Chapter 381

Zhao Yunsheng had no idea that ye Chen's strength was so terrible!

Where on earth did the boy learn his skills!

He had never been so embarrassed as to spit out blood.

He tried to stand up, but found it impossible!

Most of his bones are broken!

He can only stare at the young man not far away!

This young man was born out of the blue!

Before today, he had never heard anything about this man.

There is no legend about this boy in Chinese martial arts circle!

At least in the martial arts world of the capital, this boy has never existed!

But at the moment, he's strong. It's a nightmare for the ghost prison!

This kind of guy, only that one can stop it!

But that one hasn't appeared yet!

Do you want to die in this boy's hands?

Ye Chen moved his lower body, but was not in a hurry to kill Zhao Yunsheng.

Zhao Yunsheng at the moment, for him, is a cheap life.

If you want to kill, it's too easy.

Ye Chen turns around, the body trembles, the eyes look at the parents who are only a few meters away from him!

Five years!

Five years!

He's been waiting too long for this day!

"Chen'er..."

Ye Tianzheng and Jiang Peirong said excitedly.

They never thought that their son would stand in front of them like this, standing in front of them!

They never thought that there was a possibility of family reunion!

They did not think that the thin body could bear all the pressure and return to nirvana.

All of a sudden, plop One, ye Chen knelt down!

Get down on your knees!

There is gold under a man's knee!

He Ye Chen does not kneel! Don't kneel! Only kneel parents!

"Bang!"

Ye Chen's head is on the ground!

"The child is unfilial. He comes late and makes his parents suffer in the ghost prison!"

His voice is incomparably firm!

Jiang Peirong and ye Tianzheng quickly step forward and help Ye Chen up.

"Silly child, what are you kneeling for! No matter how much we suffer, nothing matters as long as we see you. "

The three hugged each other.

There was tears in everyone's eyes.

Ye Chen seldom cries. Even though he first entered Kunlun Xu and suffered various pains and tribulations, he never cried. He insisted on everything.

Men only sweat, not tears!

This is his principle!

But at this moment, he can't help it!

"Mom and Dad, I'll take you out now!"

Ye Chen Mou son has a trace of perseverance, Cang Haiping gave him that aura is about to lose efficacy! Once it fails, there will be great pain, let alone fighting.

To be on the safe side, ye Chen takes out an old Rune paper.

A line of writing is engraved on the rune.

It was given to him by the old man when he left Kunlun Xu to protect his life.

There's only one.

After stepping into the rune, he found that the rune paper given by the old man actually carried a strong force.

It's enough to resist the attack of a top player!

"Mom and Dad, I have a treasure here, which can at least resist or even hurt the strong. Who of you is willing to keep it. You can defend yourself at the critical moment. "

Ye Tianzheng was just about to speak when Jiang Peirong took the rune paper and said, "I know more than your father. I'll take care of it."

Ye Tianzheng shrugged helplessly and said with a smile, "chen'er, everything in the house is your mother's decision. It's right to give it to your mother."

Ye Chen nodded and even said, "we don't have much time. We leave this ghost place."

"Good."

Just as the three people were ready to go outside, a strong shock hit!

The weapons dropped from the whole ghost prison will be smashed directly!

Some strength weak strong, is on the spot into a blood fog!

Ye Chen's face changed and his fingers pinched. A barrier shot out to protect three people.

His brows were frowning, and his uneasiness seemed to be spreading.

This breath is so terrible!

Who is it!

Canghai Ping's voice sounded in Ye Chen's ear: "disciple, someone is coming. The other party is very dangerous. This person is not from the martial arts circle of the capital city!"

In Ye Chen's hand, the sword of chopping the Dragon appeared, and the opportunity of killing spread.

At this time, Zhao Yunsheng, who vomited blood in his mouth, laughed darkly!

"I said, all three of you are going to die! Ye Chen, you have destroyed the ghost prison. You don't know whose interests you have touched! Although I am in charge of all the people in the ghost prison, you

don't know there is still a person standing behind the ghost prison! That man is a terror to all the strong men in the martial arts circle of China

"He killed you as simple as stepping on an ant!"

"Don't you think that there are so many powerful people in the ghost prison, and the forces behind them are extremely terrible! But those forces don't dare to offend the ghost prison as much as you do! "

"The most wrong thing you've ever done in your life is to break the entrance to the ghost prison! Ha ha ha

Listening to Zhao Yunsheng's harsh voice, ye Chen snorted coldly: "you talk too much, die!"

The dragon sword in his hand shot out, but he didn't touch Zhao Yunsheng. It was like the sound of ancient bells!

"Ants, my people, you are not qualified to move!"

Language down, ye Chen's sword in the hands of the Dragon actually changed the direction directly!

"Ding!" The sound of a strong air wave rolled back, forcefully let the sword of the dragon be shot on the wall.

Then, an old man came from the dark, the old man was childish and hairy, holding a dragon cane, gently stroking his sleeves, bringing a gust of fresh wind, which was refreshing.

The old man's eyes are very small, from a distance, it seems to be closed.

He had a tattoo on his neck, which turned out to be a red gate with ancient Sanskrit carved on it.

It's extremely mysterious.

It's like some kind of ancient symbol.

Seeing this scene, Zhao Yunsheng was overjoyed to the extreme: "my Lord, it is this person who destroyed your magic weapon. The ghost prison was originally incomplete. Our previous efforts were in vain because of his destruction! The inner aura also overflows towards the outside! Countless brothers in the ghost prison have been killed by him. My Lord will avenge us

The old man took a look at Zhao Yunshan, his eyes narrowed slightly and could not see his expression.

Then, his eyes are directed at Ye Chen, his eyes have a sense of condescension and contempt for all living beings.

"My magic weapon, but you destroy it?"

His voice was very cold, with a hint of indifference.

There is no doubt about it.

Ye Chen did not speak, the whole body covered with blood evil spirit, only a trace of real Qi in the field of elixir in operation.

After this war, he spent too much. It is almost impossible to fight against the mysterious old man in front of him at the moment.

"I ask again, my magic weapon was destroyed by you!"

Language down, a strong threat to attack, strong waves rolling, ye Chen's body fierce retreat!

The body hit the wall.

Pale!

Chapter 382

Jiang Peirong rushed over, helped Ye Chen and said, "chen'er, do you have anything to do?"

Ye Chen shook his head and said in a low voice, "Mom, do you remember the rune paper I gave you? I'll hold this person later. You run outside. The exit of the ghost prison has been opened. If anyone gets in the way, or if anything happens, use the thing I gave you. "

"And you? Chen'er, what do you do? "

Jiang Peirong can feel the strength of the mysterious old man.

Even more powerful than his own son.

Their family reunion, some things naturally have to face together, never let Ye Chen shoulder too much.

Ye Chen Mou son a coagulate, sneer way: "don't worry, some people want to kill me, not so easy."

With that, he moved his body, staring at the mysterious old man in the distance.

"What if I destroyed the magic weapon, and your people were killed by me, so what?"

The anger in Ye Chen's heart is sweeping.

"My Lord, this method is very strange. I suspect he has a treasure. I must kill him."

Zhao Yunsheng said excitedly.

Just then, a cold voice rang through the room: "you talk too much."

The next second, a blade swept away!

"My man, you want to kill, dream!"

With a wave of the mysterious old man's sleeve robe, the blade will be destroyed directly!

In his eyes, it is ridiculous that the ants do such things in front of him!

He wants to protect the people, even if the yama also don't want to take away!

The wind blade is broken, ye Chen does not have the slightest depression, but the corner of his mouth appears a strange arc.

Zhao Yunsheng saw that he was safe, his face became ferocious, just wanted to say empty words, a sword broke through the sky!

