

## Physician 3721

### Chapter 3721

Yang Tianyang looked at everyone in the South holy city with cold eyes and said coldly, "if anyone reveals today's affairs, no matter who escapes to the ends of the earth, he will surely die!"

Once this was said, those who had intended to spread the matter out could not help silence.

Although yangtianyang looks servile in front of Ye Chen, they are very clear that yangtianyang's strength is extraordinary. He dare not deal with Ye Chen, who is protected by the patron saint, but it is easy to kill them.

Ye Chen didn't care about Yang Tianyang's work. Yang Tianyang was worried about the face of Zhenyuan hall. Ye Chen also looked at the face of the guardian God and Nansheng. He didn't want to do it too much, so he ignored Yang Tianyang's doing so.

After that, ye Chen and his party went into the Zhenyuan hall and ate and drank in the fahua hall, which was dedicated to the reception of distinguished guests. The two elders of Gaolin were radiant and refreshed. When they came to Zhenyuan hall for the first time, they were so happy. Everyone in Zhenyuan hall was flattering them.

In the past, Zhenyuan hall had been humiliating to liudaozong. Where did they experience such treatment? And all these changes were due to Ye Chen.

At the moment, the eyes of the two elders in Gaolin are full of admiration and love. Ye Chen, with the power of one person, has done something that the whole six schools can't do. Even if ye Chen is just a disciple, they can't help but admire him.

At this moment, ye Chen was full of food and drink, looked up at the sky Yang, his eyes flickered, and asked tentatively, "Ye Chen, I am as good as before to you at the first sight. Why don't you and I go to Tianyin hall for a talk?"

Looking at yangtianyong's eyes, ye Chen's mouth curled up a radian, knowing that Yang Tianyang must have no idea, but he didn't care about it. He had the patron saint's protection, so yangtianyong didn't dare to have any thoughts on him.

Ye Chen's guess is right. Tianyin hall is the place where Zhenyuan temple is specially used to discuss secret matters. Yang Tianyang invites Ye Chen to Tianyin hall. He also wants to ask Ye Chen from ye Chen's mouth why Ye Chen can attract the patron saint and even protect him.

Later, ye Chen and Yang Tianyang come to Tianyin hall. They sit down. Yangtianyong is about to open his mouth, but ye Chen is shocked.

"Yang Tianyang, do you know what this is?"

Ye Chen suddenly takes out a token, which is the six orders left by Xiao shuihan. When he sees the six orders, Yang Tianyang looks stunned.

Liudaoling is a legendary thing for yangtianyong and wuduancang, the leader of liudaozong. They have never seen it before.

But at the moment, the magnificent breath from the six orders is so vast that it sweeps through the sky. All of them prove the true existence of the six orders to people.

"It turns out to be the six orders left by the six masters."

Yang Yang, mind concussion, ye Chen can get six orders, whether Xiao shuihan is still alive or not, ye Chen holds the six orders, just like Xiao shuihan himself.

Nansheng is Xiao shuihan's good friend, and Yang Tianyang, as the patriarch of Zhenyuan hall, calls Nansheng the grandmaster and Xiao shuihan's ancestor.

"Yangtianyong, I've seen my grandfather!"

Yangtianyong immediately knelt down on the ground, facing the six orders respectfully incomparable worship.

In fact, in the final analysis, the liudaozong declined and Xiao shuihan disappeared. Yangtianyong didn't care about liudaoling at all, but what he cared about was Ye Chen holding the liudaoling, and the patron saint stood behind him. If he was not respectful, ye Chen would be angry, and he could not eat it.

Seeing Yang Tianyang's performance, ye Chen nodded with satisfaction and immediately said, "get up."

"I took out these six orders and came to ask for the heart of the holy source of the six daocong. I also bothered to ask the patriarch to hand it over."

Ye Chen has the patron saint's protection, at the moment, calm and self-contained, looking at yangtianyong outspoken said.

"The heart of the holy source?"

Hearing this, Yang Tianyang is surprised in his heart. He looks up at Ye Chen fiercely, and has the intention of killing in his eyes.

Zhenyuan hall has been in control of the other half of the heart of the holy source for many years. In these years, the liudaozong has been declining. Zhenyuan hall has gradually regarded this half of the heart of the holy source as its own, and even wants to snatch half of the heart of the holy source from the hands of the six Taoism sect.

At the moment, ye Chen asks for the heart of the holy source, which makes Yang Tianyang feel extremely angry. He feels that ye Chen is staring at the sacred objects in Zhenyuan hall, and he can't help but kill.

"Ye Chen, I'm afraid we can't give you the heart of the holy source..."

Yang Tianyang looks at Ye Chen coldly, but only half of his words are said. His expression suddenly solidifies and his forehead exudes cold sweat, looking at the direction of the guardian God.

At the moment, a sharp breath reverberates in the heaven and earth. The power of the mighty blood moon surges, and the guardian God bursts out a vision. Yang Tianyang knows why.

"You are cruel."

Looking at Ye Chen, Yang Tianyang's eyes flashed a touch of ruthlessness. He was very clear that if he refused Ye Chen, he was afraid that ye Chen would let the patron saint erase himself without hesitation.

When the time comes, the throne of the great Zhenyuan hall and the endless scenery will fall into the hands of other people. Moreover, it is very likely that it is the hands of the great elder Lu Tiansha. Yang Tianyang is reluctant to give up his tremendous power.

"Well, I'll give it to you."

Yangtianyang is extremely depressed, and then let Ye Chen follow him to the place where the heart of the holy source is placed. Although Zhenyuan hall only holds half of the heart of the holy source, the power of the heart of the holy source is too vast and magnificent. It is simply the work of the creator, gathering all the purification of the heaven and earth, and it is so powerful to the extreme.

Therefore, the source of the heart will not be taken away from it.

At the moment, yangtianyang brings Ye Chen to the library of Zhenyuan hall. The details of Zhenyuan hall are not as good as those of liudaozong. Therefore, the ancient books and skills in the library are also slightly worse than those of liudaozong, but they are also extremely extraordinary.

There are nine storeys in the library. Yang Tianyang brings Ye Chen to the top of the library. Above the top, there is a picture of Zhang Huihong, which depicts the stars all over the world. It looks like real.

"This is the star disillusionment map left by the ancestors of the past. This scroll contains a small world, and the heart of the holy source is hidden in this small world. No one can enter it without the order of the Lord of Zhenyuan hall."

Yangtianyong's eyes flashed. He thought that he would be extremely precious. He had already been regarded as his own by Zhenyuan hall. He gave Ye Chen half of the heart of the holy source, which was painful.

However, there is a guardian God behind Ye Chen. At this moment, he may even be looking at himself covetously. Yangtianyong doesn't dare to hesitate. The next moment, he directly sacrifices the patriarchal token of Zhenyuan hall and enters the star disillusionment map.

Yangtianyong into the scroll, ye Chen will see the vast world in this scroll suddenly more than a small voice, this is yangtianyong.

Yang Tianyang is holding the token of the master of Zhenyuan hall. At the moment, the token of Lord in his hand is blooming with endless light, among the vast world and endless stars.

At this moment, the darkest and least impressive star suddenly lights up and bursts out the most dazzling light. Endless pure aura sweeps out, and the terrible great power that can shake the sky flows out.

Chapter 3722

"Hum!"

This star is flying from the sky in the sea of stars. The next moment it falls directly in the palm of Yang Yang's hand. It turns into a golden heart which is pure and transparent like glass, holy and contains great power.

Yangtianyong's body in the scroll of the world in a flash, the next moment will appear in front of Ye Chen, and he still holds this half gold heart in his hand, which is the half heart of the holy source held by Zhenyuan hall.

"Here you are."

Yang Tianyang reluctantly looks at this half heart, hands this heart to Ye Chen.

Ye Chen looks at the bright golden light and the flow of Holy Spirit. He seems to be the purest and most beautiful gathering body in the world. His eyes flash with amazement.

It has to be said that the selling appearance of Shengyuan heart is extraordinary. Even if it is only half a piece, it also makes people feel extremely holy and pure, as if it contains endless great power.

It's no wonder that the six daocong wanted to divide the heart of the holy source into two. Only half of the heart of the holy source had such power. If it was a whole, it might lead to a war among the heaven and the world. At that time, the six Taoism sect, which had already declined, could not keep the heart of the holy source.

