

Physician 3931

Chapter 3931

Ye Chen secretly nodded his head and said, "is the Guanghan palace in the inland sea?"

Xuanhanyu said with a smile: "Guanghan palace is the power that dominates the Sunmoon sea. There is a Guanghan hall in all the nine major sea areas. With your current strength, you want to enter the inner sea, or are you reluctant to do so? Don't you see that even Tianyu Pavilion can only stay in the open sea?"

Ye Chen's heart is startled, the strength of the sinking moon sea seems to be still on its expectation!

Soon, under the leadership of two warriors, ye Chen came to a high platform.

His eyes swept to the high platform, and his pupils shrank. On the high platform, there stood a magnificent mirror, which was full of precious light!

This mirror is an original tool!

What's more, it's a magic weapon for breaking magic

Ye Chen can't help but feel a little uneasy. Although his level of thousand magic jade noodles is not low, it is far from the mirror. Even if he uses the magic method of Xuanhan jade, can he avoid the exploration of this mirror?

Xuanhan jade light way: "don't worry, with my secret method, with thousand magic jade face, you have a great chance to explore through this mirror!"

Ye Chen's eyes flashed: "great? How many chances are that? "

Xuanhanyu was silent for a moment and said, "fifty percent!"

When ye Chen heard the speech, his steps suddenly stopped, and almost none of them fell to the ground. Two martial artists looked at Ye Chen strangely and said, "Ji Du Shen Zun, what's the matter?"

Ye Chen shook his head and said, "no harm, go."

Although his face is light and light, but his heart is really a bit messy, 50%?

Only 50 percent?

Is that a big chance?

Not long, ye Chen boarded the high platform and stood in front of the mirror.

One of the warriors nodded to a Taoist robe youth standing beside the mirror.

Seeing this, the young man offered a token and made a resolution in front of the mirror.

The next moment, on the mirror, the golden light is generous, a golden light column, instantly covers Ye Chen!

And on the mirror, gradually emerged a fuzzy figure!

Time, at this moment, seems to slow down, the two warriors, are focused on looking at the mirror!

This plan not only conceals the cultivation, but also shows different behaviors along the way. It is a little strange, so they have to be careful!

Ye Chen looked at the mirror, his eyes twinkled!

But

It is strange that the mirror image that usually appears in an instant is not revealed at this moment?

There was a layer of blood light around the vague shadow!

Seeing this, the young Taoist priest in charge of the mirror sighed softly and frowned slightly. In this case, it was obviously abnormal!

However, the two warriors also changed their looks slightly. They secretly separated themselves from ye Chen, holding a token in their hands and preparing to inform them.

Ye Chen's eyes are dim and gloomy, and the aura in his body is running in dark. He is ready to hand at any time!

People's heart, can't help but with the change of the image and raised up!

At this time, the image in the mirror finally became clear, and the golden light disappeared. In the mirror, there was a middle-aged Taoist who was dressed in a Taoist robe with a cold face and a high nose.

It is the God of the plan!

Seeing this, the young man in Daopao and two men with silver armour were all slightly relieved. The young man said with a smile, "God, there is no problem in the inspection. Please enter the sea."

A man with silver armour seemed to be quite familiar with Jidu God Zun. Seeing this, he also came forward and said with a smile: "God Reverend, you went out for a visit. Why do you still cover up your accomplishments when you come back? Our brother is a little nervous! "

Ye Chen said with a smile: "this time I went out, I got a foreign treasure to cover up my breath. Just try the effect."

The man heard the speech, his face showed a sudden color, nodded his head and said, "congratulations to God."

The next moment, a gate appeared on the high platform, and ye Chen stepped into the door.

The scenery around him changed a lot. In a twinkling of an eye, he came to a vast sea area. At the moment, he was standing on a small island with a radius of ten feet. There was nothing on the island except a Amethyst gate.

Ye Chen looked out, the sea above the clouds, faintly can see the shadow of some islands in the distance.

In his eyes, a glimmer of joy flashed, and the first level was finally over!

Ye Chen asked xuanhanyu, "what should we do next? Go straight to the Guanghan palace in the west sea

Xuanhanyu said, "no, now, you're going to Tianyu Pavilion!"

"What?" Ye Chen frowned, "what am I going to do there?"

Although he cheated the mirror by secret method, he may not be able to be seen by the people of Tianyu Pavilion. Isn't this just an increase in the risk of exposure?

Xuanhanyu said: "you try to fly in this sunken moon sea and have a look."Ye Chen smell speech, body shape a flash, will fly to the sea, but just left the island, ye Chen's face is changed!

The first feeling is heavy!

Too heavy!

Flying over this sea area is like countless planets on your body. Even with Ye Chen's power, it seems that he is in a deep mire, and it is difficult to move forward!

Xuanhanyu said: "it's hard to fly in the sunken moon sea. You often travel through a kind of special spirit ship. There should be some in the storage bag of Jidu deity. However, this spirit ship is quite strange. Only the lowest grade can be placed in the storage bag. Those high-level spirit ships can only dock at the ports of various islands.

Therefore, if you want to get to Guanghan palace as soon as possible, you can only enter Tianyu Pavilion first and get the spirit boat of Tianyu Pavilion!

Fortunately, you have been transported to the place near the Fairy Island where Tianyu Pavilion is located. Even if you take a low-level spirit boat, it will not be long before you get there. "

Ye Chen nodded, and his mind went into the storage bag of Jidu God Zun, and found a wooden boat with a simple style.

With a flash of light, the wooden boat fell into the water. After ye Chen got on the boat, he poured all his spiritual strength into the boat. The wooden boat was like an arrow from the bow and sailed through the waves.

This speed, though not too fast, is still much better than self flight

Then, ye Chen had a long sword in his hand. On the sword, the light flashed, and the ghost of Jidu God appeared in front of Ye Chen.

He looked at the ghost and said, "tell me, where is Tianyu pavilion? I advise you not to have any other thoughts. You should be very clear about what will happen in that way."

When Ji Du Shen Zun heard the words, he couldn't help shaking. He saw many souls suffering from soul refining in this evil sword. He was deeply shocked. Thinking of his own fate, he had fallen into the

control of Ye Chen. He sighed helplessly, distinguished the environment, and pointed out a direction for ye Chen.

Chapter 3932

Ye Chen puts away the evil sword, and the spirit boat under his feet shows a light blue light. The next moment, he flies to the front.

After a while, ye Chen saw a Fairy Island in the clouds. There was a jade Pavilion on the island. On the plaque of the jade Pavilion, there were three big characters: "Tianyu Pavilion"!

Ye Chen eyes a bright, a shore, he will put up the wooden boat, flying on the island.

This sunken moon sea is quite magical. Although it is difficult to fly above the sea water, it is easy to fly on the island.

With a flash of his figure, he came to the front of Tianyu Pavilion and headed for the middle of the pavilion.

Before arriving here, ye Chen had inquired with Jidu God Zun. If you want to use the high spirit ship of Tianyu Pavilion, you must apply to the cabinet deacon and get the order to control the spirit ship.

As soon as ye Chen entered Tianyu Pavilion, he was met by a young man full of excitement and said, "God, you are back at last!"

Ye Chen looks at that delicate young man, a pair caught the appearance of life-saving straw, can't help but slightly frown, is this plan all God Zun so popular in Tianyu pavilion?

Come back from the door. As for that?

At this time, there was a loud noise in the Tianyu Pavilion, accompanied by a woman's big shout: "the heartless man called Jidu, get out of here for me!"

Ye Chen couldn't help but look at the young man and said, "what's going on?"

The young man said with a bitter smile, "what else can happen? Not long before you come back, Xu Xianzi came to find her She said

After waiting for the young man to finish, a young woman with a charming face and a very hot figure appears in front of Ye Chen. As soon as she sees Ye Chen, her eyes are filled with anger, and she says:

"Jidu! You said, you are not hiding my mother and Ziyun that bitch drink! What did you do yesterday? No, I'm looking for another woman

This woman, Xu Hui, comes from chenyuehai, a force named Baixiang island. The status of Baixiang island in chenyuehai is no different from that of tianyuge. Xu Hui is the island owner of Baixiang Island, and she is the existence of heaven and earth like Jidu shenzun!

