

## Physician 3681

### Chapter 3681

Even Liu yunmiao, now feel a burst of fear, look at Ye Chen's eyes can not help but strange.

"Gentlemen

Liu yunmiao raised his hand and opened his mouth and said, "this is the matter between me and ye Chen. Please don't say too much."

Hearing this, a group of disciples of the six schools closed their mouths, but their eyes turned colder and colder when they looked at Ye Chen. Ye Chen's momentum just broke out, which made them all feel afraid.

Frightened by the waste firewood of a heaven God realm, the disciples of the six Taoism sect felt extremely ashamed and even became angry. They were eager to take ye Chen down immediately.

But at the moment, ye Chen is looking at Liu yunmiao, indifferent to say: "how? Do you dare? "

"Good! I will promise you, if you can beat me, what if I am your servant? "

Liu yunmiao looked at Ye Chen scornfully. He took the sword out of his hand and took it back. Then he said, "but it's impossible. If you want me to be your servant, you can't do it."

"We'll see."

Ye Chen looks as if he is, and then regardless of the gaze of the crowd, goes straight out of the hall, and then under the gaze of a group of people, he finds a small peak which is not high or low, and stands on the top of the mountain.

"Boom

Ye Chen's self indulgence completely erupts. In an instant, the magnificent Hongmeng Qi sweeps out, and the endless aura surges. At this moment, ye Chen no longer suppresses the realm, and the thunder disaster suddenly comes.

On the sky, the fierce thunder exploded in an instant, and the endless thunder light swept over the sky. At this moment, the whole six Taoist schools seemed to be shrouded in a world extermination disaster, which made people's faces slightly changed.

"This is the thunder robbery that can be triggered by the martial arts in the heaven God realm?"

A half step mending the sky disciple could not help but look at the thunder robbery and cried out. After all, even if he saw the thunder robbery, he felt creepy when he saw the thunder robbery. How could ye Chen's state be so low that he could not induce such a thunder robbery.

"Is this boy really not simple? How can ordinary warriors trigger such a terrible thunder robbery

"But the six soul searching arrays all show that his talent and blood are extremely poor, and the six soul searching arrays will not have any problems."

For a moment, many disciples were noisy and talking, and Liu yunmiao looked at the thunder robbery on the sky in surprise. The intensity of the thunder robbery shocked him.

"Is it true that this arrogant guy has some skills?" Liu yunmiao murmured in his heart.

At the moment, the elders can't help but be surprised. Their eyes twinkle, especially the Taoist priest and the arbitrary Cang. They both look at each other with deep expectation. They expect Ye Chen to create a miracle and expect Ye Chen to be a great genius!

But at the moment, ye Chen ignores the public's reaction, looks at the sky on the mighty thunder, the corners of his mouth hook up a radian.

Although the thunder was powerful, it did not give him the slightest sense of threat. Instead, it was to deliver food.

Ye Chen saw golden thunder from ray robbery before, even broke the golden thunder, absorbed many golden emulsion of the thunder purification and condensed, this emulsion is a great supplement, can harden flesh and forge spirit, is a rare curiosity. Since

has broken through the golden emulsion before, ye Chen began to look forward to the thunder robbery, and even remembered the golden emulsion.

At the moment, looking at the vast thunder robbery above the sky, black thunder dragons roar in the sea of clouds, and endless thunder light explodes, which is incomparable and shocks the sky.

Ye Chen suddenly flies up, regardless of the startled eyes of all the people below, with a towering momentum, the supreme imperial power sweeping all over the sky, and directly bumps into the thunder robbery.

"Boom

At the moment when ye Chen rushes into the thunder robbery, the dark clouds on the sky turn up crazily, and the thunder light shakes in the dark clouds. At the moment, all the people of the six Taoism sects are stunned, including the Taoist robe elder and the arbitrary Cang.

"Is this guy really a genius? Make sure he's not a complete lunatic

Arbitrariness Cang's expression is strange. He has never seen anyone who would take the initiative to rush into the thunder robbery. This will arouse the vibration of the rules of heaven and earth, and it is the act of looking for death.

is just now, no one can make complaints about it.

All the people below talked in succession, no matter the disciple or the elder, were frightened by Ye Chen's sudden move, and completely regarded Ye Chen as a complete madman.

These people even speculated that ye Chen knew that there was no chance of winning the battle with Liu Yunmiao, and he did not want to lose face, so he chose this way to seek his own death.

But at the moment, everyone's guess Ye Chen is not clear. He is stepping in the endless sea of thunder, fighting against the Thunder Dragon coming from the endless rage. One move can break countless thunder dragons.

Ye Chen's whole body is glittering with bright divine aura. There are also Buddha's light and dust tablet's protection. The sound of Tianlong and eight gods makes the mighty wind of Hongmeng turn and Hongmeng notes hover around Ye Chen.

Ye Chen is like an invincible God of war. In the sea of thunder, the God blocks and kills the God. In a flash, he rushes into the center of thunder. But at the moment, in the eyes of all the six Taoism sects, the thunder robbery on the sky is from time to time sending out bursts of destroying the sky and destroying the earth, which makes the whole six Taoism sect fall into a terrible tremor.

At the moment, the thunder clouds continue to shake, like a towering giant fighting in the thunder robbery. The thunder robberies are concussion endlessly, as if the next moment will be broken, so that everyone's eyes are dull.

"What the hell is this kid doing in there?" Arbitrary Cang opened his mouth, some do not know what to say.

At the moment, a group of disciples and elders also look strange. The constant news from the thunder robbery clearly shows that ye Chen has not died. It seems that ye Chen is still alive. Otherwise, such a terrible shock could not have broken out.

However, ye Chen is so arrogant that he will inevitably encounter a terrible bombardment when he rushes into the thunder robbery. However, why he can persist? In their opinion, ye Chen should have died long ago.

At this moment, ye Chen, who should have died in people's hearts, shuttles freely in the sea of thunder. As if he were in a state of no man, the violent power swept over, as if to shake the sky. Endless thunder could not stop Ye Chen's steps.

Ye Chen is catching up with a golden thunder. Originally, ye Chen thought that the golden thunder would stay in the center of the thunder robbery, and he would go to the breaking to absorb the golden emulsion.

However, what ye Chen didn't expect was that the golden thunder seemed to have experienced the previous events and was afraid of himself. He even learned to run away. At the moment, he controlled the infinite thunder and bombarded himself, but the golden thunder was running around and didn't want to let Ye Chen break it.

"Well, can you run away?"

Ye Chen chases the golden thunder. He is a little annoyed. He can't help but roar and press down.

"Boom

In the sea of endless thunder, a violent big handprint is suddenly pressed down. It contains endless ferocious power. The mighty power flows, and the light of Buddha reflects everywhere.

As soon as the big hand print appeared, it contained the power to suppress the sky, and instantly slowed down the golden thunder movement.

Ye Chen is about to catch the golden thunder. The golden thunder seems to be flustered and even trembles. The thunder robbery on the sky shows signs of dissipation.

, this golden thunder knows nothing about ye Chen, but wants to directly disperse the thunder robbery, let Ye Chen break through, and escape the fate of being absorbed by the golden emulsion at the same time.

Seeing this scene, ye Chen's eyes sparkle. He didn't expect that the golden thunder could still make such a move. Obviously, he was full of wisdom.

"If you want to escape, I won't allow it!"

Seeing that the thunder robbery is about to dissipate, the golden thunder is gradually disappearing. Ye Chen is in a hurry, exploding to kill and sweeping with a sword.

"Boom

The destruction Shinto erupts and destroys everything. The fierce power of annihilating the starry sky sweeps across, and the fierce killing intention roars.

For a moment, the evil sword stabbed the golden thunder. The golden thunder seemed to give out an unwilling roar, and then exploded completely with a roar.

"Wow

The people watching the thunder robbery below can only hear the sound of water in the thunder robbery, and the dark clouds above the sky begin to dissipate.

Then, a golden light bloomed from the thunder robbery, but soon, the golden light seemed to be gathered, and then ye Chen's figure appeared.

Ye Chen is on the top of the sky and looks at the people below indifferently. At the moment, his momentum is more majestic, just like an invincible being. His prestige covers the whole six schools, making many disciples want to kneel down.

just at the moment, the public did not notice that ye Chen's body was shining from time to time, a very intense electric wire, which came out of the golden emulsion, and emerged from the body of Ye Chen to destroy the leaf Chen.

is only the body of Ye Chen's strong body, and the realm is also breaking through again, reaching the six tier sky of heaven. This golden lotion is no longer indispensable. After a period of time, it is completely refined by Ye Chen.

"Hoo..."

Ye Chen slowly spits out a mouthful of turbid air, which floats in the air, but seems to contain endless pressure, even the void collapses.

At this time, the Taoist robe elder looked at Wu Duan Cang, and several others, like the Taoist robe elder, had very profound accomplishments. At the moment, they all looked shocked.

when the clouds disappeared, the others could not see them, but they saw with their own eyes that ye Chen had pierced a golden thunder and then took the golden thunder as the most pure gold emulsion of the thunder force.

This is simply against the sky, even if it is a top genius can not do it, ye Chen dare to do such a thing, obviously Ye Chen is not simple, simply extraordinary to the extreme.

