

## Physician 3671

### Chapter 3671

Zhang Changqing said coldly with a smile: "so you suspect that this young master is installing the injury pit for you?"

His voice, a moment of cold, three points: "you have to think clearly ah, slander this child's consequences, you will not know it!"

Yuan Ping also cried out: "Jin Shuhui, when do you want to quibble, please apologize to me!"

Nan Feng Yin, Wu Fei, Su Wu and others, although they didn't say anything, they looked like Yuan Ping.

If Zhang's eyes are still shining in the background, she may not be able to take the risk of offending Jinfeng

Besides, isn't it just an apology? It's not her life!

Jin Shuhui's pretty face is full of grievances. At the beginning, Zhang Changqing's words were frivolous, and she had a heart to kill him. Kesheng restrained her, but she just slapped him and told him to stop

This, with Jin Shuhui's character can be said to be close to a miracle!

Why did she do it?

Because she knows that the identity of a person who does not go to mendianjing and can get close to Huangge Pavilion this month is absolutely not simple!

So, she doesn't want to make trouble for ye Chen and Xingyue palace!

But now, the people in the Moon Palace treat themselves like this?

Is she a disciple of Xingyue palace now?

For the sake of Xingyue palace, I restrained myself, but what about Xingyue palace?

Don't talk about helping yourself, or even conversely, helping others and bullying yourself?

Her heart, cold! It's really cold!

At this time, a beautiful girl with strange charm rushed into the bamboo forest. Su Wu saw this, and her face changed slightly. She whispered, "Yunyan, what are you doing here! Go back to me

Su Yunyan, however, is firmly blocked in front of Jin Shuhui. She looks at all the people in the star moon palace without saying a word. Her eyes are disappointed!

And Zhang Changqing, see Su Yunyan moment is a bright eyes!

Su Yunyan gently held Jin Shuhui's hand and said, "sister Jin, please don't worry. With me, no one can bully you!"

Yuan Ping, Wu Fei, Nan Feng Yin, and Su Wu all changed their faces!

Does the girl know what she is talking about!

This picture of Changqing is the son of Wuji sect leader. There is no need to offend Jin Shuhui!

At the time when they were about to yell with Su Yunyan, a faint man's voice sounded in their ears:  
"what happened here?"

Nan Fengyin and others are shrinking their pupils again!

In the sky, there are two figures, ye Chen and Xu Shenglong!

Ye Chen is here!

What's more, he brought Xu Shenglong with him?

What's going on?

Originally, they thought that ye Chen caused Xu Shenglong to be expelled from the nine saints demon sect. They should be immortal enemies, right?

But now it seems that this is not the case?

But soon, the crowd calmed down. Maybe it's Xu Shenglong, a fool of this kind, who is still in the dark by Ye Chen?

It doesn't matter. What is a little Xu Shenglong without the background of nine saints demon sect?

Even ye Chen is the same!

No matter how evil, no background, nothing! No matter how good the qualification is, it will take time to grow, but it will offend wujimen. Even if wujimen doesn't launch the zongmen war, Xingyue palace may not be able to survive for ten years!

The strength of both sides, the gap is too big!

Nan Fengyin said to Ye Chen indifferently: "childe ye, this is what happened. Shuhui and Mr. Zhang had a little conflict and hurt Mr. Zhang. Now, she needs her to apologize to Mr. Zhang."

Yuan Ping even asked Ye Chen with a smile: "Mr. Ye, why are you back so soon? Was he expelled from the nine saints demon sect? "

Hearing the speech, Xu Shenglong flashed with anger in his eyes and said, "you!"

However, he was pulled by Ye Chen.

Yuan Ping looked at Xu Shenglong casually. Without Jiusheng demon Zong standing behind him, how could he be afraid of a little Xu Shenglong?

Ye Chen looked at Yuan Ping and nodded: "yes, I was expelled."

This speech, in addition to Su Yunyan, the present Star Moon Palace people look at Ye Chen's eyes are cold.

Only Su Yunyan, the look did not change, she was optimistic about ye Chen, not because of what nine saints demon clan!

Yuan Ping's look was even more ironic. Since ye Chen admitted, the last worry in his heart dissipated, and he became more and more unscrupulous: "Mr. Ye, you should know that Jin Shuhui has hurt Mr. Zhang like this, and only let her apologize is the result of Childe Zhang's incomparable magnanimity. But what about her? Not yet? Isn't it too unkind? "

Nan Fengyin also said without expression: "Mr. Ye, you'd better advise Shuhui, otherwise the consequences will be very serious."

Wu Fei, who has been silent all the time, also said: "apologize. Don't waste time." Su Wu hesitated for a moment. Finally, he still said, "Mr. Ye, I'm just sorry. It's nothing, isn't it?"

When she touched the head of the book, she would die I'll go and apologize. It's just an apology... "

If ye Chen didn't come, she would never have succumbed so easily, but when ye Chen came back, everything would be different

She knows Ye Chen's character, so she knows more clearly that she can't conflict with wujimen!

Otherwise, it will never die!

Although she thought she was not wrong, she did not want to let Ye Chen fall into the crisis of life and death for her dignity!

Wujimen has a large sphere of influence in the moon soul domain. Even if ye Chen goes against the sky again, he can't compete with it for the time being!

But at this time, ye Chen's face was suddenly cold, and he said in a deep voice: "my Ye Chen's people don't need to apologize to anyone! Even if it's the queen of the upper Kingdom, it's the same! "

Ye Chen looks cold and fierce, and his whole body is full of evil spirit, just like a big devil who destroys the world!

If Jin Shuhui really did something wrong and should apologize, she should apologize. Even if Jin Shuhui doesn't want to apologize, ye Chen will let her apologize!

But!

If anyone wants to force Jin Shuhui to apologize, ye Chen will never allow it!

His people don't need to apologize like this!

This speech a, all people are the face appears the color of horror, a time by Ye Chen's domineering shock!

But soon, Zhang Changqing was disdainful and said with a smile: "you pour is good big tone?"

Then, he looked at Nanfeng Yin and said, "master Nangong, in this case, send me back to Wuji gate. It's not that I don't give you a chance, but someone is too strong."

As soon as Nanfeng's face changed, she began to be serious and said, "Ye Chen! Can't you tell the difference? "

Ye Chen took a look at nanfengyin, but he laughed and laughed!

Chapter 3672

A moment later, he looked at Nanfeng voice coldly and said, "this is the Star Moon Palace? This is how you defend the martial arts of xingxuan

When Nan Fengyin heard the speech, her body trembled. Ye Chen's words, like a sharp knife, pierced into her heart. When she was young, she had ideals. No matter what situation she faced, she would never let xingxuan warrior be bullied!

However, after sitting in the position of the master of Xingyue palace for a long time, in the face of all kinds of intrigues, intrigues and conflicts of interest, the ideal has long been forgotten

What she is thinking now is how to keep her position as the palace master and how to keep the position of the Star Moon Palace

"What do you know?" Nan Feng said in an ugly way? It's not as simple as you think

"Shut up!" However, ye Chen stopped drinking and said, "nanfengyin, do you really put the star Xuanwu in your heart? These are just your excuses. Even the people who claim to maintain the Moon Palace can't maintain it. What's the value of the existence of the Star Moon Palace? "

With a roar, nanfengyin's breath of heaven breaking out madly. She stares at Ye Chen, and she is furious!

You can't say that!

Sometimes, such a sentence can make her power completely collapse!

Jin Shuhui is also completely anxious. She quickly pulls Ye Chen and dissuades him: "Ye Chen, don't say it. I'm sorry!"

If even the stars and Moon Palace are offended, then ye Chen is afraid to die!

Although nanfengyin is quite different from the patriarchs and elders of the six ancient clans, such as Huang Rushan, the strength gap is quite large, but at least it is also a generation of patriarchs!

Not to mention, Su Wu, Wu Fei, Yuan Ping and others are not weak!

Ye Chen is a pale expression: "I said, my people do not need to apologize, don't let me say the third time!"

Jin Shuhui sees Ye Chen's look, but her shoulder trembles slightly. She knows that ye Chen looks plain, but she is really angry!

Ye Chen turns his wrist and holds the evil sword. He laughs at nanfengyin and says, "how do you want to kill me? Hehe, I think it's time to change the master of Xingyue palace! "

The cold light in the eyes of Nanfeng Yin flashed: "I don't know the height of heaven and earth, you have a little talent for martial arts, so you think you are invincible?"

After that, the breath roared out of the sky, and a clear sound was heard all over the sky. His sword light flashed in his hand, and he really wanted to fight ye Chen!

In the battle between Ye Chen and nanfengyin, a figure suddenly kneels in front of nanfengyin and shouts: "palace master, enough!"