Baixiang island is adjacent to Tianyu Pavilion, and Jidu shenzun has many contacts with Xu Hui.

Ye Chen looks a little embarrassed. In his heart, he would like to crush Ji Du Shen Zun to death. How did this guy bring himself so much trouble?

He can't be entangled with this woman now!

After a moment of silence, ye Chen could only reluctantly smile: "this You misunderstood me. Ziyun and I were just discussing martial arts together... "

When hearing Ye Chen's explanation, people in Tianyu Pavilion can't help but look strange. Even they can't listen to this reason

Sure enough, Xu Hui's face became more and more gloomy. She bit her teeth and said, "Ji Du, have you forgotten what you said to me? Now, how could you do that to me? Today, if you don't give me an explanation, don't want me to leave here! "

Ye Chen secretly said, "don't you leave here? That's just right. If you don't go, I'll go! "

But after Xu Hui finished speaking, she was in a flash of body shape and rushed directly towards Ye Chen. She made a gesture to catch Ye Chen.

Ye Chen pupil shrinks, where dare to let this pungent woman entangle?

You have to avoid the body.

At this time, Xu Hui suddenly stopped and looked at Ye Chen.

When people saw this, they all looked puzzled. Xu Hui, who was still making a lot of noise just now, what's the matter?

Ye Chen also looks nervous, does this woman see what flaw?

But what he didn't expect was that in Xu Hui's beautiful eyes, a look of great disappointment suddenly appeared. The water mist was dense and the tears were constantly falling. He even cried in front of the public regardless of the image!

Ye Chen is a little silly. What's the matter?

All of a sudden, a very fierce murderous spirit rushed towards Ye Chen. Xu Hui had a long sword with a strange fragrance in her hand. She looked extremely cold and cried to Ye Chen: "you bastard, you have the smell of a woman!"

As soon as the voice fell, Xu Hui was excited all over the body, holding a long sword, and killing Ye Chen fiercely!

Ye Chen bowed his head and smelled it, and his face was smiling bitterly.

Although xiaorou doesn't use pink and Dai, she has a natural fragrance on her body. Ye Chen hugs her for several hours in order to protect her blood and return to her ancestry, and her body is inevitably stained with her body fragrance.

Xu Hui is from Baixiang island. She is most familiar with all kinds of fragrance. However, she can tell in an instant that the delicate fragrance of Ye Chen belongs to a woman!

Xu Hui's sword moves are fatal. Moreover, she still makes her fighting method, regardless of her own life or death, attacks Ye Chen's vital points crazily. What about ye Chen?

He didn't dare to do it!

Ye Chen's martial arts are different from those of Jidu shenzun. If you make a move, it's easy to find out the flaws. For a time, you can only escape in the Tianyu Pavilion

But even so, the people in Tianyu Pavilion and even Xu Hui's looks are a little strange. The body method of Jidu God Zun seems to be completely different from that before?

Ye Chen saw this, took a deep breath, and suddenly stopped his steps, pooping. The long sword with a strange fragrance suddenly fell into his chest, and the blood splashed on the ground of Tianyu Pavilion. His body shape shook and fell behind him. After this sword is stabbed, the whole Tianyu Pavilion is silent!

All of them watched the scene with horror, and Xu Hui's face changed. The infinite killing intention dissipated in an instant. In her beautiful eyes, she flashed worry and anxiety. She exclaimed and hugged Ye Chen's body.

She was extremely angry to drink to Ye Chen and asked, "do you have no brain? Why not hide! My sword is not fast. How can you avoid it with your body method? "

Ye Chen suppresses his own vitality and prevents the wound from healing too quickly. He stares at Xu Hui's eyes. He can see that this woman really loves Jidu God.

He covered the wound and dyed his robe with blood. A lonely smile appeared on his face and said: "although your sword is not fast, it is the most lethal weapon in the world for me. Only because the person who takes out the sword is you. Even if I avoid your sword, how can I avoid your people?

If you don't believe me, take my life now... "

With these words, ye Chen can't help but feel a lot of emotion. Before, when she was in the apartment of Jiangcheng metropolis in China, Sun Yi often watched some dog blood romantic dramas, and even was often moved. She must pull Ye Chen to watch them together.

It's often a few hours at a glance.

These hours, for ye Chen, it is extremely difficult, but more or less remember some lines.

I didn't expect to use it in this case.

All the people in Tianyu pavilion are staring at Ye Chen. Many women are moving and their eyes are shining. They never thought that Jidu shenzun, who has always been cold, would say such a thing to a woman?

Chapter 3933

At the moment, Ji Du Shen Zun, in their eyes, seems to have changed into a person, exuding strange charm. Even, for a time, they all envy Xu Hui!

Xu Hui was stunned, and then her tears fell again. But the resentment in her beautiful eyes turned into a strong love. She hugged Ye Chen tightly and said, "I believe you can't do it? In the future, it will never be like this again! "

Xuanhanyu said with a smile: "boy, now you all learn to cheat women? Thanks to your ability to say that, I'm going to throw up. "

Ye Chen has a bitter smile on his face. He has no choice but to make such a bad decision

He stood up slowly, and suddenly his eyes flashed. He said to the young man, "take the command of the spirit ship, and I will take Xu Xianzi to a place."

When Xu Hui heard the speech, her eyes brightened.

In the West Sea, there are various wonders, one of which is named Yunxia Bailian. There are many rainbows and beautiful scenery. There is also a beautiful legend about this place. Xu Hui has always wanted to travel with Jidu shenzun. However, no matter how she mentioned it, Jidu shenzun didn't seem to pay attention to it.

Now, is he finally going to take himself there? What's more, it's still using the spirit ship of Tianyu pavilion?

Tianyu Pavilion, after all, is a force in heaven and man. Even in the deep moon sea, restricted by Guanghan hall, it is only the same level as Baixiang garden. However, in terms of financial resources, it is far from comparable to Baixiang garden

Xu Hui was also looking forward to riding on the spirit boat of the imperial pavilion that day. Now, are all the things she had hoped for come true?

She asked in disbelief, "Jidu, you Do you want to travel with me? However, it's a long way from here. You have always said that Tianyu Pavilion is busy with business and should not travel far away... "

Ye Chen said secretly that no matter where the women are, their interests are similar

He said with a smile: "this time, let you angry, can make you happy, what are these? It's a big deal. I don't want to be the God of the imperial Pavilion! "

As soon as she said this, many women in Tianyu Pavilion all cheered, and Xu Hui's face turned red and her eyes were full of happiness.

Ye Chen naturally did not really intend to take Xu Hui to see Yunxia Bailian. However, taking the spirit boat rashly would inevitably arouse suspicion. He needed a reason to travel with the help of the spirit boat, and Xu Hui just became his excuse.

"But It is stipulated that the spirit ship should not be used easily... "

Ye Chen glanced at the handsome young man and said coldly, "are you teaching me to do things?"

A number of women in Tianyu Pavilion also echoed one after another.

In the face of such pressure, the young man had to bow his head and say, "I dare not. I'm going to take that amulet."

After a while, ye Chen took Xu Hui and boarded a spirit boat decorated extremely ornately and shining all over.

Ye Chen's eyes flashed, the spirit boat is a piece of eight grade emperor's utensil!

The next moment, the spirit of the ship, a rich treasure, then toward the distance, gallop away.

The spirit boat was not far away. Xu Hui was blushing and said, "Ji Du, I I'll go and wash first... "

Looking at the appearance of Xu Huimei's eyes with wave, ye Chen smiles and points her head and says, "it's OK."

After Xu Hui leaves, ye Chen takes out a wine pot and puts it on the table.

After a while, Xu Hui walked towards Ye Chen, who was sitting in the bow of the boat. She changed into a light gauze skirt. She was white and had ruddy skin. She showed her amorous feelings with her hands and feet. After bathing in hot water, Xu Hui Jiao still had a trace of moisture on her body. As soon as she approached Ye Chen, she brought waves of heat.

