

## Physician 3881

### Chapter 3881

At this time, Shi yipan once again stretched out his fingers, and a silver light flowed out of his fingertips, shooting again on the ground behind the hall of righteousness and evil.

"Hum..."

The earth shakes again, rippling waves, but a silver ring is formed.

The silver ring is much larger than the golden one.

"If you want to participate in the first-class power promotion ceremony, please go here!"

Shi yipan's voice sounded again.

At this moment, many figures came out of the crowd of major sects. In a twinkling of an eye, hundreds of people had gathered in the silver circle.

These are among the top two forces, and they all want to fight for the status of the first-class forces.

Seeing these second-class forces walk into the silver ring, the thin old man smiles with evil, and the disciples beside him have more eyes.

"Hum, a bunch of rubbish, want to compete with us for the qualification of the first-class power? All will die in the land of trial

At the moment, the hall of righteousness and evil had a strong sense of killing. The golden rings on which they stood were shaking endlessly. There was a strong murderous atmosphere around their heads, which shocked the sky.

As long as you take part in the trial, you will be regardless of life or death. However, the ceremony of the first-class forces is the most terrible, with only one promotion quota.

This shows that every sect participating in the trial is enemies to each other. At the same time, if some of them have too much killing intention, they are likely to kill all the sects involved in the trial, which is also allowed in the test.

At this moment, looking at a group of figures standing in the silver ring, including the people of Zhenyuan hall, yangtianyang and fengyusi are in the column.

Zhenyuan hall also belongs to the second-class forces in the moon soul region, and it ranks in the top ten among the second-class forces. Feng Yusi, who is the most favored woman in the full moon soul domain, is also ambitious and wants to win the position of the first-class force.

Wu Duan Cang looked at this scene, but he showed a relaxed smile. The ceremony for the promotion of the first-class forces was too tragic. There were so many second-class forces who participated in the ceremony, but I didn't know how many others could come out alive in the end.

"Fortunately, what liudaozong wants to participate in is the promotion ceremony of the second-class forces, so we don't have to work hard with these guys."

Wu Duan Cang thought secretly that although there would be more people, even thousands of people, in the ceremony for the promotion of the second-class forces, there would be 10 places. In addition, he and ye Chen's strength were both excellent, so it would be much easier.

But in the heart of arbitrariness Cang happy moment, ye Chen looked at the silver ring, flashing eyes, the next moment to see arbitrary Cang.

"Lord, why don't we try it?"

Hearing Ye Chen's words, arbitrariness Cang was shocked and looked at Ye Chen in disbelief, but on Ye Chen's firm and confident eyes.

"It was a ceremony for the promotion of the first-class forces."

Arbitrariness Cang shook his head solemnly: "you have joined the liudaozong, it is indeed promoted a lot, but it is too dangerous to participate in the ceremony of the promotion of the first-class forces."

It was clear to him that his strength was not afraid of the Lords of the upper class, but the strength of the disciples of the six schools was not enough. Ye Chen could fight against the disciples of the first-class forces. It would be an act of death to participate in the ceremony of the promotion of the first-class power.

"What's more, the content of each trial is different. Even if you are strong, can you ensure that there are no short boards in other places?"

Wu Duan Cang looked at Ye Chen seriously: "and if you participate in the promotion ceremony of the first-class forces, if you can't succeed in promotion, then you will lose the opportunity to participate in other promotion ceremonies. At that time, liudaozong will have to stay in the position of the third-class forces for 100 years."

"It's better not to take any risks. It's safe and stable to be promoted to the second-class force. In this hundred years, it will be enough for us to develop the six Taoism sects. Then we will try the first-class forces' promotion ceremony and it will be safer."

Hearing this, the disciples of the six schools nodded one after another. They knew that their strength was not the level of participating in the first-class promotion ceremony. If they did, they would die.

Yang Qianyu is the only one who looks at Ye Chen's eyes twinkle at the moment. He respects Ye Chen very much, and ye Chen has always been able to create miracles, which makes him have some expectations.

But at the moment, ye Chen listens to arbitrary Cang's words, and then looks at a crowd of the same door, but calmly shakes his head.

"Suzerain, if you don't participate in this time, it will be a hundred years. It's better to fight. I have confidence to lead the clan through the trial!"

Ye Chen looks at the arbitrary Cang with firm eyes, and steps directly to the silver ring at the next moment.

Seeing this scene, arbitrary Cang's face changed slightly. Although Ye Chen was confident, he didn't hold out hope. After all, he wanted to become a first-class force, not only to face the second-class forces, but also to face the first-class forces of the hall of justice and evil.

Although the hall of justice and evil is at the bottom of the first-class forces, no one has been able to replace them in recent years, which has shown the gap between the first-class forces and the second-class forces.

In the view of Wu Duan Cang, although there were many sects participating in the ceremony, they all failed in the end and could not compete with the hall of justice and evil. What's more, the promotion ceremony is no more than before. Every sect sends its disciples to participate in the ceremony. In addition to the chief, other people are also very important.

In fact, there are a lot of cards hidden in all the major forces. Among them, there are disciples with extraordinary potential, but they have been cultivating them secretly before they reveal their talents, so as to deal with events such as the ceremony of ascending the sect.

In addition to Yufeng hall, the one who has never introduced Yufeng to the outside world is the one who has never participated in the ceremony.

Only the second-class forces like Zhenyuan hall can produce several disciples with extraordinary strength. The hall of righteousness and evil is obviously more powerful, but the liudaozong has no hidden strength. The disciples are all on the surface. Only Ye Chen is really capable.

Moreover, each test of the ceremony is different. Many of them are unimaginable and even deliberately difficult. Even if ye Chen has strength, he may not be able to pass the test. On the contrary, he will waste this promotion opportunity.

Therefore, seeing ye Chen moving towards the silver ring, arbitrariness Cang can't help but pull Ye Chen.

"Don't go."

Arbitrary Cang face dignified shake head, very serious say.

"Yes, elder martial brother, we only need to be promoted to the second-class forces. Why take the risk to participate in the ceremony of the first-class forces?"

"It's too dangerous for the first-class forces to ascend to the ancestral ceremony. If we take part in it, we may all fall down. We'd better not go."

"We may not be able to pass the promotion ceremony of the second-class forces. How can we participate in the first-class forces?"

At the moment, many inner disciples have also opened their mouth, ye Chen heard their words, but he shook his head in disappointment.

Liudaozong has not accepted any apprentices for many years, and the disciples have lost their competitive heart and vigor. This is the most terrible problem of liudaozong.

And arbitrary Cang saw Ye Chen's look at the moment, can not help frowning, vaguely also see what.

At this time, in the other sects around Ye Chen and others, hearing Ye Chen and others discussing whether to participate in the ceremony of the first-class forces, they could not help but show their disdain.

"Ha ha! Did I hear you right? Is it a shame that liudaozong wants to participate in the first-class promotion ceremony? "

"The liudaozong was once famous outside the country. How about participating in the ceremony of the first-class forces? They want to challenge the palace of emperor yuan! "

"Ha ha! I'm really laughing at me. A group of waste people even have a delusion that they want to participate in the first-class worship ceremony. Are they tired of living and going to die? "

At the moment, hearing these people's ridicule words, a group of six school disciples clenched their fists in anger, and their eyes were filled with anger.

However, arbitrariness Cang's face is also ugly at the moment. Most of the people who make comments and ridicule are those who were punished by liudaozong in the past, or those who hope to be ruined. After the downfall of liudaozong, these guys have no lack of revenge and humiliation.

"Don't you understand, Lord?"

At this time, ye Chen's voice is ring, in the face of these ridicules, his face is incomparably calm.

Hearing Ye Chen's words, Wu Duan Cang can't help looking at Ye Chen.

"Less than first class, they are all mole ants. What liudaozong needs is vitality, not stability. Only by becoming a first-class can these guys shut up and return to the top!"

Ye Chen's voice rings in the mind of Wu Duan Cang, but it makes the essence of Wu Duan Cang's eyes emerge and gaze at Ye Chen.

Ye Chen is right. The liudaozong has been declining for a long time. Even the second and third-class forces dare to make a mockery of it. For a long time, even the liudaozong itself has become mediocre.

The former prestige of liudaozong has long ceased, but it can not lose its vitality and efforts. Only by facing difficulties can we reach the top.

Now these sects dare to speak out and ridicule liudaozong because of their poor strength. Even if they successfully promoted to the second-class power after participating in the ceremony, they still have to be despised and ridiculed by these guys in the moon soul region.

However, if liudaozong became the first-class force, these guys would not dare to be presumptuous any more. They could only be obedient and obedient like a tame dog.

This promotion ceremony is an opportunity. Only by becoming a first-class force can they be respected and the six Taoism sects can stand up in the moon soul region.

"I see."

At the moment, arbitrary Cang slowly nodded, looking at Ye Chen carefully said: "I don't care if I can pass the test. This time, there will be another time, but you people should live well."

"Don't worry." Ye Chen is indifferent a smile, look at a crowd of the same door beside.

The next moment, arbitrary Cang steps directly, with Ye Chen and others to the silver ring.

Chapter 3882

Seeing this, the forces of the onlookers who originally ridiculed the six Taoist sects burst into an uproar, and a group of people burst into laughter, full of sarcasm between their words.

They looked down on liudaozong and felt unbelievable and despised for their daring to participate in the first-class promotion ceremony. They believed that the purpose of liudaozong was to die and to be a joke.

At the same time, the inner disciples of liudaozong showed shame and anger. They were angry at these people's disdain attitude and clenched their fists one after another.

Before, they did not dare to participate in the ceremony of the first-class forces, worried that they would encounter danger, and like those who ridiculed them, they decided that they could not pass the test.

But at the moment, they turn their eyes to Ye Chen and arbitrariness Cang. They expect these two people to bring miracles. They are eager to become a first-class force through trial. They will severely beat these people in the face and let those who used to laugh at them kneel down and apologize!

Ye Chen and his party were standing in the silver halo, which also attracted the attention of the leader of a group of forces above the city Lord's house.

At the moment, Shi yipan stares at the arbitrary Cang, and his eyes flash.

Luo Huai'an is looking at Ye Chen with a smile, and he knows that this boy is not a quiet guy, even if the liudaozong is a third-class force?

Since the boy has come to attend the ceremony, I'm afraid he is aiming at the position of the first-class forces.

Luo Huaian is right to guess that ye Chen agreed to participate in the ceremony of ascending the patriarchal clan. He wanted only the best.

At the same time, many people in the silver circle have also looked over, looking up at the sky Yang eyes on Ye Chen, his face changed several times.

