Chapter 3921

Nanfengyin glanced at Yuan Ping coldly. However, she was unexpectedly quiet. In her beautiful eyes, a faint look of guilt appeared.

The reason why she didn't refute is that she owes Su Yunyan

Yuan Ping was glad to see the situation. He had expected this for a long time!

However, the next moment, ye Chen is a tone slightly heavy way: "I let you talk?"

Yuan Ping's face changed, and he was about to explain something. It was Ye Chen's foot that met him!

With a loud bang, Yuan Ping's body, like a broken kite, flew out of the hall and was kicked out of the palace by Ye Chen!

He fell to the ground, covered with blood, eyes protruding from the eyes, all over the blood, obviously suffering from unimaginable pain!

Yuan Ping's skeleton has been completely smashed, and the strong destruction of Daoyun runs through his body. In an instant, his meridians and Dantian are completely smashed. The whole person is like a dying old dog, lying on the ground, unable to move a bit!

Ye Chen's one foot actually directly abolished Yuan Ping's cultivation. Even if he could stand up again and want to restore the Dantian meridians destroyed by the destructive power, it was almost impossible

Ye Chen's voice rang out in Yuan Ping's ear: "from now on, you have nothing to do with the alchemy Star Palace."

Yuan Ping, stupid

His whole life, for the sake of power, for the top, and paid countless efforts, but in the end, it is such an end?

Under such a blow, the Taoist heart of the warrior was instantly broken!

"Poof!" Yuan Ping spat out a mouthful of blood and passed out.

Even if he can survive the injury, I'm afraid, he doesn't want to live.

Seeing Yuan Ping's fate, nanfengyin said with a bitter smile, "Yunyan, I'm sorry for you."

Say, whole body breath a burst of manic, seem, want to explode directly!

Su Yunyan's face changed and exclaimed, "palace master!"

Nanfeng Yin's eyes closed, until this moment, she realized how shameful her behavior was and how much damage she had caused to the girl who grew up from childhood.

In that case, she might as well do it herself and die with more dignity.

But at this time, a hand, but pressed on the belly of Nanfeng sound, that hand slightly forced, a very powerful Daoyun, then instantly poured into the South Phoenix sound of the elixir field, her delicate body in the restless spiritual power, was instantly suppressed by this rhyme!

Nanfeng Yin opened her eyes and looked at Ye Chen in front of her body and said, "I don't even have the qualification to die?"

Ye Chen didn't answer. The whole body was destroyed and the Shinto surged wildly. He gathered on the palm of his hand. He raised his sword finger and paddled back and forth in the abdomen of nanfengyin.

Nanfeng Yin's pretty face was white, and her forehead was covered with cold sweat. A burst of intense pain rose from her abdomen, and the blood flowed, which instantly dyed her white skirt red!

Nanfengyin bit her lips and didn't let herself cry out. She didn't know what ye Chen wanted to do, but she knew that even if ye Chen wanted to torture her to death in public, she deserved it!

A moment later, ye Chen took back his hand, and the pain quickly subsided.

On the other hand, there is a bloody mark on the abdomen of Nanfeng sound, with a faint black light flowing.

Nanfeng sound slightly a Leng, a little confused for a moment, why didn't Ye Chen kill himself?

At the moment, her body, without any discomfort, just a little more than a bloody mark on her abdomen.

Ye Chen said faintly: "from now on, you will no longer be the master of Xingyue palace. From then on, you will follow Yunyan and serve closely. What you have on your belly is the prohibition I left behind. This time, I will let you go because of Yunyan, but there will never be another time. Do you understand?"

Nanfengyin smell speech, look a little complicated, after a moment of silence, or respectfully to Ye Chen line a salute: "I understand, ye childe."

The strong men in the moon soul realm can't help sighing in secret. This is the strong one who has the strength to cross the heaven and earth. In a word, a force will disappear from the moon soul domain, and in a word, the once high Star Moon Palace master will become her servant.

At this time, ye Chen looked at those on the scene of the moon soul domain big man, light way: "everybody, today's matter, so far, please go back."

After that, with a wave of his hand, he returned the gifts from the leaders of various schools and families in situ Feng's storage bag.

Now ye Chen is the agent of the dark area. Moreover, in the assessment, he has defeated the talents of the States. In the future, he will not lack any military training resources.

The big men took over the storage bag, one after another to show their joy, saluted Ye Chen respectfully and then retreated from the hall.

After they left, Huang Rushan, Huang Xingtian and others from Jiusheng demon sect also came to Ye Chen with Jin Shuhui.

Huang Rushan was excited and ashamed to say to Ye Chen: "Mr. Ye..."

On that day, because ye Chen confessed his identity, they broke off with Ye Chen, and did not follow Ye Chen as Xu Shenglong did. But now, after only three months, Xu Shenglong and ye Chen came back, and they woke up to their blood. It is obvious who helped them! We can see how wrong their choice was on that day

Ye Chen raised his hand, stopped Huang Rushan, and said with a smile, "master Huang, don't say much. You can protect Shuhui for me for such a long time. I'm already grateful. From now on, you and I will have more contact."

Jin Shuhui has been promoted a lot. In just three months, it is extremely against the sky for ordinary martial arts practitioners to have such a promotion.

On the one hand, it's because of Jin Shuhui's excellent martial arts talent and the relationship between the spirit and vitality of that day. On the other hand, it's obvious that the nine saints demon sect did not grudge to provide martial arts training resources!

Ye Chen is quite fond of the nine sage demon sect.

Huang Rushan is quite moved to look at Ye Chen. He knows that ye Chen is making friends with the nine saints.

Ye Chen reached this point in three months. After that, ye Chen's achievements were unimaginable. For ye Chen, the second domain of the four domains, the moon soul domain, was too small for ye Chen. By the way, when he came, he vaguely heard that the six Taoism sects had become the first-class sect.

These relationships are in.

As long as the news of the friendship between the nine sage demon sect and ye Chen is spread out, then, the nine Saint demon sect will almost be able to sit firmly in the moon soul domain.

Chapter 3922

In the moon soul domain, there is a loft carved with white jade on a Fairy Island hidden in the overseas clouds. This fairy island does not appear on the map of the moon soul domain. Even most people in the moon soul domain do not know the existence of this Fairy Island, including many first-class patriarchs!

This sea area is also one of the secret places of the moon soul region, named the Sunmoon sea. The concentration of aura here is far higher than that of the main spiritual veins of the moon soul domain!

The jade Pavilion in the Fairy Island is called Tianyu Pavilion.

Tianyu Pavilion is not a force in the moon soul domain. In fact, Tianyu Pavilion comes from Tianren domain.

In the secret room on the top floor of the attic, a middle-aged man in a cloud pattern Taoist robe is crossing his knees on the ground, practicing some skills. His whole body is full of charm and the power of the law fluctuates. This man's breath is extremely terrible! It has reached the middle of heaven and earth!

Just then there was a knock on the door.

The man opened his eyes and said, "come in."

A handsome young man stepped into the room and saluted respectfully: "I have seen God."

"What's the matter?" the middle-aged man said

The young man handed a jade slip to the existence, which was called the God's statue, and left the room.

The man pasted the jade slip on his forehead. After a moment, his eyes flashed and he said to himself, "has the Star Moon Palace been collected? What's more, his state is the holy ancestral realm, but his strength seems to have reached the level of heaven and earth? Have you subdued the first-class forces in the moon soul domain? Or was he the chief disciple of the six schools that had declined in ancient times? This is interesting, but it is not necessary for Tianyu pavilion to intervene in such matters? "

He continued to browse the information in the jade slips, and suddenly his face changed and he suddenly stood up!