"I'm afraid that this boy, as he said, is not only as talented as other disciples of the sect, but also may lead liudaozong to become the first sect in foreign countries."

At the moment, arbitrariness can't help but come up with an idea that he can't believe himself. He doesn't even understand why he has such an idea. It seems that it is a feeling in the dark that influences his thought.

Chapter 3682

Ye Chen's action is too shocking. Cang and others, who saw this scene, did not say it. After all, if this matter spreads out, I'm afraid it will make all the heaven and the world set off a storm.

At this moment, ye Chen refined the golden thunder and successfully broke through to the six layers of heaven. His eyes slowly turned and looked down at Liu yunmiao.

"Now you and I can fight."

Ye Chen's mouth corners hook up a wibe of radian, calmly said.

"Good!"

Looking at Ye Chen, Liu yunmiao is shocked. He has experienced the thunder robbery just now, and the arrogant act of Ye Chen rushing into the thunder robbery. Liu yunmiao has already understood that ye Chen is absolutely not simple.

Therefore, Liu yunmiao no longer despises Ye Chen. Instead, he takes Ye Chen, who is only six layers of heaven and God realm, as his real opponent. He is extremely cautious and tense. His whole body is tense, and his internal strength is gathering wildly, waiting for a battle with Ye Chen.

"You go ahead, or you won't have a chance if I do."

At the moment, ye Chen looks at Liu yunmiao and says in a flat tone.

As soon as this was said, not only many disciples of liudaozong were furious, but also Liu yunmiao, who regarded Ye Chen as his real enemy.

Liu yunmiao admits that ye Chen has some skills, but he can't be so arrogant if he has the ability. However, if he breaks through the heaven God state for six days, does he not know the sky is high and the earth is thick?

"Well, I'll see how good you are

The most important thing to defeat Liu mien is to defeat him with all his strength.

"The clouds are far away from me!"

Liu Yunmiao roared, the sword in his hand was filled with endless clouds at the moment. The clouds were boundless and boundless, covering the whole sky in an instant.

This is Liu Yunmiao's original creation, so it is named by himself. This is Liu Yunmiao's strongest blow. He wants to crush Ye Chen with a thunderous posture, and defeat Ye Chen's arrogance!

At the moment, the clouds are vast, and Liu Yunmiao is in the fog, and his body has become ethereal, while the sword in his hand is full of fierce and incomparable natural disasters.

The atmosphere of this natural disaster is magnificent and violent, just like the supreme disaster that destroyed the earth and the sky. No one can stop it, and no one can survive such a disaster. Under the ethereal robbery, all living beings will fall!

This sword contains the supreme intention of killing and cutting. The magnificent and powerful breath of natural disasters makes many elders of the six Taoism sect who watch the battle nod to themselves. Liu Yunmiao's sword is indeed some wonderful.

But at this time, Ye Chen faced this terrible sword, but his face was calm, and he didn't even have a ripple in his heart.

In the clouds, Ye Chen seems to be able to see the trace of Liu Yunmiao, and his eyes are always moving with the misty Liu Yunmiao.

In the boundless mists and mists, Liu Yunmiao's figure seems to be everywhere, and the terrible atmosphere of natural disasters pervades the clouds, which makes people feel nervous and anxious.

But at the moment, Ye Chen's face is calm and incomparable, the eyes moved indifferent, as if to have been able to capture the location of Liu Yunmiao.

At the same time, Liu Yunmiao also has a strange feeling in his heart, as if he is really locked by Ye Chen. No matter how he moves, he can't get rid of his skills, and he can't help but feel anxious between his eyebrows.

"If you don't do it again, I'm afraid you won't have a chance."

Ye Chen's mouth angle draws up a wide grin, then opens his mouth to say.

As soon as he said this, Liu Yunmiao was shocked. He realized that his heart of Tao was affected and could not delay it any longer. Otherwise, his fighting power would be greatly damaged and he could not defeat Ye Chen at that time.

"An ethereal sword, cut off the spirit and cut off the thought!"

Liu Yunmiao roared, and his body suddenly burst out of the clouds. He was in front of Ye Chen, furious and unmatched. The terrible sword of natural disasters pierced Ye Chen's heart.

"Good!"

Seeing Liu Yunmiao appear, Ye Chen doesn't panic at all. Instead, he praises Liu Yunmiao's sword.

However, at the next moment, Ye Chen's spirit of Hongmeng emerges. He holds a Sha sword, which seems to be extremely slow, but in fact, it is as fast as thunder. Later, he comes first, and collides with the long sword from the explosion.

"Destroy Shinto, explode!"

Ye Chen's eyes vibrate, and the terrible breath of destroying the heaven and earth sweeps out. The moment when the sword full of the natural disaster atmosphere collides with the Sha sword, it trembles violently.

The next moment, the God of destruction swept out, and the great power of destroying everything instantly destroyed the sword. Without delay, the destructive power rushed to Liu yunmiao.

"Not good!"

Seeing this scene, Liu yunmiao's face changed greatly, and Ye Chen's destruction Shinto broke out, giving him a feeling of extreme danger, and even the death crisis shrouded him.

"Huagai tianpingguang!"

Liu yunmiao roared, and the vast rules of heaven and earth surged. From the sky, a bright god's awn, which seemed to gather the brilliance of countless stars, shrouded Liu yunmiao in it. The divine awn turned into a thousand auspicious barriers and firmly blocked in front of the Sha sword.

"It's interesting." Although Ye Chen's eyebrows are slightly raised and the sky screen light is not as good as that of Hongmeng ancient method, it is not much different. Obviously, the person who created this magic power is very important.

But at this moment, Huagai tianpingguang faces the evil sword that destroys everything, but it is broken in an instant. The power of Ye Chen's sword is so terrible that it can hardly be resisted, just like an invincible master.

Seeing this scene, Liu yunmiao's face changed completely. He watched the evil sword stabbing at him, and felt that the boundless hell seemed to be enveloped.

Just when Liu yunmiao thought that he was going to die under this sword, the violent power contained in the Sha sword suddenly dissipated, and the Sha sword from the explosion swept across Liu yunmiao's nose.

Ye Chen took a sword flower, and then put the Sha sword on his back. He danced with his coat and robe. Just before the battle, the concussion breath gradually calmed down.

At this moment, ye Chen seems to be an invincible sword God, holding the most powerful sword skills, floating in the world, out of the ordinary.

"From now on, you are my servant."

Ye Chen looks at Liu yunmiao, the corners of his mouth hook up a radian, calmly said.

"I..."

Hearing this, Liu yunmiao looks at Ye Chen with complicated eyes. He regards Ye Chen as a liar, so he wants to expose Ye Chen, but he is defeated by Ye Chen.

However, Liu yunmiao is not a man who can't break his word. Since he has made a bet with Ye Chen, he will not violate it. At the moment, the complex emotions in his eyes are restrained.

Liu yunmiao bows to Ye Chen and salutes, "Liu yunmiao has seen the master."

"Good."

Ye Chen nodded quietly, then motioned him to get up.

At the moment, all of the disciples of zhanzong can see their extraordinary talent even though they are not popular.

Liu yunmiao, who was able to defeat Liu yunmiao in tianshenjing's six layers of heaven, is a rare and astonishing metamorphosis.

But at this moment, ye Chen let Liu yunmiao be his servant, but also infuriated a group of disciples of the six schools.

"Ye Chen! Since you are confident that you want to be the chief disciple, it's not enough to defeat younger martial brother Liu. Count me in! "

"And I, ye Chen, I want to let you know the horror of the six schools, and let you understand what it means to have people outside people and heaven and earth."

"You are too arrogant. I want you to understand that arrogance can only bring disaster."

At the moment, many figures rose into the sky, all of them were disciples of the six Taoism sect. The grand momentum of mendianjing swept out and even made the sky burst.

Ye Chen caused the rage of all his disciples. At the moment, he was criticized by thousands of people. Looking at the murderous appearance of the crowd, ye Chen was not satisfied with it.

Chapter 3683

"What? Do you want to deceive the less with more? "

Ye Chen's eyes are playful. The disciples of the six Taoism sect are obviously angry. At least there are at least a dozen mendianjing in front of them. If these people join hands, they are certainly not rivals.

As soon as this was said, the disciples of liudaozong also looked pale. The disciples of liudaozong had their own pride. They disdained to join hands to deal with Ye Chen.

"Ha ha, you don't have to join hands to let me meet you with Zhou fengsha!"

At the moment, a tall and strong disciple looks at Ye Chen. His momentum is rolling, and he has obviously reached the fourth level of sky mending.

Seeing this, Ye Chen's eyes are slightly narrowed. He can defeat Liu Yunmiao of the second layer of sky mending realm, but facing Zhou Fengsha of the fourth layer sky, I'm afraid it's very difficult to defeat the other party.

Obviously, these disciples of the six schools also roughly saw the details of Ye Chen. He knew that although Ye Chen was against the heaven and was able to defeat Liu Yunmiao with the strength of the heaven God realm, he would be in a tight corner in the face of a stronger one.

At this moment, when he was in the predicament, he was thinking about how to solve the problem.

"Enough!"