She sat on the side of Ye Chen's body with a light smile. She picked up the wine pot and filled it with a cup. Ye Chen drank the wine in the cup, and then took the bottle and said with a smile, "this wine tastes good. Would you like to drink some?"

Xu Huijiao nodded shyly, picked up the wine cup, and looked at Ye Chen affectionately.

The green liquor fell into the cup. When Xu Huiju drank it, the cool liquid slipped through her throat, but it seemed to have ignited Xu Hui's delicate body. A burst of heat stimulated her to feel soft all over. She could not help leaning towards Ye Chen, and the softness of her chest touched Ye Chen's arm

But all of a sudden, Xu Hui's face changed and her figure flashed. Then she flew back to the rear. She looked at Ye Chen, who was still sitting in the same place, pouring and drinking from herself, and said, "you are not a schemer! Who are you! "

When ye Chen heard the speech, his eyes twinkled at Xu Hui and said, "Xu Xianzi, what are you talking about? I'm not Jidu. Who else can I be? "

Looking at the green wine in Ye Chen's cup, Xu Hui said, "this pot of wine was left by a friend of Jidu before his death. Every year, he only drinks it when he worships that friend. How can he take it out to drink with me? Who are you, and how is he? "

Ye Chen looked at the wine pot in his hand and said faintly, "it seems that my luck is really not very good."

Xu Hui's eyes were completely cold. The sword with a strange fragrance fell into her hands again. Her whole body was full of rhymes. The scenery around the spirit boat changed between the virtual and the real! Before, although Xu Hui was angry and tried to kill Ye Chen, it seemed that the move was meant to kill, but in fact, it was reserved. At this moment, it was different. As soon as he made a move, he had to show his own self!

But

The scenery around the spirit boat has not been completely changed. Xu Hui frowns slightly. What's going on?

Why, she can't show herself?

At this time, Xu Hui's slender feet were soft, but she felt her body was weak for a while. She fell down at the bow of the boat. Her sight became more and more blurred. Her whole body was full of spiritual power, and she could not lift it for a moment!

She bit the tip of her tongue, hoping to stay awake against the pain.

With a flash of white light, Ye Chen came to Xu Hui's body and said, "this Huatian pill, even if it exists in the later period of heaven and earth, is also effective. There is no need to waste any effort."

How could he tell me a little sadness when he heard his words

As soon as the voice fell, he suddenly raised the sword in his hand and turned to Ye Chen thorn!

Ye Chen's body shape twinkles, then appears in Xu Hui's back, splits the hand to cut toward her back neck.

Xu Hui snorted, then lost consciousness and fell to the ground.

Ye Chen looks down at the woman who falls in front of her body, her eyes flicker, and she doesn't know what she is thinking about.

"After all, foreign countries are a world of the jungle."

"Everyone has no choice to survive here..."

"If I don't do this, I may not be able to protect Ruoxue, Sun Yi, Siqing, Chu Ying, and burn them..."

"I'm sorry."

"It's a pity that Jidu did not cherish your love."

.....

Chapter 3934

A gorgeous spirit ship shuttles through the thick fog. When the spirit ship approaches an uninhabited desert island, it pauses slightly and sets sail again after a moment.

While the spirit ship left, there was a sleepy young woman on the desert island. The young woman was delicate and full of prohibitions. Even if she woke up, she would not be able to use any spiritual power.

.....

Ye Chen set up the bow of the boat and steered the spirit boat forward at a high speed. At this time, xuanhanyu said again: "Ye Chen, at this speed, I'm afraid that in three days, we won't be able to reach the Guanghan palace in the West Sea..."

Ye Chen smell speech, look a sink way: "that how should do?"

He did lose too much time on the way.

Xuanhanyu pondered for a moment, sighed and said, "now, you can only take a step and look at one step. Now, let's approach Guanghan hall at full speed first."

.....

Two days later, Tianyu Pavilion.

The young man, who had been feeling uneasy for the past two days, had a rather ominous premonition from the flickering fire of life to the different performances of Jidu shenzun.

What's more, the most important thing is that the array used for positioning on the spirit ship shows that the direction it is going is not heading towards Yunxia

At this time, the young man's face suddenly changed and his figure flashed, and he appeared in the ancestral hall. In the center of the ancestral hall, a candle was worshipped, and the flame flickered wildly and would not be extinguished. It was clearly the manifestation of the destruction of the body of the master of the fire and the imprisonment of the remnant soul!

"This

The young man's eyes trembled and his mind turned wildly. In a flash, he thought about the cause and effect: "Jidu shenzun, I'm afraid he has been killed, and the person who killed him, I don't know what method he has adopted, but he has escaped the exploration of the precious mirror of the place where he was introduced and dived into the sea of deep moon!

He must have borrowed the spirit boat for the convenience of his movement, too? "

Immediately, he turned his wrist and took out a jade talisman. Soon, a thick voice rang out: "what's the matter?"

It was the Xianjun of Yangzhen region that the young man contacted. Now that Jidu was dead, everything naturally had to be done according to the above instructions. I would have told him everything.

After a moment, the Immortal King snorted: "Ji Du this waste, since this person has sneaked into the Sunmoon sea, this matter should be handed over to Shen Yuehai for treatment. Now you will inform Guanghan Hall of this matter."

.....

Guanghan palace is located in the center of the West Sea. At this moment, ye Chen is still some distance away from Guanghan hall. At this time, xuanhanyu says: "no, ye Chen, the secret arts have failed. Tianyu Pavilion should have found out something wrong with Jidu. I think we will inform Guanghan Hall to deal with this matter?"

Ye Chen frowned and said, "what do we do now?"

Xuanhanyu pondered for a moment and said, "first destroy the positioning array on this ship. Now, you are not afraid to expose it!"

When ye Chen hears the speech, he is full of powerful thoughts. He has a flash of essence in his eyes. He reaches out a little and shoots out a destructive rhyme, which breaks an array.

.....

In a majestic hall, a handsome man in black robe is reading a volume of ancient books.

At this time, a warrior suddenly entered the palace and reported: "my Lord, Tianyu pavilion has reported that someone has pretended to be Jidu shenzun, and has sneaked into my sunken moon sea!"

"Well?" The black robed man's pupils shrank, and he suddenly stood up. His whole body exuded a terrible pressure. He was a man in the late period of heaven and earth and even at the peak!

He said coldly: "inform the law enforcement courts everywhere, set a net and find out this person!"

The warrior took orders and was about to leave the hall. However, he saw the black robed man who appeared on his side. The warrior was stunned and said, "my Lord, you are..."

The man with black robes twinkled in his eyes and said, "I have sunk into the moon sea for tens of thousands of years. I want to see with my own eyes what kind of guy dares to break this taboo?"

The warrior looks excited. The man in black, named Lin Jianqing, is a legend in the law enforcement Hall of Guanghan hall. He is known as the first evil spirit in the law enforcement Hall of Guanghan hall for thousands of years!

Today, Lin Jianqing actually wanted to arrest the culprit who had entered the sea of sinking moon in person?

Hehe, that guy is going to have bad luck!

No matter what kind of monsters come to Lin Jianqing's hands, there is only one end!

.....

Ye Chen's spiritual power whirled wildly, and the spirit boat turned into a streamer. He was walking fast in the sea. Looking at the distance, he suddenly saw a touch of joy in his eyes!

Guanghan hall is located in the center of the West Sea. The central sea area is also the place with the strongest aura. The whole sea area is shrouded by a burst of five color spirit fog, which is the performance of the spirit filling to the extreme. At the end of Ye Chen's eyes, the sea level is out, and there are five colors of light shining!

But at this time, xuanhanyu said again: "Ye Chen, turn the spirit boat around, let it go by itself, and then change into a wooden boat, continue to move forward, and then go forward, it will be close to the central sea area, where the guard is the most strict, still driving the spirit boat of imperial court on that day, and will soon be watched by the people of Guanghan hall."Ye Chen nodded. If he wants to get the qualification to enter the deep moon sea, he must trade with Guanghan hall master himself!

If it falls into the hands of the law enforcement hall, I'm afraid that I won't even have the chance to see the master of Guanghan Hall

Soon, ye Chen boarded the wooden boat and continued to move towards the central sea area.

