

## Physician 3951

### Chapter 3951

There was a big bang, and the world was shaking. The body of the flame giant was smashed under the attack of palm print and tentacle. In the five color fire rain, a pale woman with blood on the corner of her mouth fell from the sky with the rain of fire. At the same time, a shrill animal roar sounded!

Although the flame giant was broken, but before that, her fist had smashed the head of the fierce beast!

Five colors of fire, burning on the body of the fierce beast, devouring its flesh and blood madly!

Shi Fei roared, but it took him a lot of effort to subdue this fierce beast in the later period of heaven and earth!

As a result, it was destroyed by this bitch!

His body flashed, and he appeared beside aunt Lin. he wanted to pat aunt Lin into mud to vent his anger. But suddenly, Shi Fei's eyes fell on Aunt Lin's young face, and a hot color appeared!

Although it is quite different from Qin Hongyue, how beautiful is this woman?

A stream of evil fire sprang up from the body. Shi Fei said with a ferocious smile: "since you want to save Qin Hongyue and let me not get her, then use yourself to replace it!"

Shi Fei took hold of aunt Lin's slender waist and let out a wild animal's low roar. He would force his body down!

He stares at Aunt Lin, and his eyes are full of sarcasm. He seems to laugh at her powerlessness. He wants to see the woman's humiliation and death. But at this moment, to his surprise, a smile appears on Aunt Lin's pretty face. He reaches out and takes the initiative to ring Shi Fei's neck.

What's the matter with this woman?

Just now, I still want to fight for Qin Hongyue. Now, I begin to throw myself in my arms?

Is not to the last moment, just began to fear death?

When Shi Fei frowns and turns his mind wildly, a violent energy wave suddenly breaks out from his body!

Shi Fei's pupil shrinks wildly. On the merchant ship of the northern Han chamber of Commerce, countless cracks suddenly appear. A strong aura gushes out from the cracks. The whole merchant ship seems to turn into a huge bomb at the moment!

Even with his strength, he will be seriously injured even if he does not die!

When Shi Fei's body moved and was about to run away towards the distance, his body suddenly tightened and was bound in the air!

Shi Fei's face changed and he looked at the woman in her arms. At this time, aunt Lin's body was filled with a tremendous force. Her limbs were wrapped around Shi Fei's body. Her body was full of rhymes. She locked this space completely. Even Shi Fei couldn't break free for a moment!

Aunt Lin's eyes twinkled with cold killing intention. Her vermilion lips were pasted in Shi Fei's ear and sneered: "don't you like this?"

In Shi Fei's blue eyes, a touch of fear finally appeared, and he roared: "damn you! Let go of Laozi! Let go of Laozi

He struggled hard, the bone broken ring, constantly from Aunt Lin's body, but she still kept smiling, did not mean to let go.

There was an earth shaking bang, and the merchant ship burst, and a five colored mushroom cloud appeared between heaven and earth. The terrible energy instantly swallowed up the three pirate ships and the bodies of Shi Fei.

.....

Far away.

Ye Chen looks back at the five colored mushroom clouds behind him. Even if he is so far away, he can still feel the strong impact. Even with his heart, he can't help but see a dark color in his eyes. This feeling of living on the sacrifice of others is not good for ye Chen.

At this time, Qin Hongyue frowned and slowly woke up. She suddenly sat up and exclaimed, "aunt Lin!"

When she found herself on the blue warship, her beautiful eyes flashed. But soon, Qin Hongyue's attention was attracted by the five colored mushroom clouds in the distance

Her pretty face was full of amazement, and after a moment, bursts of water mist surged in her beautiful eyes

With her shrewdness, how can she not understand what happened?

Ye Chen was silent for a moment and said, "now, do you want to return to Beihai?"

Although it is more advantageous for ye Chen to obtain the treasure box of Huayue by trading with the royal family of neihai, he will not object to Qin Hongyue's return to Beihai.

Qin Hongyue said faintly: "return? If they return, what is the purpose of their death? "

Her beautiful eyes flashed a firm color and said, "we must arrive at the inland sea and complete the transaction with the Guanghan palace master!"

.....

The five colored mushroom cloud finally dissipated slowly. At the place where the merchant ship exploded and the water surface was covered with ship fragments and a charred corpse, a blood light suddenly rose from the bottom of the water and swam away at a very fast speed!

In the blood light, a broken figure can be seen, and the breath is quite weak.

after a moment, a bubble appeared on the surface of the water, and was a figure, slowly out of the water, this person is a cold face of youth, but Shi Fei was trampled on the shoulders of Li Shan! Li Shan was covered with blood, charred everywhere, pale and weak in breath. However, he did not seem to care about his injury. Instead, he looked at the position where the blood light disappeared. His eyes flashed slightly, and he said to himself in a low voice:

"this fool is like a brute. His lust is so strong that he is severely damaged by the northern Han chamber of Commerce. If I had not let the warship defend in advance, and this The power of the explosion is basically concentrated in the direction of Shi Fei. I'm afraid even I can't survive Unfortunately, it was just a heavy blow, and he was not killed completely. "

Li Shan pondered for a moment. Even though Shi Fei was seriously injured, it was still not easy to kill him

"Seeing the direction of his departure, he should be chasing Qin Hongyue. Hum, even though he is seriously injured, he still can't let go of a woman? It's because they're controlled by these idiots that the black fin regiment has been unable to grow

Suddenly, Li Shan's eyes lit up and said: "ahead, we are going to the territory of the ice tooth Pirate Group. If Qin Hongyue continues to march towards the Red Sea, he will certainly bypass the ice tooth Pirate Group and advance from the edge of the ice tooth Pirate Group's sphere of influence. There is a secret place called" soul eating island "!

If Qin Hongyue escapes to phage Hun island and introduces Shi Fei into it, it will not only delay time and give me a chance to find an assistant to deal with Shi Fei, but also further weaken Shi Fei's strength with the strangeness of the island! "

Thinking of this, Li Shan's wrist turned, and there was a jade Rune in his hand. After he pondered for a moment, he put his mind into it.

Chapter 3952

.....

Ye Chen, who is in charge of the blue warship and is speeding through the wind and rain, suddenly looks moved and takes out a storage bag.

This storage bag was obtained after he killed song city.

At this time, Qin Hongyue also cast her eyes to the storage bag. The waves were surging from the storage bag.

Ye Chen's eyes flashed slightly, and soon took out a message jade Fu from the storage bag.

"Is this?" asked Qin Hongyue

Ye Chen said: "on the merchant ship, a pirate spy lurking in the northern Han chamber of Commerce intended to stop us from leaving. This storage bag was obtained after I killed it."

Qin Hongyue hears the speech, show eyebrow a wrinkling way: "so say, contact him, is the person of that pirate regiment probably?"

At this time, why did the spy's summoning jade Rune spread out?

Ye Chen light way: "received then knew."

At the next moment, his mind was infused into the jade talisman, and a man's voice came instantly.

"Qin Hongyue?"

Ye Chen said, "are you a member of the Pirate Group?"

"You are the man who rescued Qin Hongyue? Yes, I was one of the pirates who attacked you

Qin Hongyue's face sank, and the black fin pirates survived the explosion, which is not good news for her.

Ye Chen was silent for a moment and said: "say it, send contact information, what's the purpose?"

He knows that if this person wants to pursue and kill himself and Qin Hongyue, there is no need to send contact information.

Li Shan said with a smile: "boy, you are very lucky. I want to give you and Miss Qin a big gift. I can tell you that the black fin pirate regiment has almost been wiped out. Only me and black fin Wang Shifei survived."

Ye chenmu in the divine light flash way: "continue to say."