Nanfeng voice slightly a Leng, this person is that Su Yunyan!

Su Yunyan knelt on the ground and said, "palace master, don't force elder sister Jin any more, and don't force Ye Chen any more. At first, we promised Ye Chen to let sister Jin join our Star Moon Palace. Now, you know ye Chen has lost the support of the nine saints demon sect, so you don't want to defend sister Jin any more?

Is the fame of the disciple of Xingyue palace just as flimsy as paper in your eyes? Is it that the disciples of Xingyue Palace are just chess pieces that can be abandoned at any time? "

Nanfengyin heard the speech and looked complicated. She frowned and said, "silly girl, get up quickly! What are you doing for such a boy? "

Su Yunyan did not get up. After a moment's silence, she apologized to Ye Chen and said with a smile: "I'm sorry, Mr. Ye, I brought you into the Star Moon Palace, but I didn't expect it was such a result."

Ye Chen shook his head and said, "Miss Su's help to ye will never be forgotten."

Su Yunyan didn't say anything. Instead, he turned his head and looked at nanfengyin and took a deep breath of air: "palace master, if you can help Mr. Ye and sister Jin once in this matter, I will agree to that matter!"

She will be responsible for bringing Ye Chen into the Star Moon Palace. Since the Star Moon Palace is unjust, she will make up for the mistakes made by the Star Moon Palace at all costs!

Nanfeng voice looks a shock, eyes, faint joy, she exclaimed: "really?"

The people of Xingyue palace in the bamboo forest also looked at Su Yunyan in disbelief!

What is the matter that Su Yunyan said?

It was her marriage!

Su Yunyan is born with a charming, unique appearance, martial arts talent, is also very high, and has the background of Star Moon Palace!

The most important thing is that Su Yunyan seems to have inherited a trace of the blood of Jiuwei Tianhu!

Jiuwei Tianhu, in ancient times, was even regarded as the spirit beast of fertility. No matter what race, the offspring born from its mixed blood are mostly excellent!

Such a woman, let alone the moon soul domain, even if you want to find a husband from Yangzhen domain, it is not difficult!

And the Star Moon Palace can also rely on the marriage with more powerful forces, strong rise!

However, Su Yunyan seems to be free, but also has its own bottom line!

She would never accept such a marriage!

This is one of the reasons why she must bring ye Chen into the Star Moon Palace

Because it is impossible for her to watch the decline of the Star Moon Palace. If there is no one who can lead the rise of the Star Moon Palace, she may have to accept the fate of marriage. Su Yun Yan's beautiful eyes were dim, but he still nodded and said, "palace master, you know me. Since I have promised, I will not regret."

Nanfeng Yin immediately said with great joy, "good! Naturally, I believe in Yunyan

After that, she suddenly changed her attitude and said coldly to Zhang Changqing: "Mr. Zhang, please go back. This time, Mr. Zhang has made a mistake first. There is no need to say anything more."

"What!" Zhang Changqing looked at Nanfeng and said, "Nangong master, are you right? Are you afraid that I will tell my father about it? "

Nanfengyin sneered and even didn't care about Zhang Changqing. She waved her hand and said, "see you off!"

As long as you find a good husband for Su Yunyan, what is a wujimen?

Zhang Changqing's face changed for a while. Finally, he snorted coldly. After a movement, he left the bamboo grove. His feet moved freely, and nothing happened.

At the same time, a cold voice echoed in the ears of all: "Xingyue palace, you wait for the Revenge of wujimen!"

Nanfengyin is indifferent. Wujimen is not ready to launch the zongmen war for such a small matter. After all, the foundation of Xingyue palace is not weak. If Wuji gate is really reckless and crush by force, it will pay a certain price!

Therefore, the Revenge of wujimen is to attack and exclude all kinds of causes of Xingyue palace. Although the impact on Xingyue palace is not small, it will take at least 10 years to bring down the temple.

Ten years!

Enough nanfengyin to find a suitable husband's home for Su Yunyan!

Nanfengyin's eyes twinkle with excitement. She knows that the Star Moon Palace is about to rise, and her power will also expand rapidly!

Chapter 3673

She looked at Su Yunyan as if she were looking at some gold and silver treasure. She was extremely hot, but her original closeness was much weaker

At this time, ye Chen whispered to Su Yunyan: "the so-called thing is your marriage?"

Although Ye Chen doesn't know what Su Yunyan specifically promised, he has already guessed a lot by looking at nanfengyin's eyes

At this time, the sound of Nanfeng is very similar to that of song Ziqing when he looked at Jin Shuhui in Lianshen peak!

Su Yunyan was stunned at the smell of his speech, but he still nodded quietly.

Ye Chen's eyes flashed: "how long can you drag on?"

Su Yunyan fingers gently on the ground, draw three horizontal lines.

Ye Chen looked at the three horizontal lines and said: "Miss Su, today's love, ye MOU will remember it in my heart. After three months, I will return you a love!"

After that, he took a cold look at nanfengyin, but nanfengyin said in a cold voice: "since Yunyan pleads for you, you can leave. However, from now on, you two have nothing to do with me in Xingyue palace!"

Ye Chen smiles faintly and doesn't say much. Instead, he leaves with Jin Shuhui and Xu Shenglong.

He knew that his current strength could not compete with nanfengyin.

Nanfengyin is not worthy of him to use that card!

But three months later, not necessarily!

Su Yunyan stood up and took a look at Ye Chen's back. There was a glimmer of hope in her beautiful eyes

She knows that nanfengyin has great ambition for power!

If you want to marry yourself, I'm afraid even the ancient six schools in the moon soul realm can't satisfy her, right?

Therefore, she may choose the top forces in the moon soul domain, or even the forces in the Yangzhen domain!

Even if some of the small forces in the Yangzhen region, for the sect of the moon soul domain, they also have quite terrifying deterrent power!

Generally speaking, the forces of the higher realm will not interfere in the affairs of the lower realm, which will cause many disputes. However, there are some special situations!

For example, if two forces are related by marriage, things will be different!

Is this reason reasonable enough to fight for in laws?

Therefore, if ye Chen really wants to stop this marriage, he will face not only the Star Moon Palace, but also the top forces in the moon soul domain and even the forces in the Yangzhen domain!

It is almost impossible to have the strength to fight such a huge thing in three months

But, I don't know why, Su Yunyan has a kind of inexplicable trust for ye Chen, as if there is nothing he can't do in this world

If it's Ye Chen, maybe you can really change your destiny?

.....

On a high mountain near Xingyue palace, three escape lights fall here. They are ye Chen.

Xu Shenglong asked Ye Chen, "brother ye, what are we going to do now? If necessary, I can go back and ask my uncle for help... "

He knew that with Ye Chen's character, no matter to Zhang Changqing, or the Star Moon Palace, it would not be such a calculation!

Moreover, in Xu Shenglong's opinion, he mistook Su Yunyan for his sister-in-law. Elder brother ye would never let his sister-in-law have anything wrong?

Ye Chen shook his head and said: "since you have been separated from the nine saints demon sect, we can solve this matter by ourselves. There is no need to embarrass master Huang. At present, we have only one thing to do to improve our strength."

When Xu Shenglong heard this, his eyes were in turmoil for a moment. In the face of such a situation, most people would like to look for reinforcements and find a strong supporter, but elder brother Ye always only wanted to rely on himself!

For a while, he understood why Ye Chen's strength was so strong!

On Jin Shuhui's pretty face, she has a faint smile. She has been used to this attitude of Ye Chen

Ye Chen asked xuanhanyu, "xuanxianzi, if I untie the next seal on you, what kind of fighting power can I break out?"

Xuanhanyu pondered for a moment and said, "if you are lucky, you have 10% confidence to defeat the existence of Nanfeng sound! But only one chance. "

Ye Chen frowns, he now has the ability to mend the sky, three layers of heaven, but the gap between Nanfeng tone and Tianyuan is just like Tianyuan!

Xuanhanyu helps him with all his strength, and can give him a 10% chance to defeat nanfengyin. It is a very adverse promotion!

But, not enough!

Such strength, let alone defeat the existence of the Yang Zhen domain, even in the face of the Star Moon Palace are not enough!

If he wants to face the powerful forces, his strength should at least reach the level of the later stage and even the peak of the sky mending realm!

At present, there are many ways to improve his strength. For example, he can master the spirit moon Dharma body completely. For example, he can practice step by step, improve his cultivation, and continue to devour the moon liquid, spirit marrow and yellow spring water stored in his body

But these, too slow!

He only has three months!

At this time, xuanhanyu said: "Ye Chen, if you want to improve your strength within three months, it is not impossible to do so. It is just a great risk!" Ye Chen hears speech one joy way: "Xuan fairy, please say!"

