Chapter 3751

Ye Chen this smile, the presence of a group of martial arts, are feeling a burst of cold!

And Deng Shaofeng, is a pair of expression that is about to cry out!

He never dreamed that ye Chen had really passed the examination of senior cloud master!

It's not an illusion, is it!

Deng Shaofeng only felt a whirl of heaven and earth, his eyes turned black, and he almost fainted!

Ye Chen said faintly: "gentlemen, didn't you just shout to cash the gambling appointment? Well, now, why not shout? "

When all the martial artists heard the speech, they couldn't help but be excited. Look at me, I'll see you

Although offending the Deng family is not a good thing, but offending an extremely young and promising senior cloud spotter, I am afraid the consequences are even more serious?

Chen yuanbiao, but personally gave Ye Chen a license!

This is no different from the olive branch of Ye Chen thrown out by the Mingzhou poyun Association in the outer dark region!

In the future, it is not impossible for ye Chen to directly deprive the people present of their qualification for the assessment of the cloud master!

A young man with a promising future master is much more important than millions of junior cloud master!

For a moment, everyone looked at Deng Shaofeng coldly!

Deng Shaofeng's face was completely pale. Why are these people looking at themselves like this?

He could not help but roar: "I I'm a genius of the Deng family. What are you going to do? "

However, the millions of warriors, as if they had not heard of it, opened their mouths and said, "fulfill the bets..."

At first, it was just a whisper of one or two people, but soon it turned into a chorus of millions of people!

Like a tsunami, it's coming towards Deng Shaofeng!

"Cash the bet! Cash the bet! Honor the bet

Ye Chen looked at Deng Shaofeng coldly and said with a smile, "Mr. Deng, come on stage?"

Deng Shaofeng tried to cover his ears, lowered his head, ran left and right, as if he wanted to escape from the square. However, he was surrounded by millions of soldiers. He was unable to cross the thick wall!

At this time, hearing Ye Chen's words, Deng Shaofeng's body trembled and his legs were already soft!

In front of millions of people, kneel down and apologize?

So, is he really going to be a laughing stock for the whole of Hades?

What's more, you are not allowed to enter the movie theater for ten thousand years!

Then, almost equal to, there is no chance to participate in the examination!

This ten thousand years of time, too important! Enough to destroy him!

In this way, he will be reduced from a genius of the Deng family to an ordinary cloud master. Even, it is not impossible for his family to give up directly because he offended young talents like Ye Chen!

Deng Shaofeng, crazily retreating, wants to stay away from the platform under Ye Chen's feet.

Yes!

Suddenly, a pair of hands, but hard pressed on his body!

Those around him who had just applauded him, envied him and echoed his sarcasm towards Ye Chen, now, like a devil, held him down and pushed Deng Shaofeng towards the high platform!

Deng Shaofeng is full of spiritual power and struggling madly. Can he survive the millions of warriors?

Soon, Deng Shaofeng was severely thrown on the high platform by those warriors!

He stood up in despair, and suddenly saw Chen yuanbiao standing beside Ye Chen without expression. In his eyes, a ray of light suddenly appeared, as if he had seen the straw for life!

Both the Deng family and the Chen family are the pyuns family of the Ming state. Although, the size of the Deng family is very different from that of the Chen family!

But!

The two families have met each other at some gathering of the cloud master family. Occasionally, their children will meet with each other, which can be regarded as some friendship

Deng Shaofeng immediately rushed to Chen yuanbiao and cried: "Uncle Chen! You help me! This kid, absolutely can't pass the examination of senior cloud master, he must have cheated! Uncle Chen, please judge justice for me in the friendship between the two families

Ye Chen looked at Chen yuanbiao with a smile and said, "Oh? Master Chen, is that so? "

On hearing this, Chen yuanbiao's face became cold. He looked at Deng Shaofeng coldly and said, "Mr. Deng, do you mean that as the examiner of Ye Shitian, I'm so confused that I can't tell whether he cheated when he was in the examination?"

He has already determined to make friends with Ye Chen, let alone a young man of the Deng family. Even if a family ten times bigger than the Deng family appears here, he will not hesitate to stand by Ye Chen!

A master of poyun is too important for the puyun association!

In Chen yuanbiao's opinion, even if ye Chen can't reach that level now, he is definitely the most likely existence of the whole hell state to become the master of Piyun!

Deng Shaofeng changed his face and shook his head crazily: "Uncle Chen, you misunderstood me. I definitely don't mean that!" "Enough!" Chen yuanbiao, with a sharp drink, said: "Deng Shaofeng, is that how the Deng family taught you? Since you like gambling, you have to admit defeat! Don't say that you and I have no friendship basically. Even if we are the best friends in the world, I will never have any favoritism today! "

At the next moment, there was a roar and a breath of Pang ran from Chen yuanbiao's body. He looked sternly at Deng Shaofeng and said, "you don't want me to be fair? Now, I'm going to do justice!

I limit you to three breaths to fulfill the gambling agreement with Mr. Ye. Otherwise, I will deprive you of your intermediate cloud master license for misconduct!

And, don't say ten thousand years, you can't take part in the assessment of cloud master forever! "

All the soldiers on the scene were stunned!

Chen yuanbiao doesn't care about the Deng family at all!

Deng Shaofeng, however, has already been scared to look pale!

He only felt that he was dreaming, a nightmare that would never wake up!

Chen yuanbiao's eyes narrowed slightly, and he said coldly: "we Mingzhou cloud clearing Association, we don't need waste! Now, kowtow to Mr. Ye and apologize! "

In this cold drink, Deng Shaofeng's spirit will disappear. His face is full of tears, and his eyes are full of humiliation and unwilling

The next moment, this Deng Shaofeng, actually is madly like to shout: "die to me! If you die, there will be no bets! "

After saying that, it was the spirit of the wild surge, like a mad dog general, toward Ye Chen!

He has lost his mind!

Chen yuanbiao snorted coldly and was about to crack down on Deng Shaofeng. But at this moment, a shadow flashed past his eyes.

Ye Chen was holding a long black sword, and his whole body was full of demons. A black aura, which was like the dust of the world, shrouded in the evil sword. At the same time, his body surface was emitting a bright light, just like the bright moon!

Chapter 3752

With a cold smile on his mouth, instead of any evasion and defensive action, he rushed towards Deng Shaofeng!

When Deng Shaofeng saw this, his face was happy, his eyes were bloodshot, and his expression became more distorted and ferocious!

He is the existence of heaven mending realm, and what about the damned boy in front of him?

Even if you overestimate him, it's just the cultivation of the holy ancestral realm, right?

How dare you rush forward to fight?

He he, Deng Shaofeng's life is finished, completely finished, there is no difference between living and dying!

Even if he killed Ye Chen, he would enrage Chen yuanbiao and be killed by him. But before he died, it would be a good choice to take the boy to hell and bury him with him!

At the next moment, Deng Shaofeng's supernatural power was running at a high speed, and a glove carved from gray and black jade appeared on his right palm!

At the same time, a strong wind swept all around, and it turned out that many of the warriors were standing unsteadily!

This sudden gust comes from Deng Shaofeng's right palm. It's a thrilling palm!

The palm meaning, like a whirlpool swallowing all things, envelops the whole cloud removing hall under it!

And the center of the vortex is exactly where ye Chen is!

A group of martial arts see the situation, are slightly surprised!

Deng Shaofeng's palm is quite amazing!

At the moment, although his breath is obscure because of the cover of annihilation stone, this palm, at least, also has the strength of three layers of heaven!

Originally, in front of many people to start, is the taboo of the dark area, even if you do, will not fully erupt, but with reservation!

Yes!

At this time, Deng Shaofeng is obviously desperate!

Chen yuanbiao, who was preparing to make a move, however, his eyes flashed slightly at this time. He carried his hands behind him in a strange way, without any action!

