

## Physician 3601

### Chapter 3601

The fury of the supernatural power did not stop at all. At the next moment, she directly killed Xiang Ye Chen and Wei Ying. At this moment, Wei Ying's eyes flashed a determination.

"Ye Chen, again..."

Before Wei Ying finished her words, she saw Ye Chen coldly looking at a group of people who were strong in mending the sky. The dazzling light burst out in Ye Chen's eyes, as if the most brilliant brilliance when the stars burst all over the sky, dazzling and invincible!

"Boom

At this moment, a holy light suddenly swept out of the rear of Ye Chen and others. The fierce holy light covered Ye Chen and others in an instant. The magic power of the strong people in sky mending environment bombarded the holy light, just like a mayfly shaking a tree and breaking in an instant.

"Poof!"

At the moment, a group of strong people in mending the sky changed their faces and vomited blood. Their magical powers disappeared, and even they were bitten back. For a moment, their faces became horrified.

"What is this?"

Scar face at the moment can't believe the cry, he didn't expect Ye Chen and other people in the situation of death, unexpectedly will have a turning point.

"This mighty light..."

Zhou Zhuangzi's face also became ugly. Just now the cloud was light and the wind was light, and the winning ticket had already disappeared. He looked at the fierce and incomparable holy light in a daze.

The holy light is so brilliant that it seems to cover the sky. At the same time, it contains endless great power. It looks like a supreme Saint closing up here.

"You guys, get out of here. I'm in love with these people."

At this moment, a indifferent voice rings behind Ye Chen and others, while on the wall behind Ye Chen and others, a dim figure gathered by the holy light slowly emerges.

The momentum of this figure was like a rainbow, vast and profound, which could not be detected at all. It seemed that there was a supreme statue. Once it appeared, the faces of Zhou Zhuangzi and others changed greatly, and their eyes were full of horror.

Obviously, in this ancient city under the yellow sand, there is an extremely strong existence closed. Their battle has shocked this existence, and also made this existence stare at Wei Ying and others, and the secret of juechan emperor Zun.

With such a supreme existence, the eyes of Zhou Zhuangzhou and others were despairing for a moment. When the other side wanted to get Wei Ying, they didn't dare to have any refutation, because the other party wanted to wipe them out. I'm afraid they could crush them all with one finger!

However, at this moment, scar face has long been infuriated by Ye Chen and others. Seeing the appearance of the supreme existence, he could not help asking, "master, who are you? Why should we protect them? These people are our first choice."

"Are you questioning me?"

A roar suddenly rang out, and the Holy Light swept out of the sky, gathering a supreme figure standing in the sky.

This figure is hazy, but it contains endless great power. It is the supreme existence that frightens the heaven and surpasses the whole world.

As soon as the figure appeared, his hands and feet trembled with fear, and even more, he sat on the ground in terror. The strong man of the three layers of heaven in the mending heaven realm was scared to such an extent that it would make people laugh off their big teeth.

At the moment, Zhou Zhuangzi and others were also shocked. The supreme being was angry, and they were all going to die. At the moment, they couldn't help killing each other and staring at the scar face. If it wasn't for the awe of the supreme existence, they really wanted to start now and kill scar face directly. The family just wanted to kill them all here.

At the same time, Zhang Tianmo Di and Wei Ying, who were shrouded in the holy light, were also surprised. They obviously did not expect that there would be a supreme closed door here.

At present, the supreme existence is to protect them and let them get rid of the threat of Zhou Zhuangzi and others. But who can be sure what this supreme existence will do to them after Zhou Zhuangzi and others leave.

Since the supreme existence will protect them, there must be a reason, and the greatest possibility is to plot the secret of juechan emperor Zun in Wei Ying's body.

In the face of Zhou Zhuangzi and others, they may still have a chance of life, and even want to fight to the death. But in the face of such a supreme existence, all of them have no idea of fighting, because they can't fight against it.

However, the mighty momentum and violent pressure seemed to be superior to the sky, which made them unable to raise the slightest sense of resistance.

But at this moment, such as the dark emperor and other people have raised a bit of doubt, and even agreed to look at Ye Chen.

Somehow, they always feel that the appearance of the supreme being seems to be related to Ye Chen.

What's more, ye Chen has been acting strangely from the very beginning. When the strong man of the sky mending environment comes, ye Chen is even in a daze. This is not ye Chen's normal performance.

"What else are you hiding..."

Jun Mo eyes deeply looked at Ye Chen one eye, in the heart cannot help but murmur.

But at the moment, the supreme figure above the sky is so powerful that it looks at the villa master Zhou and others, especially the scar face. He feels the endless cold all over his body, as if he were in hell.

"This seat is closed here. You dare to disturb me. If I didn't practice cause and effect and didn't want to kill evil, you would only be refined into human pills by me now!" "Now get out of here, and if you dare to have another nonsense, you will all die for me!"

The shadow of the holy light is oppressive and violent, the words fall down, the sky vibrates, and even there is endless mighty sky thunder emerging, constantly exploding in the sky.

This is the anger of the supreme figure, which arouses the response of the rules of heaven and earth. It also shows that the existence is really terrible to the extreme. Every word and action can make the rules of heaven and earth feel.

Seeing this scene, Zhou Zhuangzi and others were extremely frightened. They did not dare to have any doubt about the status of supreme existence. They quickly turned around and fled.

At the same time, they also feel very lucky, fortunately, this supreme existence does not want to kill evil, otherwise they may have fallen.

At this moment, the leader of Zhou Zhuang no longer dared to strike Wei Ying's attention. His covet for the secret of juechan emperor disappeared, and the supreme existence had already taken action. This secret was not something he could accept.

Zhou Zhuangzi and his party fled in confusion. Wei Ying and others looked at the scene, but their faces were not happy because there was still a more terrible crisis hanging over their heads, which was an invincible supremacy.

But at this moment, the corner of Ye Chen's mouth is a touch of arc. In the reincarnation cemetery, the light on Han Wen's heart flickers, and now it gradually converges.

"These people have left. I've helped you out. If you promise me, don't get into trouble."

Cold asks heart to look at Ye Chen to open a mouth to say.

"Thank you, master. I will."

Ye Chen nods sincerely.

"Although I scare these people off for the time being, there is no guarantee that accidents will happen, so you should try to get out of here as soon as possible."

Han enquired and then told him that his power did not reach the level of supreme existence, all of which were disguised by him.

Chapter 3602

Ye Chen is also aware of this, and is very surprised. He can't help but ask, "master, how did you refine this method? You can't see any clue."

Hearing Ye Chen's words, Han asked his heart strangely with a smile, and then said, "I practice cause and effect, do not touch the secular world and do not cause trouble, so I don't practice any killing and cutting skills. Whether it's fencing or everything else, I only practice guarding."

"Only guard?" Ye Chen hears this words, not by eyebrow a pick, the means of cold inquiry seems to be somewhat similar to dust tablet.

"Yes, my guard can resist the infinite powers, and my disguise can frighten thousands of powers. This is my power."

Cold asked heart looking at Ye Chen, you said: "do not touch Cause and effect, do not cause trouble, people can always invincible, eternal existence."

"Don't worry, master. I won't get into trouble."

Ye Chen can't help but smile when he hears the speech. He knows what he is worried about, so he opens his mouth and says.

Then, cold asked heart nodded, body shape again hidden, and ye Chen also left the samsara cemetery.

"CHEN Ye, what is the matter?"

At the moment, seeing the supreme figure on the sky, Zha Tianmo emperor scared off the Lord Zhou and others. Then he said nothing and did nothing. It didn't look like he was plotting to keep emperor juechan's secret. This made him realize something was wrong.

At the moment, Junmo and Wei Ying can't help but look at Ye Chen, and their eyes flash with curiosity. At the moment, they have been able to determine that the appearance of the supreme existence is related to Ye Chen.

"Well, you can go."

At this time, before ye Chen could speak, the supreme figure on the sky said indifferently, and then the figure dissipated, and the endless brilliance and majesty disappeared.

