

## Physician 3971

### Chapter 3971

However, the Qi of heaven and earth is too weak compared with the real existence of the latter part of the world

But, just because of this, it appears special!

The young man in front of him did not exist in the later period of the world, but possessed the spirit of heaven and earth?

They only heard in the legend that in ancient times, those evil spirits with martial arts qualifications and the most extreme against the heaven had a chance to get a trace of heaven and earth in the heaven mending environment!

Lin Jianqing asked Ye Chen to take down the treasure to cover up his accomplishments. Was it to determine Ye Chen's martial arts qualification?

Lin Jianqing's eyes flashed slightly. Naturally, he also knew the legend about being contaminated with the Qi of heaven and earth in advance. However, he was very clear that the cultivation of mending the heaven and earth's atmosphere was extremely adverse to the general martial arts, but it was not enough for the sinking moon and dark son!

Yes, but not enough!

It sounds weird. It's like saying on earth that the Buffett family is not rich enough

But that's the truth!

One of the symbols of sunken moon and dark son is that they can possess the Qi of heaven and earth by very special means before the heaven and earth!

After reaching the realm of heaven and earth, their spirit of heaven and earth is even stronger than that of ordinary martial artists in the later period of the world!

If ye Chen was only a person who existed in the early days of heaven and earth, then he would not be qualified to be a dark son of the moon!

Ye Chen smell speech, nodded, slowly from the neck, will a dark crystal stone take down.

Lin Jianqing stares at Ye Chen's every move without blinking!

Soon, ye Chen will annihilate Lingshi, a breath, suddenly from its body, overflow and out!

All people look at Ye Chen, but they are dull, as if they were petrified.

The whole sea seemed dead.

They look at Ye Chen and feel that there is a strange sound of "hum -" in their ears, and no sound can be heard

Holy ancestral land?

Ye Chen is actually a holy ancestor!

Unacceptable!

It's really unacceptable!

The holy ancestral realm has the spirit of heaven and earth. How the hell did it?

Even Lin Jianqing is completely stupid. He once guessed that ye Chen's cultivation did not reach the heaven and earth realm. But he didn't expect that the gap was so big!!!

For a moment, he almost believed what ye Chen said, because all the signs seemed to be only the identity of the dark son of the moon that could be explained!

Ye Chen is quiet on the surface, but he can't help laughing in his heart. Only with the soul devouring heaven and his special constitution can he do such a thing against the sky. It is strange to others.

Lin Jianqing's lips trembled slightly, and it seemed that he was going to plead with Ye Chen. After all, in his capacity, after ye Chen said the secret language, he asked him to take down the treasure to cover up his accomplishments. It was a little disrespectful

Ye Chen is also a glimmer of vision, if the matter is so resolved, it is the best but.

But at this time, Lin Jianqing's mind, but suddenly flashed a light!

His eyes suddenly brightened, and he thought of another feature about the dark moon!

Lin Jianqing gazed at Ye Chen and said, "young master, you say you are the dark son of the moon. I remember that there is a rule in the dark son of the moon that you are not allowed to go out before you have certain strength, right?"

Ye Chen sighed in his heart. It seems that Lin Jianqing can't perfunctorily. He nodded his head slowly and said, "it's good."

Lin Jianqing glared at Ye Chen and said, "the lowest standard for this condition is to endure a strike that is close to heaven and earth, but not to die. Am I wrong?"

When they heard this, they all looked at Lin Jianqing in horror

To survive the attack in the later period of the heaven and earth?

Are you kidding?

Ye Chen is just the cultivation of the holy ancestral realm?

It's impossible to resist the attack of the later existence of heaven and earth?

Lin Jianqing took a deep breath and took the black iron Epee in his hand again. With a very serious face, he said to Ye Chen: "young master, since you say you are the dark son of the moon, then I, the master of the law enforcement Hall of Xihai, offended Lin Jianqing! If the young master can really survive my attack, no matter what kind of punishment, I will bear it

When people heard this, they were almost suffocating!

Lin Jianqing's sword, however, has the power to drive back three people of the same rank!

Even if those dark children are as rebellious as Lin Jianqing said, it is not easy to block Lin Jianqing's sword?

Even if Qin Hongyue holds Ye Chen, she must not let Ye Chen fight against Lin Jianqing!

When Lin Jianqing saw this scene, her pupils pricked slightly

Can, the next moment, ye Chen's hand is gently pressed in Qin Hongyue's shoulder, a faint smile: "believe me."

This simple three words, but shook the heart of Qin Hongyue, she clenched her lips, slowly loosened the hand of holding Ye Chen. Ye Chen looked at Lin Jianqing and said, "OK, I'll take your sword."

He knew that any threat and intrigue would only backfire in the face of a just person like Lin Jianqing. If he wants to win over him, he must confront him head-on. There is no clever way to talk about it!

It was because of this situation that xuanhanyu told him that he would never let him pretend to be the dark son of the moon before he got the Qi of heaven and earth!

Xuanhanyu said in a deep voice: "even with your vitality, it is almost impossible to block Lin Jianqing's attack before this, because of the Qi of heaven and earth!

If the Qi of heaven and earth is integrated into martial arts, it will produce qualitative changes. In terms of physical strength, Zhou Ji is not above you. Why can he condense that rhyme Rune with his strength? Because, it's the spirit of heaven and earth!

Now, you have to do exactly what I say. If you can condense the seal of destruction by virtue of a trace of heaven and earth in your body, and run the new words of "six exterminations" to the extreme, you will have a great chance to survive the attack of the other party! "

That rhyme rune, the official name, is Daoyin!

It is also one of the most powerful abilities of the later existence of heaven and earth!

At this moment, the disappeared sword tomb appeared again in front of the public. The swords roared in unison, and the boundless sword spirit was turbulent. Kendo was condensed in front of the dark iron epee. Huang Qi and others all had pupil contraction. Obviously, Lin Jianqing didn't mean to keep hands at all!

This sword, he is all out!

Even if it is the later existence of heaven and earth, it may not be able to block this sword!

What's more, it's a kid from the holy ancestral land?

At the moment, ye Chen closed his eyes and concentrated all his mind. According to Xuan Hanyu's words, he mobilized the Qi of heaven and earth in the sea of knowledge. However, the Qi of heaven and earth is extremely difficult to mobilize!

After all, ye Chen is not the real world of heaven and earth in the late existence, this breath is also a coincidence, want to use nature is not an easy thing!

Chapter 3972

Xuanhanyu is also nervous. She knows that the use of the Qi of heaven and earth depends on an epiphany, and it is extremely difficult to succeed in practice with ordinary methods. However, under the threat of life and death, with Ye Chen's reincarnation blood, it is possible to burst into potential and successfully operate the Qi of heaven and earth!

If so, through this difficulty, ye Chen's strength will be on a new level!

At the same time, a layer of blue and purple flame was burning on the surface of Ye Chen. Even though ye Chen was taming the rebellious Qi of heaven and earth, he unconsciously used the body of the heavenly demon and the ancient method of Hongmeng in the face of the threat of Lin Jianqing's sword!

Even in that evil spirit, there is a strong evil spirit whistling out, and ye Chen's body surface also sends out light moonlight, even the hundred evil body and the spirit moon treasure clothes, all display out!

But

Even with the means, ye Chen's face became more and more dignified. His sweat had already soaked his clothes. He knew the atmosphere of heaven and earth in the sea, just like connecting with his own knowledge of the sea. No matter how hard he tried, there was never a trace of looseness!

The light in Lin Jianqing's eyes is more and more bright, and the sword spirit in the sword tomb is becoming stronger and stronger. The whole fierce sea seems to be boiling under his sword idea!

Finally, the Kendo seal suspended in front of Lin Jianqing's body bloomed a very bright cold light!

And the sword spirit of dark iron Epee has reached the extreme!

