

## Physician 361

### Chapter 361

At this moment, the whole scene was dead.

All eyes were fixed on the head on the ground.

This is the head of the blood plum hall!

The head of the dragon is beheaded directly!

The elder broke his sword even more!

Who can believe this scene!

but it happened in front of them!

The key is a young man in his twenties!

Tonight, a top-ranking strong man has come out in China!

At this moment, who dares to oppose Ye Chen?

Who dares!

Lu Lingfeng and Lu Hanshuang lowered their heads, and the ferocious head of Zhan Tao was extremely clear in their eyes.

They don't know how many people have been killed. They shouldn't have a trace of fear for this kind of blood sparkling head!

But at this moment, there was only fear in their hearts!

Zhan Tao is dead! The core characters of Xuemei hall are dead!

At this moment, dozens of people were left, all shrouded in the shadow of the young man not far away.

What the hell are you doing!

It's not the same level at all!

Lu Hanshuang raised his head difficultly and looked at Ye Chen in the distance.

That thin figure seems to be several meters high, like a giant, the shadow over him.

But at the moment Ye Chen is to cut the Dragon Sword inserted in the ground, right hand dead support.

He suffered to the utmost.

Although this sword killed Zhan Tao and several elders of Xuemei hall, it had a very serious impact on his body.

Even for a moment, he felt that his body was going to explode!

Now his Dantian does not have a trace of true spirit!

His body is on the verge of falling. If it wasn't for the dragon sword, he would fall down!

As long as his will is not firm enough, he will fall on the ground.

It's a mess.

His sword, his overdraft.

He held the hand of the dragon sword and moved down slightly. His fingers touched the body of the sword.

Without genuine Qi, his five fingers contracted slightly and a trace of blood oozed out.

The pain of the wound sobered him up.

Then, ye Chen raised his head, as if from the eyes of the nine hell swept to the people, word by word: "who else is not satisfied, stand out!"

His voice in the blood plum hall even came to the response!

Like thunder!

With the extremely cold killing intention.

At this moment, people and swords are fearless.

He doesn't need to breathe, it's enough to shock these people!

For three seconds, no one dares to speak, and no one stands out!

Ye Chen said again: "from today on, Xuemei hall no longer exists. Do you have any objection! Dissenters, stand up

Another thunder burst in everyone's ears.

A simple sentence will erase the foundation of the blood plum hall for decades or even hundreds of years, and only the youth in the distance can do it!

Every killer in the blood plum hall dare not breathe a breath, not to mention the objection!

Who dares to provoke the anger of this evil spirit!

Three seconds later, ye Chen threw out the third sentence: "now, there are two roads in front of you! First, die! Second, surrender! A choice has to be made! "

This sentence is like a bomb!

This is not a choice!

It's a threat!

A naked threat!

Although Ye Chen has no strength, he is a strong bow, but he firmly believes that this group of people will make the right choice!

If this group of people do not know the appearance, if they do it by themselves, he will naturally have a way to erase this group of people!

This is his confidence!

One second, two seconds, those bloody plum hall killers still did not respond.

In the third second, Lu Lingfeng stepped out and crossed Zhan Tao's head!

"Plop!" One knee down!

"Lingfeng in Xuemei hall, see the hall master!"

Zhan Tao is dead! The Lord of Xuemei hall no longer exists! And ye Chen will naturally replace him and become the new hall master!

This is the law of the jungle!

Not only that, Lu Lingfeng is also very clear, from the beginning of Jiangnan Province, he has missed countless opportunities!

Ye Chen's growth speed is too fast, now he has grown into a giant ship!

Next time, it may be an aircraft carrier!

If he doesn't get on the boat again, he will regret for life!

So at the moment, he resolutely knelt down! Surrender!

With Lu Lingfeng kneeling down, Lu Hanshuang is also reacting, she understands what her father wants to do.

My father must have seen Ye Chen's physical condition. If he doesn't make a show at the moment, he has to wait until when!

"Plop!"

Lu Hanshuang also knelt down: "blood plum palace Lu Hanshan frost, see the palace master!" People looked at each other, a few seconds later, a shadow ups and downs!

"Plop!"

"Plop!"

.....

Most of the disciples of Xuemei hall all kneel down!

In the eyes only the meaning of submission!

"See the Lord!"

The sound was so loud!

Sincerely believe!

They are just used tools in Xuemei hall!

By who use, in fact, it is the same! Now they just want to live!

What's more, ye Chen's strength and age here are undoubtedly more qualified than Zhan Tao to lead Xuemei hall!

Follow such a strong person, you are qualified to step on the peak of Chinese martial arts!

Looking at the whole scene, only three people did not kneel down, their eyes filled with hesitation and hatred!

"This son is already the bow of a strong crossbow. Why kneel?"

Language down, three people toward Ye Chen rushed in the past!

Before they get close to Ye Chen, Lu Hanshuang and Lu Lingfeng rush out and take them away directly, with black light flashing and vigor.

"How dare you be disrespectful to the master of the temple and seek death!"

Not only that, but also the other two strong blood plum hall also rushed past!

Killing the sky, blood sprinkling on the ground.

The heads of the three were directly cut off!

Die in peace!

The hands of these people in the heart smart, this time not to the temple Lord, but to wait until when.

Ye Chen nodded with satisfaction, and his body had recovered part of his life. He glanced at the crowd.

"Since you recognize me as the temple master, from today on, you are no longer killers, but my Ye Chen's people! You don't have to kill people, you can control the wealth of a country! "

"If you are loyal to me, I will give you an opportunity to step on the peak of China!"

"If you betray me, thousands of miles away, I can also destroy your spirit!"

When the words fall, ye Chen steps on it, and the blood dragon on top of his head sends out a startling dragon chant! Directly appeared behind Ye Chen!

Blood dragon around his whole body!

Ferocious.

Rage.

Despise all living beings.

Ye Chen at the moment is like the son of a real dragon! More like a dragon to protect the body of the Geshi xianzun! The whole body exudes red light, hitting the brand in the hearts of all the people present.

At this moment, all people have left in their hearts is fear!

"From today on, you will be managed by Ling Feng for the time being. If you do not follow, you will be killed! These days, I will try to reorganize Xuemei hall! And for the blood plum hall change face, inject new blood

"In the end, we must not disclose today's affairs to anyone. If there is any violation, the consequences will be borne by ourselves."

"Ling Feng and Lu Hanshuang stay, and all the others leave this hall!"

Ye Chen's unquestionable voice fell, the crowd suddenly scattered!

In five seconds, only Ye Chen, Lingfeng and Lu Hanshuang are left under the hall!

When the gate is closed, ye Chen can't hold on any longer. The sword of cutting dragon falls on the ground, and his body falls down.

Chapter 362

This result is much better than ye Chen expected.

At least one of the great powers of samsara cemetery was not used to kill Xuemei hall.

If it is really used, it is overkill.

It's not worth it.

Whether it's the opening of the ghost prison tomorrow night or in the face of the strongmen in the ghost prison, there are too many variables.

He needs the two great men to sit down.

This is his biggest card.

At the moment of Ye Chen's body falling down, a beautiful shadow appears directly. The white jade hand takes it out and hugs Ye Chen.

It was Lu Hanshuang.

At the moment, ye Chen's cheek is close to the chest of the landing frost, a wisp of fragrance, intoxicating, the soft chest of the ear is squeezed a few minutes, extremely fragrant.

But ye Chen has fallen asleep.

He is too tired.

Lu Lingfeng came over, took a look at Ye Chen, sighed deeply, and then said, "frost, take the master of the hall to have a rest. In this battle, his body is estimated to be overloaded."

"If the war was discovered by the top ten Chinese masters, they would be shocked. Who would have thought that a Ye family waste who had disappeared for five years could wipe out the master and elder of Xuemei hall with one person's power.