Ye Chen takes the heart of Shengyuan from yangtianyang's hand, but he nearly falls to the ground, and his eyes are filled with horror.

The weight of the heart of the holy source is so terrible that it is much heavier than the water of the yellow spring. It is like a real star.

At the moment, yangtianyang looks at Ye Chen and takes up the heart of Shengyuan. His eyes flash and he can't help but ask, "I want to know why you can lead the guard..."

Yangtianyang's words have not finished, ye Chen's eyes have been indifferent to look over, "don't ask, this is not what you can know."

Ye Chen's tone is very indifferent, looking up at the sky Yang, he would like to shoot Ye Chen to death with one hand, but under the authority of the patron saint, he dare not have the slightest audacity.

"Well, I'm leaving."

Ye Chen turned to go outside the library, and said to Yang Tianyang, "remember, don't forget your origin. You Zhenyuan hall has today, which is the support of the six schools. If you don't know how to be grateful, you can change someone to sit in the position of the patriarch."

Ye Chen's last words make Yang Tianyang's pupil shrink, and feel the boundless killing intention sweeping over him. The patron saint is helping Ye Chen and putting pressure on him.

Watching Ye Chen step by step out of the library, Yang Tianyang standing in situ, eyes gloomy.

Yang Tianyang is in the library. He is worried and doesn't leave with Ye Chen. Ye Chen doesn't care about it.

Later, ye Chen finds Gao Lin two elders and Jun Mo in the Zhenyuan palace, and prepares to leave.

Feng Yusi, who fought with Ye Chen, looked at Ye Chen with complicated eyes at the moment. However, ye Chen did not look at her all the time, and did not propose to let her go with her as a maid.

Ye Chen bid farewell to all the people in Zhenyuan palace, and directly left Zhenyuan hall with two elders of Gaolin and Junmo.

Out of the South holy city, Jun Mo then to leave Ye Chen, the original home something, at present to go back.

"I don't know what it is? Can I help you? "

Ye Chen looks at Jun Mo and asks with concern that Jun Mo has done a lot for ye Chen on this trip, so ye Chen also wants to do something for Jun mo.

"It's nothing. It's just some small things. I can go back by myself." Jun Mo laughed and said.

"Well, if you have any trouble, do contact me."

Ye Chen looks at Jun Mo solemnly and says.

Then Junmo and ye Chen said goodbye, and left first, and ye Chen also looked at the two elders in Gaolin and said calmly, "OK, let's go."

"Yes."

At the moment, the eyes of the two elders in Gaolin are full of enthusiasm. They have already regarded Ye Chen as the hope of the rise of the six Taoism sects, and ye Chen's performance can also meet their expectations.

At the same time, the two elders in Gaolin also had numerous doubts, such as why the guardian God of Zhenyuan temple would protect Ye Chen.

But the two elders of Gaolin did not ask, because they knew that ye Chen had his own secret. If ye Chen did not say it, they would not ask.

The two elders of Gaolin even have great respect for ye Chen. They even treat Ye Chen as a peer instead of a disciple.

Different from when he came, on the way back to liudaozong, the two elders of Gaolin had a very good attitude towards Ye Chen, which was almost meticulous.

On the other side, in the Zhenyuan hall, Yang Tianyang has already walked out of the library with a gloomy face.

Later, yangtianyang returned to Tianyin hall and suddenly said in a low voice, "dark yuan holy guard."

"Whoosh!"

The next moment, there were only a few shadows in the Tianyin hall where Tianyang was worshipped, but suddenly there were more figures covered by black robes.

The breath of these figures is powerful and powerful. At the same time, they have the extremely strong ability to hide. Ordinary people can't find their existence when they want to hide.

Dark yuan Shengwei was trained in the early days of Zhenyuan temple, which was specially used to explore intelligence.

At the moment, Yangchen, who wants to solve all his doubts, knows what is the identity of Yangchen."Give me ye Chen's identity investigation."

Yang Tianyang looked at the four dark yuan saints in front of him, and said in a low voice.

"Yes."

The head of the dark yuan holy guard answered, his voice was cold and cold, as if there was no situation, like a machine.

Immediately, the four dark yuan saints disappeared, leaving no trace, as if they had never appeared in this day's hidden hall.

.....

Soon, ye Chen and Gao Lin two elders returned to liudaozong.

At the moment, in liudaozong, the patriarch wuduancang and Daopao elder and others are looking at the road outside the Zong gate. They have learned in advance that ye Chen is coming back.

At the same time, the two elders of Gaolin also told the story of this trip to the southern holy city in the correspondence aura.

However, the two elders of Gaolin did not need to protect the gods. They only said that ye Chen defeated Feng Yusi and convinced Yang Tianyang.

In this regard, most of the people in liudaozong do not want to believe that fengyusi is a worthy of the name of heaven's favorite girl, Zhenyuan Palace's top talent rarely seen for thousands of years, is famous in the whole moon soul domain.

Ye Chen not only defeated huabaomin, the second day of Zhenyuan palace, but also defeated fengyusi. He even said that fengyusi was not qualified to be his woman, only worthy of being a slave.

In the eyes of the public, such a statement is completely nonsense. No one is willing to believe it. Even the arbitrary Cang and Taoist robe elders, who have great expectations for ye Chen, are suspicious.

It's just the temperament of the two elders in Gaolin, and they don't seem to be liars. At the moment, they can't help but wonder. When ye Chen and others come back, they ask the two elders of Gaolin to find out the truth.

Chapter 3723

At this moment, many elders and patriarchs of liudao sect stood in front of the mountain gate and saw Ye Chen and Gaolin two elders stepping from the sky.

"Lord."

Ye Chen is surprised to see that Wu Duan Cang and others are guarding in front of the gate.

At the same time, ye Chen also noticed these people's strange eyes, vaguely guessed something, and looked at the two elders of Gaolin.

"Hey, hey."

When Gao Changlao saw Ye Chen looking over, he couldn't help smiling and scratching his head.

At this moment, ye Chen successfully returned from Zhenyuan hall without any injury, which has surprised the people of liudaozong.

After all, the disciples of the six schools who went to Zhenyuan hall in the past were all humiliated and seriously injured.

At the same time, people also noticed that the two elders of Gaolin looked so red, which was even more strange.

In the past years, no matter who the elders and disciples went to the Zhenyuan hall for a banquet, they all looked ugly when they returned to the palace. They were injured. How ever did they have a red face.

"What's going on here?"

"Is everything really like what these two old guys said, ye Chen did what we can't do?"

"No way? How can ye Chen defeat Feng Yusi? That's the first day of Zhenyuan hall. The moon soul region is the famous saint of Zhenyuan temple. "

At the moment, many elders have whispered up, ye Chen looked at them in this way, but not arrogant indifferent smile.

At the moment, arbitrariness Cang looked at Ye Chen's three people, and his eyes flashed and said, "all the way through, ye Chen will go back to huangquan peak to have a rest."

"Thank you, Lord."

Hearing this, ye Chen nodded calmly, knowing that Wu Duan Cang wanted to ask Gao Lin's two elders about what happened in this trip, and immediately agreed to come down.

Then ye Chen went directly back to Huang Quanfeng, and Liu Yunmiao and Yang Qianyu had been waiting here for a long time.

Seeing ye Chen's undamaged return, both of them are somewhat surprised. They can't help but ask what ye Chen has experienced to Zhenyuan palace.

Smell speech, ye Chen indifferent smile, casually said: "nothing, Zhenyuan hall is good, good to drink, stroll around and come back."

Hearing this, Liu Yunmiao and Yang Qianyu are obviously not convinced. The attitude of Zhenyuan hall is very clear. How can we have a good reception.

Just did not wait for two people to ask again, ye Chen said again: "the attitude of Zhenyuan temple to liudaozong has changed. I guess it won't be long before Zhenyuan hall will send someone."

Ye Chen looks deep at the gate of the mountain. He knows Yang Tianyang very well. He has great ambition, but he is afraid of death. Under the protection of the patron saint of Zhenyuan palace, ye Chen has mastered Yang Tianyang's lifeline. Yang Tianyang certainly does not dare to fight against Ye Chen, nor dare to make trouble for the six schools.

Hearing Ye Chen's words, Liu Yunmiao and Yang Qianyu are stunned. They look at Ye Chen strangely and can't believe what ye Chen says.

On the other side, in the six way temple, the two elders of Gaolin stood in the temple, and told the people what happened in Zhenyuan hall.