Li Shan said: "today, although Shi Fei is seriously injured, he still has the strength comparable to the existence of the four layers of heaven and earth. Now, he has chased for your position. Although the class of the warship you are riding is not low, the speed of the warship is not enough to break away from Shi Fei, whose body has been alienated. So, I give you a suggestion..."

His face suddenly showed a sense of obliteration: "you are now, should be about to bypass the ice teeth Pirate Group's sphere of influence? If you want to get rid of Shifei, the best way is to enter the soul eating island

Ye Chen looks at Qin Hongyue and asks with his eyes what the so-called soul eating island is.

Qin Hongyue said: "the soul eating island is a very special place in the fierce sea. After entering the island, not only will the mind explore, but it will lose effect instantly. At the same time, there is a kind of strange energy on the island, which will continuously consume the spirit power of those who enter the island, and finally, the spirit of those who enter the island will be eaten away

However, the soul eating island does not appear in a fixed position, but is drifting in the fierce sea. Therefore, even our chamber of Commerce in northern Han can not grasp its specific location. "

Ye Chen's thoughts turn. If Shi Fei really comes after him, it's really an opportunity to escape the pursuit of the soul eating Island, which can block the exploration of the mind. But

In that case, they are trapped in the soul eating island. After all, if Shi Fei can't find them, he will probably stay outside the island.

What's more, according to Qin Hongyue, how do they find the location of the soul eating island?

At this time, Li Shan once again said: "what I said is to tell you the location of the soul eating island. I live in the fierce sea all the year round. Even if the island is drifting, I can accurately grasp its location!

I can tell you, this soul eating island is not far away from you! "

Ye Chen smell speech, silent for a moment, again open a way: "why do you want to tell us these, why should we believe you?"

Li Shan sneered: "because I want to kill Shi Fei."

Ye Chen and Qin Hongyue smell words, but there is not much unexpected color.

Most of the pirates in the fierce sea are ferocious. It is normal to want to kill their companions.

Without any cover up, Li Shan said directly, "the reason why I want to tell you this is to let you delay time for me, so that I can find a helper to deal with Shi Fei. After all, Shi Fei has been badly hurt this time, which is the best opportunity to kill him. I will not miss it."

He knew that in this case, the most important thing was to gain the trust of each other. Ye Chen and Qin Hongyue were obviously not idiots. Li Shan did not mean to deceive each other.

Ye Chen said, "say it, where is the soul eating island?"

When he hears the location of Yichen, he tells him the location of Yichen.

Then the communication was cut off.

The next moment, he took out a low-level wooden boat and left in a certain direction.

Ye Chen looked at Qin Hongyue and said, "do you think what this person said is believable?"

Qin Hongyue was silent for a moment, nodded her head and said: "there should be great credibility. Except for the fierce beast and Shi Fei, there is no other middle and later period of the universe. Since this person can survive, then Shi Fei is likely to be alive. I have dealt with this person. With his character, even if he is seriously injured, he should also chase him ..." At the thought of this, Qin Hongyue shivers. Shi Fei seems to be reckless, but in fact, he is quite cautious at the critical moment

However, this person's desire for women is superior to everything!

Qin Hongyue was silent for a moment, and then continued: "however, I am very clear about the power of the explosion of the merchant ship. If he wants to survive the explosion, at least if there is a later period of heaven and earth, and it is possible to defend in advance, and since he expected the merchant ship to explode, why didn't he tell Shi Fei?

If he told Shi Fei, Shi Fei was probably not injured in the explosion, so with his strength in the later period of heaven and earth, there is no need to play these small tricks.

This man is not only good at cultivation, but also quite intelligent. Otherwise, he would not be able to accurately judge the time when the merchant ship exploded.

The more capable people are, the more unwilling they are to be subordinated to others. Therefore, I think that Li Shan really intends to kill Shi Fei. As his bait, before Shi Fei dies, there will be no conflict between us and his interests. "

Ye Chen said: "in this case, we will enter the soul eating island."

Even if you stay in the soul eating Island, the power of spirit will continue to be consumed, but it is better than being caught up by stone flying.

Moreover, if Shi Fei and Li Shan fight on the soul eating Island, whether Li Shan can defeat Shi Fei or not, ye Chen and Qin Hongyue will be given a chance to escape.

With a flash of light on the blue warship, he slightly changed his direction and went to Li Shan to Tell ye Chen where the soul eating island was.

Chapter 3953

Not long after ye Chen left, a blood light broke through the waves and stopped at the position where they had just been.

The blood light dissipated, revealing a very terrible looking man!

The man's body was incomplete, and even half of his face had been melted. He looked ugly and frightening.

It was Shi Fei who suffered the explosion of the merchant ship!

In his one eye, the light flashed and the powerful mind roared out. He felt the fluctuation of spiritual power in the sea water. After a moment, he said to himself with a gloomy look:

"how did you go in that direction? If you want to enter the Red Sea, it has already deviated from the route... "

But soon, stone fly again into a blood light, swimming in the sea water, in the direction of Ye Chen two people.

Even if the boy and Qin Hongyue want to play what means, what?

This fierce sea is his home, and even if he is seriously injured, the strength is far more than two people, he Shifei has been invincible!

Thinking of Qin Hongyue's charming and lovely appearance, Shi Fei's heart is a burst of fire, leaving everything else behind.

.....

A shadow shrouded by Lavender fog appears in front of Ye Chen and Qin Hongyue. The shadow is a huge island!

Its size, enough to compete with the mountains across thousands of miles!

On the island, sending out bursts of inexplicable palpitation breath, but the mind swept toward the island, was blocked by an invisible force.

Ye Chen and Qin Hongyue's eyes flashed. Li Shan did not cheat them. The soul eating Island really appeared!

Soon, ye Chen and Qin Hongyue came to the edge of the island. Ye Chen took a look at Qin Hongyue and said, "are you ready?"

Although Qin Hongyue looked nervous, she quickly nodded her head and said, "go in!"

They have to enter the island ahead of time to find shelter.

Ye Chen is full of spiritual power, and the warship under his feet suddenly bursts out a strong blue light and sails into the purple fog and lands on the island shore.

Once on shore, Qin Hongyue's face is white, and even ye Chen's expression changes slightly!

The first feeling of this soul eating island is not the erosion of spirits, but cold!

A cold from bone marrow!!!

The martial arts practitioners have basically no fear of all kinds of extreme temperatures when they practice in heaven and earth. But now, Qin Hongyue's delicate body trembles uncontrollably!

We can see how strange the soul eating island is!

Ye Chen's system goes against the heaven to an indescribable evil spirit, so that he can be basically unaffected. However, even he felt a slight chill.

But soon, ye Chen's attention shifted from the strange cold on the soul eating island. He looked around, and his eyes showed a very shocking look!

Qin Hongyue found Ye Chen's abnormality and asked, "what's wrong with Ye Chen?"

Ye Chen called out in a low voice: "soul swallowing rhyme! The soul eating island is full of rich soul eating rhymes! It's no wonder that when ordinary warriors enter the soul eating Island, the spirits will gradually disappear. "

In his eyes, there was a touch of excitement and said: "although in this fierce sea, the stone flying occupies the land, but this soul eating island is my home court!"

Under the guidance of the ancient evil spirit, ye Chen mastered the soul swallowing to the heaven, thus comprehending the rhyme of the soul swallowing Dao. And the Sha sword is a Sha implement containing the power of the law of soul devouring heaven!

The next moment, ye Chen suddenly stretched out his hand, drank a low voice, and then carried the blue warship on his shoulder. Qin Hongyue, on one side, saw this scene, and the color of shock appeared in her beautiful eyes.

Why is the commercial ship of the northern Han chamber of Commerce of great value, but the speed is not fast?