In the eyes of the middle-aged Taoist priest, he said, "I made people pay attention to the people with purple Phoenix blood in the dark area. Now, do you finally have news? Ha ha ha ha ha ha ha! It's not in vain that I plan to be a God. I have been guarding Tianyu Pavilion for tens of thousands of years in such places as the moon soul region! "

The next moment, his body moved, then disappeared from the attic, turned into a white light, toward the sea, flying away!

.....

After all the dust has settled down, Jin Shuhui returns to xingxuan domain for a while, and Lan Ying recalls the disciples of Lian Shenfeng, Su Wu and Su Yunyan. They are also dealing with the merger of the two schools.

At the moment, ye Chen, who is consolidating his realm, suddenly opens his eyes and moves. He comes to the palace. He sees a girl in a purple robe standing there with a string of roasted snakes.

It's xiaorou.

Seeing ye Chen appear, xiaorou says: "Ye kills heaven, no Or should I call you, ye Chen? Have you finished your business? Now, will you follow me back to the dark

Ye Chen smiles, it seems that after the turmoil on the wedding, xiaorou also knows her real identity.

Ye Chen flipped his wrist and took out a black jade talisman. He said, "I still have to stay here for a long time. If there is a task, the master of Gu will contact me through this jade rune. It is not safe for you to stay in the Ming domain for too long. If you have nothing to do, you can go back first. After a period of time, I will go to the dark area by myself."

Ye Chen wants to stay until the merger is completed and then leave to make sure there are no accidents.

Xiaorou nodded. She was born in the dark region. It is said that when the Ming region and the dark region made a treaty of ending the war in ancient times, a force named Tianyu Pavilion placed a very supernatural original device (something beyond the imperial instrument) in the dark domain. This original instrument can record all the breath of being born in the dark region and cultivating to reach the heaven and earth realm. If these people entered the Ming Dynasty, they would attract the attention of Tianyu Pavilion.

This is also one of the reasons why it is necessary to exist below the heaven and earth to find agents in the dark domain.

However, xiaorou doesn't care too much about it. Tianyu pavilion's attention is mainly focused on the Yangzhen realm, and it is also on guard against those who surpass the heaven and earth. For the existence of heaven and earth like her, as long as she doesn't stay too long, there will be nothing wrong.

Moreover, she has the blood of purple Phoenix, even if she is really targeted by the people of Tianyu Pavilion, she can't fight, and it's not difficult to escape.

The next moment, xiaorou's body moved and turned into a purple light, breaking through the sky!

Xiao Rou's escape speed is very fast. Almost immediately, she left Xuantian city. Soon, she has arrived at the boundary between xingxuan and yuehun.

With her strength of heaven and earth, if she wants to cross the boundary, she does not need to use the transmission array of the Star Moon Palace. When the purple light is full, she directly escapes into the void.

However, what xiaorou didn't know was that just after she had just left for half an hour, a white light appeared here!

The white light converged and turned into a middle-aged man with cloud pattern Taoist robes all over his body.

Holding a compass in his hand, he said to himself, "it seems that the man just entered the xingxuan region from here..."

As soon as his voice fell, his whole body was full of white mansions, and he also escaped into the void.

A purple light flashed and came to the sky above some wilderness in xingxuan region. Suddenly, the purple light turned into a girl in purple robe, staring at her body without expression. The next moment, the void in the wave together, a middle-aged man wearing a cloud pattern Taoist robe appears in front of xiaorou, it is that plan all God!

Xiaorou glanced at the compass in the hand of Jidu God Zun. With a cold heart, she said, "are you chasing me?"

Jidu shenzun said with a smile: "I am the Jidu God Zun of Tianyu Pavilion. You are the dark realm of heaven and earth, but you rashly enter the Ming region. You have violated the covenant of ending the war. I have the obligation to bring you back to the pavilion for trial. Come with me."

Xiaorou's face is a little ugly

Is it so unfortunate that he sent Ye Chen for a trip and was watched by Tianyu pavilion?

The most important thing is, this person, seems to be through the compass in his hand, to determine his own position, catch up with

Although she didn't fly away with all her strength, she also had a speed of about 70% at the time of full strength, but even so, she was still caught up with by this person?

That is to say, the escape speed of this plan is not under yourself!

At the same time, he is also an existence of the later period and even the peak of heaven and earth!

Xiaorou's strength is not enough to deal with this person!

On xiaorou's delicate face, there is a drop of sweat, which is not easy to do

Seeing that xiaorou didn't respond for a long time, Jidu shenzun said faintly: "if you don't want to, I have to invite you personally..."

He gazed at xiaorou, and a look of greed appeared in his eyes. Many years ago, a purple Phoenix with part of Tianfeng's blood entered the territory. For a time, there was an uproar for the blood of Tianfeng.

Chapter 3923

Although Zifeng's strength has reached the original state above the realm of heaven and earth, it is also powerless to face the pursuit of many powerful people outside the territory. Finally, the purple Phoenix disappeared for no reason, and the storm finally subsided.

Many people believe that the purple Phoenix was killed by a strong man and captured the blood of Tianfeng before it was lost.

But Jidu God Zun knows, the fact is not so!

In his early years, he got a message that Zifeng, who had the blood of Tianfeng, was seriously injured, but was not captured by anyone, but escaped into the dark area!

Since then, Jidu shenzun began to plot the blood of Tianfeng. He joined Tianyu Pavilion and sat in the moon soul domain. Everything was to get information about the people in the dark region who had Zifeng's blood!

His constitution is very consistent with the blood of Tianfeng. If he can get this blood, his strength and martial arts cultivation qualification, he will have a qualitative change!

It's not impossible to break through to the original place in the future!

The cross-border purple Phoenix is the most powerful in the original territory, and Jidu shenzun dare not touch it. Moreover, he also knows that the purple Phoenix has already returned and is not in the dark area.

But!

Jidu shenzun didn't give up because of this. After years of probing, he finally learned that Zifeng had been helped by a dark region people before he left the dark area. Zifeng and that person were getting along with each other and had mutual feelings. Before returning, it seemed that Zifeng had a son with that life!

After that, Jidu shenzun put all his thoughts on the descendant of Zifeng, expecting that one day, the descendant of Zifeng could come to the Ming Dynasty!

Now, his years of painstaking efforts and efforts have finally been rewarded!

Although there are more than one person in the dark region who has the blood of Zifeng, Jidu shenzun knows at the moment when he sees xiaorou that this girl is the descendant of Zifeng who has the blood of Tianfeng!

The smile of Ji Du Shen Zun's mouth became more and more intense and ferocious. He said in a low voice, "you are in heaven!"

The next moment, the environment of the two people week, instantly changed, into a forest full of ancient breath with countless divine birds flying.

A pair of multicolored wings spread out behind the Jidu deity, and the breath of the king of birds comes from his body!

It's no wonder that God Zun also has some kind of divine bird blood. No wonder he is so persistent in the blood of Phoenix that day!

It is for this reason that when he sees xiaorou, he can feel the breath of Tianfeng in her body!

Xiaorou is surprised. She secretly holds a jade talisman and injects her mind into it. At the same time, she also drinks a voice: "you are in heaven!"

.....

Ye Chen is sitting in the chamber of secrets. In front of him, there is a stone tablet suspended. It is in the underground palace that he got half of the experience of refining celestial corpses.

The more he looked, the more he frowned. He wanted to refine the celestial corpse again. Even if he had the remnant, he still needed a lot of precious materials. Most of them seemed to have disappeared in the moon soul domain.

Now, after I had finished the jade, I asked, "could I have finished refining the stone tablet?"

Have since in the sky, ye Chen's strength can be greatly improved!

In fact, being in the sky has always been a weakness of Ye Chen. If he encounters an enemy with high-level self-reliance, he will be in a very disadvantageous position!

