Chapter 3591

At the moment, there is endless greedy light in the eyes of the strong fire mark. He is the head of the fire spirit gate outside the territory. If he can get the secret left by Emperor juechan, the fire spirit gate can even soar into the sky and become the top strength in the foreign countries. How could he refuse such temptation!

Although juechan emperor Zun was a powerful one in the kingdom of God, he left countless myths outside the country!

At the moment, most of the other strong people in the sky mending scene were from all major forces, and they were also on guard against others when they wanted to win Wei Ying.

"Who am I, I'm afraid, has nothing to do with you?"

Wei Ying's face was expressionless, and her eyes were full of cold killing intention. Her eyes turned slightly and she said with a sneer, "a group of shameless people, if you want to fight, you can fight. What are you talking about?"

"Looking for death!"

Seeing Wei Ying surrounded by so many people, she dared to be so arrogant. Suddenly someone couldn't help but scold her.

"Bitch, hand over the secret of juechan emperor, maybe we will spare your life!"

"Yes, hand over the secret of juechan emperor, or you will die!"

A group of people immediately clamored, except for a few powerful mendianjing, the rest are the cultivation of the first and second layers of heaven. They are very clear that if they insist on fighting for Wei Ying, they will have no chance.

It's better to take advantage of the current siege posture to force Wei Ying to tell the secret, and then they can know what the secret is.

Seeing this, Wei Ying sneered at them. She was full of disdain for these people and was lazy to pay attention to them.

At the moment, the eyes of the strong fire tattoo twinkled, coldly looked at the most ferocious mending heaven realms, and said, "if you don't want to die, shut your mouth for me."

As soon as this word comes out, the body of a few mending the sky realm suddenly trembles, and quickly closes his mouth.

He is also well-known in foreign countries. He is a ruthless master. If he really offends him, he will be killed on the spot.

"Woman, don't be arrogant. Now you can't fly, let alone our opponent. Hand over the secret of juechan emperor and spare your life."

The fire tattoo strong man's eyes showed a touch of evil, licked his lips, looked at Wei Ying's perfect figure, and then said, "by the way, take off your veil and let me see if you are qualified to be my woman."

"Presumptuous!"

The rude remarks of the strong fire mark immediately angered Wei Ying, and the supreme authority broke out, and Wei Ying's chill swept out like mountains and seas.

The mountain top was originally a cold wind. At the moment, Wei Ying's momentum broke out, and it was even colder. If not all the strong people of mending the sky, who were strong in cultivation, would have been frozen to death by the cold.

"Do you want the secret left by Emperor Jue Han? I'm afraid I'll give it, and you'll die! "

Wei Ying knew that it was no use procrastinating. Instead, she would make herself more and more inferior in the stalemate. She simply broke out, broke down and fought back and forth to make a living.

"Boom

At this moment, the sky burst, and countless shocks spread all over the sky. A emperor's chariot seemed to contain the raging momentum of thousands of dragons flying, and the vast and boundless golden light, accompanied by the magnificent imperial power, burst out.

"Jidao Tiandi chariot!"

Wei Ying's heart is angry, the emperor's chariot mercilessly bumps into the strong man in front of him.

Seeing the Jidao Tiandi chariot, the faces of those who are strong in mending the sky are all slightly changed. This is emperor juechan's chariot. It is said that juechan emperor's chariot is directly crushed and broken when he meets the sun, moon and stars, which is almost invincible.

At the moment, the emperor's chariot burst out, and a number of strong men also felt the destruction of heaven and earth, and the great power of fury roared and rushed to resist.

"The gate of fire!"

At the moment, the one with strong fire lines roars. His strength is the strongest and his momentum is the most magnificent.

At the moment, the endless fire light rose from him, and instantly condensed into an earth shaking flame portal.

This door is like the gate of the sky, which is formed by the condensation of heaven and earth. Inside the door, it seems to contain the endless flame between heaven and earth. The charm of fierce fire swept out from the door of flame.

The flames were rolling and the endless heat waves were surging. The cold mountain top became extremely hot, and even the hot people were sweating.

At the moment, Jidao Tiandi chariot crashed into the flame gate, and the terrible impact of the sea and mountains suddenly swept out.

The emperor's chariot suddenly disappeared, and the flame Tianmen was also full of cracks, which exploded at the next moment.

"Boom

The impact of destroying the withered and decaying bombarded the four sides, and a famous mending the sky strong man rushed to resist.

At the same time, there are several strong people in the sky mending environment who suddenly appear behind Wei Ying. They want to hurt people behind their back. They are extremely insidious.

"Looking for death!"

Wei Ying doesn't have to look back. She can feel the killing intention of senhan behind her. The supreme crisis envelops her, which makes Wei Ying's delicate eyes burst into endless senhan.

"Die for me!"

Wei Ying suddenly turned around and chopped it with a sword. The magnificent and magnificent power poured down. "Cut off the cold emperor!"

This sword, as if to break open the sun and moon, cut the world, is lawless, destroy heaven and earth.

With the power of a sword, several powerful people who want to sneak attack at the back of the sky change their faces, and they rush to fight against it.

"Boom

The majestic sword light engulfs the mountains and rivers, and is so majestic that it is almost overwhelming and crushing. In an instant, it falls in front of several strong people in the sky mending environment.

These people did not even have time to react, they were directly injured by the sword light, instantly spit blood, fly upside down.

"Bang!"

These people bumped into the mountains and collapsed the mountains directly, and their breath withered for a moment, and their eyes flashed with horror.

The woman suspected to be the inheritor of juechan emperor's respect was really terrible. The power of a sword shook several of them and even beat them all to vomit blood. What a terrible power.

Jue Han Emperor Zun, worthy of being the supreme existence, such a power can be seen from heaven and earth, and her secret must also hide a great chance!

"Woman, you are too arrogant

At the moment, the strong fire lines saw Wei Ying's momentum breaking out, and even one person forced them to shake many of them who were strong in mending the sky. They could not help but feel cold and began to drink.

Wei Ying was surrounded by a group of strong people in the sky mending environment. Just now, Wei Ying showed enough strength for them to pay attention to.

Although Wei Ying's realm is not strong, but the strength is quite extraordinary, which also shows how difficult the inheritance of juechan emperor Zun is.

For a while, the eyes of those who were strong in mending the sky became more and more fiery, especially those with strong fire lines. At the moment, they were staring at Wei Ying, without concealing the strong greed in their eyes.

"Woman, even if you have some strength, but you are alone. You can't be our opponent at all. You can't be caught with your hands."

At the moment, the one who opens his mouth says that he can make up for it.

"That's right. I don't want a delicate beauty to fall like this. Why don't you tell me the secret left by juechan emperor Zun? We'll let you go, and everyone will be happy!"

"Shut up!"

Without waiting for Wei Ying to speak, the one with strong fire lines is angry and looks at others with bad eyes.

"The secret of juechan emperor, do you waste people want to know? If you dare say more, I will send you back to the west after you take this woman! "

As soon as this was said, the strong people in the sky mending environment of the first and second layers of heaven all looked gloomy. Those with strong fire lines were too overbearing. They ate their own meat and didn't even want to give them a mouthful of soup.

"Huo Qingtian, it's true that you are the strongest among all the people, but you can't say that yet?"

At the moment, a strong man of the three layers of sky mending horizon coldly looks at Huo Qingtian, the strong one with fire lines. The power behind him is very strong, so he has no fear of fire holding sky.

"Yes, Huo Qingtian, if you want to keep this secret alone, we can promise, but the forces behind us will not agree!"

At the moment, a group of people suddenly yelled, and they suddenly realized that behind them, there was no need to be afraid of Huo Qingtian.

"Hum!" Seeing this scene, Huo Qingtian stares at the strong man who mends the sky.

Watching a group of people quarrel endlessly, Wei Ying's face appears a touch of sarcasm. These people who are strong in mending the sky believe that they can't escape. At this moment, there has been internal strife.

These people all have ulterior motives. It is impossible for them to unite. This is an opportunity for Wei Ying. She has no cards to play.

"Woman, you can't die without your hands!"

Huo Qingtian is agitated by a group of people who are strong in mending the sky, and dare not really fight them. That will attract countless forces, even if he can't carry it.

Therefore, Huo Qingtian can only vent his anger on Wei Ying and directly open his mouth to anger.

"Get caught with your hands tied? With your rabble? "

Wei Ying's eyebrows were cold, her delicate hands raised slightly, and the breath of Hongmeng flowed, and the terrible senhan breath emerged.

"Hum! Don't admit your life

Seeing this scene, a group of people who are strong in mending the sky can't help but burst into a rage. They are not happy with Wei Ying's lack of respect.

They were present at the scene of more than a dozen mendianjing, Wei Ying alone, it is impossible to be their opponent, and can not escape!

"In this case, don't blame me for waiting for the hot hand! Do it

The fire suddenly roared out of the sky, and the fury of the fire suddenly swept out, turning the sky into a blaze of red.

At the same time, a strong man in the sky mending environment all burst out, all kinds of aura rose into the sky, and even the sky was smashed by the violent breath. Countless empty spaces collapsed and space debris fell everywhere.

