

Physician 3961

Chapter 3961

For a moment, Xu Ling looked at Ye Chen's look, and he was also a little suspicious, because he not only saw the ghost gate vision in Ye Chen, but also the residual wave of the battle and the breath of flying stone!!!

At the same time, he also found that he could not see through the cultivation of the indifferent youth

What does all this mean?

The answer seems to be coming out!

Li Shan looked at Ye Chen and frowned: "brother Xu, what's the matter? This boy should have some kind of exotic treasure with hidden cultivation. The spy lurking on the merchant ship once reported it. However, the spy has some kind of magic power to explore the cultivation. He also said that he is not strong enough to care too much.

The man was just a layer of heaven and earth. Although he finally died in the hands of this boy, since he said that he was not strong, even if there were misjudgments, at most, it was the strength of heaven and earth?

Anyway, it won't exceed the later period of heaven and earth. Otherwise, he doesn't have to choose to escape when facing Shi Fei, does he? "

"Don't care?"

On Xu Ling's forehead, there were drops of cold sweat. His eyes swept Li Shan coldly and said, "do you know what he did? Just say you don't care? If you don't mind, do you want to try? "

Li Shan's face changed slightly and his eyes flashed. Although he was almost sure that the boy was not Xu Ling's opponent, he could not guarantee that he could defeat him

This man can easily kill the spies in the heaven and earth, and his strength is very likely to be hidden. Even if he defeats Ye Chen with his injured strength, he will aggravate his injury and even shake the foundation of martial arts

However, what makes him care most is why Xu Ling suddenly becomes so timid? And what did he mean by that?

What did this kid do?

As if hearing Li Shan's inner question, ye Chen suddenly waved and threw a round thing in front of Xu Ling and Li Shan.

Two people look at that thing fixedly, are can't help but pupil a shrink!

This is the head of Shi Fei!

Xu Ling had expected something in his mind, but it was better. He just affirmed his idea

But Li Shan's look, is completely changed!!!

What's going on here!?

How could Shi Fei die in this boy's hand!?

For a time, his whole person seems to be frozen in general, like an ice sculpture, standing still in place, brain blank!

How did this boy do it in the end!!!

Is his judgment of his strength wrong?

At this time, the wind howled, and a breath suddenly burst out of Ye Chen's body. He looked at Xu Ling and Li Shan coldly and said, "what? Do you want to stay on this soul eating island with Shi Fei as a companion? Don't you go away? "

This time, Li Shan has not done well, but Xu Ling is pale!

His eyes trembled violently. He looked at Ye Chen as if he had seen a ghost. He exclaimed, "the breath of heaven and earth? Do you have the breath of heaven and earth? You are the later existence of heaven and earth

Hearing the speech, Li Shan became more and more frightened, and his heart felt to stop beating!

All this gave him a very unreasonable feeling!

Xu Ling has the golden pupil ability and is extremely sensitive to all kinds of energy. Moreover, he has half stepped into the seven layers of heaven and earth. Although he has not been contaminated with the atmosphere of heaven and earth that can be controlled by the later period of heaven and earth, he has a certain understanding of this energy and will never admit it wrong!

Only when the real heaven and earth exist in the later period, can we have the atmosphere of heaven and earth!

Originally, the Qi of heaven and earth that seemed too thin was magnified because of Xu Ling's golden pupil ability and various previous psychological hints!

Looking at the change of Xu Ling's look, Li Shan shook his head wildly and said, "no way! It can't be like this! Brother Xu, this boy must have played some tricks. Don't be cheated by him! "

Hearing this, Xu Ling looked like a cat whose tail had been trampled on. He glared at Li Shan and said, "do you want to die? Shut up your dog's mouth

This waste led himself to this ghost place, not only did he get nothing, but also provoked a later existence of heaven and earth?

Now, you're still stirring up the flames here, even if you want to die by yourself, but you still have to pull him to be buried with Xu Ling?

If he didn't care about ye Chen's existence, he really wanted to crush Li Shan to death!

Li Shan was frightened by Xu Ling's murderous spirit and had to shut his mouth with an ugly look.

With a smile, Xu Ling saluted Ye Chen and said, "this elder, all these are misunderstandings. We came here to kill the evil thief Shi Fei. Since the evil thief has been killed by the elder, there is nothing for us here. If the elder has no other problems, we will leave first."

Ye Chen light way: "go, if not I and this stone fly a war, some consumption, not suitable to start, you are dead now." Xu Ling nodded secretly. He could see that ye Chen had been seriously injured before, which also explained why a heaven and earth realm existed in the later period and wasted time talking to them here.

Li Shan's eyes flashed a strong unwilling look. He knew that Shi Fei had a treasure in his hand. Only he knew the value of the treasure. Originally, he wanted to find an excuse to get it from Xu Ling, but now, it seems that there is no chance

However, he did not believe that ye Chen existed in the later period of heaven and earth. After all, if so, why didn't he join hands with aunt Lin to fight against Shi Fei?

Why did he choose to enter the soul eating Island instead of defeating Shi Fei?

All this reveals contradiction and strangeness!

However, he couldn't explain why the boy could put Shi Fei's head in front of them!

Although he does not have the power of Xu Ling, he can also see from his experience that this head was cut off before he died!

Moreover, if the boy really has a problem, why is he so calm at the moment?

Therefore, really let him alone to Ye Chen, is ten thousand does not have that courage.

Xu Ling and Li Shan left bitterly. Naturally, the battle ship with golden pupil pattern left the island without cloth.

Qin Hongyue sees that the other party is completely away from the soul eating Island, and then she spits out a mouthful of turbid gas. Even with her calmness, she is so nervous that her breath will stop!

She looked at Ye Chen, who was still calm and self-confident. In her beautiful eyes, she couldn't help but shine!

It is not so simple to frighten Xu Ling and Li Shan away. The reason why Ye Chen can seem so easy to do is to make use of each other's advantages to avoid being seen any flaws, etc!

Qin Hongyue, who was born as a businessman, was greatly appreciated by his composure and ingenuity!

Ye Chen and Qin Hongyue return to the place where the warship is buried, take it out, and leave the soul eating island. Ye Chen looks back at the fierce island surrounded by purple fog. There are many rare and wonderful spirits on the island. If you have the chance, you can go to the island again, hunt some ghosts and collect the soul crystals.

However, the dragon is also one of the top soul beasts on soul eating island. It has got the soul crystal of the dragon, which is more fruitful than killing hundreds of low-level animals!

The island shrouded by purple fog gradually disappears from ye Chen's sight, and the blue warship continues to move towards the Red Sea.

.....

Chapter 3962

.....

On a warship with a gold pupil engraved on it, Li Shan looked embarrassed and said to Xu Ling, "brother Xu, I didn't expect that things would look like this..."

All of this is really a little strange.

Hearing this, Xu Ling glanced at Li Shan and said with a smile, "it doesn't matter. I don't have any loss."

Li Shan's eyes flashed with joy. He was afraid that Xu Ling would resent himself for this

He hesitated for a moment, and then he said, "brother Xu, what I said before about joining the Pirate Group of Jintong..."

Now Lishan has returned to the state that he had just entered the fierce sea. It is better to stay here with Xu Ling than to get angry in the bandits' regiment.

Hearing this, Xu Ling didn't answer Li Shan's question directly. Instead, he asked, "Li Xiandi, how did you survive the battle between the black fin regiment and the northern Han chamber of Commerce?"

Li Shan slightly a Leng, Xu Ling asked this to do?

However, he still replied: "the power of the explosion focused on Shi Fei, so I was lucky to survive..."

"Is it?" Hearing this, Xu Ling raised a sneer and said, "you are the small leader of the second ship in the black fin group, right? The strength of a boat's Longqu is almost the same as that of you. Even if he had repaired his body, his vitality should still be above you. According to what you said, only you and Shi Fei survived in the black fin regiment. I want to know why you are alive when Longqu is dead? "

Hearing this, Li Shan looked awe inspiring. His eyes flickered at Xu Ling and said, "maybe I'm lucky Maybe the Longqu is still alive, but I didn't find out. "

"Is Longqu still alive?"

