Chapter 3771

Looking at the back of Ye Chen's departure, Chen yuanbiao is slightly stunned. There is a portrait of the ancestor in the Chen family, which is exactly the figure of the ancestor!

For a moment, Chen yuanbiao's eyes, violent turbulence up!

Ye Chen's leaving posture and the portrait of the ancestor seem more and more like!

"Wait a minute!" Chen yuanbiao called out subconsciously

He flashed and came to Ye Chen.

Ye Chen heard the speech, stopped his steps, turned back and said with a smile: "master Chen, what I sent out will not be taken back."

Chen yuanbiao, however, stares straight at Ye Chen and suddenly asks, "boy, you But surname Ren? "

Ye Chen's face flashed a faint color of amazement. However, almost in an instant, he recovered as usual and said with a smile: "master Chen, what's the matter with you? How can I be surnamed Ren? "

When Chen yuanbiao heard Ye Chen's reply, he seemed to wake up and said with a smile of embarrassment: "ha ha, I'm confused. OK, since you insist on giving the gift, I'll accept it on behalf of the association."

Ye Chen nodded and turned to leave, but he could not help but frown slightly. He asked xuanhanyu, "xuanxianzi, why does Master Chen say to take up this surname?"

After a moment of silence, xuanhanyu replied, "if I guess right, maybe it has something to do with your elder Ren. It is said that the ancestor of the dark region was also surnamed Ren..."

Ye Chen's eyes flash slightly, it seems that Ren extraordinary's identity is really some complicated.

Not long, ye Chen then returned to the black stone Museum, a room, he will lie down on the bed, Huhu big sleep.

During this period of time, he took part in the examination and devoted all his heart and soul to refining alchemy. Finally, he experienced a great war with such a powerful existence. Not only was he physically, but also his spirit was extremely tired. It was also time for him to have a good rest.

The next morning, ye Chen woke up from the bed and stretched out a stretch, and his mental fatigue was swept away.

His eyes flickered slightly, and with a wave of his hand, he flew around the house with several flags!

This set of array equipment is exactly what ye Chen got at the auction. It has a very high grade. Its main function is to cover up the fluctuation of spiritual power!

Next, whether he refined Huitian pill or other high-level pills, I'm afraid, it will cause a lot of anomalies. He doesn't want to attract the attention of people who have a heart.

So ye Chen took the array.

In the light of the house, there are countless inscriptions!

Ye Chen's mind swept away. After a moment, he nodded. Now, the whole house is shrouded in this array, and there should be no spiritual power fluctuation, and it will escape.

After finishing all this, ye Chen reaches out a little again, a light purple light appears in front of him, and the temperature of the whole room rises in an instant!

This purple light is actually a lavender flame!

Ye Chen sees this, looks a coagulation, huge spiritual power gushes out like a flood, instantly suppresses the flame, otherwise, the whole black stone hall may melt in an instant!

This flame is the purple bamboo fire that ye Chen got from the auction. Although it has not been on the list of sacred fire in other countries, it is also an extremely frightening flame!

And even though the purple bamboo fire sends out a surging aura of fire, a flash of white light around Ye Chen suppresses the fluctuation. Even Xu Shenglong, who lives in the room next to Ye Chen, doesn't feel at all.

After ye Chen satisfied with a smile, he said to himself, "Xuan Yan, it's time to evolve again."

Ye Chen took the purple bamboo into the spirit flame to let Xuanyan evolve again!

After swallowing the purple bamboo spirit flame, Xuanyan's level will be greatly improved to reach the foreign level, and even have a chance to impact higher class!

And to this level of Xuanyan, will also break through some restrictions!

That is to say, ye Chen can attack with dark flame. More importantly, refining alchemy with high-level flame will also increase the success rate of some alchemy!

Therefore, before refining the returning to heaven pill, ye Chen should let Xuanyan upgrade first!

At the next moment, a dark blue flame appears in front of Ye Chen and pours at the purple bamboo fire. It seems that the purple bamboo fire is aware of the danger. The whole body is full of purple light, and the blazing breath is intense. It seems that he wants to resist the swallow of the dark flame, but!

No matter how hard the purple bamboo turns into the spirit flame, it can't get rid of Ye Chen's suppression!

Although Xuanyan's rank is much lower than that of Xuanyan, in the case of suppression, the purple bamboo turns into spiritual flame, which is only a little bit eroded by Xuanyan!

After holding on for six hours, the last ray of purple bamboo turned into the holy flame and finally merged into the mysterious flame

Suddenly, under the light of the sky, the fire was still strong! Ye Chen's hands are sealed, and the powerful spiritual power condenses into a rune in front of him and falls on the Xuanyan. The mysterious flame, which had some violent breath, gradually recovered its stability under the suppression of the huge spiritual power.

Light convergence, appeared in front of Ye Chen, is a blue and purple flame, faintly emitting a palpitating blazing wave!

Ye Chen's face, a touch of joy, dark flame, advanced success!

Today's dark flame, has reached the level of extraterritorial extremely strong flame, and, in this stage, the extremely powerful one!

When ye Chen reached out his hand, Xuanyan turned into a blue purple brilliance and integrated into his palm. In his palm, there was also a blue purple mark!

When the flame is strong to a certain level, it can be retracted and released freely!

At this time, the fire repair, will have a fire line!

Fire lines, for those who repair fire, are the symbol of strength!

After ye Chen received the Xuanyan, he ran the blood burning formula silently. Xuanyan advanced, not only enabled him to release the fire, but also increased the power of the blood burning formula by several percent!

Let his strength, and forward a point!

Ye Chen's eyes flashed. Next, he was going to refine the returning to heaven pill!

This is the most important thing!

After practicing Huitian pill, his heavenly demon blood will be pure, even sublimated, so that his strength and physique will be greatly improved again!

At the same time, after the body has been strengthened, ye Chen should be able to swallow some moon liquid spirit marrow again!

Think of here, even with the heart of Ye Chen, eyes can not help but get hot up!

This return to heaven Dan, can let his strength, advance a big step!

In fact, ye Chen is now relying on the remaining eight treasure ghost Buddha relic, has been barely able to face the existence of some terror, but, after all, this belongs to external forces!

Chapter 3772

In Ye Chen's opinion, it's not safe. The most important thing is to really upgrade your strength to a higher level, so as to complete the agreement between him and Su Yunyan, and liberate the woman who pleads for him from the fate decided by others!

However, even so, ye Chen did not immediately start, but closed his eyes and adjusted his breath.

He is in the process of evolution of Xuanyan, how much some consumption, and refining this return to heaven pill, ye Chen hopes to achieve the best state!

Because, he does not allow the refining process, there is a slightest slip!

Another hour later, ye Chen opened his eyes again, and his eyes were full of gods.

With a wave of his hand, the stove from Li Xiuyuan fell into the room again!

This time, ye Chen did not light the fire of the furnace, but a little finger, a ray of blue and purple flame, then flew down in the furnace, and in an instant, a cluster of brilliant sparks, blooming in the furnace!

Xuanhanyu's voice rang out: "originally, this furnace was used to refine Huitian pill, and its grade was not good. However, with Xuanyan's firepower, it was barely enough. Boy, let's start!"

The next moment, ye Chen eyebrow micro Cu, a pang ran information, into the mind, it is the refining method of the return to heaven pill!

Ye Chen kneaded his temple, enduring the pain of his brain and digesting the information. After a moment, he took a deep breath, his whole body was full of spiritual power, and all kinds of natural materials and earth treasures flew out of the storage bag and wrapped around the furnace.

