other and quickly followed. They were magnificent and violent, and they were determined to seize this opportunity.

At the same time, Xuanyuan ink evil is at the top of the mountain will all this in the eyes, face can not help dignified.

Chapter 3574

Four mending the sky realm, far beyond his present state, even if his strength is more than that, encounter four butianjing is not an opponent.

The mysterious place he is in is obviously full of crisis. He must improve his strength as soon as possible.

What's more, Xuanyuan ink evil also heard some clues from the four people's conversation. It seems that ye Chen robbed the treasures of the four people here and let the four strong men stare at it.

Even if ye Chen breaks through the realm quickly, he can't resist it.

"Well, if you want to kill me completely, you may be trapped in the situation of death!"

Xuanyuan moxie laughs at the moment and suddenly returns to the interior of the mountain. He wants to try to enter the source of the waterfall!

Aware of the presence of Ye Chen's breath, we also see four strong people in the sky mending environment. Xuanyuan moxie has already felt the endless crisis and urgency. His strength must be improved now, or he may not be able to move in this mysterious place.

The only way to break through Xuanyuan's ink evil is at the source of the waterfall. Xuanyuan's ink evil has already felt in this period of time. The source of the waterfall must contain no chance. This is his opportunity!

.....

In the endless vast mountains, ye Chen suddenly opened his eyes, and his fierce momentum swept all directions, just like the Supreme Master waking up from his sleep. He was dignified and solemn.

Ye Chen's injury has completely recovered. At the moment he leaves the place of seclusion, he sees Jun Mo who has been guarding outside looking at himself.

"Is the wound healed?"

Jun Mo's eyes flash a touch of surprise, ye Chen's injury is very serious, originally he thought that ye Chen wants to completely recover needs a long time, unexpectedly so fast.

"Well."

Ye Chen nods and looks at the seclusion of the God covering demon emperor. The breath of destroying the heaven and destroying the earth comes from the cave blocking the entrance. The fierce and incomparable evil Qi and the ancient blood gas collide wildly.

"The devil is very dangerous."

At the moment, Jun Mo's face was dignified and said that, since three days ago, he had noticed that there was a terrible impact coming from the cave, which was the heart of the dark and blood refining God.

However, the heart of Xueyou contains great power and self-consciousness, and the realm of strength is stronger than that of the dark emperor.

Therefore, all along, the dark emperor fell into the downwind in the collision with Xueyou heart. At the moment, the situation has become more and more bad.

"I believe him!"

Ye Chen flashed in his eyes and looked at the cave which was constantly spreading destruction and concussion. He said in a deep voice.

At the same time, in the cave, the devil emperor closed his eyes and was furious. The evil spirit that destroyed the heaven and the earth was surging in the flash, and the magnificent and powerful impact swept through.

In the heart of zhetime, a heart of blood is beating wildly, and endless great power is surging out. To break the heart of Zha Tianmo emperor, we should turn to refine the heart of Zha Tian Mo Di and take away from it for rebirth!

"You want to ban me and refine me!"

"I'll give you a chance. I'll take advantage of you to win over the house and be reborn."

The voice of the heart of blood you resounds in the mind of the emperor Zha Tianmo. The heart of blood you even releases countless ancient vicissitudes, which contains the blood of endless Dao Yun to the blood of Zha Tian Mo Di.

The blood of the God covering God and the blood released from the blood of the heart of blood hell collide continuously. The boundless powerful evil Qi and the ancient great power take the meridian blood of the God covering God as the battlefield, and break out the battle of destroying the heaven and the earth.

In his mind, a figure appeared. He was tall and thin. He was wearing shining and powerful armor. His eyes were full of endless blood light. It seemed that he was born from blood.

"You will be taken away by me. Don't struggle!"

The figure held a long sword with a shining green front in his hand, which was sharp to the extreme, and said coldly when he looked at the spirit of the dark devil emperor.

"By you?"

With the sword of killing immortals in his hand, he looked at the other side with disdain for a smile. The momentum of the other side was extremely magnificent, majestic and majestic, as if he were the master of archaic times.

In the face of such a terrible momentum, such a grand and ancient existence, the dark emperor did not have a trace of fear, on the contrary, broke out the supremacy of war to destroy the heaven and earth, endless pressure.

Don't insult the power of the devil!

He has his own dignity and belief. No matter what kind of opponent he is, he can't be afraid. His faith is the emperor of Jiuyou demon!

This figure is the manifestation of the heart of blood you, and also has the charm of the former master of the heart of blood you. At this moment, I can't help but get angry when I hear the words of the God covering devil.

"Arrogant to the extreme!"

The figure roared and raised his sword abruptly. The incomparable sword light reflected the mind of the demon emperor.

"I've lost my soul!"

The figure roared and roared again and again, the endless majesty broke out, and the violent power swept over.

The endless blood light enveloped the mind of the dark devil, and the strange wave spread, and the mind and spirit of the emperor were affected at this moment.

"Poof!" The changes in his mind made the battle of blood in Zha Tianmo Di's body collapse instantly. His blood was destroyed countless times by the blood of blood you heart, and his flesh body was occupied by the blood of blood you heart.

In an instant, the God of covering heaven and evil fell into a fatal crisis, and the heart of blood you was so terrible.

At the moment, the breath of the God covering God was shaking, and the cave collapsed directly. The towering mountain suddenly fell down and was pressed down to death.

"Get out of here

When ye Chen saw this scene, he suddenly burst into a rage. The evil sword stabbed out with a sword in his hand, and the destruction Shinto swept out. In an instant, the mighty mountains suppressed by the roar were completely eliminated.

At the same time, Junmo also made a move to protect the place where he was with endless blood light to ensure that he would not be disturbed by external factors.

At this moment, the cave collapses, and ye Chen and ye Chen see the shadow of Zha Tian Mo Di. Under the cover of endless evil Qi, the body of Zha Tian Mo Di is dilapidated, and his wounds are all over the place. Countless bright red blood flows out of his body, and two forces emerge from his body.

One is evil Qi, and the other is blood gas. At the moment, the vitality of the evil emperor is as weak as a candle in the wind.

