Chapter 3731

On the sword, strange waves rippled open, a cold temperament of women's virtual shadow, then appeared in the void.

This woman is Xuanhan jade. There are several chains around her delicate body!

Ye Chen gazed at one of the chains, and his eyes flashed, and a powerful force broke out!

Xu Shenglong on one side was scared and looked at the strange scene in front of him.

The power of destroying Shinto appears between heaven and earth, and winds around Ye Chen.

Looking at Ye Chen at this time, Xu Shenglong felt a thrill of palpitation, which was even more frightening than ye Chen when he burst out the spirit of heaven demon!

But it's not over!

This seal, relying on Ye Chen's destruction Shinto, can't be cut off!

Suddenly, a flash of blood flashed in the sword, and a soul pierced by blood light emerged from it.

It's the ghost of the fairy from the mountain!

Ye Chen looked at this from the mountain fairy one eye, light way: "you are free."

At the next moment, he reached out a little, and the blood flashed on the sword. The soul of the fairy from the mountain sent out a shrill cry, and it melted completely in the blood light!

The original location of his soul left only a sword shaped shadow!

That is the mark of Dao sword which was born in the spirit of Lishan fairy! Ye Chen was born and refined from his soul!

Ye Chen raises his hand and makes a feint move. The shadow of the sword mark falls into Ye Chen's hand, and the power of destruction pours into it. The shadow of Dao Jian, which was almost transparent, gradually emits the dark light of Dao Dao Dao, as if it were turned into substance!

The extremely strong Kendo breath, and the destruction of the Shinto blend, so that the whole world, are thrilled!

But it's not over!

All of a sudden, the full moon above the night sky seemed to be stimulated by something. In a moment, the light of the full moon was shining like the day, shining on the whole barren land like the day. Together, it shone down from the full moon and fell on yechen's body!

The shadow of the dark sword in his hand was suddenly surrounded by the power of the Taiyin, and ye Chen's whole person also exuded a breath of incomparable solemnity and holiness!

Ye Chen held the dark sword, but his face changed slightly. His hands trembled slightly. He could not control the terrible power of the sword!

He took a deep breath, adjusted his spirit to the best state, drank a low, and fully stimulated his potential!

Trembling hands, so there is a moment of stability!

Right now!

In Ye Chen's eyes, the fine light flashes, and cuts out a sword at the chain on Xuanhan Yujiao's body!

In the moment, the sword was locked in the chain, and the sword broke out!

All of us are staring at the collision between the sword and the rune. Even in the beautiful eyes of Xuanhan jade, there is a look of tension!

After three breaths, the rune finally uttered a cry of grief, which was broken inch by inch. At the same time, Xuan Hanyu's chain was missing!

A breath that seems to be able to surpass all living beings, flashed away from Xuanhan jade!

Ye Chen is a little relieved, then, the face is excited color, finally succeeded!

At the moment, the shadow of the Dao sword in Ye Chen's hand has also exhausted its power and turned into dust and dissipated in the wind.

Ye Chen takes a look at the disappearing shadow of Dao Jian with some regret. The ultimate sword meaning of this sword mark is very consistent with his destruction Shinto. If you can get this mark, the power can be improved by several points!

But at this time, ye Chen's face suddenly changed, a roar, a strong wind, a strong breath, emerged from ye Chen's body!

At the same time, there is also a mark on his spirit!

The mark of Dao Jian, which should have disappeared, appeared in Ye Chen's spirit!

Not only Xu Shenglong, but also Xuan Hanyu was a little sluggish when he felt the breath of kendo

This sword mark so boarding to Ye Chen's body?

Originally, this kind of imprint containing the road of heaven and earth is a congenital mark, which is totally impossible to seize.

What is congenital imprint?

It's something that is born and made of nature!

But ye Chen, it is so easy to get this congenital mark

Even ye Chen himself can't believe it

But think about it, this kind of thing seems to have happened before

In those years, when he killed the spirit jiuxiao, he got the power of forbidding spirit Dharma body!

Xuanhanyu looked at Ye Chen strangely and said, "your boy's reincarnation blood, the more you make this palace curious."

After that, he turned into a streamer and boarded in the evil sword again.

And Xu Shenglong looks at Ye Chen's eyes, more and more worship, just like those fanatical fans on earthYe Chen is also full of joy, this unexpected harvest let his strength once again enhance several percent!

However, ye Chen did not go on his way, but said to Xu Shenglong: "Shenglong, let's rest here tonight, recover some physical strength, and continue to set out tomorrow."

Now that they are close to the entrance to the dark space, they should be more careful.

.....

In the morning of the next day, ye Chen and Xu Shenglong set off again after a night's repair.

Another half day, all of a sudden, ye Chen is a look move, stopped the body.

One side of Xu Shenglong, puzzled to look at him a way: "Ye elder brother, what's the matter?"

Ye Chen's eyes narrowed and said faintly, "in front of you, someone."

As soon as the words fell, the two figures flashed and appeared in front of Ye Chen and Xu Shenglong. They were dressed in black and wore a pair of black jade masks, which made people unable to see clearly. What's more, their breath was also covered by some strange fluctuation. If they changed their clothes and appeared in front of Ye Chen and Xu Shenglong, they might not recognize them Human.

What's more, even the two people's martial arts realm is a mystery!

Now, of course, ye Zhizhi doesn't intend to cover up the spirit by force.

The two men's eyes swept past ye Chen and stopped on Xu Shenglong's face. One of them, quite tall, opened his mouth and said, "are you two going to enter the dark area?"

Xu Shenglong's eyes trembled when he heard the speech!

Do these two know about the existence of dark regions? Even if he had been a genius of the nine saints demon sect, if ye Chen had not told himself, he would not have had the opportunity to get in touch with any information about the dark region. He even thought that even Huang Rushan might not know what the dark region is!

In all likelihood, these two men are envoys from the dark region! Presumably, they are the people who decide whether they and elder brother ye can enter the dark region!

Chapter 3732

Even if Xu Shenglong has some big nerves, he can't help but be afraid to see these two people. After all, in Ye Chen's mouth, the dark area is a place where people can eat!

The emissary coming out of the dark area is not ordinary people!

Xu Shenglong swallowed a mouthful of saliva. He looked at Ye Chen and saw that ye Chen didn't seem to have any meaning to speak. He said cautiously: "yes, you are envoys in the dark region?"

Two people look at each other, eyes, seems to take a trace of smile.

The tall man said, "you have some eyesight."

Hearing this, Xu Shenglong immediately asked, "two, how can my brothers enter this dark area?"

The tall man looked up and down at Xu Shenglong, then shook his head and said, "with your two strength, not enough to enter the dark area, or please go back."

After that, they turned around and planned to leave!

Wait a minute, two dragons said in a hurry! Can we discuss this matter one or two? "

The tall man looked back at Xu Shenglong and said, "if you are the only one, you may still have a chance, but this boy..."

With that, he glanced at Ye Chen, which means, obviously, ye Chen can not enter this dark area!

Xu Shenglong was in a complete hurry. He explained: "the two messengers misunderstood. Brother Ye's strength is far beyond the realm. Please give us a chance!"

The tall man still shook his head and said: "we don't care about this. The top requires us to enter the dark area. At least, we need to mend the sky."

After that, they turned into a dark shadow and swept away towards the distance, disappearing in the vision of Ye Chen and Xu Shenglong.