Seeing this, the millions of warriors can't help but look at Ye Chen. Ye Chen has already created a miracle on the basis of cloud clearing assessment. Naturally, they are curious about ye Chen's strength!

The elegant young man surnamed Lin was also staring at Ye Chen with flashing eyes.

Suddenly, a blow!

On the platform, there is a huge gray and black palm print. On the palm print, there is a dragon that only sprays black flame. In a moment, the whole Piyun hall is hot. Once the palm print is produced, the whole platform is reduced to a low level!

And that dragon, the black flame that spits out, is also extremely terrible, as if this dark area can be burned into scorched earth, the void has been burned out one by one huge hole!

The moment the palm print appears, it is a tremor, with the speed of thunder, towards Ye Chen!

And ye Chen, at the moment, is still not a bit shaken, just in the hands of the long sword, on the edge of the sword, gradually spread a burst of cold light!

Seeing this, Deng Shaofeng laughed wildly: "fool! Really don't know, the sky is high and earth is thick? In this young master's hand, turn it into ashes

On Ye Chen's face, an evil smile suddenly appears, which makes Deng Shaofeng, who was laughing wildly, stiff in his muscles and overflowing with cold in his heart, could never laugh again!

Ye Chen looks at the palm print that is falling towards him, and his eyes flash like stars. It seems that the martial arts in this dark area are really powerful. Deng Shaofeng's palm is more than the attack of the ordinary sky mending three layers in the moon soul domain!

But

Such a palm, for today's Ye Chen, there is no threat at all!

At the next moment, ye Chen's wrist turns, and the sword light on the Sha sword suddenly becomes prosperous!

The world is still!

In the agitation of Zhenwu's meaning, a cold light that can split the world in two, flashed away from the black flame palm print!

It seems that all of you hold your breath for a moment!

Then, there was a roar, earth shaking noise, the huge black burning palm, in front of everyone, just like a grand black fireworks, suddenly burst in general!

At the same time, there was Deng Shaofeng's body, a sword mark, as if engraved, cut into his chest, blood, a huge amount of blood, like a fountain general, gushing out from the wound, turned into blood rain in the black fireworks!

Deng Shaofeng screamed, the whole person's breath, instantly withered down, like a corpse general, paralyzed on the high platform!

All the martial arts people were horrified!

Deng Shaofeng, who mended the sky for three layers, was killed by Ye Chen with such a sword?

What's more, it's a very relaxed look!

They know that if ye Chen wants to kill Deng Shaofeng, at the moment, Deng Shaofeng is already a corpse, and even the corpse cannot be left!

However, ye Chen did not do so, but in the end left his hand.

Originally, they wanted to see some of Ye Chen's strength through this war, but in this way, they could not understand anything!

They only know that ye Chen's strength is absolutely beyond the three levels of sky mending realm, and even any realm in the mid-term of mendianjing!As for the specific amount exceeded, it is not known

Most of the martial artists present are those who have practiced the three methods of poyun. At this moment, many people are unbelievable!

For a while, my mind was a little confused

Obviously, these people are cloud masters who have practiced the Tongyuan method

Tongyuan method, though relatively speaking, is the least difficult to learn, the lowest qualification requirements, and the highest success rate of cloud sweeping. If there is no outstanding talent in the other two cloud removing methods, most people are practicing Tongyuan method!

However, the defects of the Tongyuan method are fully exposed at this moment!

The other two cloud removing methods perceive the real strength of the martial arts, while the Tongyuan method perceives only their accomplishments

For the most part, the cultivation of martial arts is the same as that of martial arts

However, there are always some people like Ye Chen who can't be treated with common sense!

Among them, the most difficult to accept is Deng Shaofeng himself!

Put cloud assessment, he, bet lost, now, even martial road strength, are crushed by the other side!!!

This has been a great blow to Deng Shaofeng, who has always been the favorite son of the Deng family!

Now, he suddenly understood what kind of feeling it represented by the four words of failure

Ye Chen looks pale. He knows that although he has passed the examination of senior cloud master, he can be regarded as having a skill. In the eyes of some people in the dark area, he has a certain value.

This can be said to be his chip!

But at the same time, there will be people who want to use you, so if you want to use your own value as a chip, you should also have the corresponding strength!

This Deng Shaofeng, mind collapse, crazy, want to burn with him, just give him the opportunity to show strength!

Chen Biao even looked at Chen Yuanchen!

Obviously, ye Chen's strength exceeded Chen yuanbiao's expectation!

At the beginning, Chen yuanbiao didn't do it because he practiced the method of removing clouds from heaven. Therefore, he knew that ye Chen's strength was far above Deng Shaofeng!

However, for some reason, the distortion of Ye Chen's law line seems to be quite different from that of other people. It seems that there is also distortion in the distortion, which is shrouded in a layer of fog, which makes Chen yuanbiao a little confused!

Therefore, he wants to take advantage of this opportunity to see what extent Ye Chen's strength has reached!

But he did not expect that ye Chen would suppress Deng Shaofeng with such a light sword?

Even with his eyesight, he couldn't see much.

However, he has one thing for sure!

That is, ye Chen's martial arts talent is also extremely against the heaven!

This makes Chen yuanbiao think of the ancient times, and block the whole Ming Dynasty with his own body!

The mysterious strongman, there is also a name, is the ancestor of the dark domain!

Although the dark domain was not created by him, it was because of him that he survived!

It is not too much to call it the ancestor!

Is this young man named Ye Jingtian really the ancestor and descendant?

For a moment, Chen yuanbiao's look at Ye Chen means something has changed

Chapter 3753

At that time, the ancestor of the dark region saved the life of the Chen family ancestors, and even brought them great opportunities. This is why the Chen family knew a lot about the strong man.

If there is no strong man, there will be no Chen family!

If the relationship between him and Chen Biao Chen is not only a person, but also a person!

Chen yuanbiao is not a good man, but he has never forgotten the truth of gratitude!

In particular, we are grateful to the ancestors of the dark region, the entire Chen family, for generations!

Ye Chen looks at Chen yuanbiao's look. He can't help but flash a puzzled look in his eyes. How does he feel that master Chen's eyes are getting closer to him?

However, ye Chen did not care, but said with a smile: "master Chen, I don't mean to hurt people, just out of self-protection. There won't be any trouble with the Deng family?"

The reason why he didn't kill Deng Shaofeng was that he was afraid that the Deng family would become a mad dog and bite him!

This is not that he is afraid, but he has no time to waste on such things.

Chen yuanbiao glanced at Deng Shaofeng, who was almost deserted on the ground, and said coldly, "don't say you didn't kill this rubbish. Even if you really put him out, I Chen yuanbiao can guarantee you that Deng family will not dare to touch a hair of you!"

He suddenly said with a smile to Ye Chen: "Mr. Ye, can you give me a face and follow me to the teahouse and sit down to have a cup of tea?"

Ye Chen nodded his head and said, "elder, how dare you refuse me?"

Chen yuanbiao laughs and ignores Deng Shaofeng, who is dying on the stage. He takes Ye Chen and goes to the teahouse.

Soon they sat down in the teahouse.

Chen yuanbiao's hand was a flash of light, he actually took out the teapot, tea, tea and other things, and personally made a pot of fragrant spirit tea.

He led Ye Chen with a smile and said, "try the spirit tea that I made. However, over the years, I have collected treasures. Even the old guy of the president has repeatedly asked for me. I am not willing to take out any of them."

Ye Chen said with a smile, "well, thank you for your hospitality."

He held up his tea cup and put it on his nose to feel the fragrance of tea. The moment when he poured into his body, ye Chen's eyes were bright!

He took a sip of the green tea which was like emerald. The sweet fragrance of the tea syrup was rippling between his throat and tongue. It turned into an extremely pure, spring like aura that washed away all his limbs.

