Chapter 3631

What is the price of satisfaction for the existence of a force that can annihilate Qipin at will?

Of course, it can't be a little fuss

But everything!

Everything literally!

The whole family, all the martial arts resources, savings, industries and so on, after the fairy left the mountain, they would all belong to the fairy!

At such a terrible price, those forces who wanted to ask the fairy from the mountain to deal with their enemies all gave up their minds

For a long time, no one has walked up the mountain, until today

A man dressed in a servant's clothes, pale face, is full of tension color, quickly climbing towards the top of the mountain!

The reason why he didn't fly directly to the top of the mountain was that he showed respect for the fairy from the mountain. Secondly, it was said that the whole Lishan Mountain had been covered by a huge array. If he flew here rashly, he might die!

Can you arrange an array covering the whole mountain with the power of one person?

The horror of the mountain fairy can be imagined!

Although Lishan was towering, the servant was just a spy of the Zhan family, but at least he was also a holy land, and he quickly climbed to the top of the mountain with his feet.

Before he got to the cottage, the Scout did not knock on the door directly, but knelt down in front of the door and kowtowed: "fairy, I am the servant of Zhan family in qingliao city. Zhan Shangqi, the master of Zhan family, hopes to ask the young master to do it once!"

After he said that, there was no response. The whole mountain was silent, but the servant kept his head on the ground and did not dare to lift it up.

A moment later, the door of the cottage opened slowly, and a cold voice sounded in the door: "Zhan Shangqi? The rules set by benxianzi, he can't help but know? "

The servant immediately replied, "the master is very clear about the child's rules. After the success, everything in the Zhan family will be owned by the fairy!"

The sound of footsteps from the cottage sounded, a woman in plain white, with a concave and convex figure, covered with haze, appeared in front of the servant.

This man is the mysterious fairy from the mountain!

This mountain fairy gives people a feeling of spring breeze, but if someone looks at her eyes carefully, she will find that her eyes are very cold!

It is a kind of arrogant, egotistical, will all things in the world as mole ants cold!

Li Shan fairy said with a smile: "get up. In this case, I'll go with you to Zhan's house. I'm a little curious. What can make Zhan's family owner ask Ben Xianzi to help him even if he runs out of property?"

.....

At the gate of Qingliao City, two figures fly down and walk towards the gate. They are Ye Chen and Jin Shuhui.

Ye Chen looks indifferent. In his eyes, he is cold. After checking his identity at the gate of the city, Ye Chen says to Jin Shuhui, "Shuhui, you should find a hotel to stay in, and I'll come to you after I kill Zhan's house."

Jin Shuhui nods, and has no objection. After all, with her current strength, staying with Ye Chen can't help, but may become a burden to Ye Chen.

At this time, a woman with cold temperament and bloody eyebrows in Zhan's house is tasting Lingcha, which is the fairy from Lishan Mountain.

In front of his servants, Zhan Shangqi was very dignified and angry. At the moment, he had changed his face to the fairy from Lishan with a smile. Although he was extremely anxious in his heart, he wanted to ask the fairy to kill Ye Chen, but before the other party had finished drinking tea, Zhan Shangqi did not dare to speak and could only bear it!

Finally, the fairy left the mountain and put the tea cup in his hand and said lightly, "Master Zhan, what is it? You can say it."

Zhan Shangqi was overjoyed at the speech and said with grief: "Fairy, a few days ago, my second brother, Zhan you, went to Xingxuan to deal with an enemy with three of his family's Butianjing offerings, but he never came back! It is said that the one who killed my son was a guy named Ye Chen. He asked the fairy to avenge my son! "

On hearing this, the fairy frowned and said, "Oh? Can a warrior in Xingxuan kill three Butianjing? Are you sure you're not mistaken? "

Zhan Shang started and said, "The spies I sent will never be wrong!"

From the mountain fairy's speech, but the face drew a boring color, finger gently tapping the table top, silent.

For her, it's hard for her to deal with a warrior in xingxuan.

Zhan Shangqi saw this, his face was slightly pale, but he didn't dare to say much, so he had to wait for the fairy to make a decision.

At this time, the two people's looks are moving, looking at the door, a sudden killing will cover the whole Zhan house!

Zhan Shangqi's pupil shrinks. Who dares to kill him in front of his family?

A indifferent man's voice suddenly rang out in the ears of all the people: "Zhan family master Zhan Shangqi, three breaths, come out to see me."

The person who talks is Ye Chen!

At the moment, he stood at the gate of Zhan's house without expression. Although he wanted to kill the Zhan family, ye Chen didn't mean to kill the whole family. As long as he killed the master of the Zhan family, the Zhan family would be destroyed! He has investigated the Zhan family. The Zhan family is an extremely terrifying force in xingxuan domain, but it is only a small force in yuehun domain.

The strength of the master is not very big compared with the previous soul cultivation.

If with the help of the bottom card, ye Chen has confidence to fight!

What's more, he has xuanhanyu!

Xuanhanyu seemed to notice something, and a faint voice came out: "although this palace doesn't want to take care of your affairs, but when you come to the moon soul domain, I still ask for you, so I will help you this time."

Ye Chen was stunned and said curiously, "what is the matter, xuanxianzi?"

Xuanhanyu did not continue to speak, and recovered from the cold.

In the hall, Li Shan fairy said with a cold smile: "master Zhan, let's go out and have a look. I'm curious about who this person is. Ha ha, after all, no one has ever killed benxian for a long time."

Ye Chen's killing intention covers the whole Zhan's house, including the fairy from the mountain!

Although, this is not aimed at her, but how can we tolerate the existence of such a proud fairy?

When Zhan Shangqi hears the speech, he also laughs. No matter who this person is and what resentment he has with the Zhan family, he can only say that he is too incapable of picking a date!

Unexpectedly oneself bumped into the hands of the fairy from the mountain?

At the next moment, their bodies flashed, and they appeared outside the gate of Zhan's mansion. At the moment of seeing ye Chen, Zhan Shangqi's whole body's spiritual power suddenly became manic. His eyes were bloodshot, and his veins were jumping on his face. Obviously, he was extremely angry!

Ye Chen's face, he is very familiar with!

and the portrait as like as two peas back!

The boy who killed you son unexpectedly took the initiative to find Zhan's family?

Chapter 3632

Ye Chen saw Zhan Shang Qi's look and said with a cold smile: "it seems that you recognize me? Can you allow Zhan you to take revenge on the warriors in xingxuan

Hearing this, Zhan Shangqi roared: "allow? Since you have offended youer, you should die! Don't say that it killed you, even if it is the disappearance of several xingxuan domain forces? Is it important that you are worried about your life and death? How dare you come to my Zhan family? Well, it's good to die here

After that, Zhan Shangqi was furious, and a big axe appeared in his hand. The surging spiritual power of Bu Tian Jing, like countless horses, rushed toward the axe in his hand. A burst of fury and axe idea broke out like a bomb in an instant, which stirred the spirit power of the whole qingliao City!

A dark axe awn, emerging from heaven and earth, trembling in the void, just like Pangu's opening the sky, with the terrible power of chopping chaos, towards Ye Chen, sweeping away!

This Zhan Shang Qi, unexpectedly is desperation ground to leaf Chen hand!

In the face of Zhan Shangqi's axe, ye Chen looks dignified. Zhan Shangqi is stronger than he thinks!

At this time, the evil sword vibrates, and a part of xuanhanyu's power converges to Ye Chen's palm.

"Don't be distracted, this palace helps you!"

"Such a mole ant has no qualification to shake me now!"

At the next moment, ye Chensha sword appeared in his hand. On the edge of the sword, the soul biting Dao Yun was surging. In an instant, he cut out a sword, and the gray and black sword awned, and fired at the axe shadow!

At the moment when ye Chen cuts out this sword, the fairy from Lishan Mountain, who originally looked pale and stood aside, suddenly widened his eyes!

Looking at Ye Chen's eyes also took a trace of shock color!

Is this boy so young that he has mastered the way of destroying Shinto and devouring souls?

What's more, it's a combination of soul and martial arts?

A smile appeared on her face, full of fighting smile!

A genius like Ye Chen is worth killing, isn't it?