Seeing this scene, Wei Ying's face coagulated. The number of these people was so large that she had to be cautious when she joined hands.

"Boom

At this moment, the boundless fire on the sky suddenly burst out, and the magnificent flame swept out, reaching the extreme momentum. At the next moment, the endless flame gathered together and turned into a flame sphere like a star."This is the fire of the sky! It seems that he is impatient for the secret

Chapter 3592

When you see this scene, all of you are in a state of mind shaking, and the fire is exploding. It is a famous magic power of fire holding the sky. Once the divine fire ball explodes, it will burn down the sky and blow up the whole world. It is terrible to the extreme.

Seeing this scene, other strong people in the sky mending environment no longer keep their hands. They devour mountains and rivers one by one, and the violent magic power of destroying heaven and earth sweeps out.

There are gales, rainstorms, and even some people actually throw out a small star after refining.

Wei Ying's face was darkened for a moment, as if the supernatural powers were sweeping from all directions.

"Damn it!"

Wei Ying's breath was surging at this moment. These magical powers blocked her retreat completely. There were too many strong people in the sky mending environment. She was not given a chance to escape, so she had to choose to shake her.

Among these terrible and incomparable magical powers, the most terrible one is the fire burning the sky, which brings Wei Ying the deepest sense of crisis.

In the face of such a vast and magnificent attack, as if to wipe out the sky, Wei Ying's situation was extremely difficult, it was a dead end.

At the moment, a group of strong people in mendianjing are also smiling grimly, and they think that Wei Ying can't resist. After all, they join hands, even if it's six layers of sky mending, they have to avoid the edge, not to mention Wei Ying.

"Since we have decided to fight a war, we should not look forward and backward!"

At the moment, Wei Ying's eyes suddenly burst into an endless light. She has a card that has not yet been used. She has been hesitant, because this card will damage her foundation, and it is impossible for her to improve her realm for the rest of her life, but she can't worry about so much at the moment.

"The absolute cold destroys the heaven!"

Wei Ying burst into a fury, her breath was rolling, her fury was incomparable, and her breath swallowed the neon.

At the same time, in Wei Ying's meridians and blood vessels, within the surging blood and aura, there was a trace of wild and incomparable momentum, which depended on the earth and the sky.

It was so violent that it almost wiped out the sky and filled Wei Ying's body in an instant. Wei Ying's body was almost burst by the terrible force.

For a moment, Wei Ying couldn't help humming. She almost fainted from the pain. The strength in her body was too powerful for her to bear.

"Boom

Fierce waves swept out of Wei Ying. At this moment, a group of strong people in the sky mending environment, including Huo Qingtian, all changed their faces.

Wei Ying's momentum in an instant even climbed to an extremely terrible level, giving them a fatal threat, Wei Ying in this moment even reached the six levels of sky mending realm.

"How could it be!"

When Huo Qingtian saw this scene, she couldn't help exclaiming. To know that Wei Ying's power was just breaking through the sky mending realm, what kind of means could make Wei Ying improve so much in an instant? It was so terrible!

At the same time, the rest of mendianjing's face was dull at the moment. Wei Ying's power of breaking the cold and killing the sky was incredible. The promotion of this power was too invincible.

At the same time, the greedy in the eyes of those who are strong in mending the sky is becoming more and more intense. Wei Ying's abnormal secret method is obviously the inheritance of juehan emperor.

How extraordinary the inheritance of juehan emperor Zun is, we can see from this that if they can get the secret of juehan emperor, they will surely be able to soar to the sky.

"Even if you become the Supreme Master, the existence above the heavens may be possible!"

The fire engine sky god color excited to the extreme.

At the moment, Wei Ying's fury was surging in her body, which led to the explosion in her eyes.

Under such circumstances, Wei Ying must vent her anger and release the incessant fury in her body, or she will be burst by this force.

In an instant, Wei Ying's fighting spirit rose to the extreme. At the moment, she longed for a war, a battle of life and death!

"Break it for me!"

Wei Ying's eyes were filled with endless fighting spirit, and her mouth curled up a scornful arc, and suddenly cut it with a sword.

"Boom

The fierce spirit spread from Wei Ying's body to the long sword, and it was attached to the sword. For a moment, the fierce sword light seemed to be blooming.

This light seems to be the brightest existence in the world, which can't be opened by shaking people's eyes.

At the next moment, the sword was bombarded on the Shenhua spirit ball, but it was not hindered at all, and went through directly.

"Boom

At this moment, the divine fire ball exploded and the violent impact swept through.

Wei Ying's breath vibrates all over her body, and her violent power sweeps across her body. At this moment, her momentum becomes incomparably grand, as if she despises the supreme existence of everything.

"Get out of here

In the face of the violence, Wei Ying flashed her hand.

"Boom

Wei Ying's infinite strength swept out of Wei Ying's hand. It was pure strength, but it contained the great power to crush the sky and shake the mountains and rivers.

The strong spirit swept out, and the impact was suddenly broken. The fierce momentum even spread around, roaring and shaking, killing a strong man in the sky mending environment. Seeing this strong spirit, all the strong people in the sky mending environment changed their faces slightly. There was a cold to the extreme in the vitality. It seemed that they would be frozen immediately if touched, and even the spirits would disappear. They were extremely vigilant and resisted with their hands.

Wei Ying broke the fire of the sky, but the magic power of other powerful people has swept in, from all directions, with the terrible momentum of destroying the sky and the earth.

"A bunch of rubbish!"

Wei Ying's eyes were cold, and the strength in her body was still constantly emerging. At the moment, the supernatural powers of the powerful people in the sky mending environment were not even as threatening to Wei Ying as the endless and terrible strength in her body.

What Wei Ying has to do at the moment is a crazy battle, a battle of life and death, and recklessly consumes the strength in her body, so as to ensure that she will not be burst by the vitality.

"Cold sky star!"

Wei Ying's eyes flashed in the face of the magic technique which was suddenly killed in all directions and gave a sudden angry shout.

Wei Ying's body is filled with infinite strength, and the terrible power like the dead star spreads out. The mighty senhan spirit sweeps across, and at this moment, the vigor and vitality merge with senhan spirit.

"Hum!"

At this moment, the infinite energy and senhan spirit condense into a very cold, as if it could freeze the sky and solidify the terrible stars of all ages.

The stars twinkled with blue light, and the boundless and magnificent breath flowed. The stars hanging on Wei Ying's head suddenly turned and pierced the mountains and rivers one by one, and the terrible ice thorns that pierced through the ages came out all over the sky.

"Bang bang bang!"

In a moment, the terrifying ice stab suddenly meets the supernatural powers from all directions. For a time, the mighty collision like destroying the heaven and earth broke out one after another.

The world's most violent and violent war.

Chapter 3593

At this moment, the sky all along the way are broken, the endless void is exposed, the vast and ethereal air flow of nothingness overflows.

"Kill them all

Wei Ying drank furiously, and endless sharp ice thorns swept out, just like the storm. The supernatural powers of the strong were all broken and the terrible impact swept the sky.

But at the moment, Wei Ying didn't leave any hands, as if there was an inexhaustible and inexhaustible power in her body. The violent ice thorns burst out one after another, sweeping toward a group of strong people in the sky mending environment.

Seeing this scene, a group of strong people in mending the sky tried their best to resist it. However, the ice thorns were too vast and seemed endless. They were extremely difficult to resist and even turned pale.

"Damn it, is this woman a madman?"

For a while, a group of strong people in the sky mending environment couldn't help cursing. They thought it was easy to win Wei Ying, but now they found it was their own wishful thinking.

After exerting the power of breaking the cold and killing the sky, Wei Ying has become a fighting madman. The fierce and incomparable magic attacks are sweeping out continuously, which makes them feel numb.

It's just that Wei Ying's strength in her body is too turbulent. At this moment, she must fight like crazy, or she may explode and die on the spot.

"Don't you want to know the secret left by Jue Han Emperor? Come on

Wei Ying momentum concussion, behind 3000 green silk fluttering, the whole person seems to be a supreme empress, domineering to the extreme.

"Woman, don't be arrogant

At the moment, Huo Qingtian flies into the sky and shoots out at Wei Ying. There is a long flame gun in his hand, and the flame on the tip of the gun is white.

This white flame, as if it was the Lord of the fire, the emperor in the fire, all the flames were submissive to the white flame.

And the heat wave from the white flame is really terrible, even the space is burned and broken, as if to melt the sky.

"Arrogant woman, even if you can use the secret arts to improve your strength, but there must be a price and time limit for the application of such secret arts! When time goes by, you will die! "

When Huo Qingtian came to kill him, he also had a ferocious face. His move was extremely insidious. He wanted to tell everyone about Wei Ying's flaws.

Sure enough, as soon as this was said, a group of strong people who had been intimidated by Wei Ying's momentum and wanted to give up their mind broke out again, staring at Wei Ying with a grim smile.

"Well, you guys are going to die before my strength disappears!"

Wei Ying doesn't care about the words of Huo Qingtian. She disdains to smile at the moment. The top of her head is still spinning at a high speed. Her fury is incomparable, and endless ice thorns are constantly sweeping out.

