

Physician 3611

Chapter 3611

Qiu Lao's face flashed a trace of cruel color and said: "ha ha, it's so easy to integrate the spirit with the refining peak? This array has a great burden on the spirit! Even if you leave it alone, this woman can last three days at most

Three days? Zhan you's eyes are cold. It's been a long time!

Qiu Pi seemed to see Zhan you's thoughts and said, "this is a situation where you don't care. Young master, I didn't say that if you want to ignore it, others can't fight against this array, which doesn't mean I can't either! The soul array naturally needs to be cracked by the soul way! "

As soon as the voice fell, Qiu Pi's spirit, which made Li Chang and Xu Qi tremble, suddenly rippled out!

Qiu Pi is actually a soul cultivation!

At the next moment, Qiu Pi murmured: "curse the heaven, the soul lion!"

The power of the rolling spirit suddenly coagulates and turns into a towering deep purple light. In the light, a lion roars, resounding through the sky. A huge purple lion leaps out with the power of swallowing the sky. In the eyes of a lion, the fierce light flashes wildly. In the roar, with the purple light soul power, it rushes towards the golden light soul array!

In a flash, the soul lion hit the golden light fiercely. The lion's paws danced wildly, and the power of the Taoist soul claws swept across it. The big mouth opened violently, and the soul fire gushed out from the mouth, and crazily eroded the golden light curtain which wrapped the whole refining peak!

Li Chang and Xu Qi looked at this scene, and they were all very shocked!

It's horrible!

Qiu Chengshi is so terrible!

If old Qiu is just an ordinary three-level tianwu of mending the sky, they can't defeat him in the face of Qiu's attack, but if they want to escape, they may still survive

But now they feel the power of the gods and spirits that wreak havoc between heaven and earth. Li Chang and Xu Qi only feel that their spirits are like a candle in the wind. With a little effort from old Qiu, they can easily extinguish their spirits!

This, not even a trace of resistance, no chance to escape!

The soul way in foreign countries is countless levels higher than that of the kingdom of gods, and the conditions of soul cultivation are also countless times more harsh!

Therefore, there are very few soul cultivation in foreign countries. However, every one of them is frightening to the same level. Even the martial arts people who are higher than one or two levels are quite afraid of their existence!

And Qiu Pi was not only a strong man of mending the sky, but also a soul cultivator!

His actual combat power may even be superior to the Zhan family leader!

Jin Shuhui looks at Lan Ying with a worried look. Although Lan Ying is still on the ground with no look on her face, Jin Shuhui can clearly feel that Lan Ying's breath is declining!

Soon, the shadow of the soul lion disappeared. Lan Ying blocked Qiu Pi's powerful attack!

However, the sneer on Qiu Pi's face became more and more intense

His surging soul power, a burst of circulation, soon, is a lion roar, earth shaking!

.....

At the moment, ye Chen planned to continue to the moon soul domain, but suddenly he felt what kind of fluctuation!

I heard the voice of help!

He looks so different!

Jin Shuhui and Lian Shenfeng have an accident!

It seems that Zhan you, who didn't kill him at the beginning, still made a move on refining Shenfeng!

Damn it!

In the void, ye Chen's figure, disregarding the extremely dangerous turbulent flow of space, flashed rapidly!

Ye Chen looks extremely gloomy. In her eyes, she is like a giant wave!

He said coldly, "Zhan you, if anything happens to Jin Shuhui, I will never let you go, nor the whole Zhan family!"

Now, he regrets

Regret what?

Did regret cause Zhan worry?

No, of course not!

What he regretted was that he did not go to the moon soul domain immediately after leaving Juesha day, and killed Zhan you and even Zhan's family directly!

Thinking of Jin Shuhui's situation at this time, ye Chen's heart will be burned with anger!

A virtual Warcraft with three heads, which looks like a rhinoceros, suddenly appears in front of Ye Chen. The three heads open at the same time, emitting infinite suction, as if to swallow Ye Chen into the mouth!

In his fury, ye Chen, like a volcano ignited, erupted in an instant. His eyes were turned into pitch black, and he snapped: "get out of here!"

At the next moment, a very frightening wave suddenly blooms from ye Chen's body. The seemingly powerful virtual Warcraft screams with dim eyes and completely lost the breath of life. In the void, it is floating with the turbulent flow of space

Ye Chen, unexpectedly, killed the void Warcraft directly by devouring the soul and destroying the Shinto!

Sure enough, Xuan Hanyu didn't cheat himself. As he stepped into the four layers of heaven, his soul devouring and God destroying ways became stronger!

"Did you feel surprised?" Xuanhanyu said again.

Ye Chen nods. Xuanhan Yu's eyes sank and went on: "if there is something wrong with refining Shenfeng, you may face many strong people in the sky mending environment alone. In this case, I will teach you some things, and even consolidate your soul swallowing and heaven penetrating ability. This may be your qualification to surpass those guys!"

"Watch it!"

.....

Refining Shenfeng.

On the top of the mountain, Lan Ying's seven orifices had been bleeding like a column. Obviously, the spirit was hurt, but even so, she never untied the soul array and just supported it!

The spirit is seriously injured, and the suffering is ten thousand times more severe than the physical injury!

Can, Lan Ying still insist!

She knew that if she gave up and fell down, Shuhui would be in danger! Zhan you is an animal, even more than an animal. If Zhan you falls into his hands, Shuhui will surely suffer ten thousand times more than death?

Therefore, even if she is the spirit of the broken, irreparable, but also to support!

Support until ye Chen arrives!

Although, in the face of the existence of three mending the sky, even one is still soul cultivation! Even ye Chen is almost impossible to win, but at this moment, Lan Ying can only place all her hope on this young man who has repeatedly created miracles!

Jin Shuhui is full of tears on her pretty face. She has always been very strong. It can be seen that her master, like her relatives, is suffering from unimaginable pain for her own spirit and soul, but she still supports her death. Her heart is bleeding!

When Zhan you saw this scene, he was laughing wildly, as if enjoying some comedy performance!

Finally, a decisive color flashed in the Golden Book's eyes. A long sword appeared in her hand. Her jade hand must lead the sword to the jade neck!

Jin Shuhui should commit suicide!!!

Rather than let the master suffer, rather than fall into the hands of Zhan you, it is better to take advantage of the opportunity to choose death!

But, just at this time, a sarcastic voice sounded in her ear.

Zhan you sneered: "Jin Shuhui, do you want to die? Hehe, if you die, I don't know how to treat your master. After all, your master is pretty, isn't he? "

Chapter 3612

When Jin Shuhui heard the speech, her plain hand suddenly trembled. She was staring at the sky, and her face was full of sadness and indignation!

Too shameless, too mean!

This Zhan worry, even a little bit of bottom line, have no!

But

Zhan you's threat has come into effect

Jin Shuhui's wrists trembled. Finally, the blade of the sword left her neck.

She was afraid

I'm really scared!

She can choose to die, but she can't choose to leave her master!

At the same time, the soul lion released by Qiu Pi roared again. The deep purple soul fire flew out of his mouth. The golden curtain of light finally broke under the erosion of the soul fire!

Even though she was struggling, Lan Ying reached the limit

Seeing this, Qiu Pi's face lit up with joy!

It's done!

Next, as long as we can find a way to remove the refining peak, the treasure is his Qiu Pi's!

As for the disciples of Lianshen peak?

Kill all of them. It's just right. His evil spirit method also needs to devour the spirit of the warrior to practice!

Lan Ying's face was pale and her whole body seemed to be frozen. She was shaking slightly. Her spirit was on the edge of breaking and fell behind her.

Jin Shuhui exclaimed, "master!"

She quickly helped Lan Ying.

Zhan you ha ha smile, with Li Chang and others, fell on the refining peak, now, he is not in a hurry.

All of a sudden, Zhan you hands, more than a metal chain, Li Chang and Xu Qi look at each other, look at Jin Shuhui's eyes, more and more playful.

This metal chain is a dog chain used to tie foreign spirit dogs!

With a wave of her hand, Zhan you will put the dog chain around Lan Ying's neck!

Jin Shuhui can't bear it any more!

