Chapter 3851

The hell Dodger, which looked like a red devil, didn't seize the opportunity to kill him. Instead, he stepped back cautiously

As if, in the face of a monster in general!

Ye Chen some sad thought: "I don't dislike you, but you dislike me?"

But why?

I was seriously injured in three key points just now, and I can hardly fight any more. This hell Dodger should take advantage of this opportunity to kill him!

It seems that something strange has happened

Ye Chen asked xuanhanyu, "xuanxianzi, what happened just now?"

Xuanhanyu heard his words, but he was silent

A moment later, he said, "originally, you are going to faint, but suddenly, on the mark of the demon on your chest, a strange breath erupts. Just by this breath, the hell Dodger will be shaken back!

At the same time, with the help of this day's demon seal, your heavenly demon blood burst out with strong vitality, and it is actually a direct cure for your injury! "

Ye Chen smell speech, look gloomy, can't help but think of that red eyes of the master - the day demon!

Did the demon really save himself?

Why is that?

Vaguely, ye Chen seems to feel the breath of conspiracy.

His face is a little ugly, it's not a good thing to be watched by the existence of the demon!

What's the meaning of the sentence that we'll meet again soon?

However, ye Chen looks at the beast dodge that seems to be coming again. He shakes his head violently. The most taboo in fighting is distraction. What he has to do now is to focus on breaking through the six extinct islands!

Otherwise, don't say the demon, this strange beast can take his own life!

Ye Chen took a deep breath and started to dance his long sword. His sword technique was like running water. There was no supreme meaning in it. The pure breath of destruction condensed in his every move. At the same time, the fear and rules around him seemed to be swallowed up! The breath of destruction is stronger and stronger!

Ye Chen clenches his teeth and jumps wildly. In order to cut out this sword, he is also very hard!

With Ye Chen's swordsmanship, the massive atmosphere of destruction is completely integrated into Ye Chen's sword. His sword light is no longer surging like the sea, but has entered a new realm. His sword light is as delicate as hair!

Seeing the hair condensed to such a degree, ye Chen finally gave a low drink and cut the sword out!

And that hell Dodger beast, also is in the eye essence light twinkle, ten fingers move in succession, hit several thin dark awns!

.....

Gu Xuan frowns slightly. She is always proud. Although the old man is above the heaven and earth, it is only half pedaled. In terms of strength, Gu Xuan is not necessarily weaker than the other party. With Gu Xuan's character, she naturally does not mean to call the elder Tiandan

However, she knew that the old man was eccentric and angry. She might not really care about his family. After hesitating for a moment, she said reluctantly, "master, please wait..."

If xiaorou is here, seeing this scene, I'm afraid she will be shocked to death!

She, the Lord of the mansion, even bowed her head for others!

You know, even in the face of the powerful people in the heaven and earth, the master of the mansion has always been his own way and never bowed his head. Otherwise, he would not be a master of the house in Mingzhou. He went to such a remote place as Mingzhou just to get rid of the family constraints. Even the top powerful families like Gu Xuan have no way to deal with it

If it's normal, no matter how important the thing Gu Xuan asks for, if he has such an attitude towards Tiandan old man, don't say bow his head. Maybe he will fight directly

But now, Gu Xuan actually is bow head?

Or for ye Shitian, who knew each other for a long time?

Old man Tiandan stopped and turned his head slightly. He looked at the well-known girl in the dark region. It seemed that he was different from the master of the underworld in his mind

.....

However, with the sword, the whole thing will be destroyed!

Finally, the black light convergence, ye Chen hands on a long sword, half kneeling on the ground, more than a few blood holes on his body, but he is calm, staring at the distance in front of him.

There, there is a red figure, it is the hell dodger.

At the moment, his body was broken in two!

However, it is obvious that this strange beast did not die.

Ye Chen is full of strange light. He knows that he has passed the examination. Although the hell dodge beast has the ability to destroy the Shinto. Although it is extremely terrifying, all the six strange beasts only possess some kind of destructive power. However, he has mastered the crazy words and swallowing words. Therefore, he narrowly defeated the existence of this evil ghost.

However, ye Chen was not immediately transmitted to the next Island, the six color lights, integrated into Ye Chen's body, but slowly nourishing his body and recovering from injury.....

In the wooden house, Gu Xuan and Tiandan old man sit opposite each other at the table.

Tiandan old man said faintly: "what is the Dan Fang you want?"

Gu Xuan said: "it's a pill named Jinwu Lianti pill. It's an ancient magic prescription."

For a moment, Tiandan old man's look became strange and said, "Jinwu Lianti pill? In the dark world, there is still the existence that can refine this Jinwu Lianti pill

Old man Tiandan can be said to be one of the great masters of alchemy standing at the top of the dark world. However, even he has a pill that has spent tens of thousands of years of hard work and countless materials, which is still difficult to refine!

This Jinwu Lianti pill is one of them. Even the reason why Tiandan old man lives in seclusion in this eight cold devil kingdom is to increase the success rate of refining Jinwu Lianti pill by virtue of the extremely cold aura here

However, it has never been effective. In recent days, even the Tiandan old man, who is known as the first elitist in the dark world, has planned to give up the golden wizard refining body pill. In his opinion, with the current Dan way, no one in the world can refine this magic pill!

Gu Xuan smelled the speech, and his eyes flashed: "yes, please lend me this Dan Fang!"

Tiandan old man frowned: "who is this man?"

Are those legendary old monsters reappeared in the world?

Think of here, Tiandan old man's eyes, there is a touch of excitement, if so, he must go to those people, a good ask for Dan!

Only listen to Gu Xuan reply: "this person, is my disciple, named ye Shitian."

.....

Ye Chen's injury has been completely recovered. With his physique, he can recover in a short time after leaving the battle. Now, he has come to the fourth island!

Human way!

Ye Chen can't help but be a little curious. What kind of strange beast is this world road?

Chapter 3852

Human way, corresponding to the six true formula of the word!

At this time, a burst of buzzing sounded in Ye Chen's ears. In his eyes, a touch of shock flashed through his eyes. In front of him, there was a piece of black cloud, covering the sky and the earth!

And this black cloud, is the transformation of tens of millions of black insects!

Is this human dodge beast a group of insects?

.....

Tiandan old man looked gloomy and said, "your disciple? Gu Xuan, don't come to play tricks on me. How can you make this golden witch refining body pill with a younger generation? Don't waste my time! "

This means that old man Tiandan is inferior to a younger generation?

Gu Xuan Xiu eyebrow micro Cu, slowly took out a jade bottle, handed it to the old man Tiandan and said, "please open this jade bottle and have a look."

"Well?" Tiandan old man took the jade bottle and opened it slowly, but his pupil shrank.

Gu Xuan's eyes, also can't help but appear a touch of uneasiness, she knows, ye Chen put a pill in it, I don't know if this pill can move the old man Tiandan

At the next moment, an incredible color appeared in Tiandan's eyes. Without hesitation, he took out the pill and gazed at it. Then, with a flash of body shape, he came to the Dan room with the pill. For a while, he injected spiritual power into the pill, and then he put it in a strange vessel to observe the changes. Gu Xuan's face showed a puzzled look. What's the matter with old Tiandan?

And Tiandan old man took out that pill, there is a complex Dan Wen!

.....

Ye Chen low roar, all over the body, come to unimaginable pain, at the moment he was completely submerged by a cloud!

To be exact, it was drowned by the countless human Dodgers!

This strange insect body, all with the God of destruction, is devouring his body madly!

And no matter what kind of attack means, it seems that it is difficult to kill this strange insect, unless you use the destruction Shinto!

However, even to destroy the Shinto to to kill this strange insect, is also skilled!