At the same time, Huo Qingtian has been carrying a long gun to blast and kill. All the ice thorns along the way are burst out by the white flame, and the endless heat wave disappears.

The fierce white flame, like the most terrible existence in the world, seems to melt Wei Ying directly.

At this moment, in the face of the white flame, Wei Ying's eyes even appear a crystal glass flower, which is crystal clear, pure, and contains the meaning of endless cold.

When the ice crystal glazed flowers appeared, the endless cold air roared out of Wei Ying's eyes, and the fierce white flame was frozen in the air.

At this moment, time seemed to solidify. Not only was the white flame frozen, but also the fire Qingtian felt a suffocating coolness sweeping over his body, making his body stiff and his eyes unable to move.

"How could that be possible?" Fire Qingtian heart shocked, Wei Ying at the moment is too unmatched, he can not resist.

"Hum!"

At this time, Wei Ying looked at the burning sky, and the ice crystal and glazed flowers were slowly turning in her eyes. This was the supreme secret of juechan emperor, freezing the ice spirit pupil of the sky.

The ice soul God Tong wants to use it. It's impossible before the five layers of sky mending. Fortunately, at this moment, Wei Ying exerts the power of breaking the cold and destroying the sky, and forcibly elevates herself to six layers of sky mending state. Only then can she exert her ice soul God pupil.

In addition to the ice spirit pupil, at the moment, Wei Ying's mind is still constantly emerging a series of previously hard to use magical powers, which are the terrible existence of destroying the heaven and the earth.

"Breaking the cold and killing the soul!"

At this moment, fire Qingtian is fixed in the air, and the ice soul God pupil in Wei Ying's eyes rotates rapidly, and a cold God awn suddenly explodes out.

This extremely cold God's awn is an attack by spirits, which cannot be stopped by ordinary means. When Huo Qingtian sees this scene, he instantly feels cold and feels endless death, as if boundless hell comes at this moment.

"No!"

Huo Qingtian roared furiously. At this moment, in his mind, there was a pure white fire lotus. The fire lotus burst out the fierce momentum of heaven and earth, as if to overturn the sun and the moon.

In an instant, Huo Qingtian broke away from the shackles of the ice soul God pupil. At the same time, an endless raging white flame rose from his body. Behind him, a pure white fire lotus appeared, which wiped out the sky, and the terrible power of melting the world swept across the four sides.

"This is..." When Wei Ying saw this scene, she could not help wrinkling her eyebrows. She vaguely felt that the pure white Huolian was familiar, but she could not remember where she had seen it again.

However, there is no doubt that the white fire lotus is very extraordinary. As soon as it appears, the endless white flame sweeps through, and the hot high temperature instantly wears away Wei Ying's extremely cold spirit, but the white flame is also exhausted.

"Well, woman, I will kill you!"

Huo Qingtian was furious at the moment, and he was almost killed by Wei Ying, which made him feel extremely frightened and disgraced. He was the existence of five layers of heaven in Tianjing. Wei Ying promoted his cultivation by force, and he was able to put him in a state of death. This is a shame.

However, it is also because of this, the fire engine genius in the mind of pure white fire lotus thoroughly refined, which also let him rampant laughter.

"Woman, thanks to you, I can successfully refine the flame melting lotus, I will give you a happy!"

Hearing the words of Huo Qingtian, Wei Ying suddenly realized that she was so familiar with the pure white Huolian. She was one of the most precious treasures of the thirty-three days. She had the supreme flame and was able to melt all the sky.

Shenghuo Rongtian lotus is the enemy of juechan emperor's palace. At this moment, Wei Ying's eyes can't help bursting with endless killing intention. It's nothing to fall into the hands of Huo Qingtian. If it falls into the hands of those guys, it's really a terrible crisis.

"Hum, it's better for me to keep the flame melting Lotus!"

Wei yingleng drink, endless cold spirit swept out, the sky at this moment are frozen, turned into a forest cold hell.

At the same time, Huo Qingtian also erupted. The lotus pistil in the melting sky behind him suddenly swept out the infinite pure white holy fire, which was incomparable with the endless forest cold on the sky.

"Hiss!"

In an instant, the vast white fog enveloped the whole world, and the explosion was constantly roaring. A famous mending the sky strong man showed his magic power one after another, so that he could see things clearly in the endless fog.

At this moment, Wei Ying and Huo Qingtian are in collision. Senhan sword and flame spear are constantly colliding. Wei Yingbing's spirit pupil is constantly breaking out, and she is constantly fighting against the holy fire melting lotus behind the fire Qingtian.

However, at this moment, Wei Ying's realm is after all six layers of sky mending realm, and Huo Qingtian is only five layers of sky mending realm. Wei Ying is forced to fight against it, and now she can't hold on to it.

"What are you waiting for?"

Huo Qingtian is extremely sore, and the collision with Wei Ying makes him tremble. Wei Ying is like a battle maniac at the moment. He doesn't know how tired he is. He doesn't know how to stop. The fierce and unmatched attack comes like a storm. He doesn't even have a chance to breathe. At the moment, those who are suppressed are almost desperate.

Hearing the words of fire Qingtian, a group of strong people in the sky mending environment sneered. Before, Huo Qingtian was still arrogant, but now he had to ask them for help.

However, although they are dissatisfied with Huo Qingtian, they are also very clear that without Huo Qingtian, Wei Ying has been dragged by them. They are not Wei Ying's opponents who use the supreme secret arts to improve their strength. Their only chance at present is to join hands to win Wei Ying.

"Woman, take your hands off!"

A strong man in the three layers of sky mending Kingdom boldly moves forward. A black hole, which is completely devoid of everything, suddenly appears behind Wei Ying and wants to directly suck Wei Ying into it.

"Looking for death!"

Wei Ying's eyes twinkle, these guys still dare to fight her at the moment, they are simply tired of living!

"Boom

The endless cold spirit suddenly swept out and all rushed into the vanishing black hole. At first, the black hole also erupted a powerful and incomparable power of swallowing, but it was not long before the black hole appeared countless frost.

Wei Ying's strength was so vast that it could never be used up. Even the black hole could not be filled. At the moment, it exploded.

"Poof!"

The black hole exploded, and the strong man who exerted the black hole magic power also suddenly spewed out a large mouthful of blood. The whole person's breath instantly withered down, his face turned pale to the extreme, and he turned around and walked away.

The strong man of mendianjing three layers of heaven was hit hard by Wei Ying. There were even countless senhan auras pouring into his body to freeze him directly. He was so frightened that he didn't dare to stay here. Even if Wei Ying didn't kill him, the strong man of mendianjing who had different ideas didn't mind killing and taking treasure.

Wei Ying smashed the three layers of heaven, which made many strong people feel scared. Although the secret is good, it also needs life to pry.

At the moment, Wei Ying is totally crazy, fighting is desperate momentum, the more crazy Wei Ying is, the more afraid these people are.

For a time, Wei Ying's supreme ferocity awed many strong people in the sky mending environment. Some even turned away directly and did not dare to plot the secret of Jue Han Emperor.

Under such circumstances, Wei Ying, however, became stronger and stronger in the Vietnam War, and her momentum continued to rise, as if invincible. She looked down at the sky and was arbitrary for ever.

"Don't you want to know the secret? What's up? Now you have no courage? "

Wei Ying asked repeatedly, the top of the top of the cold sky star is still crazy rotation, endless spines are still blasting out.

A well-known mending the sky strong man resisted the spikes while fighting against Wei Ying. He felt exhausted. At the moment, he felt extremely depressed when he heard Wei Ying's questions.

Chapter 3594

"Huo Qingtian, aren't you arrogant? Why can't you take a woman! "

At the moment, a strong man glared at the fire and said.

When he heard this, Huo Qingtian's face was gloomy to the extreme. How could he have imagined that Wei Ying had such a terrible secret method that she could force people's realm up so much and directly reach the six layers of sky mending realm, it was just incredible.

Fortunately, Wei Ying did not fully grasp the power of the six layers of heaven in the sky mending realm. Otherwise, he would have to turn around and run away. Where would he dare to fight here.

"Huo Qingtian, hand over the holy fire and melting lotus. Maybe I can spare your life!"

At the moment, Wei Ying looks at the fire engine sky eye light sarcastically opens the mouth to drink a way.

Hearing this, she has been beaten by Wei Ying, and Huo Qingtian almost breathes blood. Before he asked Wei Ying to hand over the secret and spare Wei Ying's life, now his roles have changed.

"Damn it!"

Huo Qingtian roars furiously, looking at Wei Ying, his eyes suddenly appear a touch of madness.

"You forced me to do it!"

"The fire devil slaughters the sky!"

At this moment, the pure white flame of Huo Qingtian was contaminated with endless evil Qi. When the evil spirit was surging, the eye pupil of fire holding sky turned into a deep and vast terrible abyss, which seemed to be the entrance of boundless magic realm, full of the most terrible things in the world.

