

Physician 3991

Chapter 3991

What does that mean?

Dark son of sunken moon, all of them are of extraordinary origin, but now it seems that ye Chen's origin is more adverse than that of sunken moon!

However, almost immediately, old Wu's eyes calmed down. He looked at Xiyun and said, "the ancestor worship ceremony has been recognized by the elders. From today on, ye Chen is a member of your Xi family."

After that, the figure flashed and disappeared directly from the original place.

Xi Wen speech, is the face of great joy, and ye Chen also slightly relieved.

He finally passed the ceremony successfully!

After returning to Guanghan hall, ye Chen directly knocked on the door of Xiyun.

He put down his ancient books and asked, "Ye Chen, do you want me to open the transmission array and go to the outside world?"

Ye Chen nods.

Xi Yun seemed to notice something and asked, "besides this, you seem to have other things?"

Ye Chen is not nonsense, said: "uncle, I want to participate in the Huayue Dabi!"

Xi Yun heard the speech, but he said with a smile: "the big moon competition will be held in a while. Originally, I wanted you to participate in it. This time, we Chihai must win a treasure chest of melting moon from the other four big inland sea guys!"

Ye Chen's eyes flashed a touch of joy, light way: "this is certain, and, not one, but all the treasure boxes, I want to take all of them!"

Xiyun hears the speech and is shocked by Ye Chen again!

It's very difficult to win a treasure chest of the moon among the top talents, but ye Chen says he wants to take all six?

How proud this is!

After all, this is not a powerful force can do, this month big than, or the comprehensive ability and potential of martial arts!

What's more, ye Chen is only the cultivation of the holy ancestor!

If other people say such words, Xifu will inevitably be unable to help a lesson, let him not be ambitious, but, from ye Chen's mouth, let him can't help but believe a little bit!

After all, there are too many miracles on Ye Chen!

A moment later, the strong man who dominates the Red Sea regained his composure and said with a smile to Ye Chen: "OK, I'll handle the quota of Huayue Dabi. You can be calm and ready to participate in the contest. However, I still have to remind you that it's a good thing to have self-confidence. However, never underestimate the enemy carelessly. Every time there is a big match, there will be a lot of people who shock the whole Shen Yuehai Evil spirits. "

Ye Chen nodded his head and said, "thank you for reminding me."

Xiyun stood up: "I'm going to prepare for the transmission array. You'll come to me one hour later."

"I don't ask for anything else, but you must come back before the big match."

Ye Chen Mou son a congealing: "good."

Having said that, he returned to the room to wait.

What ye Chen, even Xi Yun, didn't find is that at the moment, in the corner of the room, there was a boy with purple hair. His mouth was filled with a funny smile and said, "this boy, you've tried your best to participate in this big contest?"

His eyes suddenly brightened. He seemed to think of something. He picked up the jade talisman and injected his mind into it.

Soon, there was an old voice in the jade Fu and said, "Su Zi, what's the matter for you?"

Su Zi said with a smile: "it has been found out that ye Chen's purpose is to participate in the Huayue Dabi!"

"The moon big ratio?"

Wu's voice, also revealed a bit of accident, obviously did not think of this result.

Su Zi's eyes flashed slightly and said, "besides, he wants to win all the treasure boxes of Huayue which is awarded by Huayue Dabie!"

"What?"

This time, Mr. Wu was a little shocked. Even those dark children who had sunk in the moon did not dare to say that they could win six treasure boxes of the moon

There are hidden dragons and crouching tigers in the sea of sinking moon. Although the dark son of the sinking moon is against the sky, it may not be able to crush all people if we only talk about a certain ability

Su Zi suddenly said with a smile, "Mr. Wu, I think this is an opportunity."

"Opportunity?" Hearing this, Mr. Wu was puzzled.

What is the opportunity of the big ratio?

Su Zi said faintly: "old Wu, don't you think that this boy may be the son of reincarnation in the prophecy? In this case, isn't this the best stage to test its talents? "

In his purple eyes, there was a faint sense of war and said: "of course, it is under the circumstances that we, Shen Yue dark son, participated in the big contest. Only in this way can we know whether ye Chen is qualified to be called the son of reincarnation, isn't he?"

Old Wu heard the speech and was silent for a moment. Obviously, one of his unintentional words made Su Zi unable to accept!

The so-called son of samsara is the legendary Shen Yue dark son who can lead Shen Yuehai back to the moon god clan. At the same time, he is also the best one among them!

Su Zi said with a smile: "Mr. Wu, don't worry. I still know the importance. This time we will hide our identity and join Dabi. Besides, isn't this boy the cultivation of the holy ancestral realm? We will not bully him. We will try to suppress cultivation at a certain level. "Wu Laodao: "well, I agree to this matter. You can decide who will take part in the Huayue Dabie. Besides, ye Chen's qualification has already qualified to become a dark son of the moon. You can't hurt his life."

