

Physician 3621

Chapter 3621

Ye Chen smell speech, can't help but slightly surprised!

Lan Ying continued: "although today's refining peak is only a stone on the sacred mountain obtained by our ancestors, it is also a rare treasure in today's era. I'm afraid we can't hide the information about refining peak in the World War I today."

With a wry smile on her face, she said: "with my strength, I can't keep this treasure. Even if you have your deterrent, other forces in xingxuan domain dare not attack Lianshen peak for a while, but you can't stay in xingxuan domain forever, right?"

Speaking of this, Lan Ying suddenly said, "Ye Chen, I want to entrust you with this refining Shenfeng and Shuhui."

Ye Chen smell speech, eyes flash, entrust?

What does that mean?

Lan Ying entrusts Jin Shuhui to herself, and ye Chen can understand.

But how can we entrust this refining peak?

Lan Ying said with a smile: "Ye Chen, the golden light that I transformed into your spirit was originally a magic weapon named "calming the spirit and accumulating the golden bead ". The original function of the calming spirit accumulating gold bead was to subdue the refining peak!"

Speaking of this, Lan Ying said with a wry smile: "before, this calming gold bead has always been in the hands of the Song family. After you killed song Ziqing, I wanted to try to take it in, but just as I refined it, Zhan you brought people

However, it is not a simple thing to accept this refining peak. Only a few people in our blue family have done it in the past dynasties. Even if the tranquilizing pearl has not been transformed into your spirit, I can hardly do it! "

When ye Chen heard the speech, he looked up at the refining peak, and his eyes flashed with light. At the moment, he really felt that he had something to do with it!

Lan Ying said: "tomorrow, I will inform my disciples to leave Lianshen peak. After that, you can try to take it in. After you have successfully accepted it, it will be integrated into your knowledge sea. According to the records of LAN family, refining Shenfeng can not only greatly strengthen the strength of the warrior's spirit, but also have many incredible powers!

Ye Chen, although your strength is strong enough to enter the moon soul domain, you should make more preparations to deal with Zhan's family! "

Ye Chen pondered for a moment, but did not refuse, nodded his head and said, "I know. Thank you very much."

Lan Ying chuckled: "if it wasn't for you, I would have died. What else can I thank for? It's just that I have one condition, that is, I will bring Shuhui into the moon soul domain. It's a pity to stay in xingxuan domain with the child's qualification. "

Ye Chen suddenly looked Su and solemnly promised: "master LAN, it's not just Shu Hui. As long as I have enough strength, I will let the whole refining peak reappear in the moon soul domain!

Please inform all the disciples when you disband the refining peak tomorrow. In the future, if they are willing to join the refining peak again, they can become their disciples unconditionally! "

Ye Chen is a man of love. Although he doesn't say it, tens of thousands of disciples have been displaced and become his own. He will remember it in his heart!

Lan Ying is pleased to smile, did not say much, then turned into a streamer to leave.

Ye Chen looks at the back of Lan Ying's departure and sighs. He has just recaptured the foundation of LAN's family. In a flash, he is about to disband Lian Shenfeng. How can he easily let go?

And all this, is to save him, ye Chen feels the responsibility on his shoulder, seems to be again a point.

.....

The next day, there was a sensation on the refining peak. But soon, the sensation subsided. All the figures flew up from the peak and left in all directions

Not long after, there were only three figures left on the so large refining peak. They were ye Chen, Jin Shuhui and Lan Ying.

At this moment, ye Chen is sitting in a Dharma array, and his whole body exudes a little golden charm!

He closed his eyes and concentrated his mind. After adjusting his body and spirit to the peak state, he communicated with refining peak according to Lan Ying's secret method!

At the next moment, the dazzling golden light burst out from ye Chen's body, and the whole refining peak seemed to echo with it, and it was stained with a layer of gold!

At the same time, ye Chen knows the sea, and the golden light is great. When he opens his eyes again, he finds that he has come to a fairyland surrounded by smoke.

Ye Chen saw the shape, slightly surprised, where is this?

According to Lan Ying, when he used the secret method to refine Shenfeng with the power of spirit, he should be strongly resisted by refining Shenfeng?

But now, ye Chen not only did not feel the slightest resistance of Lianshen peak, but appeared in this strange place?

Moreover, he could not even communicate with xuanhanyu.

At this time, he felt a trace of vibration from the samsara cemetery!

It's like this place has some mysterious connection with samsara cemetery!

Where is this! Why does reincarnation have this reaction!

This reaction comes from the great power that has not yet appeared in the samsara cemetery! Or the samsara cemetery itself?

All of a sudden, ye Chen only felt a flower in front of him. In the mist, he appeared an illusory figure. The figure looked at Ye Chen and seemed to be slightly surprised and said, "Oh? After all these years, even the master of Shenfeng can enter this desperate situation of abandonment?" Ye Chen brow a frown, abandon the world hopeless?

What is this place?

Although the figure could not see his face clearly, he was dressed in white and had long hair. He looked like a very handsome young man.

However, this is not the place Ye Chen cares most, what he cares about is the man's eyes!

There seems to be an endless array of Dharma in the twinkling eyes of Qinghui. With a glance, ye Chen has a cold spirit, which is extremely frightening!

After ye Chen devoured Qiu Pi and the evil spirits, the power of the spirit and soul has been upgraded to a higher level. Now, he only talks about the power of the spirit and soul, even surpasses the strong one of mending the heaven?

However, in the face of this man's virtual shadow, ye Chen's spirit is like a baby who has no resistance at all!

How terrible was the man?

I'm afraid that this person is not inferior to the mysterious elder Ren.

At this time, the light in the man's eyes suddenly flourished, and a burst of God's spirit power against the sky suddenly swept away from ye Chen's body!

Ye Chen's face suddenly changed! The power of the spirit is surging wildly, swallowing the soul to the sky, and resisting the other party's power with all one's strength

Yes! Useless!

It's totally useless. Ye Chen's spirit power is just like air in front of this man!

At the next moment, the man was surprised in his green eyes. He said softly, "interesting, boy, what's your origin? I can't see through you completely."

Ye Chen breathed a sigh of relief. He had not experienced the feeling of powerlessness for a long time. Fortunately, the man didn't seem to have any adverse effect on him. Otherwise, he might have died just now

Ye Chen saluted the man and said, "master, ye Chen was originally in the refining Shenfeng of Xuanyu. I don't know why he appeared here. As for the origin of the younger generation This is the secret of the younger generation. "

Chapter 3622

The man pondered for a moment, but didn't go into it. He said with a smile, "this is called the hopeless place. All the people who have committed heinous crimes outside the country, and because they are too powerful to be killed, they will be sealed by the guardians of other countries."

His smile, suddenly sent out a trace of strange smell, continued: "in other words, it's like a prison where famous villains from abroad are imprisoned! Boy, are you interested in making a deal with me? "

Ye Chen hears the speech, in the heart one Lin!

Looking at the virtual shadow of the man in front of him, his eyes flashed wildly. Is what the man said true or false?

He is just refining a refining peak. How could he appear in this desperate situation?

However, the only thing he can be sure of is that the man in front of him is very strong!!!

The man said with a smile, "I don't need to cheat you. The holy peak you are refining is originally one of the peaks in this desperate situation.

At that time, in the desperate situation, people joined hands to escape from here. Although they failed in the end, in the war, a sacred peak was broken into foreign countries.

Therefore, there is a trace of connection between the holy peak you refined and the desperate situation of abandonment. However, ordinary people can never enter into the hopeless situation through it. Only those who can enter are those who are above the rules of heaven and earth and control the power of cause and effect! "

When ye Chen hears the words, he turns his mind wildly, surpasses the rules, and has the power of cause and effect?

The man said that although Ye Chen's strength is not weak now, he is far away from the power of cause and effect!

The man looked at Ye Chen's look and said with a smile, "if you don't believe me, follow me!"