"Boom

The flame on Huo Qingtian's body soared. At this moment, his body suddenly expanded several times, standing in the air like a giant. His body was filled with endless evil Qi, which seemed to be a changed person.

"No, this guy is crazy too!"

At this moment, there is a strong sky mending environment can not help but exclaim, scared away from the fire Qingtian.

The fire devil butchers the sky, which is a taboo skill mastered by Huo Qingtian. Once this skill is applied, it can make Huo Qingtian explode beyond its own power, but the price is that Huo Qingtian will lose its sense.

Huo Qingtian used this taboo skill when he was fighting with people outside the territory. Later, he killed the enemy, but he lost his mind and slaughtered countless living creatures, causing great disasters.

Huo Qingtian would have been dead if it had not been for someone to protect Huo Qingtian. Since then, Huo Qingtian has sealed up this taboo skill. Unexpectedly, it has been put into practice by Wei Yingqiang.

"We can't stay here for a long time. Leave quickly. These two people are crazy!"

The rest of the sky mending strong people's eyes flashed, and their looks were full of panic. Wei Ying and Huo Qingtian's performance had already scared them and did not dare to stay here.

At this moment, just like the endless fire in the sky.

"Leave it all for me!"

The fire held up the sky and roared furiously. The palm of the hand shot out suddenly. The boundless and magnificent flame containing evil Qi swept through the sky, leaving all the strong people in the sky mending environment behind.

The fierce flame melted the sky. Under the heat wave, all the strong people in the sky mending environment were shocked. Under such strength, they could not hold on for long. What's more, in addition to Huo Qingtian's action, there was also the ice thorn crisis that Wei Ying constantly exploded and killed.

"Huo Qingtian, you are crazy! Your opponent is this woman, not us! "

There is a strong sky mending environment can not help but curse.

"Huo Qingtian, I'm from Tianyin mountain. If you dare to kill me, Tianyin mountain will not let you go!"

There are strong people who move out of the power background behind them.

At the moment, a strong mending the sky environment are anxious, constantly threatening fire Qingtian, reminding him that he can not kill himself.

When Huo Qingtian heard this voice, he suddenly saw a clear light in his eyes. When he saw that he left so many strong people to mend the sky, he could not help but change his face.

Although the strength of these strong people in sky mending environment is not as strong as Huo Qingtian, and even makes Huo Qingtian feel disdained, the power behind these people makes Huo Qingtian dare not do anything wrong. At this moment, he immediately converges the flame and lets these people leave.

At this time, Wei Ying, who has been looking at the scene in front of her all the time, has a sharp flash in her eyes.

"Boom

At this moment, the endless cold breath converges. Behind Wei Ying, a huge and incomparable Ice Crystal Palace seems to cover the sky and suppress the whole world.

As soon as the palace appeared, the incomparable weight would cover the world, as if to crush time and years into pieces.

"Ice Crystal Palace, kill me!"

Wei Ying yelled angrily, and the icy spirit pupil burst out with endless cold, instantly freezing all the strong people in the sky mending environment. The next moment, the ice crystal palace swept down mercilessly and directly fell on a group of strong people of sky mending environment.

"Ah

"Woman, you are vicious

"If we die, you will die. No doubt, the clan will not let you go!"

At the moment, a well-known mending heaven realm strong man was shocked to the extreme, and yelled at him in succession. At the same time, he tried to use all his means to protect himself from Wei Ying's attack.

But at this moment, the strength of these strong men of sky mending realm has been greatly reduced under the joint attack of Wei Ying and Huo Qingtian. Facing the crushing of the sky, the vast and majestic Ice Crystal Palace containing terrible power can not resist."No!"

Huo Qingtian doesn't change his face when he sees this scene. If Wei Ying is allowed to kill these people, he will not be able to argue at that time. The forces behind these people will certainly find themselves in trouble.

It's a pity that Wei Ying's attack broke out so suddenly that not only did you not expect that, but also Huo Qingtian didn't think of it. At the moment, it was too late for Huo Qingtian to rescue them.

"Boom

The huge and violent palace that grinds the sky and smashes the whole world comes in an instant. It directly smashes a group of strong people in the sky, and the endless flesh and blood fall from the sky. The fire is like a crack.

"Woman, if you kill them, even if you escape now, the power behind these people will not let you go!"

Huo Qingtian kills the sky, looks at Wei Ying and hisses.

"Ha ha."

On hearing this, Wei Ying was dismissive and looked at Huo Qingtian with a smile. "If these people are dead, you can't get rid of the relationship. I'm not sure whether I'll die or not, but you're bound to die!"

"You

As soon as Wei Ying said this, Huo Qingtian was furious, and he was obviously aware of this. Wei Ying was using a knife to kill people. These strong people in the sky mending environment died. No matter how, he could not get rid of the relationship.

"Damned woman, you have a poisonous heart!"

Huo Qingtian broke out completely at this moment. His mind was ignited by his anger. The clarity in his eyes dissipated and turned into an endless abyss again.

"Die for me!"

Huo Qingtian's whole body is full of flames, and the evil spirit is sweeping. The whole person bursts out the mighty power of destroying the sky and destroying the earth. It is like the supreme devil who melts all the sky. With one hand, the fire is sweeping all over the sky.

The fire melted all things, and even the void was eliminated by the heat wave. It was almost like the ultimate vanishing pearl. Wei Ying's face changed slightly when she saw this scene.

"Nine days of absolute cold!"

Wei Ying suddenly burst into a roar. The juechan sky star suspended above her head whirled rapidly, and endless ice thorns swept out. It turned into a boundless and cold place. The cold wind howled out of the starry sky and suppressed the fire.

Chapter 3595

"That's not going to stop me!"

At this moment, the fire engine in the eyes of endless crazy rolling, his power is extremely fierce, behind the holy fire melting lotus blooming endless pure white God awn.

"Boom

A pure white fire lotus at this moment, the appearance of fire lotus, the surrounding forest cold as hell general environment suddenly melt, fire lotus spit out infinite flame, swept all over the sky.

At this moment, the stars on the top of Wei Ying's head show signs of melting, which makes Wei Ying's face more dignified.

"The flame extinguishes the light of the world!"

Huo Qingtian suddenly burst into a roar, which was majestic. It was like destroying the heaven and destroying the earth. The fiery lotus blossomed suddenly. It was so terrible that it roasted the sky and melted the terrible fire of all ages.

This fire swept out at the same time, is also constantly changing the shape, from time to time into a ferocious dragon, but also into a lawless Fire Phoenix.

The fire roared, the sky along the way was exploded, even the stars were shaken, and the fierce fire was almost to destroy everything.

"Cold sky star, sacrifice!"

Seeing the fierce fire, Wei Ying suddenly gave a cold drink. Her eyes were filled with endless fighting spirit, and the top of her head suddenly flew out and attacked the fire.

At this moment, the firelight collided with juechan star, and the heat wave of endless melting days collided with the frozen ice.

The frightful to the extreme impact swept out, heat and cold in the crazy confrontation, waves of shock like ripples in the water in the sky above the general spread.

"Boom, boom!"

At this moment, the sky is constantly breaking, the infinite pieces are sweeping down, the earth is shaking at this moment, countless mountains are overturning.

This terrible impact is lawless and extremely terrible. If people who fill the sky level encounter this shock, they will even be seriously injured or even die on the spot.

Under the fierce impact, Wei Ying and Huo Qingtian, one fighting in the sky, the other extremely crazy, two people regardless of everything, directly meet the impact of collision.

"Bang!"

The fierce battle broke up in the sky. Wei Ying held a long sword and held a long gun in the sky. They played their martial arts to the utmost. In a moment, they fought for tens of thousands of rounds.

"The flame extinguishes the eyes of the world!"

At this moment, the sword and the spear collide again, and Wei Ying and Huo Qingtian are shocked at the same time. Just as they have opened their positions, Huo Qingtian, like the eyes of an endless abyss, suddenly blooms with endless magic light.

"Boom

The magnificent, vast and extreme divine awn sweeps out from the eye of the fire engine. It has a terrible temperature, and is mixed with some pure to the extreme and horrible evil Qi.

Everything along the way was broken, as if to penetrate through the ages and pierce the sky, and instantly appeared in front of Wei Ying.

"Good means!"

In Wei Ying's eyes, the fighting spirit surges, and she drinks coldly. The endless cold behind her sweeps through her eyes, forming a terrible array.

The array whirled behind Wei Ying, and endless runes flashed on the array, revealing the incomparable breath of coldness.

At the next moment, the runes above the array emit a light of daosen cold, which converges in front of Wei Ying.

"Absolutely cold, ten thousand guns!"

The endless cold light condenses in front of Wei Ying, and gradually turns into a stick full of runes. The breath is terrible to the extreme, like an ice crystal spear that kills the world.

The spear sent out the mighty and ferocious power of the unparalleled weapon, and the endless pressure swept down. The spear suddenly exploded and shot out, facing the fierce flame.

"Boom

The long spear collided with shenmang, and the vast force of breaking up the stars swept through, and the endless breath of Hongmeng overflowed, and even the great source gas came into being and died in the collision center.

