

Physician 3811

Chapter 3811

"Lord, is this punishment too much?"

"Yes, I kneel down to apologize for your family. Where is my face?"

"Patriarch, if the elder Taishang really kneels down and apologizes to the king's family, I'm afraid that the nine cold gate will be taken as a joke by the moon soul domain. Never

At the moment, a group of elders said in a hurry, but Ying Xiangyun was silent and did not speak with his head down.

Looking at a group of speaking elders, Luo Huai'an was furious, and suddenly stood up with a slap on the armrest.

"A bunch of bastards!"

Luo Huai'an burst out: "the reputation of jiuhanmen in the moon soul domain these years is very bad. You don't understand why? It is because you think highly of yourself, think that you are superior to others, and despise other sectarian forces, that leads to this result. "

"Ye Chen has arrived today, and has not taught you a lesson? He did not cross the realm of heaven and God and beat a group of your talented disciples without the ability to fight back. Can't he make you understand that there is a heaven in the sky and there is someone outside the human being? "

"The strength of the nine humble gates is not to let you show off as capital, but to give you the strength to struggle, understand?"

"Isn't it because he thinks he's a member of the nine poor families that he did this? Don't you realize that? "

Luo Huai'an's fury made the whole hall of Jiuhan vibrate endlessly. His great power of crushing the sky was suppressed in the sky of the people, making everyone feel that the mountain is on the top of the mountain, and at the same time, he is also scolded.

There is nothing wrong with Luo Huai'an. Pride can only make people regress. The problem of jiuhanmen is here now. If these elders and disciples don't understand this truth, jiuhanmen will surely decline.

At the moment, all the people in Jiuhan hall are ashamed. Even Ying Xiangyun has complicated eyes. He is also awakened by Luo Huai'an.

As a matter of fact, Ying Xiangyun was also a respectable existence a long time ago, eliminating evil and promoting good, punishing the strong and supporting the weak. However, after sitting in the position of the supreme elder for too long, he gradually became more arrogant and arrogant, believing that no one would dare to provoke him.

After that, Ying Xiangyun developed the evil habit of using strangers to study. At the moment, he was scolded by Luo Huai'an and suddenly woke up. Only then did he realize that he had done some heinous things in recent years.

"Lord, I have no objection to your punishment!"

At the moment, Ying Xiangyun raised his head, looked at Luo Huai'an and firmly said: "I will go to the Jun's house to treat the ancestors of the jun family in three days, and apologize to the jun family. After returning to the ancestral gate, I will punish myself and go to the Yinhan Valley for 300 years. During this period, no matter whether I live or die, I will never step out of the valley of yin and cold!"

"Yin cold Valley!"

Everyone was shocked to see Ying Xiangyun. Yinhan Valley is one of the most terrible dangerous places among the countless mountains in jiuhanmen. The wind howls all the year round, and any living

creature can hardly stay in the valley for a long time, and even will be frozen and blown away by the wind and turned into fly ash.

Hearing that Ying Xiangyun should punish himself like this, the people in Jiuhangmen are shocked, but I didn't expect Ying Xiangyun to be so cruel to himself.

But Luo Huai'an heard Ying Xiangyun's words, but he nodded with satisfaction, and his eyes showed a touch of gratification.

"Elder Taishang, if you can treat yourself so harshly, it means that you have realized your mistakes. In this case, I agree with your request. I hope that you can be reborn from the cold valley of Yin in 300 years, and then prove your original intention and return to full bloom!"

"Thank you for your good words Ying Xiangyun heard Luo Huai'an's words, his eyes were firm and his voice was clear.

At the same time, Ying Xiangyun also looked at Ye Chen and Jun Mo, and said sincerely, "two little friends, I have offended many people. I hope you can understand."

"Elder Taishang knows what's wrong and can correct it. Ye Chen admires him."

Ye Chen looks at Ying Xiangyun and says with his fist.

And Jun Mo at the moment, a complex look in the eyes of Ying Xiangyun, is also slowly clasping fists, to show forgiveness should Xiangyun.

Later, Ying Xiangyun didn't want to stay in the Jiuhang hall. He said goodbye to Luo Huai'an and left directly.

Luo Huai'an's eyes turned to other people in the hall, the ten elders and many disciples.

"And do you understand your mistakes?"

Luo Huaian asked deeply.

"I see."

The elder and the disciple said in one voice.

Hearing this, Luo Huaian nodded his head with satisfaction, and then said, "in this case, you should wait until the elder Taishang comes back from the king's house and go to the cold valley together with the elder Taishang."

"The elder has been shut down for 30 years, and the disciple has been closed for three years. This is also a punishment for your mistake. Do you understand?"

Ying Xiangyun's strength is above the mirror of heaven and earth. Although he is in danger for 300 years, he won't die. Although the time for the elders and disciples to close is short, Yin Han Valley is more dangerous for them, and they are likely to die.

But at the moment, no matter the elder or the disciple, there is no complaint, no opinion on Luo Huai'an's punishment. At this moment, all should be given.

"Well, then prepare for it. After three days, you will go to the Yinhan valley with the elder Taishang. Now all of you will step back." Seeing this, Luo Huai'an waved his hand, and these elders and disciples retreated one after another.

Seeing this scene, ye Chen can't help but look at Jun Mo, and their eyes flash with admiration.

Luo Huai'an is worthy of being regarded as the leader by the major forces in the moon soul realm. He is really powerful and full of wisdom in everything he says and does. Moreover, the people of his clan are obedient to Luo Huai'an.

The nine cold sect is indeed a large part of the moon soul realm. Both the elders and the disciples know their mistakes and can correct them. It is not surprising that such a sect can develop to this stage.

And at this time, in the samsara cemetery, Han Wenxin also has a deep look at the outside world and nods slowly at the moment.

"Angouzi, I really despise him. I didn't expect to grow to this stage. It's good."

At the same time, Han Wenxin also looks at Ye Chen. He has always believed in being free from cause and effect.

Han Wenxin has been pursuing the way of stability all his life. He thinks that he is invincible if he doesn't touch Cause and effect and avoids all troubles. However, ye Chen's indomitable style of never retreating in the face of danger also makes his ideas change slowly.

It seems that I am too steady

Han Wenxin looks at Luo Huai'an in a complicated way. At the moment, Luo Huaian makes the people of jiuhanmen retreat and looks forward to Ye Chen. Obviously, it is because of Han Wenxin.

At that time, Han Wenxin left without saying goodbye in order to cut off the cause and effect. But Luo Huaian has been so concerned about his adoptive father for such a long time, which also makes Han Wen's heart complicated. Maybe his practice at that time was a little wrong, maybe his pursuit of stability was not correct

At this time, Luo Huai'an looked at Ye Chen and glanced at Junmo. He said, "Junmo little friend, I have something to say with Ye Chen. I don't know..."

Smell speech, Jun Mo clear Luo Huai'an meaning, immediately get up and say: "good, I go outside to turn."

Thank you very much Luo Huai'an looks at Jun Mo and says with a smile.

Later, Luo Huaian looked at Ye Chen again, hesitated for a moment, and asked, "Ye Chen little friend, the voice I just heard..."

Hearing this, ye Chen knew what Luo Huai'an was thinking, but he could not reveal his own reincarnation graveyard and could not tell Luo Huai'an the truth. Therefore, he opened his mouth with a sense of shame: "I have a glass pearl left by master Han, among which there is a power of divinity left by master Han. Because of the danger in jiuhanmen, it has aroused the mind of master Han."

Hearing Ye Chen's words, Luo Huaian's eyes are complicated. He thought his master was back, but he didn't expect it was just a divine thought.

"I wonder if I can see you."

Luo Huaian can't help but say.

Smell speech, ye Chen in the samsara cemetery asked cold, whether willing to meet with Luo Huai'an.

The cold inquires the heart, the vision is complex, ponders for a while, but finally shakes his head.

"Come on, it's easy to expose your identity. It's still missing."

When he asked, he suddenly thought of something, and took something out of his body. It was a mirror with Holy Spirit flowing and magnificent breath. In this mirror, there were flowers, plants, mountains and rivers, which was obviously a different space.

"Give him this mirror, which I made specially for him in the past, but when I left, I took it away in order to cut off the cause and effect."

Looking at this mirror, ye Chen's eyes flashed, and then nodded, took the mirror in and withdrew from the samsara cemetery.

At the moment, looking at Luo Huai'an, ye Chen said with a slight apology: "Lord Luo, the spirit of master Han dissipated after being induced, but he left me something to let me give this thing to you."

After that, ye Chen hands the mirror to Luo Huai'an.

Luo Huai'an's eyes fell on the mirror and saw the beautiful scenery in the mirror. His eyes showed endless soft light.

"I didn't expect to see it again."

Luo Huaian took over the mirror with both hands, and the water vapor flowed in his eyes, and his excited body trembled slightly. Finally, he put the mirror close to his body and restrained his excited emotion.

After all, Luo Huai'an is already the master of a sect. Even if Luo Huai'an is in a big mood at the moment, he can't show it in front of Ye Chen.

Then, Luo Huai'an and ye Chen chatted for a moment. Luo Huaian suddenly thought of something, and his eyes flashed.

"Not long ago, a mysterious woman with a veil came to my nine cold gate. When the other party talked to me, she mentioned you and said that you were an extraordinary existence."

