### Chapter 3861

A woman in a black dress said, "this astronomical phenomenon, there are strong people to break through here?"

A tall red haired man beside him nodded his head slightly and said, "yes, is it the girl who cares for her family?"

There is a thin young man with cold breath shook his head and said: "the girl's breath I know, there is still a distance from the breakthrough."

At this time, a huge shadow of the cauldron furnace appeared in the sky of the dark mansion of Ming state. The endless aura and the rolling charm of heaven's way all flew into the cauldron one after another!

In an instant, the furnace cauldron in the shadow, sent out a strong breath of Dan, as if there is a wonderful pill is taking shape!

The strong men above the dark mansion were all showing a trace of unexpected color. The black skirt woman gazed at the furnace cauldron and said, "is it really a breakthrough with Dan?"

With the passage of time, the aura of elixir in the cauldron became more and more powerful. After a few hours, a strange wave rippled. In the cauldron, the light flashed, and a golden red pill with countless rhymes on it suddenly rushed out of the cauldron and jumped into the eyes of everyone!

On that pill, there is a breath that only the strong can possess!

At the next moment, a shadow of a man rises from the dark house. With the speed of thunder, it merges with the shadow of golden red pill. All kinds of visions disappear, and a very happy sound of laughter goes straight into the sky!

The light converged. It was a young warrior who appeared in front of everyone.

The red haired man's pupil shrank: "Tiandan old man, is it you?"

The child looked at the crowd and said with a smile, "ladies and gentlemen, you are very polite."

For a while, all of them were suspicious. Although old man Dan was strong on that day, he heard that he had been stuck in a state for a long time. How did he suddenly break through?

What's more, why did he appear in the underworld?

Does this matter have anything to do with Gu Xuan?

Mingzhou is the weakest state in the dark region of the underground world, not only because of its remoteness and narrow territory, but also because Gu Xuan's strength is beyond the realm, but there is still some gap between Gu Xuan and the real dark region. But now, if there is an extra Tiandan old man in Mingzhou, the situation will be different!

Is the underworld going to rise in the dark?

Fortunately, not long ago, the old man's doubts were suddenly solved with a smile

The governors of each state are basically giants and the most powerful. In this dark area, I have seen all kinds of storms. But when I heard the old man Tiandan's words, they were so shocked that they couldn't close their mouths and looked silly.

Can a strong man who has been stagnant for tens of thousands of years break through the shackles with guidance?

What kind of people did Dan reach?

Such a strong person, put in the whole dark area, are pivotal existence!

At this time, Tiandan old man's shadow flashed, two women and a man appeared, it is Gu Xuan, xiaorou, or Ye Chen.

Ye Chen looked at Tiandan and said, "Congratulations, Tiandan."

Originally, ye Chen still called old man Tiandan his elder, but somehow, old man Tiandan insisted on asking Ye Chen to call him by his name

Under helpless, ye Chen also had to match with Tian Dan.

When the governors heard the speech, they all jumped out of their eyes.

Tiandan old man's face is the most important. Now his breakthrough is in front of all the governors. However, the young man called him by his name?

Everyone thought that Tiandan was going to get angry.

See that day Dan old man, actually is posture extremely low to Ye Chen salute way: "this also thanks to the saint teacher's instruction! If there is no master, I'm afraid I'll be stuck in this shackle all my life, and I'm afraid I'll be in a dilemma. "

Ye Chen smiles and says nothing more.

For a time, the strong people around the dark house of Mingzhou were all looking at Ye Chen standing beside Tiandan old man. This young man is the elder of Tiandan old people?

Although they can't see ye Chen's accomplishments because of the cover of Anning spirit stone, they can still feel Ye Chen's vitality, which is incomparably young!

What's going on here?

After that, ye Chen and Tian Dan returned to the dark house.

Gu Xuan looked at all the governors with a smile, and said, "everybody, don't look, go back."

As soon as she turned around, her beautiful eyes were full of excitement. Ye Shitian's apprentice was really right!

Look at that day Dan old monster to ye Shitian so respectful appearance, let it return to the underworld is not a word of the matter?

If there is one more such strong person in the underworld, the situation in the whole dark area may have changed.

The governors were all flashing their eyes, and the black skirt woman said with a smile: "there must be some misunderstanding. Old man Dan has been practicing on his own this day, and he may not join the dark house of the underworld."The red haired man also nodded: "yes, the young man is a little strange, but he can't be any elder. Don't worry too much."

Other people, also say similar words, one after another body flash, disappear from the original place.

In the void, the black skirt woman pondered for a moment, and then suddenly took out a message jade Rune to stimulate it.

In the jade Fu, a respectful man's voice said, "master."

Black skirt woman light way: "son book, you go to the mansion treasure house to take that treasure clothes, prepare for me."

The man, known as Zishu, was somewhat surprised and said, "that treasure dress is the most important defense treasure next to master's xuansha immortal clothes. Now I want my disciples to take them out. But what happened? What happened to damage the master's immortal clothes and replace them with this one?"

Black skirt woman way: "I am ok, take this treasure dress is to send a person."

"Send someone off?"

When Zishu heard this, he was even more shocked. This treasure coat is the supreme treasure. Now master wants to give it to others?

You know, master's status is extremely noble, and who can afford such a great gift?

The black skirt woman said: "you don't have to ask more. Take out the treasure clothes. What's more, we people in Liangzhou should not conflict with the dark house of Mingzhou for the time being. We should also give up the several mines that we competed with in the dark house of Mingzhou."

Zishu's brain couldn't work. What happened to him that suddenly changed his attitude towards the dark world?

After a moment, he still pressed down the doubts in his heart and said, "yes! I understand! "

The woman in the black skirt put down the jade Fu and murmured to herself, "it's impossible to help the old man Tiandan to make a breakthrough at one stroke. It's not as simple as on the surface. Although we can't see through the man, there's nothing wrong with having a good relationship with him..."

Several other governors who left the underworld are doing the same thing.

Chapter 3862

.....

Ye Chen took a breath of turbid Qi, retreated from the enlightenment, and said to xuanhanyu, "xuanxianzi, I have already understood the hundred evil blood refining method. I have roughly understood whether I can start to practice. However, there is only less than one month left before March. Before that, can I refine the hundred evil blood refining method?"

Even if you can't practice to perfection, at least you have to enter the gate. After entering the school, if you have a hundred evil bodies, ye Chen's bottom card can also be increased!

Xuan Hanyu suddenly said with a smile: "under normal circumstances, even if you have refined the golden witch refining body pill with Dan patterns, it is difficult to refine the hundred evil blood method to the entry level in such a short time. However, if you go there, you will have a bit of hope..."

Ye Chen looks moved: "there, where is it?"

Xuanhanyu said: "your luck has always been good. It takes a lot of negative energy, such as Yin death and dead Qi, to practice the hundred evil blood refining method. Don't you just know a place full of such energy?"

Ye Chen's eyes, suddenly a bright way: "wanmie the underground palace in the forest!"

Xuanhanyu said: "yes, if you go there, in a short time, you may be able to cultivate the hundred evil blood refining method to the entry level state!"

Ye Chen's look gradually excited, his body flash, then appeared in the hall, at the moment, Gu Xuan and Tiandan old man are sitting in the temple talking.

Old man Tiandan and Gu Xuan originally had some contradictions. However, after he thought he had guessed the reason why Ye Chen was close to Gu Xuan, he was quite friendly to Gu Xuan. When old Tiandan thought about it, the master's plan to approach the family should not be affected by himself.

He looked at Gu Xuan with a gentle expression, but in his heart he was sneering. Although the girl's martial arts talent was outstanding, she was still young after all. Now, she has been played around by the master?