"Ye Chen defeated Liu Yunmiao, but also passed the test of your group of disciples and proved his talent," Cang said in a low voice

As soon as this was said, a group of disciples of the six schools of Taoism were in an uproar, but they did not dare to refute the arbitrary Cang. They could only look at Ye Chen reluctantly.

"Ye Chen, I can agree to let you be the chief disciple, but you must also promise me one condition."

"What conditions?"

Ye Chen looks at the arbitrary Cang, the heart moves, this is obviously the last test, as long as he can pass, he can achieve his goal.

"If you can go in and out of Zhenhun forest freely, I will promise you to be the chief disciple."

As soon as this word was uttered, a group of disciples of the six schools of Taoism were stunned, and then they all looked at Ye Chen with playful eyes.

Zhenhun forest, which is the training place for the disciples of the six Taoism schools, tests the spirit and heart of the disciples. It is set up by Xiao Shuihan, the founder of the six Taoism schools.

Although the town's soul forest is only one kilometer away, it is extremely difficult. Every step is a test. At present, Yang Qianyu, the best disciple of the six schools, is also the most likely to be the chief disciple. After walking 320 meters, Yang Qianyu shocked the whole six Taoism schools and regarded Yang Qianyu as a top talent.

The record of walking the most distance in zhenhun forest was created by Yin Zunxiao, the seventh patriarch of liudaozong. It was 530 meters in total.

Therefore, in the minds of many disciples of the six Taoism sect, zhenhun forest can not be completely completed. If we can reach the end of zhenhun forest, it will be an invincible existence that can become the Supreme Master, control the heaven and surpass the world.

In front of Ye Chen, obviously can not be such a person.

At the moment, a large number of disciples thought that arbitrary Cang must be making trouble for ye Chen. He also believed that ye Chen wanted to be the chief disciple, so he deliberately humiliated Ye Chen by using zhenhunlin as an excuse.

However, these disciples' ideas were all wrong. Wu Duan Cang really expected Ye Chen to create miracles. Even the Taoist robe elders included, many elders of the six Taoist schools were full of expectations for ye Chen at the moment.

Ye Chen's ability to defeat Liu yunmiao, who mends heaven's realm, shows that ye Chen's blood and talent are extraordinary.

The zhenhun forest is a test of the spirit and the Taoist heart. If ye Chen can finish the zhenhun forest, it shows that ye Chen not only has the supreme talent, but also has the Daoxin which is the supreme existence!

If ye Chen's talent goes against the heaven to this degree, as long as there is no accident, ye Chen is doomed to be a terrible evil spirit.

In this way, it is possible that ye Chen can fulfill his great ambition and lead the six Taoism sect to become the first sect in foreign countries, which even Xiao shuihan, the founder of kaipai, has not done.

At the moment, ye Chen saw the expression of a group of disciples, and knew that the town soul forest was not simple.

However, ye Chen's look was still indifferent. He saw the expectation in the eyes of arbitrariness Cang, and then he said, "OK, I'd like to try this town soul forest."

As soon as he said this, his eyes brightened, and then he clapped his hands and said in a loud voice, "where is Yang Qianyu?"

"Boom

For a moment, a terrible wave appeared on the top of the mountain in the depth of liudaozong, and a terrifying figure, which broke through the heaven and earth, rose abruptly.

The momentum of this figure is magnificent, and the speed is even faster to the extreme. When you see a flash of light in the sky, a graceful figure appears in front of the arbitrary Cang.

This figure has elegant black hair, wears a Taoist robe, and has a sharp sword pinned to his waist. It seems that there are many days flowing in his eyes. It looks extraordinary. It is Yang Qianyu.

Yang Qianyu, the first of the disciples of the six schools of Taoism, was very strict with his own requirements and had been concentrating on training. Therefore, he did not appear to join the party after ye Chen arrived. He only came when he heard the call of arbitrary Cang.

"Master, Lord."When Yang Qianyu arrives, he greets the Taoist robe elder and Wu Duan Cang respectively, with the meaning of inquiry in his eyes.

Seeing this, ye Chen's eyes flicker. No wonder Yang Qianyu and the Taoist robe elder look very similar in temperament. They are the disciples of the Taoist robe elder.

"Ha ha, humble Yu, your realm is getting higher and deeper."

At the moment, the Taoist priest looked at Yang Qianyu and couldn't help but smile with satisfaction. As his disciple, Yang Qianyu taught him with all his heart and had high expectations for him. Yang Qianyu did not live up to his expectations and made great achievements.

"I'm flattered."

Yang Qianyu heard the speech and said respectfully.

And at this moment, arbitrary Cang also looked at Yang Qianyu's satisfied nod, and then looked at Ye Chen, "this is Ye Chen. He wants to be the chief disciple of the liudaozong. I promised him."

"Oh?"

When Yang Qianyu heard the speech, a flash of surprise flashed in his eyes. He could not help looking at Ye Chen. He had been working hard for the position of the chief disciple. Now he heard that ye Chen wanted to be the chief disciple, but he was not annoyed at all. Instead, he was curious.

Seeing that ye Chen's realm was only the six layers of heaven, Yang Qianyu was even more surprised, and then said with a smile: "this ye Chen brother is such a realm. If he wants to be the chief disciple, the patriarch can still agree. Obviously, he has something special about him."

"He does."

The arbitrary Cang hears the speech and nods.

At the moment, ye Chen looks at Yang Qianyu, and his heart also rises with a good feeling. Yang Qianyu is modest and devoted to practice. He is not arrogant and impetuous when he encounters things. He even doesn't get angry when he wants to seize the position of the chief disciple. It's really rare.

Then, arbitrary Cang opened his mouth and said, "this time I call you to come here to let you give ye Chen a demonstration and go through the zhenhunlin."

Chapter 3684

"Good."

Yang Qianyu didn't hesitate when he heard the speech and agreed to come down. In fact, during this period of time, he devoted himself to practice, and his realm was greatly improved. He also wanted to go to zhenhunlin to see how much he had improved.

At this moment, Yang Qianyu also learned from Wu Duan Cang and other people that ye Chen had made an agreement with Wu Duan Cang that if ye Chen could enter and leave zhenhun forest freely, he could become the chief disciple.

Knowing the news, Yang Qianyu was even more surprised. Even he felt that the town soul forest was extremely difficult. It was a mountain that was difficult to climb. It was impossible for ye Chen to go in and out freely.

And Yang Qianyu also admired Ye Chen for daring to agree to such a request of arbitrariness Cang, and immediately stopped talking about it. He took Ye Chen to zhenhunlin directly.

A group of people, all came to the town soul forest, where is already the location of the six Taoism sect, the aura is more and more strong.

Zhenhun forest is actually a bamboo forest. At the entrance of the bamboo forest, there is a stone tablet with three words written on it.

The stone tablet is magnificent, as if it can suppress the heavens, and contains infinite power. However, the bamboo forest looks very ordinary, which is no different from the bamboo forest that can be seen everywhere.

However, if we observe carefully, we can find that the bamboo forest is actually formed by the power of spirits, which was created by Xiao shuihan, the founder of the six Taoism sect.

The spirit of the bamboo forest, contains endless pressure, in such a bamboo forest, every step is difficult.

At the moment, Yang Qianyu stood at the entrance of the town soul forest and looked at Ye Chen, showing a modest smile, "brother Ye Chen, you look after it."

"Good."

Ye Chen smiles and nods at the smell of speech. Yang Qianyu is a good man. Of course, his attitude should be more friendly.

Later, Yang Qianyu walked directly into the town soul forest without hesitation.

As soon as Yang Qianyu entered the zhenhun forest, the vast spirit power surged up and spread in the bamboo forest like a storm.

Yang Qianyu walked into the zhenhun forest. Every step he took, the fluctuation of the power of the spirit was terrible. Gradually, the power of the spirit even turned into a storm and roared in the forest, shaking Yang Qianyu's body.

Step by step, Yang Qianyu's face became more and more dignified. The power of the spirits around him turned into a storm, which made him look like a boat in the rough sea.

"It's about three hundred thirty meters!"

"Elder martial brother Yang is really extraordinary. He surpasses himself before. It seems that he can continue."

"Ha ha, this is the real genius, ye Chen. You should take good care of elder martial brother Yang carefully. This is the person you can't catch up with in your life!"

At the moment, a large number of disciples cheered up, and others made a mockery of Ye Chen.

Ye Chen is indifferent to this, and he doesn't care at all. He has a firm heart. How can he be shaken by a few words from an outsider.

"Roar!"

At this moment, Yang Qianyu has already walked 340 meters. The power of the mighty spirits around him has even condensed into a wild beast. Watching Yang Qianyu open his mouth, there are even fierce beasts roaring and killing.

Seeing this scene, all the people hold their breath and concentrate, as if they were in the scene. They couldn't help holding their breath, and the atmosphere did not dare to breathe.

But under such circumstances, Yang Qianyu's eyes are firm and incomparable. All the power of these spirits condenses is in fact a false image, a false image to the extreme.

With the killing of these fierce beasts, the moment they approached Yang Qianyu and the moment when the attack fell on Yang Qianyu's body, they all quietly dissipated and did not cause real damage.

The reason for these visions is that the heart of Tao is not strong enough to stand on a rock and never waver. Then these visions will come into being.