Luo Huaian looks at Ye Chen and says.

"Mysterious woman with veil?"

When ye Chen hears the speech, he moves in his heart, wears a veil and knows himself. It seems that he is probably the master of juechan emperor's palace.

"The other party is the descendant of Jue Han Emperor Zun, because he has some connection with my Jiuhuan gate. In those years, he deposited an ancient sacred object in my Jiuhuan gate, and the mysterious woman came to ask for it."

"I thought no one would take it, but now it seems that I think too much."

"Emperor Jue Han once left a word." "What do you say?" Ye Chen asked.

Luo Huai'an's eyes narrowed slightly, hesitated for a few seconds, and then said, "when you get the sacred things, you will be shocked by the world."

Chapter 3812

Luo Huai'an looks at Ye Chen with a playful smile. That day, the mysterious woman highly praised Ye Chen. After living for so long, he can see some clues. There must be some stories between Ye Chen and the mysterious woman.

Hearing Luo Huai'an's words, ye Chen nodded slightly, confirming that the mysterious woman in the other party's mouth must be the palace master of juechan emperor's palace he knew.

Later, ye Chen thought that the mysterious woman had been chased and killed by various forces before. He did not know whether she was out of danger now. He could not help asking, "where did she go after she took something?"

Looking at Ye Chen's concern, Luo Huai'an laughed and then said, "she took the ancient sacred object, but she did not leave too far away. At present, she practices on the top of a juechan mountain nearby."

"Just around the corner?"

Ye Chen eyebrows micro pick, it seems that after this matter, he should go to have a look, if the other party is in trouble, he can also help some.

After chatting for a while, ye Chen asked Luo Huai'an to leave. Luo Huai'an advised Ye Chen to stay a few more days. However, ye Chen was resolute and agreed.

Later, ye Chen finds Junmo and asks Luo Huai'an to leave. Luo Huai'an is kind and kind.

Before leaving, Luo Huaian called Ye Chen two people: "two little friends, after you will be my nine poor door guests, if you have any trouble, please come to me."

"Well, thank you for your attention."

Ye Chen's eyes trembled when he heard the speech. Luo Huai'an attached great importance to emotion and righteousness. He only told the other party that he only got an idea of cold inquiry. Luo Huai'an treats himself so friendly. It is conceivable that Luo Huai'an attaches great importance to love.

And Jun Mo looks at Luo Huai'an to turn to leave, also nod in admiration, to Luo Huai'an such Ming Jun Saint feels very admirable.

Soon, ye Chen and Jun Mo returned to the ancient city of matchless.

Just stepping into this ancient city, ye Chen and ye Chen attracted countless eyes, and those who saw them showed astonishment and anger.

"Damn it! Asshole

"You son of a bitch, you really saved Junmo from jiuhanmen. You offended jiuhanmen. You are going to kill our whole jun family!"

"Yes, both of you are sinners of your family. Junmo, you deserve to die for your crimes. The family will punish you and your family!"

At this moment, with a roar, ye Chen and Jun Mo's eyes are more cold, but they two lazy to pay attention to these people in Jun Mo's family, and go directly to the place where Junmo's parents live.

At the same time, Junmo's uncle and uncle also learned that ye Chen brought Jun Mo back, and they were scared out of their wits.

"It's over, it's all over!"

Jun Tianye's eyes were creepy at the moment, looking at his third brother Jun Chaoyang: "Ye Chen, this madman, has really brought Jun Mo back. This is a dead end!"

"Ye Chen's move must have angered jiuhanmen. When the time comes, jiuhanmen will bring down their sins. Don't mention that you and I will go to high positions, and the whole monarch's house may be destroyed. The elder will even wipe you and me out."

"No, I must let Jun Mo go back to jiuhanmen and kneel down to confess guilt, otherwise it would be terrible to blame jiuhanmen!"

At the moment, Jun Chaoyang is also pale, the next moment directly step out of the room.

On the other side, ye Chen two people have come to Junmo's parents' home. At the moment, there are many Jun's family around here. They want to make Junmo return to jiuhanmen immediately.

Looking at the appearance of these people, Jun Mo's eyes were cold, and he directly opened his mouth to drink and curse: "get out of here!"

Jun Mo's momentum was outspread, and the ancient blood style broke out. The magnificent blood light reflected on all sides, and the mighty pressure swept over. The eyes of these jun family members were appalled, and some of them even knelt on the ground directly.

Xueyou ancient style has too strong restraint on Jun's family. As long as you don't break through the mirror of heaven and earth, almost no one can resist the pressure of Junmo Xueyou ancient style.

Before Jun Mo was still full of feelings for Jun's family, and he was not willing to use Xueyou ancient style. However, what he did at the moment made him feel cold. Therefore, he broke out of Xueyou ancient style and directly suppressed these people with coercion.

"Don't get out of here. I'll wipe you out!"

Jun Mo eyes Lengran, looking at these people around the door yelled.

As soon as the words came out, these people felt a chill rising from their backs. They could not help shivering. They did not dare to be presumptuous at the next moment. They all turned away in fear.

After that, ye Chen enters Jun Mo's home with Junmo. Seeing Junmo's safe return, Junmo's parents weep with joy. They are grateful to Ye Chen, and even kowtow to thank him. They are helped up by Ye Chen, and then they return the six talismans to Ye Chen.

Looking at the warm picture of Junmo and his parents, ye Chen smiles indifferently. Knowing that he needs to get along with his family at the moment, he leaves directly.

As for the attitude and view of these people in the jun family, ye Chen doesn't care at all. If the elder of the jun family and others dare to embarrass Junmo, they will be the ones who will be moved by jiuhanmen.

Jun Mo sent Ye Chen to leave, and then went home to chat with his parents. After a while, he saw the elder with his family members."Junmo! You traitor, who told you to come back? Do you know that your return will destroy your family! "

"You have angered the nine poor families. You are dead. Ye Chen, this bastard, will surely die."

The old man's beard trembled in disorder, and he was frightened that nine cold men might be guilty. He wanted to kill Junmo town immediately.

"Yes?"

Jun Mo heard the elder's words, but his eyes flashed: "old man, you dare to say ye Chen one more, believe me, even if you die, you will pay the price!"

At the moment, Junmo's blood ancient body is activated, and the fierce pressure is sweeping. All the elders are shocked. He feels that the power in his body becomes slow, and it is very difficult to use it in front of Junmo.

"You rebellious, you still want to suppress me. The king's family treats you well, but you want to kill your family!"

At the moment, the elder was frightened and angry. He looked at Junmo and scolded, but he didn't dare to start.

The other elders of Jun's family, members of the Presbyterian Council, are also looking at Junmo with dignity at the moment. The suppression of Xueyou ancient style is too terrible. They are not necessarily the opponents of Junmo and dare not fight against Junmo at the moment.

Among them, Jun field and Jun Chaoyang are also there. Originally, they wanted to scold Junmo by their identity and let him go back to the nine cold gate. However, the momentum of Junmo's outburst at the moment made their hearts stand on end, and they did not dare to be presumptuous to Junmo.

For a time, Junmo and others stand in stalemate, then Jun Mo impatiently looked at them, convergence of the mind of killing, or can't bear to fight them.

"Go away. If you have something to say to jiuhanmen, don't bother me again, or I won't keep my hand. Then you will follow the example of Junhua and others!"

Chapter 3813

"Well? What do you mean, monarch them? Why are only you two coming back? "

At the moment, I'm afraid that the elder's face has changed and nothing happened to him.

"They?" Hearing this, Jun Mo sneered, "these shameless people have been killed by my own hands. If you dare to shout again, it will be the same fate! Now get out of here

Hearing this, Jun family members almost vomit blood, but dare not and Jun Mo tear face, finally or cold face turned away.

The great elder took a group of people back to the ancient blood temple. He sat on the front seat with a gloomy face and said, "gentlemen, Junmo, the traitor of Jun Mo's family, is extremely arrogant. Now that he returns to the king's house, he must have offended the nine humble families. How do you think this can be solved?"

On hearing this, the three elders' eyes flashed and couldn't help but say, "this matter is all due to Jun Tianye and Jun Chaoyang. As the direct elders of Junmo, they even let Junmo be so presumptuous. They should be severely punished!"

As soon as he said this, Jun Tianye and Jun Chaoyang changed their faces. They raised their heads and looked at the elder. However, they saw that the other side's eyes were killing each other. Obviously, they were moved to kill each other.

See, Jun Tianye two people are in the heart of fear, the body can not control the shaking up.

"Elder! I have a way. I can pretend to admit my mistake to my second brother. I am his eldest brother. He will not doubt me. Then I will poison his food. As long as I hold my second brother and his husband and wife together, Junmo will still listen to us! "

At the moment, Jun Tianye hurriedly looked at the big elder and yelled.

Smell speech, big elder's eyes flicker, it is to Jun Tianye's this plan some move, immediately then clap armrest.

"Good! In this case, I will contact nine cold door, ask them to open up, then you will start to take Junmo's parents, and I will personally send Junmo to jiuhanmen to plead guilty! "

The elder immediately said.

Later, the elder held out his hand and pinched the formula. The blood colored lines appeared in the void, and finally turned into a pool of bloody water. The water inside was rippling and the blood was magnificent. This is the technique used by the king's family to contact each other.