Under this, Xu Shenglong's face is a little pale, they have not entered the dark area to eat this closed door?

I don't have anything, but elder brother Ye has no time to spend!

He looks at Ye Chen, but is a Leng, ye Chen at the moment is actually maintaining a calm look?

Is there any other way for brother ye?

Xu Shenglong couldn't help asking, "brother ye, what should I do now? I'm afraid we won't be able to enter the dark without the permission of the two men. "

Ye Chen is smile way: "don't worry, they will come back."

After that, he landed on the earth with Xu Shenglong and sat down on his knees with his eyes closed.

But Xu Shenglong did not have that mind!

From time to time, although he had to move back and forth in a hurry, he did not believe that Tianye was in a hurry?

An hour later, suddenly, a dark shadow fell in front of the two people. Xu Shenglong looked at the man with a look of great joy. He was obviously another messenger accompanying the tall man!

The man of medium stature approached Xu Shenglong, took a look around and said in a low voice, "do you really want to enter the dark area?"

Xu Shenglong nodded his head and said, "naturally so!"

The man of medium height seemed to have hesitated for a moment before he began to say, "it's not impossible, but it's not easy to dredge up and down..."

Xu Shenglong was born in a demon race, and he was also a type with no strings in his head. He did not know much about the implied metaphors of human beings. He looked at the man in front of him and said, "what's the way?"

The man looked at Xu Shenglong strangely and said, "what method is what?"

Xu Shenglong Lengleng way: "you said that it is not easy to dredge up, but you have not told me, what is the way?"

The man was slightly stunned, and then, he was rather embarrassed and said, "you boy, are you playing tricks on me? Since you don't want to enter this dark area, forget it! "

After that, he seemed to be about to leave. Xu Shenglong was at a loss. He did not know where he had provoked the emissary of the dark region.

Ye Chen saw this, but he couldn't help laughing. Shenglong is a real treasure

The man in black is fiercely to Ye Chen a stare way: "what are you laughing at?"

Ye Chen didn't care. He stood up slowly and threw his storage bag to the man in black. He said, "nothing. My brother is from the demon clan. He doesn't know much about these people. This friend can see if the contents in the bag are enough to take care of it?"

The man in black turned his anger into joy, and his divine consciousness swept away from the storage bag.

But this sweep, but let the man in black, look suddenly changed!

Immediately, the face appears the color of ecstasy!

Yes!

It's true!

There are so many treasures in this boy's storage bag!

He turned his head and looked at Xu Shenglong, and his eyes became more and more greedy. On this day, the fortune of the children in Shenjing was so rich, and the demon family who mended the heaven was probably a treasure mountain!

He just wanted to ask Xu Shenglong for the storage bag, but at this time, a spirit of destroying the heaven and the earth suddenly appeared!

The man in black was stiff. Under the impact of the breath, he could hardly move! He turned his head and looked in disbelief in the direction of the breath

At the moment, ye Chen, holding a long black sword in his forehand, chopped at him without saying a word!

The man in black exclaimed, "what are you doing?"

His whole body turned black, like a skeleton shield made of black jade, appeared in front of him, as if he wanted to resist!

However, at the next moment, the breath of Hongmeng in the sky is rolling and the spirit of destruction Shinto is surging. A pure and incomparable Kendo breath is also faintly surging. This extremely violent sword, which makes the martial law here slightly distorted, will definitely blow down!

Ye Chen's sword is full of killing intention, but he doesn't mean to keep his hand at all!

The man in black, his eyes trembled wildly, and his brain was about to melt. Why did the boy in God's land cut such a terrible sword!

For a moment, he poured his whole body into the bone shield without reservation, and at the same time he called out: "brother, help me!"

Can, this shout just sent out, ye Chen that crazy sword already fiercely bang on that bone shield!

With a loud bang, the sky and the earth were in turmoil, and the void was frantically broken. Countless abyssal cracks appeared on the earth. The seemingly extraordinary bone shield was smashed directly under the sword of Ye Chen, a demon who could destroy the world!

And the man in black didn't even scream, so he was blown into a blood mist under this sword!

Xu Shenglong is stupid to watch!

His whole person seems petrified general, looking at Ye Chen, the head that originally lacks a root string, is about to strike completely!

What's wrong with brother ye?

Is it that the emissary is too wordy to annoy him?

But even if you are annoyed, you can't just kill people like this!?

But it's not over!

Chapter 3733

Ye Chen slowly picked up the storage bag on the ground. With his extremely cold eyes, he suddenly glanced at an empty place and said with a smile: "is it too late to go now? Don't you enjoy killing pigs? There are many good things in this storage bag. Why not

I saw a very thin shadow, suddenly appeared, turned into a black light, toward the distance, fly away quickly!

Ye Chen looks at that Dao Dun light, in the eye murders a Sheng, low drinks a way: "swallow the soul Tongtian!"

A black whirlpool will cover the light in an instant!

The tall man screamed, his body was crumbling, but he didn't fall from the air completely. Instead, he struggled to make a fist and burst out a space crack. He was going to sneak into it and escape!

Ye Chen saw this and his eyes flashed. After swallowing part of the spirit marrow of the moon liquid, his divinity soared, and the attack of natural soul skills became more and more terrifying. But did such a strike not kill this person in seconds?

It seems that this guy has a good spirit defense treasure.

The tall man's face was full of panic. Originally, their brothers just wanted to kill the pig, but who would have thought that the pig had not been slaughtered, instead, they had sent their own lives to such a murderous God!

He was so sorry that he would cry!

What made him despair was that the youth who seemed to be in the heaven and God realm was still a very powerful soul cultivation!

Even with his escape speed, he didn't escape Ye Chen's pursuit of soul skills. Fortunately, many years ago, he got a supernatural soul treasure, and then he escaped the robbery!

Although entering the space crack to escape, also full of danger, but now he can not care so much!

But in the moment when he entered the space crack and felt a little relieved, a figure was also a flash, appearing in the void full of turbulence!

The tall man suddenly turned his head and looked at the young man with evil smile and cold eyes in front of him. He was really going crazy!

Ye Chen unexpectedly is to pursue in this space crack!

Is it necessary to do this!

His companion has been killed, the boy did not lose any property, right?

Unexpectedly, they have to risk the pursuit to the void!

If he had known that ye Chen was such a cruel man, he would never have provoked him even if he had given him gold and silver!

People like Ye Chen, even in the dark, are the most difficult type to deal with!

He is just a small man. He can only live by slaughtering pigs and barely living in the dark area. Who could have thought that his car overturned today!?

As soon as the tall man bit his teeth, he turned over and poured out evil spirit. He was actually a magic monk!

Ye Chen saw this, and his smile became more intense. The blood of the evil sword in his hand was full of blood. The endless power of destroying the Shinto surged in the void. The spirit moon Dharma body was used, and the moon was in full swing. With one sword, he cut off!

The tall man roared, and bit a bloody pill. The burning power of the medicine was exquisite, which excites the body's potential wildly. At the next moment, the man had a ghost trap in his hand. The devil's spirit soared on the trap, and he gave a powerful blow to Ye Chen!

But!

At the next moment, the seal of magic Qi fist was smashed at the moment of touching the sword light!

Big man's eyes are going to fall out!

When you take the Huoyuan Huansheng pill, you have to stimulate all your strength to fight to death, but you are crushed in an instant?

He knows that he has kicked the iron plate today, but what iron plate is this?