Even now I can't imagine.

This time, not only in Jiangnan Province, but also in China. "

"To tell you the truth, I'm really curious about his secret?"

Despite this, Lu Lingfeng did not have any prying heart.

All he could do was surrender.

Ye Chen's growth speed is too fast. According to this situation, it is estimated that before long, the whole capital will be famous for his reputation.

At that time, the guy who is the first in the list of Chinese masters will also have a trace of panic about him.

Lu Hanshuang lightly points his head and directly holds Ye Chen toward one place.

When walking six or seven steps, suddenly, Lu Lingfeng stopped Lu Hanshuang: "frost, wait a minute."

Lu Hanshuang's body was stunned. The beautiful eyes looked at Lu Lingfeng in surprise: "Dad, what's the matter?"

Lu Lingfeng's eyes narrowed slightly and said seriously: "if the hall master has any need, you should take good care of it. The hall master is the dragon and Phoenix among the people. If you climb up, it will be beneficial and harmless to you!"

Lu Hanshuang hesitated for a few seconds, did not make a statement, and continued to support Ye Chen.

Soon, they came to a big bed.

Now it's only in the afternoon. There's still some sun outside. Lu Hanshuang carefully takes off his clothes for ye Chen, leaving only a pair of underpants and covers his quilt.

As for her, she is quietly guarding Ye Chen's side.

Her eyes blinked, and her cold cheek gradually climbed up a trace of red.

She could hear ye Chen's heavy breathing.

In this way, Lu Hanshuang looked at Ye Chen for six hours. The more she looked, the faster her heart beat.

Ye Chen seems to be a black hole, deeply attracted to her.

Even let her 20 years no waves of the heart produced a ripple.

Gradually, her body slightly inclined, pink lips want to close.

At the moment of touching Ye Chen, a pair of cold star like eyes opened.

Ye Chen wakes up!

At the moment when her eyes were opposite, Lu Hanshuang stood up in a hurry and explained in a panic, "Lord, there are some things on your eyelashes. I wanted to take them off for you..."

Ye Chen didn't think much about it. He got up and took out two pills and took them directly.

At the same time, sit cross legged, ready to exercise.

"Lu Hanshuang, you protect the Dharma for me. No one can disturb me."

"Yes, Lord!"

Lu Hanshuang went to the door in a hurry!

She can't wait to get out of here.

The scene just now was too embarrassing. The hall master won't misunderstand anything.

Another hour later, ye Chen slowly vomited out a mouthful of turbid Qi, and his injury was stable for a few minutes.

It's just that you have to take it easy when you use real Qi recently.

If he overdraft, it will have an impact on his cultivation.

Open the ghost prison tomorrow night. If it doesn't work, you can only use the two great powers.

Suddenly Ye Chen thought of what, then took out the mobile phone from the pocket, broadcast ye Lingtian's phone.

Blood plum hall people he will not completely believe, the only let him trust is ye Lingtian.

The dark hall and the blood plum hall, to some extent, are the same kind of power.

Suitable for hiding in the dark.

His preliminary plan is to let ye Lingtian be in charge of the powerful men of Xuemei hall!

He needs a strong force in the capital!

"Master of the temple!" At the other end of the phone came ye Lingtian's respectful voice.

"What happened to Xia Ruoxue and Sun Yi in Jiangnan province?" Ye Chen asked.

Ye Lingtian at the other end of the phone even said: "Mr. Ye, don't worry. No one dares to move the two ladies. Recently, they are busy with the affairs of Tianzheng Group and the Xia family, and seldom walk around." "What's more, Jiangnan province is almost under the control of the dark palace, and no power will seek death."

Ye Chen nodded, then ordered: "I call you, is to remind you of one thing, you and the brother of the dark temple can be ready to step on the capital, there is a force you need to take charge of."

Ye Lingtian was stunned and couldn't understand the meaning of the hall master: "what do you mean by your words? Why can't I understand? What's more, the power of the capital is complex. How can we stand in the dark hall? At this time of day, it's too difficult to occupy the underground forces in the capital. "

Ye Chen laughed and said directly, "what if you take over the biggest killer organization in China?"

"What!"

At this moment, ye Lingtian is not calm at all.

There is only one Chinese killer organization, that is Xuemei hall!

And the headquarters of Xuemei hall is in the capital!

Key blood plum hall headquarters strength is very strong, he to take over is no doubt Arabian Night Dream!

"Temple master, you mean Xuemei hall?"

Ye Lingtian trembled voice way.

"Yes, the head of Xuemei temple and the elder have been killed by me. At this moment, here is a pool of stagnant water, waiting for you to stir up in the capital. As for the safety of Sun Yi and Xia Ruoxue, we only need the protection of LuoCha and Longhun. At the same time, I will send the top killers of Xuemei hall to Jiangnan province to protect them. "

"What you have to do is to take the essence of the dark palace and set foot on the capital immediately!"

"Yes, Lord!"

The phone hung up, ye Chen came to the window, looking down at the night in the western suburbs of the capital.

This is his first step into the capital.

He wants to build a force that will shake the top martial arts family in China.

Now the blood plum hall is not worthy, nor is the dark hall.

But after that, the two forces combined, with a little training, are absolutely qualified to shake the Jiangs and Lins in Beijing!

He wanted the old man in charge of everything to regret!

He had to take his parents to Jiangjia.

Tell those self righteous people that they never need the recognition of the Jiang family, let alone RARE!

He believed that before long, the lofty Huaxia Jiang family would have to put the posture at the lowest level and look up at them!

This is his pride and confidence.

Later, ye Chen stayed in Xuemei hall for several hours and told Lu Lingfeng the telephone number of Ye Lingtian.

Next, the fusion of the blood plum hall and the dark hall, give the two people full responsibility!

If someone betrays, or leaks the wind, directly erase it!

This force needs to be dormant now.

When it is completely revealed, it is the time for him to set foot on the river family!

Chapter 363

It's eleven o'clock in the evening.

It's time to leave.

When he stepped on the bleeding plum hall array, he noticed that a Maybach was not far away.

The appearance of this kind of vehicle near the abandoned farmland is an accident in itself.

But soon he suddenly came to see that this Maybach was Xiang Chengdong's car.

The door opened and Xiang Chengdong came out in a hurry.

"Mr. Ye, you Are you out? "

At the moment, Xiang Chengdong is even a little nervous!

What kind of power does Xuemei hall have? He knows very well that ordinary people can't come out alive if they enter it!

But ye Chen came back intact.

The key still has a strong smell of blood.

At least ten people died!

Can ye Chen really suppress the blood plum hall?

Slaughter?

How could it be!

Ye Chen didn't need to explain anything too much. He just asked, "did the people in the ghost prison contact you recently?"

Xiang Chengdong shook his head: "she has told me the time and place. You know, Mr. Ye. It will be 24 hours later."

The back seat of Maichen University told me to send me to Beijing Normal University

"Yes."

The door closes.

Xiang Chengdong sits in the co pilot and lets the driver drive. As for the back seat, ye Chen is left alone, giving him absolute silence.

Ye Chen closed his eyes, ready to adjust his breath, running nine days xuanyang Jue.

Suddenly, the phone in his pocket rang.

What surprised him was Wei Ying's mother.

He wanted to hang up, but after thinking about it, he picked it up.

"What's the matter?"

Ye Chen's faint voice rings out.

When Wei's mother heard that the phone was connected, she let out a breath and said, "elder, I want to ask, is Ying'er with you? In the evening, I called her. She was noisy and said that she called me when she came home. But up to now, I haven't received her call, and no one answered the key. So I asked the elder... "

Ye Chen's eyes are slightly narrowed. It suddenly occurs to him that when Wei Ying delivers breakfast in the morning, he is invited to participate in the activities organized by the headmaster in the evening.