"You don't know. As soon as we arrived at the South holy city, the people of Zhenyuan hall made trouble for us. They set up a large array under the gate of Nansheng City, trying to embarrass us. But what kind of person is nephew Ye Chen? The big array has no influence on him, so go straight there

"You can't imagine the expression of those people in Zhenyuan hall at that time. Now I want to laugh when I think about it."

"What's more, nephew Ye Chen has repeatedly hit the Zhenyuan palace, breaking the flowers with one sword, and cutting the Phoenix and rain with one sword. It's like reincarnation of God and man!"

"Patriarch, you still have a vision. It's a great blessing that ye Chen is the chief disciple of my six Taoism schools. It's the opportunity for the rise of my six schools."

The two elders of Gaolin were excited, and their spitting spattered, but the people in the temple did not want to believe it. It was really what the two elders said was too mysterious.

Ye Chen is just the six layers of heaven and God. Can you do these things? Even in the later period of mendianjing, it is difficult to be so domineering in Zhenyuan hall?

At this moment, Wu Duan Cang and the Taoist robe elder looked at each other, and they were also guessing the truth of what the two elders said.

But at this time, there was a voice from the outside. A guard disciple stood outside the six way temple in a hurry and called out: "master, fengyusi, the first day of Zhenyuan hall, asked to see you!"

"Phoenix rain thought?"

As soon as this was said, the six shrines were shaken. Who was fengyusi? That was the real proud daughter of Zhenyuan temple, and the candidate of his highness Zhenyuan as a patriarch.

Whether ye Chen really defeated Feng Yusi or not, regardless of the authenticity of Gao Lin's two elders, still made Feng Yusi a slave.

The identity of fengyusi alone is enough for liudaozong to attach importance to.

At the moment, arbitrariness Cang's eyes flashed, and then said, "please come in fengyusi."

Immediately, the gatekeeper left in a hurry. After a while, fengyusi came with a group of Zhenyuan hall disciples.

These disciples of Zhenyuan hall are actually the inner disciples of Zhenyuan hall, and they all look very modest and courteous. At the same time, Feng Yusi, who is walking in the front, looks strange. She looks around from time to time, but she doesn't see Ye Chen's figure. Somehow, she has a feeling of loss rising in her heart.

At this moment, when he came to the six way temple, Feng Yusi saw a group of six sect elders and the arbitrary Cang sitting on the throne, saluting respectfully.

"Fengyusi, the holy daughter of Zhenyuan temple, has met the master of martial arts of six schools and all the elders."

"Hehe, the name of the Phoenix saint has been spread all over the moon soul realm? I don't know what's going on here? "

Arbitrariness Cang looks at Feng Yusi with a smile and asks.

On hearing this, Feng Yusi waved to his fellow disciples. Suddenly, several people came forward. All of them were carrying huge and auspicious treasure boxes, which were decorated with countless treasures.

The treasure chest is constantly overflowing with a strong flavor of Hongmeng. If you put it on the ground, you can feel the ground shaking. You can think of the heaviness of the treasure chest and the treasure inside.

"This is a gift given to liudaozong by the patriarch of Yuandian in our town. In recent years, the patriarch's attitude towards liudaozong was so bad that he was awakened by the words of elder martial brother Ye Chen. He suddenly woke up and asked Feng Yusi to apologize."

"These four treasure boxes are all the rare and exotic treasures collected by Zhenyuan hall in recent years. Lord Wu and all the elders should have heard of the Tiansheng treasure chest in Zhenyuan hall, and they are the treasure boxes."

Looking at the four treasure boxes, the eyes of all the six temples are shining. The heaven holy treasure box of Zhenyuan hall is also very famous in the whole moon soul area. This is the treasure of Zhenyuan hall for thousands of years. As long as it is a rare treasure in the moon soul field, Zhenyuan Hall will put it into this box when it is collected.

This is what Zhenyuan hall wants as the inside information. They want to make the heaven holy treasure box the first treasure house in the moon soul domain, collecting all the precious things in the world. Unexpectedly, they have given it to liudaozong.

Chapter 3724

At the moment, looking at the treasure chest, the whole six temples vibrated, and countless elders were surprised and shocked at the same time.

Even the arbitrary Cang and Daopao elders were shocked. The eyes of the people could not help looking at the two elders of Gaolin.

Who is yangtianyong? He is arrogant, arrogant and ambitious. He is a villain who doesn't want to be grateful. How can yangtianyong wake up suddenly? It must be what ye Chen has done.

"These two old guys didn't cheat us. What ye Chen did is true."

On the top of the six temples, everyone was shocked. Seeing them like this, the two elders of Gaolin were more proud. They followed Ye Chen and his party, and they had unlimited scenery.

His eyes were taken back from the heaven holy treasure chest. The arbitrary Cang looked at Feng Yusi with a smile. He opened his mouth and said, "it's a good thing to wake up to the sky Yang. We've accepted the gift of Zhenyuan hall."

"I hope the Phoenix saint will go back and tell Yang Tianyang not to forget the friendship between our two clans. I hope that in the future, liudaozong and Zhenyuan hall will still be friends."

"Yes, I remember the words of Emperor Wu Zong."

Feng Yusi nodded in response to the speech. The disciples of Zhenyuan hall were honest and honest. They had seen Ye Chen's strength and means. Even Yang Tianyang had to bow to Ye Chen. These disciples did not dare to provoke Ye Chen.

Although most of the disciples of Zhenyuan hall still don't look up to the liudaozong from the bottom of their hearts, as long as ye Chen is in the liudaozong, they don't dare to be a bit presumptuous. Instead, they have to be careful and show great respect to the arbitrary Cang and the elders.

After Feng Yusi and others brought the treasure, they left in a hurry again. The attitude of Zhenyuan hall to liudaozong has always been bad, and both clansmen know it well.

Although Feng Yusi came to seek peace this time, it is inevitable that the disciples of the six Taoism sect will not treat them coldly, and even the elders will not give them any smiling faces. Therefore, it is embarrassing for both sides to stay. It is better to leave simply.

But after Feng Yusi and others left, Wu Duan Cang and a group of elders looked at the heaven holy treasure box sent by Zhenyuan hall, but their eyes flashed.

"Ye Chen's son is simply a monster. He has extraordinary talent and extraordinary strength. It's the blessing of my six Taoist schools."

At this moment, an elder who originally disdained Ye Chen suddenly said.

"Yes, ye Chen has an unlimited future. He must be an extraordinary person."

"Yes, ye Chen, such an extraordinary genius, even Feng Yusi was defeated by him, and he will certainly grow into a supreme figure."

At the moment, the elder said that he was not optimistic, but his heart was full of red light.

What ye Chen did made them so excited that they couldn't change the attitude of Zhenyuan hall. However, ye Chen succeeded in making Yang Tianyang bow his head. They couldn't even admire Ye Chen.

At the moment, even in the eyes of the week, even a sigh of admiration.

"Only Ye Chen is qualified to occupy such places as huangquanfeng."

Zhou can't help shaking his head. Before he was dissatisfied with Ye Chen's arrogance, he felt that ye Chen's strength was low and his talent was poor. But now he knew that ye Chen was really extraordinary, and he was no longer hostile to Ye Chen.

At the moment, Wu Duan Cang and the Taoist robe elder looked at each other, and there was a flash of light in their eyes.

"Ye Chen, a boy with extraordinary achievements in the future, must ensure his safety so that he can grow up steadily."

Arbitrary Cang can't help but say in the heart.

After that, the two elders of Gaolin opened the sacred treasure box sent by Zhenyuan hall. For a while, the whole six temples were reflected by the magnificent jewels, just like fairyland.

All the elders were dazzled, even if they were arbitrary Cang couldn't help smacking their tongue.

"Yang Tianyang, this guy, has really collected a lot of good things over the years."

Arbitrariness Cang can't help but say that in these four heaven holy treasure boxes, there are rare, even unique, or legendary rare treasures.

"Tianhua glazed sword, red feather thunder sky sword, Narcissus Tianyin brush, cloud breaking silver bell, mysterious as bone melting knife..."

In the first heaven holy treasure chest, there are numerous sharp and sharp weapons and imperial vessels, which are well-known in the moon soul domain.

In the second heaven holy treasure chest, there are countless supernatural treasures and materials.

"Heaven and earth nourishment of the nature of Xuandan?! Xuanshuangtianrui in extremely cold place! According to the legend, there are strange demons and crystal in the nine hell... "

All the elders exclaimed in amazement. These things were nothing to the once prosperous liudaozong, but now the declining liudaozong has no such treasures.