Xuanhanyu pondered for a moment and said, "although you have the destructive power comparable to the existence of heaven and earth, you can even destroy some of the self existence in the early days of heaven and earth

Of course, the premise is that the other party's self-respect, the product level is not high.

On the understanding of the destruction of the Shinto, it can be regarded as strenuous enough to refine oneself

However, even if you can take the mysterious place of that month for your own use, I'm afraid that the level of self-reliance you can cultivate will not be too high About five grades... "

When ye Chen hears the speech, his eyes are slightly heavy, and he is able to have five grades of self-consciousness, which is enough to make them ecstatic for most of the existence of heaven and earth!

After all, those top-notch products exist almost only in ancient times. Nowadays, it is too difficult to refine them!

Even Gu Xuan's practice of being in heaven is just four or five grades

However, for ye Chen, it is not so!

The pursuit of martial arts is the ultimate!

Wupin is in heaven, far from satisfying him, even higher!

All he wants is the strongest and the best!

Xuanhanyu seemed to see through Ye Chen's mind and said, "if you want to refine into the best, I'm afraid you have to practice the six true formula to the extreme, and completely digest the inheritance of the destroyer. Even with your martial arts talent, I'm afraid the time required is not short..."

Ye Chen is frowning. In the future, he will act as the agent of the dark region, and he will inevitably face the existence of the middle and later periods of the heaven and earth. With his current strength, he is still not enough. If he wants to fully understand the six extermination formula and the inheritance of the Supreme Master of destruction, and then refine himself, he will take too much risk. For a moment, Ye Chen was entangled.

Just then, his eyes flashed and he took out a black jade rune, which was flashing black light.

Ye Chen sinks his mind into it, and Gu Xuan's voice rings in his ear.

Gu Xuan said: "xiaorou has been caught! They were captured by the people of Tianyu Pavilion!"

She always has no scruples, at the moment, the voice is extremely anxious!

Although xiaorou's identity is only Gu Xuan's maid, she is actually a friend who grew up with Gu Xuan. If she can, she will go into the Ming Dynasty recklessly and save xiaorou. However, Gu Xuan knows that if she does that, it will only bring greater danger to xiaorou!

As a governor of the dark region, she will take action once she steps out of the dark region, the Yangzhen region and even the Tianyu Pavilion in the Tianren domain!

Ye Chen's pupil shrinks, and some doubts, what is Tianyu pavilion?

Xuanhanyu said: "Tianyu Pavilion is an ancient force of heaven and man. At that time, the dark region and the Ming region made an agreement to stop the war, so Tianyu pavilion was responsible for supervising to prevent the existence of heaven and earth in the dark region from entering the Ming region.

It seems that xiaorou was captured by the man of Tianyu Pavilion in shenyuehai. Ye Chen, if you want to save her, you have to hurry up. If that person returns to chen Yuehai, it will be difficult for you to find him again... "

Ye Chen frowned and said, "Sunmoon sea? Why haven't I heard of this place? "

Xuanhanyu said: "the four boundaries outside the territory are not as simple as they seem. There are dark areas in xingxuan domain, and the Sunmoon sea in the moon soul domain. Although the Sunmoon sea is not as big as the dark area, its power distribution is also complicated. The Sunmoon sea is divided into nine sea areas. If you want to enter the Sunmoon sea, even if you want to enter the lowest sea area, you must get it With the permission of Guanghan hall, even the weakest force in the deep moon sea is far beyond the existence of the first-class forces in the moon soul domain... "

Chapter 3924

Ye Chen's face is startled. Unexpectedly, there is a sunken moon sea hidden in this moon soul domain?

What's more, there are nine sea areas?

Seems to be more powerful than Zhiyang Zhenyu?

At this time, xuanhanyu suddenly changed his words: "however, this may be an opportunity for you! A chance to enter the sunken moon sea

"Into the deep moon sea?"

Xuanhanyu said with a smile: "Ye Chen, you want to refine the top-level self-contained, but you don't want to wait so long, right? If you can get one thing from the sinking moon sea, I can help you solve this problem! "

Ye Chen smell speech, double eyes a bright, however, he did not continue to pursue this matter, but to Gu Xuan said: "don't worry, you first relax, I will save xiaorou back."

The next moment, he moved and left Xuantian city. A blue pearl was suspended on the top of Ye Chen's head, distorting the space and making him fly away from the ground, greatly improving his speed!

His eyes twinkled, and according to xuanhanyu's instructions, he headed for the entrance of the Sunmoon sea!

Xiaorou entered the Ming Dynasty because of him. No matter whether this is an opportunity to enter the deep moon sea, ye Chen will not let her have an accident!

.....

Somewhere in the moon soul region, Ji Du God's face was full of joy, flashing in the clouds. In his hand, he held a girl in a purple robe.

This girl is xiaorou!

But today's xiaorou, purple robe is full of blood, breath is weak, there is a pure white chain, wrapped in her delicate body.

Now, they are getting closer and closer to the entrance of the Sunmoon sea. Jidu shenzun's eyes on xiaorou are getting hotter and hotter.

His long cherished wish has finally come true!

But at this time, Ji Du God's smile, suddenly a congealed, eyes sharply swept to a place, deep voice to drink: "who is it? Get out of here

In the void, ripples ripple, a murderous youth, appeared in front of the God of Ji Du.

Xiaorou saw the young man in a daze, and a strange look appeared in her eyes.

To tell you the truth, when xiaorou is captured by Jidu shenzun, it is impossible to say that there is no complaint in her heart

After all, she came to the Ming Dynasty because of Ye Chen

Can, when she saw Ye Chen appear that moment, the original resentment but in an instant dissipated, even, some joy?

However, soon xiaorou frowned and looked at Ye Chen angrily. Why did this guy come here alone?

Do you want to die?

Even if he is a Wudao demon in the mansion master's mouth, he can't be an opponent in the middle of heaven and earth, can he?

And Ji Du Shen Zun also squinted and said, "is it you?"

Ye Chen raised his eyebrows and said, "do you know me?"

Jidu God Zun sneered: "it seems that you suddenly appeared and subdued some first-class forces in the moon soul domain. Is it not a coincidence that the dark domain demon girl appeared in the Ming domain? Are you a man of the dark

Ye Chen pretended to shake his head unexpectedly and said, "dark area? What dark regions? Since you know me, you should know my background? "

Ji Du shenzun's face sank and said, "don't talk nonsense, boy. What are you doing here?"

Although he tried his best to restrain himself, he could not help but have a look of doubt in his eyes.

Originally, he thought that ye Chen's ability to cultivate in the holy ancestral realm and break out the fighting power of heaven and earth was just to suppress the cultivation. The reason why those people in the moon soul domain believed it was because those people were too weak

But at the moment, he can not see ye Chen's cultivation, there are any flaws!

This, why?

People are afraid of the unknown. The indifferent youth is even more strange in front of Jidu God!

Ye Chen took a look at the small judo beside Jidu God Zun: "if I say, it's brave to do justice, do you believe it?"

Ji Du Shen Zun said with a gloomy smile: "do you want to take this demon girl from your own hands? Boy, I'm not the same as the rubbish in Yangzhen area

Ye Chen no longer speaks, his wrist turns over, Sha sword falls into the palm, gaze at Ji Du Shen Zun, his face also gradually heavy up.

"In heaven!"

In the face of the existence of this strange ancestral realm, Jidu shenzun did not mean to keep his hand. He had made up his mind to kill Ye Chen by means of thunder, and directly displayed himself in heaven!

For a moment, ye Chen and Ji Du shenzun and xiaorou all fall into a forest where countless divine birds are flying. Jidu God Zun stands on a giant tree with a pair of white wings spread out behind, just like a God, overlooking Ye Chen below.

Countless feathers with strong sword spirit appeared behind Jidu God Zun. After a flash, they shot at Ye Chen!