Gu Xuan's pretty face under the veil also looked like a smile, but his heart was also quite contemptuous and said: "what about this stupid old thing who has broken through the shackles of thousands of years? He is not played around by my apprentice. I think he will still be regarded as a great master by now."

At this time, ye Chen came to the two people in front of him and said, "I have something to do and need to leave for a period of time."

Tiandan old man even said: "what does the master want to do? Can it be used in an old-fashioned place? "

Gu Xuan glared at Tian Dan old man and said, "do you need me to accompany you?"

Ye Chen pondered for a moment, then nodded his head and said, "it's so good."

One day, the old man Dan and Gu Xuan protect the Dharma, so he doesn't have to worry about any accidents.

Although his strength has been improved a lot, the general sky mending realm exists, and he may not be his opponent in front of Ye Chen, but there are countless dangers hidden in this dark area. Even if he has strong strength, he is not at ease.

Gu Xuan looked at Tiandan old man with some dissatisfaction and said, "old man, you are a world expert and strong man, always following my apprentice. Isn't it shameful?"

I don't know why, she wants to be alone with her apprentice, but both are destroyed by the old guy!

Tiandan old man raised his childlike face and said: "shame? It's an honor for me to follow the master, but it's you. Since you have an old master with you, you don't have to go with me. "

He looked at Gu Xuan sarcastically and said, "although I've only made a small breakthrough, I don't know the gap between you and me now."

Gu Xuan smelled the speech, and her anger flashed in her beautiful eyes: "you old guy! How about breakthrough? I'll show you how powerful the destruction Shinto is today! You're just like that in front of me

Ye Chen waved his hand with a wry smile on his face and said, "OK, let's go together. This time I'm going to practice a secret skill. You protect the Dharma for me together, which makes me feel more at ease."

How did he feel that these two dark regions were like two fighting children.

With that, ye Chen waved his hand and flashed with brilliance. The black gold medicine King tripod fell in front of Tiandan old man.

Ye Chen said with a smile: "now that Jinwu Lianti pill has been refined, the cauldron should be returned to its original owner."

The old man of Tiandan looked serious and repeatedly waved his hands and said: "master, please take this furnace. If it is not the master, how can I break through it? If the furnace is in the hands of the master, then I can play its real value. Just take it as a little bit of the old man's mind. Please don't refuse, otherwise I will be in trouble!"

Ye Chen smelled the speech, gazed at Tian Dan old man for a moment, nodded his head and said, "OK."

In the future, he will refine many Jinwu Lianti pills to assist him in practicing the Baixie blood refining method. With this furnace, it is quite convenient. Compared with breaking through the shackles, this furnace is really nothing.

Immediately, the three of them boarded the Jinpeng and flew toward wanmie forest.

.....

Wanmie forest, the underground palace, suddenly a slight earthquake, and the source of the vibration, but in the deeper underground, no one knows, under this underground palace, there is a secret room, full of dead gas, continuously through the underground palace, pouring into the dark chamber, and in this chamber, there is a pair of sarcophagus! At the moment, the sarcophagus was shaking from time to time, as if something was trying to open the lid of the coffin

After a moment, the vibration disappeared, the underground palace returned to peace, and the existence in the sarcophagus seemed to fall into silence.

But no one knows when the things in the coffin will wake up again. Next time, will the sarcophagus really open?

.....

A golden light fell in the wanmie forest, showing the three figures of Ye Chen, and went to the underground palace.

Soon, ye Chen several people then again entered this underground palace.

Tiandan old man frowned slightly, and the spirit of Yin death here was so strong that it was so strong?

Even ye Chen and Gu Xuan looked at each other's eyes and faintly saw the color of surprise in each other's eyes. The breath of yin and death in the underground palace seemed to be stronger than when they came last time

Ye Chen slightly frowns, I don't know why, he has a kind of bad premonition.

When they arrived at the position of the array at the level of the underground palace, ye Chen sat down on his knees and took out the evil and strange things and Jinwu Lianti pills that he had got from the army. Looking at Gu Xuan and Tiandan, he said, "the secret skill I'm practicing needs the help of yin and death. It's quite suitable here. Please two of you."

Gu Xuan and Tiandan old man nodded, and their bodies flashed, and they appeared on both sides of the chamber of secrets. Their spiritual power slowly turned and they were ready to move at any time.

Ye Chen took a deep breath and pointed his finger at the witch's eye that day. In this evil eye rune, a blood light immediately bloomed and suspended above Ye Chen's head. It seemed that you could see countless big wizard's body shadows standing behind Ye Chen. The Yin death Qi in the whole underground palace seemed to be stirred and began to rush towards Ye Chen's place!

Ye Chen takes out a golden witch pill and swallows it in his mouth. His pupil shrinks, and a ferocious and extremely powerful medicine is stirred up in the meridians!

Chapter 3863

This medicine is extremely strong, and ye Chen's whole body blood, under the stimulation of this medicine, is actually instantaneous boiling!

Ye Chen's blood was as hot as lava. He roared and endured the pain of burning himself with fire. His hands were quickly sealed. He operated his spiritual power according to the cultivation method of hundred evil blood!

This boiling blood, although leaves Chen to bear great pain, but, he is full of excited color!

Why?

Because cultivating the method of hundred evil blood, the stronger the potential contained in the blood vessel, the more hot the blood will be under the stimulation of this method!

Ye Chen's blood is now as high as millions of degrees, even the ancient witch clan, are hard to reach the height!

If you practice this hundred evil blood refining method, not to mention the hundred evil body, just strengthen Ye Chen's body, you can reach a level of terror!

The extremely strong heat wave appears in this room. Tiandan old man and Gu Xuan both look at Ye Chen with astonishment on their faces. The blood is so hot that even ordinary people with strong heaven and earth environment will be injured under the high temperature generated by themselves?

But ye Chen, although it seems to bear the strong pain, but still good to practice secret arts, not affected by the appearance of the slightest!

What is its vitality?

Tiandan old man's face showed such a real look, more and more sure that ye Chen is actually a strong living in ancient times.

Even Gu Xuan is a little shaken. She knows that ye Chen's vitality is terrible and almost miraculous. If only this is the only one, Gu Xuan will not feel anything. She knows that there are many monsters in the world that can't be understood

But ye Chen a person on the miracle, whether too much?

With his body against heaven and his incredible attainments in Dan Dao, he even passed the test of extermination of six islands even though he had hardly practiced the six extermination formula?

Is this really what a warrior who has not yet broken through the heaven and earth can do?

Is this disciple really an old monster?

As soon as this idea appeared in Gu Xuan's mind, it was out of control

Gu Xuan suddenly shook his head, no longer think, no matter how ye Shitian exists, he is his own disciple!

As time passed by, three days passed in a twinkling of an eye. At this moment, the heat wave in the chamber where ye Chen was located was so strong that even old man Tiandan and Gu Xuan had to use spiritual power to support the vigorous Qi shield to resist.

The infinite Yin death Qi poured into Ye Chen's body. They both looked at Ye Chen with dignified expression. They knew that ye Chen's Secret cultivation should be at the critical moment!

Over the past three days, ye Chen has been swallowing the Yin death Qi in the underground palace. The dead gas and Yin Qi concentration of the whole underground palace have even decreased by 50%!

At this time, the whole underground palace suddenly trembled, and Tiandan old man and Gu Xuan were all looking at their feet!

In the dark room under the underground palace, there was a loud noise. The heavy sarcophagus was completely pushed away. Two green cold stars lit up in the dark room. At the same time, a very frightening breath burst out, covering the whole forest in an instant!

The countless powerful ghosts in the wanmie forest are all sending out bursts of lamentation, trembling and lying on the ground, as if to see their emperor!

Old man Tiandan said with a deep look: "this breath What is it? Even I feel extremely dangerous! "

The pretty face under Gu Xuan's veil was also ugly. She glanced at the center of the secret room array, where a stone tablet was originally standing, and whispered, "it can't be..."