After a while, the two figures disappeared

On the refining peak, Jin Shuhui and Lan Ying frowned and looked at Ye Chen anxiously. Jin Shuhui said anxiously, "master, how could this happen? Even if refining Shenfeng failed, ye Chen should wake up now, right?"

But why did he not wake up, on the contrary, like a living corpse, he could not feel the existence of his spirit? "

Lan Ying also looked at Ye Chen with great perplexity. She shook her head and said, "I don't know what happened. This has never happened to the master of Lian Shenfeng in the LAN family. However, with Ye Chen's strength, nothing should happen! "

At this time, it has been three days and nights since ye Chen began to refine Shenshen peak!

.....

Light convergence, ye Chen around a look, see, oneself have been in a peak above!

What shocked him most was that the breath of the peak was the same as that of the refining peak!

At the same time, the vibration of samsara cemetery is even more terrible!

As if the reincarnation graveyard wants to roar what!

Is it true that everything the man's virtual shadow said?

He turned to look at the man. After a moment's silence, he said, "what's the deal that the elder said?"

The man laughed and said, "help me kill a man."

Ye Chen smell speech, pour is some accident, originally, he thought that this man will let himself to save him from this deserted desperate situation.

However, ye Chen said with a bitter smile: "how can I kill people who can't be killed with the strength of our predecessors?"

Man's green eyes flash: "of course not now, but after you have enough strength."

Ye Chen frowned and said, "who is the man you want to kill?"

The man suddenly raised his head, looked at the misty sky and said, "the villain, the big villain, is also the only one who escaped from this desperate situation in that year's chaos. As for who it is, you don't need to know now. How do you like it? If you promise, I can give you a good fortune. "

Ye Chen pondered for a moment, then gazed at the man's eyes and said, "if this man is really the villain in in my heart as the elder said, I can promise."

There is no absolute good or evil in this world. The villain in this man's opinion may not be so in Ye Chen's eyes.

For the sake of innocent people, he doesn't like it.

"This is enough," the man said with a smile

Say, the man hand a little, a silver light flash, then did not enter the heart of Ye Chen's eyebrows

Ye Chen's recognition of the sea is a shock, is submerged by this white light, the whole spirit, seems to have some kind of transformation!

At this time, the man's voice sounded in Ye Chen's ear: "this is the blessing of heaven outside the territory, which contains the soul chopping sword transformed by the power of God and soul. Under the full outbreak of this sword, it can kill all the existence whose strength is no more than the nine layers of heaven in the sky mending realm! But there is only one chance. "

Soon, the light converged, and ye Chen was full of shock. At this time, his spirit seemed to be purified and became extremely pure. Moreover, it seemed that there was a powerful force coming down on him, which should be the so-called Great Road luck!

Ye Chen raised his head and looked at the man's shadow in front of him in disbelief. He could not help but say, "master, you are..."In addition to the guardians outside the territory, who can do it?

But somehow, the man who should have been the guardian himself was imprisoned in this desperate situation!

Is it possible that the hundred great powers of the samsara cemetery are similar to the desperate situation of the past?

Remember, the man waved his hand and said, "good thing."

The next moment, a strong force, with the spirit of Ye Chen, left this desperate situation!

The man's virtual shadow stood in place for a moment and said with a faint smile: "Hanyu, I hope this young man can do what I didn't do."

.....

On Lianshen peak, ye Chen's eyes suddenly opened, and a terrible breath burst out of his body. Jin Shuhui and Lan Ying, standing around him, stepped back several steps at the moment when they sensed the breath, and their faces were shocked

The golden light on the refining peak was full of energy, and the whole mountain was slightly turbulent. A mysterious force rose from the peak and seemed to want to resist the invasion of the golden light.

But this power, even a breath, can not insist, then was completely suppressed by the golden light!

Jin Shuhui and Lan Ying stare at this scene, their eyes are full of disbelief

Ye Chen was silent for three days. When he opened his eyes, he succeeded in conquering the refining spirit peak?

Even ye Chen himself was a little frightened. After being washed by the silver light, his spirit was more than twice as powerful?

Now, even in the face of soul cultivation in the early days of mending the sky, ye Chen has the power to fight with his soul?

After refining and refining Shenfeng, ye Chen's eyebrows had a golden mark, and his mind moved. The towering refining peak shrank rapidly in a burst of golden light, and soon it turned into a golden awn and directly integrated into the mark!

Chapter 3623

The golden mark, with the integration of refining peak, also a flash later, disappeared!

In Ye Chen's knowledge of the sea, there is a mini version of the refining peak, rolling gold light, from the refining God peak, after the refining peak income sea, ye Chen's spirit is as solid as gold. As long as the gap between the realms is not too exaggerated, there is no possibility of shaking Ye Chen's spirit!

Not only that, if ye Chen uses the spirit attack now, the power will be improved!

This refining peak is worthy of standing in the desperate situation of the abandoned world. This effect can be regarded as adverse to heaven!

After taking over the refining peak, ye Chen also became the new God of refining God peak!

Originally, God refers to the meaning of Shenfeng master.

Overall, ye Chen's harvest this time is too big!

It was not only the refining peak, but also a soul chopping sword handed down to him by the mysterious man in the desperate situation of abandonment!

This soul sword has also become Ye Chen's biggest card, almost equivalent to one more life!

But ye Chen vowed that he would never use it if he was not absolutely bound to die!

After all, only once!

After a little breathing, ye Chen stood up and said to Lan Ying, "master LAN, since Lian Shenfeng has been taken over, Shu Hui and I should also go to the moon soul region."

Jin Shuhui looks at Lan Ying. In her beautiful eyes, she appears a reluctant color, but she doesn't say much!

Originally, Jin Shuhui was very eager for strength. After the meeting and the Revenge of the Zhan family, she felt powerless!

If you want to protect the master and the refining peak, what she needs is strength!

The progress in xingxuan is too slow!

Lan Ying nodded and said to Ye Chen: "generally, martial artists in xingxuan domain must pass the examination of Xingyue palace if they want to enter the moon soul domain. Only when they reach the level of sky mending can they pass. However, with your strength, there should be no problem with Shu Hui."

Ye Chen nodded and immediately went to the Star Moon Palace with Jin Shuhui.

.....

Above the sky, under the cover of white clouds, a huge palace looms.

The palace suspended in the sky is not only extremely huge, but also extremely gorgeous. With countless precious materials, it emits a strong aura. If you put it in the xingxuan area, every brick and tile in the palace will be invaluable!

This is the junction of xingxuan and yuehun, and this palace is the star moon palace!

At this moment, a roar sounded in the palace of stars and moon!

A strong man with dark complexion and disorderly hair and beard growled: "I have passed the examination successfully. Why can't I enter the moon soul region?"

Standing in front of the man was a short young man. He said with a sneer: "passed the examination? When was it passed? Why don't I know? "

The strong man said in a hurry: "the last time I came to Xingyue palace, I passed the examination. But at that time, a deacon of Xingyue palace told me that there was something wrong with the array of entering the moon soul domain, which is being adjusted. But now, you don't admit it?"

The little young man waved his hand coldly and said, "I don't know about other people's affairs. In a word, if you want to enter the moon soul domain today, you must have an examination. Do you know?"

A strong man gritted his teeth, and his eyes were filled with anger!

This man is named sun Tianmin. He is also a strong man in the xingxuan region. When has he been treated like this?

The most important thing is, he knows, this is the Star Moon Palace is deliberately making trouble for him!

He once heard that if you want to enter the moon soul domain, you should not only have strength, but also prepare a huge amount of martial arts resources!

Why?

Because, want to take care of these deacons of the Moon Palace, palace people!

Otherwise, you are faced with either a long wait or endless difficulties!

As for passing the examination again?

Is it so easy to pass the examination? First of all, we have to wait for the assessment!

Moreover, it is extremely dangerous to enter the examination of the moon soul domain. Even if the sky mending realm exists, even if it will not die in the assessment, there is also the possibility of serious injury. Is it said that you will take part in the examination?