When Su Zi heard the speech, she put down the jade charm, and her eyes gradually became sharp and sharp. She said, "it seems that the elder will really pay more attention to this boy. Ye Chen, you can't fail to live up to their expectations. The most important thing is, don't let me down."

On the other side, Wu's eyes flashed slightly and whispered, "Su Xiaozi, this month's big match may not be as interesting as you expected."

.....

An hour later, on a great hall.

Two figures stand on one side of the main hall mural, breath condenses.

"Ye Chen, this transmission array is not under special circumstances. We can't use it."

"But you are in a special situation, and I trust you."

"However, you can never reveal the secrets of the Sunmoon sea and the Red Sea, and you can't do anything sorry for the Red Sea."

The voice was strangely serious.

Ye Chen hands negative behind him, nodded seriously: "this is nature."

Although he became a member of the Xi family by mistake, ye Chen could feel the kindness of Xi Yun and others towards him, so he would not do anything harmful to Chihai.

Xi Xuan took a look at Ye Chen and said with a smile, "Ye Chen, I believe you. In this case, it's just a process."

"Now, come with me."

Language down, Xi Yun fingers pinch Jue, around the whole body, a point in the mural!

In an instant, the light flashed, and they came to an ancient place full of runes.

"Ye Chen, you go to the central rune."

"And you can take this jade pendant. Once you want to come back, you can go back to the transmission site and crush the jade pendant."

Xiyun explained the way.

Ye Chen is no nonsense, and immediately came to the central place: "trouble uncle."

Chapter 3992

"All right, all the way!"

Xiyun fingers pinch Jue, ye Chen whole body light burst out! Instantly disappear in place!

Xixuan looked at the empty ancient land, his eyes were dignified, and he sighed for a long time: "I hope you can get something, otherwise, the moon Dabi is absolutely cruel to you."

.....

Moon Valley.

Ye Chen comes out from the transmission array of Xiyun, and immediately rushes to Mingyue valley.

Along the way, I also got a lot of information. I heard that the patriarch of Mingyue Valley had practiced Mingyue Tianshu for thousands of years. Ye Chen infers that Xia Ruoxue and Xiaobai are here for the sake of the origin of Mingyue Tianshu.

At this moment, ye Chen has come to Mingyue Valley, which is different from Shengzong valley. It is a continuous valley. Each valley is a part of Mingyue valley. Among them, the gate of Mingyue Valley is built in the largest Valley here.

Ye Chen looked at the valleys outlined by the huge mountains, and his eyebrows were slightly raised. He vaguely heard someone discussing a matter.

In the near future, the Moon Festival will be held in the valley of the bright moon, and this festival will be held in advance.

In order to understand the specific situation of the Mingyue Xuetian sacrifice, ye Chen specially enters the Mianshan valley. In addition to representing that the largest valley where the Mingyue Valley sect is located can not enter, other places can also wander around, but some disciples of Mingyue valley are maintaining order.

"I heard that there was a sweet and clever little girl at the ceremony."

Ye Chen visited many valleys. This was the first time he heard about the moon blood sacrifice. He could not help but stop and look at the speaker.

This is two middle-aged men chatting. They are sitting outside the tavern, pushing cups for cups and chatting warmly. It seems that they have drunk too much.

"You heard that, too? I also saw the picture of the little girl. It's a pity that she will be sacrificed at such a young age. "

"If you want me to say, this Mingyue Valley has become more and more domineering over the years, and the offerings of Mingyue Xuetian sacrifice have become more and more cruel. It used to be a powerful monster, but now it is a living creature."

Two middle-aged men chatted, but did not notice that ye Chen was looking at them. At the same time, there was another group of people staring at them.

The two men did not notice, but ye Chen found something. He could not help but look at another place. He saw a group of eight young people, dressed in uniform clothes, with a bright moon tattooed on his chest.

Just looking at the sign on their chest, ye Chen knew that he should be a disciple of Mingyue valley.

"Two, please don't talk nonsense. Drink less and talk less. Be careful of getting into trouble."

At the moment, the young man who was the leader of the group of disciples came to the two middle-aged men and said with a gloomy face.

"Well, am I wrong? In the past, you sacrificed the dead beast, but later you changed it into a living one. Now you have to sacrifice to the living! "

Facing the disciple of Mingyue Valley, the black faced man was not afraid at all, patting the table and shouting.

"You fart

A disciple of Mingyue Valley angrily rebuked: "you know what, that girl is just a fierce beast. She was chosen as a sacrifice, that is to let her show her true shape at the moon blood sacrifice!"

"Evil beast? How can such a lovely girl be a fierce beast

At the moment, the two great men and their disciples were anxious and quarreled.