Huitian pill, which is the most extreme elixir against heaven, naturally needs materials that are not common. There are even several kinds of them, which are completely extinct outside today's territory, or even the existence of heaven and earth, are regarded as the most precious things!

If ye Chen wants to refine a return to heaven pill from scratch, he is absolutely unable to do it!

What's more, with his cultivation of Dan Dao, even if he has materials, it is difficult to practice it!

Can, now, with this Dan embryo, all this, will be easily solved!

The pill embryo of Huitian pill is to use the best materials and refine it by the ancient alchemists with high attainments. Now, what ye Chen wants to do is to stimulate the medicinal power of Huitian pill and turn it into a pill!

Compared with the refining of returning to heaven Dan embryo, this process can be said to be relaxed countless times, but for ye Chen, it must not be taken lightly!

Impelled by Ye Chen's decision, a portion of the material falls into the furnace. Under the burning of the dark flame, it turns into pure medicine. All of a sudden, ye Chen's eyes twinkle and his wrist moves. A gray pill that looks rather ugly appears on the stove!

This pill is just the Dan embryo of Huitian pill!

Ye Chen took a deep breath and concentrated on gazing at the pill embryo of Huitian pill. The refined medicine turned into puffs of smoke and melted into the Dan embryo. The color of the surface of Huitian pill also began to change!

That gray shell, actually was rolling medicine, rendering into colorful!

At this time, ye Chen's spiritual power was suddenly full. The dark flame in the furnace turned into a powerful spark. The temperature of the whole room was also increased by countless times!

At the same time, floating in the top of the furnace, the back to heaven Dan embryo, finally, fell into the furnace!

There was a dull noise from the stove!

Ye Chen's pupil shrinks instantly, and the white part of his eyes is even more full of blood!

As soon as he bit his teeth, his whole body trembled slightly, and he could hardly hold the seal in his hand!

At the moment, in the furnace, there was a tremendous burst of medicine, even ye Chen, some uncontrollable!

This seemingly inconspicuous back to heaven pill embryo, even contains such a terrible drug power?

Xuanhanyu's voice, also dignified up, low drink way: "Ye Chen! hold one's own! Continue to refine the material into it! "

Ye Chen nodded, and his forehead was covered with sweat. With a roar, the spiritual power in his body was galloping in the meridians. It was a reddish, crystal like fruit flying towards the furnace!

And in the process of a piece of material falling into the furnace, there are also a few drops of crystal water dripping with light moonlight, accompanied by the falling of those natural materials and treasures, it is the spirit marrow of moon liquid!

.....

After three days and three nights.

At the moment, ye Chen's face is extremely pale, sunken eyes, lips cracked, eyes full of blood, a pair of excessive consumption of the appearance, but his face is with incomparable excitement, as if, do not feel tired in general!

In these three days, ye Chen had no rest to refine the returning to heaven pill!

Now, it's all over!

Ye Chen swallows a mouthful of saliva and looks nervously at the cracked furnace in front of him. Everything he can do has already been done. Whether the returning to heaven pill is practiced or not, it can only be left to fate!

With a wave of his hand, the lid of the furnace was opened in an instant

The next moment!

Extremely dazzling seven colors of light, instant explosion!

And in this light, filled with unimaginable horror medicine! There are two pills, one big and one small, flying out of the furnace and heading for the roof. It seems that they are going to fly through the air!

But at this time, the white light flashed and a light screen with countless runes on it appeared in front of the two pills!

It's the array set before ye Chen!

Bang Bang two dull sound, these two pills hit the light screen, but failed to break through the array of defense, was shot back into the house!

And ye Chen at the moment, in the eyes, is incomparably rich joy!

With a wave of his hand, his powerful spiritual power instantly turned into a big hand and grasped the two pills in his palm!

He did it!

Not only did he refine the returning to heaven pill, but also, as xuanhanyu said, he got two Chengdan!

Ye Chen looked at the two as if it had undergone metamorphosis in general, incomparably eye-catching seven color elixir, could not help but issued a happy laugh!

He calmed down a little, then carefully put the two pills into a jade bottle, and then pushed the door out.

.....

In the dark city, two figures, just like ghosts, flicker from the endless darkness. If you look carefully, one of them is blonde, and the other is handsome. The other is indifferent, with cold eyes.

These two people are Xu Shenglong and ye Chen!

Soon, they left the city and came to a remote mountain.

Ye Chen's eyes, a burst of search, suddenly a light, then with Xu Shenglong, into a hidden dark abyss.

Two people put a landing, Xu Shenglong, then some puzzled asked: "Ye elder brother, we come here, do what?"

His golden eyes swept through the bottom of the dark abyss. Is there any treasure hidden here?

Ye Chen smile a way: "immediately, you know."

After that, with a wave of his hand, several white lights flashed and fell on all parts of the dark abyss. Xu Shenglong took a close look and saw that the white light was just a kind of array plate array!

At the next moment, a white curtain of light enveloped the center of the dark abyss!

Chapter 3773

Then, in a flash, it disappeared.

Xu Shenglong's expression is even more puzzled. Why does elder brother ye set up an array in such a remote place?

At this time, ye Chen, took out a jade bottle.

He slowly opened the lid of the bottle. One looked small, and the whole body was full of brilliant seven colors. However, there was a layer of bright light like moonlight, which covered the whole pill.

On the surface of the pill, there are two extremely complicated patterns!

Ye Chen, not only successfully refined into the returning to heaven pill, but also has two Dan patterns on it!

The moment the pill appeared, Xu Shenglong's face changed. Looking at the pill, he felt an extremely strong impulse in his heart. As a demon instinct, he yearned for the pill!

Xu Sheng in the dragon mouth, issued a tiger roar, look more and more fierce up, seems to be desperate to the return to heaven Dan to go!

However, at the last moment, the rest of Xu Shenglong's eyes swept to Ye Chen. In his golden eyes, a touch of struggle flashed through his eyes. He actually forced this almost irresistible instinct down!

He slightly turned his head, forced to endure the desire for pills, anxiously asked Ye Chen, "brother Ye! What is this pill? Put it away. I don't know why. I'm dying for this pill! "

Ye Chen saw this, in his eyes, revealed a touch of warmth, he said with a smile: "you don't have to restrain, this pill is for you!"

Hearing this, Xu Shenglong was shocked!

For yourself?

What does brother Ye mean by this?

Ye Chen continued: "this pill is called Huitian pill, which is one of the ancient god pills. If you take it, you can return to your ancestral blood! Shenglong, you have the blood of the red moon tiger king in your body. If you take this pill, you will have a great chance to return to your ancestors and succeed! "

When Xu Shenglong heard the speech, he saw a touch of disbelief and ecstasy in his eyes. However, he still bit his teeth and shook his head: "brother Ye! This returning to heaven pill, since it is so precious, I am only your follower, how can I take it? You'd better use it yourself

Xu Shenglong knows that ye Chen's body also has demon blood, and Huitian pill is also effective for him!

Ye Chen is a light way: "this return to heaven pill, a total of two, this one belongs to you."

But Xu Shenglong still shook his head and said: "brother ye, in the future, there will be more excellent demon clan than I have to follow you. At that time, this returning to heaven pill is absolutely the best thing to show kindness to. Moreover, even if it is left, it can be used by the descendants of elder brother..."