Each of these strange insects will defend themselves by destroying the Shinto, but the defense of each strange insect has its weak points, and they are different!

With Ye Chen's current strength, the only way to defeat this strange insect is to control his own destruction Shinto and attack the weak defense of each strange insect!

But at this time, how many strange insects are he facing?

Thousands?

It's not easy to destroy Shinto and have thousands of powers to fight against this swarm of insects?

The essence of this article is to make the warrior's manipulation of the destruction Shinto to to a fantastic level!

.....

After studying the pill for three days, the old man of Tiandan carefully hid it and sighed: "is there anyone in the world who is so frightened by the elixir? Seeing this man's Alchemy, I only feel that my own alchemy has been fixed on the dog! "

Gu Xuan's face is startled. The old man with a strange disposition should praise ye Chen's pills so highly?

The next moment, Tiandan old man was a little excited to Gu Xuan: "that alchemy master, where is he now? Take me to him! How difficult is it to exchange elixir with such a genius, not to mention a prescription of Jinwu Lianti pill, but to give all my pills to him? "

Gu Xuan smell speech, under the veil on the face of the peerless, emerged a touch of complex color, slowly nodded his head and said: "let's start now."

I don't know if he was still in the world when she returned to the extinction of six islands

.....

There was a huge bang, and a very powerful breath of destruction broke out from a cloud. At this time, the ground was covered with blood, and among the blood, there was a corpse with insects, which was very dense and unknown!

With the rise of this destructive atmosphere, more insect corpses fell, and the overwhelming insect cloud finally dissipated. Some odd insects scattered and fled into the jungle.

And in the air, it revealed a very terrible figure!

At the moment, ye Chen's whole body was almost eaten away, like a bloody skeleton, standing in the air. He looked down at the demon mark on his chest, and his look was rather ugly

He saw the demon that day again

It seems that as long as he is on the verge of death every time, the demon can find an opportunity to influence his spirit through the mark of the demon. However, he can also take this opportunity to let him burst out a strong vitality in an instant

Just now, without this vitality, he might be in danger!

Now it seems that the demon has not done any harm to him. On the contrary, he has helped him through the difficulties twice. However, ye Chen knows that there is no good result to seek skin with a tiger!

However, I can only take a step and see a step

.....

Tiandan old man took out two pills. One of them was taken by himself, and the other was handed to Gu Xuan. He said, "this pill can resist the cold. It will be much easier to cross the eight cold devil kingdom."

Gu Xuan is not polite. Now, she is extremely eager to return to the six extinct islands. Although she can not change the result of the trial, she is very concerned about ye Chen's current situationThe figure of two people, soon did not enter the snow.

.....

Ye Chen's eyes narrowed slightly, staring at the strange beast in front of him. He mumbled in disbelief: "is this the strange beast of heaven and humanity?"

In front of him, it is a golden dragon that looks harmless to people and animals. It just flies around Ye Chen strangely.

Heaven and humanity are the new words corresponding to the six exterminations!

The new words are very interesting.

Destruction Shinto is the way of extermination. How does it relate to "life"?

At this time, a golden thunder thundered down and hit the Golden Dragon. The golden dragon, which was originally a harmless animal, gave out a roar in an instant. Its body expanded rapidly and turned into a dragon shadow, which was extremely majestic!

On the dragon's body, the breath of destruction is surging. A pair of golden eyes look down at Ye Chen, as if looking at a mole ant. But under the gaze of the golden dragon, ye feels that the air around him tends to solidify, and the extremely dangerous breath covers his body!

This feeling makes Ye Chen think of a person!

Ye Luo!

Ye Luo'er holds the ancestral dragon's blood on her body! What is the origin of this golden dragon and the legendary ancestor dragon?

In the eyes of the golden dragon, a flash of fierce color, suddenly towards Ye Chen, a claw press!

Ye Chen saw this, and his eyes flashed. The attack of the Golden Dragon seemed extremely powerful, but how could it seem that it did not take the spirit of destruction?

He didn't have time to think about it. He exhaled and opened his voice. The body of the demon was displayed. His strong and incomparable destruction Shinto was wrapped around the Sha sword. Now, ye Chen's manipulation of the destruction Shinto is no different from that of his finger!

He took a sudden step, and the space rule disappeared under his feet, and his figure flashed, and he appeared behind the Golden Dragon. It was not difficult for ye Chen, who has mastered the words of Hua, to step on the space that was hard to achieve. Of course, the consumption is still not small!

Chapter 3853

However, for ye Chen, it's worth taking advantage of such consumption!

Ye Chen, who appears behind Jinlong, suddenly raises his hand and cuts down at the Dragon neck of Jinlong!

But at the moment when the sword light hit Jinlong's neck, a strange scene appeared.

The extremely concise sword of the destruction Shinto fell on the neck of the dragon. At the same time, the Dragon neck of the Golden Dragon burst out a strong breath of destruction. Then, the sword light of Ye Chen was broken!!!

The golden dragon, however, is just a few more cracks on the scales!

In the eyes of the golden dragon, a touch of sarcasm appears. When the dragon claw turns, he slaps Ye Chen, who is full of shocking color, on the ground!

Ye Chen vomited out a mouthful of blood and said solemnly, "is this the meaning of the new words..."

At the beginning, ye Chen still can't understand the new words, but after seeing the background just now, ye Chen understood

What is life?

No death, is life!

The Golden Dragon has completely integrated the destruction Shinto into the body. Although it can not be released, when attacked, the destruction Shinto will break out and turn all attacks into nothingness!

If you don't have the strength to hurt yourself, isn't it life?

For a moment, ye Chen's face looks ugly, this, how to fight?

Even his own sword, which was strengthened by coagulation and swallowing words, was strengthened by crazy words, integrated with martial arts and manipulated by words, could not break through the protection of destruction of Daoyun by human beings and strange animals. How can we overcome it?

"Imitate it!" xuanhanyu said

Ye Chen's eyes flashed: "what?"

Xuanhanyu said: "any defense, there is a limit, as long as you continue to attack, there will always be a time to break that day's humanitarian beast to destroy Daoyun!"

Ye Chen's eyes flashed slightly: "so, I want to imitate it, condense the destruction Shinto in my body, learn this new word, resist the damage caused by the golden dragon, and increase my attack chance?"

If you attack blindly and ignore yourself, even if the golden dragon does not attack by destroying Shinto, with its terrible destructive power, it will be enough to seriously injure Ye Chen before ye Chen breaks through his defense!

Yes!

If ye Chen also displayed the new words, relying on a body against the sky vitality, it is a chance to fight with this day's humanity beast!

A strong wave of divine thoughts condenses in Ye Chen's eyes. The body of thinking of the devil and the blood of reincarnation are displayed. His eyes turn into pure black color. Under the effect of observing the nature, a series of laws appear in front of Ye Chen!

With Ye Chen's familiarity with the rhyme of destruction, he soon discovered the law of destruction, the way in which the Golden Dragon operates!

Ye Chen was able to successfully break through the first few islands and master the six extermination secrets. He also made great contributions to the view of nature!

Ye Chen takes a deep breath. Instead of dispersing outward, ye Chen condenses in his body. He has learned the four secrets of condensation, mania, swallowing and melting. He has read the new words and imitates them smoothly with his aptitude!

The Golden Dragon seems to see this, but in its eyes, there is a sense of disdain of personification.

At this time, ye Chen's body, suddenly spread a burst of sound, blood self surface diffuse, his eyes a stare, spit out a big mouthful of blood

It is extremely difficult to control the destruction of Daoyun, like a feather coat, on the surface of his body. Even if he has learned to use huazi, he can't do it!

That power, burst out in an instant, let alone condensed into a defense, even, let oneself hurt not light!