Yang Tianyang side, as the chief disciple of fengyusi, is looking at Ye Chen with complicated eyes.

According to the law, if Feng Yusi fails to bet with Ye Chen, she becomes Ye Chen's servant. She should obey Ye Chen's words, but ye Chen never mentions this matter, which makes her heart extremely complicated.

Pride such as Feng Yusi, that anyone will be attracted to themselves, but ye Chen is an accident, he seems to be worthless in Ye Chen's eyes, insignificant.

"Rain thought..."

At this time, Yang Tianyang's eyes are deep and his face is expressionless. His voice rings out in Feng Yusi's mind.

"If you have a chance, unite with some of your younger martial brothers and erase Ye Chen in the secret place!"

Yang Tianyang's murderous voice rings out in Feng Yusi's mind. Hearing this, Feng Yusi can't help staring at Yang Tianyang.

"You must understand! If ye Chen is dead, you can get rid of the reputation of servitude, and Zhenyuan hall doesn't have to worry about the rise of liudaozong any more. It's for the sake of the clan! "

Yang Tianyang's voice sounded again, Feng Yusi's eyes flashed a struggle, turned his head and no longer spoke.

Seeing Feng Yusi's picture, Yang Tianyang shakes his head in disappointment, but he whispers to other disciples.

It is undeniable that fengyusi is the most talented and powerful disciple of Zhenyuan hall. However, Zhenyuan hall also secretly cultivated several disciples with extraordinary potential and strong strength. Now, they will be brought to the ceremony of ascending the clan.

Yang Tianyang pinned his hope on these disciples and said coldly, "after entering the secret realm, you should join hands to wipe out Ye Chen! If fengyusi dares to obstruct her, she will be wiped out! "

Hearing this, several disciples of Zhenyuan Hall who had been trained secretly couldn't help blinking their eyes. Feng Yusi had been standing in front of the stage with infinite scenery. However, they were not inferior to Feng Yusi, but they had been hiding behind the scenes, which made them very unhappy for a long time.

Now the opportunity to get rid of Feng Yusi is in front of us. As soon as Feng Yusi dies, the position of the chief disciple is theirs. It depends on whether Feng Yusi gives this opportunity or not!

"Hum, do you dare to take part in the ceremony of the first-class forces even by virtue of the six Taoism sects? What a death wish

At the moment, the patriarch of other second class forces looked coldly and disdained to sneer.

"Are you still living in your old fantasy? Liudaozong is no longer the former liudaozong. It is not worthy of competition with us! "

"Yes, liudaozong, get out of here!"

"You're a third class force. What are you doing here?"

Inside the silver ring, a group of people are angry, disdain to look at six.

In the face of such a situation, the arbitrary Cang face is expressionless, ye Chen is indifferent, only a group of inner disciples blush, can't help but want to argue with each other.

Seeing this, ye Chen waved his hand and asked the inner disciples not to speak more, and then he looked at the rock Yi pan above.

"Lord Shi, I would like to ask if we can participate in the promotion ceremony of the first-class forces."

Hearing this, Shi yipan looked at Ye Chen with great interest, and then said, "of course, not to mention the six Taoism sects. Even the five, six and seven forces, as long as they want to participate, there is no problem."

Hearing Shi yipan's reply, a group of clamorous second-class forces can't help but shut their mouths and glare at Ye Chen.

And ye Chen is the eyes cold look past, "since all heard, some dogs don't have to bark!"

As soon as this word comes out, the people are angry and look at Ye Chen one after another. He can't help but scold him, but he suddenly releases his momentum. "Boom

In the middle and later period of the heaven and earth realm, the strength was extraordinary and the momentum broke out, which suddenly changed the face of people in the silver circle.

Many disciples of the sect even fell to their knees directly because they couldn't bear the pressure of Wu Duan Cang. Even the leaders of the major sects were dignified and tried their best to resist the oppression of Wu Duan Cang.

It has to be said that Wu Duan Cang's strength is indeed qualified to participate in the first-class power's promotion ceremony. At the moment, he gives these people a strong hand and makes the people in the silver ring shut their mouths.

"A bunch of clowns."

Looking at these people although honest, but the eyes are full of unwilling and angry, ye Chen knew that these guys hate on the liudaozong, but this for him does not need to care.

At this time, in front of the Golden Circle, the patriarch of the hall of righteousness and evil, the thin old man, was aware of the momentum of arbitrary Cang and looked up.

"It seems that Lord Wu hasn't slacked off these years, and he still has the dream of the past six daocong?"

The thin old man said with a sinister smile.

Hearing this, many people's eyes have become playful. The words of the thin old man are full of provocation, and there is a murderous flow between them.

However, at the moment, the arbitrariness in Cang's eyes flashed with cold light, and then he recovered indifferent: "I didn't slack off, but you, the old man, seem to be powerless to follow. It's time to let you down at the end of the first-class forces every year."

"Wow

The whole audience was in uproar. It was clear that Cang was declaring war with the thin old man and the hall of righteousness and evil. This is not a trivial matter.

Chapter 3883

If wuduancang were soft, maybe Zhengxie hall would not care about liudaozong, a third-class force participating in the first-class promotion ceremony. Now, wuduancang declared war.

I'm afraid that the hall of righteousness and evil will hate liudaozong. When it enters the ruins, the weak liudaozong will be in bad luck.

Many people look at Ye Chen and others with a mockery. Except for ye Chen, who is a little famous and should have some skills, other inner disciples in their eyes are crooked melons and split dates, which can't stop the people in the hall of justice and evil.

"Good!"

Sure enough, when the old man heard this, his eyes were cold, and his voice was heavy and he said, "you may still be able to leave a dog's life in my hands after the trial between the patriarchs, but among the disciples, the people who participated in the ceremony of the sixth sect this year will all stay in the ruins!"

The withered old man's murderous spirit broke out and swept across the sky. At the moment, the disciples of the Zhengxie hall also looked at Ye Chen and others one after another. The murderous spirit was fierce in their eyes and grinned.

Seeing this, Yang Qianyu and other inner disciples did not change their faces slightly. They were worried. The disciples of the hall of righteousness and evil had reached the late stage of the mendianjing, far surpassing them. If they were in the secret realm, the other party would target at them. I'm afraid that all the people who participated in the trial of the six Taoism sect would fall down.

But at this moment, when they saw Ye Chen, they were stunned for a moment, because they found Ye Chen's face pale and indifferent.

For a while, Yang Qianyu had more confidence in his heart. The strength of the hall of righteousness and evil was strong and true, but they still had Ye Chen. Maybe Ye Chen could create miracles this time.

Different from Yang Qianyu, the rest of the inner disciples were ugly. They felt that ye Chen was completely pretending, just like when ye Chen first arrived at liudaozong, they could not be rivals of the hall of justice and evil.

At this time, Wu Duan Cang heard the thin old man's words, but he said coldly, "the trial between the disciples has nothing to do with me, but the trial between the Lords, I will take your dog's life!"

"Arrogant to the extreme!"

Hearing this, his body trembled slightly. As the leader of the first-class forces, he was also in the realm of heaven and earth. He was so angry that he dared to say that he would kill him.

"I'll see what you can do!"

The thin old man glared at the arbitrary Cang: "the trial between the patriarchs, I will never die with you!"

"Well, I'll wait for you!"

Arbitrary Cang is not afraid of the slightest, domineering exposure of the road.

As soon as this was said, the whole audience was shocked. This was the struggle between the strong in the later period of heaven and earth. It was at the top of the strength of the moon soul domain. It was too terrible to die.

At the moment, Yang Qianyu and other disciples looked at the arbitrary Cang, but their eyes were also shocked. They did not expect that their master should be so domineering that they could not help but feel a great sense of war in their hearts.

Even if it's the hall of righteousness and evil, what about the first-class forces? If we have such a domineering leader in the six Taoism sect, we, as disciples, should fight for the position of the first-class force!

At the moment, the thoughts of the inner disciples of the six Taoism sect have changed imperceptibly because of their arbitrary attitude.

Aware of this, ye Chen and arbitrariness Cang look at each other, their eyes are full of determination and war.

Under Ye Chen's insistence, this ceremony has unconsciously become a battle to awaken the fighting heart of the disciples of liudaozong.

All of these are the deliberate efforts of Ye Chen and arbitrary Cang. What they have to do is to let their disciples radiate their fighting spirit. Only in this way can the liudaozong have a further possibility.

"All right."

At this time, Shi yipan stood on the sky and took a glance at the people, especially the people of liudaozong. There was a meaningful arc in the corner of his mouth.

"Now, the ceremony for the promotion of the first-class forces will begin. Please enter the place of trial."

Hearing this, the original noisy scene suddenly quieted down, and everyone's face was a su.

"Follow me, everyone."

At this time, Luo Huaian was flying out from the side of shiyipan, looking at Ye Chen with a faint smile, and then came to the front of the people and took them to the place of trial.

The place of trial is at the back of Shengzong City, which is also the innermost part of Shengzong valley. There is a secret place, in which there are countless small worlds.

Different rituals will also choose different small worlds as the test sites for the ceremony.

At this moment, Luo Huai'an takes the people through Shengzong city and goes all the way to the entrance of the secret place.

On both sides of the entrance to the secret place, there are towering cliffs, and below the cliff, there is a seven color whirlpool like entrance to the secret place.

"This is the trial token. Please take it away."

Luo Huai'an palmed his hand, and 37 tokens appeared in his hand. It was 37 forces who participated in the ceremony of promoting the first-class forces to worship.

There is a first-class Hall of righteousness and evil, thirty-five second-class forces, and a third-class force of six daocong.

On the test token, each piece of it is engraved with mysterious runes, which twinkle with the mighty spirit. This trial token can let people go to the corresponding place of trial, and at the same time, make clear where they are. If there is no trial token, if they step into the entrance of this secret place, they are likely to get lost.

Pieces of tokens flew out and fell into the hands of a famous patriarch. Wu Duan Cang also got one. He looked at the token with flashing eyes, and then took it close to him.

"Lord Wu, I'm waiting for you!"

At the moment, the thin old man standing in the front of him swept the arbitrary Cang with a murderous look. Then he looked at a group of disciples and said, "the waste wood of the six schools will be handed over to you!"

"Lord, don't worry, none of them can come out alive."

Smelling speech, the chief disciple of the hall of righteousness and evil, a young man with red long hair and double pupils, showed a bloodthirsty smile and said with a smile.