Ten thousand times harder than Xuanjin!

Before the sword fell, the tall man was crushed by the terrible sword power. His bones burst and his muscles were torn. The whole man was about to fall apart!

But at this time, the sword suddenly disappeared like an illusion.

Instead, it's a fist that zooms up in front of your eyes!

A big blow, which hit the face of the tall man!

His face bones, even his whole body bones, were smashed completely under this blow, and his internal organs and muscles were also frantically broken!

The whole person turned into a pool of mud, endless pain, tormenting his mind!

But his throat and tongue were broken, and he couldn't even utter a scream!

At the next moment, ye Chen seized the man, moved his body, and left the void and returned to the barren land.

As soon as he threw it, he threw the muddy man under his feet.

Although he was beaten in a bad shape, he still had a breath

Xu Shenglong looked at this scene foolishly, but for the miserable man on the ground, he did not have any special feeling.

Miserable?

Xu Shenglong is a demon clan. The society of the demon clan is countless. Even Xu Shenglong has no idea how much blood is stained on his hands.

However, let him not understand is, why does Ye Chen suddenly want to these two dark area emissaries dead hand? Although the elder brother Ye you know is decisive, he is not a cruel and bloodthirsty person at all?

What does brother Ye mean by killing pigs?

He asked Ye Chen, "brother ye, why do you want to attack these two people? They are envoys of the dark area. In this way, we can't enter the dark area any more?"

Ye Chen said with a smile: "dark zone emissary? Shenglong, have you heard their own admission? "

Hearing this, Xu Shenglong was shocked!

Indeed, these two people have never claimed to be dark zone emissaries!

Ye Chen glanced at the mud on the ground and said, "after all, they have no courage to take the name of the dark region. They can only use other people's misunderstanding, can't they?"

Xu Shenglong hears the speech, but still has some misty appearance.

Ye Chen continued: "those who enter the dark region for the first time, more or less, are influenced by the name of the dark region, with a sense of awe. However, in fact, they do not know what the dark region is like.

This gives those who have the heart to take advantage of it! "

With a cold smile, he said, "these two people took advantage of this and pretended to be people in the dark area. At first, they found a reason to make trouble for us, and then they went back and forth to give us the opportunity to enter the dark area. The purpose was to let us get into trouble and worry, so as to achieve the purpose of defrauding property. This is the so-called pig slaughtering!"

On Xu Sheng's dragon face, there was a sudden look on his face, but soon he frowned again. He asked Ye Chen, "but, elder brother ye, how do you know that they are not real emissaries of the dark region? These two people seem to have treasures to cover their breath, and they can't tell their strength? "

Ye Chen said with a faint smile: "Shenglong, what kind of place is the dark region?"

Xu Shenglong replied without knowing why: "dark region? According to big brother, it should be an underground world, a place without light. "

Ye Chen said: "do you think that if these two people are really emissaries of the dark area, they will put the word" dark area "on their lips as soon as they open their mouth

Chapter 3734

When Xu Shenglong heard the speech, his body was shocked!

It's true!

The two of them were just passing through the barren land. If they were really sent by the dark field, would they directly say the word "dark field"?

In that case, I'm afraid the name of the dark region has already been known to all?

Xu Shenglong nodded his head and said, "I understand, but how does elder brother ye judge the strength of these two people? Even if they are cheaters, it is extremely dangerous to kill them rashly? "

When ye Chen heard the speech, he took a look of forest in his eyes and said: "this is simpler. If the strength of these two people is much higher than you, they will not just" kill pigs "but kill people."

Ye Chen gave a cold smile and looked at the tall man who was extremely miserable at the moment and said: "people who rely on this kind of small tricks to make profits are just small roles living at the bottom in the dark area. Their strength would not have been so strong, but

These two people, even if they are small characters, are still living in the dark. For them, killing is easier than breathing, right?

The reason why they didn't attack us is that they don't have absolute assurance that you will stay.

In this case, they will not surpass you in their accomplishments! "

The tall men on the ground, their eyes trembled more and more fiercely. On this day, the boy in the God state not only had the strength against the sky, but also had a glance, and they completely saw through their details! He has seen a lot of fantastic existence in the dark area, but even those people, it seems that ye Chen's weird ah!

He even had a premonition that the young man in front of him would set off a storm in the dark!

And Xu Shenglong looked at Ye Chen's eyes, which were almost shining!

He increasingly thought that he left the nine saints demon sect and followed Ye Chen's decision, which may be the most correct thing he had done in his life!

At this time, ye Chen finally focused his attention on the tall man. He said with a cool smile: "is it the person in the dark area, even at this moment still want to explode?"

When the tall man heard the speech, his face changed. Before he could react, a powerful and irresistible spirit was suppressed in the sea of his knowledge!

Originally, just slightly gathered up a wisp of aura, also instantly dispersed!

At the moment, the tall man felt that his spirit fell into the palm of a demon. Not only did he fully understand all his thoughts, but also wanted to make him scared out of his wits!

Ye Chen said coldly, "do you have other partners?"

Under the control of the power of the spirit, the tall man has no chance to lie. As long as he moves the idea of lying, he will be instantly detected by Ye Chen!

He had to answer with spirit: "no..."

Ye Chen asked again, "can the real emissary of the dark region be in front?"

The tall man replied: "not far ahead, there is a bridge leading to the deep and rich. In front of the bridge, there is a person, that person, is the real emissary of the dark area..."

Ye Chen nodded and said again, "can someone avenge you?"

When the tall man heard the speech, a sad smile appeared on his spirit and said, "no..."

After a moment's silence, ye Chen said softly, "well, go on the road."

As soon as the voice fell, the terrible soul power broke out in an instant, crushing the spirit of the tall man completely!

On this barren land, the air seems to be cold.

Ye Chen's eyes flashed slightly, and said to Xu Shenglong: "Shenglong, the world of martial arts, is extremely cruel, but in this dark area, it is still cruel countless times! Here, women's benevolence is a great taboo. We have no spare power to be kind. "

With a wave of his hand, he took two storage bags and two crystal necklaces from the ground.

These two crystal necklaces look like transparent purple jade, but at the heart of the jade, these two lavender flames twinkle, emitting a strange breath,

Ye Chen asked xuanhanyu, "xuanxianzi, what is this?"

Xuanhanyu said: "this thing is also a specialty of the dark region. It is called annihilation stone. Its function is to cover up the breath, cultivate the martial arts world, and change the appearance. There are countless ways to change the breath, but the breath is not so easy to change. So with this

annihilation stone, after all, no one in the dark area wants to expose his identity. Before you enter the dark area, you'd better change your appearance. ”

Ye Chen nodded, when he divided Anning stone to Xu Shenglong.

Ye Chen said to Xu Shenglong: "this thing is called Anning spirit stone, which can cover up the breath. You can also wear it. Then, we can change our appearance. In the dark area, we should not show people the real appearance."

Xu Shenglong nodded, and a group of golden light gushed out of his body and wrapped him in it. Soon, the golden light converged, and Xu Shenglong's appearance has changed by seven points!

He was originally a demon clan, and the human posture was a mirage. It was very easy to change his appearance.

Ye Chen nodded. He was also a skeleton. His figure was raised by one point. His facial features changed slightly. His skin color gradually turned pale. In the blink of an eye, he turned into a tall, thin and elegant young man. He said: "later, my name is ye Shitian, and you are called golden tiger."