Ye Chen frowned slightly, the color of displeasure appeared on the surface, and said in a deep voice: "OK! You don't have to say more. I don't like other people's mother-in-law with me. I said to you, that's for you! Shenglong, I have always regarded you as my friend or even brother. Do you want me to find a lot of reasons to refuse you if you have any treasures that are useful to me in the future? "

Hearing this, Xu Shenglong quickly shook his head and said, "big brother! How could I think that! Don't say it's a treasure. Even if it's my life, if my elder brother wants to take it, I won't even have a complaint!"

He took a deep breath and said, "I know. Since you say that, brother, I'll take this pill!"

In Xu Shenglong's eyes, the light flashed, and he looked at Ye Chen with great emotion. All along, he regarded himself as ye Chen's entourage and subordinate. He was loyal to Ye Chen, which was an obligation and should be done. But ye Chen didn't need to treat himself like a brother!

But!

And who do subordinates, do not want to have a real friend, brother of the Lord?

After biting his teeth, Xu Shenglong resisted the impulse to swallow Huitian pill directly. He worshipped Ye Chen deeply and said, "I have no regrets in my life if I can follow you around brother Ye!"

Ye Chen shook his head helplessly and said: "boy, don't talk nonsense. Quickly take this back to heaven pill."

Xu Sheng gave out a tiger roar in the dragon's mouth. He could not bear it any longer. He opened his mouth and inhaled the Huitian pill into his mouth!

At the next moment, Xu Shenglong's four limbs and hundreds of skeletons were filled with rolling drug power. Almost, he had to burst Xu Shenglong in an instant!

"Roar Xu Shenglong let out a thunderous roar. Even the human figure could not be maintained. In an instant, he turned into a golden tiger. The intense pain tore his body and made him roll wildly in the dark abyss!

The earth is shaking, and the array under Ye Chenbu is shining wildly. If it were not for the array, the whole dark abyss would collapse under the rolling of Xu Shenglong!

Ye Chen said in a deep voice: "Shenglong, hold on! The more painful it is, the more profound the transformation of your body will be! The more chance you have to succeed in your ancestry! We must hold on to it

In the twinkling of an eye, Xu Shenglong's pure gold fur was dyed bright red with blood! Broken viscera, spit out from its mouth, broken bones, cut off muscles, all over the body, covered with ferocious wounds! His flesh and blood, bones, meridians, even the spirit, as well as the most basic elements of his body, seem to have undergone qualitative changes under the power of Huitian pill!

However, this change is not only an opportunity, but also an endless danger for Xu Shenglong!

If you use Huitian pill, evolution fails. It's not as simple as keeping it as it is. It's possible that the whole body tends to collapse and even can't survive!

Just as Xu Shenglong's demon body was almost unable to bear the terrible drug power, when it was about to burst, a faint moonlight appeared suddenly among the seven colors of medicine that was raging in his body!

The light of the moon, like a thin film, shrouds Xu Shenglong's broken tiger body. Xu Shenglong, who had already begun to blur his consciousness, suddenly felt that under the stimulation of the power of the moon, he seemed to have something to wake up inside his body!

Xu Shenglong, suddenly opened his eyes, into the eyes of all, but let him slightly a Leng!

Now, where is he in the abyss?

But came to an incomparably vast grassland, this grassland, exudes the breath of ancient, wild, as if, does not belong to the era in which he lives now!

Xu Shenglong looked at the vision in front of him. He knew that this was not his memory.

This is the ancient memory of his ancestors!

All of a sudden, Xu Shenglong's heart surges with the domineering spirit that will trample the whole world under his feet. He can't help but hold up the tiger's head and let out a roar!

On the grassland, it seems that countless powerful creatures are trembling in the roar, bowing to the direction of Xu Shenglong!

Chapter 3774

Looking up at the sky, Xu Shenglong saw a huge blood moon hanging in the sky!

The blood moon, like a mirror, reflects the shape of a tiger with a crescent moon on its forehead!

Xu Shenglong, tiger eyes a shock, this is the red moon tiger king?

This is his blood!

He is the descendant of the red moon tiger king!

All of a sudden, the whole fantasy, an instant collapse.

In the dark abyss, Xu Shenglong slowly opened his eyes. A figure appeared in his eyes. He was very familiar with the figure. When he saw the figure, Xu Shenglong felt a sense of admiration in his heart

The master of this figure is Ye Chen!

However, after seeing ye Chen, Xu Shenglong couldn't help but feel a little stunned: "Ye elder brother, how did you become small?"

"Smaller?" Ye Chen said with a smile, "it's you who have grown up."

Xu Shenglong was startled and slowly got up from the ground. There was a sharp pain all over his body, which made him show his teeth.

He slightly lowered his head, but in his eyes, he was shocked again. At the moment, his body was a hundred feet long, which was ten times as big as before. Moreover, his fur had completely turned into blood red color!

He suddenly remembered the old memory he had seen!

Xu Shenglong murmured: "Ye Elder brother ye, I have succeeded in returning to my ancestry? "

Ye Chen said with a smile: "you, feel the power of the body."

Hearing this, Xu Shenglong burst out a burst of excited light in his eyes. In his mouth, he gave out a roar of tiger, and the Demon power in his body ran slowly!

Xu Shenglong's face was full of horror!

A breath of terror, which startled the heaven and earth, gushed out of Xu Shenglong's body. He even had the illusion that he could trample the earth into pieces when he lifted his feet!

His strength, compared with before returning to his ancestors, is more than 1000 times stronger, 10000 times ah!!!!

Today, he has broken through to the later stage of sky mending! Even close to the peak!

Not only that, his physical quality, vitality, the power of the spirit, is all-round improved ah!

What's more, I feel the hidden power in the blood!

He knew that it was the gift of the red moon tiger king!

Although now, Xu Shenglong has just awakened the ancestral blood, and still can't master the blood magic power, but!

He could feel how terrible the power was!

Moreover, even if he did not master the blood magic power, Xu Shenglong was even confident to fight against the existence of half step heaven and earth!

If so!

If he can use his own power perfectly, he can even have the combat power of the ordinary heaven and earth realm!

This red moon tiger king's blood, too against the sky!!!

It's going to be crazy!

What's more, at the moment, Xu Shenglong's evil spirit is so pure and rich that it's hard to imagine. Even the legendary Xuanyao Shengzi is just like this?

It is a great chance for Xu Shenglong to awaken the blood of the red moon tiger king!

Xu Shenglong looks at Ye Chen with great gratitude. All this is given to him by Ye Chen!

Immediately, Xu Shenglong lowered his head to Ye Chen and said, "brother Ye's kindness! I will never forget Xu Shenglong! "

Ye Chen light smile way: "between you and me, why say these again."

The power of Xu Shenglong is the power of Ye Chen. He knows that Xu Shenglong, like Xuelong and Xiaohuang, will never betray himself!

However, because of the particularity of Xiaohuang and Xuelong, this pill has no use for them.

There's nothing wrong with giving Xu Shenglong.

Xu Shenglong nods his head. When he moves, he turns into a human. At the moment, Xu Shenglong is no longer a gold robe, but a handsome man with red hair and blood eyes, a red robe and tiger eyes.

And in the center of his eyebrows, there is a crescent line.

However, soon, Xu Shenglong's whole body was shining and changed into the appearance when he entered the dark region.

Ye Chen said: "well, you have succeeded in returning to the ancestry. Next, it's my turn. Shenglong, protect the Dharma for me!"

In Xu Shenglong's eyes, a flash of red light, extremely serious should a way: "yes!"

He was full of Demon power, ready to go, staring at the entrance of the dark abyss, as if he would not let go of a mosquito!