Zhan you is deceiving people too much!

Her body shape suddenly rises, the sword light in her hand surges wildly, a sword stabs Zhan you's eyebrow heart!

Jin Shuhui is desperate to do it!

In addition, this sword, in terms of her cultivation, is already the ultimate sword!

But

In Zhan you's eyes, however, there is a look of disdain. With a swing of his spiritual power, he blows out a fist and roars. In an instant, Jin Shuhui's sword light is crushed!

With one punch, Jin Shuhui's attack will be completely resolved. The gap between them is too big!

Jin Shuhui looked at Zhan you coldly and said in a cold voice, "what are you going to do?"

Zhan you said with a smile, "Shuhui, why are you so excited? Are you not satisfied with the necklace I gave your master? "

He shook the chain in his hand.

Jin Shuhui is going crazy!

Mad with anger!

Jin Shuhui is more angry, but Zhan you seems to enjoy it more!

He continued: "if you don't want your master to wear it, I can give you a chance to replace her. How about it?"

When Jin Shuhui hears the words, she trembles!

If she was proud of Jin Shuhui, she would rather die ten thousand times than wear this humiliating dog chain, but if she didn't wear it, it would be her master who was humiliated!

Jin Shuhui lowered her head, trembled, and put her hand to the dog chain

At the moment, Lan Ying almost had no strength to speak. However, seeing this scene, she still insisted on her voice and said, "no No, stop it, stop it

However, just when Jin Shuhui wants to take over the dog chain, Zhan you suddenly takes the dog chain back!

His look, suddenly cold down, cold way: "you are so wearing a dog chain?"

Hearing this, Jin Shuhui was stunned and said, "what do you mean?"

Zhan you said with a smile, "have you ever seen a spirit dog wearing clothes? Have you ever seen a dog standing? The lower animals without clothes and on all fours are called spirit dogs, aren't they

"No way Jin Shuhui roared hysterically. Zhan you was worse than an animal!

"Impossible?" Zhan you laughed, cruelly.

He said lightly: "Li Gong Feng, Xu Gong, since the golden fairy thinks her dignity is more important than the master's life, let's satisfy her. If she doesn't want to be a spirit dog, she can let her master do it, right?"

Li Chang and Xu Qi said with a smile, "yes, that's right, young master. You're too kind to offend you. As long as you're a dog, is that enough? This is their blessing

After that, they moved and appeared on Lan Ying's side!

As soon as Jin Shuhui's face changed, he tried to stop him. But Xu Qileng snorted and released the pressure of Tianjing!

The moment when the pressure appeared, the whole world seemed to change color for it!

Jin Shuhui couldn't even move under the suppression of this amazing power!

Tears, again from the beautiful eyes of Jin Shuhui, gush out wildly! Li Chang grabs Lan Ying's shoulder with his big hand and lifts her up. The burning color in his eyes flashes. With his other hand, he grabs Lan Ying's chest, but he wants to tear his clothes to pieces!!!

Xu Qi, however, stood aside with a smile, holding a dog chain, ready to put on the stripped blue Ying at any time!

Jin Shuhui closed her eyes and looked on, she would really collapse!

At the moment when Li Chang's hand was about to touch Lan Ying's clothes, a roar like a dragon's roar exploded between heaven and earth. In an instant, the whole refining peak and even the whole sea area were in a frenzy of shock!

"Beast! Let go of your hand

Jin Shuhui opened her eyes in disbelief, and saw that the space was fluctuating in the sky. A dark crack was tearing rapidly!

In the crack, out of an expressionless man.

Ye Chen, here we are!

Zhan you looking at Ye Chen, is ecstatic, as well as ridicule!

Happy is, ye Chen did not escape, but really came to this refining God peak to die!

And sarcasm is to ridicule Ye Chen for his stupidity!

With Ye Chen's qualification, what women do you want in the future?

But now, he is going to die because of Jin Shuhui!

It's not stupid. What is it?

However, Zhan you soon found that ye Chen's cultivation was promoted to the fourth level of heaven and God?

You know, ye Chen a month ago, or a thorough mole ant ah! The speed of practice is too high!

However, this promotion is nothing to Zhan you!

But there is a person is angry, blood boiling fury!

This is Li Chang!

He is a strong man of mending the sky!

In the yuehun realm, he has a small position in Zhan's family. But now, a god state or a waste of four layers of heaven in the heaven God realm dare to scold Li Chang?

Li Chang despised the people in the xingxuan realm to the extreme. He thought that the lowly people living in the backward realm were no different from the cattle. When the cattle saw a strong man in the moon soul domain, he was not respectful and bowed down to his courtiers. He dared to bark at him or even call him a waste?

What's more, it's still in front of Zhan you and Xu Qi! If this matter is passed back to the moon soul domain, I'm afraid that he will become a laughing stock for everyone

This is simply Li Chang's nerve, completely picked off!

At the moment, Li Chang, even Lan Ying, can't care. She throws Lan Ying down and stares at Ye Chen in the sky with blood red eyes. Her whole body is filled with the atmosphere of sky mending. She bursts out completely. The world is shaking in this overwhelming power!

The rolling power together, like a beast in general, instantly toward Ye Chen, roaring away!

Li Chang's face flashed a cruel color and said in a cold voice, "waste? Just a mole ant, dare to speak out? Think you can really do whatever you want when you beat a few junk things in xingxuan domain? Boy, you haven't felt the pressure of mendianjing, have you? Do you know what kind of strong man exists in the moon soul domain?

Now, can you say the same thing? Waste? "

Chapter 3613

Lan Ying and Jin Shuhui are both face color changes, and that Wei pressure is too frightening! Li Chang's all-out pressure, even if not deliberately aimed at them, is enough to let them feel their life, just like a candle in the wind!

When ye Chen left Lianshen peak that day, there was still a big gap between Ye Chen and mendianjing. In this short half month, how much improvement could he make?

Their hearts can not help but feel uneasy, for ye Chen to resist the pressure of Li Chang, not too much confidence!

Blink of an eye, that pressure has swallowed Ye Chen!

Li Chang's smile is more and more ferocious. In his opinion, the boy named Ye Chen, let alone continue to bark, is it not easy to survive?

But!

The next moment, let everyone unexpected scene, appeared!

Ye Chenning stands in that oppressive, the look is deep and cold, actually has no minute to shake!

Don't say what injury, strong support, ye Chen didn't do anything at all, even his face did not change a trace of ah!

It seems that the pressure of the strong man in the sky mending environment has no influence on him!

Ye Chen left the realm of nine deaths, breaking through the four layers of heaven and God, and even vaguely close to the five layers of heaven.

The promotion of his realm greatly improves his strength!

What does this pressure mean?

Li Chang's smile solidified instantly!

The face is going to turn red and become the color of pig liver!

What a shame!

A moment ago, I was still mocking Ye Chen. What else do you know about the existence of the strong in the moon soul domain? Now, the other party is under his own pressure, just like playing?

This face makes Li Chang want to find a hole in the ground!

How could this happen?

Can a God's realm exist and bear its own pressure?

Li Chang is going crazy!

He suddenly understood, Zhan you's feeling!

This boy is so weird that I can't describe it!

Even Qiu PI looked at Ye Chen, his eyes narrowed slightly and his expression was solemn.

Ye Chen said with a cold smile: "how? You like to hear people scold you so much? Yeah? Is this a special hobby of waste? I can't understand, punk. Can you explain to me why? "

Click, invisible, as if there is something, broken!

That's the last nerve in Li Chang's brain that connects with reason!

At first, he yelled and insulted for ye Chen. If he recovered his face, it would be fine. But now?

Get slapped again?

Do you want to humiliate you even more after you've beaten your face?

If Li Chang could bear it again, he would not be a strong mending the sky!

"Die for me!"

Li Chang roared, and a thunder like sound came out of his body, like the sea spirit power, which was rotating in the meridians. Huge amounts of aura, like moths to the fire, rushed toward Li Chang wildly!

A shadow of a human figure surrounded by pale blue thunder appears behind Li Chang. Li Chang turns his wrist and a long gun appears in his hand. The rolling thunder seems to have found a home, and instantly infuses it into the long gun!