Speed to the limit!

It's the dragon sword just inserted on the wall!

The dragon sword is not a general weapon, but a spirit weapon. It is also controlled by his blood!

His wind blade is just a cover up. What he really wants to do is to chop the dragon sword!

Zhao Yunsheng's eyes widened and he watched the sword cut his neck!

His head fell directly to the ground, his face was ferocious and his eyes were wide.

Blood flows down the earth.

"If I want him to die, he must."

The faint voice fell down, just like a huge palm, which was severely fanned on the mysterious old man's face.

Hot.

It hurts.

The mysterious old man's face was livid, and no one dared to challenge his authority!

His arm a shock, a long gun on the ground directly flew up, swept up a terrible wave toward Ye Chen!

"Cut the dragon sword, come on!"

Ye Chen roared and held the sword in his hand!

The spear was directly broken, but at the same time, the force of destroying the withered and decaying also hit Ye Chen's body.

Ye Chen spits out a mouthful of blood, embarrassed to the extreme.

Suddenly, he steadied himself and closed his eyes.

Communicate the samsara cemetery.

Cang Haiping shook his head helplessly: "after this move, I will dissipate. I hope you don't forget to practice the spirit rune."

"And our strength depends on your strength. The old man is very strong. I'm not sure how much power I can exert with your body.

After today, you should break through the separation and separation situation as soon as possible. "

Canghaiping doesn't want to make a move. He just wants Ye Chen to carry forward the spirit charm together.

Now it seems that if you don't do it again, it will be really troublesome.

The mysterious old man saw Ye Chen even closed his eyes at this time and sneered, "dare to be arrogant in front of me, die."

The next second, his hand actually shot a wave of air, the air wave with a cold killing machine, turned into a long sword, toward the neck of Ye Chen.

If the sword falls, the head will be cut off.

He has this confidence.

Ye Tianzheng doesn't want his son to have an accident. As a father, he subconsciously blocks in front of Ye Chen!

Even though he is just an ordinary person, as a father, it is completely instinctive consciousness to protect children.

"Dead and alive things! I want both heads

The mysterious old man snorted coldly. The long sword was divided into two parts, which formed two sword meanings.

Seeing these two swords, ye Chen and ye Tianzheng's heads will be cut off!

Ye Chen opened his eyes!

What kind of look is that.

It's cold.

No desire.

Indifferent.

The appearance of this look makes the whole ghost prison seem to be frozen.

"His anger, I should not hurt his family."

"Because my way is ruined by your presence." "Damn you."

A sentence of inexplicable words fell quietly.

Very indifferent.

The key tone seems not to come from a teenager in his twenties, but more like the invisible anger of an old monster who has lived for thousands of years.

At the moment when the shadow of the two swords was about to fall, ye Chen's lips opened slightly and simply vomited out a word: "destroy."

At the moment of the words falling, the two swords were directly broken!

Is dissipated between heaven and earth!

It seems that it has never appeared!

Not only that, but the mysterious old man stepped back a few steps!

The face is full of panic!

His best shot was destroyed by a young man?

And is it so simple to destroy?

The other side seems to spit out a word, even the intention to start!

How could that be possible!

The mysterious old man set off a storm in his heart, and his eyes were locked to the extreme.

Ye Chen pinched his fingers, and a talisman appeared.

When the rune shakes, it shoots to one side!

"Boom!"

In the blink of an eye, the aura has formed a red light and penetrated a solid wall!

There is no escape from all obstacles.

As if in the ghost prison out of a thoroughfare!

"From here, out of the prison."

Ye Chen's tone is very plain.

Jiang Peirong and ye Tianzheng have strange expressions. I don't know why their son seems to have changed.

Jiang Peirong was the first to react, holding Ye Tianzheng's hand.

"Tianzheng, let's go. If we stay here, we will only delay chen'er!"

Two people look at each other, from each other's eyes to see resolute, no longer hesitant, toward the road out of Ye Chen.

Soon, only the mysterious old man and ye Chen are left here.

"Who are you?"

The mysterious old man recovered from his shock.

He's sure he's not the guy! The momentum and the feeling are different.

The other party even made him feel a bit of danger.

Ye Chen sneered: "although my strength is bound, can't display completely, but I want you to pay a great price! Even death

The next second, ye Chen in situ into a shadow, the hands of a talisman!

Towards the mysterious old man!

The mysterious old man put aside his contempt, and his true Qi suddenly burst out, and a fist went to Ye Chen, who was rapidly plundering!

The earth shakes, the whole ghost prison is swept by a wave, a mess!

We can see how terrible the power is!

Chapter 383

After the storm, clouds of dust rose.

After the smoke has dispersed.

Ye Chen and the mysterious old man scatter one after another.

In contrast, the mysterious old man is in a lot of confusion, and his mouth has spilled a trace of blood.

"Are you also coming out of Kunlun..."

Lao Chen, the mysterious one, has appeared in front of him.

"Pa!"

A slap with a strong genuine Qi, fan it out directly!

This slap, strong to the extreme.

Even if the mysterious old man wants to hide, he can't hide. Subconsciously, he uses his hand to block it!

"Swell!"

His strong arm was directly fanned open, and the solid slap was directly slapped on the old man's face.

A red mark appears like this!

It's terrible.

The old man was shocked back several steps, and the whole person was completely confused.

Who could have thought that his strength would be so embarrassed in China?

The key of youth is to start!

Ye Chen looked at this scene, but shook his head, and said to himself: "if it was not for the body that suffered too much injury just now, coupled with the lack of true Qi, this slap may make the old guy's head directly turn into blood mist."

"What a pity."

At the time of Ye Chen's light murmur, the old man responded and his face was full of angry color!

He has been practicing for so many years. When has he been so stubborn!

"Kill!"

At the thought of this, the old man's opportunity to kill was awe inspiring.

"No matter who you are, today, I want your head sacrificed!"

After the old man roared, a drop of blood essence was forced out of his fingertips. The blood essence was patted on the brow without hesitation.

Almost instantly, his momentum climbed to a limit, with the potential to destroy the withered and decadent, killed Ye Chen.

At the moment, he is like a ferocious beast, showing his tusks, trying to bite Ye Chen alive!

He grasped it with five fingers, and the crutch was already in his hand.

This is his weapon, which is rarely used and will not be used in the martial arts and Taoism circles of China!

When the crutches were shocked, the sawdust flew and turned into a sharp weapon.

This weapon is a bit strange. It is not like a sword, a gun or a knife.

But the upper and lower ends are extremely sharp, sharp points, wide open, as if a sharp blade inlaid among them.

"Everyone who saw my weapon is dead, and you are no exception!"

That strange weapon, directly towards Ye Chen stab!

The air was rippling, the killing intention was sweeping, the light was shining, and the cold was pressing. For a moment, the weapons in the ghost prison were shaking.

Except for the dragon sword!

Ye Chen knows very well that the weapon in the opponent's hand is extraordinary, at least a spirit weapon!

"Boy, if you die under my hand, you are qualified to brag underground. Don't worry. When you die, I will torture your parents to death."

"Even if you are a strong man in Kunlun, you will die!"

This blow is like the sickle of death falling, ready to harvest Ye Chen's life!

There is even an invisible pressure blocking everything.

In the eyes of the elderly, even if ye Chen does not die, he must be seriously injured!

This is his confidence!

At the moment when the strike is about to touch Ye Chen, ye Chen reaches out his hand and a talisman appears in his hand.

Aura wrapped in the arm, a flow of light!

Then a light words fell like this: "what's Kunlun empty? When I am at the top of the mountain, everything is nothing but a bubble. If I want it to be destroyed, it must also be destroyed.

