

Physician 3581

Chapter 3581

At the same time, under the boundless sky, a dragon is mighty and powerful. It runs through the endless clouds. The creatures along the way are aware of this powerful breath and dare not to obstruct it.

At the moment, ye lu'o'er sits on top of the dragon body and looks at the Dragon below. The dragon is the old woman who rescued her from the three fierce beasts that day.

These days, ye lu'o'er has been on the old woman's body to recuperate the injury, only because of the old woman's prohibition, her injury has been able to recover.

At the beginning, ye lu'o'er plans to lift the prohibition implicitly, but she finds that the power of the prohibition is extremely strong, which can not be resisted at all, which makes her more and more anxious.

At this moment, ye lu'o'er can't help it. The old woman obviously has ulterior motives. If she is allowed to leave, she doesn't know what danger she will encounter.

"I'm leaving."

Said Ye Luo Er abruptly.

"Ah?" The dragon was surprised at the moment, and the endless Dragon Spirit condensed into a face, which appeared in front of Ye lu'o'er, which was the old woman's face.

"Where are you going, master?"

The old woman's face was full of concern, and she was as loyal as ever. Then she said, "this place is too dangerous. Your injury has not recovered. I'm afraid it's someone else's plot. I'll take you to cure it, or you'll die yourself."

"No need."

The old woman is still acting, and ye Luo'er doesn't choose to tear her face. Looking at the old woman with cold eyes, she suddenly opens her mouth and says, "I like to be alone. Thank you for your care these days. Don't live here."

After that, ye Luo'er suddenly turns into a dragon, and the mighty dragon power diffuses out. She flies to the mountains not far away.

Although ye Luo'er has not recovered from her injury, she has been recuperating for so long and has gathered some strength. Now she can turn into a dragon, so she is ready to leave immediately, instead of abandoning the old woman.

Just at the moment, the old woman saw that ye Luo'er left her, and she even showed a strange smile. She had already realized what ye Luo'er was aware of.

"Ha ha, master, where are you going?"

The old woman's evil smile, the boundless dragon suddenly swept out, instantly into four chains, directly bound ye Luo'er.

Although ye Luo'er can turn a dragon into a dragon, his injury is too heavy, and he doesn't fly fast. At the moment, he can't throw off the chain and is bound up. His inner anger rises.

"What do you want to do?"

Ye Luo'er looked at the old woman and said, the old woman is ambitious. She has discovered it for a long time. Originally, she hoped that the old woman would not tear up her disguise. She could take the opportunity to leave, but now it seems that the old woman has already made up her mind to kill herself.

"For what?"

Old woman evil smile, dragon claw suddenly out, directly will ye Luo Er under the claw.

"I want to take you to see Hanyuan Zun. You contain the ancestral dragon blood in your body. After searching for more than 100000 years, Hanyuan Zun will surely give me a great reward when I see you!"

When the old woman said this, her eyes couldn't help but get excited. Hanyuan Zun's handwriting was always generous. She offered the ancestral dragon blood that Hanyuan Zun longed for most, and the benefits obtained at that time would be enough to let her soar into the sky!

"The reverence of Hanyuan?"

Ye Luo'er frowned slightly and asked, "who is he?"

"He is the superior of emperor yuan temple. It's your honor for a small minion like you to meet him."

The old woman laughed.

"How shameless you are

Ye Luo'er can't help but scold. The old woman, with her own trust, is trying to murder herself, making her extremely angry.

"Shameless? Compared with living, living brilliance, what is it The old woman sneered and held ye Luo'er tightly.

Now that she has torn her face, the old woman has nothing to care about. At the moment, the speed suddenly breaks out and rushes towards the distance. She can't wait to meet the emperor of Hanyuan and present this supreme treasure!

Ye Luo Er's eyes are cold at the moment, knowing that there is no other way but the first World War, and the momentum suddenly erupts.

The grand dragon power is sweeping out. Ye Luo'er's blood is far more noble than the old woman's, and the suppression of the dragon's blood is the most obvious. At this moment, when the dragon power breaks out, even if the old woman is higher than Ye Luo'er, she can't help being stiff, and her aura will stop running.

"Hiss, hisses!"

At the moment, the chains of heaven and punishment suddenly pierced out, and the magnificent and terrible breath of natural disaster swept through, and the wave of destroying the heaven and earth burst out, aiming at the key position of the old woman.

Ye Luo'er wants to fight and kill, but now the old woman has recovered her ability to move. Her realm is much higher than that of Ye Luo'er. The sudden outbreak of Longwei can only make her stop for a moment.

"Boom

The fury of the golden light swept across the old woman's body instantly covered with an indestructible barrier, even if it is the heaven punishment chain can not penetrate.

"Damn it!"

Ye Luo Er is aware of this scene, can't help but scold.

But the old woman is now proud of laughing, "ha ha, don't struggle, fall into my hand, no one will save you!" "You want to exchange me for your glory and wealth, you dream!"

Ye Luo'er is so strong that she doesn't want to compromise with the old woman. At the moment, the blood in her body suddenly trembles.

Ye Luo'er's ancestral dragon blood is boiling and stirring, and a breath of destruction sweeps out of her body.

"You want to blow yourself up?" The old woman was frightened by the terrible breath, and looked at Ye Luo'er with a strange face.

"If you want to harm me, I will drag you to die together!"

Ye Luo'er looked at the old woman gnashing her teeth and said that at the moment, the blood of the ancestor dragon in her body broke out to the extreme, and her body would explode at the next moment. The self explosion of the ancestral dragon blood vein could destroy the heaven and earth, and the old woman would surely die together!

But at this moment, just at the moment when Ye Luo'er was about to explode herself, the prohibition in her body suddenly broke out, and countless miraculous golden runes appeared on her from inside to outside.

In an instant, the terrible force of prohibition broke out, and Ye Luo'er felt the agony of terror and could not explode at all.

"Roar!"

In such a situation, Ye Luo'er couldn't even explode himself. Ye Luo'er couldn't help but feel the extreme indignation. He looked up to the sky and screamed, sending out a roar that frightened the sky!

The roar of the Dragon spreads all over the country and penetrates the mountains and forests. The whole situation of nine deaths seems to reverberate with this angry dragon chant!

.....

At the same time, Ye Chen three people sit under a big tree in the sky, not far away is a lake, the lake is surrounded by a body of colorful spots, emitting hazy brilliance of the deer.

This is a kind of fierce beast. However, he is gentle and has no hostility to Ye Chen. These days, they have been recuperating here until they are cured.

"I'm going to follow up on lol's trail."

At the moment, all three of them have recovered from their injuries. There is no need to worry about it. Ye Chen should continue to look for ye lu'o'er.

"Roar!"

At this moment, a sound of dragon chanting suddenly rings out, and the terrible essence suddenly erupts in Ye Chen's eyes.

"Lol!"

Chapter 3582

Ye Chen's mind is shaking. He is very familiar with the sound of dragon chanting. It must be from ye lu'o'er, ye lu'o'er is nearby!

The sound of the Dragon chant spreads over the sky, setting off a series of ripples. Ye Chen's momentum bursts out, and the invincible breath sweeps across.

"Lol is in danger, I must go and save her!"

Ye Chen can hear what kind of pain ye lu'o'er's Longyin contains.

The enemy ye lu'o'er faces is likely to be very powerful, but ye Chen can't control so many at the moment. No matter how powerful the opponent is, you can't hurt ye lu'o'er!

Ye Chen's body shape burst out in an instant, toward the direction of Ye Luo'er's voice.

One side of the dark emperor and Jun Mo look at each other, two people's eyes full of firmness, follow Ye Chen to the sky without hesitation.

"Boom

At this moment, the sky burst, and Ye Chen burst into the extreme speed, and even the void trembled faintly. He and the dark emperor and others quickly went in one direction.

It is as if like two peas of the sound. The leaf is feeling the vastness of the dragon. It is just like the one that was detected in the lava valley.

At the same time, in the sky of a towering mountain peak, the old woman is holding Ye Luo'er to fly away. Suddenly, her eyes flash with endless killing intention, and she suddenly turns back to look behind her.

"Who is it?"

The old woman's face was gloomy, and she felt three murderous air rushing towards her, which made her have a bad feeling.

