Chapter 3821

The angel of the mouth of the ghost girl of the moon draws a radiant. The next moment, she looks at the five killers of emperor yuan and a group of strong men, and directly returns to the reincarnation cemetery.

But ye Chen's body loses the control of the ghost girl of the moon, and suddenly falls to the ground.

Seeing this scene, emperor yuan's five murders and a group of strong men all looked very happy. Originally, the appearance of the moon spirit demon girl also made them extremely frightened. They were afraid that the moon spirit demon girl would break out and kill them all.

However, the ghost of the moon suddenly ignored Ye Chen, which is definitely a good thing for them. Kill Ye Chen and take Wei Ying!

"You guys, get him for me."

At the moment, the five killers of the emperor yuan, who had been severely damaged by the moon soul demon girl's sword, had just merged and then separated. Looking at a group of strong men headed by the old man with purple eyes, he pointed to Ye Chen and gave an impertinent command.

Hearing this, the purple eyed old man took a puff from the corner of his mouth. He would like to have a sword to hit the emperor yuan five times. However, he did not dare to have the slightest audacity on the surface. He honestly took people to Ye Chen.

On the other side, the five killers of emperor yuan looked at the big array, and the evil light in his eyes twinkled: "this array can't hold on any longer. One move can break it. When you kill the descendant of juechan emperor, you will be finished."

The next moment, the emperor yuan five kill then join hands to attack the big array.

But at this time, Wei Ying slowly opened her eyes, her eyes are endless flow of killing, her body is the flow of infinite Hongmeng air, the mighty power swept open.

"Whoosh!"

Wei Ying disappeared from the top of the mountain.

The old man with purple eyes came to Ye Chen with many strong men. Looking at the unconscious Ye Chen, a sneer flashed in his eyes.

"No matter how good you are? Can you stop so many of us? Stupid boy, you and that woman are going to die

Purple eyes old cold voice said, the next moment will reach out to grab Ye Chen, but at this time, a very cold voice sounded.

"Hello, this is the last word you heard before you die. Remember, there is no one in the world who can move in this palace!"

The voice is extremely flat, but it contains a terrible anger, as if a volcano is about to erupt, so that the face of the old man with purple eyes changed greatly.

"Who are you?"

The old man with purple eyes suddenly raised his head and looked to the front. However, Wei Ying's indifferent eyes looked over, and a cold light passed in front of him at the next moment.

"You..."

The old man with purple eyes only felt a chill in his throat. He could not help but feel a sense of horror in his eyes. He just wanted to speak, but his head had fallen on the ground. Before he died, the old man saw his feet.

"Heaven and earth! This woman has broken through to heaven and earth

At this moment, the cry of fear rang out, and all the strong men looked at Wei Ying in fear. After they looked at Wei Ying with murderous eyes, they felt their hands and feet were cold, and even their bodies could not help shaking.

"Run away!"

I don't know who called out, and the group of strong people suddenly scattered and fled in all directions.

Wei Ying broke through the heaven and earth, and her strength soared. These people could not be Wei Ying's opponents. If they stayed here, they would surely die!

A group of strong people fled in all directions. Wei Ying saw this, but her eyes were still. Her mouth was covered with a cold radiance. "Everyone can't run today."

At the next moment, Wei Ying's figure suddenly disappeared. On the top of the extremely cold mountain, Wei Ying seemed to be involved in the wind and snow all over the sky and disappeared, and there was no trace to find.

"Ah

A shrill scream suddenly rang out, which made everyone tremble in their hearts. Looking at the past, they saw that the strong man running in the front had fallen under Wei Ying's sword.

But at the moment, Wei Ying turned to have a look. The cold was endless in her beautiful eyes, and then Wei Ying's figure disappeared again.

"Ah

Another strong man was cut by a cold light and cut into two pieces directly. The scarlet blood gushed on the snow, and the picture was shocking.

One after another screams, those who want to escape the strong, are all killed by Wei Ying under the sword.

But at this time, the emperor yuan Wu Sha was looking at the front with a dignified face. Wei Ying, who had killed everyone, was walking towards them with a bloody sword.

"Dame, you dare to move us. Do you know that we are the people of emperor yuan hall?"

At the moment, Jiansha's eyes are creepy, and he looks at Wei Ying and says in a cold voice.

The five of them have just been severely damaged by the moon spirit witch. The magic power of the fusion cannot be used. They can not be the opponent of Wei Ying who breaks through the heaven and earth. They can only move out of the Imperial Palace behind them.

"Emperor yuan hall?"

Hearing this, Wei Ying's eyes suddenly solidified.

Seeing this, she could not help but feel happy. She thought Wei Ying was shocked.

But at the moment, Wei Ying sneered, "the people of emperor yuan hall? It's just right. What you want to kill is your emperor yuan hall! "

As soon as the words fell, Wei Ying didn't wait for the emperor yuan's five murders to react, and the sword suddenly pierced through.

"No, this crazy woman!"

Seeing this scene, Jiansha's face was startled and he yelled. He wanted to dodge, but it was too late. "Hiss!"

Wei Ying's sword pierced her eyebrows. She couldn't even fight back and fell to the ground.

Looking at the sword killed, the other four look ferocious for a moment. The five of them have been together since the birth of wisdom. The sword killed them and made them crazy.

"I'll kill you!"

"Die for me!"

The four people roared wildly, and the boundless murderous spirit swept out, and they gathered together again and turned into one person. The death of the sword stimulated them and made them burst out with terrible power, so that they could gather again.

But at the moment, after killing the sword and killing one person, their strength after integration is also lacking.

Wei Ying looked at the figure formed by the four people's fusion, but her eyes were indifferent, but she locked their chest position.

There, the four murderous lines flickered. Wei Ying immediately realized that this was the essence of Dao Sha and other four people, as well as their life gate.

"Kill the devil and break the soul light!"

At the moment, the voice of the knife killing four people rings at the same time, and a cold light of evil spirit shoots out from the eyes of this fusion figure, and it explodes to kill Wei Ying.

Seeing this, Wei Ying waved the sword in her hand, and a cold light lit up.

"Cut off the cold heaven and earth!"

This sword was comprehended by Wei Ying when she broke through the boundary of heaven and earth. It contains the mystery of heaven and earth and the great power of the world.

At the next moment, the cold light collided with the cold light, which broke in an instant, and the cold light suddenly shot at the chest of the fusion body.

"Not good!"

At this moment, Dao Sha and other people's frightened voices ring out. They didn't expect Wei Ying to see where their life gate was, and quickly took a hand to stop the cold light.

"Bang bang bang!"

All kinds of supernatural powers swept out, but they were so vulnerable in front of Jue Han Qiankun's chopping. They were frightened to find that they could not stop Wei Ying's sword, nor could they escape it!

"Ah

In an instant, the cold light stabbed on the four murderous lines, and the shrill scream sounded. The body made of Dao Sha and others suddenly burst, and endless murderous spirit appeared between heaven and earth.

But at this time, Wei Ying once again cut out a sword, the boundless cold swept across, instantly freezing the murderous spirit.

Chapter 3822

"Click..."

The four murderous lines suspended in the air suddenly broke. Dao Sha and others were killed successfully by Wei Ying.

At the moment, on the top of the extremely cold mountain, there is a corpse, and the scene is extremely terrible and cruel.

Looking at this scene, Wei Ying has no emotion in her eyes, but when she looks at Ye Chen, she has endless tenderness.

"Ye Chen, you are such a fool. You have never changed from China to other countries."

"Fool."

"Thank you."

Wei Ying appears in front of Ye Chen and carefully lifts Ye Chen up. The next moment, her figure flashes and disappears.

.....

In a cave, Wei Ying looks at Ye Chen lying on a stone bed in a coma, her eyes flashing.

During this period of Ye Chen's coma, Wei Ying takes good care of her. Until ye Chen's injury stabilizes, she is relieved.

At the moment, looking at Ye Chen in a coma, her indifferent and masculine face, Wei Ying's eyes are tender.

In order to help herself, ye Chen almost died, which made Wei Ying extremely moved, and ye Chen's injury also made Wei Ying very distressed.

Even if ye Chen has strong vitality! In the face of so many strong people, the wound is added to the wound, and the moon soul demon girl overdrafts the body's use! It's hard not to be unconscious!

gazing at Ye Chen's cheek, Wei Ying approaches Ye Chen slowly, and her red lips under her veil slowly approach.

Just as Wei Ying is about to kiss Ye Chen, ye Chen, who is in a coma, suddenly snorts and opens his eyes at the next moment.

Ye Chen looks at Wei Ying with dull eyes. His beautiful eyes make his heart beat faster. He can even smell Wei Ying's fragrance.

Very familiar!

this is even like a Chinese perfume.

"You..."