Seeing this, the skinny old man nodded his head with satisfaction. At the next moment, he looked back at the arbitrary Cang again, and then flew into the entrance of the secret place.

At this moment, in front of the entrance of the secret place, hundreds of people are looking at the wuduancang and liudaozong, and then a famous patriarch flies into the entrance of the secret place.

When it was the turn of Wu Duan Cang, Wu Duan Cang came to the entrance of the secret place, but he looked at Ye Chen and others and said calmly, "I don't have any other requirements. I only have one. I can survive!"

"Don't worry, Lord. I won't let any of them have an accident."

Ye Chen is indifferent to smile, the vision is incomparably firm.

At the moment, hearing Ye Chen's words, the chief disciple of the hall of righteousness and evil, with his red and long hair, could not help looking at Ye Chen.

Ye Chen also looked at each other, as if there was an invisible momentum in the collision, frightening the sky.

Looking at the sight collision between Ye Chen and the chief disciple of Zhengxie hall, the eyes of arbitrariness Cang flickered. The next moment he did not hesitate, he flew directly into the entrance of the secret place.

After all the Lords entered the entrance of the secret place, Luo Huaian took a deep look at Ye Chen and took out more than 300 test tokens again.

Compared with the test token of the patriarch, the magic light of these trial tokens is weaker, and the material looks slightly worse. All of them are suspended around Luo Huai'an.

"Now, give the disciple's trial token."

Luo Huaian opened his mouth and said that one after another, test tokens flew out one after another and fell into the hands of every disciple participating in the trial ceremony.

Ye Chen also gets a token, but after the token is started, ye Chen's eyes flicker. He realizes that there is something else on his token.

"The aura of Luo Huai'an..." Ye Chen eyebrows micro pick, can not help but look up to Luo Huai'an, but see Luo Huai'an blink.

Then, Luo Huai'an's voice rang out in Ye Chen's mind: "little fellow who is predestined with me. In the face of the master, this test token has my strength. If you encounter a life and death crisis, you can activate it, and it can directly send you out of the secret place of trial."

Smell speech, ye Chen can't laugh and cry, is this cheating? Luo Huaian, as the judge of the ceremony of ascending to the throne, gave himself this kind of thing openly?

Obviously, Luo Huaian has paid a lot for this. After all, even if he is the leader of the first-class forces, if ye Chen really uses such things as ye Chen, he will face great pressure.

Therefore, although Ye Chen admitted that he could not use the special function of the trial token, he did not say much. Instead, he accepted Luo Huaian's kindness.

"I will certainly rescue the old man Han."

At this moment, Ye Chen's eyes flash a touch of firmness. Luo Huai'an treats him well on the face of Han Wenxin, and Han Wenxin has repeatedly saved him. Ye Chen is determined to return this friendship, rescue Han Wenxin, and let their adoptive father and son get together!

When all the disciples got the test token, Luo Huai'an said calmly: "different from the patriarch's trial, they only need to test the force. You disciples have to test a lot."

Hearing the speech, people looked at Luo Huai'an curiously. Everyone knew that the trial content of each promotion ceremony was different. They didn't know what to test this time.

"This time, in addition to testing the strength of the disciples of each major sect, the first-class trial of the ascending ceremony also needs to examine three skills, namely, alchemy, weapon refining and array formation!"

Hearing this, many disciples changed their faces slightly. In order to succeed in the promotion ceremony, many of the disciples sent out the most powerful disciples, but they were not good at alchemy and weapon refining.

"It's terrible. The last test of skills or stealth, speed, and spirit, completely different!"

Many disciples could not help complaining, but the rules of the ceremony were always the same, and they could only accept it.

At the moment, Luo Huai'an looked at the disciples who were in a great uproar below. He put his hands on them, and all of them were quiet again.

"The items that test refining tools and alchemy skills are all in the secret realm of trial. You need to explore by yourself. The items are not the same and the grades are different. The better the items are, the better the pills and magic weapons can be made. I don't need to say more about this."

"As for the array, in the deepest part of the secret place, there are three dragon Xiaoshi hidden in the array. If you get the Dragon Xiaoshi and break it, you will be able to enter the final assessment site. That is to say, only three of your sects can enter the final assessment site.

Chapter 3884

Luo Huai'an looked at a group of disciples and drew a curve around his mouth: "among these three sects, we have to distinguish the winner from the loser. In the end, only one sect can pass the test. Whether it can become a first-class force depends on the comprehensive scores of these tests and the trial results of the sect leaders. In short, I am looking forward to your performance."

Luo Huaian introduced the content of the trial, but it raised hope again for many of the original hopeless sects.

If you don't talk about the array, most of the disciples will be able to deal with it easily as long as it is not too difficult.

While alchemy and refining utensils, although it requires professional level, but the refining materials need to be obtained by the major departments themselves.

That is to say, as long as you can get enough good materials, even if the level is moderate, you can refine high-level pills, so it is safe.

"Hum, a bunch of rubbish, want to be a first-class force? You don't deserve it. "

At the moment, the disciples of the hall of righteousness and evil smile coldly, and the chief disciple with red hair focuses his eyes on Ye Chen.

"Boy, I hope you can live a little longer in the secret place and hide well. Otherwise, the process of killing you will be meaningless."

Hearing the extremely arrogant words, even if the disciples of the six Taoism sect were worried, they couldn't help but glare.

It is Ye Chen, still unprecedented calm, looking at the red long hair of the chief disciple, disdain a smile.

"I hope you can stay in the hall of good and evil until the end, and then I will let you know that the hall of righteousness and evil is just a group of rubbish!"

"Looking for death!"

"Bastard, it's just a mole ant in the heaven's realm. You dare to talk like crazy. Do you really think that you can defeat fengyusi of Zhenyuan hall, and then you can be bold in front of my Zhengxie hall?"

"Zhenyuan hall is just a group of rubbish, but I'm not a group of them, boy, you will pay for your arrogance!"

Many of the disciples in the hall of righteousness and evil were furious, and the chief disciple with long red hair also looked at Ye Chen fiercely.

"Boy, I hope you can be so arrogant when I want your dog's life, instead of kneeling on the ground and screaming, please let me let you go!"

With these words, a group of people in the hall of righteousness and evil no longer hesitated and rushed directly into the entrance of the secret place.

At the moment, a large number of disciples of various sects who watched the opera also withdrew their eyes, and then entered the entrance of the secret place one by one.

Soon, many people have entered the secret place, and Zhenyuan hall is also led by Feng Yusi to the entrance of the secret place.

When Feng Yusi came to the entrance of the secret place, she suddenly turned back and looked at Ye Chen. Her eyes flashed. The next moment she said, "this test is very dangerous. I hope you are safe and sound."

Hearing this, all the disciples of Zhenyuan hall couldn't help but look at Feng Yusi, especially the several disciples who had been hidden in the dark by Zhenyuan hall, and now they were brought to participate in the ceremony of ascending the sect. They also showed a strange light in their eyes.

Ye Chen didn't expect that Feng Yusi would talk to himself and still care about himself. At the moment, he couldn't help but smile.

"Thank you, but it's you. Be more careful."

Ye Chen says that since Feng Yusi expresses his good intentions, he doesn't have to be cold. What's more, ye Chen has seen that some of her disciples have some ideas about her, and now he is also giving some suggestions.

Just looking at Feng Yusi's appearance, it seems that he didn't recognize the deep meaning of Ye Chen's words. He just nodded at Ye Chen, and then led his disciples into the entrance of the secret place.

At this moment, with the disciples of various major sects have entered the secret space, ye Chen also brought Yang Qianyu and others to the entrance of the secret place.

"Elder martial brother, we'll leave our lives to you this time."

Just as he was about to enter the entrance of the secret place, Yu Zhou, an inner disciple who had a good relationship with Ye Chen, looked at Ye Chen and said.

Hearing this, ye Chen can't help looking at Yu Zhou, but he finds that in addition to Yu Zhou, other inner disciples are also looking at themselves with deep eyes, and can't help but smile.

"Ladies and gentlemen, it is my Ye Chen's idea to participate in the ceremony for the promotion of the first-class forces. It is also because of me that you are exposed to these dangers."

"I promise you that as long as I don't die, none of you will be OK."

Ye Chen gave you a guarantee and then said, "what's more, since I want to take the initiative, it means that I have confidence to lead you through the test."

Hearing Ye Chen's words, a group of disciples' eyes flickered, but they shook their heads in their hearts. Only Yang Qianyu showed the look of expectation.

Ye Chen was indifferent to the reaction of his classmates. He could see that these people said they would pass the test. They didn't have much trust. They just expected to keep their lives.

But it's normal. After all, ye Chen's state is too low to give people a sense of security.

However, no matter what the attitude of his classmates is, whether he is willing to believe in himself, ye Chen's eyes are as confident and firm as ever.

"Whether it's the same sect or other sects in the soul realm this month, I'll prove to you that ye Chen has the ability to lead the liudaozong to defeat all the sects participating in the ceremony, and the liudaozong is qualified to compete for the position of the first-class forces!"Ye Chen with Yang Qianyu and others rushed into the entrance of the secret place. In a moment, it was dark. After a while, he appeared in a strange place.

This is actually a lake. There are many fierce animals drinking water by the river. Ye Chen several people appear out of thin air, which frightens the group of fierce animals.

"Oh?"

As soon as he entered the secret place, ye Chen quickly looked around, but he found that no one from other clans existed. The lake was so big that it was a hundred miles around. The strength of these fierce beasts was also good.

At the moment, seeing ye Chen and others, the fierce beast first shows its fangs. The next moment, he realizes the breath of Ye Chen and others, and can't help turning around and fleeing.

"Here, elder martial brother..."

But at this moment, Yang Qianyu approaches Ye Chen. He just wants to say something, but he is interrupted by Ye Chen raising his hand.

"See that one or not, grab it."

Ye Chen's eyes locked on a fierce beast with golden armor all over his body, and said.

Hearing this, Yang Qianyu and other disciples were stunned and immediately looked at the fierce beast with golden armor. It was just a fierce beast. What should we do with it?

"You are stupid. Don't you know that this is the golden armor spirit beast? Its scales, whether they are refining utensils or alchemy, are good things

At the moment, ye Chen shakes his head and looks at a crowd of the same door and says.

"Refining vessels and alchemy?"

At the moment, a fellow said in surprise, the next moment he was staring at the meaning of Ye Chen.

We have just appeared in the secret place and haven't adapted to it. We didn't expect that entering the secret place is the beginning of the trial. The refining utensils and alchemy is one of the tests of the trial, and all the materials need to be obtained by ourselves.