"Is it him?"

Ye Luo'er is suffering from unspeakable pain at the moment, but there is a ripple in her eyes. She realizes that there is a very familiar one in the blast breath.

"Let go, lol!"

Ye Chen's figure suddenly breaks through the space. With the sword in hand, the destruction Shinto erupts. Without a trace of hesitation, he suddenly kills the old woman.

"Looking for death!"

The moment the old woman saw Ye Chen, she immediately put down her heart. She was just a mole ant in the heaven God realm. She was so presumptuous that she dared to attack her!

The old woman is the existence of the early days of mending the sky. Even in the situation of nine deaths, she is very strong. In the face of Ye Chen's explosion, she suddenly raises the dragon claw and grabs it.

"Boom

The God of destruction collided with the dragon claw. The fury of destruction swept through the old woman's face. The golden dragon scale shining in her divine awn was destroyed at this moment.

What's more, ye Chen's sword contains unimaginable destructive power, which directly pierces her dragon's claws and makes the endless dragon blood fall into the sky.

"How can it be? It's just a mole ant in heaven's realm!"

The old woman's face became ugly and incomparable. At the same time, she had seen that ye Chen came to save ye lu'o'er.

But ye Chen's natural talent and abnormal strength is obviously a unique genius. She has already made a feud with Ye Chen after taking ye lu'o'er. If ye Chen is not killed, it is obviously not a good thing to have a feud with such a genius.

"Boy, if you want to blame, you can only blame yourself for your death!"

At the moment, the old woman laughed ferociously, and the fierce dragon power swept over her. What she liked most was to wipe out the genius, and to cut off the existence of these talents, which made her feel extremely excited.

Ye Luo'er is so, ye Chen is the same. The old woman wants to wipe out all the world's most talented people with her own hands!

"Die for me!"

The heart of the old woman's palm suddenly rises with endless dragon Qi, which condenses into a whirlpool. In the golden whirlpool, violent suction emerges.

Along with the suction, there is also the vanishing breath of destroying the heaven and the earth. If it is inhaled into the golden whirlpool, it will destroy both the body and spirit and completely disappear.

Seeing the magic power of the old woman, ye Chen's eyes can not help but lift a touch of solemnity. The golden whirlpool gives him a very dangerous feeling.

At this time, the two figures appear at the same time behind Ye Chen, the monstrous evil Qi sweeps across, and the endless blood light suddenly appears.

"Boom

The fierce power suddenly bombards on the dragon claw, the resplendent dragon scale of the divine awn is instantly broken, and the dragon claw scatters endless blood.

The old woman couldn't help but scream. She looked at the two people who suddenly appeared. It was the dark emperor and Junmo.

"A holy ancestral realm peak, a mending heaven realm, and a layer of heaven. Are you two here to die?"

The old woman burst out into violent killing, staring at Ye Chen's three people. She could never have imagined that the three realms were far inferior to her. The ants dared to attack her, which was totally humiliating and provocative to her!

"Well, old man, let go of lol, or you will die!"

Ye Chen's eyes are cold. It seems to him that the Dragon dares to hurt ye lu'o'er, but he is afraid that the old woman will attack ye lu'o'er, so he is afraid.

"Let her go?" The old woman looked at ye lu'o'er in the palm of her hand in a strange way, and the corners of her mouth drew a curve of yin and evil.

"It's a big chance for me. How can I give it to you?"

"Don't worry, after I kill you three, someone will send her to accompany you!" The old woman burst into a fierce smile.

At the moment, ye lu'o'er looks at Ye Chen coldly. She doesn't know ye Chen at all. She is very surprised why Ye Chen wants to save herself.

At the moment, ye Chen heard that the old woman didn't want to let ye lu'o'er go. He didn't want to talk nonsense with the old woman. Now he only saw ye lu'o'er.

"In that case, you shall die."

Ye Chen makes a sudden move, and the destruction Shinto erupts, and Tianlong's eight gods sound sweeps out. With the endless breath of Hongmeng, he instantly kills the old woman.

At the same time, the dark emperor and Jun Mo also joined hands.

"Demon wolf smoke blade!"

With a roar of rage from the demon emperor, the boundless evil spirit swept over the sky, and the fierce and incomparable blade of smoke swept out, killing the old woman like a storm.

"Kill with blood, disobey the sky!"

Jun Mo broke out at the moment, endless blood light appeared on the sky, and the next moment the blood light turned over, making the sky upside down.

Endless blood light carrying the sky directly suppressed and swept down, the violent force swept over, crushed the space directly, the endless void collapsed, the endless heavy pressure swept down, to directly let the old woman into fly ash!

See ye Chen three people burst out of the magic power, the old woman's face suddenly cold up, she looked down on Ye Chen three people.

Originally, the old woman thought that ye Chen's realm was not as good as her own. She was not her opponent at all and could easily crush her.

It is only at this moment that ye Chen's three men have made a move. She finds that although Ye Chen's realm is not high, the power of their supernatural powers is very strong, and they even master the ancient method of Hongmeng, which contains the charm of great source gas.

"Well, even if you have some skills, you think you are my opponent!"

The old woman roared, showing a ferocious smile, "too naive!"

"Smash the sky!"

The old woman screamed suddenly, and endless dragon Qi swept out. The terrible dragon power pervaded the sky, making the aura in Ye Chen's three bodies slow down.

"Boom

At this moment, a series of terrible golden whirlpools are all over the sky, as if they are inexhaustible, and come to Ye Chen three people one after another.

Chapter 3583

The golden whirlpool erupts the strong incomparable attraction, which also contains the vanishing breath, lets Ye Chen three people's faces Suddenly big change.

"The old woman's method is really powerful."

Ye Chen's eyes are cold. The old woman and ye lu'o'er share the same breath. I'm afraid they have a high status in the dragon clan, and their magical powers are obviously extraordinary.

But at the moment, ye Chen has the heart to kill the old woman, and immediately there is no hand left, the instant outbreak.

"The blood moon slays the sky!"

Ye Chen roared, the endless golden whirlpool swept under, two rounds exuded the mighty breath, contains the infinite great power, destroys the heaven and destroys the earth like the blood moon rises.

As soon as the blood moon appeared, the fierce and incomparable blood moonlight was shrouded, and how many golden whirlpools were destroyed along the way.

At the same time, ye Chen cuts at the old woman with a sword, tears the sky, cuts through the endless edge of the world, breaks the endless golden whirlpool in an instant, and appears in front of the old woman.

"Not good!"

The old woman obviously didn't expect Ye Chen to burst out such a powerful force, her face changed slightly, and the resplendent dragon scales on her body broke out in the extreme light at this moment.

"Jingshi tianlongguang!"

The old woman roared, and the endless God awn swept over, which contained a terrible power of purification, as if to erase all the bad and inharmonious existence in the world, and make the world a beautiful place.

"Boom

The sky vibrates at this moment. The void is broken one after another in the place where the divine awn passes. The dragon power is mighty, and the endless great power diffuses out.

Ye Chen holds the sword of falling dust and descending dragon. In an instant, he collides with the divine awn, and the violent impact suddenly sweeps out.

"Hiss!"

The endless blade cuts through the divine awn, directly cuts down on the old woman's dragon body, cuts the endless dragon scales, and splashes the dragon's blood.

But at the same time, ye Chen is also swept by the fury of God, and his body seems to disappear for a moment.

"Fahua is dead!"

Ye Chen roared, and the boundary of Buddha light emerged, blocking the divine awn. At the same time, the terrible impact caused by the explosion of the two magical powers swept out.

"Bang!"

The boundary of Buddha's light was suddenly smashed, and ye Chen's body shape was blown out of control, and the whole person bumped into the huge mountains below.

"Boom

The mountains overturn, ye Chen directly bumps into the mountain, his throat gushes up a touch of fishy sweet, he quickly swallows the blood back into the body, flies up again.

At this moment, the dark emperor and Junmo have been fighting with the old woman. The fierce fighting impact swept the sky, rippling on the sky, breaking the endless void.

"You damn ants

In the air of evil and blood light, the old woman broke out the supreme dragon power like destroying the heaven and the earth, and the mighty golden light swept over.