The third treasure chest and the fourth treasure chest are all legendary things, some of which are very magical and some are full of evil spirit. Even the people in the six temples do not know the specific use of these things.

These things are usually accompanied by mysterious prophecies, or those hidden relics, which are related to these legendary places. They are specially collected by Zhenyuan hall to explore these mysterious places.

However, if you want to explore these mysterious places, there are innumerable dangers. Even Zhenyuan hall does not dare to go to it at will. However, liudaozong is not as powerful as Zhenyuan hall because of its decline. It is not good to explore these things casually and cause trouble. Nevertheless, these four Heavenly Treasures are treasures that can be used as the inside story of the sect, and are worthy of attention.

"Yang Tianyang is really a big hand. It seems that he really wakes up."

"Hehe, wake up? He saw the potential of Ye Chen's nephew and wanted to ask for peace. "

"Yangtianyang wolf ambition, we have to guard against."

A group of elders are talking about it now.

But arbitrariness Cang looked at their discussion, but did not speak. He took a deep look at the location of huangquan peak.

After a while, Wu Duan Cang let the elders leave, and arranged for the elders in charge of the treasure house of the six Taoist clans to put the four heavenly holy treasure boxes into the treasure house, and then returned to the six Taoist peaks.

During this period of time, the disciples of Zhenyuan hall came to liudaozong to seek peace, and the news of countless treasures was also spread all over the clan.

Many of the disciples of the six Taoism sects speculated that this was caused by Ye Chen's going to Zhenyuan hall. I'm afraid Ye Chen did something terrible in Zhenyuan hall.

However, some people say that ye Chen's strength is too low, and he can't make any changes in the Zhenyuan hall. Now, the Zhengyuan Palace's peace seeking must be due to other reasons.

As a result, many disciples quarreled with each other in the clan. However, the two elders of Gaolin stood up and explained everything clearly.

However, even though the two elders of Gaolin explained the truth of the matter, many disciples of the six Taoism sect still did not want to believe what happened in Zhenyuan hall. After all, what the two elders said was too incredible.

However, ye Chen did not care at all. At the moment, he was sitting in the hall of huangquanfeng, sitting on the edge of huangquan Lingshui to practice, and suddenly a message came into the hall.

Chapter 3725

"Miso." Ye Chen held out his two fingers and directly clamped the talisman. Then he understood the information contained in the rune.

It turned out to be a message Rune from arbitrary Cang, inviting Ye Chen to meet with liudaofeng.

Now it was night, and the sky was dark, but ye Chen could not refuse to accept the invitation from Cang. He immediately extinguished the aura and turned it into starlight.

"Elder martial brother, what's the matter? What's the matter?"

At the moment, Liu yunmiao, who is aware of the change, also stops practicing. He opens his eyes and looks at Ye Chen in surprise.

"The Lord summoned me. I want to go there."

Ye Chen smiles indifferently, indicating that Liu yunmiao will continue to practice, and he will directly get up and rise in the sky.

A moment later, ye Chen arrives at liudaofeng. At this moment, a door opens in the big array of liudaofeng. Ye Chen walks into it and goes directly to the hall of liudaofeng.

In the hall, ye Chen sees the arbitrary Cang and sits in front of the table quietly waiting for himself.

"Lord."

Ye Chen comes forward to salute and conjectures the reason why Wu Duan Cang summoned him to come. However, Wu Duan Cang's summoning also fits Ye Chen's mind.

After all, ye Chen also wants to ask Wu Duan Cang for another half of the heart of the holy source. Since Wu Duan Cang is summoned, he just gives Ye Chen this opportunity.

At the moment, arbitrariness Cang looked at Ye Chen, the more satisfied he was. He was full of talent and was a good seedling.

"Ye Chen." Arbitrariness Cang can't help but say: "today I come to you to say something to you."

"You say so."

Ye Chen eyebrow tiny pick, arbitrary Cang careful appearance lets him some curiosity.

"In the past, there were countless enemies in our six schools. Now they are in decline, but those enemies are still high. Therefore, the six schools are very cautious. Now you are the chief disciple of the six schools, and you have such extraordinary talent. You must be careful."

"These guys, if you let them see the rise of liudaozong, they will eliminate you and the whole liudaozong at all costs!"

Wu Duan Cang's face was dignified. He thought of the enemies of the liudaozong in its heyday. They were far more powerful than Zhenyuan hall. The reason why these enemies didn't fight was because of several powerful elders of liudaozong and the good friends of Xiao shuihan, the founder of liudaozong.

However, ye Chen is now on the rise, defeating fengyusi, the most famous girl in the moon soul domain, which is likely to attract the attention of those enemies.

Therefore, ye Chen must be careful, not too publicity, the more talented, the more likely to fall.

"There is no shortage of talented people in this world. What is lacking is the one who can stand at the end." Arbitrariness Cang looks at Ye Chen's eyes, can't help but say.

"I see."

Hearing this, ye Chen nodded slightly. He also knew what kind of enemies liudaozong had. However, compared with his opponents in previous lives, those enemies were not worth mentioning.

Nevertheless, ye Chen is still young and needs to be cautious.

At the moment, ye Chen also looked at Wu Duan Cang and said, "Lord, I have asked for the other half of the heart of the holy source from Zhenyuan hall. Now I want the heart of the six Taoism sect, which is very important to me."

Hearing Ye Chen's words, arbitrary Cang suddenly burst out, surprised to see ye Chen, "the other half of the heart of the holy source? Yang Tianyang is willing to give it to you? "

"After all, it's the property of liudaozong. Why didn't he give it?"

Ye Chen is indifferent smile, did not explain too much.

And arbitrariness Cang obviously knows that things are not as simple as ye Chen said. Yang Tianyang has paid so much for ye Chen. He is also the heart of the holy source and the treasure chest of heaven. If ye Chen's means were not to connect the heaven, how could such a guy like yangtianyang be willing to do so.

Arbitrariness Cang's eyes flickered, and then he could not help saying, "can you show me the other half of the heart of the holy source?"

Smell speech, ye Chen did not hesitate, directly take out the heart of the holy source.

For a moment, the mighty power was flowing, and the magnificent light reflected everywhere. The whole hall was covered with golden light, while half of the heart of the holy source was suspended in the air and slowly rotated.

"Sure enough, it is the heart of the holy source."

Seeing this half of the heart of the holy source, Wu Duan Cang can't help but sigh. He can't help but reach out to touch the heart of the holy source, and the terrible pressure suddenly comes, which makes the arbitrary Cang Du's face slightly changed.

"Lord, the heart of the holy source is very important to me, and I hope the Lord can become a man of beauty."

Ye Chen sees form, again open mouth says.

"But..."

Hearing Ye Chen's words, Cang hesitated. The heart of Shengyuan was of great importance. The six Taoism sects had been guarding for so many years. How could he give it to Ye Chen casually.

See arbitrary Cang hesitation, ye Chen eyebrows a pick, the next moment directly will six order sacrifice.

The magnificent Hongmeng breath is surging, and the terrible source of wind is turning. It emits the endless and majestic six orders, containing the breath of Xiaoshui cold in the past.

Seeing the moment of the six orders, arbitrary Cang's face changed dramatically. He looked at Ye Chen in disbelief, and immediately knelt down in front of Ye Chen without hesitation. "The current leader of liudaozong has seen six orders."

"Lord, please rise."

Later, ye Chen put the six orders away, and then helped Wu Duan Cang up. The reason why he offered the six orders was to let Wu Duan Cang understand his identity and eliminate his worries about himself.

Ye Chen is very clear that although he has become the chief disciple of liudaozong, he can't let Wu Duan Cang and others fully trust him. After all, he has not joined liudaozong for a long time.

Under such circumstances, ye Chen is very difficult to let arbitrary Cang give the other half of the heart of the holy source to himself.

However, it is not the same to sacrifice the six orders. The six orders represent the presence of the ancestors of the six doctrines in person, and the person who can master the six orders must be the one Xiao shuihan trusts. Ye Chen holds the six orders in hand, so Cang does not need to be on guard against Ye Chen any more.

"Ye Chen Do you know that you are the holder of the six orders

At the moment, arbitrariness Cang is lifted up by Ye Chen, and he can't help asking. He has too many questions in his heart, and feels that he has been kept in the dark.