"This..." Jun Mo sees this scene, facial expression can't help but look up.

And ye Chen also can't help but look dignified, suddenly clenched his fist.

At this time, in his mind, endless blood light confused his mind.

But at the moment, a magic Qi containing the power of the source is emerging, and then sweeping over the sky, and blood light began to compete for the space in the mind.

The will of the God covering God broke out, and he stabilized his mind, like a rock standing in the stormy waves, unaffected by any influence.

No matter how the heart of blood you does, the dark emperor is not moved, and his heart is firm to the extreme.

Chapter 3575

Seeing this scene, the blood you heart turned into a figure, not from the face of a big change, suddenly to cover up the devil emperor hand.

At this moment, the endless evil Qi is surging, and the figure disappears in an instant.

The blood light suddenly appears, the figure rushes out from the evil Qi, and is blocked in the next second, endless evil Qi and blood light crazy collision.

Every part of his body turned into a battlefield, and the most terrible place to fight was not in his mind, but in his heart.

At the moment, countless chains swept out of the heart of the God covering demon emperor. They tightly bound the heart of blood, and the supreme power of prohibition broke out. The terrible fire of forest fire was ignited on the chain, and the heart of blood was thoroughly refined.

The heart of Xueyou struggles and resists. Every time it beats, it breaks out the great power of destroying everything. It even wants to replace the heart of the emperor of covering heaven and evil. It can't even stop the chain.

However, the will of the demon emperor was determined to the extreme, and his belief was extremely terrible, and the supreme will was shrouded in all directions.

He was originally killed in the ancient war, but accidentally became a young devil's eye.

Young people go up to the sky and fight against the existence of heaven with their weak bodies.

The young man never retreated.

Even if he knew that it was very difficult to recast his body!

However, young people still step into the devil's land and face the devil's dust! Just for a promise!

This young man moved his heart which was eroded by darkness.

It brought him a ray of light.

Since he was born in the eyes of the devil, he must recover from death!

Ye Chen can do it!

He can too!

He doesn't want to be despised by Ye Chen!

He used to be the devil! It's not just the magic emperor of Lingwu and Shenguo!

He wants to be the emperor of the outside world and the upper world!

He wants to cover up this unfair day with that rolling evil spirit!

"I'm the devil who covers the sky!"

At the moment, ye Chen and Jun Mo both feel the momentum of covering the sky and the earth, and the whole mountain range is shaking at this moment.

The sky is shining, and the golden lotus flowers are falling from the sky, and the belief of covering the heaven and the devil even touched the heaven and earth.

Endless magic fire rises, not only in the chain, but also spreads to the whole body of the demon emperor.

This magic fire seems to be the purest evil Qi in the world, which is formed by the most original evil Qi. As soon as it appears, it will completely eliminate all the power of the heart of blood.

In a twinkling of an eye, the momentum of Zha Tian Mo Di broke out to the extreme, and it rose slowly from the ground. There was a mysterious and extremely regular force flowing between heaven and earth, dragging him to the air.

With his eyes closed, the whole man was sitting in the air, and the endless magic fire rose and shrouded on him. The evil spirit in the sky even formed a virtual shadow of the evil emperor sitting on his back.

The scene was so magnificent that all the fierce beasts in the mountain range all fell to their knees and trembled, and were awed by the incomparable majesty of the emperor.

An ancient breath of vicissitudes slowly rose from the demon emperor, countless blood lights appeared in the endless magic fire, and the evil Qi all over the sky was stained with a touch of blood red.

Seeing this scene, Jun Mo's eyes become complicated, which represents that the dark emperor of covering heaven refined the heart of blood.

When Junmo went to the realm of nine deaths, he wanted to obtain the heart of Xueyou and recast the ancient Xueyou body. At this moment, his hope was shattered.

Even so, Junmo didn't envy the God of covering heaven and earth. The reason why he was able to refine the heart of blood was that he had no power to surpass heaven and earth.

If you let Jun Mo fight against the heart of Xueyou, let alone refining, he can't even ban it. Maybe he has already died in the heart of Xueyou.

The heart of blood you is the thing that Jun Mo has no happiness to accept, so he puts down his miscellaneous thoughts and looks at the dark emperor above the sky in silence.

At this moment, countless dark clouds gather above the sky, and thunder emerges in the dark clouds. The terrible thunder that destroys the sky and destroys the earth flickers and leaps in the dark clouds.

The power of the thunder is too terrible. It is lawless. We should destroy the ages and the whole world.

"Thunder robbery..."

Ye Chen's eyes vibrate. Before the dark emperor, it was the ninth layer of heaven in the holy ancestral realm. At this moment, crossing the robbery is bound to be the thunder robbery of crossing the achievement of sky mending.

Even ye Chen had to sigh about the breakthrough speed of Zha Tian Mo Di, which was too fast.

However, this is also the chance to cover up the devil, is the will of the dark devil emperor to achieve today's him.

"I sensed a breath approaching and protected his Dharma."

Ye Chen looks cold at the moment and suddenly looks at Jun Mo and flies up.

"Yes." Jun Mo at the moment is also dignified up, and ye Chen side by side.

Not far away, the sound of the four breath's fury was coming at a high speed.

These four figures are the four strong mendianjing, they are overseas scattered cultivation, so they became brothers of the opposite sex, from the eldest to the fourth, all of them achieved the goal of mending the sky.

At the moment, the momentum of the four men broke out, and the power of mending the sky swept over the sky, and the boundless noble spirit even turned into the most brilliant brilliance, which was terrible to the extreme."Hum! What a terrible thunder robbery! It seems that the guy who has been crossing the robbery is the air carrier

The eldest of the four strong people in the sky mending environment is now staring at the big eyes and sneering at him. If he kills the demon emperor, he will be able to win the supreme fortune.

"This guy still has the breath of blood you heart, he refined the blood you heart, damn it!"

At this moment, the third one angrily scolds and suddenly draws out two golden spears. He is most interested in the heart of Xueyou, because his constitution can make ancient style with the help of blood you heart, but now his chance has been taken away by the dark devil emperor!

At this moment, four strong people of sky mending environment come, and they come to Ye Chen two people in an instant.