"You see, it has nothing to do with me. It may be that this great power doesn't like those guys."

Ye Chen indifferent smile, did not tell the real situation.

Hearing this, Wei Ying can't help but white Ye Chen's one eye, which is full of amorous feelings. He can't help but let Ye Chen be stunned. His eyes show a puzzled look, which he always feels inexplicably familiar with.

But at this time, a breath suddenly poured into the channel. The appearance of the breath made Ye Chen and others like a big enemy and dissipated. If someone came to ask for trouble at this time, it would be terrible.

But ye Chen is more worried that Zhou Zhuangzi and others have seen through the disguise of cold inquiry. If they make a comeback, they will die.

But at the moment, Wei Ying's face was stunned, and then she looked at the cold eyed people and said, "you don't have to worry. It's your own people."

"My own people?"

Smell speech, ye Chen a Zheng, immediately see Bai Er run out from the channel.

Bai'er follows Wei Ying's advice and goes to the nine dead place to look for ye Chen, but she can't find her at all. Then she realizes that Wei Ying's position is changing and her breath is weak, so she is eager to find her here.

At the moment, seeing that Wei Ying is OK, Bai Er can't help but feel relieved. At the same time, she also sees Ye Chen.

"Why are you here?"

Bai'er looks at Ye Chen for a moment. The next moment he thinks of the jade box that Wei Ying gives himself, so he takes it out and prepares to give it to Ye Chen.

"This is for you. The palace master asked me to give it to..."

Bai'er's words have not finished, the jade box just took a hand, then feel a breeze, directly take away the jade box.

"Palace master?"

Bai'er sees the man who took the jade box and can't help but look at Wei Ying.

Wei Ying looks at Bai'er, but her pretty face under the veil is a little flustered. She can't help but stare at Bai'er fiercely.

"Since I'm ok, I don't have to take it out."

Wei Ying is busy putting away the jade box. In order to cover up the tension at the moment, Wei Ying deliberately doesn't go to see ye Chen.

In fact, there is a letter in the jade box. The content of the letter is what Wei Ying wants to Tell ye Chen. It also reveals her identity. She is Wei Ying, a teacher at Beijing Normal University.

Originally, Wei Ying was worried about her death, so she wanted to confess everything, but now that she is OK, she can't Tell ye Chen.

At the moment, ye Chen looks at Wei Ying's strange appearance and frowns. What is in the jade box makes him curious.

"Who is this mysterious woman? Why does she feel more and more like that guy in China..."

Ye Chen thought of Wei Ying's eyes looking at him before. The familiar feeling made him more curious.

Since Bai'er also found here, the people have gathered, this mysterious ancient city is not a place to stay for a long time, ye Chen and others immediately left.

Wei Ying and Wu mang are seriously injured, and the emperor and Junmo are also attacked. At the moment, they find another place to hide. They set a ban to block others' perception. They begin to regulate their breathing and recuperate. Ye Chen and Bai'er are on guard.

A few days later, Wei Ying recovered from her wounds and walked out of the cave.

At the moment, Wei Ying sat on the awn, looked at Ye Chen and said, "the situation outside the territory is extremely complicated, far beyond your imagination. You are a guy who causes trouble everywhere. It's better to stop."Hearing this, ye Chen can't help crying and laughing, touching his nose, some speechless.

Han Wenxin said this, but Wei Ying did not expect that. Ye Chen could not help but wonder if he was really a troublemaker?

Wei Ying is ready to leave. Before leaving, she instructs Ye Chen. When they communicate, Wei Ying reveals a surprising news to Ye Chen.

"I witnessed the battle between Xuanyuan moxie and ye luo'er in the passage. In fact, I could have saved ye luo'er..."

Wei Ying said here, some helpless, "but at that time, there were strong men chasing me, and I would probably implicate ye luo'er."

"I met lol in the middle of my death, but something happened that separated me from her for a while."

Ye Chen thinks of the reverence of Hanyuan and the strong man in the mouth of mysterious existence, which makes him separate from ye luo'er, and does not know how ye luo'er is at the moment.

Although Ye Chen believes in the mysterious existence and thinks that ye luo'er should be out of danger, he has some worries in his heart. At this moment, he is thinking about returning to the realm of nine deaths.

But at this moment, Wei Ying went on to say: "I saw ye luo'er and Xuan Yuan Mo Xie's fighting process, ye luo'er captured Xuanyuan Mo Xie's Chongguang Shenxia palace, but Chongguang Shenxia palace may only be opened by Xuanyuan moxie."

"Chongguang Shenxia palace fell into luo'er's hands?"

When ye Chen heard this, he could not help but see the color of disbelief. He had always wanted to rescue the trapped powers from Xuanyuan moxie, and these powers were in Chongguang Shenxia palace. What was extremely important to him was in ye luo'er's hands!

Chapter 3603

It's just a pity that ye luo'er is not in a normal state now. He obviously doesn't know ye Chen any more. He even hates Ye Chen very much. They can't recognize each other. Otherwise, when ye luo'er sees Ye Chen, he may hand over Chongguang Shenxia palace to Ye Chen.

Ye Chen gets a lot of news from Wei Ying, and Wei Ying also learns about ye luo'er from ye Chen. At the moment, she hears that ye luo'er may still be in the state of death. Wei Ying also gives up the idea of leaving and plans to follow Ye Chen to the nine dead place to find Ye luo'er.

Everyone's injuries have recovered. Even Wei Ying's damaged foundation with Jue Han mietian's strength has been completely solved because of Ye Chen's blood treatment. Without any worries, they set out directly.

The ancient city of death and all things related to the situation of nine deaths were destroyed by the war. At this moment, it is no longer a vague place, and its position has been fixed.

To return to the ruins of the ancient city is no longer a waste of time.

Wei Ying's identity needs to be kept secret. There are countless people staring at her to get the secret of juechan emperor Zun from her. Therefore, Wei Ying changed her breath and appearance by using the technique, which would not attract the attention of those who have the intention.

In the past, the reason why I entered the realm of nine deaths was that there was an old man who helped to open the door to the realm of nine deaths. But now that the old man has fallen, ye Chen is a little troubled. How can he enter the realm of nine deaths.

A group of people searched for a moment in the situation of death, but finally found clues in the body of the dead old man. The old man was stabbed on the wall with a long gun. At the moment, the place where he was pierced was overflowing with endless and mighty breath of death.

The dead air is so strong that when you get close to it, you can feel as if there is an endless world of death in it. The dead breath is exactly the same as the breath in the territory of nine deaths.

"This is the entrance to the realm of death."

Ye Chen's eyes flashed, bowed to the old man's body, and then pointed to the wound position on his body.

"Hum!"

Endless death swept out. At the moment, the old man turned into fly ash, and a miraculous door appeared in front of everyone.

The gate of the old man's body is standing in front of him. This is the entrance to the realm of nine deaths.

As the guardian of the gate of death, the old man opens the entrance of the nine death realm for all the people who enter the ancient city of death. Even if the body falls down, he is still carrying on his duty. The spirit of incarnating the gate of the nine death state is touching people's mind.

Then, the crowd saluted the old man again, and then stepped into the realm of nine deaths.

Since then, the situation of nine deaths is no longer illusory and needs to be pursued constantly. Everyone who comes here can enter the realm of nine deaths.

At this moment, ye Chen and others enter the realm of nine deaths, and a great deal of stillness is sweeping in. However, with the last experience, no one has been affected.

Every time we enter the realm of nine deaths, people appear in different places. This time, it is also the same. It is a completely strange place.

Ye Chen looks at the mighty rivers running around. There are eight rivers crossing around here. This is the intersection of rivers, and this intersection is condensed into a strange rune, containing the supreme charm.

"This place is not simple."

Ye Chen's eyes twinkle, in the heart this is very clear, and other people are also interested in looking at.

There are hidden secrets, even terrible secrets, but the purpose of Ye Chen and others in entering the realm of nine deaths is not to explore secrets.