In a flash, the gray and black sword and the axe shadow collided with each other, and the strong aftershocks were pounding around. In Zhan's house, countless buildings collapsed one after another, and the voice of exclamations came one after another!

In the thunderous sound of the sky, the ax shadow that looks incomparably powerful, in the sword light of Ye Chen, actually is quickly broken up!

Zhan Shangqi's eyes suddenly opened, looking at the sword light from the palm, the boundless anger instantly turned into fright!

The sword light has not really been cut off, Zhan Shangqi is to send out a very painful scream, seven orifices, blood raging!

The soul eating way and xuanhanyu's power first hit his spirit!

However, ye Chen at the moment is slightly frowning

He knew that Zhan Shangqi was not dead!

This is part of the power of Xuanhan jade!

Someone's done it!

It was the woman in white who had stood beside Zhan Shang's rise!

At the moment, Zhan Shangqi, covered with blood, thanks to the fairy from Lishan: "thank you for your help. This boy is the enemy who killed my son!"

From the mountain fairy smile way: "Zhan family master, your request, I accepted."

When Zhan Shangqi heard the speech, he was ecstatic, and his eyes gradually became ferocious. His eyes were filled with the joy of revenge!

This boy named Ye Chen is really stronger than he expected, but he is useless in the face of Li Shan fairy!

From the moment the fairy promised himself, ye Chen was doomed to be a dead man!

Ye Chen gazed at the fairy and said, "who are you? I'm going to kill the owner of the Zhan family. It's better not to worry about anything that has nothing to do with you. "

His eyes gradually heavy up, in front of this seemingly elegant woman, actually gave him a very dangerous breath!

Even faintly let it smell the smell of death!

This person's cultivation is terrible, and still belongs to the existence of strength higher than the realm!

On hearing this, the fairy from Lishan burst out laughing: "tell me to leave it alone? It's been a long time since anyone said that to me... "

At the next moment, Li Shan fairy's face was suddenly cold, and his voice was extremely cold. He said, "is the name of this fairy that you can know? Boy, are you going to kill benxianzi first, and then you're not good at benxianzi? Either of these two, you know, is enough to kill you ten thousand times, you know

Ye Chen smelled the speech, but he also said with a smile: "died ten thousand times? Who gave you your face? If you have to fight, fight, but I remind you, it will be you who will die! "

The whole city seems to be frozen, and the air will freeze!

Zhan Shangqi is slightly stunned. Then, he smiles and looks at Ye Chen as a fool. Although the boy is evil, he seems to have no brain. He still has to continue to pretend in front of the fairy from the mountain?

Think you're invincible?

Ye Chen is no longer an evil spirit. Even if he can fight beyond the level, there is no limit to it?

Is it easy to see the fairies down the mountain? Still here blind self-confidence? From the mountain fairy's eyes to kill crazy flash, but the smile is deeper!

She's going to die?

Ha ha

She now, already can't wait to break Ye Chen's limbs, looking at his miserable begging appearance!

At the next moment, there was a roar, and a tornado like terror suddenly burst out of the mountain fairy's body and swept the whole city of qingliao! Even the spiritual power of heaven and earth is stirred by it!

In this breath, countless warriors are all stiff and blood is almost frozen. They look in the direction of Zhan's house in horror!

What is the smell?

It's just like the Supreme God coming to the world without any disobedience!

Just feel the breath, let them have a sense of worship!

That is the original fear of supreme power!

Some of them are weak and even fainted!

Even the city master of qingliao city is trembling slightly and his eyes are flickering!

The pressure is terrible!

There is only the legendary fairy from Lishan near qingliao city. Does it have such a terrible pressure?

The fairy from the mountain has actually made a move?

The city Lord shook his head. No matter who the fairy was, since the fairy was ready to fight, he could not survive!

A sharp sword is like a silver snake. The whole body is shining with silver light, and the sword body is slightly twisted. The long sword with incomparable sharp breath appears in the hands of Lishan fairy!

Zhan Shangqi looked at the strange sword, and his face changed slightly!

This long sword is a real ancient imperial instrument!

What's more, it's a high quality one!

He turns his head and looks at Ye Chen. Naturally, he can see that the dark sword in Ye Chen's hand is of high quality, and it seems to contain soul swallowing rhyme. It is extremely powerful. But now even the weapon, Lishan fairy, is not inferior to Ye Chen?

In this way, ye Chen is even a little bit of the opportunity to turn the plate, have no!

From the silver snake sword, the fairy from Lishan Mountain has a strong momentum and a pure sword sense. From the silver snake sword, a strange scene appears in qingliao city!

A dark crack, straight from the city to the sky!

What does this vision mean?

It means that the space of this month's soul city is cracked because of the sword meaning of the fairy from the mountain!

It's just a sword!

At the same time, a sword shaped virtual shadow appeared on the top of the mountain fairy!

Even ye Chen felt a sense of oppression when the sword shaped shadow appeared!

Xuanhanyu's voice rang out in Ye Chen's mind: "Ye Chen, be careful. This woman has the proud capital. She has the spirit of Dao Jian!"

Although Daojian spirit body is not as good as Wang Pan's spirit body, it is also a kind of extremely powerful spirit body. The warrior with this spirit has unimaginable terror talent on Kendo, and all his sword skills, sword meaning and power will be greatly improved!

No wonder, this from the mountain fairy before so easy to receive a blow from ye Chen!

With her accomplishments and the sword spirit released by Dao Jianling body, I'm afraid that the destructive power is no longer under Ye Chen's destruction Shinto!

After all, Kendo is an extremely powerful way to kill!

The Lishan fairy holds a long sword, and his whole body is like a sword goddess. It actually exudes a kind of Saint's bearing. Facing the present Lishan fairy, countless warriors in Qingliao City kneel down involuntarily!

And those who have practiced Kendo have an extremely fanatical look in their eyes. The fairy from Lishan Mountain just contains a ray of sword rhyme in his sword spirit, which gives them a sense of breakthrough in kendo!

It can be imagined that the sword of Li Shan fairy is so strong that it can have such effect!

From the mountain fairy to the leaf Chen cold smile: "boy, now you can say again, die will be this fairy?"

Although Ye Chen's expression is extremely deep and congealed, but there is not much nervous color. After hearing the speech, he said faintly: "your swordsmanship is good, but I said that the dead will be you, it must be you!"

What ye Chen said is wrong?

Of course not!

Ye Chen's knowledge of the sea, but has a soul chopping sword ah!

It's a soul cutting sword that can kill all those who repair the heaven!

Even if it's nine layers, it's going to die!

With this soul chopping sword, ye Chen can suppress most of the warriors in the moon soul realm!

No matter how strong the fairy is from the mountain, how can he resist the soul chopping sword?

It's just that ye Chen won't use his soul cutting sword unless he is really forced to a desperate situation. After all, this opportunity is only once!

When Zhan Shangqi heard the speech, he couldn't help laughing and said, "to this day, you still have to be tough and strong? Didn't you see the countless warriors worshipping the fairy? Today's fairies are no different from the gods. Boy, do you think you can kill the gods against the heaven if you have some qualifications? "Ye Chen glanced at Zhan Shangqi and said: "against the sky, butcher God? The sword technique I have practiced is just right. There is one called blood moon butcher sky chop! "

"Falling dust and descending dragon sword, come out!"

And at the moment of the samsara cemetery, looking at everything outside, cold asked heart long sigh: "let this boy steady, he can't do it!"

"What a heartbreaker

"Steady for a while, calm and calm!"

"Where the boy goes, he'll have a terrible life!"

"Ah

At the time when Han enquired and sighed, another tombstone in the samsara cemetery began to twinkle with a strange light.

A shadow gradually converges.

Slow as it was, it was obvious that it was a woman.

And from the perspective of cold inquiry, this is a beautiful woman!

It's the best! It's very dangerous!

"Strange, can this cause and effect affect this woman?"

"If so, the stability I seek may be a bad thing for ye Chen?"

Chapter 3633

Although Han Wenxin doesn't want to be infected with causality, he still walks up to the reincarnation cemetery.

He gazed at the shining stone.

On the stone tablet, there are only four words.