Ye Chen just opened her mouth, but Wei Ying stood up with a crimson face and walked out: "you wake up, I'll get you something to eat."

Seeing this, ye Chen shook his head, but at the next moment his eyes suddenly stagnated.

Looking at Wei Ying's back, ye Chen somehow overlaps with a figure in his memory. That's Wei Ying, the English teacher in Beijing Normal University.

He doubted more than once!

plus the smell that is close to Chinese perfume.

In my heart, I guess more clearly.

"Wei Ying..."

Ye Chen can't help but cry softly.

Hearing this, Wei Ying's delicate body, who was going to walk out of the cave, suddenly trembled, and her heart suddenly quickened: "have you been recognized?"

Wei Ying was flustered. She didn't dare to turn around. She pretended to be calm and asked, "what do you say? Who is Wei Ying? "

Smell speech, leaf Chen in the eye flashed a touch of gloomy, immediately shook his head, "nothing."

"Yes."

Wei Ying can't help but feel relieved, and then quickly walked out of the cave.

After the time, ye Chen has been healing, and when he recovered, Wei Ying proposed to leave.

"Wait a minute."

Seeing Wei Ying going away, ye Chen hesitated for a moment, and finally said, "I have found the heart of Shengyuan, but the heart of Shengyuan is divided into two parts by liudaozong and Zhenyuan hall. If you want to integrate, you must have a strong one in the world."

"The heart of the holy source?" Hearing this, Wei Ying looks at Ye Chen in surprise. She knows how powerful the heart of the holy source is, so it is very difficult to find the heart of the holy source. Unexpectedly, ye Chen found it in such a short time.

"Well, it's also a coincidence."

Ye Chen nodded quietly, and then took out the heart of Shengyuan, which was divided into two parts and suspended around Ye Chen. The mighty power flowed and the Holy Spirit was surging. Wei Ying's face changed slightly.

"The power of the heart of the holy source is so terrible that I am not sure I can merge."

Wei Ying frowned and shook her head.

"Not sure?"

Ye Chen looks surprised when she hears the speech. The ghost girl of the moon once told herself that the heart of the holy source can only be integrated by the strong in the heaven and earth. However, Wei Ying has broken through to the heaven and earth realm and can't do it.

We should know that Wei Ying is the descendant of juechan emperor's respect, and the palace master of juechan emperor's palace. If Wei Ying is a strong man in heaven and earth, he can't integrate the heart of the holy source. I'm afraid the fusion of the heart of the holy source will not be as simple as the ghost girl of the Moon said.

Ye Chen hesitated for a moment, and finally separated a divine thought into the reincarnation cemetery.

In the reincarnation graveyard, there is no ghost of the moon at the moment. Ye Chen opens his mouth and shouts twice, and the ghost girl of the moon comes out of the tomb stone of reincarnation.

Looking at Ye Chen, the moon soul witch's face is indifferent, seems to have guessed what ye Chen wants to ask.

"Thank you for your help. Do you know if there is a way to integrate the heart of the holy source?"

Ye Chen looks at the moon soul evil girl to thank way, he really to the moon soul evil woman hand help is very grateful. Smell speech, the ghost girl of the moon is cold hum, cold eyes looking at Ye Chen: "you should be very clear, I hope to revive my dead moon deer with the heart of holy source, you still want to ask me the method of integration?"

"Master yuehun, the heart of the holy source is of great significance to me. I can't give it to you, but I promise you that I will help you find the dead moon deer."

Ye Chen said helplessly.

Smell speech, the ghost of the moon is silent up, looking at Ye Chen, hesitating for a long time, this just nodded.

"In that case, I'll tell you how to integrate, but you have to keep your promise."

"Good."

Wen Chen did not agree.

Seeing this, the ghost girl of the moon doesn't talk nonsense. She points to the void directly.

The majestic and murderous spirit surges out along the slender jade fingers of the moon soul witch, converges in the void, and turns into a series of miraculous lines. These lines are connected in the void and finally become a huge array.

The array is magnificent, emitting mysterious and mighty waves. The Runes of brilliance flow faintly on the array. The array rotates slowly, and nine giant cauldrons condense and sit on the array, with endless pressure emerging.

"This is the Jiuding town sky array. Use this array to trap the heart of Shengyuan."

The ghost girl of the moon looked at Ye Chen and asked calmly, "did you write down this array?"

Smell speech, leaf Chen eye looks at array flicker, immediately nod a head, "write down."

Hearing this, the ghost girl's face changed slightly. The sky array in Jiuding town is extremely mysterious. Ordinary people have a headache to crack at one glance. It is impossible to write down at one glance.

"If you write it down, show it to me."

The ghost girl of the moon stares at Ye Chen and says.

"Good."

Wen Yan Ye Chen didn't hesitate at all. He pointed out immediately, and his spirit was surging out. At the next moment, a sky array of Jiuding Town, which was much smaller than that of the ghost girl of the moon, was formed.

Although the process of Ye Chen's condensing array is tortuous, it doesn't waste too much time to condense successfully.

Chapter 3823

Seeing this scene, the moon soul demon girl looks at Ye Chen's eyes and is shocked. Ye Chen's talent is simply against the sky and is an inhuman existence.

"Really..."

The ghost girl of the moon glared at Ye Chen and shook her head.

Seeing this, ye Chen is a little baffled. I don't know why the ghost girl is like this.

But at this moment, the moon soul demon girl is once again pointing out: "since you can learn Jiuding town sky array at one glance, this should also be OK."

At the fingertips of the moon spirit witch, a series of fierce and murderous gas swept through. At the moment, they condensed into mysterious runes in the air. These runes arranged in order, and finally turned into a flame and burned up.

Seeing this scene, ye chenmu was surprised. The flame was actually made up of arrays. The blue flame contained extremely terrible divine power. The fierce heat could even melt the sky, which was extraordinary.

"This is Xuanyin Zhenyuan fire, which can melt the broken place of the heart of Shengyuan, so that they can converge again, but you should be careful."

The ghost of the Moon said here, her face became solemn.

"Oh? Be careful what. "

Ye Chen can't help being serious when he hears the speech. He looks at the ghost girl seriously.

"The power of the heart of the holy source is too strong. If it is integrated, it will break out a great wave. At that time, the whole foreign countries will feel it, and some people will covet it. At that time, it will inevitably come from the very powerful generation. I'm afraid I can't help you."

The moon soul witch looks a little dignified. The power of the heart of the holy source can even make the strongest people move. If the wave spreads out outside the domain, it will certainly shake the whole territory, and even lead to a bloodbath.

Hearing this, ye Chen nodded slightly, and his heart sank slightly. If the integration of the heart of the holy source is really as dangerous as the ghost girl of the Moon said, then he should make full preparations.

And at this moment, the moon soul witch looked at Ye Chen and said again, "well, the method has already told you, and the matters needing attention have also been told to you. If you have nothing, don't bother me again."

After that, the ghost girl of the moon returned directly to the tomb stone of samsara.

Seeing this, ye Chen shrugged helplessly, but the character of this great power is somewhat cold.

After that, ye Chen returns to her mind and looks at Wei Ying. She tells Wei Ying how to merge the heart of Shengyuan. At the same time, she teaches Wei Ying the two arrays.

Compared with Ye Chen's adversity, Wei Ying spent some time learning these two skills, but it didn't take long.

Wei Ying was very surprised that she could use fire to condense.

After learning Jiuding Zhen Tian Zhen and Xuan Yin Zhen Yuan Huo, Wei Ying also put forward her own requirements.

"These two arrays can really help to integrate the heart of the holy source, but it is still difficult to achieve integration."

"Or not?" Ye Chen can't help frowning when she hears the words. Since the moon soul demon girl has told herself the method of integration, she should not hide her secrets. But Wei Ying is already in heaven and earth, and the realm has reached the requirements. Why not.

"It's not very difficult to learn this array, but it takes some time to master it. I'm afraid you can't wait that long. So I need some help."

Seeing ye Chen puzzled, Wei Ying immediately explained.

"Well, I don't know what I need."

Hearing this, ye Chen breathes a sigh of relief. What Wei Ying needs is just to help the array improve its power, not something hard to find.

"This nine tripod town sky array corresponds to nine attributes respectively. I need these nine kinds of spiritual objects to improve the power of Jiuding town sky array."

"The Xuanyin Zhenyuan fire, because it is condensed from the array, is still lack of some spirituality. Before I have mastered it, it is very difficult to cultivate the spiritual connotation with the array, which can only be supplemented by external objects, that is, the spiritual flame can be added to it."

Wei Ying said to Ye Chen seriously.

Smell speech, ye Chen is indifferent smile, what Wei Ying needs is a piece of cake for him.

"Nine attributes of the spirit, the elixir should also be ok?"

Ye Chen looks at Wei Ying and says.

"Of course."