Ye Chen's eyes flashed slightly, and suddenly a red crystal stone appeared in his hand. It was the Yin and Yang blood essence of the corpse baby. Without hesitation, he cut it with a sword. At the next moment, the spirit of life and death rolled into the Sha sword. A woman in a black skirt suddenly appeared in front of Ye Chen. It was xuanhanyu! This is not the end, Jing Tian evil spirit, rolling purple flame, and extremely evil breath, at the same time from ye Chen body burst out!

In his knowledge of the sea, that hundred evil mark, light, infinite vitality into which, and ye Chen sent out the breath, also more terrible up!

The pupil of Ji Du God shrinks. Ye Chen at this moment is just like an ancient evil god!

Even the power of this natural law can't suppress it!

Ye Chen is also the bottom card out!

He and Xuan Hanyu looked at each other, and the six Mie real formula was displayed, rolling destruction. Daoyun stirred up in the world. Unexpectedly, he made Ji Du's self-respect. All of them trembled faintly. The next moment, a sword came out, and the sharp sword light was flying towards the flying feathers all over the sky!

With xuanhanyu's blessing, the sword light became more and more powerful. Jidu shenzun was horrified to find that at the moment of the sword light, he controlled the natural law of Daoyun, which had a tendency to collapse!

With a thunderous explosion, ye Chen's sword light collided with the flying feather all over the sky. Most of the flying feathers were broken in an instant. Only dozens of white lights penetrated the sword which seemed to split the world into two and continued to shoot towards Ye Chen!

However, on the other hand, although Ye Chen's sword is weak, it still carries the power of terror and cuts toward Jidu shenzun!

"Damn it!" Jidu shenzun's eyes trembled violently, and his face was unbelievable, almost suffocating!

This boy, even in the sky did not display, even cut out such a terrible sword?

The white wings behind him moved, like two shields, blocking in front of him, and the countless divine birds, one after another, turned into a streamer and merged into these wings!

Chapter 3925

There was another loud noise. The light of the black sword hit the wings. The sound of countless birds singing in the sky echoed in the sky, but it soon turned into a lament!

At the same time, the sword's wings were smashed, and the sword's wings were slashed by blood!

On the other side, the dozens of wings also hit Ye Chen's body, a bright light, burst out, in the light, contains a light moon!

It is Yu Hongying's gift of the treasure clothes, as well as the brilliance of the Lingyue treasure dress!

However, Rao is so, ye Chen's body is also several holes, blood crossflow.

Jidu shenzun stopped flying back and took a gloomy look at the wound on his chest. His face was very ugly

In this wound, there is a strong sense of destruction, which can not be completely erased even from his own nature. No matter how he controls the power of the law, he can not make his wound heal

However, this is not the most unacceptable

He looked up at Ye Chen, but his eyes were bulging, almost flying out of his eyes!

Is the wound that ye Chen is cut out by its feather unexpectedly fast heal up?

Jidu shenzun, I just feel dizzy in my brain

He doesn't understand

What kind of monster is this young man?

In the middle of heaven and earth, still have such terrible fighting power?

No matter the destructive power, the strength of Tao rhyme, vitality and so on, it seems that they all have to surpass themselves as masters of self-reliance!

Even if you have the blessing of being in heaven, you still fall behind?

Jidu God felt a burst of inexplicable fear at the same time, also secretly happy!

Fortunately, he showed himself in the beginning. If there was any carelessness, he might have been killed by the young man with one sword!

However, ye Chen in the distance frowned slightly when he saw the sword wound on the chest of Jidu shenzun. He seemed not satisfied

Although Ye Chen's sword seems to have the upper hand, this is in the case of xuanhanyu's full strength and exerting the hundred evil bodies. However, neither xuanhanyu's strength nor the increase brought by the hundred evil bodies can last too long. He must be within the hundred moves and win the victory!

Ye Chen takes a deep breath, and a blue pearl suddenly appears on his head. Ye Chen raises his feet and treads on it, and the destructive power surges at his feet. The space in the sky begins to disappear rapidly, and ye Chen's body disappears in an instant!

"What!"

Jidu shenzun exclaimed, his face was ugly, and the law in heaven was under his control, but even so, ye Chen stepped out of the space?

At the next moment, ye Chen suddenly appears behind the God of Jidu. If you just rely on the destruction of Daoyun, it is still difficult to step out of the space in heaven. However, with the help of this space treasure, it is much easier!

Ye Chen's whole body huge strength surges, is a sword, mercilessly toward the plan all God Zun's back to cut! Close to hand combat can bring its destructive power into full play!

Jidu shenzun gritted his teeth, and a shield made of countless bird feathers appeared behind him. His spirit power poured into it wildly. For a time, it seemed that there were countless ghost images of divine birds emerging behind him!

With a roar, the long black sword was cut hard on the bird feather shield. It was actually cut through countless cracks, and the light was dim!

Jidu shenzun also spat blood in his mouth under the force of the earthquake. He looked at Ye Chen, who was like a murderous God behind him. However, at this time, there was a flash in Jidu's eyes. It seemed that he had found something. His body flashed. Relying on the divine bird's blood and the blessing of heaven, Jidu shenzun opened a distance from ye Chen again.

Xiaorou looks a little silly. Her mouth is wide open. Her pretty face is full of shock

When was Ye Chen's strength so terrible?

This is an existence in the middle of heaven and earth. Moreover, it still uses the situation of being in heaven!

Through Gu Xuan's words, she knows that ye Chen is making rapid progress and her strength is improving wildly. However, she has never thought that ye Chen's strength has reached such a level!

Ji Du Shen Zun gazed at Ye Chen and suddenly said with a smile, "boy, you can't maintain your current state for long?"

Xiaorou hears the speech, the beautiful eye trembles, as expected, even she can feel out, the vitality of Ye Chen is rapidly consuming!

This is a huge price of Ye Chen's bottom card!

Jidu God immediately relaxed, gently patted the bloody wings, and said with a smile: "step out of the void, how many times can you use it? Now that I've noticed, if you want to appear on my side in a flash, I'm afraid you can't do it? "

Ye Chen did not speak. As Jidu shenzun said, the power of the law in heaven is controlled by it. If he deliberately strengthens the stability of space, it is very difficult for ye Chen to step out the space again. Seeing ye Chen's look, Ji Du shenzun became more and more proud. He said with a smile: "boy, if the ordinary universe exists in the middle of heaven and earth, you may have a headache in the face of you. Unfortunately, it's me that you meet. Do you want to approach me in a normal way?

Ha ha, it's almost impossible. As long as I keep away from you, you can only wait for death! "

His face suddenly became ferocious and said: "when your secret method of burning life can not be maintained, I will let you realize what is pain!"

Xiaorou is also worried!

Ji Du shenzun's escape speed, she is very clear, if one mind flees, ye Chen is very difficult to catch up with him!

What can I do now?

At the next moment, Jidu shenzun's wings moved and he was about to flee to the distance. However, before he left, he looked at Ye Chen, but his pupils shrank

Why, the boy is still a cool look?

At this time, ye Chen light mouth way: "you said right, unfortunately, now, you have been unable to escape."

Yeah?

Jidu God looks sarcastic. What is this kid talking about?

He wants to run away. Can anyone stop him?

At the moment when his mouth was full of sarcasm, a red chain suddenly appeared on his body!

And the end of the chain, connected is Ye Chen!

"What is this?"

Jidu shenzun's face changed, rolling rhyme, toward the chain impact, but

Under the impact of Jidu shenzundao rhyme, this seemingly ordinary red chain has no sign of breaking!

"Damn it!" Jidu shenzun's eyes trembled, and he was flustered!

This chain, gave him a very ominous premonition!

And ye Chen has come towards him at full speed!