Their breath of rage to the extreme, also arrogant to the extreme, at the moment four people stop in front of Ye Chen two people, face with disdain smile.

"A holy ancestral realm, a heaven God realm, you two dare to block us?" The second looks at Ye Chen and shows a sarcastic expression.

"Heaven and God?"

At this moment, the fourth elder noticed Ye Chen's realm. In this nine death state, the existence of the heaven God state is extremely scarce. He did not expect to encounter a god state.

"Ha ha ha, why did you appear here and die?"

Old four burst out laughing.

Ye Chen looked at the four of them coldly. The strength of these four people is to mend the sky, which can be called tough and unexplained. But even so, he was fearless and resolutely blocked in front of the demon emperor.

Once the devil emperor guarded him, today he wants to protect him!

"Four elders, what are you here for?"

Jun Mo looked at the four people at the moment and said with a smile that he didn't want to fight. After all, the other party's terrible strength could not be stopped. Even if it was the devil emperor's breakthrough to mending the sky, it was useless.

"Want to delay time?"

At the moment, the old man's eyes flashed with cold light and suddenly sneered, "even if there is any use in delaying, how about letting the guy behind you break through? Is he our opponent? "

Chapter 3576

The old man suddenly appeared a evil spirit, looked at Ye Chen two people sneer: "don't pretend, we come to do what, you know best, I won't give you a chance."

"Kill them!"

With a wave of his hand, a sharp flash suddenly appeared in the hand of the eldest brother. The bloody sword, which was fierce and unmatched, suddenly chopped at Ye Chen.

The elder brother didn't leave a hand at all. He showed his boundless Hongmeng breath with one hand, and his all-out strike of mending the sky realm revealed the momentum of crushing everything.

With just a knife, ye Chen and Jun Mo's faces became dignified. The breath of the four strong men in the sky mending realm was very strange. All of them were evil cults.

The attack of evil cultivation is very strange, which is disgusted by all people. It is also a very dangerous existence. At the moment, the eldest one cuts, and it seems that the fierce sword will cut the heaven and earth and destroy the ages.

But in this awn, ye Chen sees a wisp of evil Qi, which is more dangerous than the blade awn.

"Be careful."

Ye Chen's eyes twinkle, admonishes Jun Mo, a sword stabs out, destroys the Shinto to to explode.

"Tianlong eight gods sound!"

Along with the explosion of the destruction Shinto, there are flying Hongmeng notes, the breath of the road is flowing, and the faces of the four strong mending the sky environment change slightly.

"Hongmeng ancient method? Good boy, I didn't expect that there would be Hongmeng ancient method. No wonder you have the courage to come to the situation of nine deaths! "

The four mending heaven realm has found that although Ye Chen's realm is only the three layers of heaven, the power of Ye Chen is no less than that of the nine layers of heaven in the holy ancestral realm, and even surpasses it. This is obviously related to Ye Chen's mastery of Hongmeng ancient Dharma.

Even if it is to mend the sky, he is also very covetous of the hongmongolian method. Seeing ye Chen exerting the hongmongolian method at the moment, everyone looks greedy.

"Boom

At the moment, the God of destruction and the sound of the eight gods of Tianlong are swept out and collide with each other's knife awn.

In an instant, the impact of destroying the heaven and earth swept the four sides, the boss's knife awn was suddenly broken, and ye Chen's magical powers were all eliminated.

Just at this moment, a wisp of evil spirit is suddenly rushed out of the center of the impact, and the breath of yin and evil to the extreme is revealed, which makes people feel shocked.

"Ha ha! You will tell me clearly what you have mastered if you are attracted by my evil spirit

At the moment, the eldest brother laughed wildly. He exerted a magic power in the sabre Qi. He could control people's mind and turn them into their own slaves.

Ye Chen is just the heaven and God realm. Even if he is strong enough, the realm is there. If he is attracted by his evil spirit, he will not be able to resist it.

Just at the moment, ye Chen looked at the sudden and fierce evil spirit, but in his eyes he flashed a little disdain, and suddenly opened his mouth to anger.

"Fahua is dead!"

The grand atmosphere of Zen sound resounds through the air, endless wonderful sound flows, the light of Buddha shines on the sky, and the light of Buddha covers Ye Chen in an instant.

Before the evil spirit approached Ye Chen, it was shrouded in the light of Buddha. For a moment, it seemed that snow met the sun, and even made an invisible scream. The evil spirit struggled in the light of Buddha, but in the next moment it was annihilated into nothingness.

"Damn it!"

The evil spirit was destroyed by the light of Buddha, and the old man's face suddenly changed. He looked at Ye Chen with a cruel look in his eyes.

It needs the old man's original evil spirit to use evil to lead and seize the soul. This is the evil spirit that he has bred for many years. In a hundred years, only a few can be bred. At the moment, ye Chen eliminated one of them so easily, which made him furious.

"Buddha? What a disgusting fellow

At the moment, the other three brothers are also indifferent. As evil practitioners, the most restrained one is Buddhist cultivation. Seeing ye Chen exerting Dharma to silence the sky and the eight gods of Tianlong, ye Chen regarded him as a Buddhist cultivation.

"Damn it, die for me!"

At this moment, the third suddenly shot, two golden spears pierced the void and pierced the whole world. In an instant, with the momentum of breaking and killing all ages, he instantly appeared in front of Ye Chen.

"And don't forget me

At the moment, Jun Mo suddenly burst into a rage, and the fierce blood light emerged. He pointed out that the endless blood light condensed into a blood arrow, and suddenly shot at two golden spears.

"Looking for death!"

The old three sneers and throws the golden gun, which will break the blood arrow in an instant.

"Vulnerable!"

Seeing this scene, the old three eyes can not help but flash a little disdain, the holy ancestral realm is the holy ancestral realm, not to mend the sky, are all mole ants.

Just at this time, the old three didn't see the cunning in Jun Mo's eyes.

The next moment, was broken by the third blood arrow into the sky blood, at this moment exploded.

The third one was in the center of the explosion. He almost got hurt when he didn't pay attention to it for a moment. The fierce evil spirit swept out of his body, blocking all the impact.