This Star Moon Palace, too dark!

Originally, it was the responsibility of these people to deal with the affairs of the martial arts of xingxuan domain and enter the moon soul domain, but now it has become an excuse for them to collect money!

This is no longer a dereliction of duty, but the abuse of power for personal gain!

Sun Tianmin is the most upright person, and he hates this kind of person most!

Even, the reason why Sun Tianmin left the family to practice in seclusion was because he couldn't get used to all kinds of Customs in the door!

But now, to this Star Moon Palace, unexpectedly is met again, and also happened in their own body?

How can he bear it?

Immediately, sun Tianmin suddenly drank, and his whole body was full of breath. A red gold flame roared out of sun Tianmin's body, and the temperature of the whole Star Moon Palace suddenly rose a hundred times! If not for the best materials used in the palace of stars and moons, they might melt in an instant!

Sun Tianmin was a terrible fire practitioner. His flame was even above Ye Chen's dark flame!

Even in the stars and Moon Palace, all the palace people are showing a trace of fiery color, looking at Sun Tianmin's eyes, also with a trace of fear!

Sun Tianmin roared at the short man in front of him: "I have passed the examination. Why should I take part again? Today, no matter what, I'm going to enter the moon soul domain

But in the face of sun Tianmin, who was full of flame and towering power, on his skinny face, he showed a look of great disdain. He opened his mouth suddenly and spit his saliva on Sun Tianmin's face!

Although, the saliva was instantly evaporated by the flame on Sun Tianmin's body surface, it was an unbearable insult to the existence of sun Tianmin's sky mending realm!

The little man sneered and said, "a waste of xingxuan domain, do you really regard yourself as a thing? Lao Tzu has the final say, can you understand the possibility of entering the realm of the moon?"

If I don't let you in, you'll get out. Don't you know? You lower class people don't really think they have any rights, do you? Yeah? Now, do you dare to bark in front of me?

I'll give you three seconds to kneel down and apologize to Laozi. Otherwise, ha ha, I'm sorry. You don't want to enter the moon soul realm in this life

Sun Tianmin was furious in an instant!

His breath of mending the sky broke out without reservation. The rolling flame instantly turned into a ferocious fire dragon, which melted the void. The Dragon roared at the sky. The sea of clouds around the Star Moon Palace, in this endless blazing heat, evaporated in an instant!

"Die for me!"

Sun Tianmin gave a sharp drink, and his fist was aimed at the short man. The fist was powerful and fierce, accompanied by fire and dragon. It was very powerful!

Can, in sun Tianmin will blow out this fist at the same time, that a group of stars and Moon Palace people are one after another to show the color of fun.

There was no fear at all.

The people in Xingyue Palace are all from the moon soul domain. Can these people in xingxuan domain attack them at will?

Chapter 3624

The little man said with a scornful smile, "fool, did you finally do it? Then die. "

The next moment, a soldier holding a long halberd and wearing black armor suddenly appeared in front of the short man. Facing the terrible blow of sun Tianmin, the soldier did not have the slightest fear. He danced the long halberd in his hand, which was extremely strong, surging and opening. The halberd meaning was vertical and horizontal, breaking the sky and the earth!

With a loud bang, the fire dragon fist collided with the long halberd in the hands of black armor soldiers!

On the long halberd erupted a sharp cold awn, which seemed to be able to burn the sky and the earth. In the cold awn, it was inch by inch broken. In a flash, the blazing high temperature disappeared, as if it had never existed at all. The fire dragon made by sun Tianmin has also been melted into a little spark and scattered!

Sun Tianmin's anger in his eyes quickly subsided. His face turned white. He looked at the black armored soldier with great fear. He felt as if he had been hit by a heavy hammer in his head!

This is the law enforcer of Star Moon Palace!

If you want to say, the one who can't be provoked in xingxuan is the law enforcer of Xingyue palace!

They are thorough killing machines. They don't know what's right or wrong, and they don't even have feelings. They act by the so-called rules!

What rules?

As long as the Star Moon Palace people hand, all kill!

That cold awn in sun Tianmin's eyes quickly magnified, the breath of death tightly held his throat!

In the face of this terrible halberd attacked by law enforcement officials, sun Tianmin's clothes were instantly soaked with cold sweat!

As soon as he bit his teeth, he suddenly opened his mouth and spat out a mass of flame. The flame instantly turned into a red gold flamingo, which was vivid and vivid. In this Firebird, there was a burst of energy!

This is a fire spirit!

What's more, it's still a fire spirit with high grade!

Even the black armour soldier, that incomparably cold, numb eyes are flashing through a trace of color!

At the next moment, the fire spirit gave out a clear cry, and the fire power in his body was expanding wildly. It turned into a red golden sun and hit the halberd that was cut by the black armour soldiers. A dazzling red light instantly flooded the whole star moon palace!

There was a big bang, and the whole palace of stars and moons was shaking violently!

Soon, the tremor subsided and everything returned to peace.

At the moment, although the black armor soldier was surrounded by smoke, there was no sign of injury!

This sun Tianmin used the fire spirit of the ground fire to hit him, but could not hurt him?

But Sun Tianmin's figure has also disappeared from the Star Moon Palace.

Seeing this, the little man's face sank, and he said coldly, "check it for me. Is this sun Tianmin doing something to the people of Xingyue palace? He has committed a capital crime. No matter where he hides, he will be killed! Otherwise, my face will not exist in Xingyue palace! "

.....

Near the Star Moon Palace, there is a flying boat, which flashed quickly from the sky. Among them is a man and a woman.

The man's face is handsome and indifferent, while the woman's is cold and unique!

It is Ye Chen and Jin Shuhui!

At this time, the two people are about to arrive at the Star Moon Palace.

At this time, ye Chen suddenly looked moved and stopped the boat. Suddenly, in the void, he suddenly tore up a crack. A figure covered with blood fell from the crack and fell on top of Ye Chen's flying boat!

The man who fell from the crack was dark in color and strong in stature. He was the sun Tianmin who escaped from the Star Moon Palace!

At the moment, sun Tianmin's chest is a ferocious wound that can be seen deeply. Just now, although he released the spirit of fire to barely block the attack of the star moon law enforcer, he saved his life and tore the space to escape. However, he was seriously injured. When he left the void, he just fell on Ye Chen's flying boat.

Sun Tianmin kowtowed out a mouthful of blood, reluctantly supported his body, sat up from the ground, looked at Ye Chen and Jin Shuhui, and apologetically said, "I'm sorry to dirty your boat. I'll leave now."

Although sun Tianmin is a heaven mending realm, there is no disrespect to Ye Chen and Jin Shuhui!

Ye Chen heard the words, but he stretched out his hand and pressed sun Tianmin's shoulder and said, "this brother, don't worry. If you don't dislike it, you can heal yourself on my boat first."

He said that the eyes of the sun were shining.

He is not so kind, but how many people can be injured by the whole xingxuan realm?

I'm afraid it's only the Moon Palace?

What's wrong with the moon?

Now that he is about to enter the palace of stars and moons, ye Chen naturally wants to investigate this matter clearly.

Sun Tianmin looked at Ye Chen gratefully and said, "thank you very much, brother! I'm sun Tianmin. I'm a monk in Mingzhu mountain. If you need any help in the future, you can go to Mingzhu mountain to find me! "

Ye Chen said with a smile, "it's a piece of work. My name is Ye Chen. This is Jin Shuhui."

Sun Tianmin nodded and immediately began to recover. Ye Chen did not move on.

An hour later, sun Tianmin's injury was finally stabilized. As a heaven mending realm, there was no lack of healing medicine in his hands.

Seeing that sun Tianmin's injury has improved, ye Chen began to ask, "brother sun, you exist in the sky mending realm. Who else in the xingxuan region can hurt you like this?"

Sun Tianmin heard the speech, and his eyes flashed with resentment: "who else can there be? Naturally, it's the star moon palace! These people in the moon soul domain are not treating us as people anymore! "

Ye Chen frowns slightly when he hears the speech. Xingyue palace is not only an organization in charge of the communication between the two regions. In fact, the Xingyue palace is one of the powerful forces in the moon soul domain!