It's because the materials used to make warships and merchant ships are too heavy!

This blue warship alone has enough weight to surpass the mountain!

Can ye Chen carry this volume is his tens of thousands of times of the warship, but it is a pair of light lifting appearance!

And, with only one hand?

This scene is really a little shocking!

Qin Hongyue can't help but stretch out her jade finger and poke at the solid muscles on Ye Chen's arm. She doesn't know what terrible strength there is in this body!

When he saw Qin's sword in his hand, he saw a red sword in his hand

Qin Hongyue hears the speech, and the blush on her pretty face is more intense. However, she still comes to Ye Chen's side according to her words.

At this time, on top of the Sha sword, a burst of soul swallowing rhyme surged out, covering Ye Chen and Qin Hongyue in an instant. Qin Hongyue's beautiful eyes lit up and looked at Ye Chen in disbelief. Under the cover of this rhyme, the chilling chill was actually weakened a lot!

Ye Chen said: "let's go and find a place to hide the warship first."

They went out into the deep part of the island, and soon their bodies disappeared into the jungle.

Ye Chen and Qin Hongyue come to a rather hidden valley. He nods in the dark and blows out a sword. The strong sword light suddenly falls into the valley and blows out a big hole in the ground! Ye Chen's wrist moved, he threw the blue warship into the big hole, and then punched a fist at a small hill. He rushed with great force. In an instant, he smashed the hill, turned it into rolling earth and buried the blue flying boat.

It is not easy for Shi Fei to discover the existence of this warship, although it is only a simple cover up.

Qin Hongyue is standing on the side of Ye Chen's body. She presses a finger on her temple. Her look seems to be in a trance.

Ye Chen sees form, slightly frown way: "are you ok?"

Hearing this, Qin Hongyue said with some solemnity: "on this soul eating Island, the erosion of spirits is still ahead of my expectation. I'm afraid that if we go on like this, we will die on this soul eating island without stone flying."

At the same time, she looked at Ye Chen with some doubts. Why did ye Chen look as usual?

Qin Hongyue is intelligent by nature. Even though her strength is far stronger than her existence, she does not feel that she can't see through.

But now, facing Ye Chen, her head is full of puzzles

What is the existence of this strange youth?

Ye Chen smelled the speech, but said with a smile: "don't worry, you will never die on this soul eating island with me."

After that, he took Qin Hongyue's wrist, moved his body, and then flew to some place.

Soon, ye Chen and Qin Hongyue came to a cave. Ye Chen waved his hand and set up an array at the entrance of the cave. He said to Qin Hongyue, "wait for me here. I'll be back soon."

As the successor of the chamber of Commerce in northern Han Dynasty, Qin Hongyue always dominates everything. When can someone control her actions?

But now, I do not know why, with Ye Chen, Qin Hongyue's heart, actually for the first time born a kind of dependence like feelings, she was silent for a moment, gently nodded.

Ye Chen moves his wrist and inserts a long black sword beside Qin Hongyue. On the sword, the blood light flows, covering Qin Hongyue's delicate body and dispelling the chill in his body.

After that, ye Chen went to the outside of the cave. As soon as he got out of the cave, bursts of soul biting Daoyun shrouded him. Ye Chen's eyes flashed for a moment, and his body disappeared in the jungle.

"Here, it's just for me. It's a coincidence Strange... "

.....

Chapter 3954

In the jungle.

A wild boar with a unicorn on its head is walking in the purple fog. It lowers its head and its nose is constantly moving. It seems to be looking for something. At this time, the unicorn boar suddenly raised its head, and a puzzled look appeared in its small eyes. It looked around with some vigilance

In a flash, a nearly transparent shadow suddenly appeared behind the wild boar. The boar was startled and turned around to see a man surrounded by the atmosphere of destruction rushing towards him!

"Poof There was a low roar from the boar's mouth, and a gray black light came out from its single corner and flashed towards the man!

In that light, there is a very strong soul biting rhyme!

What this boar shows is a powerful soul skill!

The gray and black light suddenly disappeared into the attacker's eyebrows. The one horned boar seemed to relax and look at the creature that had never seen before. In its small eyes, a touch of greed and desire gradually emerged!

But all of a sudden, the young man in front of the wild boar actually raised his mouth slightly and laughed strangely. The next moment, he threw himself in front of the wild boar, his arms moved, and he clamped the boar's neck fiercely. The wild boar looked at the strange hunter in disbelief. How could he not understand why his own attack did not cause any harm!

Rebellious giant force from Ye Chen's body burst out, not a moment, then took the life of the unicorn boar.

Xuanhanyu said: "boy, I didn't expect to enter the soul eating road by accident, and let you get a good chance to find the soul beast here."

Ye Chen said with a smile: "as soon as I enter the island, I find that there are creatures on this island. Other people can't use the power of mind in soul eating island. The martial artists who can master the

way of soul swallowing are different. Even if Shi Fei exists in the later stage of heaven and earth, after being seriously injured, he will never find my existence on this soul eating island!"

The power of mind is equivalent to the eye of a warrior. If both sides lose the power of mind, Shi Fei may find Ye Chen's place. But now that ye Chen uses the method of soul swallowing and can perceive with his mind, everything is very different.

Can a blind man catch a normal person?

What makes Ye Chen more surprised is the existence of these ghosts and beasts!

The spirit and beast is a very strange creature in the heaven and earth. Originally, the spirit and soul power of the monster is relatively weak, but this soul animal is on the contrary. The spirit and soul power is extremely strong, but the body is very ordinary.

It's quite difficult for ordinary martial artists to encounter ghosts and beasts. It's a pity that this beast encounters a strange species like Ye Chen.

However, ghosts and beasts can only be born in places full of soul power. This soul eating island has a strong soul biting charm, and can even transform the spirit of heaven and earth into soul power. Although it is a vicious island in the eyes of ordinary martial arts, it is extremely suitable for the survival of soul beasts and belongs to their paradise.

Moreover, the soul beast on the soul eating island is baptized by the soul eating Dao rhyme. All the talent soul skills displayed contain the soul biting rhyme, which is much more dangerous than the ordinary soul beast!

However, ye Chen, who can hardly be hurt by spirits, is almost invincible to the creatures on the soul eating island!

Ye Chen's eyes flashed slightly and his fingers moved. He suddenly stabbed into the head of the wild boar and took out a crystal with gray and black light.

Looking at this crystal, ye Chen's eyes can not help but emerge a touch of fiery color!

This crystal is called animal soul crystal. It is a unique product of the soul and beast. It is a treasure for the soul Taoist martial arts person, because he can directly improve his spirit strength by swallowing the animal Soul Crystal!

However, ordinary martial arts can not do it.

In addition to the soul biting spirit of the island, it also contains the spirit of the beast!

In other words, if you swallow enough soul crystals, ye Chen can even directly improve your own soul eating way!

Therefore, xuanhanyu said that the soul eating island was his chance!

After ye Chen took out the soul crystal of the beast, he did not discard the dead body of the unicorn boar. Instead, he carried the dead boar and searched for it in the jungle. From time to time, he picked up a seemingly ordinary wild fruit. After a few hours, ye Chen returned to the cave where Qin Hongyue hid with the bodies of several ghosts.

At this time, Qin Hongyue curled up in the light of Sha Jian and seemed to be taking a rest, but her eyebrows were locked, her pretty face was full of pain, and her whole body was already dripping with sweat.

Ye Chen sees this, and his eyes flash. The consumption of soul eating island to Qin Hongyue's soul power is still above his own expectation.

Instead of waking up Qin Hongyue in a hurry, he set up a big pot and began to deal with the corpses of ghosts and beasts.