When Jin Shuhui and Lan Ying saw this scene, they were shocked!

That light blue thunder, sending out the breath of incomparable palpitation, every flash, in the void, there are large cracks emerge, endless disappear!

God thunder, this is the real God thunder!

Thunder, has always been an extremely powerful energy between heaven and earth, and outside, in addition to Shenhua ranking, there are also divine thunder rankings!

On the list, is the most powerful 100 kinds of thunder outside the territory!

If Lan Ying and Jin Shuhui are right, Li Chang's thunder now contains the breath of blue evil thunder, which ranks 98th on the list of divine thunder!

Don't underestimate this ranking 98!

That is to say, it is not only xingxuan domain and yuehun domain, but also the divine thunder of Yangzhen and Tianren domains!

Just being able to be on the list is enough to prove how powerful the blue evil thunder is!

Although Li Chang's thunder is not pure, it is terrible enough!

Lei, this is the main destruction, annihilation, and Li Chang is to mend the sky realm martial arts, this has a very strong strength, ye Chen want to block Li Chang this blow, too difficult!

But Zhan you, Xu Qi and others looked at each other, and they laughed!

Ye Chen, really strange, even Li Chang's prestige can see if nothing, beyond their expectations, but it's just that.

How about ignoring the pressure?

How dare you really ridicule Li Chang?

Li Chang, it seems, is really angry, even his strongest card, all display, regardless of everything to kill Ye Chen, wash the shame ah! And all this is Ye Chen's own fault!

Zhan you looked at Ye Chen with a sneer: "ha ha, ye Chen, now you are comfortable?"

At the next moment, the light of the spear was surging. Against the background of the spear, Li Chang, like the God of thunder, made a move!

A gun shot out, absolutely strong gun intention, through the heaven and earth, thunder, just like the nine days above, came the roar of the dragon, that contains the blue evil thunder breath of thunder light, instantly turned into a clear scale, incomparably majestic Thunder Dragon virtual shadow, toward Ye Chen to kill!

Every time the Thunder Dragon moves, the emptiness around the holy peak is frantically broken. The vegetation on the mountain and so on are all turned into ashes, and the sea water boils!

In the sky, the thunder was blazing. It seemed that all of them were moved by the Thunder Dragon. Countless sea animals screamed and dived into the deep sea. The slower ones were already burnt and their body surface was covered with electric light. They were alive and electrocuted!

Obviously, the thunder and lightning breath of this Thunder Dragon is very restrained, just sends out a trace of thunder force fluctuation, it has been so terrible!

Can imagine, if is hit by this Thunder Dragon, what kind of frightening consequence!

However, in the face of this contains a blue evil thunder strike, ye Chen is not dodging!

His wrist turned and a black sword fell into his hand!

When she saw the dark sword, Lan Ying's eyes flashed slightly!

Even now, she has been seriously injured, her eyes can not help but light up!

As a descendant of the six evil spirits, she can clearly feel the fierce Qi of the evil spirit on the sword, as well as the faint strong Dao rhyme!

Ye Chen's evil sword has untied the seal!

Lan Ying's face, can't help showing a touch of joy, this means what, she is very clear!

In other words, ye Chen successfully untied the seal of evil spirit in Juesha heaven!

Originally, to see Li Chang display blue evil thunder, has been almost desperate Lan Ying, at this moment, the heart is rekindled a ray of hope, untie the evil spirit seal, is not so easy to do, but!

On the contrary, after success, the benefits are enormous!

Perhaps, ye Chen is not reckless and conceited in the face of Li Chang's arrogance, but is really relying on him?

Although it sounds strange, Lan Ying still has such an idea in her mind

Is it that ye Chen now has the strength comparable to that of a strong man in the sky mending environment?

Also at this moment, ye Chen hands!

Chapter 3614

A light, a gray and black cross sword light, stabbed everyone's eyes!

Not only the eyes, even the spirit is a shiver!

That is the sword light cut by Ye Chen!

At the same time, the sword also blooms a strong Dao rhyme!

The sword light of Ye Chen is more powerful than before in the first battle of refining God peak. I don't know how many times!

What's more, at the moment, his swordsmanship has undergone a qualitative change, which has turned into a kind of soul martial art!

What is soul martial art?

It is a combination of soul skills and martial arts skills. The soul and martial arts skills are extremely rare in the whole territory!

Even Zhan you, looking at this sword, is completely stupid

His brain is in chaos. Although the breath of sword is extremely concise and introverted, he can not feel the sword of Ye Chen. The specific strength can be seen from his vision. It is natural that ye Chen's strength has soared again!

How long has it been?

There must be a limit to adversity, right?

Is Ye Chen a man?

It's impossible to give a living to the warriors in the world!

At the same time, he also secretly congratulated that he had made enough preparations and brought the strong man of mendianjing in his family!

"Not good!"

But at this time, Qiu PI, who was originally indifferent, suddenly changed his face. He drank a low voice, and his spiritual power and soul power were surging at the same time. When the evil heaven and the soul lion reappeared, he had to make a strong move!

Zhan you and Xu Qi both take a look at Qiu PI. Although Ye Chen's sword looks very strong, he is not so excited, right?

Can ye Chen kill Li Chang who has a trace of blue evil thunder with one sword?

How did they know that Qiu PI's power of spirit and soul was far stronger than that of the two. Even though ye Chen's sword was extremely concise, Qiu PI felt the power of shaking the bone marrow from it!

He knew that although Li Chang's strength was not weak, it was impossible for him to take the sword!

So he's going to do it!

But it's too late

Ye Chen's sword is too fast!

Too fast!

In a flash, the sword will be with that seems to have lost all the strength of the Thunder Dragon, crash!

At that moment, the whole world seemed to solidify slightly

In the eyes of the people, everything that happened on the refining peak seems to be slow to release

Under the gaze of all the people, that extremely terrible, incredible scene, quietly staged in their eyes

The Thunder Dragon shot by Li Chang, which contains a wisp of foreign god thunder list and ranks the 98th blue evil thunder power, is actually under the gray and black sword awn, just like a loach cut by a chainsaw, fleeing with blood and breaking down quickly!

Even, without waiting for people to react, the Thunder Dragon has completely dissipated under the sword of Ye Chen!

At this moment, the original anger in Li Chang's chest was completely extinguished as if watered by the extremely cold ocean!

The only thing left is the fear from bone marrow!

As a warrior of the moon soul domain, he has clearly felt that a hand of death has seized his throat!

Li Chang was shaking wildly!

Now, where does he care about face and pride?

What he thought was to survive under this sword!

"No! How could I, Li Chang, die here He uttered a scream of panic, opened his mouth and vomited. A round bead containing endless blue awns fell in front of Li Chang!

In this round bead, contains the strong thunder power, is a thunder bead!

Thunder bead is often condensed by powerful thunder, and this is a blue thunder bead condensed by a ray of blue evil thunder!

Zhan you, Xu Qi and others see that the pupil shrinks!

This blue thunder bead is the most powerful part of Li Chang's body. Now, in order to block Ye Chen's attack, Li Chang does not hesitate to take the thunder bead as the price?

Zhan you and others face, completely changed, ye Chen this sword actually let Li Chang fear to such a point?!

Li Chang's face was extremely distressed, but he did not hesitate to spit out a mouthful of blood essence at the thunder bead!

He knew that as long as he could block Ye Chen's attack, Qiu PI, Xu Qi and others would have a chance to fight, and they would not die!

No matter how good this blue thunder bead is, it can only be used with life!

At the next moment, on the thunder bead, countless cracks appeared, suddenly broken, a wisp of extremely dazzling blue thunder appeared on the refining peak!

The thunder seems to have a spirit of general flash, bursts of shock mind of the dead breath, with the flash of the thunder, diffuse out!

This is a real ray of blue evil thunder!!!

The moment the thunder light appeared, Li Chang's face also showed a look of peace of mind. Ye Chen's sword, no matter how strong, will this ray of blue evil thunder be directly suppressed?