At the moment, the blood color of the water in the air rippled, and then a face appeared in front of everyone. This person was not others, it was Ying Xiangyun.

"Well? It's you. What can I do? "

Ying Xiangyun is ashamed of Jun's family. He also knows that Junmo may have returned to Jun's house. When the three-day deadline is up, he goes to his house to apologize. At the moment, he is surprised to see the elder and others contact him.

But the elder saw Ying Xiangyun, but his eyes showed fear. They had heard of yingxiangyun's cruelty. This time, the Junmo's return to the family must have angered Ying Xiangyun. If the other party committed a crime, it would be troublesome.

Therefore, the elder opened his mouth in panic and said, "the elder, the traitor Junmo is not sensible and dare to escape back from the nine cold gate. I will catch Jun Mo with my own hands and send him to Jiuhan gate. I hope you don't blame me."

Hearing this, Ying Xiangyun can't help but look strange. It seems that Jun Mo didn't tell all the people in Jun's family what happened in jiuhanmen.

However, to think of it, Junmo killed those royal guards in jiuhanmen. He should not be in harmony with Jun's family. It is normal not to tell these people what happened in jiuhanmen.

At the moment, Ying Xiangyun couldn't help but show an inexplicable smile, and then asked: "as far as I know, Junmo's blood you ancient body has a very strong suppression force on you. I don't know how you can capture Junmo and give it to me personally."

Hearing the speech, the elder looked happy. Seeing that Ying Xiangyun didn't seem to be angry, he said in a hurry: "it's easy to do. Junmo is a filial son. As long as he catches his parents, he can listen to us honestly."

"Don't worry, my Lord. These two men are brothers of Junmo's father. They won't doubt them. They will seize Junmo's parents with their own hands, and then Junmo will surely go to jiuhanmen again."

"Ha ha!"

Hearing the elder's words, Ying Xiangyun suddenly burst out laughing. At the next moment, he looked at Jun Tianye and Jun Chaoyang.

"You two, Junmo, as your nephew's closest relative, and his father as your brother, can do such a dirty thing. It's really eye opening to me!"

As soon as this word comes out, Jun's family are all stunned. Ying Xiangyun doesn't want to get Junmo. Why do you say so at the moment? What's going on.

Facing the doubts of the jun family, Ying Xiangyun's eyes were indifferent: "to tell you the truth, it was the old man's hand that killed the king's ancestors. The Lord has taught me a lesson. After a while, I will personally go to the Jun's house to cure your ancestors and kneel down to apologize."

"Ye Chen and Jun Mo, will be my nine humble guests, you people, take care of yourself

After that, Ying Xiangyun's eyes suddenly shot two cold lights. The cold light was so terrible that it appeared directly in the ancient blood temple through the bloody water surface, penetrating the body of Jun Tianye and Jun Chaoyang.

"Ah

At this moment, Jun Tianye two people's screams ring, their cultivation is actually should be Xiangyun abandoned."These two extremely shameless guys, I will teach you a lesson for Junmo. How to punish them is Jun Mo's business."

Then, the bloody water surface collapsed and the shadow of yingxiangyun disappeared.

The whole ancient blood temple, all people's faces are strange to the extreme, and even frozen, staring at the two Jun Tianye who fell on the ground and howled miserably.

All of us didn't expect that things would eventually develop into this way. Junmo's return not only did not offend jiuhanmen, but also became a VIP of jiuhanmen.

However, their ancestors were possessed by Ying Xiangyun himself. Ying Xiangyun was the enemy of the king's family. However, they wanted to send Junmo, which had the most potential and the strongest talent, to Ying Xiangyun's hands.

All the people in Jun's family learned the truth and felt extremely ashamed of what they had done. At the moment, they all looked gray.

At the same time, Jun Tianye and Jun Chaoyang are more frightened. They have done the most shameless things to Junmo's family for their own interests. Now Junmo has become a distinguished guest of nine humble families, and their fate can be imagined.

The first one who reacted to me was the elder. At the moment, he looked at Jun Tianye with murderous eyes. He directly opened his mouth and said, "come on, press up the two guys and send them to Junmo's house and give them to Junmo for disposal."

At the next moment, the big elders came to Junmo's house again, all kneeling to apologize, and told Junmo what happened when they contacted jiuhanmen, and personally sent Jun Tianye and Jun Chaoyang to Junmo for disposal.

Hearing what they said, Jun Mo looked coldly at Jun Tianye, the most intimate person in the past, but he was the most cruel to their family. In Jun Mo's eyes, there was an irresistible killing intention.

However, when he saw his father's complicated eyes, Jun Mo finally waved his hand and said, "let them two get out of your house and never return to the matchless ancient city."

"It's up to you!"

At the moment, the big elder agreed to go down, and then looked at the other nine members of the Presbyterian Church, and said with one voice: "Junmo, you are gifted and broad-minded. Our Presbyterian Council unanimously believes that only you are worthy to be the master of your family. Please take Junmo as your master!"

"Please come to the top

At this moment, a group of Jun's family members kneeling in front of the door are shouting, many people are from the heart, after they know the truth, and then look back at what they have done and what Jun Mo has done. They all see that Jun Mo is a man worthy of their respect and worthy of the position of master.

Just at the moment, Jun Mo looked at the elder and others, but he shook his head indifferently: "I will not be the master of the house, but I hope you people will behave well in the future, and don't do such shameless things."

Hearing this, the elder and others were shocked. They thought that Junmo was angry and insisted on asking Junmo to be the owner of the house. However, Junmo's attitude was very firm, and he didn't want to be the master of the house, so he finally drank them all back.

Later, Junmo stayed at home with his parents for a day, and he became a VIP of the nine poor families. His parents' status in Jun's family was bound to rise, and no one dared to provoke him in the future.

After getting along with his parents for a day, knowing that his parents would not encounter any trouble in the future, Junmo said goodbye again, and he wanted to go to Zha Tianmo emperor.

After the nine cold door incident, Junmo's friendship with Ye Chen is more profound, and his heart is also clearer. Ye Chen's future achievements are unlimited, and the closer he is to Ye Chen, the higher his future achievements will be.

Meet Ye Chen, is Jun Mo this life biggest chance, Jun Mo heart affirms, after no matter how, must follow Ye Chen about!

.....

On the other side, ye Chen also found Wei Ying's seclusion according to the position given by Luo Huai'an.

This is a towering mountain, the top of which is covered with endless ice and snow. The cold air even turns into a handle of frost blade, whistling on the sky like a forest cold hell.

At the moment, ye Chen stepped on the mountain and walked towards the top of juechan mountain step by step. At the same time, he also noticed a deep and vast, magnificent and majestic breath in the flow.

This breath is very strong, full of fierce fighting and boundless killing, extremely terrible, let Ye Chen's face slightly coagulate, can not help but speed up the pace.

Soon, ye Chen climbed the top of juehan mountain. He saw a figure sitting on the top of the mountain. It was the familiar mysterious woman, the palace master of juehan emperor palace.

At the moment, the mysterious woman is obviously breaking through, and even has attracted the vision when she reaches the key point of the breakthrough.

All around the mysterious woman, there were magnificent fighting spirit and killing intention, and even a ferocious and terrible virtual figure of Shura appeared and roared at the mysterious woman.

Seeing this scene, ye Chen's eyes flicker, and the mysterious woman's breath is somewhat disordered at the moment. It seems that she has been affected in the breakthrough, which leads to such a situation.

Chapter 3814

But in the face of such a situation, ye Chen can't help. On the contrary, his help will make the mysterious woman's situation more dangerous. After all, the skills they practiced are not the same source.

But at this moment, the breath of the mysterious woman is more and more concussive, and even ripples in the void. The fighting spirit around her becomes more and more intense, and even turns into a terrifying monster, roaring and roaring in the ears of the mysterious woman.

"Not good!"

At the moment, ye Chen realizes that the aura in the mysterious woman seems to be rioting, and a raging and crazy wave spreads between heaven and earth.

The next moment, the mysterious woman suddenly spit out a mouthful of blood, and her skin, as white and tender as jade, is even more cracked, and countless blood flows. She falls directly on the ground, obviously in a coma.

"How could that be possible."

Ye Chen frowns, mysterious woman's talent is extremely high, and has big secret, how can break through failure.

However, ye Chen can't help thinking about it now. The mysterious woman is extremely seriously attacked and even has the risk of falling down at any time. Ye Chen quickly comes to the mysterious woman and takes it in his arms. Without hesitation, he cuts his wrist and feeds his blood to the mysterious woman.

Although he is very curious about the identity of the mysterious woman and her face hidden under the veil, ye Chen is not a villain who takes advantage of others' danger. At the moment, he does not choose to lift the woman's veil to see her real face.

With Ye Chen's blood flowing into the mysterious woman's mouth, the aura in the mysterious woman's body is also slowly calming down, and her body, which has been severely damaged by the reverse bite, is rapidly recovered, and the broken wounds on the skin are well healed.

Looking at the mysterious woman's state calming down, ye Chen will let the woman go and sit on one side to protect her Dharma.

After a period of time, ye Chen noticed that the mysterious woman seemed to have a wake-up sign and could not help looking at the woman.

At this time, the mysterious woman's slender eyelashes blink, and then suddenly open her eyes.

Seeing the person in front of her, Wei Ying can't help but flash a flurry in her eyes. How can she expect Ye Chen to appear here.