In the dark room, the blue stars twinkled and the cold green light seemed to be shining on the top of the head. At the next moment, with a roar, a figure directly smashed the bottom of the underground palace and appeared in front of Tiandan old man and Gu Xuan!

There was a strong smell of corpse. When they looked at the figure, they could not help but change their faces. In front of them, there was a horrible corpse which was almost rotten, with a pair of blue eyes flashing with a very fierce light!

Tiandan old man felt the corpse, sending out the infinite spirit of death. He couldn't help his pupil trembling and said, "what the hell is this?"

Gu Xuanning said in a voice: "this It should be the legendary celestial corpse... "

"What!" Tiandan old man's eyes jump, sky corpse?

That, but in the legend, it can kill all the terrible corpses!

That day corpse, although not in full swing, but standing in front of himself, or let him have a kind of feeling of panic!

Gu Xuan took a look at Ye Chen and said in a deep voice: "you and I will fight together. No matter how, I will block the corpse of this day!"

Old man Tiandan nodded solemnly. Although he was advanced, he had just stepped in and was not stable. Moreover, he entered the source with the way of elixir, and the battle was not a strong point. I'm afraid he was reluctant to defeat the corpse of that day.

Of course, if Gu Xuan and Tiandan want to escape from the corpse, they can still do it. However, ye Chen is practicing secret arts and can't be distracted. If they escape, ye Chen has little resistance to the corpse! On the rotten face of the corpse that day, it seems that a ferocious smile appeared. Looking at Tiandan old man and Gu Xuan, it seems that they are looking at two delicious dinners. With a roar, they rush towards them with rolling evil spirit!

Seeing this, the old man Tiandan said coldly: "evil, don't be rampant. Don't you put me in the eyes of Tiandan old man!"

At the next moment, the extremely strong breath of Dandao rippled from its whole body, and the law of heaven and earth was distorted. The self existence of Tiandan old man came in an instant!

Even with the strong stillness in the underground palace, they could not resist the erosion of the law of Tiandan old man. The whole scene of the people changed suddenly, and it was as if they were in a furnace!

The furnace is octagonal in shape and can be divided into eight directions, corresponding to eight trigrams!

Gu Xuan's eyes twinkled. The old man Tiandan is worthy of being a man of the ancient elixir. He seems to be floating in the sky with a special Hongmeng flavor, which is quite different from the general Hongmeng flavor. It is said that it is the power to conceive all things with the same origin and the same root!

Although the spirit of Hongmeng in the furnace is weak, it can not be underestimated. Without the permission of Tiandan, the heaven and earth and the existence under it are almost impossible to change the power of law in this furnace, that is to say, we can't call ourselves to heaven!

Gu Xuan takes a deep breath, and the spirit of destruction also sweeps out from the delicate body. Above the furnace, there is a dark sky. In the sky, there is an aura of terror that destroys everything!

Two people's self-reliance, seems to blend into one, the flame in the furnace, instant full of fierce killing!

The eight trigrams turn into extermination!

Chapter 3864

In the eyes of Tiandan old man and Gu Xuan, there is a touch of joy. Their self integration and power are still ahead of their expectations!

Even the legendary celestial corpse can't be easily dealt with in the face of this extermination array, right?

But at this time, that day the corpse faced the Tiandan old man and Gu Xuan's selfishness, was actually laughing!

A chill, gush up Gu Xuan and Tian Dan old man's heart, this day corpse is laughing what?

In a flash, behind the celestial corpse, it seems that there is a mountain formed by thousands of corpses. At the same time, a suffocating law of corpse road breaks out in this furnace instantly!

The law of corpse road had a strong impact on Tiandan old man and Gu Xuan's being in heaven. For a time, a mountain of corpses was towered in the furnace and under the sky!

"What!"

Gu Xuan and Tiandan old man exclaimed at the same time. They couldn't believe to look at the decayed corpse in front of them

That day, the corpse was trained to be a god!

You know, it's very difficult for this kind of corpse refining to be self-contained. The corpse baby whose pseudonym is Chen you is the best example!

However, this ancient celestial corpse, which has existed for many years, has achieved it!

"Damn it!" Gu Xuan scolded, turned over her plain hand, and a long black iron sword appeared in her hand. She gazed at the figure of the corpse that day. In her beautiful eyes, the killing opportunity flowed, and she said, "six exterminates Xuanton! Cut

For a moment, the surging atmosphere of destruction condensed on the black iron sword. In the dark sky, a black light was shot down and fell on Gu Xuan Jiao's body. At the moment, she was surrounded by endless broken Daoyun, as if she had destroyed the goddess of the world!

When the six exterminations were applied, the sword spirit on the black iron sword became more and more fierce, reflecting each other with the rhyme of destruction. At the next moment, a terrible sword suddenly rose from the black iron sword and turned into dark lightning, and it was cut hard towards the sky corpse carrying corpse mountain!

Tiandan old man sees this, his eyes are bright!

Gu Xuan deserves to be the ultimate evil spirit in Gu's family. It's really terrible to destroy Shinto!

This sword has the power to shake the other side!

At that time, Tiandan old man also received his hands and turned the eight trigrams. The boundless flame turned into a fire dragon and roared towards the corpse of heaven. It seemed that he took it as an unfinished pill and wanted to be thoroughly refined!

In the face of a powerful ancient elixir and a powerful one with a destructive Shinto, the corpse's green eyes and fierce light flashed that day, and the corpse mountain behind it vibrated. Countless corpses actually stood up from the corpse mountain and rushed to the celestial corpse!

That day, the corpse roared, and countless corpses actually melted into its body one after another!

At this time, the fire dragon and the sword light came together, and the sky corpse's eyes were full of blue light, just like two green suns. On his hands, two gray light balls were formed by the condensation of extremely pure dead evil spirit. With a sudden wave of his hand, the light ball shot towards the fire dragon and sword light!

Bang, two light swords!

On the furnace wall of the furnace, there are cracks, and the dark sky is also a burst of huge tremor, and countless black fragments have fallen!

Tiandan old man snorted, his mouth bleeding, and looked at the figure standing on the sea of fire in disbelief.

Light convergence, two gray light ball dissipated, fire dragon and sword, but also disappeared!

That ancient sky corpse, it was so easy to accept Gu Xuan and Tian Dan old man's joint attack!

There is a sword mark on the chest of the celestial corpse, but it doesn't care at all. You can imagine how strong his body is!

It ferocious smile, then with the towering corpse mountain behind him, towards two people!

Tiandan old man and Gu Xuan are gloomy, but they have to meet the dead body of the sky. The three extremely powerful beings are fighting for one place in the heaven!

At the moment, ye Chen, who is in the underground palace, looks dignified. He practices the method of blood refining. At the critical moment, although he can't do it, he also feels what happened!

From the impact of this rhyme, Gu Xuan and Tiandan old man, facing the ancient celestial corpse, obviously did not occupy any advantage!

If it goes on like this, maybe their lives will be in danger!

And all this is because of myself!

Although the corpse on that day was extremely terrible, it was extremely easy for Gu Xuan and Tiandan to escape from his hands.

Even if you leave the underground palace, the corpse may not be the opponent of the two people that day!

But they didn't!

In order to resist the corpse that day and help him practice the method of hundred evil blood refining!

How can he not be anxious?

Even because the heart is not stable, the boiling blood, almost can not suppress!

At this time, xuanhanyu's voice appeared in Ye Chen's mind and said: "boy, stabilize your mind. If you are hurt by the attack of the skill at this time, the three of you may really die here!"Ye Chen hears the speech, the powerful spirit of the power, surging out, forced to suppress the anxiety in the heart, more desperate to run the hundred evil blood refining method!