However, Jinlong is well prepared to attack. He just looks at Ye Chen, who is covered with blood. In the eyes of the dragon, a look of doubt gradually emerges

All of a sudden, a childish voice sounded in Ye Chen's mind: "boy, your blood is something, even this dragon can't see through If I help you to practice these new words, can you promise me one thing? "

Ye Chen slightly a Leng, looking at that golden dragon way: "can you talk?"

The Golden Dragon looked at Ye Chen with great disdain and said, "this dragon is the most powerful and true spirit in the sky. If you don't destroy the real dragon, will you ask me if I can speak? But compare me to those brainless beasts

Ye Chen's eyes flash slightly. The Golden Dragon has survived for many years. But now, its vitality is still incomparably surging and full of vigor. It is like a child who was born not long ago. It can be seen that his longevity should be as long as unimaginable!

Even, it is a kind of extreme existence with the same life span as heaven and earth. In this way, its blood seems to be incomparable, and it is not so strange to be able to speak.

However, ye Chen looked at Jin Long suspiciously and said, "you say Help me to write new words? Do you really know the six

Jinlong looked at Ye Chen like a fool and said, "originally that guy trapped us in this island just to teach you to destroy Shinto. How can I not know the six true secrets of extermination?"

But some other guys are not as smart as I am. They are fascinated by the destruction of Daoyun. They only know how to kill and fight... "Ye Chen pondered for a moment and then said, "what do you want me to do for you?"

If you have this golden dragon to help you, you must get twice the result with half the effort if you want to practice this new word!

Otherwise, it will be very difficult for him to pass the test.

The Golden Dragon's body moved and turned into the golden dragon, which was harmless to human and animal. In his eyes, he showed the color of memory and said: "in those days, I made a big mistake. I was imprisoned here for repentance by the guy named Gu. Now, I don't know how many years have passed. I repent enough, and I regret enough. It's time to go home after so long..."

Ye Chen frowned slightly and said, "you want me to help you break through the battle..."

He can't do this. I'm sorry for Gu Xuan, but his children can't learn new words through the extinct animals on the six islands.

Even if he is willing, he is far from powerful enough to break down the battle left by Gu's ancestors

These six strange beasts all have the strength above the heaven and earth, but they are still trapped here by the ancestors of Gu family. It can be seen that the strength of the ancestors of Gu family has gone against the heaven. How can ye Chen be able to break the big array left by such existence

The Golden Dragon shook his head and said, "don't bother. You just need to find a strange beast with the same strength as me to replace me, and I can leave."

Ye Chen was stunned when he heard the speech and said with a wry smile: "the existence like you is at least the strength of heaven and earth. With me, how can I do it..."

The Golden Dragon looked at Ye Chen strangely and said, "although I can't see through But with your samsara blood, just a little heaven and earth, what is it to you? You don't even know that? "

Ye Chen's look, more surprised: "what do you say?"

Chapter 3854

Reincarnation? Did the little golden dragon see something from himself? Ye Chen can't help but recall the dialogue between the heaven demon and the existence called reincarnation in that source

What kind of samsara are you?

Jinlong looked at Ye Chen's look and waved his claws and said, "it's all. As long as you promise me that when you have enough strength in the future, you can help me out!"

After that, a mouth spits out a golden bead. The Golden Dragon stares at Ye Chen and says, "even the strange beast, I'll find it for you. In this bead, the place where the strange beast is recorded. Although this guy likes to destroy other planes, he still stays at home most of the time.

As long as you promise me, when you have enough strength, you will catch it for me, and I will let you master the new words thoroughly! "

Ye Chen looked at the gold bead, and his eyes kept flashing. Finally, he nodded and put the gold bead in his hand and said, "OK, I promise you!"

In the eyes of the golden dragon, a touch of joy emerges. It opens its mouth and suddenly spits out a breath of essence. The essence turns into a dragon shape and penetrates into Ye Chen's meridians.

Jinlong closed his eyes and said in a very serious tone: "now, according to the guidance of my essence, control the destruction of Daoyun!"

Two days later, ye Chen and the Golden Dragon lie on the ground panting.

The Golden Dragon glanced at Ye Chen and couldn't help swearing: "you guy, how stupid? Ben long taught for two days before you learned it! "

Ye Chen looks at the little dragon without a word. These two days are just like hell. He can survive and practice new words. There are not many in the whole history of dark area

No, I don't think we can find any

In the eyes of Bruce Lee, is this stupid?

According to the golden dragon, this so-called new character chapter is actually a relatively "superficial" Dharma gate that uses the power of the heavenly way to protect one's body. The real name should be called the heavenly way of protecting one's body. As one of the original three ways, the destruction Shinto is extremely powerful.

However, the process of practice is also extremely painful. Ye Chen doesn't know how many times his body nearly burst!

Xiao Long seems to have a dignified expression and murmurs: "is this dragon wrong? The boy is so stupid. How can he not look like he has high blood? "

Ye Chen looked at the golden dragon with a black face. It was the first time that he was despised by people in terms of his qualification

But soon, a smile appeared on Ye Chen's face. He stood up, and his body's Dao Yun suddenly flourished. In an instant, the faint moonlight appeared on the surface of his body, which was the Lingyue treasure dress!

And under the Lingyue treasure clothes, there is a faint black light overflowing!

After Xiao Long's explanation, ye Chen knows that the Lingyue treasure dress is actually the transformation of the Tai * * rhyme contained in the power of Yuehua. Now, he has the protection of the two heavenly ways of Taiyin and destruction. Even if he is attacked by a strong man far beyond himself, he is expected to keep himself alive!

After mastering the new words, the harvest will be greater than ye Chen expected!

Of course, this is also because of the guidance of the Golden Dragon. Otherwise, if ye Chen could only understand it by himself, he would never reach the present level even if he could practice the divine power of protecting the body!

The golden dragon, however, said coldly, "boy, don't be too happy too early. With your present heavenly body protection and supernatural power, you can barely have the qualification to fight with the ghosts of the Shura road. You can't die in the hands of that monster. I still want to rely on you to get out of trouble."

Ye Chen facial expression moves a way: "have you seen that strange beast of Shura road?"

Golden Dragon said solemnly, "I had a fight with him. This ghost is not comparable to the animals on the previous Islands..."

Ye Chen looked at the Golden Dragon and asked, "what kind of existence is this Shura dodge beast?"

The Golden Dragon said with a gloomy look, "that ghost is not as good as a beast!"

Ye Chen took a puff from the corner of his mouth. This dragon is really under beat

At this time, a six color aura appeared all over Ye Chen. Although he did not defeat the golden dragon, he learned the new words, and then he passed the test. The array will send him to the last island!

Looking at Ye Chen, the Golden Dragon said faintly: "the last one on the island is a fierce beast with the blood of Shura. Remember, you must use the power of protecting the body of heaven to block all his attacks Don't die. "

Ye Chen's figure gradually dissipates, leaving only a man's voice echoing on the island of humanity on this day.

"Since I promised to help you out, how could I die so easily?"

.....

A graceful figure, flashing in the air, Gu Xuan veil under the face, actually with an anxious look, soon, she came to the extinction of the six islands outside the border!

Just as she cast her eyes to the six islands, ready to look for ye Chen's figure, a sudden explosion of earth shaking sound, even the whole array, seems to shake slightly, even standing outside the array Gu Xuan, can feel the faint breath!Gu Xuan beautiful eyes, emerge a touch of surprise color, toward the direction of the sound.

At the end of my eyes is the sixth island!

The island of the Thura dodge beast!

.....

"Damn it!"

Ye Chen's whole body, has been stained with blood, pupil slightly turbulent looking at the figure in front of him, and at the moment, his chest, actually appeared three ferocious wounds!