When you see the above four words, the expression of cold inquiry is frozen! It's like seeing something frightening!

This is the first time that he has lost his color after awakening from the samsara cemetery!

Because it says - the moon spirit witch!

The four characters of the moon ghost are extremely dazzling in foreign legends!

It is said that tens of thousands of years ago, a mysterious girl came out of the moon soul realm.

The girl rode a moon deer from the extreme south of the moon soul domain to the far north of the moon soul domain!

It only took three months!

In these three months, 600000 people have died!

And these 600000 people, any of them, are extremely high in the moon soul domain!

There is a master, there is an elder, there is a talented son of the moon soul domain!

The bright future of any person!

But it was these dazzling people who died in the hands of a woman!

Some people say that this woman practices magic skills and enjoys killing people.

Some people say that all the people killed by this woman are those who bear the sin, and she is doing away harm for the people.

It is also said that the woman was killed from the extreme south to the north for revenge.

Anyone concerned, all of them will die!

Even the moon soul domain because of this woman panic for a whole hundred years!

Fortunately, a hundred years later, this woman never appeared again!

I don't know life and death!

Although this woman did not appear, her legend has always been there!

Because the people in the moon soul domain did not know its name, they gave her a title in silence!
Moon ghost girl!

Cold asked heart swallowing saliva, he really can't think of, so why can appear in the samsara cemetery!

Just when he lost his mind, a voice from cold to bone marrow rang out: "a hundred feet away from me!
Otherwise, die

Han Wen's face changed again, and the next second, he consciously appeared in a hundred feet away.

He closed his eyes and did not dare to look at each other again.

This kind of person's cause and effect, he can not be contaminated.

I don't know if ye Chen can persuade this person.

.....

Ye Chen at this moment naturally does not know the matter of reincarnation cemetery, his look is extremely serious!

The mountain fairy is too strong!

At least not now, he can shake!

But he's going to try!

He's going to use his cards!

He held the evil sword and the falling dust sword!

Above the sky, the blood moon gathers!

Blood moon contains the breath of destroying Shinto!

"Blood moon kills heaven! Soul swallowing rhyme! Cut

As soon as the voice falls, the meaning of true martial arts surges out, and a layer of scarlet flame emerges. The blood moon of terror surges wildly. Infinite power flows in the muscles!

In an instant, ye Chen will exert his power to the extreme!

He used only one blood month because of consumption!

However, on the other hand's evil sword, the soul swallowing rhyme has a kind of inexplicable and frightening atmosphere to diffuse and open!

Even xuanhanyu, all hands!

The fairy from the mountain is not an enemy that can be left to deal with!

However, ye Chen looked at the fairy from the mountain, but his eyes were also filled with a fanatical sense of war!

Juesha heaven rescued the ghost spirit. He fought with the ancient demon who tried to destroy the kingdom of God. He experienced the situation of nine deaths. When he accepted the peak of refining God, he accidentally entered into the desperate situation of abandonment. The spirit was baptized

This kind of encounter, let Ye Chen's strength soar, but, at the same time, ye Chen also feels that he has touched the bottleneck of strength!

Now, he just needs a fight, a battle that needs him to do everything to barely cross the edge of death!

This mountain fairy is the right match!

If you can integrate all of your present strength in this battle, ye Chen's strength will break through the bottleneck and improve to a higher level again!

From the mountain fairy looking at Ye Chen, look at the moment gloomy down, look to Ye Chen's eyes with anger!

She can see, ye Chen is not in the mouth hard!

Do you really want to beat yourself?

A waste of God's realm has ignited a sense of war against himself?

This is a great insult to the fairy from the mountain!

Mole ant, in front of her, can only have one kind of attitude, that is surrender!

The next moment, two people at the same time!

The grey and black sword light turns into a demon dragon, with the power of destruction, blood moon and soul devouring, it rushes towards the fairy from Lishan Mountain at the speed of lightning!

On the silver snake sword, a sword rainbow like a silver dragon also shot out!

In the blink of an eye, the two lights collided in the air!The two forces collided wildly, and the void burst into pieces. There were cracks in the martial law and the spiritual power of heaven and earth. People could see the two lights, just like two terrible dragons, biting each other and pestering each other!

The whole city of qingliao was shaking wildly. The city master of qingliao felt the breath of destroying everything. He was sweating all over his body. He didn't hesitate to open the big battle line of protecting the city!

An orange light covers the whole city of qingliao!

The next moment, the silent shock, extremely dazzling light, burst out!

All the people in qingliao city can't help but close their eyes!

Their brains are going to evaporate in this light!

Is this really a kind of attack that can be exerted by the existence of heaven and God?

It's like fighting between demons!

And Jin Shuhui in the hotel is full of suspicion on her pretty face! In the beautiful eyes is anxious and nervous!

She's worried!

Originally, with Ye Chen's strength as well as the bottom card, exterminates the Zhan family to have nothing, but now the matter seems to have been different!

Soon, the light converged. Zhan Shangqi opened his eyes and looked at Ye Chen and Lishan fairy. After seeing this, a brilliant smile appeared on his face, and he said, "boy, aren't you crazy just now? What else is it? The dead must be fairies? Now, why are you dying? "

At the moment, ye Chen is pale, slightly low head, double sword station, his clothes have been dyed red with blood!

Even more chilling is that half of Ye Chen's chest actually appeared a huge sword mark!

This kind of injury will directly lose combat power or even die in the early days of mendianjing?

It's a miracle to be alive!

Some soldiers near Zhan's house, watching the battle from afar, are looking at Ye Chen as a monster!

And ye Chen wound above, still send out silver light!

The silver light is the sword spirit of the fairy from the mountain!

The sword spirit is still destroying Ye Chen's body!

What about the mountain fairy?

Although the breath also has some unsteadiness, but that body white clothes, is clean, has not been hurt at all!

Even the soul biting power and blood moon power contained in the sword did not hurt him!

"The boy is dead, and I feel that the fairy leaves me with a cold smile

Chapter 3634

Although she said so in her mouth, her eyes have no longer been indifferent before!

Ye Chen's strength is still ahead of her expectation!

This moment, Ye Chen, but suddenly raised his head, eyes, the war spirit is vigorous!

From the mountain fairy see shape, face a change!

The boy was hurt so badly that his heart didn't waver at all?

Ye Chen gazed at the fairy from the mountain and said with a smile, "the battle is just about to start now."

A vast stream of water from the yellow spring suddenly gushes out of Ye Chen's body, and his vitality recovers rapidly. At the same time, the silver and white sword meaning of his wound is suppressed by the wisps of black light. The broken scar and granulation growth are healing rapidly!

No matter how strong the sword Qi of Lishan fairy is, how can it really compare with the destruction Shinto?

Zhan Shangqi, from the mountain fairy see, are unable to help but pupil shrinkage!

Isn't this guy's life force too scary?

From the mountain fairy face more and more ugly, she some understand Ye Chen that battle just started what meaning!

In the face of this kind of life force, no matter who it is, I'm afraid the heart will be full of pressure, right?

Even if Li Shan fairy's strength is above Ye Chen, he may capsize in the gutter if he is not careful!

At the next moment, the fairy from Lishan Mountain clenched his teeth, and the shadow of the sword shaped shadow on top of his head became more and more solid. An incomparably magnificent connotation of Kendo flowed out, and the spirit of Li Shan fairy's whole body became stronger and stronger!

The silver snake sword in her hand gave out a clear cry. In the clear sound, the silver sword rainbow, which was so powerful that people's thinking was broken, shot out again!

Can make all people can't imagine is, in the face of this more powerful than before, ye Chen did not take the slightest defensive?

Not only did not take the defensive, on the contrary, is toward the sky from the mountain fairy, rushed to the ah!

What is this kid doing?

Even if his vitality goes against the sky, it is impossible to recover infinitely, right?

The closer you get to the mountain fairy, the more damage you will get!

Did he give up the fight and die with a suicide and a fairy from the mountain?

In their view, only self explosion needs to deliberately close to the mountain fairy!

But they don't know that if they can fight with the fairy close to the mountain, ye Chen's attack power will also be greatly improved!