At that time, he refused. It is estimated that Wei Ying should attend this activity in the evening.

"There is a school activity today. It may be too noisy to hear. I'm outside now. I'll go back and pay attention to it for you later." Ye Chen Dao.

"Thank you! Thank you very much indeed

When the phone is hung up, ye Chen continues to close his eyes and operate his skills.

Twenty minutes later, ye Chen got out of the car and didn't go back to his teacher's apartment. Instead, he knocked on the door in the opposite direction for the first time.

But there was no one in Wei Ying's apartment.

He even realized it with his spirit, and there was no result.

"Not yet?"

Ye Chen thought of what, from the samsara cemetery to take out a document.

There was a business card on the document with the principal's telephone number on it.

He dialed the phone according to the number on his business card. Soon, a lazy voice rang out: "who, let no one sleep at night!"

Ye Chen frowns and feels something is wrong.

The activity was organized by the headmaster, but the headmaster was sleeping?

"I'm Ye Chen."

Simple four words, directly let the head of the phone wake up!

He changed his tone and said to Ye Chen: "that Chief, what happened? "

He knows that ye Chen has a military background.

If he is not careful, his position will not be guaranteed.

So anyway, the master must be careful to serve.

"Where are you now?" Ye Chen asked.

"Chief, I'm at home. After drinking a little wine today, I'll be sleeping when I get home. Is something wrong with the school..."

"Wei Ying didn't come back?"

The headmaster was stunned, thought for a moment, and then said, "the activity ended at more than nine o'clock. I remember that Mr. Wei was dragged to sing by several female teachers. It seems that Wu

fan and Zheng Rui also went there. They are young teachers. It's normal to sing and sing. Chief, you are..."

"Address!" Ye Chen ordered.

The headmaster was startled, but he said honestly: "it should be gelodi from Qianhua square in the capital city..."

The phone just hung up.

Originally, the gathering of several teachers was nothing, but when Wu fan and Zheng Rui went, he felt something was wrong.

I hope Wei Ying doesn't have an accident.

However, Wei Ying is also one of his few friends in Beijing Normal University.

The key is that he really felt a trace of care and kindness from the other side.

At this time, the phone in Ye Chen's hand rang. The caller ID is Wei Ying.

As soon as he tried to get through, he hung up at the other end of the line.

Ye Chen Mou son is suffused with a trace of cold, not into the dark.

Anyway, it's already 12 o'clock. A girl is not safe outside. Since she has promised her mother Wei, she should bring her back.

.....

The sixth floor of Qianhua square, Beijing.

007 supreme box.

Wei Ying's face turned red and drunk.

She doesn't like drinking, and she doesn't like singing parties. But today happens to be the birthday of a teacher in the English group.

The other side begged, and she could only come.

After all, if you don't give face to the same office, you can't really say it.

But after she came, she regretted that it was the other party's birthday. This group of people even let her drink. She hid several times and wanted to leave.

But the birthday man said that only a drink can count as a blessing.

After a cup of wine, Wei Ying, who can't drink, is drunk. Her stomach is very uncomfortable.

She refused all the next toasts and sat quietly in the corner.

Now her legs are a little soft, and it is impossible to go back. She can only wait for the wine to dissipate and then go back.

But not only did the wine not disappear, but it became more and more serious. She lay on the sofa, feeling a little confused, she subconsciously rang an emergency call.

I hope Ye Chen can come to pick her up.

This emergency call was set by Ye Chen before, but before it was broadcast, a figure appeared in the box.

It's Wu fan!

Not only that, but there is a tall man behind Wu fan. He has extraordinary temperament. A suit makes her uncomfortable.

Wu fan hung up the phone being broadcast and put the mobile phone out of Wei Ying's reach.

"Mr. Wei, are you drunk? I'm going back. Shall I take you back to the teacher's apartment? "

Wu Fan said with a smile that he was a gentleman in the eyes of outsiders.

Wei Ying thought about what happened last night. How could Wu fan send her back? She snorted: "no! Give me the phone

Wu fan shrugged: "teacher Wei, the mobile phone is not there, you can't take it yourself."

Wei Ying held out her hand to hold the mobile phone, but her whole body was a little soft, and her sense of direction could not be controlled.

Chapter 364

Several female teachers noticed the situation here. They wanted to help Wei Ying. Wu fan picked up a microphone and said to all the people, "stop, let me introduce you. The handsome man next to me is Rowe. I'm the young owner of QIANHUA hotel in Beijing. I'm also one of my good friends. I just met him in Qianhua square. I came to say hello to you.

The Luo family is a famous family in Beijing. The key is that Luo Shao is still single... "

As soon as the words came out, everyone's eyes fell on Rowe.

One of the top ten places of entertainment in Beijing is the absolute strength of the city.

More importantly, Rowe himself came to say hello to everyone, which made those female teachers feel dizzy by happiness.

Wu fan looked at all the people's frightened and expectant eyes and gave a cold smile. The reason why Luo Wei came here is not because of him, but because of Wei Ying!

Since Wei Ying is so cheap, it's better to give ye Chen that boy a cheap price.

Now Wei Ying's state has been drunk, absolutely is the best opportunity!

As long as Rowe participates in this matter, he does not have to worry about Wei Ying's revenge.

What if Wei Ying calls the police when the Luo family covers the sky?

Luo Wei took a look at Wei Ying, whose face was flushed with evil desire. Then he said, "I have been to Beijing Normal University several times, and I have heard a professor's lecture. I admire all the teachers. Well, this box is too small. I arranged a bigger one on the 001. I'll pay for all the drinks and services tonight."

"Let's go now."

The crowd burst into cheers. Rowe is a typical high rich and handsome man in their eyes.

Later, they got up one after another and went to another box.

Several young female teachers looked at Wei Ying and wanted to help her. Rowe said in a cold voice: "Miss Wei can't sing any more. I'll send my driver to take her back. You can rest assured that she is a female driver. In my territory, I naturally want to serve you well. "

The young female teacher hesitated, but she finally nodded and went outside.

At the moment, only Wu fan and Luo Wei are left in the box. Their eyes are full of desire.

Wu fan took out a DV from his pocket, while Rowe went outside and said to the two bodyguards at the door, "guard the gate and forbid anyone to come in."

"Yes, young master!"

When the box door closed, Wei Ying looked at the two men in front of her and felt something wrong. She said excitedly, "you What do you want to do... "

Wu fan sneered: "two men and one woman, what else can you do?"

"Wei Ying, since you are cheap with the New Ye Chen, can't you make us cheaper?"

Wei Ying's face was pale. She woke up a few minutes in a moment, and subconsciously seized the mobile phone.

"Wu fan, you are also a teacher. You know the law and violate the law! Let me go

Wei Ying stood up, but her legs softened and fell on the sofa again.

Wu, let me have a sneer at you

Luo Wei nods, tongue spits out, licks lips, and then takes off his coat and goes to Wei Ying!

At this moment, Wei Ying panicked. She didn't want these people to smear her innocence. She subconsciously reached out and grabbed an empty bottle and threw it out directly!

"Bang!"

It hit Rowe's forehead exactly!

A trace of blood oozes out!

Rowe reached out and touched his hand. When he saw that the palm of his hand was blood, he was completely angry!

"Damn it, a bitch still pretends to be a martyr. Today I'm going to fuck you!"

"Wu fan, help me hold down the woman's neck! Give her a slap

In an instant, two men went to Wei Ying!

This moment, no doubt panic to the extreme!

In the morning, she should refuse like Ye Chen! Otherwise, it will not happen today!

They were only one meter away from her A big bang!

The glass door of the box was smashed directly, and the fragments splashed all over the ground!