But ye Chen did not have the heart to listen to. He glanced vaguely at the place where the gate of Mingyue valley was located in the valley. At the next moment, his figure flashed and disappeared.

Ye Chen wants to find a chance to visit the valley where Mingyue Valley is located, because he hears the dialogue between the two great men and the disciples of Mingyue Valley, but he has a bad feeling. The girl whom they say is evil beast is probably Xiaobai!

Mingyue valley will be held one day. Therefore, the defense of Mingyue Valley sect is very strict. If it is not for the disciples of Mingyue Valley, they can't enter at all.

Ye Chen stops on a hill not far from the valley where the gate of Mingyue Valley is located, and overlooks the whole gate. However, he realizes that the atmosphere inside the gate is very happy. Obviously, Mingyue Xuetian sacrifice is a happy event for the people of Mingyue valley. In addition, ye Chen does not get the information he wants.

"If Xiaobai becomes the object of sacrifice, Ruoxue's situation is also very dangerous. This matter must be investigated clearly!"

Ye Chen frowns slightly, the next moment flies down, he wants to try to sneak into the bright moon Valley clan.

The gate of Mingyue Valley is the largest Valley in the continuous valley. There are arrays around this valley. Even if a mosquito flies into the valley, it will be detected by the people of Mingyue valley.

Looking at the array, ye Chen tried, but the result was very helpless. The rank of this array is not low. There is no way to cross the array into the valley. If you enter by force, you will only touch the array and expose yourself.

"It seems that we can only wait."

Ye Chen shakes his head, his body flashes and disappears directly from the array.

The moon blood festival will start tomorrow. Ye Chen is going to stay here for a day to see what's going on tomorrow. The sacrifice to the moon and blood heaven once a hundred years is probably also a grand event, and the movement caused by it should be quite grand. Although outsiders are not allowed to watch it, if something happens to the ceremony, ye Chen can feel it even outside the valley.

Especially the breath of Xiaobai and xiaruoxue, ye Chen can easily detect, and there will be no mistakes.

In order to be in case, ye Chen also specially used the Tianmo cave bright eye to explore the situation of Xiaobai and Xia Ruoxue.

However, this exploration is still the same as before. All you see is gray, but there is a faint feeling in the dark. Xiaobai seems to be in an extremely dangerous situation.

This kind of induction, and at this moment Ye Chen guessed that Xiaobai became the sacrifice of the moon blood sky, but it was some coincidence. Basically speaking, Xiaobai was a sacrifice.

"With me here, you don't want to sacrifice Xiaobai!"

Ye Chen looks at the largest Valley not far away, and the disciples of Mingyue Valley who are constantly running inside. A touch of cold light flashed in his eyes.

The next day soon arrived. Ye Chen stood on the top of the mountain and breathed all night. Now he opened his eyes and looked at the gate of Mingyue valley.

The largest Valley is foggy at the moment, which is related to the fog in the morning and the special release of aura by the disciples of Mingyue valley. This should be to guard against other people's prying.

Such a move makes the whole Mingyue Valley sect full of immortal spirit, as if it has become a fairyland. However, for ye Chen, this is obviously not a good thing. The aura turns into fog and blocks his sight.

"Break the magic pupil, open it!"

Ye Chen looked at the fog below, and then drank a low voice. His eyes suddenly lit up white awn. At the next moment, the white awn seemed to penetrate the void, turning into two beams of light and bumping into the boundless fog.

Chapter 3993

At the next moment, the scene in front of Ye Chen is clear again. A large and magnificent altar full of dignity and ancient flavor has appeared in the center of Mingyue valley.

At the moment, an elder of Mingyue Valley, who presided over the ceremony, also appeared one after another.

One of them is as deep as the sea, with endless vigor between his eyebrows and eyes. He has reached the middle stage of heaven and earth, and his strength is very good.

As for whether it is four or five or six, I don't know.

"I'm afraid this is the master of Mingyue Valley?"

Ye Chen, looking at the middle-aged man with long hair and extraordinary temperament, can't help guessing.

The strength of the other side is obviously the strongest in this Mingyue Valley, and the elders and disciples of Mingyue valley are extremely respectful to him, which is undoubtedly the patriarch.

Both the patriarch and the elders were present and began to preside over the ceremony. They could not see what they had taken out of their arms. They only saw that they threw the things in their hands into the air, and this thing exploded and turned into blood.

The patriarch and the elders pinched the formula with their fingers and chanted words in their mouths. The blood of the whole sky actually floated towards the sky.

Now it is still day, the sun has just emerged from the East, but now it is covered by the blood.

On the contrary, it was a bright moon, which appeared faintly above the sky, and looked very close to the crowd, as if pressed on top of the head. The lines on the bright moon could be seen clearly.

At the moment, the blood flowing to the sky is directly integrated into the gradually emerging bright moon. In an instant, the bright moon changes color and becomes a deep red blood like appearance.