Only in close combat, ye Chen's terrible power can get perfect play!

And want to close to the mountain fairy, nature is not a simple thing!

Li Shan fairy is not only powerful, but also has strong fighting experience!

When she saw Ye Chen coming towards her own, she saw a flash of her eyes and cut out a sword. At the same time, she stepped back to keep away from ye Chen!

From her experience, we can be sure that if we really close in, even if our sword rainbow's lethality has been improved, it will definitely not be in this situation, which is beneficial to me!

Since her sword rainbow can suppress Ye Chen's sword awn, rely on the distance, continue to attack, and consume Ye Chen, is the best choice!

Moreover, if ye Chen really wants to blow herself up, she really does not have the confidence to survive!

Li Shan fairy has a special origin and has a vision far beyond ordinary martial arts. She knows that those who possess the ability to destroy Shinto and the ancient method of Hongmeng are extremely terrifying!

Seeing the action of the fairy from the mountain, ye Chen's eyes flashed. It seems that if you don't pay a price, you can't get close to each other!

How to pay the price?

That's an attack from the mountain fairy!

Seize this moment of opportunity, close!

If other people want to do this, they can't do it. After all, ordinary mending heaven realm can't resist the attack of Li Shan fairy with Dao Jianling spirit body!

However, ye Chen's vitality has a chance to do it!

Facing the Silver Rainbow, which sends out terrible energy, ye Chen smiles

A strong spirit wave suddenly surged out of the evil sword!

Focus all your strength on the sword and attack yourself?

Then, the defense of the spirit will inevitably be weak

This time, ye Chen did not choose to use the techniques of Hongmeng and hunwu. He concentrated his mind and spirit on the sea of knowledge!

He murmured: "the seven evil spirits are wonderful, devouring the soul to the sky!"

At the next moment, a black hole formed by the power of the spirit suddenly appeared at the top of the mountain fairy!

From the mountain fairy face a change, looking at the black hole, exclaimed: "not good!"

It's not only the soul skill, but the boy has mastered such a powerful soul skill?

You should know that the impact of soul force in the skill of soul martial arts just now has already shaken his spirit defense!

If she doesn't defend it with all her strength, she can't resist it! But now, just to improve the power of the sword from the mountain fairy, but it is too late to shift the focus to the spirit defense!

The sound of click, in the sea of fairy from the mountain!

From the mountain fairy's knowledge of the sea, guarding a stone wall, this stone wall is also a treasure of the emperor's level, or the treasure of the spirit defense!

But now, there are cracks on the stone wall!

Ye Chen gives full play to the soul swallowing to the sky. The impact of the soul force is too strong!

The fairy from the mountain gave a painful cry, and the blood flowed out of her seven orifices. Although the damage to her spirit was not too serious, in the severe pain, the sword formula wavered, and the silver sword rainbow trembled, and the power was weakened several times in an instant!

Li Shan fairy was really hurt under Ye Chen's attack?

Some of the warriors nearby were shocked. It was just like the sword God came into the world, and the fairy from Lishan Mountain who had the spirit of Dao Jian was injured?

Hurt by a celestial existence?

Is this the first time in the history of moon soul?

It's incredible!

Ye Chen's face is calm, all of which are expected by him. He stares at the chopped sword light, and his eyes flash. He doesn't even use the red dust's divine pulse. Instead, he is carrying the Silver Rainbow and moving on!

With a roar, the blood mist explodes, and ye Chen's abdomen is pierced by the Silver Rainbow again!

In his mouth, blood overflowed, but it was a smile!

The power of this sword is not enough to stop him!

In a flash, ye Chen has appeared on the side of the mountain fairy!

Between the electric light and flint, Lishan fairy also recovered from the injury of the spirit. At the moment, the stone wall in the sea of knowledge is full of yellow light, which completely protects the sea. Even with Ye Chen's soul devouring the sky, it is not easy to break through the spirit defense of Lishan fairy!

Focusing on the spirit defense will reduce the power of her sword formula, but it is better than being hurt by Ye Chen!

Her eyes, which were red with blood and tears, were staring at Ye Chen, and her eyes were full of resentment and resentment that were almost to be turned into substance!

Chapter 3635

Li Shan fairy has an extraordinary origin, has Dao sword spirit body, martial arts talent, can be called against the sky, now is only 500 years old, has been practicing to the middle of heaven mending realm!

Although this kind of qualification is not comparable to Ye Chen, looking around the mountain, you can call it a peerless monster!

It can be said that Li Shan fairy is born to climb the top and become one of the real dragons who dominate the world!

Such a person, how proud you can imagine!

Besides, she has never been hurt by mole ants in her life!

But now a God in the hands of garbage!!!

Ye Chen became the only stain in her brilliant life!

From the mountain fairy's pride, self-respect, never allow Ye Chen to live!

The stain should be completely removed!

On the long sword in her hand, the silver awn rose again, and the fairy from the mountain fiercely drank and said, "Dao Ji, chop the spirit sword!"

The martial law of the moon soul realm is full of twisted sword meaning, like a dragon going out to sea, rising from the silver snake sword!

Although the power of this sword is not as powerful as before, ye Chen looks more and more dignified in the face of this sword!

This sword is more suitable for close combat because it can be used one after another!

Li Shan fairy's fighting talent is too strong!

However, the more like this, the stronger Ye Chen's fighting spirit is. Now, if he wants to break through the bottleneck, the stronger the enemy is, the better!

The next moment, gray black sword, also roaring out!

Compared with the sword light power of Lishan fairy, ye Chen's sword has the same speed increase, but!

But stronger!

That terrible force, completely broke out!

Even the fairy from the mountain, in such a close distance, felt the surging force in the sword, all of them changed their face slightly!

She once saw the remains of ancient monsters outside the territory, and her power can be regarded as against the world. She still remembers it very well!

However, compared with the power of Ye Chen at the moment, she was a little confused about who was the monster and who was the human!

In a flash, two lights, silent collision, martial law trembling again!

This time, ye Chen's body is shining with blood, and there is a ferocious sword wound, but!

From the mountain fairy but also back a few steps!

Ye Chen is actually from the mountain fairy repelled?

The fairy from the mountain was biting her teeth, and her face became more and more ugly!

Ye Chen smiles coldly at the fairy from the mountain. Even at such a close distance, ye Chen's sword is not equal to the sword light of the fairy!

But why did Li Shan fairy retreat?

At the moment, the spirit of the fairy from the mountain is stabbing!

Since the skill of soul martial arts is not as good as pure soul skill, where is its strength?

That's hard to defend!

Even if the sword is unable to attack the spirit of the immortal, even if the sword can't attack the spirit of the immortal, then it can't be avoided!

Therefore, in the close distance, the spirit of the mountain fairy was slightly hurt. The stone wall defense in the sea of knowledge was useless!

However, the fairy from the mountain did not dare to lift the spirit defense!

After all, no one knows when ye Chen will exert his soul skill, will he?

She didn't expect that the boy who had thought he could kill in seconds was so tricky!

Is this really a guy from xingxuan?

Even if she told Li Shan fairy that ye Chen was the evil spirit of a certain force in heaven and man domain, she would believe it!

Ye Chen, how abnormal!

However, Li Shan fairy is also a demon after all, and soon calmed down!

Ye Chen's consumption of his spirit seems to have no solution, but in fact, it is not!

As long as you keep away from ye Chen, there is still a chance to continue to suppress Ye Chen, or

Even if she is close, her sword light can still cause great damage to Ye Chen. Even if ye Chen's vitality is against the sky, it can't be endless, right?

Kill Ye Chen before your spirit is seriously injured. Everything is over!

At the next moment, almost without any time interval, they started again. The fairy left the mountain and tried to take it back. However, ye Chen was like a maggot of tarsal bones. No matter how much blood was shed on his body, he still followed him like a shadow, and could not get rid of it!

From the mountain fairy full of anger, she is also determined, since can't throw away Ye Chen, then, completely gave up the distance!

She was furious in her eyes and said, "boy, I want to see if I can survive before you hurt my spirit!"

After saying that, she did not retreat, but went forward instead. The sword rhyme in her hand rippled, and several silvery rays curled around her body, and she cut towards Ye Chen! Leave the mountain fairy, spell!