At the moment, Wei Ying also remembers what happened before her coma. She got that ancient thing from jiuhanmen to break through, but it was eaten back. After she fell into a coma, she felt that she was in a warm place that she loved very much, and her body was warm. I'm afraid that was the result of Ye Chen's arrival.

"How could you be here."

Thinking of her coma, her identity is likely to be known by Ye Chen. Wei Ying is flustered in her heart, and her eyes dodge to ask.

Looking at Wei Ying's reaction, ye Chen felt a little strange, but he didn't hide it. He opened his mouth and said, "not long ago, I went to jiuhanmen to deal with some things. I just got your news from Lord Luo, so I came to have a look. I didn't expect to encounter you breaking through and being eaten back."

Hearing this, especially looking at Ye Chen's eyes, Wei Ying calmed down. It seemed that ye Chen didn't see her true face when she was in a coma, which made her a big sigh of relief.

"So it is. Thank you very much this time. Without your help, I might..."

Wei Ying said here, shaking her head, did not go on.

Although Wei Ying did not finish, but ye Chen was very clear about her meaning. She said with a smile: "you have helped me many times. I should help you when you are in trouble."

At the moment, ye Chen also opened his mouth and put forward his doubts: "but with your talent, breakthrough should not be difficult, how can it be backfired, even serious to such a point."

Hearing Ye Chen's words, Wei Ying's eyes flashed a touch of helplessness, and then said, "it's all because the things I get are too bad for me to control refining."

Hearing this, ye Chen can't help but be more curious. What is Wei Ying getting from jiuhanmen? She can even control her talent. It's terrible.

At the moment, without waiting for ye Chen to ask, Wei Ying went on to say: "not long ago, I realized that I had reached a breakthrough, so I came to jiuhanmen according to the will of juechan emperor, and asked for the ancient sacred things left in jiuhanmen."

"This ancient sacred object is named" crazy battle juechan Ding ". It contains a great sense of war. It is a big weapon raised in the mountains of corpses and blood. Although I refined it, it is difficult to control."

"After refining it for a few days, I have noticed the disorder of aura in my body every time I practice, and I have even been possessed by demons for many times. However, when I wake up, I find that the crazy battle juechan Ding has been suppressed a little bit, which seems to be the function of your blood."

Wei Ying said here, her beautiful eyes flashing at Ye Chen.

"Oh?"

Hearing this, ye Chen was a little surprised, and then he reflected that his reincarnation blood was unparalleled in the world. It was not surprising that he could suppress the crazy battle juehan tripod. What's more, there were some supernatural things in his blood, such as the water of the yellow spring and the spirit marrow of the moon liquid. It has a wonderful effect to suppress this crazy battle juehan Ding.

"I see. In this case..."

Ye Chen frets in his heart and grabs Wei Ying's hand.

At the moment, Wei Ying didn't expect Ye Chen to suddenly grab herself. Her pretty face turned red and her eyes were flustered. She wanted to break free, but she felt that ye Chen's hands were extremely warm and reluctant to part with her. At this time, Wei Ying suddenly found that a vast and profound power, containing infinite mysterious power, poured into the body and gathered into the fierce battle juehan cauldron. Wei Ying suddenly understood that ye Chen didn't want to touch himself, but to help himself.

Ye Chen's power is constantly pouring into Wei Ying's body, and he is aware of the existence of Jue Han Ding.

Ye Chen faintly found that his own power had a strong suppression power on the crazy battle juehan Ding. Then he used the moon liquid spirit marrow and the yellow spring water to suppress the crazy battle juehan tripod, which had extraordinary miraculous effects.

Aware of this situation, ye Chen eyebrows micro pick, eyes flash, he thought of a perfect solution.

"I can help you break through."

Ye Chen stares at Wei Ying and says.

"Really?"

Wei Ying can't help but smile at the words. She is very aware of the power of the crazy battle juehan Ding. These days, she also uses her internal strength to suppress it. However, no matter how much aura she uses, she can only suppress it for a short time, and it will lose its effect soon.

Therefore, although Wei Ying found that ye Chen's blood and strength were effective in suppressing the crazy battle juehan Ding, she did not think ye Chen could help herself. She was surprised to hear ye Chen's words.

"It's true, of course."

Ye Chen solemnly nodded: "I can draw the power that has a wonderful effect on suppressing the crazy battle juehan Ding to gather in your body, and then you immediately start to break through. If this crazy battle juehan Ding makes trouble and makes you have aura disorder in your body, I will immediately use this power to suppress it, but there is a premise."

Chapter 3815

Hearing this, Wei Ying's eyes flashed, and she hesitated to ask, "what premise?"

"If you want to do this, you and I need to have no obstacles..."

Ye Chen said here, the face is also some strange, and then a bite teeth and then said: "that is to say, you and I should be frank with each other

Hearing this, Wei Ying immediately blushed and glared at Ye Chen, but hesitated.

On the one hand, she wants to be frank with Ye Chen. Wei Ying is shy in her heart, but on the other hand, it is hard for her to break through because of the suppression of juehan Ding, which makes it extremely difficult for Wei Ying to make a choice.

"Just..."

After hesitating for a long time, Wei Ying looks at Ye Chen and glares at him fiercely again. However, she turns her back to Ye Chen and takes off her clothes without saying a word.

Wei Ying's skin is white and tender, full of whiteness, as crystal clear as suet jade, and her figure is even more charming, which makes people unable to move their eyes, and even has the impulse of nosebleed.

"Hoo..."

Ye Chen sees this scene, is also in the heart vibration, hastily adjusts the body breath, spits out a mouthful of turbid gas.

Immediately, ye Chen put his hands on Wei Ying's white, tender and smooth back, and the water of the yellow spring and the spirit marrow of the moon suddenly flowed into Wei Ying's body.

Ye Chen's plan has been told Wei Ying before. Now Wei Ying realizes that ye Chen's power is pouring into her body. She no longer worries about the shyness of meeting Ye Chen frankly. She quickly stabilizes her mind and begins to break through.

"Hum!"

In Wei Ying's body, the aura was surging. At the moment, the fierce battle of juechan Ding really aroused a vision, and all the fighting and murderous spirit swept out to hinder Wei Ying's breakthrough.

Aware of this situation, ye Chen's eyes twinkle with cold, and immediately urges the spirit marrow of the yellow spring water and moon liquid to crush the crazy battle juechan tripod violently to suppress it.

At the same time, ye Chen also crazily gathered the water of the yellow spring and the spirit marrow of the moon liquid into Wei Ying's body. The power of the fierce battle of juechan Ding was so terrible that even he could not resist it. He felt the pressure was extremely heavy, as if all the heaven and earth were crushing.

On the other side, Wei Ying, aware of Ye Chen's difficulty in resisting the fierce battle and Jue Han Ding, quickly stabilized her mind and made a breakthrough.

And at this moment, the Infinite War Spirit between heaven and earth swept, the murderous spirit was boiling, and a series of fierce and incomparable figures condensed on the sky.

This time, Wei Ying's breakthrough led to a more terrifying vision than before. This was obviously caused by the crazy battle juechan Ding, which was trying to hinder Wei Ying.

One after another, the terrible figures of suppressing the sky appeared in the sky, and the terrible breath circulation affected Wei Ying.

At this moment, the endless fighting spirit even condenses a picture of the ancient battlefield. Countless powerful people are fighting in the ancient battlefield. Ye Chen even sees the figure of juechan emperor Zun and the reincarnation master of previous generations.

"It's too terrible. What is this crazy cold Ding?"

Ye Chen's eyes vibrate, and at this moment, the fierce battle juechan Ding suddenly erupts endless power, which seems to crush the sky and shatter the whole world.

Along with the spirit marrow of the moon liquid and the water of the yellow spring, this mighty force bombards Ye Chen's body in an instant. Ye Chen's body makes a violent shock and spits out a mouthful of blood.

"Cough..."

Ye Chen's face was pale and his eyes were startled. This crazy battle juechan Ding suddenly ran away, and the power that broke out almost broke him off with Wei Ying, which made him fail to suppress the crazy battle juechan Ding.

Fortunately, ye Chen persevered, and he was not as desperate as he wanted to be. But then, a series of violent and magnificent forces swept Ye Chen like a storm.

Wei Ying arrived at the critical moment of breakthrough, and she was also crazy in fighting juechan Ding, and the magnificent strength was constantly sweeping out, which made Ye Chen's injury more and more serious.

Under such circumstances, ye Chen's internal organs are in shock, but he is still insisting, and his eyes are firm, and he vowed to help Wei Ying through the crisis and make a successful breakthrough.

With Ye Chen's help, Wei Ying was in a very stable state, and had no trouble. She gradually reached the critical period of breakthrough.

At the same time, in the place that ye Chen and ye Chen did not know, a towering mountain not far away stood a figure of great bank.

This figure just stands there, the infinite power between heaven and earth, mysterious rules will converge to the figure, as if he is the center of the world, is the master of the heavens.

If ye Chen sees each other, he must be able to recognize him. This is Ren, Ren extraordinary!

Ren Feifan looks at Ye Chen and Wei Ying with emotion in his eyes. Such scenes make him think of a lot of things in the past and shock his heart.

All of a sudden, the void behind Ren extraordinary came a burst of fluctuation, Ren extraordinary eyebrows a pick, turn to look.