Chapter 3926

Jidu shenzun's face was white, and he could not care about other things. His wings disappeared in the same place and ran away towards the distance. However, before he flew far away, the chain on his body was suddenly tightened!

Lock it in place!

This chain is the God rope of Ye Chen!

Just now, the reason why Ye Chen stepped out of the void and approached Jidu God Zun was not to fight with him closely, but to display the demon God rope of that day!

In this way, Jidu shenzun could not escape no matter how fast he ran away!

Ye Chen held the red chain on his body with one hand, and pulled it hard. The great power surged wildly, and then he drew the God of Jidu to the body!

A strange smile appeared on his face and said, "didn't I say that? You can't escape. "

When Ji Du Shen Zun heard the words, a chill suddenly rose from his back, and his whole body was soaked with cold sweat!

He roared and forced his fear down. With a wave of his hand, several defensive weapons appeared in front of him at the same time!

At the same time, the back of the wings, again a roll, the whole body, are protected under the wings!

It seems that Jidu shenzun has made up his mind to defend with all his strength. If he has survived a hundred moves, then ye Chen will be defeated!

Ye Chen is not polite when he sees the situation. The formula of reincarnation, the formula of burning blood, the yellow spring water, the ancient method of Hongmeng, the body of heavenly demon, the body of hundred evils, the formula of six exterminations, and so on, are all applied to the extreme. He crazily brandishes the long sword in his hand and bombards the defense of that road!

This is the ultimate power ye Chen can release!

The Jidu god statue wrapped by his wings keeps spitting out blood from his mouth. If there is no blessing from heaven, this anti shock force is enough to kill it!

However, even if you are in heaven, Jidu God has no confidence to be able to withstand Ye Chen's hundred moves!

Although, generally speaking, the warrior in the heaven is almost immortal, but there is a limit to that

The reason why the existence of heaven and earth, even if subjected to a very strong attack, will not die out, because the sky greatly strengthens the protection of its source of life!

When the cultivation reaches this level, as long as the source of life does not die out, basically, what a serious injury can be recovered!

However, now Jidu God can clearly feel that the defense formed by the power of many laws beyond the origin of his life is constantly breaking down!

Just then, with a crack, the shield made of countless bird feathers was blown to pieces!

There was a look of heartache in Jidu's eyes. Although the shield was only an imperial weapon, it was very suitable for his own use, but now it was destroyed?

However, the only thing worthy of his blessing is that ye Chen has cut out nearly 40 swords at the moment!

Its life is only left no more than two-thirds! Blood all over!

Ye Chen's look gradually dignified, constantly bombarding Jidu shenzun's defense. If he goes on like this, he will not be able to guarantee that he will be able to smash the origin of Jidu shenzun's life when his life is exhausted!

It's not that he didn't want to smash Jidu's self-reliance first, but it was even more difficult for him to smash Jidu's self-reliance than to smash the origin of Jidu's life!

After another ten swords, ye Chen's vitality was only half left, and Jidu God Zun's defensive magic weapon was damaged again. At the same time, his whole body was completely dyed red with blood!

Even the white wings turned to blood!

Xiaorou looks nervous at this scene, praying in her heart, praying that ye Chen can defeat Jidu God before her vitality is exhausted!

In a twinkling of an eye, ye Chen has cut out 90 swords, and in front of Ji Du Shen Zun, there is only one defense magic weapon left, which is still struggling to support, even full of cracks!

But at the moment, ye Chen's state is also extremely bad!

His head of black hair, has gradually turned silver white, and the whole body of flesh and blood is nearly shriveled!

At this time, the sky demon mark on his chest was distorted, and the voice of the heavenly demon sounded in Ye Chen's mind:

"boy, your vitality seems to be insufficient? If you want, I can help you lead to stronger vitality now. What do you think?"

Hey hey, although you are not a demon family, you can be called my descendant if you can have such pure blood of heavenly demon. I don't want to see you die like this? "

Ye Chen said with a deep look: "shut up! Get out of my head

Day demon ha ha a smile, seem to be to Ye Chen's reprimand, don't care, but listen to no longer speak.

Ye Chen looks gloomy, more crazy attack, one sword, two swords, three swords

With a roar, the last defense weapon is also reduced to pieces!

Xiaorou obviously saw that Ji Du's body began to shake!

Seven swords!

Seven swords left!

It depends on the seven swords, whether ye Chen can kill all the gods!

The next moment, the first sword, cut out! There was a big bang, Jidu shenzun, and a scream came out. On the left wing, there was a deep bone wound, and blood was flowing!

Ye Chen stares at the wound and cuts it with a sword again!

Second sword!

This time, the left wing was almost cut off by Ye Chen!

Third sword!

The bloody rain splashed, and the cry of Jidu shenzun became more and more shrill. This sword directly cut down the left wing!

The whole body was covered by blood!

The fourth sword, the fifth sword, the sixth sword!

This right wing, finally also breaks under Ye Chen's sword!

Ji Du God Zun himself, finally exposed in front of Ye Chen!

Ye Chen gasps, the extremely surging vitality has already reached the bottom, and the color of pain has emerged on the surface. He refuses the help of the demon. If the vitality is exhausted, then all the evil bodies devour is the source of his life

Fortunately, Jidu God is also seriously injured and his breath is decaying. On the origin of his life, he is already scarred and on the verge of being broken. One more sword is enough to kill him!

On xiaorou's pretty face, the color of excitement appears. Ye Chen has done it!

Really did it!

At this last moment, he finally wants to defeat the strong one of the five changes of the universe!

But, suddenly, xiaorou's eyes were trembling. At the moment, Jidu God Zun, although he was dying, did not have any look of fear on his face, on the contrary, he also had a smile?

A very bad premonition, in her heart!

Ye Chen gnashed teeth, in the eye cold light explosion flash, the last sword, crazy cut out!

But at this time, a clear cry suddenly rang out in the mouth of Jidu God Zun. In the sky, the giant tree suddenly burst out, and the shadow of a snow-white God Bird suddenly flashed, and it was not in the body of Jidu God Zun!

All kinds of rhymes and the power of laws in the sky were poured into Jidu's body madly at the moment when the divine bird flew into Jidu! Wings grow again, and a mysterious Rune appears on the bird's feather!

Chapter 3927

For a moment, the self in heaven trembled wildly, countless trees withered, the earth cracked, and the whole being in heaven almost collapsed!

However, Jidu shenzun laughed wildly and said: "boy, this is a divine tree that I created on the basis of a swan blood essence. Now, even if I destroy this foundation, I want you to die!"

The swan in the world of martial arts is not a wild goose. It is said that this swan is a kind of God Bird with white feathers and one of the descendants of Tianfeng. It is extremely powerful!

Jidu shenzun has the blood of a swan, which coincides with the blood essence of the swan on the divine tree. Now, Jidu God Zun devours the blood essence, and instantly bursts out a very terrible power!

His wings moved, and again he was in front of himself.

The Xuanhan jade in the evil sword was seen, and the resolute color in the beautiful eyes flashed. All the remaining strength was poured into the sword!

"Ye Chen, I won't let you die!"

At the same time, in the samsara cemetery, a tombstone shakes!

The ghost of the moon also appeared!

She looked at the picture outside, her eyes wavering!

She doesn't want Ye Chen to have an accident!

This period of time, she almost looked at Ye Chen all the way, she found that this man is not annoying!

There is even a special light!

The ghost girl of the moon no longer hesitates. She pinches the formula with her fingers, and a ray of light rushes out!

"This boy is my favorite of the moon spirit witch. Who dares to move?"

At this time, ye Chen's sword light fell on the new wings!

There was a huge bang and a strong impact swept across the whole self being. The already crumbling self in the sky was already crumbling. Under the bombardment of this sword, there were countless cracks all over the sky. Jidu God respected that pair of new wings, and under that sword, there was blood gushing wildly!