"Moon blood sacrifice to heaven..."

Ye Chen's eyebrows are slightly raised. Although the bright moon has also become the blood moon, it is different from the power of the blood moon contained in his blood moon Tu Tian chop, which is not comparable to the blood moon power of the blood moon Tu Tian chop.

At this time, the blood moon made by the old man of Mingyue Valley patriarch was also completely solidified, as if it had come down from the sky to everyone.

After the blood moon congeals, it releases the infinite blood light. The blood light reflects the bright red of the sky around, just like the sky bleeding.

For a moment, the whole world was shrouded in blood.

Ye Chen frowns slightly, which is in line with the name of Mingyue Xuetic sacrifice. It seems that it is time to offer sacrifices.

As expected, ye Chen was right. At the moment, the heaven and earth turned into blood. The leader of Mingyue Valley flew up directly and stood under the blood red moon and cried out: "sacrifice!"

As soon as this was said, many disciples turned around and left, and then they brought a series of ferocious figures. This is just a fierce and fierce beast. Their eyes are red, and their endless killing intention is to sweep them in their eyes.

Especially for those who look at Mingyue Valley, these fierce beasts are even more furious. They hate the people who take them back. If their bodies are not restrained and controlled, they can't move at all. I'm afraid these fierce beasts will devour all the people in front of them.

"Well, animals are animals. Wild animals are hard to tame, so they should be sacrificed!"

At the moment, Hou Tian, the leader of Mingyue Valley, coldly looks at a group of fierce beasts in the hands of his disciples, and says with disdain.

Before Hou Tian stepped into the first path of practice, his relatives and friends in the village were slaughtered by fierce animals. Therefore, he hated the fierce animals from his bones and wanted to kill them when they saw them.

Now Hou Tian has become the master of Mingyue valley. He has a noble status and can't kill the fierce beast at will. He has to watch the fierce beast being sacrificed one by one at the Mingyue blood heaven sacrifice, so as to satisfy his own inner eccentricity.

As Hou Tian's voice dropped, a famous disciple directly brought the fierce beasts to the altar, threw them up, and turned away.

The disciples of Mingyue Valley threw a fierce beast on the altar and turned away. Ye Chen was staring at the fierce beasts in their hands, but he did not see Xiaobai's figure.

"No, it doesn't mean that there is a little girl to be sacrificed, too?"

Ye Chen frowns slightly. Thinking of the quarrel between the two men and the disciple of Mingyue, he guesses that the little girl is Xiaobai, but he can't see it.

When Ye Chen is confused, the sacrifice has already begun under the leadership of Hou Tian, the master of Mingyue valley.

The bloody moonlight on the sky skyscraped, followed by murderous and violent blood moonlight flowers, condensed into a long sword with a handle to cut through the heaven and earth, and then stormed down towards the altar below.

"The taste of blood is good after all!"

Hou Tian looked at this scene, and his eyes were full of excitement. He clenched his fist and roared in his heart.

At the moment, a series of murderous swords are smashed down like a bloody sword. The fierce beasts on the altar have no resistance. They have been banned and restricted. They can only wait for death when facing this bloody sword.

"Boom, boom!"

Many long swords smashed down the altar. Nearly a hundred fierce beasts on the altar died in an instant. These fierce beasts were not strong in defense. They were directly smashed into blood mist and exploded. The blood was splashed everywhere.

However, at the next moment, the bloody moon on the sky burst out with incomparable traction, directly sucking up all the Qi and blood of the fierce beast, and then condensed a more terrifying, murderous long knife. Under such a bloody sword attack, even those fierce beasts who are very tough and can withstand the attack of the strong in the heaven and earth can not survive.

Soon, a head of fierce beasts fell under the bloody sword, was chopped into a sky of blood mist, and was swallowed away.

At this time, ye Chen's pupil shrinks. He sees a fierce beast wrapped in gray fog. At the moment, the long knife cuts through the gray fog, but a little girl's figure is revealed.

Look at the appearance, look at the figure, this is Xiaobai no doubt.

"Looking for death!"

Seeing this scene, ye Chen is furious. The bright moon Valley hides Xiaobai in the fog, so that he doesn't notice for the first time.

Ye Chen probably guessed the reason why mingyuegu did this. After all, Xiaobai looked like a Terran, and mingyuegu could not let Xiaobai show his original form. Only by killing Xiaobai's Terran body could he.

Under such circumstances, many people, like the two great men of yesterday, are quite critical of mingyuegu. I am afraid mingyuegu is under pressure, so he hides Xiaobai in fog.

When the sacrifice begins, the bloody sword will directly kill Xiaobai's human body, and the fierce beast will be exposed.

However, for ye Chen, Xiaobai is his companion and Xia Ruoxue's closest person. Moreover, Xiaobai is not a fierce animal, and has never done any evil. It is totally a cruel thing to sacrifice Xiaobai!