At the same time, ye Chen also follows Wei Ying's and Han's advice, preparing to make less trouble, so he doesn't stay here for a long time and leaves directly.

But after ye Chen and others left, in the mountains, Xuanyuan moxie at the source of the waterfall suddenly opened his eyes.

"I actually noticed Ye Chen's breath again!"

Xuanyuan Mo Xie's killing intention is rolling. He doesn't know that the place where ye Chen and others have just appeared is actually a part of this space.

In other words, the space he is in is the gathering place of the source of water in the land of nine deaths, and the source force of water also needs to have foundations. These foundations are the numerous Yangtze rivers in the territory of nine deaths.

All the water sources in the territory of nine deaths originate from the eight rivers where ye Chen was just located. These eight rivers are related to the space where Xuanyuan moxie is located, so he can detect the breath of Ye Chen.

"It will be some time before I can fully understand the power of water."

Xuanyuan ink evil eyes of killing circulation, feeling around the mighty source of water, again slowly closed his eyes.

"When I become a great success, ye Chen, that's when you die!"

At the same time, Xuanyuan moxie also thought of his own Chongguang Shenxia palace and what ye lu'o'er had done when he was seriously injured. The breath of Xuanyuan moxie was shocked again.

"And you, the evil dragon, should die

.....

In the situation of nine deaths, ye Chen and others came to the place where ye lu'o'er met before, but now there is no trace of Ye lu'o'er.

"The man is gone." Looking at Ye Chen with a gloomy face,

"well."

Ye Chen nods slowly, and there is still a faint smell of blood and resentment between heaven and earth at this moment.

The smell of blood is the taste of dragon blood, and the resentment also gives Ye Chen a familiar feeling.

"The dragon that hijacked Luo'er was killed, but it doesn't look like Luo'er did it."

Ye Chen's eyebrows are slightly raised, and there is still a lot of dragon blood on the ground. Ye Luo'er's hand is generally direct, and his body and spirit are destroyed. He will not leave such a heavy mark. Such a killing method seems to be deliberately punishing.

At the same time, there is a strong and incomparable breath between heaven and earth, which proves that there were strong people coming here.

Among them, the spirit of Hanyuanzhi's body and mysterious existence are both there, but there are some other people's breath, which is also the dragon family.

"What the hell is going on here?" Ye Chen's eyes flash, he wants to use the magic hole to see through the cause and effect, but at the moment it is a little fuzzy.

"Let me try."

When Ye Chen is ready to use the method of six samsara, Wei Ying is one step forward and says.

On hearing this, Ye Chen did not refuse. She looked at Wei Ying with a little curiosity. Wei Ying's methods came out in endlessly. As the master of Juechan Emperor's palace, Wei Ying might have spied on what had happened here.

"Heaven and earth are infinite. It's extremely cold. A sword breaks the Cang. Now!"

Wei Ying yelled in a low voice, and suddenly appeared a long sword with vicissitudes in her hand. The sword exuded endless power and profound spirit of heaven and earth. It seemed that all the secrets between heaven and earth were on this sword.

At the moment, a ray of light bloomed from the long sword, and the grand and majestic breath flowed. Endless opportunities loomed between heaven and earth. Dark clouds gathered on the sky, and thunder surged.

Chapter 3604

"Boom

A loud noise, the void suddenly burst, and then a scene appeared in front of Ye Chen.

This seems to be a replay of everything at the beginning. Ye Chen can even see that he and the devil emperor are fighting against the dragon who hijacked ye lu'er.

At the same time, Jun Mo curiously reaches out to touch himself in these scenes, but it turns into green smoke and condenses again.

"Don't touch it." At the moment, small white eyes stare, looking at Jun Mo not good gas said.

See, Jun Mo embarrassed smile, took back the palm.

At this time, the scene flows quickly in Wei Ying's mind. In a flash, ye Chen's three people are sent away from the nine dead by mysterious existence, and all the follow-up is also in front of them.

A group of strong breath, together can even lead to the sky color change strong person to come.

As soon as these strong men appeared, they killed the dragon who hijacked ye lu'er, and even knelt down to ye lu'er. In order to gain her trust, they were willing to hand over their spirits and blood essence and sign a soul contract with her.

Seeing this scene, all the people present can't help but sigh. Ye lu'er's luck is so strong that she kneels down to her master and even takes her home.

For a moment, we were all dreaming. I'm afraid that the background of Ye Luo'er is terrible, even the supreme family of heaven and man. Such power can even shake the whole world.

"I didn't expect Luo'er to have such an opportunity."

Ye Chen's eyes flashed and he couldn't help sighing. In this way, he didn't have to worry about the safety of Ye Luo'er. With such a group of strong men guarding him, he even returned to the more powerful and mysterious family behind him. Ye Chen didn't need to worry about Ye Luo'er's safety.

However, Ye Chen is also guessing what happened to Ye Luo'er, which makes her look like this, and also leads to these people behind Ye Luo'er, and even which family may represent the supreme existence.

"Ancestral dragon blood..."

Wei Ying's eyes flashed at the moment, and she vaguely remembered the word, which represents a strong force.

At this moment, Ye Chen is calm and ready to leave. However, Wei Ying looks at Ye Chen and conveys a message to Ye Chen again.

"By the way, I met Ye Luo Er in the kingdom of God. When her memory revived for a while, she told me that her memory was sealed."

Wei Ying looks at Ye Chen to see if Ye Chen understands this.

"Well."

Hearing this, Ye Chen looks slightly heavy and nods slowly. Ye Luo'er doesn't seem to know himself at all. He also guesses what may happen to Ye Luo'er.

"It's all about all this," he said

Wei Ying then said in a quiet voice.

"What do you mean?"

Ye Chen raised his eyebrows, and his breath flowed, and there was a vast breath of reincarnation. This was the situation that his mind was affected, and even Wei Ying's words triggered some things left behind in previous lives.

Aware of the fluctuations in her body, ye Chen also has a twinkle in her eyes. She knows that Wei Ying must be very important to herself.

"Only when she wants to break through the seal of blood, can she break the seal of blood."

Hearing this, ye Chen can't help shaking his head. The family behind ye luo'er is so strong that I'm afraid her blood is also very strong. It must be very difficult to break through the blood force.

"And the other one?"

Ye Chen immediately looked at Wei Ying and asked.

"The heart of the holy source!"

Wei Ying's eyes were deep, and then she began to say that she did not know much about the heart of the holy source at first, but in the course of the following, the more rumors she heard about the heart of the holy source, the clearer she knew what the heart of the holy source was.

As soon as the four words of "heart of the holy source" appeared, it even caused strange phenomena outside the territory. The sky was shaking and endless inexplicable rules swept down, as if to directly erase Ye Chen and others.

"Go away!"

Seeing this scene, ye Chen suddenly burst into a rage, and his fury and incomparable momentum broke out, and he even drank back the mysterious rules.

At this moment, everyone's eyes are focused on Ye Chen, but ye Chen frowns with a little doubt. The power of this rule makes him feel very familiar, so he can't help but drink and retreat. Unexpectedly, the fluctuation of the rule actually goes away.

Wei Ying took a deep look at Ye Chen, and her surprise gradually faded away. Then she said, "in fact, I exposed my identity to help ye Luo'er find the heart of the holy source."

"It's just a pity that the heart of the holy source has not been found, and the numerous troubles caused by the exposure of my identity also make me have no time to look for it again."

"But I have heard an important message about the heart of the holy source, which may be useful."

When it comes to Wei Ying's simple face, it is obvious that there is something behind Wei's face.

"What's the message?" Ye Chen sees the shape in the heart to move, on the body mighty Hongmeng breath circulation, opens the mouth to ask a way.

"Liudaozong!"

Three words out, the presence of all but ye Chen, all face slightly changed, as if this clan represents the supreme taboo general, let people mind concussion.

"What is the force of the six Daoists?"

When ye Chen saw this scene, he couldn't help being surprised. Vaguely, he felt that the six Taoism sects had a mysterious connection with himself, which was probably related to the previous life.