Lin Jianqing murmured, and suddenly a sword burst out. The light of the sword like a river of stars reappeared. With the seal of kendo, it was like a dragon, a star and a sword dragon, dancing towards Ye Chen!

Under the impact of this sword spirit, all the people are tense. This sword seems to be more powerful than the one cut by Zhou Ji when facing Zhou Ji!!!

The sword light is almost instantaneous, will completely submerge Ye Chen's body, Qin Hongyue's beautiful eyes can't help but burst into tears, she desperate to rush to Ye Chen's body, for him to block the most terrible sword, but, was Huang loading in the air.

Huang looked at the young man who was still closed his eyes and sighed. The young man's martial arts talent is extremely against the sky, but it seems that today, he will fall here

The sword light has not yet fallen completely. The fierce sword spirit has already cut Ye Chen's body. Blood gushes from the wound. Under the blowing of the sword spirit, it flies behind Ye Chen. The extremely cold sword light comes to Ye Chen and almost drowns him!

At this time, ye Chen realized the Qi of heaven and earth in the sea, and finally trembled a little

"Damn it, it's not enough!" Xuanhanyu said.

However, before xuanhanyu opened her mouth, she noticed a strange picture.

Ye Chen's reincarnation around xuanbei!

Colorful around the body!

At the same time, a woman's shadow appears!

This woman is not Xuanhan jade, but the ghost of the moon!

The ghost girl of the moon looked at the leaf Chen behind her, but she said, "boy, this is what you owe me."

.....

With a loud bang, the dazzling sword light completely devoured Ye Chen's body. However, this is not over. After hitting Ye Chen, the vertical and horizontal sword Qi chopped tens of thousands of meters into the sea ahead before it gradually dissipated!

In front of everyone's eyes, there was a very frightening scene. The fierce sea was actually cut out by Lin Jianqing's fierce sword spirit, which was tens of thousands of meters long!

The surging sea water is divided into two parts by the terrible Kendo charm. It seems that there is an invisible wall separating the sea water on both sides!

What's more terrible is

The gap is filled with rich blood!

What's the bright red?

Nature is Ye Chen's blood!

It can be said that Lin Jianqing directly cut out a way of blood!

I'm afraid that ye Chen, who bears this sword, has been completely shattered by the sword Qi. There is only this blood path left

Seeing this, Qin Hongyue froze for a moment. When her body softened, she fell toward the deck. In her beautiful eyes, she was in despair and had no strength to stand

Miss Qin looked at the red moon in her eyes.

They all know that this blood path is left behind by such a rebellious sword. The young man is almost certainly dead

What's more, it's a miserable death!

The next moment, the chopped sea water poured down again, with a roar, it was integrated with the blood path, and the sea water around the people instantly turned into bright red!

Lin Jianqing slowly put away the black iron Epee in her hand, looked at the bright red sea water under her feet, and murmured to herself: "although I don't know who you are and how to know everything about Shen Yue dark son, since you didn't accept my sword, it shows that you are lying. I killed you on the spot by pretending to be Shen Yue dark son and pretending to be a royal family..." This sea area was quiet again, and everything was restored as before. If it was not for the startling red sea water that reminded people of what had just happened, they would even think that those were just illusions

Huang Qi opens his mouth and seems to want to comfort Qin Hongyue, but he doesn't know where to start

He watched Qin Hongyue grow up, the shrewd girl has never shown such a state of near collapse.

Huang Qi is very clear that the stronger the person is, the greater the blow will be when the mood cracks!

Huang Qi vomited out his turbid breath and said to Lin Jianqing, "master Lin, since you have finished everything you want to do, let's go back to the West Sea..."

Now, it seems that Qin Hongyue doesn't need to go to Chihai.

Lin Jianqing nodded.

The white ship and the blue warship will go in the direction of coming

But at this time, a hand suddenly seized the edge of the blue warship!

A bloody hand!

The moment people see this hand, they can't help but look horror!

Even Lin Jianqing's eyes trembled and her brain was almost blank!

And Qin Hongyue looks at that hand, Leng for a moment, the next moment, that gray beautiful eyes is gradually bright up!

Some of the broken figure, slowly climbed up the blue warship, appeared in the sight of the public.

This figure is covered with countless fatal sword wounds and blood dripping. The whole body seems to be on the verge of collapse, but on this body, there is a strong and extremely destructive charm!

I'm afraid that such an injury would fall down if we were to be a late existence of heaven and earth

It can be seen that the vitality of this man is so strong!

Although the master of this figure was badly hurt, the people still recognized him in an instant

This person is Ye Chen!!!

Huang Qi, Tang you are going crazy!

Not dead?

Really not dead?

Chapter 3973

There is a holy ancestor who resisted Lin Jianqing's sword, but he didn't die!!!

Is that enough to go down in history?

They both felt that they had witnessed a legend with their own eyes!

But Lin Jianqing is a very confused look, as if his world outlook has been completely subverted in general!

Only Qin Hongyue, she yelled: "Ye Chen!" Then regardless of that covered with blood, directly rushed to Ye Chen's arms.

She did not know how ye Chen survived under this sword, and did not want to know. As long as ye Chen was still alive, it was enough for her!

But this flutter, but let Ye Chen affect the injury, pain a burst of bared teeth.

Qin Hongyue quickly let go of her hand and looked at Ye Chen with great concern and said, "yes I'm sorry, ye Chen. Are you ok

Ye Chen reluctantly held up a smile and said, "it's OK."

At this time, a crash sound of "Putong" was heard. Lin Jianqing, the proud master of Xihai law enforcement hall, knelt down in front of Ye Chen and bowed his head: "my subordinate is stupid. Because of his prejudice, he has offended his highness. He knows his guilt is unforgivable. Please give me a death!"

At the moment, Lin Jianqing's face is gray, and she only has the will to die. Her temperament like a scabbard sword has disappeared

He knew that it was a great kindness for ye Chen to die.

However, at the next moment, ye Chen said faintly: "I don't know. This time Hongyue and I can get out of danger because of the help of master Lin. get up."

As a matter of fact, ye Chen doesn't hate Lin Jianqing. Although he is domineering, he has his own principles, which is much better than those despicable villains.

Don't say ye Chen is a fake Shen Yue dark son. Even if he is one of them, he won't let Lin Jianqing make amends to himself with his death.

Lin Jianqing was stunned and looked at Ye Chen with a look of gratitude. However, he was not a hypocritical person. He nodded and said, "thank you for your kindness." He stood up.

Huang Qi and Tang you are stunned. The reversal is too strong. Even if they are bystanders, they feel a cloud.

Only Qin Hongyue's beautiful eyes twinkled slightly and seemed to know something.

After that, we will continue to resolve the misunderstanding

Qin Hongyue looked at Lin Jianqing and said, "master Lin, I will thank you very much for your help this time. After entering Chihai, I will arrange for him to return to Xihai."

When Lin Jianqing heard the speech, she shook her head, looked at Ye Chen and said, "please allow me to stay with you for a while until dark son completes the purpose of this trip, which is a little compensation for my disrespect."

When ye Chen hears the speech, he has no objection. He doesn't know what will happen along the way. It is not a bad thing to have a strong helper.

Once again, two ships.

Ye Chen is also back in the room, but in the moment of entering the room, is a change in face, suddenly fell to the ground.

He gasped violently, and the vitality of the whole human being was like a candle in the wind, shaking and dying. Ye Chen suddenly threw several pills into his mouth. The powerful force of the medicine diffused in his body, and his expression was relieved.

He got up slowly and sat on the boat. His eyes were flashing. Just now he faced Lin Jianqing's sword, but it was extremely dangerous. Ye Chen was almost killed

Even xuanhanyu could not help but take a breath: "boy, I have to say, your luck has always been good. The woman in the reincarnation cemetery helped you resist half of the strength, and the reincarnation xuanbei also guarded you. In this case, half of the road seal was condensed at the last moment!"