The strength of the old woman broke out to the extreme, and her actions and actions were extremely violent. The roar of strength resounded through as if to shatter the heavens.

"Long Sha breaks the sky claw!"

The old woman suddenly burst into a fury, and the fierce dragon power swept over her. At this moment, her dragon claws burst out into the endless divine awn, and the sharp breath tore up the sky, and all the void along the way was destroyed.

The old woman's Dragon claws are filled with endless dragon spirit. Under the evil spirit, there are even scenes of terrible battlefield. Endless creatures fight in the evil spirit battlefield, and the blood flows like a river.

"Die for me!"

The evil spirit contained in this claw of the old woman is too fierce, and even has the effect of confusing the mind. In a moment, Junmo and the emperor of covering the heaven are stunned for a moment.

When the master fights, the difference between life and death is life and death. When the dark emperor and Junmo react, the old woman's fierce dragon claws, which destroy the heaven and the earth, have already appeared in front of them.

"Not good!"

The dark emperor's face suddenly changed, and he suddenly cried out, "ancient blood revives!"

Endless ancient blood surged out of the heart of Zha Tianmo di. In an instant, the ancient and vicissitudes of life enveloped his body.

At the same time, the evil fire which melted the sky was burning on the cover of heaven. The magic fire rose from the sky and swept away towards the huge dragon claw.

"Kill the immortal, split the cloud and chop!"

Then, the sword of killing immortals appeared in the hand of the God covering demon emperor. The fierce and incomparable edge swept out, and the vast power of Xiaoyuan soldiers was revealed.

The breath of destroying heaven and earth roars and vibrates, and the breath of source flows between heaven and earth. The endless breath of Hongmeng is cut out in an instant with the terrible sharp sword.

"The blood kills the sky knife!"

Jun Mo at this moment also broke out, blood light suddenly appeared, the sky were dyed blood red.

At the moment, the blood light condenses into a crystal clear blood knife, which contains infinite ferocity and killing intention, and is suddenly cut out.

"Boom

Dragon claw, sword and blood knife collide together, and the impact of destroying heaven and earth suddenly sweeps out.

The mountains and rivers burst, and the starry sky was dead. The terrible collision destroyed the sky and the earth, and the sky was ravaged by the terrible impact that no one could resist.

"Poof!"

Jun Mo vomited blood and flew upside down. The emperor of covering the sky was also shocked out. The emperor's robe of breaking the army rolled around and blocked the vast impact. On the other side, the old woman tried to shake the blow from the demon emperor and Junmo. At the moment, it was obviously not good. The Dragon scales on her body were broken, and a lot of dragon blood flowed from countless wounds.

"How damned you hurt me

The old woman's huge dragon pupil stares at the dark devil emperor and Junmo. The breath in her body is also a little disordered. The strength of Ye Chen's three people makes her rise to a level of fear. The state of these three people is not high, but the combat effectiveness that erupts is enough to shake her own realm.

"Well, if you don't let lol go, you'll die!"

Ye Chen came again at the moment, the fierce murderous spirit and momentum swept, coldly looked at the old woman and said.

"I admit that you have some skills, but it would be naive to kill me by this means."

At the moment, the old woman sneered. She no longer plans to keep her hands. If the stalemate goes on, she may not be able to consume Ye Chen's three people. At that time, she may have to capsize the boat in the gutter and fall on the hands of Ye Chen's three people. They must be solved by means of thunder.

"Boom

The old woman suddenly burst out the endless dragon power, which swept the sky. The fierce dragon spirit gathered hard and incomparable gold armor on the old woman, and the armor overflowed with the mighty Hongmeng flavor.

"Well, you three, welcome death

The old woman sneered at her hand, and suddenly took her hand. The endless Dragon Spirit swept over her. She turned into a huge dragon gun, which she held in her hand.

"The Dragon gun blows blood!"

As soon as the old woman stabs out, the fierce spear tip will pierce and shatter the space, and the gun shadow even condenses into a ferocious roaring dragon head, and opens a bloody mouth to Ye Chen three people and bites them down.

The strength of the old woman's shot is simply too strong, and ye Chen's faces are not dignified at the moment.

The next moment, ye Chensha sword in hand, the destruction Shinto burst, instantly stabbed at the dragon head.

At the same time, a series of Hongmeng notes flew out, and the sounds of the eight gods of Tianlong swept out and pasted on the dragon head to suppress it.

But the old woman's all-out blow, the power of the fury of the divine power is too strong, the destruction of the Shinto instantly broken, Hongmeng note was also shaken.

Chapter 3584

"Magic blood melting furnace!"

Seeing this scene, the dark emperor burst out of his momentum, and the magnificent magic spirit rose up in the sky. Behind him, there was a virtual shadow of the evil emperor who stood up to heaven and earth and contained endless great power.

On the body of the evil emperor's virtual shadow, there was a huge fire burning on his body. In the hand of the evil emperor's virtual shadow, he grasped a cauldron to melt the sky, and the magic fire was raging.

At the moment, the evil emperor's virtual shadow suddenly smashed the magic fire furnace, and instantly covered the dragon head in the furnace. The fierce magic fire swept over, and the dragon head howled.

"Kill with blood, kill with blood!"

See this scene, Jun Mo in the heart move, hastily hand.

His eyebrows suddenly burst open, and a single eye appeared in his eyebrows.

The blood of this one eye is extremely red. It flows out of the endless vicissitudes of life. The blood gas converges into a bloody God light that destroys the heaven and the earth, and bursts out in an instant.

"Boom

Where the blood god awn passes, the void disappears, and everything collapses and disappears.

At the next moment, the bloody God's awn shoots directly on the dragon head, which roars and explodes.

"Bang!"

The magic blood melting furnace is now shattered by the terrible impact of the dragon's head explosion, breaking out a more horizontal destructive impact.

In an instant, the world was swept by this terrible impact, and the mighty force destroyed the heaven and earth, as if to destroy the whole world.

At this moment, seeing the terrible impact, ye Chen's three faces changed slightly, and the old woman on the other side also widened her eyes.

The old woman used her most powerful magic power to kill Ye Chen three people at one stroke, but she didn't expect that all of them would still be able to block them, and even trigger such a terrible impact.

"Damn it!"

The old woman roared, and the light of the armor on her body was in full swing. The endless Dragon Spirit swept out, and the fierce dragon power awed the sky.

At this moment, the old woman used countless Guardian treasures to resist the terrible and incomparable impact. However, the impact broke out and broke all her defense means in an instant.

"Poof!"

The old woman vomited blood and flew straight out.

Ye Chen's three people are equally hard to bear in the face of this violent impact. The boundary of Buddha light is broken instantly, the barrier of dust tablet is broken, and all defense means are extremely pale.

When Yu Bolton blows out Ye Chen's three people, they are covered in blood and fall on the ground.

And the old woman also fell from the sky at the moment, the keel in her body seemed to be all broken, unable to lift a trace of strength, coldly watching Ye Chen three people.

"Damn ants, you are really hateful!"

The old woman was so angry that she mended the sky. She even beat Ye Chen three people to both sides. It was a shame.

"Old man, let go of lol!"

Ye Chen lazily talks with the old woman, and the yellow spring water is rolling. He suddenly urges the Huangquan Mintian Jue and forces himself to stand up again.

The fierce intention of killing swept out, Ye Chen holding the evil sword, walked toward the old woman.

Ye Luo Er has been bound by the old woman's prohibition. She has suffered a lot in the battle, and now she has been in a coma.

But the old woman saw Ye Chen coming, suddenly clenched the Dragon claws, Ye Luo'er's Dragon scales were broken, and the pure dragon blood flowed out.

"Don't come here, or I'll kill her!"

The old woman stares at Ye Chen. She is seriously injured and can't even use any strength. Facing Ye Chen, she is full of fear.

"If she's dead, I promise you're not as good as dead."

Ye Chen can't help but stop to stop his steps, but his eyes are more and more cold, staring at the old woman.

"Well, she will not die, nor will I

At the moment, the old woman showed a strange smile. In the Dragon claws behind her back, a communication talisman turned into fly ash and floated in the sky.

"I have told the emperor of Hanyuan everything. If you want to snatch something from him, you will surely die!"