"I'm really a senior brother. I'm so quick!"

At the moment, Yang Qianyu couldn't help but praise him. Before other people responded, he had already burst out, and in a flash came to the golden armor broken spirit beast.

"Hum..."

One of the great spirits will be covered by the brilliant spirit of Yang.

In addition to Ye Chen, Yang Qianyu is the most powerful person in liudaozong. He is already a strong man in mending the eight layers of heaven. It is obviously easy to deal with a fierce beast whose strength is not too strong.

At the moment, facing the huge net of aura from the sky, the golden armor breaking spirit beast can't help but show its fierce light. The golden armor on his body is dazzling and the sharp breath of tearing the sky. For a while, many places of the aura giant net have been cut.

However, at the next moment, endless Aura will emerge from the cut place. In a flash, it will be repaired perfectly, making the golden armor broken spirit beast despair.

Soon, the golden armor broken spirit beast was tightly covered by the aura net, and could not move. With Yang Qianyu's palm waving, the huge net directly wrapped the golden armor broken spirit beast and brought it to Ye Chen.

"Big brother."

Yang Qianyu looks at Ye Chen and shouts.

"Yes."

Ye Chen nodded indifferently, and then came to the golden armor broken spirit beast. He saw his fierce light and glared at himself.

Obviously, seeing ye Chen as the leader of the group, the golden armor broken spirit beast could not help saying, "damn the guy, why do you want to catch me?"

"Don't worry. I don't want your life. It's just like borrowing some scales from you."

Ye Chen smiles indifferently. The next moment he flicks his fingertip, a black light flies out and falls on the shining scales of the golden armor breaking spirit beast. The next moment the scales fall off quietly and fly to Ye Chen's hand.

Ye Chen only took ten scales, and then he stopped.

Compared with the aura, the scales are very precious, but the scales are not very valuable.

What's more, there is a breath of fear on Ye Chen's body, which seems to be the pressure of blood. Ye Chen's blood is much more noble than he is, and even there is no more noble than ye Chen's blood.

"Thank you very much. Since you have taken the scales, you might as well let me go."

At the moment, the golden armour broken spirit beast looked at Ye Chen politely and said.

"Ha ha."

Ye Chen looks at the golden armor broken spirit beast, but suddenly thinks of something. When the palm of his hand is raised, a fragrance is blowing, and the elixir surrounded by Hongmeng gas appears in front of the golden armor broken spirit beast.

Seeing this scene, Yang Qianyu and others are surprised. Ye Chen takes the life of the golden armor spirit beast, not only does not want the other party's life, but also gives the other party pills?

However, Yang Qianyu and others did not know that the scale of the golden armor breaking spirit beast was not only rare, but also could be used to refine utensils and medicines.

It's a rare beast that can react to the blood armor.

Don't care about Yang Qianyu and other people's puzzled eyes, ye Chen looks at the golden armor broken spirit beast with a light smile and opens his mouth.

"Of course you can, but don't you want to try this pill?"

Hearing Ye Chen's words, the golden armor breaking spirit beast can't help but be stunned. He takes back his greedy eyes and looks at the pills, and becomes cautious.

"What do you want me to do?" Although it is a fierce beast, it also opens up the wisdom. The golden armour breaking spirit beast clearly knows the truth that there is no merit without reward. Ye Chen takes out the pill and obviously wants him to do something.

"You're smart."

Ye Chen raised a radian around the corner of his mouth, and then said, "I won't let you do anything dangerous. I just want to ask you if you know where there are natural materials, earth treasures, miraculous herbs, fairy grass, or rare and fierce animals like you who have precious medicinal materials or refining utensils. It's better to take us to look for them."

"If there's really something good, it's good for you."

Ye Chen's tone is full of temptation. Hearing this, he can't help but show a surprise.

Chapter 3885

"I know that there is a guy in the lake, who is much stronger than my blood. It is a fire cloud fish. Its scales can prolong life. It should be used as a good medicine?"

Hearing this, ye Chen's eyebrows raised slightly. The golden armor breaking spirit beast is really useful. The scales of huoyun fish are really excellent for refining medicine. Especially for refining the elixir of longevity and healing, the effect can be doubled.

"I'll give you this pill."

Ye Chen waves his palm, and directly asks Yang Qianyu to untie the golden armor broken spirit beast, and then throws the pill to the golden armor broken spirit beast.

Seeing this, the golden armor breaking spirit beast can't help but look happy. The fragrance of the pill makes it salivate, and it also contains great vitality and aura. It's really a good thing.

Jinjia broken spirit beast holding pills, on the spot will be impatient to swallow.

Seeing this, ye Chen's mouth curved. I'm afraid that few people enter this secret place, and the golden armor breaking spirit beast seldom contacts the Terran. Obviously, he is greedy and doesn't have any scheming at the same time, so it's easy to use.

"My Lord, in addition to the fire cloud fish, there is also a thunder ice swallowing water snake in the lake. This guy is guarding a miraculous medicine in the water. I don't know what the miraculous medicine is, but it should be a good thing."

Smell speech, ye Chen indifferent smile, thunder ice swallowing water snake can not be used as refining tools or medicine, but its protection of the elixir should be a good thing.

After all, judging from the greedy appearance of the golden armor breaking spirit beast, if the thunder ice swallowing water snake was not strong, it would have taken the miraculous medicine.

And this thunder ice swallowing water snake strength is strong, obviously also won't guard a useless medicinal material.

"Very good. When I take the scales of huoyun fish and the medicinal plant, you can take me to find other rare things. You can't do without you."

Ye Chen looks at the golden armor broken spirit beast with a faint smile. The next moment he moves, he rushes directly to the lake.

After entering the lake, ye Chen felt that the water was full of vigorous aura and could not help blinking in his eyes.

According to common sense, it's normal for the lake to contain some aura, but it's not right if it's so rich. It's possible that there are some rare things in the lake.

"Maybe it's the elixir in the mouth of golden armor breaking spirit beast."

Ye Chen eyebrows slightly pick, if he guesses the same, that elixir must be extremely precious, the grade is quite high.

Later, ye Chen began to look for it in the lake. The lake was very large, and there were many fierce beasts in the water. One of them was ferocious, but when he saw Ye Chen, he turned around and ran away.

These fierce beasts look frightening. In fact, they are the most powerful, but they can only mend the three layers of heaven. They are not afraid at all.

And ye Chen continued to go deep into the lake, and soon felt a blazing breath, not from the corners of his mouth hook up a radian.

"I'm afraid this is the fire cloud fish in the mouth of the golden armor breaking spirit beast."

Ye Chen is aware that this blazing breath contains a strong breath of fire and spirituality, so he guesses.

Then, ye Chen followed the breath to the place, directly search and go, and finally came to the bottom of the lake.

At the bottom of the lake is a piece of sand and stone, and not far from ye Chen, there is another cave in the water, which is carved from a big mountain.

"I will enjoy it."

When ye Chen looked at the past, he found that the cave in the water was well carved and artistic. It seems that the owner of the cave is also a person who knows how to enjoy life.

Then, ye Chen came to the cave, looking at the emerald green jade gate, quietly knocked on the door.

"Who is it?"

A slightly low voice sounded, and then the jade gate opened, a demon fish man appeared in front of him.

"Terran?"

The scales of this fish man are red, emitting a vast red light, as if in a burning flame. Obviously, it is the fire cloud fish in the mouth of the golden armor breaking spirit beast. Now it sees ye chenmu's surprise, but it has never seen a human race.

"In xiayechen, I came here to have some fish scales for you."

"What?"

Smell speech, fire cloud fish can't help but stare at, "want my fish scale? Dream

Huoyunyu has always been proud of its scales. It is regarded as the most beautiful thing in the world. How can it be handed over to Ye Chen.

Hearing this, ye Chen is not annoyed. He smiles calmly. His momentum breaks out, and a mighty pressure sweeps out.

Sky demon breath, who is the master of ups and downs!

"Help yourself, my Lord."

At the moment, huoyunyu's body trembles, and ye Chen's momentum makes it feel afraid, and even stops breathing. Where can he dare to talk nonsense, he says directly and honestly.

"Don't worry. I'll give you this elixir."

Ye Chen smiles quietly, and then a fire red, surrounded by elixir like a raging flame, flies to huoyunyu.

This red elixir is full of fire aura, which makes it feel the aura inside the body leaping with joy. It is obviously a good thing.

At the same time, along with the elixir, there are several dark awns, which directly fall on the huoyun fish, and the same ten scales slide quietly back to Ye Chen's hand."My Lord, I still have a lot of scales. Take some more."

Huoyunyu put the elixir carefully close to the body, and then looked forward to Ye Chen. It saw that the elixir was extraordinary and wanted to exchange it.

"No, I just want ten."

Ye Chen shook his head, then looked at the fire cloud fish and asked: "do you know where the thunder ice swallowing water snake in the lake is?"

"Thunder ice swallowing water snake?"

Huoyunyu was stunned and said, "do you mean that bully? It's in the East. There's a black ditch there

"Black ditch? Thank you very much

Ye Chen nodded and then said thanks and turned to the East.

.....

At the same time, on the lake, Yang Qianyu and others stayed by the lake, watching the golden armour breaking spirit beast and waiting for ye Chen.

But at this time, there is a group of uninvited guests flying away from the horizon. Yang Qianyu and others noticed that they did not change their face slightly.

"Why? Is it your companion who has come again? "

Gold armour breaks spirit animal order to show curious color, look to Yang Qianyu and others.

On hearing this, Yang Qianyu and others were dignified and did not pay attention to the golden armor breaking spirit beast.

"It's a problem."

Yu Zhou can't help but look at Yang Qianyu. Ye Chen is not there. Yang Qianyu is the strongest among them.

"Don't worry, elder martial brother. It's OK."

Yang Qianyu shook his head and gazed at the group of people who came flying away: "what's more, the Yin palace is not so strong."

Yang Qianyu's voice has just dropped, and a group of people in the sky have already arrived. Seeing Yang Qianyu and others, the eyes are showing a look of interest.

The visitors are just a group of disciples of Tianyin palace. Among the second-class forces, Tianyin palace ranks only in the top 30, which is much weaker than the top ten forces such as Zhenyuan hall.

However, since he dares to participate in the first-class promotion ceremony, Tianyin palace is obviously not good at stubbornness. At the moment, in addition to the chief disciple named Wang pianye, who is to mend the eight layers of heaven in Tianjing, there are two disciples with the same strength. The weakest of them is the sixth tier heaven of mendianjing, which is only inferior to Yang Qianyu.