Ye Chen hears the speech, also is a smile, the face takes quite joyful color!

Although this time, the situation is extremely dangerous, but the harvest is also huge!

If not in the face of the crisis of life and death, he would like to use his strength to understand the seal, it is not an easy thing.

At the next moment, the destruction of Daoyun gushed out of his body. However, this time, it was not only the destruction of Daoyun, but also the Qi of heaven and earth in the sea, which was running slowly and integrating into that rhyme!

In his body, the black light is interwoven with each other at a high speed. In a flash, it turns into half a rune, which is extremely complicated and emits extremely obscure and ancient flavor!

This half rune is the seal of destruction condensed from the moment before he is swallowed by the sword light!

Unfortunately, only half of them

Fortunately, ye Chen's vitality is too terrible. Relying on this half of the seal, he shouldered the other party's attack!

Ye Chen stares at the half seal in front of his body, and his eyes become more and more bright. Under normal circumstances, the Taoist seal that only exists in the later period of heaven and earth is indeed a kind of extremely powerful power. Even if ye Chen only condenses half of the seal, he can feel a kind of power completely free from the shackles of the laws of heaven and earth! With this half destroyed Dao Yun, he can even directly ignore the blessing of the law of self-reliance in some low-level self-consciousness, causing damage to the enemy!

With this seal, ye Chen had some qualitative changes in attack and defense!

In other words, his strength has been improved!

Although he has not yet practiced that burning the sky, he has managed to have a means to deal with his own nature, instead of being as disadvantageous as in the past.

At this time, xuanhanyu said again: "Ye Chen, now that you have this half of the seal, you have a chance to untie the next seal on me."

Ye Chen's eyes flashed a happy color. He not only got half of the seal, but also used it to unlock the next seal on Xuanhan jade?

Then, xuanhanyu's promotion of his own strength will be greater!

Immediately, we are going to have a deal with the Red Sea royal family. Although the northern Han chamber of commerce is the guarantee, it should be much safer, but there is no absoluteness in everything. Before the transaction, if we can be more powerful, our security will be more secure!

Immediately, ye Chen opened the ban of the room, and set up a magic array in the room. At the next moment, an illusory figure appeared in front of him. It turned out to be a beautiful woman, xuanhanyu.

Before ye Chen gazed at xuanhanyu's chest, he took a deep breath from a thick, dark chain. First, he refined the medicine in his body at a high speed. His flesh and blood gradually filled up, and the wound healed slowly. Then, he closed his eyes and adjusted his breath. With boundless spiritual power, he rushed towards his body, making up for the consumption caused by Lin Jianqing's attack.

After a while, ye Chen opened his eyes again, and his eyes were bright!

The evil sword appeared again in his hand, and the destruction of Daoyun suddenly became strong. He slowly raised the sword in his hand and poured his whole body into it. The evil spirit was rolling around his body. The next moment, he suddenly cut the chain in front of xuanhanyu's chest with a sword!

Chapter 3974

The Qi of heaven and earth in the sea of knowledge is pouring out and interweaving with the rhyme of destruction road into a half seal!

At the same time, the ancient method of Hongmeng will be used!

Ye Chen's sword awn instantly produced a kind of detached breath!

As if even the sky, even the law itself, will die in this sword!

In the blink of an eye, the sword fell on the chain!

In the seemingly flat chain, countless runes burst out in an instant, resisting the impact of the sword and Daoyun!

Ye Chen's face changed slightly. In this seal, a powerful force has emerged!

If he doesn't have the seal before, let alone break it, he will be shocked by this force when he comes out of the sword?

But now, it's different!

That half of the destruction of Dao Yun turned into a transcendent force, protecting Ye Chen from the reverse of the seal force!

A moment later, cracks appeared on the chain, and soon there was a click!

The chain is finally broken!

Xuanhan jade eyes a bright, that illusory Jiao body seems to be condensed solid a minute!

Ye Chen put up the evil sword and fell heavily on the bed. His chest heaved violently. The sword seemed to have emptied all his strength!

Xuanhanyu smiles and melts into the evil sword.

Ye Chen asked xuanhanyu, "xuanxianzi, what level of strength have I reached now?"

Xuanhanyu was silent for a moment, then said: "reluctantly, we can fight against the three layers of heaven and earth, but it is very difficult to win!"

Ye Chen nodded his head, his eyes were dignified. When he got to the back, every small level of promotion would bring a huge gap. Although he got half a seal and opened a seal for xuanhanyu, it was still not enough to make up for the gap of a realm!

Therefore, now he reluctantly fought against heaven and earth, and had the chance to escape in the battle.

However, such promotion, he has been very satisfied!

At this time, ye Chen said again: "xuanxianzi, in fact, now, after gaining the trust of Lin Jianqing, it is not so urgent to get the qualification to enter the Sunmoon sea. After meeting with the master of Guanghan hall in Chihai, how do we get the Huayue treasure box?"

Xuanhanyu slowly opened his mouth and said, "the treasure box of the moon is a treasure in the sea of sinking moon!"

However, this treasure is not only one, but every year, there are six treasure boxes in the sunken moon sea! "

Ye Chen's eye is different color a flash way: "six?"

Xuanhanyu said: "yes, the moon melting treasure box, as its name implies, has the power to melt the moon. The source of this power is not the treasure box itself, but a treasure named yuerongjing in the treasure chest! But the moon treasure box is only able to better play the power of the moon melting crystal in the box!

The moon melting crystal can absorb the moon flower, then dissolve it, and transform it into the pure moon spirit Qi. It is of great benefit to the people in the sinking moon sea. It can not only gradually strengthen the already weak blood of the moon god family, but also help improve the cultivation and practice the secret method!

There is a vein of moon melting crystal that runs through the nine sea areas in the Chenyue sea. However, with the strength of each sea area in the Chenyue sea, only a few of them can be picked in a year. Therefore, six treasure boxes can be refined every year. It can be said that the Guanghan Palace in the nine sea areas has contributed, some provide the moon melting crystal, some provide the materials for refining the moon treasure box, and some provide the materials for refining the moon treasure box. We invited famous craftsmen and so on.

But there are only six. How do you distribute them? "

Ye Chen's eyes flashed slightly: "martial arts meeting?"

Xuanhanyu said with a smile: "not bad! The nine major sea areas have unanimously decided to hold a martial arts meeting. Each sea area will be allocated a certain number of people according to their contribution in the process of refining and refining the moon box. Each sea area will call together demons who are no more than 500 years old to compete in martial arts and Taoism. "

Ye Chen nodded, such a treasure, of course, to the best in the hands of a group of evil spirits.

Xuanhanyu then said: "this martial arts meeting is called Huayue Dabi by those who sink into the moon. There are six events in the contest. Six aspects of martial arts practitioners are evaluated, and six of the best martial artists are selected. Of course, there may be repeated candidates..."

Ye Chen's eyes lit up and said, "that is to say, if there are all aspects of extremely excellent existence, can you get several treasure boxes of the moon?"

Xuanhanyu said with a smile: "not bad. The reason why it is more advantageous to trade with the royal family in the inland sea is because, in this month to month ratio, there are more places in the inland sea. If you have bad luck with the outer sea, there may be only one quota. So, it will be more difficult to get this quota..."

This is very normal. If there is only one quota, the royal family of Guanghan hall may leave it to those who are truly loyal to themselves, or to the outstanding young people in the royal family.