It is said that it was founded by a warrior from xingxuan to yuehun. Its main purpose is to protect the rights of martial artists in xingxuan domain and avoid wantonly attacking xingxuan domain!

Once the Star Moon Palace is completed, the warriors in xingxuan domain naturally support and support it. Almost all the warriors from xingxuan domain to yuehun domain have joined Xingyue palace and are extremely United!

Gradually, with the help of countless warriors in xingxuan domain, this Xingyue palace has become a powerful force in the moon soul domain!

But as time goes on, those old people who used to be old people are no longer there. Now, those who are already disciples of the first-class forces in the moon soul domain despise the people in xingxuan domain more than the ordinary martial arts practitioners in the moon soul domain!

In particular, these disciples who are assigned to xingxuan domain to deal with matters concerning martial artists entering the moon soul domain!

These disciples have a very low status in Xingyue palace. Most of them are at the bottom of the ranks, even among the miscellaneous servants. However, when they come to xingxuan, they seem to become masters one by one. They abuse the power of Xingyue palace and constantly oppress the martial arts of xingxuan palace!

They have long forgotten that these powers were handed over to them by the warriors of xingxuan domain!

Ye Chen heard, but it is a long sigh, this scene in his hometown, China, it does not exist.

After all, there are rivers and lakes in some places.

Chapter 3625

After telling Ye Chen what happened in Xingyue palace, sun Tianmin said goodbye to Ye Chen. Now he has offended Xingyue palace. I'm afraid Mingzhu mountain can't go back for a while, and he has to find another place to hide.

Jin Shuhui frowned and said, "Ye Chen, if this Star Moon Palace is really like what sun Tianmin said, we're going to the moon soul realm, I'm afraid it's not so easy."

Ye Chen smell speech, but smile a way: "not so easy? I am a fair person. If someone wants to embarrass me... "

His voice suddenly became cold and said, "well, I can only..."

However, before the words were finished, the voice of cold inquiry rang out: "boy, you promised me not to cause trouble."

Cold heart really urgent!

He found that ye Chen's idea is really contrary to his own!

Too much contamination of cause and effect will also harm him!

Ye Chen hesitated for a few seconds, or said: "I will try my best not to cause trouble, but if the Star Moon Palace is in trouble, then talk about it again!"

Cold asked heart long sigh, no longer speak.

He knew that ye Chen's martial arts connotation was Lingxiao.

How can Lingxiao be tolerant.

.....

The boat continued to advance, and soon, a magnificent palace appeared in front of Ye Chen and Jin Shuhui.

They fall in front of the gate of the moon and Star Palace and walk towards it.

Before long, the short man appeared in front of Ye Chen and Jin Shuhui.

This man, named Zhao Jiaren, cultivates to fill the sky. Although his cultivation is not weak, he is just a disciple of the outer gate in the forces like Xingyue palace. He can't even enter the inner gate!

Zhao Jiaren glanced at Ye Chen coldly. However, when he turned his eyes to Jin Shuhui, his eyes were bright, and a touch of fire appeared on his face!

Ye Chen opened his mouth to Zhao Jiaren and said, "Hello, I want to participate in the examination of entering the moon soul domain."

Zhao Jiaren and several disciples of Xingyue palace behind him are all slightly stunned. Then, they burst into laughter in front of Ye Chen!

It's like hearing a big joke!

Zhao Jiaren pointed to Ye Chen and laughed to tears. "Boy, did I hear you correctly? what you were saying? Do you want to participate in the examination of entering the moon soul domain? A waste from the heaven God realm should participate in the examination of entering the moon soul domain? Do you know what it costs to play tricks on us

Ye Chen said faintly: "as far as I know, all the martial artists in xingxuan region are qualified to take part in the examination, and there is no requirement for cultivation. As long as I ask for the examination, you have to arrange for me, don't you?"

After all, there are many demons in the world who can fight beyond the level!

Zhao Jiaren's face suddenly sank when he heard the speech!

As long as you want to participate in the examination, I have to arrange?

The waste people in xingxuan District really regard their children of Xingyue palace as servants?

This is what Zhao Jiaren hates most!

Zhao Jiaren stared at Ye Chen coldly and said, "arrange? Well, I see. I'll arrange it now. You can go back and wait for the news. We will inform you of the arrangement. "

After that, ye Chen looked at Jin Shuhui, put on a smile, and said, "as for this fairy, do you want to enter the moon soul domain? It's difficult for you to pass the examination for your accomplishments. It's better to enter my Deacon's room first, and I can tell you some key points of passing the examination. "

However, a figure suddenly flashed, blocking his sight!

Ye Chen looked down at Zhao Jiaren without expression and said, "the process of arranging the assessment is not complicated. Why go back and wait for any news? I have already arranged my assessment for my ability to instruct others? "

Ye Chen said this, the whole Star Moon Palace air seems to be cold a minute!

After Zhao Jiaren's death, a group of disciples of Xingyue palace looked at each other with a look of fun in their eyes. Looking at Ye Chen, they all took some pity.

Deacon Zhao is the one who hates the martial arts in xingxuan area to direct his own work!

Especially when he's talking to women?

Zhao Jiaren stares at Ye Chen, and there is a chance to kill him in his eyes. He says coldly: "I'm talking to that fairy. Don't you hear me? Tell you to go back and wait for the news, you get it? I want you to teach me how to arrange the assessment. Do you dare to tell me what to do? Do you deserve it, boy

After all, the atmosphere of the whole body mending the sky suddenly broke out, and it was rolling towards Ye Chen directly!

Zhao Jiaren's eyes flash with bloodthirsty light. Under the impact of his breath, a piece of tianshenjing garbage will be directly pressed into meat mud?

One breath, two breaths, three breaths

Dozens of breaths passed, but ye Chen still looked at Zhao Jiaren with a pale face. He was not affected by the breath at all!

Zhao Jiaren looks at Ye Chen blankly. How can this boy have nothing?

And the disciples behind him also talked in a low voice, and looked at Zhao Jiaren's eyes, and could not help but take a little funny Zhao Jiaren's breath broke out with all his strength, and he could not even suppress the existence of a god state?

If it is passed back to zongmen, I'm afraid he will have to stay in xingxuan all his life?

Even if you return to the moon soul domain, it will only become a laughing stock!

Zhao Jiaren's expression freezes instantly. His eyes stare at Ye Chen, just like seeing his father's enemy!

Zhao Jiaren roared in his heart: "why! On earth, how can a xingxuan waste in the heaven and God realm survive under the pressure of Laozi? Shouldn't it be crushed by Laozi

He is a disciple of Xingyue palace!

Do you know how much you have paid to get to where you are today?

From the lower sect to the Star Moon Palace, from the servant disciple to the outer disciple! How can we understand the hardships?

He should be the existence that these xingxuan wastes need to look up to!

But now, not only do you want to help these wastes enter the moon soul realm, but also because of these wastes, they leave a stain and become a laughing stock in the clan?

Zhao Jiaren will not accept it!

This boy must die!!!

But at this time, ye Chen said: "I'll give you another chance to arrange the assessment. Do you hear me?"

In Ye Chen's opinion, Zhao Jiaren should kneel down and kowtow to every xingxuan martial artist. Dare you be angry?

Do you really think you are superior to others?

Sure enough, when Zhao Jiaren heard Ye Chen's words, he became crazy in an instant, and the whole spirit was ignited with anger!

With a roar, the furious spiritual power broke out with Zhao Jiaren as the center. All the disciples of Xingyue palace retreated wildly in this breath!

"Damn xingxuan waste, arrange an assessment for you? Laozi arranges for you to be buried! "

At the same time, a bloody sickle appeared in his hand, which filled the sky realm's vast spiritual power like a waterfall into the scythe. On the edge of the sickle, a rotten aura of Daoyun was immediately aroused!