As if, by the claws of the general!

Just now, ye Chen still felt that his divine power of protecting the body and the body could resist the attack of the strong. But now, it was under the attack of the suppressed Shura dodge beast that it was penetrated!

What's more, these three claw marks have no sign of healing for a moment!

Standing in front of Ye Chen's body is a very strange fierce beast. It looks like a human being but not a human being, like a dragon rather than a dragon. Its feet are on the ground. It is covered with dark muscles and a pair of red claws. It exudes a terrible evil spirit all over. At the center of his eyebrows, there is a very strange blood mark!

That's the Seurat!

And on the claws of this strange beast, there are drops of blood dripping to the ground.

Ye Chen's blood!

Ye Chen said in a deep voice, "is this the power of killing words?"

The last one is the chapter of killing words!

This one, can be said to be the most complicated one among the six exterminations, but it can also be said to be the simplest one!

Its content is killing life!

Turn the destruction of Shinto into a weapon to kill life!

What is the level of horror?

Even if it's impossible to block the next attack with the power of the beast!

No wonder, the Golden Dragon said to guard against all the attacks of Shura Dodgers!

If there is no magic power to destroy Daoyun, the blow just now would be enough to kill Ye Chen!

Chapter 3855

The Shura dodge licked the bloodstain on its paw. It was a look of incomparable enjoyment. When its body moved, it rushed to Ye Chen again!

Ye Chen takes a deep breath, steps out, steps out of the space, and instantly disappears from the original place

.....

Beyond the border.

Gu Xuan's beautiful eyes are full of tension. Judging from the fluctuation just sent out, the cultivation of the Shura dodge beast is obviously beyond Ye Chen's limit.

How could this happen?

Originally, it was extremely difficult to exterminate the six islands, let alone under such circumstances?

For a time, Gu Xuan even regretted bringing Ye Chen here!

Even though Gu Xuan had been practicing in a half step of heaven and earth, facing the Thura dodge beast, she was still alive. She had always been proud of herself. For the first time, she understood what fear was. If it wasn't for the bad nature of the strange beast, she was happy to torture its prey, which gave her a chance to breathe. At the last moment, she understood the killing words and wounded it and passed the trial.

Otherwise, she may have died under its claws!

She knows very well how terrible the Shura dodge beast is. Therefore, she also knows how dangerous ye Shitian is now!

.....

At the moment, his eyes were smashed into the cave, even though he was stabbed by the huge teeth, he fell into the cave with a fierce sound, and his eyes were smashed into the cave.

And behind him, a figure of terror was walking towards the cave.

Ye Chen looks dignified. While diving deep into the cave, he crazily comprehends the spirit of destruction in the body of Shura dodge beast, which seems to exist for the purpose of killing life.

With the blessing of its killing power, this Shura dodge beast not only has the attack power that ye Chen can't bear, but also has the supreme bloodline of killing and fighting. Even with Ye Chen's attainments in destroying the Shinto, it is difficult to seriously injure him in a short time

Ye Chen's eyes twinkle slightly, how to cross the current predicament now?

Perhaps the only thing to be thankful for is that this Shura dodge beast seems to enjoy the process of fighting and hunting. It doesn't seem to be in a hurry to kill itself. Instead, it's like playing with its own prey!

This, no doubt gave Ye Chen the chance to turn the plate!

Suddenly, a natural underground lake appeared in front of Ye Chen. His eyes flashed slightly and made a decision!

.....

Following the smell of blood, the Sura dodge beast stepped into the cave. The fierce light flashed in its eyes and gazed at the underground lake not far away from its body. On its face like a dragon, a sneering smile appeared.

He slightly raised his claws, endless destruction of the Shinto, in the claws of cohesion, terror of killing, instantly turned this cave into a Shura purgatory!

Although this Shura dodge beast did not display itself in the sky, but this simple action made the law of heaven and earth, crazy twisted!

Just as the strange beast was ready to wave its paw and attack the lake, a strange light flashed in his eyes. The lake water exploded, and a wounded figure rushed towards it!

In the eyes of strange beasts, a trace of surprise appeared, but it soon calmed down. With a lift, several claw awns with strong destructive charm flashed towards the figure!

The master of that figure is indifferent, holding a long black sword. It is Ye Chen!

Ye Chen stares at the chopped claw awn. The sword in his hand moves and the God of destruction stirs out. It turns into a black sword light and collides with the claw awn!

The whole cave is collapsing!

The sword light cut by Ye Chen is smashed under the impact of the claw awn, and there are three scratch marks on his chest!

His mouth vomited blood, his body quickly flew backward, and his breath weakened a lot!

The Shura Dodger saw this, and his eyes sank slightly. Is this human injury so serious?

It's not easy to meet an opponent who can barely fight with himself. It doesn't want to end the battle so soon!

Ye Chen slowly climbed up from the ground and looked at the Shura dodge beast coldly. The blow just made him hurt his origin. His breath was extremely disordered. I'm afraid he can only play half of his strength. In this case, it is impossible to defeat the Shura dodge beast!

But, ye Chen not only did not retreat because of this, but bravely and fearlessly toward the Sura dodge beast, rushed again!

There is a sense of appreciation in the eyes of Shura dodge beast. Fighting like this is much more pleasant than the boy's running away!

It's a pity, this human, it seems, can't last long

The Shura dodge beast looks at the rushing Ye Chen. It wants to kill Ye Chen in this state. However, if ye Chen is killed in this way, how many years will it take for a plaything to enter the six extinct islands next time?

For a moment, this strange animal mouth corner appeared a touch of fun smile, fit and up, and ye Chen battle in one place! The roaring sound is constantly coming from the cave! I don't know how long it took

At the moment, ye Chen's blood flow more and more, the wound almost spread all over the body, the bones do not know how many broken roots, it seems, extremely miserable, is on the verge of death!

But relying on incomparable tenacious willpower, still supporting, did not fall down!

Shura dodge beast sneers at Ye Chen. After fighting for such a long time, it is not a killer, but is constantly destroying Ye Chen's body for fun.

However, it seems that the game is over!

At the same time, the Sura dodge beast looked at the lake which had been dyed red with blood behind Ye Chen, and licked his claws covered with blood.

Somehow, it vaguely felt that there was something strange in the lake, which seemed to hide something?

Is it because the boy's blood flow into it is too much?

Shura dodge beast seems to feel that the lake is emitting a similar breath with Ye Chen!

However, it did not care, no matter what the boy hidden, what backhand, the end has been doomed!

The Sura dodge beast glanced at Ye Chen, standing in front of him with a sword in his hand. In his blood eyes, he had a good chance to kill!

Now that you can't continue fighting, go to hell!

With a wave of its hand, the powerful destruction Shinto rushes towards Ye Chen like a torrent!

The next moment, ye Chen's body is like fireworks, in this cave, burst to pieces, leaving only bursts of blood mist!

A twisted color appeared on the surface of the Sura dodge beast. He took a deep breath and seemed to enjoy the killing. But suddenly, the strange beast's face became stiff, and suddenly opened his eyes and let out a low roar!

Chapter 3856

incorrect!

That kid, he's not dead!

The living beings with the blood of Shura are born to be extremely sensitive to death. Although he seems to have wiped out the weak human beings with one blow, he can!

There is no breath of death in the blood mist!

The surocchio looked grim, and in an instant he looked at the lake which had been dyed red with blood!

At this time, a dark shadow gradually emerged from the water and walked slowly towards the place where the Sura dodge beast was!

The Dragon kiss of Shura road opens slightly and seems to have a cold smile. The boy is not dead yet!

At the moment, it is Ye Chen who appears in front of the strange beast!