"That's easy."

Hearing this, ye Chen waved his hand, and the nine spirits filled with vitality. The miraculous medicine with Hongmeng flavor emerged out of thin air.

"Nine kinds of elixir should be able to be used in nine kinds of tripod"

"Good."

Hearing this, Wei Ying nodded and collected the nine miraculous herbs directly.

But at this moment, ye Chen's body shakes, the burning stele flies out, a divine fire sweeps across the sky, falls in front of Wei Ying and turns into a small fire dragon.

The fire dragon's eyes are rolling, which looks full of spirituality. At the same time, its power is also very powerful and extraordinary.

This is the fire of burning stele, which contains spirituality and has the power to melt the heaven.

Seeing this, Wei Ying could not help but brighten her eyes: "very good, since you have everything I need here, I can immediately integrate the heart of the holy source." "No

Ye Chen waved his hand, and his face was slightly dignified. "The integration of the heart of the holy source is likely to produce extremely terrible fluctuations, and even shake the foreign countries at that time. We should be prepared in advance, and it is best to cover this wave."

"So..."

After hearing the words, Wei Ying is also very calm. She has just ignored the movement and stillness that will occur after the integration of the heart of the holy source. Before the heart of the holy source is fused, it has such a terrible power. If it does, it may shake the whole country.

Ye Chen thought for a long time, and finally decided to use the chart of the yellow spring to cover the fusion of the heart of the holy source. In his hand, only the chart of the yellow spring can be used for a try. What's more, if the chart of the yellow spring is difficult to cover, I'm afraid there is nothing that can be done in this world.

However, ye Chen's current state is still too low. If you want to control the chart perfectly, you can only use the power of the chart to cover it.

.....

At the same time, many forces outside the region are in constant turmoil at the moment, because they find that all the strong people they sent out are dead.

The whole top of Jueshan mountain is a purgatory. People who see this scene feel cold and furious.

"Damn it, those who dare to kill my purple Tong clan are looking for death!"

"Hum, I dare to move the blue devil blood clan, so I must kill her!"

At the moment, a roar sounded, and many powerful forces joined together at the moment. They knew very well that the strong man sent out from the family was after Wei Ying.

But now the strong family members are dead here, and there is still Wei Ying's breath. Obviously, the death of these people has something to do with the mysterious veil woman.

At this moment, these powerful forces not only want to obtain the supreme secret of juechan emperor, but also want to revenge Wei Ying. The family's anger must be vented!

And at this time, several mysterious breath, cold eyes of the figure also appeared on the top of juechan mountain.

Chapter 3824

At the moment, looking at the top of juechan mountain, a flash of cold light flashed in the eyes of these figures.

However, the high-level officials of these major forces turned pale when they saw the appearance of these figures. They actually belonged to the emperor yuan palace.

"Since you want to unite, you might as well count me."

At the moment, a strong man in the palace of emperor yuan, whose eyes seemed to twinkle with colorful gods, said with a strange smile.

Hearing this, the faces of the senior leaders of the major forces changed slightly. It is hard to predict whether it is good or bad to cooperate with the emperor yuan palace, but they are not good at rejecting it.

"Since you have said so, of course you can."

At this moment, the people agreed.

"Good."

Hearing this, the powerful man of the palace of emperor yuan with colorful eyes nodded his head in satisfaction, and then opened his mouth and said, "from today on, emperor yuan hall and your big families will join hands to blockade the whole moon soul region, and we must find out the mysterious girl!"

Speaking of this, a violent killing opportunity flashed in the eyes of the powerful man in the palace of emperor yuan with colorful eyes. The five killing of emperor yuan was killed by a mysterious girl, which has already made the whole palace of emperor yuan furious, and the mysterious girl must fall down!

Hearing that the other party wanted to blockade the whole moon soul domain, just to find out the mysterious girl, the high-level of the major forces was even more shocked. It seems that the emperor yuan palace was really angry this time.

"Hey, this little girl, who dares to kill the emperor yuan hall, she's dead!"

Some people gloat, and others look discontented.

"Hum, the emperor yuan hall is so powerful that it has to block the whole moon soul region as soon as it comes out. But I'm afraid that we can't match the secret of emperor Hanzun if the emperor Yuandian makes a move."

At the moment, the people are full of evil thoughts, but they dare not say it in front of the powerful emperor yuan hall. They can only accept it honestly, turn around and leave, and pass the news to the clan.

For a time, the whole moon soul domain was in a state of turbulence. Powerful forces from all over the country made a lot of noise. Those who did not know thought that the doomsday was coming, while those who knew it were all lamenting for the mysterious veil girl.

With the cooperation of various forces, Wei Ying, even the descendant of juechan emperor and the palace master of juechan emperor's palace, could not resist.

When the whole moon soul domain is blocked, Wei Ying hides in the ends of the earth and has to be dug out. It is almost certain that Wei Ying will fall down!

Of course, ye Chen and Wei Ying are not aware of what happened outside. They are still planning to integrate the heart of the holy source.

Now ye Chen and his wife, in order to integrate the heart of the holy source more easily, have come to a continuous mountain range and find a valley full of aura here.

At the moment, ye Chen and Wei Ying are standing in the center of the valley. Ye Chen looks solemn and takes the lead.

"Hum..."

As soon as the chart of the yellow spring is urged, it will send out the movement that shakes all over the sky, and even the mountains will collapse. The waves of the chart are too vast, and the fierce beasts in the whole mountain range howl.

The power of the yellow spring map is too terrible, and the turmoil caused by this world is extremely serious. If it is detected by a person with intention, it will bring endless danger.

Fortunately, ye Chen has made preparations in advance, and directly covers the chart with Hongmeng Qi and Lingyue Dharma, which does not let the mighty power and breath of Huangquan map spread out.

At the moment, the sky blocking chart of the yellow spring is suspended above, the magnificent air flow of Hongmeng turns, ye Chen looks dignified and controls the chart with all his strength.

And at Ye Chen's side, Wei Ying is also very serious at the moment, slowly stretched out her fingers, and Sen Han's aura surged out.

"Hum..."

A series of ripples emerge out of thin air, connected head to end, and finally condense into a large array. On top of the array, nine cauldrons with magnificent breath and endless suppression power emerge.

At the same time, Wei Ying is also a delicate jade hand, nine miraculous herbs suddenly fly out, respectively into the nine big tripods.

The elixir quickly melted in the hall, and then sent out a series of different colors of brilliance, into the tripod, making the tripod look more real.

For a time, the power of the Jiuding town sky array increased greatly, and the strong force of suppression even made the valley where ye Chen and ye Chen lived collapsed.

At this moment, Wei Ying again, the heart of the two halves of Shengyuan flew into the big array.

Without Wei Ying's control, the heart of Shengyuan immediately wanted to escape from flying. However, at the moment, the power of the sky array in Jiuding town broke out, and the nine tripods exuded a magnificent radiance, which faintly condensed into a world, enveloping the heart of Shengyuan.

No matter how hard Shengyuan's heart struggles, it can't break the Jiuding town sky array at all. It's even frozen in the center by the mighty force of suppression and can't move.

"Now!"

Seeing this scene, the light in Wei Ying's eyes flashed, and she pointed it out at the next moment.

"Xuanyin Zhenyuan fire!"

Wei Ying lightly drank, and a string of runes emerged out of thin air, enveloping the heart of Shengyuan, and then the huge fire rose into the sky.

The heart of the holy source was roasted by this flame. For a moment, it was found that it was not right. Suddenly, it was frantically struggling. All the magnificent holy gas swept through, but it was melted by the flame one after another. At the moment, ye Chen can see that the power of yuanhuo in Xuanyin town is not enough to melt the heart of Shengyuan, so he immediately raises his eyebrows.

"The burning stele comes out! Xuanyan! Fall

A full of spiritual flame swept out at the moment, and instantly integrated into the Xuanyin Zhenyuan fire.

For a while, the flames rose again, the terrible heat wave swept over, and even scorched the mountains, and countless plants and plants turned into fly ash and scattered with the wind.

In the yuanhuo of Xuanyin Town, the heart of Shengyuan broke out completely. It was already aware of the danger of being melted. The two halves of Shengyuan's heart beat like a heart.

"Bang bang bang!"

With each beat, there is a mighty wave between heaven and earth, as if the heart of heaven and earth is trembling. At this moment, countless sand and stone fall from the endless mountains.

"The heart of the holy source is so extraordinary that it can resist it!"

When Wei Ying saw this scene, her eyes were also shocked. Under the suppression of the two battle formations, they could not help but feel the heart of the holy source. What kind of great power does the heart of the holy source contain.

What's more, this is not to refine the heart of the holy source, but to melt the broken place of the heart of the holy source again, and fuse the two halves of the heart of the holy source together, which will cause such a shock. It is too terrible.