He was biting his teeth. He must practice the hundred evil blood refining method before Gu Xuan and Tiandan could not support him!

.....

Tiandan old man and Gu Xuan, at this time, are already scarred, even on the face, have bursts of green light.

In the eight trigrams stove, Taoist medicine is injected into the two people's bodies, forcing the green light down.

Tiandan old man looked ugly and said: "I didn't expect that the corpse is not only very strong, but also has such a strong body poison? Even with my Dan Dao, I can't suppress it! "

The most important thing is that both the gossip stove and the dark sky above seem to be on the verge of collapse!

On that corpse mountain, thousands of corpses are attacking Gu Xuan and Tian Dan old man's self existence.

Tiandan old man is better. After all, his realm is higher than Gu Xuan, and his age is also long. He is extremely stable in the sky. He belongs to Gu Xuan's dark sky, but the situation is extremely bad!

Once Gu Xuan's freedom is broken, this fragile balance will no longer exist!

Tiandan old man clenched his fists. I don't know the origin of the ancient celestial corpse. How could he have such a terrible knowledge of corpse road?

Gu Xuan stares at the celestial corpse that is toward two people, suddenly whispers: "finally found..."

Tiandan old man's look moved, glanced at Gu Xuan and said: "have you found it? What do you mean

Gu Xuan took a deep breath: "I finally found the life gate of the corpse that day, old man Tiandan. Now, I only have one stroke left. Next, I will concentrate all my strength on one point. It will take some time!"

With that, her whole body was destroyed, and the dark sky on the edge of breaking gave out a roar of thunder, as if brewing a terrible thunder!

Chapter 3865

Gu Xuan actually began to gather his own strength regardless of it!

Tiandan was stunned, and then his whole face was about to collapse. He said: "do you mean to let me trap the corpse for a moment at all costs? Well, it's very rude of you to care for your family. "

Although he said so, he also knew that if he could defeat the demon, he took care of Xuan's move. Immediately, a decisive color appeared in his eyes. In the furnace, the fire was full, and the medicine was surging. The infinite power of medicine, interwoven with the principles of Dan, turned into a blood red elixir and appeared in front of Tiandan old man.

Tiandan old man's eyes flickered at the pill, and suddenly reached out his hand and sent it to the entrance. On his childlike face, a trace of abnormal red suddenly appeared!

At the moment, Tianshi has already rushed to Tiandan old man's body. The ghost's claw is full of stillness, and it's about to grab the head of Tiandan old man. However, the Tiandan old man, who had been suppressed by the heavenly corpse, is now calm in the face of this extremely dangerous claw

The sky corpse's green eyes flashed, and it seemed that there was a look of doubt. It even moved, and it was about to retract its claws. But at this time, a very powerful Daoyun burst out of Tiandan old man's body. He raised his right hand, and the strong purple air gathered on the right fist of Tiandan old man. The next moment, he was unarmed, and faced the body, which was comparable to the thousand iron smelting Sky corpse, blow out a blow!

That day, the corpse appeared, and I couldn't help but feel awe in my heart. How dare this weak human race fight with me?

What's more, the strong cohesion of Dao Yun on this fist actually makes the heavenly corpse feel a trace of danger!

This abnormal scene, on the contrary, makes this celestial corpse, which has existed since ancient times, be on guard!

His claw, no longer toward the Tiandan old man's head, but turned to defend, blocking the purple wind around the fist!

At the next moment, there was a big bang. The strong breath of heaven burst out and swept around. It was incredible that in the rolling purple air, the heavenly corpse with terrible power and strong body was blown out by the fist of old Tiandan!

With a roar, the corpse stopped in mid air. It glanced at its paws and couldn't help its pupils shrinking. Two fingers were smashed by force!

It can be seen that Tiandan old man just that fist, how terrible!

A figure came out of the purple air and came towards the corpse. He looked gloomy and said coldly: "evil block, you just suppressed us very comfortable?"

Now, it's time for you to taste this taste. Our people are not as vulnerable as you think. If you want to kill us, you should be prepared to die from the world! "

At the moment, Tiandan old man's body is surrounded by purple gas, which seems to be some kind of special gas, which has a very terrible Taoist rhyme, and has a strong restraining effect on corpses and ghosts!

However, although the breath of the old man Dan was very strong, just like a God coming down from the earth, the original appearance of a child had changed!

Tiandan old man's body has been quite high. It seems that he is a boy of 14-5 years old. As the old man Tiandan moves forward step by step, his age is growing at a speed visible to the naked eye!

Obviously, he used some kind of potential backhand, which should be the biggest card of Tiandan old man!

And limit, is in his old age, breath began to decline that moment!

That day, the corpse obviously found this, and a strange smile appeared on his corrupt face. His body moved, but he was hiding himself in the void.

It will be delayed until the old man Tiandan loses its effectiveness!

In that case, are the two celebrities left to their own devices?

Why confront them at such a time?

The old man of Tiandan snorted coldly, and his figure flickered slightly. At the next moment, a huge purple palm suddenly appeared. With a roar, he broke the void and returned to the heaven with two figures.

It's old man Tiandan and that corpse!

In the sky corpse's blue eye, flickers the gloomy color, this damned human, is really not afraid of death?

At the moment, his chest was blasted down, and there was a clear and visible fist print. Obviously, it was the hand of Tiandan old man!

Dan's arm was so terrible that he had to take off his shoulder!

Just now, the heavenly corpse escaped into the void, and Tiandan old man was desperate to chase into it and fight to death. In the void, the power of being in heaven was sharply reduced, and both of them were wounded in the battle of self in heaven!

Tiandan old man gave a cold smile. He glanced at Gu Xuan behind him, and then his figure moved. The purple air on his fists turned and fought with the corpse that day!

Today's Tiandan old man has turned into a handsome young man in his twenties!

Tianshi seems to have been completely infuriated. His eyes are full of fierce light. He no longer evades. He attacks the skyrocketing old man Tiandan with a bear's breath!

From young to middle-aged, from middle-aged to old age, the appearance of Tiandan old man is constantly changing during the battle. Two people fist to claw to, not long, they have been fighting for thousands of times, and now Tiandan old man, astonished is full of white hair, face full of wrinkles, body also bent down, the whole body purple is gradually thin!

His whole body was blasted out countless fist marks, and even one arm was blown off, leaving only half of the sky corpse. Seeing this scene, the blue eyes showed the color of ecstasy, and grinned ferociously at the old man Tiandan!

This human, is it going to the limit?

Ha ha

The next moment, the sky corpse roars, the whole body is dead, and the claw shadow flashes!

Tiandan old man's eyes twinkled. Now he lost the power to suppress the corpse in front of him. He fought and retreated. His injuries became more and more serious, but he still encouraged and insisted on!

At this time, Tiandan old man's purple Qi was scattered all over his body, and his eyes were also dim. He looked back at Gu Xuan behind him. He saw that her body was full of wind like destruction, but there was still no sign of opening his eyes

Old man Tiandan sighed, and a wry smile appeared on his face. Unexpectedly, he was about to fall into the hands of this evil creature when he was just advanced

At the next moment, a decisive color appeared on Tiandan's old face. His eyes opened violently, and his whole body's breath suddenly became manic. Even the blood thirsty sky corpse, after sensing the breath, could not help but have his eyes turbulence. His body flashed, and then flew back to the rear!

Tiandan old man is preparing to blow himself up!

However, at the moment when Tiandan's body began to expand, a woman's voice came into his ears.

"Calm down, that monster's time is up!"

In this woman's voice, it seems that there is quite a strong Daoyun, which is actually the restless spiritual power of Tiandan old man, slowly calmed down!