"Yes."

Smell speech, ye Chen did not hesitate, direct and truthful.

"I knew it!"

Arbitrary Cang eyes a stare at the moment, some depressed look to Ye Chen, "no wonder the supreme Presbyterian Council so trust you, also rest assured that you go to Zhenyuan hall, no wonder."

"Master, don't blame me. Although I have six orders, I don't want to use them. I just want to remove your worries."

"No, how can I blame you?" Arbitrariness Cang shook his head and looked at Ye Chen with deep eyes. "If you can master the six orders, it must be the chance of the six schools. I have you in the six schools. Maybe I can become the first sect in foreign countries."

Arbitrariness Cang said, thought of Ye Chen asked for the heart of the source of things, at the moment revealed the color of shame.

"But I'm afraid it's impossible for you to want the other half of the heart of the holy source. It's not that I don't want to give it to you. It's really that the heart of the source can't be taken out..."

Chapter 3726

"Yes?"

Ye Chen seems to have a hard word to say when he sees the arbitrary Cang. He can't help but wonder. Isn't the other half of the heart of the holy source still in liudaozong? What happened?

"What do you mean?"

Ye Chen looks at Wu Duan Cang.

"The other half of the heart of the holy source is actually under our feet."

Arbitrary Cang shakes his head and smiles bitterly, looking at Ye Chen's mouth to explain.

"Under our feet?"

Ye Chen eyebrows a pick, they are in the hall of six peaks, the foot is obviously six peaks.

"Yes, when he got the heart of the holy source, he divided it into two parts. Half of it was given to Zhenyuan hall and the other half was sealed in the underground altar of six peaks."

"In order not to let outsiders get it, this altar has been sealed up for ever. No one can open it except the grandmaster."

Judging Cang looked at Ye Chen helplessly and said: "in fact, over the years, we have been expecting the grandmaster to come back and open the altar, but the grandmaster has not heard from him for a long time."

Ye Chen was also a little surprised at the news. He thought it would be all right to ask for the other half of the heart of the holy source from Zhenyuan hall, but he didn't expect that the real difficulty was the heart of the holy source in the hands of the six Taoist masters.

"Show me how to enter the altar."

Flash of the sun, said the leaf immediately.

Although Cang said that no one could open the altar except Xiao shuihan, but the other half of the heart of the holy source was right in front of him. This matter related to ye lu'er's memory and the great powers of Chongguang Shenxia palace. Ye Chen could not give up.

"You can't open it."

Arbitrariness Cang looks at Ye Chen, wants to persuade a few words, just see ye Chen eyes firm, arbitrary Cang sighs.

"In that case, I'll show you."

Then, Wu Duan Cang got up and came to the center of the hall. Then a token appeared in his palm, which was the token representing the identity of the leader of the six schools.

"The only way to open the altar is this patriarchal token. "

Wu duancang looked at Ye Chen and said, and then he stepped heavily on the glass slab in the center of the hall.

"Boom!"

There was a roar. At the moment, the stone slabs on the ground of the hall rose slowly one by one, and finally turned into the shape of eight trigrams. In the center of the eight trigrams, there was a gap, which seemed to be just embedded with the patriarchal token.

Without hesitation, the arbitrariness put the patriarch's token into the gap. At the next moment, the eight trigrams radiated a magnificent light.

In the void, a mysterious Rune rises and floats around Ye Chen, forming an array and turning slowly.

"Hum, hum..."

The eight trigrams kept making strange noises. Strange streamers of various colors flickered in the void. The arbitrary Cang looked at Ye Chen and said, "stand on the eight trigrams."

Hearing this, ye Chen stood in the middle of the eight trigrams with Wu Duan Cang. Then he saw the bright white light of the runes around his body, and then he saw a black in front of him.

After a spell of ecstasy, ye Chen suddenly found that he and arbitrary Cang had appeared in a dark space, vaguely able to judge that this was a hall.

"This is the altar under liudaofeng."

At the same time, he opened the mechanism of this space, and a green flame appeared out of thin air to disperse the darkness here.

Sure enough, ye and Chen are standing in a hall, the top and wall of the hall are all rocks, and in front of the hall is a passage.

"Go straight along this passage, and you will find the stone gate of the altar. If you open the stone gate, you can get another half of the heart of the holy source. However, the stone gate is sealed and can't be opened at all."

The voice of arbitrary Cang rang out.

Smell speech, ye Chen squint eyes, faintly can see the stone gate at the end of the passage, seems to have a blood red lines.

"Give it a try."

Ye Chen shakes his head and then walks into the passage, followed by arbitrary Cang.

At the end of the passage, there is indeed a stone gate, and there are several bright red lines on the stone gate, but these lines are actually flowing blood and fresh blood.

These blood contains a strong power, exudes a towering pressure, as if it is the blood of the supreme existence, countless years ago, it is still fresh and vigorous.

These blood outlines a strange symbol on the stone gate. The symbol flickers with the flow of blood. These lights extend out and cover the whole stone gate.

This is the forbidden array of Shimen. You can imagine how terrible the forbidden array is.

Ye Chen looked at the stone gate, some unwilling to bite his teeth, his strength is not enough to shake the stone gate.

But now that he has arrived here, ye Chen won't be reconciled without trying. At the next moment, he will boldly make a move.

"Destroy Shinto, break it for me!"

Sha sword suddenly burst out, magnificent, killing all the destructive power of instant bombardment on the stone gate. However, at the next moment, ye Chen felt a terrible force of prohibition. The destructive power was suddenly extinguished, and the Sha sword was even suppressed by the forbidden force. At the same time, the circulation speed of aura in Ye Chen's body became extremely slow.

"Not good."

Ye Chen's heart is slightly surprised. The forbidden array should follow the destructive power and directly suppress both Sha Jian and him. It's too overbearing.

Ye Chen's power burst out, instantly smashing the power of the forbidden array. At the same time, he was bombarded out by the terrible impact force, and took several steps to stop.

"Hoo..."

Ye Chen vomited out a puff of turbid Qi, and his face was slightly pale. Just after the collision, he was injured. The forbidden array was so powerful that it even made people despair.

"Can we only open the ban until Xiao comes back?"

Ye Chen's eyes flashed a little hesitation, and then his momentum suddenly broke out. Xiao shuihan is still in the dark now. He can't put his hope on Xiao shuihan.

"I don't believe it. I can't open you yet!"

Ye Chen roars, Hongmeng notes suddenly fly out, the silence of the golden light blast down, a road of magnificent aura swept.

At the same time, ye Chen takes out the falling dust and subdues the dragon sword, and then condenses his whole body strength. Two rounds of blood moon rise abruptly above him.

Seeing the blood moon, arbitrariness Cang's face did not change slightly. The blood moon even gave him an extremely dangerous, even creepy feeling.

However, this feeling comes from the blood moon itself. Ye Chen's realm is still too low. Even if he has mastered the terrible magic power of blood moon and Tu Tian chop, he can't break out the power of arbitrary Cang's fear.

"Come on, even if you use this move, you can't break the ban."

Arbitrariness Cang couldn't help saying that he could see that it was difficult for XueYue Tu Tian to kill Ye Chen. I'm afraid it was Ye Chen's card, but it was impossible to shake the forbidden array of the altar.

After all, he had gathered the power of several supreme elders of the sect and could not open the stone gate.

But at the moment, ye Chen feels the bright blood moon on the sky, but his eyes flash a touch of firmness. The matter has come to this point. No matter what, he will try it!

Chapter 3727

Ye Chen firmly looked at the stone gate ban, did not listen to the arbitrary Cang words, the whole body strength gathered, in the hands of the falling dust Dragon Sword suddenly cut off.

"The blood moon butchers the sky, break it for me!"

Ye Chen roars in his heart, and the blood moon on the sky shoots down endless radiance, which is blessed on Ye Chen. The mighty force of the blood moon pours down, tearing the sky apart and breaking the edge of the whole world.

"Boom

The sword of falling dust and falling dragon is cut on the stone gate. The next moment, the fierce and incomparable impact suddenly sweeps across. Ye Chen feels an overwhelming force, and the whole person flies out in an instant.

At this time, the arbitrariness Cang, who has been standing on the side, shakes his head. At the same time, he flashes his body shape and catches Ye Chen, helping him to remove his strength.

"Are you all right?"

Arbitrariness Cang looks at Ye Chen pale matchless face, worried of ask a way.

"Nothing."