Not only that, two bodyguards were thrown in, full of blood!

Seeing this scene, Luo Wei and Wu fan are both stunned.

The two eyes were fixed on the direction of the gate, and a young man stood at the door like a ghost.

Those angry eyes stare at them.

Ye Chen!

Seeing this familiar figure, Wu fan almost fell with his legs soft.

He was in the shadow of this guy!

It's all over the body now! Not completely recovered!

How did ye Chen come?

He made sure that ye Chen didn't come here, so he decided to do it!

"Professor Ye..." Wei Ying stands up and stumbles to Ye Chen's side.

Ye Chen wears a hand around Wei Ying's waist, and a faint air current surrounds her. It made her feel comfortable, and the wine gradually spread.

"Professor Ye, why are you here?" Wei Ying wakes up a little bit and says excitedly.

If it wasn't for ye Chen, the consequences today would be unimaginable.

Ye Chen smile: "your mother called me, let you call back to her, she is very worried."

"You go out and call first. I have something to talk to them about."

Wei Ying was stunned. She guessed what would happen and what she wanted to say, but she still didn't say it.

She walked out in silence, at the end of the corridor, dialed her mother's phone.

And now, in the box.

Wu fan was completely eroded by fear, "plop!" With a sound, he knelt down on the ground.

"Professor Ye, I'm wrong. Please let me go. I'll give you as much money as you want..."

Luo Wei frowned and looked at Wu fan with an unhappy face and said, "Wu fan, you are sick. What are you kneeling for?"

Words have not finished, ye Chen step on a foot, a stream of air from the ground to gush up!

All the pieces of glass scattered on the ground are suspended!

This scene, Luo Wei and Wu fan directly scared not light!

What kind of communication is this? It's totally against common sense!

Rowe felt his legs shaking violently, and a sense of death wrapped him.

Wu fan did not care about everything, and even said, "Professor Ye, all these things are ordered by Rowe, it's none of my business! Look for him if you want to find it! "

For Wu fan, if he offends Rowe, he may have to bear the anger of the Luo family. He can't stay in the capital, but if he offends Ye Chen, he may not live tomorrow!

Ye Chen glanced at Wu fan indifferently and sneered: "yesterday, because Wei Ying was there, I was merciful. Today, since you want to die so much, I will make it!"

Language down, ye Chen arm gently waved, that countless quick broken glass, as if condensed out a long sword, directly toward Wu fan!

"Crash!" With a sound, the sword struck Wu fan's body!

Countless pieces of glass, straight through!

His body is more like being torn apart!

Chapter 365

Wu fan spat out blood in his mouth and fell to the ground completely without any chance of life.

Looking at Wu fan's body beside him, Rowe is almost petrified, and his pupils are cold and shocked.

"I..."

What Luo Weigang wants to say, ye Chen grabs five fingers, and the DV appears directly in his hand, which is crushed by him.

Then, with an arm shock, the damaged DV went straight through Rowe's slightly open mouth.

Rowe's eyes widened with a sense of suffocation.

"I don't want to hear your nonsense. You have no choice but to die."

Ten seconds later, Rowe's face was blue, his eyes were white and full of blood, and he finally fell into a pool of blood.

From the beginning to the end, ye Chen did not have any temperature in his eyes. He sent a message to Ying Qing and walked towards Wei Ying at the end of the corridor.

"Let's go."

Ye Chen light way.

Wei Ying hung up and glanced at the box: "the two of them..."

"I just warned them that they had already left and would not move you again. They should be on the road now. Let's go."

There is no mistake in Ye Chen's words.

But this road is not the way to go back, but the underground huangquan road!

Wei Ying nodded, and ye Chen walked downstairs, but after a dozen steps, they felt their legs softened.

Although the wine is scattered a few minutes, but the nervous system is still paralyzed.

Ye Chen shook her head helplessly and squatted slightly: "come on up"

Wei Ying hesitated for a few seconds, or nodded, showing her hand around Ye Chen's neck, and her body was lying on her back.

The soft breast was pressed like this, almost out of shape.

Then, Wei Ying felt a pair of powerful arms pass through her hips and slide across the base of her thighs.

This feeling, as if electric shock!

She even groaned.

Ye Chen stopped for a few seconds, but shook his head.

This time, Wei Ying's face is even redder.

She had no idea that she would make such a sound.

Key Ye Chen's arm occasionally touches the hip and thigh feeling, great!

It's like She couldn't say.

Ye Chen carries Wei Ying downstairs, and Maybach stops by the side of the road.

When they got on the bus, they drove directly to Beijing Normal University.

.....

Half an hour later, ye Chen finally returned Wei Ying to the teacher's apartment.

Wei Ying had been completely sober up and made a cup of tea for ye Chen. She said, "Professor Ye, if you don't have you today, I really don't know what the consequences will be. I'm here to thank you."

Ye Chen waved his hand: "there's no need to thank you. Next time you don't have to attend this kind of party, and if anyone advises you to drink, pour it out. You are not qualified to touch wine at all."

Wei Ying blushed and nodded: "Professor Ye, I know."

Ye Chen didn't like the title of professor. He said, "you and I are not much different in age. You can call me ye Chen directly. The professor calls me old."

"Puff With a cry, Wei Ying began to laugh and nodded: "OK."

Ye Chen looks at Wei Ying's blooming smile and sighs, then falls on the necklace around Wei Ying's neck.

The dark stone in the middle of the necklace is a little dim. It is estimated that it will not be suppressed for a long time.

Wei Ying is a pity.

Born with evil blood cold body.

He wanted to take Wei Ying on a path of cultivation, but now he has no suitable skills for Wei Ying, so he can only put it on hold.

It can't be suppressed by general skills.

I hope there will be enough chance to get the extremely cold skill.

The only way to repay him was that his mother had given him the esoteric stone, which benefited him a lot.

Ye Chen stands up and doesn't want to disturb him. His realm hasn't broken through completely. Last time, he was interrupted by the appearance of the killer of Xuemei hall. It's time to pick it up.

In about 20 hours, the ghost prison will be opened.

The more powerful he is, the more likely he is to win.

No longer think more, ye Chen then ordered: "you take a bath, early rest, I went back."

Seeing ye Chen leaving, Wei Ying felt a sense of loss in her heart. She even felt that ye Chen didn't understand the style of her life. Was her appearance and figure unattractive to Ye Chen?

She looked at her chest and long legs, full and slender. Did ye Chen have no interest at all?

The gate closed.

Wei Ying is the only one left in the room.

She has never been in love, but she is a woman and needs to meet her physiological needs.

If ye Chen pushed her down just now, she would not have any resistance.

Because at that time, I was deeply in love Soon, Wei Ying bit her lips and caressed her. The sound of moaning came from the room.

Ye Chen naturally doesn't know what happened next door. At the moment, he wanted to break through the realm in the room, but he found that the sword of breaking the sky sword idea still damaged his elixir field.

Obviously, he can't break through until his body is fully recovered.

Otherwise, Dantian can't bear the power of terror.

The key to this damage is that there is no way for the general pills.

"Let's try to refine the coagulating bone healing pill."

Ye Chen took out the Baicao Ding and began to refine pills.

The level of conggu Huishen pill is not low. When Kunlun was empty, even if the old man personally instructed him, he still failed to refine.

This time, he condensed the true fire and threw all the precious medicinal materials obtained from Yaowang valley into it! Almost instantaneously, a powerful energy condenses in the herb tripod.

A few seconds later, a powerful force erupted directly in the Baicao Ding!

"Boom "Sure enough, it's very difficult for me to refine this kind of pill of conggu Huishen pill."

Although he is gifted, he has been refining alchemy for only five years.

In five years, it's terrible to have the strength now.

"Can't Dantian really be restored?"