"I didn't expect that it was the rubbish of liudaozong. How could you be here?"

"Hum, what kind of thing do you dare to insult my six schools?"

When Yang Qianyu heard this, he suddenly became angry and could not help but glare.

"Hum, the six schools are very powerful."

At the moment, Wang pianye's green shirt disciple, who mends the eight layers of heaven, laughs coldly and bursts out.

Seeing this, Yang Qianyu and others can't help but look down on their eyes. The other side is so rampant, but their strength is still very strong, which makes them helpless and feel very frustrated.

While Yang Qianyu and others glared at the disciples of Tianyin palace, Wang pianye, the chief disciple of Tianyin palace, waved his hands with disdain.

"Why talk to this bunch of crap."

Wang pianye coldly looks at Yang Qianyu and others, but his heart is moving. He hasn't seen Ye Chen all the time. Is it hard for ye Chen to discover that there are rare miracles in the lake?

You know, the reason why they can detect spiritual objects is because of the treasure hunting mirror brought out from zongmen. How can ye Chen find good things in the lake.

Immediately, Wang pianye said again, "I don't have any patience. Tell me immediately where your chief disciple Ye Chen has gone, or you guys may not wait for the hall of righteousness and evil to clean up, and I will send you back to the West!"

As soon as this was said, the faces of the disciples of the six Taoism sect changed. Ye Chen jumped into the lake to look for the treasure. If Wang pianye and others knew about it, it would be dangerous.

Just don't reveal Ye Chen's trace, these guys in Tianyin Palace are afraid to make their lives hard to protect, for a time, people get tangled up.

"Hum, it's none of your business where our elder martial brother went."

At the moment, Yang Qianyu is a cold hum, without hesitation to look at Wang pianye and say.

"Ha ha ha ha!"

At the moment, Wang pianye can't help laughing, but his eyes are cold, staring at Yang Qianyu, suddenly pointing out.

"Hum!"

Between the heaven and the earth, an inexplicable wave emerged, and then a series of Invisible Rules gathered at Wang pianye's fingertips, and then a touch of startling cold light penetrated the sky, pierced the void, and suddenly shot at Yang Qianyu.

"The sky is overcast a finger!"

At the moment, Yang Qianyu and others changed their faces. Tianyin finger is the unique skill of Tianyin palace. It can be called the top-notch killing skill with silent, powerful power and no breaking.

It's just that it's hard to practice this Yin point. No one has learned it for thousands of years. Unexpectedly, Wang pianye learned it.

Yang Qianyu's face was dignified, and he suddenly murmured.

"Liu Dao Zhen Shi Ding!"

Yang Qianyu's breath was shaken, and endless aura surged out of his body, and a huge tripod suddenly condensed and firmly blocked Yang Qianyu.

"Bang!" A finger of Tianyin shoots on the top of liudao Zhenshi Ding, and a loud roar is introduced into people's ears, which makes people dizzy.

In the next second, the tripod of liudao town was suddenly broken, and the edge of Tianyin finger did not weaken at all, and the chill came.

"Silence star palm!"

"Six cloud whistles!"

At this moment, the inner disciples of Yang Qianyu's side began to attack one after another, and all kinds of magic techniques swept out to help Yang Qianyu to extricate himself from the encirclement.

"Boom

The one finger of Tianyin was suddenly broken, but a group of disciples of the six Taoism sect all changed their faces slightly and stepped back one after another. On that day, the power of Yin one

finger was so powerful that they even resisted it together and were hurt by their strength. At the moment, their breath was disordered.

"Is that all? The liudaozong is really getting worse and worse. "

Wang pianye's awe and awe at the people, and then said with a sneer.

Hearing this, Yang Qianyu and others turned pale. They wanted to maintain the prestige of liudaozong, but they were not opponents of the other side. They felt extremely oppressed.

"It's really laughable that you, who are just a few of you, dare to take part in the ceremony of the promotion of the first-class forces."

At the moment, a disciple beside Wang pianye also disdained to open his mouth and sneered.

But at this time, Wang pianye is a step out, directly came to Yang Qianyu and other people in front of, the face is cold as frost, the eyes are fierce.

"I'm not interested in wasting time with you. Tell me where ye Chen is right now, or I don't mind using Tianyin soul searching."

As soon as this word comes out, even the people in the Tianyin Palace are slightly Zheng. They look at Wang pianye with horror!

This is the forbidden skill of the moon soul domain!

Chapter 3886

Tianyin soul searching is an access control technique of Tianyin palace, not because of how powerful it is, but because it is too cruel.

Tianyin soul searching technique can take the soul out of the body and get the information in the other person's mind. However, the sequelae of this method is too terrible. The soul of a person who is searched by Tianyin soul searching technique will lose his soul, turn into fly ash and wipe it out directly from the world.

Therefore, Tianyin soul searching was resisted by the whole moon soul domain. Even the people in Tianyin palace thought that this method was extremely cruel and inhumane, so it was banned.

Looking at Wang pianye's murderous eyes, everyone at the scene knew that he was serious and could not help but look dignified.

"If you dare to use Tianyin soul searching skill, are you afraid that all forces in the moon soul domain will join hands to destroy your Tianyin palace?"

Yang Qianyu looked at Wang pianye coldly and couldn't help but shout.

"Ha ha! This secret place is completely isolated from the moon soul realm. How can people in the moon soul domain know what skills I use here? "

Wang pianye showed a wicked smile: "what's more, you people will die here. It's impossible for outsiders to know that I use Tianyin soul searching technique."

"Well, if you don't want to say it, then all of you will die!"

At the moment, Wang pianye got impatient and raised his hand abruptly. He wanted to let the people of Tianyin palace do it.

"No! I tell you, ye Chen is in the lake. He went in to look for the natural materials and treasures

At the moment, an inner disciple behind Yang Qianyu looked frightened and couldn't help but shout.

"Asshole! Betray your fellow

At the moment, Yang Qianyu heard the other side's words, but his eyes showed a cold light. No matter which clan it was, betraying the clan was the most serious thing. He did not expect that this disciple would reveal Ye Chen's trace to the other side.

"Elder martial brother, if we don't tell them, we'll all die."

The inner disciple was glared at by Yang Qianyu, and he could not help but open his mouth.

"What's more, it's Ye Chen's attention that we take part in the first-class promotion ceremony this time. He should bear all the consequences."

In the view of this inner disciple, they were all implicated by Ye Chen. Otherwise, they would not have been so dangerous if they went to attend the ceremony of the second-class forces.

At the same time, there are many inner disciples' eyes flashing, and their ideas are the same as this disciple.

Looking at these people, Yang Qianyu knew at a glance what they were thinking. He shook his head in disappointment.

On the other side, Wang pianye finds out Ye Chen's trace, and can't help but smile.

"Very well, you guys, keep an eye on the soft bones of these six schools!"

With these words, Wang pianye looked at the disciple in black on his left, and his eyes flashed.

Wang pianye has heard a lot about ye Chen's deeds. Judging from the past signs, ye Chen does have some skills. If he can become the chief disciple of Tianyin palace, he can't be a rash and arrogant person.

"Zhan Hao, you follow me, follow me down."

Wang pianye looks at the disciple in black on his left and grins. Zhan Hao is one of the three people in Tianyin palace who mends the eight layers of Tianjing.

"Good."

After hearing the speech, Zhan Hao nodded calmly, and then followed Wang pianye to rush directly into the lake.

But on the edge of the lake, Yang Qianyu looked at this scene, but his eyes were worried. Ye Chen was alone in the lake. He did not know whether he could cope with these two guys.

Yang Qianyu had the intention to jump into the lake to help Ye Chen, but unfortunately, Wang pianye left with Zhan Hao, but among the remaining disciples of Tianyin palace, there was still an eight layer sky in Tianyin palace. Compared with other Tianyin palace disciples, their strength was better.

Originally, Yang Qianyu was ready to wait for ye Chen to find the treasure and come out. When the time comes, the people will meet and then take the opportunity to get rid of the Tianyin palace and others, and then they will be at peace.

But I didn't expect that someone in the same school would reveal Ye Chen's whereabouts, which made Yang Qianyu very unhappy. He couldn't help looking back at the disciple just now.

"Ha ha, you don't want to move what crooked mind, give me honest stay here, if you dare to run, I will let you try my means."

At the moment, the only remaining disciple of Tianyin palace who mends the heaven, raises his ferocious scarred face and looks at Yang Qianyu and others with a smile.

.....

At the same time, at the bottom of the lake, ye Chen did not know what happened on the lake. After all, no matter how clever he was, he could not have imagined that he would encounter other sects when he entered the secret realm.

Ye Chen is at this time according to the information of huoyunyu, all the way East, indeed found a dark ditch.

"This should be the black ditch in the mouth of the fish."

Ye Chen eyebrows slightly pick, in front of the ditch looks very deep, like an abyss in general, and in the ditch there is this strong cold and fierce gas, it really looks like the smell of snakes.

"Does Leibing swallow water snake..."

Ye Chen's eyes flashed, and the next moment he directly rushed into the ditch. The thunder ice swallowing water snake can be regarded as one of the most ferocious beasts, but its strength should not be strong, so ye Chen is not afraid. As ye Chen rushes into the black water ditch, a vague mind wave also sweeps across. He realizes that ye Chen is just a martial artist in the heaven God realm, and a huge object with black thunder all over his body suddenly rushes out of the black ditch.

"Terran, you even set foot on your own mansion!"

What appears in front of Ye Chen is a big black scale snake with a body length of more than ten meters, flashing black thunder, and a fierce and powerful look.

Obviously, convenience is the thunder ice swallowing water snake in the mouth of huoyun fish, and its strength is also pretty good. It has reached the level of four layers of the sky. I'm afraid it is already the overlord in the lake. However, ye Chen is not afraid of it.

"Are you the thunder ice swallow water snake?"

Ye Chen looks at each other, the face color is indifferent to open a mouth to say.

"Ha ha! I didn't expect that you, a weak villain, knew my name

Lei Bing swallow water snake looks at Ye Chen greedy eyes, can't help but say: "very good! In this case, give yourself to me. I heard that the flesh and blood of the human race is extremely delicious. "

Say, thunder ice swallow water snake can't help spit out long snake letter, a pair to leaf Chen salivate appearance.

Hearing this, ye Chen's eyes are slightly cold. The fierce beasts in this secret place are not the ones who are extremely guilty, because he doesn't want to hurt these fierce animals, but the thunder ice swallowing water snake is seeking his own death.