At the moment, the bloody long knife has come to Xiaobai's body. Ye Chen is still a distance away from Mingyue valley. At this moment, there is no time to stop it. He can only make full efforts to break out and rush to Mingyue valley.

Chapter 3994

On the other side, Xiaobai's Terran body was directly cut and split by the bloody long knife, and then swept out with boundless ferocity.

Xiaobai occupied the body of Taiyin jade rabbit, which was the top ten evils in ancient times. At the moment, before the body was revealed, there was a mighty and incomparable force, as if to destroy the heaven and earth.

Seeing this scene, many people in Mingyue valley were stunned, while Hou Tian, the valley master, showed an extremely excited look.

"Look, I know that although there is no evil cause and effect on this little girl, it contains a ferocious spirit. Even if she has not done any evil, but only by looking at this, we can know that she is a super fierce one. She must be killed if she remains!"

Hou Tian, because of his hatred of the fierce beast in his heart, clearly saw that Xiaobai had not done evil, but he still wanted to find an excuse to kill Xiaobai.

Hearing this, the elders of Mingyue Valley blinked, but did not speak.

At this time, the body of Taiyin jade rabbit was exposed to the bloody moon, and all the other fierce beasts on the altar had fallen down, turned into blood fog and was absorbed by the bloody moon.

Only Xiaobai is the sacrifice of the human body, and the body of the fierce beast is still OK, but it also causes the bloody moon on the sky to soar. It blocks the sky and blocks the sun. It seems that the long sword is pregnant and condensing.

"It's over. It's dead."

Xiaobai looks at the top of her head, which makes people despair. She is about to condense into a huge long sword. At this moment, she thinks of Xia Ruoxue, ye Chen and Xiaohuang

"Ha ha! She's going to die. She's going to be crushed and chopped up at once

At the moment, Hou Tian looks at Xiaobai, but his eyes are full of morbid fanaticism. The more powerful the fierce beast falls, the more excited Hou Tian is.

At the moment that everyone thinks Xiaobai must die, and even Xiaobai is already in despair, the array of Mingyue Valley booms.

At the next moment, the array was suddenly broken, and a murderous and violent figure, even beyond the sky, appeared in front of everyone, and went straight for the altar.

"What is he going to do? Stop him!"

"This son of a bitch, how dare to break into my moon Valley and try to disturb my moon blood sacrifice. His crime is unforgivable. He should be punished!"

"Kill him and keep him away from the altar!"

At this moment, a roar sounded, a magic power swept toward Ye Chen, and several elders rushed directly to Ye Chen.

Looking at these magical powers, the elder who is close to him, but Ye Chen's eyes are cold and indifferent.

Only the blood moon above the head, that is pregnant with the super huge blood color long knife, let Ye Chen heart have a trace of fear.

But at the moment, Xiaobai is in danger, and Ye Chen has no time to take care of the bloody long knife. He just rushes to Xiaobai with all his strength.

At this time, Xiaobai looked at the body shape burst from, eyes are full of unbelievable, the next moment reaction, but it is moving tears.

"It's brother Ye Chen. Brother Ye Chen has come to save me!"

Xiaobai looks at Ye Chen excitedly, and then realizes the bloody moon on the top of his head. The blood colored sword will be shaped soon, and his face will change again.

"Brother Ye Chen, don't worry about me. The power of the blood moon is too terrible. You can't stop it!"

Xiaobai anxiously looks at Ye Chen, worried and dissuades him.

Smell speech, Ye Chen is eyebrow a pick, cannot block? Even if he can't stop it, he also wants to save Xiaobai. What's more, this fake blood moon is just for him to fear, and it's not impossible to stop it.

"The blood moon seems to contain extremely terrifying power, but it's not so good. After all, the fierce beasts devoured on the altar are not even those in the early stage of heaven and earth, and they can provide too little power to it..."

Ye Chen glances at the bloody moon above the sky. At the moment, he is close to Xiaobai, and has no time to consider too much. He will catch Xiaobai directly at the next moment.

Ye Chen is ready to save people to escape immediately, but his whereabouts have been exposed in front of all the people in Mingyue Valley, where is it so easy to escape.

When he saw Ye Chen, the people in Mingyue Valley had already started to attack. At this time, the magic power of all the people in Mingyue Valley had already swept in from all directions. Several elders also came to kill him with rage, and the long sword with bloody moon on his head was smashed down.

Ye Chen is completely surrounded by the offensive, there is no place to avoid, can not help but smile coldly.

"It's a lot of people, but do you really think it can stop me?"

The corner of Ye Chen's mouth draws up a cold radian, the next moment the momentum suddenly erupts, the evil spirit condenses! The aura in the body explodes.

