

## Physician 3981

### Chapter 3981

He said with an excited smile to Ye Chen: "nephew, it seems that I misunderstood this uncle before! Now I understand. I understand everything! "

At the moment of the night, it seems that his son, to forget ah!

He called Ye Chen's nephew directly?

When they heard the speech, they were all in a daze. Xi xunlu was even more like a crying expression. How could his father face the guy with a sword on his neck and call out a good nephew?

Even ye Chen himself, in the eye is flashing a touch of puzzled color, this Xi Dan's attitude changes too fast?

What's more, he said he understood. What did he understand?

You haven't said anything yet?

Xi Yun said with a smile, "good nephew, have you suffered outside these years? This time, I've come to see me

With that, he looked at Xi Xun Lu severely and said, "it's not easy to see me, so you found the North Han chamber of Commerce for help. Do you want to find me through this boy? However, this little animal is not good enough to be defeated. It must have been troubling you for the sake of women. It's almost a disaster! "

Xi Xun Lu smell speech, really want to cry without tears, their own father, how in front of their own face, toward outsiders?

He is the one who has been hijacked!

Ye Chen's look is also a little strange, things seem to be in the direction of unexpected development, but he also did not rush to deny, want to see what Xiyun also said.

What's more, Xi Yun is basically right.

It's just that I suddenly mentioned suffering outside, which makes people a little confused

Xi Yun's attitude now is as if he really regarded Ye Chen as his next of kin

Xi Xuan seemed to be excited. His eyes showed a look of reminiscence. With a complex smile, he said: "when you cast the spirit moon Dharma, I should have remembered it for a long time. In those years, my eldest brother disappeared in the sinking moon sea because of an accident. Many people speculated that he had gone outside. According to the rules set by the Senate, he was born into the people who had fallen into the moon sea, especially the royal family in the sea of sinking moon You have to intervene in the affairs of the outside world, otherwise, you will be expelled from the sinking moon sea forever

Big brother, he can't come back, right? However, you are not the same, you are the blood of my Xi family. Although you were born outside, you are qualified to recognize your ancestors and return to shenyuehai!

Elder brother always said to me that he wanted to go out to sea to look for the spirit marrow of moon liquid. Now, I finally let you bring this spirit marrow back

This words, the people in the wind snow building, listen to is a Leng a Leng!

Ye Chen this more cheap uncle?

And became a member of the royal family of Sunmoon sea in an instant?

Xixuan's eyes were extremely gentle looking at Ye Chen and said, "nephew, in the future, if you don't dislike it, you will make this red sea your own home."

Be Xi Xuan so say, ye Chen dry cough a, pour also did not deny what.

Why deny it?

It is obvious that this kind of kinship is more beneficial for him to get the treasure box of the moon!

And, no price at all!

In Xi Xuan's opinion, since Ye Chen is a member of their Xi family, it makes no difference whether the spirit marrow of moon liquid is left in Ye Chen's hand or in his own hand. The problem is only when this chip will be used.

Such a misunderstanding is a better result for ye Chen.

I don't know if the words come from the heart.

However, by such a saying, ye Chen is also embarrassed to put the sword on Xi Xun Lu's neck.

He slowly took up the sword and said to Xiyun: "Ye Chen is eager to see the master of the hall. He has no choice but to move on to his highness xunlu and offend him."

Xi Yun waved his hand and said with a smile, "this boy is just responsible for his own mistakes. What's the matter with fighting and making trouble among brothers? However, ye Chen, don't call me the Lord of the temple. Later, you will call me uncle Lin. if you call yourself the Lord of the temple, will you not let others see the joke? "

Ye Chen said with a smile, "good, uncle."

Qin Hongyue had a burst of dizziness, how is this all to return a responsibility?

Ye Chen's identity has changed from a spy who sneaks into the deep moon sea to the mysterious Sunmoon dark son, and now he has become a royal family?

Even with her intelligence, some can not understand, can not tell whether this is a coincidence caused by misunderstanding, or Ye Chen really has an extraordinary identity!

Also puzzled, there is Su Zi hidden in the void

As a dark son of the deep moon, he has learned a lot about the secret of the moon sea. He thinks he has some insight

But now, he is also a little confused, ye Chen is not the person of Xijia royal family.

After all, if he is really a Xijia royal family, it can explain why he knows the secret language about Shen Yue dark son.

Xixuan heard this sound, and seemed very happy. He patted Ye Chen on the shoulder and said, "well, this farce should be over. Ye Chen will follow me back to Guanghan hall first."

Looking at Qin Hongyue, he also said with a smile: "Miss Qin, come along. Thanks to the help of Beihan chamber of Commerce, ye Chen can successfully enter Chihai this time. I won't say much about anything else. In the future, Beihan chamber of Commerce will be in Chihai, and you can win it, even if you take it!" When Qin Hongyue heard the speech, she was excited in her beautiful eyes. Originally, she wanted to trade with Xi Yun as an agent, but she didn't expect that her original goal was achieved so easily?

"Thank you very much," she said

Then, a group of people, led by Xi Yun, entered the Red Sea Guanghan hall.

The appearance of all the worshippers lying in ambush all look dull

Well, what happened?

When the temple Master goes in, he still looks like he wants to kill. After he comes out, how can he treat his highness with great kindness?

Ye Chen and Qin Hongyue and others return to their rooms after a banquet in Guanghan hall.

Ye Chen sat on the bed, his eyes flashing, and asked xuanhanyu, "xuanxianzi, is this Xiyan's words credible?"

Xuanhanyu said: "should be credible, he wants to deal with you, there is no need to play such a special."

When ye Chen heard the speech, he frowned again: "but I didn't expect that he would hold the ceremony of recognizing his ancestors in a few days? Even invite all the Xijia people and even the Senate to testify?"

It's a ritual to have a blood drop, right? I am not a real Xi family, how can I pass? At that time, there will be a lot of trouble. "

Xuanhanyu heard the speech, but said with a smile: "who said, you can't pass?"

"What?" Ye Chen is a little silly

Don't say it's Xi family. He's not even a man of the sinking moon sea!

How do you get through the ceremony?

Chapter 3982

Xuanhanyu said: "this drop of blood is actually a test of the blood concentration of the moon god family, and the family blood affinity is still the second.

After all, to accurately determine whether they belong to the same family, we must use the blood of their closest relatives. However, no royal family is willing to admit that they are the biological parents of illegitimate children.

Moreover, the royal family would have been through intermarriage, absorbing the moon god blood purity of high-purity people into the royal family.

Because of your special blood, and your body has divine blood and samsara, you have refined so many moon liquid spirit pith to achieve the spirit moon Dharma body. The blood concentration is absolutely no worse than that of any royal family of Sunmoon sea!

As for the blood relationship between Xi family, I didn't let you keep a drop of Xi Xun Lu's blood? I'll pass you a secret to deal with it. "

Ye Chen exhaled a breath: "really so, I also have no worries."

"Anyway, it's still a long time before I recognize my ancestor. Xi Yun let me have a good rest. I heard that there is a place to check Vientiane. I want to try to find out the whereabouts of Xia Ruoxue and ye lu'o'er. Part of the master's fate is in the hands of Ye lu'o'er. If they can be rescued earlier, they will be saved earlier. "

.....

Ye Chen learned from Xiyun that there was a man named as the god man of tianyantong. He only divined one divination a month, and this divination could be any information. However, no matter what it was related to and about whom, he could divine.

Ye Chen has no clue about ye lu'o'er's current whereabouts. The reason why he is ready to look for him is that he knows where the god man is. He is in a place named yiguage.

Although located in the Red Sea, the divination Pavilion is also established by the god man. Although it is located in the Red Sea, it has a wide range of divinatory divination explorers in the world.