Chapter 3866

Tiandan old man was a little stunned, and then he was ecstatic. Looking behind him, he saw a graceful woman in a gauze skirt standing behind her. She was just standing. The emptiness and rules of her whole body disappeared uncontrollably. It was Gu Xuan!

Tiandan old man's eyes flash a touch of shock color, at the moment Gu Xuan actually sent out a bit not weaker than his own terror pressure!

Gu Xuan stares at the sky corpse that flies away. The black iron sword in his hand is raised slowly. A dark thunder suddenly shoots from the edge of the sword!

The face of the celestial corpse finally flashed the color of panic and fear. At the moment, Gu Xuan and the black iron sword in her hand gave her a breath of death!

As soon as it gnaws its teeth, it is recklessly running the power of death in its body. When the corpse mountain behind it shakes, countless corpses will howl and melt into the body of this day's corpse!

The breath of celestial corpse keeps rising, but there is also a touch of heartache in his eyes. Obviously, this method is also one of his backers and can not be used at will!

The next moment, a bloody bone dragon's shadow suddenly appears in front of the corpse, sending out a frightening pressure, and rushes away towards Gu Xuan's dark thunder!

In a twinkling of an eye, the bone dragon collided with the dark thunder!

A strange scene, appeared!

The seemingly powerful bone dragon is a black thunder directly cut by Gu Xuan!

The pupil of the corpse shrinks wildly, and even has no time to react. The thunder hits the brow of the corpse!

But at this moment, although the bone dragon was pierced by thunder, it still rushed towards the old man Tiandan and Gu Xuan!

Tiandan old man and Gu Xuan both have a congealed look. The boundless flame turns into a wall of fire and resists them in front of them. The dark sky that is about to collapse behind Gu Xuan also comes after the fire wall!

The bloody dragon hit the wall of fire and the sky, and the black thunder directly blew through the head of the corpse and shot it out from behind!

Time, as if there is a moment of stillness, the law of the whole world, at this moment, seems to be unable to work

Then, it burst, the terror burst, and the celestial corpse uttered a scream. The incomparable surging breath of destruction surged out of its body. The origin of its life was suddenly unstable and tended to disappear!

Gu Xuan's so-called gate of life is not a flaw in the body, but the key to the origin of life!

And this one hit, will hit it just right!

Tianshi is really afraid. If the origin of life is broken, even if his body is strong and useless, it can only disappear from the world!

It is madly consuming the power of heaven, trying to suppress the destruction of Shinto!

On the other side, the fire wall, the sky and the bloody bone dragon disappear together. At the same time, Tiandan old man and Gu Xuan's self existence are also broken!

The roar of shaking the whole dark area suddenly burst out from the underground palace. The strong impact radiated to all directions, even to every corner of the dark area. Countless pairs of eyes were shocked and looked at here!

After a moment, the wave disappeared, and the three figures fell into the underground chamber at the same time.

Tiandan old man and Gu Xuan are covered with blood, and their breath is weak. Obviously, under the impact just now, they are not lightly injured and have no power to fight again.

Looking at the corpse that day, both of them could not help changing their faces!

The origin of the corpse's life was hit by Gu Xuan. Although it was full of cracks and was on the verge of being broken, it was suppressed by the corpse at the cost of sacrificing himself!

At the moment, the sky corpse color looks at Gu Xuan and Tian Dan old man bitterly. His body is full of empty air, just like a bag full of holes, and the breath is also very weak.

All of a sudden, it was speechless, uttering a very ugly hoarse voice, sneering: "hateful guy, how could you hurt me to such a degree? Ha ha, but now you have no strength to continue fighting, right?"

The underground palace is the best place for healing. As long as I swallow up the dead Qi in the underground palace, I will recover earlier than you. Then, I will let you know what hell is! "

After all, the celestial corpse no longer speaks. The residual Qi of death turns. The Yin Qi of the whole underground palace, like a moth to a fire, rushes into the body of the celestial corpse and repairs its body!

Tiandan old man and Gu Xuan looked at each other, and both of them were ugly. Tiandan old man took out two light blue pills with Dan lines and containing surging vitality. One of them was taken by himself and the other was handed to Gu Xuan.

Gu Xuan took the pill, and her beautiful eyes flashed. Suddenly, she took out a message jade rune, injected a divine thought, and murmured: "hope, there is still time..."

Next, both of them did not speak. Instead, they grasped every minute and second and tried their best to refine the medicine and heal the wound!

Several hours later, a gloomy and incomparable laugh sounded in the underground palace. Tiandan old man and Gu Xuan opened their eyes in an instant and looked at the celestial corpse not far away.

It seems that the corpse of this day finally suppressed Gu Xuan's destruction Shinto by relying on the underground palace. Although it has not been fully recovered, it has almost the power of heaven and earth. Now it is enough to deal with the weak old man Tiandan and Gu Xuan! It staggers up from the ground and walks towards Tiandan old man and Gu Xuan. In their eyes, there is a look of despair. It seems that even if they try their best, they are still not the opponents of the ancient celestial corpse, and will fall here

But at this time, a very frightening evil spirit broke out suddenly from behind the two people!

Even if the eyes are full of killing intention, staring at Tiandan old man and Gu Xuan's heavenly corpse, they can't help but blink and look in the direction of the breath.

I saw a young man with his knees on the ground, and his whole body was covered with black and green evil. At the moment when the celestial corpse cast his eyes, the young man slowly opened his eyes, and two extremely evil runes appeared in the depth of his pupil!

In the corpse, even if it's a strange sight in the ancient world!

Ye Chen finally broke through the first pass of Baixie blood refining method and entered the entry level!

The realm has stepped into the nine layers of heaven! It's very close to the Holy Land!

At this time, Tiandan old man and Gu Xuan face is the emergence of a different expression!

Old man Tiandan looks ecstatic. In his opinion, ye Chen is the most powerful man in ancient times. He only disguises himself as Gu Xuan's disciple. He kills a small celestial corpse, but is it still within his fingertips?

Before, I just couldn't do it because of the skill counterattack!

Tiandan old man said with a smile at the corpse of that day: "evil barrier, it seems that God is still standing here waiting for me! Now that the master has awakened, you are not far from death! "

Chapter 3867

And Gu Xuan veil under the pretty face, is full of bitter color, she is very clear with Ye Chen's strength is almost impossible to defeat this day corpse!

Ye Chen had entered the six extinct islands before and defeated the Sura dodge beast, so he should have the strength to struggle against the later stage of mendianjing. But now, even if the corpse of this day has not recovered to its heyday, it still has the power of heaven and earth!

The most important thing is that even if its source of life has been damaged, it needs at least three or four layers of heaven and earth to smash it completely!

Even if ye Chen has cultivated this secret skill, what can it do?

Even if the martial arts talent goes against the sky, it is impossible for him to upgrade to the level of being unimaginable in a short time?

Heaven and earth exist. Every time we improve the power of a realm, it's extremely difficult!

Although the corpse was shocked by Ye Chen's evil spirit at the beginning, it soon recovered. It seemed that he could see ye Chen's strength. In his eyes, there was a sneer and a strong greedy voice:

"holy master? With this kid, you want to beat me? However, this boy is rather strange. He has not yet reached the ancestral realm, but his flesh and blood is even more terrifying than some of the universe. If I swallow it up, I'm afraid it will bring more benefits than you two! "

Ye Chen stood up slowly, his wrist turned over, and a dark sword fell into his hand. He seemed to ignore the words of the celestial corpse. His eyes were shining with excitement and muttered to himself, "this is the hundred evil blood refining method. Is this the hundred evil body? It's horrible indeed

At the moment, ye Chen only felt that his body had been enhanced by 20%!

Don't underestimate these 20% to Ye Chen's physical strength, has been extremely terrible!