But

The rune on the wings is shining brightly. It is so faint that it blocks the attack of this sword!

The terrible destruction of Daoyun, for a time, was unable to break through the protection of the wings, causing damage to the origin of Jidu God's life!

Finally, under the constant impact of the aftershocks, Jidu shenzun's self-reliance was finally unable to maintain, and suddenly broke, and the three people reappeared in the cloud sky, but at the same time, ye Chen's sword light also dissipated

Pieces of feathers withered on the wings of Jidu God, and the strength of the swan's blood essence seemed to have been exhausted.

However, they are full of happiness!

He survived!

Now, he can clearly feel that the evil smell on Ye Chen has faded, and even the whole person is on the verge of life and death. Now, as long as he can cause harm to him, he can eliminate it!

The red chain on his body has been broken, which is the best proof!

Now ye Chen can't maintain even the sky demon God rope!

Like a useless man!

In xiaoroumei's eyes, there is a look of despair. She struggles desperately to rush to Jidu God, but she can't get rid of her chains.

Jidu shenzun opened his broken wings and had a sword carved with birds in his hand. His eyes flashed with a fierce look, and he suddenly cut it out with a sword!

Although Ye Chen is full of vigor and vitality at the moment, his eyes are a little blurred, but with his extremely tough heart and strong fighting talent, at the last moment, he suddenly dodges away from the crucial parts.

However, this sword is still cut in the body of Ye Chen!

In the blood agitation, ye Chen's right hand holding the sword was cut by Jidu shenzun's sword!

On the top of the Sha sword, a woman's figure flashed. It was xuanhanyu. She seemed to want to return to Ye Chen's side with Sha Jian. However, she didn't even have the strength. She could only accompany the Sha sword to fall towards the earth.

Ji Du Shen Zun saw Ye Chen avoid the crucial point, and survived the sword. His face showed an unexpected color, but soon, he recovered calm.

Their own state, although not very good, but compared to Ye Chen is much better.

That is to say, in front of this extremely strange young man, there is no chance to turn the tables!

In his eyes, there is a look of ferocity. Ye Chen cut off his wings, which makes him draw out the foundation of self-reliance. It will take him many years to practice this self-reliance again. Moreover, it may lead to the retrogression of the rank of self-reliance!

Let him die?

It seems, too cheap for him!

However, when Jidu shenzun touched Ye Chen's extremely cold eyes, he suddenly felt in his heart and completely forgot what he thought of tormenting Ye Chen

He secretly said: "we must kill this boy immediately. We must never give him a chance to turn the tables."

At the next moment, Jidu shenzun took a deep breath. Even though the injury was quite serious and even affected the foundation of martial arts, he still threw a mouthful of blood essence onto the sword. After absorbing the essence of blood, the bird engraved on the sword seemed to have lived and kept flying on the sword. The breath of the sword became more and more intense Sharp up, the space

around the blade, under this breath, is constantly broken! Ji Du God Zun drank a low voice, and his whole body was full of rhymes. He drank violently and said, "the hundred spirits cut the immortal sword!"

At the next moment, countless bird songs burst out from the long sword. A terrible sword spirit emerges between the heaven and the earth, turning into the virtual shadow of countless divine birds and cutting down towards Ye Chen!

After chopping out this sword, Jidu shenzun's breath was weak, and his body was almost unable to resist the sky. However, his face was full of excitement!

He knew that no matter how strong Ye Chen's fighting talent was, he could not escape this sword!

After this sword, this rebellious boy is doomed to fall!

Ye Chen looked at the fierce sword and sighed.

Xiaorou saw this, and a miserable smile appeared on her pretty face. She lowered her head slowly and did not want to see the last scene.

However, to everyone's surprise, Ye Chen raised the rest of his hand and pointed to Jidu shenzun in the face of this extremely frightening sword Qi!

Jidu shenzun's smile is stiff. What is this boy going to do?

The next moment, just when the sword Qi was about to swallow Ye Chen completely, he said slowly: "TIANYAO, borrow my strength..."

A burst of eerie laughter sounded in Ye Chen's mind. At the next moment, the blood of the heavenly demon in his body was boiling in an instant. The vitality that had already been exhausted gushed out from every corner of his body!

Ye Chen was drowned by boundless sword Qi, and a burst of white light burst out in the sky. The surrounding void was broken in succession under the sword Qi!

Seeing this scene, he had some uneasy plans, but God Zun completely put down his heart. Just now, when ye Chen raised his finger to himself, he felt a burst of fear

Now, it's over

Chapter 3928

Just when this idea appeared in the mind of Jidu shenzun, a dark light suddenly shot out from the white light. In the blink of an eye, it came to Jidu God Zun!

Jidu shenzun's pupil shrank and was about to escape, but

At the moment, he was seriously injured and his life source was on the edge of being broken. Even the last blood essence in his body was used to attack

In the face of this light which emits extremely pure destructive power, even if you want to hide, the body is unable to respond!

And this ray of light is the God light of extinction strengthened by the sky demon!

At the next moment, the light of extinction disappeared into the head of Jidu God Zun. Time seemed to be still for a moment. Then, a huge blood hole appeared in the center of Jidu God's eyebrow, and his body fell down to the bottom!

And the white light sword Qi was finally dissipated, revealing Ye Chen, who was covered with blood and countless sword injuries.

Ye Chen stands in the air, his eyes seem to be in a trance

Xiaorou lenglengleng looked at this scene, she did not understand what happened, but she knew that ye Chen survived! Victory over Jidu God Zun survived!

The white chain on her body, because she lost the master's control, slowly fell off from xiaorou's body. Her face showed the color of ecstasy for the rest of her life, and was preparing to fly towards Ye Chen. Suddenly, xiaorou's beautiful eyes trembled fiercely, showing a look of extreme panic!

See ye Chen's body, suddenly burst out of rolling black gas, and his breath is crazy to expand up!

Holy ancestral land! Mend the sky! Heaven and earth! Until the origin!

Xiaorou's delicate body was shaking wildly. What happened?

Even in the beginning, ye Chen's breath is still growing at an unimaginable speed. Almost in a flash, xiaorou has been unable to distinguish the strength of Ye Chen!

Even though ye Chen's whole existence is blurred, she turns into something indescribable. Looking at Ye Chen, xiaorou only feels that what she sees is not a person, but the deepest darkness in the world!

A terrible voice sounded out from the black air: "it's worthy of being the body of samsara clan. As the container of the power of the Buddha, it can be called perfect. Hahaha, boy, I saved you so many times. Now, your body can be used by me!"

This is the voice of the demon that day!

In this sky, the sky was suddenly covered with dark clouds, thunder flashed wildly, and the heaven and earth began to break and collapse, and all kinds of laws were in chaos, just because ye Chen was standing here, it seemed that the foreign countries could not bear it!

Ye Chen, no, it should be said that the sky demon sneered and said: "this kind of low-level area is even the power of the original master, can't contain it? Well, for the time being, it's better not to enter those places, so as not to be watched by those guys

Xiaorou has almost suffocated at the moment. Although she doesn't know what happened, she can also guess that ye Chen seems to have been robbed by some extremely terrible existence!

Just when she was at a loss, it had turned into a chaotic black gas. It seemed that she had a pair of eyes and saw herself.

The demon said with a smile: "Tianfeng blood? Although the qualification is inferior, but after returning to ancestry, it is barely enough. "

After that, she walked towards xiaorou step by step.

Looking at the white, she didn't want to move, but she didn't want to move!