Hearing this, the old man's expression almost froze.

Sea level?

Where did it come from?

This guy even said that he could break the Kunlun void?

Kunlun is just a bubble in his eyes.

It's too damn loud.

Who does he think he is?

The supreme power of Kunlun?

It is estimated that this person is not even worthy of carrying shoes to the first person in China's martial arts circle!

Thinking about all this, he looked at his blow coldly.

And ye Chen has stretched out his hand, no, but a finger!

A finger was so sharp in the weapon!

In the eyes of the old man, it's just looking for death!

He knows better than anyone what kind of power his blow contains!

Don't mention a finger, even if the spirit shield made by foreign dark iron is not necessarily able to block it!

"Zizi -"

but at this time, a strange thing happened. Ye Chen touched the old man's weapon and made a violent spark.

Mars twinkles.

So his weapons stopped.

It was as if he was in a quagmire, and his weapons had lost contact with him in this breath of suffocation. Seeing this scene, the old man would like to stare out of his eyes!

How could

He has never failed.

"Your weapon, in my eyes, is no different from a pile of scrap iron, or even worse."

Language falls, ye Chen holds that weapon, a talisman acts on the arm above!

At the moment, he seemed to hold thunder and fire!

Two forces turned the weapon red.

It's like iron that has just been burned red.

Ye Chen holds the key, just like a person who is OK.

"Click!"

The weapon was directly pinched into a pile of scrap iron, and ye Chen threw it in the corner.

"I don't have much time. Next I'll see you on the road."

Ye Chen steps flow, blink of an eye appeared in front of the old man, and then a palm.

"Local chicken and dog, break it for me!"

Boom!

Ye Chen in the face of the subconscious obstruction of the elderly, as if nothing!

The roar exploded, and the boundless wind swept through.

Hum

The old man's arm was broken directly by a whine!

It's all blood. It's cracked!

His face was darkened and the whole man was shaken out.

"The power..."

The old man can only watch ye Chen open his hand, pupil contraction, roaring up.

He even fell into the hands of a pneumatic environment boy, and did not have the strength to fight back!

Now it's just a few fights, weapons destroyed, arms smashed!

It's even possible that your life will be accounted for here!

It makes him unbelievable.

Poop

Just, in the old man's shock, a dull sound of penetration came, the next moment blood spray.

The old man's eyes widened. He opened his mouth and wanted to speak, but he couldn't make a sound any more.

He can only hard to see that through his chest of a airflow, face full of despair.

There was a palm print on his chest, which ran through his whole body.

Life is rapidly passing by, and the world in front of me is becoming dark.

"I No I'm not reconciled to it. However, don't try to feel better. In fact We have two people, ha ha... "

This sentence finished, as if exhausted the strength of the whole body, the old man issued only he can hear the unwilling roar.

Boom

The voice falls, his world is completely dark, and the whole person falls towards the rear.

Completely dead.

The cold wind whistling, the bloody smell all over the sky, the rest, only the picture of Ye Chen standing aloof in heaven and earth.

It's like this picture is still.

Chapter 384

After solving this mysterious old man, Cang Haiping temporarily left Ye Chen's body. At the moment, his shadow is weak to the extreme.

Almost transparent.

The more powerful he exerts, the faster he consumes.

All the strong in the samsara cemetery are just a spirit.

Ye Chen also sober up, his ear echoes the old man's words after death, suddenly his eyes shrink, regardless of the body's injury, quickly to the exit!

Who could have thought that two people came this time.

He killed one of them, that is to say, there is another outside!

Not good! Parents are very likely to be in danger!

A gust of wind swept towards the entrance and exit of the ghost prison!

.....

At the same time.

Ye Tianzheng and Jiang Peirong have arrived at the exit.

Jiang Peirong holds the rune given to her by Ye Chen in her hand. A woman's intuition is very strong. She always feels that things are not simple.

This strong premonition comes from her blood.

The awakening of her blood and talent almost shocked the whole Chinese martial arts circle.

It must be extraordinary.

It's a pity that she has no interest in practice, which is a waste of such good cultivation.

The only value is to continue this blood.

Otherwise, her father would not be so angry when he knew that she and ye Tianzheng were married and were pregnant.

In the world of martial arts and Taoism in China, blood and spiritual roots are very important to the martial arts.

If you make good use of it, you can make the Chinese family last forever.

That's what happened to her big brother.

Because of the outstanding blood and spiritual pulse, he was directly brought into the clan by a strong man of Kunlun deficiency.

Although it has not been seen for many years, its strength is absolutely terrifying.

With such a strong man in Kunlun, the Jiang family has almost become the top family in Beijing!

At the moment when ye Tianzheng and Jiang Peirong rushed out, the fresh air that had not been seen for a long time came.

Jiang Peirong first found out that this is a school.

But before they had time to celebrate, they stopped and their bodies were almost stiff.

His eyes were full of horror and surprise.

Because they found an old man standing nearby!

It directly blocked their way.

The old man is very similar to the one in the ghost prison just now!

It should be brother!

as like as two peas on the neck!

"Well? Why did you come out? What about Zeng Tianxiong? "

The old man looked at Jiang Peirong and ye Tianzheng in front of him with interest.

The old man, Zeng Tianqi, is the younger brother of the old man who entered the ghost prison.

The two men were called zengsha erjue in Kunlun, and they were quite famous.

There are countless murders, and the methods are extremely cruel.

The key is that there is a strong organization behind them.

No one dares to provoke.

Jiang Peirong reacted in an instant and just wanted to talk, Zeng Tianqi's face changed because he found that his contact with his brother had been cut off!

Not only that, his eyes flashed a picture of Zeng Tianxiong's death just now.

Damn it!

He ignored everything, five fingers into claws, directly toward Ye Tianzheng BUCKLE!

"It seems that you two should be together with that boy. In that case, I will fall here!"

Jiang Peirong is no longer hesitant. Her beautiful eyes have a chance to kill her.

"Tianzheng, I'll help you!"

A drop of blood essence was shot directly from her fingertip and touched on the rune paper!

The light flashed and the rune paper burned. In the fire, a giant wolf's shadow broke out!

The wolf entangled each other for a short time.

Jiang Peirong grabs Ye Tianzheng's hand and takes it in another direction!

"Let's go."

She could feel the pain on her husband's face.

Just because her husband broke a foot and could only run on a prosthetic limb, this kind of pain is not acceptable to ordinary people.

"Good day, hold on!"

Jiang Peirong said seriously.

"Pei Rong, if you can't, go first. Chen'er needs you."

"Don't talk nonsense. We haven't seen big waves before. We'll be fine."

They are faster and faster!

More than ten seconds later, Zeng Tianqi also successfully got rid of the giant wolf's virtual shadow, and his forehead was full of virtual sweat!

Looking at the two figures far away, he sneered, the real Qi under his feet condensed, and in the blink of an eye appeared in front of them!

"Want to run! Can only two mole ants run away! "

The next second, Zeng Tianqi's hand is a cold sword, without hesitation toward two people to cut!

This sword, with his cold anger.

In the moment, a man in the dark needs to wear a swordZeng Tianqi's sword was suspended in the air, and the strong sword wind cut off the green silk of Jiang Peirong.

What surprised Jiang Peirong and ye Tianzheng was that they knew the man in the dark!

It was Yunhu villa who wanted to kill their capital Dragon Lord, Lin Jue long!

It's just that Lin Juelong looks much younger. I don't know if it's the reason for cultivation.

Zeng Tianqi frowned when he saw Lin Juelong: "who are you? Why should I listen to you? "

Lin Juelong smiles and opens a button on his black shirt. There is a tattoo on his chest.