I saw the void tear, and then a white dress victory snow, beautiful face, like the combination of all the good things in the world, the white haired woman calmly walked out and came to Ren extraordinary's side.

Seeing the sudden appearance of the white haired woman, Ren Feifan's always indifferent eyes even appear a touch of tenderness, like the melting of an iceberg for thousands of years.

"Mo Han."Ren fan smiles at the white haired woman and calls softly.

The woman in front of her eyes, named Su Mo Han, is Ren extraordinary's confidant, and she has a special identity.

In a sense, she is the master of juechan emperor, or in other words, the shackles that Jue Han Emperor Zun stepped into the final state at the beginning depended on her.

But the relationship is too complicated.

Later, Emperor Juechan fell down, and Su Mo Han never accepted his disciples.

At the moment, Su Mo Han and Ren Fei look at each other with a smile, and then Ren extraordinary's eyes are on Wei Ying.

"How about the girl? Have you ever considered accepting her as a disciple? "

He asked softly.

Smell speech, Su Mo Han did not answer, but stare at Wei Ying, hesitated for a moment and then slowly shook his head.

"I will continue to observe. The disciples I accept must be the strongest woman in the world."

When Su Mohan said this, his momentum surged like a supreme master. He was full of invincible breath. He even made the flowing snow on the top of the mountain still, which was obviously an extraordinary existence.

See the situation, any extraordinary indifferent nod, and no more words.

But Su Mo Han looks to Ren extraordinary, beautiful eye flows, mouth asks a way: "that bureau progress how?"

Hearing this, Ren extraordinary eyes suddenly a congealing, and then locked in the Ye Chen body, the corners of the mouth hook up a radian.

"Ye Chen's growth is the final direction of the game. It depends on his progress."

Hearing this, Su Mo cold red lips light open, just want to say something, but suddenly look at the back.

In the void behind Ren Feifan, there are several strong and magnificent breath, which seems to crush the sky after coming.

Chapter 3816

"Stupidity." Ren extraordinary disdains to sweep behind one eye, and then look to Su Mo Han, two people look at one eye, and then the body shape disappears on this mountain top, do not know where to go.

At the next moment, in the mysterious and vast dark space, a series of fighting spirit and murderous spirit emerge above the dark space, turning into a powerful existence and evolving into an ancient battlefield.

This ancient battlefield is grand and vast. The scene of the battle makes people feel shocked. This vision even shakes every corner of the dark space.

At this time, a figure appeared. The figure was majestic, with endless great power flowing around. He had white hair, and his face was very beautiful. However, he could not distinguish between male and female. It was the real body of emperor Shitian!

"This is..."

At this moment, the emperor Shi Tianmu light is staring at the ancient battlefield above the sky, his pupil shrinks, and his hand suddenly swings in the next moment.

"Hum!"

In this dark space, several dark green tortoise shells swept out and even floated above the sky. Eight tortoise shells were in all directions, emitting endless mysterious and profound miraculous waves.

The miraculous fluctuations were connected together, and the tortoise shell trembled. Blood light even emerged from the tortoise shell, and even turned into drops of bright red blood. Emperor Shitian saw this scene, and his pupils shrank suddenly.

"A great omen of evil!"

"It seems that the descendants of emperor Jue Han must be eradicated and can not be left."

Emperor Shitian suddenly turned around, tearing a void in front of him, and his will spread out along the void.

"Five killers of emperor yuan, go to the vicinity of jiuhanmen, find a breakthrough person, and kill her directly to me!"

The roar of emperor Shitian rang through the whole dark space, and the killing intention between words even turned into substance.

On the other side, in a vast hall of golden mansions, the figure of five roads sitting in a corner suddenly turned his face. At the next moment, his black robes shook, and the five people looked at each other and disappeared from the hall at the same time.

At this moment, on the top of juehan mountain, Wei Ying is still trying her best to break through. Ye Chen insists on helping Wei Ying suppress the crazy battle of juehan Ding. At the moment, she is in a very poor state and has no idea of the imminent danger.

But at this moment, the top of juechan mountain is faintly showing a road of inexplicable murderous spirit, as well as vast fluctuations.

Ye Chen and Wei Ying's looks suddenly congealed. They realize that someone seems to be coming. Moreover, the visitors are coming straight to the top of the extremely cold mountain. Obviously, it's not good for them!

Ye Chen next second, finger pinches Jue, originally calmly met two people instantly wrapped up clothes.

"Who is it?"

Ye Chen's eyes flashed, and a crisis rose in his heart.

But at this time, a line of figures is suddenly rushed to the top of the mountain, these people have extraordinary momentum, the circulation of the spirit of the vast.

Eyes locked in Ye Chen two people, suddenly burst out endless cold.

"I finally found you. What a slippery loach

At the moment, an old man with purple eyes gazed at Wei Ying with a cold smile.

"Ha ha! It's true that the emperor pays off his efforts. I didn't expect this woman to break through here. It's really God's help. How can you escape this time? "

Many people were standing beside the old man, laughing.

Ye Chen can also see that these people are obviously after Wei Ying. They should be the forces that have been forcing Wei Ying to run around in order to obtain the secret of juechan emperor.

Thinking of this, ye Chen's face is more and more dignified. Wei Ying has reached the critical moment of breakthrough. He needs to help Wei Ying suppress the fierce battle in her body. Both of them can't get rid of them. They can't resist the sudden arrival of these guys. Now it's a must die situation!

Wei Ying is making a breakthrough with all her heart. At the moment, she doesn't even notice the danger. Instead, it is the cold question in the samsara cemetery. At the moment, she suddenly appears in the samsara cemetery and looks at the old people who are getting closer and closer.

Cold inquires the heart to show a smile: "Ye Chen, my strength dissipates almost."

"Just one last time."

"MY reincarnation is just the beginning."

"We'll see you again."

.....

Beyond the cold mountain top.

"Hey, hey, I didn't expect there was a boy next to the woman. It's interesting now. You two should be a pair of desperate mandarin ducks!"

At the moment, the old man with purple eyes showed a sinister smile and walked towards Ye Chen step by step. The long knife flashing in his hand suddenly raised.

"Get out of here!"

At this time, there is a roar from Ye Chen's body. Above the sky, the shadow of a Holy Shield with ten thousand patterns appears. At the next moment, the tens of thousands of dragon patterns actually move between the heaven and the earth, sketching out a series of miraculous lines, covering Ye Chen and his wife.

The mighty and magnificent dragon pattern actually condenses into a sky shaking array, which directly guards Ye Chen and Wei Ying. On top of this array, there are many sacred dragons wandering around, watching the people outside utter a fierce roar.

Seeing this scene, the old man with purple eyes and the rest of the crowd all changed slightly. This array gave them a feeling that they could not be broken down and were extremely stable. "Damn it, who did it?"

The old man with purple eyes looked coldly around him. At the next moment, he suddenly cut his sword on the big array. However, he felt that a violent and incomparable great power swept over the array. His body trembled, and the long knives in his hands were flying backward.

Seeing this scene, the faces of many strong men on the scene changed slightly. They didn't expect that the battle was so strong, and their faces were gloomy.

In the heart of the great cold, the heart of the mighty will be stable.

But the next moment, ye Chen's face is slightly changed, not from looking to the reincarnation cemetery.

Ye Chen sees that the body of Han Wenxin is dissipating a little bit. It is obvious that Han Wenxin has just gathered a large array to guard himself and exhausted all his strength.

"Master Han..."

Looking at Han Wen Xin, ye Chen looks at Han Wen's heart and body dissipating, and his eyes flash with reluctance and gratitude. Han Wenxin has always been reluctant to let himself get into trouble, but he helps each time he is in danger. He doesn't want to let Han Wenxin leave.

"Hehe, boy, I can't help you in the future."

Cold asks the heart to look at Ye Chen's vision, heartily smile.

Hearing the speech, ye Chen looked solemn. At the next moment, he could not help but say, "master Han, you are the elder, and you have helped me a lot. Ye Chen has nothing to repay. I only hope that master Han can accept me as a disciple, and his disciple Ye Chen will remember forever!"

The two never had a complete apprenticeship ceremony.

Ye Chen does not want this to become a mutual regret.

Hearing this, Han Wenxin was shocked and looked at Ye Chen in shock. Ye Chengui was the master of reincarnation and was willing to worship him as a teacher. This made him sigh that ye Chen did not regard himself as an identity and treated others modestly. All along, he saw what ye Chen did and appreciated him more and more.

Chapter 3817

At the moment, Han Wenxin looked at Ye Chen with a smile and said, "well, since you are willing, I will accept you as a disciple."

Hearing the speech, ye Chen resolutely asked the heart of the cold and performed the master apprentice ceremony: "Ye Chen, please see the master!"

At the moment, the figure of cold inquiry heart is more and more dim, he looks at Ye Chen, in the eye has innumerable emotion flash.

"I'm afraid this battle can only stop these guys for a while. I can't help you any more. I hope you can get through the pain."

Cold asked the heart and said.

"Don't worry, master. Nothing can defeat me. Don't think about these guys."

When ye Chen hears the speech, his self-confident momentum breaks out. He looks out of the big array coldly and pursues a group of powerful people who come to Wei Ying, and his eyes flash with a sense of obliteration.