Ye Chen looks dignified. He comes back to the stone gate and stares at the forbidden array on the stone gate. His heart is heavy.

If the stone gate can not be opened and the other half of the heart of the holy source cannot be obtained, ye lu'er cannot be helped, and it is very difficult to return to Chongguang Shenxia palace. This is a big problem for ye Chen.

But at this moment, arbitrary Cang stood aside and said: "you still don't have expectations. No one can open the stone gate except for the grandmaster. The power of the forbidden array is too vast."

Hearing this, ye Chen has no words. Instead, he looks at the stone gate carefully. All of a sudden, his eyes focus on the wall on the left side of the stone gate.

On the wall on the left side of the stone gate is a line of poetry.

"An Neng lived here for a long time."

"This is..."

Ye Chen's eyes are deep. In his mind, he suddenly recalls the picture of getting along with Xiao shuihan.

In the dark night, the sky seems to fall down, and the pressure of people can not breathe, and an invincible momentum, the eyes of the figure standing on the towering mountains, surrounded by endless Hongmeng gas surging.

This figure is the reincarnation master of the previous life, and beside the reincarnation master, stands Xiao shuihan.

At that time, Xiao shuihan had already accomplished his studies and cultivated well. However, he was troubled by some things and was hard to improve his accomplishments.

"Why are you here, Xiao?"

The Lord of samsara looks at the sky in the distance. In his eyes, there are six samsara turning and oppressing the sky. He is invincible.

"Master..."

Xiao shuihan heard Ye Chen's words, but a touch of pain flashed in his eyes, and then he said, "I don't know how to go on the road in the future."

"I don't know?"

The reincarnation master smiles and looks at Xiao shuihan with deep eyes. Then he opens his mouth and says, "you don't know how to walk, but you are trapped in your heart and don't want to let go."

"But!"

The voice of the reincarnation Lord suddenly sank and was magnificent. The invincible momentum of suppressing the heaven suddenly broke out, "an Neng lived here for a long time, and he wanted to die."

As soon as he said this, Xiao shuihan's eyes were suddenly awe inspiring. At the next moment, his endless fighting spirit soared into the sky. Xiao shuihan's decadence was swept away, and the realm of stagnation for many days was loosened and suddenly broke through!

"Master, I understand!"

Xiao shuihan looked at Ye Chen, the light in his eyes was dazzling. At this point, Xiao shuihan made rapid progress and became a very famous existence at that time.

At the moment, ye Chen put away his memory and looked again at the poem on the left side of the stone gate. The line an Neng was depressed for a long time, which made him sigh in his heart.

"Xiao, master is back."

Ye Chen's heart in the dark, the next moment suddenly pull out his sword, in the stone door on the right side of the wall, a few times to carve out another line of poetry.

"This..."

Looking at what ye Chen has done, Cang can't help but be stunned. He doesn't understand what ye Chen is doing.

Just at the moment when ye Chen engraved the poem, the ban on the stone gate suddenly roared, and the bright red blood slowly penetrated into the stone gate. The forbidden array disappeared and the stone gate opened with a click.

"How could that be possible?"

He could not have imagined that the way to open the stone gate was to write poems.

But how does Ye Chen know what the next sentence is? What is Ye Chen's identity and why can he master the six commandments

At the moment, arbitrariness Cang looks at Ye Chen, and his eyes are full of wonder. He thinks he knows a lot about ye Chen, but the more he contacts, he finds that ye Chen is more mysterious, just like the boundless abyss, which can never be understood.

At the moment, ye Chen doesn't notice the inner thoughts of Cang. Looking at the open stone gate, he feels a familiar breath from the stone gate, which makes his heart tremble suddenly.

At the next moment, ye Chen flashed directly into the open stone gate.

Seeing ye Chen moving, Wu Duan Cang hurriedly followed the rear and wanted to enter the stone gate, but before he got close, the terrible restraining force swept over.

"Not good!"

Arbitrariness Cang's face changed greatly, and he hastened to resist. When he resisted the power of prohibition, the stone gate was closed again with a bang, and the red blood flowed out again, and the forbidden array appeared again. "It seems that I have no chance to step into it."

At the moment, arbitrariness Cang looked at the stone gate with some grievances. Even ye Chen could enter, but he was not the leader of the six Taoism sects. Who could argue with him? He could only say that the patriarch was too biased. The six orders were given to Ye Chen, and the prohibition only allowed ye Chen to step in.

However, in the space inside the stone gate, ye Chen saw a huge altar, which exuded a magnificent ancient atmosphere, as if the existence of the place where heaven and earth opened up was used to sacrifice to God.

In the center of the altar, however, stood a figure.

Ye Chen and this figure look at each other, their eyes are a tremor, the next moment this figure suddenly rushed to Ye Chen, excited to kneel down in front of Ye Chen.

"Master!"

This figure is exactly Xiao shuihan, but it is not the real body of Xiao shuihan, but one of his deities.

Xiao shuihan was ecstatic. He never thought that he could see his most respected teacher again one day.

"Master, how did you come here? Your accomplishments..."

Xiao shuihan kneels down on the ground. He can't help but look up at Ye Chen. The next moment, he is stunned. He finds that ye Chen's cultivation is just heaven and God.

Looking at Xiao shuihan, ye Chen's eyes softened. The most naughty disciple in his previous life has done the most after his death. These ye Chen are very clear.

Immediately, ye Chen patted Xiao shuihan's shoulder and pulled him up.

"The last one fell, and now I am reborn."

Ye Chen looks at the altar deeply, as if he can see those people who used this altar to sacrifice to God.

Hearing Ye Chen's words, Xiao shuihan also responded. Ye Chen is the master of reincarnation. It is not so easy to kill Ye Chen.

Chapter 3728

"Master, I knew, I knew..."

Xiao shuihan's eyes were red. He was too excited. In his previous life, he learned about the main body of reincarnation and felt that the sky had collapsed.

The reincarnation master is Xiao shuihan's invincible existence in his heart and his belief. Even if the reincarnation master drives him out of the Ye family, he does not blame the other party.

Xiao shuihan was despaired by the death of the reincarnation Lord, but he expected the reincarnation master to return.

However, Xiao shuihan waited for a long time, but still did not wait for the news of the return of the reincarnation Lord. Finally, he accepted this fact and forced himself to cheer up and establish liudaozong to meet xuanjiyue.

However, Xiao shuihan didn't expect that after countless years, he met his respected Master again, which made him ecstatic. As long as the reincarnation master is still alive, there will be opportunities for everything.

Looking at the excited Xiao shuihan, ye Chen also sighs in his heart. He didn't expect to meet the gods left by Xiao shuihan in this prohibition.

But at this moment, ye Chen is aware of Xiao shuihan's mind gradually becoming dim, not from a frown.

"Master."

At the moment, Xiao shuihan also looked at Ye Chen and said, "my divinity was left before fighting Xuanji. Now when you open the stone gate, my mind will dissipate."

"I see." Ye Chen hears a flash of sadness in his eyes, but quickly converges.

Knowing that Xiao shuihan's mind will soon dissipate, ye Chen has no chance to reminisce with him, so make a long story short.

"I came here to get another half of the heart of the holy source, which is of great use to me."

Hearing Ye Chen's words, Xiao shuihan did not say a word. With a move of his hand, the altar suddenly turned. In the center of the altar, a black hole gradually converged, and the other half of the heart of the holy source flew out of the black hole.

As soon as this half of the heart of the holy source appeared, ye Chen felt that the other half of the heart of the holy source in his hand was constantly shaking. They were originally noumenon, and now they are close, of course, there will be reactions.

"Master, take care of it."

Xiao shuihan's palm swings, the heart of holy source immediately floats to Ye Chen's body. Ye Chen grabs it and collects it in the bag.

"Master, there are such things."

At this time, a disk floated out of the black hole, and Xiao shuihan gave the disk to Ye Chen again.

Take the disc to the hand, ye Chen is aware of the disc light floating, at the same time, there is no special use, just to explore the magic weapon.

"Is this?"

Ye Chen is a little strange. He looks at Xiao shuihan.

"Master, this is the six shadow seeking disk. As long as it senses my body, it will immediately send out changes and show the direction."