He knew that he had to get on a spirit boat going to Guanghan palace as soon as possible, otherwise, even if he was driving a wooden boat and was found by the law enforcement hall, it would be only a matter of time before

.....

A warship with black body and dragon pattern was sailing in waves. A young man in black stood at the bow of the boat. At this time, a warrior went to the youth's side and reported: "your honor, the spirit ship of Tianyu pavilion has been found!"

After that, he handed over a jade slip.

As soon as Lin Jianqing's mind swept away, her eyes flashed. The next moment, the whole ship turned into a black light and disappeared from its original place.

After that, the ship was about to crash into the sky!

As soon as Lin Jianqing's figure flashed, she appeared on the spirit boat of Tianyu Pavilion. However, she could not help frowning. There was no one on the boat.

The warrior next to Lin Jianqing said angrily, "is this an empty ship? How dare he play such a trick on our law enforcement hall

Lin Jianqing said lightly: "since he is not on the boat, he must have left in a low-level wooden boat. Go down and make a thorough investigation of all the warriors who travel in the wooden boat. If anyone holds the token of Jidu God, he will be arrested!"

"Yes

Chapter 3935

.....

Ye Chen steers the wooden boat and moves forward in the thick fog. At this moment, a black spirit boat suddenly comes to him from far away. The dragon head in the bow of the boat makes a long chant, and his eyes bloom with red light, locking Ye Chen's position.

At the same time, a cry from the boat sounded: "the other side of the wooden boat, stop for me!"

Ye Chen slightly frowned, he knew that the spirit ship came from Guanghan hall law enforcement hall.

However, he still stopped the wooden boat according to his words. Anyway, it is impossible to get rid of the spirit boat of law enforcement hall at the speed of the wooden boat.

The three warriors on the ship looked at each other with a grim look. After all, it is not a small matter that someone broke into the Sunmoon sea. How can a guy who has the courage to break into the Sunmoon sea be a weak one?

Therefore, these warriors, in the inspection of the warriors in the lower canoes, are cautious!

However, when they noticed Ye Chen's cultivation, their looks were slightly relaxed.

One of the warriors took out an oil lamp with green light and shone at Ye Chen. The light of the lamp did not change at all. This time, a smile appeared in the eyes of the three men.

The warrior with the oil lamp said: "there is no problem with cultivation. This man is indeed a holy ancestral realm. Go and check it."

After all, it's possible for the Xiuwu to play the role of suppressing the tiger

Now, however, I can rest assured.

Two of them smile casually and come to Ye Chen's wooden boat. They have already ruled out Ye Chen's suspicion. How can a holy ancestral realm have the ability to defeat Jidu God and enter into the sinking moon sea instead of him?

It's ridiculous!

However, in order to deal with the top, we still have to be routine

Ye Chen smile way: "excuse me two, what can I do for you?"

A little fat warrior said, "where are you from? Show me your moon sinking token

Ye Chen stood quietly in place, without any action, but kept smiling and said: "how can I check these all of a sudden? Is there something wrong with the sinking moon sea

By the side of the fat warrior, a man with blue eyes yelled impatiently, "what are you doing with so many questions! We are ordered to check all the warriors who take the low-level wooden boat. Just cooperate with us! Or do you want to come to the law enforcement hall with us? "

The waste of this holy ancestral land, dare you talk so much? Wasting their time?

This green eyed man wants to start directly, give this waste a little color to see!

Ye Chen was indifferent: "is it? Even the law enforcement hall is obliged to tell the reason if it wants to check my sunken moon token? Are you the people of the law enforcement Hall who can do whatever they want in this sunken moon sea? "

As soon as he said this, the fat man and the blue eyed man all looked heavy. The terror and pressure of the whole world were looming out. His eyes looked at Ye Chen coldly. Is this little trash really looking for death?

At this time, the man holding the oil lamp said faintly: "well, tell him."

The green eyed man snorted coldly: "boy, someone has sneaked into our sunken moon sea. Now, it is likely that they are running away in wooden boats. Therefore, we are ordered to check all the soldiers who take wooden boats. Although the sneaker can not be such a waste like you, we have to check according to the above requirements. Is it clear enough now?"

Ye Chen light way: "enough."

With a wave of his hand, he threw a token at the green eyed man.

Seeing this, the little fat man turns around and leaves Ye Chen's wooden boat directly. In any case, it's just a passing show. This boy can't be a person who pretends to be a God.

The green eyed man also snorted coldly. He took the token and swept it at will. He wanted to return the token to Ye Chen.

But at this time, the pupil of the man with blue eyes suddenly shrank and his face changed wildly!

He looked at Ye Chen in disbelief, opened his mouth and seemed to want to say something

However, without waiting for him to open his mouth, an extremely terrible destruction of Daoyun will emerge from ye Chen's body, and endless evil will swept through his body. Ye Chen's cold eyes twinkled at the green eyed man and said with a smile, "who did you just say is rubbish?"

At the next moment, his fists burst out, shaking the sky and pouring the huge force into the fist. The crazy words of the six exterminations are displayed. Ye Chen seems to have the power to destroy

everything. The fist is like a dragon, which instantly locks the green eyed man and the fat man who has turned around!

Standing in the bow of the boat, the young warrior holding the oil lamp saw this, flashed a thick color of horror in his eyes, and yelled: "be careful!"

The two men who were on the wooden boat of Ye Chen were all over the body, and they were going to make a move!

But

Everything happened so fast!

At first, the two men were not ready to fight, but it is too late to meet the enemy Without waiting for them to use their means, ye Chen's fists fell on the front and back of the two men with a loud noise. The silver armour worn by the two warriors burst in an instant. On their bodies, blood mist drifted away and their bones and flesh were broken. Under the baptism of the fierce force, the whole body was on the verge of rupture!

Ye Chen's two free fists, however, directly let two half step heaven and earth warriors, seriously injured and dying!

The bodies of the two men, like missiles, flew out at a high speed, but before they had flown far away, they were bound by the strange gravity of the sinking moon sea, and they fell straight into the sea and sank toward the bottom of the sea

"In heaven!" Standing on the spirit boat of the law enforcement hall, the youth of heaven and earth watched Ye Chen kill his companion with two fists. He looked like a ghost. He was scared to the extreme and showed himself in a moment!

At the same time, he threw away the oil lamp and took out a jade rune. He was going to report what happened here to the law enforcement hall!

However, before he could completely infuse his mind into the jade talisman, a terrible sword suddenly appeared in front of his eyes, and the shadow of death immediately shrouded the young man's head. The endless cold almost froze his spirit!

In the face of this terrible sword, the young man's brain is blank for a moment. He only knows to stand in the same place and tears come out of his eyes!

Just when he thought he would die, a sharp pain came from his left arm. The young man screamed. The sword was cut on his left arm. His left arm and the jade Rune in his hand were instantly smashed!

At the same time, the surging sword force is pounding towards the heaven. With a click, the youth's self-reliance is broken in response to the sound!

The young man fell heavily on the deck, pressing on his wound, and his mouth gave out a shrill cry. Ye Chen's terrible destruction seemed to stir up the power of the law of the heaven and earth. The torrential rain poured down, and the thunder continued to roar, hiding the cry of the youth in the wind and rain.

Chapter 3936

A flash of thunder reflected a figure standing in the bow of the boat. The moment the youth saw the figure, his eyes were shaking wildly, screaming in terror, and moving his body towards the rear.

As if standing in front of him, the figure in the rainstorm is not a person, but a devil!

Ye Chen is walking towards the youth step by step in the rain, stepping on the broken arm youth who desperately moves his body and wants to stay away from ye Chen.

The young man looked down at his Ye Chen, and his heart was broken. He struggled like an earthworm nailed to the ground and begged Ye Chen for mercy!

Ye Chen waved his hand expressionless, and turned the powerful Daoyun into two big hands. He fished out the two warriors who had been shot down by him in the sea. From one of them, he took out a glittering jade rune. From the jade Fu, there was a voice of inquiry: "call the thirteen Eagle team. Just now, how did you send the contact information to the headquarters What's going on? Why is there no signal in your message

Ye Chen raised a finger and put it in front of his mouth. He looked at the young man with a smile, indicating that he was quiet.