Although not hurt, but by Jun Mo so put a way, the old three suddenly flew into a rage.

"Well, two mole ants are just wasting our time."

At the moment, the second is also cold, ye Chen and Jun Mo are just ants in their eyes. At the moment, they are calculated by mole ants, and all of them are angry."Let's do it together and kill them both."

The elder brother's eyes flashed with endless killing intention and evil spirit, and his body suddenly rose to the sky with evil light.

At the moment, the other three brothers will be defeated.

Their evil spirits echoed and even merged in the sky, making their breath connected and their strength more violent.

The momentum of destroying the sky and destroying the earth broke out, and the four patchwork together. The incomparable momentum made Ye Chen and Jun Mo's face dignified to the extreme.

"What a shame!"

Jun Mo can't help but scold.

But at the moment, it is too late to let him vent his anger, because the four strong men have already shot at the same time.

The old man's knife awn, the second's sword spirit, the third's gun's shadow, and the fourth's cudgel wind all swept in one instant.

Even if the four strong men did not display any powerful magic power, but the power of mending the sky was there. The four people united to crush the level, to kill everything, to destroy the world.

Ye Chen and Jun Mo only feel the mind shaking, there is an overwhelming feeling, even the belief in fighting has been eliminated.

"Damn it, it's just four mending the sky realm. It's suppressed by me!"

"The blood moon slays the sky!"

Ye Chen roared, and the sword of falling dust and falling dragon was suddenly in his hand. The fierce and incomparable power swept out, and the momentum of the blood moon rose. Above the sky, two rounds of blood moon slowly emerged.

One round was bright scarlet, the other was a little dull.

The endless blood light reflects the heaven and earth, vast and magnificent. With the breath of the source, the blood light instantly falls on Ye Chen.

Ye Chen is in the blood light. He jumps up high and cuts it with a sword. He is like the creator who opens up the world. For a moment, the world seems to take ye Chen as the center, and endless rules follow him around.

Ye Chen's fearless sword also dispels the fear in Jun Mo's eyes, and turns into an infinite sense of war in the next moment.

Chapter 3577

The war spirit boils, endless blood light rises to the sky, Jun Mo's blood light and blood moonlight Hua actually match incomparably, at this moment mutually echo.

Jun Mo behind the sudden rise of a broken virtual shadow, this virtual shadow looks very embarrassed, there are holes everywhere, but the momentum burst out is enough to destroy the sky and earth.

The breath of virtual shadow has reached the extreme, and it is as old as before the opening of heaven and earth. This is Junmo's blood ancient body, but it is incomplete and damaged.

Even so, the ancient blood you also burst out of the power of violence, Jun Mo pinch Jue, virtual shadow synchronization, palm into shadow.

"Blood silence extinguishes light!"

In an instant, a blood red light that killed heaven and earth appeared, and the ancient Xueyou style erupted into a raging momentum, which suddenly pushed the blood red light out.

With the blood silence and light, the blood moon butcher comes out to meet the terrible attacks of the four strong men in the sky mending environment.

Seeing this scene, the faces of the four sky mending strong men all changed slightly. Ye Chen's magic power was incomparably powerful and contained the breath of the source.

In particular, ye Chen's blood moon butcher day chop, is even more terrible to the extreme, let the four of them have a kind of creepy feeling.

For a while, a strange feeling appeared in the hearts of the four strong mending the sky, which made them feel extremely ridiculous. They seemed to have kicked the iron plate!

The blood moon slaughters the sky and kills the light. The two supernatural powers reflect each other at the moment, and even break out the supreme momentum of destroying the heaven and destroying the earth.

In a twinkling of an eye, the boundless and boundless air of the great source appeared, and the two supreme supernatural powers collided with the attacks of the four powerful people in the sky mending environment.

Destroy the weak and destroy the rotten!

The two supernatural powers were unruly and almost invincible. In an instant, they smashed the joint efforts of the four powerful mending the sky, and then rushed to the four strong ones.

At the moment, the faces of the four strong men are hard to look at. They underestimate Ye Chen from the very beginning, and believe that a holy ancestral realm and a celestial realm are impossible to pose a threat to them.

However, the result is extremely wrong. Ye Chen and ye Chen joined hands to break the heaven and earth, crush the heaven and tear the eternal!

The arrival of this great power made them all feel creepy, especially Ye Chen, the three layers of heaven and God state burst out such a terrible power, which was simply frightening!

At the moment, the four strong people suddenly realize that the atmospheric transporter is not the devil emperor, but ye Chen. This is simply not the existence of human beings!

"Boom

The blood moon butcher and the blood lonesome Mie light suddenly ran into four strong men. Under their carelessness, they could not resist effectively. At this moment, they were directly swept by the incomparable magic power.

"Ah

The roar came from the impact, and the terrible shock wave swept all directions, and the whole mountain range was shaking, and the whole area was swept and collapsed by the unmatched violent impact.

There's an endless stream of people and animals in hell.

"Damn it!"

At the moment, a roar came out, and the four eldest brothers in the sky mending realm fled out of the impact in great confusion. His body was scarred and full of blood.

"You two damn ants!"

The elder brother looked at Ye Chen and the evil light was Ling ran in his eyes. He was possessed by evil spirits, and his eyes were enchanting.

At the same time, the other three brothers also appeared at the moment. They were all in great confusion. Their breath was disordered and their faces were gloomy to the extreme.

The four of them were injured by Ye Chen's magic power, and their injuries were not clear. This was an unparalleled humiliation. They were beaten by two monks whose level was lower than them. If they were spread out, their reputation would be lost!

"I will kill you!"

The eldest brother stares at Ye Chen, with evil spirit in his eyes, as if to condense into essence.

But at the moment, the second one's eyes flickered, and the evil spirit awed at the one side who was crossing the heist to cover the sky.

The old two corners of his mouth drew a sinister radian, and then said: "big brother, three brothers and four brothers, you deal with these two boys, I will solve the threat!"

The second made a gesture on his neck with his hand, and the eldest three suddenly showed a strange smile.

"Good!"

"Let these two ants see how their companions fell down!"