Ye Chen hunted a total of three animals. In addition to the unicorn boar, there was also a golden calf and a grey black python with three eyes.

He peeled and boned the three beasts and cut them into pieces. With a flick of his finger, a ray of purple blue flame fell under the pot and burned up. As the burning wood, ye Chen also found it on the soul eating island. He had the way to eat the soul. He was born with a certain degree of sensitivity to everything on the island. This wood has a certain effect of nourishing the soul. After being ignited, it not only gives off bursts of fragrance, but also softens the complexion of Qin Hongyue, who was originally frowned.

Ye Chen smiles and adds the spring water found from the soul eating island to the pot. Then he puts the wild fruits and flowers on the island into the pot and boils them. After the soup in the pot gives off a strong fragrance, he puts the sliced meat into the pot.

Soon, a smell of meat mixed with the smell of herbs filled the whole cave!

Ye Chen said with a smile: "if at this time Shi Fei enters the soul eating Island, even if he can't use the power of the spirit, he can follow the fragrance and find us?"

Ye Chen cooked this pot of broth, not because of greedy, but to let him and Qin Hongyue, better survive on this soul eating island!

He has the way to eat the soul, but he won't be affected much, but what about Qin Hongyue?

Qin Hongyue's soul power is always eroded by the power on this island. Ordinary spirit tonics can't improve this situation. However, ye Chen knows that the flesh and blood of some spirits and some special plants growing on the island have the effect of nourishing spirits and relieving the consumption of spirits on the island!

It's just that after entering the soul eating Island, ordinary warriors can't use the power of spirit. Let alone whether they can realize this, even if they do, they can't choose the right food

Only Ye Chen can do this.

Chapter 3955

Soul Crystal Qin Hongyue can't be refined, but the soul animal meat and some plants can be safely eaten.

At this time, Qin Hongyue seemed to smell the aroma of the pot. She sniffed her small nose, opened her eyes slowly, and looked at the big iron pan. She instinctively yearned for the food in the pot.

Ye Chen scooped out a bowl of soup and said with a smile, "this soup tastes good. I made it with the animals from hunting on this island. Have some."

Qin Hongyue frowned slightly and said, "now, it's not the time to make a fire and cook..."

In the face of the enemy, ye Chen even wants to make something to eat?

You know, they are lurking on the soul eating Island, but they need to reduce the traces left as far as possible in order to reduce the risk of being found by Shi Fei

What's more, you can't use the power of gods and spirits on the island. You can go hunting at will. Who knows, will there be any side effects after eating this broth? After all, this is the soul eating Island, and the animals that can survive on this island may also have its own weird places.

Thanks to my talent, I still trust him so much

Thinking of this, I don't know why, Qin Hongyue's pretty face is a little red.

Ye Chen handed Qin Hongyue the bowls and chopsticks carved from the wood of the island and said with a smile: "Oh? Are you sure you don't want to eat? "

Qin Hongyue snorted coldly and was about to refuse, but she could not help swallowing her mouth when she looked at the thin slices of meat floating in the bluish white, jade like thick soup.

The strong smell of meat, as if instantly occupied her body, into the blood, I do not know why, in the face of this bowl of seemingly ordinary broth, it is simply irresistible!

Qin Hongyue secretly warned herself: "no! Qin Hongyue, you are the inheritor of Beihan chamber of Commerce. How many delicacies have you tasted? Now, how can you be seduced by such a bowl of broth

Just accused Ye Chen of her, how to accept Ye Chen's broth!

However, no matter how much she resisted in her heart, her body was loyal to her desire. When she responded, she had already taken the bowl of broth and began to eat it without reserve!

Ye Chen doesn't care. Qin Hongyue's spirit is damaged. The broth, which nourishes the spirit, has a natural attraction for her. It's very good if it doesn't come directly.

He also filled a bowl and tasted it. Although Ye Chen was not affected by the power of soul eating Island, he would inevitably feel tired after staying for a long time. If he ate some soul animal meat every day, he could easily solve the problem.

What's more, the taste of the beast is really good.

After a while, they ate up a large pot of soul animal broth. Ye Chen looked at Qin Hongyue with a satisfied smile on her face and couldn't help saying, "Miss Qin, don't you say it's not time to make a fire and cook? Now, how can you eat so happily? If not, I can make you some more... "

Qin Hongyue blushed and was about to argue, but suddenly, her eyes flashed a look of surprise!

She said in a low voice, "the wound in my spirit is like It seems to be beginning to recover... "

Soon, her eyes fell on the soup bowl in her hand. How could she have imagined with her intelligence? The reason is that she ate the broth made by Ye Chen!

Qin Hongyue raised her head and looked at Ye Chen with great shock. She stammered: "you You You..."

Miss Qin, who has always been shrewd, has been unable to speak!

She is really a little confused!

For the whole Sunmoon sea warrior, it belongs to the ferocious soul eating island. Why did ye Chen become his home here?

Ye Chen admires Qin Hongyue's startled expression with her mouth open and can't be closed. Until she is flushed by Ye Chen's gaze, she starts to speak again and tells her about the soul eating island and her own soul swallowing rhyme.

After hearing what ye Chen said, Qin Hongyue was speechless again, and had a new understanding of Ye Chen's adversity.

Ye Chen put away the iron pot, took out a piece of black red wood, and then split it into several pieces, piled up in one place. With a flick of his fingers, a flash of fire fell on the wood and burned up.

In the cave, he made a bonfire with the wood of soul eating island. The fire can resist the cold of soul eating island and relieve the consumption of spirit.

They sat opposite each other by the campfire. The fire was shining on the wall of the cave, casting a long shadow.

Qin Hongyue lowers her head and reaches out a pair of jade hands to roast the fire. She feels the heat of the bonfire. In her delicate body, for some reason, there seems to be a fire burning, which is getting hotter and hotter. In her mind, images of meeting Ye Chen in the bathroom are constantly emerging

For a moment, the atmosphere of the cave became ambiguous. When Qin Hongyue's beautiful eyes twinkled and seemed to be ready to say something, ye Chen suddenly showed a look and said, "here we are!"

"Coming?" Qin Hongyue didn't understand to look at Ye Chen, but soon, he responded and said, "you mean, stone flies here?"

.....

At the moment, outside the soul eating Island, a man with a broken body stood on the edge of the purple fog with an ugly face, and said to himself, "did you escape to this soul eating island?" For a while, he hesitated to enter the island.

Shi Fei's origin has been severely damaged, and it will take at least three years and five years to recover completely. That is to say, if he conceals his wounds now, Qin Hongyue will really escape from his hands completely!

In order to get Qin Hongyue, he paid the price of the whole black fin Pirate Group, even the original source of damage. How can he bear to return empty handed?

Moreover, his strength dropped greatly. In order to avoid the enemy, he had to hide in a very hidden place to heal his wounds. If there was no beauty's company, how boring the life would be!

However, when Shi Fei is in his present state, he has to bear a great risk when he enters the soul eating island. If he is injured again, he may even regress and fall out of heaven and earth

He was staring at the purple fog, one eye, the light flashed wildly, finally, or a flash, into the soul eating island.

.....

Qin Hongyue said solemnly: "what shall we do now?"

Ye Chen pondered for a moment and then said, "maybe we have a chance to let him die."

"What!" Qin Hongyue hears the speech a surprise, ye Chen unexpectedly wants to kill Shi Fei?

Even if Shi Fei is seriously injured, he still has the strength of heaven and earth!

Ye Chen said: "the man named Li Shan said that he would kill Shi Fei, but no one can be sure that Li Shan will really come to this soul eating island. His own destiny should be in his own hands."

Qin Hongyue frowned and said, "but even if you are on the soul eating island and can use the power of divinity to face Shi Fei, you can't defeat him, can you?"