Ye Chen learns the location of the one trigram pavilion from Xiyun's mouth. At this moment, he is making a rapid progress all the way and finally arrives at the so-called one trigram Pavilion.

A Gua Pavilion is built on the highest peak of the sea area. On top of the Tongtian peak, ye Chen can see the magnificent palace pavilions standing on the top of the mountain. There are misty blue smoke rising straight into the sky.

This magnificent palace Pavilion building complex seems to have a kind of ancient style and immortal charm, revealing extraordinary, and everywhere there is a wonderful feeling that can break the natural mechanism.

"Is this the one trigram pavilion?"

The corner of Ye Chen's mouth is in a curve. There are many palaces and pavilions in this divination Pavilion. At the moment, the top of the mountain is also crowded with people. Obviously, there are many people coming to this divination Pavilion.

Many of them went straight into the palaces, as if they had made an appointment in advance, while most of them were waiting in the huge square at the top of the mountain.

"It is said that if you want to ask someone in a divination pavilion to help divination, you only need to fulfill one requirement of the diviner, but this is for ordinary diviners."

Ye Chen heard a conversation between an old man and a young man not far away: "what we want to see today is the master of this divination Pavilion. He is called the god man with the eye of heaven. He has no omission. He can see the heaven's secrets. If you have him, you can make sure that everything is safe."

"Grandfather, I don't know what price to pay if I want this god man to do it?"

"The diviner divines by heart, but if the diviner can produce enough amazing treasures, he is more likely to be willing to do divination."

Hearing this conversation, ye Chen's eyes twinkled. No wonder there are so many palaces and pavilions here, but there are so many people waiting on the square. I'm afraid they all want to wait for the God and seek a safe divination.

At this time, a Taoist child also came out of the most magnificent purple and gold palace among the numerous palaces, and looked at the crowd and said aloud.

"Dear friends, please take out the treasures you have prepared and select a divination candidate by my Pavilion master."

Hearing this, the crowd suddenly boiling, one after another of the figures flew forward, put the treasure they had already prepared on the long table in front of the purple and gold palace.

There are hundreds of people who take down the table.

But this long table is obviously not ordinary. If the treasure is placed on the table, it is like falling into a picture scroll, shrinking several times, as if entering another space.

See this scene, ye Chen eyebrows a pick, there are many people out of the treasures are very good.

In particular, the two grandsons just now took out the rare rare miraculous herb, which can recast the talent and bring the dead back to life.

After the miraculous meridians fell on the table, a wave of surprise came from the palace. It was obvious that he recognized the precious thing and was surprised at the same time.

Seeing this, ye Chen can't help shaking his head. He didn't want to take out too precious things, but this grandson took out the Extraordinary Meridians and herbs. If he didn't take out good things, he might not be able to get this precious chance of divination.

Ye Chen doesn't want to compete with the two grandsons for divination opportunities, but he really needs to know where ye lu'er is as soon as possible. If he gives up this time, he will have to wait until next month. Ye Chen has no time.

Immediately, ye Chen palmed his hand, and a jade vase appeared in his hand. There was a dense divine light flowing out of the jade bottle, reflecting the void, showing a dignified atmosphere. There was a mighty atmosphere between them, which shocked people. "What is this?"

At the moment, many people's eyes are staring at the jade bottle in Ye Chen's hand. Just the faint breath from the jade bottle makes them feel shocked. It seems that there is a kind of peerless treasure in front of them. You can imagine how precious and extraordinary the things in the jade bottle are.

In the face of the greedy eyes of these people, ye Chen is indifferent. This is part of the soul marrow of the moon liquid that he took out. Only this kind of thing can overcome the strange meridians and herbs.

As ye Chen puts the jade vase on the long table, there is indeed a concussion coming from the purple gold palace again.

"This thing? Are you a member of the Presbyterian and the royal family? It's a good thing. Come in. "

A very proud old voice sounded, ye Chen could not help frowning when he heard the speech, and the other party was too arrogant. However, he just came here to make a divination, so he didn't care too much. He followed daotong into the Zijin palace.

Stepping into the palace, ye Chen saw an old man with crane hair and childish face and a rickety figure. His eyes were very bright, as if emitting fluorescence all the time.

"Is this the man of God known as the eye of heaven?"

Ye Chen moves in his heart. It seems that the other party should be the owner of the one trigram Pavilion.

Ye Chen looks at the god man at the same time, this god man also arrogantly examines Ye Chen, after seeing ye Chen's realm, this god man's eyes flash a touch of surprise.

"It's just that the holy ancestral land can bring out such things as moon liquid and spirit marrow? Your family can rest assured that you're running around? "

The man of God cast a glance at Ye Chen, shook his head, and then said, "what do you want to count?"

Chapter 3983

"I'm here in the hope that the elder can help me." Ye Chen said calmly.

"Alone?"

The god man was surprised again. He saw that ye Chen's realm was so low that he thought Ye Chen was coming to him to calculate the method of promotion. Unexpectedly, he was a man.

"What's your name?"

At this moment, with the palm of God's hand, pieces of star fragments emerge in the void. These pieces of stars outline the route of the vast sky, twinkle with magnificent starlight, and have extremely strong star power.

"Her name is Carol."

Ye Chen stares at the star fragments in the palm of God Man and says in a deep voice.

On hearing this, God and man have no expression, but they directly use divination. Pieces of star fragments rise in the sky, and the routes above the star fragments extend one by one, spreading over the void.

This line is connected together, the eyes of God and man flash, and gradually appear a touch of shock.

"What do you think of this man?"

The god man stares at Ye Chen. At this moment, the road map formed by the star fragments has been constantly shaking, and the mighty power is constantly sweeping out. It seems that the heaven and earth will be crushed and crushed. It makes people feel scared and cold, as if they are in a boundless hell.

"I need to know where she is. This is an old friend of mine."

Ye Chen looked at the shocked appearance of the god man, and guessed that the other party might have the answer. He quickly opened his mouth and said, "please tell me clearly, this man is very important to me."

Smell speech, god man's eyes but flash a wipe of disdain: "rely on your strength, talent, also can climb up relation with such existence?"

"I tell you, this one is..."

Before the word of God and man was spoken, his face suddenly changed. At the next moment, he spurted out a big mouthful of blood. Among the blood, there was a strange white light flashing by.

"God punishes..."

The God Man gazed at the blood he vomited. It was obvious that this was his calculation of Ye Luo'er to tell the origin and whereabouts of Ye Luo'er, which caused the punishment of the rules of heaven and earth in the sinking moon sea.

However, this god man is not an ordinary man. He is not afraid of talent. What's more, he is a diviner. He will not smash this golden lettered signboard by himself.

At the moment, the god man's face was slightly pale, but he still looked at Ye Chen and insisted: "this noble man named ye luo'er is currently in the ancestral temple outside China."

"ZuLong temple?"

Hearing this, ye Chen was shocked, and when they said the name of ZuLong temple, there was a sound of explosion from the sky. It seemed that the name was taboo and could not be mentioned at all.

"That's right."

The divine man carefully glanced at the roaring thunder on the sky, and then carefully opened his mouth and said: "this place, but the existence of the legend, is extremely mysterious in the history of foreign countries. The rumor contains the greatest secret in the world, and has the strongest power outside the country."

"All the people who were looking for this place either did not find it, or they fell down and went crazy. In short, none of them came to a good end, and none of them was able to spread the specific information of this place to the world."

The man of God gazed at Ye Chen in a low tone and said with great solemnity: "with your strength, I advise you not to die. This is for the sake of your spirit marrow of moon liquid. If you don't listen, you can do as you like."