Moreover, although Ye Chen is a sword to break his own Thunder Dragon gun intention, but also inevitably consumed part of the strength! Li Chang's eyes flashed. Maybe the blue evil thunder could hurt Ye Chen instead?

The next moment, the gray black sword finally came!

The blue evil thunder in front of Li Chang's body, as if he had been stimulated by something, sent out a roaring thunder, and the blue light was in full swing. In the blue light like the sea, the thunder awn turned into a strange animal shadow like a dragon rather than a dragon, like a tiger Flying Tiger, roaring towards the sword!

With a loud bang, the gray and blue light seems to divide the world into two parts, constantly impacting, and finally vanishing!

The blue evil thunder is worthy of being the powerful thunder on the God thunder list. Just this ray of thunder will completely dissolve Ye Chen's sword!

At the same time, Zhan you and others look at Ye Chen. They see that ye Chen is burning black and full of smoke. It seems that even his blood has been evaporated by the electric light. He is injured by the blue evil thunder!

Smile, Zhan you, Xu Qi all laugh!

Ye Chen's only chance to kill their companions has been missed. Naturally, they will not give ye Chen any more opportunities!

Zhan you's face flashed with ferocious color, and he snapped: "let's go! Xu Qi, Qiu Lao, Li Chang, together, kill this boy directly

No matter how strong Ye Chen is, it's impossible for ye Chen to resist the existence of the three mending heaven realm at the same time?

However, at this time, Qiu Pi was full of gloomy color and said: "young master, Li Chang is dead..."

Zhan worried smell speech, instant a Leng!

Dead?

How could it be dead?

Li Zhenchang's sword has been broken. Isn't it true that Li Zhenchang has broken the sword?

He suddenly turned his head and looked at Li Chang on the refining peak!

I saw that Li Chang was still standing on the ground even though he was in good condition

Yes!

In his eyes, it is a dark, there is no breath of life ah!

Zhan you, Xu Qi saw this, his heart was full of cluttering

Li Chang can't die again!

And it's the death of the spirit!

They slowly raised their heads and looked at Ye Chen. In their eyes, at the moment, they could not help but take with them a trace of horror

It's like seeing a man eating devil

How can there be such metamorphosis in the world?

Chapter 3615

They know that ye Chen's sword has the breath of destroying Shinto and soul way, but even so, the soul way can't be stronger than this!?

Directly killed Li Chang's spirit?

What's more, it's not a pure soul attack, but a soul martial art?

In the face of everyone's sight, ye Chen said with a cold smile: "ha ha, this thunder bead can block my sword of destruction, but it can't block the attack of spirits. Didn't even expect that? It seems that this is no more than that. Zhan you, like this man, will die here today! "

Zhan you, Xu Qi smell speech, are in the heart of a Lin!

Their faces are very ugly

What do you expect?

How did you expect that?

If Li Chang uses the spirit defense, he will be killed by Ye Chen's destruction sword. But if he uses Lei Zhu to resist the destruction sword, he can only resist the spirit damage!

Li Chang naturally chose to fight against the harm of spirits

Can, who can think that ye Chen's soul way is also so terrible!?

Jin Shuhui and Lan Ying are also full of disbelief and ecstasy!

Ye Chen created a miracle again!

In particular, Jin Shuhui's inexplicable palpitation became more and more intense. At the beginning, ye Chen defeated the son of the demon emperor in the kingdom of God, and later, he killed song Ziqing at the marriage ceremony. Now, the man in front of him once again saved himself, and once again, he was more powerful and excellent than he thought he was!

To be honest, Jin Shuhui has been constantly improving her evaluation of Ye Chen, but now, she finds that her imagination is not enough!

How can such a man not let a woman's heart throb?

Although Jin Shuhui is a Xuannu of refining spirit peak, she has no experience of contact with the opposite sex, but in the final analysis, she is also a woman.

At this time, ye Chen's mind rang out a woman's voice.

Xuanhanyu said with a smile: "it seems that you have a good understanding of what we taught you along the way."

In Ye Chen's eyes, there is also a touch of joy. Although he has understood the soul swallowing and heaven connecting, he is not really a soul cultivation. He can kill Li Chang with the skill of soul martial arts. Even he is a little surprised.

This is also thanks to the devil who came to avenge his son!

Although Ye Chen didn't swallow up the soul of the original devil sacrifice, the war was not without harvest!

First of all, xuanhanyu absorbed a lot of power in the anti blood evil array, so that she could control the unsealed Sha Jian. Thus, she had a clearer understanding of the soul swallowing way of the Sha sword, and taught what she had learned to Ye Chen, so that ye Chen could make rapid progress in the way of soul swallowing and the cultivation of soul devouring heaven.

Secondly, everything in the world of death!

Ye Chen is also inspired by the test in the nine death situation!

At this time, a low drink suddenly exploded in the ears of the people!

"Boy, don't get carried away, soul? I would like to see if your soul way can defeat my evil spirit method!"

At the next moment, a strong spirit wave, bloom again, sweeping the whole refining peak, purple light surging, a Ghost Lion virtual shadow, shaking the world!

Qiu PI, let's go!

At the same time, Qiu PI gave a big drink: "Xu Qi, let's go! You don't have to be careful. I'll entangle him with his soul. Just attack him!"

Suddenly, a purple light flashed, a deep purple seal, suspended in front of Qiu PI!

At the moment when the seal appeared, Qiu PI's eyes instantly turned red with blood. His whole body was surrounded by black air, and the whole person was like a ghost!

Qiu PI low drink a way: "disaster day ghost Lord, come!"

With a roar, on the seal, there was a strong Yin Qi, stillness and madness breaking out. A bloody light blended into Qiu PI's eyebrows. At the next moment, the Ghost Lion behind him suddenly burst out with blood, and gradually twisted into a ferocious ghost with a black face and fangs!

Seeing the moment of the ghost appeared, even ye Chen was shocked, inexplicably felt a sense of horror, spreading in the sea of knowledge!

Xuanhan Yu said in a deep voice: "the ghost of disaster? Boy, be prepared. Since this old thing can summon the evil spirits, it is not so easy to deal with! "

Ye Chen looks a congealed way: "Xuan Xianzi, what is the ghost of this disaster day?"

Xuanhanyu said: "the ghost of calamity to the heaven is a kind of powerful ghost in all kinds of heaven, especially on the means of targeting the spirit!

However, this kind of ghost is tyrannical and likes eating human spirits. It should have been killed by the most powerful people in the sky. Unexpectedly, there is still a head hidden in the hands of this old thing?

Although this evil spirit is a relatively weak one in his race, it should not be underestimated. He has several kinds of strange talents and supernatural powers, so we should be careful! "

When ye Chen heard the words, he nodded in secret. His dark and gray sword flashed in his hand, and he cut out a sword fiercely towards Qiu Pi. Meanwhile, in his knowledge of the sea, the power of gods and spirits interweaved. The protection of the dust stele made a faint and illusory formation. This is a kind of spirit defense that ye Chen understood from the dust stele!The ghost of the disaster of heaven has now completely appeared in the world. In his eyes, the blood awn flashed. Looking at the cut gray and black sword, he roared, and his soul power fluctuated and rippled out. In his blood eyes, he actually shot two blood awns, which collided with the sword light of ye Chen!

With a loud bang, the sword that even contained the power of blue evil thunder could easily die out. After being hit by the blood light, it was a standstill for a time!

A moment later, both are broken!

Draw!

It was a tie!

Zhan is overjoyed. If old Qiu can control Ye Chen, then Xu Qi can attack him at will?

It's true that we brought the three Zhan family to offer sacrifices!

Ye Chen, it's a pity that you are really evil, but you are useless. After all, you are just a waste of xingxuan domain. You have no strong background. No matter how strong your talent is, you can only cause disaster. One's strength is limited. You don't have family background. Do you want to go down in the world of martial arts?

Dream!

Today, you will die here!

Although Qiu PI summoned the evil spirits to fight with Ye Chen, it seemed that they were equally matched. However, at the moment, the evil spirits were surrounded by blue smoke and gave out a very painful roar. Although the way of soul devouring seems to be unable to cause too much damage to the evil spirits who are good at the soul way, destroying the Shinto is the enemy of any ghost!