Zhenhun forest tests the heart of the warrior. The deeper you go, the more terrible the test will be. If your faith is not strong enough, the more terrifying these visions will become. In the end, they will even become the supreme existence and directly kill the experimenters.

Yang Qianyu knows all this in his heart, but it is based on his inner fear derived from things, he can not be completely unaffected.

At this moment, with step by step, Yang Qianyu's forehead even emerged a little thin cold sweat, the breath on his body was disordered, he was almost to the limit.

"390 meters! Elder martial brother Yang walked 390 meters! "

"It's 390 meters, ye Chen. It's a height you can't reach in your lifetime."

"Elder martial brother Yang can continue, he is still walking!"

Liu daocong's disciples yelled, but at the moment, Yang Qianyu seemed to have all the heaven and earth on his body. Every step was extremely difficult, and every time he lifted his legs, he seemed to have exhausted all his strength.

Yang Qianyu never walked in the town soul forest for the first time. At the moment, he was sweating like rain. In the face of endless visions and killing fierce beasts, Yang Qianyu's eyes showed a touch of fear, and his body began to tremble.

"398 meters, nephew Yang is already very good."

An elder saw this scene, touched his beard and sighed."Yes, this is a good achievement. Besides, he is still young and can make great progress again."

"It's not that everyone can walk up to 530 meters like Lord Yin Zunxiao, and it's impossible for anyone to enter and leave zhenhunlin freely."

There are elders like this said, in fact is to leaf Chen innuendo.

Hearing these words, ye Chen looks as usual, not moved at all.

Seeing this, both the arbitrary Cang and the Taoist priest nodded in secret. Although I don't know how ye Chen's performance in zhenhunlin will be, it's very good to be able to be calm now.

"Four hundred meters!"

At the moment, with the voice of a disciple, Yang Qianyu's body fell directly to the ground when he took the last step. He had tried his best. 400 meters was his limit.

"All right."

Seeing this scene, Arbitrariness Cang waved his hand indifferently, and Yang Qianyu was led out of the town soul forest by him.

"Lord."

Yang Qianyu's face is slightly pale. Looking at the arbitrary Cang and Daopao elder, he looks a little ashamed. He is not satisfied with his achievements and wants to be better.

"Well, it's already very good."

Arbitrariness Cang patted Yang Qianyu's shoulder and said with appreciation.

"Ye Chen, it's your turn."

The Taoist priest looked at Ye Chen with a smile and said.

"Good."

Ye Chen's jacket and robe are shocked, and the momentum of the sky bursts out. It seems that he has no fear of zhenhunlin and takes a step forward.

Ye Chen walks into the zhenhun forest. The bamboo forest, which was already calm down, suddenly roars. It is extremely violent, and the power of destroying the heaven and destroying the heaven is swept by.

The power of the vast spirit even turns into a supreme being, and hands to Ye Chen, as if to kill Ye Chen directly.

And this scene, also let the audience were stunned, such a vision only in the legend, near the end of the time will appear, how ye Chen stepped into such a scene.

"The boy's heart of Tao is too bad. Once he comes on the stage, he will be killed directly."

"Ha ha! Go away, you can't even lift my shoes for me

"Go away! The most arrogant boy, the six schools are not where you can stay

At this time, a group of disciples laughed and jeered.

Ye Chen is indifferent to stand in the town soul forest at the moment, looking at the explosion around him, as if to vanish the sky, completely erase his supreme existence, his eyes are full of indifference.

"Do you dare to attack me with your illusory things? Step back. "

As soon as ye Chen said this, a group of disciples immediately sniffed at him, and felt that ye Chen was still pretending to be shameless.

However, at the moment, the arbitrary Cang and the Taoist priest, as well as Yang Qianyu, who had just passed through the zhenhunlin forest, were shocked to see that Xiang Ye Chen's supreme existence had disappeared one after another.

"Hum..."

A concussion spreads out along Ye Chen's body. All the power of the spirit of zhenhun forest disappears silently. The whole bamboo forest becomes calm, as if it is just an ordinary bamboo forest.

At the moment, ye Chen is walking in the town soul forest, strolling in the courtyard, without any pressure at all. His expression is always indifferent, just like a traveler enjoying the scenery.

100 meters, 200 meters

Ye Chen walked 400 meters, just before Yang Qianyu's limit distance, but at the moment the town soul forest is still calm, as if not aware of Ye Chen's entry.

Seeing this scene, Wu Duan Cang and the Taoist robe elder looked at each other. Their eyes were deep and incomparable, and there was a glimmer of expectation.

Yang Qianyu looked at Ye Chen with admiration in his eyes. As soon as he got to 400 meters, he felt the overwhelming pressure. The heart of Tao was on the edge of breaking, and it was hard to survive.

However, ye Chen has always been calm and self-confident. When he reaches 400 meters, he can't stand any waves in his heart, and there is no vision. This shows that ye Chen's heart of Tao is stable to the extreme.

"No wonder the patriarch will put forward such a condition, this ye Chen may really be able to do it."

Yang Qianyu couldn't help sighing.

But at this moment, ye Chen is still moving forward, step by step, as if in a busy city, leisurely and comfortable, and getting closer to the end.

"500 meters!"

"He has reached 500 meters!"

At the moment, the disciples of liudaozong were stunned, even their eyelids fluttered. They felt that everything in front of them was an illusion and an illusion.

No one wants to believe that ye Chen, such a guy with six layers of heaven, could walk 500 meters and even approach Yin Zunxiao, the seventh patriarch.

And look at Ye Chen's relaxed appearance, it seems that he will surpass Yin Zunxiao. What a terrible and shocking thing it is.

"What kind of monster is this boy?"

At the moment, ye Chen has already surpassed Yin Zunxiao and walked 600 meters. However, his expression is still calm and has no change. Zhenhunlin is also calm and has no power surge. Gradually, with the continuous progress of Ye Chen, the people of liudaozong were even numb, watching Ye Chen walk step by step.

Only Taoist robe elder and arbitrary Cang, the light in their eyes is more and more bright, and now more and more elders are aware of this scene, and their eyes become full of expectation.

The elders of liudaozong hope to see a miracle, a miracle that makes them excited about the rise of liudaozong!

900 meters!

Ye Chen walked 900 meters, zhenhun forest is only one kilometer, ye Chen is only 100 meters away from the end.

At this moment, all people hold their breath and stare at Ye Chen. They dare not move their eyes, or even blink.

At the moment, the town soul forest is still a no wave appearance, it seems that ye Chen's entry is not detected.

Finally, ye Chen successfully walked to 999 meters, but he suddenly stopped at the moment.

Ye Chen is aware that, further forward, there will be a vision.

Immediately, ye Chen turns to look at the people outside the town soul forest and looks at himself. All of them are staring at him, expecting Ye Chen to take this last step.

"Oh."

Ye Chen looks at their looks, the corners of his mouth hook up a radian, and then step out.

"Boom

Between the heaven and the earth, the infinite great power emerges, and the mighty majesty sweeps across, as if the sky burst, the whole world overturns, all the light is swallowed up, and the heaven and earth fall into a darkness.

But at this moment, a painting appears at the end of zhenhun forest. Ye Chen looks at the picture at the end, and there are ripples in his eyes.

Because it's a memory of a previous life.

Chapter 3685

This painting is really the master of reincarnation in yechen's memory! How can this waste material become the chief disciple? How can he enter and leave zhenhun forest freely? "

"He is only six layers of heaven, which is impossible to achieve in such a state!"

At the moment, the disciples of liudaozong cried out in disbelief. Their eyes were full of doubts. They didn't believe the scene in front of them.

"Hum, I suspect that this boy used magic weapon to cheat and shield zhenhunlin's perception. Therefore, this can be done. I suggest that zongmen conduct a thorough investigation."

"Yes! We must check it out. This boy can't do this! "

Ye Chen heard these remarks, but he did not pay attention to them. At the moment, his eyes flashed, and his mind was still filled with emotion.

Xiao shuihan, as the disciple of the reincarnation master in the previous life, is the most affectionate disciple. Even the things in the six schools are related to the reincarnation master. This is how Xiao shuihan expresses his thoughts and strong feelings.

At the moment, arbitrary Cang saw Ye Chen's expressionless face and nodded secretly. He knew that ye Chen had not used any magic weapon at all.

Ye Chen was able to enter and leave zhenhun forest freely because his heart of Tao was as firm as a rock and could not be moved by foreign objects. Even the collapse of the universe could not affect his mind.

Ye Chen has amazing talent and blood, but also has the belief that no one can compare with him. This is the future of liudaozong and the hope of liudaozong's rising!

"Enough!"

At the moment, arbitrariness Cang did not open his mouth, but Yang Qianyu spoke out to stop the malicious speculation of a group of disciples.

Yang Qianyu looked cold and looked at his brothers. "The disciples of the six schools are not the ones who can't afford to lose. Ye Chen can freely enter and leave zhenhunlin. That's enough. There's no need to talk about it."

After that, Yang Qianyu turned to look at Ye Chen and bowed down sincerely, "younger martial brother Yang Qianyu, have met Ye Chen's elder brother!"

Yang Qianyu set an example. All his disciples were dumbfounded. Unexpectedly, he would agree with Ye Chen.