Xiao shuihan looked at Ye Chen apologetically. "In my previous life, I challenged xuanjiyue, and I knew that I would fail. So I left this divinity before I left. One is to protect the heart of the holy source hidden here. The other is to protect the holy heart hidden here. After the war between me and xuanjiyue, no matter whether I am alive or dead, I hope that the disciples of the six schools can find my body. If I die, I can hide my body It's near you. "

Speaking of this, Xiao shuihan shook his head. "It's just a pity that no one has ever stepped into this place for so many years. Instead, you are allowed to visit in person."

Hearing this, ye Chen's eyes are red. Xiao shuihan respects him so much and pays so much for himself. Even after he dies, he wants to hide near him. How can he not be moved.

"Xiao, master swear! Whether you live or die, I will find you

Ye Chen looks at Xiao shuihan solemnly and says in a deep voice.

At the moment, Xiao shuihan's mind has been dim to the extreme. He looks at Ye Chen, tears in his eyes turn, but shows a smile from the heart.

"If the master said this, I would be satisfied."

After saying this sentence, Xiao shuihan's mind also suddenly turned into countless light spots, floating in the air.

Looking at the mind dispersed, ye Chen's eyes flashed across a curtain, and then looked at the hands.

At the moment, there is no fluctuation in the six way shadow seeking plate. Lying quietly in his hands, ye Chen has a chill in his eyes. If Xiao shuihan falls, he must let xuanjiyue know what regret is.

Immediately, ye Chen put away the six shadow seeking plates, but he took out both the heart of the holy source.

At the moment, the hearts of the two holy sources are close to each other, and both of them are concussion endlessly, even sending out the feeling of missing.

The heart of the holy source is about to give birth to wisdom. When he realizes this, ye Chen's eyes flash with surprise.

The more powerful things are, the more difficult it is to produce wisdom. The heart of the holy source is so extraordinary that it must be born with wisdom. I'm afraid it has existed since the beginning of the opening up of heaven and earth.

But at the moment, ye Chen wants to bring the two halves of the heart of the holy source together, but finds that he can't do it at all.

The power of the heart of the holy source is so powerful that he can't shake it at all. Even if he just makes the two halves of the heart of the holy source close to each other, he is about to exhaust all his strength.

"Hoo..."

Ye Chen spent a lot of time practicing, but he couldn't make the heart of the two holy sources merge. Instead, he was so tired that he couldn't help feeling depressed."Master Han."

The next moment, ye Chen consciousness into the samsara cemetery, looking for cold heart, want to ask the way to integrate the heart of the holy source.

Later, Han Wenxin shows his figure from the tomb of samsara, but after hearing Ye Chen's question, Han Wenxin frowns.

"The heart of the holy source?"

Cold asked heart shook his head, "this thing I know, but want to let it merge, I don't know how to do."

"It's not a matter of cause and effect."

"Ye Chen, are you sure you want to get involved in this thing? This is not necessarily a good thing. Even after integration, it will bring you disaster. "

"Think twice."

Ye Chen looks stunned.

"You don't even know about it."

Hearing this, ye Chen can't help but be disappointed. He can't help but ask the heart of Han. Does he gather the heart of the holy source together, but still has no effect?

For a moment, ye Chen can't help feeling a little upset. He has already spent a lot of effort to get the heart of the holy source. He didn't expect that it would be useless in the end?

"What can I do?"

Ye Chen looked at the heart of the holy source in his hand and wanted to smash it.

But at this time, the samsara cemetery again came a change, a red light as if to fill the entire samsara cemetery.

"Did you think of a way?"

Ye Chen's eyes brightened, and quickly entered the samsara cemetery again, but saw a strange woman standing in the samsara cemetery, with her back to Ye Chen.

Ye Chen, a powerful man, had experienced fluctuations before, but he didn't go into it.

This is obviously a new talent, and the key is a woman.

Ye Chen is a little surprised at each other's appearance, just want to go forward to communicate, cold inquiry heart also appeared again.

"Well, who is it?"

Cold heart, mouth chanting, raised his eyes to see the girl, the next moment in the eyes but flash a touch of horror.

"Damn it, how did this guy come out?"

Chapter 3729

Hearing the cry of cold inquiry, the girl also turned to look at the cold heart, showing a slightly cold smile.

"Cold asked."

The girl's skin is more beautiful than snow, and her complexion is absolutely beautiful! It's very talented!

Wearing a light green dress, the whole body is flowing with mysterious and cold breath.

When Ye Chen saw the woman's face, he was stunned. Few of them could be so young.

It even looks less than 20 years old, but there is a thrilling feeling on the body.

Although the girl's beautiful posture, Han Wenxin just saw each other, but she was shocked. Ye Chen couldn't help but wonder. Han Wenxin specializes in guarding, does not touch the cause and effect, and everything is light and light. How can I see this girl so scared.

"Master Han, is this woman?"

Ye Chen couldn't help asking.

"Even if you don't talk to this guy, it's all a cause and effect. I advise you to stay away from her."

Cold asked the frightened looking at the girl, and did not explain to Ye Chen who the girl was, just warned Ye Chen a sentence, in a twinkling of an eye directly disappeared.

"This..."

Ye Chen looks at the cold and asks the heart to leave like this, can't help but have some helplessness, at the same time also to the young girl vigilance, is this young girl big ability is the taboo existence in Ren's elder's mouth? However, it seems that the strength of the girl's great power is not.

At this time, the voice of cold inquiry is again introduced into Ye Chen's mind, telling Ye Chen about the origin of the girl's great power.

It turns out that although this young girl can not be a taboo in Ye Chen's conjecture, she is also a person who has had a very cruel war record.

Tens of thousands of years ago, a mysterious girl came out of the moon soul domain. This girl is the girl's power in front of her.

At that time, Daneng, a young girl, rode a moon deer from the extreme south of the moon soul region to the far north of the moon soul region.

In the whole three months, more than 600000 people died in the whole yuehun domain. Of these 600000 people, no matter which one of them is a very high status existence in the moon soul domain, it is not the master of a sect, the Supreme Master, or the talented disciple who is proud of the moon soul domain.

These people are all in the hands of the young girl's power, and the behavior of the girl's power also causes great panic in the moon soul domain. For hundreds of years, the moon soul domain has been immersed in a strange and frightened atmosphere, and everyone with a good reputation is afraid that the moon spirit demon girl will come to her door and kill herself cruelly.

Even because of the moon spirit witch, at that time, no matter how strong the person was, they would not dare to show up in front of the people. They were all in fear and in constant fear. Therefore, the young girl was able to get the name of the moon soul witch.

At the same time, there is a rumor that the moon soul witch cultivates magic skills and enjoys killing people.

However, some people think that the ghost girl is not a bad person. She killed so many people, in fact, she was killing people.

Many people support both theories, but more people believe in the other.

They think that the ghost girl of the moon is for revenge. The high-ranking beings killed by her are the enemies of the demon girl. Therefore, they killed all the enemies from the extreme south to the north.

However, after a hundred years, the ghost girl of the moon never appeared again. She didn't know whether she was alive or dead. Gradually, the moon soul domain came back to life. Those who had the ability also came out of the hiding place and became famous in the moon soul domain.

His mind echoed with the words of cold inquiry. Ye Chen's eyes flashed at the moon ghost girl, but the beauty of the other side made Ye Chen shudder at the moment. It looked so harmless. Who could have thought that the other party had killed more than 600000 people? What a terrible achievement.

And at this time, the ghost girl of the moon also looked at Ye Chen and said with indifference, "do you know my identity?"

Seeing this, ye Chen returns to his mind from his meditation, and looks at the moon soul witch's eyes flashing a touch of vigilance, and then nods his head and says, "Ye Chen has met the master of the moon soul."

Hearing Ye Chen's address, the ghost girl of the moon frowned. She seemed to think of those things that had happened, and she was not happy.

However, the ghost girl didn't care too much about it. Instead, she continued to say, "if you want to integrate the heart of the holy source, you need at least a strong one in the heaven and earth to do it."

Hearing this, ye Chen raised his eyebrows. The mirror of heaven and earth is the realm above the realm of mending the sky. However, ye Chen has no one to trust.

The power of the heart of the holy source is too strong. Anyone can covet the heart of the holy source. Ye Chen can't take it out to ask for help.

At this time, the spirit of the Moon said again: "I came out to hope that you will give me the heart of the holy source. The power of the heart of the holy source can revive my dead moon deer, and the moon deer can find my noumenon."

The moon soul demon girl looked at Ye Chen with awe, "to tell you the truth, I don't expect you to save me. I hope to save myself by myself. But you give me the heart of holy source, and I owe you a favor."