"Liudaozong is a mysterious sect outside the territory. In ancient times, liudaozong was one of the top powers in foreign countries. No one can shake its status and strength, and its scenery is unlimited."

"It is said that the last time the heart of the holy source appeared was related to the six Taoism schools."

Wei Ying's eyes moved, and then said: "it is said that in ancient times, Yin Zunxiao, the seventh patriarch of liudaozong, and Shengyuan's heart disappeared mysteriously. From then on, the liudaozong declined even more, and the heart of Shengyuan never appeared again."

"Up to now, it has not been decided whether Yin Zunxiao, the seventh patriarch of liudaozong, is alive or dead. Where has the heart of Shengyuan gone and whether it is still in the hands of Yin Zunxiao has become an unsolved mystery."

"Is liudaozong in decline now?"

Ye Chen's eyebrows are slightly raised. The name of the sect has a lot to do with himself. He wants to see if it really has something to do with himself.

It seems to be aware of what ye Chen is thinking. Wei Ying takes a deep look at Ye Chen and then says, "liudaozong is really declining now."

"If it had not been for the presence of several powerful elders in the town and the protection of several close friends of the original almost invincible patriarch, the liudaozong would have been removed from the ranks of foreign forces."

"However, it is said that the founder of the six schools has a great source with the reincarnation master."

"Oh?"

Ye Chen heard this eyebrow a pick, he is concerned about the information is this.

Chapter 3605

"The founder of the six schools was once the worst disciple of the reincarnation master. As a disciple of the reincarnation master, he caused a lot of troubles for the reincarnation master. However, the grandmaster's heart to the reincarnation Lord is incomparably loyal. The sect's name is liudaozong, which is to pay tribute to the master's idea of reincarnation."

Hearing this, ye Chen's heart beat faster at the moment. Inexplicable emotions appeared in his mind, which seemed to be sadness and also seemed to be missing.

Such a situation has never happened, so that ye Chen is very surprised, and even gives birth to a sense of fear, all of which come too suddenly, so that he can not prevent some measures.

At the moment, people did not see the strange situation of Ye Chen. After all, it was the problem in his mind, which others could not see through.

Wei Ying went on to say at the moment: "once the prestige of liudaozong covered the whole territory, and it was a veritable super power. However, with the disappearance of Yin Zunxiao, the seventh patriarch, and the suspicion of many forces on the heart of Shengyuan, the status of liudaozong has gone down sharply, which has been criticized by thousands of people for a time."

"Under such circumstances, the former Supreme super power began to decline and decline, and even finally was driven out of heaven and man domain and demoted to the moon soul domain."

"Today's liudaozong can only be maintained under the protection of a few elders and good friends of their ancestors, and they will no longer have the glory of the past."

Hearing this, people can't help but sigh. The emperor Zha Tianmo knows something about this period of history. At the moment, he can't help but sigh in his heart.

The former Supreme super power has finally turned into this picture, which makes people feel that the changes of the world are unexpected.

But at this moment, when people sigh, ye Chen feels that the mood fluctuation in his mind is more and more intense, and even constantly looms out one picture after another. The unknown fuzzy memory flows into his mind, which makes him feel intense headache.

This unknown fuzzy memory seems to have something to do with liudaozong. Ye Chen struggles to resist the endless pain in his mind, but he can't resist it at all. At the next moment, he suddenly falls into a coma.

"Ye Chen!"

Seeing ye Chen fall suddenly, Wei Ying's face changes greatly. She hugs Ye Chen into her arms and looks at Ye Chen worried.

At the moment, the dark devil emperor and others can't help but look dignified, worried about ye Chen's condition, and don't know what ye Chen has encountered and will suddenly faint.

Later, Wei Ying investigates Ye Chen's condition and finds that although Ye Chen is in a coma, there is no danger. She can't help but breathe a sigh of relief.

At the same time, in Ye Chen's mind, a segment of memory constantly emerged, he remembered some very important things.

This is the memory of Ye Chen, the master of reincarnation. In his memory, ye Chen had only received six apprentices in his whole life. However, in his mind, he only has the memory of the master of the six patriarchs.

Liu Daotian Zun, the former master of liudaozong, was originally named Xiao shuihan. He was an unexpected disciple of Ye Chen's previous life and the master of reincarnation. He was very mischievous by nature. He often made troubles and caused troubles everywhere. If ye Chen's previous life was not famous, he would have been killed before he rose.

Later, because of the cause and effect, the reincarnation master wanted Xiao shuihan to set foot on the right path, teach him martial arts and techniques, and even guide him to be a man and teach him as his own child.

Only in the process of teaching, the reincarnation master found that Xiao shuihan's talent was extremely amazing, which was rare in the world. However, Xiao shuihan's nature was too aggressive, and his personality was isolated. He didn't associate with others, and he didn't get along well with his brothers.

Later, Xiao shuihan became stronger and stronger under the guidance of the reincarnation master, but his character was always the same. He made trouble constantly. Even because of an accident, he even severely damaged a senior brother.

The reincarnation Lord was furious at the news, and felt that Xiao shuihan could not be saved. Therefore, he did not give Xiao shuihan an opportunity to explain, and even deprived him of the qualification to explain, so he was directly expelled from the hall.

until later, the reincarnation was able to understand the truth of the matter. The disciple, who had been hard hit by Xiao Shui and cold, had already become the eye liner of Xuan Ji month, and was even used to deal with himself by Xuan Ji moon.

Xiao shuihan found a problem in an accident and realized the clue. Therefore, he had a dispute with the other party, which led to a fierce fight. Unfortunately, he was directly expelled by the reincarnation Lord.

But not long after Xiao shuihan was expelled from Ye's family, it was reported that the reincarnation Lord was joined by xuanjiyue and Emperor Yuandian to fight against the fall.

After ten years of seclusion, Xiao shuihan's strength improved rapidly again. Ten years later, he quietly established the liudaozong, and gradually led the liudaozong to become the top force outside the territory.

Xiao shuihan created a great cause worthy of eternal praise, but also did not forget the hatred of the master of reincarnation.

Half a year later, Xiao shuihan reached the peak and directly challenged xuanjiyue.

At that time, Xiao shuihan challenged xuanjiyue at his peak, which shocked the whole world and the upper world.

Then, the two broke out an extremely terrible war, and even plunged the whole territory into endless darkness, as if the hell covered the outside world.

After the war, Xuan Jiyue was severely injured, while Xiao shuihan did not know whether he was alive or dead. There was no news of him in the world. According to the speculation of people with intentions, Xiao shuihan was probably killed or trapped by xuanjiyue. Since the war, Xiao shuihan has disappeared mysteriously, and the status of the liudaozong has suddenly declined. Fortunately, the liudaozong still has the martial arts, insights, and several powerful disciples left by Xiao shuihan. This has enabled the liudaozong to sit in the position of the supreme super power for a hundred years.

In the years after that, Yin Zunxiao and the heart of Shengyuan disappeared together with liudaozong. So far, liudaozong fell sharply, and the prestige and strength of super power no longer existed.

In his mind, scenes of memories are still emerging. Ye Chen thinks of his first teaching of Xiao shuihan's martial arts doctrine. He remembers his joyful smiling face and his stubborn refusal to admit his mistakes when he first made trouble.

There are many memories of getting along with Xiao shuihan in my mind, some warm and some angry.

Gradually, these memories no longer emerge, everything becomes blurred, ye Chen's eyes tremble, the next moment open his eyes.

"Ye Chen, are you ok?"

Seeing ye Chen wake up, Wei Ying immediately comes forward and asks with concern.

When ye Chen was in a coma, Wei Ying and others were watching over Ye Chen. They also found that ye Chen was constantly filled with mysterious waves, which contained supreme pressure, as if the Supreme Master who suppressed the universe had come to Ye Chen.

Therefore, although Wei Ying knew that ye Chen was in a coma by accident, and even got a big chance, ye Chen was after all the one whom Wei Ying cared about, and how could she feel a little nervous at the moment.