But when the evil spirit was injured, Qiu PI seemed to have been bitten back. His face turned pale, and even blood gushed in his eyes!

However, strangely, Qiu PI looked at Ye Chen, but he was very excited and said with a sneer: "boy, you still hurt the supreme ghost Lord after all. Ha ha, that's a price to pay!"

Curse, disease

At the next moment, a rune flew out of the seal and fell on the shadow's brow. The strange wave rippled from the evil god's ghost master. His red eyes were staring at Ye Chen with hatred, and the flame of revenge flashed in his eyes!

Ye Chen frowned. At this moment, vaguely, he felt that he had established some kind of connection with the ghost Lord!

All of a sudden, ye Chen's look changed, a piece of darkness swept towards him, even too late to resist, ye Chen fell into the boundless darkness!

Chapter 3616

"Shit!" Ye Chen scolded low, and his face was ugly. He knew that he was not really transferred to another place, but his spirit was dragged into some kind of illusion by the God and ghost Lord!

Presumably, it has something to do with the resentment mantra. The condition for this magic power to be launched should be when the other party causes damage to the evil spirit

However, it has to be said that the supernatural power of the evil spirit is really weird and incomparable, which is beyond prevention!

On the peak of refining God, ye Chen's look suddenly darkened, and his eyes lost the divine light, as if he had become a vegetable, and he was still in the air.

When Qiu Pi saw this scene, he was ecstatic!

It's a success!

The curse of grudge has been successfully launched!

While maintaining the mantra, he yelled at Xu Qi: "what are you waiting for? Give me a hand!"

When Xu Qi heard the speech, he immediately looked awe inspiring and did not dare to neglect him. In his hand, there was a big wrought iron stick, which was engraved with countless runes.

Looking at this moment, Xu Qi looks dull, as if ye Chen, who has completely lost the ability to resist, looks ferocious and smiling. He dances the big stick in his hand, and his muscles are all over his body. He is agitating wildly. He is like a monster out of the cage, roaring and rushing on the big stick of Bing iron!

This Xu Qi is actually a physical training or a terrible one!

How can it not be terrifying to use the way of physical cultivation to improve the heaven realm?

His body flash, then appeared in Ye Chen's body side, a stick toward Ye Chen's head mercilessly swept away!

The wind howled, even the vast sea, were stirred by the power of a stick, set off a huge wave!

The eyes of Jin Shuhui and Lan Ying trembled!

How powerful is this stick?

Even if ye Chen's vitality is extremely against the sky, he can be in this state. If he is completely hit by this stick, I'm afraid that he will be hurt!

What's more, the most important thing is that ye Chen doesn't even have the strength to resist at all!

Like a human flesh sandbag, even if this stick does not kill Ye Chen, sooner or later, he will die under Xu Qi's stick!

But when everyone thought Ye Chen would be hit by this stick in his head

Ye Chen, it is moving!

His arm, mercilessly waved, the evil sword in his hand, towards that startling sky one stick, horizontal cut out!

Originally, Xu Qi, who was still full of grim smile, was shocked instantly!

If ye Chen had not been subdued by Qiu Lao's technique, Xu Qi would not dare to fight ye Chen head-on with his ability to kill Li Chang in seconds!

He was in an instant convergence of the stick momentum, body shape crazy flash, toward the rear explosive retreat!

Ye Chen is in the dark, his eyes flash slightly, and he is thinking about how to break the curse.

The reason why his spirit was dragged into this dreamland was that he wounded the evil spirits, which had a certain causal relationship with them!

If you want to break the illusion, the simplest way is to cut off this connection!

How to cut off the connection between gods and spirits?

Then naturally, we should use the supernatural power!

Think of here, ye Chen immediately eyes a bright, low drink way: "seven evil spirit wonderful, swallow soul Tongtian!"

At the next moment, a burst of spirit power rippled, sending out the charm of soul swallowing. Driven by Ye Chen, he turned into a sword of spirit and soul, and chopped down towards the darkness!

The darkness in front of me was slightly distorted for a moment, but I recovered my peace in an instant

Ye Chen frowns and cuts out the soul. However, the result is still the same

After dozens of attempts, ye Chen finally gave up

After a moment's reflection, he sat down in the dark with his knees crossed!

The reason why we can't break the connection with the evil spirits is that our soul is not strong enough!

His understanding of biting the soul to the sky is not enough!

At present, the only thing ye Chen can do is to understand!

Thoroughly understand the soul devouring the sky!

In that way, there will be a chance to break the illusion!

.....

On the refining peak, ye Chen suddenly pushed Xu Qi back with his sword, but he didn't pursue him. As soon as Xu Qifang retreated, ye Chen slowly put down his hand again and recovered to the state of numbness.

And Xu Qi and Zhan you are looking at Ye Chen in disbelief

What's this kid up to?

Didn't you wake up?

Why, can you react?

Seeing this, Qiu PI scowled and growled: "damn fool, this boy is still trapped in my skills. Just now, the reason why he moved is just the fighting instinct of his body! As a physical training, you can't even defeat a physical body that can't move by fighting, can you? "

Hearing this, Xu Qi's face turned red in an instant

It can't be said that he is timid. Ye Chen is so weird!

Who has ever seen that the spirit is sealed by magic, and the body can still fight by instinct?How strong a fighting instinct is it to do this?

However, in this way, Xu Qi did not have to worry about the future and went up again with the stick!

Qiu PI looks at Ye Chen, but a shock appears in his eyes. It's not because ye Chen moves

It's because he obviously felt the meaning of the grudge curse just now!

Did this kid find a way to break the curse so quickly?

You know, ordinary people fall into the grudge mantra, let alone break it, the spirit will fall into a chaos, even thinking can not do gradually melt in it!

But this boy seems to have no influence at all. He has a clear mind!

Qiu PI bit his teeth, and his eyes flashed sharply. Ye Chen's strange, frightening, incomprehensible, simply beyond his imagination!

Since you have become enemies with Ye Chen, you must not let such evil spirits live!

At this moment, Xu Qi's big stick dances again. With his powerful spirit and the terrifying power, Xu Qi sets off a strong wind on the refining peak, which seems to be able to blow the whole world away. The stick shadow is smashed down!

Ye Chen moves again, the sword in the hand is facing that iron stick to block!

Xu Qi sneered and said: "ha ha, boy, even if your fighting instinct is stronger and you don't have conscious control, you also want to block the stick of benzun just by your physical strength? Turn it into meat and mud for me

Zhan you, Qiu PI, are very excited to see this scene, this rebellious boy, finally die!

On the other hand, Jin Shuhui's pretty face is hopeless, heartache to the point that she can't breathe. She is not even qualified to intervene in this kind of battle! And even if she wants to, she can't do it. Just now, in order to stop Li Chang, she has been shocked by the breath of mendianjing. Now her spiritual power is in disorder, so she can only watch ye Chen die in front of her!

Jin Shuhui bit her teeth and tried to turn the spiritual power far away. She spat out a mouthful of blood. The disordered spiritual power has torn her meridians, but she doesn't mean to stop!

At the moment, she has no intention to attack, but to explode!

Even if you blow yourself up, you have to push Xu Qi back to block the blow for ye Chen!

Even if, this is just a futile struggle, better than just looking at the only man who let his heart beat, die in front of himself!

But all of a sudden, a hand pressed on Jin Shuhui's shoulder, Lan Ying's hand.

She shook her head at Jin Shuhui and said, "Shuhui, believe him! Ye Chen is not a man who will die so easily

At this time, ye Chen's sword and Xu Qi's big stick finally hit one place!

The whole mountain, including the sea nearby, was shaking violently!

As if there was a 100 magnitude earthquake, suddenly occurred in general!

In the loud noise, ye Chen's body shape flies back. Under the power of that stick, the muscles on his arm are broken and the blood is flowing. There are cracks on the bones!

Chapter 3617

.....

However, on the peak of refining spirit, there was silence!

Xu Qi looked at his trembling hands and then at Ye Chen. His face was dull and his eyes were full of disbelief!

Ye Chen was relying on the strength of the body, and then blocked Xu Qi's attack!