What makes him even more moved is that there is an extra mark in his knowledge of the sea, which seems to come from the ancient witch clan. In this mark, there is a strong evil spirit and Taoist rhyme. Moreover, it exudes a kind of inexplicable attraction. It seems that he keeps whispering to Ye Chen to let him touch the mysterious mark

Ye Chen can feel that, as long as he obeys the voice, he can gain the power of extremely against the heaven!!!

Xuanhanyu's voice sounded in Ye Chen's mind: "boy, don't be seduced. Remember, it's you who control the power, not let it control you!"

Ye Chen took a deep breath and calmed down some disordered state of mind. He looked at the rotten and ferocious corpse not far away.

His eyes were quite calm, for he could see that the corpse was not in full swing, or even weak!

Mainly thanks to the heavy damage of Tiandan old man and master!

At present, today's own, with the strength of the first World War!

Ye Chen asked xuanhanyu, "xuanxianzi, how can I defeat this day's corpse?"

Xuanhanyu said: "the origin of the corpse's life has been hurt by Gu Xuan, and the gate of his life is wide open. As long as you untie the seal of all evils, turn the vitality into destructive power, add my strength, and display the six extermination secrets, and cut out the ultimate sword, it will be enough to solve the problem.

It's just that there is a limit to untie this shocking seal! And it can only be untied once every once in a while! Otherwise, the consequences will be disastrous... "

"I will give you strength this time! Otherwise, it will not be enough to solve the corpse of this day! "

Before the words fell, a cold killing intention appeared on Ye Chen's face. The movement of the spirit suddenly triggered the seal of the sorcerer in the sea of knowledge. In a moment, a gate with ancient flavor seemed to open slowly in front of him

The next moment, the power, the infinite power, then gushes out from the door, instantly submerges Ye Chen!

Ye Chen's eyes, emerged almost fanatical war spirit, at the moment, he only felt this dark area, the earth itself can trample!

In the eyes also gradually spread a touch of strange blood light! The mind is almost crazy!

But at this time, the body of reciting demons and the blood of reincarnation are running. The stele of dust, wind, poison, dark, and fire steles surround Ye Chen. A cool breath rippled in Ye Chen's mind, bringing Ye Chen's reason back from the wild swamp!

There was a cold sweat on Ye Chen's forehead, and his eyes were startled. He forced the evil thoughts down and said in secret: "the hundred evil bodies, it seems, are not as simple as I imagined. If one can't control them, even if their vitality is as deep as the sea, I'm afraid they will be swallowed up by the mark of the sorcerer in the frenzy..."

At the moment of Ye Chen's evil body, the sky corpse, who was originally disdainful, suddenly changed her look. In her green eyes, she appeared an extremely frightening color. At the next moment, she roared recklessly and rushed towards Ye Chen with a rolling death spirit!

Ye Chen sees this and laughs coldly. The God of destruction surges out of his body in a moment. At the moment, ye Chen's cheek is slightly pale, slightly sunken, and his vitality is weak. But the green and black evil spirit around him is like a hurricane, which is more and more frightening!

In his eyes, the opportunity to kill flashed. In the state of exerting all kinds of evil bodies, ye Chen had an unimaginable desire to kill!

If you don't kill, it seems that there are thousands of ants gnawing at his heart! The corners of his mouth rose wildly, showing a smile that even the cruel and incomparable ancient corpse was a little cold hearted when he saw it!

Ye Chen's eyes were full of evil and red light, the magic formula of reincarnation, the formula of burning blood, and the body of heavenly demons. They all exerted their powers and poured the infinite power from the mark of the hundred evil bodies into the evil sword in his hand!

Crazy, swallow, coagulate, change, life, death six word true Jue operation, its destruction of the whole rhyme, more and more strong, the original beautiful eyes of Gu Xuan, are incredible to turn to look at Ye Chen, and Tiandan old man is a face of excitement!

The next moment, a sword!

This sword looks very simple. It looks like a sword that was cut out easily

But the moment that the dark sword with rolling evil spirit appeared in the world, the law power of the whole dark area seemed to be affected by a little fluctuation, and the underground palace built of extremely solid materials also began to collapse crazily!

Almost at the moment of the appearance of the sword, it had hit the broken eyebrow of the celestial corpse

This is from the ancient times, sleeping for countless years. Under the nourishment of endless Yin death, the corpse just woke up with a look of great reluctance in his eyes. He opened his mouth as if he wanted to make a sound

However, before the sound comes out and the breath of destruction is condensed to the extreme, the broken life source of the corpse will be crushed to pieces. In the flash of the dark light, one of its head will be instantly cracked!

Everything, return to peace, the headless corpse of Tianshi falls to the ground.

Chapter 3868

Gu Xuan looks at this scene foolishly. If it is not for the underground palace which is about to collapse, there are still rocks falling down. She will almost think that she is dreaming!

Ye Chen just that sword, clearly has the three levels of heaven and earth above the power of terror!

It's impossible!!!!

And Tiandan old man is incomparably reverent looking at Ye Chen, more and more affirmed his guess on Ye Chen's strength!

He thought to himself: "the master is the master. This ancient corpse has no meaning to let him do his best. He can kill him only by the power of heaven and earth. Then, he will never use more power!

It can be seen how skillful the master is in the face of this ancient celestial corpse. If it was not for the ancient supreme power, it would never have been possible!

And the reason why the master wants to suppress the strength is to confuse the girl who cares for her family? "

Looking at Ye Chen's pale face, sweat on his forehead and weak vitality, old man Tiandan couldn't help but exclaimed: "master Shengshi is master Shengshi. When an ant is crushed to death, he has to disguise

himself as a painstaking effort in order to hide his identity. It seems that the danfang is also very important to master Shengshi.

In order to pursue the acme of Dan Dao, he is really a model of our generation

At this time, xuanhanyu's voice rang out in Ye Chen's mind: "Ye Chen, take this day's corpse corpse, this thing is also a treasure."

Ye Chen's face moved. He put away the corpse and asked xuanhanyu, "xuanxianzi, is it possible that the body of the corpse on this day can make you swallow up and restore some strength temporarily, just like the blood of a corpse baby?"

Xuanhanyu said: "it can be, but it's not for this reason that I asked you to put away the dead body of this day."

Ye Chen does not understand a way: "that is why?"

Xuanhanyu said with a smile: "with your character, you will go to specially prepare materials for refining celestial corpses. You certainly won't go, but what if there are ready-made ones?"

Ye Chen two eyes a bright way: "you mean, this day corpse remnant body cooperates with that piece of stone tablet in my hand, can refine it again into a celestial corpse?"

He can't help but some heart, this ancient celestial corpse, but at least has the strength to fight against Tiandan old man and Gu Xuan!

Xuanhanyu said: "yes, you have smashed the origin of the corpse's life on that day, and the remnant has been turned into a dead thing. If you use it properly, you can even refine a more powerful existence than its original body!

The high-level self in heaven needs a spirit to guard it. This body is fit to be used as the spirit of free heaven!

However, it is not a simple thing to refine the corpse of this day. Even if there is such a corpse, it still needs a lot of materials. It takes a long time, but I'm not in a hurry for a moment. "

Ye Chen smiles, which is also an unexpected harvest.

Unfortunately, there is a cooling time for this secret method. If it is used at will, revenge for the previous life may be gradually put on the journey.

At this time, he finally noticed the look of Gu Xuan and Tiandan old man, and his eyes could not help being a little strange. How could these two people look at themselves like this?

He helped Gu Xuan and Tiandan up and said sincerely, "thank you very much. If you didn't protect the Dharma for me, I'm afraid I would have died under the corpse's claw on this day."

Gu Xuan didn't seem to come back to God until then. He turned his head with pride and said coldly, "what can I thank for saving my apprentice, master?"