Risk? When did he practice martial arts less than risk?

If he is afraid of risk, he will not be today!

Xuanhanyu's reaction to Ye Chen was not unexpected. She spoke slowly. In her tone of voice, she said, "do you know, the area of xingxuan area is actually larger than you imagined?"

"Well?" Ye Chen shook his head and said, "is it so? From the map, the area of xingxuan is a little smaller than that of moon soul? "

Ye Chen is puzzled. Why does xuanhanyu mention xingxuan domain?

Xuanhanyu said with a smile: "that's because the xingxuan domain is divided into two parts, the bright domain and the dark domain! It seems that many people think that xingxuan domain is the weakest one among the four realms?

Hehe, that's just because their horizons are too narrow. If you include the dark area, the xingxuan domain even has the strength to fight against the heaven and man domain! "

Ye Chen smell speech, a burst of horror, this news is too shocking!

However, ye Chen also has some understanding. After all, the name of the dark area is a place where no light can be seen. If such a place wants to develop, it must be far away from the power center!

The largest power center outside the territory is the heaven and man domain. The xingxuan region is the farthest away from the heaven and man domain. On the contrary, the dark region can grow vigorously and be full of vitality here!

The so-called heaven is high and the emperor is far away, that is the truth!

Xuanhanyu continued: "this dark region has gathered the wanted criminals, outlaws, evil sects which are nearly extinct in history, and all kinds of forbidden transactions in the Ming region are going on all the

time in the dark domain. Many things that can't be found in the dark domain can be easily obtained in the dark domain!

In other words, this dark area is the underground world, full of danger and opportunity! Some people can not live here for a day, they are taken away, and finally die in the street, some people can become rich overnight! Some people can only struggle to survive in the dark, and they are extremely hard to live, while others are just like fish in water, and their strength is rising wildly! "

Ye Chen hears the speech, instantly excited up!

Chapter 3674

He understood that if he wanted to have the strength to face the martial arts of heaven in three months, this dark area was the place he should go!

However, he asked in a somewhat puzzled way: "in this case, Xuanxian, why didn't you directly tell me the existence of this dark area?"

Xuanhanyu heard the words and said with a cold smile: "boy, I didn't tell you before because you didn't have the qualification to connect with the dark area at that time! In fact, if it's not for you that you have to grow very fast in three months, even now, I don't want you to know about the existence of dark regions.

I know that you have faced countless dangers along the way, but this dark area may be more terrifying than you imagine! There is a place where you can kill you because the shoes on your feet are cleaner than others. You should be prepared mentally!

Normally speaking, only when the strength reaches the third level of sky mending realm can you enter the most basic qualification of dark region! Even if you untie the next seal on my body, when all the cards are given, you can barely stand in the dark area... "

Ye Chen hears the speech, is the facial expression one Lin again!

With Xuanhan jade part of the strength of the case, can only barely stand?

He can't help but turn his eyes to Jin Shuhui. Jin Shuhui is not slow in making progress. Now it is the realm of mending the sky. However, in the dark area, he is sending food to others!

What's more, the most important thing is that ye Chen doesn't have the strength to ensure the safety of Jin Shuhui in the dark area!

However, if Jin Shuhui is left alone in the soul region of this month, he can't be at ease. That Chang Qing doesn't want to give up.

Seeing ye Chen's look, Jin Shuhui couldn't help asking, "what's the matter?"

Ye Chen was silent for a moment, but he still said, "Shuhui, I'm going to a place where it's extremely dangerous, so I can't take you with me..."

He didn't hide it. Something had to be told.

Jin Shuhui said with a smile, "what's this? I'll take care of myself on my own. Don't worry

Can ye Chen, did not answer a word, how can he put in mind?

At this time, Xu Shenglong suddenly said: "brother ye, if you allow me, I can send my sister-in-law to the nine saints demon sect, and I promise that the nine saints will never treat her like the star moon palace!"

When Jin Shuhui heard Xu Shenglong's address to herself, her pretty face was slightly red, but she did not refute it.

Ye Chen eyebrow tip a pick way: "what method?"

Xu Shenglong said with a smile: "elder brother ye, do you still remember the boy of Mu Mingxuan? After we left the nine saints demon family, he secretly sent me a spiritual message, saying that he owed elder brother ye a love. If you need any help, please speak up! He will do his best to help once!

Elder brother ye, although the boy is a little proud, his character is still trustworthy! With him there, you can rest assured of your sister-in-law's safety! "

Ye Chen pondered for a moment. Finally, he nodded his head and said, "Shuhui, I want you to enter the nine holy demon sect for a while. What do you think?"

Although Jin Shuhui is unwilling to accompany Ye Chen, she still nods and agrees.

She knows that her own strength is too weak, in Ye Chen's side, not only can't help him, but will drag him down!

At the same time, Jin Shuhui also secretly decided that she must work hard to improve her strength, otherwise, in the future, she will not even have the qualification to stand beside Ye Chen!

Immediately, Xu Shenglong sent out a spiritual message, and several people meditated in the mountain for a while.

A day later, a blue and green light came from the sky and turned into a young man with green clothes. It was Mu Mingxuan.

As soon as he arrived here, he saluted Ye Chen and said, "master Ye."

After that, he released a very exquisite flying boat, looked at Jin Shuhui and said, "Miss Jin, please."

Mu Mingxuan originally looked down upon human beings, but since he was Ye Chen's woman, he was not disrespectful.

Jin Shuhui looked at Ye Chen reluctantly and stepped into the boat.

Ye Chen says to Mu Mingxuan: "please."

Mu Mingxuan solemnly nodded his head and said, "don't worry, Mr. Ye. I swear by my life that the safety of the margin girl will be safe."

After several people said goodbye, the boat turned into a light and disappeared in the sky.

Later, ye Chen looks at Xu Shenglong and wants to persuade Xu Shenglong to stay in the moon soul region. But at this moment, Xuan Hanyu suddenly says, "Ye Chen, take this little tiger with you. His blood is somewhat special. Maybe, in this dark area, you can find his chance."

When ye Chen heard the speech, his face moved, but he still said to Xu Shenglong very seriously: "Shenglong, the place I am going to this time is extremely dangerous, especially for you, but it is also full of opportunities! Do you want to come with me? "

Hearing this, Xu Shenglong said excitedly: "brother ye, even if you don't take me, I will follow you!"

Ye Chen nodded and was just ready to leave, but a picture appeared in his mind.

As if there is something in the dark attracting themselves!

Liudaozong! This place is not far away from liudaozong, and it will not take long to arrive. I owe my disciples and liudaozong a little bit.

Since you are here, you may as well go and have a look.

As for the dark area of the xingxuan region, it would be fine to go a few days later.

Maybe there are some adventures in liudaozong!

He looked at Xu Shenglong and said, "Shenglong, before going there, there is still a place to go nearby."

Xu Shenglong looks strange: "what? What else is around here? You won't say it's the six declining schools. "

Ye Chen was stunned and showed a smile: "it is the six schools!"

Xu Shenglong's expression solidified instantly!

Do you think that liudaozong is the glory of the past!

He just wanted to persuade him, but he saw Ye Chen's firm eyes. He swallowed his words back: "elder brother, I will not go to liudaozong If you have anything to do with me, I'll help you with it these days. "

Ye Chen did not ask for it. He thought for a few seconds and then handed the photo of Xia Ruoxue to Xu Shenglong: "you know about the moon soul domain. Help me find out if there is a girl in the moon soul domain."

Xu Shenglong looked at the picture, his eyes widened!

Is this the real sister-in-law?

Big brother is too strong!

Two lights, rising from the mountain, go in two directions.

.....

In the palace of stars and moon.

Nanfengyin sits on the main seat with a smile on her face. Her fingers gently tap on the seat handle. In one hand, she holds a red book, which is a list of some powerful forces that can be contacted through the relationship network of Star Moon Palace.

At this time, Yuan Ping came in and saluted Nanfeng Yin.

Nanfengyin looked at the register in her hand and asked, "elder yuan, have you found out what I asked you to check?"

Yuan Ping said with a smile, "Hey, palace master, you may be surprised to say that."

Chapter 3675

"Well?" Nanfengyin frowned slightly and collected the register in her hand. She looked at Yuan Ping and said, "what do you mean? Where did ye Chen go? Why should I be surprised? "

Since ye Chen left, her heart has been a little uneasy, and even moved the idea of sending someone to assassinate Ye Chen!

After all, ye Chen is so extraordinary! Nanfengyin thinks that since he has already had a bad relationship with Ye Chen, it's better to eliminate the root, otherwise, he may become a great hidden danger in the future!