At the same time, ye Chen's face changed slightly, and the vision brought about by the beating heart of Shengyuan was very shocking. At the moment, the picture of the yellow spring had a vague feeling that he had to hold his breath and concentrate, wholeheartedly and exert all his strength to stabilize the chart.

With the continuous baking of yuanhuo in Xuanyin Town, the heart of Shengyuan is beating more and more fiercely, and the waves transmitted are more powerful. Ye Chen clenches his teeth and feels that his internal strength is rapidly consuming. It is also a test for him to use the chart of the yellow spring to cover the fluctuation of the integration of Shengyuan's heart.

However, there is a good thing to happen, that is, the heart of Shengyuan was roasted by yuanhuo of Xuanyin Town, and the broken place began to melt slowly. Wei Ying was gathering all her strength to try to connect the two halves of the heart of Shengyuan.

"Hum!"

The two halves of the heart of the holy source are connected together. At the next moment, a magnificent light column of holy gas suddenly rises into the sky and collides with the sky array of Jiuding town above, nearly breaking the sky array of Jiuding town.

As a result, ye Chen's face changes slightly. If the sky array of Jiuding town is broken, the Holy Spirit will rush straight up. If the chart of the yellow spring can't be stopped, the fluctuation of the integration of the heart of the holy source will be transmitted to the outside world, which will lead to great risks.

No wonder the moon spirit witch said before that the integration of the heart of the holy source will bring terrible visions, and even make the whole region shake. Ye Chen is extremely careful.

At this moment, as the fracture of the heart of the two halves of the holy source is getting closer and closer, a series of magnificent columns of holy gas light are rising one after another, and constantly collide with the sky array of Jiuding town. Fortunately, Wei Ying controls the big array, which is powerful and powerful. Although the array is shaken, it is still stable.

With the continuous integration of the heart of the holy source, the vision also changed. Not only did a column of holy gas rise to the sky, but in the whole sky array of Jiuding Town, the mighty holy Qi emerged and flowed in the void.

There are more and more holy Qi, which seems to be endless. Finally, it turns into a huge holy gas storm in the sky array of Jiuding Town, which is rampant everywhere, and makes the sky array of Jiuding town vibrate endlessly.

"Can you hold on?"

At the moment, ye Chen looks at Wei Ying and asks with some worry.

Wei Ying is exerting all her strength to control the big array and integrate the heart of Shengyuan. Hearing Ye Chen's words, she firmly bit her silver teeth.

"Not to the limit, I am sure that the heart of the holy source will be completely integrated."

Wei Ying confidently said that, after all, the melting methods given by the ghost girl of the moon are quite extraordinary. In addition to the miraculous medicine and spiritual flame that ye Chen relies on, Wei Ying is quite sure.

Smell speech, ye Chen rest assured, nod, at the same time not forget to tell a way: "if it is difficult to maintain, then immediately stop."

"Good."

Wei Ying's eyes flashed a soft light, and then agreed to come down.

At this moment, the raging holy gas storm in the sky array of Jiuding town is growing stronger and stronger, even connecting the heaven and earth, and the holy gas light pillars are more and more magnificent.

Correspondingly, the fusion of the heart of the holy source is at a critical moment. Ye Chen can see the fracture of the two halves of the heart of the holy source. At the moment, most of them have been fused and adhered together like liquid.

Under the suppression of the heaven array in Jiuding Town, although the two halves of the heart of the holy source tried their best to resist, they were also slowly approaching. It seems that it will not be too long before we want to fully integrate the heart of the holy source.

Only to now the critical moment, ye Chen's heart is raised a touch of uneasiness, it seems that there are bad things to happen.

"Not good!"

At this time, ye Chen heard Wei Ying's exclamation, and his face suddenly changed. He was afraid of trouble.

At the moment, ye Chen quickly to see the heart of the holy source, he noticed that the strange fluctuation is from the position of the heart of the holy source.

At this time, ye Chen suddenly found that the place where the heart of the holy source was broken and fused broke out into a series of magnificent and incomparable raging golden thunder.

Chapter 3825

This thunder is not the real thunder and lightning. It is totally different from the thunder robbery Ye Chen experienced. It is completely condensed by the Holy Spirit, just like the thunder robbery that the heart of the holy source wants to integrate and needs to pass.

At the moment, the holy gas and thunder burst out, and even burst into the sky array of Jiuding Town, merging into the light column of holy gas and the holy gas storm. For a time, the power of the light column and the storm soared. The sky array of Jiuding town could not be suppressed and was directly broken!

"Boom

A column of holy gas light and the roaring storm of holy gas suddenly rose into the sky and ran straight into the endless air of Hongmeng on the sky. In this Hongmeng Qi, the picture of the yellow spring is hidden.

Seeing this scene, ye Chen's face also changed slightly. The moment when the light column of holy gas and the holy gas storm broke through the big array, the void around him was torn. The chart of the yellow spring can block the colliding light column and storm, but their breath can not be covered.

"I didn't expect that the power of the heart of the holy source could tear the void apart!"

Ye Chen said coldly, at the moment, there are dark and deep channels in the void around, and endless holy Qi and mighty waves are sweeping out like a heartbeat.

Seeing this scene, ye Chen knew that the situation was bad. How strong was the power of the heart of the holy source. If this fusion wave was transmitted, I was afraid that it would immediately shake the whole territory, and the danger would come at any time.

However, at this time, the heart of Shengyuan has reached the critical period of integration, but Wei Ying can't give up. He must fully control the great array of integration of Shengyuan heart. If he stops now, not only the heart of Shengyuan may be damaged, but also Wei Ying may be swallowed up.

Sure enough, Wei Ying's breath was shaking endlessly at the moment, and it seemed that she had been bitten back.

At this time, Wei Ying also looked at Ye Chen with an apologetic look: "I'm sorry, I didn't realize that Shengyuan's heart would suddenly break out like this."

"The wave generated by the fusion of the heart of the holy source is too vast, and there will be trouble soon. I can't leave now. Please leave first."

Wei Ying looked at Ye Chen and said earnestly. There was a lingering color in her eyes: "it's just a pity that the heart of the holy source will fall into the hands of others."

"No!"

At the moment, listening to Wei Ying's words, ye Chen is firmly looking at the other side and shaking his head unquestionably.

"I can't leave you. What's more, you help me to integrate the heart of the holy source. How can I leave now when I'm in trouble."

Ye Chen's eyes were deep and he looked at the torn void channels: "so far, it's no use saying these things. Since the fluctuation of the heart of the holy source has been transmitted, you don't need to worry about anything more. You can speed up the integration."

"If we can integrate before these guys come, it's better for us to leave. If these covetous people come, I will try my best to keep you!"

Hearing Ye Chen's promise, Wei Ying's eyes flashed a touch of moved.

Wei Ying is very clear about ye Chen's character. She knows that ye Chen has said that he will not leave and will not leave no matter how.

Rather than stop, it is better to integrate the heart of the holy source as soon as possible according to Ye Chen, and leave before those people come, so as to have a chance of life.

Wei Ying's eyes were firm, and then she did not think much about it any more.

On the other side, ye Chen is dignified and powerful. He is determined to do his best to protect Wei Ying and Shengyuan's heart.

But at this moment, ye Chen's heart is also very clear, the power of the heart of the holy source is too majestic, and the people attracted may also be extremely powerful, and their own strength may not be able to resist each other.

The heart of the holy source will even provoke the covetous of the supreme existence. If such an enemy comes, ye Chen is not the opponent at all.

At this time, we can only do our best and listen to the destiny.

At the same time, in the outside world and the upper boundary, it is also in a state of turbulence.

The fluctuation of the integration of the heart of the holy source has been thoroughly transmitted, and some well-informed people have noticed it for the first time. This is the return of the heart of the holy source to the world!

"Hum! These deities, which suddenly disappeared countless years ago and now reappear, are prepared for me. I must get the heart of the holy source

"It's up to you! Are these gods you can covet? Hope that the heart of the holy source can help you break through to the supreme realm and dream your dream

"Ha ha ha, please don't argue. The heart of the holy source belongs to me, so don't think about it!"

At this moment, the mighty voice of God, which oppresses the heaven, is transmitted in the void. This is the powerful existence in communication, which is not perceived by the people with low strength.

While communicating with each other, these powerful beings are tearing up the space and rushing to the place where the heart of the holy source is fluctuating.

But these people do not know, at the moment, there are two pairs of cold eyes, looking at all of this, to see them these strong set out to fight for the heart of the holy source, but showed extremely disdainful eyes.

"Hum, a group of clowns dare to covet the heart of Shengyuan?"