Hearing this, ye Chen quietly smiles, but his eyes are firm, "no matter how mysterious and dangerous this place is, since the person I am looking for is where, I must go."

"Hum!"

Hearing this, Shenren could not help but feel very shameless. He kindly told ye Chen not to die. As a result, ye Chen dared not to listen and insisted on going to death.

"What confidence do you have? You dare to go anywhere!!"

Looking at Ye Chen, the man of God couldn't help but sneer, "I'll make an extra divination for you, so that you can know that you will surely die!"

At the moment, the god man stares at Ye Chen and throws the star fragments in his hand into the air.

At this moment, it is necessary to explore Ye Chen's identity. The star fragments of good or bad fortune are shining in the void, and the light of the stars on the surface is weak and can not be extended.

"What is this?"

As soon as the god man's face changed, he had never seen such a scene. His divination skills were unique in the world and could not be detected.

"Is this boy more terrifying than the background identity of the one I just asked to explore?"

God in the heart of a shock, but do not want to believe their own idea, after all, ye Chen is not the holy ancestral realm, how can the existence of a terrible background be just such strength.

At the same time, the God Man conjectured, but at the same time, he condensed his whole body aura and crazily gathered into his own eyes.

His divination is more powerful than divination.

At the moment, the glowing eyes of the God and man are shining, and the lines of light are spreading in the void, and the god man sees endless cause and effect.

"This man What is sacred and why we can't see the cause and effect clearly. Everything is blurred. "The more powerful the god man is, the more shocked he is. He can't even detect a trace. It seems that ye Chen is not the living creature of the heaven and the world. Otherwise, no trace can be detected and captured.

At the moment, compared with the shock of the god man, ye Chen is indifferent. He is very clear that it is almost impossible for the god man to calculate his own misfortune and background.

At this time, the eyes of God and man are more and more bright, and even turn into a bright moon hanging in the sky. The dazzling God light suddenly penetrates the long river of time and crosses the heaven and earth. The god man's heart is extremely excited. He wants to see it!

At this time, the light in the eyes of God and man suddenly dissipated, and was replaced by boundless darkness. In the darkness, a pair of eyes as deep as the abyss, containing endless majesty, towering above the sky, gazed at him.

At this moment, the God's eyes suddenly shed blood, he closed his eyes, and the star fragments he used for divination exploded and turned into pieces. Even the purple and gold palace heard a sound of breaking, and the cracks in the palace could be seen, as if it was about to collapse in the next moment.

"This Who the hell is this? "

The god man's heart was extremely frightened. Thinking of the eyes which just ignored everything and were above the sky, the God opened his blood flowing eyes and did not dare to have any hesitation. He knelt down in front of Ye Chen respectfully, and his previous arrogance had disappeared.

"The guy in front of me is not as simple as the surface. He is too terrible. His eyes are..."

In the mind of God man, he guessed that ye Chen's identity is probably the most powerful existence between heaven and earth, surpassing the world and overlooking the ages!

Looking at Ye Chen's expressionless face, God's heart became more and more frightened. He thought of his previous rudeness. He even dared to pose arrogantly in front of Ye Chen, and his body trembled with fear.

Chapter 3984

Seeing the god man like this, ye Chen raised his eyebrows slightly, but he guessed vaguely that the god man was frightened when he was afraid of the identity of the reincarnation master, exploring the heaven's secrets and divining for himself.

"My Lord, I don't know Taishan well. Please forgive me."

God knelt down at the foot of Ye Chen, his body was constantly shaking, and even his voice was shaking. He was worried that ye Chen would be angry and drive him out of his wits.

Seeing this, ye Chen shook his head indifferently, but he was lazy to care about what God man was.

"Get up."

Ye Chen said casually, but suddenly a light in front of her eyes, thinking of Xia Ruoxue, she could not help looking at the God who just got up.

"My lord..."

God see ye Chen look over, especially Ye Chen's eyes can not see what mood, his heart is more nervous, extremely terrified looking at Ye Chen easily cried.

"You're going to investigate one more person for me."

Ye Chen glanced at him one eye, didn't care god man's frightened manner, indifferent said.

"I don't know the name of the person you want to investigate."

This time, god man did not dare to have a bit of nonsense, full of flattery between the words, looking at Ye Chen eagerly asked.

"Summer is like snow."

Ye Chen's eyes flash a touch of nostalgia. After Xia Ruoxue left, he never saw Xia Ruoxue again. Now that the god man is here, you can see if you can find her whereabouts.

At the moment, the God heard the name and guessed that he was also the confidant of Ye Chen. He didn't dare to neglect him. He quickly took out a pair of dark green jade tortoise shells.

The star fragments used for divination had already burst, and the god man's eyes were also eaten back and could not be used. Therefore, he could only find jade tortoise shell as a substitute for the star fragments.

At this moment, according to Ye Chen's words, the divine man again uses the technique to investigate Xia Ruoxue's trace.

Pieces of jade tortoise shells were suspended in the sky and kept rotating. The mysterious and unpredictable atmosphere of heaven and earth filled the air, but the face of God and man was more and more dignified.

"My Lord, I can't find out the Xia, I'm afraid it's because she's too close to you..."

God said, carefully looking at Ye Chen, afraid that the words are not right, make ye Chen angry.

But fortunately, ye Chen is not a man of temper. At the moment, hearing the words of God man, he always looks plain.

For this result, ye Chen has certain psychological preparation, so there is no emotional fluctuation.

At the moment, ye Chen eyebrows slightly pick, but again to look at God, said: "then you try, measure Xiaobai, this is her intimate thing."

Ye Chen throws out a hair with him. This is Xiaobai's rabbit hair. The God is stunned at seeing the situation for a while, and then he detects again.

This time, the tortoise shell that is constantly rotating in the void is blooming with dazzling light. Mysterious information of heaven's way flows into the mind of God and man like streamers. After a moment, the god man opens his eyes with blood and looks at Ye Chen in surprise.

"It seems that there is a dark area in the Moon Valley at present

The god man already knew Bai'er's identity and was one of the top ten murderers, but he didn't dare to say it in front of Ye Chen. He was not familiar with the forces in the dark region. At the moment, he hesitated to say that Bai'er was in the Moon Valley.

"Is that so?"

Ye Chen eyebrows slightly pick, the Moon Valley in the dark, it seems that he should go to the dark region.

"Go to see ruoshue first. After all, there is no exact location of the ancestral temple for the time being. What's more, this place is too dangerous. If you want to go there, you have to be prepared."

Ye Chen thinks to himself that although he is confident, he is not blind. The ancestral temple can make the gods and men so afraid, and it is obviously not an ordinary place that ye Chen will treat it cautiously.

At the moment, since the god man has told ye Chen everything he wants to know, ye Chen has nothing to stay in. He says goodbye to the God and turns away.

Looking at the back of Ye Chen's leaving, the god man is suddenly relieved. Just facing Ye Chen, he has a cold and creepy fear. He is afraid that he will die if he is not careful.

At the moment Ye Chen leaves, the divine man's eyes flash. He is very curious about ye Chen's holiness and which of those terrible beings.

At this moment, the man of God confirmed that ye Chen had left, and then he took a step and came to the deepest room of the Zijin palace.

The deepest room in Zijin palace is a room full of tortoise shells. Even the table is carved with huge tortoise shells.

At the moment, the God's eyes flickered, but he put his palm on the table carved with tortoise shell, and then a series of aura extended to the table along his palm.

There are still shallow lines of tortoise shell on the table. At the moment, the aura spreads out along the lines, but it forms a picture of stars on the table.

At the next moment, the endless stars on the sky star map turned and circled around the hands of God and man, and finally turned into a star storm. With incomparable traction force, the palm of God man was dragged into it by the star storm, and then all his people entered the storm. At present, there is a vast star, is the vast world, but in this world a star shining stars, in fact, are just books, which are the treasures of God man for many years, containing endless mystery of heaven, so he deliberately hidden it and protected it very well.