Hearing this, ye Chen is dignified. The heart of the abyss is given to the moon soul witch in exchange for a favor. Ye Chen is uncertain about such a deal.

Indeed, the heart of the holy source is too important for ye Chen. He needs the heart of the holy source to awaken ye Luo'er's memory and take it back to Chongguang Shenxia palace. However, if the spirit of the moon is to revive her dead moon deer and find her own body, ye Chen dare not take this risk.

"Master Yuehun, the heart of the holy source is very important to me. I can't give it to you."

Ye Chen hesitated for a long time, and finally shook his head, looking at the moon soul witch said.

"If I don't, who can help you fuse the heart of the holy source? Do you want to rot the heart of the holy source in your hand?"

Moon soul evil girl see ye Chen refuse oneself, can't help but say with exasperation.

"Master, I will find a way to integrate the heart of the holy source, and I promise you, I will help you find your dead moon deer."

"You?" "Moon soul demon girl looked at Ye Chen with a sneer," I don't expect you! "

After that, the figure of the ghost girl disappeared and apparently returned to the stone tablet.

Seeing the ghost girl disappear, ye Chen shakes his head helplessly. The heart of the holy source is too important. The story of the ghost girl is also told him. Who knows what she will do after she gets out of trouble and doesn't have to return her human feelings. This woman is too dangerous, so it's better to be cautious.

If you want to integrate the heart of the holy source, there is no chance for the moment. Ye Chen also puts down the idea and looks at the stone gate. On the wall on one side of the stone gate, there is a black black stone protuberance.

Ye Chen immediately forward, a press in the black ink stone, stone embedded in the wall, the stone door slowly opened.

Through the opening of the stone gate, ye Chen sees Wu Duan Cang standing outside the door and looks inside curiously. He can't help shaking his head and laughing.

"Ye Chen, inside the altar..." Arbitrariness Cang can't help but try to open his mouth.

Chapter 3730

"There is nothing in it, only the other half of the heart of the holy source is in the middle of the altar." Ye Chen hesitated for a moment and said that he didn't tell wuduancang about Xiao shuihan's mind.

After all, if you tell the other party about this matter, wuduancang will regret it if he knows that the grandmaster is behind the stone gate, but he has no chance to meet him.

Knowing that there was nothing in the altar except the other half of the heart of the holy source, a flash of disappointment flashed in the eyes of arbitrariness Cang, but there was no doubt about it. Then he left with Ye Chen.

Back in the main hall of six peaks, ye Chen leaves for Wu Duan Cang, and then returns to his own Hall of huangquan peak.

Liu yunmiao is still practicing in the hall and opens his eyes when he sees Ye Chen coming back.

"Elder martial brother, what can I do for you Liu yunmiao asked curiously.

"Well, tell me something to keep me on guard against the enemies of liudaozong in the past."

Ye Chen said indifferently.

On hearing this, Liu yunmiao's eyes flashed a touch of forest, and he couldn't help nodding. "Elder martial brother, the patriarch is right. Our enemies in the past of liudaozong are covetous of liudaozong. You should be careful as a first disciple."

"Well, I know."

Ye Chen smelled the speech and nodded slightly, but his heart was still thinking about how to integrate the heart of the holy source. At present, there was no trusted person who could help him, which made him a little worried.

Suddenly, Liu yunmiao thought of something and said, "by the way, there is a man named Xu Shenglong outside the gate of liudaozong who is looking for you."

Ye Chen hears Xu Shenglong, Mou son a congealing! It seems that there should be some whereabouts of Xu Shenglong's inquiry!

He can't stay in liudaozong for a long time. After all, he only has less than three months left for him!

Ye Chen's figure instantly disappeared in huangquanfeng and came to liudaozong!

And not far from the gate of the six schools, a man with a strong evil spirit is pacing back and forth!

It's Xu Shenglong!

Xu Shenglong is excited to see ye Chen!

After all, he has regarded Ye Chen as his most important person and the hope of his own rise!

He found that ye Chen broke through again!

It's only a few days!

This talent and potential, look at the whole territory are few!

"Brother Ye! Your breath You've broken through again

Xu Shenglong immediately came to Ye Chen's body.

Ye Chen nodded: "Shenglong, I haven't seen you these days. Your accomplishments have also increased a lot."

"By the way, what's the matter for you to investigate?"

What did Xu Shenglong think of? He took out a crystal stone and pinched it with his fingers. In an instant, the crystal burst into an image!

"Brother ye, I have a lot of friends in the demon clan. They all master the special pursuit skills. I have used almost all my strength these days!"

"I thought there was no news, but just yesterday, a friend of mine sent this image!"

"In the image is the sister-in-law you asked me to look for!"

Ye Chen's eyes gaze at everything in the image.

Xia Ruoxue and Xiaobai are in the picture.

But strangely, why does Xia Ruoxue carry a sword with a whole body Rune on his back?

Although it is an image, ye Chen can feel that this Rune sword contains a strong power.

He never saw Xia Ruoxue have this sword.

After Xia Wai, what happened?

What's more, Xia Ruoxue has a flame behind it!

This is obviously reincarnation star flame!

Key, now the reincarnation star flame overflows, indicating that Xia ruoshue has found other reincarnation star flame!

Reincarnation star flame stronger!

Ye Chen currently holds the information that the reincarnation star flame should be controlled by the upper world empress xuanjiyue!

Did Xia Ruoxue get it from xuanjiyue?

It's impossible!

At the moment, ye Chen has too many doubts in his heart.

"Shenglong, where is the location of this image? Do your friends have any more detailed information? "

Xu Shenglong shook his head: "it is an accident that this image can be recorded."

"It's impossible to determine the exact whereabouts of my sister-in-law, but I've asked my friends to do everything possible to find out."

"They will inform me as soon as they have news."

"But where the image happened..."

Xu Shenglong stopped for a few seconds and continued: "this place is not in the moon soul domain, but in the xingxuan domain And This place is a little strange. I went to this place for the first time, but it disappeared As if it never existed. "

Ye Chen brows a frown, he faintly guessed what.

The sword behind Xia Ruoxue, xingxuan area, where it disappeared.

All of this may be related to the dark region mentioned by xuanhanyu.

It seems that we must set out at once.

The next second, ye Chen returned to liudaozong and asked for instructions to leave. Although arbitrary Cang doubts Ye Chen's behavior, he knows that ye Chen holds six orders, and he has no qualification to refuse ye Chen.

Just leave at this critical moment, where is Ye Chen going?

.....

In the realm of xingxuan.

Ye Chen and Xu Shenglong are flying over a vast and desolate land. There are not only lack of aura, but also rare plants. There are bare rocks everywhere, not to mention human beings. Even monsters do not want to live in such places!

The two of them have been driving for a long time in a row. This barren land is already the edge of the territory of xingxuan!

At this time, xuanhanyu's voice, which has not been heard for a long time, suddenly rings out in Ye Chen's mind: "Ye Chen, let's stop here."

Ye Chen body shape a meal way: "Xuan fairy, how?"

Xuanhanyu said: "if you go one day further, you will come to the entrance of the dark area. Therefore, I will trim it here first. At the same time, I will untie the next seal on my body. Before entering the dark area, I can gain more strength, and the possibility of surviving will be increased by one point! In these days, do you run the spirit moon Dharma body in the samsara cemetery every night, as I said

Ye Chen smile, the next moment, the very strong force of the moon pour out from within itself!

The reason why he didn't immediately try to untie the next seal on xuanhanyu when he first entered the liudaozong was that xuanhanyu kept him familiar with the spirit moon Dharma body.

Over the past few days, whether in liudaozong or Zhenyuan hall, he has been constantly practicing! This also makes Ye Chen more familiar with this magic power!

Xuanhanyu said: "it's not bad. The power of the moon is also the key to unlock the next seal. The power of the spirit moon Dharma body is also affected by the phase of the moon. It's just that tonight is the full moon, and the timing is right."

Immediately, ye Chen called on Xu Shenglong and fell down on the wasteland. He adjusted his breath and recovered his consumption in the journey.

Tonight, he will open the next seal for xuanhanyu!

Soon, night fell.

A bright full moon, hanging in the night sky, stars such as chess, embellishment on it, the barren land under the stars and moon, exudes a desolate atmosphere.

Ye Chen's eyes suddenly opened when he was on the ground. At the next moment, a dark sword was suspended in front of him!