"Want to eat me? Then it depends on whether you have this ability or not

Ye Chen sneers, the next moment momentum suddenly burst out, the whole body Hongmeng gas swept, suddenly stabbed out.

Ye Chen's sword did not use any magical skills. It was not worth using to deal with the thunder ice swallowing water snake in the four layers of sky mending state.

Chapter 3887

At this moment, in the face of Ye Chen's sword, thunder ice swallows the water snake, but his face shows the color of horror.

In the induction, ye Chen is clearly just a weak human race in the heaven God realm. Although he has a very uncomfortable breath in his body, his state is so low that he should be able to easily crush it. However, ye Chen bursts out the power to make it creepy.

"Roar!"

At the moment, Lei Bing swallows the water snake's eyes to be frightened, dare not have the slightest to carry, suddenly opens the blood pot big mouth, a roar.

"Boom

The infinite water vapor converges in the snake mouth of thunder ice swallowing water, and the black thunder on its body explodes. With the water vapor converging in his mouth, the next moment it turns into a huge thunder ball and crashes into Ye Chen.

This is thunder ice swallowing water snake's own life magic power, facing Ye Chen this fatal blow, it used its own strongest strength.

But even so, the strength of the thunder ice swallowing water snake is still not enough. Its strongest strike is punctured by Ye Chen's sword, and the next moment suddenly appears in front of the thunder ice swallowing water snake.

"Forgive me, my Lord!"

Looking at this murderous sword, Leibing swallows the water snake to feel the death, and quickly opens his mouth to beg for mercy.

"Oh

Ye Chen's body suddenly stops, but the evil sword directly cuts through the head of the thunder ice swallowing water snake, and the scales crack and the blood gushes.

Aware of the sharp pain in his head, Leibing swallows the snake with a sigh of relief. He knows that ye Chen has left his hand, otherwise this sword will surely erase it.

"This sword is a punishment. I will not forgive you if you dare to have delusions about the human race in the future."

At the moment, ye Chen looked at Leibing swallow water snake coldly and said.

Smell speech, thunder ice swallow water snake body a shudder, quickly nod a head: "thank you for your life, small no longer dare."

"Now I ask you, where is the miraculous medicine you have been guarding?"

Ye Chen saw the situation no longer nonsense, directly asked.

"Elixir?"

Lei Bing swallows the water snake and looks at Ye Chen, and then he understands why Ye Chen is here. He can't help but see the pain in his eyes. The miraculous medicine has been guarding for nearly a thousand years. Finally, it is mature and has not yet had time to enjoy it.

However, although he didn't want to give the elixir to Ye Chen, Lei Bing swallowing water snake also knew that he was not ye Chen's opponent. He could not help but look into the depth of the black ditch.

"In the lava Valley inside."

Smell speech, ye Chen eyebrow a pick, the lava Valley in the ditch, this kind of place bred out of the elixir should be good.

"Lead the way."

Ye Chen said calmly.

Then, Leibing swallow water snake will honestly take ye Chen to the depth of the black ditch.

With the continuous progress, the cold and gloomy lake water in the black ditch has become warm, and finally turned into boiling water.

But this temperature for ye Chen and thunder ice swallow water snake, are insignificant, at the moment also did not care.

On the contrary, ye Chen gradually appeared in front of the valley, indifferent eyes slightly lit up light.

In front of us, the valley in the ditch is full of red, like red iron, emitting endless heat waves, while inside the valley, there is a lava flow, which looks like a purgatory scene.

Ye Chen's eyes were slightly bright. He noticed that the fragrance of medicine from the valley was refreshing. It seemed to contain a regular charm. It was obviously a good panacea.

The next moment, ye Chen flies directly into the valley, but in the center of the valley, a piece of lava surrounds a rock, on which grows a black spirit grass.

The shape of the spirit grass is strange. It looks like thunder, and there is a trace of thunder on the elixir, and the arc flashes, emitting the spirit of punishment.

"Lei Ming Jian Xin Cao!"

Ye Chen's eyes vibrate. This leimingjianxincao is a divine object to help martial artists break through. Especially when facing evil things such as heart demons, it has a perfect restraining effect.

If you use leimingjianxincao to make pills, it can make the pills contain the effect of understanding the original mind and understanding the rhyme of Taoism. This is a top-level medicine refining material.

"This trip did not come in vain."

The corner of Ye Chen's mouth curls up with a touch of radian, and the next moment his body flashes directly, appearing on the edge of Lei Mingjian heart grass.

It seems to be aware that ye Chen is not good at coming, and leimingjian grass is shaking and shaking at the moment. The thunder arc on the grass leaves suddenly penetrates the void, burns everything, and roars towards Ye Chen.

"You'd better come to me honestly."

Seeing this, ye Chen smiles indifferently and points it out directly. The powerful aura sweeps through, and the runes light up in the void. Then it turns into an array, which smashes the thunder along the way, and then covers the Lei Mingjian heart grass.

"Hum!"

Between heaven and earth, an inexplicable wave appeared. It seemed that Lei Mingjian heart grass was roaring with anger. However, no matter how hard it struggled, it didn't help. The array power came out, and all the powers of Lei Mingjian heart grass were suppressed directly, and the thunder on the grass leaf was converged into the body. Then, ye Chen palm a move, restore calm Lei Mingjian heart grass directly into Ye Chen's hand, is Ye Chen's hand.

Suddenly, outside the valley, however, came two domineering breath, and then the two figures directly rushed in.

See each other, ye Chen immediately eyebrows a pick, see that this is the people of the sky Yin palace, know that the incoming person is not good.

"Well, here it is."

At the moment, Wang pianye and Zhan Hao look at Ye Chen, but their eyes are cold.

At the same time, Wang pianye is also aware of the gradual dissipation of the smell of Medicine between heaven and earth, staring at Ye Chen.

"You've got something good, hand it in."

"The people of Tianyin hall are so domineering. What can I get for you?"

Ye Chen looks at each other indifferently.

Hearing this, Wang pianye sneered: "it seems that you don't want to, so I'll ask for advice. What skills do you, the chief disciple of the six schools, have that can make you famous in the moon soul region?"

"I don't deserve it, but it's easy to deal with such a rubbish as you."

Ye Chen did not shrink back, momentum burst, the majestic invincible pressure swept out, frightening the entire valley.

The thunder ice swallowing water snake, who has been following Ye Chen, looks at Ye Chen's three people, but his eyes are shocked. In front of these three guys, each of them makes it feel cold all over. Obviously, they are extremely terrible.

"What's the matter? Why do these guys suddenly appear? They used to be fine."

Lei Bing swallows the water snake from his heart. Where does he know that this secret place has been selected as the examination place for the first-class power's promotion ceremony. This world has long been swept by a group of disciples with extraordinary strength and extraordinary talent.

At this moment, ye Chen and Wang pianye momentum collision, Zhan Hao is standing on the side, eyes flashing at Ye Chen.

After all, the chief disciple of Liuyue sect, ye Hun, is really surprised by the things that ye Chen, the chief disciple of LiuZong, has done.

Just now I saw Ye Chen, but I found Ye Chen was just a warrior in the nine layers of heaven. Compared with them, ye Chen's realm was just a heaven and a ground, which greatly disappointed them.

"How can such a guy compete with the elder martial brother? It's another one-sided, boring fight. "

At the moment, Zhan Hao skimmed his mouth, full of disdain for ye Chen.

On the contrary, it is Wang pianye. Looking at Ye Chen at the moment, he is cautious. Zhan Hao is the hidden strength of Tianyin palace. All these years, he has been practicing in secret. He has not met many people.

Wang pianye is not the same. As the chief disciple of Tianyin palace, he has seen many inhuman beings, and his strength is powerful. Although Ye Chen doesn't give him such a feeling, he also feels dangerous. Obviously, ye Chen is not as simple as it seems.

"Interesting. It seems that you do have some skills."

At the moment, Wang pianye looked at Ye Chen with a cold smile and pointed out the next moment.

"Hum!"

The inexplicable fluctuations between heaven and earth emerge, with invisible rules converging, and the cold edge suddenly bursts out.

Seeing this sharp edge, ye Chen can't help but look at him. He also realizes that Wang pianye actually understands the Tianyin point of Tianyin palace. It seems that the other party has some skills.

"But that's not enough!"

Ye Chen pulls out the evil sword, and the aura sweeps out of the sky. Accompanied by the evil sword, it suddenly stabs at Tianyin.

"Destroy Shinto, I've suppressed it!"

Ye Chen drank in his heart, and his great power of destruction suppressed the heavens, and swept out in an instant.

At the next moment, the sword collided with the edge, and the terrible impact like a star burst suddenly swept out. The whole valley was shaking endlessly, and the next moment it collapsed.

"Bang bang bang!"

A huge stone fell, but ye Chen and Wang pianye didn't care at all. Their eyes were full of fierce fighting spirit.

"It's good to be able to break my Tianyin finger with one sword, but it's only one tenth of my strength!"

Wang pianye showed a strange smile, the next moment pointed out again, this moment, endless sharp emerging, light up more than ten times more than before.

"Hum!"

Wang pianye's fingertip, the void collapses, the space vanishes, the cold awn shakes the sky, the next moment toward Ye Chen bursts out.

This cold awn is too terrible, even to penetrate the sky, to pierce the eternal time and space, directly fell in front of Ye Chen.

Seeing this, ye Chen's eyes are gradually fanatical, and Wang's strength is not vulgar, which makes him sprout a vigorous sense of war.

"It's interesting to be an opponent like you!"

The corner of Ye Chen's mouth draws up a radian and points out the same at the next moment.

"Let's see who's better!"

"Silence the light!"

As soon as ye Chen points out, the magnificent light of the dead star sky bursts out, and instantly collides with the sharp cold light.

At the next moment, the divine light and the cold light burst at the same time, and the magnificent impact swept away. The boulder just dropped from the top of the head was hit by this force, and then it directly disappeared, leaving no trace. At the moment, the thunder ice swallowing water snake looks at Ye Chen's battle, and the snake's body is constantly shaking. The collision of this force is too terrible, which makes it have a kind of terrifying feeling, even hair and bone creeping people.

"These crazy people, my place is going to be destroyed by these guys."

Lei Bing swallows the snake's heart, but the next moment is to turn around and run away. The battle aftershocks of Ye Chen and others are too vast. If it stays here, it is likely to be directly affected by the battle aftershocks, or even fall here.

Chapter 3888

For Leibing swallow water snake's leaving, ye Chen and others are aware of it, but a fierce beast of mending the sky realm, the three people present did not care at all and let it leave.