He slowly picked up the evil sword on the ground and stood opposite to this horrible beast!

And Shura dodge beast, not only did not show any puzzled, angry expression, on the contrary, eyes full of joy, excitement!

In fact, it has long suspected that ye Chen is hiding in the lake. The reason why he ignored it is that he did not pay attention to it!

How about ye Chen hiding in the lake?

What was destroyed just now should be the existence of a similar body?

Now, to be able to fight with the master again is a kind of enjoyment for the Shura dodge beast!

It would love it!

What is the need to pull out Ye Chen in the lake in advance?

However, it had thought that the boy would keep hiding, but he came out like this?

Shura dodge beast smile more thick, it seems that the boy's war spirit, has not been completely crushed?

It's interesting to kill such an opponent. The blood of Shura is the blood of battle. For the waste that has lost the will to resist and let others kill, it will make this strange beast lose interest!

Good, good. It seems that I can have a good time this time!

Ye Chen looked at the strange beast of Shura lightly, and his eyes were calm. Just as the strange beast thought, what was destroyed by this strange beast was the incarnation of Ye Chen's spirit animal!

He specially in that incarnation, left a scar, let it and Shura dodge beast fight!

And I hide in the lake!

Of course, he also knew that this might not be able to hide from the powerful beast.

However, in Ye Chen's view, this strange beast is just an existence that only knows how to enjoy fighting and killing. Even if he discovers the clue, he may not pay attention to it!

This gives Ye Chen a chance!

What opportunities?

Opportunity to observe!

Observe the avatar of Fenling beast and the chance to fight with Shura dodge beast!

When his avatar is fighting, ye Chen can feel everything the avatar feels. At the same time, he can also stand in the perspective of bystanders to observe and realize!

For ye Chen, this is the best way to understand the destruction Shinto possessed by Shura dodge beast and master the six true secrets of killing!

And it turns out that he's right!

The Sura dodge beast doesn't care about many of them. Seeing ye Chen show up, he immediately roars and pours at Ye Chen. His whole body is destroyed and the Shinto is surging, condensing on his two claws. At the next moment, a claw shadow that seems to tear up the whole world suddenly appears and goes towards Ye Chen with a fierce suppression!

Above the claw shadow, there is a strong breath of death, like an abyss of killing, to devour all living things in the world!

When ye Chen faces this claw awn, a sneer appears in the corner of his mouth. At the next moment, a killing breath which is very similar to that claw awn is also surging out on the blade of Ye Chen's long sword!

Not far away, the Sura dodge beast saw this, slightly stunned

What's the smell?

Without waiting for it to react, a very thin sword light like black jade emerges in the cave and collides with the claw shadow in an instant!

.....

Beyond the boundary of the six extinct islands, Gu Xuan's beautiful eyes flashed an incredible color and looked at the scene in front of him. On the island of the sixth Shura Road, a black column of light broke out, and a strong atmosphere of destruction pervaded the whole sea area.

The huge dark cloud above, lightning flash, constantly toward the sixth Island, bombarding out, Gu Xuan knows, this is the force of the array in suppressing the island, otherwise, only the afterwave will be enough to make the whole island sink!

Gu Xuan couldn't help murmuring: "the Thura dodge beast alone can't create such a terrible aftershock. The atmosphere of destruction is so strong that it condenses into a column of light. Is it ye Shitian's work..."

His apprentice, in the end is what kind of existence ah, has always been known as a demon Gu Xuan, facing Ye Chen is some can not understand!

Ye Chen looks at the Sura dodge beast in front of him coldly. At the moment, the strange beast has only one arm left!

Ye Chen understands the sword after killing the words, and by surprise, cuts off the arm of this Shura dodge beast!

But, instead of being afraid, the strange beast let out a happy laugh and attacked it wildly and recklessly!

Shura dodge beast is extremely excited to look at Ye Chen, it is injured!What's more, it's still a serious injury such as breaking the arm directly!

It has been unknown how many years, has not experienced such a feeling!

What is a battle without injuries?

At present, this guy looks like a human being. He is worthy of a fight!

Boom, boom, boom!

The black light column, constantly emerging on the island of Shura, under the crazy attack of the Shura dodge beast, ye Chen's wound, which had been gradually healed, cracked again, and the blood gushed wildly!

Ye Chen has already felt that his attack just now has passed the test of Gu's ancestors. If he wants to, he can leave the island at any time

However, ye Chen did not do so!

Why?

The cold on his face gradually melts, and ye Chen's eyes actually appear with a look similar to the Sura dodge beast!

That's fanaticism!

For fighting, for fighting!

He stares at the Sura dodge beast and laughs at his evil nature. How can ye Chen miss such an opponent?

At the sight of the Sura dodge beast, his eyes flashed. At the next moment, he was spitting out his words: "I didn't expect that among other races, we can meet the same kind of people..."

This strange beast is not unable to speak, he did not say a word before, just disdain!

Ye Chen, at that time, was not qualified to talk with him!

Do you talk to your prey?

But now, the Shura Dodgers know that there are no hunters and prey here!

Yes, just two soldiers!

Shura people, respect soldiers!

In the eyes of the Shura, their own kind is not based on blood, but on the desire to fight from the bone!

If you get the recognition of the Shura, then, whether you are human or demon clan, you can get the respect of the Shura family!

However, the high vision of the Shura people is also famous among the heavens. Except those who have the blood of the Shura, it is hard for people of other races to get the recognition of the Shura people!

Although this Shura dodge beast is only a low blooded hybrid Shura, it is very difficult for ye Chen to be recognized by him!

The sound of the roar is endless. The whole island is almost turned into a piece of ruins, which protects the boundary of the six extinct islands. The light is flickering!

Gu Xuan, it's silly to see

At the beginning, when she passed the trial, there was no such rebellious momentum!

Not even in the whole family history!

In a moment, her beautiful eyes, bright!

Like the sun in the sky, it is extremely hot and dazzling!

Chapter 3857

For the first time in her life, Gu Xuan found that there seemed to be a better existence in the world than herself, even the existence that needed her to look up to!

And this person is her apprentice!

For a moment, Gu Xuan's heart is also filled with a trace of pride and happiness

Her pretty face under the veil, slightly red, extremely excited, she knew that ye Chen not only survived, he could even really defeat that almost invincible, like the Sora dodge beast!

The continuous loud noise finally subsided.

Ye Chen was soaked in blood, half kneeling on the ground, panting constantly. His original huge vitality is now weak

However, his face is with a happy, happy smile!

That's the winner's smile!

The Sura dodge beast lies in the pool of blood, its eyes are muddy, its limbs are broken, it seems that even the power of action has no, but this strange beast is indifferent, there is loss on the surface, and there is also happiness!

Can experience such a hearty battle, to it, die without regret!

At this time, the Shura dodge beast's breath, rapidly climbing, with the improvement of its strength, the body injury, also gradually disappeared.

And ye Chen at the moment is also a burst of six color Guanghai package, is about to leave from the island.

Ye Chen looked at the Sura dodge beast lying on the ground and said, "you are a strong fighter."

When Shura dodge beast heard Ye Chen's words, a smile appeared on his seemingly dragon like face.

"You are also a qualified opponent. In the future, we may meet at a higher place."

The next moment, a flash of strange light, ye Chen has disappeared from the original place, but to his surprise, he did not appear outside the boundary.

"Where is this?"

Ye Chen is a little confused!

If you have finished the trial, shouldn't you be outside?

Ye Chen lowered his head and found that there was a huge Yin and Yang array under his feet!

The array disk is even flowing!

Extremely terrifying aura overflows like liquid!

Surrounded by a cloud of fog, the visible range of Ye Chen is only tens of meters!