What's more, it is not impossible for ye Chen to be attracted by any force in the Yangzhen region because of her martial arts qualification. In that case, even if she can get married with the forces in Yangzhen region, she may not be able to deal with Ye Chen!

However, ye Chen is so weird that she doesn't want to have a death feud with Ye Chen unless she has to

Therefore, she sent Yuan Ping to track down Ye Chen's whereabouts. Only by mastering Ye Chen's movements can she feel at ease.

Yuan Ping's smile was even more brilliant. He said, "don't worry, palace master. According to my investigation, this boy looks indifferent. In fact, I'm afraid he's scared out of his wits! I went to liudaozong! Ha ha, it seems that the palace master overestimated him! "

Hearing the speech, Nan Fengyin couldn't help but ask, "liudaozong, a declining place? Are you sure about this? "

Yuan Ping said with a smile: "he passed by our neighborhood. What's not sure? If the palace master needs it, I can store the image of Ye Chen's going to liudaozong and store it in the Shadow crystal, and bring it to the palace master for his purpose. "

Nanfeng sound slightly a Leng, ye Chen unexpectedly went to six schools?

I don't think liudaozong can help him.

Although liudaozong was once powerful, even the first sect outside the territory and the overlord of heaven and man, now it is not as powerful as her star moon palace!

This is out of her expectation, originally, in her opinion, ye Chen is also an owl hero, will not be so stupid.

But now it seems that this ye Chen is a pussy in the end!

Nanfeng Yin sneered: "poor Yunyan that girl, seems to have some expectations for this boy? Ha ha, who knows, he has been afraid to find a dead horse! Ha ha ha

Then, her last trace of worry, also completely put down, the whole person, all relaxed.

Since ye Chen went to liudaozong, no matter whether he accepted it or not, the chance to get in touch with the power of Yangzhen domain was infinitely close to zero!

That is to say, ye Chen's chance to overturn the plate completely disappears, and this person does not pose any threat to himself!

She reopened the book, fell back in her chair, and browsed the information on the list with great leisure.

.....

After saying goodbye to Xu Shenglong, ye Chen soon arrived at the gate of liudaozong.

Liudaozong used to be the top strength in foreign countries, and the sect was the core position in the heaven and man domain. However, with the passage of time, the six Taoism sect declined and has now been relegated to the moon soul domain.

In any case, the lean camel is bigger than the horse. After all, liudaozong once stood on the top of the mountain. Even if it has declined, it still has a deep foundation. Its reputation in the moon soul region is not small, and the location of the sect is also good.

It's just that the reputation is terrible.

In the moon soul domain, if you ask someone, you will know where the six schools are.

Ye Chen came to the gate of liudaozong with ease. At the moment, ye Chen saw a stone statue under the gate of liudaozong. However, the stone statue made Ye Chen feel deeply.

This is the sixth master of the sixth heaven, the master of the sixth heaven.

The person in front of this stone statue is different from that in Ye Chen's memory. After all, in Ye Chen's memory, Xiao shuihan was just a naughty disciple.

However, after ye Chen's fall, Xiao shuihan created such a top-level force as liudaozong. He dared to challenge xuanjiyue and beat xuanjiyue into a fierce existence with serious injuries.

The stone statue in front of us is the peak of Xiao shuihan. Even if it is just a stone statue, it still gives people a sense of arrogance and arrogance.

Looking at the stone statue in front of him, ye Chen's eyes gradually deepened and said, "Xiao, master is back."

"The former master misunderstood you and failed to make you fulfill your wish, but this master swore that he would revive the six Taoism sect for you, and make it the first sect in the world, and surpass the heaven!"

"Xiao, now your life or death is unknown, but the master promised that no matter whether you are alive or dead, you will find your whereabouts. If you live or die, you will see people and you will die."

Ye Chen said this, the stone statue even at this moment spread a strange shock, when the stone concussion, incomparable majesty flow out, spread to the sky above.

At the same time, the stone statue turned into a breath, vast as the sea, deep as the abyss, surrounded by endless great forces around the body, powerful to the extreme virtual shadow, eyes full of reverence and nostalgia, looking at Ye Chen, half kneeling on the ground, performing the disciple's ceremony.

"Xiao!"

Ye Chen can't help but feel hot when he sees this scene. This is the shadow of Xiao shuihan. Ye Chen can't help but go up to help each other up. But at this moment, the change of the stone statue has already aroused the attention of the liudaozong. Some people try to find out what happened here.

Xiao shuihan's empty shadow looks at Ye Chen with nostalgia. With a wave of his hand, a token floats to Ye Chen. At the same time, the shadow turns into endless fog, covering the whole sky, making it impossible for people to find out what happened.

Looking at the Xiaoshui cold empty shadow dissipate, ye Chen will be emotional convergence, and then look at the token in his hands.

The token in front of me is engraved with six characters and is full of mysterious and mighty majesty. The breath of the token alone is enough to frighten people.

The material of the token is also very special. Ye Chen has never seen it. It is indestructible, even overflowing with grand source gas. It is extraordinary to the extreme.

"This is..."

Ye Chen looks at the token deeply. At the next moment, a piece of information flows into his mind along the token.

"Six orders!"

Ye Chen looks at the information in his mind and already knows what the token is.

This is actually made by Xiao shuihan himself, which represents the supreme authority of the six Taoism sects. If he holds this order, he represents the six orders of the sixth heaven.

It's just that although everyone knows the news about this token, no one has seen it. After Xiao shuihan, the six Heavenly Master, refined this token, he did not give it to anyone, and all the six orders were regarded as legends.

At this moment, the mist of cold and empty shadow of Xiao Shui dissipates, and the world recovers to be clear and bright, and some people of the six Taoism sect also come out.

At the moment, the stone statue has turned into a virtual shadow and disappeared. Instead, the location of the stone statue has become Ye Chen, which makes the gatekeeper from the six Taoism sect appear angry.

"Who are you? Do you dare to make trouble in liudaozong? "

"Say it! Where did you get the stone statue of my six ancestors? Are you looking for death? "

The two gatekeepers were enraged, and the six Taoism sect lost its former glory. However, the founder was the most revered one. Now the stone statue of the patriarch disappeared, and ye Chen was the only one who appeared here. One could not help but wonder whether ye Chen had moved his hands.

"I've just arrived, and I haven't seen any stone statues."

Ye Chen shakes his head and says that he can't reveal his relationship with Xiao shuihan, and he is not prepared to take out the existence of the six orders.

However, today, he must go to see the six schools created by the most obstinate disciple. How is it!

If according to the seniority, he is the ancestor of the six schools!

Chapter 3676

In front of the two gatekeepers, strength is not bad, between the eyebrows with a little arrogant momentum.

But at the moment, they also restrained their anger when they heard Ye Chen's words, because ye Chen was just a warrior in the five layers of heaven, and the stone statue of the master of the six Taoism patriarchs could not even shake the strong ones who could make up for the peak of the heaven realm.

The reason why they have just questioned Ye Chen is that they are just concerned and confused. At the moment, they react and look at Ye Chen with contempt.

"The founder's stone statue has changed and disappeared. I'm afraid there will be great changes in my six schools. I'll tell them about it."

Said the long haired gatekeeper.

"Good."

Another gatekeeper with short hair agreed, but he looked at Ye Chen and asked in a bad tone: "in this case, what are you here for? How dare a boy from the five layers of heaven and God come to my six schools? "

Hearing this, ye Chen frowned slightly, but he did not get angry. After all, liudaozong was also one of the top forces. Even if it is now in decline, these disciples will inevitably have pride, which is human nature.

"I'm here to join liudaozong. I hope you will let me know."

Ye Chen said politely.

Smell speech, short hair gatekeeper is showing strange color, "you? A boy in the five layers of heaven and God realm wants to join my six Taoism sect. Are you daydreaming? "

On the other hand, Changfa's gatekeeper went to report the change of the stone statue of the high-level patriarch of the six Taoism sect. He had not gone two steps, but saw that almost all the senior officials in the sect had already stepped out.

"Lord, the stone statue of the grandmaster suddenly..."

Seeing this, the long hair guard disciple quickly opened his mouth and said, but just half of what he said, he was interrupted by the master's hand.

"You don't have to say much. I and the elders have noticed that."

The patriarch opened his mouth excitedly. He noticed that the stone statue of the patriarch had changed. This is a great event. Even if the grandmaster is still alive and returns now, the six schools will be able to return to the peak and return to the heaven and human realm again!

But at this moment, the patriarch and the elders came to the mountain gate, only to find that the stone statue of the grandmaster was no longer there. People tried their best to deduce what had happened. However, it was just like looking for a needle in a haystack without any clue, and all the natural events were covered.

"This..."