Ye Chen laughs and shakes his head. This guy, even if he becomes the red moon tiger king, still has a lack of tendons in his mind

But that's good.

In this way, it is the original Xu Shenglong.

At the next moment, ye Chen went to the ground and slowly took out another seven color pill!

It's the more powerful pill for returning to heaven!

Ye Chen stares at this return to the sky Dan, the eye twinkles indefinitely! This pill is the real main pill. You can imagine how terrifying the medicinal power it contains!

Almost, it is seven times as much as Xu Shenglong's returning to heaven pill!

Seeing this, Xu Shenglong could not help but change his look. On his face, there was a thick look of worry. He said in a panic: "brother ye, this..."

He was not worried about ye Chen because he took Huitian pill, which was smaller than ye Chen's!

Xu Shenglong, however, knows very well how painful and dangerous it is to take Huitian pill!

Even the one he took almost killed him. Brother ye, this is the more powerful Huitian pill!

If the seven times medicine power of the return to heaven pill, if it bursts out in an instant, the destructive power caused by it may be hundreds of times as much as the one you took down!!!

Ye Chen said with a smile: "don't worry, a pill can't kill me."

This is not ye Chen tuoda. He has never been afraid of anything about his physique and vitality!

The next moment, ye Chen is a wrist move, directly this pill, throw into the mouth!

With a roar, the moment the pill was imported, the surging power of the pill turned into a seven color flame, which completely engulfed Ye Chen's body and burned it up!

Xu Shenglong's face changed slightly when he felt the frightening medicine. If there was no cover from this array, such a terrible fluctuation of spiritual power would attract the attention of the whole dark area?

The seven color flame, not only on the surface of Ye Chen's body, but also inside the body, and even on the spirit, was burning up!

"Ah, ah, ah, ah Ye Chen sends out a roar, extremely intense pain, torments every minute, every inch of his body!

In an instant, ye Chen's body was also dyed red with blood!

When Xu Shenglong saw this, he couldn't bear it!

Xu Shenglong's willpower has been extremely strong, but under the impact of such pain and injury, he was almost unable to support and fainted in the past. If not moistened by the power of Yuehua, I'm afraid that he would really die here?

Chapter 3775

And ye Chen is suffering now, but he is more than 100 times!

Moreover, ye Chen does not have the blood of the red moon tiger king, and the power of Yuehua doesn't work for him!

In other words, ye Chen can only rely on their own hard resistance!

At the moment, ye Chen is covered with blood, and his brain is in chaos. The pain brought by the transformation of the body's essence is unbearable even for ye Chen!

However, ye Chen can be said to be a monster in terms of body strength, spirit strength, and willpower. Even though he has suffered a hundred times more than Xu Shenglong, he can still maintain his consciousness!

Ye Chen can clearly feel that the blood of the heavenly demon in his body has been completely activated!

All of a sudden, ye Chen, feel a whirl of the sky, eyes black!

When he opened his eyes again, he had already appeared in the sky. Ye Chen's eyes flashed and he lowered his head slightly. He saw that he had turned into a golden dragon!

When you stretch your claws, it seems that you can crush the stars under you

When ye Chen was ready to feel the power of the Golden Dragon's body, the picture in front of him changed again!

I saw, at the moment, he seems to come to a jungle, and before a second or the golden dragon of Ye Chen, now, but has become a very small strange insect!

But!

Ye Chen's eyes, but emerged a touch of horror color, in front of this strange insect's a pair of insect's eyes, impressively lies a huge corpse!

Even though Zhou Pengyu's body was dead, Zhou Pengyu's body was still full of terror!

Can ye Chen know, such a strong pengbird, but died in the "own" hands!

This is the food of pengzi!

However, before ye Chen carefully understands the power of this strange insect, the picture changes again

In the past, it's time to wake up, but it's time to wake up!

Moreover, Xu Shenglong can feel that ye Chen's vitality is gradually weakening in the light of seven colors!

.....

Ye Chen's eyes flashed. This time, he appeared in a seemingly barren and dead universe. Ye Chen looked down and saw that he had not changed into any monster, but had recovered his original body.

His face moved, and he went to the depths of the universe.

Ye Chen knows that the blood of the heavenly demon was born through the blood of thousands of high-level demon families.

What he has experienced before is the memory of those high demon clans. However, what makes Ye Chen confused is that the strength of these demon clans, in his opinion, has far exceeded the level of the divine kingdom!

Even, these demon clans, even if placed outside the territory, are extremely powerful existence!

It seems that the place where Jin tianog took him into the demon clan holy land seems to have some secret, not as simple as it seems on the surface!

Walking along, suddenly Ye Chen's eyes flashed, and a figure appeared in the dark!

The moment Ye Chen sees this figure, unexpectedly can't help but get a great shock!

Although he saw the figure, he could not understand its existence!

In Ye Chen's eyes, what he sees is like a dragon, like a tiger, like everything in the world, and like a piece of chaos!

Why is this?

He knows, the reason is simple!

That's because his strength is too poor!

Poor to even understand the existence of this figure, can not do ah!!!

This is the first time ye Chen has ever felt like this!

This figure is the fairy in the legend?

Suddenly, this piece like a dragon, like a tiger, like everything in the world, and like the existence of chaos, suddenly turned around and looked at Ye Chen.

On his speechless face, a strange smile appeared, and he said unexpectedly, "eh? How can there be gods and Demons here? "

After a moment, this inexplicable existence, some suddenly said with a smile: "ha ha, I didn't expect that there was a God and devil who had contact with me? What's more, I don't know why, they become so weak? This is a great gift for me

Ye Chen smell speech, whole body blood, nearly frozen!

Is this guy in front of you? What is he talking about?

Is it not because of the pure blood that he appeared here that he fell into the ancient memory?

Is it true that he came to this terrible existence in front of!

Ye Chen body shape moves, must be far away from that strange thing, toward the distant escape!

Can, that chaotic monster, Yin compassion a smile, ye Chen's body, then solidified in the air, can no longer move a minute!

That chaos, seems to open a big mouth, is about to swallow Ye Chen!

Ye Chen sees this, his eyes are crazy and turbulent, and the breath of death is so strong that he almost melts his whole person completely! Is it that he will die here for no reason!?

But at this time, an incomparably bright red gold light suddenly shot from a very far away place, and severely bombarded the chaotic monster's body!

At the same time, a figure that looks like red gold casting, divine power and startling the sky, appears in front of Ye Chen's body!

The frightening thing that rushed to Ye Chen was hit by the golden light. After being hit by the golden light, he slightly stepped back. Looking at the golden figure in front of Ye Chen, he seemed to shake his head with regret and said, "God has given me such a great gift. Reincarnation, why do you want to damage my good things?"

Ye Chen looks at the golden figure, which is called reincarnation. He can see that the golden figure is just like the image of all things in the world. He can't really see it. However, for some reason, he has a sense of closeness in his heart.

The so-called reincarnation person, did not answer, but looked at Ye Chen, some sternly said: "boy, how do you relate to this old thing?"

Ye Chen smell speech, face dew wry smile, he oneself also don't know!

Samsara saw this, shook his head and said: "well, go back, this is not the place you should come."

After that, he waved his hand and opened a golden gate behind Ye Chen.

But at this time, it was like a chaotic, indescribable and strange figure, but it was a gloomy smile:
"Shenwei, this is a gift from God, but you can't let him go, just let him go!"

In an instant, rolling black evil, from that strange figure, burst out, ye Chen pupil shrink, only feel that the whole universe, will be submerged by this black evil, melt!