The eldest brother roared wildly and incomparably with laughter, and then a hand was pounded to Ye Chen and two people.

At the same time, the third and the fourth also boldly launched, sweeping the power of the sky mending realm.

The sky burst and the earth crumbled. This time, they didn't leave a hand. They were powerful and powerful. They didn't give ye Chen any chance.

However, the second one turned into a streamer at the moment, and suddenly went to kill the demon emperor who was crossing the robbery. Seeing this scene, ye Chen and Jun Mo's faces were not depressed.

"What a shame!"

Ye Chen can't help but roar. The four mendianjing join hands to deal with him and Junmo. Now he even has to sneak in and attack Zha Tianmo, who is crossing the loot. It's shameless to the extreme.

But at the moment, ye Chen and Jun Mo can't get away from their bodies and even can't be distracted to pay attention to the situation of the dark devil emperor, because the eldest three have been killed."Death of the heaven in the netherworld!"

Ye Chen angrily drinks, and the water in his body is refined. The fierce vigorous Qi of huangquan suddenly emerges, as if he wants to crush all the heaven and earth, and meets the three eldest brothers.

At the same time, Junmo is also in the eyes of the essence of flash, open roar, infinite blood light in the mouth, the next moment a hole crack in the sky of violent impact roar out.

"Hum, two mole ants, it was our carelessness before. Now do you think you can resist US?"

At the moment, the old man sneered, and the evil light suddenly broke out in his eyes. He even saw a God with evil spirit and full of strange breath.

"Boom

As soon as the statue appeared, he suddenly opened his eyes, and the two evil spirits were furious. The gray God Mang, which destroyed the heaven and the earth, shot out from the boss's eyes, and immediately killed Ye Chen.

At the same time, the third and the fourth also showed their magic powers. A huge claw with evil spirit fell from the sky, as if to pierce the giant pillar of the sky.

In an instant, ye Chen and ye Chen's retreat were blocked. Facing the terrible magic power of the three of them, they were fierce and incomparable, and had strong evil spirits. They were dignified, but they had to fight back to back.

"Just because you want to kill me, dream!"

Ye Chen sneers, and the iron wall of Geng gold flies out suddenly. With the sound of Tianlong and eight gods, the light of Buddha turns into the strongest guard, which immediately covers Ye Chen and ye Chen.

At the same time, Junmo also throws out a side of blood red to the extreme, even dripping blood strange stone, the stone in the air exploded, even let endless space collapse.

I saw that the endless and fragmented space was overstocked and agglomerated by the strength of the rock burst out. It turned into an indestructible barrier in front of him and ye Chen.

"Boom

In a flash, the magic power of the eldest three swept over, smashing the iron wall of Geng gold and tearing the boundary of Buddha light.

The terrible impact of destroying the heavens, crushing the whole world, and shocking the world is sweeping away. The impact of destroying the sky and destroying the earth suddenly spreads, and the atmosphere of lawlessness pervades the four fields!

Chapter 3578

"Poof!"

In the fierce impact, ye Chen suddenly spurts out a mouthful of blood, and the whole person is crushed by the vast force and falls directly into the valley in the distance.

And Jun Mo was not spared under such an attack. He was directly swept by the destructive force, and his whole body cracked and his blood splashed into the mountain beside him.

At the same time, on the other side, the demon emperor is closing his eyes to cross the robbery, and the second has already been killed.

The old hand held the long sword and stabbed it suddenly. The terrible sword was accompanied by endless evil spirits. The edge of the sword tore through the sky, and it exploded and killed in an instant.

"Boom

All of a sudden, the evil emperor suddenly opened his eyes in the middle of the robbery. His eyes were filled with cold, and the evil spirit was surging behind him. A terrible force rose.

"Click!"

The dark clouds above the sky suddenly split, and turned into countless stars to dissipate, and the endless great power diffused from the demon emperor.

At the critical moment, the God of covering the heaven broke through the heaven mending realm directly!

What's more, the breath of the sky mending realm is far more than the four sky mending realms!

Looking at the sword from the explosion, Shen Han was shrouded in the eyes of the demon emperor, and the next moment, two fingers were suddenly pointed out.

"Bang!"

The fierce evil Qi converged into a huge palm that covered the sky and the sun. At the moment, the two fingers of the palm suddenly clamped the sharp sword.

Then, the cover the sky devil emperor mouth hook up a touch of murderous spirit, awe inspiring radian, finger a twist.

"Bang!"

The fierce and unmatched sword Qi was cut off by the huge hand of evil Qi.

The sword Qi burst, and the violent impact swept through. With a wave of the hand of the dark devil emperor, endless evil Qi exploded and killed, and the impact was directly erased.

"All four of you, damn it!"

At the moment, the emperor of covering heaven and the devil looked at the two men who were flying backward. They were surrounded by four powerful people in the sky mending environment. Suddenly, they were angry and killed.

"Take it

The evil spirit of the God covered the sky moved, and the endless evil Qi turned into two clouds, which directly caught Ye Chen and ye Chen. Then, the evil Qi swept over and wrapped Ye Chen and guarded them.

"Leave it to me next." The dark emperor coldly looked at the four mending the sky.

When he was crossing the robbery, he knew everything that happened to the outside world. He was very moved to know that ye Chen and ye Chen were fighting against four strong people in the sky mending realm in order to protect him.

At the moment, the evil spirit that destroys the heaven and the earth covers the sky and directly plunges the endless mountains into extreme darkness.

The evil spirit is surging. It seems that there is a devil kingdom here, and the devil emperor is the supreme Demon Lord.

On the other side, four strong people of the sky mending environment gathered together and looked at the dark emperor.

They didn't expect that the magic emperor of covering the sky broke through the sky mending realm and the power that broke out exceeded them.

However, even though the power of the Dark Lord was stronger than them, they were four people. The emperor was just one person, and he dared to speak out in a wild voice. If he wanted to defeat four with one, he was absolutely arrogant to the extreme.

"Hum! You are really rampant, let's show you what despair is

The eldest brother suddenly roared, and the endless evil spirits surged on his body. Unexpectedly, he gathered behind him a terrible evil spirit virtual shadow which swept the sky.