Ye Chen has a trace of excitement on his face. In terms of comprehensive ability, he can even compare with the later existence of heaven and earth, even surpass! It's very suitable for you! But at this time, xuanhanyu said: "Ye Chen, every martial artist can only participate in the monthly contest once in his life. If you want to make the whole moon mysterious, you need at least six moon treasure boxes! That is to say, you can't lose once in this big match! "

Hearing this, ye Chen could not help but change her face

The martial art of the Sunmoon sea is extremely powerful, which may not be much worse than that of the dark area. However, I have to crush the demons from the Sunmoon sea in all aspects, so as to get enough moon melting treasure boxes and burn the sky?

You can imagine how difficult this is!!!

This is not the same as the agent assessment in the dark domain!

Agent assessment, the cultivation of martial arts is limited to a certain level, but this time, there is no such limit!

Although under 500 years old, it is extremely difficult to have the strength of the later period of the heaven and earth. However, it is not allowed to have that kind of monsters?

He had a wry smile on his face, but there was also a sense of war in his eyes!

.....

No one knows that after the blue and white ships left the sea area where they had just been, there were waves in the void, and a thin figure appeared on the sea surface.

Here, there is a teenager hidden all the time!

A boy who can't even be found by a strong man like Lin Jianqing!

This is a bit of a mystery!

The young man looked like he was sixteen or seventeen years old, but his real age was also five or six hundred years old. Of course, the age of five or six hundred was very young among the martial arts.

The young man was pale and delicate, with long Lavender hair and a strange Rune on his forehead. In his violet eyes, there was a flicker of strange light, which made him look extraordinary.

However, the most strange thing is that this young man has a head in his hand!

Chapter 3975

The head belonged to a middle-aged man. The middle-aged man was full of red hair, and his face was extremely fierce. However, looking at his expression before his death, he seemed extremely frightened!

If there is a fierce sea people here, see the face of the dead, certainly, will be scared instantly fainted!

Because the owner of this head is one of the four top pirate groups in the fierce sea, the king of the red hair Pirate Group!

Red hair King Chen Yu!

If Chen Zhen, even Lin Jianqing, were to fight against him, he would hardly win!

But who could have thought that Chen Chen was killed by such a young boy?

No one believes such news?

Don't say it's in the sinking moon sea. Even if you take this young man to heaven and man's domain, they are all demons among demons!

At the moment, his purple eyes flashed a thoughtful color and said to himself with a playful smile: "I didn't expect that I could meet such an interesting thing when I came out to perform a task? It's not only the first time I heard that the powerful people in the holy land can say it, but it's the first time for me to tell them that they have the strength

This young man is actually one of the most mysterious dark son of the moon!

The purple haired boy took out a jade talisman and integrated his divinity into it. The light on the jade Rune flashed, and an old voice said, "Suzi, is the task completed?"

The young man named Su Zi said with a smile, "old man Wu, do you think I will fail?"

He looked at the head in his hand and said, "however, there was a little accident and killed a guy with red hair."

The old man, who was called old man Wu, was silent for a moment and then snorted: "accident? You hate those pirates, don't you? Come on, what can I do for you? "

Su Zi did not talk nonsense. She said everything she saw to Mr. Wu.

Hearing this, Mr. Wu said in great shock: "there is such a thing! You're not wrong. He really practiced in the holy ancestral realm and formed a seal? What's more, it's the seal of destroying the Shinto? "

Su Zi said impatiently, "how can my eyesight be wrong? But Lin Jianqing has some qualifications in kendo. Although I can't believe this boy's vitality, it is impossible to resist Lin Jianqing's attack with his current cultivation without the half of the destruction seal. "

At the next moment, Wu said in a very excited way: "did the son of reincarnation really appear? Follow him! Suzi, this is your new task. See what he is going to do

Su purple eyes flash, to tell the truth, he also has a very strong interest in Ye Chen!

He murmured, "reincarnation son? It's worth a trip. "

After that, he moved, turned into a purple light, and flew to the front. The gravity in the sinking moon sea was almost ineffective for the purple haired boy!

A day later, the blue and white boat had left the fierce sea and sailed into the Red Sea. At this time, ye Chen, who was closing his eyes and breathing in the room, slowly opened his eyes. His eyes were bright, and he had recovered from yesterday's serious injury!

Not long after, a red warship came up from the red sea law enforcement hall.

A tall young man in red armor and long and thin eyes looked at the two boats with a look of pride, but at the next moment, he couldn't help looking at them!

Among them, there are actually three late existence of heaven and earth!

The young man's face was a little nervous and said to several people, "please show me the permit to enter the Red Sea..."

As a member of the law enforcement Hall of the inland sea, he did not like the businessmen who came from the open sea and crossed the fierce sea. The people in the inland sea were born with a feeling of being superior to others, but

This sense of superiority also depends on the situation. One of them existed in the early days of heaven and earth. In the face of the later existence of the three, he still dared to be arrogant? How dare you be superior?

It's not about dying. What is it?

Huang Qi gave a red jade ultimatum to the tall man to check.

The man's mind swept, then smile and handed it back to Huang Qi, politely said: "it turns out that you are members of the North Han chamber of Commerce, please enter the sea."

Huang Qi nodded and said nothing more. The two boats sailed into the Red Sea.

The tall man looked at the two boats leaving, and his eyes flashed a strange color. The merchant ship of the northern Han chamber of Commerce has always been a very luxurious and huge one. Why did only two boats come this time?

Qin Hongyue said to Huang Qi: "Mr. Huang, arrange for me to contact Chihai Guanghan hall. I want to have a meal with the master of Chihai Guanghan hall."

The head of Guanghan hall in Chihai comes from Xijia, one of the nine royal families, and his youngest son is the son of the palace master named Xi xunlu.

The most important thing is that Xi xunlu is very fond of Qin Hongyue. Although Qin Hongyue has never expressed any feelings towards this person, she has made contact with him several times, which can be regarded as some friendship. Even if Qin Hongyue comes from the northern Han chamber of Commerce and has a special identity, it is not an easy thing to get in touch with Xiyun directly, so it needs a bridge!

Xi Xun Lu is the most suitable candidate!

Huang Qi nodded and immediately ordered the members of Beihan chamber of Commerce, who are resident in Chihai, to initiate relations and contact Xi xunlu.

.....

In an extremely luxurious palace, a beautiful girl with a transparent dress and a cool dress was walking with her head down. Soon, she came to a bedroom.

In the bedroom, the fragrance of wine is diffuse, and in the gauze curtain, several figures can be seen, which are entangled together.

Before the girl came to the gauze curtain, she called softly: "master, Miss Qin of Beihan chamber of Commerce, has sent you a message."

"Oh?" There was a deep man's voice in the curtain.

Then, there was a young man with bronze complexion, sunny appearance and muscle all over his body. He walked out of the tent naked.

When the girl saw the young man, she lowered her head and turned red. She handed a letter to her.

This young man is naturally Xi xunlu.

When he opened the letter, his eyes swept and his mouth lifted slightly. "I thought that Qin Hongyue was going to catch my appetite. Now, I have a letter."

At this time, a graceful figure suddenly appeared behind the youth, hugged the youth tightly, and coquettishly said, "Your Highness, what's the matter? What's the delay? Aren't we having a good time? "

After Xi Xun Lu, there is a woman with fair complexion and extremely charming.

As soon as the woman's voice fell, there was a burst of coquettish voice among the gauze curtains.

Xi seeks Lu to smile a way: "this childe wants to go out."

Chapter 3976

He raised the envelope in his hand and said, "a friend wants to invite me to dinner, but I am sorry to refuse."

The charming woman pursed her lips and said, "what friend can make your highness happy than us?"

Xi Xun Lu, with a smile, walked out of the hall and said, "if it's just someone else, you can't compare the first beauty in the North Sea."

When the charming woman heard the words, her beautiful eyes became cold and said, "Qin Hongyue? Hehe, I thought how chaste Miss Qin is. In the end, it's not for your Royal Highness's appetite? Now, it's revealed? "

All of a sudden, she coldly looked at a girl who was afraid and said, "you follow me to the account."