The tea made him feel as if he were immersed in the sunshine of Hexi. His whole body was extremely comfortable!

For a moment, ye Chen felt like a sunny tea garden in spring. Even, vaguely, he felt the flavor of the road related to spring!

Ye Chen suddenly opened his eyes and exclaimed, "good tea!"

Even ye Chen is a little shocked by the quality of Lingcha!

Chen yuanbiao didn't cheat him. The spirit tea is indeed a treasure among the treasures!

It's not the spirit tea that ye Chen had tasted before. It can be compared!

With such spirit tea to entertain Ye Chen, it can be seen that Chen yuanbiao attaches great importance to Ye Chen!

Chen yuanbiao said with a smile, "just like it."

Next, the two were chatting while drinking tea, and a pot of tea was quickly finished.

At the moment, ye Chen is actually feeling that his vitality has grown a little bit!

Although, this difference has little influence on his strength, can!

Ye Chen's vitality, has been strong to what extent?

This spirit tea, even to its, there is a very weak increase, visible, its quality to what extent!

At this time, Chen yuanbiao suddenly asked, "Mr. Ye, I don't care about anything anymore. I want to ask you, are you interested in joining the dark region's Mingzhou cloud clearing association?"

Ye Chen's eyes flashed slightly: "Oh? I don't know what kind of work and obligation can I have to join this Mingzhou cloud clearing association? What are the benefits to me? "

Chen yuanbiao was silent for a moment, and then said: "to tell you the truth, the puyun Association in Mingzhou is almost at the bottom of the whole dark area. The reason is very simple. One is the scale. The dark area is small and remote. Wudao is also the bottom of the 19 states. Therefore, the scale of the association is not large Where to go, but there is only one key reason, that is, there is no master of puyun in Mingzhou! "

He looked at Ye Chen with a twinkling light in his eyes and said, "the most important condition for the dark region to investigate the funding and investment of the puyun association is whether there is a master of the cloud in this association! Therefore, over the years, the cloud clearing Association of the state of Styx can only get some marginal resources, which is not enough for the development of the society! "

Chen yuanbiao sighed and continued: "therefore, we urgently need a master of removing clouds. Your talent in the method of removing clouds is enough to shock the whole dark area. I believe that before long, you can reach the level of master Piyun! This is the reason why I want to invite you to join the Netherland cloud removal Association! You can rest assured that, before you become the master of Piyun, the association will not have any requirements on you, and the resources due to members of the association will be allocated to you according to the highest standards. At the same time, the puyun Association of Mingzhou can also be your backing! But... "

Ye Chen said, "but what? If you have something to say, you can say it directly. "

Chen yuanbiao said with a wry smile: "to tell you the truth, it's not your best choice to join the puyun Association of other states with your qualification. They can offer more favorable conditions than the Mingzhou Association. The puyun Association in some places in the dark region, and even the powerful forces that dominate other places outside the region, should be courteous to it Of In contrast, the association of the underworld

Originally, Chen yuanbiao would not say these things to Ye Chen, but now, he has taken Ye Chen as his own.

Ye Chen said with a smile: "these are nothing, but I'm a little curious, if I become a master, what should I do?"

Chen yuanbiao said: "the purpose of the dark region's investment in the puyun association is to train the master of puyun. As for the specific tasks, those who are in charge of the dark house directly give them to the master. I don't know very well. However, they should not be too dangerous tasks. Every master of poyun is a valuable resource for the dark house."

When ye Chen heard the speech, his eyes flashed a touch of meditation. He knew that the dark house was the core of power in the dark region, in charge of all the big and small affairs in the dark region. It is even stronger than the forces of the moon soul domain and the Yangzhen domain!

Chapter 3754

Although he didn't want to be a tool for those in power, according to Chen yuanbiao, if he became the master of Piyun and contacted the dark house directly, he would be able to ensure Ye Chen's safety to a certain extent. After all, it is not a wise choice to attack a master of Piyun who is subordinate to the dark house!

However, ye Chen also knows that this is not enough!

Although the dark house can ensure his safety to a certain extent, it also does not like to actively intervene in the various forces in the dark region!

This will break the balance of the whole dark field!

But if you want to rise in the dark area, it is also essential to have a place among the forces outside the dark house!

After considering for a moment, ye Chen still decided not to contact with the dark house for the time being.

At present, focus on the secret auction held by Cang gang in the dark city first!

Three months is a flash! It's not long since Su Yunyan happened!

Cause and effect, this thing, can't be understood!

But ye Chen knows that Su Yunyan helped himself at the beginning and has planted causality!

Immediately, ye Chen said to Chen yuanbiao: "master Chen, I can join the Mingzhou cloud removing Association. However, I have a request. A few days later, the Cang gang will hold a secret auction in the city of jidark. I want to go in and have a look. I wonder if the Mingzhou cloud clearing association can help me get a quota?"

Hearing this, Chen yuanbiao was overjoyed and nodded as if he were pounding garlic: "this, of course, is no problem! Mr. Ye, there are other requirements! "

Cang Gang's shadow not only covers the whole ghost city, but also has a high status in Mingzhou!

However, even if the association is weak, if even one auction quota cannot be obtained from Cang Gang, then there is no need to exist!

Ye Chen said with a smile: "the elder called me ye Shitian."

For Chen yuanbiao's frankness, he still has a good feeling.

Ye Chen pondered for a moment and seemed to be thinking about himself and what he needed.

At this time, xuanhanyu suddenly said, "boy, please ask for some special pills with this old man! It's the best one for the martial arts in the later period of sky mending and the early days of heaven and earth. "

"Dan Fang?" Ye Chen's eyes flashed slightly: "what's the use of this pill?"

Xuanhan jade snorted coldly: "boy, you don't want to trade that month liquid spirit marrow directly! If you take this thing out directly, you will be among a group of hungry wolves and tell them that you are a sheep, there is no difference... "

Ye Chen hears the speech, also can't help but see a congealing!

Yeah!

Moon liquid spirit marrow, although is the bargaining chip, may!

Once such a treasure is revealed, it is almost impossible for no one to make his idea in this dark area!

Xuanhanyu continued: "so, before you have enough strength, you can only use the moon liquid spirit marrow. I have told you that the moon liquid spirit marrow is the most precious. Even if it is not swallowed directly like you, it can strengthen the foundation of martial arts and physical quality. It can be used to refine weapons and alchemy. It can greatly enhance the effectiveness of pills, and even add special effects!

In a word, with the spirit marrow of this month's liquid, even if you use the roadside weeds to refine pills, you can also practice the magic elixir! "

Ye Chen smelled the speech, and his look moved. However, soon, he asked with some doubts: "but, why is alchemy? I have a higher level of accomplishment together with refining tools... "

Ye Chen's Alchemy level can be said to be the top in the kingdom of God, and even in Jieyu city. He even mastered the eight trigrams heavenly alchemy, and once had the guidance of the ancient medical God!

But the ancient god of medicine is the God of God.

His alchemy is obviously not enough.

Xuanhanyu disdained to say, "what's the use of your refining tools? The more you want to play the role of advanced materials, you need higher attainments. As for why you choose alchemy

Although I don't know the three methods of removing clouds, I can't give you any advice. However, in the process of refining pills, you can be said to be a genius once in a lifetime. With the guidance of this palace, even you can give full play to the effect of the spirit marrow of moon liquid! "

Ye Chen heard for the first time that xuanhanyu could make pills. He said suspiciously: "in this case, why should I ask Master Chen for Dan Fang? Xuanxianzi, would you like to teach me directly

Hearing Ye Chen's distrust tone, xuanhanyu couldn't help but get angry and said, "you Are you doubting this palace! The reason why I can't teach you Dan Fang is that this kind of low-level prescription has not been recorded in this palace at all! "

When ye Chen heard his words, he couldn't help being speechless

In xuanhanyu's opinion, the elixir that is suitable for the later stage of mendianjing and even the early stage of Qiankun realm is only a low-level pill?