There's nothing wrong with that, right?

You know, Xu Qi used his whole body strength, including spiritual power, physical cultivation skills, and physical strength, etc., but now ye Chen, because the spirit is bound, relying on instinct, can only use the physical strength

Even the power of breaking the sky, the body of heavenly demon, the formula of burning blood and so on, have not been used!

Although, this time, ye Chen is in the downwind, but can't change the fact that Xu Qi's attack is blocked!

How terrible is Ye Chen's physical strength?

Xu Qi was about to vomit blood. A mending heaven realm cultivation was existed by a god state. Relying on pure physical strength, he resisted his all-out attack?

As the dignity of physical training, ye Chen will be crushed under his feet!

"Ah, ah, ah!!! Die for me! You monster! Die for me

Xu Qi roared, crazy, scared, ye Chen gave him too much pressure!

He couldn't believe that if ye Chen recovered his mind and waited for himself, what terror would it be!

Therefore, we must kill Ye Chen and kill him while he is still trapped in the art!!!

Xu Qi's whole body is steaming. He uses some secret method of burning potential and pours at Ye Chen again!

Boom, it is a stick, hit down heavily!

Ye Chen looks numb and dances with the sword in his hand. Even though he is acting on his fighting instinct at the moment, the sword in his hand still accurately blocks this stick!

But!

Although Ye Chen's body is tough, Xu Qi is, after all, a mending the sky!

Moreover, at the moment, the blood essence has been burned!

Is this stick so easy to catch?

On the iron bar, a heavy yellow light diffused and opened, which made the weight of the stick rise again. While ye Chen blocked the stick, the ground under his feet cracked instantly. There was a click on his body, and the bones seemed to be broken!

"Die! Die! Die Xu Qi roared, and kept moving. One stick was exhausted, another was up again!

He crazily brandishes the big stick in his hand, and his whole body seems to have inexhaustible strength. However, ye Chen just resists, and his face is numb. Relying on his great strength, as well as his formidable physical quality and vitality, he constantly supports

Blood, more and more flow, gradually the whole mountain top of refining God peak, all dyed a layer of red, that is Ye Chen's blood, the formation of blood pool!

People see, whether it is Jin Shuhui, Lan Ying, or Zhan you and others can not help but a burst of horror!

How much blood is there in Ye Chen's body?

The body of a warrior is far more than that of ordinary people. It is normal to have more blood, but there should be a limit, right?

Ye Chenguang is now flowing out, has surpassed the general God warrior!

Compared with the martial arts, they can't even mend the sky

Moreover, shed so much blood, ye Chen is also only complexion, slightly pale just, as if has not injured the foundation?

Zhan you couldn't help but swallow his saliva. He knew that ye Chen's vitality was strong, but on that day in the refining peak, ye Chen's vitality was definitely not at this level!

In other words, during this period of time, Ye Chen has not only improved her strength, but also her vitality?

To tell you the truth, he has some regrets to find Ye Chen for revenge!

If you can't kill Ye Chen, the consequences are unimaginable!

Before long, with Ye Chen's speed of progress, he will be able to crush the Zhan family?

Thinking of this, Zhan you's cold sweat, instantly soaked his clothes, he shook his head madly, impossible, impossible!

Even if his vitality is strong and Xu Qi attacks him like this, it should be to the limit, right?

Right now, he's going to die. There's no chance of turning the tables again!

Zhan you roared at Xu Qi: "Xu Qi, kill me! Don't worry about wasting essence and blood essence. As long as you can kill Ye Chen, I promise that even if you use all the strength of the family, you will also replenish your lost essence and blood, etc

When Xu Qi heard the speech, his spirit rose, leaving behind the last trace of worries behind him. He was more and more diligent in his attack!

Ye Chen, who constantly resists the attack of Xu Qi's iron stick, is bleeding all the time. His breath finally begins to decline

However, no one noticed that in Lan Ying's hand, a golden pearl was slowly melting and turning into a little golden powder, which was scattered in the pool of blood at her feet.

Ye Chen's blood, the blood pool formed!

.....

In the darkness, ye Chen, who is understanding the soul devouring the sky, suddenly opens his eyes and looks extremely gloomy. He feels that his vitality is rapidly passing away. Although xuanhanyu has absorbed a lot of energy from the anti blood evil array, she has been basically exhausted in the last battle with mojiyuan. Now she has no strength to fight again!

That is to say, even if Qiu Pi could not attack Ye Chen because of his skill, ye Chen could only rely on his body's fighting instinct to resist Xu Qi's attack!

It's good to be able to hold on to now!

"Damn it!" But ye Chen in the dark, but he scolded a low voice, he could feel that after half an hour, at most half an hour, his vitality would be completely exhausted!

With Ye Chen's cultivation of biting the soul and connecting with the heaven, and the strength of the spirit's power, it's still a little bit short to cut off the connection between Ye Chen and the evil spirits!

But it's just this thread. In half an hour, even with Ye Chen's martial arts qualification, I'm afraid it can't be improved!

Because, his soul swallowing cultivation to the bottleneck!

Do you really want to capsize in the gutter and die in the hands of all the Zhan family?

When ye Chen's look became more and more ugly, he suddenly saw a flash in his eyes and looked at the boundless darkness in front of him

In the dark, there is a little bit of gold!

What is the frown of the golden brow?

Did Zhan you bring the old man, or the devil of heaven, what means did he use?

Just when he was puzzled, a familiar breath appeared slowly among the golden mansions!

The breath of Lan Ying!

Ye Chen's eyes, a flash of light!

Obviously, Lan Ying used a special method to integrate this golden awn into her own sea of knowledge!

There is no reason to do so!

Chapter 3618

Ye Chen's body moved, and then appeared in front of a wisp of golden awn. With a little finger, the golden awn turned into a golden streamer and integrated into Ye Chen's spirit!

Ye Chen slightly a Leng, the next moment, is the face is the color of ecstasy!

After the golden streamer entered his spirit, it actually slightly enhanced the power of his spirit!

In a twinkling, ye Chen refined the golden awn thoroughly. He looked at the light spots which were all over the darkness, just like the golden stars. In his eyes, there was an extremely excited light!

When he moved, he appeared in front of another golden star

On the peak of refining spirit, Xu Qi was panting violently. His muscles, which were extremely strong, seemed to be shriveled. The appearance of middle-aged people was even older!

This is the result of excessive consumption of blood essence!

But Xu Qi, who had already consumed too much blood essence, did not have the slightest gloomy and unpleasant color on his face. On the contrary, his face was flushed, as if he had ushered in a big happy event!

Not only him, but also Qiu Pi and Zhan you!

Why?

The reason is very simple, ye Chen is finally approaching the limit!

At the moment, ye Chen has been unable to stand, leaning on a long sword, half kneeling on the ground, eyes numb.

His body, covered with countless scars, blood crossflow, and originally, the wounds continue to recover, but now, there is no sign of recovery again!

The vitality against the sky has an end, and ye Chen will come to an end!

Xu Qi's smile, more ferocious, cruel, strong support tired body, step by step, toward Ye Chen.

As you walk, you adjust your spiritual power

Another stick

He has confidence, another stick, can completely solve Ye Chen!

Looking at the book, Jin Hui's consciousness has been blurred, and she's going to faint

Incomparable guilt, regret, pain and other emotions, lingering in my mind

If not because of himself, how could ye Chen encounter such a danger?

As long as you don't care about yourself, ye Chen's future must have infinite light, right?

It is because of himself that ye Chen will fall into a desperate situation!

Lan Ying held Jin Shuhui's wrist tightly. Her eyes were fixed on Ye Chen for a moment. She prayed in secret: "Ye Chen, what I can do, I have already done it. Next, it depends on whether you can overcome the difficulties again!"

She knows that by melting the golden beads of concentration, ye Chen's spirit can be strengthened with very little help. If ye Chen wants to rely on this help, he will break the illusion, and it is difficult to go to the blue sky!

There is an essential difference between the supernatural illusion created by the natural supernatural power of the evil spirit and the ordinary one!

To tell you the truth, ye Chen can support up to now, is a miracle among the miracles!