Ye Jingtian's three words suddenly make ye Chen feel a little nostalgic.

It was with this name that he broke into a world in the land of Xuhe and Lingwu in Kunlun.

Will dark regions be the same?

Ye Chen is not sure.

Of course, there is another reason to use this name. Xia Ruoxue knows his pseudonym.

If Xia Ruoxue is really in the dark area, he may come to find himself.

Xu Shenglong nodded and said with a smile, "yes, brother Ye."

Then, ye Chen was moved again. From the storage bag, he took out a crystal with extremely strong dark element fluctuation and placed it in front of his eyes.

Xuanhan jade said: "this crystal, named dark crystal, is the currency in circulation in the dark region. It is divided into nine grades. The higher the grade of dark crystal, the higher the purity, and the most important is nine grades! The ratio of each product is one to ten. However, in the dark world, most of the really good things are bartered for each other. "

Speaking of this, xuanhanyu said with a smile: "Ye Chen, in this dark area, you can have a lot of chips."

Ye Chen slightly a Leng way: "this words how to say?"

The two men who were killed by him are only small roles. There are not many dark crystals in their hands. Although he has killed Li Shan fairy, Wu Fu and Li Xiuyuan, he has accumulated some rare treasures. In terms of the strength of dark region warriors, these things are not special chips.

Xuanhanyu said, "have you forgotten the spirit marrow of moon fluid in your body?"

Ye Chen hears the speech, suddenly double eyes a bright!

Yeah!

He still has the spirit marrow of moon liquid!

Even if he does not absorb the liquid of the moon, the more effective he will have in the end.

Even if he still needs to use a part of the spirit marrow of the moon liquid to refine himself, it can't be too much. After all, the moon god's secret place is already ready-made. So, it's no loss for him to take out some to trade!

Ye Chen and Xu Shenglong cover up the traces of the battle, and then continue to move forward.

Deep in the dark, like a big hand covering the sky and the earth, covering everything.

No one knows what happens when ye Chen enters it.

Death or opportunity?

Everything is unknown.

Chapter 3735

Half a day later, the two people, is a body meal, looking at the scene in front of them, the face is shocked!

At the end of the barren land, there was a sea of clouds!

One can not see the end, as if connected with the sky into a sea of clouds!

But in the fog sea, there is a bridge made of some kind of Dark Jade!

At the end of the bridge, a middle-aged man in black and pale face is sitting there. In front of him, there is a table of wine and vegetables, which is pouring and drinking from himself.

Ye Chen and Xu Shenglong looked at this man, but his pupils shrank in an instant!

This man did not cover up the atmosphere of cultivation. His whole body exuded a very strong momentum. He was a later existence of mending heaven realm!

Xu Shengchen's body is in front of him.

The man looked up and glanced at Ye Chen and Xu Shenglong, and then he said with a cold smile: "it seems that some people have failed to kill pigs, but they have paid for their lives."

After that, he continued to eat with his head down.

Xu Shenglong looked at the table of dishes and the jade like wine. He couldn't help but swallow his mouth!

The food and wine are so delicious!

Even if Xu Shenglong had eaten the best restaurant in the moon soul region, the food and wine made by him could not reach one thousandth of the man's table!

Ye Chen took a look at the man, his body moved, and he went straight to the black jade bridge!

The man, who was enjoying the food and wine, suddenly flashed on his face and yelled, "wait a minute!"

Ye Chen steps slightly, looking at him.

The man looked at Ye Chen and suddenly waved his hand. He added two bowls and chopsticks on the table and said, "do you want to cross the bridge?"

Ye Chen light way: "good."

The middle-aged man said, "if you want to cross the bridge, please accompany me to finish this table of food and wine!"

Xu Shenglong is stunned. He knows that if he wants to enter the dark area, there will be a test, but the test is actually drinking and eating vegetables?

Ye Chen's eyes narrowed slightly: "if I don't eat it?"

The man said with a smile, "then, kill me."

Ye Chen's eyes flashed for a moment, and Xu Shenglong sat down on the chair.

The middle-aged man poured a glass of wine for each of them and said, "this wine is called the wine of truth. If you drink it, you can't lie. Please."

Ye Chen two people look move, the next moment, are the cup of wine, a drink!

The man said with a smile: "refreshing!"

But the next moment, his eyes suddenly flashed a dim light, to the two people asked: "you two are to explore the dark area spy?"

"No," they said at the same time

Man a smile, did not ask what, smile way: "eat vegetables."

But at this time, ye Chen suddenly asked, "can vegetables be poisonous?"

"No," the man said with a smile

Ye Chen nodded. Soon, the table was swept away by three people.

Ye Chen said: "the food and wine have been finished, can we cross the bridge?"

When the man heard the speech, he took out a folding fan and fanned it gently. He looked at Ye Chen and said with a smile: "before that, there is still a test. You don't think that inviting you to drink and eat vegetables can be regarded as a test?"

Ye Chen's face is plain: "what test?"

The man gazed at Ye Chen for a moment and then said with a smile, "give me a reason not to kill you."

When Xu Shenglong hears the speech, his face changes, and his whole body Demon power is surging. He must be ready to make a move!

But at this time, his steps were staggering, half kneeling on the ground, and his whole body was surging, and the Demon power could not lift it at all!

Ye Chen looks at that man way: "you poison?"

The middle-aged man said with a smile: "poison? You are so bloody. It's just the wine of truth. It's more powerful. I advise you not to use your spiritual power. Otherwise, the aftereffect will break out. "

After that, his eyes gradually cooled down and said, "OK, have you thought about it? It's time to answer my question. "

Ye Chen light mouth way: "because, I have 50% assurance to kill you, this reason is enough?"

In an instant, the air above the bridge fell below the absolute freezing point. The middle-aged man said with a gloomy smile: "the effect of Zhenyan wine has passed so quickly? Boy, you are very good at pretending. I have to say that this is also a kind of skill. It's a pity that you have chosen the wrong one! "

With a roar, the breath in his body broke out, and his eyes were filled with fierce murders. He said, "do you think that with the annihilation stone, I can't see through your cultivation, so you can bluff me?"

Ha ha, it's a pity that, for some people, it doesn't matter! I was a little surprised. A boy in the Heaven Kingdom dare to say that he is 50% sure to kill me? What's more, after drinking the wine of truth? "

When ye Chen heard the speech, he didn't care. He grinned and said, "if you don't believe it, forget it. Now, we're going to cross the bridge. If you want to stop it, you can do it, but..."Ye Chen's tone, a moment of cold, endless murderous, just like the sea of Shura blood, surging between heaven and earth. His eyes were so cold that he looked at the middle-aged man and said, "if you do, you will never die! Unless you kill me completely, even if I have only one mouth left, I will bite your whole body and flesh thoroughly! Chew all your bones and brains!

What's more, take out the antidote within three breaths

The middle-aged man smell speech, eyes a flash, the whole body breath ups and downs, so and ye Chen stalemate in place!

A breath

Two breaths

At the third breath, ye Chen raised his head to the sky and let out a roar. He held a black sword in his hand. The fierce evil spirit rose to the sky, and the breath of destruction was surging out. He really wanted to fight with the middle-aged man regardless of everything!

At this time, the light in the eyes of the middle-aged man flashed, his wrist moved, and a strange light shot out towards Ye Chen!

Looking at this scene, Xu Shenglong is not willing to feel guilty!

He hated his weakness at the moment!