The tattoo turned out to be a red gate with ancient Sanskrit carved on it.

is as like as two peas on his neck!

It's like it's the code name of an organization.

Zeng Tianqi's face softened a little. Seeing his own man, he put down his sword and asked, "who do you want? What's the use of it? "

Lin Juelong said with a smile: "I want that man. He has something I'm interested in. I was sorry that he died without asking the result. Now it seems that God doesn't want him to die.

At that time, it seemed that it was not enough for Yunhu villa to break his leg, but this time, I won't let him die so easily. His life is more important than anything else. "

Zeng Tianqi's eyes shrunk, his arm vibrated, his air waves rolled, and ye Tianzheng fainted directly.

"Tianzheng!" Jiang Peirong struggled desperately, but the pressure covered her. She couldn't move!

"Let him go! Otherwise, I promise you will regret it

Jiang Peirong's cold voice rings out!

Lin Juelong laughed and said to the darkness, "take the man away."

In the dark, a middle-aged man suddenly appeared. The middle-aged man carrying the unconscious Ye Tian is heading for the dark.

"Lin Juelong, if you dare to move my husband, chen'er and I will let you die! I will let the Jiang family come forward, and I will ask my elder brother of Kunlun Xu to do it! "

Jiang Peirong said every word.

Every word carries her anger!

It's a cold threat!

Chapter 385

Lin Juelong seems to have no fear of Jiang Peirong's threat, but still goes into the dark.

After all, he believes in his own strength, and there is no doubt that he will win the battle.

"Lin Juelong, you will die miserably! You don't know what stupid thing you're doing

Jiang Peirong roared.

It's the anger of a wife.

Their family finally reunited. Who could have thought that Lin Juelong was killed on the way!

Lin Juelong walked a few steps, and suddenly thought of something. He stopped and said, "Jiang Peirong, your threat has no value in my eyes. Please make clear that you have been expelled by the Jiang family, and the Jiang family can not help a disabled person. As for your son, even if he is not dead, then what? He was a waste in my eyes at that time, and it is now."

"Although the Jiang family is the top family in Beijing, don't forget that the Lin family is several times stronger than the Jiang family to some extent! Otherwise, when I destroyed you in Yunhu villa, how could the Jiang family be indifferent? It's not that they don't know, but they don't have the right to move.

Of course, I don't know you're from Kunlun.

Before long, the whole Chinese martial arts world will be controlled by the Lin family, and Lin Juelong will become the king

"What's more, ye Tianzheng is very important to me. He won't die. If he is willing to say something valuable, I will send him back. Otherwise, your family will go to hell to get together."

With that, Lin Juelong fell into the darkness.

Before disappearing, Lin Juelong's cold words came from the dark: "Zeng Lao, this woman has no use value, you kill it."

Zeng Tianqi took a look at the dark place, then his eyes fell on Jiang Peirong and sneered: "so you are the protagonist of the shocking scandal in China's martial arts and Taoism circles?"

At that time, Jiang Peirong was expelled from the Jiang family. It was so big that even Zeng Tianqi knew something about it.

As long as the real talent of Jiangrong is not only a little bit of talent, but also a real talent of Pei Pei.

But Jiang Peirong, because of her willfulness, played a pair of good cards.

The incident not only shocked the Chinese martial arts circle, but even the practitioners of Kunlun Xu and Huaxia had heard of it.

Jiang Peirong looked at Zeng Tianqi fiercely and said in a cold voice, "I don't care who you are, but you will pay a painful price for your behavior."

Zeng Tian Qi Leng hum: "hum, a dead person also dares to lie, I will send you on the road now! I will give your head to the Jiang family in person

The next second, Zeng Tianqi did not hesitate to face the white neck of Jiang Peirong!

It's about to fall, and a figure comes quickly!

It's Ye Chen!

Ye Chen from the ghost prison rushed out of the moment, he noticed that Zeng Tianqi to his mother!

He was in a rage!

The hand shoots out a spirit dart!

Not only that, but also the sword of chopping dragon was shot out at the same time!

Two high-speed running cold light across the sky, as if tearing the night!

"Ding!"

The two forces directly hit Zeng Tianqi's sword! The sword was blown away, turned in the air, and finally stuck in the ground.

Zeng Tianqi's arm felt the strong shock force. He naturally noticed the appearance of Ye Chen, and his eyes shrank slightly.

He knows that this boy killed his brother Zeng Tianxiong.

The key is that Zeng Tianxiong's strength is stronger than him!

If he fights with this kid, even if he doesn't die, it will cost him a lot.

Despite his anger, he decided to leave after weighing up.

If you want revenge, you have to find another opportunity, at least to improve your own strength.

No longer hesitating, he was swept away in the dark with the rolling black fog!

"If you want to go, there's no way!"

"Sword

The sword flies to Ye Chen's palm!

At the moment, ye Chen's eyes are red, and his arms are full of blue tendons. He swallows a large number of pills, and the elixir gives birth to Daodao Zhenqi!

"Leave it for me!"

With a long cry, the whole body Qi pours into the dragon sword!

He looked at the sword body filled with light, felt the long sword concussion, eyes crazy!

Anyone who threatens his parents must die!

No matter what the price!

Otherwise, there will be endless troubles.

He could feel his body in a state of collapse.

But stand up after breaking!

The sense of breakthrough in the body is more and more powerful!

He even felt that after this time, as long as he had enough aura and enough time, he could directly cross a great realm!

Enter the clutch!

At this moment, he forced a drop of blood essence to sacrifice his life talisman.

The next second, the sword flew out, accompanied by a blood dragon rushed out of the body! A huge mouth of blood dragon, wrapped with a sword of cutting dragon, is invincible, and like thousands of troops, it goes towards Zeng Tianqi.

Zeng Tianqi felt the killing opportunity behind him, his face turned pale, and he took out a jade pendant in his hand. The jade pendant was blocked in front of him, and a red door shadow suddenly formed!

The red door is the tattoo on his neck!

The appearance of the red gate is full of mysterious power, which makes people palpitating.

"Bang!"

The sword of chopping dragon hits the Red Gate, and the jade pendant is broken!

The Red Gate collapsed!

The power of dragon sword is infinitely reduced!

All of a sudden, the blow containing Ye Chen's blood essence and the talisman of his life was still powerful. A sword directly pierced Zeng Tianqi's body!

Zeng Tianqi's face was ferocious and heavily hit the ground!

His Dantian was pierced!

He forced himself to stand up and stumbled into the dark.

I don't know life and death, at least become a disabled person.

Ye Chen did not continue to chase, he stood like this, his body came to a strong sense of exhaustion.

And it's like being bitten by thousands of ants.

The blood in the body surges up, and a trace of breakthrough overflows from the elixir field.

Ye Chen forced this feeling down, and then looked at his mother, he found only his mother!

"Mom, where's dad?"

His voice was weak and trembling.

Jiang Peirong is stunned. She knows what kind of pressure her son is under now.

As a mother, she looks very distressed! She wanted her son to bear it all.

Thinking for a few seconds, she held back her tears and then laughed: "chen'er, you should have a good rest, and you will see him later."

Although duochen nods now, he feels that he has no power.

In my mind, there was a weak voice of canghaiping: "disciple, quickly find a place to break through. I'm going to disappear. I wish you a hand with the rest of the strength."

Chapter 386

Ye Chen walks to his mother, his feet are like pouring lead: "Mom, I have a house in the teacher's apartment. Let's go there first."

Jiang Peirong nodded, holding Ye Chen with one hand, and went to the place with light.

Just as they left Yunhe lake, Jiang Peirong stopped.

Because the footsteps came from far away, it seemed that there was a tall and straight man coming.