But ye Chen is sure that this place is not a dark area!

At the same time, the black stone in Ye Chen's pocket rushed out! Flashing a strange colorful light!

Ye Chen found the blood in his body boiling, reincarnation as if to awaken at this moment!

"This is..."

What does Ye Chen think of? The place of trial opened by Gu's ancestors just corresponds to six ways!

And the six corresponding is reincarnation!

Before ye Chen reacts, the colorful light condenses into a virtual shadow!

This virtual shadow is of great stature, eyes seem to travel through the ages, sleeves fluttering, even with the charm of the world road!

The key to this virtual shadow and ye Chen incomparably similar!

This is My past life the Lord of reincarnation!

Is it possible that the reincarnation master of the past life is related to the dark region and even the family?

What's the purpose of this place to destroy Shinto?

Is dark region also one of the main layouts of samsara?

What was he going to do at such a high price in his previous life?

Reincarnation of the Lord staring at Ye Chen, suddenly, showed a smile: "we meet again."

Ye Chen has too many doubts in his heart at the moment and says: "the existence of the dark region is actually related to you, right?"

The reincarnation master stares at Ye Chen's eyes and nods: "the existence of the dark region is related to three people. Ren Feifan, I have another..."

The samsara did not go on.

"Ye Chen, there are some things that you will understand when you see Ren."

"The dark world, as an underground world, is full of death and destruction. In a sense, you don't find it more like it was born for you?"

"According to my expectation, it will be at least 100 years for you to come here..."

"Now I find out I was wrong."

"Your potential is beyond my imagination."

"In your life, I have arranged some opportunities, but you have won more opportunities."

"Your existence bears the responsibility and value of killing demons."

"But now, I find that you are no longer in my control and control."

"The original layout of the chessboard, at a certain moment, has been chaotic."

"Of course, no one can be sure whether it's a good thing or a bad thing."

"Ye Chen, the blood flowing in your body is the blood of the samsara clan and the supreme blood in the world. You..."

However, before the reincarnation master's words finish, the sky demon mark on Ye Chen's chest seems to shake!

Reincarnation of the Master Mou son a coagulation, big hand a wave: "I should not say too much! Goodbye! The situation is complicated. You and I will meet again! "

The next moment, in the heart question thousand leaf Chen then was pushed out!.....

Outside.

Gu Xuan clenched his hands nervously. Suddenly, a man's figure appeared in front of him.

She exclaimed in surprise: "Ye Jingtian, you finally come out!"

Ye Chen frowned tightly, shook his head, temporarily put aside the things to see the previous life. He knew that the reincarnation master found the existence of the demon that day, and then used his strength to push him away from the illusion!

This game of chess is becoming more and more complicated.

Ye Chen raises his head, looks at Gu Xuan and smiles slightly. He is trying to say something, but he is stunned

Seeing ye Chen's look, Gu Xuan is also somewhat embarrassed.

If Xiaorou saw this scene, she would faint on the spot

Master Gu, he looks like a little girl at this time

The most important thing is that Gu Xuan is not wearing a veil at the moment!

Ye Chen looks at the beautiful face in front of him, which is so delicate and indescribable that it seems that it should not exist in the world. Rao is that he has seen countless beautiful women, but he can't help but feel a little lost

The atmosphere between the two people was a little embarrassed for a moment. A stiff smile appeared on Gu Xuan's pretty face and said to Ye Chen:

"I didn't expect that you could really pass the test of exterminating six islands. Gong Congratulations. I'm a disciple of Gu Xuan By the way, the Dan Fang you want, I found it for you. The Dan Fang is in the hands of Tiandan old man. I have invited him to Wuming city. Let's meet him now! "

She was a little annoyed, why did she suddenly want to take off the yarn in front of Ye Chen?

Now, in this way, she is the master of the dark house of Mingzhou and master ye Shitian. Where can I put her face!

When ye Chen heard the speech, he could not help but see the color of great joy: "really? In that case, let's start now. "

Unexpectedly, the elixir of Jinwu Lianti pill was found so quickly!

Gu Xuan slightly lowered his head, as if to defend himself, and generally whispered: "that Well, on my way here, I suddenly met an attack from a monster. With my strength, the monster was not an opponent. However, in the battle, I accidentally removed the veil, so I just

Chapter 3858

As Gu Xuan said, the red glow on her pretty face became more and more brilliant. Suddenly, she seemed to feel something wrong. She suddenly raised her head and saw that the place was empty. At the end of the sky, a black spot could be seen

Ye Chen, actually heard her mention of the golden witch refining body pill, and then flew away directly?

For a while, Gu Xuan was stunned at the spot, and then, on her pretty face, she appeared a look of sullen anger, and Jiao drank: "Ye killed the sky! You give me FIE, FIE, FIE, stand still for me

.....

Dark world, no ghost city.

Old man Tiandan frowned and paced back and forth in the dark mansion. He turned his head and asked a pretty maid beside him: "Gu Xuan said to pick up the alchemist. Why hasn't he come back? Is he kidding me?"

Xiaorou looks at the old man in front of her speechless. How many times has the old man asked this sentence

She was just about to open her mouth. In her beautiful eyes, she suddenly saw a ray of joy and said, "the Lord is back!"

At the next moment, a hawk crow sounded in the sky, and the Golden Rainbow flew down. A golden feather Dapeng appeared in front of the two people, and a man and a woman came down on the ROC's back.

It is Ye Chen and Gu Xuan!

Tiandan old man was a joy, but when he saw the face of Ye Chen clearly, the color of doubt appeared in his eyes.

With his accomplishments, although Ye Chen conceals his true appearance with the jade face obtained at the auction, it can be seen that ye Chen is very young!

How can such a young boy be a master of alchemy?

Originally Tiandan old man, although guess Ye Chen's age is not big, can also want to be at least as old as Gu Xuan?

But now it seems that ye Chen is much younger than Gu Xuan!

Tiandan old man looked sternly at Gu Xuan and said, "this is not the alchemy master you said?"

At the moment, Gu Xuan has put on her veil again. She nodded and said, "it is. The pill that I gave to the old man is from my disciple's hand!"

At the same time, Gu Xuan is also very curious to look at Ye Chen.

It's just that I became the youngest senior cloud master in the history. My martial arts qualification is so bad that even Gu Xuan has to look up to. Even in the Dan Road, he has the attainments to convince the old man Tiandan?

I'm afraid no one will believe it?

In Gu Xuan's beautiful eyes, there appeared a touch of pride, thinking: "I'm worthy of being a disciple of Gu Xuan, and it's so excellent!"

Xiaorou looks puzzled on one side. After the master comes back, how does she feel a little strange?

In particular, it's the look she looks at ye Shitian

Tiandan old man snorted: "are you kidding! Such a boy, can you refine that level of Dan Wen? Are you a three-year-old

Gu Xuan smelled the speech, and her beautiful eyes were also cold. She said in a cold voice: "old man Tiandan, I respect you for living a few more years, but I advise you not to kick your nose on your face!

What's a kid like that? Ye Shitian is my apprentice. Naturally, he is a super demon that can never be seen! In my apprentice's eyes, such Dan lines are nothing at all! "

She said with a sarcastic smile: "ha ha, you are not convinced because you are surpassed by young people like ye Shitian, do you? Let me remind you, dragon and fish can't be compared together

"You Tiandan old man's face was angry, and his whole body was full of terror. The scenery around the people seemed real and illusory, constantly flashing. Under that breath, the laws of heaven were twisted wildly. Ye Chen's eyes moved, staring at the old man in front of him. Is this the breath of the strong?

What a horror!

This day, the old man Dan has not yet displayed himself in the sky, but he has been able to change the color of the heaven and earth, making the law distorted by its Dao Yun!