It seems that seeing through xiaorou's idea, TIANYAO said: "little girl, I am the ancestor of Wanyao. Although this reincarnation body is good, you still need a body of heavenly demon if you want to give full play to the power of God. Although you are not qualified to be the container of the Buddha, the offspring born by you and me are barely enough. Haha, this is your big day What a chance. "

Xiaoroujiao's body is stiff

The meaning of this inexplicable existence is to treat her

Xiaorou's spirit, struggling madly in the sea of knowledge, seems to want to get rid of the shackles of the demon, but it is of no help

The demon felt xiaorou's struggle and said with a smile: "don't worry, before you combine with me, you should return your blood."

Chaos, suddenly stretched out a dark finger, fell on xiaorou's forehead.

The next moment, the tearing pain burst out from xiaorou's body. She screamed wildly in the sea of knowledge, but there was no sound. There seemed to be a burst of electric current flowing through her body, and her blood was boiling in an instant!

The day demon gently stroked xiaorou's face, and comforted her in a low voice beside her crystal like earlobe: "dear child, don't be afraid, immediately, it will be ok..."

.....

Outside, somewhere in the misty forest, a man who can't see his face clearly suddenly exclaimed and looked up to some place.

At the same time, at the end of the heaven and man sphere, in the endless darkness, a pair of golden eyes slowly opened, and their eyes penetrated the boundary and landed somewhere.

"Well?" The demon suddenly looked up and looked at the sky. His eyes seemed to collide with some existence. In a flash, a breath of incomparable terror came to the sky, and a virtual shadow of a giant dragon surrounded by golden light appeared in front of the demon!

It seems that the devil's eyes are slightly angry

At the next moment, the golden dragon was a flash, and it was integrated into Ye Chen's body. With a powerful force of Qi, it rolled into a golden seal and fell on Ye Chen's chest!

The heavenly demon scolded a few times with great displeasure, but it seemed that there was no way to deal with the seal of qi movement. The chaos that enveloped Ye Chen's body gradually dissipated, and the most terrible breath also gradually fell back. When the chaotic breath was exhausted, ye Chen's cultivation also returned to the holy ancestral realm.

He slowly opened his eyes, as if a little confused, do not know what happened

At this time, a very painful woman's cry was introduced into Ye Chen's ears. He looked startled. She did not know when xiaorou's body was full of blood. Her body was shaking and she fell empty.

However, his body actually emitted a breath of terror than Xu Shenglong's ancestor, the red moon tiger king!

Ye Chen's eyes flashed, instantly appeared in xiaorou's side, a hand, took her slender waist.

At the moment, xiaorou seems to be suffering from unimaginable pain. She is suddenly hugged by Ye Chen, and she bites Ye Chen's shoulder.

"Hiss!" Ye Chen gave a light hiss, but didn't let go. Instead, he held xiaorou tighter. His figure flashed again, and he came to the ground from the air, where there was a long black sword, and not far from the sword, there was a corpse.

Chapter 3929

At this moment, xuanhanyu's illusory figure appears on the long sword, and the sword of Sha Jian is surrounded by chains. At the end of the chain, a remnant soul is bound!

It is the soul of Jidu God!

The remnant soul is struggling madly to break the chain on her body. Although Xuan Hanyu still insists, she seems to be reaching the limit. Her only trace of strength is only enough to stimulate the soul binding power of Sha Jian

At this time, ye Chen appeared in front of the ghost and pulled out the evil sword on the ground.

Xuanhanyu saw this, slightly relieved, and the ghost of Jidu God flashed a look of despair in his eyes and stopped struggling.

Xuanhanyu knew that, just now, a lot of things happened, but at this moment, it was not the time to investigate those things. She immediately said, "Ye Chen, according to the way I will use your magic power to fix the remnant soul. If you drag it down, the people in Tianyu Pavilion will be abnormal."

.....

At this moment, in the Tianyu Pavilion, a handsome young man's face changed and his figure flashed, and he appeared in some ancestral hall. There are candles worshipped in this ancestral hall. What burns on the candles is the life fire of the people in Tianyu Pavilion!

And in the center of the ancestral hall, the fire above a candle is swaying wildly, as if about to be extinguished!

The young man's face turned white. This candle represents the God of Jidu!

And the candle flickers and will not extinguish. This is the master of the life fire. The body is destroyed and the soul is damaged!

But how could that be possible?

Jidu shenzun has left the Sunmoon sea and entered the moon soul domain. In the whole moon soul domain, no one can threaten the Jidu God Zun who displays himself in heaven, except for those extremely strong masters of one sect and those old monsters!

For a moment, the young man hesitated. I don't know whether to report this matter to the Tianyu Pavilion of yangzhenyu!

If something happens to God, it is a great sin if he does not report it!

But if it is just for some reason that the fire light is abnormal, because of his false alarm, the strong man in the Yangzhen region will go for nothing, he can not afford to

At last, a certain color appeared in his eyes. He took out a jade talisman and wanted to report it. But at this time, the flickering candle suddenly stabilized!

The young man was slightly stunned, and then he took a breath and put the jade talisman away. Fortunately, he just took a slow step. Otherwise, he would certainly cause the disgust of those gods in the Tianyu Pavilion of Yangzhen region. I'm afraid that he will never have a chance to be promoted to Tianyu Pavilion of Yangzhen domain in his life?

It seems that this life fire is just disturbed by something. Considering the strength of Du shenzun, no one will let him have an accident when he is out of the deep moon sea in the moon soul domain!

.....

Strange runes surround the whole body of the ghost of Jidu God Zun. Ye Chen's eyes flash slightly, and the blood light on the Sha sword is full of blood, so he includes the God of Jidu.

The reason why he didn't completely break the life source of Jidu shenzun by exterminating the light of God was to leave his soul behind.

The purpose of doing this is to make use of his soul and exert his secret method to keep his life and fire alive.

And all this is to prepare for entering the sinking moon sea!

Ye Chen said: "xuanxianzi, what should we do next?"

Xuanhanyu said: "after using this secret method, the life fire of Jidu shenzun will only be stable for about three days. During this period, you should try to get close to Guanghan hall!"

When ye Chen hears the speech, a trace of surprise appears in his eyes. Is he close to Guanghan palace?

After three days, his identity will be exposed. Guanghan hall will never allow him to be in the sea of deep moon, but he will take the initiative to approach Guanghan hall?

Xuanhanyu's eyes flashed slightly: "with your current strength, it is almost impossible to avoid the pursuit of Guanghan palace in the sinking moon sea. Therefore, you must meet the master of Guanghan hall! Get permission to enter the Sunmoon sea! "

Ye Chen nodded and looked at xiaorou in her arms and frowned slightly.

At the moment, xiaorou is still a very painful appearance.

Now, he should have grasped every minute, every second, and delayed one more moment, which would have increased the danger in the sinking moon sea. However, he could not let go of xiaorou.

At this time, xuanhanyu said: "Ye Chen, you know, just now your body was almost occupied by the demon of heaven?"

Ye Chen smelled the speech, looked gloomy and nodded: "you said that every time I get the help of the demon, I will strengthen the contact with him..."

He took a look at the body of Jidu God, and continued: "when I fought with this man, at the last moment, I had to use the power of the demon to resist the last sword and defeat him.

However, at that time, I seemed to see the cage that was used to imprison the demon suddenly broke, and a dark palm extended to me. After that, I didn't know anything... "

Then, ye Chen's face appeared a strange color and said, "but now, I don't seem to feel the existence of the demon that day? What's more, how did the demon body snatch me from the source? "Xuanhanyu said, "look at your chest."

When ye Chen heard the speech, he opened his lapel. His pupils shrank. He saw that there were many gold seals around the demon mark on his chest?

"This is..."