Chapter 3626

When this breath comes out, the floor tiles and walls built with top-quality materials are rustling. In this breath, they gradually corrode and destroy!

Ye Chen saw this and his eyes narrowed slightly. Although Zhao Jiaren's conduct was unbearable, as an outside disciple of Xingyue palace, his strength was still good, and he understood the corrupt Shinto!

Although the corrupt Shinto is quite different from the destruction Shinto, it is also quite a powerful force outside the territory. It can start from the foundation, nibble and destroy!

At the moment, Zhao Jiaren has become angry, and even can't pay attention to the law enforcers. He wants to kill Ye Chen himself!

The disciples of Xingyue palace shake their heads and sneer. In their eyes, ye Chen is an idiot. Maybe he is arrogant and used to some status in xingxuan? How dare you pretend to come to their star moon palace?

Hehe, this is not to seek death, what is to seek death?

Do you really regard their disciples of Xingyue palace as servants of xingxuan palace?

What makes people feel a little strange is that the boy in the God state is still indifferent to Zhao Jiaren?

However, they did not think much, anyway, the end of Ye Chen has been doomed, isn't it?

On Zhao Jiaren's face, there is also a touch of joy, as if he had seen the scene of Ye Chen's tragic death!

Although the decadent Shinto is not the most powerful road outside the territory, it is one of the best in terms of the pain of death!

In the body, the Shinto attacker, the body, will start to rot from the flesh and blood, internal organs, in the unimaginable pain, into a pool of mud!

Damn boy, this is the price of mocking a Star Moon Palace deacon!

At this moment, ye Chen suddenly said with a smile: "are you trying to embarrass me? However, I promise that I will not be affected by cause and effect as far as possible... "

When people heard this, they were all in a daze

Then, the roaring laughter broke out again!

Yes?

It seems that, arrogant and incomparable boy, when he really faces Zhao Jiaren, he finally counsels him?

No cause and effect?

Is this kid here for fun?

Zhao Jiaren looks at Ye Chen with more disdain. Isn't this rubbish very disguised?

After all, did you beg for mercy?

No one, take ye Chen's words as one thing!

Only Jin Shuhui beside Ye Chen smiles and shakes her head. Zhao Jiaren is really ignorant.

When Zhao Jiaren's sickle is about to cut Ye Chen, ye Chen finally moves!

The blue flame burns, and the power of breaking the sky surges in the blood. Originally, it looks like Ye Chen, a martial artist in the heaven God realm. In this moment, its breath suddenly becomes fierce!

All the disciples of Xingyue palace felt the spirit tremble inexplicably, and their eyes towards Ye Chen were full of surprise!

The next moment, ye Chen will be facing the scythe, a blow out!

Originally frightened by Ye Chen's breath, the disciples of Xingyue palace sneered again when they saw the way ye Chen put his hand

Although it seems that the boy is not just a general heaven God realm, but when he strikes, even if he is a martial arts person, it is already over!

Go to meet Zhao Jiaren with bare hands?

How ignorant is it that makes such a move?

The most terrible thing to know is the corruption of the body!

Even if it is the sky of mending the sky, dare to fight with Zhao Jiaren with his fist like Ye Chen, will he die no more?

The joy in Zhao Jiaren's eyes became more intense, and the sickle in his hand was almost a point!

In a flash, ye Chen's fist and Zhao Jiaren's bloody sickle with rotten breath suddenly collide!

At the time when everyone thought Ye Chen would scream, rot and turn into a pool of mud, an extremely shocking scene appeared in front of them!

A destructive force, in Ye Chen's fist, diffuse out, regardless of the sickle above the blood light, or that rotten breath, under the impact of this destructive force, broken!

Then, a huge force that made the world turbulent, just like an endless flood, surged out!

With a big bang, the whole Moon Palace began to shake violently, as if to fall down!

Countless cracks are spreading on the ground, walls and roofs of the Star Moon Palace. The best materials can't bear the huge force!

This powerful force, like a tsunami, fell on Zhao Jiaren's body at the moment when he touched the blade. A sharp pain hit him and his arm was completely broken!

At the moment, he was pale, frightened to the extreme, looking at Ye Chen, brain chaos, screaming: "how can this happen?"

But before he finished his words, his whole body was flying upside down and smashed heavily on the wall of the Star Moon Palace. His flesh and blood cracked and blood overflowed everywhere!

Zhao Jiaren let out the fragments of her internal organs with a whoop, and then, like a meat pie, slowly slipped down from the wall!It's broken, it's all broken!

Zhao Jiaren's muscles, bones and internal organs were all smashed by Ye Chen's fist!

The whole person is just like smashed meat and mud, paralyzed on the ground, and the breath of life is going to dissipate

All of them looked at Zhao Jiaren on the ground with almost dementia and didn't understand what had just happened

Shouldn't it be the boy in God's land that day?

How to become Zhao Jiaren!

Their brain feel is cut into countless pieces by a sharp blade, cutting watermelon, thinking breakdown!

Looking at Ye Chen, he has a smile on his face. There is only a tiny wound on his fist, as if he was accidentally scratched by a knife

And, in the blink of an eye, the wound disappeared! As if it had never appeared before

All people are like to see what can not come out of the horror monster general, eyes crazy shaking up!

Zhao Jiaren, who has a rotten Shinto, is not only not corroded, melted, but also hardly harmed?

The most important thing is, this seemingly ordinary punch directly killed Zhao Jiaren!

This is more frightening than the most perverse monster!

The young man in front of him is so strange that he is crazy!

Ye Chen was not surprised. He had already guessed the result when he put out his fist. He even did not use the Mongolian method and soul swallowing method.

You know, ye Chen's physical strength today, even if he doesn't use any supernatural powers, is enough to compete with Xu Qi's body cultivation of sky mending realm for a period of time. Even if Zhao Jiaren understands the rotten Shinto, he is still just a layer of sky mending realm, and is suppressed by ye Chen with a fist. It's normal!

Ye Chen walked slowly to Zhao Jiaren, looked down at the mud in front of her heel, and said with a smile: "you are more than 30000 years old this year, but now you are just a layer of sky mending. With your martial arts qualification, you want to join the Xingyue palace because your ancestors were from xingxuan region?"

Chapter 3627

There has always been a tradition in Xingyue palace, which is to relax the entry requirements for those who have the blood of xingxuan martial arts!

When Zhao Jiaren heard this, his face changed. He was already dying. After hearing this, his breath was even weaker! It seems to be angry!

This is the thing that he hates most from others!

Ye Chen looked at Zhao Jiaren's expression, and his eyes were cold. He said in a deep voice: "you seem very angry? Do you really think you're superior?"

Do you know that if there is no xingxuan warrior you despise, don't say it's you. The whole Xingyue palace is not even farting, understand?

You have come to this day because of the blood of xingxuan warrior, but you bully the warrior in xingxuan domain in turn? In this world, the only one who doesn't have the qualification to look down on the martial arts of xingxuan is Xingyue palace!

Well, now that I've finished, you can go and die. I'm sick of your garbage living in the world. Go underground and make amends to your ancestors. "

After that, ye Chen raised his feet and stepped on Zhao Jiaren!

With Ye Chen's power, this foot can undoubtedly step Zhao Jiaren into a blood mist!

In Ye Chen's opinion, Zhao Jiaren can hardly be called a human being. It is a crime to the world to let him live one second more!

But at this time, a sharp drink in the palace of stars and moon exploded!

"Don't stop! You know, according to the code of stars and moon, it is a capital crime to kill the deacon of Xingyue palace! "

A dark shadow flashed towards Ye Chen, holding a long halberd and covered with black armor, which was the law enforcement officer of the moon!

Originally, the star and moon law enforcement officials did not care about ye Chen at all. Like others, he also thought that ye Chen would be killed by Zhao Jiaren. But who would have thought it would be such a result!

For a moment, even he was stunned and even forgot to make a move!

It's only at this moment that I'm reacting!