Ye Chen's nose moved, and suddenly a strong fragrance of medicine appeared in the courtyard. Looking at the old man Dan, he thought that the other party must be a great success of Dan Dao and stepped into such a state. However, even so, the attainment of the old man Dan on the Dan Road was not as good as Xuanhan jade.

Gu Xuan smiles coldly. Facing such a strong man, he is not afraid at all. His whole body is destroyed. Daoyun is surging out, just like a night curtain. From above the sky, the vision of all the people is calmed down in an instant!

Her cultivation is one of the original three ways of destruction Shinto. Compared with the ordinary martial arts of heaven and earth, her strength is far beyond the realm. Even in the face of the old man Tiandan, whose cultivation is a little stronger than her, she has the power to fight!

The atmosphere between the two is extremely dignified. It seems that they are all on the verge of shooting. Xiaorou looks at this scene nervously. If old Tiandan and the master Gu have a fierce battle, no one in Mingzhou can stop it. If they do, she can only inform Jingzhou Gu's family

If she did, she would be very angry

However, Xiaorou didn't care so much at this time. When she turned her wrist, a message jade charm fell into her hand, and she was almost about to inject her divine thoughts into it!

But at this time, an indifferent man's voice sounded in the field. "Your elixir is not bad, but your intention is too heavy, and your heart can't be reconciled. Although it is enough to refine a pill with Dan lines, when refining pills, at the last moment, it is always inexplicable to disperse that rhyme, and can't be perfectly integrated into the pills?"

This sound, of course, comes from Ye Chen.

And Tiandan old man, hearing Ye Chen's words, his terrible breath dissipated in an instant. He looked at the smiling young man with disbelief, joy, admiration, doubt, insight, and even envy!

At present, the young man just felt a trace of his Taoist rhyme, and he said exactly the crux of his countless years. Such a realm of Dan was beyond his reach!

After a long time, he sighed and said, "the posterity is dreadful. The master of Dan Dao is in front of me. I just offended him a lot. Please forgive me..."

The extreme of alchemists is to be a saint. However, in the whole dark area, no one can reach this level. Therefore, the saint is almost a legend!

But in the eyes of old man Tiandan, the master of Dan, ye Chen undoubtedly can bear the title!

Gu Xuan also some silly eyes, this strange old man was Ye Chen a word to persuade? Also known as the master? Respectful?

Holy teacher is the supreme honor!

If ye Chen really can be called the sage of Dan Dao, even if he does not become the agent of the underworld, he can also have unimaginable power in the dark world!

She knew that ye Chen's Dan Dao was outstanding, but she didn't expect that it was outstanding to this point!

Ye Chen said faintly: "master, I'll try my best to answer the questions about Dan Dao. Now, please lend me the Dan prescription of Jinwu Lianti pill."

Chapter 3859

Hearing this, the old man of Tiandan was overjoyed. He nodded his head again and again: "according to the words of the sage master!"

If ye Chen can solve his doubts on the way of Dan and make him go further, he will not only improve on the alchemy, but also loosen his cultivation which has been stagnant for thousands of years!

Compared with that trace of advanced possibility, what is the small sorcerer Dan Fang!

Ye Chen took over Dan Fang, but he could not help but see a touch of excitement in his eyes. When he was about to unfold the animal skin, he could not help browsing.

This is a day and a night!

However, this point of time for a few people present, are like a snap finger general fleeting.

At the beginning of the rising sun, ye Chen finally re opened his eyes, eyes bright Zhan Zhan!

Seeing this, the old man of Tiandan moved in his heart and said to Ye Chen, "master, the old man has studied this pill for thousands of years, but it still can't be refined. The fire is extremely difficult to suppress. If you want to improve the success rate, you'd better go to the eight cold devil's kingdom with me and practice this pill in the wind and snow. It should be effective with the Xuanhan spirit Qi!"

Speaking these words, old man Tiandan is also very proud. This is the secret he has found out for thousands of years. Even if he can't practice this pill by this trick, he should be able to let the sage master have a high opinion of his own Dan!

Unexpectedly, the old man Tiandan finished, but ye Chen said with a faint smile: "why so much trouble? Do you have a furnace and materials? I'm here to make alchemy. You can watch

Tiandan old man heard the words, and was shocked!

For himself, the golden witch refining body pill, which could not be refined by countless hard work, seemed to Ye Chen at his fingertips?

He can't help but sigh in his heart, is this the realm of the sage of Dan Dao? Even, looking at Ye Chen's eyes, all with a touch of reverence.

However, it is not yet possible to make a conclusion too soon.

Tiandan old man's eyes flashed, and immediately waved his hand. He took out the furnace and materials and said, "please have a look at it."

Numerous spiritual materials with surging aura appeared in the courtyard. The powerful aura was like a flood that submerged several people. Even Gu Xuan was looking at the scene with shock on his face.

Purple rhinoceros, Taibai linghanhua, Baibao Lianxin This day Dan old man's wealth, unexpectedly rich to such a degree?

These natural materials and earth treasures are all valuable things if you take them out!

And the most eye-catching is a tripod Wujin tripod, which is located in the courtyard and emits a thrilling Daoyun!

Even Gu Xuan, looking at the black gold tripod, eyes, some trembling said: "Jiupin Diqi?"

There are nine kinds of imperial instruments. The more rare they are, the more rare they are. And the nine grades are rare magic weapons that cross the realm of heaven and earth!

Even though she was born in a wealthy family in Jingzhou, she did not have such a class of magic weapons in her hands. Of course, there are several of them in Jingzhou's family, even higher-level ones!

But it is enough to show how precious this thing is!

And now, because of Ye Chen's words, Tiandan old man has taken out the numerous spiritual materials and the nine grade emperor's utensils?

It can be seen that ye Chen's status in Tiandan old man's heart is so high!

Xiaorou looked a little silly at the side. How could she have imagined that the young man who wanted to kill him a few days ago was actually a man who could let such a strong man respect him so much!

It is quite true that the jade leaf can't be tempered for a while, but he can't make a sound in his heart.

However, if you don't show great demeanor, how can you frighten the old guy who looks smelly and hard and let him take out these things?

With these three feet of black gold tripod, his success rate of refining Jinwu Lianti pills can be even higher!

Seeing ye Chen's happy appearance, old man Tiandan said with some complacency: "this tripod is named Wujin Yaowang Ding. It comes from the ancient medicine King Valley. I spent a lot of effort to get this tripod. I hope I can get the master's eye."

Ye Chen laughed and said, "thank you very much."

At the next moment, he would stop talking nonsense and sit down in front of the black gold medicine King tripod. Tiandan old man watched this scene nervously, witnessing the alchemy of an elitist. For every alchemist who did not reach this level, it was an honor!

Ye Chen comprehends the alchemy method pointed out by xuanhanyu in his brain. After practicing the sun moon Hualong pill with Dan patterns, his Dan cultivation has also improved. However, Jinwu Lianti pill is a very special pill, and its refining difficulty is much higher than that of the sun moon Hualong pill!

In his eyes, the divine light suddenly rose, and a water blue bead on his side fell into the medicine King tripod. At the same time, he raised his hand a little, and a blue and purple flame emitting a very blazing breath fell into the cauldron!

The whole black gold medicine King tripod was immediately wrapped in a blue and purple flame. The water blue beads were also quickly melted. Time passed by, and pieces of Tiancai Dibao were collected

into the medicine King tripod. The sweat on Ye Chen's forehead was more and more, and the medicine fragrance in the courtyard became more and more strong. At the beginning, Tiandan old man, who was a little nervous at the beginning, was completely at the moment An excited look! He looked at Ye Chen and the stove as if he were looking at the miracle!