But at this moment, before and ye Chen gambling defeat, become Ye Chen's servant Liu yunmiao, at the moment is also looking at Ye Chen reverently, bowing to salute.

"Younger martial brother Liu yunmiao, I've met the elder martial brother!"

With the two of them as examples, many of the disciples bowed down to salute. They also recognized Ye Chen and respected Ye Chen as his senior brother.

But there are also many people, at the moment are cold eyed at Ye Chen, and do not call ye Chen the big brother, because they do not accept.

Most of them are inner disciples, especially the top ones. They have been competing with Yang Qianyu for the position of chief disciple.

Many inner disciples were not satisfied with Yang Qianyu and ye Chen. At the moment, they were expressionless and did not speak.

At this time, the arbitrary Cang to all this heart is clear, but also did not say interference, just look at Ye Chen, indifferent smile.

"The chief disciple can choose a place to practice. Ye Chen, where do you want to choose?"

The more he looked at Ye Chen, the more satisfied he was, the more he looked forward to it. If ye Chen did not encounter any accident, he would almost certainly be able to become the supreme existence. At that time, he might be able to fulfill his great ambition and make liudaozong the first sect in foreign countries.

Even back to heaven and man!

"The land of cultivation."

When ye Chen hears the speech, he comes back to God from the exclamation. His eyes flash and scan the whole six schools, and his spiritual consciousness sweeps out.

The six schools of Taoism are very big. He knows the place where ye Chen's divine consciousness has passed, and the quality of each place of practice.

Many of these places of cultivation are very popular, with rich aura and even visions. But at this moment, ye Chen's spiritual consciousness is still in a barren land where aura is exhausted.

It is also a big mountain, and even among the peaks in the six Taoist schools, it is towering up into the clouds. It looks very grand, but it is rare and strange.

"This place..."

Ye Chen heart micro motion, vaguely aware of what, the corners of the mouth hook up a radian.

At the moment, the people in liudaozong noticed that ye Chen seemed to have taken a fancy to this mountain peak with exhausted aura, and his face became strange.

Some disciples of liudaozong also sneered in their hearts, "it's really a heaven and God realm, and I haven't seen much of the world. The aura of huangquan peak has dried up. No one has chosen here for so many years. This boy was attracted by the huge mountain. It's really stupid."

At the moment, the face of arbitrariness Cang is also surprised. Looking at Ye Chen's eyebrows, he thinks that ye Chen must know that the mountain peak is short of aura. Ye Chen may have chosen this place because there is something different about this mountain peak, but liudaozong has not noticed it for so many years.

And at this moment, ye Chen has opened his mouth, "this is the mountain, I want it."

"Huangquan peak?" Wu Duan Cang has guessed that ye Chen wants to choose this mountain peak. At the moment, he is not surprised, but he reminds him, "the spirit of this mountain is exhausted. Are you sure you want to choose it?"

"Certainly."

Hear arbitrary Cang's words, ye Chen mouth corner is to hook up a wipe of radian, very firmly said. After hearing this, Cang also had no objection. He immediately opened his mouth and said, "well, from now on, this mountain will belong to you, and it will be your training place."

"Thank you, Lord."

Ye Chen is not polite. He flies directly to Huang Quanfeng without any stop.

Ye Chen is aware of Huang Quanfeng's anomaly. He wants to explore it to see if it is the same as his guess, so he is eager to go.

Chapter 3686

At the moment, seeing ye Chen leave, Yang Qianyu and Liu Yunmiao are eager to talk and stop. They want to remind Ye Chen to choose another one. However, ye Chen has made up his mind and they can't persuade him again.

At the same time, the remaining disciples of the six schools showed disdain.

"Ha ha, it's stupid to choose the worst mountain in the sect. Such a person is also worthy of being the chief disciple?"

"You are wrong. The elder martial brother doesn't want to fight for the good mountains. He leaves the good ones to us and chooses the bad ones. This is a sacrifice for others."

Some disciples laughed at him.

As soon as this speech came out, a crowd burst into laughter.

At the moment, Yang Qianyu and Liu Yunmiao are not worried about their faces. Yang Qianyu frowns, but also speak out without hesitation.

"Where the elder martial brother chooses is his own decision. What's the relationship with you? How can we discuss others behind our backs?"

"Yes, maybe Ye Chen chose this peak because he found its uniqueness." Liu Yunmiao followed.

On hearing this, many of the disciples of the six schools were cold eyed.

A fiery red hair, body fire aura fierce unmatched, as if to burst the sky disciple looked at the two.

"Yang Qianyu, ye Chen is only able to enter and leave Zhenhunlin freely. Maybe it's cheating. Are you so supportive of him that you've been blinded by lard?"

"Ha ha, brother Yang has a good eye. You can see at a glance that ye Chen's future is limitless. This is flattering in advance."

A group of people ridiculed Yang Qianyu, and others did not forget to take Liu Yunmiao.

"Liu Yunmiao, you lost your bet to Ye Chen, and gave him priority. But do you really want to be his loyal dog and speak for him like this?"

"What are you talking about?"

Hearing the speech, Liu Yunmiao suddenly flew into a rage and watched the other side's killing intention emerge. He failed to bet. Feng Ye Chen was mainly honest, but the other side said so bad that he was very upset.

"I say you are a loyal dog. Are you not convinced?"

The inner disciple who humiliated Liu Yunmiao was named Wang Wuwei. His strength was even better than Liu Yunmiao. At the moment, he gave a cold smile and his momentum broke out. He looked at Liu Yunmiao with contempt.

"If you are not convinced, you can come and try to see if I crush you. Dare your master come to fight with me!"

"Wang Wuwei, you are too much."

Yang Qianyu frowned at the moment, and the same momentum broke out. The violent force swept over Wang Wuwei like a storm, which made Wang Wuwei feel like a boat in the rough sea, and his face changed greatly.

"Yang Qianyu, don't forget I'm still here!"

At this moment, the fiery red haired inner disciple stood up, and the momentum also broke out. The endless flame swept across the sky, blocking Yang Qianyu's power.

Two people confrontation, in the eyes are the raging war spirit surging, obviously a word does not agree with the big fight.

At this time, however, the arbitrary Cang was indifferent to look at this scene and waved his hand.

"Get out of here. Don't make trouble here."

As soon as he said this, Yang Qianyu's momentum was restrained, and the rest of his disciples were honest. Obviously, he did not dare to violate the arbitrary Cang's meaning.

Seeing the disciples leave one by one, Wu Duan Cang also asked the elders to step down, leaving only the Taoist robe elders and other several of the most powerful beings to go to the main hall of the six Taoist schools and the six Taoist temples.

Among the six temples, Wu Duan Cang sat on the throne of the patriarch, and his eyes flashed with light when he thought of the scene in which his disciples had been arguing endlessly.

Arbitrary Cang can completely rely on their own dignity, so that the disciples dare not fight, but such a sect is just looking harmonious.

Just as the Taoist robe elder said, the six schools need the future, and the fresh blood is the future. They all have to let the disciples do it in the end. What they need is experience, not repression.

Arbitrariness Cang was very clear about the disharmony among his disciples, but he did not deliberately suppress it, but let them do it.

Because arbitrariness Cang understood that this was because no one in the clan could stand up and gather all people's hearts together.

Liu daocong needs a backbone. Although Yang Qianyu is good, his blood and talent are not outstanding. He can only be convinced, but this is obviously not enough.

At the moment, the appearance of Ye Chen made Wu Duan Cang see this hope. Therefore, Wu Duan Cang indulged his disciples' fighting behavior to see ye Chen rise, win over the hearts of the people, and let the six Taoism sects form a rope.

He put down his thoughts and looked at the Taoist robe elder and the people. His eyes flashed. Then he said, "Ye Chen's extraordinary talent is the blessing of my six Taoism sects, and even the chance of my six daocong's rise. You must keep this secret, and definitely not let Ye Chen's rebellious position be exposed."

Wu Duan Cang's eyes flashed with cold light, and then he said in a low voice: "otherwise, those guys in the past would not let Ye Chen rise steadily. If such a unique genius falls on the way, it would be a pity for my six Taoism sect."

"I'll see."

At the moment, the Taoist robe elder and the others look at each other. They have a high realm. They have been loyal to the sect for many years. Now they all see ye Chen's extraordinary and agree with the words of arbitrary Cang."However, you should not connive at Ye Chen. It's not a life and death crisis. You can ignore it. If you want to grow up, you should not only have talent and opportunities, but also rely on yourself to experience all the things. In this way, you can become a real supreme being."

It's hard for the elder to reach the summit of the world.

Without experience, no matter what kind of genius, no matter how high the level of cultivation is, it can not stand the test, suffer setbacks, and can not achieve great things.

Although liudaozong has been declining in recent years, neither the arbitrary Cang nor the Taoist robe elders are mediocre.

In fact, they can't do it better by virtue of their abilities.

Liudaozong fell down from the altar, from the top power to the present moon soul domain sect. In fact, no matter the former friends or hostile sects, they do not want to see the liudaozong rise again.

If there is any sign of the rise of liudaozong, these sects will immediately cut off, or even tear the last face, and directly erase the liudaozong.

Therefore, although they were ambitious, they did not dare to do so, because if they made a mistake, they would fall into the abyss of doom, and they could not bear the responsibility.