In the upper world, the grand and majestic palace that oppresses the sky, xuanjiyue looks at all these things, and her mouth draws a strong arc."The heart of the holy source belongs to the queen. The last time the heart of the holy source appeared, the emperor used all his strength to get the heart of the holy source from the hands of the liudaozong, but he never thought that the heart of the holy source would suddenly disappear."

"Now the heart of the holy source appears again, but no one can touch it. I must get it! It's too much for me to lose! "

Xuanjiyue's eyes flashed, and the next moment she pinched her fingers, she used a separate body to tear up the space and go to the place where the heart of the holy source fluctuated.

While the emperor's eyes were on the other side of the temple.

"All of these things, which are waiting for death in daily life, have all come out when they see the heart of the holy source coming out again."

"But you are also trying to get the heart of the holy source? This thing is authentic! "

The outbreak of the emperor's interpretation of the weather made the whole palace of emperor yuan in panic.

At the next moment, his eyes twinkled, but he fell silent again. However, a separate body also tore up the void and rushed to the place where the heart of the holy source was fluctuating.

Xuanjiyue and Emperor Shitian both sent their separate bodies, and at this moment, in the valley, ye Chen's face is also completely dignified.

Ye Chen has been acutely aware that there is a breath wave all passing at this moment, which shows that there are countless strong in tearing space, want to come.

"These guys are really dog noses, smart enough."

Ye Chen couldn't help but scold. It didn't take long for the heart of Shengyuan to spread. So many strong people will come. Maybe there is still a chance to deal with one or two, but so many people

Chapter 3826

At this moment, a series of space channels are torn, and the grand and majestic breath spreads out. This is the breath of the heaven and earth mirror, and those who come here have the lowest strength.

"Ha ha! I am the first one, and the heart of the holy source is mine

At this moment, an old laugh came, and then an arm came out of the torn space channel.

The arm was dark and full of scales. There was a strange and inexplicable dark wave transmission between them.

At the moment, this arm directly ignores Ye Chen, and he is going to grab the heart of the holy source, and ye Chen is aware of the strength of the other side, and his face is changing.

This is a powerful place in heaven and earth, and it should be among the best in the world. It is likely to be an old monster that has been dormant for countless years.

Ye Chen realizes that he can't shake the other party at all. He even uses the blood moon to kill the sky, but he can only chop off the other party's arm.

Nevertheless, ye Chen still wants to do something, he must protect the heart of Shengyuan and Wei Ying.

Just when ye Chen just mentioned the falling dust and falling dragon sword, a cold laughter also suddenly sounded.

"You, an old man, want to touch the heart of Shengyuan?"

At this moment, a cold light suddenly appears, from the left side of Ye Chen tears out of the space, instantly hit the dark arm.

"Bang!"

At this moment, the arms burst open, countless black blood spattered into the void, which even made the void rotten.

At the same time, just old voice also issued a shrill scream, the tone contains a sense of rage.

"Damn bastard, how dare you hurt me!"

"Boom

The space passage where the old voice was located was suddenly enlarged, and then an old man with black body and white hair was squeezed out of the space channel.

At this moment, the old man's blown up arm is recovering rapidly. He uses another arm to penetrate into the space channel that just shot out cold light. He is extremely furious and wants to crush the other party.

"Well, what a brainless thing!"

At the moment, there was a disdainful voice in the channel of the cold light, and then a long sword with cold air and extremely sharp edge was rampant.

The other arm of the old man also exploded at the moment, and a figure covered with cold light rushed out.

"Old man, the heart of the holy source is not something you can touch. You'd better get out of here now!"

"You two, the heart of the holy source is mine!"

At the moment, another figure suddenly rushed out. It was a devil's existence with a ferocious head and a pair of bloody broken wings behind, but the breath on his body was extremely terrible.

And at this moment, one after another from the space channel out, this is obviously for the heart of the source of the strong.

See these people at the moment a fight, but also continue to send out angry, sarcastic words, ye Chen gaped.

Originally Ye Chen thought that he wanted to protect the heart of the holy source, and he had to pay a great price, but he didn't expect that these guys didn't pay attention to himself and Wei Ying at all.

In the eyes of these strong men, the heart of the holy source is already in their pocket. They don't care about the realm of Ye Chen and Wei Ying. Instead, it is other people who come to see them as threats.

Therefore, as soon as these people appeared, they started to fight, and the whole valley turned into a purgatory, and the fierce fighting spirit even shocked the whole mountain range.

At the moment, Wei Ying, who is trying to maintain the integration of the heart of Shengyuan, is also very surprised. Unexpectedly, such a situation will appear.

However, although Ye Chen and Wei Ying are not dangerous at the moment, they are also very clear that the purpose of these guys is the heart of Shengyuan. No matter how these guys fight, they will eventually have conflicts with Ye Chen.

"Think of a way..."

Ye Chen has a deep vision. These strong people are not easy to deal with, let alone so many people.

Now, while they are fighting, they should think of the way back, and it is better to leave safely with the heart of Shengyuan.

However, in the face of these guys, it is obviously difficult to find a perfect plan, and ye Chen can't think of it at the moment.

But at this time, on the valley in the fierce battlefield, a kind of godless power that awed the sky and controlled the ages suddenly came. The majestic momentum instantly made a group of strong men breathe heavily, and they raised their heads in fear and looked up.

"The heart of the holy source is not something you can covet. Go back quickly."

At this moment, a proud voice full of unquestionable majesty sounded.

Ye Chen also looks up, the next moment not from pupil tiny shrink, unexpectedly is Xuan Ji month!

It is obviously not the body of xuanjiyue who came here. It is just a separate body, but it contains extremely strong power.

What's more, this sub body represents Xuan Jiyue's will and dignity, which is the supreme majesty. Some of the strong people present may not be afraid of this separation, but they have to consider the noumenon behind the separation. The power is not what they can fight against.

Only in the face of the heart of the holy source, these strong people are not willing to give up on this, this is their chance to soar into the sky. Even xuanjiyue and other beings attach so much importance to the heart of Shengyuan. It can be imagined that if they get it, they may not be equal to xuanjiyue, and then they will not have to be afraid of each other.

At the moment, xuanjiyue saw the eyes of these powerful men flashing, and noticed their thoughts. Suddenly, her face was cold and the fierce imperial power swept down.

"A group of things who don't know what to do, and dare to have a ghost in mind!"

Xuanji said coldly, the next moment a wave of the palm, a majestic purple light swept down.

See this vast purple light, a group of strong people have changed their faces.

"Crape myrtle fatalism!"

Some strong people exclaimed. At the moment, they only felt that their own destiny was not in control, and they were immediately terrified. They had heard of the terrible fatalism of *Lagerstroemia indica*.

But at this moment, the purple light has already washed down, there are many strong people are reflected by the purple light, instantly the body burst, one by one death is extremely tragic.

Xuanjiyue used crape myrtle fatalism, and wiped out nearly half of the strong ones with one hand, and the rest also vomited blood, which shocked many strong people.

They didn't expect that the other side would have such a terrible power if they were only separated. If the real body came, they would be beaten to death with one hand!

At the moment, the heart of a group of even the source of Xuanji dare not to leave.

Soon, one by one, they claimed that they wanted to take the heart of Shengyuan as their own. All the arrogant strong people fled like street mice, leaving xuanjiyue alone.

In the face of these people who left, xuanjiyue didn't do it again. After all, her power of separation is limited. It's OK to frighten her. If she really wants to kill all these people, I'm afraid she can't do it.

For a time, only Xuanji moon and ye Chen were left in the valley.

Chapter 3827

Xuanjiyue's eyes twinkled at the heart of Shengyuan, who was suspended in the air by the sky array of Jiuding town and yuanhuo of Xuanyin Town, and her mouth was curved.

The next moment, xuanjiyue looks at Ye Chen, only to find that ye Chen is covered by a layer of hazy fog, and she can't see her appearance clearly, and Wei Ying is the same.

Obviously, these two people used some means to cover their breath and appearance, but xuanjiyue didn't care about it.

On the contrary, Xuan Jiyue looks at Wei Ying, who is still fully integrated with the heart of Shengyuan. Her mouth is curved, and her body and God can't help but spread out and suppress her.

"Very well, merge the heart of the holy source and give it to me."

Xuanjiyue said, and then stood quietly in the void waiting.

Xuanjiyue is confident that no one dares to compete with her for the heart of the holy source since she comes forward openly.

To integrate the heart of the holy source, it really takes some mental energy. What's more, Wei Ying has arrived at a critical moment and it's hard to interrupt. Therefore, xuanjiyue is patient enough to let Wei Ying merge and give it to her.

Hearing xuanjiyue's bossy words, ye Chen and Wei Ying look at each other with cold eyes.

Xuanjiyue wants to get the heart of Shengyuan, but ye Chen and ye Chen don't want to give it to her. It's just that the strength of each other's separation is too strong to resist.