At the moment, she is also desperate, is bound to kill Ye Chen before the spirit is injured!

Ye Chen is full of blood on the face, smile blooming, it should be so!

This kind of fight can make his blood boil!

Around the city of qingliao warriors, watching the war, one by one shocked to breathe!

They couldn't imagine it was a fight between two young warriors!

Especially Ye Chen!

It's only in my twenties!

Is this talent enough to crush 99% of the warriors in the moon soul realm?

The black light flickers, the sword shadow soars, the murderous spirit is fierce, and the martial intention is vertical and horizontal. Under the attack of two people, this qingliao city has turned into a terrible battlefield!

Silver Rainbow flying, like a dragon suppressing the nine clouds, flashing between, with pengpeng blood rain, ye Chen's blood, into the blood rain!

This blood rain, sprinkles between, has paved a layer of red for the earth!

No one knows how much blood Ye Chen has shed!

The scars on his body are increasing rapidly!

But even so, ye Chen's two long swords did not stop for a moment!

Wave, wave, wave again!

Ye Chen seems to have no pain, into the general crazy soldiers, keep attacking!

All the soldiers on the scene were shocked by Ye Chen's terrible momentum at the moment!

Is this really human?

Indeed, the bloody Ye Chen in people's eyes is simply a fighting machine!

What's more, I don't know if it's an illusion. Vaguely, people just think that the gray and black sword that ye Chen cut out seems to be more and more fierce?

Finally, at the time of the 300th sword, the fairy from the mountain roared, and the blood gushed out of the seven orifices again!

The wounds accumulated on the spirit finally broke out!

All of them were shocked!

Did ye Chen really do it?

He actually in the fight, injured the fairy from the mountain?

A real feat!

If we say that the sword rainbow of Li Shan fairy is the dragon in the sky, the gray and black sword of Ye Chen is like a group of black flying tigers!

A flying tiger may be just the food under the dragon's claws, but under the attack of thousands of Flying Tigers, even the dragon, after all, is bleeding!

Two people, so incomparably fierce fight!

Chapter 3636

In the time of three incense sticks, ye Chen and Lishan fairy have fought each other for tens of thousands of times, not to mention that the Zhan family has already turned into ruins, and the whole qingliao city has been in a mess!

Countless warriors gathered around and watched the battle from afar. One by one, they did not even dare to breathe!

How tragic!

The battle between the two, too tragic!

At the moment, the fairy from Lishan Mountain has a face like gold paper, and her face is full of blood flowing from seven orifices. She is dressed in white and has been dyed red by blood!

Obviously, its spirit was hurt a lot!

However, her red eyes are full of pleasure!

Why?

Because, ye Chen's state is more miserable than her countless times!

Ye Chen was covered with blood all over his body, his hair was dishevelled, and his arm was covered with blood. Countless ferocious wounds almost cut that body completely!

People look at this scene, even if they are martial arts, they can not help but show a trace of unbearable color

This is Ye Chen, who has the extremely strong vitality against the heaven. To be an ordinary warrior, let alone the existence of the holy ancestral realm, even the strong one of the sky mending environment would have died 10000 times under this terrible injury!

Even now it's almost the limit

Even the onlookers have found that ye Chen's wound seems to have been unable to heal!

Li Shan fairy sneered: "boy, now, do you still think benxian will die? You can't support it now, right? When the next sword is cut out, it will be your death! In the end, it's me who wins

When Zhan Shangqi heard the speech in the distance, his face was ecstatic, and his smile became more and more brilliant!

My son's revenge is coming!

He even felt that it was too valuable to use his foundation industry for ye Chen's life!

After all, this is a demon who can let the fairy from the mountain fall into a bitter battle!

This is also thanks to Ye Chen's stupidity and arrogance. If ye Chen had been a little more restrained, he would never have killed Ye Chen at such a high price with the character of Li Shan fairy!

But now! Even if ye Chen is begging for mercy, even kneeling down, it is useless!

All the people are looking at Ye Chen and want to see how the evil spirits of this generation will behave at the end of the road.

The whole city of qingliao was quiet for a time.

Although Ye Chen is a pair of oil exhausted lamp withered appearance, but, strangely is, his eye son is extraordinarily calm.

At this time, under the gaze of the public, ye Chen smiles at the fairy from the mountain and says, "do you think you have won?"

All the people in Xianzi mountain are surprised!

What does Ye Chen mean?

Did he think that he could turn the tables in this way?

Innocence, there must be a limit!

Some of the onlookers sighed that ye Chen was firm in his way, while others were gloating. They were eager to see the overconfident demon die. Others were regretting for ye Chen's qualifications. If ye Chen did not die, he would surely become the supreme power in charge in the future?

However, there is no one who believes that ye Chen has a chance to turn over!

On the contrary, Li Shan fairy, a pair of red eyes dyed by blood, stares at Ye Chen, and her look is extremely gloomy!

I don't know why, she looked at the indifferent youth in front of her, and felt a very depressed feeling in her heart!

Li Shan fairy, for the first time in her life, was a little flustered!

The next moment!

With a roar, the sword spirit surged out. In an instant, the whole city of qingliao was turned into an ocean of sword spirit, and the fairy from Lishan Mountain was the dragon in the ocean, dominating everything!

Her spirit has been injured. Now the best choice is to warm up the spirit and recover the wound. Otherwise, it may affect the foundation of martial arts!

This is also the reason why she ridiculed Ye Chen just now, but she didn't make a direct move!

But now, from the mountain fairy, but can't wait!

She was even willing to bear the risk of damage to the foundation, but also a moment earlier, kill Ye Chen!

The silver snake sword in the hands of the fairy from Lishan Mountain is very cold, and the shadow of the sword on the top of his head is becoming more and more solid. The thrilling charm of the sword is like a storm wind and curls around the silver snake long sword of the ancient emperor rank!

In a flash, a sword rainbow soared above the silver snake sword, penetrating the void and shooting towards Ye Chen!

Seeing this scene, the crowd of martial artists shook their heads. They knew that ye Chen's fate had been decided.

Zhan Shangqi, then, is laughing, crazy general laugh!

This strange boy is going to die at last. If the spirit in heaven knows about it, will he be very satisfied?

All the beautiful women almost fainted!

This girl is Jin Shuhui!

After all, she couldn't help but get to the battlefield! You can see ye Chen's miserable appearance, as well as the sword and tears that are being chopped at him, which has the most terrifying power. In an instant, tears can't be restrained from pouring out of their eyes!

She wanted to shout, wanted to shout Ye Chen's name, but at the moment, it was dead to cover his mouth!

She was afraid, because of her own cry, let Ye Chen distracted!

In the face of the sword from the mountain fairy, ye Chen actually closed his eyes!

Around people see the situation, are a stay, and then, many people's faces, are the emergence of disdain!

Originally, it was just bluff. In the end, it didn't choose to give up and wait for death?

And Jin Shuhui, is a delicate body trembling, beautiful eyes, full of despair, mood, are about to collapse!

Even the fairy from Lishan Mountain who played this sword felt a little relieved when she saw this scene. She even regretted that she was forced to move under the bluff of Ye Chen!

Just when everyone thought Ye Chen was about to fall under this sword, a mysterious meaning suddenly came out of Ye Chen's body!

With the emergence of this rhyme, ye Chen slowly opened his eyes. At the moment, although he was in the line of life and death, his eyes were clear and bright!

Xuanhanyu's voice sounded in Ye Chen's mind. The mysterious sword soul with cold temperament could not help smiling and said: "boy, you have really succeeded! Even this palace is sweating for you

Ye Chen looked at the sword rainbow which had been chopped, and said faintly: "refine God!"

His knowledge of the sea, that towering peak, suddenly, golden light!

Behind Ye Chen, there is a huge peak and empty shadow. The power of its spirit is suddenly soaring!

With the appearance of the virtual shadow of the giant peak, a black light of incomparable conciseness was lit up on the evil sword at the same time!

When people in qingliao city feel the black light, they have a feeling of incomparable reality, like falling into an ice cellar!

Chapter 3637

It's like the blood, the spirit and the spirit are frozen for it!