The head of the six Taoism sect looked at the sky with dignity. At the moment, he couldn't make out whether the stone statue of the founder had changed. In the end, it was a blessing or a disaster.

But at the moment, the matter of the patriarch's clan has been solved. The patriarch and the senior officials of the six sects noticed that ye Chen was standing here and could not help but look puzzled.

Seeing this, the gatekeeper quickly told a group of senior officials that ye Chen wanted to join the liudaozong.

At the moment, many of the disciples of liudaozong also came out to see the excitement. Hearing the news, a group of people looked at Ye Chen with disdain.

Ye Chen's realm is nothing but the five layers of heaven, and his strength is extremely low. It's just a dream to join liudaozong.

"You don't think that my six schools are not as good as the ancient times, that is, anyone can enter. If you come from, go back to where you come from."

"That is, a waste firewood from the heaven and God realm wants to join my six Taoism sect!"

"Go away, liudaozong is not a waste material like you who is qualified to join!"

Hearing these people's words, ye Chen could not help frowning, but he didn't care too much about the words of his disciples.

But at the moment, the patriarchs and elders of the six schools are indifferent, and obviously can't see ye Chen in heaven.

"Little fellow, your realm is too low. You must have bad talent. You'd better change to another place. Liudaozong won't accept you."

An elder looks at Ye Chen Lang Sheng to say.

"Masters, I'm not as good as the disciples of the six schools, but I'm afraid my talent is not inferior to any of the disciples of the six schools!"

Ye Chen looked at them politely and opened his mouth. His words were full of self-confidence, and the momentum of surpassing the heaven and earth flowed out, making everyone's face slightly changed.

Ye Chen is just a heaven God realm. He could cultivate such momentum. If he had not experienced countless battles of life and death, he would have been the favored son of heaven.

Otherwise, even some of the strong people in mending the sky are not as powerful as ye Chen. This momentum comes from the heart and from the confidence in the bones. How can ordinary people have such momentum.

See ye Chen really extraordinary place, a group of high-level can not help hesitating, the patriarch and a few elders look at each other, several elders are finally shaking their heads.

"Come on, little fellow, your realm is still too low after all. You'd better leave."

Said a tall elder.

"Yes, little one, try somewhere else."

The elder's eyes were covered with black light.

There are several elders in liudaozong, which is the fundamental reason for the existence of their powerful and incomparable strength, which ensures that the liudaozong will not be removed from the moon soul domain even though it is in decline. At present, the pure black eye pupil elder is obviously one of several powerful elders. As soon as he opens his mouth, others also speak to let Ye Chen leave.

Seeing this scene, ye Chen can't help shaking his head slightly. Since liudaozong doesn't want to, it's time to leave.

When ye Chen turns to leave, a long hair beside the pure black eye pupil elder is elegant, wearing a Taoist robe. He looks like an immortal. However, the extraordinary elder suddenly opens his mouth and stops Ye Chen.

"Little fellow, I'd like to give you a chance, but you have to listen to me first."

"Oh?"

Ye Chen eyebrows slightly pick, very surprised that the elder is willing to give himself the opportunity, also curious what he is going to say.

"Do you know the history of my liudaozong?"

The Taoist robe elder ignored other people's surprised eyes and looked at Ye Chen and asked.

"Some."

Ye Chen nodded slowly. What Wei Ying told herself was not too big a secret. After all, as a top power, the liudaozong must have received a lot of attention. The changes of liudaozong are well known to all. It is impossible to hide the decline of liudaozong.

"Now that I know, I will tell you why we are not willing to take you as an apprentice."

There was a deep flash in the eyes of the Taoist priest, and then he said, "after the ancestor's whereabouts are unknown, the six Taoism sect began to go downhill. Under such circumstances, we still have many disciples, and there are some outstanding talents."

"Some of these people still stay in the clan, but some of them have already betrayed it. Instead of thanking the clan, they will not abandon it when it is in decline. On the contrary, they will make it worse and stab zongmen with their own hands."

Hearing this, ye Chen nodded his head slowly. With so many people in a sect, no one can guarantee that all his disciples are pure and good-natured and show gratitude. Such a thing is inevitable.

Chapter 3677

"These traitors took away the martial arts and techniques of liudaozong, which accelerated the decline of the sect. From then on, we stopped taking apprentices. It's not pleasant to say that liudaozong is now languishing for breath!"

As soon as the Taoist robe elder said this, not only a group of disciples were stunned, even glared, but the elders also looked at the Taoist robe elder.

Although the disciples and elders of liudaozong knew that liudaozong had already declined, they also longed for the boundless scenery of liudaozong in ancient times. They did not allow anyone to disrespect liudaozong.

But at the moment, it is the elders of the six schools who say this, and they are one of the most respected elders. This makes people wonder why they should belittle their own clan in front of Ye Chen, an outsider.

Only at this moment, ye Chen saw the performance of most people in the six Taoist schools, but he looked at the Taoist robe elder deeply. He had already seen the good intentions of the Taoist robe elder.

"Ladies and gentlemen

The Taoist robe elder looked at the crowd at the moment and roared: "liudaozong was indeed glorious in the past, but we should also accept the reality. The six Taoism sect has declined. Don't be immersed in the past achievements. I hope you can create the future."

This sentence has awakened many disciples, especially the pure black eye pupil elder beside the Taoist robe elder. A touch of shame flashed in his eyes and looked at Ye Chen.

"I'd like to give you a chance, too."

Many people were scolded and awakened by the Taoist robe elder, but many did not. They glared at Ye Chen and were not willing to accept Ye Chen at all.

In their opinion, ye Chen is in a low level. Even if the liudaozong is no longer the scenery of the ancient times, he can't accept such a useless disciple. It is said that he has disgraced the reputation of liudaozong.

At the moment, the Taoist robe elder is looking at them, his breath is flowing, and the mighty pressure is shrouded. Everyone feels a heavy shoulder and can't help looking at the Taoist robe elder.

"I would like to give this little guy a chance, not only for him, but also for zongmen."

The Taoist robe elder's words are full of wisdom. He can see that most people are still ill at heart, especially the elder.

Therefore, the Taoist priest opened his mouth to the other elders and said, "there is no fresh blood in the sect, it just stops moving forward. As a result, it only goes backward and becomes more and more declining. I know what you think, because those traitors who used to be unwilling to accept any more apprentices, but if they do not accept any more, they will lose their future!"

The words of the elder Daopao not only shook the faces of the elders, but also changed the faces of even the patriarch. He suddenly sighed. He knew that he had done something wrong in recent years. Now, the words of the elder Daopao awakened him.

"Elder Qingyun, thank you for your instruction. The patriarch clasped his fist and solemnly said to the Taoist robe elder that elder Qingyun's seniority is actually higher than him, and it doesn't matter to treat each other with the courtesy of younger generation.

Smell speech, the Taoist robe elder did not speak, but looked at Ye Chen again, "now, do you understand?"

"I see." Ye Chen looks at the Taoist robe elder, this is a great wisdom, worthy of admiration.

"I say this to you, first, to let you understand our concerns, and second, I hope you will promise me one thing."

The Taoist robe elder's eyes flashed and looked at Ye Chen and said.

"What's the matter?"

"If you are really a gifted person as you say, then you should make a vow never to betray the six schools, or both the body and the spirit will be destroyed."

As soon as this statement was made, people's faces were frozen, and the oath was not made casually, especially this kind of oath with a terrible price. If the oath could not be fulfilled, even if there was a supreme existence to keep the swearing person from destroying both the body and the spirit, the swearing person would also suffer terrible punishment.

For a moment, everyone's eyes are on Ye Chen. If ye Chen really wants to join the six Taoism sect, then of course he will swear. If ye Chen refuses, it will be insidious. They are afraid that they will take ye Chen.

"Well, I can make a vow."

Hearing this, ye Chen is relaxed and indifferent. He has long vowed to Xiao shuihan to make liudaozong the first sect in foreign countries, and he certainly will not betray liudaozong.

The liudaozong is Xiao shuihan's painstaking efforts and is the sect established by the disciples of the reincarnation master. Ye Chen regards the six schools as his own, how can it be harmful to the six schools.

Immediately, ye Chen directly stretched out his finger and swore to heaven and earth.

"Ye Chen, I swear to join liudaozong. In this life, liudaozong will become the first sect in foreign countries. If you have two minds, heaven will kill the earth!"

For a moment, the earth and the earth were shaking. Ye Chen's oath was too terrible. He said it in front of so many people. Therefore, he triggered endless thunder and even the golden law fell on the sky.

On the basis of the legal decree, ye Chen said that the golden light was bright and endless, and the magnificent heaven and earth were sweeping with majesty and vastness.