Ye Chen murmured.

Just then, an old voice sounded.

"If you want to repair pills, why are you so troublesome? Alchemy, in front of my aura, can only be regarded as a heresy!

The talisman can save people and kill people invisibly. It will not damage your body. It will cross the realm

Hearing this sudden voice, ye Chen was stunned and glanced around!

No one at all!

Suddenly, ye Chen thought of what, took out the black stone!

The reincarnation graveyard completely appears in front of you!

Chapter 366

It is strange that the two tombstones that can be moved, one of which is completely broken!

That great power has come out!

The fourth great power of samsara cemetery, lingfu alliance, canghaiping!

The key point is that he didn't trigger at all!

"What are the forces of Kunlun Xu in my eyes! The way of Rune can cut everything

The old voice rings again!

Ye Chen subconsciously raised his head and looked at the sky!

I saw an old man floating in the sky!

He stepped on a streamer under his feet!

Above the streamer, there are Ancient Runes.

"Sleeping trough! You... "

Ye Chen at the moment is simply amazing!

Cang Haiping of lingfu League seemed to enjoy the moment, and said faintly, "do you want to say that the spirit rune is too powerful?"

Ye Chen took a look at canghaiping and said excitedly, "in fact, I want to say, how did you come out! You can come out more than ten hours late! "

Ye Chen doesn't want to waste an opportunity!

This card should be used on the blade!

The sea level a glance Ye Chen, step out, directly came to Ye Chen in front of.

"You stupid back, I really don't understand why the samsara cemetery chooses you."

"Since you want to know something, I'll tell you that if I don't, it can last at least three days."

"Now you have the problem of Dantian, I can help you solve it! It can even make you stronger! "

Ye Chen this just calms down, this for him, is the best result.

"Master, please do it!" Ye CHENGONG said earnestly.

Cang Haiping's attitude towards Ye Chen is still satisfactory: "I have no apprentice in Canghaiping's life. Would you like to be my apprentice and carry forward the spirit Rune way?"

Ye Chen nodded: "apprentice is willing to."

"Good." Cang Haiping nodded and waved his arm. The air condensed out a yellow paper.

Then, the sea level fingers around, countless Qi surging, the yellow paper even appeared on several ancient words.

As soon as the text came out, the whole samsara cemetery was shocked.

"This Dan field, can't be a gift to cure Fu Tian."

Language down, the sea even shot out a blood essence!

The essence of blood collided with the talisman and burned up.

"Coagulate!"

The sea level a point out, a strong airflow in the samsara cemetery surging, the seven color flame directly toward Ye Chen's Dantian!

Dantian instant huge a few minutes, innumerable genuine Qi toward all directions overflow!

That originally some cracks, in the flame under the package, actually bit by bit healed up!

It's amazing!

Ye Chen even felt wrapped in a warm current.

Not only that, but the sudden breakthrough when absorbing the spirit of the earth's Xuanshi yesterday was like a tide rushing towards him!

Another breakthrough!

Cang Haiping looked at Ye Chen and didn't say: "this kid is just not in a dynamic state now. Although this realm is very strong for the outside world, it's really far behind those guys."

"In that case, I wish you a hand!"

Language down, the Sea flat, fingers pinched, purple light flashing, his palm condensed out an ancient talisman!

Not only did the rune shrink, it turned into a light ball!

"Go!"

With the command of canghaiping, the light ball directly penetrates into Ye Chen's eyebrows.

When the whole samsara tomb, there comes a roar of dragon!

The virtual shadow of the blood dragon on the sky has grown at the speed of the naked eye! The whole body is wrapped with a mysterious purple light!

Ye Chenqiang, then blood Dragon strong! One person, one dragon, this is one!

Ye Chen's whole body is surging with the meaning of breakthrough one after another!

The whole body suppresses the strength to release completely!

Break through that prison directly!

.....

At the same time.

Under an old Wudao platform in the capital.

Jiang Jianfeng stood below, his breath surging.

On the stage, he is the one to challenge today!

As long as he defeats this man, he will be able to take a big step in the ninth place of the Chinese masters list.

This has a very important impact on the Jiang family and even the whole of China.

Just then, a thin man appeared in front of him and said in a low voice: "Mr. Jiang, you let me pay attention to Ye Chen. He may have an accident today."

Jiang Jianfeng's eyes congealed and thought of something. He said: "today should be the day when the ghost prison was opened. With that boy's strength, he should not be able to enter. As for the accident, I don't think it's easy for him to die. "

The thin man shook his head: "Mr. Jiang, the matter is not so simple. I heard that the headquarters of Xuemei hall has set up a network in Beijing Normal University, using dozens of top killers to kill Ye Chen!" Jiang Jianfeng was a little bit surprised: "this blood plum hall also looks too much at Ye Chen, using so many killers? Is this really not going to make a living for that kid? Are you sure about the news?"

The thin man took out the tablet, logged in a website, and swore: "now almost the whole killer world knows Ye Chen's name. It can't be wrong. Even the official website of Xuemei hall has posted the person who killed Ye Chen..."

The sound stopped suddenly.

Because at this moment, the official website of Xuemei hall has completely changed!

Killer employment list, hunting list, reward system, task release plate, and the picture of killing Ye Chen on the front page have disappeared!

Instead, a notice!

"From now on, Xuemei hall will no longer accept any assassination mission. All the previous tasks will be cancelled and all money and things will be returned to the employer."

"Since then, the blood plum hall no longer exists. All killers are directly under the control of the dark hall, and the master of the dark hall is respected."

Chapter 367

Sensing something wrong, Jiang Jianfeng asked, "what's the matter?"

The thin man handed the tablet to Jiang Jianfeng.

"Mr. Jiang, look for yourself."

Jiang Jianfeng took over the tablet and glanced at the contents of the tablet. His eyes shrunk slightly. His expression was as strange as it was.

What is Xuemei hall playing?

So many years of hard work?

China's first killer organization is no longer responsible for killing people?

It's like a tiger eating grass instead of meat!

How could that be possible!

He took a look at the website to make sure there was no login error.

There was a wave in my heart.

"Mr. Jiang, which one is this Xuemei hall? What's the power of the dark hall? I remember that there is a dark hall in Jiangnan province. It should be the same name. Looking at the whole of China, which organization and the strong are qualified to eat Xuemei hall? "

Jiang Jianfeng thought for a few seconds, raised his head and said, "it seems that something happened to Xuemei hall! And this time the accident was extremely serious. Zhan Tao should be dead. Someone controlled the Xuemei hall! Otherwise, with Zhan Tao's character, it is absolutely impossible to do such absurd things. "

"But I wonder who is qualified to move the blood plum hall! The man who can kill Zhan Tao has terrible strength! Is it Lin Juelung? Where is Lin Juelong recently? "

The thin man immediately denied: "Mr. Jiang, I have been staring at Lin Juelong. He has never left the Lin family and has been practicing. It should not be Lin Juelong's work."

"Not him?" Jiang Jianfeng's eyes are extremely serious.

To deal with the blood plum hall, those old guys certainly won't fight, and the top family will not touch the blood plum hall with their own posture.

Because once so, it is very likely to destroy the blood plum hall and make it fishy.

If these people don't do it, who will do it at this time?

Just then, a figure appeared in Jiang Jianfeng's mind!

The figure is arrogant in the world, and there is a virtual shadow of a blood dragon on top of his head.

Ye Chen?

But soon, he gave up the idea.

Although Ye Chen is gifted and has great potential, it is almost impossible to destroy Xuemei hall.

If in a few decades, when ye Chen steps into the top of Chinese martial arts circle, it will be possible!

"Come on, you'll have a good investigation. If something happens to Xuemei hall, it may not be a good thing. "

"That boy is lucky, since the blood plum hall is so, it is impossible to trouble him. He may be the biggest beneficiary of this matter."