Xu Ling's expression became more and more sarcastic and said: "brother Li, we have cooperated for so many years, and we can be regarded as knowing the root and the bottom. If you have the unique skill of fake death, can you hide it from me?

It is precisely because of this that you have escaped Shi Fei's exploration, right? Otherwise, Shi Fei should have pursued Qin Hongyue with the remaining members of the black fin regiment. However, you didn't mention a word at the beginning, because you are very sure that the black fin regiment is completely destroyed. Only you and Shi Fei can survive, right? "

Li Shan frowned and said, "what do you want to say, brother Xu?"

Xu Ling said faintly: "everyone is dead, even Shi Fei is seriously injured. I think about it. The reason why you are alive is that you found this in advance to defend yourself?"

Li Shan was silent for a moment and said, "so?"

Xu Ling said, "but you didn't tell Shi Fei?"

Li Shan said, "so what? There is no difference between Shi Fei's treatment of me and that of a dog, and I think there is something wrong with his death, because he has hurt my shoulder

Xu Ling said with a smile: "of course not, but this reminds me of one thing..."

"What's the matter?" Li Shan frowned

Xu Ling looked at Li Shan and said: "at that time, you and I committed a crime together, and I was hunted for it. Later, I realized that it was because I left evidence carelessly for a moment, but why was I the only one exposed?

I always thought it was my bad luck. Now, Li Xiandi, I underestimated you. You should have discovered the flaw and knew that it would be revealed because of my carelessness? "

Hearing the speech, Li Shan's pupils shrank. Even though he tried to control his expression, his facial muscles were still stiff. He forced a smile and said, "what are you talking about, brother Xu?"

Xu Ling ignored him and continued: "but, you only deal with the traces for yourself, and then, wait for me to be hunted?

Even give me the information in advance to let me escape into the fierce sea?

Hehe, at the beginning, I was very grateful to you. Now it seems that you are just worried about confessing you after I am arrested? "

Hearing the speech, Li Shan's face was completely gloomy. He forced a smile and said, "brother Xu, I'm just a good intention. You misunderstood..."

Xu doesn't want to let him live from now on!

With a faint smile, Xu Ling walked towards Lishan step by step. The tight smile on Li Shan's face finally collapsed. In his eyes, there was a look of incomparable fear

After a moment, Xu Ling wiped the blood on his clothes and said to himself, "does a wounded heaven and earth exist? With the first beauty of the North Sea? This news is worth a lot of money..."

After that, he took out a jade rune.

.....

Beihai, a huge and brightly lit Island, looms in the clouds.

The island is called Beihan Island, which belongs to Beihai first chamber of Commerce and Beihan chamber of Commerce.

In the center of Beihan Island, there stands a towering giant tower, which is called Beihan tower. It has 1000 floors and is the headquarters of Beihan chamber of Commerce!

If the tower is more than 900 storeys, it belongs to the president of Beihan chamber of Commerce. Qin Xiaofeng is unique. Even the senior leaders of the chamber of Commerce want to enter the above 900 floors, they also need the permission of the president!

At the moment, there is a tall, thin, white haired, but hale and hearty old man, full of anger to push open the door of the 1000th floor of Beihan Tower!.....

In the main hall on the 1000th floor, there are several personages of high temperament, who bow their heads and serve them respectfully.

As soon as the old man entered the door, he said in a deep voice, "what's the matter with her! Is it clear? "

A middle-aged man with some rickets bowed to the old man and said, "Sir, it has been found out that the merchant ship has indeed exploded, and Lin Xianzi has also fallen..."

This old man with white hair is Qin Xiaofeng, the president of Beihan chamber of Commerce!

He had been working in the East China Sea, but when he heard that there was an accident with the merchant ship where Qin Hongyue was, he rushed back recklessly.

Hearing this, Qin Xiaofeng's face changed suddenly, as if a thunder had hit his spirit

After so many years of experience in the business world, he has already developed the temperament that Mount Tai collapses in front of him, but this time, he can no longer hide the shaking of the content!

Qin Xiaofeng, for the first time in tens of thousands of years, has changed his face!

Even if it was the northern Han chamber of Commerce, which he had spent countless efforts to build, Qin Xiaofeng could not blink his eyes once it was destroyed. If there was anything in the world that could shake the nerves of the giant merchant

Then only his daughter, Qin Hongyue!

Qin Xiaofeng mouth crazy shaking, brain is a burst of dizziness, almost stand unsteadily!

Seeing this, the rickety middle-aged man suddenly appeared on the side of Qin Xiaofeng's body, helped the old master's body, and said, "master, be calm, don't be impatient. The young lady has sent a spiritual message. She has nothing to do now, and is going to Chihai..."

When Qin Xiaofeng heard the words, he breathed out heavily. A look of madness appeared in his eyes. He said, "now, mobilize all the strength of our Beihan chamber of Commerce to enter the fierce sea. At all costs, we will ensure that Yueer enters the Red Sea safely."

Chapter 3963

He doesn't understand why Qin Hongyue, who has always been steady, would enter the fierce sea so rashly. But now he doesn't care at all. He just wants his own daughter, safe and sound!

Qin Xiaofeng even regretted that he would cultivate Qin Hongyue as the successor of the northern Han chamber of Commerce. Otherwise, how could Qin Hongyue encounter such a danger?

Hearing this, the rickety middle-aged man frowned and said, "president, those pirate groups in the fierce sea will not allow us to do this..."

The pirates in the fierce sea have their own territory and sphere of influence. Generally speaking, the well water does not invade the river. However, if there is a big force that wants to attack the fierce sea, then these outlaws will unite to fight and resist at all costs!

The reason why the fierce sea is still a place without jurisdiction for so many years is that there is a balance between the pirates and the forces of the Sunmoon sea. Although some rules are not put on the surface, they are more binding than any contract!

Pirates allow merchant ships to enter the fierce sea. Sometimes, even if a merchant ship enters their sphere of influence, they will let them pass safely. However, they will never allow more than three merchants of the same force to exist in the later period or even the peak of the same force, and appear in the fierce sea at the same time!

Because, in that case, it will break the balance between each other.

Qin Xiaofeng roared: "no? If you don't allow me to die! Even if I fight all the things of Beihan chamber of Commerce, I also want to ensure that my daughter leaves the fierce sea safely!

Now, give me to contact Guanghan hall and the killer organization. No matter how much it costs, I can pay for it. Let them help me clean up the West Red Sea of evil! "

The service in the hall of a number of North Han chamber of Commerce worship, are looking at Qin Xiaofeng, obviously, by his courage!

Qin Xiaofeng is just a heaven and earth seven layers of heaven and earth. He has limited martial arts qualifications. Even though he has numerous martial arts resources, he has little hope in this life. He has broken through to the original territory. But now, even those powerful people in the later period of the heaven and earth realm are also moving!

The rickets old man heard the words and looked sad. He knew that the president was impulsive. Even if he emptied the northern Han chamber of Commerce and set off a war against the fierce sea, he might

not be able to improve the situation. Instead, Qin Hongyue would be in danger. But in this world, where is a father who is not impulsive when his daughter is in danger?

For a while, this middle-aged man who followed Qin Xiaofeng for countless years did not know how to open his mouth and persuade the old master.

At this time, there was a loud bang, and the door of the 1000th floor of the Beihan tower opened with a bang. Qin Xiaofeng's eyes flashed with anger and said, "who dares to intrude into my Beihan tower? What's the gatekeeper doing

A woman with a white face rushed into the hall and reported: "please forgive me, the guards can't stop this man..."

At this time, a figure, slowly appeared in front of everyone.