Shenwei's whole body was full of golden light, and he snapped, "demon, do you know what a sin it is to attack him? If this little guy really dies in your hands, even if you are the ancestor of Wanyao, I will certainly let you disappear completely from the heaven! "

Chapter 3776

That day, the demon laughed wildly and didn't seem to care about it. The rolling black evil one coagulated, and then rushed towards the reincarnation (Shenwei person). In the hands of the man who called reincarnation, a strong golden sword suddenly appeared. In an instant, he flew up and collided with the shadow of the demon!

This collision between the two sides, the whole world seems to be on the verge of collapse!

Only the golden gate behind Ye Chen is still motionless!

Reincarnation big drink a way: "boy, go quickly!"

And the reincarnation fight in the same place of the demon, but issued a strange smile: "hey hey, samsara clan boy, I left you a small gift, maybe, we will meet again soon."

Reincarnation smell speech, angry way: "damned old thing, shut up!"

The battle between the two sides is becoming more and more fierce!

Ye Chen sees the shape, dare not neglect, the body shape moves, then entered the golden gate.

Endless golden light, instantly will ye Chen submerged!

At the next moment, ye Chen suddenly opened his eyes, but there was no golden light in front of him. He saw that there was a piece of black around him. In the dark, there were jagged rocks.

Ye Chen Leng Leng Leng, slightly panting, still some shaken appearance, at this time, a surprise call, ring in his ear: "Ye elder brother, you finally wake up!"

When ye Chen turns his head, he sees Xu Shenglong standing beside him.

Until then, ye Chen just slightly relieved, it seems that he really came back

However, ye Chen's eyes are still shining. What happened just now is real or illusory?

That figure is the legendary ancestor of Wanyao?

What is reincarnation?

Are you one of them?

Is not only the reincarnation master in his past life?

All this seemed to be a mystery, lingering in his mind, lingering.

However, soon, ye Chen shook his head and stopped thinking about it. No matter what happened in the barren universe, it is true or unreal. Obviously, with his current strength, he is not qualified to contact all this!

Now, all he can do is to be stronger!

Ye Chen slowly stood up, all over the body, a burst of pain, but when he noticed the change of his body, his face, then instantly appeared a shock color!

At the next moment, a very powerful breath burst out of Ye Chen's body. Even Xu Shenglong, who has already awakened the blood of the red moon tiger king, is showing a trace of horror!

Feeling the power in the body, ye Chen's face shows a trace of smile, although the process is somewhat strange, but!

It turned out to be a success!

At the moment, his heavenly demon blood, has been pure and rich hundreds of times!

If at this moment, he broke out with all his might, even Xu Shenglong, who had the blood of the red moon tiger king, would be suppressed by his blood!

Moreover, his cultivation, also under the power of this blood, broke through to the seven layers of heaven and God! Close to the eight layers of sky!

Whether it is spiritual power, vitality, physical quality, strength and other aspects, have made great progress!

Ye Chen's eyes flashed. Today, he is fully confident that there will be a war with Bu Tian Jing in the middle period without the help of xuanhanyu and the reincarnation cemetery. If he refines some of the spirit marrow of moon liquid to strengthen the foundation of his martial arts, then ye Chen may be able to have the power of World War I even in the face of those who are strong in the later stage of Bu Tian Jing!

If you cooperate with xuanhanyu, who has absorbed the power of the eight treasure ghost Buddha's relic, ye Chen will not be defeated in the face of the top strong!

Xu Shenglong also laughed from the bottom of his heart. He felt the awe inspiring pressure from ye Chen. He knew that brother Ye's strength had also been greatly improved!

As soon as ye Chen waved his hand, he put away the array weapons in the dark abyss. Just as he was about to leave with Xu Shenglong, he suddenly had a look of movement. He opened his lapel and lowered his head. He saw a strange mark on his chest.

Ye Chen asked xuanhanyu, "xuanxianzi, do you know what this mark is about?"

Xuanhanyu was silent for a moment, and then said, "boy, what happened to you in the process of refining Huitian pill?"

For Xuanhan jade, ye Chen naturally had no need to hide. He told her about the strange existence and the golden figure.

Xuanhanyu heard this and said with a bitter smile: "boy, it seems that our palace still underestimates you. Even our palace can't be sure how this samsara clan exists. The reincarnation master of the previous life has never mentioned it. However, the race that can compete with the demons is actually powerful, not to mention you, even beyond the understanding of your previous life and this palace!

And from your experience, it's all true! The reason why you will have contact with that demon is that the blood of the demon in your body has reached a certain purity. This mark is probably left by that demon!
"

Ye Chen's face changed suddenly. It's not a good thing to be watched by such a terrible existence! He immediately asked, "is there any way to erase this mark?"

Xuanhanyu sighed: "is it so easy to erase the mark left by the ancestor of the demon family in the world of heaven? However, you don't have to worry too much. If I guess right, the area you are going to is the origin of the legend, and the sky demon, for what reason, is imprisoned in the origin. Even if such existence wants to cross the origin, it is impossible to attack you! "

"It is estimated that your predecessor may understand everything."

Ye Chen took a breath and looked at the strange mark and frowned slightly. But soon he closed his lapel and said to Xu Shenglong, "let's go."

At the next moment, they left the abyss and returned to the black stone pavilion.

.....

At the same time, a mountain top a hundred miles away from the dark.

One eye circulation blood month, the figure of the mysterious man a wave, in front of the picture will disappear completely.

This picture is exactly what happened to Ye Chen just now!

"Do you think this is a good thing or a bad thing?" One side of the old leaf mouth way.

His eyes were full of worry.

Although after ye Chen's reincarnation, everything seems controllable.

But after stepping into the outside world, even in the dark area, everything began to go on the uncontrollable road!

he was not sure where ye Chen would eventually go!

But one thing can be sure, if ye Chen does not die young, his strength will far surpass the reincarnation master of previous life!

Ren Feifan gazed at an abyss in the dark region, with a dignified look. For a long time, his thin lips moved, and his blood moon in his eyes was suffused with a faint light of Brilliance: "the ancestor of the

heavenly demon, and the samsara cemetery, the identity of that guy is equal. It's not a good thing for you and me to lay out."

"But, to Ye Chen, not necessarily."

Chapter 3777

"Ye Chen has never been our chess piece."

"He has already created his own chess game."

"And sitting on the opposite side of the chess game, any identity can shake the whole world."

"Until the end of the day, we can't perceive the future."

"But There's a good show. "

"Let's go."

Ren Fanfan finished, his figure then dissipated in the world.

Ye Lao sighed, but he also followed him.

.....

At the same time, ye Chen returns to the room and arranges the array, then begins to refine the spirit marrow of the moon liquid. The time agreed with Lin rutian is coming soon. Before that, he wants to make his own strength further!

After all, although we have got the support of the young master of jiuqingshan, if we can't pass this level, everything will become a bubble!

Ye Chen knows that this trip must be extremely dangerous, even in terms of his current strength, it is still so!

Therefore, before departure, can enhance one point strength, is one point!

As for meeting Shi Lao, the alchemist of Cang Gang, he had to postpone the meeting. Even now, he chose to meet Shi Lao and got the materials and prescriptions for alchemy, so he had no time to spend on refining pills.

Ye Chen, the mysterious man who traded with himself the eight treasure ghost Buddha relic, is not going to contact him for the time being. He is full of strange things. It is safer to meet him after he is stronger.

Three days later, a hidden light rose from the black stone pavilion and flew outside the city.

Dun Guang, is a indifferent young man, naturally is Ye Chen.