The emergence of Ye Chen brought hope and crisis to Wu Duan Cang and others. They must protect Ye Chen well, otherwise it will bring disaster. The six Taoism sect may face the extreme disaster.

## Chapter 3687

At the same time, when Wu duancang discussed with Daopao elders and others, ye Chen had already left his feet in huangquan peak, and even toured the whole huangquan peak.

When ye Chen used his spiritual sense to investigate the peaks, he found that there was something strange about huangquan peak, which was not as dry and dilapidated as it seemed on the surface, and there was a good chance to hide it.

Therefore, after ye Chen arrived at huangquan peak, he immediately searched one side, but could not find any strange places.

At the moment, ye Chen stands in Huang Quanfeng's dilapidated and dusty hall, frowning slightly. He is sure that his feeling will not be wrong, but how can he not find this strange place hidden?

At this time, ye Chen noticed that there seemed to be a vibration under his feet. In a moment, the light in his eyes lit up, which was the feeling! He had just discovered this point in his spiritual knowledge investigation and chose Huang Quanfeng.

"At your feet." Ye Chen's eyes are deep, and his spirit is revealed. He goes deep into the ground under his feet, but he finds that there are prohibitions.

This prohibition is incomparably powerful and contains endless force of prohibition. It seems that even the heaven and the world can not resist such force. Ye Chen's face does not change slightly.

"What is hidden under the yellow spring peak..."

Ye Chen murmured, and at the moment, his spiritual sense touched the seal, but he found that the body of the samsara cemetery vibrated, and the picture of blue and yellow spring had a change at the moment.

At this moment, the prohibition was suddenly released, and ye Chen's divine sense entered easily. However, he found a magnificent atmosphere, which was full of spirit.

"This is The holy water of the netherworld

Ye Chen's face glows with joy. The spirit water of the yellow spring and the river water of the yellow spring grow together. Carefully speaking, the spirit water of the yellow spring comes from the condensation of the river water of the yellow spring, and after the condensation of the spirit water of the yellow spring, it will supplement the water of the yellow spring.

In the picture of Biluo huangquan, ye Chen's huangquan River also has a lot of miraculous water, but it can be regarded as the foundation of huangquan River, and he will not use it at will.

At the moment, ye Chen found such a vast spiritual water of the yellow spring. He had already guessed that it was the place where Xiao shuihan practiced in ancient times.

After all, the power of the netherworld spirit water is powerful and precious. It has been controlled by the reincarnation master of the previous life. It is impossible for ordinary people to have the water, let alone such a large amount.

Only when Xiao shuihan was so close to the reincarnation master in the previous life could master and apprentice get so much spiritual water.

"It turned out that this was the place where the disciples practiced."

Ye chenmu Lu exclamation color, can only say that cause and effect is doomed, between himself and Xiao shuihan is too deep.

At this time, ye Chen's heart also knows why the yellow spring summit has become a place where aura is exhausted.

With the spirit water of the yellow spring, all the auras of the huangquan peak will gather in the spirit water of the yellow spring. However, Xiao shuihan set a ban and sealed the spirit water of the yellow

spring. The aura of the huangquan peak will inevitably be exhausted, and it will become a place that no one can look up to.

It has to be said that everything is a coincidence. Xiao shuihan sets a seal, which makes the huangquan peak come to Ye Chen's hand, and ye Chen's hand is just in charge of the method of making the huangquan Lingshui contact with the prohibition. Everything seems to be calculated well.

When he sighs, ye Chen's heart is moving, and his body's blue and yellow spring diagram vibrates. With the force of the yellow spring, the water of the yellow spring rushes down the ground into the prohibition below.

"Hum!"

At this moment, the infinite and magnificent aura rises abruptly between heaven and earth, which turns into a pool of Lingquan on the sky.

The spirit spring is like a place where the spirit of heaven and earth converges. The purity of the aura is frightening. At the moment, all the people of the six Taoism sect can not help looking up at the vision above the sky.

Even wuduancang and others in the six temples are all looking up at the sky in surprise at the moment.

"This position is Huang Quanfeng. This boy is really not simple!"

A bearded elder couldn't help exclaiming.

"Ha ha, Huang Quanfeng has been in the clan for so many years, but we can't find its strangeness. Ye Chen makes it shine with extraordinary splendor as soon as he makes a move. This huangquanfeng is predestined with him."

Arbitrary Cang said that ye Chen and huangquanfeng are predestined, in fact, between words is to express their own attitude, ye Chen got Huang Quanfeng is Ye Chen's ability, implicitly warned others not to covet.

At the moment, Daopao elders and others nodded slightly. They had expectations for ye Chen, and of course they would not covet huangquan peak, even if Huang Quanfeng was full of aura at the moment, and even surpassed any treasure land of the clan.

The Taoist robe elder withdrew his sight, grinned, and looked at Wu Duan Cang. "Of course we don't have any idea about the huangquan peak, but it's hard to protect the disciples of the sect, even the elders."

"Do you want me to come forward and warn them?"

Just now the big beard said, the breath on his body vibrated, the air of the sky hung around him, showing his extraordinary strength.

"No need."

Hearing this, Cang shook his head and said with a smile: "this is the only way for ye Chen. Let him deal with these things by himself." "What's more, there are other people's ears and eyes in the clan. If we interfere too much, we will easily bring danger to Ye Chen."

"It's better to eradicate these guys by Ye Chen's hand."

As soon as this remark was made, the elders' eyes flashed with cold light. Obviously, they also knew that there were people with ulterior motives in the sect.

Many people are worried about the rise of liudaozong again, so they have arranged many ears and eyes in liudaozong. Wuduancang and others are aware of this, but they are not easy to do.

Now ye Chen appears, they also find that ye Chen's temperament is not good at stubbornness. Instead, they can use Ye Chen's hand to solve these guys, which is also a good thing.

"In that case, let them go and see who will jump out of the road of death."

The Taoist robe elder smiles freely and carefree, and the Taoist robe shakes, and his body slowly disappears from the temple.

Later, other elders also said goodbye one after another, leaving an arbitrary Cang, sitting in the temple with deep eyes, looking at the direction of the huangquan peak.

At the same time, there are many visions in the sky above huangquan peak, and the magnificent aura becomes more and more magnificent. There are even countless golden lotus flowers falling from the sky, and even some goddess scattering flowers in the sky.

All of this made the people in liudao sect feel shocked and stare at Huang Quanfeng with greedy look in their eyes.

Even a few elders have sinister eyes and set off for huangquan peak one after another.

In a short time, Huang Quanfeng gathered a group of disciples and many elders, one by one, looking at Huang Quanfeng with bad looks.

"Hum, this ye Chen is really a dog's luck, unexpectedly let him get Huang Quanfeng such a magical place."

"This boy is a blind cat. When he meets a dead mouse, Huang Quanfeng's aura is exhausted. I didn't expect to let him pick up a bargain. I hate it!"

"The treasure land should be controlled by the strong. Ye Chen's strength is not good, and he is not worthy of sitting on the huangquan peak!"

Chapter 3688

A group of disciples drank furiously, but the elders present turned their eyes. They did not stop them. Instead, they watched the things getting worse.

At the moment, ye Chen is in the hall of huangquanfeng. He has found that there are many people gathered in the peak, but he doesn't care about it.

At the moment, looking at a Wang Qingquan rising slowly in the hall, ye Chen draws a radian at the corner of his mouth. This is the holy water of the yellow spring and the place where Xiao Shui used to practice in the past.

In the spirit water of the yellow spring, the aura is filled to the extreme, and even converges into a spirit crane and a spirit fish. They play and fight in the spring, which looks very magical.

Ye Chen reaches out and holds up a pool of spring water. The spirit of the spring overflows everywhere. At the next moment, it turns into pure aura and rushes into Ye Chen's body along the palm of Ye Chen.

This aura is so pure that it can be transformed into cultivation without refining.

Just a little bit of spring water, ye Chen realized that the realm had been improved a little, and the realm that had just broken through was also stabilized, and he could not help but look happy.

"That's a good thing."

Ye Chen's eyebrows are slightly raised. The aura of huangquan has been sealed by Xiao shuihan in recent years, but it has been absorbing the aura all around. Therefore, the quantity of huangquan Lingshui has not decreased for so many years. I'm afraid it has doubled as much as in the past.

At the moment, the spirit water of the yellow spring appears in the main hall, and the hall also makes strange noises. The old and dilapidated hall, which is full of dust, is shining brightly.

Under the flow of brilliance, the main hall has a new look, and even blooms with great majesty, like the palace of the supreme emperor, which makes people awe.

On the interior wall of the hall, ye Chen saw a series of bright runes. These runes were connected together and covered the whole hall, vaguely gathering the appearance of stars and eight trigrams of heaven and earth.

"This is a big formation!"

Ye Chen is shocked in his heart. Unexpectedly, there are array guards in the hall. Moreover, it looks very complicated.

Ye Chen, as the master of huangquanfeng, has refined the core of huangquanfeng and mastered huangquanfeng thoroughly. At the moment, the name and use of this array also appear in his mind.

"Zhou Tian huangquan array!"

This is a big array containing the power of the stars and the mighty power of the yellow spring. It can shake everything. No one in the six schools can shake it. It can be called abnormal.