How terrible is Xuan Hanyu's original identity and strength?

He shook his head, not thinking about it.

Xuanhanyu, in a sense, is a chance left by the previous life.

I'm afraid this chance is huge for the reincarnation master.Ye Chen said with a smile to Chen yuanbiao: "master Chen, younger generation, I still want to bother you and get me some danfang..."

Chen yuanbiao was stunned: "Dan Fang?"

He really did not understand what ye Chen wanted danfang to do.

However, Chen yuanbiao continued to ask, "I don't know much about alchemy. What level do you want?"

Ye Chen will xuanhanyu's account said, but this time, Chen yuanbiao is not too surprised, directly took out his own possession of the most advanced Dan Fang.

After all, it's no surprise that you can make such a wonderful move in ten days.

However, he is more inclined to help others ask for ye Chen.

Ye Chen took over Dan Fang, hesitated for a few seconds, and then said again, "by the way, senior Chen, I have a friend who has heard that he has come to the dark region. I wonder if you can help me pay attention to it."

With that, ye Chen gives the portrait of Xia Ruoxue to Chen yuanbiao.

Chen yuanbiao glanced at the portrait and looked at Ye Chen curiously: "don't worry. Give it to me."

"Thank you." Ye Chen arched his hand.

Ye Chen has just stepped into the dark region. He has no so-called influence. He has no ability to find Xia Ruoxue in this huge dark area.

.....

In the movie theater, two men walk on the street, it is Ye Chen and Xu Shenglong!

At this time, ye Chen lowered his eyes and stuck a jade slip on his forehead.

This jade slip was given to Chen yuanbiao when he was about to leave. It is a high-grade Dan Fang!

On the jade slips, there is a record of the refining method of longyuanhua ridan.

This longyuanhua diurnal pill is a kind of pill that can improve the cultivation and even increase the chance of the warrior to break through the bottleneck. It has certain effect even for the later stage and even the peak of the sky mending realm!

Although, it can be regarded as a treasure pill, but in the dark area, the circulation is not much!

The reason is very simple, the side effects of longyuanhua ridan are not small!

Chapter 3755

Longyuanhua ridan contains a very strong power to Yang. It can improve the cultivation or help the warrior break through the bottleneck. At the same time, it is easy to damage the martial arts foundation of the warrior!

Chen yuanbiao was embarrassed when he took out the pill, but he had only the prescription of longyuanhua ridan, which was barely in line with Ye Chen's requirements

However, he assured Ye Chen that after he went back, he would try his best to collect the elixir Ye Chen needed. If he had any harvest, he would send it to Ye Chen's residence.

At the same time, when Chen yuanbiao left the movie theater, he also gave Ye Chen a storage bag.

Inside, it is Ye Chen's salary for one year after joining the poyun association!

After learning that ye Chen wanted to make alchemy, Chen yuanbiao changed many resources into alchemy materials!

Among them, even including refining longyuanhua ridan, the most rare Tiancai Dibao, Longyuan ziyangcao!

Under this, also saved Ye Chen to collect material again!

At this time, ye Chen's mouth with a smile, eyes also with the color of excitement!

This time, he Taobao again!

Although the longyuanhua diurnal pill seems to have great side effects, it's just a chicken rib pill, but!

This pill and the spirit marrow of the moon fluid are extremely compatible!

According to Xuan Hanyu, the reason why the pill has such serious side effects is that yin and yang can't be reconciled. There is no suitable material to neutralize and dissolve the power of Longyuan ziyangcao!

But the moon liquid spirit marrow, actually can solve this problem perfectly!

The elixir refined by adding the spirit marrow of moon liquid can not only offset the side effects of longyuanhua ridan, but also convert the power of sun and Taiyin into medicinal power, improve the efficacy of longyuanhua ridan, and even be used in the heaven and earth!

But all of a sudden, ye Chen is happy to gather, put away the jade slips in the hand, coldly looked at the front.

In front of Ye Chen and Xu Shenglong, two figures appeared.

These two people are the two disciples of jiuqingshan who followed Deng Shaofeng before!

At this time, these two people are a pair of cold appearance, obviously, have no good intention!

Suddenly, ye Chen's eyes turned into pure black, and the three methods of poyun were used to judge the strength of these two people!

The next moment, ye Chen eyebrows inadvertently a wrinkle!

These two people's strength is not the general mending the sky! Even ye Chen can barely cope with it!

Moreover, these two people go to kill way, belong to the strong existence in the same level!

Jiuqingshan is really extraordinary!

If it's one-on-one, ye Chen still has a 50% chance of winning the battle, but when facing two people at the same time, his chances will drop a lot!

It's less than 20%!

Ye Chen said faintly: "two, what can I do for you?"

The horsefaced man was named Zhao Chunqi, while the young man with drooping eyes was song Bai'an.

Zhao Chunqi sneered: "what's the matter? Boy, you tortured Deng Shaofeng badly in that paiyun hall? But, did you forget that we were both protecting this kid?"

Now, because of you, our mission has failed, and you don't think that's all for me? "

Song Bai'an also said with a cold face: "Mr. Ye, can you compensate for the loss? Now, you have become a senior cloud plucking master, and you can be regarded as a great star of the Netherland cloud removing Association, right?"

Chen yuanbiao, that old guy, must have given you a lot of good things. I think you should vomit some, otherwise, you will be able to eat and it is not good for your health. What do you think? "

Ye Chen's murderous opportunity flashed in his eyes and said without expression: "since you know the attitude of the Mingzhou cloud clearing Association towards me, do you dare to appear in front of me?"

Zhao Chunqi said with a smile: "boy, do you think we are afraid of the Mingzhou poyun association? As far as the nine associations are concerned, they may be some other places for us

Ye Chen's murderous intention is gradually strong. When it is about to break out, a man's figure rings behind Zhao Chunqi and song Bai'an: "who told you so from jiuqingshan? If you think you are a disciple of jiuqingshan, you can do evil by virtue of this name? No wonder, in recent years, the reputation of jiuqingshan is getting worse and worse. "

Zhao Chunqi and song Bai'an suddenly looked fierce. They turned around and yelled at the young man in front of them: "what are you! How dare you comment on my nine green hills

But at the moment when the two men just turned around, they seemed petrified, motionless, pale, sweating, and their eyes seemed to fall out of their eyes, as if they had been greatly shocked!

All the disciples of jiuqingshan are cruel characters. What makes them so scared?

The next moment, even more bizarre scene, appeared!

The two men in green actually knelt down in front of the men who were talking to each other in the street!

Countless warriors, are staring at this scene!

What's going on?Jiuqingshan's disciples, who are not afraid of death, kneel down so easily!

The two men, with a heavy kowtow, smashed the earth into a loud noise, and said with great fear: "little Little Lord, we didn't know that you also came to this movie theater. We didn't mean to offend you. Please forgive me

Suddenly, the whole street, sounded one after another, the sound of cool air!

This man is the young master of jiuqingshan!

The young master of jiuqingshan has come to the dangerous cinema!

Ye Chen, also a flash in his eyes, looks at the man

Standing in front of him was a handsome man with a gentle and gentle smile on his face!

It is the young man named Lin who drinks tea with a veiled woman in the attic!

His name is Lin rutian!

It is jiuqingshan, one of the three young masters, who is known as the wolf of green mountain!

"Excuse me?"

Lin rutian pondered a smile and looked down at the two men in Tsing Yi kneeling on the ground. He exuded a sense of natural dignity, just like the wolf king who was born to be in charge of Qianshan Mountain: "is it me that you should ask for forgiveness?"

He slowly raised his head and said with a smile to Ye Chen, "I'm sorry, Mr. Ye, these two wastes have disgraced my jiuqingshan. Please don't take it seriously."