All of them were shocked and looked at Ye Chen. Is this black light the power to destroy Shinto?

They are not unfamiliar with the spirit of destroying Shinto. Ye Chen has been in the battle for countless times!

However, although the destruction of Shinto is terrible, it is not to this extent?

At the moment, they just feel that as long as ye Chen thinks, they can kill the whole city of qingliao in a moment. Moreover, it is easy to kill the whole city!

Xuanhan jade faint smile, the reason why this black light, contains such a terrible power, just because ye Chen has broken through in some way!

This is more valuable than the breakthrough of realm!

Through fighting with such a powerful opponent as Lishan fairy, he finally broke through the bottleneck by integrating his own power!

Not only the understanding of the destruction Shinto has reached a deeper level, but also the way of soul swallowing and the meaning of Zhenwu have been improved in all aspects!

The most important thing is that even the method of refining Shenfeng has no teacher, and can control part of the power of Baofeng left in this desperate situation.

Even in the history of the blue family, only the ancestors of the blue family did it!

Now ye Chen, although the vitality is almost exhausted, has miraculously reached the peak state!

In his eyes, the fighting spirit is fierce. Now he has the confidence to face the sword of the fairy from the mountain!

The next moment, ye Chen's sword moves!

A sword, heaven and earth, as if static!

Under the impact of the surging soul force and the erosion of the destruction of Daoyun, time and space seem to have a moment of confusion!

All the light in the world seems to have turned into emptiness. Only the light on the blade of Ye Chen is real!

Above the sky, two scarlet blood moons revive!

In a twinkling of an eye, the most powerful sword cut by Ye Chen's life collides with the sword rainbow of Li Shan fairy!

Broken

Qingliao City, the earth, began to crazy earthquake!

Endless space storm surging, even those who are not weak in strength, in this storm, are all swaying, even can not stand in place!

This is just the aftereffect of the fight between Ye Chen and Li Shan fairy!

We can imagine how terrible the attack of these two people was!

However, at the moment, people's attention is not on the broken void at all, but at the same time, staring at the silver black light interwoven into one!

Two forces, just like two monsters, are biting each other!

On all people's faces, there is a color of incomparable shock!

This time, ye Chen's attack was not suppressed!

Not only has not been suppressed, on the contrary, there is a trend of counter attack!!!

This, how can this be!

Ye Chen, has not been suppressed by the fairy from the mountain, relying on the vitality of it?

In this battle between life and death, there is no possibility for them to keep their hands!

But now, after ye Chen's vitality reaches the limit, the sword he cuts out can compete with the Dao sword Yinhong of the fairy from the mountain, ah!!!

People, only feel that in their own brain, there is a never-ending thunderstorm, shocked to the spirit will be broken!

Ye Chen, is actually in the battle, broke through?

To a higher level?

What happened in the legend actually happened in reality?

Their martial arts thinking has been completely subverted!

"No

At this time, a heartrending, full of unwilling roar, exploded in the ears of all, which brought their consciousness back to reality!

They looked in the direction of the roar, and the pupils trembled again!

The one who roars is the fairy from the mountain!

At the moment, from the mountain fairy, which has the slightest gentleness, indifferent appearance?

Her sword hand was shaking wildly, as if she was suffering from an unimaginable force of terror. For the first time, blood gushed from her arm. The sound of clicking was constant, and her bones were full of cracks!

Not only the arms, but also the blood flowing from the seven orifices of the fairy left the mountain. The whole face seems to be wearing a bloody mask, which is extremely penetrating!

Li Shan fairy, in front of Ye Chen's sword, seems to be really unable to hold on!

An earth shaking noise and two lights finally dissipated in the void, and the strong light was pounding around. After a moment of blindness, all the people regained their eyesight.

Can, in front of the scene, but let them not believe!

Even, doubt their own eyes, something wrong!

What do they see?

I saw that the place where Zhan's house was originally located has turned into a huge dark cave. At the bottom of the cave, a figure covered with blood was lying, as if it had been embedded in the bottom of

the caveAt the edge of the cave stood a man with a indifferent look. The man was also seriously injured. However, at the moment, he looked down at the man at the bottom of the cave. The momentum of the whole person was incomparably fierce, just like a king dominating the world!

Standing on the ground, is Ye Chen!!!

Stupid, completely stupid

Those warriors in qingliao city are going crazy!

This day, the boy in the divine realm really defeated the fairy from Lishan Mountain with Dao Jianling body?

People, insane to forget how to breathe!

This scene is so unreasonable!

Zhan Shangqi, the head of the Zhan family, collapsed directly and spat out a mouthful of blood. He was furious and possessed!

And all the martial artists looked at Ye Chen with great fear, especially those who despised Ye Chen and hoped that ye Chen would die in the hands of Lishan fairy, could not help kneeling down!

For the first time, they understood the meaning of the word "war god"!

This title is just like a custom-made one for ye Chen!

Ye Chen may not be the strongest warrior in the moon soul domain, but this battle is enough to make him bear the name!

But at this time, a sudden change!

The bloody figure at the bottom of the cave stood up slowly!

Li Shan fairy is not dead yet!?

Even ye Chen, seeing this scene, frowned slightly. Even he didn't expect

Although the sword just now did not completely wipe out the fairy from Lishan Mountain, she should have lost her fighting power?

"Not good!"

Suddenly, in Ye Chen's mind, Xuan Hanyu exclaimed anxiously: "Ye Chen, this woman is on the verge of death, but she has the spirit of Dao sword. That Dao Dao Dao Dao Dao is actually going to launch the last attack on you with the power of breaking the sword!"

At the moment of xuanhanyu's voice, a sharp sword came out of the fairy's body, cutting the earth under his feet into countless cracks!

Chapter 3638

Lishan fairy let out an inhuman roar, and her whole body was full of silver light. On her head, the shadow of Dao sword, which was extremely sword like, appeared again. However, at the moment, the sword body of the virtual shadow of the sword was covered with red cracks, as if it was about to burst!

The boundless sword evil spirit turned into a cold storm and wrapped around the fairy of Lishan Mountain. At the same time, a strong sense of sword fell on the silver snake sword in her hand from the broken shadow of Dao sword!

Even if placed in the moon soul domain, it can be called the first-class Silver Snake sword. Under the infusion of the sword meaning, it is hard to bear the force against the sky. Like the sword, there are countless cracks!

Xuanhanyu said in a hurry: "Ye Chen, go! The brewing of this sword still needs some time. At your speed, you should be able to escape from the killing range of this sword! "

"Ye Chen, let's go! It's important to live! "

Ye Chen looks ugly, but he doesn't listen to the advice of the two people. Instead, he directly throws the evil sword in his hand towards the fairy from the mountain!

The long black sword turned into a dark shadow and instantly fell on the body protecting sword of Lishan fairy. Even though the extremely heavy evil sword contained incredible power, it was still bounced by the sword evil spirit at the moment of touching the body protecting sword evil spirit of Lishan fairy!

Ye Chen's eyes flashed, just as he expected. The sword was smashed, and the sword evil spirit was extremely powerful. Even now ye Chen, with all his strength, couldn't be sure to break the sword evil spirit!

Xuanhanyu is more anxious, she urged in Ye Chen's brain: "boy, what are you waiting for? If you don't go, it will be too late! "

But ye Chen, as if he had not heard xuanhanyu's words, stood in place and raised a hand, pointing to the fairy from the mountain.

His whole body is filled with the water of the yellow spring!

Six reincarnation, he's going to show it!

"Xuanxianzi, help me to cover my breath. I will try to integrate the six ways of reincarnation with the light of extinction!"

A pure and extremely destructive breath, instantly from ye Chen's fingertips, surging out, that crowd of onlookers, once again felt that kind of incomparably frightening breath!

The black light on Ye Chen's fingertips is more concise. He is actually exerting the light of extinction!

Ye Chen said faintly, "I'm sorry, Xuan Xianzi, I can't retreat. Her sword is extremely terrible. If I retreat, this sword will directly destroy the whole qingliao City, right? Others, I don't care, but Shuhui is also in this qingliao city... "

His eyes suddenly became cold and sharp, flashing a resolute light: "so! All I can do is to kill this man completely before he is cut out with one sword! "

Since the fairy from Lishan Mountain at the moment is delirious and can't even move. Since his sword light can't break this person's sword and evil spirit defense, only the six samsara method and the extermination light of the destroyer can guarantee to kill the other party!