Seeing this, Han enquired, his eyes trembled, and then he looked up at the sky and laughed: "Ye Chen, you know, I am all in pursuit of stability. I isolate cause and effect, cut off everything, and want to be invincible, but I am wrong."

In the eyes of Han Wenxin, there was a dazzling brilliance in his eyes, and his voice said: "your every move, every word and action, I have seen in my eyes these days. It is you who have taught me that the strongest way is to crush everything with absolute power, and to be fearless of everything, is the truly invincible way."

"Now I think, I have given up too much in my life, just like Tong An Gouzi. I owe him too much. If I have a chance, I will not seek stability again. I will guard them and fight for a peaceful and prosperous age!"

At the moment, the figure of cold inquiry gradually dissipated, and finally turned into a wisp of smoke, leaving only the last word still wandering in the reincarnation cemetery.

"Ye Chen, I hope you can do what you want to do, climb to the top and shake the sky!"

At the moment, watching Han Wenxin disappear, listening to what he said, ye Chen's eyes flashed a touch of moved, the next moment toward the place where Han Wenxin disappeared, Lang Sheng promised: "master, don't worry, disciple Ye Chen, will never fail you!"

And outside the big array, the old man with purple eyes and a group of strong men are staring at the big array in front of them, gnashing their teeth one by one.

"Damn the guy, there is such a means, no wonder dare to break through here closed door!"

The old man with purple eyes could not help but curse.

"You old man, why don't we join hands to break the battle line, and the woman's ability depends on her ability."

At the moment, a black-and-white robe alternated, the man with a strange blue line on his body stood out and looked at the old man with purple eyes and said.

"Oh?"

The old man with purple eyes smelled his words, and then he grinned.

"With this intention, I really don't believe that this battle can protect them for a lifetime. When the battle is broken, I'll see what the two guys can do!"

"Well, in that case, we'll do our best and never have any reservation."

The man in black and white robes clapped his hands and looked around at many strong men.

There are 17 strong people who came here. All of them have great forces behind them. Their strength is also in the middle and late stage of mendianjing, and even the top strong ones!

At this moment, the power of the heaven and earth, which can't even move together, will make people shake together.

Ye Chen is in the big array and helps Wei Ying suppress the fierce battle juechan Ding in her body. However, she is also very clear about what happened outside the array.

At the moment, although the big array of cold questions has isolated these people, but after all, the heart of cold questions has dissipated, and the successors of the array are powerless. If these strong men join hands, it is only a matter of time before the big array is broken.

Thinking of this, ye Chen's face is more dignified. He looks at Wei Ying and says in his heart, "I hope you can break through faster, or things will be in trouble."

As soon as the idea rose, a roar came out of the big array. Ye Chen saw the shock of the big array, and a dragon on the barrier roared furiously.

But behind him, it was 17 strong people of mending the sky. They used their most powerful magic power to bombard the big array. At the next moment, they were all shaken out.

It seems that they can't shake the big array at all. If they attack hard, they may suffer serious injuries.

But at the moment, the eyes of the old man with purple eyes flashed with evil light. They realized that although the power of the array was not reduced, there were a few dragons circulating on the array, and the Holy Spirit of dragon power was weak.

Obviously, the big formation is weak for successors. Although it is strong at present, it can be broken as long as the strong attack continues.

Aware of this, the old man with purple eyes and others were greatly inspired. They looked at each other at the next moment and joined hands again.

"Purple light star meteorite tower, give me suppression!"

The old man with purple eyes roared and roared, and the infinite purple light burst out in his eyes. He even condensed a magnificent purple tower with incomparable power and incomparable weight. The purple tower did not hesitate to impact on the large array. At the next moment, it broke and the array trembled again.

On the other side, the black-and-white robe man is also angry, his body countless blue lines like insects squirm, the next moment blooming endless blue light."The evil wind cuts away the soul!"

A dark blue long sword suddenly condenses, as if to cut through the sun and moon, tear the sky, the mighty and incomparable edge cuts on the big array, and then it is also broken.

And a group of other strong people in sky mending environment all use their powerful magic power to attack the big array. Although it seems useless, the dimmer light of the array makes them know clearly. After a long time, the destruction of the array is inevitable!

In a twinkling of an eye, it has been half an hour since a group of strong men bombarded the array. At the moment, the light of the big array has been very dim, and there are even more than 100 dragons left in the upstream of the array.

Ye Chen has been helping Wei Ying suppress the crazy battle juechan Ding, but also observing the situation of the big array, at the moment his eyes suddenly coagulate.

"We can't wait any longer, or the battle will be broken and the situation will be completely dangerous."

Ye Chen moves in his heart and stares at Wei Ying. He already feels that Wei Ying has reached the last step of breakthrough at this moment. Although it is not over, he no longer needs his own help. He does not have to fight with juechan tripod any more and does not need to suppress himself.

At the next moment, ye Chen gets up directly and looks coldly and firmly at the strong men outside the array.

The strength of these people is too strong. Their strength is in the middle and later period of mendianjing. In order to help Wei Ying suppress the crazy battle of juehan Ding, ye Chen is still injured. At present, he is not in full swing.

I'm afraid there's some trouble in dealing with these strong men, but ye Chen is extremely firm and moves towards them step by step. In any case, he wants to protect Wei Ying and let Wei Ying break through successfully.

At the moment, the strong outside are still attacking the array violently, and ye Chen's figure suddenly turns into a streamer. The sharp edge of the evil sword in his hand flashes, and suddenly bursts out of the array.

Chapter 3818

"Get out of here!"

Ye Chen roared, the evil sword in his hand broke out, and the God of destruction swept out. The magnificent power of destruction crushed everything, and suddenly rushed to a group of strong men.

"Looking for death!"

"Son of a bitch, I didn't expect that you would dare to come out. It's a paradise where you don't go. Hell has no door. You break in!"

"Everybody, take this boy down first. The woman in it is nothing but a bag."

At the moment, a group of powerful people look at Ye Chen with horror, and the next moment they all turn the offensive to Ye Chen.

"Boom, boom!"

In a flash, ye Chen fights with these strong men. Ye Chen's body is injured and it's very difficult to resist them. But behind him is Wei Ying. The battle is about to be broken. Ye Chen can't step back!

Time goes by! And then all of a sudden!

"Hongmeng ancient Dharma, exterminate the divine light, explode for me!"

Ye Chen roared, and the breath of Hongmeng and the light of extinction surged out, and the notes of Hongmeng exploded towards these strong men.

Seeing Hongmeng's notes sweeping in, these people's faces changed slightly. This is Hongmeng's ancient method. Many of them have never learned it. I'm afraid Ye Chen has some background.

However, even if ye Chen's background is towering, compared with the secret of juechan emperor, it is not worth mentioning. At this moment, these strong men are killing the sky, and their strength is breaking, breaking the notes of Hongmeng.

"Arrogant boy, do you really think your own strength can stop us? Die to me

At the moment, the cold light in the eyes of the old man with purple eyes flashed. The next moment, he raised his hand abruptly, and the infinite purple light fell from the sky.

"Purple light sky kill sword!"

The old man with purple eyes roared, and the purple light on the sky actually condensed a huge and extremely fierce sword, which covered the sky and the sun, and fell towards Ye Chen.

"Not good!"

See this scene, ye Chen face color a change, quickly resist.

"Fahua is dead!"

Ye Chen drinks in his heart, and the light of Buddha rises abruptly.

At the same time, the fury of the sword and the fury of the sword burst out of the world.

And at this time, the black and white robe man's eyes flashed, the next moment suddenly hand.

"Blue light of death!"

The blue lines on the man's body turned into evil light and burst out at Ye Chen. Everything along the way was destroyed by the light and turned into nothingness.

Ye Chen has just blocked the giant sword of the old man with purple eyes. He has no time to react. The man in the black and white robe is too insidious to attack from behind, which makes Ye Chen unable to prevent.

"Bang bang bang!"

Withered body, a number of blue leaves of blood flow out of the hole.

At the same time, ye Chen's eyes are bursting out of endless forest, this black and white robe man secretly attacks, let him completely angry.

"Die for me!"

Ye Chen roared, and the sword of falling dust and falling dragon suddenly appeared in his hand. At the next moment, two rounds of blood moon rose from the sky, and the magnificent and mighty blood moonlight flowed down.

This vast blood light contains endless pressure, which frightens all the heaven and earth. As soon as it appears, it makes all the strong people on the scene look shocked.

At this moment, ye Chen is bathed in the endless blood light. The boundless blood moonlight is condensed on the sword edge, tearing the heaven and earth and cutting through the cold light of the whole world.

The next moment, ye Chen to the black and white robe of the man, suddenly cut out a sword.

"Reincarnation xuanbei agglomerates, the heavenly demon blood, opens! The blood moon slaughters the sky

Ye Chen is angry in the heart, his face is extremely pale, and the elixir power of the elixir field passes by crazily!

The man in black and white robes saw the sword, and his eyes were terrified. He felt that the breath of death enveloped him, just like falling into an endless hell.

"Not good!"

The man's face changed greatly. He raised his hand to resist, and looked at other people, "help me quickly!"

At the moment, hear the man's words, several people help the man, all attack to the blood red sword.

However, the invincible power and sharp edge of XueYue Tu Tian's chopping are beyond their imagination. These strong men just touch the bloody sword, and they feel the great power of crushing the sky. They can't make any reaction, so they directly vomit blood and fly out.