Two people in Tsing Yi heard the words, and their bodies trembled in an instant. They felt that the whole person was about to melt!

Less Little Lord, he knows this boy named Ye!

What's more, listening to the tone of Shao Zhu, you still attach great importance to this person!

For a moment, Zhao Chunqi and Song Bai'an are both ugly. If they can be given another chance, even if they are to die, they will not provoke Ye Chen!

However, they are also determined. At the moment, they climb to Ye Chen's feet with total disregard of their face, and they dare not lift their heads and kowtow wildly:

"Mr. Ye, please forgive me! Please! I don't know the relationship between you and Shaozhu! Dare to offend you. Although you deserve to die, please read that I am the first offender and give me a chance! "

Chapter 3756

"Mr. Ye, please wait for me!"

For a moment, the foreheads of the two disciples of Jiuqingshan were covered with blood!

Ye Chen saw this, slightly frowned, looked at the elegant youth in front of him, and said, "you are looking for me?"

Lin Rutian didn't answer, but said with a smile, "can ye still be satisfied with the apology of these two people?"

Ye Chen hears the speech and is silent.

Lin Rutian said with a smile on his face: "it seems that Mr. Ye and I have the same taste. Sorry? Beg for mercy? Ha ha... "

His tone suddenly became gloomy and said: "Mr. Ye, although you can see clearly the strength of a person, you can't see the real idea in a person's heart, right?"

No matter how sincere, apologetic and regretful these two people are at the moment, who knows what they think? Maybe it's just a talk, but in my heart, I wish we'd die now

Zhao Chunqi and Song Bai'an smell words, such as falling ice cellar general, whole body is stiff, even blood, are frozen!

Suddenly, Lin Rutian waved his hand, and an iron platform fell into the street!

This iron platform seems to contain a terrible high temperature. Its surface has been burned red. Once it appears, the temperature of the whole movie theater seems to rise!

They all looked at the iron platform with surprise on their faces. They didn't know what Lin Rutian wanted to do!

Lin Rutian said faintly: "oral words have no meaning. Even if you say them sincerely, they are no different from farting. You don't think it's easy to say an apology, do you?"

In the dark, apology is always expressed by action

When Zhao Chunqi and Song Bai'an heard the words, they could not help turning their heads slowly and looked at the red burning iron platform. Their pupils shrank in an instant!

Lin Rutian pointed to the iron platform and said, "kowtow? At least, we should kneel on this iron platform to kowtow, right? Now, I give you two choices, three breaths, get on this iron platform, kowtow and apologize, or, come back to Jiuqingshan penalty hall with me! "

Hearing this, all the martial artists around him swallowed a mouthful of saliva and looked at Lin Rutian's eyes with a faint fear!

Apologizing on this platform?

The temperature above the iron table can scorch the skin and flesh in an instant, right?

And kowtow on this?

The young master of jiuqingshan, the wolf forest is as fierce as the sky!

However, Zhao and song looked at each other pale and hesitated a little. After a little hesitation, they still stood up and walked towards the iron platform!

People see, it is a burst of horror, these two people do not want to die! Once on the iron platform, I'm afraid the whole person will be evaporated!

However, they know that the iron platform is more than nine, and the penalty hall on the green hill is already a paradise!

The next moment, two people, body movement, they fell on the iron platform, they forced to endure the high temperature, suddenly knelt down on both knees!

"Ah, ah, ah, ah, ah!"

In an instant, two screams burst into the sky, tearing the eardrums of everyone!

The two disciples of jiuqingshan are all dead biting their teeth, knees and hands, clinging to the red surface of the iron platform. They have been burnt to pieces, and the blood is flowing violently, which gives out the smell of burning!

You can imagine how painful it is!

In this pain, two faces, twisted, tears, because of pain, involuntarily gushed out of the eyes, but!

They, however, still exhausted all one's strength, to Ye Chen heavy knock a head!

They all breathed out a breath. These two people paid the price. The matter should be over

Zhao Chunqi and song Bai'an, though suffering from the burning pain of their flesh and blood, could not help but feel a little relaxed.

However, at this time, Lin rutian spoke again.

"What are you pretending to be?"

This word, like the Arctic wind, blew into the ears of all!

Lin rutian said: "just kowtow a head, just a pair of dying appearance? Your sincerity, to this extent? You don't know what a serious crime it was to be rude to Mr. Ye just now? Enough for you to die thousands of times? I don't think it's over with a kowtow, right?"

First, give Mr. Ye a ten million kowtow. "

.....

.....

.....

Silence!

Complete silence!

The whole street people, are looking at the devil general Lin rutian!

Knock ten million heads on this iron platform!?

Is there a limit to ruthlessness?

This is really killing!

Lin rutian said with a smile: "don't worry, this iron platform is also a treasure. When it burns your flesh and blood, it will also heal your wounds. Well, with the vitality of both of you, at most, it will become a waste person, not to die.

Apologies should be at such a level that they can be called apologies, right? "Zhao Chunqi and song Bai'an, already full of despair, their eyes gradually lit up a fierce light, it seems that they want to resist!

But!

Finally, two people, but still heavily kowtow under the head, once again and again to kowtow head!

They dare not!

As disciples of jiuqingshan, they know more about jiuqingshan than others!

Bearing the sharp pain, the movements of the two people will not be too fast. According to this speed, it will take a long time to knock 10 million heads

Lin rutian wants two people to endure endless torture on this iron platform!

Lin rutian ignored the two people's screams, looked at Ye Chen, and said with a smile: "Mr. Ye, such an apology, I don't know child, can you accept it?"

The smile on Lin rutian's face is very gentle, which gives people a feeling of spring breeze. Originally, it should make people feel good unconsciously, but everyone, at this moment, only feel a chill, surging from the spine!

Ye Chen, pour is facial expression light spot nod head way: "still can."

Lin rutian's means, although cruel, but it is in line with Ye Chen's idea, apology?

In his opinion, apology is nothing.

Lin rutian said with a smile: "Mr. Ye will not let me down. Would you please let me invite Mr. Ye to have a meal?"

When ye Chen hears the speech, his eyes flash slightly. Jiuqingshan is one of the six forces in Mingzhou, and Lin rutian is the young master of jiuqingshan!

Now, he needs to have such contacts!

If he gets the support of jiuqingshan, then he can say that success is the first step to rise in the dark area!

Even the quickest way to find Xia Ruoxue.

Of course, to do so will also bring great risks for ye Chen!

How can there be no risk if you have a relationship with someone like Lin rutian?

But ye Chen has no other choice!

He has no time to step by step, step by step down, how much risk, he can only bear!

Immediately, the leaf Chen tiny smile way: "that, in the next then disrespectful."

Lin rutian hears the speech and glances at Xu Shenglong.

Ye Chen saw this and said to Xu Shenglong, "wait for me here."

Chapter 3757

When Xu Shenglong heard the speech, his eyes flashed, but he didn't mean to oppose it. He nodded his head slightly and said, "yes, big brother!"

Ye Chen is not unwilling to let Xu Shenglong follow him to eat with Lin rutian, but Lin rutian is obviously not a good man, and he does not want to involve Xu Shenglong.

Then they headed for somewhere in the movie theater.

Under the leadership of Lin rutian, ye Chen shuttles through the dark alleys and alleys in the movie theater. In several places, it seems that there are strong hands. Half an hour later, they finally come to an independent low building.

This low building, seemingly flat and uninhibited, is not surrounded by a building. Ye Chen looks at the low building and his eyes flash slightly. He knows that this place does not appear on the map of the movie theater.

It should be one of the secret strongholds of jiuqingshan.

Lin rutian said with a smile, "Mr. Ye, please."

After that, he took the lead in stepping into the low buildings.

Ye Chen's mind swept away. There were several masters hiding around him. However, he did not hesitate to follow Lin rutian to the low building.