Chapter 3606

"I'm fine."

Ye Chen shakes his head and stands up from the stone bed. The severe headache before coma has not completely dissipated at the moment, which makes him feel a little uncomfortable.

Thinking of those memories in his mind, ye Chen can't help but sigh. Xiao shuihan was his worst disciple in his previous life.

Xiao shuihan is mischievous and makes trouble everywhere. He is like a devil in the world. Even his painstaking teaching can hardly change his mind.

It's just unexpected that Xiao shuihan was the most righteous and passionate existence after his own fall in the previous life. He even fought with xuanjiyue for his own sake. Up to now, his whereabouts are unknown and his life and death are uncertain.

"Alas..."

When he thought of this, ye Chen could not help feeling a little disappointed. He thought that when Xiao shuihan was young, he once boasted to tell himself in his previous life that he wanted to establish the first sect outside the territory and be above the heavens.

At the same time, Xiao shuihan also mentioned with the reincarnation master of the previous life, hoping that when his clan was established, the reincarnation master of the previous life could come in person.

At that time, the reincarnation master didn't think it was Xiao shuihan's joke and agreed to come down.

But unexpectedly, not until Xiao shuihan established his ancestral clan, the reincarnation master of the previous life will fall, and Xiao shuihan's wish finally failed to come true.

All this makes Ye Chen quite moved. What Xiao shuihan did when he fell down made Ye Chen clear how sincere this disciple was to his friendship.

"Xiao, master promise you that this time, master will not let you down again. You must fulfill your wish and make liudaozong the first sect in foreign countries!"

Ye Chen's eyes trembled, and he made a vow in his heart. At the moment, there were thunder blasts in the sky, and the fierce and mighty power of heaven was diffused. It was Ye Chen's great ambition that caused the turbulence of the rules of heaven and earth.

"Hum!"

Looking at the shaking sky, ye Chen's eyes flashed a chill, "I will do it, even I will let liudaozong crush the emperor yuan hall and xuanjiyue, trample them under their feet, and become the first immortal gate!"

At this moment, ye Chen's mind, let the world concussion, itself also broke out a terrible momentum.

Invincible majesty swept out, and ye Chen seemed to be above the sky, overlooking the world and despising everything, just like an eternal invincible supreme.

All of a sudden, a strange feeling came from his body, and he was about to break through!

He had been close to the four levels of heaven and God, experienced the nine death state, combined with the perception of the past life, which made him break through without shackles!

His breath keeps climbing!

Above the sky, lightning and thunder!

Reflecting a figure that is superior to the world!

Almost instantaneously, ye Chen broke through the four layers of heaven and God realm!

Even towards the five layers of heaven and God!

It's just a pity that without formally stepping into this layer, the breath of breakthrough stops.

Ye Chen opened his eyes and sighed: "it's a pity that it's just four layers of sky. There's still half a step away from the five layers..."

"But it won't be long."

In Ye Chen's emotion, in the evil sword, a cold female voice rings out!

"Boy, you can be content. The samsara blood itself can suppress cultivation and breakthrough. The time difference between you and the last breakthrough is so short. If you are heard by a foreign warrior, you will be very angry."

Xuanhan jade!

Ye Chen is a little surprised. Unexpectedly, Xuan Hanyu wakes up again!

"Xuanxianzi, you wake up again!"

Hearing Ye Chen's voice, xuanhanyu said faintly: "I'm very suitable for foreign countries. Outside the territory, my strength recovers faster. In addition, the array of the demon Wutian before is too useful for me."

"By the way, when it comes to your breakthrough, although you are only crossing the fourth layer of heaven, the first three layers are just the early stage of the heaven God realm. From the fourth layer of the heaven God realm, you are officially entering the middle stage of the heaven God realm. This has brought about earth shaking changes for you, and these changes are not limited to cultivation and strength."

Ye Chen slightly a joy, excited way: "really?"

Xuanhanyu continued: "why should I cheat you? You can feel your spirit, your soul way

Ye Chen closed his eyes, slightly feel, the next second, the eyes show incomparable excitement!

His spirit, his soul way, the increase of the range is incredible!

It can even be said that in the aspect of soul path, it can crush the strong at the early stage of sky mending!

Xuanhanyu rarely showed a smile, but soon Convergence: "and! The seal has been lifted. Although you can't exert the power of the sword, the sword will become stronger every time you advance! If you don't believe it, you can feel the evil sword

Ye Chen no longer hesitates, his eyes fall on the evil sword of samsara cemetery!

Sure enough!

At the moment, the breath of Sha Jian is more and more frightening!

Even with a sense of mystery!"Ye Chen, what's more, if you use the spirit devouring and destroying Shinto, you can feel the growth of terror brought about by your breakthrough! Now you are faced with some weak level of sky mending. You should be able to shake a little bit! "

Ye Chen never thought that this breakthrough has brought such a great harvest!

That's great!

"Well, the palace will continue to sleep for a while, something will naturally come out."

The next second, the sound in Sha sword returns to calm.

When Wei Ying and others saw this scene, they couldn't help but show a different color. They didn't know why Ye Chen was in a coma. After waking up, why did he burst out such a terrible momentum? It was a breakthrough!

In particular, Junmo and Xiaobai are frightened and inexplicably staring. Ye Chen's momentum at the moment even makes them have the impulse to fall to the ground and kneel down.

At this moment, ye Chen is also aware of his momentum, which may cause trouble, and then restore calm, looking at Wei Ying and others.

"Since the heart of the holy source may have something to do with liudaozong, I decided to go to liudaozong."

Ye Chen said with calm eyes. In fact, he went to liudaozong not only for the heart of Shengyuan, but also wanted to see the sect gate established by Xiao shuihan. How is it now.

"In that case, I'm going to leave. I'll also pay attention to the heart of the holy source, but at present I have to leave to deal with some other things."

When Wei Ying heard the speech, she said that it was only her excuse. The real reason for her leaving was that she didn't want those foreign forces who pursued and killed her to bring disaster to Ye Chen.

Hearing this, ye Chen took a deep look at Wei Ying, then nodded and said, "OK, if you are in trouble, please contact me, I will help you."

"Good."

Wei Ying's eyebrows and eyes appear a smile, and then ride on the dark, with Xiaobai left here.

Then, ye Chen looks at the cover the sky evil emperor and the gentleman Mo, but sees that covers the sky evil emperor at the moment actually is the face to show the pondering color, seems to have received what news.

"What's the matter?"

Ye Chen eyebrow tiny pick, open mouth asks a way.

Chapter 3607

"Ha ha, I asked the blood dragon to use the power of Dragon Valley to help investigate the treasures that can recast the blood body. Just now the blood dragon told me the news and found such a good thing."

Hearing this, Jun Mo can't help but be stunned. He can't believe it. He is very clear that ye Chen and Zha Tianmo Di can't use the treasure to recast the blood and quiet body. Zha Tian Mo Di's investigation is obviously for him.

Originally, after the Jade Emperor had refined the heart of Xueyou, Junmo didn't hope to recast the ancient Xueyou style. However, he didn't expect that the seemingly silent and even indifferent Zha Tianmo emperor would be so interested and help investigate these things.

"Oh? I don't know what it is. "

Ye Chen hears the speech and is not surprised. The dark emperor did this because he recognized Junmo, but he was curious about the treasure.

After all, it is extremely extraordinary that the heart of blood you can make the emperor of covering the sky break through the sky mending realm. Even if he killed the enemy's heart in the past, other treasures that can rebuild the ancient blood you body are not simple.

Hearing Ye Chen ask what can be recast Xueyou ancient body, Zha Tianmo Di explains it.

It turns out that the dragon clan sent by Xuelong to longzhigu can recast the treasures of Xueyou ancient body, but nothing is found. It was originally determined that only Xueyou heart can recast Xueyou ancient body, so it is ready to give up.

However, an elder of the dragon clan found information about Xueyou ancient style from an ancient book, which said that there were many things that could be recast.