The young man took a trembling look at the jade talisman and closed his mouth tightly.

Ye Chen bent down and whispered in his ear: "do you know how to answer?"

The young man shivered all over his body, smelling his speech like a frightened child, and nodded his head vigorously.

Ye Chen put the jade talisman on his face, and his powerful mind gushed out, monitoring every move of the youth.

The young man gritted his teeth and poured his mind into the jade talisman. He said, "the thirteen eagle team answered the headquarters. Nothing is wrong. Just now, a warrior who did not cooperate with the inspection has been subdued by us. However, the jade amulet in my hand was accidentally damaged. After verification, this person is not the one we are chasing..."

The voice in the jade Fu rings out again: "received."

The light of the jade Fu faded down, and the young man's tears gushed out again. He had received professional training and should not betray the trust of the law enforcement hall under any circumstances. However, facing Ye Chen, his fear was to turn all his training into nothingness!

He just wants to live now, dare not to disobey Ye Chen at all!

Ye Chen put the jade talisman away and said faintly, "OK, you, sleep for a while."

After that, he raised his feet and stepped on his head. The young man's eyes were wide open and he screamed, "no! I've done what you said! Let me go! Please let me go

A dull sound, powerful destruction of the rhyme, into the youth's knowledge of the sea, his eyes a convex, and then slowly closed, fainted in the past.

Ye Chen sighed. He knew that the young man was only fulfilling his duty, so he didn't kill him. Although Ye Chen killed many people, he also had his own principles.

The young man will not recover from his injuries in a few months.

Ye Chen sends the three men into the storage warehouse at the bottom of the spirit ship. Then he puts on a thousand magic jade face. On the jade surface, the light flashes, and turns into the appearance of the young man. He returns to the bow of the boat and steers the ship to the Central Sea Area.

There is a sentence, how to say it?

The most dangerous place is the safest place.

.....

Lin Jianqing stood at the bow of the boat. Although he frowned slightly, his eyes were filled with excitement. He had not received a challenge for a long time. The sinking moon sea was peaceful for too long. Although it was a good thing, it was a little too boring for Lin Jianqing.

He murmured, "don't get caught so easily. In that case, I will be disappointed."

At this time, a warrior came to Lin Jianqing and reported: "your honor, the units stationed in various places of the law enforcement hall have thoroughly investigated all the areas, and no suspicious person has been found in the lower wooden boat."

The corner of Lin Jianqing's mouth raised a smile and asked, "can anyone report the suspicious person in each Fairy Island?"

The warrior shook his head and said, "no, including some desert islands, they have also sent people to search, and there is no suspicious person. The only thing that is worth mentioning is that on a desert island, a woman in a gauze skirt is found. She is unconscious and trapped on the island, and her body is banned..."

"Oh?" Lin Jianqing had a trace of interest and said, "who is this girl?"

The warrior said, "according to our investigation, this woman is Xu Hui, the owner of Baixiang island who took the spirit boat with the fake Jidu deity."

Lin Jianqing touched his chin and said, "he didn't kill this woman? It seems that the prisoner this time is interesting. Even I began to wonder, what is the purpose of this bold guy who has taken such a risk to dive into the deep moon sea? "

The warrior said, "my Lord, what are we going to do next?"

Lin Jianqing pondered for a moment and said, "is there anyone in my law enforcement hall whose fire has been extinguished?"

The warrior was stunned, and then summoned the law enforcement hall headquarters and replied, "my Lord, there is no such thing."

Lin Jianqing's eyes flashed: "since this man can defeat Jidu God, his strength should be above the heaven and earth. Facing such an opponent, I'm afraid the low-level martial artists of our law enforcement hall are not their opponents. However, they hold the Guanyuan green lamp and can identify the true accomplishments of others. If people above the heaven and earth are discovered, they should be extremely vigilant and send a message in advance. Has this man already sneaked into the Fairy Island? According to the report of the place of receiving quotations, he once covered up his accomplishments when he entered the place of receiving quotations. That is to say, although he could transform himself into the appearance of others, he could not change his atmosphere of cultivation. If so, unless he was transformed into a person of his own rank, he should be easily recognized

However, it is not easy to win over a peer without being noticed by others... "

Lin Jianqing's thoughts turned, and her eyes suddenly brightened. She asked the martial artist beside him, "has Xu Hui of Baixiang island ever said how the fake Jidu God Zun defeated her?"

The warrior was stunned, took out the jade talisman, inquired for a moment, and then replied, "the woman said that the other party used Huatian pill in the wine, and then knocked her out."

"Hua Tian Dan?" Lin Jianqing said: "it seems that our friend has a long history and can even bring out Huatian pills? Even if the strength of this person is higher than that of heaven and earth, it will never be too much. Otherwise, in the face of a medium-term existence of heaven and earth, why bother so much?"

And his cultivation may be different from that of Jidu

Is this man a late existence

However, if it is a person in the later period of the heaven and earth, it should immediately attract the attention of the law enforcement team?

Is it

Chapter 3937

Lin Jianqing's eyes were full of light, and he said to himself, "is this man fighting over the level? The real state is still in the realm of heaven and earth. Therefore, the law enforcement personnel are not careful and get the opportunity to take advantage of it? "

As soon as he turned his head, he said to the warrior, "now go to investigate whether there are members of each team who can't be contacted, or whether the jade amulet has been destroyed and so on."

"Yes

.....

Ye Chen is driving the spirit ship of law enforcement hall. Suddenly, his eyes flash. There is a magnificent, magnificent and huge spirit ship in the port of Xiandao. There is also a special symbol on it.

Xuanhanyu suddenly let out a light sigh and said, "Ye Chen, this symbol belongs to the North Sea. It seems that this spirit ship is a merchant ship from the North Sea, and judging from the grade of the spirit ship, this chamber of commerce is not an ordinary existence!

There are many precious resources in the nine major sea areas that are not available in other sea areas. The inconvenient transportation has also promoted the vigorous development of the chambers of Commerce. The major chambers of Commerce often travel among different sea areas

Ye Chen nods. Although the spirit ship and the spirit ship of Tianyu pavilion are high-level things, the spirit ship is much higher than the spirit ship of Tianyu Pavilion!

I'm afraid that the merchant ship berths here. I'm afraid it's on this fairy island to buy goods.

However, at present, these are not the things ye Chen needs to care about.

When ye Chen was about to sail directly by the North sea merchant ship, Xuan Hanyu said, "Ye Chen, your chance is coming!"

"Opportunity?" Ye Chen smell speech, slowed down the speed of the ship, eyes flashing.

Xuanhanyu said: "you know, why I let you approach Guanghan hall so confidently, and tell you that as long as you contact the master of Guanghan hall, you will be able to get the qualification to enter the sinking moon sea?"

"Why?"

Xuanhanyu said: "because, the spirit marrow of moon liquid! It is said that the Sunmoon sea was left by the descendants of the moon god family who failed to leave the territory. The position of the master of Guanghan hall in the nine sea areas is also inherited by blood, and is known as the nine royal families of Sunmoon sea!

Others can not inherit the throne of the hall master!

Therefore, the spirit marrow of moon liquid is extremely important to them! "

Ye Chen said, "but what does this have to do with the chamber of Commerce?"

Xuanhanyu said with a smile: "the reason why I want you to see the master of Guanghan hall in person is that although the YUEYE spirit pith is of great value to the temple master, it is not the case for other people. They may even kill you in order to prevent the temple master from getting the YUEYE spirit pith

The power struggle among them is quite complicated. Although the head of Guanghan palace is held by nine royal families, which clan is the palace master of which sea area is decided by the Senate, and the criterion of the Council is the contribution of each royal family in its own sea area!

If they can witness the glory of the moon god, they can even imagine the value of living gods!