At the same time, the killing power of Zhoutian huangquan array is no less powerful than that of guarding. It can easily wipe out countless powerful people, just like the vast yellow spring water sweeping across the world, it can crush the sky and crush the whole world.

The yellow spring array on Sunday is so terrible that ye Chen feels it is acceptable. After all, the water of the netherworld is so precious. If the power of the array used to activate it is not strong, it will be like losing the face of the water.

At this time, outside the hall, a group of people have come to the top of huangquanfeng, looking at shenmang Dafang, sweeping away the old dilapidated hall, showing the color of jealousy and greed.

"Ye Chen, you get out of here. This huangquan peak is not something that people like you can have!"

A disciple couldn't help but shout.

"Yes, the treasure land should be handed over to the clan to be redistributed. You'd better hand over the huangquan peak as soon as possible, or you will have good fruit to eat!"

"Get out of here and pack a turtle in the hall!"

A group of inner disciples scolded repeatedly. At first, they were worried that Wu Duan Cang and others would not connive at them. Therefore, they did not directly Mount Huang Quanfeng, but were trying.

Only under the temptation, the people realized that the arbitrary Cang did not seem to have the intention to stop, so they had the courage to climb the peak, scold Ye Chen, and let Ye Chen hand over the huangquan peak.

At the same time, a suspicious elder also looked at the hall with deep eyes. Although they didn't speak, they realized that arbitrariness, Cang and others would not pay attention to what happened here. At the moment, they were obviously full of scheming for huangquan peak.

Ye Chen in the hall, aware of such a situation, not from the corner of his mouth hook up a cold arc.

"A group of greedy people, still want huangquan peak?"

Ye Chen's heart is moving, and he is going to urge Zhou Tian huangquan array to expel all these people. However, he sees two figures shooting from the sky.

"Bang!"

The two figures fall directly in front of the people of liudaozong, and the figures of Yang Qianyu and Liu yunmiao are revealed in the endless dust.

"Ladies and gentlemen, this huangquan peak was chosen by Ye Chen himself, and it is also the right of the chief disciple. It's a bit deceiving to ask Ye Chen to hand over the huangquan peak now."

Yang Qianyu looks at a crowd of the same door coldly, uncomfortably opens the mouth to say.

Liu Yunmiao didn't speak, but went directly to the door of the hall. He turned around and looked at the crowd coldly. He had already made clear his attitude. If he wanted to enter the hall, he had to step over him!

"Hum, Liu Yunmiao, you are really a loyal dog. If you are defeated by Ye Chen, you will be loyal to the Lord?"

At the moment, the red haired inner disciple stood up again. His name was Lei Rong, and his strength was only a little lower than that of Yang Qianyu.

Liu Yunmiao heard Lei Rong's words, but he did not speak. Liu Yunmiao is clear in his heart that if he is defeated by Ye Chen and gives priority to Ye Chen, he must keep his promise. He is just doing what he insists on. He does not need to pay attention to the gossip of these people.

But at the moment, Lei Rong sees Liu Yunmiao has no response, can't help sneering, and then looks at Yang Qianyu.

"Yang Qianyu, Liu Yunmiao was defeated by Ye Chen. I can understand why you are a loyal dog? Do you want to recognize Ye Chen as the master? "

"I'm really ashamed of you like this. I'm ashamed to fight against you!"

As soon as he said this, Yang Qianyu could not help getting angry even though he had a good temper.

"Lei Rong, it's the master's decision that Ye Chen becomes the chief disciple. If you don't accept it, go to the master and don't bark here!"

"You want to die!"

Lei Rong is irascible and furious at the moment. His red hair is burning with flames. His body is full of fire. His momentum breaks out and he is crushed by Yang Qianyu.

"Is that all?"

Yang Qianyu's eyes flashed a chill, a wave of hands, the violent storm swept out, instantly broke the momentum of thunder melting.

Seeing Yang Qianyu's appearance of light clouds and gentle breeze, Lei Rong can't help but flash a bit of fear. Yang Qianyu has the title of the first person in liudaozongyinyin, and his strength is beyond doubt.

"Gentlemen, since these two people want to be ye Chen's henchmen, let's take them and see if their master dares to protect them!"

At the moment, Lei Rong realized that he was not Yang Qianyu's opponent. He immediately opened his mouth and cried angrily, letting everyone join hands with him.

And other inner disciples are also quite excited when they hear this. They are not the opponents of Yang Qianyu, and the best choice is to join hands.

"Good! Since elder martial brother Yang wants to protect this pretentious boy, I'm crazy to ask for advice! "

At the moment, a disciple in a black and white robe stood up and came out. His momentum was fierce, as if he was going to crush the sky. His strength was not much different from that of Yang Qianyu, so he was very confident.

Chapter 3689

"I'll meet elder martial brother Yang, too!"

"Hum, Yang Qianyu, you are really blinded by lard and protect this waste wood!"

At the moment, all the figures stood out, a total of six people, and their strength was not much different from that of Yang Qianyu. Looking at Yang Qianyu coldly at the moment, his momentum burst out together and gathered together to destroy everything.

At the moment, Yang Qianyu saw this scene, but his face did not change slightly. He was able to deal with these people alone, but the other side joined hands, and he could not resist at all.

Liu Yunmiao is also gloomy at the moment, and even Yang Qianyu is not an opponent. He was at the beginning of mending the sky, but he still stands in front of Yang Qianyu.

"Well, it seems that you are really United."

"Today I'll clean up your two loyal dogs!"

"Ye Chen, we're going to beat your dog. Don't you come out?"

At the moment, a group of disciples yelled, each smiling ferociously and full of irony.

At the moment, when Yang Qianyu heard these words, he was also furious. His momentum suddenly broke out. With the spirit of Hongmeng, he condensed a Taoist image behind him.

This Taoist is immortal and moral, as if it existed supreme, full of magnificent power and majestic majesty.

As soon as the Taoist appeared, Lei Rong and other people's faces changed slightly. They found that Yang Qianyu's strength was much better than before.

"Hum, no wonder you dare to protect Ye Chen here. It turns out to be a long skill. But do you think this will stop us?"

Lei Rong sneered, and his momentum also broke out. The mighty flames of the melting sky rose up in the sky, as if to roast and melt the heaven and earth. The terrible momentum concussion made him condense a shadow of Fire God behind him.

"Boom! Boom! Boom

At this moment, one after another earth shaking earthquake rings, other inner disciples have also burst into momentum, violent power swept, in the rear condensed a magnificent and terrible virtual shadow.

"You shameless people, since you want to fight a war, come on!"

Yang Qianyu saw this scene, but his eyes burst out with endless fighting spirit.

In the battle, Yang Qianyu is different from his usual peace and modesty. He looks wild and has the power to destroy heaven and earth.

"There is no limit to heaven, and one sword breaks the whole world!"

Yang Qianyu roared, the sword appeared in his hand, and a long sword appeared in the hand of the Taoist virtual shadow behind him.

The sword burst out a terrible cold and sharp light, as if to pierce the sky. With Yang Qianyu's sword, heaven and earth seemed to split.

"Dao Tian Wuji sword!"

With the power of a sword, the power of the sword was so awe inspiring that many of the inner disciples, such as Lei Rong, all changed their faces slightly, and a touch of fear appeared in their eyes. At the next moment, they started to attack one after another.

"The fire melts into the sky and pestle!"

With a roar of thunder melting, the Vajra pestle, which was burning with a raging flame, burst into full bloom, and suddenly went to meet Yang Qianyu's long sword.

At the same time, other inner disciples also broke out one after another, and all kinds of violent and majestic supernatural powers swept out.

The sky changes color at this moment, the sun and the moon seem to be overturned. The terrible collision of the dead star sky breaks out, and the terrible impact of sea falling and mountain moving sweeps across in an instant.

Yang Qianyu, holding a long sword, collided with the supernatural powers of the people. His power was incomparable, and his power broke out irresistible. However, it was difficult to resist the joint efforts of all the people.

At the next moment, the shadow of the Taoist behind Yang Qianyu suddenly broke, and his face turned pale in an instant. He was badly bitten, and his mouth vomited blood and flew backward.

But at this moment, several magical powers are still killing Yang Qianyu, as if they want to crush Yang Qianyu directly and wipe them out completely.

Seeing the terrible magic power suffered by Yang Qianyu, Liu yunmiao's eyes flashed with fear, but his face was extremely firm, and he suddenly flew out to help Yang Qianyu stop the terrible magic from sweeping.

When Yang Qianyu saw Liu yunmiao's move like this, his eyes could not help shaking, but he quickly opened his mouth and said, "Liu yunmiao, you can't stop the magic power of these guys. Get out of here!"

Yang Qianyu knew very well that Liu yunmiao was only at the beginning of the sky mending realm. At the moment, the obstruction was completely caused by mayflies shaking trees or even seeking their own way to death. Therefore, he made a voice to stop.

But at the moment, Liu yunmiao's face is firm and incomparable. He has his own faith in his heart, even if it is to die.

See this scene, Lei Rong and other inner disciples are one after another showing sarcasm.