Most of these things are hard to find nowadays, only a few of them are left, and some news is still spreading in the world.

The blood dragon discovered one of them, named Xueyou mangrove, which is a kind of strange tree containing ancient blood. Recently, news has spread and even attracted many people's covet.

"Blood you mangrove?"

Jun Mo's eyes flashed when he heard this. He vaguely remembered that xuezun had indeed mentioned such an ancient tree. However, as the heart of Xueyou in the land of nine deaths, it was mysterious and elusive, and it was hard to find it. Now there was news that the blood you mangrove was born.

"This opportunity must be grasped."

When ye Chen heard this, he nodded slightly. Because of an accident, Junmo had already lost his heart of Xueyou. Now he has a treasure that can recast Xueyou ancient style. He must not miss it again.

"In this case, I will go to liudaozong alone to capture the mangrove with Junmo."

Ye Chen then said.

"Foreign forces are complicated. I'm afraid you will be in danger if you are alone. Let's go together."

Jun Mo hears speech in the eye flash a wipe firm, then open a mouth to say.

Xueyou mangrove is indeed very important to him. It is his long cherished wish to recast Xueyou ancient style, but even so, he is willing to give up.

Hearing this, ye Chen couldn't help smiling, then shook his head and said, "don't worry, my means are more than what you see. It's complicated in foreign countries, but it's impossible to put me in a dilemma. What's more, there's a real danger. I'll contact you."

Smell speech, Jun Mo still want to say what, cover the sky evil emperor is to put a hand, look to Jun mo.

"Let's go. This boy is not as simple as it seems. Instead of worrying about him, we should think more about how to win the bloody mangrove tree. After all, I've got news that many powerful forces have already targeted this ancient tree."

At this moment, Jun Mo eyes can not help flashing a touch of gratitude, deeply looked at Ye Chen two people one eye, then solemnly clasped fist.

"In this case, I will go to look for Xueyou mangrove. If you are in trouble, please let me know."

Jun Mo looks at Ye Chen to say.

"Good."

Ye Chen nodded his head slowly, and then said goodbye to Zha Tianmo. After that, they parted ways. Zha Tianmo and Junmo went to the valley of the dragon to find out more accurate information about the blood dragon. Ye Chen went to the moon soul region and prepared to go to liudaozong.

Ye Chen's current position is in the xingxuan domain, which is much worse than that in the moon soul domain. Ye Chen appears to be a warrior in the heaven God realm. He is extremely insignificant in the xingxuan domain, and I'm afraid it is even more so in the moon soul domain.

However, ye Chen doesn't care about all of these, what's more, ye Chen's real strength is not so, his realm is lower, but he is better camouflage and can be less troublesome.

Along the way, ye Chen did not delay any time, while inquiring about Xia Ruoxue's news, he went to the moon soul region.

It's too big for ye Chen to know anything about Xia Ruoxue, but he is close to the moon soul domain.

He remembered something, picked up a jade pendant and murmured, "I don't know if Ling Tian has arrived in China. I'll go back to China. I'll wait for his news. I hope the change of aura is not serious."

"But Lingtian's strength should be invincible in China."

Ye Chen's expectations are somewhat uncertain after all.

.....

China, Qinghai, Yuning county.

Yuning county is surrounded by mountains and has a small population. It was originally a place of seclusion. However, because there are colorful clouds and mirages over the years, it has entered the

public's view. But ten years ago, for some unknown reason, an earthquake broke out here. It is said that there are monuments in the world. This place is protected for the first time and tourists are not allowed to visit it.

At the moment, there are auspicious clouds in the sky of Yuning county.

If you look closely, you will find a faint crack in the void above.

The so-called auspicious cloud is just the aura flowing out of the crack.

But under the auspicious cloud, actually appeared a grotto entrance.

The roar of wild animals is faintly heard in the grottoes, which makes the silent place more and more dangerous.

Not far from the grotto, a military green SUV slowly stopped.

A capable woman in camouflage dress came down from the driver's seat and looked at the grottoes with a slight frown.

She is the dragon soul captain Jin Lengyan.

And the co driver's door slowly opened, a black casual clothes ye Lingtian also walked down.

Although ye Lingtian now has the qualification to span thousands of miles, the rules here have become somewhat special. Moreover, if he uses the magic of the divine Kingdom, it will also have some impact on China. He simply drives with Jin Lengyan.

Ye Lingtian looked at the cave and said, "Captain Jin, are you sure yuan Daofeng appeared here not long ago?"

Jin Lengyan nodded: "I don't know what kind of medicine is sold in Yuan Daofeng's gourd. This place has been protected by the government before. Although it's some special, it should not be in Yuan Daofeng's eyes."

Ye Lingtian closed his eyes and felt slightly. His spiritual consciousness slowly entered the cave.

It penetrated tens of thousands of meters without any obstacles.

Suddenly! What happened to his spiritual touch! A great force of restraint came upon him!

As a matter of fact, China's prohibition should have no effect on him!

But at the moment, he found that the prohibition here even exceeded the understanding of the kingdom of God!

How could that be possible!

Chapter 3608

When he just returned to China, he found the symbol of the palace of emperor yuan. It seemed that the people above had interfered in Huaxia!

Just then, he heard a yell in his ear!

"Who are you?"

In the next second, a black fog turns into a giant dragon and rushes towards ye Lingtian's spiritual consciousness!

Ye Lingtian wanted to take it back, but it was too late!

Ye Lingtian outside the grottoes stepped back and looked very dignified!

Gold Lengyan found the situation, and quickly asked: "Ye elder, what's the matter?"

Ye Ling said: "there are people under the grottoes! It should not be the existence of China... "

Jin Lengyan's face sank and thought of something. He asked, "do you want to inform Mr. Ye?"

Ye Lingtian heard these words, hesitated for a few seconds, but finally shook his head: "wait a second, if I can solve it, don't bother the hall master."

"I can't solve it, but I feel like..."

"Let's go and see the grottoes."

The next moment, the two figures jump into the grottoes and are completely engulfed by the darkness.

.....

Overseas, xingxuan.

In the ocean, there is a huge peak that connects the sky, standing among them. Here, it is the place of the Shenshen peak.

It has been some time since Ye Chen killed Song Ziqing, the God master of refining Shenfeng, at the meeting of marriage recruitment. Originally, because of losing several elders, Lianshen peak, which once tended to fall apart, has gradually taken a turn for the better in this short half a month. The order of refining Shenfeng is slowly recovering, and those who are frustrated and want to leave the sect for a time Disciple, also gradually to refine the spirit peak, rekindled the faith.

All this, of course, is because of Ye Chen!

After the first World War of refining God peak, ye Chen became famous in the xingxuan area. He was an immortal demon who took the cultivation of God, killed the strong man in the later period of the holy ancestral realm, mastered the destruction of the Shinto, and the vitality against the heaven. It's hard to be famous if you don't want to be famous!

This fame naturally attracted the attention of some xingxuan forces.

However, it is strange that ye Chen disappeared mysteriously after the first battle of the refining peak

Those big forces, although they were eager to see through the legendary demons, did not idle when they could not find them for a while, but chose to make friends with the refining God peak!

After all, the relationship between Ye Chen and Jin Shuhui is obvious to all. Now the God of refining God peak has been succeeded by Lan Ying, Jin Shuhui's master. Jin Shuhui is basically sure to be the next God. Making good friends with jinshuhui is one of the necessary means to close the relationship with Ye Chen!

Not only to Lian Shenfeng sent a lot of gifts, and even some zongmen have put forward an alliance invitation to Lan Ying!

Originally, Lian Shenfeng, whose strength has been greatly reduced, has no chance to hold on to this base industry, but because of Ye Chen's existence, everything has changed

Even if there are forces that don't believe in evil and don't fear the name of "cruel man" Ye Chen, and want to embezzle the foundation of refining Shenfeng, you have to be wary of these forces that have made friends with lianshenfeng?

Therefore, for a while, those disciples who had lost faith in refining Shenfeng gradually regained hope.