"It's really interesting to investigate all the people in the dark hall from today."

"Remember, if you have any clue, come to me the first time."

The skinny man is stunned. His face is strange. Ye Chen is a villain of the Jiang family. The master hates the existence. Now Mr. Jiang has such an attitude. This is the face of master fan Jiang.

"Yes, Mr. Jiang."

Of course, the thin man is just a servant, and naturally he won't say anything more. What he can do is to continue to investigate Xuemei hall.

"Wudaotai, Qi! Jiang Jianfeng, please come to the stage. "

On the Wudao stage, an old voice rings out!

Jiang Jianfeng doesn't think much about it any more. He strides out one step and rolls around with strength!

Straight to the stage.

The first battle of China's top masters is about to open!

.....

Beijing Normal University, 10 a.m.

Ye Chen wakes up from practice, and his breath is extremely strong.

The state of breakthrough is completely stable.

But there is still some distance away from the clutch.

After all, it is a big realm, and it may take decades for ordinary people to break through.

At the beginning, the old man said China was his opportunity, but he didn't care about it. Now it seems that the old man is right.

If he was in Kunlun Xu, he could not have stepped into the present state so quickly!

Maybe I'm still wandering in Kaiyuan.

At this time, the knock on the door sounded, ye Chen did not need to think about it, he knew it was Wei Ying.

When the door opened, Wei Ying was dressed in professional clothes, decent and generous, holding two textbooks in her hand. It seemed that she had just finished her class.

"Ye Chen, I brought you breakfast in the morning, but I was afraid of disturbing you to sleep, so I hung breakfast on the door. I didn't expect you to get up now. The breakfast is cold."

Wei Ying frowned.

Ye Chen glanced at Wei Ying's breakfast and said with a smile: "it's OK. I have a microwave oven in my room. I'm hot."

Just as ye Chen is about to take over breakfast, Wei Ying takes a step back.

"This soybean milk must not be drunk. I just finished class in the morning. I'll make you something to eat. Wait for me for a while."

With that, Wei Ying went to her room.

Ye Chen knows that Wei Ying is repaying her kindness. After all, she helped her yesterday."This girl..."

After a while, a fragrance came from Wei Ying's apartment.

"Ye Chen, come here and eat."

Wei Ying urged.

After one night's practice, ye Chen was really hungry, and instantly swept the delicious food on the table.

Not to mention, Wei Ying's breakfast is rich and delicious, and Sun Yi has a match.

Seeing that ye Chen had finished breakfast, Wei Ying blushed. She took out two movie tickets from her pocket and wryly said, "Ye Chen, there is a movie premiere at 12 o'clock this evening. It has a good reputation. I just have two tickets. Would you like to give me a face?"

This is the first time she has invited a man to a movie. Her eyes are full of shyness.

In fact, the meaning is obvious.

Ye Chen takes a look at Wei Ying's movie ticket, but she can't agree.

The ghost prison opens at 12 o'clock this evening. He doesn't want to see any movies.

"Wei Ying, I have something to do in the evening. I'll talk about it next time."

Wei Yingjiao's body was stunned and her eyes were full of loss. Who could have thought that she would have been rejected one day.

She even thought, is it because she is too active, the other side is so?

"Well, next time."

After breakfast, ye Chen went back to his room, and a figure came out. It was the sea level.

"Disciple, that girl is evil blood and cold body. Her blood is very precious. If you use her whole body's blood to refine the talisman, it can even achieve the effect of freezing thousands of miles."

When ye Chen heard that Canghaiping even hit Wei Ying's attention, he said in a cold voice, "don't hit her. I don't care about the ice covered thousands of miles you said. You have more than two days left to teach me the rune. "

Cang Haiping sighed, the evil blood cold body unexpectedly appeared in a woman's body, this does not know is a good thing or a bad thing.

Maybe it will stir up the world.

"Disciple, practicing together is cruel in itself. If other people find out that this girl is evil blood and cold body, she will also plunder her blood essence to refine pills and make talismans. It is better to make you complete than to help others."

Ye Chen Mou son pan cold, word by word: "do not hit him attention, I do not want to repeat the third time, although I am your apprentice, but I am the tomb owner of the reincarnation cemetery, I have this qualification."

Canghaiping shook his head and pinched his fingers. An ancient text gushed out: "OK, today I will take you into the spirit rune."

Chapter 368

With the fall of the sea level words, ye Chen's body is wrapped with countless Ancient Runes.

Runes are full of power and have different attributes.

Gold, wood, water, fire, earth and thunder.

"Apprentice, there is a great difference between lingfu and Wudao. It can also be said that there is no difference between lingfu and Wudao. Lingfu is just another way to use martial arts."

"One Rune can destroy all! More can kill thousands of miles! Different runes have different attributes! Different powers! Use Qi to coagulate talisman and essence blood to drive talisman. Powerful talisman can destroy a city in a blink of an eye! Even the Chinese land you are stepping on can die away

"What you need to do now is to condense your own life talisman. Once you condense your life talisman, it means that you are qualified to step into the spirit rune."

With the sound of the sea level constantly sounded, the countless Ancient Runes surrounding Ye Chen were all drilled into Ye Chen's mind.

Not only that, but also in Ye Chen's sea of knowledge.

It's a subtle feeling.

Ye Chen gradually sat cross legged and allowed the ancient runes to collide in his body.

He felt with his heart.

"The runes that come into your mind now have appeared in the long river of history. Your life Rune should be in it. See which one you can condense."

Cang Haiping hands negative behind him, waiting for ye Chen's choice.

He didn't expect much from ye Chen.

After all, the cultivation is too low. How difficult it is for the thousands of runes to unite together.

Ten minutes passed.

Ye Chen did not move at all.

An hour passed.

Still.

Canghai Ping frowned slightly and murmured, "you can't gather a spirit Rune of your own life for an hour. Isn't the owner of the samsara cemetery suitable for one

He is very clear that the best hour has passed, and then, even if ye Chen condenses a talisman, it should be that kind of extremely ordinary existence.

His life is doomed to be unsuitable for this road.

"Well, this boy may be suitable for that guy's killing way, and he is doomed to have no chance with the talisman."

Canghaiping shakes his head and is disappointed to the extreme.

He took the initiative to rush out of the tombstone to help Ye Chen. Now it seems that his help is of no use to this guy.

At this time, the sudden change raised, and the countless runes pouring into Ye Chen's body rushed out!

Burst out of the moment, all broken!

What a terrible sight!

"This..."

At this moment, Cang Haiping was stunned, and Gu Jing Bu Bo's expression unexpectedly appeared a trace of fright.

With this boy's cultivation, he is not qualified to reject these runes!

But what's the matter now!

All of a sudden, Cang Haiping thought of a possibility, is this son's life talisman, in the long river of history does not exist at all?

In other words, his original talisman is extremely special, so special that it is superior to everything?

"Boom!"

The thunder outside the window sounded, the blood dragon in Ye Chen's body rushed out! Looking down at everything.

Not only that, but a golden and red Rune gushed out of Ye Chen's eyebrows.

As soon as the rune came out, the whole house shook!

It can be seen how terrible this life charm is!

Canghaiping's face was almost pale, and he took a breath of cold air!

Because even he could not spy on the mystery of the life Rune!

What is the origin of this boy!

At the moment when the rune gushed out, even the life talisman in his body vibrated, as if he were in great fear.

He could hardly believe it!

He wanted to see everything in the talisman, but found a force in his way.

It's as if it's covered by heaven.

Mediocre? Or genius?

Canghaiping affirms that ye Chen must be the latter!

He finally understood why the samsara cemetery chose Ye Chen!

If this person is not one of their hundreds, who has the qualification!