At this time, the void again came to shock, followed by a magnificent figure with endless power.

The other party's body was shrouded in a black fog, and his appearance was not clear. However, when he saw the other party, the pupils of all the people present shrank one after another.

"The emperor interprets heaven!"

At the moment, both xuanjiyue and ye Chen recognized the identity of the visitor at one glance.

Of course, this person is not the emperor's interpretation of heaven, but also a separate body. Nevertheless, xuanjiyue's face is gloomy.

"Oh? I didn't expect you to be here

At the moment, Emperor Shi Tian's body shrouded in the dark sees Xuanji moon and says in a playful tone.

"Well, you want to touch the heart of the holy source? I tell you, it's mine

Xuanji moon is extremely overbearing. The heart of Shengyuan is very important to her and of great use. What's more, if she falls into the hands of emperor Shitian, it may bring great benefits to him. Therefore, she absolutely can't let him take it away.

"Ha ha, these gods have always been obtained by fate. What you say is yours is yours?"

Emperor Shitian looked up at the sky and laughed. Then he said, "the heart of the holy source is of great use to me. I can give you other things you need."

"Don't think I don't know what you're thinking. It's impossible to want the heart of the holy source."

Xuanji moon does not give in. The heart of Shengyuan is not comparable to ordinary things. She can't exchange with emperor Shitian.

But xuanjiyue's refusal also made the emperor Shitian's eyes suddenly cold. The magnificent momentum was rampant, and the whole sky was shaking. Obviously, Emperor Shitian was really angry.

At the moment, Emperor Shitian looked at xuanjiyue coldly and said, "it seems that you want to fight!"

"Well, I'm afraid of you!"

Hearing this, xuanjiyue also burst into a rage.

"Well, let me see what you've done over the years."

The emperor Shitian sneered. At the next moment, he suddenly made a move, and a series of magnificent Tiandao swept out of the sky. The sky was torn at this moment, and the sun and moon seemed to be cut off.

"Ba Dao Tian Shu!"

Seeing emperor Shitian's hand, Xuanji's moon color coagulates, and a long sword appears in her hand the next moment.

"Huang Yu Zhen Shi Jian!"

Xuanjiyue murmured, and the sword was suddenly cut out. All kinds of divine awns were shining, and the wings of shenhuang, which were hard to resist, burst out, and instantly met with many Tiandao.

"Bang bang bang!"

At this moment, the magnificent, the impact of the destruction of heaven and earth swept through, everything around was destroyed, the void was constantly collapsing, and it was a picture of the end of the world.

Seeing the collision between Emperor Shitian and xuanjiyue, ye Chen's eyes are shocked. The strength of these two people is indeed incomparable. It is shocking both in ancient and modern times. He felt a sense of horror when he made a move.

The impact of the collision between the two magic skills can make a strong person in the heaven and earth seriously injured. However, at the moment, both of them share a share of strength to protect Ye Chen and Wei Ying below, without causing them any harm.

Of course, this is not the good intentions of emperor Shitian and xuanjiyue to protect Ye Chen and ye Chen. Their original intention is to protect Jiuding town Tianzhen from their attacks.

After all, Wei Ying's integration of the heart of Shengyuan has reached a critical moment. If their fighting impact destroys the Jiuding town sky array, the integration of the heart of Shengyuan is likely to go wrong. By then, the heart of Shengyuan may disappear, which is not worth the loss.

On the sky, xuanjiyue and Emperor Shitian fight each other. They are constantly sweeping and colliding with each other. It seems that they are going to make the world and the sun fall apart.

At this moment, Emperor Shitian and xuanjiyue are more and more anxious to fight. He realizes that the heart of the holy source is about to merge. He can't help but get impatient, and can't help but roar in his heart. "Strange heart evil light!"

The void suddenly collapses. In the broken void in front of the emperor's interpretation of heaven, strange and inexplicable light flows and converges in front of the emperor's interpretation of heaven.

This light makes people feel very uncomfortable. Even if they look at it, they will be full of evil thoughts. These evil thoughts will come out of their hearts and swallow up people alive.

These lights are still constantly fusing into a dark and strange gray light in the void in front of the emperor's interpretation of heaven, and the strange waves become more and more intense.

Seeing the gray light, Xuanji moon's pupil shrank, faintly aware of the fatal danger, and suddenly drank in her heart at the next moment.

"Wanhuang Shenyang sword!"

Xuanjiyue holds the sword in both hands. On the long sword at the moment, there is an endless fire of shenhuang, which melts the sky and destroys the whole world.

At this moment, the emperor Shitian and xuanjiyue looked at each other with each other's eyes. The strange and strange heart demon light suddenly burst out at this time and came towards xuanjiyue. Xuanjiyue also stabbed with a sword, and the mighty and magnificent Shenyang flame swept across the sky.

The flame of the divine sun even turned into a divine Phoenix, just like a real living creature. It opened its mouth to the strange heart demon light and swallowed it directly!

The next moment, shenhuang swallowed the strange heart demon light, and then, the body of shenhuang was like a balloon, which exploded at the next moment.

"Boom

For a moment, the magnificent impact swept all directions, and all the void along the way collapsed and disappeared. The incomparable power made the faces of emperor Shitian and xuanjiyue change slightly.

However, if the smelting progress of the nine moon tripod was affected by the Tianji array, they would not be afraid of the impact.

At this moment, the emperor Shitian was not wielded with one hand, and the mighty power swept over, and the Hongmeng breath emerged, directly covering the large array below.

Chapter 3828

On the other side, Xuanji moon is also the same. The emperor's power erupts, and the magnificent starlight suddenly leads down from the sky, and the incomparable star aura protects the array.

"Boom

The impact hit the big array, but because of the protection of emperor Shitian and xuanjiyue, the Jiuding town sky array was not affected.

Under the sky array in Jiuding Town, ye Chen is standing by Wei Ying. At the moment, Wei Ying is sweating and her delicate body is shaking slightly.

Of course, this is not because of the battle between Emperor Shitian and xuanjiyue, but the heart of Shengyuan who is in the sky array of Jiuding town at the moment.

The heart of the holy source is at the most critical moment of smelting. At this moment, the fracture is constantly approaching, and a series of extremely violent thunder roars through the sky, and even one small black hole after another is blown out and suspended at the fracture of the heart of holy source.

Although these black holes are small, their power is extremely terrible. Wei Ying has to use all her strength to suppress and crush them. Therefore, she is not in a good state at the moment, and has exhausted all her strength.

At this time, Emperor Shitian and xuanjiyue, who were fighting on the sky, stopped at the same time. They gazed at the heart of Shengyuan, which was constantly merging, and looked at each other with a touch of worry in their eyes.

Although emperor Shitian and xuanjiyue wanted to completely occupy the heart of Shengyuan, they were also clear after the battle just now. Their fighting fluctuation was too terrible and vast, which might have an impact on the sky array in Jiuding town. If Wei Ying's heart of integrating Shengyuan was destroyed, the consequences would not be what they wanted to see.

What's more, they haven't exhausted all their strength in the fight just now. If they really fight to the death, I'm afraid they can't protect the Jiuding town sky array at that time.

At the moment, the emperor Shitian looked at xuanjiyue and said in a cool tone: "you and I have been fighting for so long, and it's hard to tell the winner or the loser. At the moment, I'm afraid it's still the case. It's better to stop here."

"Good."

Smell speech, Xuan Ji moon Shun slope down, nod should go down.

Later, Emperor Shitian then said: "there are many people who covet the heart of the holy source. It's better for you and me to co-operate to occupy the heart of the holy source, and also save those guys from devious thoughts."

"Ha ha."

Xuanjiyue looks at the emperor Shitian and laughs scornfully. However, he doesn't refuse. Instead, he looks directly at Wei Ying and ye Chen.

"Since you and I cooperate, then these two people are useless. When they integrate the heart of the holy source, they will be wiped out."

"That's what I mean."

There was a chill in the emperor's eyes.

At the moment, ye Chen and Wei Ying are paying full attention to the progress of the integration of the heart of Shengyuan, but suddenly they realize that the whole body is full of cold, and their faces change slightly.

"It seems that these two guys are not going to keep us."

Ye Chen looks cold and says.

"They want to wait until I have integrated the heart of the holy source, and you can leave now."

Wei Ying looks at Ye Chen. The two parts of emperor Shitian and xuanjiyue are powerful. They are not what she and ye Chen can fight against at present, so she wants Ye Chen to go.

"I'm not going."

Ye Chen said with firm eyes.

Hearing this, Wei Ying can't help staring at Ye Chen: "this can't be done by you!"

At the moment, Wei Ying looked at Ye Chen, flashed a touch of nostalgia in her eyes, "you must live on."