The old woman now ferocious laugh up, and hear her words, ye Chen eyebrows wrinkled, cover the sky evil emperor and Jun Mo but changed face.

Hanyuan Zun comes from the Diyuan palace, which has extremely terrible power outside the territory. The fierce name of Hanyuan Zun has been heard by Zha Tianmo Di and Junmo.

"Boom

At this moment, the sky vibrates, a dark channel emerges, a destructive breath overflows, endless thunder blows, freezing the sky, condensing the extreme cold of the world swept down.

In the endless darkness, a figure broke out a terrible and incomparable anger. The anger was high in the sky, and even exploded the sky.

"How damned it is to dare to touch my ancestral blood!"

This figure is the statue of Hanyuan. His eyes are cold to the extreme, and his murderous spirit pervades the whole world. He wants to use his own body to wipe out the gangsters who dare to rob his ancestors' blood!

At this moment, in the dark passage above the sky, a dim figure is approaching.

Before the figure appeared in the situation of nine deaths, the whole situation of nine deaths was filled with great terror, and everyone felt a terrible crisis. Ye Chen three people are no exception at the moment, the terrible pressure even makes them difficult to move, can only look at the figure in the passage above the sky.

"The reverence of Hanyuan"

Ye Chen looks at the more and more close to the figure in the passage, and his anger is more and more boiling. At this moment, he finally understands who wants to fight ye Luo'er.

But at the moment, ye Chen is powerless. The power of Hanyuan Zun is too strong. At the moment, all three of them are seriously injured and can't fight against Hanyuan Zun.

Even if the front of the cold Yuan Zun is just a body, but also enough to let the three Ye Chen at the moment feel desperate.

"The three of you, trying to rob my ancestral blood?"

Before the emperor of Hanyuan got out of the channel, the voice of endless killing intention came, which even condensed into a knife awn of killing intention, and chopped at Ye Chen.

Hanyuan Zun not only wants to take ye Luo'er away, but also to wipe out Ye Chen, who dares to rob him of his ancestral blood and defies his supreme majesty.

At the moment, a series of murderous swords are sweeping in, and ye Chen's faces are dignified at once. However, the Dao awn of killing intention has reached the middle level of sky mending realm, containing supreme power, as if to crush the heavens.

This is only with the help of external forces. If the emperor of Hanyuan comes down completely, let alone imagine, it is almost a dead end!

"Damn it!"

In the face of the matchless killing Dao Mang, ye Chen's face is dignified to the extreme. At the moment, he has no choice but to overdraw his vitality and use the method of six reincarnation!

"Die for me!"

Ye Chen roared, the fury of the breath surging, the wave of destruction of heaven and earth quietly in the circulation between heaven and earth.

And at this moment, a deep look at the scene of death happened.

The eye belongs to an old man.

The old man is surrounded by a mysterious pattern of yin and Yang.

He is no one else, just Qi Yunshu!

Most people can't imagine what the three characters of Qi Yunshu stand for outside and in the upper world!

Even when many patriarchs visited Qi Yunshu, they could only receive two words - no!

Chapter 3585

"The reverence of Hanyuan?" Qi Yun book mouth hook up a disdainful arc, the next moment his body suddenly flew out of a majestic source gas.

"Go!"

Qi Yunshu is in the upper boundary. With a little finger, the space suddenly collapses, and a whirlpool like space passage emerges, which is deep and terrible.

At this moment, the supreme source gas instantly penetrates into the channel, and then turns into a majestic force of imprison.

The power of confinement swept through the sky, and came to the realm of death in an instant.

At this moment, the whole time of the nine deaths seemed to stop, and the vast force of imprisonment broke out.

Hanyuanzhi's sub bodies in the passage feel the incomparable power of confinement. Even with his strength, they feel unable to shake, and their bodies seem to be bound by chains.

"Who is it?"

Hanyuan Zun is about to walk out of the space passage and come to the state of nine deaths. However, the power of imprisonment suddenly appears at the moment, which makes him unable to move, and even feels shocked.

This kind of incarceration force is absolutely invincible, and no one can stop it, even if it is Hanyuan Zun.

At this moment, the power of the supreme confinement surged up the channel opened by the emperor of Hanyuan, which suddenly broke and turned into endless pieces.

"Poof!"

Cold yuan Zun, who was in the passage, was like being struck by lightning. He spat blood in his mouth instantly, his body cracked and countless wounds bled like pillars.

"Who the hell is this?"

Regardless of the injury, Hanyuan Zun looked up at the endless sky above the sky. The power of confinement just appeared was too vast, which filled his heart with shock.

"Damn it, it's just around the corner!"

Hanyuan Zun couldn't help biting his teeth. He took a look at the sky in fear. Then he took back his sight and turned away.

He has no choice!

As long as he dares to move, the separation will not only be destroyed, but also the body will have an accident!

The picture turns around, and within the territory of nine deaths, the power dissipates abruptly as the space passage is closed by the force of imprisonment.

But from the explosion to kill, straight to the door of Ye Chen's killing knife awn also because of the closure of the channel suddenly disappeared.

Seeing this scene, everyone was stunned. Ye Chen quickly concealed the six samsara Dharma and then looked at the sky.

The emperor of Hanyuan was shocked by the sudden appearance of the supreme power, and he did not dare to come, but ye Chen was aware of a sense of deja vu.

"This is..."

Ye Chen gazed at the sky with deep eyes. He could feel a kind of supreme power gazing at himself from above.

At this moment, the old woman saw that the channel of Hanyuan Zun was closed, so frightened by the mysterious existence that she did not dare to come, she immediately turned to escape.

"Where to go?"

The emperor suddenly appeared in front of the old woman and looked at her coldly.

"You The old woman's face was gloomy. She turned around immediately, but she ran into Jun Mo who came from the other side.

"Just stay here."

Jun Mo laughs and looks at the old woman, between the tone has a happy meaning.

Just now the old woman contacted Hanyuan Zhizun, but she was very arrogant. As a result, a mysterious strong man helped him and made the situation reverse in an instant. Junmo didn't care who the mysterious strong man was and why he did it. Now he just wanted to teach the arrogant old lady a good lesson.

"Hum! If you don't let me go, I'll kill her! "

The old woman knew that it was time for her life and death, and quickly put out ye luo'er to threaten them.

But when she grasped the dragon's claws, she suddenly found that ye luo'er was missing.

"Where have you been?"

The old woman's eyes flashed with fear and looked around, but ye luo'er stood not far away, looking at her coldly.

It turned out that when the venerable Hanyuan and the mysterious strong man had just started to fight, ye luo'er was awakened by the earth shaking momentum, and then he ran away quietly from her hand when the old woman lost her mind.

In an instant, the old woman's face was like dirt, and her despair reached the extreme.

But at this time, ye Chen's mind is not here at all. He stares at the sky, which seems to be empty to outsiders, but there is a figure in his eyes.

This figure is extremely hazy, can not see the face clearly, even the body can not see clearly, can only see a group of fog like human shape.

"Who are you?" Ye Chen looks at this figure, always feel inexplicably familiar, can't help but open his mouth to ask.

"It doesn't matter who I am." The voice said calmly, and then the arm swung, a jade pendant fell from the sky, fell into the palm of Ye Chen's hand.

"This..." Ye Chen looks at this jade pendant. The jade pendant is divided into two colors, one black and one white. It is crystal clear and exudes a mysterious charm. The two colors are even flowing slowly. People can't help but fall into it when they look at it.

The jade pendant gives Ye Chen a very familiar feeling. Ye Chen's pupil shrinks and then looks at the dim figure above the sky, "this jade pendant..."

Before ye Chen finished speaking, he realized that an invisible power suddenly blocked his mouth and made him unable to make any sound. When he noticed this, ye Chen could not look at each other.

"You know everything about it, and never say it." The dim voice was so ethereal that the tone was serious to the extreme. Obviously, the jade pendant was very important, and even caused the vibration of the heavens and caused endless disasters.

Ye Chen has a deep vision. He has already realized that the jade pendant is related to the temple of yin and Yang. The figure above the sky is probably related to the former life itself, even the people in the temple.

"Keep it in good care."

The hazy figure above suddenly opened up and said.

"I will."

Ye Chen nodded at the words and put it close to the body. It is very important for him to keep it properly.