The girl was stunned and wanted to say something, but before she could speak, she was pulled into the tent by the charming woman. Then, a scream rang through the palace.

Xi xunlu scratched his ears and walked out of the palace. When he left the palace, he whistled. Suddenly, there was a flash of gold beside him. A soft, golden wolf appeared in front of him.

This giant wolf exudes a strong evil spirit all over his body. He is a powerful demon beast in the six layers of heaven and earth. However, in his eyes, his spirit is dim and his expression is rather dull. Obviously, the spirit is imprisoned, and his intelligence is almost lost. He can only follow the orders of his master.

Xi Xun Lu had a smile on his face and moved. He rode on the wolf's back. The wolf turned into a golden light and rushed out of the hall. He ran all the way. In the blink of an eye, he fell into the sea!

Strange scene, appeared!

The golden wolf, however, was stepping on the sea water, toward the distance, and sped away at a speed several minutes faster than many warships!

This giant wolf is a unique monster in the deep moon sea. It is called the golden wolf!

This golden wolf is not only powerful, but also has the ability to walk on water! Very suitable for use as a mount.

But, this Sunmoon golden wolf, the quantity is extremely rare, can imagine, its price high to what extent!

Almost only the royal families and the top forces in the Sunmoon sea are qualified to travel on this golden wolf!

The golden wolf has almost become a symbol of identity!

"Yahoo!" Xi Xun Lu was galloping on the sea, cheering, and moving towards the direction of the restaurant told by Qin Hongyue.

Not long, Xi Xun Lu came to a hotel named Fengxue tower.

This restaurant is also a very high-end restaurant. It is divided into three floors. The customers who can enter the restaurant have a lot of money!

However, when they saw Xi Xun Lu and the golden wolf who appeared outside the door, they all changed their faces and saluted in a hurry: "see your highness!"

The shopkeeper of that restaurant, also appeared in front of Xi Xun Lu very quickly, extremely respectfully said: "Your Highness, you are coming."

Xi Xun Lu casually waved: "let the guests, all go back, their single, I bought, today this wind and snow building I wrapped."

After that, he went straight to the third floor. He had been to Fengxue building. The third floor was specially prepared for distinguished guests. There was only one table on the whole floor.

When the shopkeeper heard the words, he gave a bitter smile. Knowing that this would offend many guests, he had to follow suit.

It is better to offend ordinary guests than to offend Xi Xun Lu.

After a burst of noise, the guests left the Fengxue building one after another. Although they looked resentful, they did not dare to disobey the meaning of Xi Xun Lu.

Soon, the whole wind and snow building will be quiet down, and at this time, xixunlu and that heavy moon golden wolf can just walk into the third floor.

On the third floor, there is only a big round table with white tablecloth.

Xi Xun Lu just sat down, the shopkeeper came again and said with a smile, "Your Highness, the guests have all gone back."

Xi Xun Lu waved his hand and said, "OK, go and prepare the meal. My friend will come soon."

Then he pointed to the golden wolf lying at his feet and said, "give me the golden wolf, the best fierce animal meat."

"Yes After the boss retired, not long after, there was a beauty in cheongsam, came to the third floor, their hands, carrying a dish, placed in front of Xi xunlu.

These foods, of course, will not be cold and other problems, at any time, maintain the best taste!

In front of the golden wolf, there is also a big plate. On the plate, there are some fierce animal meat with extremely evil spirit.

.....

At this time, several figures appeared in front of the wind and snow building. Among them, there were three places of heaven and earth. They were Qin Hongyue and others!

Qin Hongyue said: "Huang Lao, Tang Gong, you stay downstairs. Ye Chen and I will go up."

Ye Chen also said to Lin Jianqing, "you also stay downstairs."

Lin Jianqing nodded, naturally there was no objection.

Then, Qin Hongyue took Ye Chen to the third floor, and she knew that Xi Xun Lu was waiting for her there. The shopkeeper of the welcome saluted Qin Hongyue with great respect: "Qin Xianzi, please, your Highness has been waiting for a long time."

Qin Hongyue nodded, did not speak, then walked upstairs.

The shopkeeper looked at the two people's back, smile, eyes with a faint shock color, he didn't expect Qin Hongyue to have dinner with Xi xunlu, even with a man?

Qin Hongyue's eyes flash slightly. The reason why she wants to take ye Chen is to prove the value of Ye Chen to Xi Xun Lu!

Although all the subsequent transactions were carried out by the Beihan chamber of Commerce, ye Chen was required to come forward for the first negotiation. After all, there is no basis for one's words. If ye Chen is not present, the royal family will not be willing to trade with him.

Is waiting for Qin Hongyue Xixun Lu, suddenly slightly frown, he felt, upstairs there are two breath!

What's going on?

Qin Hongyue and her own dinner, but also with people?

Soon, a beautiful woman appeared in front of Xi xunlu. It was Qin Hongyue, the first beauty in the North Sea that Xi xunlu thought about day and night!

Xi Xun Lu stood up and was about to smile and greet Qin Hongyue. But the next moment, his smile was frozen!

I saw, a look indifferent youth, follow behind Qin Hongyue, slowly walked up the third floor.

At the next moment, Xi Xun Lu's eyes are staring at Ye Chen's body, and his whole body's spiritual power is turning wildly, and his breath is more and more surging up!

Xi Xun Lu was obviously angry! Even killing!

Why?

It is because there is little distance between Ye Chen and Qin Hongyue. Although they are just walking normally, they are extremely intimate in the eyes of the discerning eyes!

In the men and women on the very experienced Xi Xun Lu, instant can see what happened between the two, and, or in the recent!

In an instant, Xi Xun Lu's eyes are full of blood!

He looked at Ye Chen's eyes, even appeared to kill!

Chapter 3977

Qin Hongyue has been in business for many years. Naturally, she knows how to observe her words and looks. She can't help but frown a little!

She did not expect that Xi Xun Lu, as the son of Guanghan palace master, was a member of the royal family, and had only this kind of measure?

Although she was quite disdainful of this man in her heart, in order to complete the transaction, she still sat down at the table and said with a smile to Xi xunlu: "Your Highness, I haven't seen you for a long time. Before, your highness invited red moon to drink and talk with each other. Because of the busy business, she didn't have the opportunity to make an appointment. Now, I'm a little free."

With that, Qin Hongyue took a look at Ye Chen and continued: "Your Highness, this is Ye Chen. Ye is Hongyue's A good friend came to Chihai with me to do business. In fact, we have something to discuss with your highness

"Something to discuss?" Xixun Lu smell speech, eyes gradually restored calm, light smile way: "so it is, good, two, please sit down."

After that, he would sit back to his position, but his eyes were cold. He didn't know where he was. Qin Hongyue, the so-called date for dinner, was just for trading.

Although Qin Hongyue didn't mention anything about going on a date with him alone in his letter, Xi xunlu's heart was naturally very unhappy, especially after seeing ye Chen!

Qin Hongyue smell speech, slightly relieved, although Xi Xun Lu is dissatisfied, but also did not make too extraordinary things, such a result is acceptable.

Naturally, she knew that Xi xunlu had an idea for herself, and she took advantage of this to meet him so easily. For businessmen, beauty itself is one of the chips.

However, after all kinds of things happened with Ye Chen, Qin Hongyue subconsciously refused to do such a thing. Just before she went upstairs, she did not deliberately distance herself from ye Chen.

When Qin Hongyue is ready to sit down, her pupils shrink slightly. For a while, she has no movement.

Xi Xun Lu glanced at her and said, "why don't you sit down? Miss Qin, but I don't like this table of food. I don't like it

Qin Hongyue looked embarrassed and said with a smile: "Your Highness, it seems that there is only one chair here..."

If she sat down, what would ye Chen do?