At the next moment, the visions of heaven and earth dissipated, and the edict of the law disappeared out of thin air.

In a flash, the sound of breathing cold air came out of the whole gate of six Taoist schools. The whole audience was in a great uproar. Even the Taoist robe elder looked at Ye Chen in shock.

There is nothing wrong with swearing, but ye Chen's great ambition to make liudaozong the first sect is to boast about Haikou for a warrior who is not beyond the heaven and God realm. What's more, the oath can't be said casually. Since ye Chen says that he wants to make liudaozong the first sect in foreign countries, if he can't, it will be eaten back by heaven and earth. How dare Ye Chen have the courage to make such an oath.

"Hum, you are a fool. You can make liudaozong the first sect in foreign countries? You can't do the first sect in the moon soul realm. "

"Not only do you like to talk nonsense, but you are a real genius."

"No wonder you dare to say that your talent is not inferior to any one of my six schools. You are a boaster."

For a time, a group of six school disciples disdained and laughed.

Even some elders look at Ye Chen strangely and think ye Chen may be really a fool. After all, if you are a normal person, you don't dare to talk nonsense like this. This is a vow. If you can't do it, you will be destroyed.

At the moment, in the face of these people's ridicule, ye Chen doesn't care at all. He looks at the Taoist robe elder calmly, relaxed and incomparable.

Seeing this, the Taoist priest and the patriarch looked at each other, and there was a flash of light in both eyes. Ye Chen's attitude towards the public was so cool that he could even feel nothing. There were only two possibilities.

Either Ye Chen is really a complete fool, as many people say, or Ye Chen is a top genius who is steadfast to the extreme and even surpasses them!

"This boy, if it is true as he said, I'm afraid it will be a blessing for my six schools and an opportunity for the rise of my six schools!"

The Taoist priest looked at Ye Chen and gave him an evaluation that he couldn't believe.

At the moment, looking at Ye Chen's indifferent eyes, the Taoist robe elder touched his beard and looked at the patriarch with a smile.

The current leader of the six Taoism sect, named Wu Duan Cang, is also a strong one.

At the moment, arbitrariness Cang looked at Ye Chen, but his eyebrows wrinkled slightly. He vaguely remembered where he had heard the name of Ye Chen, but he couldn't remember it at the moment.

But no matter what, ye Chen even dared to make such a grand wish, and he was so arbitrary that Cang was not afraid of it. He even looked at Ye Chen with appreciation and said in a loud voice, "in this case, I will give you this opportunity. As long as you pass the detection of the six spirit seeking array, you will be the disciple of the six Taoism sect!"

"Six soul searching arrays?"

When ye Chen hears the speech, his eyebrows are slightly raised. He has never heard of the six spirit seeking array, but it should also be an array to detect blood and talent.

"The six spirit seeking array, which is a set of array brought back by our ancestors, covers all living beings in the world. As long as it exists in the six channels, it can be detected. The six spirit seeking array is also the top detection array in the whole region."

At the moment, arbitrariness Cang looks at Ye Chen and explains that there is a little pride between the words. The six way spirit seeking array is the top detection array, even the top power may not have it.

This is what liudaozong is proud of. As the once top power, the details of liudaozong are not comparable to those of other sects.

However, ye Chen has not been fully informed of the role of the six way spirit seeking array. For a top-level array like this, the detection ability is only a part of it. It must also have the ability to attack, attack and defend. Compared with the top-level killing array, it is a bit inferior, but its power is also incomparable.

At this moment, wuduancang takes Ye Chen into liudaozong. As soon as he enters liudaozong, ye Chen can perceive that the aura between heaven and earth is filled countless times.

Obviously, the region where the six Taoism sect is located is a treasure land, and it must have the array and secret treasure of gathering aura. Only in this way can we achieve this, which is also the foundation of the six Taoism sect.

Along the way, birds sing and flowers are fragrant, along the way are mountains and rivers. From the outside, we can see how grand liudaozong is, but when we enter the mountain gate, we can see how grand it is.

On the mountains, there are majestic and shining halls. This is the place where the best of the elders and disciples of the six schools can live.

The six way spirit seeking array is located in the six way Hall of the six Taoism sect, which was once a place where apprentices were once specially recruited. Because in recent years, the six Taoism sect did not accept any more disciples, so it was a bit desolate here.

At the moment, because of Ye Chen's words and deeds, all the people of liudaozong pay special attention to him. Some people want to see him create miracles and hope that he is really a top talent. He can even make liudaozong rise again and even become the first force in the world.

But most people still want to see the joke. They believe that ye Chen is pretending and that ye Chen's talent cannot surpass them.

People's minds are different, but now they all gather in front of liudaotang.

The gate of liudaotang is closed, and the whole hall is covered with dust. It is obvious that it has been silent for a long time.

At the moment, with a wave of arbitrary Cang's hand, the headmaster's token flew out and was embedded in the gap of the gate of liudaotang. For a moment, liudaotang bloomed with auspicious splendor, and even dazzled people's eyes.

And the dust above the six way hall was all dissipated, and once again radiated the majestic majesty. Within the slowly opened door, a faint voice of sacred whispering came out.

Chapter 3678

At the next moment, the arbitrary Cang stepped into it. Ye Chen and the elders followed closely. However, all the disciples stayed outside waiting. After all, there were a large number of people. It was too noisy to enter the six way hall.

Ye Chen stepped into liudaotang and noticed that there was a rotating array at his feet, which depicted countless magical runes. When the runes flashed, the vast and magnificent charm emerged.

Ye Chen's eyes flashed. This array actually has some similarities with his own six samsara methods. I'm afraid it is the six spirit seeking array in the arbitrary Cangkou. Judging from the name of this array, this array may have something to do with himself.

On the left and right of liudaotang, there is a statue. The most central position is Xiao shuihan.

Seeing Xiao shuihan, ye Chen can't help but smile in his eyes. In the past, he accepted Xiao shuihan as his apprentice, but now he wants to join the sect founded by Xiao shuihan.

Ye Chen did not reject this, but sighed in his heart that he was deeply involved in Xiao shuihan's cause and effect.

At the moment, wuduancang asked Ye Chen to stand in the center of liudaotang, which is also the center of the array under his feet.

"If you are a dragon or a worm, you can see the test results of the six soul searching arrays."

At the moment, arbitrary Cang said, while the Taoist robe elder and other people also looked at Ye Chen with deep eyes, and there was a faint expectation in their eyes.

In fact, none of the people present believed that ye Chen could achieve the great ambition under the establishment. All of them were regarded as ye Chen's nonsense.

In fact, the expectations of Ye Chen from the patriarch and the elders of the six Taoism sect are not high. It only needs Ye Chen to pass the detection of the six path spirit seeking array, even if it is not a top

talent. All the students who can't be accepted by the sect are extremely talented. After all, genius is very rare, which is worthy of heaven's talent.

What they need is fresh blood, the appearance of Ye Chen and the words of the Taoist priest, so that they have a change of mind and want to change their old ideas. Whether ye Chen's talent can pass the test of the six way spirit seeking array is the key to everything.

If ye Chen fails to pass the six daocong, he will be totally disappointed. From then on, he will never rise again.

At this moment, a group of elder eyes deep, tightly staring at Ye Chen, looking forward to Ye Chen's performance.

Ye Chen stood in the center of the six soul searching array, his face was always calm and confident.

When he saw the situation, he didn't say any more. He immediately opened the six spirit seeking array.

When the big array is opened, the breath of Hongmeng is flowing. The array under Ye Chen's feet is like a vast star sky, with countless light spots. The light spots are deep and magnificent, and even emit a series of terrible source gas, which makes people marvel at the extraordinary performance of this array.

At the same time, the peculiar Taoist rhyme rises from the rise of the great array, which is the breath of the six channels and has a part of the power of reincarnation.

Aware of this scene, ye Chen's eyes sparkle. These six soul searching arrays are absolutely related to himself.

At this moment, ye Chen is enveloped by a magnificent and terrible source of Qi, which revolves around Ye Chen. It is like a thousand sacred clouds of auspicious Qi that set off Ye Chen like the respect of all kinds of things.

The breath of Hongmeng is surging, and the big array is constantly shaking at the foot. The wisps of source gas keep approaching Ye Chen and then leave.

These source Qi represents the source Qi of all things in the six ways. What kind of qualification Ye Chen is, the corresponding source Qi will be close to Ye Chen and attach to Ye Chen.

However, at this moment, a strip of source gas is close to Ye Chen, and then slowly leaves. Obviously, ye Chen does not fit this part of source gas.

The stronger the source gas is, the more terrifying the qualification is, and the grandest and majestic brilliance shines.