"When it turns into a Pisces..." The voice of the hazy figure suddenly sounded in the mind of Ye Chen.

Ye Chen heard this, eyes can not help staring, holding his breath, concentrated on the other side to listen to the other.

"It is the day of the gathering of the temple!"

"What?"

Ye Chen can not bear the great shock of heart and spirit. This jade pendant is Yin Yang, which can be called Yin Yang jade pendant. The following words of hazy figure also confirm Ye Chen's conjecture.

When Yin and Yang jade pendant became Yin and yang fish, it was the day of the gathering of the temple.

The temple in the mouth of the hazy figure is obviously the Yin and Yang Temple, which is the secret hidden by the Lord of the reincarnation of the past, even the top card!

"What is the Yin and Yang Temple

"Why would my former reincarnation be reincarnated and reborn rather than by the power of the temple of yin and Yang?"

Ye Chen asked in his mind.

"I don't know, only the reincarnation Lord knows."

The sound of the hazy figure is reverberating in Ye Chen's mind.

At this moment, the hazy figure above the sky looks far away, a wave from the hazy figure, spread out.

"There's a man here." Hazy figure said quietly, then looked at Ye Chen.

Chapter 3586

"You're not a match for these people. I'll give you a ride."

"Thank you very much, but I hope to bring some of my companions with me." When ye Chen hears the speech, he bows his hand politely.

"Good." The hazy figure is very easygoing.

Hearing this, ye Chen comes to ye lu'o'er in a hurry. It doesn't matter to see the devil emperor and Junmo. They will be willing to leave with themselves, but ye lu'o'er is not sure.

"Come with me. I'll help you lift the internal restraint and treat the injury." Ye Chen looked at ye lu'o'er and said tenderly.

"With you?"

Ye lu'o'er looked at Ye Chen with cold eyes. Although Ye Chen saved her, she didn't trust ye Chen at all. Even though there was a voice in her heart that allowed her to agree, she still sneered and said, "who knows if you want to harm me, too."

"Lol, how can I harm you?"

Ye Chen can't laugh or cry when he hears this. He has traveled thousands of miles to find ye lu'o'er and save her from the world of nine deaths. How could ye lu'o'er be killed.

"No, I'm used to being alone!"

Ye Luo Er's eyes suddenly burst out endless murderous spirit. Thinking of the word Ye Chen engraved in the palm of his hand, he became more angry and immediately opened his mouth.

This words a flash of pain in Ye Chen's eyes, and then said: "there is a strong presence coming, you may encounter danger, no matter how, I will take you away."

After saying that, ye Chen will take ye lu'o'er away by force, but at the moment, the voice of hazy figure comes.

"It's too late, boy. Let me go. You don't have to worry about this girl."

As the voice fell, ye Chen felt a great power enveloping him. At the same time, there was the God covering the devil and Junmo. They were swept by the great power, and their bodies disappeared in an instant.

Looking at the disappearing Ye Chen three people, ye lu'o'er's indifferent eyes can't help but emerge a touch of doubt.

But at the moment, the old woman saw Ye Chen three people suddenly leave, suddenly excited and inexplicable. Without Ye Chen three people, ye lu'o'er, whose body was forbidden by her, couldn't stop her at all!

At the moment, the old woman doesn't want to take ye lu'o'er to see the emperor of Hanyuan any more. Her injury is too heavy. Although ye lu'o'er can't stop her, if there is a fight, it's still hard to tell.

What's more, ye luo'er's body contains the ancestral dragon's blood. If she really fights, she won't benefit, and she may be killed by Ye luo'er.

Then, the old woman rose abruptly and wanted to escape.

When ye luo'er saw this scene, his eyes flashed with cold light. He was about to make a move, and a magnificent and powerful atmosphere suddenly swept over.

These breaths are earth shaking, majestic to the extreme, before people arrive, the turbulent air of Hongmeng will cover the world.

The next moment, a group of figures appeared in front of Ye luo'er and the old woman.

A group of more than a dozen people, all breathing furiously and incomparably, seemed to be dominating the heavens.

"This

Seeing these people, the old woman suddenly widened her eyes, her eyes were filled with horror, and her body suddenly flashed out.

"Where to go!"

A roar sounded, and the black clothes of the leader were shaken, and the boundless Dragon Spirit swept out. In an instant, it turned into a fierce dragon claw with golden light and powerful spirit, holding the old woman in his hand.

"Traitor, you still want to run?"

The leader sneered and gave the old woman no chance to explain. The power of destroying the withered and decaying suddenly broke out and the dragon claw grasped it.

"Boom

The old woman's indestructible dragon body was like a piece of paper, which was easily crushed. Countless blood flowed down from the dragon's claws, soaking the earth into dark brown.

"Master, we are too late to help you. I hope you will make atonement."

The next moment, these breath is magnificent, powerful to the extreme existence, unexpectedly all of them fall down in front of Ye Luo'er.

"I hope the master will come home with me!"

Looking at the existence of these breath to the extreme, kneeling in front of him respectfully, ye Luo Er's eyes are full of vigilance.

After the experience of the old woman, ye Luo'er can hardly believe other people. Although the breath of these strong men is similar to that of himself, they are all dragon people, but the old woman is the same reason.

"Thank you for your help in eradicating the enemy, but you don't have to go home with you."

Ye Luo'er looks at the people in front of her coldly. As long as they have any change, she is ready to use her secret method to escape directly without giving them any chance to hurt themselves.

"Master."

Smell speech, among all the strong, the head of the black robed man not from the face embarrassed look up to ye Luo'er.

"We are late. The master should be angry, but please give us a chance to redeem our contributions."

A group of people are so respectful that they have no pride in being able to do so.

Ye Luo'er looks at them, but the eyes are still cold and cold.

"No, I'm going to go where you come from. I'll go first."

Ye Luo'er turns around and leaves. In fact, she is always alert to the power behind her. As long as the other party has any ulterior intention, she will immediately use her secret method. But at the moment, Ye Luo'er did not realize that the other side had any malice. Instead, the waves that made her mind shake constantly came from behind.

Such fluctuations were so strange that she could not help but look back at the breath of intimacy, warmth and eagerness.

But in this turn, Ye Luo'er saw that the strong men of the black robed dragon clan and their companions all sacrificed a trace of soul and blood essence.

The little dragons flying in the sky, looking very cute, but the dragon power is boundless, which is a trace of the soul of these strong men.

And in the body of these little dragons, there are drops of pure and majestic dragon blood essence. The blood essence is extremely attractive, which makes Ye Luo'er want to swallow it.

"I have no courage to wait for the Lord to sign a contract, but we have no heart to wait for the Lord."

At the moment, the strong man in black looked at Ye Luo'er respectfully and said in a loud voice.

Seeing this scene, Ye Luo'er can't help but feel shocked. Soul and blood essence are the most important things of the dragon clan. These people are willing to sign master servant contracts with themselves, which has proved their loyalty.

Looking at the Dragon spirits and blood essence of the strong men, ye luo'er stretched out her fingers without expression.

"Hum..."

A contract flies out of yelor's finger, and there is an endless magic Rune on the contract, which is bright and brilliant, accompanied by Hongmeng Qi. It is very sacred.

As soon as the contract appeared, the dragon soul and blood essence immediately floated over. It was the strong men who voluntarily let the most important thing close to the contract.

When the dragon soul and blood essence are attached with a contract, a vast expanse of light suddenly erupts. The endless light reflects on the heaven and earth, and the magnificent atmosphere sweeps across the sky.

The contract is established at this moment, and then the blood essence of the dragon soul turns into a vivid and vivid one after another, just like a real little dragon.

Chapter 3587

Bruce Lee is boiling in the contract, and ye luo'er has a deep vision. She can feel that she has absolute control over the life and death of these dragons.

Only one thought can determine the life and death of the little dragons, and the life and death of these little dragons also represent the lives of the strong.

All the strong men did not have two minds and were extremely loyal. Without any resistance, they signed a master servant contract with ye luo'er, which made her feel relieved. Fortunately, she did not meet anyone like an old woman again.

"Master, before we came, we realized that there were a few smells here."

After the contract came into effect, the leading black robed strongman was relieved, which represented that ye lu'o'er was willing to accept them. At the moment, he also rushed forward to show his loyalty.