Ye Chen nodded his head and said, "yes, with my strength now, I'm not Shi Fei's opponent, but..."

In his eyes, there was a hint of cunning in his eyes. He said, "I said let him die, but I didn't say that we should do it ourselves."

Chapter 3956

.....

In the fierce sea, on an island full of red trees, a young man with a pair of golden vertical pupils was talking and laughing with a woman in the room. At this time, a man stepped into the room and reported to the young man:

"Reverend, there was a man named Li Shan who asked to see him He's from Blackfin island

"Li Shan, black fin island? What is he doing here? Let him in. "

After that, the woman withdrew from the room.

Soon, Li Shan, pale faced, came to the young man with vertical pupil. He said with a smile, "Lishan, black fin Island, have seen the king of golden pupil."

The man with vertical pupil is the owner of the island and the leader of the Pirate Group of Jintong. He is known as Xu Ling, the king of Jintong.

However, the Jintong Pirate Group is not a big force in the fierce sea, and Xu Ling is only a late existence of heaven and earth.

Xu Ling and Li Shan had some friendship. Before they entered the fierce sea, they cooperated several times and committed many bloody crimes. Later, Xu Ling was chased by the law enforcement hall and forced to flee into the fierce sea. At that time, Li Shan thought happily: "this Xu Ling can't live long in a place like the fierce sea..."

However, Li Shan himself followed Xu Ling's footsteps and came to the fierce sea. He wandered for a period of time, but faced with fierce beasts and pirates who were more cruel than fierce beasts, he had to join the black fin Pirate Group.

Later, by chance, he found that Xu Ling, who thought he would not live long, had advanced to the later stage of heaven and earth, and even developed his own power in the fierce sea. However, he could only obey the orders of Shi Fei, the fool

Most coincidentally, Xu Ling's Island is not too far away from the place where the black fin regiment and the northern Han chamber of Commerce fought.

At this time, Xu Ling looked at Li Shan and said, "are you hurt?"

Lishan indifferent tunnel: "almost died, the whole black fin regiment, only I and Shi Fei survived, and Shi Fei was seriously injured."

Hearing this, Xu Ling was shocked and said, "what are you talking about? Black fin mass out? What happened? "

The black fin group belongs to the big pirate group in the fierce sea. The black fin King Shifei belongs to the generation with superior strength in the late existence of the heaven and earth environment. Under his seat, he has conquered a fierce beast in the later period of the heaven and earth!

How can such a big bandit group be destroyed?

Is it that Lin Jianqing of Xihai finally made a move?

Xu Ling's face changed a little. If Lin Jianqing's madman is really killed in the fierce sea, he will have to restrain himself a little

Li Shan said sarcastically: "Shi Fei wanted to rob the ship of Beihan chamber of Commerce, but he obviously underestimated his opponent. In the end, the merchant ship exploded, which not only took away the whole black fin Pirate Group, but also seriously injured himself.

It's ridiculous that even so, he doesn't choose to heal now. Instead, he continues to chase the runaway woman... "

Hearing this, Xu Ling's eyes twinkled. Not long ago, he felt a terrible explosion on the island. Moreover, his golden pupil has the ability to distinguish various weak energy fluctuations and breath. Li Shan does carry the residual energy after the explosion. It should not be a lie.

He was silent for a moment before he said, "what are you telling me about this for?"

Li Shan pointed to his shoulder and said, "do you know who left this injury?"

Xu Ling looked at the wound on Li Shan's shoulder, and the golden light in his eyes said: "it's not like the wound in the explosion, but there's still a breath of flying stone on it. Is it made by Shi Fei?"

In Li Shan's eyes, there was a snake like light and said: "good! Now, you know why I told you that? Because, I want Shi Fei to die!!!

Shi Fei has been led to the soul eating island under my arrangement. King Jintong, do you want to join hands with me again? I know that Shi Fei has a pill for returning the heaven and Qi in his hand. This pill is very helpful for the martial arts to advance to the original state. Besides, don't you always like women?

In the soul eating Island, there are not only the elixir of returning heaven and Qi, but also Qin Hongyue, the beauty of the northern Han chamber of Commerce... "

In Xu Ling's golden pupil, a burning look flashed suddenly. They looked at each other, and a familiar smile appeared on their faces, as if they had gone back to the days when they had committed crimes in the sinking moon sea.

.....

Shi Fei walks on the soul eating island with a look of great vigilance in his eyes. He observes everything around him with great care. He is not only on guard against unknown dangers, but also looking for traces left by Ye Chen and Qin Hongyue.

In the case that the mind can not be used, he can only rely on this primitive method to track his prey.

However, Shi Fei is not completely without advantages. After staying in the fierce sea for too long, his blood vessels have changed, and his senses are far superior to those of ordinary human warrior.

Shi Fei kept twitching his nose and walked fast in the jungle. After a few hours, his spirit felt dizzy, and his body became colder. His steps gradually hesitated. Looking for someone in this soul eating island was like looking for a needle in a haystack, and his mind was faint. No matter how good a woman is, she has to have her life in order to be useful.

But at this time, in his one eye, suddenly appeared a touch of joy!

He smelled a smell of blood!

What's more, it seems to be the smell of human blood!

Now, in addition to Qin Hongyu and the damned boy, who else is on this soul eating island?

Thinking of Ye Chen, Shi Fei's face becomes more and more ferocious. After finding Qin Hongyue and ye Chen, he will torture Ye Chen to death with extremely cruel means in front of Qin Hongyue!

When he moved, he flew away in the direction of the smell of blood!

At this moment, ye Chen's face, emerged a sneer: "fish, on the hook."

Soon, in front of Shi Fei's eyes, there appeared a young man's back. It was the one who took away Qin Hongyue!

Shi Fei grinned grimly, and his eyes were full of fierce light. However, he did not immediately take action. Instead, he suddenly became dark and showed some concealment skills. Then he approached Ye Chen quietly.

He did this because he did not see Qin Hongyue!

Even in Shi Fei's opinion, he can easily crush Ye Chen, but he can't guarantee that ye Chen can tell where Qin Hongyue is.

And Qin Hongyue is the real purpose of his adventure into soul eating island!

Shi Fei knows that ye Chen and Qin Hongyue are not together now, but the boy will return to Qin Hongyue sooner or later. As long as you follow him, you can find Qin Hongyue!

Then

Thinking of this, Shi Fei's terrible face, smile more and more strong.

Chapter 3957

Ye Chen's eyes flashed, silent toward the depths of the jungle forward, a completely did not notice that someone was tracking their own appearance.

Soon, ye Chen came to a hidden cave before.

When Shi Fei saw the cave, his eyes flashed with excitement!

It should be here, right?

But after entering the cave, Shi Fei frowns. The cave is very deep, dark, and extremely cold!

The whole soul eating island is filled with a strange cold, but this cave is much colder than other places!

He looked at Ye Chen that shivering back, some doubt, this boy unexpectedly chose this kind of place, as a hiding place?

But soon, Shi Fei was relieved. Since they had escaped into the soul eating Island, they were trying to avoid their own pursuit?

In this way, it's a good choice to choose this kind of place to hide. If he didn't follow the boy behind, he would not even want to enter such a place.

After walking for so long, they finally saw the bottom of the cave!

At the bottom of the cave, it is a very open natural karst cave!

They fall into the bottom of the cave. Shi Fei's eyes are burning around him. He seems to be looking for the beautiful image that he thought that day and night. But soon, he looks shocked and puzzled

Qin Hongyue doesn't seem to be in this cave?

He looked at Ye Chen again, but at this time, a chill suddenly sprang up from his back!

Ye Chen did not know when, turned around, facing his direction, eyes wide open, showing a strange to the extreme smile!