Brother ye, is he going to fight for himself and this terrible existence?

Can ye Chen face that strange light, but look light, all over the breath of a convergence, will light up the light.

Xu Shenglong was stunned. After a careful look, he found that the strange light was actually an emerald vase.

For a moment, Xu Shenglong looks at the middle-aged man with incomparable shock. He actually gives the antidote to elder brother ye?

This realm is far beyond the existence of the two of them, and was shocked by Ye Chen's words!

He couldn't help but murmured in disbelief: "this guy, it's so easy to give this antidote?"

"Easy?"

The middle-aged man heard the speech, but he looked a little gloomy and said with a smile: "Hey, boy of heaven God realm, I would like to ask you why the wine strength of Zhenyan wine does not seem to have any effect on you?"

Chapter 3736

It's very difficult to get dark leaves, which is very difficult to get?

But ye Chen did it!

When Xu Shenglong hears the words, his face appears suddenly!

Brother Ye's breath just broke out, which proved that he was not influenced by the wine of truth. I'm afraid it is this point that completely shakes the heart of the bridge keeper!

It is obvious that not everyone can be immune to the effect of wine!

Ye Chen did not answer, but opened the bottle, a strong smell of medicine will diffuse out, but there is a clear toxicity in the fragrance!

Ye Chen's eyes flashed, but he didn't care. In front of the middle-aged man, he took out a pill and took it.

That middle-aged man is eyebrow tip a pick a way: "you are not afraid, this pill is poisonous?"

Ye Chen was still silent. After a moment's concentration, he took out a pill, handed it to Xu Shenglong and said, "the pill is OK. Take it."

After Xu Shenglong took the pill, a mixture of toxic drugs flowed through the meridians. However, the moment when the toxicity met the strength of Zhenyan wine and wine, it actually changed and promoted the exertion of the medicinal power!

After two or three breaths, Xu Shenglong's body has completely recovered!

At this time, ye Chen looked at the middle-aged man and said, "I can answer your questions, but you also have to answer my questions."

The middle-aged man pondered for a moment, nodded his head and said, "you ask first."

He is clever, did not agree directly, but first to see what ye Chen wants to ask.

Ye Chen said: "we wear this annihilation stone, why is it invalid for you? What's the function of the annihilation stone? "

The middle-aged man said with a smile: "you can rest assured. In fact, I don't fully grasp your cultivation. In the dark area, because of the existence of annihilation stone, we can't rely on breath to judge the strength of others. Therefore, some wizards have created other methods to observe the martial arts realm of the other side through other means.

However, naturally, it can not be 100% accurate. The standard for becoming a bridge watcher is that the success rate is over 40%. This is already very high. Can you be satisfied with my answer? "

Xu Shenglong was surprised again. When the bridge keeper was drinking heavily, he was determined. The reason was guess?

Moreover, the success rate seems to be less than 50%

Ye Chen nodded and said, "the reason why I can ignore the wine's strength and take the pills you give at will is very simple, but it's not enough to affect me!"

Said, a pangran vitality, from ye Chen's body burst out.

Seeing this, the middle-aged man's look suddenly changed. He had always kept his calm face, and finally appeared a very shocking look!

After a moment, ye Chen will be vitality convergence, his mood gradually calmed down, the corner of his mouth without floating a wry smile.

Now he finally understood why Ye Chen was not afraid of Zhenyan's wine and wine

No matter how strong the wine is, it is still ineffective for the existence of some rebellious physique. However, no matter how strong the young man is, his vitality has completely exceeded the level of sky mending!

However, the middle-aged man said: "however, in this way, the effect of the truth wine can not lie. I doubt whether it can still work. You are not afraid, so I will stop you?"

Ye Chen calmly stepped on the black jade bridge and said, "it's a dark area. You can't just rely on this kind of means to distinguish whether what people say is true or not."

The middle-aged man a smile, waved his hand and said: "well, you cross the bridge, tell me the name."

"Ye Shitian."

"Golden tiger."

Ye Chen and Xu Shenglong's figure gradually disappeared in the thick fog.

The middle-aged man with a wry smile and a wave of his hand put on a table of wine and vegetables, and sat down to continue drinking and eating.

Suddenly, a figure appeared quietly beside the man.

The middle-aged man's face changed slightly. He looked at his side in an instant. Standing beside him was a woman with a blue gauze on her face and a very graceful figure. On her delicate body, she still exuded a faint fragrance.

This woman looks young, but the middle-aged man with a terrible breath suddenly panics and trembles involuntarily!

He knelt down in front of the woman in a hurry and bowed his head respectfully: "Gu Xianzi, you Why are you here... "

This Gu surnamed woman looked at Ye Chen's departure direction with great interest, and said with a faint smile: "such an interesting person, coming to our dark area, how can I not come to have a look?"

Although there is no breath in his words, it seems that heaven and earth are responding to it!

As if at this moment, this woman is the way of heaven! It is the master of all laws in this world!

How can a place like dark region be guarded by a later existence guard? This woman is the real bridge keeper!

The so-called test is just a performance prepared for this woman. Whether she can enter the dark area depends entirely on her decision!

The woman's black and white eyes turned slightly, and she suddenly gave a slight smile. She seemed to think of something interesting. Then, she looked at the middle-aged man kneeling on the ground and said, "order to go down and take care of this boy. If he is still alive after a month, arrange him to come to see me."

After saying that, I can't see how the woman moves, so she disappears directly from her original place, as if she never appeared before.

The middle-aged man replied, "yes!"

After a long time, he dare to lift his head, some pity toward the direction of Ye Chen left a look.

It's not a good thing to be watched by this master!

This weird boy, he's really out of luck.

Ye Chen and Xu Shenglong stepped into the white fog and walked, and the darkness grew more and more.

When they got out of the white fog, they suddenly realized that they had come to another world!

Everything here seems to be submerged in darkness!

In the sky, there is no sun, not even stars and moon!

It's noon now, but here, it's like the deepest and deepest night!

Only in the surrounding buildings, as well as placed in the space of the night pearl and so on, emit light.

Ye Chen has successfully entered the dark zone!

At this time, more than half a month has passed since he left Xingyue palace!

Leave Ye Chen with more than two months left!

And in these two months, ye Chen wants to enhance his strength to be able to resist some powerful existence!

At the end of the black jade bridge, there was also a young man with a round face who was wearing a long black shirt and seemed to be holding his side face with one hand.

But ye Chen and Xu Shenglong can't help but shrink their pupils when they see this young man!

The realm and breath of this man is more terrible than that man guarding the bridge!

Chapter 3737

The young man with round face saw Ye Chen and Xu Shenglong, but his eyes lit up and said with a smile: "Ye killed the sky, golden tiger?"

Ye Chen two people nodded: "good."

The young man with a round face stood up and looked at Ye Chen for a moment. He said playfully, "my name is Zhu Yun. Take this thing."

After that, he raised his hand and threw the two tokens to Ye Chen and Xu Shenglong.

Zhu Yun continued: "engrave your spirit mark into it. After entering and leaving the dark area, you should rely on this token. Remember, if you want to go out, you must never reveal the existence of the dark area, nor transfer this token to others, or even let other people know that you have this token!

Otherwise, the token will be invalid automatically, and you will no longer be able to step into the dark area, or even be chased by the whole dark area! "

Ye Chen two people nodded and did according to the words.

Seeing this, Zhu Yun threw a jade slip to Ye Chen.