Two people enter the building, the whole low building, only a look some cold beautiful girl, stand at the door, salute to Lin rutian and say: "I've seen the little master."

Lin rutian said with a smile to Ye Chen: "her name is ling'er. The dishes made by ling'er are no worse than those famous restaurants in the dark area."

After that, he looked at ling'er and said, "go and prepare a table of wine and vegetables, with the best materials."

Ling'er nodded and said yes and retreated.

Ye Chen and Lin rutian sat down at the table.

After a while, a table of wine and vegetables has been served.

Ye Chen opened his mouth and said, "Mr. Lin, now, can you tell me what you're looking for, what's the matter?"

Lin rutian poured himself a glass of wine and said, "before eating, I'd like to ask you a question, Mr. Ye, how much of your success rate of cloud clearing has been achieved?"

Ye Chen's eyes flashed slightly: "75 percent."

Lin rutian shook his head with a smile and said, "I think it's more than that? I'm very interested in Chen yuanbiao's attitude towards you. However, it should be 75%. Mr. Ye, are you interested in working for me at jiuqingshan? "

Hearing this, ye Chen was silent for a moment and said, "Mr. Lin is here just to attract me to join jiuqingshan? Sorry, I don't have that idea yet

Jiuqingshan is not the same as the puyun Association. Even if ye Chen doesn't want to join in such a force, the trouble will find him.

He just wants to form a cooperative relationship with jiuqingshan.

Lin rutian said with a smile, "well, I won't force Mr. Ye. This time, in fact, the main reason is that I want to ask Mr. Ye."

Ye Chen eyes God mang one Sheng way: "Lin childe please say!"

Lin rutian slowly put down the glass in his hand. Although he still had a smile of indifference on his face, the air in the low building was gradually dignified.

With a smile on his face, he said faintly, "after a while, I'm going out for a long time, and I need to do something in secret this time. I can't bring too many people around. I wonder if Mr. Ye is willing to go with Lin?"

Ye Chen hears speech, but face dew a silk surprised ran color way: "why?"

"Because, I need a bodyguard."

"Bodyguard?"

Ye Chen's look was even more strange: "not to mention the strength of Mr. Lin, it's just that within the nine green mountains, the strength is far beyond the existence of the lower level, and there are countless of them? Even in terms of success rate, I'm not the best candidate. "

On hearing this, Lin rutian saw a lonely look in his eyes. He said with a smile: "Mr. Ye, jiuqingshan seems to be a whole, and the factional struggle is also complicated. Although I am one of the young masters of jiuqingshan, I do not mean that I can mobilize the power in jiuqingshan at will.

Besides, in the dark area, there are many ways to kill people. Sometimes, it's not only by strength that you can solve everything, but also by cloud master.

As for why I chose you, in fact, it's very simple. "

His expression turned to indifference and said: "because, this time, the master of cloud poyun who accompanied him may die. Now, although he is the favorite of the puyun Association of Mingzhou, after all, he has not really risen. With the help of poyun, the whole of Mingzhou, whose strength exceeds you, may also be the old friends of the puyun Association who are in a certain force It's not an advantage for me to cooperate with high-ranking people, and if they die, they will have more trouble. "

For a moment, the temperature in the whole low building seems to have dropped by one point.

However, at the next moment, Lin rutian said with a smile: "the most important thing is that I always believe in my own vision. In my opinion, Mr. Ye is definitely not a person who will die so easily! What's up, Mr. Ye, are you interested in it? "

Ye Chen stares at Lin rutian's eyes. Both of them don't speak, so they look at each other. Finally, a indifferent man's voice broke the silence.

"What is my reward?"

Lin rutian's hand waved, two Guanghua, fell in front of Ye Chen.

Ye Chen fixed his eyes and saw that there were two different forms of tokens in front of him!

The two tokens are black and blue. On the back of one token, a wolf head is carved, and the other is the design of nine mountains.

Lin rutian said: "one of these two tokens is my keepsake. There are no big and small forces in the state of Ming. If you hold them, you should consider them. Especially the disciples of jiuqingshan. Even if someone wants to buy your life with a lot of money, as long as you have this token, I can assure you that jiuqingshan will never attack you!

Mr. Ye, although you have the support of the Ming state cloud clearing Association, if you really want to act freely in the dark area, the green Wolf order should be of great help to you.

Don't worry, in the dark area, face is very important. If someone dares to ignore my keepsake and hand it to you, let alone me, the whole jiuqingshan will not let him go easily! "

Ye Chen eyes a bright, this thing, he really needs!

When Lin rutian finished, he pointed to another token and said with a smile, "this other one is worth more!"

Ye Chen's expression is moving. The value of this token is greater than that of the green Wolf order?

Lin rutian is the young master of jiuqingshan, second only to the real master of jiuqingshan. What else is more valuable than his keepsake?

Lin rutian said: "this token, named Green Mountain secret order, can only be used once. Its function is very simple. Jiuqingshan will accept your assassination Commission for free. As long as the strength of the other party does not exceed the level of heaven and earth, jiuqingshan will not refuse it!"

Even with Ye Chen's nature of mind, smell speech, can't help but look shocked!

In other words, the dark order of green mountains represents a life of heaven and earth!

Chapter 3758

If you take it out for auction, it's worth immeasurable!

Of course, Lin rutian is willing to take out such a treasure, which shows that this trip will never be peaceful!

A moment later, ye Chen suddenly stretched out his hand and took the two tokens and said, "OK, this task, I'll take it. I'll leave."

Lin rutian smell speech, eyes, flash a joy!

Is ready to say something, but ye Chen, but directly stood up and walked toward the door.

Lin rutian is slightly stunned. Facing the young master of jiuqingshan, ye Chen even says to go?

I don't want to give him face, right?

In the dark, there are a few people, eyes flashing, seems to want to move to leave Ye Chen!

But Lin rutian is smiling and shaking his head.

It is because of Ye Chen's personality that he appreciates Ye Chen so much!

After all, ordinary people, if it is this kind of character, have already not known how many times have died?

But ye Chen, still alive!

This is enough to show how special Ye Chen is!

The moment Ye Chen left the low building, the scene in front of him is a twist.

The next moment, ye Chen is actually back in the movie theater, away from the street when he left the nearest to a dark lane.

Soon, ye Chen and Xu Shenglong will make peace, and they directly leave the dangerous film city and return to the city.

After returning to his residence, ye Chen first closed his eyes and concentrated his mind for a moment. After his body recovered to the peak state, he suddenly opened his eyes and moved his hand, and a huge cauldron fell in front of him!

The grade of the furnace is not bad. He got it from Li Xiuyuan. It seems that Li Xiuyuan originally wanted to use the spirit marrow of this month to refine pills.

He even found an ancient book of alchemy in Li Xiuyuan's storage bag, which seemed to have a good beginning. However, ye Chen did not go to study specifically.

If Xuan Hanyu gave him some advice on alchemy, why should we read this ancient book?

In a flash, hundreds of lights flew out, around the huge furnace, slowly rotating, as if the stars arched the moon.

It's only a few days before cangbang's Secret auction. He's going to refine the longyuanhua ridan!

At this time, xuanhanyu said: "boy, next, I will tell you all the key points of refining this pill, the time and method of adding various materials, and so on. You can write it down!"

Ye Chen nodded, the next moment, a huge amount of information, instantly poured into his mind!

Even with the power of Ye Chen's mind, he can't help but change his face. If someone else meets a master of Dan, such as Xuan Hanyu, he will not be able to digest such huge information!

Half an hour later, ye Chen came back to his mind again. He held out his hand quite solemnly. The lid of the furnace was lifted in an instant. At the same time, the noble spirit poured into the furnace. At the center of the furnace, a blazing flame was instantly lit up!

Ye Chen took a deep breath and gathered his whole mind. According to xuanhanyu's instructions, he drove all kinds of materials into the furnace. A smell of medicine gradually diffused in Ye Chen's room

Ten hours later, ye Chen was pale, but his eyes were still staring at the stove in front of him, and he didn't dare to relax!