The other three brothers also joined hands with the eldest brother. They even showed the same magic power. The four evil gods' virtual shadows rose up, and their violent momentum almost destroyed the heaven and the earth, making them lawless.

The endless evil Qi burst out of the four evil spirits' virtual shadows, which instantly suppressed the fierce evil Qi of the demon emperor, and forced the dark sky back.

Above the sky at the moment, two-thirds of the evil spirit is defeated, and one-third is evil spirit.

The evil spirit and the evil spirit collided with each other, and the endless impact swept through, and the whole mountain range fell into endless panic.

I don't know how many fierce beasts fled madly and wanted to escape from their former home, because several crazy killing gods broke into the mountains!

At this moment, the dark emperor felt the strong power of the four strong people, but his eyes were flat and incomparable, even revealed a trace of disdain.

"Is that all?"

Looking at the four brothers of mendianjing, the dark emperor smiles coldly. Behind him, boundless evil Qi surges, and a shadow of the evil emperor suddenly emerges.

The fierce emperor's power swept over, and the invincible momentum broke out. At this moment, the demon emperor seemed to be the Supreme Master. Although his strength was not as good as that of mendianjing, the four brothers joined hands, but his eyes looked down upon them as if they were looking down on the ants.

"Looking for death!"

At the moment, the four brothers of Bu Tian Jing were furious, and the evil spirit in the eyes of the eldest brother broke out, and he suddenly burst into a rage.

"Don't give this guy any chance, just crush him and let him know the consequences of offending us!"

A roar from the eldest brother immediately attracted the other three brothers.

At this moment, the four brothers of Bu Tian Jing even started to attack at the same time. Under the influence of evil spirit, the four evil spirits behind them began to condense and merge!

"Boom

At this moment, the sky burst, and the endless thunder light penetrated the whole world and swept down. The fusion of evil spirits led to the response of the rules of heaven and earth, and the momentum of destroying the heaven and the earth broke out. In the end, the four evil spirits' virtual shadows actually merged into one, and turned into a real and extreme evil spirit's virtual shadow. The evil spirit's breath exploded the sky, shocked the people for ages, and made people feel creepy.

At this moment, the bodies of the four brothers of Bu Tian Jing are fused together, and their backs are all connected.

The heads of the four people looked at four directions, and they turned into monsters with four heads and eight arms at the moment, and the ghost shadow behind them was the same.

At the same time, they still hold their own weapons, swords, spears and sticks in their hands, just like being born for fighting.

The fierce fighting spirit rose from the sky, swept over the sky, exploded the whole world, and the stars fell with the thunder.

The breath of the four brothers of Bu Tian Jing broke out to the extreme, which shocked people.

At the moment, the face of the demon emperor could not help but be dignified. Looking at the evil atmosphere in the sky, the overwhelming evil spirit shadow suddenly broke out.

The evil spirit's empty shadow is strong, but the dark devil emperor is not afraid at all. He has the invincible faith.

And the most important thing is, after refining the heart of blood you, the ability of covering the heaven and the devil emperor.

"Ancient blood revives!"

At this moment, his heart beat violently, which contained the extreme vicissitudes. The extremely ancient blood was created and spread all over his body.

"Boom

The fierce power of Qi and blood swept out, and the shadow of the evil emperor behind the cover of the heaven and the devil was now shining a blood red vein, and the boundless evil Qi was also stained with a layer of vicissitudes of life.

At the same time, all over the sky, the devil Qi is rising at the moment. The fire is fierce and powerful, melting the sky.

"Well, the means are endless, but your fate is still doomed!"

When the four brothers of Bu Tian Jing saw this scene, their faces changed slightly, and they made an instant move.

"Boom

The evil spirit behind him moved, and the terrible fighting power of four heads and eight arms broke out in an instant. At this moment, the sky burst, and swords, spears and sticks swept across the sky, breaking through the endless void, and instantly fell in front of the dark devil.

"A little bit of work!"

With a cold face and a sudden blow out of his hand, the shadow of the evil emperor behind him is burning with a raging fire, just like the God of fire.

Chapter 3579

"Bang!"

The earth and the earth vibrated, and the violent impact swept over the sky, and the infinite ferocity spread out, and the whole mountain range was enveloped with the intention of war.

At this moment, ye Chen and Junmo are in the big cocoon of magic created by the dark emperor. They can clearly see the battle breaking out from the outside world, and their faces are shocked.

The four brothers of the sky mending realm joined hands and almost reached the strength of two or three layers of sky mending realm, but the God could shake it hard.

The violent collision of power is staged at this moment. The four brothers of the sky mending realm and the God of covering heaven don't use any magic power. When the shadow behind them fights, the God of covering heaven and the four brothers of mendianjing attack together.

"Boom, boom!"

The air wave is just about to break through everything. The ultimate martial arts are constantly shaking.

The whole mountain range was shaking at the moment, countless mountains broke and huge stones fell from the sky.

The shadow of the evil god collides with the shadow of the evil emperor who bathes in fire all over the body. Every time, it breaks out a terrible wave, and ripples and breaks up between heaven and earth.

At the same time, the God of covering the sky was also fighting with the four brothers of mendianjing. The four brothers' fighting power was connected to the sky, which was the supreme god of war, without any flaw at all.

The four brothers of mendianjing are really strong. After all, the dark Emperor just broke through the sky mending realm, and now he can't help falling behind.

At the moment, the emperor's eyes were cold, his eyes suddenly raised endless blood light, the blood in his body was boiling, and the vast and ancient breath was revealed from his body.

"Magic blood melting furnace!"

This is a magic power that he successfully comprehends after refining the heart of blood, which integrates the ancient blood of the evil Qi and the blood of the heart of blood.

"Boom

At this moment, the sky burst, and the endless evil Qi and blood poured into a huge and incomparable furnace, in which endless magic fire rose.

At the moment, the furnace is shrouded from the sky, and instantly covers the four brothers of mendianjing.

"Boom

The fierce magic fire seems to melt the sky and die the whole world, and the endless heat wave is sweeping in the furnace.