Ye Chen took over the jade slips and did not understand: "is this?"

Zhu Yun said with a smile: "Mr. Ye, I heard about your performance in front of the bridge. I admire you very much. Maybe in the future, Mr. Ye will make a great success in my dark area.

Here, it's called jidark city. In this jade slips, we record information about the dark area, the forces and organizations of the dark city. It's collected by me for many years. It's very useful in the dark area.

You don't have to doubt it. This is my investment in you. In the future, if you really have any achievements in the dark area, don't forget about it. "

Ye Chen's eyes flashed. This is indeed what he needs very much. Although it takes him some time to get this information, he can get it himself. However, what he lacks now is precisely time.

Zhu Yun helped him solve a lot of troubles!

Ye Chen nodded his head and said, "well, thank you for your kindness. Ye should remember it."

Zhu Yun said with a smile: "above, there are also information about hotels. There are many black hotels in this dark city. You should choose them carefully."

Ye Chen's mind swept the jade slips, and his eyes flashed slightly. Immediately, he went to a hotel named Blackstone hall.

Two years before the death of the two people in the dark region of xujingdark, but the two people who died in the dark area of Xujing and ye were not enough.

According to the information given by Zhu Yun, the black stone hall is still a place of conscience. However, when I checked in, the front desk of the hotel saw that they had just entered the dark area, so they also planned to kill them hard!

However, the jade slips have clearly recorded the normal price of Blackstone house, ye Chen naturally won't let the other party succeed.

But, two people also can't help but sigh, in this dark area, it is really time to relax, I don't know when, there will be someone who intends to harm you!

Entering the room, ye Chen didn't do anything else. Instead, he took out the jade slip that Zhu Yun gave him, put it on the table, and scanned the information carefully.

After half a column of incense, ye Chen took a breath and opened his eyes again.

Xu Shenglong asked, "brother ye, what are we going to do next? Is there any useful information recorded in the jade slips for improving our strength? "

Ye Chen nodded his head and said, "yes! The most powerful force in the city, named cangbang, controls most of the industry in the city. In half a month, the Cang gang will hold a very private auction, which will only invite some extraordinary people in the city to participate.

In this auction, we have to find a way to get into it, and maybe we can get something useful! "

Xu Shenglong said: "now, are we going to try to contact the Cang Gang?"

"No!" Ye Chen shook his head and his eyes flashed: "before that, there is another important thing that needs us to do!"

"What is it?" said Xu Shenglong

Ye Chen said: "do you remember that middle-aged man you met at the bridgehead saw through my martial arts realm? The means he used is the first thing we should master!

In this dark area, although we can't judge the strength of others, we should master it! Otherwise, even with our strength, a bad one will be doomed! "

In the whole dark city, it can only be regarded as a small city, but in such a small city, there is no lack of sky mending later existence!

In case of provoking such a cruel person, the outcome of the two people will not be too good!

Ye Chen continued: "there are three ways to judge other people's strength without breath. One is the general method! This is the Tongyuan method used by the bridge watcher, who shakes his own spiritual power and has a weak resonance with the other party. To a certain extent, he can know the martial arts level of the other party.

2、 It is to observe the nature. This kind of method is to exercise spiritual awareness and observe the influence of other people's every move on the law of heaven and earth. A strong warrior can arouse the power of heaven and earth and change the law for it just standing there! Look at the nature, then in this way, to judge the strength of the other side!
3、 This method stimulates one's own intuition to the extreme. Any living creature has the instinct of pursuing good fortune and avoiding evil. The stronger the strength is, the greater the danger will be. The method of calling life is to call one's own life to measure the strength of others!

These three secret methods are also known as the three methods of removing clouds. "

Why are they called the three methods of removing clouds?

This annihilation stone is like a layer of cloud over the warrior, and these three methods are the method of plucking clouds and showing the moon!

Xu Shenglong said: "elder brother ye, which of the three methods of removing clouds should we choose?"

Ye Chen said: "these three kinds of secret methods are easy to learn but difficult to master. For beginners, I'm afraid they have less than 10% success rate. Every secret method requires the practitioner to have a corresponding talent in order to be able to practice it to the point where it can be used. Ordinary people who want to have a success rate of 30% should spend hundreds of years on a secret method! "

Xu Shenglong was surprised when he heard the speech. They didn't even have it for several years, let alone hundreds of years!

However, ye Chen also said with a smile: "of course, those who have a strong talent in some aspects can greatly shorten the time of practicing the three methods of removing clouds.

Tongyuan method requires the martial arts to control spiritual power. The stronger the control, the better the effect of Tongyuan method!

To observe the nature, we need the power of the spirit and the keenness of the spirit, that is, the talent of the soul. If it is soul cultivation, it is the most suitable view of the nature!

If you call life method, you will get twice the result with half the effort if you practice this method, which is close to the instinct of a warrior. If you have a strong intuition of fighting, you will get twice the result with half the effort

Xu Shenglong's eyes brightened and said, "well, it seems that the most suitable method for me is this method of life! What do you want to study

Chapter 3738

As a high demon clan, he was born with wild intuition against the sky, far from being comparable to ordinary human warriors! In this instinctive talent, Xu Shenglong compared with the Terran, Xu Shenglong can be called eternal RARE!

Therefore, with his demon clan intuition, there is a real hope that in one or two months, this method of life will be practiced!

But ye Chen smelled the speech, but said with a smile: "I intend to practice the three methods of poyun!"

Xu Shenglong was stunned when he heard the speech. He couldn't believe his ears for a time!

What does Ye Chen say?

Do you need to practice all three methods?

You know, they only have more than two months!

What's more, it's impossible to spend all of them on the three methods of removing clouds. But brother Ye has to practice all of them?

These three kinds of talents have a great influence on the strength of the martial arts. If the ordinary martial arts have the ability against heaven in one of them, they can be called eternal demons?

If you want to cultivate all the three methods to a higher level in a short time, what you need is to have extraordinary talent in these three aspects!

What's the concept?

One of them is a genius with the highest ability. In ten thousand years, there may be one. But what about a genius who has two talents at the same time?

That is, once in a million years!

At the same time, have three talents!

This is almost impossible to exist!

Has it broken through the extreme that ordinary martial arts can achieve?

If there is, it will be hundreds of millions of years before one of the most extreme demons!

And brother ye, is this self-confidence?

Even if Xu Shenglong has great respect for ye Chen, he can't help feeling a burst of wonder!

Ye Chen did not care, stood up and said, "let's go."

Xu Shenglong has not recovered from the impact. He asked in a daze, "where to go, brother ye?"

Ye Chen said: "the cultivation methods of the three methods of removing clouds have been monopolized by the dark area. No one can teach them privately. Now we can practice the three methods by going to the Piyun hall in the dark city and paying some price."

In the end, whether you can succeed or not, go straight to try, don't you know?

Immediately, they left the black stone hall and went toward the poyun hall.

Soon, ye Chen and Xu Shenglong came to a building standing alone on a high cliff.

This building, like a palace, is built of an unknown dark purple stone. Above the main gate of the palace, there is a plaque, on which are written three big characters of the cloud Pavilion.

Ye Chen's eyes move, and Xu Shenglong a synchronous into it.

This Piyun hall covers an extremely large area, but there are only a few warriors in the museum.