At the moment, ye Chen again refined 5% of the spirit marrow of the moon fluid. Now his vitality is so strong that it is hard to imagine. And under his skin, there is a faint glow of moonlight. Don't underestimate the light luster!

According to Xuan Hanyu, this is the Lingyue treasure dress that can only be possessed when the power of the moon in his body reaches a certain level. It is this level of brilliance that can enhance Ye Chen's body's defense to a level close to terror!

Even if the red dust God pulse of the dust tablet is added, it will have extremely terrible defense power!

Now, even if ye Chen stands there, bears the attack, and does not fight back, the ordinary sky mending realm exists in the early days. It is definitely not an easy thing to hurt Ye Chen!

However, ye Chen's promotion is more than that!

In these three days, his biggest harvest is not the spirit of the moon clothes, but a magic power called the sky demon God rope!

This day demon God rope is Ye Chen's pure blood, after the understanding of the blood magic!

Ye Chen's eyes flicker faintly. He can't help but recall the scene when he was set in the air by the existence of the demon

Perhaps, the other side uses is that day demon God rope!

If the heavenly demon is really imprisoned in the source, it is theoretically impossible to leave Ye Chen in the foreign country, because the law does not allow it!

The power of laws outside the territory will send Ye Chen's consciousness back to the outside world. However, that day, the demon did it!

That is to say, he counteracts the power of foreign laws with this day's demon God rope!

You can see how powerful this magic power is!

Although Ye Chen is far from reaching that level, mastering this day's demon God rope can also be regarded as making Ye Chen have more cards!

He kept flying, and finally, before a barren mountain, he fell down.

Ye Chen looked around and came to a dead tree. He took out the green Wolf order that Lin rutian gave him. He held the green Wolf order and played a green Rune against the dead wood.

The next moment, everything returned to calm, as if nothing had happened.

Ye Chen slightly frowned, but still quietly waiting in the original place.

Half an hour later, a figure appeared in the distance. Ye Chen looked at the man, who was actually a young boy in black.

The young child looked at Ye Chen, and then took out the letter jade Fu and said, "young master, master ye, has come."

At this time, the dead wood in front of Ye Chen burst to pieces, and a space array appeared out of thin air. Vaguely, two figures came out of the space array.

Ye Chen fixed his eyes and saw two people coming. One of them was Lin rutian, and the other was an old man with a dull complexion.

Ye Chen saw the moment of the old man, but could not help but look at a coagulation!

Under the three methods of removing clouds, the cultivation of the old man was instantly penetrated.

He is a strong man in the world!

Seeing ye Chen's look, Lin rutian said with a smile: "it seems that childe Ye already knows the strength of the army. OK, let's start now."

Ye Chen nodded and didn't say much. He came here as the cloud division to follow Lin rutian. The real guard, it seems, is that the army is old.

Immediately, the old soldier raised his hand and released a flying boat. After the three people boarded the boat, a strange light flashed on it, and it disappeared from the distance without a sound. In fact, the boat had already broken through the sky, but at this time, the boat was surrounded by a strange light curtain. In the eyes of outsiders, it was impossible to detect the existence of the boat!

Even if it is to explore with the mind, it is very difficult to find its existence if it is not for the strong power of the mind, or for those who practice martial arts with some special magical powers!

This flying boat is obviously a treasure!

Along the way, through Lin rutian's introduction, ye Chen also knows the identity of the army veteran.

The old army, named Yan Jun, has been following Lin rutian since he was very young. He has not known how many times he has saved Lin rutian's life.

There are many wives and concubines in jiuqingshan mountain. However, there are only three people who have real status. One of them is Lin rutian's mother.

Lin feihuo, the master of jiuqingshan mountain, advocates the law of the jungle. He has never asked about the power struggle between his sons. Lin rutian has several half brothers who died in the struggle

Lin rutian's mother seems to have had great kindness to junlao. Therefore, after marrying jiuqingshan, junlao also followed his mother and had been guarding Lin rutian secretly.

Lin rutian's trip is so secret that he can't even trust his subordinates in jiuqingshan. The only one he can trust is Jun Lao!

If he had to, he even trusted Ye Chen more than jiuqingshan.

Ye Chen and Lin rutian are sitting in the room chatting. All of a sudden, ye Chen raises his tea cup and looks at Lin rutian and says, "Mr. Lin, aren't you afraid that ye will leak the news after this line is over?"

If now, there are other people in the room, will be ye Chen's words, startled chin!

How dare you say such a thing in front of the young master of jiuqingshan!

Can, Lin Ru day hears speech, but complexion is light, not unexpected appearance at all.

He said with a smile, "so what? Mr. Ye, there is no wall without air leakage. Sooner or later, the news will come out. "

Chapter 3778

At the next moment, Lin rutian's eyes were full of light and restrained his smile and said, "as long as this trip goes smoothly, even people in the dark region know where I am from and where to go, what's the matter?"

Later, he tasted the spirit tea in the cup and said, "besides, I know that Mr. Ye is a smart man. In order to get my support, he took the risk of going this way. How could he leak the news afterwards? I'm dead. It's not good for you.

And I also think that it is more helpful for Lin to live than to die. "

Ye Chen gazed at Lin rutian for a moment, then laughed and drank the spirit tea in the cup.

The reason why he asked Lin rutian so was that he was worried that after Lin rutian had achieved his goal, he would start with himself!

After all, only the dead can keep a secret, can't it?

However, now it seems that killing himself can bring benefits that are not so great for Lin rutian.

Ye Chen stood up and walked to the door. He said faintly, "childe Lin's eyes are really good. If you want to kill me, I'm afraid you can't bear the price even with his background."

Lin rutian was stunned at the smell of speech and then shook his head with a smile. He was even threatened?

It seems that I still underestimate this young master Ye.

Lin rutian slowly put down his tea cup, took a look at the sweat in his hands, and his eyes flickered slightly. On his face, he appeared a puzzled color, and murmured in a low voice: "I haven't seen you for a few days. How can the pressure on me be so strong?"

As the young master of jiuqingshan, Lin rutian has lived for so many years. Naturally, he can not be a mediocre person. Since he was young, he has been extremely sensitive to danger!

Even though the annihilation stone can not sense the specific strength of the other party, if there is something that can threaten his own life, Lin rutian's body will have some reactions on its own!

He raised his head and took a look at the direction of Ye Chen's departure. His heart beat faster and faster. Even his eyes wavered

If he had made any wrong choice just now, maybe this young master ye would have killed himself

Three days later, the boat suddenly sank and fell downward.

Soon, Lin rutian, Jun Lao, and ye Chen came to a mountain.

Lin rutian looked at the mountain in front of him and said, "next, we are going to walk forward. The mountain range is covered by a large array. If we take a boat, we will never get to the place we want to go."

Ye Chen nodded, and the three walked toward the mountain.

Along the way, Lin rutian's walking speed is not fast, even very slow!

However, ye Chen noticed that Lin rutian's pace is different!

There seems to be some strange rhythm in this step, as if it coincides with some directions

It seems that if you want to pass this big array, it is not enough to walk on foot, but you need to walk at a specific pace!

After walking for half a day, suddenly, the scenery in front of the three people changed. The original rocks and trees were like smoke, and replaced by a huge house!

In front of the house, a middle-aged man with a charitable face saluted Lin rutian and said, "Mr. Lin, are you here? The owner of the house has been waiting for a long time

Lin rutian took a look at the mansion in front of him and asked the middle-aged man, "deacon Chen, how can I feel that this entry is much faster than usual?"