Hearing Wei Ying's words, ye Chen's face changed slightly. Then she saw Wei Ying give up control of the sky array in Jiuding Town, and the yuan fire of Xuanyin Town, which melted the heart of the holy source, was suddenly dissipated.

When the array disappears, the fusion of the heart of the holy source suddenly changes. For a moment, the golden lightning at the broken fusion area erupts and rises in the sky, turning into a series of thunder that destroys the heaven and the earth.

Seeing this scene, Emperor Shitian and xuanjiyue also changed their faces: "this madman wants to explode the heart of Shengyuan and seek death!"

Emperor Shitian murmured, and a series of Tiandao suddenly roared out and killed Wei Ying. He wanted to kill Wei Ying before Wei Ying detonated the heart of Shengyuan.

On the other side, an endless cold light breaks out in xuanjiyue's eyes. Behind her, a phoenix plume condenses and shoots out towards Wei Ying.

Seeing this scene, ye Chen's face changed. At the next moment, he directly stepped forward and stood in front of Wei Ying to block the mighty technique of emperor Shitian and xuanjiyue.

"Ye Chen!"

Seeing this, Wei Ying can't help but be anxious. She wants to force Ye Chen to leave, but she doesn't want Ye Chen to die. The power of emperor Shitian and xuanjiyue is too strong for them to stop.

At the moment, no matter what Wei Ying says, ye Chen is unshakable. He looks at the sky sword and Phoenix plume, and the falling dust and dragon sword in his hand is shining with blood and moon.

When Tiandao and Fenghuang Lingyu are about to hit Ye Chen, the valley suddenly falls into a dark place.

At the same time, time seems to be still, the voice has also disappeared, everything seems to be nothing.

At this moment, ye Chen is aware that the Pisces jade pendant that he is carrying is shaking, with black and white gods around him.

"Hum..."

The void is broken at this moment, and then a figure comes out of the broken void. This figure is kind-hearted. He is an old man who looks very ordinary. However, when he looks at his great power, it is obvious that he is also a very strong man.

Seeing each other, Ye Chen is frowning. He feels inexplicably familiar with each other's breath, but he can't remember who it is.

At this time, the old man was the only one who could move freely in the dark world. He looked at the emperor Shitian and Xuanji moon with a pale face.

Later, the old man waved his palm to the two people's heavenly way and Phoenix plume, which were enough to cut the sun and the moon, and these two terrible magic techniques were directly dissipated.

After that, the old man pointed out to Ye Chen and the two men, surging and surging, sweeping like the sea, and directly protecting Ye Chen and their self-exploding holy source heart.

After all this, the old man chuckled and coughed, and the darkness between heaven and earth suddenly disappeared like a broken mirror. When the sun came down, time was no longer static, and the sound was also restored.

"You have to protect them!"

At the moment, the emperor Shitian looked at the old man with a cold face.

Emperor Shitian has realized that the strength of the old man is very important. He is far from the opponent of the old man. Otherwise, he would not fall into the rules of the other party and fall into a static space-time, unable to move.

At the same time, this also makes the emperor Shitian very angry, the old man even dare to do bad to him, he is absolutely bold, he would like to directly break the old man into pieces.

At the moment, hearing the emperor's words, the old man was indifferent to smile, ignored, but looked at xuanjiyue.

In the next scene, the emperor Shitian was very surprised. He thought that according to xuanjiyue's unquestionable and extremely overbearing nature, if the old man dares to interfere in their affairs, xuanjiyue will be furious.

But now xuanjiyue didn't make a move. Instead, she looked at the old man coldly and said, "Qi Yunshu, why do you want to protect them!"

Chapter 3829

"The old man has something to do with them. I hope the queen will not blame him."

Smell speech, known as the old man Qiyun book said with a smile, looks kind-hearted, very friendly.

But at this time, ye Chen suddenly stares big eyes, then reveals suddenly the color.

Qi Yunshu, the name is very familiar. Ye Chen remembers that Wang Yunting, who he rescued from the bottom of the underworld hall, was the preacher of the Yin and Yang Temple.

At that time, Wang Yunting told ye Chen that he was responsible for sending a letter to a person named Qi Yunshu. Obviously, he was the old man in front of him.

Knowing the identity of the old man, ye Chen also realizes why the other party's breath can bring him a familiar feeling.

Last time, ye Luo'er was in a crisis when he was in the situation of nine deaths. The people who held ye Luo'er called the emperor of Hanyuan in the palace of emperor Yuan. At that time, a mysterious

existence came to protect Ye Chen and the evil emperor who covered the sky. The mysterious existence and Qi Yunshu had the same breath.

Obviously, the old man in front of him is the mysterious existence handed over to Ye Chen's twin fish jade pendant, and is also the Qi Yun book in Wang Yunting's mouth.

Ye Chen dares to confirm this point because the last time he saw each other, he indicated that he was a person in the Yin and Yang Temple. At the same time, he told Pisces that when Pisces moved, it was the day when the Yin and Yang temples met.

But now, although the Pisces on the Pisces jade pendant don't flow, there are also some changes, which are obviously caused by the appearance of the other party.

All this shows that Qi Yunshu is the man of Yin and Yang Temple, otherwise he would not protect Ye Chen. His appearance makes Ye Chen feel at ease.

At the moment, xuanjiyue heard the words of Qi Yunshu, but her eyes were suddenly cold. Then she said in a tone of senhan: "Qi Yunshu, are you against the emperor? You should be very clear that anyone who is against the emperor will not come to a good end. "

Hearing the naked threat of xuanjiyue, Qi Yunshu showed a helpless smile.

"Empress, no matter what, I have to protect these two people. I hope the queen can understand them."

"Why!"

Hearing this, xuanjiyue couldn't help but ask. She was determined to have the spirit of Shengyuan, and Qi Yunshu wanted to protect Ye Chen and Ye Chen, obviously to keep the heart of Shengyuan, which made her very angry.

After all, xuanjiyue knows the strength of Qi Yunshu. At the moment, she and the emperor Shitian are both separated, but Qi Yunshu is the real one. She and the emperor Shitian can't help but join hands.

But Qi Yunshu is determined to protect Ye Chen and her husband. Xuan Jiyue is extremely angry. She wants to know why.

Xuanjiyue's eyes are deep, and there are flashes of light from time to time. She stares at Qi Yunshu, constantly guessing in her heart.

Seeing this picture of xuanjiyue, the emperor Shitian stood silent, but in his heart he was guessing the identity of Qi Yunshu.

When Qi Yun Shu saw Xuan Jiyue asking why, he immediately said, "in fact, the heart of the holy source was originally the protection of the whole family. Now the heart of the holy source has come out. As a person of Qi family, I must protect the heart of the holy source."

"And the heart of the holy source has spirit. Since it has chosen these two people to merge it, I have to protect them."

Qi Yunshu looked at xuanjiyue, but he looked sincere: "where is the responsibility of Qi family, I hope the empress understands."

After all, Qi Yunshu didn't wait for xuanjiyue and Emperor Shitian to react. He directly incarnated boundless Hongmeng breath and disappeared.

At the same time, ye Chen and Wei Ying, who originally stayed behind Qi Yunshu, together with the heart of Shengyuan, all disappeared and did not leave any breath.

.....

A mysterious space, where there are countless mountains and rivers, in the center of this space, it is a circular square surrounded by countless tall black trees.

There was nothing in the sky above the circular square, not even a speck of dust.

At the moment, a figure is suddenly appeared here, it is Qi Yunshu.

Qi Yunshu stood in the center of the square, his eyes flashing with a deep divine awn. The next moment he waved his hand, ye Chen and Wei Ying suddenly appeared on the square.

Ye Chen and Wei Ying fall on the square, and they still feel a little dizzy. Just now Qi Yunshu does not know what means he has used to directly cover them in a dark place. Then they feel a whirl of heaven and earth, and then they come here again.

"What is this place?"

Ye Chen is surprised to see around the black giant trees, as well as the square at the foot, vaguely aware that this place seems to be hiding something big secret.

"You don't have to know where this is."

At this moment, the voice of Qi Yunshu's indifference rings out.

Smell speech, ye Chen can't help looking at each other, and then quickly thanks: "thank you for your help. Ye Chen is very grateful."

"No need."

Qi Yun waved his hand in a light color, and the breath of Hongmeng gathered in front of Ye Chen and Wei Ying, and finally turned into a cauldron stove.

"What about the heart of the holy source? I'll help you integrate it. "

Hearing this, ye Chen looks at Wei Ying, and Qi Yunshu saves them. Obviously, he is not a person with ulterior motives. Since Qi Yunshu says that he wants to help them integrate the heart of the holy source, he can give it to the other party. When Wei Ying sees Ye Chen's eyes, she immediately knows. Then she waves her hand, and the heart of Shengyuan appears out of thin air.