At this moment, the man of God stood in the world. As soon as he stretched out his hand, stars flew to his palm and became books when they fell into his hands.

This is an ancient book collected by Shenren, which contains great mysteries, including many portraits of great figures.

God and man reappeared in his mind the pair of eyes he had just seen. His body was cold again, but his heart became more and more excited. He was shaking with books and looking at the portraits.

suddenly, as like as two peas in his mind, the eyes in his mind are just like those in the picture on the page, and the sky is majestic and overriding.

"Transcending life and death and controlling reincarnation is the reincarnation of reincarnation?"

The man of God's face suddenly changed, and he could not help covering his mouth, and his eyes flashed with endless fear.

The Lord of reincarnation, that was the real Supreme Master and supreme existence, which surpassed the heaven and controlled the whole world.

Most of them are in the outer world of the moon, because most of them are involved in the heaven.

And god man knows the most about the mystery, after all, is to explore the existence of heaven. At the moment, he looks at the picture of the reincarnation Lord, but his eyes flash.

Fear, surprise, madness In a short period of time, all kinds of emotions in the eyes of God and man continued to flow and eventually became endless greed.

"This news, this news, can sell a good price

Chapter 3985

The light in the eyes of God and man, the trembling of his body, and the news of reincarnation of the reincarnation of the reincarnation of the Lord of reincarnation can bring endless benefits to the empress of the upper kingdom or the emperor Shitian of the palace of emperor yuan.

At the moment, Shenren is obviously more interested in doing business with the queen of the upper world. He carefully puts the ancient books away, exits the star space of the turtle shell table, finds the most secret cave in the back mountain of Tongtian peak, sets up a shielding array, and takes out a jade pendant representing the upper world.

With the light in God Man's eyes, the aura in his body poured into the jade pendant, and then a lonely and proud voice sounded.

"One trigram Pavilion in the area of Sunmoon sea? Who are you? "

When he heard the voice, the God and man looked sluggish. He had heard the voice. It seemed that he was a red man beside the queen of the upper kingdom. He wanted to do business by himself. Just tell this one.

Immediately, the god man could not help but say, "I have a big secret in my hand to trade! "

"What big secret?"

Hearing this, the people on the other side of the jade pendant seemed to get serious and asked seriously.

"I warn you to tell you the truth, if your secret doesn't interest the queen, you should know the consequences."

"Of course I know."

Hearing this, the god man thought of xuanjiyue's means, but he said firmly: "my news will definitely interest the queen and even shake the whole territory. It depends on whether you can exchange what I want."

"Oh?"

Smell speech, opposite person is more cautious, tone becomes low: "what do you want."

"Ten thousand years of natural cause and effect!"

At the moment, there is no hesitation. Only the supreme man is the God.

Many years ago, God and man explored heaven and earth, but they were infuriated by heaven and earth, and were severely punished. This injury has not been cured until now. Only wanniantian causality can be cured, so he chose to trade with the upper world.

The god man is also very confident. The secret of reincarnation of the Lord of reincarnation is absolutely worth the cause and effect of ten thousand years. He even thinks that the cause and effect of ten thousand years is just a deposit. This secret, he wants to exchange for the benefits of heaven!

At the moment, people on the other side of the jade pendant obviously don't know what God and man are thinking, but they are silent when they hear him ask for the cause and effect of ten thousand years.

A moment later, a voice came from the other side of the jade pendant, "if you want to have ten thousand years of natural cause and effect, is the secret you want to say qualified? It's better to listen. "

Smell speech, god man showed a strange smile, "I can't tell you too much, but I say four words, you should understand."

"What word?" The tone of the other party rose sharply.

"Reincarnation Reincarnation

"Enough!"

The other side's tone became grim: "I hope your secret really has something to do with him, or you will die without a burial place, and your soul will go out of your wits!"

"Soon someone will come to see you with ten thousand years of causality."

The other side's voice came again, "this secret must not be let the second person know, you also hide well, if someone knows this matter, I'm afraid they will attack you!"

Hearing the other party's serious words, the god man showed a relaxed smile, and then responded: "don't worry, I can detect the secrets of heaven in my own territory. If there is danger, I must be the first to know."

At the moment, hearing what the other side said, the people on the other side of the jade pendant didn't say more. They just told him to wait, and they would send someone to come.

Then, the contact was terminated. The god man looked at the jade pendant in his palm, put it away with a smile and walked out of the cave with his hands and feet.

The god man was so excited that the secret of reincarnation of the reincarnation Lord would let him know that it could bring him countless benefits, countless chips, and even solve the stubborn disease that tormented him for so long. He would like to thank the reincarnation Lord.

God think of Ye Chen, the corners of his mouth hook up a taunt arc, no matter how strong your identity background, is not I see through?

Today's reincarnation Lord has not yet grown up. When the queen knows his identity, the reincarnation Lord will surely die, and he does not have to worry about revenge.

At this time, the god man had gone to the entrance of the cave, intending to push away the huge stone blocking the cave, but heard a pondering word coming from behind him.

"You are not honest, you fellow?"

A pondering voice sounded behind him. The body of the god man was suddenly stiff. A chill spread from the soleplate of his feet to the forehead, and his whole body was sweating.

"Who are you..."

The god man was careful and turned around bit by bit, but he saw a man wearing black gold armor and holding a glass sword. The whole person was valiant and full of fighting spirit, like an invincible female warrior God.

Seeing the person in front of him, the face of God man changed slightly, and the temperament and clothes of the other party reminded him of a person.

Smoke in the air!

At the moment, it is Ji Siqing who is standing in front of God and man. Now Ji Siqing obviously has a big chance again and looks more and more like the female martial god of previous generations.

How did she get into the sea? Although this place is isolated from the outside world, it is only aimed at most people!

Special rights are always in the hands of a few people!

What's more, Ji Siqing's memory has recovered most of the time. She and the reincarnation master have come to this sea area too many times!

Even the royal family and the Presbyterian Church, who can stop her from ancient times?

Looking at the man of God, Ji Siqing's eyes flashed a sense of killing. The god man just contacted the empress of the upper kingdom to say those words, but she saw them in her eyes and listened to them in her ears. This guy wanted to sell Ye Chen.

"In his last life, he was betrayed by others and reincarnated, but in this life, I will never allow anyone to betray him!"

Ji Siqing looked at the God Man coldly and raised the glass sword in his hand.

Seeing this, the pupil of God Man shrinks. He has determined that the person in front of him is the person he thinks of. The invincible female warrior God around the reincarnation master of previous lives, Qu Chenyan!

Of course, the girl in front of her is obviously not Qu Chenyan of that year. Her strength is not so terrible at all. She should be reincarnated.

However, it also made the god man feel extremely frightened. Even the female warrior God was also the same. She had been guarding the reincarnation Lord all the time. Today, the thing that I wanted to betray the samsara master was revealed, and the end was doomed to be miserable.

"I want to escape. I'm not her opponent, not the opponent of these big people. I don't even have the qualification to be a chess piece in this chess game. If I enter the chessboard by mistake and don't escape, the end is doomed to be wiped out."

At this moment, he must be aware of the crisis of life and death.

"My Lord, I know that I was wrong. Please forgive me."

At the moment, the god man looked at Ji Siqing with fear, and his tone was very sincere.

Hearing this, Ji Siqing looked at the god man, but the corners of his mouth drew a funny arc, "Oh? Now that you know you're wrong, what are your hands doing behind your back? "

Chapter 3986

Smell speech, God and man look a stagnant, the light in the eyes suddenly blooms.