The incomparable impact swept out. Behind Wei Ying, infinite cold air emerged and resisted it crazily. On the other side, Huo Qingtian was crazy, and directly resisted the impact with his body. Even if he spit blood, he just stared at Wei Ying with frightful eyes.

"Poof!"

At this time, Wei Ying's breath suddenly decayed. She suddenly spat out a mouthful of blood, and the endless fighting spirit in her eyes dissipated.

"Not good!"

Wei Ying is shocked. The prescription of Jue Han mietian strength is coming to an end. She will lose her strength completely. She can't be the opponent of Huo Qingtian. Even a friar who comes to the holy ancestral land can kill her.

"Ha ha ha, you can't do it!"

At the moment, fire Qingtian's eyes burst out endless killing intention, he obviously noticed Wei Ying's state, and suddenly the opportunity to kill soared.

At the next moment, Huo Qingtian exploded and killed Wei Ying directly. The flame spear in his hand burst into endless flames. The flame swept through the sky and melted everything. It was terrible to the extreme.

"No more delays!"

At this moment, Wei Ying's eyes also flashed a touch of madness, 3000 green silk at the moment of no wind automatic, smooth hair floating above the sky.

Wei Ying's breath becomes grand and vast, lawless and invincible!

Even the supreme imperial power swept out of Wei Ying's body. Wei Ying's eyes were full of endless divine power. At this moment, she seemed to incarnate the Supreme Master and become the absolute cold emperor's reverence, which extinguished the starry sky! Seeing this scene, Huo Qingtian's crazy and ferocious face suddenly congealed. He felt the unprecedented crisis from Wei Ying, endless killing opportunities, as if the boundless hell enveloped him, making him cold all over the body.

At this moment, even if the fire devil Tu Tian is used, Huo Qingtian has lost his sense, and instinctively feels a fear, which makes him more crazy at the same time.

"Woman, you can't kill me!"

With a roar from the fire, the spear in his hand turned wildly at this moment, and the endless dark evil spirit poured into the spear. The hot white flame turned into pitch black, and the evil spirit swept over the world as if to destroy the whole world.

"Holy fire magic gun!" The fire is holding the sky and roaring furiously. The fierce spear is blooming with endless forest fire, as if the most terrible fire in hell!

"Holy fire magic gun!"

Huo Qingtian roars angrily, and the sacred flame melting lotus behind him now climbs a touch of darkness, and instantly turns into black color. The evil breath overflows, and the holy fire melting lotus is now turned into magic fire melting lotus.

The inexhaustible killing intention swept across the sky, and the unruly and incomparable magnificence enveloped the sky. All the strength of Huo Qingtian broke out. At the moment, countless muscles of the

huge body were uplifted, like a human giant, a terrible monster with great power, and a fierce and decadent gun was thrust out.

This gun is so terrible that it seems to overturn the sun and the moon, shatter the sky, pierce through the ages, and kill the enemy in front of you!

At the same time, Wei Ying's strength also climbed to the peak, but in the face of the long gun from the explosion, her eyes flashed a little unwilling.

Wei Ying wants to break out the most powerful attack and kill Huo Qingtian in one fell swoop. But at the moment, her speed is a little slower. She has no chance to use the gun in the face of Huo Qingtian destroying the sky and destroying the earth!

"Damn it!"

Wei Ying couldn't help but scold in her heart. She tried her best to condense the strength in her body. She wanted to break out before the long gun came. However, the time was so short that she could not help but feel despair in her heart.

"Am I going to fall like this..."

Wei Ying's eyes coldly watched the long gun coming. At this moment, a figure suddenly appeared in front of Wei Ying, and did not hesitate to block the gun.

"Bang!"

Wu Mang's body suddenly flies out, endless blood spray, this scene shocked Wei Ying's heart, also let her body erupt infinite killing intention.

Chapter 3596

Wu mang gave herself up to block the gun, and won the most precious time for Wei Ying, which also made Wei Ying completely angry.

At this moment, Wei Ying's momentum broke out, and endless imperial power swept out of her body. A phantom figure rose abruptly behind Wei Ying. The shadow's eyes contained endless contempt. She raised her hand and pointed it out slowly.

This finger looks very slow. It seems that it took endless time to stretch out the finger, but in fact, it is at the moment when the finger points out that time has solidified and everything is still.

Between heaven and earth, only this finger, emitting infinite imperial power, as well as strong to the extreme contempt, leisurely fell on the fire engine long gun.

"Emperor Zunzhu Tianzhi!"

At this moment, time suddenly recovered and everything flowed again, and Wei Ying's roar rose abruptly. The roar contained endless killing intention, which almost shook the sky and seemed to be heard by the whole world.

"Boom

Emperor Zunzhu Tianzhi, the power of one finger, is invincible. At this moment, the long gun of huoqingtian is suddenly broken, and then the finger does not stop at all. It seems that there is no obstruction, and it falls on Huo Qingtian.

"No!"

Huo Qingtian wants to escape and struggle, but all of this seems so powerless at the moment. He can't even move his body. The endless forest cold covers him, and the boundless hell is crushing him. Death comes!

"Bang!"

There is endless panic and despair in the eyes of fire holding sky. At this moment, his body is suddenly broken, and his flesh and blood are scattered on the sky. The five layers of sky strong people are killed by a finger!

And at this moment, the flame behind the sky floating lotus, because of the owner's body meteorite, also suddenly fell down from the air, toward the distance burst away.

It wants to escape! The flame melting lotus contains a certain spirit, it does not want to fall in the hands of Wei Ying, want to escape.

But at the moment, Wei Ying's shadow is floating behind her. Her eyes are like the Supreme Master, and Jue Han Emperor Zun is full of indifference.

"Come back."

In a word, it seems to contain the rules of heaven and earth. Without doubt, the emperor's power awed the heaven. The sacred fire melted the sky, and lotus was shrouded in infinite power, and instantly returned to Wei Ying.

"Bang!"

Wei Ying slapped on the flame melting lotus, and the supreme imperial power swept down. All the resistance of the flame melting lotus turned into fly ash and was instantly refined by Wei Ying.

"Boom

After all this, the shadow behind Wei Ying suddenly broke, and Wei Ying's supreme breath disappeared in an instant, replaced by endless depression, as if dying.

"Take me away."

Wei Ying was so weak that she just boarded the sacred flame and melted the sky lotus. Her body immediately fell over. Her eyes looked at the dark awn which was seriously injured and bleeding nearby.

With a ripple in her eyes, Wei Ying used the last trace of strength to pull the awn onto the flame melting lotus.

At the next moment, a space is torn in front of the flame melting lotus. The lotus directly escapes into the passage and disappears.

At the same time, ye Chen three people along with the strong forces of the sky mending environment, all the way forward. At this moment, they suddenly hear the violent and incomparable impact and fighting voice coming from the front.

"Over there!"

Among the strong men in Bu Tian Jing, a blond man with strength in the four layers of sky mending environment suddenly roared, and his body exploded toward the battle ground.

At this moment, ye Chen's eyes flicker, and he realizes that there is a cold breath in the battle shock. It is indeed the mysterious woman who is fighting.

"I don't know what happened to her..."

Ye Chen's face changed slightly, and he hastened to keep up with the army and go there.

Cover the sky evil emperor and Jun Mo look at each other, flash in the eyes of two people, also keep up with.

The fighting place is far away from ye Chen and others. After a long time of flight, many talents arrived here.

By the time ye Chen arrived, there were already many strong people wandering in the sky, but there was no one here. There was only a fierce atmosphere of fighting diffused over the sky, and there was a strong smell of blood. Obviously, many people died here.

At this moment, some people noticed that there was a breath of fire in the sky, and the vitality of Huo Qingtian disappeared. It was obvious that Huo Qingtian had fallen in this battle.

"This is the gun of Huo Qingtian!"

Some people recognized the weapon fragments scattered on the ground, and a group of people suddenly changed their faces when they heard the words.

Huo Qingtian's spear is also a unique weapon. At the moment, even the weapons are broken. It can be imagined that what a terrible battle broke out, and Huo Qingtian is really dead.

"This is Yue Ming's sword!"

"This is the fan fragment of Tianshan Lingtong!"

“.....”

At this moment, a series of startling voices sounded. They were actually the weapons of the strong people in the sky mending environment. It is obvious that all the strong people of the sky mending environment fell here.

"I can't see that woman. Does that woman kill all the strong men of mendianjing who are pursuing and killing?"

Someone couldn't help but guess."The inheritance of Jue Han Emperor Zun is really terrible. If this woman is not dead, she must ask the secret of Jue Han emperor from her mouth, even if it is to pay a huge price!"

At the moment, the voices rang through the sky and the earth. The battle was so fierce that all the people who pursued Wei Ying died, but Wei Ying was still in the dark. It was shocking to the extreme.

And at this moment, ye Chen three people look at each other, obviously did not expect to happen such a thing, mysterious woman killed all people, and then left?

Ye Chen also worried about the mysterious woman's accident, came to help, but did not expect that the other side should have such a strong power.

"She shouldn't be that strong."