At the moment, the heart of the holy source is very different from the previous one. It was two parts before, but now it is glued together. One of them is about to merge. At the same time, there is a trace of black gas in the heart of Shengyuan.

These black air is very restless and contains extremely terrible power, as if it can destroy the heavens and shatter the whole world.

Qi Yunshu's eyes were slightly narrowed when he saw the black gas. The dark air was actually caused by the change of the heart of Shengyuan. The heart of Shengyuan had reached the critical moment of fusion, but it was interrupted by Wei Ying and wanted to explode itself.

Although the self explosion of the heart of Shengyuan was stopped by Qi Yunshu, it did not succeed, but it has formed a hidden danger. It is the black gas inside the heart of Shengyuan, which makes the heart of Shengyuan extremely unstable and may explode at any time, bringing terrible disasters.

Looking at the black gas in the heart of Shengyuan, ye Chen's eyes flicker. Qi Yunshu's conversation with xuanjiyue and others has not been deliberately concealed from them.

Therefore, ye Chen is also very clear about the origin of Qi Yunshu and the heart of the holy source. He is the guardian of the heart of the holy source. At this moment, there is a black gas in the heart of the holy source, and I'm afraid only he can erase it.

But at the moment, Qi Yunshu gazed at the heart of Shengyuan, which was about to merge together. A sigh flashed in his eyes, and then with a move of his hand, the heart of Shengyuan flew to him.

At the moment, the spirit of Shengyuan is very unstable and may break out at any time. However, when it falls into the hands of Qi Yunshu, it immediately calms down, as if it has been pacified.

Seeing this, ye Chen and Wei Ying can't help but look at each other. It's extremely difficult for them to integrate the heart of Shengyuan, as if they were dealing with a naughty child. For Qi Yunshu, the heart of Shengyuan is like a good child.

Chapter 3830

At the moment, Qi Yunshu touched the heart of Shengyuan a few times, his deep eyes flashed, and then he sighed and dropped it into the cauldron furnace condensed in front of him.

At the moment, there are clouds and thunder surging in the cauldron furnace, and the sky fire is sweeping. The mighty power and infinite heat wave are breaking out in it.

As soon as the heart of the holy source entered into it, it began to vibrate violently, and the black gas inside increased rapidly.

Seeing this, Qi Yun's book is indifferent, without a trace of worry, but with a flick.

"Hum..."

In the cauldron furnace, a line of sky fire and thunder unexpectedly condenses. At the next moment, it turns into a sharp silver needle, and then stabs into the heart of Shengyuan.

These silver needles seem to be able to devour all things. As soon as they enter the heart of the holy source, the mighty power of swallowing will emerge and instantly inhale the terrible black gas.

Ding furnace concussion endlessly, infinite sky fire and thunder burst, but Qi Yunshu is indifferent, let the cauldron furnace stand steadily in place.

Gradually, the black gas is constantly swallowed up by the silver needle, and finally all are cleared, and the heart of the holy source is completely integrated into one under the melting of the cauldron furnace.

"Boom

In an instant, the mysterious space was surging, boundless vitality swept the four sides, breaking through the heaven and earth like, magnificent and incomparable, the most dazzling column of holy gas rose into the sky.

Fortunately, the space in front of us is very mysterious. The fluctuation of the complete integration of the heart of the holy source can not spread out at all. There is no need to worry about bringing about foreign shocks.

At this moment, the vast wave of the integration of the heart of the holy source gradually disappeared, and a complete, bright, transparent heart of the holy source also flew out of the cauldron furnace, and slowly floated to Ye Chen.

"It's fully integrated. You can take it."

Qi Yunshu gazed at the heart of Shengyuan and shook his head slowly: "although you are the person selected by the heart of holy source and have the right to decide how to use it, I still want to know what you want to do with it."

Hearing the speech, ye Chen was shocked. Although he was surprised that Qi Yunshu would care about this, he thought of the identity of the other party's guardian. I'm afraid he has a lot of feelings for the heart of Shengyuan, which is quite relieved.

"Master, to be honest, I need the heart of the holy source to restore the memory of an old man..."

Ye Chen tells the other party about ye Luo'er. Qi Yunshu, as a man in the yin-yang temple, has repeatedly rescued him. Ye Chen is sure that the other party can be trusted, so he does not deliberately conceal anything.

Hearing what ye Chen said, Qi Yunshu frowned slightly, and then said, "the heart of the holy source has the ability to restore memory, but ordinary people are not qualified to swallow it."

"The heart of the holy source has been in your hands for so long, you should also be very clear about what kind of energy it contains. Ordinary people who want to devour the heart of the holy source are just crazy."

"If you want to restore the other party's memory with the heart of Shengyuan, you may be self-defeating, hurt the other party, or even be blown up by the huge power of the heart of Shengyuan."

Qi Yunshu looked at Ye Chen seriously and said.

Hearing this, Ye Chen could not help but feel a little coagulated. In fact, after he got the heart of Shengyuan, he already realized that the heart of holy source contains boundless power. Ye Luo'er may not be able to bear it, but he has no better way.

"I don't know if senior Qi has any way."

Ye Chen can only place his hope on Qi Yunshu. After all, the other party is the guardian of the heart of the holy source and should know a lot of secrets.

Sure enough, seeing Ye Chen's question, Qi Yunshu nodded slightly and said, "of course, there are ways. As long as there is a blessing from the holy source Tianxuan array, the risk of swallowing can be greatly reduced."

"Shengyuan Tianxuan array? Is it possible that the source of heaven is mysterious

Ye Chen's speech eyebrow tiny pick, look forward to each other.

"Shengyuan Tianxuan array is a regular array of heaven and earth, and no one can understand it."

Hearing Ye Chen's words, Qi Yunshu shakes his head and laughs, and then says, "however, there is a great power to refine the Shengyuan Tianxuan array into an array plate. As long as spiritual power is infused, the holy source Tianxuan array can be activated. However, the array plate of the Shengyuan Tianxuan array disappeared tens of thousands of years ago, and there has been no rumors of its publication."

"It has disappeared for thousands of years. If you want to find it again, there is no clue at all. It's like looking for a needle in a haystack."

Hearing the answer of Qi Yun's book, ye Chen shook his head solemnly.

But at this time, ye Chen and Qi Yunshu did not notice that Wei Ying heard Qi Yunshu mention the array plate of Shengyuan Tianxuan array, but her face changed slightly.

"I think I can find the plate of Shengyuan Tianxuan array."

At the moment, Wei Ying hesitated and said.

"What?"

Hearing this, ye Chen and Qi Yunshu's eyes suddenly lock on Wei Ying.

At the moment, Wei Ying shook her head and said, "I know some clues about Shengyuan Tianxuan array disk, which may be useful."

Wei Ying did not know what the specific clue was, because it was related to the secret of juechan emperor Zun.

In fact, tens of thousands of years ago, juechan emperor Zun scattered resources everywhere in the kingdom of God and abroad, and kept the natural materials, earth treasures and supernatural things separately, all of which were preparations for the revival of juehan emperor palace. And juechan emperor Zun also left a map, which marked the place where she had stored the treasure, and also marked what was stored.

With this map in her hand, Wei Ying once saw a place that seemed to contain the array plate of Shengyuan Tianxuan array. At the moment, ye Chen needed it, so she was ready to go and investigate it to see if there was one.

Knowing that Wei Ying has a chance to find the array plate of Shengyuan Tianxuan array, ye Chen is also very surprised. If he gets the array plate, he will be very confident that ye Luo'er can swallow up the heart of Shengyuan successfully without being hurt.

.....

At the same time, in the outside world, xuanjiyue and the emperor Shitian's separation see Qi Yunshu suddenly leave, is also furious.

"Hum, what a arrogant person, dare to rob my things, I want him to pay the price!"

At the moment, the emperor Shitian was angry and rushed to the crown. Although he was only a sub body here, his strength was not as good as that of Qi Yunshu, but Qi Yunshu took shengyuanzhixin and ye Chen away directly. He was extremely angry because he did not give him face.

On the other side, Xuan Jiyue is also gloomy. Everything in Qi Yun's book is in the upper bound. She dares to disobey her will and rob her of the heart of the holy source. It's all for death!

"Well, in that case, I'll see how brave you are!"

Emperor Shitian and xuanjiyue are angry and disappear at the same time the next moment.

However, in the temple of emperor yuan, the voice of emperor Shitian's anger suddenly rang out: "nine head evil Zun, huamieyou Zun, you two immediately find Qi Yunshu for me, bring him and the heart of Shengyuan to me!"

Emperor Shitian seldom gets angry. At the moment, his voice is full of anger. His voice is magnificent and powerful, which makes the whole temple of emperor yuan tremble and makes everyone look stagnant. It is only when he knows that the book of Qi Yun is afraid of committing a major crime that he is so angry.