Do you want Ye Chen to stand by and watch them eat like servants?

Don't say ye Chen, Qin Hongyue can't accept it!

She doesn't mind standing and letting Ye Chen sit down, but if she does that, obviously, she will completely enrage Xi xunlu

After all, Xi Xun Lu came to eat with her.

Xi Xun Lu said: "I thought Miss Qin was the only one who came here and didn't have many chairs. Who knows, you will take a man to have dinner with me?"

Qin Hongyue knew that Xi xunlu was very narrow-minded. Now, I'm afraid she is embarrassing Ye Chen. Originally, according to the style of the businessman, she would not stimulate Xi xunlu at this time. However, when she heard Xi xunlu's words, she was filled with anger and frowned: "Your Highness, can you ask someone to add a chair?"

Her voice was a little cold.

Xi Xun Lu smelled the speech, put down his chopsticks, and looked at Qin Hongyue with a gloomy look, and Qin Hongyue looked at it with no hesitation.

All of a sudden, Xi Xun Lu's mouth raised a sarcastic smile and said, "why bother so much?"

With a wave of his hand, he dropped the dish on the ground.

Qin Hongyue tightly clenched her fists and said, "Your Highness, what do you mean?"

Xi Xun Lu pointed to the golden wolf on the ground eating meat: "you brought a guest, I also brought a guest, you and I sit at a table, guests and guests sit at a table, what's the problem?"

Qin Hongyue, who is always calm, is furious in her beautiful eyes. She looks for Lu in the evening and regards Ye Chen as a dog!

The same status as the golden wolf!

Even let Ye Chen lie on the ground and eat with the golden wolf!

"You

Qin Hongyue instantly drinks a sound, the whole body breath has the faint sign of outbreak.

However, Xi Xun Lu took a glass of wine and interrupted: "Qin Hongyue, you don't want to discuss things with me?"

Qin Hongyue's heart thumped for a moment. She knew that if she had offended Xi xunlu, with this guy's character, this matter, no matter how great the interests may be

But even so, she couldn't bear it!

Xi Xun Lu treats herself like this, she can bear it, but she can't do it to Ye Chen!

Just when Qin Hongyue was about to explode, a hand gently pressed on her shoulder.

Qin Hongyue looked at the calm face of the man beside her. Her mood was suddenly peaceful.

Ye Chen said faintly: "Your Highness, you and I have no injustice or hatred. Why should we do this?"

Looking at Ye Chen with scorn on his face, Xi Xun Lu said, "no injustice, no hatred? If you trample on an ant, will you care if it has any hatred with you? Boy, I don't care who you are. Today, if you eat this dish on the ground like a dog, we can still talk about it. If not? Hehe, I'm looking for Lu in the evening. I can guarantee that you can't do this in my Chihai! "

Among the five inland seas, the red moon of Qin Dynasty has a deep color. Among the five inland seas, they have some business and relations. You can contact Xi xunlu. Through him, you can find the master of Guanghan hall, change to other inland seas, and even meet the master of Guanghan hall. It is a very difficult problem

Ye Chen's eyes flashed, too. According to Xuan Hanyu's calculation, there is not much time left for Huayue Dabi. This transaction can't be delayed any more

Xi Xun Lu saw the look of the two people and laughed. He became more arrogant and said, "do you want to eat or not? I don't have a lot of time. I'll give you three breaths to make a decision. Otherwise, I'll go back to accompany the beauties! "

"Ye Chen, let's go, I'll think of another way!" said Qin Hongyue

She will never allow Ye Chen to be humiliated!

Ye Chen is facial complexion is indifferent ground way: "do not need, this matter, I come to solve."

Xi Xun Lu laughed and said: "solve it? What are you going to do? Boy, who do you think you are? In this red sea, I has the final say in finding out the land. If you want to solve it, give me the dish on the ground! "

Ye Chen glanced at the dish on the ground. At the next moment, it was true. He leaned down slowly and held out his hand towards the dish!

Qin Hongyue's face changed slightly. Did ye Chen really want to eat this dish?

Xi Xun Lu's smile is also increasingly sarcastic, boy, dare to rob a woman with me? Today, let you have a long memory!

Soon, ye Chen took the dish in his hand and searched for Lu in the evening. He thought that ye Chen wanted to admit his advice. When he ate the dish, it was a sudden change!

Ye Chen carrying the dish, with a wave of his hand, saw a silver light, with a very fast speed, towards the evening looking for Lu, flashing away!

Chapter 3978

Who did not expect, ye Chen unexpectedly is direct this dish of dish, throw to Xi Xun Lu's face!

Although Xi Xun Lu is a heaven and earth existence, but in the face of Ye Chen's sudden attack, there are some reactions can not come!

Moreover, under the unimaginable blessing, the flight speed of dishes and dishes has reached an extremely frightening level!

The next moment, there was a crack, and Xi Xun Lu's face was stunned. He saw that the jade plate had been scattered on his face, and a hot dish covered his face and slid down slowly!

Xi Xun Lu was slightly stunned for a moment. Then, his eyes looked at Ye Chen, leaving only endless killing intention!

He is the royal family, but also the son of Xiyu, the master of the Guanghan palace in Chihai. He covers the sky with one hand and no one dares to offend him!

In a word, you can make countless warriors in the Red Sea kneel down in front of them!

From childhood to adulthood, who was not respectful to him?

But now, how dare someone in his territory, a dish directly hit his face?

When has he been so humiliated!

With a roar, the breath of looking for Lu in the evening broke out completely. The golden wolf, who was originally eating fast, also stood up slowly. His dim eyes locked Ye Chen, and his strong breath was rolling in the wind and snow building!

However, more deadly, the wind and snow building around the outbreak of three strong breath!

Ye Chen laughs coldly. This breath is not from Lin Jianqing, but from three strong men who secretly protect Xi xunlu!

Almost at the same time, these three people suppress the breath on Ye Chen, but ye Chen is not moved by the three people's breath. When the three people see this, their eyes flash, and they will fall directly in the wind and snow building.

At this time, ye Chen said faintly, "master Lin Fa, let's go."

At the same time, Qin Hongyue also said: "Huang Lao, Tang worship, please move!"

Both Lin Jianqing and Huang Qi did not hesitate at all. Their bodies disappeared in the void and blocked their way. Although Tang you frowned a little, he did the same after a while.

However, although under the command, but her eyes slightly flash to see ye Chen, but do not know, ye Chen exactly what to do?

Although Xi Xun Lu is hateful, it's not a good choice to split his face with him at this time. In this way, if you don't trade with Xi Xuan, you may be attacked by Xi Xun?

Offending the royal family is not a small matter

Although Lin Jianqing thinks that Ye Chen's identity is not simple, he is a mysterious dark son of the moon, but Qin Hongyue is very clear that this is not the case.

In front of the wind and snow building, there are six people in the later period of heaven and earth. They bravely fight and fight in one place!

Ye Chen looked at Xi Xun Lu and said with a smile: "there are two ways to achieve my goal. Originally, we wanted to use the first method. Now it seems that we can only use the second method?"

"The second one?" Xi Xun Lu said with a smile: "what's the second way for you to do it to me? I advise you to kneel down for me. Maybe, in the face of Qin Hongyue, I can spare you a dog's life! "

However, the one who answered Xi Xun Lu was a sword!

A dark sword with strong evil spirit and inexplicable breath!

Ye Chen, unexpectedly is a direct sword toward the evening looking for Lu to be beheaded!

In the face of this sword, Xi Xun Lu's Bronze face was faintly pale. The sarcasm on his face suddenly collapsed, and his whole body trembled involuntarily. In his soul, he felt great fear!

This sword, too terrible!

However, just at this time, a golden figure was in front of him. His whole body was golden and generous. It turned into a golden ocean and swept towards the blade of Ye Chen!