Extinction light can ignore all defenses and hit the target directly!

The six ways of reincarnation and huangquan water are the most powerful forces!

The black light gradually became strong, and the crack of the sword on the head of the fairy from the mountain was also filled rapidly. The silver light on the silver snake sword in her hand was even more dazzling!

Two people's attack, are about to reach the extreme!

Xuanhanyu couldn't help laughing bitterly and shaking his head. Although Ye Chen said it easily, it was actually a race against death!

As long as the extinction of divine light and the six ways of reincarnation slow down for a moment, it is likely that ye Chen will die!!!

Whoever attacks first will be able to survive!

Ye Chen has taken what a huge risk, you can imagine!

However, for the sake of Jin Shuhui's safety, he chose to fight with the fairy from Lishan Mountain!

Of course, ye Chen's affectionate personality is one of the reasons why xuanhanyu is willing to follow Ye Chen!

When Jin Shuhui looks at this scene, her heart will jump out of her chest!

But in the samsara cemetery, a beautiful figure emerges. She stares at the picture outside, but her cold red lips outline a funny smile: "this boy has some meaning."

"If you are in a good mood, I'll give you a gift!"

The next second, a faint starlight left the samsara cemetery, attached to Ye Chen's extinction light!

The speed of extinction is faster!

Han Wenxin seems to hear the movement, turn around to see, but found that the beautiful figure has disappeared.

All that remains is calm.

.....

In a flash, silver and black light bloom at the same time!

The dragon like Silver Rainbow rushes towards Ye Chen. The dazzling silver light almost submerges Ye Chen!

Is it, to the end, ye Chen or to die?

Yes!

In this silver rainbow, about to devour Ye Chen moment, but it seems to be frozen in general, suddenly stopped!

People were surprised at what happened?

Suddenly, I do not know who, in the crowd called a way: "you quickly look away from the mountain fairy!"The crowd looked at the fairy from the mountain, but their hearts jumped suddenly!

At the moment, from the mountain fairy's eyebrow heart is a dark hole!

Ye Chen's light of extinction is faster than this broken sword!

Ye Chen takes a breath lightly, but looks dignified.

Just now, he found that his own light of extinction seemed to be strengthened countless times! The speed is also suddenly speeding up!

How could that be possible?

But ye Chen didn't think much about it. Maybe it was the fairy from the mountain who was slow.

Anyway, in the end, the winner is still yourself!

The hole in the center of the eyebrow, on the corpse of the fairy from the mountain, spreads rapidly, and in the blink of an eye, it has turned into dust

Ye Chen reaches out to the void a little, and a spirit's power turns into a rope and flies out. Then he binds the remaining soul of the fairy from the mountain and collects it into a jade vase.

Originally, ye Chen wanted to devour the spirit of the fairy from the mountain directly. After all, after all, the spirit of this kind of existence would greatly improve his soul power.

However, xuanhanyu stopped him and asked him to seal up the spirit of the fairy from Lishan Mountain. According to Xuan Hanyu, the spirit of the owner of the sword spirit body has various magical effects. It's a pity to swallow it!

After finishing all this, ye Chen, with a wave of his hand, collected the stone wall, Silver Snake sword and other treasures in the sea of Lishan fairy, and her bag of things, and then walked towards Zhan Shangqi, who was almost paralyzed!

Looking at the middle-aged man, ye Chen has nothing to say. He devours his soul with a sword.

This time to the moon soul domain Zhan family revenge, although experienced twists and turns, but finally Ye Chen is once again completed the miracle!

A beautiful woman's body shape flashed and appeared at Ye Chen's side.

This woman, it is Jin Shuhui, she holds Ye Chen. Her beautiful eyes are full of worry. She knows that ye Chen's state is very poor!

Chapter 3639

Although the people in qingliao city were deterred by Ye Chen for a moment, how long can the deterrence last?

Now the top priority is to find a suitable healing place for ye Chen!

Two people's body shape, a flash, then left the qingliao City, a group of martial arts in the city, watching Ye Chen leave, no one dares to have any irreconcilable desire

This kid, it's horrible!

Ye Chen, just entered the moon soul domain, the name of the moon soul war god, then quietly spread

In a deep mountain near qingliao City, two escape lights fell. After confirming that no one was following him, Jin Shuhui felt a little relieved. After laying out several arrays at the entrance of a cave, he accompanied Ye Chen to heal the wound.

.....

Xingxuan District, Xingyue palace.

A judge deacon and a star moon law enforcer died in Xingyue palace. The whole palace was shrouded in a melancholy cloud, and every disciple was dead.

At this time, the space array in Xingyue palace suddenly sent out aura, and a figure appeared in Xingyue palace!

Those disciples of Xingyue palace have changed their faces. Here they are, finally!

Within one day, a law enforcement officer and a judge deacon died. How can the Xingyue palace, as a force in the moon soul realm, ignore such a thing?

Soon, a man in a brocade shirt and a hand-held folding fan appeared in this star moon palace with a smile on his face.

When the disciples saw the man, they were all in a daze!

Although this man is dressed as a man, he looks a little too beautiful!

Jin Shuhui, in terms of her beauty, is already an immortal goddess. But as a man, her appearance is not inferior to Jin Shuhui!

Moreover, its body, exudes a kind of strange aura, makes the human spirit confused!

Zhao Jiaren, who is in front of me, is the one who is going to investigate the death of the master of the moon, and he told me that the one who was in charge of the law enforcement of the original Moon Palace was smiling at me

The voice of this messenger, with an irresistible force, the light in the eyes of the disciples of Xingyue palace, who was questioned by him, gradually faded down, as if hypnotized. He told everything he knew truthfully, and had no chance to lie.

The emissary listened to the narration of the disciples of Xingyue palace, but a layer of frost gradually covered his exquisite face!

He snorted coldly: "this Wu law is derelict of duty, Zhao Jiaren, is he abusing his power for personal gain? These two people deserve their death

Although the sub palaces of xingxuan domain were destroyed, there were many people in the main palace of xingxuan who sincerely defended the martial arts of xingxuan domain. Otherwise, it would be impossible for xingxuan domain and yuehun domain to be at peace for so many years.

However, the messenger soon regained his smile. Even if the two men died, it seemed that he was going to clean up the door again. However, the young man who killed two people to mend for the existence of Tianshen realm attracted his interest!

The corner of the messenger's mouth rose and whispered in a slightly playful way: "Ye Chen? I'm going to see you myself"

After that, the emissary moved and stepped into the transmission array again. A jade pendant hanging on his waist flashed with light. The array was activated. In a flash, his figure disappeared in the array.

And the disciples of Xingyue palace didn't wake up until the emissary left. What's more, they forgot all about the fact that the emissary had entered here!

This beautiful emissary, named Su Yunyan, is actually a woman in a man's dress.

Su Yunyan is not only born beautiful so simple, in addition to his appearance, he was born with a very strong charm!

If you wear ordinary women's clothes, it can be said that there is a smile!

Therefore, in order to suppress the power of charm, Su Yunyan showed people in men's clothes since she was a child, and the power of charm also made her a secret envoy in the palace of stars and moons to investigate various events.

.....

In a mountain forest, there was a roar. Soon, two figures flashed and appeared in the sky above the forest. They were ye Chen and Jin Shuhui.

This time, although Ye Chen gained a lot in the battle with the fairy from Lishan Mountain, the price he paid was not small.

Even the powerful body like Ye Chen almost collapsed!

After three days, ye Chen's body recovered to its peak.

Jin Shuhui asked, "Ye Chen, where are we going now?"

The Zhan family has been destroyed, ye Chen and Jin Shuhui should also think about the direction of their progress in the moon soul domain.

Ye Chen pondered for a moment and then said, "I planned to go to liudaozong first, but for now, we'd better go to Lishan first. The identity of the Lishan fairy should be not simple, and may even be a person from the moon soul realm. There should be a reason for such people to come to live in seclusion here."