"My Lord, I don't want to die yet. How offending!"

At the moment, the god man fiercely showed his hands behind his back. In his hands, there were pieces of dark green tortoise shells. The tortoise shells suddenly burst and turned into cold light to shoot Ji Siqing.

At the same time, at the moment when the tortoise shell cracked, there was also a message from the wave of the turtle shell cracking, which immediately covered the whole one trigram Pavilion. At the moment, the gods of the one trigram Pavilion stood up one after another and looked coldly at Ji Siqing's direction.

With this hand, the god man wants to hold Ji Siqing down with the impact of tortoise shell cracking, and at the same time convey his own dangerous news to let yiguage's hand come down to save him.

However, the god man himself did not stay at all, but turned around and ran away, because he could see how powerful Ji Siqing was. Even if all the people in the one trigram Pavilion came to deal with Ji Siqing, he could only convey the message to his subordinates. In fact, he wanted them to serve as cannon fodder to delay his escape.

At this moment, a series of majestic and murderous figures rush out of the palaces and pavilions. They want to find out Ji Siqing and let Ji Siqing know the end of provoking a trigram Pavilion.

At this time, Ji Siqing easily blocked the tortoise shell that the god man threw out in front of his eyes, and then locked the back of the god man flying away.

"Want to escape? Can you escape? "

Ji Siqing had a flash of cold in his eyes, and the glass sword in his hand suddenly burst into infinite light. In a moment, it seemed to turn into the sun. The sword suddenly pierced through the sky, reflecting the universe, and instantly appeared behind the god man, penetrating his body.

"Poof!"

Above the sky, the body of God man flying away suddenly stops, he spurts out a mouthful of blood, and can't believe looking at the huge blood hole in his chest.

"It's impossible. I'm wearing Yulong baohunja. How can she pierce it with one sword..."

The god man's eyes flashed with unwilling look, but in his eyes was endless despair. The world in front of him became more and more dark, and the vitality quickly passed away

"Poop

The cool body of the god man fell on the ground. Ji Siqing came to him with a cool look. At the next moment, a sword flower was cut out from the glass sword in his hand and fell on the forehead of the god man.

This sword flower cut open its skin and flesh, but it is uncanny. It controls the power to the highest level. A vivid red flower appears on the god man's forehead, which is more scarlet and less false.

Seeing that Ji Siqing killed the god man, all the people in the one trigram Pavilion were furious, and Ji Siqing also carved sword flowers on the god man's forehead, which was extremely humiliating.

"Demon girl, you have committed a heinous crime, but you don't know that you will be punished by heaven if you kill me a divination cabinet master!"

"Yes! The leader of the pavilion observes the world on behalf of heaven. If you kill the leader of the pavilion, you have committed a terrible crime. I want you to pay for your life

"Kill this enchantress, she killed the cabinet master, is blasphemy, must let her die!"

At the moment, even the roar is crazy.

In the face of these people, Ji Siqing is indifferent and calm in his eyes.

"Come on, a group of local chickens and dogs, which can be destroyed with one sword!"

Ji Siqing sneers in his heart. At the next moment, the glass sword dances, which makes the world tremble. It reflects on the sky and tears through the ages!

.....

After that, the figure came from the end of the sky Pavilion.

This is a group of people with high momentum and high vision, especially the leader in the front. They are all dressed in luxurious clothes. They look down at a divination Pavilion below with disdain in their eyes.

These people are the powerful people who have been stationed in the Sunmoon sea for thousands of years by the queen of the upper kingdom!

"Why, no, how can this place be so bloody?"

At the moment, the leader's long hair fluttered, and her face suddenly changed. She suddenly concentrated and looked into the depths of one trigram Pavilion.

The leader was a subordinate of xuanjiyue, whose name was Zhou Ling. She also received the news from God and man. She knew how important the matter about the reincarnation Lord was to xuanjiyue, so she came immediately for fear of an accident.

In the face of the strong blood gas of a guage, Zhou Ling observes intently, and the faces of several people behind her also change.

"My Lord, something happened to this divination Pavilion."

At the moment, a gentle looking man with a paper fan and a green shirt pointed out that Zhou Ling had a look at the direction of the mountain behind the one trigram Pavilion.

On hearing this, Zhou Ling immediately looked up, but he saw that the Houshan mountain was flushed with blood at the moment, and the resentment and blood were lingering in the air for a long time. Obviously, there was a terrible battle, and the whole Gua pavilion was washed with blood!

"Who the hell is it?"

If she can't get in touch with Xuanling at that time, she'll be in a bad mood if she can't get in touch with her.

At the moment, Zhou Ling was anxious. He flew directly to the back mountain of Yiguage and saw a corpse lying on the ground. The cause of their death was the same. They were killed with one sword. "What kind of person did it? It was so powerful."

Looking at this scene, the man in green shirt couldn't help exclaiming.

Hearing the speech, Zhou Ling coldly glared at the man in green shirt, and then looked at the most conspicuous corpse in this place.

What Zhou Ling saw was the corpse of the god man who had contacted with her not long ago. She also noticed the sword flowers on the forehead of the god man, and her heart was suddenly shocked.

"This sword flower I seem to have seen it somewhere

Zhou Ling couldn't help whispering.

"Yes, I do, but I forget what it means."

At the moment, the man in green also nodded, and then said, "no matter what it is, the sword flower here must mean something. It seems that we should try to get out of this sea area and take it back to the queen for a look."

Smell speech, Zhou Ling can't help but nod his head. This man in blue shirt deserves to be praised as the existence of the brain. His head is really enough.

Then, Zhou Ling gazed at the old face of the god man, but the sword flew out of his waist. At the next moment, the skin of the man's forehead was taken off and hung on the sword.

"Let's go."

Looking at the god man's head missing a piece of skin, Zhou Ling showed a strange smile. At the next moment, she flew up and offered an ancient token. The void was torn and she got into the passage.

Looking at the back of Zhou Ling's departure, the man in green shirt and the others in the same trade looked at each other, but they couldn't help but tremble and shudder.

Zhou Ling is good at everything, but she has a strange habit. She likes to study the dead and regard them as objects for carving and painting. Because of her hobby, there is no lack of gossip behind her.

But all this, compared with the Queen's affairs, is not worth mentioning.

Chapter 3987

Not long after that, Zhou Ling took the men in green clothes and others to enter the magnificent and magnificent hall, and handed over the skin and flesh of the god man's forehead to xuanjiyue, who looked down on the world.

At the moment, she saw Xuanji's forehead move a few weeks.

"Damn it! It's the slut

Xuanjiyue scolded in her heart and swept the sky with rage, which made the heaven and earth change color.

This sword flower is the mark of the ancient female martial god, Qu Chenyan. When the other side washes a hexagram pavilion with blood, she still needs to leave a mark, which is clearly to declare war on her.

"Qu Chenyan is in the deep moon sea outside the country. Please check it for me!"

Xuanjiyue's anger swept through her eyes and looked at Zhou Ling: "I'll leave this matter to you. You must find out the trace of this bitch! I'll see what she wants to do

"Yes

Seeing that xuanjiyue was so angry, Zhou Ling was shocked. She immediately responded respectfully, and immediately backed down.

.....

For what happened behind this, ye Chen obviously did not know. At the moment, he was on the hall, facing the night.

Because xuanhanyu told him a big secret, the master of Guanghan hall held a special transmission array, which could travel between the Red Sea and the dark area as quickly as possible!

It's just that this transmission array can't be opened under normal circumstances!

However, since Xi Xuan misunderstood Ye Chen's identity, ye Chen has enough reasons to enter and leave the Red Sea and the outside world!

After all, ye Chen's home is likely to be outside!