With a piercing cry like a tear, the sword light and the golden awn were eliminated at the same time. In the space, there were countless cracks, and it was the golden wolf that stood in front of Xi xunlu!

Xi xunlu was panting violently, his whole body was cold and sweating, his pupils were trembling, and his heart had faint signs of collapse. For the first time in his life, he felt such a real crisis of life and death!

If it had not been for the golden wolf, he would have been dead now!

For a while, he looked up to Ye Chen again, and his face was full of fear. Is this boy a madman?

Are you really afraid of death?

Even if he looks for Lu in the evening, he says that he will chop it?

He committed such a felony that even a northern Han chamber of commerce could not protect him!

Fortunately, judging from the attack just now, the boy's strength is still under the golden wolf!

Xi Xun Lu secretly congratulated himself that he came out this time and took the golden wolf with the moon. He looked at Ye Chen and said, "boy, do you want to take me to be buried with you? You can't beat my dog! "

Ye Chen smiles and says: "is it?"

At the next moment, Jue Qiang's evil spirit gushed out from ye Chen's body. The boundless evil spirit stirred up in the wind and snow building. The destruction of Daoyun was just like a strong wind, sweeping the world. The wind and snow building seemed to be in the wind and snow all over the world. It was freezing and shaking!What's more frightening is that in front of Ye Chen's body, the rolling destruction rhyme gradually condenses into a half Rune!

The golden wolf felt his blood was crushed! He was the demon clan, but ye Chen was the supreme among the demons. Naturally, he only had the qualification to submit!

It's a pity that it has no choice, even if its blood is crushed and its strength is weakened, it still sends out a high pitched wolf howl, and its whole body is full of golden light and bursts out a very powerful breath!

In Ye Chen's eyes, the divine awn explodes and flashes, staring at the giant wolf in front of him, but the corner of his mouth is with a cold smile.

After being suppressed to the early days of heaven and earth, how to fight?

The next moment, a sharp sword!

The golden wolf also raised its claws. The infinite golden light converged on the wolf's claws, turning into a very dazzling claw shadow and roaring towards Ye Chen!

The sword light and the golden awn suddenly hit a place!

Time, as if there is a moment of stillness, all people's pupils are crazy contraction!

I saw, that fierce incomparable claw awn, unexpectedly is under that destruction road rhyme, quickly collapsed!

In a flash, the sword light will bombard on the heavy moon golden wolf's huge body!

The golden radiance of the golden wolf's body surface suddenly became strong. In the wind and snow building, it was like a golden sun rising. However, at the next moment, the golden sun was bombarded by a huge force, which made it fly backward and hit the wall with a roar. The radiance of the array in the wind and snow building flashed wildly, but even so, it was also hit by this impact and smashed countless on the wall Cracks!

The golden wolf of the sinking moon uttered a lament, and his huge body fell on the ground!

Chapter 3979

Ye Chen killed the golden wolf with one sword!

Qin Hongyue and Xi xunlu are both shocking, especially Xi xunlu!

At the moment, how can he be calm and arrogant?

Looking at Ye Chen, he is actually a pair of expression that sees what ancient evil beast is like. His bronze face is scared to be green and white, and his body is shaking wildly like chaff!

He couldn't understand it at all!

In front of him, he just humiliated and despised the boy. He even defeated the golden wolf with a sword?

Ye Chen is a pair of indifferent color, not surprised at all.

The strength of the golden wolf is actually above Ye Chen.

But!

The golden wolf is a demon! And the demon clan pays most attention to blood!

Moreover, in order to be driven by Xi Xun Lu, whose strength is not as good as that of the golden wolf, its spirit has been banned and sealed, and its strength has been greatly reduced. If it is faced with ordinary warriors, relying on the body of the monster, there is still the strength of the first battle. However, facing Ye Chen, the blood of the demon, the situation will be completely different!

If the golden wolf can use the ability similar to the heaven to resist, it is not easy for ye Chen to defeat it. However, if he can not use such means, then ye Chen's blood beyond heaven and earth can be turned into an unstoppable killing weapon!

Therefore, we can defeat the golden wolf in an instant!

This, pour also can't blame to send Xi Xun Lu of red sea wide cold hall hall hall Lord.

After all, who would have thought that someone could do that?

Ye Chen instantly appeared in front of Xi Xun Lu and said with a smile, "now, do you still think that this guy can protect you?"

Hearing this, Xi xunlu suddenly fell to the ground with his body soft and collapsed. His eyes were shaking wildly, and his tears were surging wildly. He cried and cried: "don't kill me! I promise you what you want me to do. Don't kill me

The smile on Ye Chen's face became more and more evil. But suddenly, his pupils shrank. In an instant, he chopped out a sword at Xi Xun Lu's neck!

Qin Hongyue breath stagnation, do ye Chen really want to kill Xi Xun Lu?

At this time, the space fluctuated together. A middle-aged man with a long beard and chest appeared beside Xi xunlu. Seeing this scene, his eyes showed a color of horror, and he yelled: "Daren

His whole body is violent, the breath is surging, want to shoot to Ye Chen!

This is one of the three middle-aged men seeking protection!

In a flash, ye Chen that handle already touched Xi Xun Lu neck long sword, but suddenly fixed in the air.

At the same time, the middle-aged man asked me to make sure? If you can't kill me with this strike, I can promise you that Xi xunlu will surely die! "

The middle-aged man's face changed, and he was about to blow out his hand, but he could not help slowing down. His eyes flashed wildly. At first, he glimpsed the golden wolf lying in the corner, and then his mind surged. He sensed the extremely thin atmosphere of heaven and earth in Ye Chen's body, and his face was suddenly gloomy

In his opinion, ye Chen may also exist in the later period of heaven and earth. In this way, if the other party has any means to protect his life, he really does not have the confidence to kill him with one blow

If Xi Xun Lu died of this, the consequences would be

Even if he was the late existence of heaven and earth, he did not dare to bear it!

This guy can't help hesitating!

At this time, a drop of blood rolled down from the edge of Ye Chen's sword. He felt Xi xunlu in the painful part of his neck and roared: "stop it! Stop it! Listen to him, listen to him

It was like the last straw that killed the camel. The man finally sighed and took back his hand.

Ye Chen tiny smile, this person's reaction, in his anticipation.

At the same time, the space fluctuates again. A woman appears beside Qin Hongyue. Her face is pale and her breath is messy. It's Tang you!

Tang you bowed his head and said, "Miss, I can't stop him..."

Qin Hongyue nodded and didn't say much about it. With the strength of the chamber of Commerce in the northern Han Dynasty, even though Qing came to offer sacrifices in the later period of Qiankun, the

strength of these worshippers was not so outstanding in the same rank, but the guards of Xi Xun Lu were different.

The protection of royal children is of great importance, and all of them are good at fighting.

Tang you can not stop the middle-aged man, also belongs to the normal situation.

The man with a long beard glared at Ye Chen and snorted coldly: "boy, I advise you not to do anything stupid. Do you think you offend the royal family and can you go out of the red sea?

Release your highness, maybe you can die a little better! Now, the Chihai law enforcement hall, even the hall owner of Guanghan hall and the offerings in the hall have all arrived here. At that time, do you think these people can kill you before you take out the sword? "

Ye Chen said with a smile: "maybe, but before that, Xi Xun Lu will die!"

Xi Xun Lu hears the speech, the body trembles, more severe! He can only try to control the part above the shoulder, not moving at all, so as not to be hurt by the blade of Ye Chen!

The anger in the eyes of the long bearded man almost ignited the whole snow Tower!

"Dare you!" he thundered

Ye Chen said with a smile, "what dare I have? In any case, it's all death. Isn't it better to pull a cushion? "

The man with a long beard bit his teeth and gazed at Ye Chen for a moment. After that, he could not see ye Chen's mind at all. Then he continued: "boy, go ahead, what are your conditions?"