Ye Chen can't help but frown. The mysterious woman has extraordinary strength, but it doesn't seem to have such strong power, unless the mysterious woman breaks through one after another in a short period of time, but that's too abnormal.

At this moment, ye Chen also learned from the crowd the strength of Huo Qingtian, which is the powerful existence of the five layers of sky in the sky mending realm. Moreover, if Huo Qingtian tries his best, there is a secret skill that can make him reach the sixth heaven. All of these fall down. It is conceivable that the man who killed him is so strong.

"No, it's hard for her to kill these people. If she did it, it would have cost a lot."

Ye Chen's eyes flashed and couldn't help speaking.

At this time, a group of strong people in Mendian territory saw that there was no clue in this place, and some had left. Some reported to the forces behind, while others searched other places to find out Wei Ying's trace.

Some of them who did not leave wanted to find some clues in the place where the battle broke out.

Ye Chen's eyes are dignified, and he takes the two people to join the ranks and walk in this battle field.

The original peak of the battle has collapsed. Here it has been reduced to ruins, completely destroyed by the terrible battle, and there is no useful clue left.

Ye Chen walked among the ruins, but there was a kind of uneasy feeling, which made him very uncomfortable. At this time, his eyes suddenly condensed on a stone stained with blood.

"This blood..."

Ye Chen went to the shock in his eyes and came to the stone next to him. Then he reached out and touched the bloodstain, and his heart suddenly accelerated.

This is the blood of wumang!

Ye Chen is very clear that wumang is his spirit animal. The smell of blood makes him feel very familiar. At the moment, he is sure to be the blood of wumang.

Chapter 3597

"Even wumang is injured. I'm afraid the mysterious woman's injury is extremely serious."

Ye Chen is very clear that wumang is the mount of the mysterious woman for the time being, and the other party has obviously used powerful means to improve the quality of wumang for many times. If it was not too dangerous for the battle, wumang would not easily attack, and the mysterious woman would not allow wumang to be injured.

"It's not good."

Ye Chen's eyes are cold, the next moment pretends that nothing has happened, and turns to leave.

There are a lot of strong people in the sky mending environment to search for clues. From time to time, some people leave, and ye Chen does not show anything different. Therefore, he is not noticed.

At the moment, the three men left the battle ground, and the dark emperor looked at Ye Chen with deep eyes, and immediately opened his mouth and asked, "what have you found?"

"I can find her whereabouts."

Ye Chen looks to cover the sky evil emperor and Jun Mo, slowly says.

For ye Chen's words, the dark emperor and Jun Mo are very clear, this is to say the mysterious woman.

The two men's faces were slightly dignified. Wei Ying killed so many strong people in the sky mending area. At the moment, I'm afraid that Wei Ying has caused the wrath of many forces outside the territory. Coupled with the secret of juechan emperor Zun, I'm afraid there will be endless crisis. They are jumping into the sea of fire when they are close to Wei Ying.

"I'm afraid she's seriously injured. I have to find her."

Ye Chen said at the moment, the tone is firm, although the mysterious woman out of the battle, but not necessarily safe, he needs to ensure that the other side will not fall.

"In that case, go to her."

The dark emperor raised his eyes to the sky and said slowly.

"Let's go. Since I've decided to take this risk with you, I won't regret it."

Jun Mo at this time also showed a smile.

Thank you very much

Ye Chen sincerely thanks, the next moment three people rise, toward the distance burst out.

Wumang is Ye Chen's spirit animal. He has the soul mark of Ye Chen. After seeing the blood of wumang, ye Chen also realizes the weak connection and knows the address of wumang. At the moment, he takes the two people to cover the heaven and the devil.

However, in order to be in case, ye Chen three people are always alert to someone following behind, and they also switch routes several times, until no one is following them, so they go straight to wumang.

At this moment, ye Chen three people in front of a continuous endless Gobi, the Gobi Desert yellow bleak, extremely desolate, the number of people is extremely rare to the extreme.

It's just that such a place can be seen at a glance. Wei Ying should not have escaped to such a place, because there is no place to hide.

"No..."

Ye Chen three people fly on the sky for a moment. Ye Chen suddenly opens his mouth and says, his eyes are deep, looking at the Gobi desert under him.

"The location is here, but there is nothing here."

Ye Chen mouth hook up a touch of arc, eyes flash a touch of appreciation, "so it is."

"They are here, but they are not in front of them, but under their feet."

Ye Chen's body shape suddenly burst out toward the Gobi Desert below. Seeing the situation, the demon emperor and Jun Mo also quickly followed.

Falling on the Gobi desert, ye Chen stepped on the soft sand under his feet, pinched his palm and spread his aura.

"Hum..."

At this moment, the sand under your feet actually flows. Gradually, the sand rises into the air and turns into a whirling storm.

In the storm swept by endless yellow sand, ye Chen's eyes were surprised. At their feet, the yellow sand dispersed and a mysterious and ancient city appeared.

This is a city buried under the yellow sand. It looks very old and I'm afraid it has an endless history.

The scale of the city is very large. Compared with the past, it is also a bustling place, but with the passage of time, it is gradually forgotten and buried in this boundless Gobi.

Ye Chen looked at the city below, and noticed that the induction was more and more clear. He said, "it's really here. Let's go."

Then, ye Chen and the three entered the ancient city. At the moment of their entry, the storm of yellow sand swept by the outside world suddenly fell. Endless yellow sand covered the ancient city again, as if nothing had happened.

Stepping into the ancient city, ye Chen can see the murals carved on the walls of the city. These murals are the past, killing fierce animals and killing powerful enemies. The people watching the scenes are full of emotion.

But at this time ye Chen three people all ignore these, with Ye Chen's footsteps, three people came to the last side of the city.

The city is built on the mountain. At the end of the city is a cliff. Under the cliff, there is a cave. At this moment, faint breath comes from the cave.

"Here it is."

Ye Chen looks at the cave, his eyes are deep, the breath of mysterious women and the breath of ebony are all in the cave, they are obviously hiding here.

At the moment, the dark and dark cave is behind Ye Chen, and his breath is flowing. He is on guard against the possible crisis at any time.

After that, ye Chen and his three men stepped into the cave. The cave was very winding, but the internal passage was very long. It took a long time to reach the end. At the end, there is a pure white lotus, blocking the way forward. Behind the lotus, ye Chen sees a fuzzy figure.

"It is the lotus of the holy fire melting sky, the treasure of the fire holding the sky."

At the moment, Jun Mo saw fire lotus when the mouth of surprise said.

"Holy fire melting lotus?"

The emperor was also a little surprised when he heard the speech. This is one of the most precious treasures of the thirty-three days. It has great power. However, the flame melting lotus is not the fire holding the sky. How can it appear here.

"Fire ascends the sky to fall, this treasure should be refined by her."

Ye Chen's heart is clear, the mysterious woman escaped here, with the flame melting lotus to block the possible danger, but now they are blocked.

The holy fire melts the sky, and the vast pure white flame of lotus burns the passage, and the flaming light completely blocks the way ahead.

Ye Chen frowns slightly. He can break through the blockade of the flame melting Lotus by force, but it will cause hostility of the flame melting lotus. When there is a battle, it is likely to attract others.

Just then, a faint gasping voice came out from behind the sacred flame.

"Wumang." Ye Chen hears speech in the heart move, hastily shout, listen to the voice, the breath of dark awn is also very dispirited, obviously injured.

When wumang heard Ye Chen's voice, he was also in a hurry. At the moment, the holy fire melting lotus slowly gathered its power and turned into a palm sized fire lotus and floated to the back of wumang.

It is obvious that the flame melting lotus is trusting in wumang. At the moment, it should be because of wumang that they open the channel and let Ye Chen enter.

At the moment, wumang was lying on the ground with blood all over his body, and there was a stone platform behind, on which lay Wei Ying.

"She's in a coma?"

Ye Chen in the heart one tight, hastily steps forward, but at this moment he actually heard each other weak voice.

"Ye Chen, ye Chen..."

Chapter 3598

"This..."

Ye Chen looks stunned and looks at the woman with wonderful figure, but finds that she is indeed in a coma, but why does the other party call his name under such circumstances.

"Who are you..."

Ye Chen has too many questions about this woman in his heart. At the moment, he can't help but reach out and want to uncover her veil.

"Who!"

Weak voice suddenly rang out, ye Chen face color slightly changed, the other party actually woke up at the moment, but also seized his hand.

"Is it you?"

When Wei Ying sees Ye Chen, a flurry flashed in her eyes. At the moment, she also realizes that ye Chen just wants to uncover her veil.

Almost found by Ye Chen's real identity, which makes Wei Ying startled, and quickly let Ye Chen's hand go, away from sight.

At the moment, the atmosphere is a little strange. Wei Ying's injury is too serious. She suddenly wakes up and immediately pulls the wound. She coughs up again. Her blood donation turns red.

"You are so badly injured that you must be treated immediately."

Ye Chen couldn't help but open his mouth and quickly stretched out his hand. A bloodstain appeared: "drink my blood."

In Ye Chen's opinion, no pill is more effective than his blood.