After all, according to the current form of development, within a hundred years, it is difficult to refine Shenfeng if you want to grow or not!

It can be said that although Song Ziqing died and several elders were expelled, it was a blessing in disguise for Lian Shenfeng.

At this moment, in a secret room of Lianshen peak, a gentle woman's fingers are rubbing against a golden pearl, and a complex color appears in her beautiful eyes.

This woman is Lan Ying.

The golden pearl in Lan Ying's hand is called the golden pearl of calming the spirit. It has the power of stabilizing the spirit and improving the speed of soul cultivation. It is also one of the treasures taken from LAN family by the Song family

After killing Song Ziqing, Ye Chen also returns some of the blue family's belongings to Lan Ying. After all, those things are nothing important to Ye Chen. Besides, Lan Ying is Jin Shuhui's teacher, and also gives Ye Chen some spirit refining tools, which brings him a lot of opportunities.

Since this period of time, the only thing Lan Ying has done is to refine this calming gold bead!

Looking at the golden pearl in her hand, she murmured: "Song Ziqing, although you Song family has mastered the golden pearl of tranquility for countless years, it is ridiculous that, over the years, you have not found the real role of this treasure. Even if those in Xingxuan region have the ability to cover the sky, they join hands to attack, You may not be able to conquer my refining peak, will you? "

On her pretty face, a slightly lonely smile appeared, and she sighed: "the ancestors of the blue family are in the first place. After so many years, Lan Ying, the younger generation, has finally taken back the foundation industry..."

At the same time, Lan Ying secretly decided to entrust Jin Shuhui with all the refining of Shenfeng and even her six evil spirits.

She suffered severe internal injuries in her early years, and she never had the chance to have an offspring in her life. Jin Shuhui has always been like a daughter to Lan Ying. Moreover, the reason why she can regain her foundation is because of the existence of Jin Shuhui and ye Chen.....

At the same time, at the skyline of the sea area near Lianshen peak, several black shadows with startling power suddenly appeared. The moment the shadow appeared, the whole sea area was almost boiling up!

In the bottom of the sea, countless powerful sea animals are shivering, diving towards the deep sea, as if they are escaping from something!

Some of the weaker ones, even, have frothing at the mouth and their bodies are floating on the sea!

They were killed by the terror!

Soon, there was a flash of light over the sea, and the shadows had fallen here.

These people, each of them, had extraordinary bearing. Their eyes swept around them with a look of pride over everything. It seemed that there was nothing in the world that could enter their eyes!

And one of them, impressively, is the son of Zhan's family, Zhan you!

And behind Zhan you, there are three men, two middle-aged people and an old man!

These three people, although their faces are also extremely proud, but when they look at Zhan you, they have a trace of respect in their eyes.

And the most important thing is, the cultivation of these three people!

The three men who follow Zhan you are all the real heaven mending realms!

Although the two middle-aged men of these three people are only about one or two layers of sky mending, they can sweep the refining peak in the weakest xingxuan region among the four foreign regions without the help of those who are strong in the second place?

Not to mention, the last old man with white hair is the strong one of the three layers of sky!

These three people together, basically, in this piece of land is unstoppable!

After all, the force system in the xingxuan region is the weakest in the whole region.

These three people, of course, are the sacrifices of the Zhan family!

As a force in the moon soul domain, the Zhan family's strength is not comparable to that of the xingxuan domain!

Zhan you sneered. Before that, he ran away in Ye Chen's hands and almost lost his life. He was humiliated and humiliated in xingxuan. How can Zhan you not take revenge?

Besides, there is Jin Shuhui!

Chapter 3609

Originally, Zhan you had a dispensable attitude towards the so-called heavenly spirit, but now, for Jin Shuhui, Zhan you is bound to get it!

The reason is very simple. One is to revenge Ye Chen, and the other is that the woman he is interested in, or a small xingxuan area woman, how can they not get it?

At this time, behind Zhan you, a middle-aged man in blue, with a yellow complexion and a lot of white eyes, opened his mouth and said, "young master, there are things in this small xingxuan refining peak

that don't know how to offend you? But even so, I only need to come with brother Li Chang. Why bother Mr. Qiu? "

The man's name is Xu Qi, and beside him, a tall, thin, indifferent man with strong contempt in his eyes is Li Chang.

On hearing the speech, Li Chang echoed: "what brother Xu Qi said is very true. With me and me in charge, is there anyone in the refining peak who dares to be reckless in front of the young master?"

In their view, Zhan you with their two people at the same time, but also with Qiu Lao, is to look down on their strength!

However, Zhan you said with a smile: "you two worship, I absolutely don't mean to despise you. Please rest assured, but this boy is too weird, and he doesn't know what kind of existence is hidden behind it. Therefore, in order to be in case, we let Mr. Qiu come together."

Li Chang and Xu Qi smell speech, face this just relaxed a minute, but still slightly frown, some do not understand the appearance.

What did the boy who made you suffer?

How could you be so cautious?

At last, the old man with a pale yellow cloth robe, long eyebrows and chest drooping, said slowly, "well, I didn't follow the young master before, which put the young master in danger. It's my fault. This time, I should come together with you in a reasonable way, and you don't have to say anything more."

Zhan worry smell speech, but quite respectfully to Qiu old salute way: "Qiu old words heavy."

The old man's name is Qiu PI. In fact, his strength is in the whole Zhan's family. Although he is not high-class, he is not weak either!

And the gap with the owner is not big!

According to the master of the Zhan family, Qiu Pi's origin may not be simple!

Qiu Pi didn't answer. He just blinked in his eyes and snorted, "offending Zhan's family is a death penalty. Don't worry. Even if there are other forces standing up together in addition to refining Shenfeng, I will certainly let the boy who offended you disappear from the world!"

"What's more, I heard that some big powers and strong men in xingxuan region are looking for a woman. The woman heard that she inherited juechan emperor Zun and ran towards the direction of nine deaths. Now most of the strong people should be concentrated in that area."

"There's nothing strong people can watch at this refining peak. You can rest assured."

When Zhan worried heard the words, his face was full of joy. His eyes flashed with hatred and said with a sneer, "Ye Chen, this time, I see how you want to turn it over!"

Ye Chen is really terrible, whether it is qualification, mood, various means and so on, have subverted Zhan you's thinking!

Even Zhan you, who has always been extremely proud, has some inferiority in the face of Ye Chen!

But, no matter how excellent, how terrible?

After all, ye Chen has not really grown up!

But in such a short time, no matter how bad Ye Chen's talent is, it is impossible to improve his strength again?

Even if you are promoted, can you surpass the three levels of sky mending?

Hehe, that's a big joke!

The cultivation of martial arts, if you want to improve, what else can you do?

Zhan you, who comes from the moon soul domain, knows better than most of the martial artists in xingxuan domain. How difficult it is to break through to Mending realm!

Who is not a gifted martial arts wizard who can cultivate the existence of mending the sky?

Can, even so, can advance to mend the sky realm, is also the existence of a thousand miles!

After the advanced level of mending the sky realm, the cultivation difficulty will soar countless times!

I don't know how many amazing talent, lifetime card in a small realm, a lifetime no inch into!

Ye Chen wants to surpass the three levels of sky mending in such a short period of time?

Ha ha, don't even think about it!

Zhan Shengyi!

In other words, ye Chen is already a dead man!

Ha ha, damn boy, against me? I will make you extremely regret. It must be wonderful to kill a demon who may step on the top of foreign countries in the cradle!

Think of here, Zhan you are some can't wait!

Immediately, the four people ran light again, toward the refining God peak quickly away!

In the peak of refining God, a thriving atmosphere, originally caused by the loss of God and elder, has completely dissipated, and every disciple's face is smiling.

But all of a sudden, all of us look a bit sluggish!

Cold sweat all over the body, the clothes will be soaked in an instant!

An extremely frightening pressure is rolling from the horizon!

Their thinking, a mess, how could it be like this? This does not contain the pressure, the people who come towards the refining peak obviously have bad intentions!