Jiang Peirong instinctively remains hostile.

Did Lin Juelong appear again?

Lin Juelong really wants to destroy their family?

Her palms are covered with sweat!

And at the moment Ye Chen also saw a cold light, looking at the figure in the dark, he is ready to start at any time.

If not, the only remaining tombstone was moved.

But soon, both of them relaxed.

This time, it was not others, but Jiang Jianfeng.

Jiang Jianfeng came from wudaotai. He just wanted to see if there was something wrong with Ye Chen, but he didn't expect that it was not only Ye Chen who appeared in front of him.

And the sister, Jiang Peirong, who is trapped in the ghost prison.

His body was almost petrified.

There is an unwritten rule in the martial arts circle of China. As long as you are trapped in the ghost prison, you will never think of it!

No force has the right to interfere.

But what is the ghost in front of you?

Jiang Peirong came out of the ghost prison.

His eyes were a little surprised, but also with a trace of panic, and then he set his eyes on the direction of clouds and lakes.

The cloud and lake dried up completely, and the ground was divided into four parts. In the center of the split was a huge hole, which was still shining with faint light.

He knew it was the entrance to the ghost prison.

The entrance was opened, or, as if it had been smashed through.

How could it be!

There were all kinds of waves in his heart.

Ghost prison in China, but there is a solid said, is incomparably mysterious!

Ordinary people can't find it even if they want to find it, but now they are smashed through the entrance!

Jiang Jianfeng's startled eyes fell on Ye Chen's body.

He can feel Ye Chen's weakness.

Is it the boy who broke through it?

At the thought of this, his heart seemed to jump out.

A few seconds later, he shook his head. Ye Chen's age was in front of him. Although he had a good talent, his cultivation and strength could not be controlled at all. It seems that the Capital Normal University will have to make a good investigation.

Before he came, something very serious must have happened!

Otherwise, it is impossible to trigger this kind of earthquake.

Jiang Peirong ignored Jiang Jianfeng and went to the wrong place with Ye Chen.

It seems that Jiang Jianfeng is just a mass of air in her eyes.

After Jiang Peirong and ye Chen left, Jiang Jianfeng sighed, took out his mobile phone and dialed a phone call: "I'm in Beijing Normal University. The entrance of ghost prison is broken. I'm not sure what's going on inside. Please tell the top authorities and let them take action.

If the people inside are not dead, once released, the consequences will be unimaginable. "

.....

Beijing Normal University, teachers apartment 1002.

Jiang Peirong helped Ye Chen to rest on the sofa in the living room.

"Chen'er, how do you feel? Do you need to take you to the hospital? "

Ye Chen laughed and shook his head: "Mom, over the years, your son has learned something about medical skills. I can be called a God in China."

Jiang Peirong glanced at Ye Chen and said, "you are my son. If you look so ugly tomorrow morning, I must take you to see a doctor."

In Jiang Peirong's eyes, ye Chen must have set foot on the martial arts. His achievements are definitely the result of hard cultivation.

Now that you have practiced martial arts, how can you have the mind to put it on medical ethics?

Ye Chen did not intend to refute at all, and even said, "by the way, you and dad came out together just now. Where did he go later?"

Jiang Peirong's expression changed, just wanted to explain, a knock on the door sounded.

"Chen'er, you sit down and I'll open the door."

Jiang Peirong even busy road.

Then she came to the door, the door opened, and outside stood a rather delicate girl.

Even though Jiang Peirong met many beautiful women in Beijing, she was still a little lost in her mind when she saw the girl in front of her.

"You are Looking for chen'er? "

Jiang Peirong said.

Wei Ying at the door was stunned. She found that the woman in front of her was similar to Ye Chen. She immediately thought of something. Her face was flushed and she trembled and said in her voice, "Auntie, I'm a colleague of Ye Chen. I live next door. Just now I heard something moving here, please come and have a look."

Jiang Peirong took a look at Wei Ying. As a passer-by, she couldn't see the feelings in Wei Ying's heart. She said, "chen'er is resting in it. Come in." Wei Ying repeatedly waved her hands: "Auntie, I won't disturb you so late. I'll live next door. Auntie, if you and ye Chen need any help, you can come to me."

Jiang Peirong smile: "OK, thank you."

"Auntie, the water in my room is still burning, so I don't want to disturb you. If ye Chen has nothing to do with it," she said, Wei Ying ran away.

She had a lot of thoughts in her mind. She had already known that she had made up her face. She did not know whether she would have left a bad impression on Ye Chen's mother.

Jiang Peirong closed the door and came to the living room. She said to Ye Chen, "chen'er, there is a beautiful girl outside looking for you and saying it's your neighbor. I think that girl is very good."

Ye Chen drank saliva, wry smile: "Mom, she is just my friend, you don't guess, by the way, where is dad?"

Jiang Peirong's eyes flashed a little flustered. After thinking for a few seconds, she said, "just now when we left the ghost prison, there was a big fog. We separated. Vaguely, we heard your father say that he

would go back to Jiangcheng to get something, and he would come back to Beijing to reunite with us. Don't worry, you have good luck and heal your wounds."

"By the way, chen'er, I feel a little tired. I want to have a good rest and not disturb you."

With that, Jiang Peirong doesn't give ye Chen time to react, so she goes to a room.

Although Ye Chen's heart is full of doubts, but the most important thing now is to quickly adjust the body, and then break through.

He can feel that this breakthrough is extremely powerful! It can even break through the boundary of separation and separation in one fell swoop!

.....

When Jiang Peirong returned to her room, she took the mobile phone from her desk by the way.

She was completely relieved to wipe on the room.

The reason why she conceals from ye Chen temporarily is that she understands Ye Chen.

If ye Chen knew that his father had been taken away by Lin Juelong, he would have gone to the Lin family regardless of the injury.

Growing up in the capital, Jiang Peirong knows more about Chinese martial arts and the situation in the capital than anyone else.

The Lin family is not simple, and even has a great connection with Kunlun Xu.

Plus the tattoo on his chest today, it should be a force in that place.

As a mother, she didn't want her children to take any more risks.

Chapter 387

Jiang Peirong looked out of the window with sad eyes. After thinking for a long time, she picked up her mobile phone and dialed a number.

For a long time, the phone went through.

"I'm Jiang Peirong. Please arrange for me. I want to go to Jiang's house."

At the other end of the phone, for a few seconds, an old voice sounded:

"Miss, it is impossible for the master to see you."

Jiang Peirong's eyes were firm and resolute, and continued: "even if he doesn't see me, I want to see him. There's nothing wrong with me being expelled from the Jiang family, but I always have the blood of the Jiang family. Please help me ask him how my mother died! Who was responsible for that matter in those days? "

The old man on the other end of the phone sighed: "OK, I can only help you to pass on the original words to the master. If the master still doesn't want to see you, I have no way."

"Thank you."

Jiang Peirong hung up the phone.

More than ten seconds later, she dialed another phone: "you should be in Anhui Province, I hope you come to the capital, I need your help now."

"Good."

An excited and shaking voice came from the other end of the telephone.

After that, Jiang Peirong made a third call.

This is for Jiang Jianfeng.

"Jiang Jianfeng, I'll see you at the same place tomorrow morning. I have something to ask you."

Jiang Jianfeng at the other end of the phone laughed bitterly: "no matter how, I am your second brother, you can't call my name directly?"

"I changed my mouth after he was expelled from the Jiang family. If I didn't have to, I wouldn't have called you."

Jiang Jianfeng sighed: "OK, I'll wait for you in the old place."

After the three phone calls, Jiang Peirong fell into a deep thought. Her eyes were more capable and resolute.

She stood by the window for two hours.