A young man dressed in a black robe, with a cold face, a bright eyebrow and an awe inspiring temperament, stepped into the hall, looked at Qin Xiaofeng, and said with a smile: "I have met chairman Qin at the law enforcement Hall of xiaxihai, Lin Jianqing."

Qin Xiaofeng looked at Lin Jianqing, and his eyes flashed with cold. After a moment's silence, he said coldly: "let's kill him!"

For a moment, everyone was shocked to see Qin Xiaofeng

Even Lin Jianqing is a little dull. Although he shouldn't have broken into Beihan tower, he didn't kill himself directly, did he?

Lin Jianqing's reputation has also been heard. Although several people join hands, they should have a chance to defeat each other. It's not a trivial matter to kill a law enforcement hall master!

Seeing that the worshippers had not started, Qin Xiaofeng snorted coldly. He actually carried the sword and cut it toward Lin Jianqing. However, the sword had not been cut off. The rickety man blocked Qin

Xiaofeng's body with a wry smile on his face. With a quick finger, he fixed Qin Xiaofeng's sword in the air.

He is also a strong man in the eight layers of heaven and earth!

Qin Xiaofeng roared: "Huang Qi, even you want to stop me? The reason why the girl of Yue'er entered the fierce sea must have something to do with this boy. If it were not for him, how could my precious daughter be in danger? Get out of the way! I'm going to kill him

However, after hearing Qin Xiaofeng's words, Lin Jianqing's whole body was full of the breath of the later period of the heaven and earth realm. Unexpectedly, the whole north cold tower trembled for it. The pupils of those late worshippers of the heaven and earth realm and Huang Qi all shrank their pupils and looked at Lin Jianqing.

Huang Qi, who was worshipped in the later period of the heaven and earth realm, and Huang Qi was full of spiritual power. He was ready to go, in case Lin Jianqing suddenly made a move.

However, to their surprise, Lin Jianqing was extremely anxious. She did not mean to do anything. Instead, she pursued Qin Xiaofeng and asked, "Miss Qin is in danger? What's going on? Why did she go to the fierce sea

Everyone can't help being stunned. What's Lin Jianqing's reaction?

Even Qin Xiaofeng looked at him with a strange look. He slowly put away his sword and said, "Why are you here?" Lin Jianqing also calmed down. Although his eyes were still fierce, his attitude towards Qin Xiaofeng was polite. He said: "someone has sneaked into our Western sea. According to the investigation of our law enforcement hall, this person may be lurking on Miss Qin's merchant ship. Therefore, I found this place in order to investigate this matter clearly."

Qin Xiaofeng's eyes flashed slightly. He had been in business for many years. Almost instantly, he figured out the key to it. The reason why his daughter rashly entered the fierce sea should be related to the man who sneaked into the West Sea. She was so adventurous that she was afraid that Lin Jianqing would come to her door.

Looking at the handsome young man in front of him, he suddenly opened his mouth and said, "you also heard that Yue'er has entered the fierce sea. Moreover, I can tell you that the merchant ship of Beihan chamber of Commerce has been destroyed in the attack of the pirates. You should know more about Yueer's present situation and how dangerous it is."

When Lin Jianqing hears this, his eyes are deep, and he has a vague intention to kill him. He falls in love with Qin Hongyue at first sight. How can he tolerate her falling into the hands of pirates!

He turned around without saying a word, and he was going to walk towards the door. He was a man with a clear distinction between public and private affairs. Even if he liked Qin Hongyue, he would still pursue the case. But now, compared with the boy who sneaked into the West Sea, Qin Hongyue's life is obviously more important in his eyes!

Qin Xiaofeng said, "where are you going?"

Lin Jianqing's whole body suddenly sent out a way of killing: "kill into the fierce sea, save people!"

Chapter 3964

In Qin Xiaofeng's eyes, a smile appeared for the first time. Instead of opening his mouth, he looked at Huang Qi on one side.

Huang Qi understood this, and said to Lin Jianqing, "master Lin, if you lead your army into the fierce sea, you will easily get the opposite result. How about following us into the fierce sea?"

As long as there are no more than three Heaven and earth realms on each merchant ship, the hidden rules of the fierce sea will not be triggered. The worship of Lin Fa FA Zhu, I, and a northern Han chamber of commerce is enough to cope with most of the forces in the fierce sea. "

Although Qin Xiaofeng wanted to enter the fierce sea just now, he would not do so until he had to. It's just that, except Huang Qi, the strength of other people in the late Qiankun period of the northern Han chamber of Commerce was not very strong in the late Qiankun period. Huang Qi, together with two

worshippers, might not have much chance of winning when he met some top pirate groups in the fierce sea!

The most important thing is that when it comes to the fight between life and death, these offerings, except Huang Qi, will not fight with all their strength, but will think about how to protect themselves.

However, with Lin Jianqing, the situation has completely changed!

Although Lin Jianqing was also a warrior in the later period of heaven and earth, who could practice Kendo, his combat power was beyond the same level. Moreover, Lin Jianqing was an immortal genius in kendo. Otherwise, he would not be qualified as the master of law enforcement hall.

What's more, Qin Xiaofeng has been wandering in shopping malls for so many years. How can he not see Lin Jianqing's Thoughts on his daughter?

As for the spy who sneaked into the West Sea, although Qin Hongyue didn't mention it in the lingxun, Qin Xiaofeng thought that he might have died in the battle with the Pirate Group. Even if he was still alive, it was not his concern. Now the most important thing is to ensure the safety of Qin Hongyue!

After all, Qin Xiaofeng is a businessman, not a rash man. No matter how angry he is, he will not really be angry.

Moreover, there is also a key, that is, after Lin Jianqing joins in, he may be able to solve a crucial problem with the help of Guanghan hall!

When Lin Jianqing heard the speech and pondered for a moment, he nodded. Even if he was willing to lead his troops into the fierce sea, the Guanghan hall in Xihai would not agree.

.....

In the fierce sea, on an island which covers an extremely wide area, is full of trees and even has many exquisite attics and palaces, full of women's laughter and a harmonious atmosphere. If anyone sees this scene, he will not believe that there is such a place in the fierce sea?

This island, which is not in harmony with the fierce sea, actually belongs to an existence that scares countless chambers of Commerce.

A very graceful woman, holding a jade talisman, walked into a magnificent hall.

On the main seat of the hall, there is a bald man with huge body and full of beard. On the man's skin, there are dark red scales!

This man is the master of this island, known as Zhou Ji, the king of red scales!

What is surprising is that at the moment, Zhou Ji is surrounded by more than ten women, who are pinching their shoulders and legs for him. Although these women are not the most beautiful women, they are also beautiful!

In the fierce sea, women are extremely rare, let alone some beautiful women!

Can, this week Ji side unexpectedly has so many quite beautiful woman?

We can see how powerful its strength is!

In this fierce sea, it is not easy to keep so many women.

At this time, the woman holding the jade talisman saluted Zhou Ji and said, "Reverend, there is a person who claims to be Xu Ling looking for you."

Zhou Ji hears the speech and raises his eyebrows. Although Xu Ling's strength is far inferior to his own, he has the golden pupil ability, and can discover something that even the later existence of heaven and earth can't find. Therefore, Xu Ling also acts as an intelligence dealer in the fierce sea.

After a moment's silence, Zhou Ji nodded his head and said, "bring the jade Fu."

He took the jade Fu and said, "Xu Ling, what can I do for you?"

Although Xu Ling is also the master of a bandit group, in Zhou Ji's eyes, he is nothing but a little curious. He suddenly sends a spiritual message. What's the matter.

Xu Ling said with a smile, "red scale king, have you heard of Qin Hongyue?"

Zhou Ji heard the speech, and his eyes brightened up in an instant!

Why did he get so many women?

It is because Zhou Ji is very lecherous!

Even compared with Shi Fei, there is no less than that!

After a moment, Xu Ling put down the jade Fu and said with a sneer: "Qin Hongyue, since I can't get you, I can only destroy you."