Xi Xuan hesitated for a long time and finally said, "are you sure you want to go abroad? That transmission array has not been opened for thousands of years. "

"Although the rules of the sea are limited, some people are above the rules."

Ye Chen nodded: "sure."

Xi Yun's eyes tightly stare at Ye Chen, thinking again and again, or way: "your identity is special, I can promise you."

"But only if you pass the next test!"

After all, if ye Chen's identity is really wrong, then he opens the transmission array and is the sinner of Guanghan hall!

However, Xiyun understands that ye Chen wants to leave for a short time!

"No problem." Ye Chen Mou son a congealing, nod a head.

.....

In the early morning of the next day, the whole Chihai was very lively. A very spectacular altar was built on the top of Guanghan hall. Ye Chen, Qin Hongyue, Xifu and others were sitting on the altar.

Countless residents of the sunken moon sea are very excited to look up at the huge altar that can almost block out the sun. They know that today is the day for a wandering royal family to return to worship their ancestors!

At this time, the ship was sailing on the sea with great speed.

Ye Chen looks at the warship, but he can't help but shrink his pupils. The warship is an original weapon!

Compared with the north cold chamber of Commerce explosion of the merchant ship, but also a higher level!

Don't underestimate the gap of this level, for the original source of the device, it is really different!

The value can even be increased tens of thousands of times!

On the warship, there is a strange symbol. Ye Chen knows that the symbol represents Xijia among the nine royal families!

The Xi family is here!

After a while, the warship had already arrived at the shore, and several times of escaping light flew towards the altar at a very fast speed. In a flash, it had fallen on the hanging altar!

Come, a total of three people, a gray haired, deep eyes, leaning on a dragon's head crutches of the old man.

A middle-aged woman with noble spirit, beautiful appearance and charm, as well as a girl full of pride in her eyes. Although her appearance is not comparable to that of Qin Hongyue, she can also be regarded as a beautiful girl.

Xi Jian saw the old man on the scene, but he saluted him respectfully and said, "father."

This man, named Xizheng, is the contemporary master of Xijia!

Ye Chen saw the moment of the old man, but his eyes flashed violently!

The old man gave him the feeling of a bottomless pit, which could not be seen through at all!

However, his pressure on himself is still on top of Gu Xuan's brother

This Xijia master is likely to be a middle-term existence of the origin!

The middle-aged woman, however, was in the later period of the heaven and earth. It is said that she was a concubine of Xizheng, named Zhao Xin.

The last girl also attracted Ye Chen's attention. She was mentioned to herself yesterday that she was the first genius of the Xijia family. She had reached the three levels of heaven and earth at the age of less than 100 years old. She was expected to exist by Xizheng, the master of the Xijia family, and even the ancestors of the Xijia family. Now she is very popular in the family Xi rong'er!

Less than 100 years old, heaven and earth are three layers of heaven and earth, which means what terrible potential it is!

This kind of person has enough resources, and may even enter the original territory within 500 years old! Xizheng took a look at Ye Chen, his eyes flashed slightly, and he was surprised. Some people couldn't believe it and said to him, "you say, this is your elder brother's child? If you don't get to heaven and earth, you will have a trace of heaven and earth? It's the talent of heaven

"Not only that..."

He pasted it in Xizheng's ear, whispered almost, that night is looking at Ye Chen's look is more and more happy!

He laughed and said, "this is really God's help to my family."

Sitting on the side of the Xi Xun Lu, at the moment, is a black face, he was Ye Chen severely taught a meal, the results now, this person has become his relatives?

On this altar, when a piece of music melts, a cold female voice rings on the altar.

Xi rong'er looked at Ye Chen and said, "are you ye Chen? Listen to Uncle Fu, your martial arts talent seems to be very good? Why don't you take away the things that cover up your accomplishments and show me what your so-called talent is? "

Xifu and Xizheng look at each other and smile. As strong people, they can naturally feel the Qi of heaven and earth in Ye Chen's body. In their opinion, ye Chen's cultivation should not be weak!

Even though Xi rong'er was originally the first evil spirit of the Xi family, if ye Chen returned to Xijia, he would be an immortal genius who could shake the whole sinking moon sea!

Ye Chen's root bone is less than 30!!!!

Even Xi rong'er is not a genius when compared with him

Presumably, Xi rong'er will be greatly damaged after discovering Ye Chen's true cultivation?

However, Xi rong'er is too proud, just too easy to break, grinding, is also a good thing.

Xi rong'er, after hearing the news, was not satisfied with her pride!

Therefore, he followed Xi Zheng to the Red Sea Guanghan hall, in order to see and see. What kind of guy is this martial arts genius who is even better than himself!

Xi rong'er stares at Ye Chen, but she sees that ye Chen always looks indifferent, but does not have any movement.

Her eyes sank slightly: "I speak to you, don't you hear me?"

One side of the evening looking for Lu to see the appearance is actually frightened, this leaf Chen is not what good to provoke the Lord!

Ye Chen looked at Xi rong'er and said, "what are you? Do I know you well? Why listen to you? "

Chapter 3988

This Xi rong'er is pretty good-looking, but when she comes up, she gives directions to herself?

Do you know her well?

Ye Chen is not in the habit of listening to other people's orders.

On one side of the Xifu and Xizheng, it is not too big to see the excitement of the appearance, full of smile, there is no intention of stopping.

Young people, pride is a good thing, there are conflicts between each other, there are not satisfied, in order to stimulate each other forward!

A good opponent is even more difficult than a good master!

Of course, everything must have a certain degree. If the two people really want to make a quarrel, they will naturally intervene. However, this is not the time.

Xi rong'er was stunned at first, then she was full of shame and annoyance at the next moment!

Her Xi rong'er is not only a royal genius, but also a very outstanding appearance. When will the men around her dare to treat her like this?

He and others say a word, can let them feel honored, but this boy, unexpectedly said "and you are very familiar?"

This is simply in front of the elders, let her face down!

Xi rong'er gnaws her teeth and stares at Ye Chen coldly and says, "what martial arts genius? Is it just a bluff? You're not afraid I'll break through your disguise, are you? "

Ye Chen smelled speech and said with a smile, "are you a three-year-old child? Do you think you can achieve your goal by stimulating me like this? "

Xifu and Xizheng, even the beautiful middle-aged woman, couldn't help laughing. It seems that rong'er has really met her nemesis this time.

Xirong'er is covered with blue and white by Ye chending. She is obviously very angry. She didn't like to play any tricks. Now, she has been exposed directly?

How humiliating it is!

At this moment, Xi rong'er finally couldn't bear it any longer. She said angrily, "OK, if you don't want to show your accomplishments, I'll do it myself and measure it for you!"

After saying that, his whole body's breath surged out, the essence in the beautiful eyes flashed wildly, and the road rhyme was turbulent. With a simple hand, he faced Ye Chen and hit it with one hand!

This palm looks white and tender, light and floating, but it can't be underestimated at all! The terror power contained in it has shaken the void out of the cracks!

Ye Chen sees the situation, but still keeps a cool color. If the other three layers of heaven and earth are strong, he may be defeated.

But the young lady, who is well respected and well behaved, can be wiped out with one hand!

With a roar, the evil spirit, the evil spirit and the Hongmeng spirit also roared out of his body. The six exterminations true formula was displayed. Facing Xi rong'er's palm, he also waved it to the other party!

Almost in an instant, ye Chen's palm and Xi rong'er's jade hand collide with each other!

This moment, as if all things frozen!

At the next moment, the altar suspended in the air suddenly and violently trembled. A very powerful energy burst out from the palms of the two people and radiated all around, covering the whole island.

Most of the warriors shivered at the moment when they felt the impact, and their faces were extremely frightened!

The breath awakened their instinctive fear!