Lei Rong even said sarcastically: "hum, you protect Ye Chen that guy so, but the result? In this case, can that guy protect your two loyal dogs? "

Lei Rong's voice dropped, and suddenly there was a raging and incomparable force, which filled the mountains and rivers, roared up and awed everyone's mind.

"Get out of here!"

Ye Chen's roar of anger resounded through the sky. At the same time, people's eyes were startled to look at the hall of Huangquan peak. They saw that the hall was blooming with boundless and magnificent starlight. Once the star light appeared, the momentum of Lei Rong and others was completely crushed."Boom

When the starlight vibrates, the mighty power that tears the world sweeps across. With the breath of the golden spring, the starlight suddenly guards Yang Qianyu and Liu Yunmiao.

And above the hall, the bright stars even condense a magnificent and invincible picture of the stars all over the world. When the star chart rotates, the endless star light circulates, which not only blocks the magical powers of Lei Rong and others, but also covers the whole Huangquan peak.

"Bang bang bang!"

A famous disciple and elder who boarded the Huangquan peak were driven out of their wits by the mighty starlight.

Looking at the bright starlight and magnificent momentum, it seems that it can frighten the sky and guard the star light barrier of the whole yellow spring peak. Lei Rong and others are gloomy and uncertain, and many elders who come here are also cold eyes.

Ye Chen not only expelled a group of disciples, but also expelled them with a large array of elders. This is not to be ignored.

At this time, Lei Rong and others looked at the starlight barrier, and their eyes flashed with reluctance and fear. Their faces were slightly pale, and it was obvious that they were not well hit by the big array.

"I didn't expect that there was such a terrible formation in Huangquan peak. This damned boy is really in a bad luck!"

"Hum, Ye Chen is just a heaven God realm. Even if I master the big array, sooner or later, I will snatch Huang Quanfeng from his hand and let him know that he is not worthy of such a precious land!"

Lei Rong's killing intention flows in his eyes. The more he resents Ye Chen, the more he covets Huangquan peak.

But at the moment, all the inner disciples are very clear that they have felt the great power just burst out of the great array. They can't shake it at all, and they will even be seriously injured by the counter attack. Therefore, they temporarily put down the idea of robbing Huangquan peak.

Inside the barrier of starlight, Yang Qianyu and Liu Yunmiao looked up at the sky above the sky. They looked at each other with surprise in their eyes.

Chapter 3690

How did they know that Ye Chen could master such a big array? When they saw so many disciples coming to rob Huang Quanfeng, they came to help Ye Chen with justice in their hearts. Now it seems that they have done more than that.

At this time, the door of the hall of Huangquan peak is open. Ye Chen stands in front of the hall door and sweeps the disciples and elders outside with a cold eye, and then looks at Yang Qianyu with gentle eyes.

"Brother Yang, Liu Yunmiao, come in and talk about it."

Ye Chen smiles, and a teapot appears in his hand. Inside is the spirit tea soaked in huangquan Lingshui. The fragrance of tea overflows, which makes Yang Qianyu and Liu Yunmiao look surprised.

Seeing Ye Chen's move, the public could not help shaking his face. Ye Chen was so relaxed and comfortable in front of them that they even invited Yang Qianyu to have tea, which was totally ignored.

"Damn it!"

Lei melts in the eye to kill the intention to sweep, can't help but mouth angry scold way.

And at this moment, the eyes of the elders flash, also put down the idea of snatching Ye Chen huangquan peak.

After all, Huang Quanfeng's Sunday huangquan array is powerful, and they have to work hard to break the array. What's more, even if they are robbed, they will not get good fruits if they are provoked by arbitrary Cang.

At the moment, the disciples and elders outside the huangquan peak have different thoughts, but they basically give up the idea of robbing huangquan peak. The only elder with a shoe puller's face is now showing a sinister look on his face and his momentum is breaking out.

"Ye Chen!"

Looking at Ye Chen, who was going to take Yang Qianyu into the hall, the shoe plucker face elder suddenly opened his mouth and drank.

"Well? Can I help you? "

Ye Chen looks at the other side's look, then know he has no good intention, but still politely inquires a way.

"The aura of the yellow spring peak is full of aura, but it is not suitable for you. You are wasting such a good mountain in this realm. It's better to contribute and exchange between you and me."

At the moment, the shoeboard face elder said with a smile. He seemed to be thinking about ye Chen, but everyone could see the sinister light in his eyes, even with a trace of threat.

"My Tiandao blade is also very smart. It's just suitable for you. It's the best choice to exchange between you and me. Otherwise, even if you are the chief disciple, you will encounter problems in the six Taoism sect. I don't care about you then."

The shoe puller's face did not even cover up at the moment. It was a blatant threat.

Hearing this, Yang Qianyu and Liu Yunmiao couldn't help gaping. They didn't expect each other to be so shameless.

At the moment, the other elders are also staring at the shoe puller face, a face of disdain and anger, how come they did not think of this move, open robbery can not, but can come secretly, coercion and inducement, presumably Ye Chen, who has never seen the world, dare not refuse.

At the moment, even a long-term old-fashioned, but can not help but sneer: "elder Zhou, you are really a good means."

"Ha ha, elder Hua, you are wrong. I am thinking for ye Chen. How can I say it is a means?"

The shoeboard face elder, named Zhou Jin, saw Ye Chen's silence, became more confident, and felt that he was winning. He could not help but look at Ye Chen and said with a smile: "Ye Chen, what do you think?"

"Oh?"

Ye Chen hears the speech, also shows the friendly smile, sees the appearance week to ban the eye to reveal the joyful color.

"I don't think so."

Ye Chen continued.

As soon as he said this, the smile on Zhou Jin's face suddenly solidified, and his violent momentum suddenly swept out, even with the intention of killing.

Zhou Jin didn't expect that ye Chen would dare to refuse his request. His threats were so clear that ye Chen refuted his face in public, which made him angry.

"Ye Chen, this huangquan peak is not for you to occupy. Don't you understand? As an elder, it's your honor to exchange with you as an elder!"

Zhou ban completely tore his face, and no longer pretended to act. At the moment, he made a sudden move.

"Boom

Zhou Ban's momentum broke out, and his strength was not trivial. He had reached the level of eight layers of sky mending realm. At the moment, the magnificent spirit circulation even aroused the vision of heaven and earth, and countless evil beasts' virtual shadows roared ferociously on the sky.

"Do you pay or not?"

Seeing this, Yang Qianyu and Liu yunmiao both changed their faces. They didn't expect that Zhou Jian, as an elder, was so domineering that he wanted to steal the cultivation place of disciples of the sect. At the same time, he was shocked by Zhou Jin's strength and whether ye Chen could cope with it.

"Hand in?" But ye Chen looked at Zhou ban at the moment, but showed scorn in his eyes. The surging weather on his body broke out, as if he were a supreme emperor.

"Big array, up!"

Ye Chen murmured and raised his hand, and the sky's yellow spring array suddenly bloomed with endless brilliance, and the stars in the sky above the yellow spring peak were smashed down with stars and flames.

The stars are shining all over the sky, emitting brilliant brilliance, containing a great deal of pressure, as if they were real beings, from the sky to the Zhou forbidden town.

In other places, he may not be able to defeat the elder!

But in this yellow spring peak, he has enough qualifications!

"It's against the law that you dare to attack me! Seeing this scene, Zhou Jin was even more angry. Ye Chen didn't give face to him. At the moment, he broke out and even dared to attack him. It was totally disrespectful and arrogant to the extreme.

Zhou Banqi's lungs are going to explode. At the moment, he looks at the stars falling down, and the powerful aura behind him suddenly sweeps out.

"If you dare to fight me, I will smash your array today!"

Zhou Jin yelled angrily, and the endless aura gathered into a terrible hammer that destroyed the heaven and the earth. When the huge hammer was waved, the heaven and earth cracked, and the mountains and rivers vibrated.

The stars falling down are all destroyed by the huge hammer, and at the moment, the hammer smashes hard on the barrier of starlight.

"Boom

The whole week, the yellow spring array vibrated endlessly, and even the yellow spring peak trembled. When ye Chen saw this scene, he saw endless coldness in his eyes.

At the same time, ye Chen is also aware of the clues. Generally speaking, if this kind of thing happens in the clan, the patriarch or the elder with real power will intervene to stop it. However, at the moment, the arbitrary Cang and the Taoist robe elder have not appeared, which is obviously laissez faire.

"Hehe, does this depend on my own ability?"

The corner of Ye Chen's mouth curls up. If the other party doesn't stop Zhou ban, he will obviously not stop himself. In this way, he can also let go of his hands and feet without much worry.

"In this case, let's see if it's you, or whether it's better on Sunday."

Ye Chen sneered, heart read move, sky above the stars map suddenly shake up, endless starlight scattered down.

It is also a more illusory picture of the stars around the sky, but it covers the huge hammer that has condensed the aura of the Zhou ban.

At the same time, at the foot of the Zhou ban, there was a vast spring of Qi, and the Yellow Spring River emerged, forming a pattern of eight trigrams and Taiji under the Zhou ban.

"Sunday's yellow spring array, refine it for me!"

Ye Chen murmured, and the endless starlight and the Qi of the netherworld suddenly burst out. This chart of stars and the diagram of Taiji of huangquan confined the Zhou ban and broke out endless force of suppression.