He didn't have a terrible understanding of foreign alchemy. Now, he just copied Xuan Hanyu's Alchemy technique for longyuanhua daily elixir by relying on his terrifying mental power and strong comprehension ability. Even the operation of his aura was exactly the same!

Among them, there are more than 100 million processes?

If you want to make a perfect copy of the hundreds of millions of processes, you can't bear it with Ye Chen's spirit!

But fortunately, this furnace of Dan is about to become!

In the whole furnace, the sound of dragon chanting is continuous, a breath of yang to gang, crazy and turbulent, with the rank of this furnace, it seems that some of them can not be suppressed!

Ye Chen knows, now is the real critical moment, success or failure, in a flash!

All of a sudden, xuanhanyu's voice suddenly rang out in Ye Chen's mind: "it is now, join the spirit marrow of moon liquid!"

In Ye Chen's eyes, the essence flashed like thunder. In an instant, he pointed out that a drop was almost transparent, sending out the spirit liquid of light moonlight. Then he flew out of Ye Chen's hand and fell towards the furnace!

This spirit liquid is the spirit marrow of that moon liquid!

At the next moment, the spirit marrow of moon liquid falls into the furnace, and the power of Yang is surging wildly. There is instant peace!

Yes!

In a flash, the moon liquid spirit marrow, just like a drop of water in the oil pan, the whole furnace, instant boiling!

Ye Chen's eyes flashed a dignified color, the body surging spiritual power, an instant whistling out, toward the furnace, seal town and go!

Now is the time to test him!

Another half an hour later, a roar came from ye Chen's room. At this time, ye Chen was soaked with sweat, and the whole person was paralyzed on the ground. The room was filled with black smoke. Even ye Chen was a gray faced man. But there was a smile on his face!

He knew that although in the end, some accidents, but Dan has become!

The next moment, ye Chen can't wait to sit up. With a wave of his hand, all the black smoke in the room dissipates. The furnace cover flies, and four golden pills are suspended above the furnace!

On these four pills, there is a very strong fragrance of medicine. At the same time, there are four kinds of dragon shaped shadow around them!

However, this golden elixir, emitting the brilliance, is bright, light, just like the existence of the general moon.

The whole pill didn't give out the original incomparable burst to Yang breath, but it was as warm as water!

Ye Chen sees form, smile slightly.

Longyuanhua diurnal pill should be as strong as the sun, incomparably burst, but now, it is stable countless times!

Not only that, even the medicine contained in it is more restrained, surging and powerful!

According to Ye Chen's judgment, today's longyuanhua ridan, even if it exists in the heaven and earth, may be effective!

A drop of moon liquid spirit marrow, it will be the Dragon yuan day elixir, completely changed!

Enough to see, moon liquid spirit pith is how high material!

Ye Chen said with a smile: "now, it's time to change the name of longyuanhua ridan."

At this time, the pill that ye Chen has practiced can be regarded as a brand-new pill!

He pondered for a moment and then said, "I'll call you the sun moon Hualong pill."

Today, this pill contains the power of the sun and the moon, which can be called the sun moon dragon pill.

Xuanhanyu, however, snorted coldly at this time: "boy, what are you happy about? With the guidance of my palace, I have only developed this kind of pills. What can I be complacent about? "

Chapter 3759

Ye Chen heard words a moment, face can not help but show a bit of bitter smile.

Just contact with the level of dragon Yuanhua daily Dan, you can practice the Dan once. It is a very adverse thing to Ye Chen in the aspect of Dandao!

It should be OK for ye Chen to make the medicine of God or ancestral level.

But refining and toning the heaven level, even the present heaven and earth level pills, can be said to be basically impossible!

But he did it in the end!

You know, ye Chen trained this day and moon dragon Dan, but can let the world martial arts take the pill ah!

Its refining difficulty, can imagine!

But, in xuanhanyu's view, he did not do well enough!

This requirement is too high

However, ye Chen still can not help but ask: "xuanxianzi, what do you mean by grade?"

Xuanhan jade said: "you have reached the level of heaven and earth, although you have just crossed the threshold, the essence of Qiankun level pills is different from ordinary ones!

Heaven and earth will appear on top of the pills! "

Ye Chen heard words and said, "what is the Dan pattern of this heaven?"

Xuanhan jade way: "the heaven Dao Dan pattern is after a certain kind of medicine is strong enough to touch a trace of heaven, it may be stained with the atmosphere of heaven, and it appears.

The maximum of the Tiandao Dan pattern is nine, the lowest is one. On the medicine, only one of the Tiandao Dan lines appears, it will make the medicine strength of the pill increase by one or several times. If a nine grain God pill is practised, it can make the pills and produce qualitative changes!

You used the moon liquid soul marrow. Originally, there might be a pill pattern on this pill. Unfortunately, even with my advice, your alchemy is still too bad! "

The surprise appeared in ye chenmu. The sun and moon turn dragon pill. The medicine has been so strong, and it can be doubled again?

In that case, even with the horror of Ye Chen, the sun and moon dragon Dan may have made him improve!

Ye Chen's eyes suddenly lit a flame, excited flame, he smiled: "the remaining materials, can also be made twice, we have the opportunity to produce the pill with Tiandao Dan pattern, right?"

After all, ye Chen moves his hand. An ancient book appears in his hand!

He made a march agreement with Suyun cigarette, but he was still in a hurry to make a quick contribution. Instead, he was awakened by the Dan pattern of the heaven!

Sometimes, the more anxious, the slower you go!

Ye Chen took a deep breath, and after his mind was stable, he slowly opened the ancient book and looked through it carefully

One day later, until the whole ancient book, read it over, ye Chen slowly closed the book.

But even so, ye Chen still did not begin to alchemy, but closed his eyes, combined with his first refining experience of Sun Moon Hualong Dan, compared with the ancient books, the experience left by predecessors, understood the way of alchemy outside the region!

Xuanhan jade looks like a little, and smiles. This boy will never let himself down.

He didn't let Ye Chen understand the ancient book from the beginning. To make ye Chen have the experience of refining this high-level medicine first, then compare the alchemy method in the ancient books, so that he can achieve half the effort.

But, this is also in Ye Chen himself to realize the importance of Dan Dao attainment for alchemy!

Even she, also felt Ye Chen this period of time some impetuous!

Late at night, the distance from ye Chen immersed in the enlightenment, and half a day later, at this time, ye Chen suddenly opened her eyes, as if two lights flashed through his eyes!

Next moment, the leaf Chen body exudes a light light, is actually using the spirit moon body!

Xuanhan jade laughs: "Oh? How do you use this spirit moon method? "

Although her tone is flat, but in a pair of beautiful eyes, it is a shock color!

Ye Chen blinks: "if you want to be exposed to the spirit of heaven, you must rely on the rhyme of the moon heaven contained in the moon liquid spirit marrow. If you use the spirit moon body to gradually integrate the power of moon into the pill, then, when you add the liquid spirit marrow of the moon, you can better attract the breath of the moon heaven

On the face of Xuanhan jade, a strange color appeared

Is this kid a genius in any way?

So short time, can be the outside of the red road to understand this level!

If she really teaches Ye Chen Dan Dao, maybe in less than three years, ye Chen can master all she has learned in the Dandao!

What does that mean?

It means that ye Chen will become the most terrible alchemist in the whole region and even in the upper world!

However, the next moment, ye Chen continued: "also ask xuanxianzi, remind me of the time to inject the power of moon bloom!"

To his own today's Dandao cultivation, to judge the specific timing, or not enough!

The next few days, ye Chen, were all spent in the alchemy. Now, he is looking tired but full of gratification, looking at the two sun and moon dragon pills floating in front of him.