At the moment, Wang pianye is staring at Ye Chen. Before the battle, he tried to look at Ye Chen as high as possible. However, he didn't expect that ye Chen would surprise him so much, and ye Chen's strength even made him feel awkward.

Meanwhile, Zhan Hao, who watched the battle, looked at Ye Chen with caution. Before, he thought Ye Chen was vulnerable and would be crushed directly after a few moves in Wang pianye's hands. At the moment, it seems that this is not the case.

"Elder martial brother, do you want me to help you?"

Zhan Hao looked at Wang pianye and asked.

"No, I'm good enough to deal with this guy."

Wang pianye smell speech discontented look at Zhan Hao, seems to be in displeasure, Zhan Hao see light himself, in Zhan Hao's eyes, he even a Ye Chen can't clean up?

"No matter how strong he is, he is just a guy in the heaven God realm. How can he compete with me?"

At this moment, Wang pianye's body breath concussion, a cold breath swept out.

Tianyin palace specializes in the cultivation of yin and cold Qi, which is more suitable for women to practice. However, the founder of Tianyin palace is a strange person. The transformation of Tianyin palace is most suitable for male cultivation, which is ten times faster than that of women.

It's just that there are gains and losses. The cultivation speed of Tianyin palace is faster, but it is easy for people to be affected by the Yin cold Qi. Therefore, many Tianyin palace disciples have a more sinister mind, and so are Wang pianye and others.

At this moment, Wang pianye's whole body is covered with cold and Yin Qi, which even condenses into a statue of evil spirits. Around Wang pianye, Chong yechen opens his mouth and roars ferociously.

"Ghost, death to me

Ye Chen is disgusted by these evil spirits. He stabs with a sword at the next moment, and his magnificent lightsaber reflects the lake.

At the place where the sword light swept, the evil spirits howled one after another like the white snow meeting the scorching sun.

"You want to die!"

Seeing this, Wang pianye can't help but get angry. These evil spirits are all servants that he has taken over by himself, and they are used to deal with strong enemies. Unexpectedly, ye Chen has the means to restrain evil spirits, which makes his evil spirits die and hurt badly when they appear.

"Drive away ghosts and capture souls!"

At the moment, Wang pianye's eyes flashed, and the next moment a door appeared behind him, which seemed to connect with the ghost world.

As soon as the door opened, a ferocious evil spirit suddenly rushed out, sweeping the sky, and the Yin Qi rushed to Ye Chen.

"Are they just means?"

Ye Chen's eyes disdain, the next moment palm print.

"Fahua is dead!"

"Hum!"

Ye Chen is shrouded in the light of Buddha, and the magnificent light of Buddha spreads out. Before ye Chen gets close to the evil spirits, they all howl and die.

Seeing this scene, Wang pianye's face is colder. At the next moment, a long gun suddenly appears in his hand and stabs out a sword to Ye Chen.

"Tianyin mieshi gun!"

Wang pianye roared, endless flow of Yin Qi, gathered at the gun tip, and even formed a storm of Yin Qi that destroyed heaven and earth, sweeping toward Ye Chen.

"You can't stand a single blow if you're a small craftsman!"

In this regard, ye Chen is not afraid of it, and suddenly furiously drinks.

"Tianlong eight gods sound!"

Ye Chen does not have the restriction of the dark area at the moment. Hongmeng's ancient method is enough to deal with it. He is shocked by the empty space, and a series of Hongmeng notes are swept out to meet the Yin long spear.

The next moment, the spear was directly smashed by Hongmeng note, and Wang pianye's face changed dramatically, suddenly spitting out a mouthful of blood.

This long gun of Yin Qi is Wang pianye's life long gun, which is condensed from the purest life Yin Qi in his body. It was smashed directly by Ye Chen.

"I didn't expect that you could do Buddhism and Taoism."

At the moment, Wang pianye's eyes are gloomy. Tianyin palace practices Yin Qi. Buddhism and Taoism are the most restrained. He didn't expect Ye Chen, who was only in the heaven and God realm, and worshipped under the six Taoism sects, and even knew Buddhist and Taoist skills.

Wang pianye looks at Ye Chen with a look of fear and ferocity. In the face of Buddhists, Taoists and martial artists, people in Tianyin Palace are extremely disgusted and want to kill them all.

"You are not my opponent. Let's go together."

At the moment, ye Chen looks at Wang pianye, the corner of his mouth draws up a light arc, opens his mouth and says.

"Looking for death!"

Hearing this, Wang pianye only felt a great shame. He was despised by a warrior in the heaven God realm, which made him extremely angry.

But at this moment, Wang pianye also realized that ye Chen, who mastered Buddhism and Taoism, was not necessarily an opponent. In order to avoid a long night's dream, the best choice was to ask Zhan Hao to fight with him.

"Since you want to die by yourself, then I will satisfy you, Zhan Hao. Let's fight together and take down this arrogant generation!"

Wang pianye looks at Zhan Hao and shouts.

Smell speech, Zhan Hao does not have the slightest hesitation, the hand appears a Yin Qi long knife, toward Ye Chen a knife to cut. Zhan Hao has realized that ye Chen has extraordinary potential. There are two kinds of people he hates most in his life, one is more talented than he is, the other is practicing Buddhism and Taoism, because his brother was killed by a Buddhist, Taoist and martial artist at the beginning.

At the moment, ye Chen occupies two kinds of things. Zhan Hao has long wanted to kill Ye Chen. Therefore, he hears Wang pianye's request to join hands and kill him directly.

Watching Zhan Hao start, Wang pianye instantly follow, two people a left and a right, toward Ye Chen.

"Good coming!"

In the face of the two people joining hands, ye Chen is not worried at all, on the contrary, he is excited. Wang pianye can not bring him any pressure at all. It is only when they fight together that the battle is meaningful.

Ye Chen's fighting spirit is inspired, and the next moment the momentum erupts, and the magnificent aura sweeps out.

With one hand of Sha sword and the other hand of falling dust and dragon sword, the destruction Shinto erupts, and the light of silence emerges. Ye Chen and Wang pianye fight together in an instant. The depths of the lake are roaring and shaking, as if the lake is going to burst.

At the same time, on the edge of the lake, Yang Qianyu and other disciples of the six schools of Taoism were surrounded by the people of Tianyin palace, but at the moment, everyone's eyes were focused on the lake.

In the lake, there came a series of terrifying waves, which were so powerful that they even shocked Yang Qianyu and other people. They could not resist the collision of such forces.

At the moment, the strongest disciple of Tianyin palace, named Liu Xiaosheng, is also staring at the lake with deep eyes.

Wang pianye and Zhan Hao went to the lake to find Ye Chen. Liu Xiaosheng thought it was a trivial matter. Wang pianye could easily take ye Chen, but he didn't expect such a terrible battle wave.

This has shown that ye Chen is not as simple as he imagined, which can make Wang pianye and Zhan Hao hard to cope with. No wonder Ye Chen can become famous in the moon soul region.

"I didn't expect Ye Chen to have some skills, but for elder martial brother Wang and Zhan Hao, the boy will surely die!"

Chapter 3889

At the moment, Liu Xiaosheng looked at Yang Qianyu and others: "you, the waste of six schools, don't expect this boy to save you, do you?"

"The boy is hard to protect himself now. There is no chance to control you."

Liu Xiaosheng laughed, "but don't worry, my Tianyin Palace won't deal with you. After all, the Zhengxie palace has already targeted you, and it's not worth it to clean up you and offend the Zhengxie palace."

Hearing this, all the people of Liudaozong are pale. If Ye Chen's body falls, they will not be able to fight back when they encounter the hall of righteousness and evil. They are doomed to die.

Yang Qianyu is the only one who looks at the lake with worried eyes. Hearing Liu Xiaosheng's words, he is more and more worried about Ye Chen's safety.

"You bastards, you can't kill the elder martial brother!"

At the moment, Yang Qianyu's momentum broke out. At the next moment, a cold light pierced through the void and shot away at Liu Xiaosheng and other disciples of the hall of good and evil.

"You cover me! I'll help the elder martial brother! "

At the same time, Yang Qianyu yelled at the disciples of Liudaozong, and he took the opportunity to rush directly to the lake.

"Looking for death!"

Seeing this, Liu Xiaosheng can't help but see the cold light. With such a strong man as him, Yang Qianyu has other thoughts, which is like beating his face.

At the next moment, a stream of Yin Qi roared out of Liu Xiaosheng's back, directly smashing all the cold shoots of Yang Qianyu. At the same time, his figure flashed and appeared behind Yang Qianyu.

"You want to save Ye Chen? Take care of yourself first

Liu Xiaosheng's hand was roaring, and endless Yin Qi swept over him. Yang Qianyu felt the boundless cold behind him, so he had no time to dodge.

"It's over

Yang Qianyu's face was pale. He wanted to help Ye Chen, but he didn't expect that Liu Xiaosheng's reaction was so rapid that stealing chicken would not make rice.

Just when Yang Qianyu decided that he was going to be severely damaged by Liu Xiaosheng, and his heart was full of despair, a cold awn suddenly pierced the lake and instantly appeared in front of Liu Xiaosheng.

"Boom

Han mang was so terrible that Liu Xiaosheng's face changed. He did not dare to fight Yang Qianyu any more. Instead, he took a palm to meet Hanmang.

The next moment, the terrible impact swept out, Liu Xiaosheng stepped back three steps, only felt the palm pain incomparable, warm blood outflow.

On the other side, the cold light turned into a streamer and flew into the lake.

At the moment, Liu Xiaosheng looked at the lake with a dignified face, but saw a figure carrying two bloody people, step by step from the lake shore.

"Did you just want to move my people from the six schools?"

The sound of the killing machine rang out, and all the people's eyes were frozen and locked on the person in front of them.

It was Ye Chen who walked out of the lake, while Wang pianye and Zhan Hao were in his hands. At the moment, their breath was withered and their bodies were covered with scars. Their accomplishments were abandoned by Ye Chen. They were in a state of confusion.

Seeing this scene, all the people in Tianyin Palace are shocked. Wang pianye is the most powerful one in their hearts. He is the chief disciple of Tianyin palace. Zhan Hao is also the hidden means and secret weapon of Tianyin palace.

But at the moment, these two people are like dead dogs, ye Chen in the hands, which makes them unwilling to believe.

In their opinion, Wang pianye and Zhan Hao fought, not to mention Ye Chen. Even the chief disciple of the Zhengxie hall should stay away from the edge. Is Ye Chen, a mole ant in the heaven God realm, more terrible than the chief disciple of the Zhengxie hall?