A kind of extremely dangerous feeling is surging in the heart of Shi Fei!

What's this kid up to!?

Did he find himself?

No way!

Just now, he did not show a trace of flaws, unless using the power of the mind, it is impossible to find his own existence!

All of a sudden, ye Chen has a black sword in his hand. Shi Fei's pupil shrinks suddenly, and his whole body is powerful. He is ready to hand it at any time!

Just when he thought that ye Chen found himself and was about to make a move to himself, the sword suddenly fell on the ground under Ye Chen's feet!

With a huge bang, the destruction of Daoyun surges out, and instantly smashes the bottom of the cave. Shi Fei is slightly stunned. Just when he doesn't know what's wrong with Ye Chen, and even wants to capture Ye Chen at all costs, there's a roar of rage at his feet!

Shi Fei's face suddenly changed. Looking down, he saw a dragon lurking in the ground. His whole body was black. On his forehead, a red dragon with one horn was staring at himself!

The whole body of the Dragon radiates a very strong fluctuation of soul power. Even if he can't use the power of spirit, Shi Fei can clearly feel the terror of the dragon!

Especially for him now!

"Damn boy!"

Stone fly dark scold a, where still don't know, oneself is by person calculate!

However, what he couldn't understand was why Ye Chen could find his own tracking?

Why can we find the sleeping place of Jiaolong!

Just as Shi Fei moved and wanted to escape from the cave, the Dragon gave out a high pitched song of dragon. On one corner, the red light flashed, and the extremely strong soul biting rhyme, just like thunder, fell in the cave and turned into a wave of red soul power. It swept towards Shi Fei and ye Chen at a very frightening speed!

The speed of soul skill was originally extremely fast. Almost in a single thought, the attack could be completed. Even there was no reaction time. The figures of Shi Fei and ye Chen were completely engulfed by the red soul wave!

"Ah, ah, ah, ah

Shi Fei gave out a very sad scream, crazily covered his incomplete head, shaking, blood gushed from his one eye and nostrils, and his spirit was suffering from unimaginable pain!

The strength of the spirit beast is still ahead of Shi Fei's expectation. If it were not for the fact that although he was seriously injured, the strength of his spirit was far higher than that in the later period of heaven and earth, would this blow alone be enough to melt his spirit?

At last, the red tide gradually dissipated, and Shi Fei's face was full of looks. His brain was extremely painful and dim. His sight was faintly blurred, but he survived the attack of the dragon!

BR, < BR, he did not even want to see a ghost in the direction of Laozi? You didn't expect that the beast was using range attack, did you? Even my father is so miserable. This little waste should have been reduced to nothingness under that terrible soul skill. Unfortunately, there is no way to torture him to death in front of Qin Hongyue. "

The red light on the dragon's single horn darkened. The soul power and soul eating power on the soul eating Island rushed towards the one horn in an instant, as if accumulating energy for the next attack! At the same time, the dragon's body moved, but it was rolling towards the stone flying, a pair of dragon eyes staring at Shi Fei, showing a look of incomparable greed.

This dragon is only one step away from the later stage of breaking through the heaven and earth. The reason why this dragon lies dormant at the bottom of the cave is to prepare for the later stage of the breakthrough!

Obviously, the spirit of the warrior in the later period of heaven and earth is also a very necessary thing for this beast!

If it devours the spirit of Shi Fei, it is likely to get the chance to advance to the later stage of heaven and earth!

As soon as Shi Fei's face sank, he also found the dragon. He didn't want to let himself go. He flashed a fierce look in his one eye and said, "evil animal, want to eat Laozi? It's in heaven

At the next moment, the scene in the cave changes, and instantly turns into a hell like island of evil spirits. Countless demons turn into rolling black gas and merge into Shi Fei's palm. A huge palm suddenly appears and goes towards the one Horned Dragon!

The Jiaolong's pupil shrinks and sends out a roar. On the scales, it emits a very thick black light, just like armor, protecting its body. Although the body of the spirit animal is relatively fragile, the whole body of the dragon is full of dragon scales. Although its physical strength is not comparable to that of a real dragon family, it is far from comparable to that of ordinary spirits and beasts!

With a loud bang, the palm print collided with the dragon's body, and the black light broke. Under this palm, countless scales were crushed. A huge amount of blood gushed out like a fountain and turned into

a blood rain. The Jiaolong's mouth gave out a painful roar, and his body shook and nearly fell to the ground.

Shi Fei said with a grim smile: "ha ha, beast, are you comfortable now?"

Although this palm did not kill the dragon, it also caused great damage to it!

Chapter 3958

After all, it's not a wise choice to fight with the soul beast in this soul eating island!

What's more, he is still injured in his body. If he goes on fighting like this, he will only lose himself!

But at this time, the Dragon looked at Shi Fei bitterly. The red light rose again on one corner, turned into a red soul tide, and surged towards the stone flying!

The scream sounds again, the spirit of stone flying is hurt, and the only one eye will burst!

How could the Dragon never die with him?

A wild animal roared from his mouth, and a cruel intention flashed through his bloodshot one eye. He gave up running completely and fought with the dragon!

At last, a very sad song of dragon was heard all over the sky, which meant the end of the battle

The dragon body, which was extremely broken and almost smashed into flesh and mud, fell from the air and fell heavily to the bottom of the cave. The Dragon suffered dozens of attacks from Shi Fei and lost its breath.

In this contest, Shi Fei survived!

However, although Shi Fei defeated his opponent, he was not good at all

At the moment, a bloody figure was standing in the cave which had been turned into ruins. His palm trembled and took out a pill. It seemed that he was about to put it into his mouth. However, the pill fell to the ground several times

The later existence of the heaven and earth, in the fierce sea, the existence of powerful wind and cloud, but now, even this simple extremely action, can not do!

He had already hurt the origin, and his strength was retrogressive, but he was able to recover. But after the war with the spirit beast, Shi Fei fell completely into the heaven and earth realm. God!

This is not the worst. What's more serious is that his spirit is on the verge of collapse. The strong soul eating rhyme on the soul eating island makes Shi Fei fall into hell in an instant. He can only burn his cultivation and Shouyuan in a crazy way regardless of his injury and martial arts foundation to keep his spirit immortal, leading to his strength falling sharply again

Shi Fei takes a deep breath and tries to stabilize his palm. He slowly reaches out to the ground and picks up the pill on the ground. This pill is a miraculous soul pill. If you take it, you can save your life

Now Shi Fei has no idea of looking for Qin Hongyue. He just wants to leave the soul eating island as soon as possible and sneak into a secret place he has prepared for healing. Unless he returns to the later stage of heaven and earth, he will never appear again!

Just now, he almost died in the battle with the Jiaolong!

Even if it's a fierce pirate like Shi Fei, he can't help but be frightened!

Shi Fei's fingers were close to the elixir on the ground, which was full of water blue light. There was a smile on his face. He had a premonition that this time, he would be able to successfully deliver the pills into the mouth!

But at this time, before Shi Fei's finger touched the pill, a foot appeared in Shi Fei's sight and stepped on the pill under his feet.

Shi Fei is slightly stunned and blinks one eye. He seems to think that he is hallucinating

In front of him, wave together, a nearly transparent shadow, gradually solidified, Shi Fei slowly raised his head, looked at the indifferent young man in front of him, but showed a ghost like expression!

This man, of course, is Ye Chen!

Shi Fei retreated wildly and exclaimed, "you You're dead already! Why? Why? Why are you here? "

Ye Chen gave a cold smile, the evil in his eyes surged wildly, and a powerful evil spirit broke out from his body. He gazed at Shi Fei and said, "no matter why, you never have a chance to know the answer."