Want to create a miracle again?

It's too hard!

However, even at this critical moment, Lan Ying is still inexplicably full of confidence in Ye Chen!

And the reason why Jin Shuhui hasn't burst into suicide is because of this!

At the moment, Zhan you, who was still full of tension, finally relaxed. He looked at Jin Shuhui with a smile and said, "Jin Shuhui, what are you still looking at? Yeah? Not until now, still foolishly think ye Chen can survive? Well, Mr. Ben, how about giving you one last chance? If you choose to submit to me now, I will take you as my concubine's room! "

His look suddenly became a little cruel and said, "well, of course, there are conditions. That is, after ye Chen dies, you have to cut off his head yourself! Of course, the premise is that the boy's head can still exist after Xu Gong's attack! "

Zhan worry eyes, flash a happy light, ha ha, ye Chen, you are not arrogant?

Don't you like heroes saving beauty?

I will let the woman you saved cut off your head. If you know after death, you will be very happy, right?

Zhan you is too cruel!

Even ye Chen is dead, still want revenge?

Or by such cruel means?

Although Qiu PI was still holding the grudge curse, he also said with a smile: "this is a great opportunity for you. Even if you are a concubine in my Zhan's family, it is much better than staying in a small xingxuan area. The condition is just to cut off the head of a dead person. Miss Jin is a smart person. Should you know how to choose?"

Qiu PI hasn't felt Ye Chen's impact on the illusion created by Ning yuan mantra for a long time. I guess he's frustrated and gives up?

Moreover, at present Ye Chen's death, nearby in front of his eyes, he also finally relaxed.

In their eyes, Jin Shuhui must have agreed to such a condition. Ye Chen was originally a demon. Jin Shuhui might still be willing to follow him, but now?

It's just a dying dog. What's the value?

There are others who would like to be buried with him?Ha ha, the world of martial arts is so realistic!

However, at this moment, Jin Shuhui's pretty face suddenly appeared a very cold look, staring at Zhan you and saying, "Zhan you, are you happy too early?"

Yeah?

This speech, Zhan you and Qiu PI looked at each other with a smile.

Happy too early?

This woman doesn't think ye Chen has any chance to turn over?

Zhan you looked at Jin Shuhui with disdain and said, "Jin Shuhui, I advise you to accept my conditions, see the reality clearly, don't live in fantasy any more, still believe in your brother ye, ha ha, now he is not as good as a dog, you know?"

Suddenly, Jin Shuhui's beautiful eyes burst out with boundless killing intention. Zhan's eyebrows wrinkled slightly when he felt the killing intention

This woman is crazy, dare to kill herself?

Jin Shuhui said coldly: "Zhan you, I tell you, even if ye Chen is dead, you and he have no comparability in my heart, do you know?"

If ye Chen is the dragon in the sky, you are the poor earthworm! Concubine? Don't be funny, will you? I'd rather die with Ye Chen than look at you one more time and feel sick! "

With a roar, the powerful breath erupted wildly. Zhan you glared at Jin Shuhui with anger on his face, and the green tendons on his forehead leaped wildly!

How dare you insult yourself!

He is the son of the family of the moon soul domain!

It can't even compare with a dying man, which undoubtedly hurt Zhan you's self-esteem!

But soon, Zhan you calmed down. He said with a cold smile to Jin Shuhui, "is that right? Remember what you said, young master. You will know what is really disgusting

However, let's have a good appreciation of your brother Ye. How did this generation of demons fall down? "

Why is it restored?

Because, at the moment, Xu Qi has completely mixed up the breath and walked to Ye Chen's body!

Chapter 3619

Xu Qi's muscles are like dragons and snakes. They are wriggling wildly, surging with spiritual power and extreme operation. The terrible power in the iron bar is like a hurricane, roaring out!

Xu Qi's eyes sparkled. He adjusted his breath for such a long time, in order to break out 200% of his strength and make a violent move!

And now, he did it!

This stick has reached the peak of Xu Qi's life, and there is even a breakthrough in it!

Even now, with the blue evil thunder Li Chang standing in front of himself, Xu Qi has the confidence to suppress it with this stick!

Xu Qi is ready to the extreme, extremely heavy iron bar, to Ye Chen's head, bang down!

Before the iron bar has really fallen, the terrible wind pressure will almost crush the whole refining peak!

Xu Qi's smile, with the fall of the iron bar, also gradually twisted up!

Finally

This damned evil spirit, finally still want to die under own iron bar!!!

After killing Ye Chen, not only can he get the pill to restore the essence and blood vitality, but also his status in Zhan's family will rise?

How could he not be happy?

But at this time, the original face of the wooden color, even the arm seems to be unable to lift, resist the stick of Ye Chen, eyelashes suddenly slightly shaking.

There was a loud earth shaking noise and countless cracks, which filled the whole refining peak. The sea water turned upside down. All the buildings on the peak collapsed in an instant, and the screams of countless disciples came up one after another. Several giant peaks around were also instantly turned into dust, and the space on the peak was completely broken at the moment!

Xu Qi's stick is too terrible!!!

How can we not be afraid of the full outbreak of the strong people in the sky mending environment?

Ecstasy!

Xu Qi, Zhan you, Qiu Pi's face all appeared the color of ecstasy!

Xu Qi really smashed this stick!

Now their last bit of worry is gone!

Everything has settled down. Ye Chen can't die any more!

This makes the bottom of my heart cold evil, finally died in the hands of the Zhan family!

"Ha ha ha ha ha ha ha!"

Zhan you sent out a thunderous laugh, and looked at Jin Shuhui and Lan Ying with a fierce light in his eyes!

His face gradually became ferocious. You can imagine what a terrible revenge is waiting for Jin Shuhui!

Jin Shuhui and Lan Ying are desperate

Utter despair

It's over, it's all over

Ye Chen is really dead

Tears are rolling down from Jin Shuhui's eyes!

But all of a sudden, Qiu Pi and Xu Qi changed their faces at the same time!

In their eyes, there was an incredible light, and their faces were gradually pale!

"Broken It's broken

Qiu Piwan, like a madman, roared and stood up suddenly. His eyes were fixed on Xu Qi's staff, where the dust and smoke were shrouded!

Zhan anxiously looked at Qiu Pi and said, "broken? Mr. Qiu, what's broken

Without waiting for Qiu pi to answer, there was a scream on the refining peak!

It's a very sad scream!

It was Xu Qi's scream!

At the moment, Xu Qi retreated crazily and looked at the dark shadow looming in the smoke and dust in front of him in horror and screamed: "impossible, how can this happen? Aren't you supposed to be dead? "

Jin Shuhui and Lan Ying smell the speech, slightly a Leng, and then, the dim eyes, re coruscate vitality!

What did Xu Qi say?

Is

At this time, a strong to unimaginable evil spirit, slowly diffuse!

Bang, bang, Bang

In the smoke and dust, heavy footsteps sounded.

People's heart beat, accompanied by this footstep sound, crazy acceleration!

Is it true!!!

A man's voice of indifference and coldness, but with unimaginable prestige, rings in the ears of all

"Just now, you seem to have hit me for a long time? Now, is it my turn? "

As soon as the voice fell, the shadow stepped forward heavily, and the wind was raging. In an instant, the smoke and dust all over the body were completely blown away and appeared in front of everyone!

Everyone's pupil shrinks!

Ye Chen!

It's really Ye Chen!

He's not dead yet!!!

At the moment, ye Chen is burning a layer of blue flame on his body surface. The evil spirit is rolling all over his body. The breath of Hongmeng ancient Dharma vibrates. His vitality, which was almost dried up, gushes out of all his limbs and bodies. The seemingly terrifying wound is actually visible to the naked eye, and flies faster and closer together!

Ye Chen's vitality soared again!

Zhan you is totally stupid!

It's like being frozen into an ice sculpture by the cold wind of the Arctic. Staring at the scene in front of you, you can see the horror from hell. In his heart, it spreads rapidly, and there are countless cracks in the heart of Tao! How come the living leaf!

Didn't you already win?

Is not already from the kill Ye Chen, almost a step has become a must kill the bureau?