Ye Chen laughs when he hears the speech

Well, this star moon law enforcement officer is so fair?

Just now, when Zhao Jiaren perfunctorily refused to arrange the assessment for himself, the law enforcement officials did not appear

When Zhao Jiaren released his breath and tried to suppress himself, the law enforcement officials did not show up

Even when Zhao Jiaren tried to kill himself, the law enforcement officials didn't show up!

Now, come out and do justice again?

Since the law enforcers are indifferent to the life and death of the xingxuan warriors, what qualifications do they have to enforce the law against them?

Ye Chen sneered at that black armor Soldier: "Oh!"

One foot down!

There was a big bang, and the whole palace was full of drama. Zhao Jiaren was completely transformed into a blood mist and dissipated under this one foot!

A ghost shadow appears in the blood mist, and a wandering one is about to flee to the direction of the star and moon law enforcers!

But at this time, the light in Ye Chen's hand flashed, and the evil sword appeared!

The reason why he didn't kill Zhao Jiaren's soul directly is to get in the evil sword!

The blood light surged, and a soul swallowing rhyme spread from the Sha sword. The soul of Zhao Jiaren screamed and tried to stimulate his soul power. However, he was still absorbed by the evil sword without any resistance!

How could Zhao Jiaren resist the way of biting souls, even the evil spirits of heaven?

All this happened between the electric light and flint!

It was not until Zhao Jiaren's soul disappeared in the evil sword that the black armour soldier could come to Ye Chen's body!

He gazed at Ye Chen, his face was extremely ugly!

A deacon of Xingyue palace is dead, but he has to bear the responsibility!

The star moon law enforcement officer, looking at Ye Chen with a black face, angrily exclaimed, "damn xingxuan domain bitch, do you know what you have done? Now, I want to take you back to the Moon Palace, waiting for the fall

Ye Chen Sen ran said with a smile: "what did you do? Didn't you see it with your own eyes? "

Star Moon law enforcement looks ferocious, this trash still dare to talk back?

Ye Chengang's fist is really strong, but it can only fill the sky. As the law enforcer of Xingyue palace, he is a real inner disciple and has more terrifying strength!

Therefore, although Ye Chen makes him incredible, that's all. This law enforcement official doesn't think he will be defeated!

With a frosty smile on his face, he said, "good, good. If you have committed such a big crime, you still don't know how to repent and resist law enforcement? That's more than a sin! Since you don't want to do it yourself, I'll do it for you, boy. You'll regret it

After that, his long halberd moved, and a terrible halberd idea enveloped the whole star moon palace!

All the people in the palace of stars and moons were all soft and fell to the ground, trembling wildly, and their faces were extremely painful. At the moment, they only felt that their bodies were cut into countless pieces by the halberd idea!

Now, in addition to the law enforcement officer, only Ye Chen and Jin Shuhui are standing!

The reason why Jin Shuhui can support her is that ye Chen gives out the idea of true martial arts to resist the impact of halberd meaning for her; and the second is that Jin Shuhui has thoroughly refined the spirit and power of heaven, and her strength has been improved. However, even so, Jin Shuhui's pretty face is still a reluctant color!Ye Chen's eyes flicker slightly. Is this the martial art of the disciples of Xingyue palace?

Really powerful!

With the strength of the law enforcers, we should be able to kill sun Tianmin?

It seems that before, the law enforcement didn't do their best

Now, what he shows is his real strength!

The star moon law enforcement officer Bing Han smiles. When he faces sun Tianmin, the reason why he doesn't do his best is not because of any kindness, but because he is too lazy to do his best!

What does Sun Tianmin have to do with him?

In fact, the reason why Xingyue palace arranges law enforcers to come here is not only to maintain order, but also to supervise whether the deacons and disciples of Xingyue Palace are loyal to their duties

However, over time, the real responsibility of law enforcement officials has long been forgotten by the disciples of Xingyue palace

Just like this law enforcement officer, the reason why he came here as a law enforcement officer is to earn some contribution. As for what responsibilities and obligations?

It's just bullshit. All he has to do is let the deacons and disciples of Xingyue palace not die. As long as he doesn't take responsibility, he doesn't care about the death of xingxuan waste and whether the waste xingxuan can enter the moon soul realm.

But now, ye Chen angered him!

In this star moon law enforcement, ready to take action, ye Chen is suddenly said: "you said I committed a major crime, what is the crime?"

The smile of the law enforcement officials is even colder. What kind of problem is this? ask while knowing the answer?

Now, are you starting to want to delay?

This is the best proof that xingxuan is not as strong as himself!

However, the law enforcer is not in a hurry!

That day, the boy in the God state was really weird. He rushed to kill him. Even he didn't know how to kill him completely, but!

The halberd method practiced by the law enforcer is called Wuwei God halberd!

Wuwei God halberd, in the Star Moon Palace's many martial arts, the ranking, but, this halberd method, but has a characteristic, that is, before the release, the longer the brewing time, the more powerful it will be!

When this Wuwei halberd reaches its peak, it will have a terror power comparable to the advanced martial arts skills of Xingyue palace!

Ye Chen wants to delay?

It's like suicide!

Chapter 3628

The star moon law enforcement officer sneered: "you killed the Star Moon Palace examination deacon, still think oneself innocent?"

Ye Chen said faintly: "check deacon? Can he arrange an examination for me? I killed him, but did you stop him when he did it to me? If he wanted to kill me, I killed him. What's the crime? "

The star moon law enforcer ha ha a smile way: "boy, did you make a mistake what?"? You want to talk about fairness with the Moon Palace? A bastard is eligible?

In front of my Star Moon Palace, even if you are asked to kneel down, you can't help it, understand? For the lowly, revolt is sin itself

Star and moon law enforcement voice, that was already incomparably frightening halberd meaning, suddenly a Sheng!

He said with a grim smile to Ye Chen, "but now, you don't even have the chance to survive! Boy, die, pay for your stupidity

When ye Chen heard the speech, he said indifferently: "that is to say, if I want to go to the moon soul domain, I will kill all of you? Well, in that case, you can go on the road. "

Death?

Star Moon law enforcement officials disdain to smile, this waste, to now still want to speak hard, but also bluff?

It's ridiculous!

The next moment, a halberd cross out!

Cold storm, almost the whole sky, are frozen and broken in general!

In the void, there are countless cracks, and all kinds of excellent materials in Xingyue palace begin to break off and fall off. Wuwei halberd brings up a cold halberd awn, which is like a startling dragon, and is suppressed towards Ye Chen!

In the eyes of the law enforcers, there is a color of great excitement!

This is the Wuwei halberd with the utmost strength!

In the past battles, he had no chance to display his power. Now when this halberd is played, what he feels is a powerful force that can break through the world and explode from his long halberd!

This halberd can be said to be the top blow of this law enforcement officer!

Although the disciples of Xingyue Palace are still struggling with the halberd meaning, they are all cruel and look at Ye Chen expectantly. This strange boy, now, should he die?

Even if he is a demon, he is just a God. How can he block this extremely adverse halberd?

Even Jin Shuhui clenched her fists and looked at Ye Chen nervously!

Although, she is very confident of Ye Chen's strength, but this halberd is too strong, Jin Shuhui can't help worrying about it!

Can all people, see ye Chen's reaction, are a Leng!

Why?

Originally, in their view, although Ye Chen could not block the halberd of the star moon law enforcement officer, at least, he would resist for a while, right?

But what about ye Chen?

Standing in the same place, even move, do not move for a moment, there is no meaning to move?

Star Moon law enforcement officer sneer, this trash has given up resistance completely?

On Jin Shuhui's pretty face, her expression changed and she exclaimed anxiously, "Ye Chen, what are you doing? Let's go!"

Ye Chen, no matter how strong he is, he can't be big in the face of this halberd, right?

If you don't, you really don't have a chance!

However, ye Chen seems not to hear the general, still standing in place, motionless, even the fingers are not lifted up!