If those Temple owners get the spirit marrow of this month's liquid, the greatest effect is to offer them to these elders, and perhaps they can be promoted from the outer sea hall Lord to the inner sea hall Lord. However, this is not good news for those subordinates who had been loyal to this temple Lord. "

Ye Chen nods. It's true. A new royal family has been appointed as the head of his palace. These people may be the first to be rectified

However, ye Chen was also curious and said, "in this case, why didn't the man who sank the moon sea send people into the secret realm of the moon god to get back the spirit marrow of the moon liquid?"

Xuanhanyu said: "I don't know. Maybe it's related to the ancestral precepts of Shen Yuehai. The people of chenyuehai hardly leave here, and they won't interfere in the affairs outside."

"Now, do you know why I say your opportunity has come?" she said

Ye Chen's eyes flashed: "the hall master of Guanghan hall can't take his subordinates with him. After all, if he does so, it will be extremely detrimental to the stability of the major sea areas. However, businessmen are different. They are much more free than the law enforcement hall."

He suddenly laughed and said, "I have commodities in my hand that can change the whole situation of the sinking moon sea. Which chamber of commerce is not interested? After all, what businessmen pay most attention to is profit! "

Xuanhanyu said: "yes, cooperating with Beihai chamber of commerce is a shortcut for you to meet the master of Guanghan hall."

At this time, the merchant ship had already left the dock and headed forward, but the speed was not fast.

The merchant ships in the sinking moon sea often transport some materials for manufacturing high spirit ships. Many of these materials can not be put into the storage bags, but can only be stored on the ships. Moreover, these materials are extremely heavy, so that the speed of the merchant ships will not be too fast.

Ye Chen's eyes flashed, driving the warship of law enforcement hall, followed up.

The merchant ship from the North Sea soon left behind the island where the prescription had just docked, and sailed into a thick fog. At this time, a dark warship suddenly appeared in front of the merchant ship, blocking its way. The warrior driving the merchant ship saw this, his pupil shrank, and stopped moving in an instant.

In the merchant ship, a girl in a dark red dress with a cup of fragrant spirit wine in her hand suddenly frowned and said, "how did the ship stop?"

A middle-aged woman standing on the side of the girl said, "Miss, there is a warship of the Xihai law enforcement hall, which is in front of it. Someone has already gone to negotiate."

"Law enforcement hall? Why did the law enforcement hall stop our merchant ship? "

Aunt Lin said: "I heard that someone has sneaked into the Western sea. The law enforcement hall is investigating. Maybe it has something to do with it."

The girl nodded, put down her glass, stretched out a stretch and said: "this kind of small matter, aunt Lin is to deal with, don't let this law enforcement hall, delay our journey."

After that, she got up and walked to the bathroom. No matter how busy the business of the chamber of Commerce was, Qin Hongyue would stay in the bathroom at this time of day to enjoy a short leisure.

.....

At the same time, over the sea, above the border, clouds were covering the sky and blocking the sun.

And there are two figures in the dark clouds!

These two people are Ren Fanfan and ye Lao!

The two men gazed at the warships and merchant ships under the clouds, looking a little serious.

Ye Lao took out a turtle shell with countless ancient characters and forced a drop of blood essence to gather among them!

After a few seconds, the tortoise shell breaks directly!

Looking at Ren Feifan, he said, "Ye Chen's Rune of the first ancestor of the demon on his chest and the strength of that one actually restrict..."

"Before ye Chen's soul lamp suddenly went out, if I'm not wrong, it should be taken away by the original ancestor of the demon that day!"

"If it wasn't for that guy, the consequences would be unimaginable!"

Ren extraordinary stares at those two ships, the blood moon of pupil is suffused with strange light.

Suddenly, he opened his mouth: "Ye Chen is involved in too many big people."

"His existence should be gradually discovered by those who are in charge of the rules of the world."

"It's just that we can't be sure if it's a good thing or a bad thing."

"But one thing is certain."

"The reincarnation master reincarnated at the cost of the loss of his accomplishments. This choice can be said to be the most important step in this chess game."

Ye's old white eyebrow also agreed: "at the beginning, I don't understand what he did. Now it seems that this boy is reincarnated into a young man in Jiangcheng city of China, and then step into foreign countries step by step. Every step of this is to declare war on those guys."

"Once he has enough chips, he can shake everything in the world."

Ren Feifan nodded, his hands were negative behind him, and he continued: "how is the blood dragon now? This game of chess is also very important

Ye Lao replied: "it is said that he has been brought to the fierce land of the eternal family by the eternal holy king, and his life or death is unknown."

Ren Feifan laughed: "Ye Chen's chips are too much, Xuan wench, samsara cemetery, blood dragon, Shuangtong nightmare, ancestor of TIANYAO..."

"Oh, by the way, the taboo of samsara cemetery has not come out yet. If he comes out, that's interesting."

When ye heard the last sentence, his face changed and he thought about it. He said, "what should we do next?"

Ren Feifan's right hand was the same, and the wind and cloud surged: "there are many secrets of the moon god family here. I should go and have a look. Don't you think this sea area is also my home?"

"Once home."

Chapter 3938

Ye Chen stepped on the deck of the merchant ship, and a sailor met him without expression and said, "don't you know this is the spirit ship of our Beihan chamber of Commerce? Do you dare to block our way?"

At the same time, his eyes also appear a strange color, how can he not see through this person's cultivation?

Ye Chen's mind was swept away, and his eyes were gloomy. On this merchant ship, there was a heaven and earth realm that existed in the later period?

It seems that it is not easy to see the person who is in charge of the northern Han chamber of Commerce.

The sailor saw that ye Chen did not speak, and his face was ugly and said, "didn't you hear me?"

He was a member of the Beihan chamber of Commerce. In the past, in Beihai, those low-level law enforcement officers in the law enforcement hall were not polite to themselves?

Now, when we come to Xihai, we are not only blocked by the kids in the law enforcement hall, but also have this attitude towards ourselves?

Ye Chen looked at the sailor and said faintly, "there are outsiders sneaking into our Western sea. Now, law enforcement teams everywhere are routinely searching all ships. Please cooperate with the investigation."

The middle-aged sailor with a face full of flesh and blood looked at Ye Chen coldly and said, "boy, do you mean that our chamber of Commerce in Beihan has harboured criminals?"

You deserve to search the ships of our Beihan chamber of Commerce? Now, get off the boat for me. If we delay the itinerary of our chamber of Commerce, what losses will be caused Hehe, boy, don't say it's you! Even Lin Jianqing can't afford it! "

Ye Chen's eyes flashed: "where the responsibility lies, please let the person in charge of your Chamber of Commerce meet with me. If I get the guarantee from the principal, I can leave."

When the sailor heard this, his face was full of flesh. It seemed that he was about to burn up. His eyes were full of anger and he said, "you mean, I'm not qualified to let you go?"

Hehe, boy, you're just a little low-level law enforcer. Do you really regard yourself as a thing? "

He is also a highly respected sailor among the northern Han chamber of Commerce. Otherwise, he would not be allowed to negotiate with Ye Chen. But now, he is despised by a small low-level law enforcement officer?

Ye Chen did not speak, but the meaning was very clear!

With a roar, the breath of half step heaven and earth gushed out. The sailor was staring at Ye Chen. Dozens of sailors from the northern Han chamber of Commerce suddenly appeared beside Ye Chen and surrounded him. Every sailor exuded the breath of half step heaven and earth!

The sailor, who was full of flesh and blood, sneered, "boy, do you dare to repeat what you said just now? Now, I'll give you one last chance. Get out! Otherwise, we will let you, stand in, lie down and go out! "

Most of these people are martial arts men who walk half way between heaven and earth and the heaven and earth. However, it is enough to deal with a low-level law enforcement officer!

The sailor with a face full of flesh and blood, looking at Ye Chen, saw a look of incomparable irony in his eyes, as if to say, wasn't it crazy just now?

Now, go crazy?

The next moment, ye Chen is cold smile, open a way: "I say, you do not deserve to negotiate with me, understand?"

For a moment, the whole merchant ship seemed to be in a dead silence. All the sailors were looking at Ye Chen with angry faces, approaching the atmosphere of heaven and earth, and roaring towards him!