"Destroy Shinto, block it for me!"

Ye Chen a roar, the destruction of the Shinto, Daoyun swept out, there are Geng gold iron wall guard in front.

At the same time, ye Chen has a Sha sword, a dust falling dragon sword, a sword to destroy Shinto, and a sword to extinguish the golden light.

"Boom

In a flash, ye Chen, with one enemy and many enemies, erupted into a terrible impact like destroying the heaven and the earth. All kinds of magic techniques were smashed, and the figures of several elders suddenly flew backward. Even the bloody long knives cut off from the sky were blocked by the boundary."Hum..."

At the moment, ye Chen broke out strongly and directly cracked the siege. He couldn't help humming. So many people joined hands, especially the bloody long knife, which also made him suffer a lot of injuries.

Expressionless face will gush up the throat of the blood swallow back, ye Chen look at the bright moon Valley in the face of a fierce ran, but the face showed disdain.

There is a big gap between these people and the strong men of Shen Yuehai.

Today's Ye Chen is not that thorny.

At the moment, they are extremely dissatisfied with Ye Chen. After all, ye Chen is destroying their Mingyue blood sacrifice, which is the most sacred ceremony in Mingyue Valley, which makes them furious.

"Who the hell, how dare to obstruct my moon Valley ceremony? You can't find death!"

"Why do you want to save a fierce beast? Are you a traitor of the Terran?"

"Hum, what are you going to do with him? Kill him directly and take back the sacrifice!"

At this moment, a roar rings, many of the old people in Mingyue Valley glare at Ye Chen one after another, and the murderous and violent rush over.

Only Hou Tian, as the valley master, did not make a statement at the moment. He gazed at Ye Chen's body, but his eyes gradually became crazy.

For some reason, when Hou Tian saw Ye Chen, he felt the breath of Ye Chen. He was disgusted and even wanted to grind Ye Chen into powder. This impulse made Hou Tian realize that things might not be right.

Looking at all the elders in the clan rushing to Ye Chen, Hou Tian is silent. He just stares at Ye Chen, thinking about why he is so bloodthirsty.

When Hou Tian was silent, the elders of Mingyue Valley had already rushed to Ye Chen, and a great war broke out between them.

Chapter 3995

There are seven elders in total. Each of them is one or two layers of heaven and earth. At this moment, they are all in full swing. Under the joint efforts, the momentum is magnificent.

In the face of these seven people join hands, ye Chen is holding Xiaobai in one hand and Sha Jian in the other hand. His eyes are full of killing intention.

"You bastards want to stop me?"

Ye Chen laughs coldly. At the next moment, he stabs out a sword, and the destruction Shinto erupts. The fierce destructive power sweeps out, and the faces of the seven elders who jointly attack change in an instant.

"You can't beat me. Hide!"

There was a look of horror in the eyes of the elder. Here, ye Chen's God of destruction was so powerful that he felt a sense of fear shrouded in death.

Seven elders quickly Dodge, but ye Chen does not give in. He deceives himself and cuts down a white robed elder with a sword.

"Bang!"

The white robed elder's chest was cut by Ye Chen, and his body fell on the ground like a rag, causing an uproar among the disciples below.

At the moment, ye Chen has already made a move to other elders.

There are more than seven elders in Mingyue valley. At this time, when they see that all the seven elders can't take down Ye Chen, other elders also fly up in succession. Even many gifted disciples also fly up. They are very dissatisfied with Ye Chen, the intruder, and want to take ye Chen.

For a moment, a magic technique was reflected in all directions above the sky. The fierce martial arts collided and shook the sky. Even the forces outside the Mingyue valley were shocked by the news. Many people came to see it, but found that under the bloody sky, they could not see clearly.

But at this time, ye Chen and dozens of people fight together, unexpectedly did not fall behind, showing nearly invincible martial arts strength.

Even ye Chen is still in the process of fighting, helping Xiaobai untie her body's prohibition.

Xiaobai, as the jade rabbit of Taiyin, is now banned. Looking at a group of elder disciples of Mingyue Valley, he is also very angry.

Xiaobai is kind-hearted and seldom does evil. However, these people want to sacrifice her alive, which makes her very angry.

At the moment, the ferocity in Xiaobai's body does not rise from the sky. Even though Xiaobai's strength is not as good as ye Chen's, she can also help Ye Chen block some attacks. At the moment, they join hands to fight with the elder disciples of Mingyue valley.

"Hum, you bully the good, sacrifice cruelly, and dare to attack me. You are really looking for death!"

At this moment, ye Chen is also completely furious in the fight, and the violent momentum sweeps out. The destruction Shinto breaks out completely. Ye Chen becomes a phantom and shuttles among the people in Mingyue valley.

Every flash, every sword, a bright moon Valley elder or disciple fell into the sky.