Ye Chen's technique, heat, timing and so on, all make this alchemy master who almost stands on the top of the dark realm has a refreshing feeling!

After watching Ye Chen's Alchemy, Tiandan old man only felt that his life was in vain!

At the moment, he has no doubt about the identity of Ye Chen's Taoist master!

At the same time, Tiandan old man's eyes twinkle. After the holy master's alchemy is over, he must implore him to be admitted to the door. To be able to follow such an elitist and listen to his teachings, it is extremely lucky for an alchemist like himself!

He even doubted that the reason why Ye Chen made him feel so young was that he had become a magic pill that could rejuvenate in some legends?

The more the old man Tiandan thought, the more he was like this. Otherwise, how could the sage master achieve such achievements at such an age?

Can't help, Tiandan old man looked at Ye Chen's eyes, more and more revered.

I just don't know why the master became Gu Xuan's disciple?

In the eyes of Tiandan old man, ye Chen's attainments in Dan are so high and profound. In the process of refining this Jinwu Lianti pill, he is constantly refreshing his understanding of the Dan Dao. Any detail is worth pondering.

Ye Chen's cultivation must be above himself. He is a terrible existence beyond heaven and earth. He only takes some kind of divine pill and rejuvenates his youth. He looks so young.

Such existence, how can a girl in the later period of heaven and earth become its master? What a joke!

Chapter 3860

All of a sudden, Tiandan old man's look changed and he remembered a legend about his family

It is said that Gu's ancestor was also one of the most powerful people in the dark world. His destruction of the Shinto was extremely terrifying, and almost no one could stop it. However, few people know that Gu's ancestor also had a high attainments in Dan Dao!

Is it true that the sage master conceals his identity and approaches the ignorant maid of the family in order to inherit the noble way left by his ancestors!

Tiandan old man can't help nodding secretly, it must be because of this!

He can't help but sigh. All along, the old man Tiandan thinks that he has invested everything in the Dan Road. But compared with the sage master, his Tiandan old man's consciousness is too low!

In order to get a share of the inheritance of Dan, the master did not hesitate to condescend to lower the noble, and recognized a little girl as a teacher. This courage is not what ordinary people can have!

It's no wonder that the master can reach such a state above the Dan Dao!

Gu Xuan and xiaorou, at the moment, are not on Ye Chen's body, but look strangely at Tiandan old man. How does this old guy feel a little wrong?

At the moment, Tiandan old man is almost to incarnate Ye Chen's brain powder. Looking at Ye Chen's eyes, you can use fanaticism to describe it!

At this time, the last material also fell into the black gold medicine King tripod. With a roar, the tripod cover fell heavily, and ye Chen's look became more and more dignified. Now it is the critical moment to coagulate the pill!

The blue and purple flame wrapped in the medicine King tripod is strong, weak and changeable. In the medicine King tripod, the strong medicinal power diffuses out, and even faintly emits the rhythm of the road!

Ye Chen's eyes turn and wave his hand suddenly. The tripod cover is hanging in the air. A golden pill flies out of the black gold tripod and appears in front of everyone!

Old man Tiandan looks slightly changed. The pill is half finished. Is it too early for the master to refine the pill?

However, when ye Chen saw the half finished pill, he was smiling, and his face was gradually relaxed. A little bit of his hand, according to Xuan Hanyu's guidance, sent out the aura of the power of the moon, and fell into the Jinwu Lianti pill!

Jinmang and Yuehua are interwoven with each other. This semi finished pill is so fast that it melts into a pill in an instant!

A strong to the extreme smell of medicine, instantly from the golden witch refining body pill, surging out!

Dan Cheng!

The last thing ye Chen added was of course YUEYE spirit marrow. According to Xuan Hanyu, Jinwu Lianti pill has strong properties, which is very easy to be destroyed. When the pill was finished, the medicine could not agglomerate and burst out to destroy the pill. Therefore, Tiandan old man refined pills in the eight cold devil Kingdom and suppressed it with Xuanhan aura.

The spirit marrow of YUEYE contains the power of Taiyin Yuehua, which is more suitable for suppressing Jinwu Lianti pill than Xuanhan Lingqi!

The old man Tiandan looked at the golden pill suspended in front of Ye Chen, and his face was unbelievable. The sage master even refined this pill which he had studied for thousands of years at a time, but could not make it?

Although he has already made psychological preparations, he can actually see that Tiandan can't help but be shocked. Looking at Ye Chen's eyes, he becomes more respectful and more sure that ye Chen is capable.

Ye Chen looks at that golden witch refining body pill, but can't help but slightly frown.

Seeing this, Tiandan asked, "what's the matter? Is there a problem with this pill? "

Ye Chen said: "there is nothing wrong with the pills, but it's a pity that they didn't refine the Dan lines..."

Now the March period is approaching, and time is running out. If ye Chen wants to practice the hundred evil blood refining method as soon as possible, the golden witch refining body pill used should have the Dan pattern. The stronger the effect is, the faster the cultivation speed will be!

Hearing this, old man Tiandan is stupefied

His expression was a little bitter for a time. In the dark area, he was called the master of Dan Dao. But now, how can he deserve this title?

The elixir, which could not be refined after thousands of years of research, was refined by the master after only one day's understanding of the pill. However, the master was not satisfied with it. In his opinion, it would not be considered successful to refine pills without Dan lines?

This realm is beyond our reach!

Immediately, a certain color flashed in Tiandan's eyes, and he suddenly bowed down to Ye Chen and said, "the master of the temple refined this golden magic refining body pill. I feel very deep. I also ask the master to give me a chance to practice Dan Dao with him!"

At the hearing of the speech, all the people in the room looked a little strange. This dignified and powerful old man Tiandan seemed to worship ye Chen as his teacher?

Even ye Chen himself was slightly stunned. After a moment, he said faintly, "how can I teach the elder the way of Dan with my accomplishments? At the most, we can exchange some experience from the elixir. "

He laughs bitterly in his heart. If old man Tiandan, a terror strong man, follows him, many things will become very simple.

However, he can be sure that there was something wrong with the old man Dan that day. If he was allowed to stay with him all the time, he would soon find out the flaws, and even find the existence of xuanhanyu. In this case, he could not really let the old man follow his own practice of Dan Dao. This Dan Dao, even he himself did not understand too well!

The old man of Tiandan looks gloomy when he hears the speech. Yes, how can he become a disciple of the sage master with his own qualifications? If he wants to follow the master, he has to be the kind of elitist who will see him forever?

However, soon, Tiandan old man's eyes were bright again. It was a great chance for him to get some advice from the master!

In the next few days, ye Chen did not continue to refine pills, but instead began to understand the Baixie blood refining method. At the same time, he occasionally communicated with the old man Tiandan and solved some of his questions on the Dantao under the guidance of xuanhanyu.

With xuanhanyu's attainments in Dan, it is no problem to point out the old man Tiandan.

After every communication with Ye Chen, Tiandan old man is ecstatic, and his attitude towards Ye Chen becomes more and more respectful. It seems that in front of Ye Chen, he is the younger generation, and ye Chen is the elder.

On this day, the laws of heaven and earth in Wuming city suddenly became confused. Endless aura, like rivers and rivers, came to Wuming city. The whole state of Hades, even Cangzhou near Mingzhou, and the warriors in Liangzhou, all showed horror. I don't know what happened.

And the center of this aura is the dark house of Wuming city!

Shua Shua Shua!

The space fluctuates violently, and several horrible figures appear around the dark house of Wuming city at the same time, and their eyes slightly flash towards the dark house under their feet.

At this moment, the whole dark house of the underworld state has been shrouded by the strong and extreme charm of heaven!