For two hours, no one knew what was in her mind, only that she looked more serious.

Two hours later, she sat cross legged and began to practice.

She had to compromise with reality.

In this world, hidden beneath the surface of prosperity is darkness and bloodthirsty.

She resisted things for decades, and at this moment, she felt it necessary to hold on and become her weapon.

Although it was late, her blood and spirit had not changed, and she was still the most adverse existence in the world of martial arts and Taoism in China.

As long as she wants, she can be better and stronger than everyone else!

Ye Chen is so desperate to protect them, these five years do not know how suffered, and now, she also want to do her best to protect her children and husband.

.....

Hall.

After Jiang Peirong enters the room, the shadow of canghaiping emerges.

His shadow was almost transparent, as if it were about to dissipate.

He looked at Ye Chen, who sat cross legged, and said, "disciple, I wanted you to control the rune. Now it seems that everything depends on you."

Ye Chen opened his eyes, just wanted to stand up, canghaiping yelled: "don't move, I'll say a few words.

You will try your best to break through the separation and separation situation today. After you step into the separation and separation situation, the next elder will tell you something about the reincarnation cemetery, and then you will understand how much the burden is on your shoulders.

Although I am a spirit, it is not clear whether the body is still there, but my sea level, and even every strong person here, really regard you as an apprentice, without half selfishness.

I just hope that after I dissipate, you can carry forward the spirit Rune together. Remember to make good use of the original life talisman of your body and the virtual shadow of the blood dragon. When necessary, the power of these two things may even exceed that of our help. The potential is infinite. "

"I hope we have a chance to meet again."

Language down, sea level a point in the heart of Ye Chen's eyebrows.

His figure completely dissipated, but also turned into a Taoist light, which penetrated into Ye Chen's eyebrows.

At the moment, ye Chen found that a strong sense of breakthrough seems to rush out of his body!

"Master, I will not let you down!"

Ye Chen roared, running nine days Xuan Yang Jue, a blood dragon empty shadow directly rushed out of his body!

Strong breath to cover!

Boom

The energy in the body is surging, like a torrent of sensation, like thousands of troops galloping.

The feeling of this breakthrough is even stronger than the previous ones!

"Break it for me

When this energy reaches the limit, ye Chen's heart suddenly coagulates and shouts in a deep voice.

As the sound falls, this terrible energy rushes towards a layer of obstruction!

It's so easy, just break it! It's overwhelming!

For a moment, ye Chen's body seemed to open a new world.

But at the moment, he has not completely broken the shackles of the separation and separation situation! Ye Chen no longer hesitates, under the control of the mind, release the reincarnation cemetery!

At the moment, he seems to be in the middle of the hundred tombstones!

The bleak idea spread all over his body, and endless aura seemed to flow into his body like a lake!

The Dragon chants! The blood dragon is so huge! Even the original shadow has the trend of materialization!

"Break again!"

With Ye Chen's another roar, the real Qi of Dantian, from bottom to top, galloping all the way.

The majestic energy, like the surging beasts, is unstoppable.

The energy flowing all over the body is like a huge wave, rolling and roaring.

It's a wonderful feeling.

Time goes by, ye Chen's whole body has been soaked, the pain of the previous war broke out!

Ye Chen's whole body is full of blue veins, and his face is even more ferocious.

His fists clenched, and bursts of air explosion spread.

He even felt exhausted.

This breakthrough should have ended long ago!

But the biggest obstacle is like a wall, which is only a little split.

Ye Chen opens his eyes and looks at the blood dragon on the top of his head and finds that the other side is also looking at himself!

"No matter! Blood dragon, come on

A dragon chant resounds, and the blood dragon goes directly to Ye Chen! Mouth open, as if to swallow Ye Chen!

But in fact, at the moment of touching Ye Chen, it turns into a red gas and mixes with the true Qi to form a violent energy, which rushes towards the obstacle!

Nine days xuanyang will be crazy operation, the energy in Ye Chen's body, like a torrent of torrent, crazy roar.

"Now!"

When this energy surges to the extreme, ye Chen looks a congealed, the facial expression is silent roar way!

That obstacle breaks open in an instant, ye Chen strides into the clutch realm!

His elixir field seems to have expanded a hundred times!

A pool of lake water into a big river!

Not only the change of Dantian, ye Chen's whole body actually came crackling sound, the body surface is covered by a golden streamer!

As far as the light could reach, his body seemed to be unbroken and hard.

There is a strong vibration from the samsara cemetery. After the vibration, a tombstone shows signs of cracking!

Chapter 388

Not only that, the whole sky night seems to be mercilessly torn!

Dark clouds gather, thunder and lightning rage!

Ye Chen in the body of that blood dragon empty shadow don't know when appeared on the thunder cloud!

Its posture is vigorous and vigorous, and it seems to be galloping in the clouds and waves.

Endless thunder and lightning in its body winding, let it become more powerful!

"Boom

A startling dragon song resounds over the capital, and thousands of thunder and lightning shoot down from the sky!

The only goal is the teachers' apartment of Normal University!

If most people were not sleeping now, it would be shocking.

At the same time, the Jiang family.

An old man woke up from his dream, stepped out, broke the window directly, stepped on the strong wind and came to the roof.

The old man, with his hands behind him, looked at the distant thunder clouds and terrible thunder and lightning, and a trace of panic appeared on his serious face.

His mouth was slightly open, and his body trembled: "is there a breakthrough in such visions? What kind of cultivation is this

"Even those who practice martial arts can't even produce thunder!"

The last time this happened was decades ago.

After that, his first child was taken away by an adult of Kunlun Xu!

And the vision in front of me, far more than that!

The old man felt a weak feeling in his heart!

If the other side is a medium of loose repair, then the best, he Jiang family must at all costs to win over it!

At all costs!

The old man no longer thought about it, but went in the direction of thunder robbery. Even he didn't want to change his pajamas.

At the time of his rapid plunder, there was a thunder robbery near the powerful thunder cloud!

Although the thunder robbery is not strong next to it, the thunder robbery has condensed into an ancient character - Shi!

This is the beginning of a path of cultivation for those who are against heaven's blood!

"What happened today?"

"The birth of a strong man and a man of blood against heaven!"

The old man's pace is faster and faster, the wind bursts, frightening to the extreme.

But soon, he lost his way.

The thunder robbery disappeared.

.....

At the same time, the Lin family.

Lin Juelong was naturally aware of the vision and gazed at the sky. There was a trace of uneasiness in his heart.

It was as if the two visions above the sky were a great threat to him.

The blood dragon in the thunder cloud was staring at himself, and his eyes seemed to eat him.

"This vision Is it aimed at me? "

His brow was tight and his face was cold. Did some people he killed in Kunlun come back to revenge?

Of course, he would not think that the waste of Huaxia would pose any threat to him.

From the perspective of vision, only the practitioners of Kunlun can be inspired.

For a long time, he outlined a cold smile: "I care who you are. If you dare to come, I will personally send you to hell!"

Beijing Normal University, 8 a.m.

Ye Chen opened his eyes and stepped into the realm of separation and separation. There was a trace of ethereal breath on his body.

He even felt that his strength was so powerful that he didn't know how many times.

Now he would not be in such a mess if he used bloodthirsty chop, burning sky palm, and even the first move of breaking Heaven Sword.

Separation and separation is a watershed, but also an extremely difficult state to cross.

Those bottom level practitioners of Kunlun Xu may not be able to cross it all their lives.

Who could have thought that the Chinese aura was much thinner than Kunlun, and his breakthrough speed was against the sky.

It is only half a year from Kaiyuan to aerodynamics and now to the clutch and clutch.

"It's estimated that those guys in kunlunxu will shake their chin if they see me again."