Shi Fei sends out a cry of great fear, concentrates the final strength of his body, and blows out a palm to Ye Chen!

This palm blows out, in Shi Fei's eyes, there is a touch of joy. Even though he is close to the end of the oil and the lamp is dry, this palm still has the power of three layers of heaven and earth!

His limits are burning!

Ye Chen saw this, his eyes were full of cold light, and he suddenly cut off with a sword. The soul was destroyed and the rhyme of the Dao was surging out. The extremely cold sword light instantly collided with the dark palm print!

There was another earth shaking sound. The sword light and the palm print were in a standoff for a moment, but they were still defeated by the surging power of this palm, which gradually broke down!

The next moment, ye Chen's body was instantly engulfed by the palm print! At the bottom of the cave, which had been turned into ruins, there was a dark palm shaped hole!

Seeing this, Shi Fei looks ecstatic. He looks at the hole ironically and laughs: "darn rubbish, do you dare to pretend in front of Laozi? Never know? I was scared. Now, it's not you who died? Waste, always a waste, is impossible to defeat the original! "

When Shi Fei finished, he gasped heavily. Just then, his palm completely emptied his strength. He walked to the deep pit which was blown out by himself, and wanted to get back the miraculous elixir that nourishes the spirit. But at this time, a bloody palm suddenly grasped the edge of the hole!

Shi Fei saw the palm of his hand, his eyes trembled wildly, and he screamed. He was scared to retreat again and again. A figure dyed with blood slowly came out of the cave. His body was full of broken bones and ferocious wounds. He did not know how much blood he had left. However, his face remained indifferent all the time!

As if this is enough to make the ordinary heaven and earth exist serious injuries, are not injuries in general!

What's more frightening is that those wounds are healing rapidly. In a twinkling of an eye, ye Chen has recovered as before!

Stone fly is dull for a moment, on the surface then appeared to be extremely afraid of the look!

This guy is definitely not a man, but a real monster!!!

He no longer has the courage to face Ye Chen. He has to use the secret method to escape from here with the blood all around him. But before he flies far away, his body suddenly stagnates!

Stone fly is incomparably frightening ground to look down, see, his body does not know when it is entangled with a red chain!

Ye Chen's indifferent voice sounded again: "I said, you will never have a chance to know..."

Shi Fei opened his mouth, and the color of begging appeared in his eyes. But before his voice came out, a cold sword light passed over his throat at a very fast speed.

Time, as if there was a moment of stillness, at the same time ye Chen collected the sword, the most powerful head in the later period of heaven and earth also slowly slipped from his neck.

.....

As soon as a vague shadow flashed out of the head, it was about to flee towards the distance. However, as soon as the shadow touched the Daoyun, which was full of soul eating Island, it was like water into the oil pan. The whole body stirred up bursts of smoke, almost melted, and sent out bursts of howling.

This virtual shadow is broken, and nature is the spirit of Shi Fei, which is almost broken!

Chapter 3959

Just then, a palm pressed on the top of the shadow.

From ye Chen's hand, the soul of Shi Fei was swept out of Ye Chen's hand, and the ghost gave out a shrill scream. His face was twisted and the black light flashed wildly. The spirit of Shi Fei turned into Dao Dao Dao grey gas and was inhaled into his body by Ye Chen.

In a twinkling of an eye, this once powerful state of heaven and earth disappeared from the world.

Ye Chen is aware of the sea, and his soul power runs at a high speed, refining the spirit of Shi Fei just now. After a while, he opens his eyes, and his eyes are full of surprise!

At the moment, ye Chen's knowledge of the sea, surrounded by wisps of gold breath, this breath seems to be thin, but exudes a very old, chaotic charm!

He said to xuanhanyu: "I didn't expect that by swallowing up the spirits in the later stage of heaven and earth, we can really get the atmosphere of heaven and earth!"

Xuanhanyu was also a little surprised. Although she reminded Ye Chen to swallow Shi Fei's soul, she did not expect that ye Chen succeeded so easily!

Don't underestimate the atmosphere of heaven and earth. Originally, it's almost impossible for a warrior to get it without stepping into the latter stage of heaven and earth!

What is the Qi of heaven and earth? It is said that the Qi of heaven and earth comes from the way of heaven.

It is the time when the world is still in chaos, so that it can divide heaven and earth and create the existence of all things! After reaching the end of the heaven and earth or approaching the extreme, the martial arts can trace back to the source and have a glimpse of the supreme heaven and earth!

And the breath of heaven and earth is a trace of breath that is contaminated from the myriad ways of heaven and earth at the time of breakthrough.

When the warriors broke through the heaven and earth in the later period, they could see the origin of all kinds of things. Some people saw swords, some people could see gods, some people saw Dan Ding, some people saw stars and moon

No one can say clearly what the universe is, but what they can't deny is the power of the breath!

This heaven and earth breath is the closest to the origin of the existence of breath!

Even if it is contaminated with a ray of heaven and earth, it can make the martial arts change in essence!

In the later period of the heaven and earth realm, the martial arts are very consistent with the spirit power of heaven and earth, the law of Daoyun, and so on. Any martial arts skills and supernatural powers can produce more powerful forces in their hands, and their spirits and physique will also change qualitatively. All this is because of the existence of Qiankun flavor!

Ye Chen has this wisp of heaven and earth atmosphere, compared with the real world of the late strong, is extremely weak, but!

Even so, after absorbing the breath of heaven and earth, ye Chen's spirit power was doubled. Even his rebellious constitution was enhanced, and his spiritual power was condensed countless times!

What's more strange is that his cultivation of the first layer of heaven in the holy ancestral realm almost instantly stepped into the second layer of heaven in the holy ancestral realm!

Now he, even in the face of heaven and earth two or three layers of existence, are confident that he can have the power of the first World War!

.....

A warship, galloping in the wind and rain, is engraved with a golden vertical pupil pattern, which means that the warship is from the golden pupil Pirate Group.

On the bow deck of the warship, there were two men, one with a soft face and a pair of golden pupils, emitting a strange light, while the other was cold and gloomy. There was always a faint smile on his face. It was Li Shan and Xu Ling.

Xu Ling's golden pupil, bright and bright, asked Li Shan, "do you think Qin Hongyue, the first beauty in the North Sea, is really on this soul eating island?"

Li Shan was quite disdainful. He knew that although Xu Ling was much more rational than Shi Fei, he was also an excellent female. Before entering the fierce sea, Xu Ling was one of the famous flower picking thieves in the sea of sinking moon, and committed many serious crimes. Now he has been shut up for such a long time in such a place where there is no beauty, has he been suffocated?

How can we not yearn for the first beauty in the North Sea?

Even if there is no such pill, in order to get Qin Hongyue, Xu Ling may follow him to this soul eating Island, right?

However, this is good. If not, how could he have a chance to kill Shi Fei?

Li Shan's eyes flashed a ray of cold light. In his opinion, although these people's strength is above themselves, they can only become their own tools.

Soon, two people can see the existence of the purple fog from a distance, their eyes, are a light, this soul eating island to!

After approaching the soul eating Island, Xu Ling's eyes burst out with a burst of golden light. Originally, the energy fluctuation was invisible and immaterial. In his eyes, it became clear in an instant, and even the traces of energy left over a long time ago could be seen clearly!

A moment later, Xu Ling was grinning: "Shi Fei really came to this soul eating Island, and the wound is not light."

It seems that Li Shan didn't cheat himself.

Li Shan's face was beaming with joy. To tell the truth, if Shi Fei retreated from the difficulties and found a place to hide, I'm afraid even Xu Ling would find it hard to find him. Then this excellent opportunity will slip away from his eyes.

Fortunately, Shi Fei is as stupid as he imagined.