Her heart, some imbalance

I thought that she was a disciple. Although she was a genius and a monster, she even surpassed her own, but she was still within her understanding range

But now it seems that she has completely failed to understand the strength of Ye Chen!

Compared with Ye Chen, what kind of martial arts monster is he?

It's just an ordinary person among ordinary people, isn't it?

It took me 300 years to break through from the middle of heaven and earth to the later stage of heaven and earth. For ordinary martial arts people, it can be said that it is against the heaven to be indescribable. But what about ye Chen

What is the difference between clouds and mud?

She finally understood

This, for a genius like Gu Xuan, it's really self-esteem!

Ye Chen checked the two people's injuries, although not light, but for Gu Xuan and Tian Dan old man's existence, as long as they did not die to recover is not too difficult.

Ye Chen looked at the old man's gray hair and frowned slightly: "Tiandan, have you exhausted the innate purple gas in your body?"

This congenital purple Qi is similar to Ye Chen's YUEYE spirit pith, but it is not as powerful as YUEYE spirit pith. However, it also has many magical effects, and it is a congenital thing that has been possessed by Tiandan old man since he was born.

The reason why Tiandan old man always looks like a child is because of this congenital purple Qi. He has congenital purple Qi, and his longevity is much longer than that of ordinary martial arts.

At the same time, this innate purple Qi also has all kinds of magical effects for those who are practicing Dan Dao.

Obviously, in the battle with the heavenly corpse, the old man of Tiandan exerted some secret method, and forced the innate purple Qi to enhance his strength by means of Dan Dao. Tiandan old man said with a faint smile: "master, don't care, I still left a wisp of purple gas introduction. With my cultivation, this congenital purple gas can slowly recover. Now I have broken through the shackles, and the recovery speed will be greatly accelerated."

Ye Chen's eyes flash, recover?

, for the sake of reaching the heaven and earth, it can really lead to the purple purple spirit in the body and gather the purple essence from the heaven and the earth into the purple purple.

However, it is the natural purple Qi accumulated by Tiandan old man for hundreds of thousands of years! Even if he has broken through the shackles, how can he make up for it overnight?

At least, it will take tens of thousands of years, even tens of thousands of years, to recover to the original level

Ye Chen took a deep breath: "Tiandan, from now on, you can ask me if you have any questions in the way of elixir. As long as I can answer for you, I will know everything."

Ye Chen will never forget what others have done to Ye Chen.

He knew that his words were what Tiandan wanted most.

Sure enough, Tiandan old man heard this, and his face was ecstatic. He was so excited that he wanted to worship ye Chen. Ye Chen quickly helped him up.

For the old man of Tiandan, it is more important than the congenital purple Qi to get the strong guidance from ye Chen, who is on the top of the Dan Road and reaches the summit!

Even if there is no credit, it is almost equivalent to Ye Chen's disciple!

As soon as his eyes lit up, he suddenly thought, is all this a test of the master?

Absolutely!

How can he de become the disciple of the sage master?

Even in the process of understanding the secret arts, it doesn't take much effort to kill a small celestial corpse with the cultivation of the sage master?

To think of it, it is the holy master who pities me with my heart to the Tao. Therefore, it specially gives me the opportunity to accept the test!

Chapter 3869

If you run away from the corpse, you don't have to say that such a person is not worthy of any relationship with the master.

If you do not exhaust the innate purple Qi in the battle, but have some reservation, you can also say that you are not loyal to the sage master and lack of sincerity. In that case, you are still not qualified to listen to the sage master's admonition!

Only when facing the celestial corpse and fighting everything, can we be regarded as having passed the test and being able to enter the hall of the holy master!

The old man Tiandan looks at Ye Chen at the moment, almost no different from those fanatical believers. In his opinion, ye Chen not only has extraordinary strength, but also has the wisdom to control everything in the world. He takes the heaven and earth as the chessboard, and the common people as the chess pieces. This kind of existence is the real strong one, the real power!

He even began to wonder whether the cultivation realm of the sage master has surpassed the realm in the legend?

Perhaps, only the supreme existence of the legendary realm can have such elegant demeanor as the sage master?

When the three people in the underground palace were thinking of each other, a burst of space fluctuations suddenly broke out. All three people's eyes flashed and looked at the top of their heads.

A figure appears from the void in an instant. Stepping on it, it directly smashes the dome of the underground palace and appears in front of Ye Chen.

Ye Chen looks at this man, his pupil shrinks. The visitor is a young man with sword eyebrows and bright eyes, incomparably handsome, with a little cinnabar in the middle of his eyebrows, and dressed in purple robes, which is a magnificent young man!

At the same time, this man's cultivation and breath surpass Tiandan old man!

Although there is only a few small gaps, but its breath is more powerful than Tiandan old man who breaks through the shackles. It can be seen that the real strength of the purple robed man is far above Tiandan old man and Gu Xuan!

As soon as the purple robed man appeared, his eyes fell on Gu Xuan's body and exclaimed, "xuan'er, you are injured!"

As soon as he moved, he appeared beside Gu Xuan. As soon as he reached out, he seemed to pull Gu Xuan over and investigate the injury for him.

Can Gu Xuan see form, but it is cold hum, a foot will kick in the face of the strong.

For a moment, the scene was a little quiet.

Gu Xuan said coldly: "if I wait for you, I don't know how many times I have died!"

The young man rubbed the ash on the tip of his nose. Instead of being angry, he said with guilt: "my brother happened to do something else. After sensing your message, he came across directly..."

This across the space, in this man's mouth, but as if worthless in general.

"Xuan'er, I know you have a conflict with your family. But in the face of this life and death crisis, you should first inform the family. If you inform the family at the first time, there should be few in this dark area that can threaten you..."

Tiandan old man's eyes flashed slightly. Indeed, if Gu Xuan informed the Gu family the first time he encountered the corpse of that day, even if it took some time for the Gu family to arrive here from Jingzhou, they should be able to arrive before the body recovered from the injury that day, and all the danger would be gone

But why didn't Gu Xuan do this?

Only listen to Gu Xuan beautiful eyes a cold, cold way: "even if I am dead, also won't contact Gu family!"

Seeing this, the young man opened his mouth and seemed to want to say something, but in the end, he had to sigh, turned his head and looked at the old man Tiandan and said, "this Taoist friend, but you saved xuan'er? I'm xuan'er's elder brother, named Gu Jun. Thank you for this matter. Please accept this

This man is Gu Xuan's brother!

After that, he took out a storage bag and handed it to Tiandan old man.

In Gu Jun's opinion, only the strength stronger than his existence can make Gu Xuan feel dangerous, and only the old man Tiandan is stronger than Gu Xuan, so it is the one who saved Gu Xuan.

Although he could not perceive the specific realm of others, the higher the realm, the more he could detect whether the other party had a special breath. Among the three present, he only felt a trace of that breath from the old man Tiandan.

But Tiandan old man shook his head and said, "it's not the old man who saved your sister."

When Gu Jun heard the words, he looked puzzled. Suddenly, there was a bright light in his eyes. He looked at Gu Xuan with a smile and said, "it seems that you solved this problem yourself? Ha ha, I'm Gu Jun's sister. She has the power to kill those ancient evil things

Gu Xuan cold hum a, a finger Ye Chen way: "save me, it is him!"

Gu Jun was stunned and looked at Ye Chen with a puzzled look on his face. The indifferent young man in front of him felt strange, but he didn't feel the same breath from him?

There are two possibilities. Yiyechen is not a strong one.

2、 Ye Chen's strength is still on his own, so if the other side deliberately cover up, you can't feel the breath in his body!

The second possibility, in Gu Jun's opinion, is almost impossible

He can see that ye Chen is very young

But all of a sudden, Gu Jun, who was staring at Ye Chen, looked a little gloomy and said, "have you learned the six true secrets of Gu's family?" Between the words, a very terrible pressure, from Gu Jun's body rushed out, roaring toward Ye Chen!