The palms of the two men joined a breath and quickly separated. The reason for their separation was that Xi rong'er's delicate body was blown upside down by Ye Chen's palm!

Ye Chen smiles lightly. Although Xi rong'er's strength is good, it is also strong in the early days of heaven and earth. However, there is still a big gap compared with his own Dao Yin. Just now, he is just in his hand, containing a trace of destructive Dao Yin power, and he will directly fly Xi rong'er, who has no self-reliance!

What's more, what makes Ye Chen feel a little funny is that Xi rong'er's Daoyun is actually about strength?

Compare strength, but he Ye Chen's strong point!

Xi rong'er's pretty face is white, and a very shocking color appears in her beautiful eyes. Just now, what does she feel when she is opposite to Ye Chen's hands?

She only felt that if she compared herself to a kitten, an elephant would collide with her!

The gap between the two, a world of difference!

Let Xi rong'er, who has always been very confident in her power, be completely stupid!

Xizheng and Xizheng are both facial expressions, and they are not surprised at all.

With the Taoist rhyme in Xi Yun's body, Xi rong'er's delicate body was set in the air, and slowly fell on the altar.

Xi rong'er looks at Ye Chen blankly, and seems to be unable to accept this fact

Fang Cai's fight was not her strongest strength. However, for Xi rong'er, who had never lost from childhood to adulthood, it was a great blow to be blasted by Ye Chen!

If this palm is Ye Chen's full strength, she can still accept

Yes!

Obviously, ye Chen just did not give all his strength!

Her eyes are staring at Ye Chen, but the anger in her eyes is gradually calming down, replaced by the incomparable majestic fighting spirit!

Ye Chen looks at Xi rong'er with appreciation. After being frustrated, he can adjust his state so quickly. His fighting talent is really good! This is not to say that Xi rong'er has a good disposition, but ye Chen is very clear that once a person has a sense of war and a sense of struggle, he will unconsciously put down other emotions and throw himself into the fight completely!

Therefore, it is not Xi rong'er's active control. The reason why she can calm down in an instant is that ye Chen's strength arouses her fighting spirit and subconsciously enters into this state!

Almost at the moment of her landing, a stream of rhymes poured out of Xi rong'er's body and flowed on the altar. The environment changed completely!

In a twinkling of an eye, the altar has turned into a peak. The peak of the peak is where the people are. There are even clouds around the whole body!

Xi rong'er did not hesitate to show himself in the sky!

She's going to do her best!

Ye Chen sees the appearance, also appeared in the eye finally earnest look.

The mountain trembled suddenly, and the spirit power in the mountain poured into Xi rong'er's body like a moth to a fire!

Ye Chen's pupil shrinks. He has the red dust God pulse. He can clearly feel the violent physical force in Xi rong'er's body!

He turned his wrist and held the sword. Facing Xi rong'er, who was trying his best, he had to be more serious.

On the edge of the sword, the cold light flashed to destroy Daoyun. In an instant, between the vertical and horizontal sword meanings, half of the rune gradually appeared in front of everyone!

Xiyun, Xizheng and the middle-aged woman were all shocked!

I couldn't speak for a moment!

"Father Is that Dao yin? "

Xi zhengleng Leng Leng, even blinked eyes, just lips some tremble to say: "more than It's more than Daoyin! This is the seal of destroying Shinto!!!

In this world, how can someone coagulate the road seal before entering the world? You know, even part of the original environment can not condense out of the seal ah! The difficulty can be imagined! But now, in front of us, a miracle has happened

Chapter 3989

If ye Chen has the Qi of heaven and earth, and they can barely accept it, they can't accept it now!

After all, in their capacity, they can get in touch with some real top talents. Among these talents, it is not impossible to have a trace of heaven and earth ahead of time, although it is rare!

But at such an age, I haven't even heard of it!

This group of royal family are looking at Ye Chen as a monster!

At this time, Xi rong'er condensed a big sword in his hand. The sword, said to be a sword, was more like a stone pillar. The surface of the stone pillar was mottled and looked flat. It was hard to imagine that it was a royal weapon!

However, ye Chen's eyes brightened when he saw the pillar like epee. The stone sword was somewhat similar to the sword he had used to support gravity. However, the material used in this stone sword is much higher than that of Qingtian stone!

Xi rong'er's body power instantly poured into the stone sword. She lifted the stone sword over her head and chopped it against Ye Chen!

The white light on the stone sword is dazzling. The power contained in the white light is enhanced with the improvement of Xi rong'er's sword wielding power!

When the stone sword accelerated to the extreme, people only felt that a white sun had risen before them!

Xiyun and Xizheng are both appreciative. Xirong'er's sword is very good!

Xi rong'er majored in the way of strength, and she was able to break through all kinds of methods. However, this sword has already broken through her great barrier and produced a qualitative change!

However, their eyes fell on Ye Chen's body. Obviously, they are more concerned about ye Chen's counterattack!

To their surprise, ye Chen didn't show himself in the sky, so he directly held a long sword, facing the stone sword cut off from the top of his head!

We can imagine how much loss we will suffer if we do not use our self-reliance to engage with the enemy who has already exerted his self-reliance!

In the sky, the performer will get great blessing!

Even if ye Chen has Daoyin, his attack can not be weakened, still in a huge disadvantage!

The most important thing is that ye Chen seems to have exerted part of his strength?

Is it to let rong'er?

Thinking of this, Xifu and Xizheng can't help but frown. What the martial arts need is to overcome all kinds of difficulties. No matter what the opponent is, they should have the will to defeat them. In the face of women, they will release water. This attitude may be regarded as normal for ordinary men, but it belongs to inferior nature for martial arts!

At the same time, two people can't help but get nervous. I don't know what kind of result the two sides will get this time!

At this time, the sword collided with the dark stone!

On the top of that peak, countless cracks appeared in an instant, all over the surface of the rock!

A thunderous sound, like nine days of thunder, soared to the sky. Under the gaze of those eyes, Xi rong'er's delicate body flew out again!

Even, the mouth also spilled a wisp of blood, pretty face pale, breath instability!

One side of the Xi Yun again Xi Rong'er's delicate body block, two people looked at one eye, both saw the amazing color in each other's eyes!

It seems that the excellence of this boy is still ahead of their expectation!

However, Xizheng still gave a cold hum: "when this boy returns to Xijia, he has to be well trained. No matter how strong his potential is, if he doesn't have a good attitude, it will probably have a great impact on his future! He even wasted his amazing martial arts talent

However, his eyes flashed slightly: "not necessarily, father. Maybe Ye Chen has already judged himself with his strength just now, and he has full confidence to defeat Rong'er. In this way, he is not so careless."

If Ye Chen hears the conversation between the two people, he will cry and laugh

It's not for this reason that he doesn't show his own nature, but what he can't do at all!

Xi Rong'er was humiliated for two times, but her beautiful eyes were still calm. Even more, the war spirit was more intense!

Xi Rong'er, who has entered the fighting state, has only the goal of defeating Ye Chen in his heart. The rest has been forgotten!

Xi Rong'er rushes out again, waving a stone sword, and attacks Ye Chen. However, Ye Chen is smiling and chopping several swords, while Xi Rong'er is flying backwards again!

After Xi Rong'er was picked up by Xi Yun, he would rush to Ye Chen again. But at this time, Xi Zheng said: "Rong'er, don't make trouble! You are not Ye Chen's opponent

After all, the breath of terror, accompanied by the surging rhyme of Tao, emerged all around. The strength of this breath actually made the whole mountain collapse!

It's bright and dark in the sky, like it's going to be broken at any time!