Star Moon law enforcement officers all over the body, suddenly together, eyes, contempt and cruelty, long halberd on the sharp gas, also more and more fierce up!

Now, even if the boy wants to do it, he has no chance!

That long halberd is going to bang hard on Ye Chen's head!

Even if it is a huge mountain, under this halberd, it can only turn into nothingness?

Not to mention the human brain?

In the eyes of a number of stars and Moon Palace people, this time the boy of God realm will die!!!

No one can create two miracles in a row!

Can, in this moment, a strange wave, suddenly from ye Chen body, swept out!

Vaguely, a woman's shadow seems to appear!

The world, as if it has been frozen in general, the whole moon palace for it static!

That's the breath of Dao Yun in the way of soul swallowing!

That's xuanhanyu's breath!

Ye Chen some accident, but still gently recite a way: "eat soul Tongtian."

These four characters, however, seem to be the decrees issued by Yan Luo, which determine people's life and death!

A very terrible force of spirit, with the soul swallowing rhyme, towards the star moon law enforcement officer's knowledge of the sea, hard impact and go!

As the inner disciple of Xingyue palace, the law enforcer of Xingyue palace can not be defenceless above the spirit.

It can even be said that this person's spirit defense is quite strong!

However, in front of Ye Chen and xuanhanyu's soul biting communication, the spirit defense is like paper paste, and in an instant, it is broken!

Infinite sense of fear, instantly submerged the consciousness of the law enforcement officer, but, before he had a reaction, his eyes had already dimmed down!

The breath of life is gone!The frightful sense of halberd, sharp cold air, just like hallucination, dissipated in an instant

How to maintain martial arts skills when people are dead?

Ye Chen, it is not that ye Chen doesn't intend to make a move, but chooses at the most appropriate time to eat the soul to connect the sky, one hit must kill!

Those living disciples of Xingyue Palace are going to collapse at the moment!

I can't even understand what I see!

With a puff, the body of the law enforcement officer without soul fell on the ground, and the blood flowed in the seven orifices.

Looking at this scene, the disciples of Xingyue palace heard the wailing of the spirit of the law enforcers

Trembling

Can't stop shaking!

Body and heart, shake together!

The law enforcer, but the inner disciple of Xingyue palace!

How could ye Chen easily vanish the spirit?

What's more, it seems that it's not the ordinary vanishing, but the spirit of the law enforcement officer is devoured!

In front of him, this indifferent young man is still a soul repair!

Moreover, he is also a soul cultivation who can swallow up the spirits of the strong in the early days of sky mending realm, which is so terrible that it is incredible!

It's not like a man can do it!

Devil, only the devil can have this ability?

Not to mention, before ye Chen that kind of kind of adversity performance

I'm afraid the real devil can't be compared with it?

How can they not be afraid?

Ye Chen looked at the one by one scared out of courage, curled up in the ground of the Star Moon Palace disciple, light way: "now, you can arrange the examination for me!"

When they heard the speech, they were all trembling, and immediately got up from the ground. One of the disciples with the highest cultivation saluted Ye Chen respectfully and said, "this Young master, please wait a moment. I'll arrange it right away! Ten breaths, no, three breaths, and we'll be ready! "

Ye Chen said with a smile: "this is your proper attitude. I hope you can keep it, otherwise..."

He glanced at the body of the law enforcement officer and said faintly, "what kind of end will it be? Do you all know well?"

Now, how dare these disciples of Xingyue palace say no to Ye Chen?

One by one, yes, nod like garlic!

After just three breaths, everything is ready!

Chapter 3629

Ye Chen can't help but smile bitterly. It seems that no matter where you are, power is won by yourself. How can justice be achieved without power?

Under the guidance of the disciples of Xingyue palace, ye Chen and Jin Shuhui came to the place of assessment soon.

The assessment of the Star Moon Palace is simply to enter the transmission array to the moon soul domain!

Between the hall of Xingyue palace and the transmission array of the moon soul region, there is a corridor paved with emerald gems. At the moment, the corridor is full of emerald light!

Ye Chen's eyes are slightly narrowed. The light in the corridor is overlapped by many prohibitions! If you want to move forward, you can only do it by breaking through the prohibition!

It seems simple, but it is not easy at all!

And according to the introduction of the disciple of Xingyue palace just now, the more people enter the corridor, the more powerful the ban will be!

Ye Chen, it's more difficult to walk along the corridor with Jin Shuhui!

But

It's just for ordinary people who want to mend the sky

The reason for setting up this assessment system is, first of all, the requirements put forward by the major forces in the moon soul domain. After all, if there were no restrictions, all the warriors in the xingxuan domain would have poured into the moon soul domain

Although there are a lot of martial arts practitioners in the realm of martial arts, who are better than those who want to compete with other martial arts practitioners?

Secondly, he was also the founder of Xingyue palace in those years. If he wanted to protect xingxuan martial arts, yuehun domain was more cruel than xingxuan domain. Moreover, when people of xingxuan domain first entered yuehun domain, they would inevitably be excluded. Therefore, martial artists in xingxuan domain need stronger strength if they want to survive!

Even if you can't pass this assessment, don't want to have a foothold in the moon soul domain!

However, today's Ye Chen has the strength to fight against the early existence of Bu Tian Jing. Even if he takes Jin Shuhui to double the forbidden intensity of the jadeite corridor, it is nothing to him!

Ye Chen took Jin Shuhui's slender waist in one hand and said faintly: "hold me tight, don't let go."

When Jin Shuhui hears this, her pretty face turns red, but she doesn't resist. Instead, she buries her face in Ye Chen's chest

The next moment, ye Chen's eyes suddenly sharp, Hongmeng ancient method, the body of the heavenly demon, the power of breaking the sky and so on have been put into practice!

The evil sword appeared in his hand, and the rhyme of soul swallowing was surging out. The formula of mietian sword turned, and the atmosphere of the God of destruction was filled with air. Ye Chen at the moment was just like the God of death coming from the nether world!

The Star Moon Palace disciples feel the terrible pressure, they can't help but retreat madly and look at Ye Chen in horror!

Is this the real strength of Ye Chen?

Ye Chen, give them too much shock, so that now they are a little numb!

Even if ye Chen is the reincarnation of reincarnation, will they accept it?

These disciples of the moon soul realm have completely subverted their martial arts thinking!

The next moment, the gray and black sword suddenly cut out!

The emerald corridor seems to have been stimulated by something. The array composed of countless runes and green light flashed wildly. It emerged again and again, and went towards the gray and black sword light!

But!

It's broken!

Each array is enough to resist the all-out attack of the sky mending realm, but the sword of Ye Chen can only be broken!

The sound of the click is constant. The thousands of arrays are all broken in an instant, and the whole jadeite corridor is dim!

And ye Chen has already taken Jin Shuhui through the corridor.

All the disciples of Xingyue Palace are petrified, looking at the scene in front of them

A blow

Just one blow will completely break the ban in the corridor, which has set a new record in the history of Xingyue palace?

Not to mention, ye Chen is still with Jin Shuhui!

The intensity of the ban has doubled, but is it still the result?

At this time, the figures of Ye Chen and Jin Shuhui have disappeared in the transmission array

After a while, ye Chen and Jin Shuhui open their eyes again.

The purpose is a building slightly similar to the Xingyue palace in xingxuan area

However, both of them did not care about the surrounding environment. What attracted their attention was the concentration and quality of aura around them!

Don't say it's Jin Shuhui. Even ye Chen is shocked!

This month, the aura of the soul realm has gone beyond the level of Qi and liquid. Instead, it has become a higher quality aura!

It's not like xingxuan and Shenguo!

Next to the array, a disciple of Xingyue palace, who is in charge of guarding the formation, glances at Ye Chen and Jin Shuhui, as if seeing a country bumpkin entering the city

However, soon this Star Moon Palace disciple's face then appeared the inconceivable color!

What's going on?

How did they pass the examination?Ye Chen also calmed down at the moment, went to the disciple and said, "Hello, do we have to go through some procedures when we first enter the moon soul domain?"