Ye Chen eyebrow heart that original life spirit Rune only gushed out a few seconds, then dissipated!

"Poof!"

Ye Chen only feels the blood gas surging up, can't help but spit out a mouthful of blood.

Open your eyes and all the visions disappear.

"Master, have I failed?"

Canghaiping shook his head and looked at Ye Chen with a very complicated look. He vomited out a sentence: "the demon of zhente Niang! Your life talisman has been completed, but it's a little strange. Now I'll transfer some things to your knowledge sea to let you understand, because your accomplishments are limited and only part of it. "

With that, canghaiping points to Ye Chen's eyebrows, and a stream of information flows into it.

.....

Ye Chen spent almost the whole day in the house. The understanding of lingfu is getting deeper and deeper.

Before I know it's dark.

At eight o'clock in the evening, it's only four hours before the ghost prison opens.

Xiang Chengdong also called.

"Mr. Ye, I have arrived at Yunhe lake, north of Beijing Normal University."

Ye Chen slightly surprised: "so early?"

"Although the man said it was 12 o'clock in the evening, I was afraid that I would change my mind temporarily, so I came earlier. Now there is a strong air of array shaking at the bottom of the lake. The entrance of the ghost prison should be opened soon."

Xiang Chengdong looked at Yunhe lake and said seriously.

"In that case, I'm ready to come, you're in the light, I'm in the dark."

Ye Chen Dao.

"Yes, ye --"

the voice stopped suddenly.

Ye Chen seems to hear the sound of current damage.

He knows very well that something happened to Xiang Chengdong!

Ye Chen no longer hesitates, steps a span, jumped directly from the balcony!

The true Qi acts on the feet and firmly steps on the ground.

After that, they went to Yunhe Lake in the north of Beijing Normal University.

Ye Chen didn't notice at all, at the moment of landing, a girl's eyes behind her were full of horror.

The girl is Wei Ying!

At the moment, Wei Ying had some snacks and bread in her hand. She wanted to send it to Ye Chen, so that he would not eat breakfast again. However, she did not expect that ye Chen would jump out of the building directly in front of her!

The key point is nothing!

She knew that ye Chen and her mother were the same kind of people who knew kung fu, but it was too weird.

With a trace of curiosity, Wei Ying quickly followed up!

.....

At the same time, clouds and lakes.

Xiang Chengdong's phone has been completely scrapped.

A rather sexy woman came out of the dark, wearing black silk stockings, a pair of high-heeled shoes under her feet, and her hair curled up high.

If you dress up like this in a university, you must be a teacher!

But Xiang Chengdong is very clear, this person is always hiding in the dark ghost prison person!

"Xiang Chengdong, who were you talking to just now?"

"Mr. Ye, who is it?"

The woman came to Xiang Chengdong step by step. Although she was very powerful, Xiang Chengdong was not afraid at all. She sneered and said, "who am I calling? What's the relationship with you? Please make sure that it's your ghost prison who asked me to come!"

The woman came to Xiang Chengdong's side, took off the black frame glasses, and said faintly:  
"everyone likes to disguise, so do I, and so do you. It must have something to do with you that the ghost prison array was broken a few days ago."

"Can I understand that Mr. Ye in your mouth is the man behind everything?"

Chapter 369

When Xiang Chengdong heard the woman mention Mr. Ye again, he waved his arm and snorted, "I repeat, I don't know who Mr. Ye is in your mouth!"

The woman looked at the rippling clouds and lakes in front of her, took out a packet of lady's cigarettes from her pocket, drew out one and lit it.

The smoke is full of atmosphere.

"It doesn't matter if you don't say it. I have the patience to wait here. It's estimated that Mr. Ye will arrive soon."

"Do you know why I chose Yunhe lake?"

The woman took a look at Xiang Chengdong and saw that the other side didn't speak. The arrogance of the corners of her mouth was obvious.

"Because this place is suitable for me to use my skills. After the array is broken, I know that when the ghost prison is opened, someone will come to look for death. There are lots of troubles here. I will erase them before the ghost prison opens."

Xiang Chengdong's expression changed slightly and he didn't speak.

He had no idea that the other side had left a hand!

The key is what the woman can do!

The woman put out the cigarette in her hand, looked at Xiang Chengdong with great interest and continued: "I forgot to introduce myself. My name is Bai Yao, the daughter of Bai elder in ghost prison."

Hearing this, Xiang Chengdong can no longer calm down!

He has been to the ghost prison several times, naturally heard the name of the white elder of the ghost prison!

I don't know how many powerful people are scared by this name in ghost prison!

Elder Bai, the technique can communicate with God. He often needs no hand to crush people!

There are many martial arts strongmen who were originally at large, who were brought back to the ghost prison by Bai Changlao himself!

But in front of her eyes Bai Yao, from her degree of self-confidence, strength is absolutely not weak!

"Xiang Chengdong, you seem very nervous."

Bai Yao is indifferent.

Xiang Chengdong naturally would not admit: "I am nervous about what, you ghost prison is mysterious, but my identity, you are not qualified to move."

Bai Yao nodded: "you're right. Naturally, I won't move you. Of course, knowing that you're not good for ghost prison, I won't move you either. What I'm really interested in is the people behind you."

With that, Bai Yao clapped her hands and said to the cloud and the lake, "you come out."

At this time, the calm surface of the lake produced a ripple.

"Crash!" A sound, the water actually gushed out more than a dozen figures.

More than a dozen people fell on the bank and knelt directly in front of Bai Yao: "see your majesty!"

When Xiang Chengdong saw these ten people, his eyes shrank to the extreme. He knew very well that this white Yao came here prepared.

Her appointment in Yunhe lake is not only to open the ghost prison, but also to kill Mr. Ye here!

Mr. Ye broke the array of ghost prison and was bound to get angry. Bai Yao was ready to revenge.

"Xiang Chengdong, do you think these people and me can stop Mr. Ye in your mouth?"

Bai Yao's tone is full of disdain and pride.

If it wasn't for the day she broke the battle, she just wasn't in Beijing Normal University. How could that person succeed?

That guy must have died under her technique.

Xiang Chengdong took a look at his scrapped mobile phone. Knowing that he wanted to inform Ye Chen that it was no longer possible to do so, Xiang Chengdong said to Bai Yao, "there are still four hours to open the ghost prison. I'll go to the toilet first."

Just as Xiang Chengdong was about to take a step, Bai Yao pinched his finger and a rune fell directly at his feet!

The next second, the golden light flickered, and he found that his feet were actually imprisoned!

Not only that, his martial arts strength was blocked.

Seeing this scene, his face changed a lot. What means is this!

"What are you doing? Do you dare to restrain my freedom? I am the president of the drug alliance!"

Xiang Chengdong's icy roar sounded, filled with endless anger,

Bai Yao clasped her hands around her chest: "Xiang Chengdong, since you've been here a few hours earlier, don't leave."

"Don't try to struggle. You can't break my Taoist skill. I have set up a large array here in advance. Without my skill of lifting the ban, no martial power can be exerted, but my people will not be affected."

When Xiang Chengdong heard this kind of words, he blushed and scolded: "it's so damn despicable!"

Bai Yao's face did not fluctuate. She turned around, and her eyes fell on a dark place. She had found that there was a dark shadow coming rapidly.

She knew very well that Mr. Ye behind Xiang Chengdong finally came.

"Mr. Ye..."

Xiang Chengdong wants to make a sound, but he finds that the strange technique has blocked everything.

There was a storm in his heart!

It is said that many elders of the ghost prison have been to Kunlun mountain. Is it possible that this technique comes from the place inside?

Otherwise, why is it so strong?

In the dark, the rapid figure gradually slowed down.

Ye Chen's step is more stop, he can clearly feel the ground has a wave. This movement is very familiar.