He knew that the more beautiful a woman came to Zhou Ji's hands, the more miserable the end would be. For a woman like Qin Hongyue, who was comparable to heaven and man, I'm afraid she couldn't hold on for three days?

On the red phosphorus Island, Zhou Ji suddenly stood up and said, "everyone, follow me to the sea!"

A shout of cheers, soon, there are four engraved red dragon regiment warships, sailing into the sea, momentum!

However, the most frightening thing is not the four warships, but around the warships, there are two extremely huge beasts! This fierce beast sends out the breath of the later period of heaven and earth!

.....

A blue light, flying over the water, look carefully, it is a blue warship, in the bow, standing a man and a woman, naturally Ye Chen and Qin Hongyue.

Although they had passed through many difficulties, their looks were not relaxed at all, but rather dignified. Before leaving the fierce sea, no one knew what would happen.

At this time, ye Chen suddenly stopped the ship and looked in a certain direction with a slight change in her face. Qin Hongyue saw this and frowned. Just as she wanted to ask why Ye Chen stopped the ship, the shadows of the four warships had already appeared in her sight!

"Damn it!"

Even Qin Hongyue, who has always been calm, is a bit agitated. There are too many crises they have encountered in this fierce sea trip!

This pirate regiment has four pirate ships, and the strength seems to be still above the black fin regiment of Shi Fei!

Even ye Chen's brows were locked and his face was extremely heavy. He said slowly, "among the thieves, there is a warrior with extremely terrible strength and two fierce beasts in the later period of heaven and earth. Things are in trouble..."

Although he startled Xu Ling, it does not mean that he can hide from the real strong!

What's more, now, what he has to face is three strong men?

With Ye Chen's nature of mind, they can't help feeling a burst of weakness in his heart, and Qin Hongyue is even more beautiful!

Even if ye Chen goes against the sky beyond her imagination, she is very clear that ye Chen's strength is far from the real world!

All of a sudden, she had a long sword in her hand. When her wrist moved, she stabbed at her heart!

Ye Chen pupil shrinks, a hand, then with two fingers, clamped the blade.

Qin Hongyue said faintly: "let me die, you should also be very clear, we have no hope, and it is better to die than fall into the hands of these pirates!"

Chapter 3965

Ye Chen gazed at Qin Hongyue, and his eyes flashed slightly: "things may have a turning point. You don't have to worry. Even if I'm not the opponent of this pirate group, I can promise you that I will never let you fall into the hands of these pirates."

Ye Chen does have this self-confidence. Although his strength is only equivalent to the existence of the two layers of heaven and earth, but if he goes all out to explode himself, the power generated will be far more powerful than the merchant ship of the northern Han chamber of Commerce!

If he's really driven to a dead end, he'll blow himself up and take all the people here!

At this time, the four warships had already sailed around the blue warship that ye Chen and Qin Hongyue had taken, surrounded them. At the same time, two huge figures appeared in front of Ye Chen and Qin Hongyue.

When they looked at the figure, they saw that one of them was a giant shark like beast, which slightly revealed its fins and part of its body, just like a hill. On its fins, there was a faint electric light around it, while the other figure was black and white, very similar to the killer whale ye Chen had seen on earth!

These two huge figures are the fierce beasts in the later period of the heaven and earth!

Seeing these two monsters, Qin Hongyue's heart became more and more heavy.

On the deck of the merchant ship in the front of Ye Chen, there stands a bald man with surging prestige. He stares at Ye Chen, frowns slightly, and his eyes flash a trace of doubt!

Zhou Ji, as the late existence of the heaven and earth realm, naturally perceived the heaven and earth atmosphere disguised in Ye Chen's body, but what puzzled him was that the heaven and earth atmosphere was too weak!

Although, each martial arts advanced into the heaven and earth realm later, the flavor of heaven and earth is strong and weak, but it is not as weak as this?

His eyes twinkled, and suddenly he said, "boy, you are not the late existence of heaven and earth?"

Although it is almost impossible for those who have not advanced to the later stage of heaven and earth, Zhou Ji knows that some martial artists who are extremely gifted with heaven and earth will have a chance to touch the spirit of heaven and earth when they are close to the later stage of heaven and earth.

These people only exist in the legend, and it is difficult to do it with today's martial arts. However, Zhou Ji had seen such an existence in his early years. Once they stepped into the realm of heaven and earth, they could have the strength far beyond the same level, or even surpass the level to fight!

Ye Chen did not answer, but Qin Hongyue's pretty face became more and more pale. Even the final bluff card was also seen through. What hope do they have?

Seeing ye Chen looking like this, Zhou Ji affirmed his guess and burst out laughing and said:

"Xu Ling, that fool, was scared away by you? It seems that you were hurt a lot in the battle with Shi Fei, right? Otherwise, there is no need to play this kind of means Boy, I'm Zhou Ji, the red scale king. Now, I'll give you a chance. If you're willing to obey me, I can spare you a life. What do you think? "

Zhou Ji stares at Ye Chen's eyes. If he can get such a Wudao demon, once Ye Chen advances to the original territory in the future, then the red scale bandit group will be able to compete with the four pirate groups in the West chioming sea!

Originally, he just wanted to get Qin Hongyue, but he had such an unexpected harvest!

Of course, Zhou Ji will plant a mark in Ye Chen's body with some kind of treasure!

Qin Hongyue's face moved. It seems that Zhou Ji has misunderstood something. He even thinks that ye Chen has the strength to defeat Xu Ling?

And the pirates on the four warships heard the speech, they were shocked to the extreme, looking at Ye Chen's eyes, all with jealousy!

At the beginning, in order to join the red scale Pirate Group, they tried their best and risked their lives to complete the task given by Zhou Ji. Only then did they have the qualification to become one of them!

Why did he get such a chance so easily?

What's more, it's still under the circumstances of death!

I can only say that the boy's luck is a little bit too good!

But at this time, an unexpected scene appeared!

Ye Chen's eyes flashed slightly, and his mind turned wildly. He suddenly opened his mouth and said faintly, "is Xu Ling telling you our whereabouts?"

Zhou Ji said with a smile: "yes, ha ha, if you are not happy, I can help you kill him, as long as you join my command!"

The pirates were surprised. Zhou Ji was willing to do this for ye Chen?

It can be imagined that if ye Chen joined the red scale bandit group, what kind of status would ye Chen have!

Ye Chen was silent for a moment and said, "let me join you, but I have one condition."

"Conditions?"

Those pirates smell the words, look at Ye Chen, can't help but scoff at Ye Chen. Is this waste qualified to raise conditions?

Zhou Ji was lucky to let him join us!

But he wants to make a condition?

What a fool!

They are very clear, Zhou Ji is always the most dislike someone to negotiate terms with himself!

When Zhou Ji heard this, his face was a little cold. When the pirates saw this, they were more and more gloating. Hehe, there was a chance to live or even get lucky in misfortune. However, he was completely ruined by this boy!The next moment, Zhou Ji slowly opened his mouth: "you, talk about it."

What?

A lot of pirates can't even believe their ears!

Zhou Ji, let this boy talk about it?

Then, it means to accept Ye Chen's conditions!

Their look at Ye Chen has changed from jealousy, sarcasm to horror!

What's the origin of this boy?

How could Zhou Ji, who has always had a high vision, do this?

Ye Chen pointed to Qin Hongyue and said, "protect her from the fierce sea. If so, I will promise your conditions."

Hearing the speech, Qin Hongyue suddenly turns her head and looks at Ye Chen in shock. Her lips are light. She seems to want to say something, but she is stopped by Ye Chen.

The pirates laughed again, and the boy was finished.

No matter what he has to appreciate, it's useless.

Who doesn't know, Zhou Ji loves women most. This time she went to sea for Qin Hongyue, who is known as the first beauty in the North Sea!

But what about ye Chen?

But let Zhou Ji protect Qin Hongyue from the fierce sea?

Ha ha

You know, Zhou Ji for women, but I do not know how many pirate groups.