Even if Xi rong'er wants to fight again, she has to listen to her grandfather. What's more, even if she wants to fight, she may have Xi Zheng, but she has no chance at all

Finally, she looked at Ye Chen and said, "I failed..."

This is the first time in her life! Ye Chen looks at the appearance of Xi rong'er and slowly takes down the black necklace she wears.

The necklace is a necklace of annihilation stone.

For a moment, ye Chen's accomplishments were exposed to the public!

However, Xizheng, Xiyun, the middle-aged woman, is still Xi rong'er! All of them are very shocking!

They just feel like they're going crazy and the world has completely changed!

Ye Chen, is it a holy ancestral realm?

The existence of a holy ancestral realm can even possess the Qi of heaven and earth, and even coagulate the seal of destruction!?

After a moment of dullness, followed by ecstasy!

They didn't look down on Ye Chen because his accomplishments were too low. Instead, they were very excited!

Because, this shows that ye Chen's potential value is too strong to describe!

Xijia is really going to rise!

Among the royal families, there is also a ranking, and the Red Sea, the lowest among the five inland seas!

Why? Because, the yellow and the green, Xizheng and Xifu, although the strength is strong, but among the younger generation, can take the only one Xi rong'er!

But now with Ye Chen, the situation may change!

What I can't believe most is Xi rong'er himself!

Even, some of them can't stand!

She Has been known as the first day of Xijia, but now, it has been defeated by a holy ancestor?

Is that true?

Her head is muddled!

Ye Chen said faintly: "I just want to tell you that sometimes, cultivation can't represent a person's strength!"

Xi rong'er nodded with dim eyes and sat in the position.

Now, she finally knows what it means to have someone out of the world, and there is a day out of the sky

Chapter 3990

At this time, Xiyun also smiles and starts to speak again: "OK, ye Chen, don't be surprised. Rong'er is such a character. In fact, there is no malice. Now, start the ancestor worship ceremony again!"

Ye Chen eyes a bright, secretly way: "finally came."

The ceremony of ancestor worship was quite simple. After the ceremony, Xi Yun took out a painting scroll and unfolded it in front of Ye Chen!

A very powerful Dao rhyme, diffuse from the painting volume, ye Chen's face showed a startling look, this scroll is also a treasure, is the origin of the tool!

The painting scroll depicts a young man who can't see his face clearly. Behind the man, there is a bright moon hanging behind him. The light moonlight is flowing out of the painting volume!

This feeling makes Ye Chen think of Ren for the first time.

However, Ren's month is quite different from that of this man, and seems to be stronger!

The blood moon represents the way to kill.

It's like a killer color.

What's more, man is a round of months, and Ren especially has nine rounds of blood month!

The gap can be imagined.

Xiyun said: "Ye Chen, drop your blood on this scroll!"

Ye Chen nods. It seems that this painting is the treasure to test the blood concentration of the moon god and the blood affinity with Xijia!

A destructive force emerges at Ye Chen's fingertips, drawing a wound. Ye Chen waves his hand, and a drop of blood falls on the scroll!

All the people present were staring at the picture in front of them.

Even ye Chen couldn't help getting nervous.

One breath, two breaths, three breaths

The scroll of the painting has not changed at all!

Even Xifu and Xizheng looked at the painting in disbelief

What's going on?

Why, the picture doesn't respond?

Are they wrong? Ye Chen is not a member of Xi family?

Ye Chen's heart, also some mention up, want to be torn down here?

In that case, whether he can leave the sunken moon sea alive or not will be a question

It's not a small crime to fake the royal family.

At this time, the bright moon in the picture suddenly sent out the most dazzling moonlight!

Xiyun and Xizheng and other people saw the situation, first was a Leng, then, it is a laugh, joy to the degree of incomparable!

This scroll is the treasure of the Xijia family. It may be the ancestor of the Xi family.

And this painting can feel the power of the moon god's blood, as well as the relationship with Xijia. The more dazzling the moonlight is, the more pure Ye Chen's blood will be!

If the person who drips blood has something to do with Xijia's blood, the man's face in the painting will gradually become clearer.

According to the intensity of moonlight after ye Chen's blood dripping, ye Chen's blood of moon god, even among the nine royal families, is also the top one!

Therefore, ye Chen is almost certainly the descendant of the royal family!

Now, it depends on whether the man's face in the painting can become clear.

After a moment, the blurred face of the man in the painting gradually becomes clear. Although it is still a little hazy, it can make people see the general facial features. The man's appearance is extremely handsome.

Xiyun and Xizheng and others see the situation, smile, this degree is enough to prove that there is a blood relationship with the Xi family.

That is to say, ye Chen is indeed the son of the Xi family!

Xizheng is looking at Ye Chen, her eyes are shining, just like finding a baby!

For a long time, the aptitude of the younger generation of Xijia has always been a headache for him. There is only one Xi rong'er, which is still too few. Moreover, Xi rong'er's straightforward character is not suitable for starting the beam of Xi family in the future!

What about ye Chen?

All aspects, let Xi positive pole for satisfaction!

Xizheng whispered to Xiyun: "Ye Chen has any requirements to meet him."

Xi Yun nodded and his eyes flashed. He knew that his father wanted to train Ye Chen with all his strength, and regarded Ye Chen as the successor in the future!

Xi Zheng went to Ye Chen and looked at Ye Chen with a kind face. The more he saw it, the more he liked it. He even felt that he looked too much like himself when he was young.

Xizheng said with a smile: "Ye Chen, my Xi family owes you something. What do you want? Just tell Xi Yun that boy is, I have many important things to do, so I will leave first."

Ye Chen line a gift way: "send off the home master."

Xi Zhengyi turned around and said with a smile: "in order to celebrate your return to Xijia, I will give you a gift. In a few days, the gift will be delivered."

Xi rong'er glanced at Ye Chen fiercely and said, "Ye Chen, remember to me that I will soon recover the humiliation that happened to me today."

Ye Chen said with a smile: "you are happy."

Ye Chen's attitude makes Xi rong'er seem to hit the cotton with a fist. In addition to being angry, he has no way out. Soon, the original vessel of the cruise ship, will carry the people, toward the distance away.

But just after the Xijia people left, in the void, there was a wave. An old man with a long eyebrow and a moon white robe suddenly appeared in front of Ye Chen and others.

Xi Fu saw the old man show up, but in his eyes, there was a look of respect. He actually bowed to the old man and said, "Xi Fu, I've met Mr. Wu."

Ye Chen looks and hears the speech. He looks at the old man and listens to Xi Yun's words. He is a member of chenyuehai!

However, the moment his eyes touched old Wu, ye Chen's face suddenly changed!

Facing old Wu, ye Chen only feels that what stands in front of him is not a person, but a mountain between heaven and earth!

A profound, heavy mountain!

I can't see through Wu's accomplishments!

Even if the three methods of removing clouds are used, they are useless!

This old Wu's strength is really terrible!

It seems that the details of the sinking moon sea are much stronger than what they imagined!

Old Wu seemed to feel Ye Chen's attention to himself. His eyes swept and fell on Ye Chen's body.

In an instant, ye Chen's breath will be stagnant!

This flat light one eye, unexpectedly is lets Ye Chen have a kind of whole body by 10 billion tons of steel plate extrusion general illusion!

Just a line of sight, ye Chen can feel such a huge pressure!

His eyes, can not help but emerge from the incomparable shock color!

However, it is not only Ye Chen who is shocked!

In Wu's eyes, there are still waves!

He secretly exclaimed, "I can't see the boy in front of me?"

Since his strength reached the present level, such a thing has never happened!

Even those who are extremely rebellious and unimaginable are in front of him like they are not dressed.  
At a glance, they can see clearly!

But what about ye Chen?

Ye Chen in his eyes, but a chaos! He felt the chaos of palpitation!