These two pills, awe inspiring, have incomparably clear lines!

The pattern is just the Dan pattern of heaven!

Even one of them has two Dan lines!

Xuanhanyu said speechless: "boy, your potential in the future, even in this palace, is a little frightening..."

"To tell you the truth, the reincarnation masters of the past life may not be better than you..."

Ye Chen contacted this high-level alchemy way, only a few days, unexpectedly succeeded in refining two lines of elixir?

This is not a good talent can explain ah!

Ye Chen smiles, the specific reason, he is not very clear, but, in his thought, may be with the abandonment of the world, the mysterious man gave him the blessing of heaven also has a certain relationship!

Ye Chen intends to keep the two patterns of Sun Moon Hualong pills for himself to use. As for the miraculous elixir with that Dan pattern and the remaining ten ordinary Sun Moon Hualong pills, they will be used for trading at the auction!

The auction will be tomorrow!

At this time, a knock on the door sounded outside.

The servant of the black stone museum said, "Mr. Ye, there is an old man looking for you downstairs. He said that he came from the Mingzhou cloud removing Association."

Ye Chen smell speech, look move, Chen yuanbiao finally come!

As soon as he moved, he appeared downstairs. He saw an old man with a good moral character standing in front of the counter with a smile on his face.

Seeing ye Chen's arrival, Chen yuanbiao apologetically said, "ye Shitian, I've tried my best to collect them, but our poyun Association, after all, is not an alchemy Association, and we haven't found any other suitable Dan Fang..."

Ye Chen said with a smile: "no harm, that dragon Yuan Hua day pill, already enough."

Chen yuanbiao nodded, suddenly took out a jade pendant, handed it to Ye Chen's hand and said, "this is the certificate for entering the cangbang auction. If you sink your mind into it, you can know the exact time and place of the auction."

Chapter 3760

At the same time, Chen yuanbiao himself also took out a similar jade pendant and said with a smile: "in order to ensure your safety, this time, I will go with you."

Ye Chen hears the speech, pour is some unexpected way: "then thank Master Chen."

You know, Chen yuanbiao is a strong man!

Let such a strong man, protect a person is not everyone can have treatment!

It can be seen that ye Chen has what kind of status in the puyun association!

After that, Chen yuanbiao actually took out a storage bag and handed it to Ye Chen and said, "the president heard that you are going to participate in the Cang Gang's auction. Let me bring it to you. Take it."

Ye Chen takes over the storage bag, and his mind sweeps to it. At the next moment, he looks shocked!

In this storage bag, they are all valuable treasures. Even, there is a third grade Dark Crystal!

He was silent for a moment. Instead of refusing, he took the storage bag and said, "thank you for your care."

Ye Chen knows that the puyun Association attaches so much importance to him because of his natural talent against the sky. However, ye Chen has always been a good person for others. No matter the reason, the association has helped himself. It is a fact!

Therefore, he did not refuse, but accepted this feeling!

Seeing this, Chen yuanbiao said happily, "well, in that case, I won't disturb you. I'll see you again before the auction tomorrow."

.....

The next day, at midnight, two figures took to the street, looking carefully, one is a cool looking young man, the other is a well-known old man.

It is Ye Chen and Chen yuanbiao.

At this time, Chen yuanbiao suddenly took out a black robe and a mask and gave it to Ye Chen and said: "in front of us, we are going to the place. Change this black robe and mask. In this auction, there are many dragons and snakes mixed together. It's better to be careful."

Ye Chen nods. The black robe and mask are similar to the black robed people who appeared in the examination by poyun. They can hide their body shape and face.

Chen yuanbiao himself also took out his black robe and put on his mask.

Two people continue to advance, not long, they came to the jade pendant, the location of the hint!

Here, it is a deserted cemetery!

Ye Chen and Chen yuanbiao walk to a tomb and take out the jade pendant in their hands. At the next moment, a deep purple glow appears on the jade pendant. Their bodies disappear in the same place!

After a whirl of the earth, ye Chen and Chen yuanbiao seem to have come to a very deep underground place. In front of them, there is a long and narrow corridor extending downward.

In front of the corridor, two people in gray with grimace masks stood. They looked at Ye Chen and Chen yuanbiao and said coldly, "please show me the certificate."

Ye Chen and Chen yuanbiao looked at each other and handed the jade pendant to them.

The two men in gray nodded and moved away slightly.

Ye Chen and Chen yuanbiao went along the Yongdao road

Not long, two people's ears will be heard bursts of laughter.

The corridor has come to an end!

Ye Chen two people, out of the corridor, eyes, are a flash of color!

What they saw was a magnificent underground palace!

All kinds of delicious food and wine can be seen everywhere. A famous martial artist wearing a mask and hiding his body, drinking and chatting casually. It seems that he is not a stranger at all. On the contrary, he is a close friend who has known him for a long time!

At this time, a woman in a red dress, carrying a glass of wine, walked into the palace, a pavilion carved from unknown gems.

In an instant, the whole hall was quiet down!

Ye Chen, also looking at the woman, is slightly stunned

The woman did not hide her face at all!

Moreover, its appearance is extremely beautiful!

Not only her face, her figure, also very angry, at the same time, all over the body, all exuded a kind of wild breath!

Like a queen living in a herd!

Chen yuanbiao whispered to Ye Chen: "this daughter is the daughter of Cang gang leader, named Cang Luqing. Cang gang leader Cang hunwu is extremely fond of her. Remember not to provoke her!"

Ye Chen hears the speech, motionless order nods, but in the vision, for this Cang Lu Qing actually many a wipe of curiosity color.

At this time, Cang Luqing said with a smile: "nonsense, I won't say much. Then, the auction will officially begin!"

When Cang Luqing waved her hand, three women in cheongsam pushed a cart onto the stage. The cart was covered with a layer of red cloth.

Cang Luqing said with a smile: "most of us have already known the rules of Cang Gang's auction. However, I still want to repeat it. In this auction, our Cang Gang only sells three commodities. Next, you can come to the stage freely and show the treasures you exchange. If you like, you can bid by yourself. As long as we don't violate the rules, we will not interfere in your transaction. However, when each transaction is completed, we will take a certain percentage of commission according to the value of the treasure. Well, let's not say much. Now, we will auction the first product! "

Above the red cloth, is a jade plate, and placed on the jade plate, is a look rather shabby ancient books!

Cang Luqing introduced: "this ancient book is inherited from the ancient Tianshi gate. The gate of corpse on that day was not so famous in ancient times. However, when it comes to this day's corpse, many ancient martial artists talk about it!

Celestial corpse, almost can be regarded as the most terrifying existence among all kinds of refining corpses. At the same time, it is also the foundation of Tianshi sect! From this, we can also see that the corpse gate of that day has its own originality in refining corpses. Although this ancient book records not the refining method of celestial corpse, it can also be called a secret book of corpse road!

If there are guests who are interested in the practice of corpse cultivation, I guarantee in the name of Cang gang that this ancient book is definitely a treasure that can't be missed! "

When ye Chen hears the speech, his eyes twinkle slightly. His mind is very strong. If it is used to manipulate the corpse, it can be regarded as unique. However, ye Chen is not interested in the corpse way.

If you want to make a strong body refining, the requirements for corpses are extremely strict, including birth date, root bone, spirit body, and even the time of death. Is such a corpse so easy to find?

It is not the character of Ye Chen to find the right person and torture him to death by extremely cruel means.

But!

It is undeniable that the powerful corpse refining has a near terrible combat effectiveness!

As soon as Cang Lu's voice dropped, a warrior in black stood up and walked toward the stage.

The secret auction hosted by Cang Gang invited people with a certain background in Mingzhou, but the way of trading was to exchange things for things!

The man came to the stage, and with a wave of his hand, a black bead fell in front of everyone!

As soon as this bead appears, it will have boundless Yin Qi and submerge the whole underground palace!