Wen Yan, Wei Ying can not help but lift her head, beautiful eyes flow, deeply staring at Ye Chen.

At the moment, the emperor and Junmo looked at each other and coughed gently. Then they said, "let's go outside first. You can treat her as soon as possible. Those guys won't give up. I'm afraid it won't last long here."

"Good."

Ye Chen hears the speech to nod to answer, cover the sky evil emperor two people turn body to leave.

Then ye Chen drinks her own blood for Wei Ying, and takes out the elixir to heal Wei Ying, and helps wumang treat her by the way.

Wumang gave up his life for Wei Ying to block Huo Qingtian's shot, which nearly killed him. Fortunately, Huo Qingtian was not the target of Huo Qingtian, and wumang was just near and was hit by the fierce divine power. It only blocked a moment, and did not completely resist. Otherwise, he would die.

In the process, Wei Ying's bright eyes have been staring at Ye Chen. It seems that she wants to print Ye Chen's appearance in her heart, which makes Ye Chen feel a little strange.

Both Wei Ying and Wu mang were injured seriously, and ye Chen's blood could not make Wei Ying recover immediately. It took time to recover.

Just when the atmosphere is strange, the infinite evil Qi suddenly sweeps over, and the dark emperor appears in front of Ye Chen.

"Someone's coming."

Cover the sky evil emperor facial expression cold but open a mouth to say.

"How many?"

Ye Chen's eyes were sharp at the moment, and he asked.

Now Wei Ying is too injured to fight a war. Ye Chen and Jun Mo are hard to play when they are faced with strong people in the sky mending environment. If there are too many people coming, they can't resist it only by covering up the heaven.

"There are a lot of people, among them there are even four layers of sky mending realm. I'm not an opponent." He shook his head and said.

Hearing this, ye Chen's face changed slightly, and Jun Mo also frowned at the moment and came over.

"We should break through the encirclement. It's a dead end to stay here. This ancient city is so weird that it can't tear up the space or even break it. We can only leave from the place where we come in. In this way, we will meet each other."

Jun Mo has investigated a time, but the conclusion reached at the moment makes him feel a little cold.

When Wei Ying was seriously injured, it was extremely difficult for the three of them to fight against so many sky mending realms and even the existence of four layers of heaven. It was almost impossible for them to break through the encirclement and leave. It was a dead end.

"In this case, we can only break through."

Ye Chen's eyes were cold, and he stood up without hesitation. In any case, he would not give up Wei Ying. Even if he was dead for ten years, he would fight for a chance of life.

"Ye Chen!"

At the moment, Wei Ying suddenly opened her mouth to drink. Her eyes looked at Ye Chen coldly, but her eyes contained different emotions.

"Don't break through. You're not their opponents. Let me go. I'll draw their attention and you'll take the opportunity to leave."

As if worried about ye Chen's disagreement, Wei Ying added: "don't worry, they are coming for me. As long as they see me, they will pursue me at all costs. You can leave safely."

"That's why I'm not at ease."

Ye Chen shakes his head, "I won't give up you, you break this idea, believe me, I can take your whole body and retreat."

At the moment, when Wei Ying heard Ye Chen's words, she couldn't help laughing bitterly. Ye Chen was still so stubborn. She just said it lightly and wanted to leave the whole body. How could this be possible.

Seeing the dark and deep passage with solemn faces, Zha Tian Mo and Jun Mo saw the waves coming at the moment. It was a desert storm outside the ancient city. It was obvious that the other party found the ancient city and was coming in.

"It's too late. Don't hesitate. Let me leave and lead them away!"

When the crisis came, Wei Ying was in a hurry. She couldn't help standing up and saying, "she knows that everyone here is dead. It's better to sacrifice yourself for ye Chen." "No!"

Ye Chen grabs Wei Ying's wrist and looks firm.

"You are very clear that everyone here is a dead end, let me lead them away to have a chance of life, rest assured, I will not die."

Wei Ying said in a hurry, but she is very seriously injured at the moment, between the words is spit out a mouthful of blood, her words Ye Chen obviously will not believe.

"If I die today, I will not give you up."

Ye Chen's eyes are cold. At the moment, the outside yellow sand storm has stopped again. Those people have entered the ancient city. Ye Chen can even hear the footsteps coming from the passage.

"Alas..."

At this time, the reincarnation cemetery in Ye Chen's body suddenly vibrates. Ye Chen realizes that the cold question heart appears again, and quickly enters the reincarnation cemetery.

"Boy, you are so persistent."

The cold asks the heart to feel own beard, a face helpless looking at Ye Chen.

"Master, I must do so."

Ye Chen looks at Han Wenxin with deep eyes and shows his attitude. Even if Han Wenxin tries to persuade him, he will not give up Wei Ying.

"I know I can't change your mind."

At the moment, the cold heart is shaking his head, and then his breath flows out, magnificent and full of healthy qi.

"I know very well that when I appear in the samsara cemetery, I'm bound to have cause and effect with you. This is my own trouble. I can only recognize it."

As soon as he said this, ye Chen could not help but pick his eyebrows. It seemed that he wanted to help, but it was not clear how the ability of cold inquiry was and whether he could help them overcome the difficulty.

"Don't worry, as long as I do, these people will not hurt you, but you must promise me one thing."

Cold inquiry heart seems to see the idea of Ye Chen, immediately said.

"What's the matter?"

Ye Chen hears the assurance of cold inquiry heart, can't help but ask a way.

Chapter 3599

"I have a causal relationship with you, which I can't avoid, but if you can make less trouble and less trouble, you are safe and I am safe, what do you think?"

"You mean to keep me out of trouble?"

Ye Chen's face looks strange. Is he a troublemaker?

"Of course, do you agree?" Cold asks the heart a face to formally open a way to ask a way.

"Yes!"

Ye Chen does not hesitate to agree to come down, cold inquiry is not too much, promised to save everyone's lives, how to do without considering.

"Well, remember your promise!"

Han Wenxin smiles when he hears the words, and then the boundless breath sweeps out. Behind him, a shield emerges.

The shield blooms with a magnificent and majestic righteousness, and the auspicious spirit sweeps out, illuminating the reincarnation graveyard thoroughly and brightly.

At the same time, there are tens of thousands of divine patterns on the shield, each of which contains a vast protective force, as if the most indestructible existence in the world. Even if the sky disappears, this shield will not have a thing.

In the outside world, a total of six strong mending heaven practitioners have entered the channel. Among them, the most powerful one is a four layer sky, followed by two three layer three level heaven, and then three friars.

Although this line-up can not compare with the fighting power when Wei Ying was besieged, it is also a force that is difficult to confront in the face of Ye Chen and others at the moment.

At the moment, they have already found the location of Ye Chen and others, and each face shows an excited smile.

At this time, Wei Ying had already put out the holy fire and molten lotus, and the mighty flame covered the way for the strong to mend the sky.

And behind the fire, the dark emperor and Junmo were also waiting for him, and their momentum broke out. The fierce evil Qi and blood light reflected on the cave.

"Hum!"

Among them, the first friar of the four layers of heaven is an old man. The old man is wearing a dark blue robe with a folding fan around his waist. His gray hair is combed meticulously and his eyes are full of greed.

"I didn't expect that you still have friends, but I can't be stopped by such strength!"

The old man grinned grimly at the moment, staring coldly at the holy fire melting lotus. "It's this precious treasure. I've been salivating for a long time. You killed Huo Qingtian, but you did a good thing!"

The old man is extremely rampant. He has already noticed that Wei Ying is not in good condition. Obviously, he is seriously injured and does not have any combat effectiveness. However, he does not pay any attention to Zha Tian Mo and Jun mo.

As for ye Chen, a mole ant in the three layers of heaven, it seems that he has been frightened by himself and others at the moment, and the old man doesn't care more.

On hearing this, Wei Ying could not help but flash a cold light in her eyes. She immediately opened her mouth and said, "old thing, the fire is in the sky. You are such an incompetent person who is half buried in the earth. I can solve it more easily!"

"Ha ha! You can't be ashamed of yourself, just like you are now? Can you kill me? "

The old man laughed angrily, "I'm the master of bhikkhu God manor. Even Huo Qingtian will be afraid of me. I'm afraid you are using a conspiracy to kill Huo Qingtian. If you want to kill me, you don't deserve it!"

"Lord Zhou, let me take these people and bring you the secret of juechan emperor."

At this moment, a strong man of the three levels of sky mending state beside Zhou Chuang Tzu came up to him and said.

Hearing this, the rest of the strong people in the sky mending realm could not help but glare at this man. This man's method of flattering others has reached the peak, and it is precisely because of this that he can get many benefits from the leader of Zhou Zhuang. He has achieved the three levels of heaven in the sky mending realm so quickly.

At the moment, Zhou Zhuangzi could not help but smile when he heard the words of the people around him, which was obviously very helpful.

"Well, these people will be given to you, a woman who is seriously injured and dying, and three ants like guys. It's not worth my effort at all."

"Yes, Lord Zhou is right. Let me help you."

Smell speech, the strong man immediately said with a smile, the next moment to look at Wei Ying and others, eyes greedy show at a glance, there is a strong sense of killing.