A beautiful girl in a water blue dress, seeing ye Chen and Xu Shenglong coming, smiles and greets him and says, "two young masters, do you need to look for a cloud master? In the museum, there are just a few cloud clearing masters with a success rate of more than 40%, and there are just some who are free."
"

Cloud master is a martial arts person with certain attainments based on the three methods of cloud plucking. They will provide services for other martial arts practitioners to identify each other's strength. The condition for becoming a cloud master is to identify the success rate, at least 30%!

It is also one of the business of the cloud library to recommend the cloud master.

But ye Chen shook his head and said, "I came to learn the three methods of removing clouds."

The girl slightly a Leng, but still very quickly head way: "two please follow me."

After that, she led Ye Chen and Xu Shenglong toward the interior of the Piyun hall.

Soon, ye Chen and Xu Shenglong, led by the girl, came to a rather elegant tea room. Here, three dignified elders were drinking tea to each other.

Ye Chen saw the moment of these three old men, but he could not help but move his face. He felt that at the same time, there were three strange waves that swept over his body!

Then, three people appeared on the face of a completely different expression!

One of the old men with a goatee looked scornful, while the fat old man beside him was shocked and puzzled when he looked at Ye Chen!

The last old man with a slightly gloomy look was looking at Ye Chen, his eyes flickering slightly, and he didn't know what he was thinking.

The girl said with a smile to the three elders: "master Hong, master Huang, master ye, these two are ye Shitian, ye and Jin Hujin. They are here to practice the three methods of removing clouds."

After that, the girl introduced three people to Ye Chen and Xu Shenglong.

The old goat bearded man, named Hong Jin, was the teacher of Tongyuan method.

The fat old man, named Huang Quan, was the teacher who taught the view of nature.

The last gloomy old man, named Ye Gu, is the teacher of the life method.

If you want to be a tutor, the success rate of the three methods should be at least 60%!Hong Jin glanced at Ye Chen and said, "which method are you going to practice?"

Xu Shenglong stood up first and said, "I'm going to practice the method of calling life!"

Hong Jin looked at Ye Chen and said, "what about you, boy?"

Ye Chen looked at Hong Jin and said slowly, "I'm going to practice these three methods."

For a moment, the whole tea room fell into a strange silence. Then, the three people's eyes towards Ye Chen could not help but feel strange!

First, Hong Jin gave out a sneer, and then a burst of loud laughter echoed in the tea room!

Hong Jin's three men are laughing wildly and looking at Ye Chen strangely.

They don't want to understand, like Ye Chen, who doesn't know the height of heaven and earth, how to enter this dark region alive?

There are also three cloud removing methods, all of which are planned to be practiced?

This kid, do you know what he's talking about?

Originally, the eyes of Huang Quan and ye Gu looking at Ye Chen still have a trace of unclear meaning. Now, they have returned to normal.

Ye Chen asked, "what's the matter? Can't you? "

Hong Jin said with a cold smile: "yes, of course, but can you afford the tuition? The tuition fee for practicing the three methods of removing clouds is not low at all? "

Although, in the eyes of the three people, ye Chen had no chance to cultivate all the three methods to a high level. Even if he really succeeded, he did not know how many years later!

Moreover, the efficiency is extremely low. If you have this kind of Kung Fu, you can choose one of them at will, and the success rate will be much higher!

This is the reason why there is no one in the dark area practicing the three methods of removing clouds at the same time

However, the three did not point out!

Such arrogant and arrogant unjust big head like Ye Chen doesn't kill white, doesn't he?

Ye Chen hears the speech, the body in front of a flash of light, there is a pile of objects, appear in front of the table of Hong Jin three people.

Chapter 3739

Originally, the three Hong Jin, who were full of sarcasm, could not help but constrict their pupils when they saw these objects!

These things are of high quality!

Among them, there is more than one imperial vessel!

How rich is this boy?

Ye Chen naturally got these things from Lishan fairy, Li Xiuyuan and others. It's not painful to take them out now. After all, his real bargaining chip is YUEYE spirit pith!

The three quietly put away the treasures. Then, Hong Jin took a look at Ye Chen and said, "OK, boy, follow me first. I will teach you the introduction of the Tongyuan method."

Immediately, ye Chen, led by Hong Jin, entered a training room, in which a reddish Pearl was suspended.

Hong Jin said to Ye Chen: "the key to the introduction of the Tongyuan method is to make one's own aura generate a certain frequency fluctuation, which will cause the aura to resonate. In this way, I will tell you about the cultivation method."

The jewel in this room, after special refining, is extremely sensitive to the fluctuation of aura at a specific frequency. After I teach you how to practice, what you have to do is very simple. First of all, shatter the Pearl! "

Ye Chen nods. For the next half day, Hong Jin teaches Ye Chen the practice of Tongyuan method.

"Do you understand?"

Hong Jin light road, gently twist the goat beard, a school of master style.

Ye Chen said, "I see."

Hong Jin stood up and walked out of the training room. At the moment of going out, a contemptuous smile appeared on his face!

Remember?

Hehe, Tongyuan method is the quickest and the most accurate method among the three methods of removing clouds. However, even so, if you want to successfully practice it, ordinary people need about a year's effort to teach it?

This kid, actually said a word directly, understand?

This kind of thing, in other places may not be what, in the future encounter puzzling place, continue to consult is, but in the dark area, it is not the same!

You got it?

That is to understand, his task of Hongjin has been completed!

Do you want to continue your study?

Then, we must first meet the requirements and shatter the gems in the practice room before we can move on!

But in Hong Jin's opinion, this sentence is enough to make ye Chen spend more than three or five years!

However, Hong Jin naturally relaxed. He charged Ye Chen's tuition fee, but he basically did nothing. What's more, ye Chen said that he would learn all the three methods of removing clouds?

In that case, I'm afraid it will be more than ten years before I teach this stupid boy again?

This benefit is too easy to earn!

He even hoped that, like Ye Chen such injustice big head to several more!

But just as Hong Jin was about to return to the teahouse and have a drink of tea, a man's voice sounded behind him: "master Hong."

When Hong Jin turned back, he saw that it was Ye Chen who was standing behind him!

This boy, why did he come out so soon?

A burst of doubt flashed through Hong Jin's mind, but soon, his frown slightly widened and said with a smile, "why, so soon, give up? Are you going to learn another three methods of removing clouds? "

Ye Chen smell speech, the vision is twinkle, however, just smile to nod.

Hong Jin's heart is even more disdainful. People like Ye Chen give up when they encounter difficulties, and they can't even insist on it. Let alone master all the three methods of removing clouds. Even one of them may not be able to really master it, right?

However, this is also good, the more waste Ye Chen, the more relaxed he is!

No one found that the room where ye Chen had just been, on the ground, was already a piece of jade fragments with red light.

.....

The next day.

In the Piyun Pavilion, the three Hong Jin still have tea here.

While drinking tea, Hong Jin said with a smile, "yesterday, the boy named ye Shitian also consulted with the two of you about the three methods of removing clouds?"

Huang Quan and ye Gu looked at each other with a smile and nodded.

Huang Quan casually said: "originally, I think this boy has some strength, and his influence on the laws of heaven and earth is quite strange, and I have to pay close attention to him. But now it seems that he is just a boy who has high aspirations. Such a man can't live long in the dark."

Ye Gu nodded and said: "yes, this boy, even let me feel a little dangerous. However, after less than half an hour of practice, he told me that he had already started?"