Can, now the major forces have alliance with refining peak, and there are still people who dare to invade it?

What's more, the pressure is beyond their comprehension!

What kind of existence is this that can give off the prestige?

Even if it was song Ziqing, the God of the refining peak, it was terrible, but it was nothing compared with the overwhelming fear felt now!

In everyone's heart, there is a desperate idea

Is it that this refining peak provokes the existence of that level?

Their faces turned pale and bloodless in an instant

In that case, refining Shenfeng is really over!

Originally, Lan Ying, who was in the chamber of secrets, after feeling the pressure of Li Chang and others, also changed her look and her figure flashed. Then she appeared on the top of Lianshen peak. She looked at several figures flashing in the distance. Her face was dignified!

Soon, Jin Shuhui also came to Lan Ying's side.

Jin Shuhui asked Lan Ying, "master, this is..."

Lan Ying said in a deep voice: "if I guess correctly, it should be Zhan's family Unexpectedly, Zhan you really dares to revenge Ye Chen. Shuhui informs Ye Chen by the way I teach you to communicate with the remnant of refining spirit. Now, if Lian Shenfeng wants to survive this disaster, he has to rely on him!"

Hearing this, Jin Shuhui nodded at first, then showed her eyebrows and frowned: "but, master, ye Chen needs time here, before that..."

Lan Ying's eyes congealed: "you don't worry, I have a way to keep the refining peak. In any case, I will stick to Ye Chen's arrival!"

Jin Shuhui was surprised when she heard the speech. However, she didn't say anything more. Instead, she changed her hand and began to cast the Dharma. Now she can only trust the master!

In the sky above Lian Shenfeng, several figures flashed to me. It was Zhan you and others!

Chapter 3610

Looking down at Jin Shuhui and Lan Ying at the top of the mountain, Zhan you said with a cold smile: "jinxianzi, after a few days' absence, you have become more and more active. I remember that song Ziqing, the God of refining Shenfeng, has already betrothed you to me? Ha ha, these days, I'm looking forward to joining the bridal chamber with the golden fairy. "

When Jin Shuhui heard the words, her pretty face was full of frost, and her beautiful eyes were full of endless killing intention!

As a Xuannu of refining Shenfeng, she had little contact with the opposite sex in her life. She was quite repelled to strange men, and Zhan you's words made her sick to the extreme!

If there is any man in the world who can make Jin Shuhui feel close, it is only Ye Chen

Zhan you doesn't care about Jin Shuhui's eyes. Instead, he looks at her with interest. It's also a very interesting thing to train such a strong woman into a obedient slave, isn't it?

Zhan you said with a smile, "jinxianzi, why are you looking at me like this? Ye Chen doesn't seem to be in the refining peak? Just now, you should have informed your brother ye? Hehe, I don't know. If he knew how strong the man was, he would not dare to die? "

Jin Shuhui's face changed greatly when she heard the speech. She looked at the several people behind Zhan you. Almost all of them were going to faint. In her beautiful eyes, a look of incomparable regret appeared!

Now close, Jin Shuhui found that Zhan you brought a few people, all of them are Bu Tian Jing!

Even if Jin Hui's strength is incomparable, she can never trust her opponent

At that time, ye Chen was strong in the refining God peak, and he also completely relied on the rules of refining God peak to suppress people. This is undoubtedly cheating!

Now if you want to copy the advantages before, it's impossible!

But she has just contacted Ye Chen

She knew that, with Ye Chen's character, even now, she advised him not to practice Shenfeng, and told him that Zhan you brought a strong person to mend the sky, and ye Chen would surely come!

This is Ye Chen!

When Zhan you saw Jin Shuhui's expression, the color of her playfulness became more and more intense. He looked at Jin Shuhui's beautiful face, and a sudden evil fire appeared in his eyes.

Zhan you licked his lips, the boy surnamed ye came to Lianshen peak, also need some time?

Before that, he could have a good time. I don't know what kind of expression would he show if ye Chen came here and found that Jin Shuhui had been possessed by himself?

Zhan you smile, is really let people look forward to ah!

Li Chang and Xu Qi looked at each other with a look of indecency on their faces. The look in Jin Shuhui's eyes was burning hot!

They all know very well about the young master's character. As long as women get tired of playing with them, the young master will lose interest. After that, what he likes most is to trample on the dignity of these women!

In that case, even the two of them will have a chance to enjoy this woman's!

General beauty, Li Chang and Xu Qi, naturally won't care much, can!

Jin Shuhui's appearance is really excellent! In the moon soul domain, are they all first-class existence?

Such a fairy like woman, even Li Chang and Xu Qi such strong, are heart!

At the next moment, Zhan you's body moves, and she's going to walk toward Jin Shuhui. Looking at Zhan you walking step by step, Jin Shuhui's look is more and more frightened. In front of these strong people in the sky mending environment, let alone run away, Jin Shuhui knows very well that he doesn't even have a chance to explode himself!

But all of a sudden, Qiu Pi's pupils shrank suddenly, and his eyes were full of radiance. He took a step forward and grabbed Zhan you's shoulder. His figure flashed and he went back to the original place!

Zhan you frowned and looked at Qiu PI. If it wasn't Qiu PI, he would be angry!

He is now covered with evil fire, has not let out ah, so was disturbed?

But at this time, a golden awn emitting extremely terrible waves covered the whole refining peak in an instant!

At this moment, the whole refining peak, under the baptism of the golden awn, is like a sharp sword out of the body, from an ordinary peak to a soul eating abyss!

On the peak of refining God, there is a strong fluctuation of spirit!

Feeling the power of the surging spirit, Zhan you, Li Chang and Xu Qi all look different!

Especially, Zhan you!

Had it not been for Qiu PI, Zhan you had been engulfed by the power of the spirit. Even if he did not die, he would have been seriously injured and become a fool?

Just think about it, let Zhan worry out of a cold sweat!

And Li Chang and Xu Qi are also eyes shaking, so powerful spirit impact, even they can not easily bear ah!

Only Qiu PI remained calm.

But at the moment, Zhan you and others, in an instant, cast their eyes on Lan Ying!

Lan Ying, who has been neglected by several people, now has a golden pearl hanging on her head. The power of the spirit rolls out and forms a spirit array. Under the influence of the Pearl and the array, Lan Ying's spirit seems to be integrated with the whole refining peak. Her eyes are slightly closed, and her body is turned into a rock and still! Zhan's eyes were filled with anger!

He almost died because of this damned woman!

A leaf Chen, not enough, now even a woman who does not know where to come out, dare to kill himself?

He Zhan you is the young master of the Zhan family in the moon soul domain!!!

How can he not be angry?

Immediately, a long sword appears in Zhan you's hand. His wrist turns over, and he wants to kill Lan Ying with a sword to vent his hatred!

But when Zhan you was ready to take out the sword, Qiu PI said faintly: "young master, don't be impatient. If you put your hand now, you will be bitten by the soul array."

After hearing the speech, Zhan's wrist trembled. He looked at the golden array in disbelief. Finally, he had to bite his teeth and put down his sword. He turned to Qiu PI and asked, "old Qiu, can't you move this woman?"

Now, it's not only Ye Chen and Zhan you, but also Lan Ying, Jin Shuhui and lianshenfeng!

Qiu pimu's essence flashed, his hand twisted his beard, and he said with a smile: "this method is also strange. With this precious pearl, the spirit of the array setter is integrated with the holy peak of refining, and the power far beyond himself is broken out. Although he can't take the initiative to attack, all those who attack on the holy peak will be attacked by the power of the spirit!"

After that, Qiu PI looked at the refining peak, and his eyes were full of greed!

He knew that Lan Ying's spirit power was not weak, but it was nothing. The reason why the golden light array could emit such a powerful spirit wave was the increase brought by the refining peak!

This refining peak is the real treasure!

Zhan worried smell speech, complexion more and more ugly!

But Qiu PI continued: "however, it's not that there is no way to solve it!"

Zhan you's eyes brightened and said, "Mr. Qiu, please say so!"