"You guys, don't struggle for nothing, and you'll be caught. I can give you a good time."

The strong man had a long scar on his face. Now he grinned grimly and looked more terrible.

"What are you, let's go to hell? Why don't you come and die yourself"

Jun Mo at this moment also accepted his fate, knowing that this war is inevitable, he no longer hesitates, directly scolds, and is ready to go down the drain.

As soon as this word came out, the strong man with scar face became angry, and the power of the three layers of sky of mending the sky swept out, and the violent water light suddenly appeared.

As soon as the scar strong man raised his hand, it was like a river of heaven, which suddenly hit the flame released by the holy fire melting lotus.

"Hiss!"

The endless torrential river swept down, and instantly collided with the fire light. When the water vapor evaporated, the fire light had been broken, and the mighty water swept over."Damn it!"

Seeing this scene, Jun Mo's face was solemnly scolded, and he suddenly put out his hand, reflecting the blood light all over the sky, and condensed into a bloody long knife.

"The blood kills the sky knife!"

Jun Mo was cut out with a knife, and his fierce and murderous intention swept down. He chopped on the long river. However, the power contained in the long river was too powerful. At the next moment, he directly crushed the long knife, and even killed Junmo directly.

"Magic blood melting furnace!"

At the same time, the demon emperor has also launched a rampage of magic fire. The raging furnace from the sky directly swept the vast river, and the crazy flame evaporated rapidly.

"Why? There are two brushes. "

Seeing this scene, scar's face couldn't help but raise his eyebrows. He felt a little surprised. The God covering devil was just a layer of heaven. The power that broke out could shake his magic power, which made him a little surprised.

However, scar face is not afraid at all. He can't hold out for a long time when he breaks out like this, but it's just a slap in the arm for him. If the stalemate goes on, he will surely be defeated.

In front of him, ye Chen and Junmo are not qualified to fight with him except for Zhetian demon emperor. Wei Ying is seriously injured. Ye Chen and Junmo do not reach the heaven mending realm. He does not pay any attention to them. As long as he defeats Zha Tianmo, he can win all the people.

At the moment, scar face is slowly drawing, and constantly consuming, which makes the emperor Zha Tianmo defeated. However, the villa master Zhou on the side is dissatisfied with his face.

"Hum, it's just a few ants. Do you need to spend so long? Give me a hand and take them down

Zhou Zhuang master's eyes flashed greedily, and his body was surrounded by a violent momentum. All kinds of Hongmeng Qi accompanied him like streamers.

Chapter 3600

The leader of Zhou can't wait. As long as he takes Wei Ying, he can get the secret left by juechan emperor.

At the moment, the outside world is not sure how many people in order to Jue Han Emperor Zun's secret, running, crazy, and even the powerful forces in the extraterritorial moon soul domain are staring at Wei Ying.

At the moment, the leader of Zhou Zhuang fluently found Wei Ying, but he didn't dare to waste too much time. He had to take Wei Ying as soon as possible. Otherwise, if he was known by others, even if he got the secret of juechan emperor, he would not have a chance to explore it, and he would be killed.

At this moment, juechan emperor's secret has become a terrible whirlpool. Everyone wants to seize the opportunity in this whirlpool and retreat at the same time. If it is later, it will be doomed and the soul will be broken!

Hearing the words of the Lord Zhou, scar's face did not change a little, while the other strong people in the sky mending environment were excited and could show their faces in front of the Lord Zhou. The more hard they showed themselves, the more benefits they would get.

Not to mention, if the Lord Zhou got the secret of juechan emperor, he would surely be able to soar into the sky. At that time, they would get a lot of benefits from following him.

At the moment, a group of greedy, violent eyes, and fill the sky.

"Damn it!"

Seeing this scene, he could not help but see the cold light in his eyes. He could resist scar face alone. However, with so many powerful people in the sky mending realm working together, he was absolutely unable to resist.

And at the moment Junmo is also dignified up, but his eyes are hesitant to see ye Chen.

Ye Chen is still in a daze at the moment. It seems that he doesn't care about the arrival of the strong man of mending the sky, but ye Chen is obviously not such a person.

In Junmo's heart, ye Chen's identity is extremely terrible, there may be countless cards, maybe Ye Chen can create a miracle.

At this moment, including Wei Ying and Zha Tianmo Di, all of them are looking forward to the arrival of the strong man in the sky mending environment, but they are all looking forward to Ye Chen's miracle.

Because ye Chen is the man who creates miracles. He can create a piece of life in the realm of death. They have witnessed it with their own eyes!

"Hum, a few mole ants, do you still want to struggle now?"

At the moment, scar's face grinned grimly and looked at several people of Zha Tian Mo Di. He was extremely angry at the moment. If it was not for the strength of Zha Tian Mo Di that he had not expected, he would have taken Zha Tian Mo Di.

However, under the stalemate in the battle, he was impatient. He wanted to please him, but he got a bad impression. It was like stealing chicken and not eating rice, which made him feel extremely ashamed.

"Ha ha, you are now caught with your hands tied. Maybe the Lord Zhou will be merciful and give you a good time."

At the moment, another strong man of the three layers of sky mending state also said in a strange way, smiling at Wei Ying's exquisite figure.

"Hum, if you want to fight, you can fight. What nonsense?"

Even if the situation is critical, the dark devil emperor does not have the slightest fear, coldly looks at each other's strong men, the fierce evil spirit sweeps across the sky, the momentum erupts, and the majesty and domineering power reaches the extreme.

"Humph, look for death!"

"Since you want to die, I will send you on the road!"

A group of strong people in sky mending environment were furious when they heard the words, and they suddenly took a hand. The violent breath instantly broke the sky and swept the sky.

"Boom

The magnificent aura burst out, and all kinds of supernatural powers contained unstoppable and terrible power, as if to crush the whole world, killing down.

"Kill the immortal, split the cloud and chop!"

Seeing this scene, Zha Tian Mo Di's eyes were dignified to the extreme, and he burst into a rage. He killed the immortal sword in his hand and cut it out with a violent sword.

This sword contains the source Qi of the sword. In addition, as a small source soldier, the power of the sword can destroy the heaven and the earth, and make the faces of many strong people in the sky mending environment change slightly.

However, even if this sword can be called the strongest blow of the God covering demon emperor, it is also difficult to stop the fierce magic power of a group of strong people who mend the sky. After a moment, it will be broken.

"Poof!" The emperor could not help but spit out a mouthful of blood. His face turned pale and his breath was very dispirited.

At the same time, Junmo is also roaring. Facing the magic power of the strong man in the sky mending environment, he has a kind of despair and powerlessness, but he still tries his best to resist.

"Kill with blood, disobey the sky!"

"Boom

Endless blood light appeared on the sky. The next moment, the blood light turned over and turned the sky upside down. The endless blood light carrying the sky directly suppressed the sky, as if to make the earth overturn.

"Well, the magic power is good, but the power is too weak!"

At the moment, Zhou Zhuangzi saw this scene in the rear, and there was a flash of irony in his eyes. The two sides were fighting, but he watched the battle leisurely and leisurely. Obviously, he thought that the devil emperor and others could not resist it and would die.

At the same time, Zhou Zhuangzi's eyes flashed when he looked at the killing immortal sword in the hand of Zha Tianmo emperor. He could see that it was a small source soldier.

After all, the sword of killing immortals is surrounded by a vast and terrible source gas, which is the power of the source. Even outside the territory, the source soldiers are rare treasures. He is not qualified to get them. Now, it is a gift from heaven that such precious weapons are sent to him."Bang!"

Jun Mo's endless blood light, against the sky, collides with the mighty magic power of the strong man of mending the sky. The violent impact swept out, and the next moment, the endless blood light was suddenly broken. Jun Mo took a step backward, and his whole body trembled. Obviously, he also suffered serious repercussions.

, as like as two peas in Zhouzhuang, at the moment, there is no despair in the eyes of all the people. They can't stop the combination of those who make up the strong environment. Today I am afraid they must die here.

Looking at this scene, Wei Ying's eyes twinkled with endless cold, and there was a little hesitation. She was so injured that she had only one mobile phone meeting. She was confident that she could kill all the people in front of her, including Lord Zhou.

Only then, Wei Ying will fall.

At this moment, Wei Ying can't help but look at Ye Chen with nostalgic eyes, and the dark emperor and Junmo also look at Ye Chen with doubts in their hearts.

Wei Ying wants to leave Ye Chen for the last time. She is ready to protect Ye Chen with her life. However, the dark emperor and Junmo do not understand why Ye Chen has not made any actions until now, which is not like Ye Chen.

"Ha ha! You're pinning your hopes on this kid? A mole ant in three layers of heaven? I'm afraid he's been scared out of his wits for a long time

At this moment, scar face can't help laughing, mocking the public, and other strong people of the sky mending environment also burst into laughter when they heard this.

The supernatural power of the strong man of mending the sky came in a roar, without any stagnation at all. Junmo and the God of covering the sky stood in front of them, exhausted their means, and burst out their whole body strength, but they were still crushed out, and their bones seemed to be broken.