"So, would she be surprised?"

A beautiful image emerges in Ye Chen's mind. It is Ji Siqing, a gifted girl of Kunlun Xu.

Five years ago, he didn't have any accomplishments and stepped into Kunlun Xu. How many times did this woman help him.

But this woman is too far away, he was not too close at that time.

I can only write down the kindness in silence.

I don't know if Jilin has brought that sentence to her.

Ye Chen shook his head, no longer want to, eyes fell on the mother's rest room.

A few hours ago, as he broke through, he naturally noticed the movement of the room.

"Mother, is this a way to practice?"

Ye Chen was a little surprised. After all, he learned from others that his mother had a natural talent against heaven, but he always rejected cultivation.

Is it because of the father's affairs that the change at the moment? Just as Ye Chen was thinking, the door opened, and Jiang Peirong came out. When she saw Ye Chen, she showed a motherly smile: "chen'er, get up so early? Is there any food in the fridge? Mom will make some for you"

Ye Chen shook his head: "Mom, I take you down to eat, I have not had breakfast with you for five years."

Jiang Peirong nodded: "OK, listen to my baby son."

As soon as the words fell, a slight knock on the door rang out. Ye Chen got up to open the door, only to find Wei Ying coming in with a plate in her hand.

She took a look at Jiang Peirong and said shyly, "Auntie, you should not have breakfast yet. I just made some. Try to see if the taste is suitable."

Jiang Peirong and Ye Chen look at each other with a trace of deep meaning in their eyes.

This time, Wei Ying's breakfast was very rich. She was afraid Jiang Peirong didn't like it. However, when she heard Jiang Peirong's praise, she felt as sweet as honey.

After breakfast, Jiang Peirong and Wei Ying are quite familiar, but Jiang Peirong is very clear that her son has not made a statement, and she can't say anything more.

She looked at the time, and Jiang Jianfeng agreed time is almost, then told Ye Chen: "chen'er, mother will go out, I will buy some vegetables at noon, do you have sex."

"Mom, I'll go with you."

Since mother came out from there, Ye Chen planned to spend more time with her mother.

As for his father, he always feels that things are a little strange, and naturally he will send people to investigate.

When Jiang Peirong heard that ye Chen was going to follow him, she shook her head: "no, mom, go to see some old friends. You don't know them. You can do your own thing."

Seeing this, ye Chen did not say much. He handed out a bank card and told Jiang Peirong her password and her mobile phone number.

Let her contact herself when necessary.

Although he has just come to Beijing soon, he is strong enough now.

If anyone dares to bully his mother, he will erase everything.

Chapter 389

After Jiang Peirong leaves, ye Chen is ready to go to Xuemei hall.

Also do not know Lu Lingfeng and ye Lingtian will dark hall and blood plum Hall integrated into what kind.

As soon as he was about to leave, the wechat video began to ring.

Ye Chen is stunned, his mouth shows a smile, his wechat has only three people.

Only Sun Yi and Xia Ruoxue will send him videos.

These days, because of the ghost prison affairs, his heart is tense, but he did not take the initiative to contact the two people.

Press the answer button, ye Chen will find Sun Yi is holding a mobile phone pretending to be angry, not far away Xia ruoshue is looking at what document.

"Xiaochenzi, what's the matter with you these days? Are you hiding women outside? Why didn't you call us? We all have to suspect you're missing. "

Ye Chen grinned bitterly, then said the matter of parents, of course, he omitted most of the content.

Sun Yi's face changed. She covered her mouth subconsciously: "did you really see your uncle and aunt?"

After all, ye Chen's parents were cremated by her own hands. Although she later learned that there was something strange about the Yunhu villa, now ye Chen's parents suddenly come to life and still make her heart beat.

In fact, we will call Tiancheng Group and I will change the name of Wancheng building to Tiancheng Group.

If snow and I will come together, do you expect it

Sun Yi blinked.

"Xiaochenzi, I've been sleeping with ruoshue these days, pinching ruoshue's chest. It's developing..."

Words have not finished, summer if snow beautiful face lifted up, the hand is shot out a pen cover.

The pen cover was moving rapidly, and she was about to touch Sun Yi. Sun Yi stepped on it and dodged like a phantom.

With this one hand, ye Chen is sure that the two men did not fall into practice.

Sun Yi was afraid that Xia Ruoxue would be angry, so he hid in the kitchen and ye Chen video.

When the glass door of the kitchen was closed, Sun Yi blinked her eyes and whispered, "xiaochenzi, do you really miss me?"

Ye Chen nods.

Sun Yi took a look at Xia Ruoxue outside, then stretched out her white finger and pointed to her mouth: "do you want me here?"

The fingers slid down and touched her soft, plump breast.

"Or do you want me here?"

Fingers slightly hook, a trace of full out, as if to be her fingers hook down.

It makes people daydream.

The fingers continued to slide down, sliding across the waist, touching Sun Yi's sensitive parts, with a faint groan.

"Or do you want me here?"

Ye Chen at the end of the mobile phone is completely hooked up by Sun Yi's action.

Sun Yi, a girl, is a monster!

How can a man of high blood bear to live?

Sun Yi wanted to continue to tease Ye Chen, but she heard Xia Ruoxue's voice coming from the living room, and said in a hurry: "xiaochenzi, remember to wash up and wait for the palace to come to sleep. Don't talk. The horse ~"

a red lip fell down and the video was hung up directly.

Ye Chen helplessly shakes his head, directly comes to the school gate, Maybach has been waiting outside.

"Go where you were last time."

Half an hour, ye Chen is familiar with the way through the array, came to the huge temple.

The huge stone carved Xuemei at the gate of Xuemei hall has completely disappeared. Instead, a young man stands on the top of the mountain and looks at the picture of a giant dragon in the sky.

This is the mark of the dark hall.

It seems that ye Lingtian and Lu Lingfeng are almost integrated.

Ye Chen no longer wants to go to the temple.

"See the Lord!"

Two gatekeepers of Xuemei hall respectfully said.

There was only fear in their eyes.

At the beginning, ye Chen, with the power of one person, faced all the killers in Xuemei hall, crushed everything, and cut off the heads of Zhan Tao and the four elders with one sword!

It's a nightmare for them!

There is no way to crack the key sword!

Ye Chen nodded and went towards the inside. Before he stepped in, he heard the sound of shaking the sky!

"See the Lord!"

At this moment, the blood plum hall and dark hall of all the strong, divided into two rows!

Almost a hundred people in each row!

Almost all the people in the dark hall and the blood plum hall were recalled!

Hundreds of people kneel down together, the posture is unified, the eyes are firm and resolute, the momentum is released!

The top of the strong man in the blood plum hall forms a blood tiger virtual shadow! The top of the dark hall is a black dragon!

Black dragon and blood tiger hit the center!

Black and red crisscross, magnificent, gorgeous.

Ye Chen was shocked, which may be regarded as a surprise. The key is that he found that the strength of the strong men of the blood plum hall and the dark hall is much stronger than he imagined!

Ye Chen went to the center of the hall. A hundred people watched him and half knelt down, just like a king ascending the throne.

Ye Lingtian and Lu Lingfeng are at the end, looking at this scene and clenching their fists.

Their efforts these days are to wait for today!

The combination of the blood plum hall and the dark hall is absolutely a heavy ink for the Chinese martial arts bureau!

The key hall master is Ye Chen!

Ye Chen came to the stage, did not sit down, glance at the crowd: "get up."

"Yes, Lord!"

One by one, the figure of the surge, neat as one, proud in the world.

Ye Lingtian and Lu Lingfeng also stood up and took a step: "Hall master, can you be satisfied?"