Hehe, I'm afraid it's just for the sake of face. I don't think this boy will appear in this Piyun hall again. But the golden tiger who came with him has a very good talent for practicing the method of calling life! "

When Hong Jin heard the speech, he said: "brothers, are you kidding? What is the strength of a boy in the heaven God realm? ""Heaven and God?" Huang Quan and ye Gu said in one voice: "what kind of heaven and God state? The strength of this boy is at least three or four levels of sky mending

For a time, the strange atmosphere filled the three people. Hong Jin, Huang Quan and ye Gu, you look at me, I see you, they are all a pair of unknown appearance!

This kind of thing has never happened before!

Even if the three of them to someone's specific strength discrimination, may have some deviation, but!

But it will never be such a huge deviation from the heaven God realm to the sky mending state!

At this time, a beautiful woman walked into the tea room and said, "three masters, master ye and Mr. Jin are here."

Three people smell speech, is a Leng!

Let's forget the young man named Jin Hu

How did the boy named Ye Jingtian come again?

Yesterday, he bragged in front of himself and others. He should have dared not see them again!

Otherwise, lies are not about to be detected?

Think of before, they have different views on this boy, three old people's hearts are faint what, in palpitation!

Their eyes began to waver slightly

Is

Is this boy!

At this time, ye Chen and Xu Shenglong reappeared in front of them.

Hong Jin's eyes narrowed and said, "boy, why are you here again?"

To be honest, ye Chen's treasure is actually not enough to learn all the three methods of removing clouds. The reason why Hong Jin and others agreed to come down is that they think it is impossible for him to learn it!

So, these treasures are just like those picked up in vain!

But now, it seems different!

Three old people, all began to worry!

If, just if

Can this boy really learn the three secret methods they have mastered?

In that case, even if you give them ten times the treasure, they will suffer!

Chapter 3740

Yes, there are rules for dark regions!

In this Piyun hall, once the tutor agrees to teach, if the students can continue to study, they must teach!

However, generally speaking, no warrior can learn the true essence.

After all, the term of office of each Piyun hall tutor is about ten years. Even if you study hard and practice hard, you just need to learn some basic skills?

It's a long way to learn the true essence!

Then, the tutor will be transferred to another place, and at this time, you want to learn from the new tutor?

Hehe, the tuition fee can be increased by several times!

But now, there seems to be an accident!

For a while, the faces of the three tutors were a little ugly. No one was willing to eat by himself, and was completely learned by others!

Ye Chen faced the question of Hong Jin, but he just said with a faint smile: "I naturally come to learn."

"Learning?" Huang Quan said with a cold smile: "boy, you don't know the rules of the poyun hall? Finish the previous course before you can learn the next project. Have you finished it? To learn? "

Ye Chen face color does not change a way: "I naturally know, a few, please follow me to the examination field."

After that, regardless of the three old people, they turned around and walked towards the examination field.

Three old people smell speech, are a daze, then, one by one, eyes gloomy!

Ye Gu said: "you two, how do you do now?"

When Hong Jin heard the speech, he said with a smile: "ha ha, in this case, we'll go to see the boy. What kind of tricks he plays is. I don't believe it. In one day, he can learn the three methods of removing clouds!"

The three old men got up at the same time and headed for the examination field.

A red pearl, a seemingly blank scroll and a grotesque statue of wild animals are placed in the assessment field of the museum.

These three items are used to assess whether the three methods of removing clouds are the entry points!

Hong Jin looked sarcastically at Ye Chen and said, "boy, the assessment field is here. Are you going to start your performance?"

In their opinion, ninety-nine percent of the boy surnamed Ye is bluffing! Maybe you're thinking of some tricks?

Hehe, however, they are not so easy to fool people!

No matter what small moves Ye Chen plays, they will definitely see through it!

Ye Chen hears the speech and smiles. He steps into the examination field and walks towards the red pearl. He enters the assessment range. With Ye Chen's action, the hearts of Hong Jin and others are slowly raised!

Three pairs of eyes, staring at Ye Chen for fear of missing any details!

What about CHEN Ye? But a look of indifference.

At this time, it seems that these three old people are the people who take part in the examination, while ye Chen is the examiners

At this time, ye Chen's eyes flash, a strange wave, suddenly from its body, spread out!

At the moment of the fluctuation, Hong Jin exclaimed, "how can it be possible?"

He is very familiar with this fluctuation. It is the fluctuation of Tongyuan method!

This exclamation startled the other two old people. They looked at the red bead nervously in an instant!

With a click, a crack appeared on the red bead!

Hong Jin sees this, slightly a Leng, immediately is ecstatic!

This kid's talent is really scary, but!

Or some eager for quick success and instant benefit, too careless? In a short day, the degree of study is still not enough!

If the bead is not completely broken, it can not be counted as passing the examination!

Just when Hong Jin is ready to open his mouth and drive Ye Chen out of the examination field, a broken sound clearly appears in everyone's ears!

I saw that red ball on the examination field completely burst!

Into bursts of dust, diffuse in the assessment field!

Hong Jin, Huang Quan and ye Gu are all stupid. They are really stupid!

Pass the examination of Tongyuan method, only need to shatter the red bead.

But it's also different from shattering!

Generally, those who have studied martial arts for a year can barely shake the red beads into pieces the size of a thumb?

But ye Chen!

In just one day, the red bead was turned into powder!

The powder is so fine that it is almost invisible!

Hong Jin's eyes, shaking wildly, are unable to control their emotions!

Even if he does it by himself, I'm afraid, he may not be able to do better than ye Chen!?

For a moment, he looked at Ye Chen's eyes, some fear up!

What kind of monster is this boy!

However, at the moment when the red bead was smashed, ye Gu and Huang Quan were slightly relieved.

Why? Because ye chenzhen broke the red bead, which proved that he really had a talent against heaven in the Tongyuan method. In a short day, he cultivated this entry-level Tongyuan method to a near perfect level?

Indeed, it's scary enough.

But!

One way is that the probability of passing the other two approaches zero!

After all, it's almost impossible to have two or three great talents at the same time!

Looking at Hong Jin's eyes, they couldn't help gloating!

At this time, ye Chen also turned his head to Hong Jin and said with a smile, "master Hong, do you think I have passed the examination in this way?"

Hong Jin bit his teeth. Under the eyes of Huang Quan and ye Gu, Hong Jin became more and more angry. However, he stood there for a long time with a black face. He thought that his hair would fall off. He could not think of any reason not to let Ye Chen pass the examination!

Will the ball, shock into pieces, not through?

Then in this world, no one can pass

He had to snort coldly, and said reluctantly, "yes! How dare you play pig and eat tiger in front of me? This time, I'm convinced that I'm a loser. I'm going to come up to me quickly! "

"Come up?" Ye Chen looked at Hong Jin and said, "why come up?"

"You! Do you want me to teach you how to practice Tongyuan method next! Didn't they all pass the examination? What are you doing down there! I don't have time to waste with you

Ye Chen shrugged and said, "master Hong, have you forgotten? As I said, I want to master all the three methods. Now, I have only passed one examination, and there are still two left, right? "

For a moment, the whole time of the examination field seems to be in a static state!

Hong Jin, ye Gu and Huang Quan stare at Ye Chen, and their eyes will fall to the ground!

This This boy, do you really want to pass all three examinations?

If others say this, they will scoff at it!

But ye Chen, just now created a miracle!

Ye Chen said, they want to ignore, can not do it!

Weight, too heavy!