Xuanhanyu said: "you entered the hopeless situation and got the blessing of heaven. This blessing is actually similar to that of the demon mark. On the one hand, it can make the way of heaven more inclined to you and change your destiny in the dark. On the other hand, it enables you to bear the Tiandao Qi outside the territory just as you can bear the power of the heavenly demon

Fortunately, the day demon chose to occupy your body, which attracted the attention of the existence who supported the way of heaven. It attracted endless Qi. On the mark of the demon, a seal was formed, which cut off the connection between you and the demon. Otherwise, I'm afraid you want to take back your body. I don't know when it will be

As for why you didn't die out of your spirit, I guess even the heavenly demon can't do it easily. The reason may be due to your blood... "

Ye Chen hears the speech, looks dignified, looks at the sky demon mark on the chest, if has thought, this time, is that person saved oneself, but next time?

If there is no way to protect himself, the mark of demon always makes him uneasy

With a sigh, he had to restrain his complicated thoughts. With a flip of his wrist, a jade vase appeared in his hand. In the jade vase, a brilliance was released, and the corpse of Jidu God was included in it.

At the same time, he took out a token from the storage bag. On the token, there was a faint moonlight. It seemed that it was the token that entered the deep moon sea!

A few hours later, the pain on Ye Chen's shoulder suddenly lightened. At the same time, a sound of Feng Ming resounded through the sky, and a strong breath of true spirit gushed out from her tender and tender body. The five colors of light flowed around her, and the shadow of a colorful Phoenix loomed behind her.

Chapter 3930

Ye Chen Mou son a congealing, looking at everything in front of him, can't help but smile.

Five color Phoenix shadow flash, not into xiaorou's body, has been closed eyes xiaorou, also finally opened her eyes, with the blood of Tianfeng, xiaorou whole person will spread out a kind of extremely noble breath, even the face also produced a subtle change, originally very beautiful she, now has become a beautiful posture!

Ye Chen looks at xiaorou, and her eyes flash with amazement. Xiaorou is captured by Jidu shenzun this time. Because of the arrival of the heavenly demon and the awakening of blood, it is a blessing in disguise. With Tianfeng blood, xiaorou's strength will not only increase greatly, but also greatly improve her martial arts qualification. As long as there is no accident, she will be able to step in with time The original state.

At the same time, ye Chen's fear of that day's demon is even more serious. He can make other people's blood return to their ancestors. What kind of anti heaven power is this?

If I run into any elder next time, I really need to ask.

This kind of existence, it is estimated that only senior Ren knows the origin of each other.

In the eyes of xiaorou beauty, a confused color appears. But when she sees Ye Chen, she shows a very frightening look on her face. She cries out and is about to flee to the distance.

Ye Chen slightly a Leng, then said with a bitter smile: "xiaorou, it's me."

Presumably, xiaorou regarded him as a demon.

Hearing this, xiaorou carefully turned around and looked up and down at Ye Chen.

Feel Ye Chen's realm, as well as that familiar breath, just slightly relieved, that day demon is too terrible, has left its psychological shadow.

But soon, xiaorou found her change. On her pretty face, a touch of surprise appeared and said, "Ye Chen, this is..."

Ye Chen said with a smile: "your Tianfeng blood has successfully awakened."

In xiaorou's beautiful eyes, there was a lot of splendor in her eyes. However, soon, the joy disappeared completely. She said with some worry: "Ye Chen The existence of the ancestor who claimed to be the first ancestor of the demon clan was... "

Being watched by such a guy, ye Chen's pressure can be imagined.

Ye Chen shook his head and said, "no harm, that guy will stop for a period of time."

Immediately, ye Chen said: "xiaorou, now there is nothing wrong with you. The imperial Pavilion will not trouble you for the time being. I still have something to deal with. You should return to the dark area as soon as possible."

Now xiaorou has awakened the blood of Tianfeng, and her escape speed has been greatly improved. Jidu shenzun has been defeated by him, and Tianyu Pavilion should not have found any abnormality. Now xiaorou returns to the dark area alone, so there should be no danger.

It's extremely dangerous to go to the sunken moon sea. Even he can't guarantee his own safety. Naturally, he won't go with xiaorou.

On xiaorou's pretty face, there is a flicker of hesitation, but she quickly nods. She is now awakened to Tianfeng's blood and has the strength comparable to the existence in the middle of heaven and earth. However, if she wants to follow Ye Chen's side, it is not enough.

In a moment, it turns to be soft, and then disappears.

After xiaorou leaves, ye Chen also continues to set out towards the sinking moon sea.

This place is not far from the entrance of the sinking moon sea, and soon Ye Chen came to a vast ocean.

Weak xuanhanyu said: "further forward, we will enter the deep moon sea. Now, take out the corpse of Jidu God."

Ye Chen took out the jade bottle, and the mouth of the bottle flashed. The body of Jidu God Zun appeared in front of him.

Xuanhanyu said: "now what you are told is a magic skill of left way. You first put on the face of the thousand magic jade you got in the dark area, and then follow my words and deeds."

When ye Chen heard the speech, he put on his jade face and cut his fingertips. In the void, he drew several bloody charms. The spell flashed and fell on the body of Jidu God.

With a wave of his hand, ye Chen inserted several pieces of wood carved with thick and dense runes into the whole body of Jidu shenzun, forming a circle, bending his fingers and flicking, the dark flame fell on the wood and burned up.

He recited the pithy formula silently, and the spirit power roared out. The fire on the wooden head became more and more vigorous. The corpse in the circle began to change in some strange way!

The skin color of Jidu God Zun became more and more bright, as if there was blood to spill out. At this time, the blood Rune on the body of Jidu God was shining in a flash, and the blood in his body was like a moth to a fire and poured into the rune.

Half an hour later, the whole body was pale and shriveled, and the charms drawn by Ye Chen's blood slowly flew up and suspended in the air.

When ye Chen waved his hand, the flame went out, and those runes were also integrated into Ye Chen's body. For a while, ye Chen's breath had some inexplicable changes. Soon, it was the same as Jidu shenzun!

And the body of the body was turned into powder.

A thousand magic jade face light flash, ye Chen then turned into the shape of the God of Ji Du.

Ye Chen's mind released, sensing his own breath, could not help but smile.

However, he quickly frowned and said, "it's a pity that this secret method can't imitate the breath of cultivation. It seems that it can only be covered by annihilation stone." Ye Chen turns his wrist and puts on the annihilation stone. When the stone is out of the dark area, its effect will slowly fade. In the bright region, it can only be regarded as a kind of consumable. However, ye Chen has no lack of annihilation stone in his hand.

The next moment, ye Chen will fly up, toward the sea.

He took the jade card with the moon in his hand and played a decisive decision. The wind and waves in the sea came together, and a wave came and involved Ye Chen. The next moment, ye Chen's figure disappeared in place.

After a bout of dizziness, ye Chen has come to a strange island. Beyond the island, there is an endless ocean. In this sea area, there are countless fairy islands. The aura of the whole sea area is amazing!

At this time, two men in silver and white armor came towards Ye Chen. They were two Heaven and earth!

When the two men saw that they couldn't see through the cultivation of Jidu, they both showed a strange look on their faces. However, they didn't study it deeply. Instead, they said to Jidu God Zun with a smile: "Jidu shenzun, please come here."

Obviously, both of them are no stranger to Jidu.

Xuanhanyu's weak voice rings out in Ye Chen's mind: "looking at the dress up of the two people, this sea area should be the west sea among the four open seas. You can go with them. This island is the access

to the Sunmoon sea. It's not really into the Sunmoon sea. If you want to pass through, you must pass the lead check."

Ye Chen followed the two men, and his eyes flashed slightly. He asked Xuan Hanyu, "what are the four seas? So, the inland sea? "

Xuanhanyu said: "yes, it is divided into five colors. The Sunmoon sea can be divided into the East, the west, the north and the south in the name of four directions, while the inner sea is named red, green, yellow, white and black. The martial road in the inland sea is far stronger than that in the open sea, and each sea area has its own strong and weak points. "