Then, the blood red sword light exploded to kill, and instantly appeared in front of the man in the black and white robe. The dark blue lines on his body were rioting at this moment, and endless gods wanted to stop him.

The next moment, blood red sword directly cut through the boundless God, and then swept over the body of the black robed man.

The man was cut from the middle by the blood red sword. He was not dead. His eyes were fixed on Ye Chen, and his lips squirmed. But before he could speak, the man's body suddenly vibrated. The next moment, it exploded and turned into blood mist.

Ye Chen, the most powerful sword, makes the eyes of the strong besieged frighten, even feel cold hands and feet, and have the impulse to turn around and flee. However, at the moment, ye Chen's state is worse after he has performed the blood moon butcher's chop. His mouth is covered with blood, and there are several shocking blood holes in his body. That is the result of the black and white robe man's battle. It is precisely because of his sneak attack that ye Chen is completely devastated.

It is obvious that ye Chen is at the end of his tether at the moment. The eyes of the purple eyed old man and others flicker and gather strength again. They want to kill Ye Chen and take Wei Ying.

Looking at these people, ye Chen's body was extremely painful, and he even felt like he was going to faint. However, he was extremely firm and invincible. He stood in front of the big array and did not step back!

"Boy, you're going to die!"

At the moment, looking at the guard in front of Ye Chen, a touch of Yin evil flashed in the eyes of the old man with purple eyes, and then approached Ye Chen step by step.

At the same time, other strong people are also the same at the moment, from all directions to surround Ye Chen.

Although Ye Chen is now at the end of his tether, he still scares them with his bloody moon and Tu Tianjian. People shudder at the thought of the tragedy of the black-and-white robe man, so he is more cautious and does not miss a flaw.

Looking at this group of people, they have to be so careful when they besiege themselves. Ye Chen has a scornful radian on his mouth. His body is sweeping with momentum. He looks at them coldly with a Sha sword and a dust falling dragon sword.

"Kill!"

At this moment, the old man with purple eyes suddenly burst out his hand, and the purple light in his eyes turned into infinite purple spines.

At the same time, the rest of the strong are also bold, one after another of the magnificent magic, like a broken sky burst to kill.

Seeing this, although Ye Chen is seriously injured, he still condenses the last trace of strength in his whole body.

"Destroy Shinto, spirit moon Dharma body, kill me!"

Ye Chen roared, and the body of the destruction Shinto and the spirit moon broke out together, and the magnificent power swept out along the two long swords in his hand.

Chapter 3819

"Bang bang bang!"

In an instant, all kinds of magical powers were broken, and the impact of shattering the sky swept over. Several strong men suddenly vomited blood and flew out.

And ye Chen is also a stuffy hum, the body was shocked by the impact, the next moment directly hit on the big array, kneel on one knee, difficult to stand up.

"Come again!"

Ye Chen angrily drinks a sound, the whole body bathes in blood, but the vision is cold as if invincible war god.

"Damn it!"

"It's hard to worry about. How can you not die?"

At the moment, a well-known strong man glared at Ye Chen like anger. With so many people besieging him, ye Chen could resist even now. It was against the heaven.

Moreover, ye Chen's situation of fighting back to back is even stronger than before, which makes them feel frightened.

However, although Ye Chen's momentum is magnificent, but the strength has basically dried up. These people are strong, we can see this.

"Boy, why do you have to fight in a desperate position? Admit defeat. We only want that woman. If you are willing to surrender to me, maybe I will spare your life!"

At the moment, the old man with purple eyes looked at Ye Chen and said coldly.

"Surrender to you? You deserve it

Ye Chen sneered.

At the same time, in the big array, Wei Ying is still trying her best to break through, but she has already noticed what happened outside at the moment, and also saw the appearance of Ye Chen injured.

Ye Chen is besieged by a group of people and bathed in blood. She seldom sees Ye Chen so down-to-earth, which makes her heart tremble and suffer.

"Ye Chen You must hold on, as long as I succeed in breaking through, none of these people will stay! "

Wei Ying roars in her heart that she is in the critical period of breakthrough and can't stop at all. Otherwise, instead of helping Ye Chen, she may suffer serious repercussions and die directly.

At the moment, Wei Ying's heart is extremely painful, her closed eyes can't help but leave crystal clear tears, sliding down the white cheek.

She thought of Ye Chen's guard in Beijing Normal University.

Same as now!

As if the picture overlapped!

At that moment, Wei Ying's heart was completely occupied by a young man!

Looking at a group of strong men in front of him, ye chenqiang held up and guarded in front of the big battle. His hands holding the evil sword were shaking, but he was still firm.

"In that case, I'll leave you here!"

Looking at Ye Chen, the old man with purple eyes has a sense of killing senhan in his eyes. At the next moment, the purple light in his eyes converges into an inexplicable array. This array contains terrible ferocity, as if it can erase all the existence in the world.

"The soul is scattered and centrifugal "Who are you?"

The old man with purple eyes was about to kill Ye Chen, but he suddenly realized that there was a wave coming from behind him. At the moment when the magic power was about to penetrate, he suddenly turned around, and the array in his eyes turned, and a light of destroying the world swept out.

"Looking for death!"

"Bang!"

Between heaven and earth, a roar rang out, and then an invisible wave swept through. The God of destruction suddenly burst. At the same time, a huge dark hand shattered the space, and directly came to the purple eyed old man and held him.

"You son of a bitch, you dare to attack me. It's a pity to die."

A cold laugh sounded, and then, in spite of the frightened voice of the old man with purple eyes, he grasped the black hand vigorously, and the old man directly turned into a blood mist.

At the moment, all the strong men who besieged Ye Chen showed a look of horror. The old man with purple eyes was the strongest among them. The existence of the nine layers of heaven in Butian realm was so crushed to death. Who was the other party.

When ye Chen saw this scene, his eyes were shaking, and his face became more and more dignified, because he noticed that the breath of the coming people was familiar and malicious.

At this time, above the sky, where the thunder burst, five figures slowly emerged.

these five figures as like as two peas in black robes are all alike. The only difference is their weapons, knives, guns, hammers and axes.

The momentum of these five figures is fierce, and they are connected at the same time. When they gather together, the void around them even collapses silently, showing their strong power.

And at this moment, people also noticed the sign on their robes, and they could not help changing their faces again.

"Emperor yuan hall!"

Ye Chen eyes a cold, staring at the other side cold voice said.

At this time, the five powerful emperors yuan hall, also evil smile, glanced at the people present, the next moment the line of sight condenses on Ye Chen, the cold light suddenly appears.

At present, the five powerful emperor yuan hall are the five killers sent by Emperor Shitian. They have a great future.

In fact, these five people are the five invincible killing intentions discovered by Emperor Shitian in an ancient battlefield. These five killing intentions come from five strong men respectively.

When the emperor Shitian discovered the intention of killing, five of them had already been born with wisdom. Later, they were taken over by the emperor and placed in the palace of emperor yuan. Their strength is in the half step of heaven and earth, but because they are all intent to kill, they can be regarded as the same root and the same source. After joining hands, their strength can even defeat the strong people in the ordinary heaven and earth, which can be called terrible.

And they named themselves after their weapons: sword, knife, gun, hammer and axe.

At the moment, Jiansha stares at Ye Chen, and suddenly appears boundless killing intention in his eyes. His voice is cold and his face is gloomy.

"This boy You can't keep him! "

"Oh? It's him. "

At the moment, Dao Sha looks at Ye Chen with a strange smile. They have all seen Ye Chen's illusion and know that ye Chen's identity is mysterious. If they encounter him, it's best to erase it.

Originally, they were preparing to deal with the descendants of juechan emperor Zun. Unexpectedly, they also met Ye Chen. Their luck was so good that they just hit the sky. At the moment, they just fired two shots and wiped them out!

At the moment, the strong men who besiege Ye Chen look at the five killers of emperor yuan, but they look frightened. They don't know why the people in the palace of emperor yuan came here. However, they dare not show any disrespect in the face of the five murders of emperor yuan, and dare not leave early. After all, the strength of the other side is there.

But at the moment, the emperor yuan Wu Sha didn't look at these strong men. Looking through the array, he noticed that Wei Ying was breaking through. He couldn't help laughing.

"When we wipe out this boy, we will kill all these guys by the way, and then we will solve the descendants of juechan emperor Zun. By then, our intention to kill will certainly rise, and we may be able to break through the mirror of heaven and earth."

A touch of greed appeared in the eyes of axe killing, and he whispered to the other four people.

"Well, in that case, let's do it!"

At the moment, Jiansha is also a cold smile, and then five people will lock their eyes on Ye Chen at the same time.

In an instant, the great power of suppressing the heaven swept in. Ye Chen's face did not change greatly. For the second time, he saw someone with such a powerful intention to kill. The first time was the powerful ghost girl who appeared in the samsara cemetery not long ago.

However, if ye Chen knew that the five killing methods of emperor yuan were invincible, I'm afraid he would know why.

At the moment, in the face of this vast killing intention, ye Chen was even pressed to the waist, and his face became more and more dignified.

"These five guys are too strong. I'm not an opponent, aren't they..."

Ye Chen's heart is cold. Subconsciously, he glances at the big array behind him. He is firm in his heart. Even if he is fighting for this life, he must protect Wei Ying.