Can ye Chen turn over again unexpectedly!?

This kind of reversal makes Zhan you's spirit explode!

It's like there are countless nuclear bombs in his brain right now!

At the moment of Ye Chen's words, a fear of killing suddenly swept the whole world, and all the people on the refining peak seemed to fall into a boundless sea of blood!

Ye Chen comes from the sea of blood!

At the same time, his eyes burst into the sky and the earth, and his eyes burst into the air like a sword!

The sword was cut hard at Xu Qi!

This mending the sky realm body cultivation is a fool in the face of this sword

The iron bar in his hand fell to the ground with a bang

Xu Qi's heart of Tao completely collapsed!

In front of Ye Chen's most terrible sword, collapse!

As a result, all gave up resistance, his people have not died, the spirit has fallen into a dark!

The darkness of despair!

At the next moment, Xu Qi's body is completely swallowed up by the sword. The existence in the moon soul domain disappears from the world!

But in the moment of Ye Chen's hand, Qiu Pi's whole body flashed with purple light. His face was twisted and he looked at Ye Chen reluctantly. Then, he fled!

At the moment when Xu Qi's iron stick was smashed, Qiu Pi felt that the resentment curse was invalid

Originally, he thought it was Ye Chen's death, so it failed

However, after a moment of ecstasy, Qiu Pi, who had calmed down again, was startled into a cold sweat!

His grudging mantra is clearly broken!

Ye Chen breaks the illusion just before Xu Qi's iron stick hits him!

Now he has been bitten back in his body, and his realm has fallen. He can barely exert the power of replenishing the heaven.

If facing the ordinary martial arts, he will not be afraid, but ye Chen is soul and martial arts double cultivation!

What's more strange is that he feels the ancient method of Hongmeng and the power of a golden spring in Ye Chen's body

The keen intuition between life and death told him to run!

Chapter 3620

Just at the moment of Qiu Pi's escape, the evil spirit turned into a black air and integrated into Qiu Pi's body!

Seeing this scene, Zhan you was like a frightened child, crying to Qiu Pi: "old Qiu! Take me with you! Don't leave me

But Qiu Pi didn't even look back!

Ye Chen looked at Qiu Pi's fleeing figure, but said with a cold smile: "is it too late to escape now?"

His eyes suddenly turned into pitch black, staring at the fading light, he said coldly, "seven evil spirits are wonderful, soul devouring heaven!"

The terrifying soul power fluctuated and burst out. A black hole suddenly appeared above Qiu Pi's head!

In Qiu Pi's eyes, there was a look of great panic, and the ghost of disaster also sent out a very sad cry!

Ye Chen looks pale. Although he can resist all kinds of attacks from gods and spirits, it is not limitless!

After understanding in the dark and refining all the golden light, ye Chen's power of spirit and soul is enhanced again, and the power of devouring the soul and connecting the sky is also greatly increased!

Ye Chen's ability to break the Ning yuan mantra is a symbol that his soul power has surpassed Qiu PI and the evil spirits!

As long as the power of the spirit is superior to the other party, even the evil spirits will not have the slightest resistance when facing the soul biting Tongtian!

At the next moment, the ghost of disaster suddenly broke away from Qiu Pi's body, burning a layer of black inflammation all over his body, protecting his body. It seemed that he wanted to get rid of the black hole's phagocytic power and flee to the distance!

Qiu Pi's whole body trembled at the moment when the evil spirit left the body, and his eyes were filled with fear. However, before he screamed, a powerful Taoist force dragged his spirit into the black hole!

Without the blessing of the evil spirit, even if Qiu PI was a soul cultivator, was the power of the spirit the opponent of Ye Chen who devoured Wang Pan's soul?

The evil spirit, who was burning with black inflammation, struggled for a moment, and finally roared. The black inflammation was dissipated and turned into a black gas, which was devoured by the soul devouring heaven!

After finishing all this, ye Chen looks with a faint cold smile and looks at Zhan you, who has been scared out of control.

Zhan you's brain is in chaos at the moment. Only the scene of Qiu Lao being swallowed up by Ye Chen is repeated in his mind

That's the soul cultivation of mending the heaven!

Can be so lightly killed by Ye Chen?

A warm liquid suddenly flowed from Zhan you's body

The young master of Zhan's family, the soul of the moon, was so scared by Ye Chen that he peed his pants!

With a puff, Zhan you kneels down in front of Ye Chen. He kowtows to Ye Chen with panic on his face and says, "Mr. Ye! I will be your dog! I'd like to give you the whole Zhan family!

And And my woman, it's all yours! By the way, my father has a treasure. It's my family's secret treasure. Also for you!

As long as you let me go, I will help you to get this treasure even if it is to kill my father! I will be a good dog. Please let me go

In the face of death, especially in the face of extremely miserable death, what dignity, what pride?

It's just worthless trash.

Ye Chen looks down at Zhan you, just like the judge's death. Suddenly, he stepped on Zhan you's shoulder!

With a crack, huge force surged wildly, and a scream reverberated in the clouds. Ye Chen's foot had crushed Zhan you's bones, viscera, muscles, even meridians and Dantian.

This was originally a magnificent young master of Zhan's family, but at the moment, like a pool of mud, he fell on the ground, blood gushed wildly, and endured unimaginable pain!

Ye Chen smiles: "does it hurt?"

Zhan you looked at him, did not answer, tongue, chin, were broken, how to answer?

However, from Zhan you's eyes, you can see how painful he is!

Now, Zhan you no longer wants to live, but wants to die!

Pain to death!

In his eyes, the expression of begging, begging Ye Chen to kill himself!

But ye Chen shook his head slightly: "pain? What's the pain? "

His look, suddenly cold!

"Zhan you, do you like to live? OK, I'll let you live, live for a long time, as long as I don't die, you won't die, OK? Of course, in the state of spirit! "

Zhan you is going crazy. His eyes are shaking wildly. This is endless torture!

Ye Chen said with a smile: "you should not have been tortured by the spirit state? Compared with the torture on the spirit, this pain is not even mosquito bite.

Is that pain, at least a hundred thousand times what you are suffering now? Ha ha, you can look forward to it

The next moment, the soul of the sky!

However, ye Chen did not refine Zhan you's spirit, but sealed into the evil sword!Zhan you's spirit is not worthy of Ye Chen's refining. This time, there are only two souls he wants to devour.

1、 It was Qiu PI, who was a soul cultivation.

2、 It's the devil of heaven!

After finishing all this, ye Chen turned around and handed Lan Ying a bloody pill, and said with great sincerity, "thank you very much, master."

He knew that the golden awn in the dark was made by Lan Ying!

Lan Ying seemed to wake up from the shock. She looked at Ye Chen and said with a smile: "it's Shu Hui and I. thank you."

Jin Shuhui asked, "Ye Chen, what are you going to do next?"

When ye Chen heard the speech, he saw a flash in his eyes and said, "kill Zhan's family. I don't want this kind of thing to happen again! Since the Zhan family likes revenge, it's time to get rid of it! "

Ye Chen himself will go to the moon soul domain, after all, there are six Taoist schools.

Liudaozong is the regret of previous life.

He has to make up for it.

What's more, liudaozong is also about ye lu'er and the life and death of the great power of the samsara cemetery.

He has no choice.

.....

At night.

On a hill near Lianshen peak, the light flashed and a figure fell. Look carefully, it is Ye Chen!

Ye Chen gazed at the foot of the mountain, and the voice of cold inquiry sounded in his ear.

"I said," don't get involved in causality. There will be a lot of trouble after a cause and effect. "

"The xingxuan domain is a relatively low-level existence outside the domain, with the smallest interface. You can handle it, but the moon soul domain is different."

"This time you're lucky to get out of trouble, but next time?"

Ye Chen shakes his head and ignores it. He has some strange cold questions.

Why are you so afraid of your hands and feet?

At this time, in the shadow of the woods, the figure flashed, and a woman came out in front of him.

This woman is Lan Ying.

Ye Chen looks at Lan Ying and asks, "elder LAN, what can I do for you?"

After a moment's silence, Lan Ying said, "Ye Chen, I want to disband Lian Shenfeng."