The middle-aged man said with a smile: "this big array of shifting shapes and shadows will adjust its position every time. Therefore, it may be different from the steps used by the young master when he visited before."

Lin rutian nodded: "I see."

The next moment, with Ye Chen and the army old man, into the mansion.

Soon, under the leadership of Deacon Chen, ye Chen and his three men came to the banquet living room. On the main seat, there was a middle-aged man with lofty appearance, tall and strong, and dressed in red robes.

The middle-aged man met Lin rutian with a smile and said, "Mr. Lin, I haven't seen you for a long time. Please take a seat."

After that, he looked at Ye Chen and Jun Lao behind Lin rutian, and said with a moving look: "is this young man?"

Lin rutian said with a faint smile: "it's just my friend. The master of the Chen family is all right."

Ye Chen glances at Chen's master. His height seems to have exceeded 2.5 meters!

At this time, abundant food and wine were ready on the table. After the people sat down in the first place, the red robed Chen family leader held up a glass of wine and said to Lin Ru Tian: "if this event can be successful, you must be able to sit firmly in the position of Lord at the foot of Jiuqing mountain, right?"

Chen, first of all, I'd like to offer you a toast. Congratulations to him. From then on, he has made a great success. In the state of Ming, and even in the whole dark area, he has made great achievements. "

After that, drink the spirit wine in the cup!

After drinking, the master of the Chen family looked at Lin rutian, but with a puzzled look on his face, he asked, "Mr. Lin, why, does this wine and food not suit your taste?" At the moment, Lin rutian looks at the wine like purple jade in the cup, but he has no look on his face. He doesn't know what he is thinking.

For a while, there was a strange silence in the hall

Ye Chen's eyes flashed, his body aura, dark operation, ready to hand at any time.

But at this time, Lin rutian raised his head, looked at the master of the Chen family, grinned and said, "master Chen, last time, we said yes, it's not like this."

"Ah?" The master of the Chen family frowned slightly and said, "Mr. Lin, what are you talking about?"

Lin rutian suddenly flipped his wrist, and a dark wine jar appeared in his palm. He gazed at the Chen family leader and said, "this wine is the Cabernet Sauvignon of the ancient Dionysian family. Master Chen, you have always been a heavy drinker. Last time, you asked me to get a jar for you when I visited next time, so as to get drunk with me.

Now, Mr. Chen, how can you prepare your own drinks? My Cabernet Sauvignon is not prepared for nothing

Ye Chen heard the speech and his eyes narrowed slightly. The ancient Dionysian sect was famous for its wine. The wine made by Jiushenzong can be called Qionghang Yuye. It is not the ordinary spirit wine, which can be compared! It is also the most popular wine among the celebrities and the children of powerful families!

Its wine making skills have long been lost. Therefore, each jar of spirit wine from Dionysian sect has immeasurable value!

And Cabernet Sauvignon jade wine, even in the ancient Dionysian, is quite high spirit wine!

At the same time, spirit wine made by Jiushenzong has another feature, that is, it can't poison wine!

Once any toxin is mixed into the spirit wine of Dionysian sect, the whole jar of wine will turn into foul sewage!

Chapter 3779

At the next moment, Lin Rutian suddenly opened the lid of the dark wine jar. In an instant, a strange aroma of wine filled the whole dining room. The moment people in the hall smelled the wine aroma, it was a spiritual shock!

At the same time, at the mouth of the altar, there was a burst of Cabernet Sauvignon!

Ye Chen nods in secret. The spirit wine of Dionysian sect has a unique aroma, which even contains a certain kind of Taoist rhyme, which can not be imitated by any winemaker. This jar of wine is indeed the Cabernet Sauvignon of Dionysian!

Hearing the speech, the master of the Chen family said with a smile: "Look at my brain, I've forgotten this matter!"

He clapped his hands and said, "come on, bring me a new wine glass, and fill me with this Cabernet Sauvignon. Today, I will be with Mr. Lin. I will not go back drunk!"

Deacon Chen entered the hall and filled his glass again for the people. Lin rutian raised his glass and said with a smile, "master Chen, please!"

After that, he drank up the wine in the cup and praised it: "good wine!"

Chen's eyes twinkled as he looked at the glass, but the next moment he raised his glass and poured it into his throat!

Lin Ru Tian saw this, slowly put down the jade cup of wine, and said faintly, "master Chen, have you heard a rumor?"

"What is it?" Chen said

Lin rutian took the Cabernet Sauvignon wine jar and filled it with a glass of wine again. While shaking the jade cup, he looked at the rotation of the liquor in the cup and said: "it is said that there is a secret force in the dark region, named the wumianshenzong. It is said that all the disciples who enter this sect must practice a secret method to melt their faces and facial features completely. Do you know? "

the head of the Chen family looked at Lin Ru Tian Dao inexplicably: "Mr. Lin, I have never heard of such a faceless deity."

"Is it?" Lin rutian tasted a mouthful of Cabernet Sauvignon jade wine and said with a smile, "is this wine good to drink?"

The master Chen showed a very satisfied expression and said, "it's not only good to drink, but also the best in the world."

Lin rutian brewed the Cabernet Sauvignon wine in the jade cup and drank it out. Suddenly, he threw the jade cup into the tunnel: "well, however, my wine is not affordable for everyone. Some people drink wine that they should not drink themselves, and they can only take their lives to return it!"

Hearing this, Chen's face suddenly changed and said, "Mr. Lin, what do you mean by this?"

Lin rutian did not answer, but looked at Ye Chen and said, "Mr. Ye, before and after drinking, what changes can he have in his strength?"

Ye Chen shook his head and said, "No

Lin rutian heard the speech and said with a cold smile to the master Chen: "do you come from wumianshenzong? It's said that Guizong clan is very good at the technique of shape changing. Moreover, it can make no difference in one's behavior and imitation, even if it is from his relatives who have lived for many years

The master of the Chen family showed a trace of anger and said, "Mr. Lin, what are you talking about?"

Lin rutian's smile was even colder and said: "it's a pity that even the faceless deity can't copy a person's constitution, don't you know? Master Chen, he has a very rare spirit, which is called the body of chiyun!"

Lin rutian said here, the face of the Chen family leader, finally had a trace of change!

Lin rutian continued: "however, I can't blame you. At ordinary times, the body of red clouds has no performance. However, if you drink spirit wine with extremely pure red haze gas, the strength of the Chen family leader will suddenly soar!

This jar of wine was indeed entrusted to me by the master Chen. However, it was not used for a banquet, but used as his base card. Therefore, it was impossible for the master Chen to drink this Cabernet Sauvignon wine which can make his strength soar at the banquet. "

In Lin rutian's eyes, a sadness suddenly appeared: "you imitate really well, even I can't find any flaws. Originally, even so, I'm not sure that you are the man of the faceless God sect. Unfortunately, this time, I also brought Mr. Ye

Wine, you drink it. Now, give it to my friend and pay for it. "

As soon as his voice fell, the old man, sitting beside Lin rutian, suddenly burst into a violent state, which was powerful enough to shake the heaven and earth. In an instant, the power of the Tao and the law gathered around him, and the whole world seemed to be changed!

Ye Chen's eyes trembled, and the army at the moment seems to be the God who dominates everything!

Is this the strength of heaven and earth?

It's horrible!

The old army has not really made a move, ye Chen then faintly has a kind of suffocating feeling!

The power of the laws condensed from it is incomparably surging, far from being comparable to the forest library!

The next moment, the old army suddenly to the master Chen, a hand out!