At this time, the sword of emperor yuan's five murders suddenly flashed in his eyes. He was acutely aware of Ye Chen's momentary absence and seized the opportunity to make an instant move.

"The sword breaks forever!"

The sword surrounding the sword suddenly burst out. The magnificent intention of killing seems to pierce through the ages and penetrate the long river of time. In a twinkling of an eye, he appears directly in front of Ye Chen.

"Not good!"

At the moment, ye Chen's face suddenly changed. It's too late to dodge. He can only watch the sharp and sharp sword stab directly.

"Boom

At this time, the sky suddenly heard a sound of explosion, the mighty thunder fell from the sky, boundless clouds gathered, and the world was in darkness for a moment.

Far more terrifying than the five killers of emperor yuan, the killing intention diffused from the heaven and the earth, and the bodies of all the people were trembling, and the fear spread out from the heart uncontrollably.

In order to let the fierce power of the sun and the moon overturn, the void around Ye Chen collapses, and a virtual shadow suddenly appears behind him. His face is indifferent and his fingers are outstretched, and a long sword that is cut by the sword is clamped.

"Who are you?"

Seeing the sudden appearance of virtual shadow, Jiansha's eyes were terrified. He found that all his strength was suppressed. The sword was held by the other's fingers. He could not move at all. The other side was like a god of killing who had been living for ages and could not reach himself!

And at this moment, ye Chen's face changes slightly. He has found the shadow behind him. It is the ghost girl of the moon, the great master who appeared before the reincarnation cemetery.

"Hoo..."

The appearance of the ghost girl of the moon makes Ye Chen feel a little relieved, but his face is still dignified. After all, there are too many people who want his life at the moment. After all, the ghost girl of the moon is only a divinity, and it is not sure whether it can resist the other party.

"Sir, we are from the palace of emperor yuan. Are you sure you want to fight against us?"

Looking at the moon soul witch's expressionless face and cold look, the sword killed in the heart of inexplicable fear, can't help but say.

"Oh?"

Hearing this, the cold light in the eyes of the demon girl on the moon flashed, "emperor yuan temple? I know that if emperor Shitian comes, I may give some face, and you are nothing

The voice falls, the moon soul demon girl suddenly burst out of great power, boundless killing intention swept, her two fingers forced, the sword in her hand suddenly broken.

Then, the fragments of the long sword swept away towards the sword killing. In an instant, the sword was pierced through, and blood holes flew out one by one.

After finishing all this, she looked at Ye Chen and said faintly: "boy, remember, this is what you owe me. For the first time, I use my own strength to do it for you. Every time I take a step closer, I will take a walk" Now, my moon deer, you must help me find it."

Ye Chen Mou son a congealing, nodded: "thank you, elder."

Chapter 3820

"Big brother!"

Seeing that Jiansha was injured, the other four people's faces changed greatly. They quickly helped the sword down, but they found that the sword killing breath was weak and nearly died.

Seeing this scene, the other four people quickly transfer their internal strength to Jiansha, helping Jiansha stabilize the wound, and at the same time, they look at the moon soul witch with horror.

They really don't understand who the ghost girl is, and the murderous spirit on her body is even more majestic than they are. To know that their body is transformed into a form of invincible killing intention, how can this demon girl be more violent than them.

But I don't know about the five killers of Diyuan. The moon soul demon girl has scared the whole moon soul domain for hundreds of years. She has killed 600000 strong people. Her killing intention has already made the world tremble, far from being comparable to them.

At the moment, looking at the murderous appearance of the ghost girl of the moon, emperor yuan Wusha's face is dignified, and the next moment his eyes suddenly sweep to the strong men who besiege Ye Chen.

"I order you to join hands with me immediately to kill the woman and the boy. If you don't follow, the emperor yuan hall will not let you go!"

Dao Sha said in a tone of forest.

Hearing this, a group of strong people changed their faces slightly, but they could see that the power of the moon soul witch was extremely terrible, even the existence of the heaven and earth mirror. After all, the emperor yuan Wusha did not dare to act rashly in the face of the moon soul witch. Therefore, they did not want to fight against the moon soul witch, or even wanted to leave.

Just emperor yuan Hall's order, they dare not not not follow, at the moment tangled, but can only reluctantly agree to come down.

Seeing their compromise, the evil light in the eyes of the five killers of emperor yuan flickered, and the next moment he looked at the ghost girl of the moon.

"Since you don't want to face it, go to hell!"

The five killers of the emperor yuan suddenly roared, and behind him there was a shadow of a terrible battlefield. In this shadow, countless murderous spirits rushed forward. The figure of the five killers of emperor yuan suddenly entered the virtual shadow of the battlefield. At the next moment, it turned into boundless murderous spirit and finally condensed into one person.

"It's your honor to force us to use this move!"

At the moment, the existence of emperor yuan's five murders is huge, and his body is full of strange lines. His body is surrounded by knives, guns, hammers and axes, and there is a virtual battlefield shadow floating behind him.

The boundless killing intention gushes out from the battlefield shadow, and constantly converges on him. The integrated figure breath becomes more and more violent. Looking at the ghost girl of the moon, she suddenly bursts out.

"Kill me!"

This figure suddenly ordered, a group of strong smell speech also rushed to move.

Looking at these people who have been killed by explosion, especially the terrible existence formed by the integration of emperor yuan's five murders, ye Chen looks at the ghost girl of the moon with a flash of worry in his eyes.

After the emperor yuan and the five killers were integrated into one person, her strength broke through the heaven and earth, and she was extremely strong. After all, the moon soul demon girl was just a God. I don't know if she is the opponent of these people.

At the moment, the moon soul demon girl also noticed Ye Chen's look at her eyes, the corners of her mouth hook up a disdainful arc.

"In the dark zone, I don't think you're worth my effort, but now I've changed my mind. Don't worry. It's easy to deal with this group of waste!"

"But still need to use your body," said the ghost girl

Hearing this, ye Chen did not hesitate, immediately nodded to agree.

At this time, the fierce figure of emperor yuan's five murders had already brought a number of strong men to blast and kill.

Seeing this, the moon soul demon girl's body twinkles, and immediately enters Ye Chen's body. At the next moment, ye Chen feels that her body is under the control of the moon soul witch. At the same time, the powerful murderous spirit rushes out in the meridians.

"A group of local chickens and dogs!"

Looking at the figure from the explosion, the ghost girl of the moon sneered and immediately raised the evil sword of Ye Chen.

"The moon is cold in Kyushu!"

When the ghost girl of the moon roared, the evil sword suddenly burst out into endless cold light, and the fierce and murderous spirit swept out. Behind the ghost girl, heaven and earth were shaken, and all kinds of magnificent murderous spirit swept through, and a huge sword that shocked the heaven was gathered.

"Kill me!"

The moon soul witch cuts out with a sword, and the cold light on the evil sword sweeps out, and the giant sword behind him roars to keep up with it. Then the cold light merges with the giant sword.

At this moment, a crescent moon mark suddenly appears on the giant sword, and then it solidifies and becomes as real as before. It goes directly to the five killers of emperor yuan and a group of powerful men.

"Not good!"

The power of this huge sword is so grand that it seems to contain the most majestic power between heaven and earth. Before it gets close, it makes everyone feel creepy and chilly from the bottom of their hearts.

"That's the only way to do it!"

At the moment, the ferocious figure formed by the five killers of emperor yuan has a ferocious face. On this body, the faces of five of them even appear.

"Kill the world!"

At the next moment, the roar resounded, and the five faces opened their mouths at the same time. The five murderous spirits pierced through them.

The five gray God awns actually fused together, becoming more thick and terrible, extremely heavy. The void along the way was crushed, and pieces of space debris burst out. At the same time, along with the emperor yuan five kill a group of strong is also each show magic power, one after another rage technique sweeping roar.

In a flash, the giant sword collided with the gray God awn and countless magical skills.

"Boom

The impact of destroying the heaven and the earth is sweeping, and the breath of killing and cutting the whole world fills the four fields. The mighty and incomparable great power is almost going to overturn the heaven and earth.

"Bang bang bang!"

At this moment, a series of bodies flew out, and even the five killing of the emperor yuan, which was integrated into one, spat out blood. At the next moment, it suddenly exploded and turned into five invincible murderous spirits and smashed around.

With a sword, the ghost girl of the moon smashes all the enemies directly, which is extremely fierce.

After all, the moon soul witch is in the spirit state. After this sword, her strength is almost half consumed, and she is also swept by the fierce impact.

"Not good!"

At this moment, ye Chen's awareness of this scene is not dignified in his heart. Although his body is under the control of the ghost girl of the moon, if his body is hurt, his consciousness will also be hurt.

At the moment, the violent impact swept by, ye Chen did not even have time to make a response, then felt boundless pain, and then fell into a dark, coma in the past.

"This kid..."

The ghost girl of the moon feels that ye Chen is stunned by the impact, and shakes her head. At the moment, although the five killers of the emperor yuan and a group of strong men have been severely damaged by themselves, they have not lost their fighting power. Now they stand up again and look at themselves coldly.

"It's a pity that my power After all, the mind is the mind... "

Seeing this scene, the ghost girl of the moon frowned, but then she stretched out again.

Because the ghost girl of the moon has already noticed the waves coming from behind. It is the wave of breakthrough, and the sign of breaking through to heaven and earth.

"You're lucky."