Jin Shuhui nodded, and they went towards the mountain. Soon they came to the cottage on the top of the mountain.

Ye Chen looked at the cottage, his eyes flashed slightly, his strong mind, poured out, toward the cottage, but the next moment he was slightly frowning!

The moment his mind touched the cottage, a strong power of restraining appeared in the cottage. If ye Chen's spirit power was not extremely strong, and there was refining God peak guarding the sea of knowledge, the spirit might have been damaged under the impact of this forbidden force!

Xuanhanyu's voice rang out in Ye Chen's mind: "this man is really not a man of the moon soul realm. The array guarding the thatched cottage is very complicated. It comes from the heaven and man realm. It is a sect named lingzhenzong, which takes the array's way as the foundation.

Moreover, it is also an ancient array with high rank in the Lingzhen sect, which is called Yuanli array!

This Yuan Li array is very profound. Even I don't know how to solve it. If you want to untie this array, first, enter the spirit array sect; second, get the help of people with high array attainments. Otherwise, even if you destroy the array by relying on brute force, the space in the hut will disappear completely! "

Ye Chen smiles bitterly, it seems that in a short time, the secret of this hut is unknown to him.

Just as they were about to leave here, ye Chen's eyes suddenly coagulated. He looked at the empty place nearby and said in a deep voice, "what's the purpose of your peeping at us?"

Jin Shuhui is surprised at the speech. Is there anyone around here?

I don't feel anything

For a moment, the whole mountain seemed to be quiet.

A moment later, ye Chen looked at the void and said with a light smile: "your eyesight is quite good."

The space fluctuates and a figure appears in front of Ye Chen and Jin Shuhui.

The man was dressed in men's clothes, but his face was beautiful!

It was su Yunyan, the secret envoy of the Moon Palace!

Chapter 3640

Even Jin Shuhui was stunned to see Su Yunyan's face!

On the contrary, ye Chen looks as usual, and seems to have not been affected by the power of charm

Su Yunyan saw this, and a trace of surprise flashed in her beautiful eyes. Her natural charm had the strongest effect on men, otherwise she would not have to wear men's clothes.

In her life, she has never seen anyone who is completely immune to her charm. Even the stars and Moon Palace, those powerful elders and so on, can not be completely immune

But now, for the first time, she met a man who seemed to be completely immune to her charm!

Ye Chen stares at Su Yunyan and frowns slightly. He also feels that Su Yunyan exudes a strong power of enchantment. However, ye Chen has reincarnation blood, and his spirit has been purified by the mysterious strong man in the desperate situation of abandonment. At the same time, there is also a refining peak guarding the sea. No matter how strong the power of enchantment, will it take effect on him?

Although this person's identity is not ordinary, but the strength is weaker than the fairy from the mountain.

What's more, the spirit of this person is too weak. I'm afraid that for many years, his mind has been focused on martial arts and enchantment, but he has not cultivated enough spirit.

Although he defeated the fairy from the mountain because of xuanhanyu's help, but there is no need to fear this woman too much.

If the spirit attacks, it can defeat the opponent.

Who are you

Su Yunyan said with a smile, "who am I? Mr. Ye, you killed the Xingyue law enforcement officer and the judge deacon in xingxuan district. You don't think that's all for it

When Jin Shuhui hears the words, her face changes. Is this person from Xingyue palace? Star Moon Palace people, after all, still come!

Now, the matter is not so simple as whether to defeat the man dressed woman. This person is not an ordinary disciple in Xingyue palace, right?

It's not like a star moon law enforcer and a judge deacon in the sub hall!

If ye Chen kills this woman, it's really going to be immortal with Xingyue palace!

Even if ye Chen's strength provokes a powerful force, it will definitely bring enormous danger!

Even, it could be death!

At the next moment, Su Yunyan's breath was full, and a light of lavender flowed out of her delicate body. Even now, she was dressed in men's clothes. Under the light, it was like a goddess with a unique charm!

Along with this light, a long purple crystal sword fell into her hands. The sword formula rippled, and Su Yunyan's figure became smart in an instant. It was actually in the void, shuttling rapidly, which was hard to capture!

At the same time, the purple light has also covered the whole mountain, ye Chen and Jin Shuhui, as if in a starry river!

And around that seemingly stars of purple light, but contains a lethal edge!

This Su Yunyan, unexpectedly is not saying a word directly to Ye Chen's hand!

The originally calm sea of stars suddenly turned up and turned into thousands of sword Qi, just like a strong wind sweeping towards Ye Chen!

And in this ten million sword spirit, at the same time, there is a very fierce purple light. Su Yunyan urges the star sea to attack with one sword!

She a pair of beautiful eyes, look to Ye Chen, see at this moment, ye Chen stands in place, motionless.

Su Yunyan smiles, knowing that his sword has become!

Ye Chen, did not capture his position at all, naturally unable to make defense in advance, counter attack preparation!

However, in her beautiful eyes, a faint disappointment appeared. Originally, she was quite expecting the existence of this evil spirit's supreme heaven and God realm, especially after hearing Ye Chen killed a mysterious existence in Qingliao city in the first World War!

But now it seems that this indifferent young man is no more than that, and he is just a false name!

Su Yunyan's sword suddenly deflects slightly, staggering from Ye Chen's crucial position. Although Ye Chen killed the disciples of Xingyue palace, it was also because the two disciples took their own blame. Su Yunyan did not mean to kill Ye Chen.

This sword, along with the Xinghe sword spirit, has reached Ye Chen's body. Su Yunyan sighs. In her opinion, Ye Chen has no room to turn around and is bound to lose under his own sword!

This is not what she wants to see

But at this time, Ye Chen suddenly moved!

He suddenly turned his head, a pair of eyes, I do not know when, has turned into pure black color, eyes locked Su Yunyan!

Su Yunyan saw this, and a shock appeared on her pretty face. Ye Chen actually found her position!

But now, it's too late

Her eyebrows, inadvertently a wrinkle, in her view, Ye Chen found his position, but there is no action, because of the big!

Su Yunyan despises the warrior who likes to be big!

Because, this kind of person not only does not respect oneself, at the same time, also does not respect own opponent! Unexpectedly, Ye Chen is also such a person!

Originally, Su Yunyan still had some good feelings for ye Chen, but now, it is completely gone, even with disgust!

Just when Su Yunyan thought so, ye Chen's dark eyes suddenly burst out a burst of unspeakable fluctuations!

That wave, actually is in an instant, then poured into Su Yunyan's sea of knowledge!

A moment ago, he was still disdainful to Ye Chen. Su Yunyan, who was disgusted, turned pale immediately!

Her spirit seems to be held tightly by a huge hand of the devil. As long as ye Chen exerts a little force, she can crush her spirit completely!

The boundless fear submerged Su Yunyan's thinking!

How could this happen?

You should know that you have the spirit defense treasure in your own knowledge sea!

Can still be so easy, be ye Chen with soul skill invasion?

How terrible is Ye Chen's power of spirit and soul cultivation!?

In this extreme color of fear, the sword formula could not be maintained, and it collapsed in an instant!

Su Yunyan's body fell to the ground. At the moment of the collapse of the sword rhyme, the terrible soul power in the sea of knowledge was suddenly dissipated, as if it had never appeared before.

However, it was this moment that Su Yunyan's clothes were completely soaked in cold sweat!

The brocade robe that the man wore was tightly pasted on his delicate body, which completely outlined Su Yunyan's incomparably graceful body outline, but it had a unique style!

Her messy hair was wet with sweat and stuck on her pretty face. Su Yunyan gasped for breath. She did not fully recover from her fear. She raised her head and took a look at the indifferent man in front of her. She could not help but smile bitterly

Originally, she just wanted to test Ye Chen's strength, but what she didn't expect was that ye Chen was not the existence she could measure by Su Yunyan!

Ironically, I still think ye Chen is just like this. I think ye Chen is too big to look down on Ye Chen?

The fact is that he does not have the qualification to let Ye Chen move one step!

If ye Chen wanted to kill herself, at that moment, she didn't know how many times she had died

At this time, ye Chen once again said: "you come to me, what can I do for you?"