Canghaiping taught him the way of Rune!

But this feeling is very weak, even the weakest rune that Cang Haiping taught him is not comparable.

It's kind of interesting.

Bai Yao naturally noticed Ye Chen. With a trace of interest in her eyes, she walked towards Ye Chen step by step.

Clear vision.

She thought Mr. Ye in Xiang Chengdong's mouth was at least a middle-aged man, but she didn't expect to be so young.

It is not too much to say that he is a student of Beijing Normal University.

What martial arts strength can you have so young?

What's the point? How do these people break the ghost prison array?

Are you a night runner at Beijing Normal University?

"This is not the place for you to come. Go away!"

Bai Yao's hand shot out a golden light, the light cut through the sky, carrying the rolling waves toward Ye Chen!

Even if the other side is an ordinary student, kill or kill, she does not care.

Ordinary people's lives were worthless to her.

Ye Chen saw the golden light and snorted coldly. In his hand, he condensed a wind blade and went straight through the air!

"Bang!"

With a loud noise, the two forces collided together, and the air wave collided in all directions, and the two nearby pines were directly broken.

After confirming Ye Chen's identity, Bai Yao looked at him coldly and asked, "did you break the nine palaces and eight trigrams array in the ghost prison? Are you the man behind Xiang Chengdong

Ye Chen's eyes narrowed slightly and took a look at Xiang Chengdong, who was still not far away. Then his eyes fell on Bai Yao's body: "I'll give you a chance to open the ghost prison now. I'll spare you from dying!"

His voice was as cold as an order.

Bai Yao seemed to hear some of the funniest jokes in the world and giggled.

"Will you spare me? Ghost prison needs my blood essence, skill and key to open at the same time. If you have this ability, you can take it. It's a thing without knowing whether to live or die. "

The next second, she waved her big hand and said directly, "go ahead, cut off the boy's hands and feet, and bring it to me! Remember to live. I have something to ask him. "

"Yes, my Lord."

Chapter 370

Voice down, more than a dozen of figures rushed out, the speed is very fast, the hands have appeared a cold light.

The cold light seems to tear the air, making people palpitating to the extreme. The sword marks are like a big net, airtight, and cover Ye Chen.

Ye Chen stood like this, and even did not raise his hand.

He admitted that these people's martial arts strength is very strong, if it was a few days ago, he might have been afraid of some points, but now, this group of people is really not enough to see.

Bai Yao held her hands in her chest and lit a lady's cigarette in her mouth.

At the moment, she is like a queen standing on the top of the mountain, watching her soldiers slaughter coldly.

So many people, if they can't get a boy who doesn't grow up, it's really ridiculous.

In fact, she is very curious. What kind of ability does this guy have to break the nine palace eight trigrams array!

Is there any secret weapon hidden in him?

Far away.

Ye Chen looks at that a line of figure to sweep to, the eye does not have the slightest fluctuation.

Just at the moment when the net of sword Qi condenses to fall on Ye Chen! Ye Chen moved!

He took a step, a roar, a punch straight out!

The true Qi of Dantian surged to the fist, and the dull roar exploded.

This is a simple punch!

But the power of the explosion, terrible! The power of a fist, the red light burst out, like a mountain avalanche!

In front of these ten mole ants, one punch is enough!

The net condensed by the sword front is directly torn by Ye Chen's fist!

Not only that, but the swords in the hands of more than ten people were twisted directly!

It fell to the ground.

The leaders felt something was wrong and wanted to retreat quickly, but it was too late.

"Boom!"

Ye Chen is another blow out!

Attack like tide, momentum like rainbow! The shadow of each fist fell, and it burst out with a roar.

The wind is howling, the air wave is sweeping, all over the world, are boxing shadow!

All the bodies of those ten people flew out!

If you are hit by fist shadow, you will not vomit blood, or your body will burst! The body is torn apart!

For a moment, there is a very strange scene here!

A young man's offensive is like a tide, that originally occupied the initiative of more than a dozen people can not hurt Ye Chen Fen Fen Fen!

They even flew out! utterly routed! The blood is dying!

This scene made Bai Yao and Xiang Chengdong gape.

How on earth did this happen?

Can a fist of flesh and blood break the sword shadow?

What's more, it's still a dozen sword shadows!

Xiang Chengdong knows that ye Chen is very strong, but he has only seen Ye Chen's art of inducing the sky thunder to break through his ghost prison, but he has never seen Ye Chen do it.

However, the blow at the moment completely shocked him.

"Hiss -"

this is too abnormal.

When did this kind of character appear in Chinese martial arts circle!

Xiang Chengdong even asserts that with such strength, it is estimated that ye Chen's name will ring through China's martial arts circle before long!

It is even possible to step into the top ten of the Chinese masters list!

Become one of the top strong in China!

Xiang Chengdong was surprised, but Bai Yao was not surprised.

The lady's cigarette in her mouth fell to the ground, and her eyes widened to the extreme because of shock.

But the shock soon dissipated and replaced by a playful smile on the corner of her mouth.

"Pa Pa Pa Pa Pa!"

Bai Yao clapped his hands.

She looked at the corpse and blood on the ground indifferently, and said faintly: "I have to say, your martial arts strength is very strong, but the world martial arts strength is not absolute."

Ye Chen didn't want to talk nonsense with each other. He said coldly, "I'll give you one last chance. Now open the ghost prison. Otherwise, I'll smash the gate of the ghost prison with your body."

Bai Yao put her hands in her pockets and said, "Oh? So confident, I'll stand here and see how you hurt me

The cold wind blows, Bai Yao's coat floats slightly, the breath is ethereal.

Ye Chen step out, five fingers condense the true Qi, directly toward the white Yao and go!

In the blink of an eye, he appeared in front of Bai Yao. He was about to touch each other, and the real Qi of his five fingers disappeared!

Not only that, but also his true Qi of Dantian didn't respond at all.

Because of the disappearance of his strength, his strong inertia makes him stagger. Then he stabilizes himself and looks at Bai Yao coldly.

Yeah?

What the hell is this?

At this time, a voice sounded in his ear: "disciple, there is a very strong technique in the area under your feet. You can't display your true Qi above the skill. If you cultivate higher, you may be able to break it by force, but now it's difficult, but the road is 3000. There's no way to break it. First, with the help of the blood dragon in your body. Second, this skill Dharma is nothing in front of the talisman. It is forced to tear it open with the skill of the talisman." Ye Chen suddenly: "understand."

Bai Yao frowned. Who is the boy talking to?

Weird as it is, it doesn't matter.

She sneered and said to Ye Chen in a high tone: "how did you break the nine palaces and eight trigrams array? Is there a strong man behind you? "

In general, the first premise of breaking the array is to be able to find the eye of the array!

The nine palaces and eight trigrams array is extremely hidden in Beijing Normal University. Even those who have been immersed in the array for decades may not be able to find it!

She didn't think the kid in front of her could find anything out of it.

She saw Ye Chen did not intend to answer, face suddenly cold, wrist a shake, a cold light directly shot out.

Speed to the limit!

Because ye Chen and she only 10 meters away, almost blink of an eye to stab Ye Chen's arm!

Boom

After the silver light, the situation is irresistible.

Once it falls, it must be broken!

Bai Yao wants to enjoy the feeling of tormenting the weak.

"In the face of absolute strength, all struggles are useless! You are such a self righteous genius. In my eyes, you don't even have the qualification to let me do it! "

White Yao mouth with a sneer, carrying silver light, unstoppable!

"Is it?"

Just then, a faint voice fell.

Ye Chen's body shakes, and the sound of dragon singing explodes from his body!

The next second, a blood dragon appears directly in the dark.

The red light of the blood dragon seems to make the earth shine brightly!