Zhou Ji's expression was also momentarily gloomy. He said with a sneer: "boy, don't be too arrogant. Talk about the conditions with me? Are you sure you're not looking for death? "

Ye Chen hears the speech, a black light suddenly erupts from the body, that a group of pirates, all of a sudden back cold, a very strong destruction of Daoyun, suddenly enveloped them!

Zhou Ji had a flash in his eyes and said, "destroy the Shinto?"

He was a little moved. Before he entered the realm of heaven and earth, he possessed the spirit of heaven and earth in his later period. At the same time, he also mastered the God of destruction?

Is this guy a little bit too bad?

Chapter 3966

Ye Chen gazed at Zhou Ji and said faintly, "you should know what kind of power can a warrior who has the power to destroy Shinto if he explodes himself? You can try it. "

At the moment, ye Chen's whole body suddenly surges a torrential and fierce breath, just like a wild ancient Warcraft, its ferocity, even those brutal pirates, can't help but tremble in their eyes, and the bottom of their heart has produced a trace of fear!

Ye Chen is very clear, the more this kind of time, the more ruthless! There must be no slightest retreat, or die together, or agree to their own conditions, there is no compromise and compromise to speak of!

Zhou Ji's look, more and more cold, deep voice: "you threaten me?"

His whole body that heaven and earth in the later period of the pressure, instantly rose to the sky, the wind and cloud color changed, the surrounding sea water, also began to violently turn up!

A heavy hammer appeared in Zhou Ji's hand. His eyes flashed, and the turbulent Daoyun condensed on the hammer. He lifted his hand suddenly, as if he was about to blow out at Ye Chen!

In the later period of the heaven and earth, the terrible power broke out completely. Before the hammer fell, the void around had been frantically broken!

Those pirates are also excited, they wish Ye Chen would die now!

I'm afraid the boy is a madman. How dare you threaten Zhou Ji at this time?

Is it true that these pirates living in the fierce sea are made of mud?

At the same time, the destruction of Ye Chen's whole body, Daoyun, also became manic in an instant!

Just when everyone thought that Zhou Ji was going to blow one of the hammers to death before Ye Chen's self explosion, the charm of man Tian Dao was like smoke in the wind, which dissipated in an instant, and the world returned to peace. Everything seemed to have never happened.

Zhou Ji took up the heavy hammer and laughed: "good boy, are you really afraid of death?"

Just when he was about to make a move, he felt a breath of life and death. Ye Chen's figure in his eyes instantly turned into an abyss of destruction!

He knew that if he did, the indifferent young man would really blow himself up, and he might not be able to stop him!

Ye Chen's breath did not immediately calm down. His body was slightly turbulent, as if he was trying to suppress the violent and incomparable power in his body. After a while, he gradually became calm.

Seeing this scene, even Zhou Ji's forehead was faintly sweating. He knew that if he had just stopped one second late, he might have died here

The pirates also couldn't help swallowing a mouthful of saliva. They were not fools. Naturally, we could see why Zhou Ji stopped.

Zhou Ji looked at Qin Hongyue beside Ye Chen, and his eyes showed a very hot look. But soon, the look turned into a pity. After a moment's silence, he said, "I've agreed to your terms, boy. What's your name?"

"Ye Chen."

Zhou Ji grinned at Ye Chen and said, "Ye Chen, I appreciate you very much. Whether it's your martial arts talent, courage, or that kind of ruthlessness, it's very much in accord with my heart. Believe me, the life in this fierce sea is not as bad as you think, even more happy than in the sinking moon sea!"

Zhou Ji is really lecherous, but in his opinion, women are always just a kind of plaything. Ye Chen has the qualification to let him give up this plaything.

As for the Revenge of the northern Han chamber of Commerce after Qin Hongyue left?

However, Zhou Ji didn't care. As long as the northern Han chamber of commerce did not break the rules of fierce sea, he did not have the slightest fear.

Of course, even if the rules are broken, it doesn't matter, because at that time, the northern Han chamber of Commerce had to face the whole fierce sea!

He knows that businessmen pay attention to interests. How can they do such things without interests?

Ye Chen didn't answer. On one side of Qin Hongyue's pretty face, she showed a very complicated look. She secretly vowed that as long as she left the Red Sea, she would save Ye Chen at all costs!

If we say that the two people were still in a cooperative relationship, since Ye Chen and Zhou Ji put forward that condition, his position in Qin Hongyue's heart has completely changed

Under the escort of Zhou Ji, ye Chen and Qin Hongyue swaggered through the sphere of influence of many pirate groups without any scruples. On the contrary, their speed of approaching the red sea was greatly improved.

All of a sudden, Qin Hongyue's expression moved, and she felt that her message jade Fu was shaking slightly in the storage bag.

She sank her mind into the jade talisman. At the next moment, in her beautiful eyes, a touch of surprise appeared unexpectedly!

The message is from Huang Qi!

Huang Qi told her that she had already brought two late existence of heaven and earth and piloted the fastest ship in the chamber of Commerce, heading for the West chioming sea!

But at this time, Zhou Ji was moving his head and looked at Qin Hongyue.

Qin Hongyue is shocked. She takes back her mind and dares not reply to Huang Qi. She knows that with Zhou Ji's strength, she can intercept the spiritual message sent out by her side

The light in her eyes flashed. She knew that what she had to do now was not to enter the fierce sea, but to delay! Delay until Mr. Huang and others arrive!

On the other side, Huang Qi frowned and looked heavy.

Seeing this, Lin Jianqing couldn't help asking, "what's wrong with Huang Lao?"

Huang Qi said: "miss did not send a spiritual message. I'm afraid that she is not in a very good situation. Master Lin Fa, how is the contact with Guanghan hall in the west sea?"

When Lin Jianqing heard this, he first saw a flash in his eyes, and then nodded: "the master of the hall has agreed. He will use the big move array to directly transmit us from the edge of the fierce sea!"

Huang Qi's eyes brightened, which is one of the biggest reasons why Qin Xiaofeng asked Lin Jianqing to help him. If he wants to protect Qin Hongyue, the most important thing is the problem of time!

Even if the fastest sailing ship wants to start from the North Sea, it will take nearly a month to catch up with Qin Hongyue!

This is obviously unrealistic!

However, it is not that there is no solution, that is, the great mobile array!

When Ye Chen first entered the Sunmoon sea, he directly transmitted it to the nearby Tianyu pavilion through this big mobile array!

And this big shift array is completely controlled by the Guanghan palace in the major sea areas!

On the side of the North Sea, Qin Xiaofeng has personally come forward to ask for the help of the hall leader of Guanghan hall in Beihai, and use the big move array to transfer them to the position adjacent to the West Sea. On the other side of the West Sea, Lin Jianqing is needed to come forward!

Of course, if you want to use this great mobile array to transmit the entire ship directly, it will cost a lot of resources. Qin Xiaofeng can persuade the master of Guanghan palace in Beihai, and naturally he has paid a lot of cost.

.....

Qin Hongyue suddenly took Ye Chen's hand and walked towards the room on the warship. Zhou Ji's eyes flashed and his face showed a playful tone and said with a smile: "Oh? What are you going to do, brother Qin? "

Chapter 3967

He thought a move, then vaguely looked at Qin Hongyue.

Ye Chen is also a face showing a puzzled color, at this time, or do not make what cause Zhou Ji suspicious behavior is good.

Qin Hongyue lowered her head and was silent for a moment. Suddenly, her face turned red and she said to Zhou Ji, "he He is my savior... "

"No, ye Chen is the most important person in my life except my father.

Since he decided to become a pirate, it may be very difficult for us to meet in the future, so Therefore, please allow me to keep warm for a moment... "

After Qin Hongyue's words, the four pirate ships suddenly became quiet. Even the wind on the sea stopped blowing

All the people were looking at Qin Hongyue with some dullness. They didn't expect that the first beauty in the North Sea would say such a thing!

Then, there was a roar of laughter!