Above the attic of the merchant ship, a middle-aged woman in plain clothes looks indifferent. She looks indifferent. Seeing the contradiction between Ye Chen and the sailors of the northern Han chamber of Commerce, it seems that the contradiction between Ye Chen and the sailors of the northern Han chamber of Commerce seems to be on the verge of breaking out.

But at this time, aunt Lin's expression is moving, suddenly looking forward to the front.

At the same time, ye Chen's face changed slightly, turning his head to look behind him.

A startling dragon chant sounded, rolling wind, swept, thick fog, a black dragon like, majestic warship, turned into a black light, impact quickly, in a flash, has arrived in front of the merchant ship of the northern Han chamber of Commerce, hit the merchant ship hard!

There was a big bang, and the two huge ships were all shining and shaking.

Lin's face was cold and she sneered: "what a Lin Jianqing from the law enforcement hall in the West Sea really doesn't take our Beihan chamber of Commerce in the eye?"

First, they sent people to pester them, and then they directly drove the warship into it?

She knew that the warships of the law enforcement hall were too fast to control. If only two ships collided, they could explain it from other places

However, first sent a low-level law enforcement, and the North Han chamber of Commerce after the dispute, things will be different!

This is not provocation. What is provocation?

A young man in a black robe stood at the bow of the boat. It was Lin Jianqing.

At the moment, he frowned slightly and looked at Aunt Lin in the attic of the merchant ship. The breath of the later stage of heaven and earth loomed, and the wind and cloud of heaven and earth stirred him!

Lin Jianqing, from the strong man in the attic, felt the obvious hostility!

The warrior next to him, with a slightly changed look, said to Lin Jianqing: "my Lord, this merchant ship seems to be from Beihai chamber of Commerce..."

Hearing the speech, Lin Jianqing whispered: "is there any connection between the man who sneaked into the West Sea and the chamber of Commerce in the northern Han Dynasty? If it was not for the

northern Han chamber of Commerce, why did it show such great hostility to melt can't be because the two ships collided, right?

He came after ye Chen's warship, but he didn't expect that the merchant ships of Beihan chamber of commerce also stopped here

The warrior's face changed when he heard the speech. In this way, the matter was not so simple!

It is even possible that the royal family is standing behind the sneaker!

The warrior couldn't help asking nervously, "my Lord, what do we do now?"

Lin Jianqing said with a cold smile: "our Xihai law enforcement hall handles affairs impartially. What can he do with Beihai chamber of Commerce? The man who dived into the Western sea must be on this merchant ship. Search for me, brothers

Among the warships, there was a loud cry, and dozens of warriors rushed to the merchant ships of Beihai chamber of Commerce!

A number of sailors of the northern Han chamber of Commerce saw that their faces changed!

At this time, a woman's cold hum echoed in people's ears. Aunt Lin's face was icy, and the breath of the later period of heaven and earth burst out in an instant. The warrior who rushed towards the merchant ship only felt that a towering mountain was falling towards him. He snorted, spit blood and flew back!

The sailors of the northern Han chamber of Commerce cheered.

But at this time, Lin Jianqing's body flashed, and rushed toward the merchant ship of the northern Han chamber of Commerce. With infinite sword spirit, she burst out from her whole body, and instantly eliminated aunt Lin's authority. The warrior on the warship saw this and cried, "Lord Lin!"

Then they came again.

In front of the young lady in the attic, the handsome girl disappeared from the cold forest.

Chapter 3939

Lin Jianqing said in a deep voice: "our Xihai law enforcement hall pursues the spies who sneak into the sea of Shen moon. Do you dare to stop the chamber of Commerce in Beihan? Don't you want to cover up the spy? "

Aunt Lin sneered: "I've heard that Lin Jianqing in Xihai is the first genius of the law enforcement hall. Now, it seems that no one can match his ability to put on a hat. Why should we be so guilty if we want to add a crime?

In my opinion, it's your law enforcement hall in the West Sea. You're trying to find me the trouble of Beihan chamber of Commerce? "

Lin Jianqing snorted coldly: "turn black and white, if you don't hide the spy, why don't we search? If that man is not on the ship, my law enforcement hall will withdraw! "

"Search?" Aunt Lin said with a contemptuous smile: "I see, you want to delay the trip of my Beihan chamber of Commerce in the name of search? Do you know how much loss will be caused if the merchant ship of Beihai chamber of commerce is detained here?

Want a search? Yes, if our Beihai law enforcement hall is here, I will cooperate with the search!

Xihai law enforcement hall? Hehe, I'm sorry, Mr. Lin, I'm afraid you can't take charge of our North sea merchant ships! "

Lin Jianqing said with a flash of anger on her face: "what a Beihai chamber of Commerce, I really don't pay attention to the Xihai law enforcement hall. Today, you have to check if you let me or not!"

After that, a dark iron Epee appeared in Lin Jianqing's hand. Infinite sword Qi swept out and chopped at Aunt Lin!

In the face of this terrible sword spirit, aunt Lin never retreated. A roll of red silk flew out of her arms and turned into a red rainbow, dancing all over the sky. It actually eliminated Lin Jianqing's incomparable sword spirit!

The two most powerful men in the later period of heaven and earth immediately fought at one place, and the soldiers and sailors at the bottom also fought endlessly!

No one noticed that an almost transparent shadow had taken advantage of the chaos to highlight the encirclement and sneak into the numerous pavilions and halls built on the merchant ship.

Lin Jianqing's eyes flashed in the sky and sneered: "what a Beihai chamber of Commerce dare to disguise in front of me? This is a sneaky, not a spy

Immediately, Lin Jianqing no longer left her hand, and murmured, "I am in heaven!"

For a moment, people felt that they were trapped in a gray, dead, desolate and ancient cemetery. On this cemetery, there was no tombstone. Instead, there was a sword with different forms!

Lin Ziqing's sword is in the sky!

The whole sword tomb is shrouded in the sword meaning of the vast ocean!

"Lin Jianqing, do you really want to tear up the face with my Beihan chamber of Commerce?"

After all, it is also a display of self-reliance. For a time, on the sword mound, a rainbow bridge has been erected, and the rays of the sky are magnificent!

Lin Jianqing and aunt Lin, let's go again!

Ye Chen took a breath and looked back at the battlefield behind him. He had a dignified face. He also had great attainments in kendo. Although the existence of the chamber of Commerce in northern Han Dynasty was not weak, there was still a big gap compared with the black robed youth in the law enforcement hall. If it goes on, it is estimated that the winner or loser will be determined within 100 moves

At that time, the law enforcement of Beihai chamber of Commerce will not be stopped!

At the same time, he was also lucky in the secret way. Fortunately, the appearance of the Xihai law enforcement hall at the right time caused misunderstanding between the two sides, resulting in the current situation. Otherwise, he might be captured by Lin Jianqing on the spot.

However, the current situation is not optimistic, this hundred moves of time is his last chance!

During this period of time, he wants to find the person in charge of Beihai chamber of Commerce. Although the woman who fought with Lin Jianqing is not weak, ye Chen knows that she is not the real leader on the spirit ship. Her style of action is entirely martial arts, not a businessman.

Finding the person who is in charge is just the beginning. The most important thing is that he should persuade this person and cooperate with himself within the hundred moves

If you are rejected, everything is just empty talk!

Ye Chen's powerful mind swept out, but he could not help but frown. Apart from the people in the battle, he could not feel the breath of other people on the ship?

Xuanhanyu said: "it's normal for a merchant ship like this to have rooms to shield gods from exploration. Now, you can only find one room in a room..."

Ye Chen smell speech, body shape move, then on this spirit boat, quickly shuttle up.

But in the eye, there are empty rooms one after another

On the other side, Lin Jianqing's sword moves freely and harmoniously, like a dragon dancing all over the sky. Among the sword tombs, thousands of swords sing in unison. It seems that all of them are cheering for the magic of Lin Jianqing's sword technique, but aunt Lin's face is getting paler. Hongqiao bridges are flying around her body, and they are constantly hanging at Lin Jianqing, But it also contains a very profound rhyme of Tao, but

Under Lin Jianqing's sword intention, the Hongqiao bridges, no matter how they were arrayed, could not escape the fate of being cut off.