Ye Chen if really want to pull people to back, just now, then directly started, now deadlocked here, for should be to talk about conditions.

Ye Chen said faintly: "first, let the master of Guanghan hall come to see me directly! If anyone other than the master of Guanghan hall steps into the wind and snow building, he will die at night! "

The long bearded man's eyes flashed: "yes."

Ye Chen said: "second, after the arrival of Xifu, I will set up an array outside the wind and snow building. No one can pry into it with divinity. Otherwise, you will know the consequences very clearly. OK, you don't need to know the rest. Please invite the master of Xidian."

The man with a long beard took a deep look at Ye Chen, then turned to leave. He said with a sneer: "ha ha, boy, I can't kill you in seconds. It doesn't mean that the hall master can't kill you. Do you want to use Xi Xun Lu as a hostage? I'm looking for death

Yes, ye Chen's second method is to kidnap Xi Xun Lu directly!

Just after the long bearded man left, xuanhanyu suddenly said, "Ye Chen, collect the blood on the ground."

Ye Chen hears the speech, the face appears inexplicable color, this Xi seeks Lu a drop of blood to have what good collection?

However, they did as they were told.

After a while, a sound of footwork came from the stairs.

A middle-aged man, dressed in white, exuding noble spirit and prestige, and having a seven minute resemblance to Xi xunlu, came to the third floor of the Fengxue building and appeared in the sight of Ye Chen and Qin Hongyue.

That evening seeks Lu to see this person, is the face appears the color of ecstasy: "father!"

This man's Hall of chihanxi is the master of the hall!

## Chapter 3980

Ye Chen sees the moment of Xiyun, which is also a pupil tremor, which is an existence of nine layers of heaven and earth!

Xi Xun's eyes coldly glanced at Xi Xun Lu, indifferently said, "waste."

Xi Xun Lu smell speech, face a stiff, but dare not say more.

The next moment, Xi's eyes fell on Ye Chen, and almost at the same time, his whole body breath was frantically burst out, and the shadow of death immediately enveloped Ye Chen!

Ye Chen and Qin Hongyue both have slight changes in their complexion. In the evening, they should go straight ahead without saying a word!

There is no hesitation at all!

That is a kind of self-confidence, a kind of confidence that can kill Ye Chen in seconds!

No one knows, at the moment, the third floor of the snow tower, in the void, is hiding a purple haired boy, it is the purple perilla!

At the moment, the purple perilla that had been watching with relish was frowning slightly, and her eyes flashed. It seemed that she was considering whether to move.

He hasn't figured out the guy who interests him. He can't just let him die.

At this time, a startling sword suddenly blew on the wind and snow building. The formation was like paper paste, which broke the roof and fell on the third floor.

In the sword spirit, a heroic figure appeared.

Lin Jianqing is a young man in black robe!

In the face of this sudden Lin Jianqing, Xi Yun frowned and his whole body breath slowly dissipated.

If Lin Jianqing also joined the battle, it would be uncertain whether he could kill Ye Chen in seconds.

Not long ago, Huang Lao also appeared beside Qin Hongyue.

Ye Chen sees the people who should come, all come, with the protection of these two people, even if Xiyun is very strong, he also lost the opportunity to kill him.

In other words, negotiations can begin.

With a wave of his hand, ye Chen shot out several glowing lights, forming an array in an instant.

Tang you, however, is guarding outside the wind and snow building, observing the trend of those worshippers from the Guanghan palace in Chihai.

Xi Yun looked at Lin Jianqing and said coldly, "the West Sea is to fight against my red sea?"

Obviously, he did not know Lin Jianqing, the head of the Xihai law enforcement hall.

Lin Jianqing's pupils trembled. However, she soon regained her composure and said, "this is my personal act. It has nothing to do with Xihai and Xihai law enforcement hall. If the Xidian hall is to investigate Lin's responsibility after the event, Lin will bear all the responsibility for any crime. However, Lin will never allow the hall master to hurt Mr. Ye."

Xi Xuan looked at Ye Chen and said with a sneer, "what a child ye, can you even accept the rebellious Lin Jianqing? It's much better than my useless son. Come on, boy, what do you want? "

Ye Chen smell speech, but light get: "not what I want, but, what do you want Temple Lord."

"What do you mean?" he frowned

Ye Chen's eyes twinkle, suddenly, a faint moon, from its body, flowing out!

At the moment of the emergence of the moon, everyone was shocked, even the purple haired youth in the void!

They exclaimed with one voice: "spirit moon Dharma body!"

As a descendant of the moon god family, the people who sink into the moon sea will naturally be familiar with the spirit moon Dharma body!

However, cultivating the spirit moon Dharma body needs the spirit marrow of moon liquid!

Moreover, only a very small number of people with extremely pure blood, even more pure than some royal families, can be trained!

Most people want to practice can not practice, because only have the blood of the moon god can absorb the spirit marrow of moon liquid!

Lin Jianqing's face is excited and confirms Ye Chen's identity. He is the dark son of the moon!

Even the purple haired boy Su Zi looked at Ye Chen strangely and said, "the origin of this boy is more and more complicated. Is it the illegitimate son of some royal family left outside?"

For a while, Xifu's face changed. Obviously, he also had the same idea as Su Zi. Only when he was born in the royal family, would he know more clearly how difficult it is to practice the spirit moon Dharma body!

It's not something Royal descendants can hardly do

However, the people of the nine royal families all exist like relatives. It is impossible for them not to know each other. He is totally unaware of the existence of Royal descendants like Ye Chen, that is to say, ye Chen is likely to be illegitimate!

If ye Chen is really the illegitimate son of a certain royal family, it is really hard for him to kill Ye Chen rashly. Although there are fights among the nine royal families, it is only a struggle for power. If people die, things will deteriorate

Even if it is an illegitimate child, it is still a royal family!

Bloodline is an unchangeable fact! Illegitimate children, especially those born overseas by the royal family, are very special.

Although Shen Yuehai does not allow the royal family to go out, there are always some royal families who can not resist the temptation of the outside world!

After going out, if they are not found out, they can return to the Sunmoon sea. If they give birth to an heir, even if they know the existence of the son, these royal families dare not bring the child back to the Sunmoon sea in order to avoid being found out that they have been out. Therefore, most of these royal families will only leave keepsakes about the identity of these illegitimate children, hoping that one day, they will return to shenyuehai and recognize their ancestors according to the information left behind

Of course, to recognize one's ancestors is to join a royal family. No one will admit that he is the biological parents of the illegitimate child.

However, such a child, but often can get more love!

After all, in the eyes of his own parents, there is a debt to the child

If the illegitimate son died in the hands of other royal families, then, it may even provoke a war between the two families!

After so many years of stability, no one wants to break the peace, especially the ruling royal family.

The whole wind and snow building, a moment some silence down.

Ye Chen sees the shape, slowly opens a way: "Xi Dian Lord, please have a look, this is what."

As soon as the voice fell, a drop of water with moonlight appeared in front of Ye Chen.

Xiyun looked at the drop of water, and his eyes were immediately shocked. This time, his eyes showed no longer only surprise, but also with a strong and extremely happy color: "this is the soul marrow of moon liquid!"

Just now, seeing ye Chen's application of the spirit moon Dharma, Xi Xuan first had doubts about the origin of Ye Chen. Then, it was a pity

It takes a lot of pith to cultivate the spirit moon Dharma body. It seems to him that it's a waste to cultivate this magic power with so many pith. The old members of the Senate are very eager for the liquid spirit marrow of this month. If you give these pith to those old people, you can even ensure that he can sit in the Red Sea for tens of thousands of years!

Therefore, now found that ye Chen still has more soul marrow, Xi Yun is really excited!