Even ye Chen's look at Qin Hongyue can't help being eccentric

What does Qin Hongyue mean?

In his mind, the beautiful scene that he saw in the bath, as well as the charming girl's body

Even ye Chen, the body also began to dry up.

Zhou Ji laughed vaguely in his eyes and said, "brother ye, I really envy you. Hey, if I refuse, it would be too inhuman. Brother, do you want to love Miss Qin? Ha ha ha ha ha ha

Qin Hongyue said, "please stop the ship first, or Otherwise, the ship will be bumpy, which will hinder both of us Reminiscence of the past... "

Her face flushed and she made the pirates laugh again.

Don't say it's her. Even ye Chen blushes a little

Zhou Ji waved his hand and said, "it's accurate. It's natural to narrate the past well."

Soon, the two people entered the room. No one was good enough for the pirates. They all paid attention to Ye Chen and Qin Hongyue's every move. But at this time, a blue light curtain appeared on the surface of the room, which instantly cut off all people's mental exploration. The pirates scolded, but they did not dare to break through the protective screen.

After all, after all, ye Chen will probably become their boss after he joins the red scale island.

Qin Hongyue sits on the bed with Ye Chen. At first, she just wanted to find an excuse to delay time. By the way, she told ye Chen about it. But now, she is a little embarrassed. She doesn't know where to put her hands!

Although Ye Chen's women are so beautiful, they can't help breathing heavily when they see Qin Hongyue at the moment!

Their faces were just a few inches apart, and they felt the heat gushing on her cheeks. Qin Hongyue's heart was beating faster and faster. In her delicate body, it seemed that there was an electric light running through her body. The pores on her skin seemed to be sensitive. Her brain was dizzy, and she even left her original purpose behind

Qin Hongyue's beautiful eyes are blurred, and the distance between Ye Chen is getting closer and closer.

She thought that she had to rely on Ye Chen to resolve her countless fatal situations. This time, ye Chen gave up her freedom for her own sake. If she went back, her father would certainly arrange her marriage. Instead of choosing a stranger, she might as well choose this man who has responsibilities in front of her! She has made up her mind!

The next second, she turned the body, and then pushed the leaf Chen on the bed, the body is more homeopathic sit up!

"Miss Qin, you..." Ye Chen rational a few minutes, just want to say what, but was red lips blocked mouth.

In the room, a bunch of flower buds are blooming quietly, and the red calyx is flying, rendering this wing room a beautiful one.

Ye Chen never thought that things would develop like this!

At this moment, the fierce sea, ushered in a rare peace, the sea, it was calm, but, for some reason, the blue warship, as if in a strong wind and waves, shook up.

Seeing this, all the pirates showed a smile of understanding.

After several hours, Qin Hongyue shrank in Ye Chen's arms, and finally stammered and said, "that Ye Chen, in fact, I pulled you in. There was no other meaning I just want to tell you that Mr. Huang from the chamber of Commerce sent me a spiritual message... "

A huge teleportation array suddenly appeared under a white ship, and the space fluctuated violently. The white ship disappeared from its original place and reappeared before a sinister sea area.

In the face of this dreadful and fierce sea, the white ship rushed into it without hesitation. Its speed was incomparably fast, like a white lightning, breaking through the waves in the fierce sea. Even, without any scruples, it directly rushed into the sphere of influence of the major pirate groups, and headed for the red sea at the fastest speed!

A sentry saw this scene, his face suddenly appeared ferocious color, blowing the horn, soon, there are two warships, approaching the white ship!

At the bow of a warship stood a man in the later period of heaven and earth. His breath broke out and he sneered: "you are brave enough to break into my territory so recklessly, so don't go!" After that, he had a spear in his hand, and he was going to shoot at the white ship!

But at this time, three extremely powerful breath broke out on the ship. The man who had been preparing to do so was stunned for a moment. At the next moment, he turned the bow of the boat without saying a word and fled towards his own island.

.....

Ye Chen heard what Qin Hongyue said, and his expression moved: "so, Lin Jianqing has also come?"

Qin Hongyue nodded: "not bad However, you can rest assured that in this fierce sea, he is alone, while our Beihan chamber of Commerce has two late worshippers from heaven and earth. No matter what, I will not let him take you away! "

Ye Chen's eyes are flashing. In his opinion, Lin Jianqing is not so easy to deal with.

Out of the ship, on top of the four warships, the pirates were all talking about something with a dirty look on their faces. But Zhou Ji, who has always been lustful, now has a slight twinkle in his eyes and does not know what he is thinking.

He suddenly said, "brother Ye! Are you satisfied with your reminiscence? Now it's time to go on the road, too? "

Hearing this, ye Chen said to Qin Hongyue, "let's go out and calculate the time. People from the chamber of Commerce in northern Han Dynasty and Lin Jianqing should be arriving soon."

Qin Hongyue nodded, but just got out of bed, but she could not help but feel soft on her knees. On her pretty face, a touch of pain appeared and she almost fell to the ground.

Ye Chen saw this, with a smile on her face, reached out and helped her in time.

Qin Hongyue blushes again, and ye Chen returns to the deck.

Chapter 3968

Seeing the appearance of Ye Chen and Qin Hongyue, people can't help but be ambiguous. Zhou Ji's mouth also raises a smile, which dispels the doubts in his heart.

Soon, the group set off again, not far from the Red Sea.

But at this time, in the distance, there is a white awn with a very fast speed, toward their location, shot from!

Zhou Ji's smile on his face was stiff, his pupils shrank in an instant, and he suddenly stood up. His whole body was full of the breath of the later stage of heaven and earth, and the two fierce beasts of the latter stage of the heaven and earth environment also roared!

A group of Pirates saw this, and their faces were suddenly fierce.

Almost in the blink of an eye, a white ship appeared in front of them, with two men and one woman standing at the bow.

One of them is a middle-aged man with a bent body and an ordinary face. Beside him, there is a young man in black with a cold temperament, just like a magic sword out of the body. They are Huang Qi and Lin Jianqing!

The last woman, beautiful in appearance and gentle in temperament, is one of the late worship of the northern Han chamber of Commerce, named Tang you.

"Lin Jianqing!"

Zhou Ji's face was a little ugly. He yelled, "as the Dharma Master of the law enforcement hall in the West Sea, you know what will happen if you enter the fierce sea!"

Do you think you can break the rules of the fierce sea? Lin Jianqing, the West Sea and the Red Sea, for so many years, have not wiped out the West Red fierce sea. It is not without reason! "

The pirates were even more frightened. Few of them knew the master of the law enforcement hall. Although Zhou Ji's words were threatening each other, they all knew that Zhou Ji did not directly order the attack. Obviously, they did not have the confidence to defeat Lin Jianqing

Huang Qi looked at the blue warship and saw that Qin Hongyue was safe and sound. Finally, he could not help but breathe a sigh of relief. He apologized to Qin Hongyue's face and said, "I'm late. I'm scared."

At this moment, Qin Hongyue has recovered the original bearing of the northern Han chamber of Commerce. Hearing the speech, she said with a smile, "it's not necessary for Huang Lao to be like this."

But Tang you looks at Qin Hongyue and supports her, while Ye Chen, the beautiful eyes are slightly flashing, the face shows a strange color.

Lin Jianqing looked at Zhou Ji coldly and said, "Zhou Ji? I'm not here today as the leader of the law enforcement Hall of Xihai. I'm not interested in you criminals... "

Looking at Qin Hongyue, he saw a soft color in his eyes and said, "I'm here today just to ensure the safety of Miss Qin."

Zhou Ji was stunned when he heard the speech. Then, he looked at Ye Chen and Lin Jianqing. His face was ironic.

He said with a smile: "Lin Jianqing, Qin Hongyue, you can take away, but you can only take Qin Hongyue!"

Then, he pointed to Ye Chen and said, "this boy is the man of my red scale Island, so I must stay!"