Tiandan old man and Gu Xuan are both in front of Ye Chen's body. However, in their present state, they can't bear Gu Jun's pressure. Tiandan old man and Gu Xuan give out a dull hum at the same time and retreat towards both sides.

That terrible pressure suddenly fell on Ye Chen's body!

Gu Xuan exclaimed: "ye Shitian, get away! Gu Jun's pressure is not so easy to bear! "

Tiandan old man's eyebrows are also tight, but there is not much worry about the color.

Gu Jun's strength is very strong. However, in Tiandan's opinion, he should not be the opponent of the master. How can he shake the master's share with his majesty alone?

But now he's worshipped into the master's gate wall, but he didn't even block the other side's pressure?

Although Gu Jun can't threaten the master, it's his fault to let him be so presumptuous in front of the master!

Tiandan old man stares at Gu Jun, just like looking at his father's enemy.

He clenched his fist and said in secret: "I hate that my strength is not good. Any scoundrel can be rampant in front of the master!"

The next moment, Gu Jun's pressure, roaring down!

And standing in the pressure of Ye Chen Mou son a coagulation, just want to move, but found the reincarnation cemetery hundred stone tablets burst out a golden light! Guard Ye Chen!

Ye Chen is a little surprised, but he still looks light. Looking at Gu Jun, he calmly says, "I really learned the six true secrets of extermination."

Chapter 3870

Gu Jun looks at Ye Chen, but his face is inconceivable. He releases the pressure with all his strength. Even if Gu Xuan is unable to resist it, the boy bears his own pressure. How can he seem to be ok?

Seeing this, the old man of Tiandan looks natural, while Gu Xuan is dull again

She knew very well how terrible her brother's authority was!

Gu Jun sneered: "boy, can you resist my pressure? I have some skills. "

Ye Chen looks the same and doesn't speak. Although Gu Jun is not weak, he is far from the reincarnation graveyard!

Gu Jun see ye Chen is actually directly ignored himself, eyes a flash of cold, breath surging between, to the Ye Chen hand.

At this time, Gu Xuan also responded, and Jiao's body appeared on the side of Gu Jun's body. The black iron sword in his hand directly chopped at his brother.

Gu Jun frowned slightly, but he didn't care too much. When his whole body was full of breath, he didn't even need to hand it. Gu Xuan's sword was frozen in the air.

Gu Jun sighs. Although Gu Xuan can't stop Gu Xuan if he insists, he can't help but stop. He knows that if he really wants to start with the boy in front of him who is not afraid of his own pressure, his sister is afraid that he will never recognize his brother again

He slowly opened his mouth and said, "are you teaching the six true secrets of extermination?"

Gu Xuan beautiful eyes cold way: "yes, ye Shitian is my disciple, if you attack him, I will kill you."

Gu Jun looks at Ye Chen's eyes, some complex, can let his sister say such words, obviously, the indifferent youth in Gu Xuan's heart is not simple.

After a moment's silence, Gu Jun sighed again: "sister, the secret of the six exterminations is the secret that I don't tell my family. Even if I don't investigate, the family members will find this boy's head sooner or later. At that time, neither you nor your brother can protect him from the anger of the family. You can understand these things..."

Gu Xuan smelled the speech and said, "as long as you don't tell us, no one will know that ye will go to the four major regions of the Ming region after killing heaven. Even if Gu's family wants to embarrass him in the Ming region, it's not so easy to do it."

Gu Jun waved his hand with a wry smile on his face and said, "well, since it is so, even if it's cheap, xuan'er, if you're OK, for your brother, you'll leave first."

In the face of his favorite sister, Gu Jun is really helpless

At the next moment, his whole body was destroyed and Shinto surged. Under this rhyme, the incomparably solid interface barrier in the dark area was broken instantly, and a strong spatial fluctuation diffused out. A space crack appeared in front of everyone.

As soon as Gu Jun stepped up, he was about to step into it. But suddenly, his body stopped before the space crack, turned his head with a trace of fun, looked at Gu Xuan and said with a smile: "sister, in fact, it's not impossible to keep this boy..."

Gu Xuan slightly a Leng, then beautiful eyes, flash across a happy way: "what is it?"

Although Ye Chen is about to leave for the Ming Dynasty, if his six exterminations are introduced into his family's ears, I'm afraid that he will still cause a lot of trouble. It's natural to solve this problem!

Gu Jun's eyes were somewhat ambiguous and said: "I know your vision, and this boy can resist my pressure. His martial arts qualification must be extremely adverse to the heaven. This is also a qualification to occupy my family

The rest, don't I have to say more? Although the secret of six exterminations is a secret of the family, if the boy becomes a family with us, he will not be investigated for his martial arts talent based on his ancestor's love for talent. "

Gu Jun's eyes twinkled. Although he was joking, it would be a good thing if things really developed like this, because that means that Gu Xuan will return to his home!

This has always been his brother's hope.

"You

Gu Xuan hears the speech, the pretty face under the veil is in a state of anger. When she drinks, she wants to cut Gu Jun with a sword.

Gu Jun saw the situation and laughed. His body disappeared in the void and disappeared.

The old man of Tiandan despised Gu Jun's remarks. Is it difficult for the master? Although Gu's family is powerful, it is still a question whether it can be a rare saint.

Underground palace, a quiet, Gu Xuan slightly lowered his head, actually some dare not to see ye Chen.

Ye Chen is not satisfied. Soon, he will return to the Ming region. Even though he may be involved in the dark region because of his status as an agent of the state of Ming, he should not attract the attention of his family for the time being.

After slightly recovering from the injury, the three left the underground palace and boarded the golden feather Dapeng.

Ye Chen sits on Jinpeng's back, and his thoughts turn. Now he has cultivated the hundred evil blood refining method to the entry level, and has also practiced the six exterminating secrets. In terms of destroying the Shinto, he has reached a higher level and his strength has soared.

Now when the Baixie blood refining method is cooled down, he should be able to fight against the later stage of sky mending realm!

If you have the qualification to fight against heaven and earth, you have the qualification to fight against heaven and earth. Now, if he returns to the moon soul domain, he should be more than enough to deal with some forces. Even the younger generation of the whole moon soul domain can not be her opponent!

Of course, except for those lords and old guys!

March period is not long, he should return to the Moon Palace to keep the appointment!

Ye Chen looks at Gu Xuan, who seems to have something on his mind, and says, "Gu Master, next, I'll go back to the outside. I'll borrow this Jinpeng. "

Gu Xuan and the old man Tiandan are stunned.

Although Gu Xuan already knew Ye Chen was about to leave the dark area recently, he was in such a hurry.

The old man Tiandan is even more frightening. Generally speaking, the most powerful beings growing up in the dark region are not allowed to enter the bright region easily. But now the sage master really wants to go to the Ming region?

In his cognition, ye Chen was absolutely born in the dark!

Of course, there are exceptions

According to legend, those famous people stand on the top of the dark world. Even if they are free to enter the dark area, there are not many people in the bright region who dare to manage

Have you always underestimated the master?

The real identity of the master, is it one of those old monsters!

Tiandan old man's eyes become more and more bright, the more he thinks, the more sure his guess is correct!

Only a few of the most powerful can easily dial themselves and break through the shackles!

Think of here, Tiandan old man can not help but smile, his innumerable years of congenital purple gas is really worth ah, can this in exchange for the favor of one of the legendary big men, can it be worth it?

Don't say hundreds of thousands of years of congenital purple gas, millions, tens of millions of years, are worth it!

Gu Xuan is about to nod her head and promise, but at this time, she suddenly looks mobile and takes out a message jade rune.