Ye Chen breaks out and kills all directions in the Moon Valley. His invincible sword power even makes the bloody moon above the sky tremble.

The people in Mingyue Valley saw Ye Chen's performance, and their faces were shocked. They didn't expect that the boy in the holy ancestral land had such terrible strength. It was against the heaven!

At the moment when ye Chen's momentum broke out, Hou Tian suddenly raised his eyes to Ye Chen. From this momentum, he noticed a monstrous and powerful spirit that was even more terrible than that of Taiyin jade rabbit. This shows that ye Chen is a more terrible demon, which is also the reason why he wants to torture Ye Chen to death.

"But this guy is a Terran

Hou Tian stares at Ye Chen. He can see that ye Chen is different from Xiaobai. It is not the incarnation of the demon clan to become a Terran. But why is Ye Chen so evil?

Although Hou Tian was puzzled, he knew the most clearly that ye Chen, whether he was a demon or not, had this breath in his body and saved Xiaobai. This was the enemy of Mingyue Valley, which was in line with his inner impulse. He wanted to seize Ye Chen and torture Ye Chen to death.

In the face of Ye Chen, who is possessed of the spirit of startling the sky, disturbing the blood sacrifice of the moon and offending the majesty of Mingyue Valley, Hou Tian is furious and his eyes are red.

"Boy, stop it!"

At the moment, seeing ye Chen's great fighting spirit, he cut down a famous disciple of mingyuegu elder and killed all the four sides. The scene was just to the extreme. Hou Tian was even more angry and couldn't help shouting.

Hearing this, ye Chen eyebrows a pick, and the bright moon Valley people are directly with Ye Chen open body position, see ye Chen also did not catch up to continue to shoot.

"Boy, how dare you disturb the festival of Mingyue Valley and save this fierce beast which is full of ferocity and crime. What's your heart?"

Hou Tian looks at Ye Chen, his eyes are cold and his face is cold.

"Ferocious, heinous?"

Hearing this, ye Chen is sneering and disdain to sneer, "this Taiyin jade rabbit has a good disposition and has never done anything harmful to nature. Your ability to tell lies is really good."

"You are such a hypocritical person, but you still want to sacrifice my companions. There is no one to stop you. Obviously, all of you are birds of a feather. If you don't kill Mingyue valley today, I will be merciful and spare your life!"

Ye Chen looks at Hou Tian coldly and scolds rudely.

Hearing Ye Chen's words, Hou Tian was furious, and the elders and disciples of Mingyue valley were even more angry. Ye Chen is so arrogant that he even wants to kill the Moon Valley. Even the strong man at the top of heaven and earth is hard to do it, let alone Ye Chen of the holy ancestral realm.

"Good boy, you are so arrogant and bold that you dare to say such a thing in front of me. It seems that you don't pay attention to me in mingyuegu and Houtian!"

Hou Tian's eyes burst out with endless bloodlust. At the moment, he glared at Ye Chen and angrily said, "I will take you down today, and let you know that Mingyue Valley is not a place where such a character can be reckless."

Hou Tian was furious, but suddenly he made a move. His aura vibrated endlessly, and the roar of rivers came out.

Hou Tian's palm lit up endless bright moonlight. At the moment, the bloody moon on the sky echoed. It turned into a white red ginseng white moonlight God awn, and shot towards Ye Chen.

"Hum, how dare you teach your family skills?"

In the face of this moonlight God awn, ye Chen's eyes flash a touch of cohesion, but between the words is not lost.

At the next moment, ye Chen rallies his strength, and the evil sword is in his hand. The destruction Shinto erupts and suddenly stabs out a sword.

"Break it for me!"

Ye Chen roars, and his arms are full of green veins. The destructive force explodes the void and instantly collides with the moon god.

"Boom

The moon god awn suddenly breaks, ye Chen's body shape is not controlled, is directly hit by the violent impact and flies upside down.

Seeing this scene, Xiaobai can't help but show the color of worry. When she and Xia Ruoxue leave Ye Chen, ye Chen can only resist the peak of Xuanyuan Mo Xie's holy ancestral realm.

Now when we meet again, ye Chen has been able to face a crowd of heaven and earth in the early stage and kill the four sides. It's almost invincible. Xiaobai is shocked by the speed of Ye Chen's strength.

However, although Ye Chen's talent is superb and his strength is incomparable, the holy ancestral realm will be able to meet the early days of heaven and earth, but Hou Tian is a strong man in the middle of heaven and earth!

What to do!

There is also sister ruoshue, she is now in a very difficult situation!

Chapter 3996

The gap between the middle and early stages of heaven and earth is almost a world wide difference. Ye Chen can deal with the elders and disciples of Mingyue Valley, but he may not be able to resist this Houtian, which worries Xiaobai very much.