The vast power of the law, in an instant, turned into a very pure palm meaning. A palm carved like white jade appeared in the dining room. Once the palm print appeared, the whole world seemed to be distorted!

When the white jade palm print moved, it seemed that he was facing the Chen family master slowly and quickly, and suppressed him!

With a roar, the whole dining room and even the huge mansion suddenly turned into nothingness, and the Chen family master also screamed, and a blood mist burst out of itself!With the blood mist, all kinds

of gray and black fog gushed out from all over the body of the Chen family master. At the moment of the gray and black fog gushing out, the body shape of the Chen family master changed rapidly!

The original huge body, constantly shrinking, in a flash, the Chen family master turned into a thin man.

And the most frightening thing is that the thin man's face is a blank, eyes, nose, mouth, ordinary people have the facial features, he actually is not all!

The man gave out a shrill scream. His whole body was full of spiritual power, and his breath rose to the sky!

This person, is a butianjing peak existence!

However, ye Chen is slightly shaking his head, this man from wumianshenzong is just mending the sky, facing the hand of the army, he has no resistance ability!

The next moment, the Faceless Man did not even have the chance to make a move. The whole man burst into pieces and turned into a blood mist and disappeared from the world.

At this time, several figures flew up from the ruins of the mansion and fled in different directions.

Look at the actions of these people, martial arts and Taoism are not low, the worst, there are also five layers of heaven!

The old soldier saw this, but he snorted coldly, and said faintly, "I am in heaven."

At the next moment, the surrounding scenery changes in an instant and turns into a desolate land. On this earth and sky, the action of the fugitive is solidified instantly!

There was a flash of cold light in the eyes of the old soldiers, and the bodies of these people were like balloons. Bang, they burst open!

Chapter 3780

There was only one figure, which was suddenly and strangely twisted. It actually got rid of the bondage of the old army man, and there appeared a vague shadow of an iceberg all over his body. On top of the shadow, as soon as the wind and snow were flourishing, the next moment, the figure of the man disappeared suddenly from the barren land!

The old soldier frowned and moved. It seemed that he was about to chase him away. However, Lin rutian said: "well, since this man can break through the shackles of your own nature, he is obviously not an ordinary person. Even if he pursues him, it is difficult to keep him."

The old man nodded and said, "yes, little Lord."

He then closed himself in the sky and fell by Lin rutian's side.

Lin rutian looked at the bloodstains and corpses all over the ground. His eyes coagulated on his face and suddenly asked, "Mr. Ye, the man who escaped just now, what strength?"

Ye Chen said: "this man has the strength of heaven and earth."

Lin rutian appeared a wry smile and said: "it seems that he is the person who is in charge of the matter, and the dead people are just pieces he prepared. The only role is to fight for time to escape."

Ye Chen looked at Lin Ru Tian and said, "are these people trying to kill you? If you want to kill you, why only send these warriors to do it? "

Lin rutian said with a smile: "I have said before that sometimes killing people does not necessarily depend on their strength. If these people really want to kill me, they just need to find a chance to hold the army for a moment, which is enough.

Mechanisms, poisons, and martial artists in the heaven and earth can do it. However, I saw through them in advance and made them lose their mobile phone club.

What's more, their main purpose is not to kill me. The head of the Chen family is just a middleman. The person standing behind him is the goal of my trip. Presumably, they want to tell me the identity of the man from my mouth? "

Ye Chen said: "when did you begin to doubt each other?"

Even if ye Chen had the body of reading the demons and the power of divination was extremely powerful, he only vaguely felt that the appearance of these people was a little strange. He did not find that they had changed their appearance!

Lin rutian naturally can't do it!

Hearing the speech, Lin rutian said in a desolate way: "do you remember that when we came here, I once said that the number of steps to enter here has changed? It took us five hundred and fourteen steps to walk through the formation.

Master Chen once told me that there is an interesting place in this big array of shape shifting and shadow changing. Each time you enter the array, the number of steps used is different, but no matter how it changes, it will not be 514. "

Lin rutian said with a sad smile, "the head of the Chen family says that he is a superstitious man. May 14 has a homonym with my death. If I go through the great array of shape shifting and shadow changing, and it takes 514 steps, then he will be dead."

Ye Chen and Jun Lao Wen Yan are both silent.

The old soldier said: "little Lord, our deeds seem to have been revealed. Moreover, the Chen family leader is dead. Without the guidance of the Chen family leader, we can't meet the people behind us. Would you like to go back to jiuqingshan first and have a long-term plan?"

Lin rutian shook his head and said, "it's not necessary."

The old man frowned and said, "I don't understand."

Lin rutian said faintly: "master Chen, this is the bait I used to attract the attention of the enemy. In this mountain, I have a keepsake. As long as I get it, I can see the people behind it even if there is no recommendation from the master Chen!"

The old soldier's eyes flashed: "yes! Young master, you are indeed far sighted

Lin rutian sneered at himself and said with a smile: "if you really have foresight, the master Chen will not die. OK, let's go. Even if the other party wants to follow us, it is not so easy to do it."

Ye Chen is a little frown, keepsake?

Why did Lin rutian hide this keepsake here?

Can't you carry it with you?

Only those who will be threatened by life at any time will hide the important things in other places

Who is Lin rutian guarding against?

However, ye Chen didn't ask any more questions. Since he has taken over the task, as long as Lin rutian doesn't mean to be unfavorable to him, he will follow Lin rutian's side as much as possible.

Immediately, the three set off again, heading for the forest.

After a few hours, they came to a seemingly flat tree.

Lin rutian stroked the rough tree trunk and the corner of his mouth with an inexplicable smile. At the next moment, his whole body was filled with aura, and the big tree turned into dust.

Ye Chen pupil shrinks, an ordinary wooden box appears in front of three people.

This wooden box, it seems, does not seem to have anything special, but ye Chen knows, far from so simple!

Even with the power of his mind, he could not feel the difference between this wooden box and ordinary trees. Without the leadership of Lin rushian, even ye Chen could not find such a wooden box hidden in the tree!

Lin rutian slowly opened the lid of the box. In the wooden box, there was a pale yellow jade pendant. On the jade pendant, there were red lines like blood. At this time, the voice of the old army sounded behind Ye Chen and Lin rutian: "little Lord, this jade pendant is the keepsake that you meet with that person?"

Lin rutian slowly put the jade pendant in his hand and turned his back to the military veteran: "not bad."

The old soldier said again, "where should we go now to meet each other?"

Ye Chen looks at the jade pendant in Lin rutian's hand, but suddenly his face moves. At the moment, the bloody lines on the jade pendant extend to Lin rutian's arm!

Lin rutian looks expressionless at the blood lines gradually extending to his body. Not only his arms, but also his exposed neck and even his face appear red lines like blood veins!

For a time, the breath of Lin rutian has changed!

Seeing this, the old soldier suddenly contracted his pupils and stepped back slightly.

Lin rutian said faintly, "what's the matter? Why is it so far away? "

He slowly turned around and gazed in front of him. The old man, who had been with him for thousands of years, said, "Oh, I forgot. You should be very resistant to this breath."

Ye Chen stands on one side, eyes constantly flashing, what happened between Lin rutian and the army old man?

Looking at the jade pendant in Lin rutian's hand, the old soldier said, "little Lord, there is no keepsake in this mountain, right? You brought us here because of this jade pendant? "

Lin rutian didn't answer, but looked at the old man with a complicated look and said, "old army, how long have you been with me?"

"One thousand two hundred and thirteen years."