Li Shan said: "in this case, let's enter the soul eating island! Brother Xu has the power of golden pupil. Even on this soul eating Island, he can't exert his power of spirit. It's very easy to find the stone flyXu Ling shook his head and said, "no hurry."

After that, with a wave of his hand, several pirates sailed in their wooden boats to all directions of the soul eating island. One by one, they were holding array flags to set up a large array around the island!

Seeing this, Li Shan praised: "brother Xu is really careful. He is the same as that year. In this way, Shi Fei and Qin Hongyue are difficult to fly! I'd like to congratulate brother Xu for getting the treasure and seizing the opportunity of advancement. At the same time, I can also hold the beauty home. "

Hearing this, Xu Ling seemed quite pleased and said with a smile: "Li Xiandi, since the black fin regiment has been destroyed, how about you join my golden pupil group after this incident is over? With the friendship between you and me, my brother will never treat you badly. "

Hearing this, Li Shan's eyes lit up with joy and said, "since brother Xu is willing to accept him, it would be better."

In his heart, however, he snorted: "Xuling, I'm older than you. At first, I called me brother Li, but now, I'm called my good brother? Ha ha, sooner or later, I will let you at my feet, bow down and submit to the throne! "

.....

Ye Chen puts away Shi Fei's body, holds his head, and returns to the cave where he stayed before. But suddenly, he looks a little moved and looks out of the island. After pondering for a moment, his body flashes and disappears in place.

In the cave, Qin Hongyue is sitting by the campfire. Her eyes are full of worry and anxiety. If she hadn't been able to resist the chill, she would have gone out of the cave to look for ye Chen

Chapter 3960

Although Ye Chen's plan does not seem to have any major flaws, but in the face of the existence of a later stage of heaven and earth, even if the other party's strength declines due to serious injury, how can it be so accurate?

It's not the weak who can walk to the end of heaven and earth. After so long, ye Chen hasn't come back. What's wrong?

At this time, the figure at the entrance of the cave flashed, and Qin Hongyue's beautiful eyes brightened, but her heart was also raised in an instant. She knew that if Ye Chen was defeated in the battle, it would be Shi Fei who came in.

Although she is a businessman, with interests above everything and extremely rational, death is a more valuable choice for her than to fall into the hands of Shi Fei.

Soon, the figure gradually became clear in the light of the fire. When she saw the indifferent and beautiful face, Qin Hongyue finally breathed a breath and unconsciously showed a smile on her pretty face.

Ye Chen goes to Qin Hongyue's side, with a wave of hand, throws a dark, round thing in front of the bonfire. Qin Hongyue is slightly stunned and looks at it intently, but it is a head!

Shi Fei's head!

For a moment, the atmosphere in the cave, some dignified, the whole world, seems to be quiet down.

Qin Hongyue gazed at the head. In her beautiful eyes, the water mist was rising, and her tears rolled down like broken pearls. She knelt down to the void, saluted, and choked: "aunt Lin, members of the North Han chamber of Commerce, your revenge..."

After all, the inheritor of Beihan chamber of Commerce, who had always been shrewd and calm, collapsed and burst into tears like a child.

Ye Chen sighed and handed over his handkerchief.

A faint look of regret flashed in his eyes. The reason why he took more care of Qin Hongyue was not that he had any special idea for her, but because of his guilt. If it were not for himself, Qin Hongyue would have returned to the northern Han chamber of Commerce and enjoy the leisure after work?

That has been with her since childhood, almost like a mother, looking at her growing up aunt Lin, will still be around her?

Although this matter is a transaction between the two people, not Ye Chen's responsibility, but looking at Qin Hongyue's strong suppression of inner feelings, or let Ye Chen's heart some unbearable.

The reason why he wanted to kill Shi Fei was in large part to avenge Qin Hongyue.

Although Qin Hongyue does not approve of Ye Chen's adventure, she obviously hopes that Shi Fei will die more than anyone else!

A moment later, when Qin Hongyue's mood eased down, Ye Chen said, "OK, we should go out. If we drag on, the array will be completed."

Hearing this, Qin Hongyue changed her face and said, "array? What's the meaning of array? "

Ye Chen said: "Li Shan has brought his helpers to the outside of the island. He is arranging an array. Presumably, it is to deal with Shi Fei. Although Shi Fei is dead now, it does not mean that they will let me go."

Hearing this, Qin Hongyue frowned and said, "what strength is Li Shan and his helper?"

Ye Chen said: "Li Shan is in the late period of the Qiankun period. However, he is now suffering from injuries. It is estimated that he can only exert his strength at the early stage of the reign of heaven and earth, and his helper should also be in the later stage of the heaven and earth."

Hearing this, Qin Hongyue breathed heavily and said, "ah? At the moment, he is outside the island. How can I leave the island? It's better to hide in the soul eating island. You can exert your power on this island. It's not easy for them to find us. After a long time, if they can't find the trace of us and Shi Fei, they will think that Shi Fei has left and give up the search? "

Ye Chen shook his head and said, "I'm afraid it won't work. Just now I saw this man exert his magic power. It seems that he can sense the subtle changes of energy fluctuation and the traces left behind. Even if I have the power of mind, it's not easy to avoid his tracking..."

Qin Hongyue looked a little ugly and said, "is that person you said born with a pair of golden pupils?"

Ye Chen said, "not bad."

Qin Hongyue bit her lip and said, "now, what should we do? I heard that Xu Ling She's a very good woman. She's a famous flower picker. If we just go out like this..."

Ye Chen looked at the head on the ground and said, "don't worry, we still have a amulet."

.....

Around the soul eating Island, there is an aura rising from the sky, which is about to form an array. Li Shan and Xu Ling are also moving. They fall on the island and will walk out towards the island.

At this time, a man and a woman appeared in front of them. The pupils of Xu Ling and Li Shan shrank and looked at the couple.

See that man, look indifferent, eyes slightly cold, it is Ye Chen.

Xu Ling's eyes flashed from his body and fell on the girl with red skirt beside him!

The next moment, Xu Ling's eyes suddenly flashed a very greedy light, just like a wolf who had been hungry for hundreds of years and suddenly found a lamb!

This red dress girl has a unique appearance and elegant temperament. In her beautiful eyes, she contains a shrewd light. She is the successor of the North Han chamber of Commerce and is known as the first beauty in the North Sea. With an evil smile on her face, Xu Ling said to Qin Hongyue, "Miss Qin? It's better to see than to hear. It's so beautiful! When I was walking in the sea of sinking moon, I always

wanted to have a kiss with Fangze. Unfortunately, the northern Han chamber of Commerce was so strict that I never had a chance

I didn't expect that today's God made the beautiful, which promoted the marriage between you and me. This is really the arrangement of fate! Miss Qin, don't you think so? "

However, although Xu Ling seemed to be burning with desire and impatience, he did not act rashly

Because I haven't seen Shifei yet!

Even if Xu Ling is lustful, he doesn't dare to play with women in front of the enemy.

In his eyes, the golden light flashed, and he wanted to find the trace of Shi Fei through the remaining traces of energy

The energy fluctuation of Taoism appears in his eyes. He is preparing to look around, but when his sight touches ye Chenzhi, his look suddenly changes!

He exclaimed in disbelief, "the devil's gate? It's a ghost gate

At the moment, ye Chen's whole body, exudes a very strong evil spirit, faintly turned into a gate crowded by countless evil spirits, which is called ghost gate! Xu Ling, it's not a time to see

Can, the weather of the ghost gate pass, is generally those big fierce place, can have!

Now it's in a person?

If you want to see such a vision in a person, either he has just committed countless murders and killed hundreds of millions of living creatures, or he has killed some supreme existence by himself!