The four brothers of mendianjing instantly felt as if they were in a hell, their bodies were melting, and their faces suddenly changed.

"What a troublemaker!"

The eldest brother roared at the moment. After their four brothers joined hands, they were interlinked. At the same time, they started to fight at the same time.

"Boom

The fierce evil spirit rose up in the sky, and the eyebrows of the four brothers in the sky mending realm actually split at this moment. All kinds of evil spirits were awe inspiring, and the terrible light was shining out.

"The most evil eats the soul light!"

At this moment, the evil spirit is gathered together and turns into a terrible light column which can pierce the sky and pierce the whole world.

The light column burst out in an instant, and even pierced the magic blood melting furnace in an instant, aiming at the eyebrows of the demon emperor.

This extremely evil soul swallowing light breaks out the terrible momentum of destroying everything, and also contains the magic power to enchant the human heart. It is a terrible magic power that can control the human heart.

This is the base card of the four brothers of the sky mending realm. They even killed the masters of the four layers of the sky with the help of the evil soul devouring light.

At the moment, the evil soul swallowing light shoots at the dark sky demon emperor, and his eyes can not help but appear in a trance. He is affected by the evil light and sees boundless fantasy.

"Master devil, wake up!"

Ye Chen burst into a fury. He saw through the means of the four brothers of mending the sky. The other was evil cultivation. He mastered the sound of the eight gods of Tianlong and the Dharma to extinguish the sky. He felt the means of evil cultivation most clearly.

Ye Chen's one angry drink, suddenly let Zha Tianmo Di wake up from the incomparable illusion. At this moment, he sees the evil spirit eating light from the explosion, and the endless killing intention breaks out in the eyes of Zha Tianmo di.

"Kill the immortal, split the cloud and chop!"

The evil emperor suddenly cut out with a sword, and the incomparable edge broke through the sky, and the terrible source of Qi swept the four sides.

When he was in the holy ancestral realm, the sword would break out with endless ferocity, which was totally lawless.

At the moment, the evil emperor of covering the sky breaks through the realm of mending the sky. This sword is even more powerful. It can destroy the heaven and the earth. He wants to break through the ages and cut down the whole world.

"Boom

The invincible sword instantly cuts down the evil soul devouring light, and the next moment kills the four brothers in the sky mending realm.

Feel the incomparable power of the sword, and a trace of magnificent, contains the great source of great power.

The faces of the four brothers in Bu Tian Jing suddenly changed. The sword brought them endless death crisis, as if the boundless hell covered them.

"Don't shake it hard!"

The four brothers raised this idea in their hearts, and they were terrified. They quickly controlled the evil spirit in front of them.

"Break it for me!"

The four brothers roared, the evil spirit of virtual shadow burst out with all their strength, infinite evil spirit rose up in the sky, the sky burst, and the thunder roared.

The shadow of the evil spirit launched many attacks in an instant, and countless shadows of swords, swords, spears and sticks were stacked on the sky.

But at the moment, the dark devil emperor saw this scene, his eyes broke out with endless cold, and said with a sneer: "you can't stop me with this, kill me!" At this moment, the shadow of the evil god is like a fragile grass. It can't even obstruct it. It's chopped up in an instant.

"Boom

At this moment, the shadow of the evil spirit explodes, and the endless evil spirit disappears and turns into nothingness. And the invincible sword has passed through the furnace of evil gas and descended in front of the four brothers of mendianjing.

"No, you can't kill us!"

"We are four people. You just broke through. Why are you so powerful?"

The four brothers of Bu Tian Jing burst out with the strongest force. At the moment, an evil spirit suddenly pierced from the sky.

"Boom

The huge gun of evil spirit seems to pierce the whole world and the endless sky. The incomparable ferocity sweeps around the world and collides with the invincible sword in an instant.

"Bang!"

The sword and the gun collided at this moment, then exploded, and the violent impact swept through.

The sky and the earth changed color at this moment. The endless thunder bombarded the earth, and the earth was scorched black. The impact swept over, and the whole mountain range was shattered.

The power of the fury was so violent that the whole world of death would burst. Countless fierce beasts in the mountains howled and begged for mercy, but they had no effect, and were instantly destroyed.

At this moment, the body of the demon emperor suddenly flew out of the sky and fell into the endless mountains. The shadow of the evil emperor condensed by the endless evil Qi was shattered.

And the four brothers of Bu Tian Jing screamed, and their bodies suddenly burst apart and turned into four people and fell directly on the ground.

One by one huge and incomparable, like the pit like the abyss appears, butianjing four brothers lie in the pit one by one.

At the moment, heaven and earth fell into incomparable silence. The battle of destroying the heaven and earth made the sky fall a bloody downpour.

"Ha ha! You are the last to die. We are the winner

At this time, the four brothers of Bu Tian Jing stood up one after another. Although they were seriously injured, they did not lose their fighting power. The fierce evil spirit swept out of their bodies, and they rose from the deep pit one by one.

Chapter 3580

"Cough..."

He was lying in the mud with a pale face.

The evil emperor wanted to get up, but his body was as soft as mud, and could not lift a trace of strength at all. The disorder of evil Qi and blood gas in his body made his injury more and more serious.

After all, it's not common for him to attack the four brothers in Tianjing with the strength just broken through. However, he is seriously injured at the moment and is hard to fight again.

"He's over there!"

At the moment, the old three's eyes flickered, and he noticed the position of the demon emperor and immediately cried out.

"Kill him!"

The elder brother's eyes were cold, and he suddenly got up and killed. At the same time, the elder brother whispered to the other three brothers.

"Watch out for those two boys, for the boat capsizes in the gutter."

"Yes."

The four brothers of Bu Tian Jing looked at each other and showed a sinister smile. The next moment, they appeared in the sky above the dark devil emperor.

"Your strength is good, but it's a pity that you are facing the four of us. You will die after all!"

The eldest brother looked down at the dark devil emperor and said triumphantly.

"Hum!" He was in great pain all over his body, and was even hard to get up. But at the moment, his momentum did not diminish at all, and his eyes were filled with disdain at the four brothers of mendianjing.

"It's not clear who the winner will be."