But at this moment, whether they believe it or not, Wang pianye and Zhan Hao were defeated by Ye Chen has become a fact, and they can only accept it.

But Liu Xiaosheng is staring at Ye Chen at the moment, realizing that ye Chen's lingran murderer is cold.

"Well, if you hurt him just now, you'll end up worse than the two of them."

At the moment, ye Chen coldly looks at Liu Xiaosheng, and immediately throws Wang pianye and Zhan Hao directly at the foot.

However, Wang pianye and Zhan Hao did not respond to this. Their eyes were frustrated. Ye Chen treated them like a dead dog in front of so many people. They felt extremely ashamed and even wanted to die.

Wang pianye and Zhan Hao are both beaten by Ye Chen. Liu Xiaosheng, who dares to be presumptuous at the moment, looks at Ye Chen with grave eyes, and can't help but say, "what do you want?"

"How?"

Ye Chen eyebrows micro pick, but the corner of the mouth is a touch of arc.

"I'm not interested in the lives of you people, but if you want to take these two guys, you need to give me something."

Ye Chen looks at Liu Xiaosheng with a playful look. He defeated Wang pianye and Wang pianye. He intended to kill them directly to avoid future trouble. However, they exchange the treasures in the hands of Tianyin palace and want Ye Chen to spare them their lives.

After entering the secret place, Tianyin palace took the magic weapon from zongmen, so they found two kinds of good materials.

And these materials are in Liu Xiaosheng's hands, so they hope to let Liu Xiaosheng exchange materials with Ye Chen for their lives. "Take out the materials you've got."

Ye Chen pointed to the two Wang pianye people who were thrown at their feet and said calmly, "these two guys are useless. It's useless for you to keep the materials. It's better to give them to me."

Hearing this, Liu Xiaosheng and a group of Tianyin palace disciples' faces changed. Looking at Wang pianye, who had no expression or vitality in their eyes, they were unwilling to bite their teeth.

"Well, I'll trade with you."

At the moment, Liu Xiaosheng's heart resentful, but dare not show it, can only suppress the promise down.

"Good."

After hearing the speech, ye Chen nodded with satisfaction. Then he saw Liu Xiaosheng's palm, and two transparent jades with faint light appeared in the palm.

"Why? Death Star stone? "

Seeing these two pieces of jade, ye Chen can't help but pick his eyebrows. This dead star stone is the purification and condensation of the stars when they die. It contains the vast power of the stars, and it is also extremely hard. It is an excellent material for refining weapons.

Exchanging the discarded Wang pianye and Zhan Hao for two dead star stones is a very cost-effective business for ye Chen. With a wave of his hand, Wang pianye and Zhan Hao fly to Liu Xiaosheng.

Seeing this, Liu Xiaosheng did not dare to play any mind, and honestly handed the Death Star stone to Ye Chen.

Later, the disciples of Tianyin palace helped Wang pianye up. They looked at Ye Chen coldly, but they didn't dare to shout.

"Well, the people have given it to you. Get out of here, or I may solve you together!"

At the moment, ye Chen plays with these two dead star stones in his hands and looks at the Tianyin palace. His eyes suddenly bloom with cold light.

The faces of the people in Tianyin palace changed a little. Liu Xiaosheng's eyes flashed a faint resentment. At the next moment, he said, "today's affairs, I will never forget Tianyin palace."

Having said that, Liu Xiaosheng did not dare to hesitate, and directly took a group of Tianyin palace to fly away.

Seeing them disappear, ye Chen's eyes are indifferent. After this time, liudaozong shakes the moon soul domain. Does Tianyin palace really dare to revenge?

Chapter 3890

He collected the Death Star stone and looked at Yang Qianyu and others.

Ye Chen faced Wang pianye and Zhan Hao, two strong men in the later period of mendianjing. Instead of being injured, ye Chen abandoned them. He has already inspired the hearts of the six Taoism sects and their eyes are full of light.

Ye Chen's performance was beyond their expectation, and they realized that following Ye Chen, they might have a chance to fight for the position of such forces. At the moment, they were all full of fighting spirit and full of admiration for ye Chen.

"Elder martial brother, you are OK."

Yang Qianyu took a step and looked at Ye Chen with joy. Then he thought of something. His face sank slightly and looked at the disciple who had just revealed Ye Chen's whereabouts to Wang pianye and others.

"Gao Miaoli, you come out!"

At the moment, Yang Qianyu looks coldly at the person who betrays Ye Chen's whereabouts.

Hearing this, Gao Miao can't help but panic. He didn't expect Ye Chen to be able to destroy Wang pianye and Wang pianye with one person's power. At the moment, he felt extremely regretful. He had known that ye Chen was so strong, how could he sell Ye Chen.

"What's the matter?"

Seeing this, ye Chen is a little strange and looks at Yang Qianyu in doubt.

"Shizong, do you want to punish the traitor with six rules?"

Yang Qianyu asked in a cold voice, dissatisfied with Gao Miaoli.

Ye Chen in Yang Qianyu's heart is very worthy of respect, worthy of the position of the chief disciple of the six schools, and Gao Miaoli betrays his fellow disciples. It is also extremely shameful to put such a thing in which sect.

Hearing of the use of the sect rules, the faces of the people of the six schools also changed slightly. For those disciples who betrayed the sect, the sect rules would have to be executed. The doubt is that it has been suppressed for thousands of years.

And Gao Miao left at the moment is also completely scared silly, directly flop a person, kneel down in front of Ye Chen.

"Elder martial brother, I'm confused. I shouldn't reveal your whereabouts to those people. Please forgive me."

Gao Miaoli was terrified. Ye Chen abandoned Wang pianye and his strength was unfathomable. In the face of Ye Chen, he didn't dare to resist at all. He could only pray for ye Chen's leniency.

At the moment Ye Chen is also clear about things, see Gaomiao from kneeling at the foot, can't help but shake his head.

"Get up."

Ye Chen said in a flat tone.

"Ah?" Hearing this, Gao Miao did not respond for a while. He looked at Ye Chen in surprise and thought he had heard something wrong.

Yang Qianyu frowned and looked at Ye Chen: "elder martial brother, this guy dares to betray his classmates, how can he be easily let go."

Hearing this, ye Chen shook his head and looked at his fellow disciples.

"Ladies and gentlemen, I am very clear that you did not trust me before, and you were dissatisfied that I would participate in the first-class promotion ceremony."

"Therefore, I can understand and let bygones be bygones. But if anyone dares to do it again, he will be punished by the rules."

As soon as ye Chen said this, all the disciples showed a look of shame. They did not trust ye Chen as he said. They thought that ye Chen's action would kill them. But now they knew Ye Chen's strength, but they respected him.

"Elder martial brother, I know that I was wrong. In the future, I will follow the lead of senior brother and absolutely trust him!"

Gao Miaoli is touched by Ye Chen's words. He betrays Ye Chen. Ye Chen not only does not punish him, but also expresses his understanding, which makes him very moved. Therefore, he shows his loyalty to Ye Chen.

At the same time, Yang Qianyu and others also looked at Ye Chen with awe and awe, and at the same time, they opened their mouths and said, "elder martial brother, we are also following the lead of the eldest martial brother, we are absolutely confident, and we will never give up!"

Ye Chen's efforts to destroy Wang pianye and Zhan Hao, frighten back Tianyin palace and forgive Gao Miaoli with magnanimity have already made the disciples of the six Taoism sect admire him and fully recognize Ye Chen as the chief disciple.

Seeing them like this, ye Chen is also smiling. If liudaozong wants to rise, he should not only burst out the will to fight, but also make concerted efforts. Now ye Chen can unite the disciples of liudaozong, and he is very satisfied.

But at this moment, not far from a mountain top, there are a group of people staring at the lake where ye Chen and others are.

This group of people exude the majestic heat wave, standing together as if to incarnate the divine sun, but at the moment they are restrained their own momentum, not close to them can not be aware of them.

Among these people, a man with extraordinary temperament, surrounded by Hongmeng spirit and dressed in red armor, is staring at Ye Chen with deep eyes.

"Elder martial brother, ye Chen has some skills. However, except ye Chen, other people are just a group of rubbish. Why don't we take them down and rob the dead star stone."

A man next to the armor man opened his mouth. He looked greedily at Ye Chen. They had already seen the scene when ye Chen got the Death Star stone from Tianyin palace. He inferred that ye Chen should have other good things on him. If he took down the six Taoism sects, he might have all the materials for alchemy and refining tools.

Smell speech, armour man looks at opposite party, but shake head calmly.

"You look down upon Ye Chen. I'm afraid it's not so simple to rob him. What's more, I've always been fair in my holy fire sect. These six sects have not provoked us. Why should we attack them?"The armor man's words, let the nearby disciple's eyes flash a touch of shame, yes, they are the second-class forces in the moon soul domain, ranking the first.

The discipline of shenghuozong is justice. The disciples of shenghuozong always flaunt themselves with justice and rob others' things. It is a shameless act in the eyes of shenghuozong.

At the moment, the armored man refused the advice of his classmates. Instead, his body flashed, and the fire rose into the sky. He no longer concealed his body shape, and came to Ye Chen in a large way.

"Well?"

At the moment, ye Chen is aware of a powerful momentum, not from the eyebrows slightly pick. Just when he walked out of the lake, he noticed that there was someone nearby, but he didn't pay attention to it. At this moment, the man in the dark appeared on his own initiative.

Then, ye Chen raised his eyes to look, but saw a figure covered in the mighty fire from the sky.

The comer's face was firm and resolute, and his body revealed a strong sense of righteousness. At a glance, he was a man of the right path. Ye Chen's cold eyes eased some.

"This is Yuwen fire

At the moment, Yang Qianyu looks at each other, her eyes suddenly coagulate, and recognizes the identity of the other party.

When he heard Yang Qianyu's words, ye Chen's eyes flashed. He also heard of the name of yuwenhuo. He also heard of the first-class disciple of shenghuozong in the second-class forces of yuehun domain.

This yuwenhuo is well-known in the moon soul region. It is said that when he was born, he had a vision from the sky. There was boundless fire shining on the sky. He was born with a huge holy fire in his body. He was a rare genius.

Now when he sees yuwenhuo, ye Chen nods in secret. It is true that yuwenhuo is indeed a good-looking talent, and his righteousness is powerful. He is a decent person. His strength is worthy of his fame. I'm afraid he can hardly meet any opponent in this secret place.

At the moment, yuwenhuo looks at Ye Chen, but he smiles generously. Then he clasps his fist and says, "I don't know if you are interested in talking to me."