When Lin Jianqing heard this, they all looked calm. They came to save Qin Hongyue. What's the importance of others?

But who knows, Qin Hongyue hears the speech, actually is the face to show the resolute color way: "Huang Lao, today, if ye Chen is unable to leave, I will never leave this fierce sea!"

For a time, Lin Jianqing and Huang Lao frowned, only Tang you didn't show much surprise.

Zhou Ji smelled the speech, looked at Ye Chen and said, "brother ye, don't forget your agreement with me!"

Ye Chen shrugged his shoulders and said, "I need to join Chiling island after Miss Qin left the fierce sea. But now, she hasn't left, hasn't she?"

When Zhou Ji heard the speech, his face changed several times. In his eyes, there was a faint anger in his eyes. He gritted his teeth and said with a smile: "brother ye and Miss Qin are really clever. If there were no reminiscences for several hours, now, Miss Qin should have entered the red sea?"

When Lin Jianqing hears the speech, her pupil shrinks in an instant and looks at Ye Chen. There is a burst of killing intention all over her body!

Seeing this, Zhou Ji's eyes flashed with cold light. Taking advantage of the moment when Lin Jianqing's mind was shaken, he suddenly whispered, "you are in heaven!"

At the next moment, the sea water under them turned into blood. The air was filled with a very strong smell of blood. Zhou Ji was in the sky, and his whole body was full of high rhyme. He was like a god of death in the sea of blood. Once again, he held the heavy hammer in his hand, and suddenly hit Lin Jianqing with a hammer!

With a roar, before the hammer fell, there was a burst of sound in the air, and the strong wind was blowing. It was a faint intention to overturn all these warships!

The void is constantly broken and filled with turbulent Daoyun. At the next moment, a rune with extremely dense Daoyun will suddenly appear at the hammer head, and in an instant, it will be suppressed against Lin Jianqing!

Ye Chen sees this, pupil shrinks, secretly exclaim: "this week Ji's strength, really cannot be underestimated!"

That rune is not an ordinary rune, but a power. Only when the Daoyun is powerful to a certain extent can it be revealed!

That is to say, the strength of this hammer has become a kind of Tao!

Even ye Chen, with the power against the sky, can't do this!

Moreover, not only that, but also the two ferocious beasts at the same time. The shark fierce beast opened its mouth and its fangs flashed with lightning. It spewed out a purple thunderbolt and bombarded Lin Jianqing. The power of the purple thunder was even above the five color thunder emitted by the merchant ship of the northern Han chamber of Commerce! After all, even if the merchant ship was priceless, it was a group of people in the early days of heaven and earth that could be manipulated.

On the other hand, the other killer whale, with its body flashing, leaped out of the sea, and the Yin and Yang Qi burst out of its body and wrapped around its huge body. At the next moment, the huge fierce beast turned into a black and white sword and bombarded Lin Jianqing!

In a flash, these three Heaven and earth in the late existence, actually at the same time, attacked Lin Jianqing!

All the pirates were overjoyed. Lin Jianqing was careless for a moment, and the king took the opportunity. Even if he had to kill the king, he could not resist it?

Even if they don't die, they will be seriously injured. Then, in the next battle, they will be able to make the most of it!

To everyone's surprise, Lin Jianqing did not change her face when she faced the attack of Zhou Jina's most powerful hammer and two fierce beasts. However, the chill in her eyes grew stronger and stronger. In an instant, Jue Qiang's sword Qi was surging out of Lin Jianqing's body. The sword Qi alone cut out the cracks in his whole body, and at the same time, it was floating above the sea of blood. Now a desolate sword tomb!

Zhou Ji, who was so powerful that his power of law weakened in an instant, as if he had fallen from the God to a mortal!

Chapter 3969

The dark iron Epee reappeared in her hand again. In her eyes, there was a faint rhyme flowing. The countless swords in the sword tomb, at the same time, sent out a clear cry, and a strong sword light covered the whole sword tomb!

At this moment, Lin Jianqing, holding the Epee, seems to have the boundless power to create the world!

When people looked at the awe inspiring voice, there was only one thought in their hearts, that was the sword God!

At the next moment, the sword light, like a star river, swept out and turned into a rune with rolling rhyme. It was cut towards the front!

A big bang, four attacks, instant collision!

Boundless road rhyme, crush each other, interweave in the air for four color light ball, heaven and earth seem to be under the power of the four color light ball, distorted!

However, the most frightening thing is that the proportion of black in these four color spheres is far higher than that of the other three. Even if the other three colors are added together, they are not as good as each other!

The black light is just the charm of Lin Jianqing!

It's scary!

It's really scary!!!

All the people present, even ye Chen, were surprised!

Lin Jianqing's attack was actually able to compete with the three later generations of the heaven and earth?

It seems that when he faced aunt Lin, he still kept his hand

I'm afraid the reason why I want to keep my hands is that I will probably kill aunt Lin under the full force explosion

At the next moment, the light ball suddenly became strong, and the terrifying afterwave swept across the sea area. All the pirates were screaming. There were cracks on the warship they were riding on. Many people, even if they tried to resist it, were shocked to spit blood and were seriously injured!

Ye Chen's eyes flashed, and he suddenly held Qin Hongyue in his arms. The precious clothes on his body were full of light, and Lingyue's clothes were also fully displayed!

Not long, the light eventually converged, but the scene has been a mess!

There are cracks on these ships, and the four ships of the red scale pirate regiment are the most serious!

Most of the pirates on the ship are covered with blood and dying

However, this is not the worst!

The worst is the killer whale like beast!

The fierce beast just fit in and rushed at Lin Jianqing. Now, the whole body is chopped back by Lin Jianqing's sword!

Even, the head was cut out of a huge wound, even the brain can see clearly!

That brain is a mess, looks, incomparably terrible!

The huge amount of blood, turned into blood rain, splashed down and stained in the sword tomb. On the long sword with handle, the sword tomb added a sense of killing in vain!

Zhou Ji looked at Lin Jianqing, who was covered with frost. His face was extremely ugly. He took a look at the killer whale whose brain had been chopped up. The shark and beast seemed to understand the meaning of the owner. When he moved, he carried the injured companion on his back.

After a moment's hesitation, Zhou Ji suddenly yelled: "retreat

He took a hard look at Ye Chen and Qin Hongyue, then turned the bow of the boat, led his men, and the two fierce beasts, and retreated toward the direction of the red scale island.

Huang Qi and Tang you are shocked when they look at Lin Jianqing

Even though they knew that Lin Jianqing was very strong, they did not expect that he could suppress three people of the same rank with one sword!

Moreover, even in the later period of Qiankun, Zhou Ji was a very powerful existence!

The master of Xihai law enforcement hall is really against the weather!

At this time, Lin Jianqing's eyes have completely fallen on Ye Chen.

Seeing this, Qin Hongyue does not hesitate to block Ye Chen's body and looks at Lin Jianqing.

Just now, Lin Jianqing, who was just like a sword God, saw this scene with a look of desolation in her eyes

As if he were the one who was defeated.

Huang Qi sees the situation, which still don't understand what happened?

He and Tang you look at each other, vaguely blocked between Qin Hongyue and Lin Jianqing.

Lin Jianqing took a deep breath and calmed down his ups and downs. With a self mocking smile on his face, he said, "Miss Qin, the people behind you were hiding in your bathroom at that time? To be precise, it's under your bath

I have searched the West Sea and found no trace of the spy. Even so, I still don't want to believe that you cheated me. Now it seems that I am too stupid

Seeing everything in front of him, Lin Jianqing couldn't react. The reason why he didn't get anything in the west sea was that ye Chen left on the merchant ship of Beihan chamber of Commerce. The reason why he didn't find Ye Chen on the merchant ship was that there was only one possibility

That is, ye Chen hid in Qin Hongyue's bath.

Lin Jianqing's face became cold and said, "in other words, he is the spy who dived into the West Sea!"