All the people in the hall are staring at the scene in front of them. The eyes of arbitrariness Cang and an elder flicker. They look at the bright and majestic streamers which represent the most powerful force. They all leave Ye Chen and return to the six spirit seeking array. The expectation in their eyes can not help but dissipate.

"It seems that the boy's talent is not the best, but since he is so confident, how can he be in the top

An elder felt his beard and speculated.

"Upstream? I think he is bluffing. You can see that the Qi of Tao source doesn't agree with him at all! "

There is an elder who looks at him coldly. He is obviously not optimistic about ye Chen. He thinks that ye Chen is a bragging generation.

At the moment, the Taoist robe elder and Wu Duan Cang look at each other. Their eyebrows are slightly wrinkled. The Qi of each Dao source is gradually far away from ye Chen's body and returns to Da array. Up to now, there is no Dao source Qi that agrees with Ye Chen.

Such a situation is extremely strange. After all, all things in the world are included in the six Tao, and ye Chen, no matter how poor his aptitude is, should also have the Qi of the source of his Tao.

However, at this moment, with the continuous disappearance of the Qi of Dao Yuan, only a few brilliant lights are left. The ordinary to the extreme Dao source Qi still lingers around Ye Chen's body.

This scene, so that the audience can not help silence, such a situation is difficult to accept, ye Chen's qualifications can not be good, but should not be so bad. Compared with Ye Chen's vows, grand aspirations, and even the invincible momentum of self-confidence, ye Chen's performance at the moment is a world of difference.

At this moment, all the elders could not help but look at Ye Chen with a chill in their eyes. Obviously, they also believed that ye Chen was a complete madman, just as the disciples of the six Taoism sect had speculated. He came to the six Taoism sect to have fun.

Ye Chen saw the scene in front of him, but also realized that the situation was not right. Looking at the dim light of Dao Yuan Qi, he left himself and hid in the big array. Even the six spirit seeking arrays slowly gathered away the brilliance, stopped turning and became silent.

Ye Chen knows that something may have happened. I'm afraid his aptitude has not been detected by the six soul searching array, which is obviously different from ye Chen's expectation.

Ye Chen thinks that his own talent, including his talent, is extremely existent. Under the detection of the six way spirit seeking array, he will surely shake the whole six Taoism sect and join the sect easily.

But what is happening now is quite different from what was expected.

Ye Chen looks at a group of elders and arbitrary Cang. He sees that all the elders are stagnant, and their eyes are not good. Even the Taoist robe elder shakes his head slightly, but Cang looks at Ye Chen with a strange look. He seems to be thinking about something.

"Boy, you're the worst you've ever seen! The whole six schools, no, in the whole world, there is no one worse than you! "

An elder couldn't help looking at Ye Chen and yelling.

"Yes, the six spirit seeking array includes all living creatures in the world, but you can't even match the spirit of one Dao source. You are rubbish to the extreme. You dare to come to our six Taoism sect with such qualifications. Are you looking for death?"

"Make fun of me, Lord. I suggest punishing this boy and making him suffer from all his life. Even if my six way sect is in decline, he can't make such fun of him. We must punish him severely and follow others as an example."

An elder's voice ran rapidly, and some even felt that ye Chen had been sent to humiliate the liudaozong by someone with intention. Therefore, they were extremely excited. At the moment, the mighty pressure on them swept out, making the sky change color and the mountains and rivers vibrate.

Chapter 3679

At this moment, the disciples from outside also heard the words coming from the hall, and they also saw the scenes of what happened. At the moment, they could not help laughing.

"Ha ha! I dare to make a great wish to lead the six schools to become the first sect in foreign countries. I'm not afraid to blow the bull's horn! "

"I said he was a madman, and that's right."

"All elders, we must punish this boy well. Our six schools can't be humiliated!"

Hearing these words in his ear, even ye Chen was not calm. After all, he knew his own qualifications. If his blood and talent were ordinary or even rubbish, no one on the ground could be called excellent on that day.

Just now, no one can answer their own questions.

Ye Chen doubts, can not help frowning, and at this time, the samsara cemetery came to shock.

From the samsara cemetery came a shock. Ye Chen separated his mind and entered the samsara cemetery. He saw Han Wen's heart full of righteousness. At the moment, he looked at himself strangely.

"Master." Ye Chen sees cold to ask heart, can't help but open a mouth to cry, he is curious cold to ask the heart to come out at this time why.

"Don't you know that these six soul searching arrays can't detect your blood and talent?"

Han Wen Xin looks at Ye Chen strangely. He has been in the samsara cemetery, but he also understands the situation Ye Chen has experienced.

At the moment, seeing ye Chen being criticized by thousands of people, and even regarded as the worst qualified existence in the whole world, heaven and universe, it makes him feel indignant that ye Chen's blood is superb and his talent is incomparable. How could he be poor? It is clearly that the array of the six schools is not good!

"Well? Is that so? "

When ye Chen heard this, he didn't pick his eyebrows. He also suspected that the six soul searching array could not detect his blood and talent, but he didn't know why.

"Hum, reincarnation blood is beyond the six spirit seeking array. It is just an array derived from the six samsara. How can you detect your blood and talent?"

Han Wenxin looks at Ye Chen. He is dissatisfied with the six spirit seeking array.

"So..."

Hearing this, ye Chen nodded slightly. The six way spirit seeking array indeed contains a trace of the power of the six ways of reincarnation. It's normal if it can't be detected. Only in this way, ye Chen is a little difficult to do.

After all, the people of liudaozong have already determined that ye Chen's blood and talent are extremely poor, and ye Chen can't show his identity. At that time, no matter what the attitude of

liudaozong is, those who stare at their own existence will immediately take action, and let themselves and liudaozong fall into the abyss of doom.

Ye Chen's mind was withdrawn from the tomb of reincarnation. In front of him, all the elders and disciples were angry and angry, venting their dissatisfaction with Ye Chen. Some even asked Wu duancang to punish Ye Chen.

However, he didn't know what he was thinking. He still looked like he was thinking. He didn't seem to hear people's words.

Looking at the scene in front of him, ye Chen's eyes twinkle. If he wants to get the approval of the six Taoism sect, I'm afraid he can only offer six orders.

Liudaoling, the supreme token made by Xiao shuihan, the ancestor of liudaozong, represents the supreme authority of liudaozong. Seeing this order is like seeing Xiao shuihan.

If ye Chen is to sacrifice the six orders, it will surely make the excited people quiet down, and even pay homage to Ye Chen. After all, it represents Xiao shuihan's will.

Immediately, ye Chen's eyes are firm, and he is about to take out the six orders. However, Wu Duan Cang suddenly looks at Ye Chen. The light in his eyes twinkles and blooms.

"Don't say any more. Although Ye Chen's blood and talent are not good, I think this son is extraordinary, and I am willing to take ye Chen as the inner disciple of the six schools."

Arbitrary Cang looked at Ye Chen, showing a smile, "Ye Chen, do you want to?"

Without waiting for ye Chen to speak, the faces of all the elders and disciples changed one after another. They did not understand how arbitrary Cang made such a decision.

Ye Chen's blood and talent are so poor that the liudaozong's acceptance of Ye Chen as a disciple will surely make the whole foreign joke. By then, the face of liudaozong will be lost, and even the glory of ancient times will no longer exist.

What's more, it's unimaginable that liudaozong adopted disciples in an unconventional way. However, arbitrary Cang even decided to take ye Chen as his inner disciple. We should know that all the disciples started from outside disciples, even from laborers. How could ye Chen be promoted to inner school directly.

For a while, not only the disciples, but also the elders were surprised to the extreme. They looked at Wu Duan Cang and doubted that he was influenced by Ye Chen. At the moment, he became a madman.

"Master, this is absolutely impossible. This son is not worthy to be a disciple of my six schools."

"Yes, patriarch, this son's status has never been worse than before. Even the lowest and weakest sect will not accept such blood and talent. How can I accept him as a disciple of six schools?"

An elder couldn't help but say that it was the Taoist robe elder. His eyes moved, he looked at the arbitrary Cang, and then he looked at Ye Chen. He always felt that there was something he didn't understand.

At the same time, the disciples of liudaozong were also very angry, and they began to ask for arbitrary Cang not to accept Ye Chen as a disciple. However, Cang didn't care about the people's words. When he reached out his hand, he said calmly, "don't say more. I've decided."

The arbitrary Cang had the right to speak in liudaozong. At the moment, his body was shocked and his authority swept out, which directly shocked the whole liudaozong.

As soon as this was said, although the faces of the elders and disciples were not happy, they did not speak any more. They just fixed their eyes on Ye Chen with cold light.

There are even many disciples who have shown their intention to kill him. If ye Chen dares to join the liudaozong, they will attack Ye Chen.