"Are these guys enemies of the master? Do you want us to get them back? "

A cold light flashed in the eyes of the strong man with black robes, and said Sen.

Hearing this, ye lu'o'er comes up with Ye Chen's figure in her mind. The name of Ye Chen always makes her uncomfortable, affects her mood, and even makes her lose her mind sometimes. It's good to solve the problem.

"In that case, then..."

Ye Luo Er's eyes flash a cold light, just want to let the black robe strong lead people to deal with Ye Chen, but in the heart of the voice of opposition.

"That's brother ye, no way!"

The voice was full of anger, and even made ye lu'o'er's head ache for a moment. The violent dragon Weidun broke out uncontrollably, sweeping the sky, frightening the mountains and forests, and making the fierce beasts in the boundless mountains tremble.

"Master?"

Seeing this scene, the strong man in black can not help but look at ye lu'o'er. His eyes are very fierce. He can see that ye lu'o'er is not in the right state. It is possible that his memory has been sealed.

"No, let them go."

When the pain disappears, ye luo'er slowly vomites out a turbid breath. Her eyes are complicated. Whenever she wants to deal with Ye Chen, there will be a voice of opposition in her heart, which makes her feel extremely puzzled. What happened to her

"In that case, I hope the master will go home with us?"

The strong man in black looks at ye luo'er, and there is a flicker of excitement in his eyes.

"Go home?"

Ye luo'er feels a bit awkward to this word, looking at the black robe strong person, "what family?"

"Our home!"

The black robed strong man replied respectfully, but at the moment, he could not help but exude a sense of pride, as if overlooking the Supreme Master of the heavens, as if his mouth home, is the most noble place.

Seeing this picture of the strong man in black robe, ye luo'er couldn't help but tremble in his heart. Influenced by the momentum of the strong man in black robe, he nodded slowly.

"Good."

Seeing ye luo'er agree to come down, all the strong men in black clothes all show an excited look, and then they quickly wave their hands and tear the space, and take ye luo'er away from here.

.....

In the vast space of boundless water, Xuanyuan moxie opened his eyes at the moment, and his body overflowed with strong water charm, which made him vaguely exude a supreme momentum.

"The rhyme of Tao here is so profound that I haven't understood it after so long."

Xuanyuan ink evil eyes twinkle, it seems that through the small world to see the outside world, the corners of his mouth hook up a cold radian.

"But before long, I will kill you, ye Chen."

Xuanyuan ink evil body erupted endless killing intention, the endless source of water in the space all exploded, turned into a terrible edge.

At the same time, ye Chen three people are directly sent out of the realm of death by the mysterious existence, and suddenly appear on the stone gate of the ancient city of death.

Ye Chen doesn't know at this moment that ye lu'er meets the mysterious dragon clan strongman, and he still has some worries in his heart. However, the mysterious existence sent him out tells Ye Chen that he doesn't have to worry about ye lu'er's safety.

Ye Chen knows in his heart that the mysterious existence will not be aimless. Since the other party said so, there must be a reason. Ye lu'er should not be in danger, and gradually put down his mind.

But at this moment, ye Chen found that the ancient city of death had turned into ruins, countless ancient buildings collapsed, and the smoke of gunpowder was everywhere. It seemed that there had been an earth shaking war in the ancient city of death.

"Ye Chen, look here."

At the moment, the voice of the dark emperor suddenly came.

Ye Chen hears the speech to look at the past, only see the face of the dark emperor of the sky is dignified to the extreme, gaze at a wall not far away.

Then ye Chen then looked at the wall, but this one look, his eyes also suddenly solidified.

On the wall, a rod exudes a sense of destruction. The black light overflowing spear is nailed to the wall, and on the tip of the gun, there is a figure who can't close his eyes.

The figure's eyes were full of anger and disbelief. It was obvious that something unexpected had happened before his death.

And this figure is the guardian of the death gate, the old man with unfathomable strength.

"Who killed him?" Ye Chen feels extremely shocked in his heart. The old man's strength is incomparable. He can't see through it. But now he died here. It's obvious that there is a supreme existence.

"I don't know."

He shook his head solemnly, but his eyes looked around. The ancient city of death filled with smoke of gunpowder sent out a breath of destruction.

"The location of the ancient city of death is completely exposed."

Jun Mo then looked at the sky and said, smell speech Ye Chen two people look up.

Originally, the ancient city of death was shrouded in the endless breath of death, and its location was also changeable at any time. Everything about the nine death place was as ethereal as the misty rain, and it was difficult for the world to catch the trace.

But at the moment, the inexhaustible spirit of death has disappeared, and the sky is no longer a gray color, but a vast sea of stars.

This means that the ancient city of death is exposed to the starry sky, and its position will no longer change at any time. It is likely that everything related to the situation of nine deaths has been broken and no longer has the characteristics of being illusory.

"Boom, boom!"

Ye Chen three people just realized this, not far away from the sky suddenly came a sound of explosion, ye Chen eyebrows slightly wrinkled, coldly looked at the past.

In the distant sky, a magnificent and violent breath burst the sky, and several figures were flying away.

Ye Chen's eyes are cold. The strength of the people who come here is very important. The powerful spirit of Hongmeng surrounds the whole body. At a glance, he is the strong one of mending the sky.

These mendianjing is obviously for ye Chen three people come, but did not show any hostility, ye Chen three people also slightly relaxed.

A group of four people, three mending the sky, one Saint ancestral realm nine layers of heaven, strength is not vulgar, wearing bright clothes, looks like a family of people.

"Why, how can there be a boy from the heaven God realm here?"

After these four people approached, one of the men wearing a red cape saw Ye Chen Leng for a while, and said in surprise.

Chapter 3588

"Heaven and God?"

Smell speech, the other three people are also a Zheng, immediately found Ye Chen, face strange.

The sudden appearance of the ancient city of death has attracted countless powerful people and even the great inheritors to come to the world, and a world shaking war broke out.

The battle is terrible to the extreme. It can destroy the heaven and earth, and countless strong men fall. Under such circumstances, how dare there be children from the heaven God realm to come.

Then the four people see ye Chen's side of Zha Tian Mo Di, suddenly suddenly suddenly, guess that it is Zha Tian Mo Di who brought Ye Chen to see the world and broaden their horizons.

At the same time, these four people also saw Jun Mo, can not help but smile, become very polite.

"Master Junmo, why are you here?"

The man in green shirt, the leader of the four, held his sword, arched his hand and said with a smile.

It seems that Junmo seems to have some reputation outside the territory. These people all know Junmo.

"Brother Huafeng."

Jun Mo looked at each other, did not answer each other's questions, but asked curiously: "what happened here? How did you get here? "

"What you don't know is that the ancient city of death suddenly appeared in the world, which attracted countless powerful eyes. Even the supreme existence came and killed the guardians here. We came here to join in the fun."

"Supreme existence?" Ye Chen's eyes flash, the strength of the old man is very strong, ordinary people can't kill him at all, but why there is supreme existence to deal with the old man.

"Well, that being is shrouded in brilliance, and we can't see its appearance at all. However, it is an invincible means to extinguish the starry sky and destroy the whole world. It can frighten people to death."

Known as Huafeng, the man in green shirt can't help but open his mouth and say, with a little excitement in his tone.

"The existence seemed to have said something to the guardian when it came, and then a battle broke out. The guardian was stabbed to death by a single shot, and the supreme being left."

Hua Feng then said, a little curious between the words, and he did not know why the supreme being wanted to do so.

"I see."

Jun Mo hears the speech to nod slightly, be regarded as to make clear some things.

Huafeng seems to see that ye Chen and his three men have just arrived here. They don't know much about what happened here. They don't mean to ask. They politely say goodbye to Jun Mo and leave with their companions.

After Huafeng left, ye Chen and Zha Tian Mo Di and Jun Mo looked at each other with some depth in their eyes.

They don't know what happened, but their experience in the situation of nine deaths is not simple. There are the recovery of the shadow of the giant of the dark wood, and even the hand of the venerable cold abyss and the mysterious existence, which makes the whole situation of nine deaths shake.

I don't know whether the outbreak of war in the ancient city of death has anything to do with these things.