On hearing the speech, Huang Qi frowned slightly, looked at Qin Hongyue and said, "Miss, this..." He didn't want to say that he had saved the young lady and helped the Beihan chamber of Commerce. Even Yu Gong and the Beihan chamber of commerce should not hinder the Xihai law enforcement hall from arresting criminals

But Qin Hongyue said firmly: "he is not! He is a member of my Beihan chamber of Commerce

"Is it?" Lin Jianqing said faintly, "can I check this friend's order of sinking moon? If I make a wrong judgment, I can make an apology to him in front of you. "

Every person who sinks into the moon sea has the order of sinking moon, which is not only a certificate of entry and exit, but also a symbol of identity. It is issued directly by Guanghan hall and can not be fake.

This is why Ye Chen wants to see the master of Guanghan hall.

Qin Hongyue smell speech, pretty face some gloomy down, for a time silent, but still in front of Ye Chen.

But at this time, ye Chen is opening a way: "I don't have the order of sinking moon."

Qin Hongyue looks worried and looks at Ye Chen. She seems to be signaling Ye Chen to change her mouth immediately. She doesn't know why Ye Chen says so!

In this case, the North Han chamber of Commerce really has no position to protect him!

Ye Chen, however, did not seem to see Qin Hongyue's eyes. He crossed her delicate body and went to Lin Jianqing. He said again, "I really don't have the order of sinking moon. I can't let you check it."

All the people in Beihan chamber of commerce are quite shocked to see ye Chen. They don't know why he wants to stand up and say this sentence

Even when Lin Jianqing hears the speech, she looks at Ye Chen with her eyes flashing.

Don't say it's them. Even ye Chen looks light and cloudless on the surface, and he is more or less worried

The reason why he stood up was because of xuanhanyu's words!

Just then, when Lin Jianqing and Qin Hongyue were talking, Xuan Hanyu suddenly opened his mouth to Ye Chen and asked him to admit that he did not have the order to sink the moon!

Chapter 3970

Ye Chen and Lin Jianqing looked at each other, and asked Xuan Hanyu in his heart: "Xuan fairy, why do you want me to say that?"

Although Ye Chen originally planned to have a showdown with Lin Jianqing, after all, now he and Qin Hongyue are no longer purely cooperative. He doesn't want to involve the Beihan chamber of Commerce too deeply because of his own affairs, let alone fight with Lin Jianqing here

After all, with the strength of Lin Jianqing, the two late worshippers of the northern Han chamber of commerce were probably not their rivals.

In this way, the situation may develop to the point that it can't be cleaned up.

However, since xuanhanyu asked him to do so, it would not be so simple.

Sure enough, at the next moment, xuanhanyu said: "if you don't get the Qi of heaven and earth, I will never let you do this, because in that way, you will almost die! It's even worse than being caught by Lin Jianqing in the receipt Hall... "

Ye Chen's eyes flash slightly. Even if he is caught back in the law enforcement hall, Qin Hongyue may have rescued him before his execution. Although Ye Chen does not like to hand over his fate to others, it is not an unacceptable result in this situation.

Xuanhanyu continued: "however, now, it is possible to have a try!"

Ye Chen asked, "what do you mean?"

Xuanhan jade coagulated: "in the deep moon sea, almost everyone has the order of sinking moon, even the royal family are no exception, but! There are a group of very special warriors, but not so! Not only did they not have the order to sink the moon, but they did not even exist in the official records of the sinking moon sea!

Few people know their existence, but even the royal family, in front of these people, all need to be courteous

Even hearing the emperor's speech?

Is this kind of treatment almost comparable to the Senate?

Who are these warriors?

At this time, Lin Jianqing opened his mouth again and said coldly, "is there no sign of sinking moon? So you admit that you are the spy who sneaked into the west sea? In that case, come with me. "

Say, its whole body road rhyme burst out, should toward Ye Chen, reach out to grab!

Qin Hongyue's heart instantly raised, she anxiously looked at Huang Qi, the meaning in the eyes is more obvious!

Huang Qi saw this and laughed bitterly. He didn't expect that the rational lady would show such a flustered look in the past?

What's more, he has made a decision that can't get any benefits at all and has no reason to speak of

However, he didn't hesitate at all. He wanted to block Lin Jianqing.

His life was saved by Qin Xiaofeng, and he had planned to pay everything for the chamber of Commerce in northern Han Dynasty, Qin Xiaofeng and Qin Hongyue.

Lin Jianqing's face is calm. Suddenly, her sword Qi is surging. She is going to force Huang Qi back

But at this time, ye Chen suddenly opened his mouth and said: "the moon sinks into the sea, leaving only the wide cold, four directions and five colors, listen to my command!"

Qin Hongyue and others smell the speech is the face is puzzled color, ye Chen suddenly said this sentence of inexplicable words what is the meaning?

To their surprise, Lin Jianqing felt as if she had been struck by lightning. She looked at Ye Chen in horror and exclaimed, "where did you hear that?"

Although his eyes are full of disbelief color, but still stopped the action, was temporarily no plan to Ye Chen!

For a moment, all the people in the chamber of Commerce in northern Han Dynasty were astonished to the extreme and looked at Ye Chen. Even Qin Hongyue was a little confused

Why can ye Chen with this sentence, shocked Lin Jianqing?

What is his origin?

Ye Chen looked at Lin Jianqing faintly and said, "I am the dark son of the deep moon."

Dark moon?

Qin Hongyue and others looked at each other with doubts in their eyes. Obviously, they didn't know the origin of the dark son.

Only Lin Jianqing changed her face completely when ye Chen said these four words

As the head of the law enforcement hall, although he has never seen the dark moon son, he is very clear about the origin of the dark moon son!

These people are all evil spirits selected by the Shen Yuehai Association. These people were trained by the Senate from the moment they were born. No one knows their existence except the Senate, and no one knows what the purpose of the old men's meeting is to cultivate these dark children.

Lin Jianqing only knew that Shen Yue's dark son would not leave any records of his existence, but he had an unimaginable position in the sea of sinking moon, because they directly listened to the orders of the Senate, and even had the power to kill the royal family!

There is also a legend that in the future, the supreme being who leads the people in the Sunmoon sea to return to the moon god clan will be born in this dark son of the moon!

Since the old people's Association has even erased the birth records of these people, these dark moons, for most people in the deep moon sea, are extremely mysterious.

Even if Qin Hongyue's identity, have never heard of this name!As far as Lin Jianqing knows, the real identity of Shen Yue's dark son is known only to the elders, while the hall master of Guanghan hall and the Dharma Masters of various law enforcement halls do not know their identities, but they know their existence.

And a secret word to prove their identity!

It is Ye Chen just said, that short 16 words!

This secret language, even in the Guanghan palace, is a secret among the secrets. If ye Chen is really just a spy who sneaks in, then why does he know this secret language?

It is said that the elder will give Shen Yue dark son a lot of strange trials. Is it one of the trials to let Ye Chen dive into the sea of sunken moon?

For a moment, Lin Jianqing stares at Ye Chen, her eyes flash wildly, and her heart wavers

You know, Shen moon dark son's identity, completely not under the Guanghan palace hall Lord!

Even if he, after the dark son surface identity, then has no right to start with it!

On his forehead, there was a faint sweat falling down, searching his brain carefully for the memory of the dark son of the moon!

Even though he was the master of Xihai law enforcement hall, he knew very little about these mysterious dark sons. The only common feature about them was that they were all unimaginable martial demons!

Lin Jianqing is already regarded as a monster in the West Sea. However, if compared with these dark moons, his talent is not even ordinary people!

We can imagine how terrible these dark moons are!

Lin Jianqing took a deep breath and said, "do you think you are a dark moon? Can you take down the treasure that covers up your accomplishments and show me your martial arts realm? "

People smell speech, is a look move, Huang Qi and Tang you look at Ye Chen's eyes, also gradually bright up!

Why?

Because, from ye Chen, they feel a very thin atmosphere of heaven and earth!