Just in the face of a series of threats, ye Chen and arbitrary Cang, as if not aware.

Looking at Wu Duan Cang, ye Chen's eyes twinkled. Although it was not clear why he was willing to accept him as an apprentice, the conditions he offered were not suitable for him.

At the next moment, ye Chen slowly shakes his head, apparently refusing arbitrary Cang.

Seeing this, a group of elders were relieved, and a group of disciples also restrained their coldness. On the contrary, ye Chen had a chance to become a disciple of liudaozong. It was a great chance for ye Chen to accept him as a disciple of liudaozong. It was a great chance for ye Chen to accept him as an apprentice, but ye Chen did not dare to accept it. What a coward!

"I knew that this boy not only likes to brag and put on airs, but also is a coward. Such a guy is not worthy to join my six Taoism sect."

"That's right. It's a fool to dream that he wants to be a disciple of the six schools."

"The patriarch is willing to give you the identity of the inner disciple. You don't dare to fight for it. You don't have the belief to be a warrior. Go away."

The disciples of liudaozong have different looks and different ideas, but they are extremely disdainful to Ye Chen.

But at this moment, ye Chen is pale, does not look at them, but is staring at the arbitrary Cang's eyes.

Just now, he didn't expect Ye Chen to refuse himself. After all, the conditions he gave him were extremely superior. He broke the rules for so many years. He was willing to let Ye Chen become an apprentice or even become an inner disciple. He could not think of the reason why Ye Chen refused.

Arbitrariness Cang eyes surprised, mind concussion, but now see ye Chenchong himself showing a strange smile, and then see ye Chen open his mouth.

"I join liudaozong. I don't want to be a disciple of liudaozong. I want to be the chief disciple of liudaozong!"

Chapter 3680

In the moment, all the mists will be enveloped in the mists, and all the mists will be swept out.

"I want to be the chief disciple of liudaozong!"

Ye Chen's words surprised everyone, and even looked at Ye Chen with disbelief. He had no idea that ye Chen would dare to say such arrogant words.

Even the arbitrary Cang, at the moment also can't believe Ye Chen, completely unexpected Ye Chen would say such words.

After all, ye Chen's blood and talent were tested by six soul searching arrays, and his aptitude was almost to the extreme. He could not have imagined that ye Chen would dare to make such a request under such circumstances.

At this moment, arbitrariness Cang's eyes twinkled, thinking that one of his best friends had talked to him. There was a top talent in xingxuan Yulian Shenfeng, and ye Chen was the genius in his friend's mouth.

Arbitrariness Cang is very aware of his close friend's temperament, and his eyes are higher than the top. He almost never praises any young generation, but he praises Ye Chen endlessly. It is obvious that ye Chen has something unique.

At the moment, looking at the detection of the six way spirit seeking array, ye Chen proved that ye Chen was not good at blood and talent. However, ye Chen was still invincible and dared to ask to be the chief disciple of the six Taoism sect.

However, there is no one sitting on the position of the chief disciple of liudaozong.

Arbitrary Cang can't help but deep eyes up, maybe Ye Chen is really not simple, if the six soul searching array also has undetectable blood? If ye Chen's blood and talent even surpasses the six way spirit seeking array, such a top talent will surely be the blessing of the whole six Taoism sect!

At this moment, a group of elders and disciples heard Ye Chen's arrogant speech and were furious.

The crowd soared into the sky, even with a strong sense of killing. They turned into a ferocious and terrifying dragon on the sky, staring at Ye Chen, ready to go, as if it would be killed in the next second.

Most of the people in the six Taoism sects are full of disdain for ye Chen. They think that ye Chen is pretending and dare to make such rude demands at the moment. It is arrogant to the extreme.

"Lord, this boy is shameless. Let me kill him!"

An elder got up in a rage, and the violent breath swept out. Behind him rose a magnificent and mysterious mountain.

The mountain exudes a strange breath, as if the most mysterious existence in the world, the circulation of dignity, so that the disciples of the six schools feel terrible pressure.

"Hum, Lord, let me come. I promise to make this boy worse than death!"

Another elder gets up, and his fierce and incomparable strength surges. This elder is tall and muscular. He looks like a muscle maniac. Between his actions and actions, the mighty power sweeps across the sky and shatters the space.

This robust elder stares at Ye Chen, his eyes are full of endless killing intention, and he is obviously not happy with Ye Chen to the extreme.

At the moment, ye Chen is indifferent to all this, even without the slightest tension. The fierce killing will blow ye Chen's clothes and robes, and ye Chen is still.

This is enough calm, but it's amazing.

The Taoist robe elder could not help looking at the arbitrary Cang. They looked at each other and their eyes flashed with strange light.

At this time, among the disciples of the six Taoism sect, a young man in white, who looked quite famous, stood up. He held a long sword in his hand and looked at Ye Chen with a cold look in his eyes.

"Just a arrogant person, how can we let the elders condescend? Let the disciples take down the madman and make an example to others."

The young man got up and said in a loud voice, and then looked at Ye Chen. His eyes were full of killing intention and disdain.

"Ye Chen, since you want to be the chief disciple, your strength may convince the public?"

"I, Liu yunmiao, as an inner disciple of the liudaozong, can only be regarded as the middle class. I want to challenge you. If you can't beat me, you'd better go away!"

Young Liu yunmiao looks at Ye Chen with murderous intent. His momentum suddenly sweeps out and the sky vibrates. He is actually a warrior who mends the two layers of heaven.

The details of the six Taoism sect are not vulgar, so even if they are in decline, the strength of the disciples in the sect is not bad compared with some moon soul forces. At most, they have a little bad reputation.

The second layer of heaven of mendianjing is not the top among the disciples of the six schools.

However, Liu yunmiao is popular among many disciples, so we all admire him. Seeing Liu yunmiao stand up at the moment, all the disciples applaud him one after another.

Seeing this scene, the Taoist robe elder and Wu Duan Cang looked at each other and frowned slightly.

Even if ye Chen, as they have guessed, is not trivial in blood and talent, and can even shock the heavens, but ye Chen, who is in the five layers of heaven and God state, has a fight against Liu yunmiao, who fills the sky. It is totally impossible to win a battle.

"This..." Arbitrariness Cang at this moment can not help but some hesitation, just want to open the mouth to block, but see ye Chen look indifferent smile.

"Hehe, since you challenge me, it seems inappropriate for me not to respond to the challenge, but can you wait for me for a few minutes?"

Maybe it's because I came to liudaozong to understand the previous life, or maybe it's the effect of YUEYE spirit marrow. Ye Chen has the feeling of breaking through the six layers of heaven.

Hearing Ye Chen's words, a well-known disciple of liudaozong couldn't help being stunned, and the elders also showed a surprised expression.

What is the meaning of Ye Chen's move? Breakthrough? Even if ye Chen can break through temporarily, it can't be Liu yunmiao's opponent. The heaven God realm and the sky mending realm are just the distance between heaven and earth, which is an insurmountable gap!

"Ha ha ha ha!"

Hearing Ye Chen's words, Liu yunmiao is looking up at the sky and laughing, but the killing intention in his eyes is becoming more and more intense. He thinks that ye Chen is humiliating him.

Liu yunmiao believes that ye Chen said this, obviously to express his displeasure to himself, and that it is a shameless thing for ye Chen to make up for the heaven realm.

However, Liu yunmiao doesn't care about these at the moment. He doesn't like Ye Chen's arrogance. He doesn't want to pretend that he has no real ability to join liudaozong. This will be an insult to liudaozong. He doesn't allow such things to happen.

Therefore, Liu yunmiao looked at Ye Chen coldly, then said: "since you want to rest, then rest is."

"But I warn you, if you and I fight after the rest, you are not my opponent. Don't make any excuses and get rid of liudaozong immediately. Never get close to liudaozong, or I will kill you!"

Hearing this, ye Chen eyebrow tiny pick, but not humble and arrogant smile way: "good, I promise you, but if I beat you, you will be my servant."

"Bold, let brother yunmiao be your servant. You are looking for death!"

"Let brother yunmiao be your servant. You are looking for death!"

Hearing Ye Chen's words, a disciple who had made friends with Liu yunmiao immediately couldn't help but start to drink and curse.

"Hum, you are too arrogant. Brother yunmiao should stab you to death with a sword, and let you, the pretending generation, show your true colors!"

Hearing these people's words, ye Chen glanced at them coldly. These guys are really noisy. Even if he doesn't want to pay attention to them, he is also a little upset at the moment.

Just a glance, but it contains a towering ferocity, as if the supreme master looked down, like the Lord of heaven looking at the mole ants, that kind of indifference, that kind of cold killing intention, let a group of disciples even feel stiff body, hands and feet cold.