Ye Chen nodded, then looked at two people: "I found that the strength of all people seems to have improved a few points, how is this going on?"

Ye Lingtian explained: "I'd like to tell you about this matter. This morning, the bottom of Xuemei hall cracked. We found that there was a special mineral vein under it. Countless auras surged from the ground, and many people broke through.

Now that gap has been blocked, please go to check it

Ye Chen's eyes are slightly narrowed. When he stepped into this place, he found that the geomantic trend here was a little strange. Why did the key blood plum hall set its headquarters in this chaotic

place? He thought it was for the sake of peace. Now it seems that the bottom of the blood plum hall definitely has a great chance!

"Show me."

Ye Chen ordered.

"Yes, Lord!"

.....

At the same time, a Hutong in the capital.

Lady Jun teahouse.

The location is very remote. There are only two people in the teahouse, Jiang Peirong and Jiang Jianfeng. They are very quiet.

Jiang Jianfeng took a sip of tea and said faintly, "Peirong, what's the matter with you asking me out? I came out from Jiang's house today, but I heard the old man's angry voice and heard that you were going back to Jiang's house?"

He always felt that his sister was different, but he couldn't say.

It's a subtle feeling.

Jiang Peirong opened the door to see the mountain and said, "Lin Juelong has taken Tianzheng away. I want Tianzheng back, and Lin Juelong is dead!"

Her voice was extremely cold, with an endless chill.

Chapter 390

Jiang Jianfeng just drank the tea in his mouth and vomited it out. His face changed greatly. He didn't care about his wet clothes. He said seriously, "Peirong, what's wrong with you? Last time for ye Tianzheng, you broke your face with the Jiang family and ruined your future. Now you have to do this again for ye Tianzheng? "

"What capital do you have? You have no relationship with Jiang family for a long time! Don't you know the strength of the Lin family? The Jiang family can't take risks for you

Jiang Jianfeng was very frightened.

In the martial arts circle of China, the strength of the Lin family is extremely terrible. Although both the Lin family and the Jiang family are at the tip of the pyramid, if we really want to compare, there is still some gap between the Jiang family and the Lin family!

Plus Lin Juelong, he is extremely special regardless of his identity and strength!

Kill Lin Juelong? Who is qualified in the whole Chinese martial arts circle?

Even if it is the existence of the top three in China's martial arts world, you should weigh yourself if you want to move Lin Jue long!

Is your sister crazy?

Jiang Peirong's murder was released, and the tea cup on the table trembled!

"Lin Juelong has destroyed the reunion of our family. He must die no matter what the cost."

Words fall, tea cup directly broken!

Seeing this scene, Jiang Jianfeng stood up directly, his pupils dilated, and he was surprised: "Peirong, have you stepped into the practice? And you have practiced the skills that elder brother brought out to you from Kunlun Xu?"

Can he not be surprised!

His sister, he knows better than anyone else!

I don't dare to be interested in practice!

At the beginning, the elder brother brought out a very strong cultivation skill book from Kunlun Xu, and asked Jiang Peirong to recite and practice. As a result, Jiang Peirong watched for about ten minutes and directly burned that precious skill!

The old man almost had a heart attack!

It never occurred to him that Jiang Peirong had already written down the skills. The key is to practice, and the realm is not weak!

Although this realm is nothing in his eyes, but this is only one night!

He knew that Jiang Peirong had the blood and spiritual pulse against the heaven, but it was too terrible.

"Jiang Jianfeng, no matter what, I want to see that person, no one can stop me. If you Jiang family refuses to help me, I will do it myself!"

"And would you like to help me? If you want to, I will call you second brother. If you don't want to, from now on, you and I have nothing to do with each other! "

Jiang Peirong is stubborn and resolute to the extreme.

Looking at the women in front of them, they suddenly found that they were like a mother!

In Jiangnan Province, ye Chen was the same!

Strong and arrogant to the extreme!

Key Ye Chen's arrogance has come true!

He even had a feeling that the mother and son would definitely make the stagnant water in the capital set off a huge wave this time!

Jiang Jianfeng calmed down, pondered for a long time, and said, "does Ye Chen know what ye Tianzheng is taking away?"

Jiang Peirong shook her head, and a trace of warmth appeared in her cold eyes: "he doesn't know. Although he is very strong now, he paid a great price for saving us last time. I don't want my children to take any more risks. I want to rely on myself

Jiang Jianfeng took a look at Jiang Peirong and said, "you are also right to do so. I see extremely terrible potential in Ye Chen. If he does not die young, he will become the first person in China.

But now he has no chance of winning Shanglin Juelong. He is more impulsive and frivolous than you. He may do something extreme

"Well, I'll do two things for you. First, I will persuade the old man to arrange for you to meet. It would be better if the Jiang family were willing to come forward. Second, I will try to rescue Ye Tianzheng, which is also a debt to you. "

Jiang Peirong's eyes turned red. She turned to be resolute and said, "thank you, second brother."

Jiang Jianfeng heard these two words and laughed: "everything is worth it."

.....

At the same time, ye Chen came to the bottom of the temple.

There are three floors under Xuemei hall, each of which is extremely open.

First, assassin training and modern weapons.

Ye Chen even discovered missiles and large-scale combat weapons.

The second layer, the dark network of Xuemei hall, data platform.

The third layer, the most mysterious, five layer encryption.

The doors on each floor are made of heavy metal.

Ye Chen opens five gates and lets ye Lingtian and Lu Lingfeng guard outside.

When he came inside, he found that there was a trace of aura in the whole space. Although it was weak, it did exist.

Ye Chen noticed another door.

According to ye Lingtian, the underground ore is exposed behind the door.

When he opened the door, a strong aura poured in!

The aura wrapped his whole body, and even made him a small step forward in his cultivation!

Originally just entered the clutch realm, now he seems to be the peak of the first level of the clutch realm! When he noticed the inside, he found a red vein instantly!

"This is This is a dragon vein of China! "

How can ye Chen not be surprised!

The dragon vein is very important for practitioners and Chinese!

It's about luck and everything!

A place where the dragon's pulse will break!

There are six dragon veins in China!

Kunlun mountain dragon vein, Xiqingshan dragon vein, Changbai mountain dragon vein, Taihang mountain dragon vein, Qinling mountain dragon vein!

Each dragon vein constitutes the territory of China's stability!

Kunlun Mountain is the "ancestor of mountains, the source of dragon veins", is the ancestor of dragons.

Why did Kunlun Xu become a training resort?

It is because there is a huge dragon under it!

Endless Aura! The whole third floor is filled in an instant!

At this moment, ye Chen was short of breath, and he kept walking towards the inside, and the feeling of rolling heat hit him.

The blood dragon in his body seemed to be aware of something, rushed out of the body directly, and was excited to the extreme by looking at the rolling dragon vein!

Bursts of dragon chant resound through the world!

The blood dragon absorbed the aura of the dragon vein, and its body expanded a little bit at the speed of the naked eye.

It just stopped when it was expanded by two-thirds.

Ye Chen walked around and found that the dragon vein was not as big as expected, covering about half an acre.

It can't be compared with the six dragon veins of China.

But even so, if this dragon vein is known by outsiders, it will definitely lead to countless strong people competing!

If you practice here, the efficiency will be much faster!

At the moment, ye Chen doesn't think much about it. He sits cross legged and tries to absorb the energy of this dragon vein. But as soon as he sits down, the black stone in his pocket floats out!

Reincarnation cemetery appears!

An old voice came: "boy, move this dragon vein to the samsara cemetery! We must move to the samsara cemetery! "

The voice is extremely fast!

This is from the tombstone that can be moved!

The power in the tombstone even wants to rush out!