Another Hongqiao was broken. Aunt Lin's face was covered with abnormal scarlet, and her throat was sweet. She vomited out a mouthful of blood with a "puff" sound. Facing the endless sword spirit, her face suddenly changed, and her whole body was full of spiritual power. The countless Hongqiao bridges were in front of her in an instant. There was a big bang, and the spirit ship vibrated. Aunt Lin snorted. She fell from the air and fell heavily on the sword tomb!

Seeing this, all the sailors changed their faces and exclaimed, "aunt Lin!"

As soon as aunt Lin clenched her teeth, she was about to stand up. But at this moment, a dark iron was stuck in her throat, and her whole body was immediately covered by her powerful sword spirit!

In the sword tomb, thousands of swords fly together and shoot away at the remaining Hongqiao on the sky. Countless Hongqiao bridges turn into colorful light and rain, and all kinds of visions disappear.

Within a hundred moves, Lin Jianqing broke aunt Lin's arrogance!

At this moment, all the people who had been fighting endlessly calmed down. A group of sailors from the northern Han chamber of Commerce looked at this scene in disbelief. They did not expect that Aunt Lin, who was the most powerful in heaven and earth, would be defeated so soon!

What is the origin of Lin Jianqing?

How powerful is it?

Is it not to say that the martial arts in the West Sea are weaker than those in the North Sea?

And those martial arts in law enforcement hall are showing their pride one after another!

This is Lin Jianqing, the leader of Xihai law enforcement hall!

With a wave of Lin Jianqing's hand, a Purple Pearl flew out of her hand and floated on the merchant ship. Countless runes flashed on the Pearl. The next moment, infinite purple light bloomed out and covered the whole merchant ship!

Ye Chen, who was originally galloping among the many buildings of the merchant ship, suddenly changed his look. A purple light fell from the sky, which made his figure clear in an instant!

Chapter 3940

Lin Jianqing opened his mouth to a group of martial artists and said, "this purple eye bead is specially used to break invisibility. The spy has no place to hide under the pearly light. Now search for me!"

"Yes A group of warriors should be with one voice, body shape a flash, then toward the spirit of the ship's many buildings rushed.

Just now, the sailors who were still angry just now are like eggplants beaten by frost. They know very well that Aunt Lin has been defeated, and there is no chance for them to block the law enforcement Hall of Xihai. Lin Jianqing only needs a moment to think about it, so he can make them have no resistance. Why should he humiliate himself?

Aunt Lin's face was extremely gloomy and said, "Lin Jianqing, you don't think that this matter will be so settled!"

Lin Jianqing said faintly: "naturally, you will not be able to do so. You will be harbouring spies in the northern Han chamber of Commerce. This account will be well calculated with you by Xihai law enforcement hall."

"You

Aunt Lin's face was angry, but at this time, a blue chain suddenly wrapped around her body. Aunt Lin's face changed slightly, and she was about to resist, but under the suppression of Lin Jianqing's icy sword spirit, she had to give up.

With a flash of green chain, she tied up aunt Lin firmly!

Aunt Lin's eyes were filled with anger. When had she ever been humiliated as a tribute to Beihai chamber of Commerce and a powerful man in heaven and earth?

But in the face of aunt Lin's anger, Lin Jianqing was indifferent. With a movement of her body, she went to the pavilion and hall on the ship.

Ye Chen is constantly shuttling through the buildings, looking for the trace of the person who is in charge of the Beihai chamber of Commerce. At this time, a loud voice came from behind him and said, "yes, the spy is here!"

Ye Chen's face sank. The speed of Lin Jianqing's victory in the battle was still above his expectation. Now, let alone persuade the person in charge, he was found by the law enforcement hall without finding him?

He took a deep breath, and suddenly turned around. He had a long black sword in his hand, and chopped it out towards his back!

In the face of this frightening sword, all the martial arts stopped their steps and exerted all their strength to resist it!

There was a loud noise and smoke and dust. The soldiers were also blown upside down and spit blood.

When the rest of the law enforcement officers arrived, ye Chen's figure had already disappeared.

Ye Chen looks extremely dignified. He knows that if he goes on like this, Lin Jianqing will soon come after him!

With his current strength, it is almost impossible for him to escape from the hands of an existence in the later period of heaven and earth (the scope of the seven, eight and nine layers of heaven and earth)!

When ye Chen is almost in a desperate situation, his face suddenly moves, and a woman's hum sounds faintly in his ear.

Ye Chen's eyes twinkled, and soon locked the direction of the song. His figure flashed, and he appeared directly in front of the house.

I saw that the house was exquisitely decorated, and the door glittered with gold, which seemed to have a seal of blessing.

Ye Chen's eyes are full of light. He goes in and out of many pavilions without any seal. Only here is forbidden?

Obviously, this is not an ordinary place, and the woman in the room is likely to be the person in charge of Beihan chamber of Commerce!

At this time, behind Ye Chen, there is a sound of chasing. He takes a deep breath, and his eyes are determined. The surging destruction of Daoyun is also surging out!

This seal is of high quality. Even ordinary martial artists of heaven and earth may not be able to break them with a single blow. Fortunately, ye Chen's God of destruction specifically suppresses all kinds of seals!

Ye Chen did not use the sword, but with his sword fingers, a black light suddenly appeared and shot towards the seal!

A golden Rune flashed on the door panel, resisting the black light. The light of gold and black rolled over each other. But soon, cracks appeared on the golden rune, which broke with a click!

The process of all this happened quietly, even the women in the room did not notice!

The next moment, ye Chen body shape a flash, then rushed into the house.

Can enter a room, ye Chen is can't help but slightly a Leng!

In this house, the water vapor is steaming, the thick fragrance is full of nose, and in front of him, is a bathing pool which is made of extremely exquisite precious stones!

In the light of the gem, a girl with snow skin and unique face, with a smile on the front, fiddled with the warm water and colorful petals floating in the bath.

With her movements, she falls on the crystal clear shoulder and neck. Even though most of the girl's delicate body sinks into the pool water, only the fragrant shoulder jade neck falls into Ye Chen's eyes. This picture is extremely beautiful and makes her spirit slightly surprised

He did not expect that this is a bathroom!!!

At this time, the girl in the bath finally responded. Her beautiful eyes first looked at Ye Chen, and the smile on her pretty face was stiff. Then, she seemed to blink her eyes in disbelief. At the next moment, the girl's pretty face appeared a look of extreme anger and panic. Her red lips seemed to be about to scream out!

Ye Chen sees a form, pupil shrinks, and the distant chase voice also more and more near!As soon as his eyes were fixed, his body flashed, and he fell directly into the pool water!

What's more, he dived directly into the pool!

This move, make Qin Hongyue pretty face white, almost suffocating, you know, she is not inch thread now!

The soul of the dangling man, like the delicate body carved by the God, was exposed to the strange man's eyes without any cover up!

For the first time in her life, Qin Hongyue was flustered, scared and at a loss!

Who is this man? Why is he here? How did he get in? What is he going to do?

Countless thoughts, in Qin Hongyue's mind!

However, Qin Hongyue soon calmed down. She was able to represent the northern Han chamber of Commerce for many years. Naturally, she was not an ordinary woman. Even if she had encountered such a thing for the first time in her life, she quickly got the clue!

In the beautiful eyes of Qin Hongyue, there is an extremely cold killing intention. When she moves, she dodges back and goes away. She opens a distance from ye Chen. At the same time, she has a pair of lips, and she wants to call aunt Lin!

Although she put most of her mind on business, she has the support of the nearly endless martial arts cultivation resources of the northern Han chamber of Commerce, and her excellent martial arts talent. Her strength is not weak. She is also a heaven and earth existence!

Can, not wait for Qin Hongyue to display, a big hand has fallen on her abdomen Dantian with lightning speed!

Qin Hongyue's beautiful eyes trembled violently. It was the first time that a strange man touched her body!

And!

It's still the privacy!

Qin Hongyue's pretty face showed a look of humiliation. In her beautiful eyes, water mist emerged. Before she could react, a stabbing pain came from her lower abdomen, as if something had forcibly entered her body!