However, no matter what, this place also has no need to stay, ye Chen and the dark devil emperor still have something to do, ready to leave.

But Junmo Wen Yan wants to go with Ye Chen. As a descendant of xuezun, xuezun wants to kill him, which makes him unable to return to his original place. Otherwise, xuezun realizes that he is not dead, and he will inevitably encounter a more terrible crisis.

Ye Chen has no opinion about this. Although ye Luo'er has found it, it is basically certain that ye Luo'er will not be in danger. However, ye Chen still needs to look for Xia Ruoxue. It's good to have Jun Mo with you.

Then, ye Chen and his three people are ready to leave here, but before ye Chen three people start, they have several breaths of magnificent voice from the top of the three heads.

These people are the existence of mendianjing. Although there are countless powerful people outside the territory, it is obvious that something has happened when so many sky mending realms suddenly appear here.

The ancient city of death broke out a war and was completely destroyed. Now there are so many strong people appearing, ye Chen can not help but raise a touch of curiosity.

"Why don't we go and see what's going on."

Ye Chen's eyes flashed and said.

"Good."

Jun Mo Wen Yan Dun nodded, a flash of excitement flashed in his eyes, he was curious, like to explore the unknown, there are such things, of course, want to go to find out.

As for the dark emperor, he also nodded slightly and was interested in it.

After that, ye Chen and the three men flew up. Just after leaving the ancient city of death, they saw the valley of death, and the mountain of death was beaten and dilapidated.

The valley of death, which was originally endless and profound, has collapsed and subsided. The stillness has been completely eliminated and has become a ruin.

As for the towering death demon mountain, at this moment, it is directly affected by the fierce fighting, and everything seems to shake the mind.

"What happened."

Ye Chen's face became more and more dignified, and the scenes in front of him showed how terrible the battle was.

What's more, along the way, they met a number of monks who filled the sky. Their breath was wild and magnificent, as if they were searching for something here.

"Boom

At the moment, it is the shadow of three mending the sky, but this time, the three people stop in front of Ye Chen and others."Why? Young master

The head of the three is a gray hair, but the appearance is very young, looking at Jun Mo can not help but exclaim.

"Brother Zhou demon."

Jun Mo saw each other, polite boxing.

"I didn't expect that even Junmo young master also came here to join in the fun. I wonder if you have seen the woman they said."

Zhou demon's gray hair is swinging with the flow of Hongmeng's gas, and he looks at Junmo with a warm smile.

"Woman?"

Is it surprising that all the fighting happened in three hours?

"Yes, after the world of nine deaths, a terrible battle broke out, and countless people came to watch. Some of them found that a woman had a big secret, so they all wanted to take the woman to find out the secret, but the woman's hiding ability was good, and she escaped easily."

"Now people here are looking for the mysterious woman."

Zhou demon said, looking at Ye Chen three people, "I don't know if you see her."

"What does this woman look like?"

Ye Chen moved in his heart. Along the way, they met many monks who mended the sky, including women, but they were not the people of Zhou demon's mouth.

Hearing this, Zhou demon shook his head and said, "I don't know what the woman looks like."

"I know!"

At this time, a number of magnificent sky mending scenes came. One of them, with a square face, was extremely cold. Suddenly, he took out a portrait from his sleeve and unfolded it in front of the public.

"Have you ever seen this woman?"

"No Jun Mo saw this, and her eyebrows wrinkled. The woman's temperament in the painting is excellent. Although she wears a veil, it gives people a feeling of transcendence and immortality. It must be a beautiful face after the veil.

But at the moment, Junmo did not notice that ye Chen and the emperor of covering the sky saw the people on the portrait, but their faces changed slightly, and they couldn't help looking at each other.

Chapter 3589

"Is it her?"

Ye Chen is shocked at the moment. The person on the portrait is no one else. It is the mysterious veiled woman who has repeatedly helped and saved himself.

At the moment, the heart of Zha Tian Mo Di and ye Chen are both strange. According to the description of the people they met along the way, this mysterious woman has obviously encountered an unprecedented crisis.

Ye Chen has received the kindness of a mysterious woman. The other party is in danger now. Of course, he wants to help. However, the situation is too dangerous. I don't know how many mendianjing monks are involved in this matter. I'm afraid it's very dangerous to get involved.

And at this time, the square face man saw Ye Chen all have not seen the woman on the veil, can not help shaking his head in disappointment.

Ready to leave, the square face man's companion was suddenly excited. He took out a piece of flashing messenger and threw it to square face. At the same time, he yelled: "Yunshao, the woman has found it, in the East!"

"East?" The square face cloud little saw the shape and caught the message symbol. Then his eyes flashed and looked at it. The next moment, he put away the message symbol and shot it out directly.

"Go

Cloud less angry drink a, a group of companions suddenly burst out.

Seeing this scene, Zhou Yao also looked excited. He opened his mouth to Junmo and said, "young master Junmo, it seems that the mysterious woman has been found. Don't you go to join in the fun?"

"I..." Jun Mo at the moment to see ye Chen two people, but found that they look strange, and did not make a statement, Jun Mo immediately waved his hand and said: "you go first, I'll go later."

"Ha ha, if you wait, there may be nothing left."

Zhou demon joked, but he didn't say much. He took his companion with him and fled to the East.

At the moment, I don't know how many paths of sky mending are flying up here, all in the East.

Looking at the sky from time to time flashed over the breath of a fierce figure, Jun Mo face color slightly coagulation near Ye Chen two people side, "what's the matter?"

Jun Mo is very clear, ye Chen two people before want to join in the fun, but now hesitated, it is obvious that there is something wrong.

"We know that woman."

Ye Chen looks at Jun Mo, showing a helpless smile.

"Friendship?"

Jun Mo saw the key point at a glance, but if you know it, ye Chen may not look like this.

"Friendship, help."

Ye Chen looks deep at Jun Mo to say.

Smell speech, Jun Mo a Zheng, immediately showed the vision of fright, "you won't want to save her?"

"Of course."

Ye Chen does not agree, the other side has repeatedly saved her, now the other party is in danger, how can he ignore it.

"Can't you see how many people are coming at her? You want to save, so many people can crush you to death! You're completely killed

Jun Mo can't help frowning and whispering.

Junmo is very clear that ye Chen is a person who values love. However, it is obviously not the time to pay attention to love. Now the situation is so critical that the mysterious woman has provoked countless enemies. Ye Chen wants to intervene to help, which is totally self seeking.

"Looking for an opportunity to do something in secret, I can't watch her go wrong and do nothing."

Ye Chen's eyes are firm and incomparable, and his momentum breaks out. His majesty is incomparable. He seems to be the embodiment of unquestionable rules.

Seeing this, Jun Mo opened his mouth, but he still didn't open his mouth to persuade again, because he knew that ye Chenyi had already decided and could not persuade him back.

But at this moment, already had a lot of changes to Jun Mo, the dark emperor suddenly opened his mouth, looked at Jun Mo and said: "this matter has nothing to do with you, you don't need to get involved in it."

"If the two of us are OK, you can come to us at that time. If something happens, you will not be implicated."

Hearing this, Jun Mo could not help being anxious, "what do you think of me? My Junmo is not a man who is greedy for life and afraid of death. Since you want to save this woman, I will sacrifice my life to accompany the gentleman! "

Thank you very much

Ye Chen hears the speech and is not touched by his heart. He looks at Junmo's sincere clasping fist and thanks the way. Junmo is willing to advance and retreat with them in this situation. He is already a true friend.

"Hehe, do you know why I am with you? Even if you do not intend to save this woman, I will not be able to have a heart to heart relationship with you

Jun Mo at the moment, he laughed and said the truth.

At the moment, the three people look at each other and see the firmness in each other's eyes. Ye Chen can't help smiling.

"In that case, let's go."

The next moment, ye Chen three people suddenly fly up, toward the East burst away.

Soon, ye Chen three people then catch up with the front of the mendianjing friars, into the large army.

The purpose of Ye Chen's three men is completely opposite to these mendianjing friars. They hide them only to seek information and respond to them at critical moments.

At this time, ye Chen's eyes suddenly congealed, he noticed that there was a change in the body's samsara cemetery, and the next moment he separated his mind and entered the goal. Samsara cemetery at this moment concussion, endless dragon patterns rolling, a bright god awn, emitting a magnificent atmosphere of existence.