For the first time, warriors who have been promoted from xingxuan domain to yuehun domain have to go through some authentication procedures. At the same time, they will get a token issued by Xingyue palace. In this way, they can freely travel between the two realms.

Ye Chen is not sure where Xia Ruoxue is, what's more, he is still waiting for ye Lingtian's news, so naturally he should make this preparation.

The Star Moon Palace disciple came back to his senses and looked at Ye Chen suspiciously. He nodded his head and said, "well Please show me your identity token... "

At the moment, his attitude is more respectful

After all, if the strength is not enough, you can enter the moon soul domain at will, then there is only one situation

Background!

Only with a strong background can we do it!

In his opinion, ye Chen and Jin Shuhui may be illegitimate children of a certain moon soul realm. In a word, even if he is a disciple of Xingyue palace, he is just a foreign disciple. He can't afford to be such a person of extraordinary origin!

The Star Moon Palace disciple obviously misunderstood him. But what would he think if he knew that ye Chen had killed the judge deacon of Xingyue palace and the law enforcer of Xingyue palace as an inner disciple before he entered the moon soul realm?

Ye Chen and Jin Shuhui walked out of the main hall of the Star Moon Palace. He was playing with a jade slip in his hand. After misunderstanding his identity, the Star Moon Palace disciple not only quickly completed all the procedures, but also gave them a map of the moon soul region.

This map not only records the geographical conditions of the moon soul region, but also the distribution of local forces. Their current location is called smoke-free city.

There is some distance from liudaozong.

But it's not too far away from Zhan's house!

"Qingliao city..."

Ye Chen quietly read out the name of a city, his eyes suddenly flash from a wisp of cold.

This qingliao city is not far from the smoke-free City, and Zhan's family is the most powerful force in this city except the city Lord's house!

The Zhan family where Zhan you is!

Chapter 3630

Immediately, ye Chen and Jin Shuhui, with a flash of body shape, went towards the qingliao city!

Is the Zhan family innocent?

Of course not. Without the permission of the Zhan family owner, how could Zhan you come to revenge with a few offerings of mendianjing?

You know, even for the small forces in the soul region for a month, the three strong ones are relatively valuable combat power!

.....

There is a mansion in Qingliao City, which covers an extremely wide area and is extremely luxurious. It is located in the most prosperous area of the city. This is Zhan's house.

But at this time, in the past, the style of Zhan's house is haunted by a gloomy atmosphere!

In the main hall of Zhan's mansion, a middle-aged man with a bald head, no eyebrows and a grim face, looked at a servant kneeling in front of him with a black face and said in a deep voice: "Have you found out? You'er and Qiu Gong worship them. What happened in the Xingxuan area? "

This man, named Zhan Shangqi, is Zhan You's father and the current owner of Zhan's family. His cultivation is not high in the whole month!

Mention this matter, Zhan Shangqi is a burst of heartache again!

A few days ago, his precious son said that he would take people to Xingxuan domain for revenge. He didn't care and allowed

But who knows, Zhan You and those who worship the life fire, suddenly all extinguished!

Zhan Shangqi gnawed his teeth, full of resentment. He never dreamed that Zhan You would lose his life if he took revenge on a small Xingxuan territory with the sacrifice of his family!

However, Zhan Shangqi still has a bit of hope in his heart. Sometimes, when a warrior goes into some secret place and a different space, his life fire will be extinguished because he can't sense the existence of the warrior

Therefore, he immediately sent the best spies to Xingxuan area to investigate!

At the moment, the servant's face was afraid. The master's temper was not very good

He hesitated for a moment, then swallowed his saliva and said: "According to the investigation of his subordinates, 90% of the young master may have been killed by I was defeated... "

Beat?

Fighting is not a sports competition. Being defeated means death!

"What are you talking about?"

Zhan Shangqi roared and flashed in front of the spy. His whole body roared out. He held the spy in his hand, staring at him with bloodshot eyes and yelling: "are you kidding me? You'er, he is a xingxuan district with three butianjing!

Xingxuan region is the weakest area outside the territory. The three strong men in the early days of Mending realm were able to level down. Besides, the major forces in xingxuan region were busy chasing the mysterious woman recently, so it was impossible to attack. Now, tell me, you are defeated? "

Under the pressure of Zhan Shangqi, his bones crackled and his internal organs burst. He vomited a mouthful of blood. His eyes bulged and he wanted to beg for mercy, but he could not open his mouth!

Just when the spy was about to die, Zhan Shangqi let him go. The whole man seemed to be old for several minutes

He slowly sat back to the main seat, looking ferocious, as if the whole world had been destroyed, and could not calm his anger!

After a long time, Zhan Shangqi squeezed a few words out of his mouth and said, "who made it?"

The spy was lying on the ground, dying, but still forced to open his mouth: "according to It is said that there is a man named Ye Chen in the area of xingxuan It seems that his identity is forged. He comes from Xuanjin city. The rest is blank. He also has the title of "cruel man".... "

"Ye Chen?" Zhan Shangqi was very angry and laughed back. His eyes were filled with resentment and said, "I want him to know what is really cruel! If the word goes on, the fairy from the mountain will come! "

Even though the spy was seriously injured at the moment, he could not help but change his face and said in a hurry: "master, do you really want to move away from the mountain fairy for this boy? Even with our family background, it's hard to bear the price! "

When Zhan Shangqi heard the speech, he roared: "in order to avenge you'er, no matter how much I pay, I will kill this boy named Ye Chen completely, you'er! My worry! Please leave the mountain fairy for me now

Zhan Shangqi is not a fool if he can become the master of the family. Although he is not weak, Zhan Shangqi knows very well that Qiu PI, who is a soul cultivator and has raised a ghost who is a disaster to heaven, can deal with himself with the spirit way!

Since ye Chen was able to kill Qiu PI, he could not easily revenge himself!

But

Zhan worried face suddenly raised a sinister smile, if will leave the mountain fairy invited, everything will be different!

The boy of xingxuan realm, no matter how evil he is, will never survive in the hands of Lishan fairy!

The spy didn't dare to disobey him. He stood up and walked towards the door

Lishan is a big mountain not far away from qingliao city. It has rich aura, beautiful scenery, rich martial arts resources, and covers tens of thousands of miles. Even if a few weaker forces are involved, there is no problem to build a mountain gate here!However, it is strange that the towering mountain is empty, not to mention the clan forces. There is not even a martial arts practitioner who goes to the mountain to collect martial arts resources!

Only at the top of the mountain, a thatched cottage was built.

There is only one person living in the whole Lishan Mountain, that is, the Lishan fairy. No one knows his real name. However, since the Lishan fairy lived in this Lishan Mountain, no one dares to set foot here easily!

Why?

How can a place like Li Shan be empty?

Originally, Lishan was the gate of a powerful zongmen (eight damage gate) nearby. But since the Lishan fairy came here, the eight damage gate which used to be quite beautiful in the past evaporated from the world overnight!

No one knows what happened that night, but there is no doubt that it has something to do with the fairy from the mountain!

After that, the mountain from the original Lingshan treasure into a taboo absolute danger!

But there is such a strong existence in Lishan Mountain that it is impossible for the strong forces near the mountain to sit idly by. Who would like to live with a tiger by his side?

These people have come together to visit

Although there are some small cities near Lishan, which are not very powerful compared with the whole moon soul region, the leaders of several small forces and the strong ones, gathered together, are also a force that can not be underestimated!

People thought that this destroyed the mysterious existence of the eight damage gate, so it should not stay?

But

As a result, the leaders left the mountain in dismay and ordered the disciples not to leave the mountain once they returned to their power!

From then on, the name of Lishan fairy was spread out thoroughly!

At the same time, there is a rule spread out

Li Shan fairy's rules

"If there are forces of seven grades or above, please come to my mountain, and I will be able to fight for you once within my ability. Of course, I must pay a price that satisfies me."