At this moment, the four brothers of Bu Tianjing suddenly felt that the boundless crisis had covered them, and they could not help feeling creepy.

"The blood moon slays the sky!"

Ye Chen's voice suddenly sounded, two rounds of blood moon rose in the east of the four brothers in the sky mending realm. The fierce and incomparable breath of blood moon suddenly appeared, and the magnificent power broke the sun and moon and tore the sky.

"Well, we have been waiting for you for a long time."

At the moment, the eldest brother laughs, and the four brothers join hands, and the boundless evil spirit surges out. In an instant, it turns into an evil spirit and shoots at Ye Chen.

"Don't forget me too!"

At this time, Junmo appeared on the west side of the four brothers in the sky mending realm. The blood was raging in the sky, and endless blood light swept through.

A breath of destruction filled the world, and a magnificent column of blood and light exploded towards the four.

"You can't either!"

With a sneer from the elder brother, the four brothers made a move again, and the evil spirit turned into an endless spike, which attacked Junmo like a storm.

"Boom

The sky burst at this moment, ye Chen and Jun Mo are hurt by the impact of no match, and immediately spit blood and fly backward.

The four brothers saw this scene and showed a grim smile. They calculated everything and the victory belonged to them!

Just at this moment, the four brothers did not find that, above their heads, a space passage full of magic Qi emerged, and then the endless torrent of water crushing the sky surged down.

"Not good!"

The eldest brother felt the boundless crisis enveloping him. Looking up, he saw the great pressure sweeping down. It seemed that the universe was toppling at the moment, and the binding force that was so powerful as to reach the extreme immediately enveloped the four of them.

"Can't go!"

At the moment, the four brothers could hardly see the extreme. They did not know what water it was and why it had such power.

This unmatched pressure made their scalp numb, and they could not resist it. The impact of destroying the heaven and the earth instantly swept through them. They were almost lawless and invincible.

"No!"

The four brothers roared and even overdrawn their vitality. They wanted to stop the vast yellow spring water, and even gathered an evil spirit behind them.

But at this moment, everything is useless, space, evil, all forces in front of the vast yellow spring water surface is completely vulnerable, instantly crushed, destroyed.

"Boom

The water of the yellow spring falls from the sky like a boundless waterfall, crushing and exploding the four brothers of butianjing in an instant. Boundless Qi and blood swept all over the place. The Qi and blood of the four butianjing even made the flowers and trees in the valley grow rapidly. In a moment, a tree seedling grows into a towering tree.

The four brothers of Bu Tian Jing suddenly fell down. Seeing this scene, ye Chen was relieved. He stood up from the ground, unable to lift a trace of strength.

"Cough..."

Jun Mo weak voice came, he fell on a big mountain, at the moment in the numerous waste rocks, difficult to climb out, covered with blood, eyes are very excited.

At the same time, being in the mud, the three of them stood up with all their strength. They were in the endless mountains, but they looked at each other with a smile.

Four mendianjing, this is an unprecedented crisis, relying on the concerted efforts of Ye Chen three people to barely get through.

This war, let Jun Mo and ye Chen two people become intimate friends, after all, is also a life and death friend.

The sudden appearance of the yellow spring water above the sky makes the four brothers of butianjing unaware of it, but this is actually what ye Chen had planned for a long time.

Ye Chen was calculating this scene when he put Ye Chen and ye Chen into the evil Qi to protect them. After all, he was very clear that Zha Tian Mo Di wanted to shake up the four heaven mending realm alone, which was not necessarily possible. Therefore, ye Chen, with the help of the evil Qi of the dark emperor, moves countless yellow spring water into the magic Qi space of the dark emperor, just like Xuanyuan moxie did.

After that, when the four brothers relaxed their vigilance, they released the yellow spring water and killed the four brothers in one fell swoop.

"When I take back the water, we will leave."

The corner of Ye Chen's mouth draws a touch of radian, takes a breath for a moment, recovers certain strength, and begins to collect the yellow spring water.

And at this moment, the dark emperor and Jun Mo are also practicing and recovering.

In particular, the dark devil emperor, just breaking through the outbreak of such a terrible war, his injury is very serious.

And refining the heart of blood you, the dark emperor also suffered a little hurt, he even was cursed by the idea of blood you heart.

The idea of the heart of blood you is the powerful one in the past. Although such a strong person has fallen, the curse of the residual consciousness still has a great cause and effect.

Therefore, the evil emperor needs to use Ye Chen's spring water to wash away this terrible curse.

With the dark devil emperor in the reincarnation of the curse will be washed, ye Chen will also collect the yellow spring water clean.

Then ye Chen three people left this mountain range, and found a more secret place, recuperate the body, let oneself restore the strongest state.

At the same time, in the mountains not far from the lava Valley, Xuanyuan moxie stood in a mysterious space filled with vast source gas.

This space is extremely vast and full of infinite majesty. The supreme power is diffused in this space. Above the sky of the space is a map of the sun, moon and stars. The stars in the picture emit endless starlight, as if they were real.

On the earth of space, there are countless rivers. The rivers in each river contain different charm. It seems that this is the place where water was born and the source of all water.

"The source of water..."

Xuanyuan moxie slowly opened his eyes. This mysterious space is the world behind the source of the waterfall. At the moment, he has realized the power of water in this source world.

The next moment, Xuanyuan moxie's eyes suddenly appear infinite fog, in the fog as if there are countless rivers rushing, Xuanyuan moxie looks at the stone, there are even trickling streams on the stone.

However, this stream contains the ferocity, the destruction of the earth and the sky, and instantly eliminate the stone.

And the next moment, Xuanyuan moxie looked at a small tree, and water vapor also appeared on the small tree. Under the cover of water vapor, the small tree instantly grew into a big tree in the sky, which contained endless vitality.

"The source of water, I have roughly mastered..."

Xuanyuan ink evil mouth hook up a strange arc, this period of time, he not only understand the source of water, but also successfully break through the heaven.

Before long, he will be able to integrate the source of water contained here, and it will be the time for him to kill Ye Chen and avenge his revenge.

"Wait, I'll let you know what despair is!"

Xuanyuan ink evil eyes Sen ran said.