He was tall, with a beard on his face, but his eyes were full of essence. He looked healthy and powerful, and his breath was grand and long.

"Eh?"

As soon as the great energy appeared, he locked his eyes on Ye Chen. Seeing that Ye Chen's accomplishments were beyond the realm of heaven and God, he could not help but look at him with surprise.

Later, Da Neng came back to God and bowed politely to Ye Chen, "in the lower cold, I have seen the reincarnation Lord."

"Ye Chen, I've met you."

Ye Chen politely replied, and at the same time, he was also looking at Han Wenxin. The momentum of Han Wenxin is very unique, impenetrable, majestic, and does not seem to be contaminated with a trace of cause and effect, which is very rare.

"Do you know why I appeared?"

At this time, the cold heart is looking at Ye Chen, the light flow in the eyes, the mouth asked.

"I don't know."

Ye Chen answers honestly, he is not omniscient existence, of course, it is not clear why cold inquiry heart will wake up.

"I don't know? Do you know you're going to die

Cold inquiry heart immediately frowned, a face looking at Ye Chen seriously.

"The extraterritorial situation is very complicated. You are not developing now, and you have no background. If you meddle in it, you will only fall into the disaster of life and death."

"Listen to me, this is not something you can participate in. The foreign situation is unpredictable. All you have to do now is to hibernate and wait for the opportunity."

"Only in this way can you return to the top of the heavens and stand on the earth."

"Master."

Ye Chen hears these words of Han Wen Xin, but his face is strange. Who can be a great power in the reincarnation cemetery? When was he afraid of danger? He was so forward-looking and forward-looking.

The palace master of juechan emperor palace, the mysterious woman, has helped herself many times. Now that the other party is in trouble, how can he ignore it.

Han asked himself not to intervene, which is not like a powerful style, but like a shrinking mortal.

This is the weirdest.

However, there is an unchanging truth in the samsara cemetery. The more powerful the power appears behind, the stronger it must be!

And this cold question, absolutely not so simple!

Chapter 3590

Cold ask heart see ye Chen hesitant, then again remind a way: "foreign than the kingdom of God, but also hope you can think carefully."

"Master, I have to do it. What's more, my friars are afraid of fighting with heaven and people. If they are greedy for life and afraid of death, how can they achieve great things?"

Ye Chen can't help looking at Han Wenxin. Although Han Wenxin is a great power of reincarnation graveyard, it may also be very powerful, but his idea is unacceptable to Ye Chen.

"What do you know?"

Han Wen Xin hears speech and shakes his head with disappointment, "this is not fear, this is stability. Life is alive, do not touch Cause and effect, plan and move later. At any time, you should keep absolutely calm and not easily step into danger. Otherwise, you will only end up with a desolate ending if you indulge in genius."

Han's questioning eyes can't help becoming deep. Recalling some things in the past, he regretted that he had not been able to keep completely calm at any time and anywhere, otherwise he would not be contaminated by the three causes and effects

"Master, I can't agree with you. I have to take care of this. I can't let her die."

Ye Chen shook his head firmly.

"Well, in that case, you can go. I won't care about you even if it's a big crisis."

Cold ask heart a shake hands, turn around to be ready to leave.

At the moment, ye Chen looked at the cold and asked, "master, how can you become one of the great powers of the reincarnation cemetery because you are so greedy for life and afraid of death?"

This words a, cold ask heart body a stiff, then turn round, look deep at Ye Chen one eye, and then eyes convergence.

"I'm still saying that. Don't be contaminated with too much cause and effect, and don't take risks in other people's affairs. If you don't listen, it's up to you."

After that, the cold heart did not stop, and then disappeared.

Looking at the disappearance of Han Wenxin, ye Chen's eyes are complicated. Han Wenxin thinks that he is stable, but in Ye Chen's opinion, he is even a little weak.

Later, ye Chen withdrew from the tomb of reincarnation. He did not decide to follow Han's advice. He did something and did nothing. The mysterious woman saved himself repeatedly. If he turned a blind eye to the other party's distress, he was not worthy of being a human being!

.....

At the same time, the top of a mountain is so high that you can reach out and touch the vast starry sky. The cold wind is howling, and the snow is flying like a knife between heaven and earth.

On the top of the mountain, two figures stand, one of whom exudes the breath of dignity and pressure to the extreme. His face is covered with a veil and his eyes are cold. It is Wei Ying.

At Wei Ying's side, there is a worried Bai'er.

At the moment, Bai'er looked at Wei Ying and touched the dark awn beside her. She could not help but say, "palace master, I'll delay these people. Please let wumang take you away first."

"Will you hold on?"

Wei Ying looked at Bai'er calmly and shook her head slightly. "Your strength is not enough. You can't hold them. Instead, you will cause yourself to fall."

"But the palace master..." Bai'er opened his mouth hesitantly when he heard the speech. Then he could not help saying, "those forces want to catch you, just to get the secret left by juechan emperor. Your safety is more important than my life and death. The secret of juechan emperor can't be revealed."

"No, your life matters."

Wei Ying chuckles and looks at Bai'er's palm. A jade box appears in her hand.

In the vast wind and snow, the jade box exudes warmth, but it blocks the endless ice and cold outside. With the flowing of Hongmeng breath, the jade box is bright and ethereal, and looks extraordinary.

"Ye Chen went to the state of nine deaths. You find him and give him the jade box."

Wei Ying's eyes flashed a determination, looking at the white son no doubt said.

"Palace master!"

Bai'er can't help being impatient. Wei Ying doesn't want to let herself delay those people, but she shouldn't let herself leave. She has to face it with the palace master.

"Stop it."

Wei Ying's eyes were cold. She said, "this is very important. I need you to do it right away. Go ahead."

After that, Wei Ying's eyes bloomed with runes, which formed an array in Wei Ying's eyes.

"Boom

When Wei Ying gazed at the place where Wei Ying gazed, a deep and vast channel with endless nihilism appeared behind Bai'er.

"Go."

With a wave of Wei Ying's palm, Bai'er can't resist it at all. She is pushed into the channel directly, and then the channel is closed.

Wei Ying can only use this method to send Bai'er out, or she can't let Bai'er leave under the eyes of these people.

But Wei Ying can let Bai'er leave, but she can't, because these people have already done something to her. Although she can't detect it, she knows that these people can catch their position at any time.

If Wei Ying leaves with Bai'er, he will eventually be chased. Instead of being exhausted, he might as well find a way to solve the problems set by these people. Later, Wei Ying looked coldly into the distance. The breath of the strong people in the sky mending environment was looming, and those people were approaching.

Later, Wei Ying closed her eyes and sank into her body. Finally, in the vein, she found a dark Rune attached to the blood.

This rune is extremely hidden, without the slightest breath fluctuation. If Wei Ying's mind was not sharp, it would not have been discovered.

"Hum, it's a good way to hide the mark from the sky!"

Wei Ying recognized the imprint, and at the moment, she could not help humming. The mighty power swept over her and instantly wiped out the mark.

As soon as the imprint was erased, Wei Ying opened her eyes, and the mighty pressure swept through her. Wei Ying suddenly reached out and pinched the formula, ready to leave.

But at the moment, a line of figures have appeared around Wei Ying, all eyes are not good, full of greed looking at Wei Ying.

Without exception, these figures are all monks who mend the sky, and even those who mend the five layers of heaven. The mighty breath rises into the sky and sweeps across the sky, as if to break through the sky. They are furious to the extreme.

There were dozens of strong people who could mend the sky, which was terrible to the extreme. The vast atmosphere of Hongmeng even converged into the fog, which covered the sky in a gray sky.

At the moment, the five layer sky strongman of the sky mending realm, dressed in black armor and with fire lines on his eyebrows, watched Wei Ying sneer.

"Woman, you can't escape."

"Well, since I can't escape, I'll kill you all."

Wei Ying's momentum broke out, and the palace master of Jue Han Emperor's palace had supreme dignity and could not be offended.

Wei Ying's strength was not enough to make them fear, but they had a sense of fear.

"Sure enough, it is the momentum of juechan emperor. Who are you?"