At this time, ye Chen received Hou Tian's Moonlight God. Although he succeeded in blocking it, his Qi and blood in his body were constantly shaking, and his aura was disordered, which was obviously not good.

In contrast, Hou Tian has a stable breath, deep eyes and no pressure at all.

"After all, the other side is too strong."

Ye Chen looks at Hou Tian and frowns.

At this moment, Hou Tian and ye Chen collide, but also find out the details of Ye Chen, immediately revealed a sneer.

"Hum, I thought you could crush me with such arrogance. Now it seems that it is just so."

Hou Tianyan bloomed with endless coldness. At the next moment, evil smile said, "I will let you know what will happen to offend me in Mingyue valley."

"Boom

Hou's celestial body suddenly burst out of endless aura. The sky and the earth vibrated. Behind Hou Tian, an illusory figure appeared. At the next moment, the figure pointed out, and a sharp moonlight stab appeared in the void in front of Ye Chen.

This spike appeared so suddenly, ye Chen's face changed. He didn't expect Hou Tian to have such a strange method. He cut it out in a hurry, and cut the moonlight spike with danger.

"Hoo..."

Ye Chen cuts off the spikes. He just breathes a sigh of relief, but he sees Hou Tian on the opposite side connecting his fingers at the moment. However, all around Ye Chen, the void is constantly breaking open, and the moonlight spikes are swift and thunderous, coming from all directions.

"Damn it!"

In the face of the magic art, ye Chen's face changed greatly, holding his breath and concentrating, and he should face the moonlight spikes with all his strength.

Seeing this scene, the elders and disciples of Mingyue Valley showed their admiration.

"It's worthy of being the valley master. It's amazing that he can understand the secret killing skill of the bright moon left by our ancestors."

"Yes, this bright moon hidden killing skill is a terrible secret skill that can kill people from thousands of miles, and it's a terrible secret to kill people by cold light."

"The valley master has even used Mingyue's hidden killing skill. This boy must be unstoppable. He will die!"

At the moment, Mingyue Valley is full of discussions, looking at Ye Chen above the sky gnashing his teeth and feeling extremely happy, because such a arrogant Ye Chen is about to fall under their valley master.

Different from all the people in Mingyue Valley, Xiaobai is worried about ye Chen at the moment. She also sees that ye Chen's situation is not good. She wants to help, but her strength is not enough. She can't shake the strong in the world.

At this time, ye Chen faced a series of sharp moonlight spikes. Although he tried his best to dodge and deal with them, the attack mode of Mingyue hidden killing was too weird to prevent at all. In a short period of time, ye Chen was also injured.

"It can't go on like this."

Ye Chen, while dealing with the strange moon sting, thinks of it solemnly on his face. Hou Tian's face is relaxed when he uses the bright moon hidden killing technique. Obviously, he will not consume too much strength.

If he is in a stalemate with this Mingyue Yinsha, it must be ye Chen who has fallen down. Therefore, he must find a way to crack the Mingyue hidden killing technique.

At this time, ye Chen also realized that Hou Tian used the moon concealment technique, but he stood still and never moved. It is likely that once the moon concealment technique is put into effect, the caster is just like a fort and can't move around. Otherwise, Mingyue stealth will be broken by itself.

Ye Chen vaguely guesses that only by carrying the moon's spines and forcing Hou Tian to move, can he get rid of this moon concealment technique, or he will be entangled by Mingyue Yinsha all the time, and it is obvious that he will die in the end!

At the moment, a series of moonlight piercing from the void, ye Chen's eyes burst out of endless cold, staring at Hou Tian.

At this moment, ye Chen's whole body is filled with the power of destruction and spirit. He turns a blind eye to the moonlight stabbing from the void. The powerful destructive power and the spirit power are intertwined, and they even want to merge together.

"Soul killing sword!"

At the moment when the two kinds of powerful forces merge together, ye Chen's eyes explode with endless killing intention. At this time, several moonlight spikes suddenly stab at him, but ye Chen does not avoid it, instead, he explodes and kills Hou Tian.

"Poof!"

Several spikes pierced Ye Chen's body, and ye Chen burst out a mouthful of blood, and his breath was withered in an instant. But at this time, ye Chen had already held the evil sword and killed Hou Tian in front of him.

Hou Tian obviously didn't expect Ye Chen to be so crazy. He resisted the danger that he might be killed directly by the moonlight spike. He also wanted to attack himself with all his strength to break the Mingyue hidden killing technique.

Ye Chen is right to guess. If you use the bright moon hidden killing technique, you need to use aura to connect yourself with the rules of heaven and earth in the dark. In this case, you can constantly use the moon sting which appears and disappears, but it also brings disadvantages, that is, it can't be moved, otherwise the connection with the rules of heaven and earth will be broken, and even the caster will be bitten back.

But at the moment, facing Ye Chen's sword, which combined the power of destroying Shinto and spirit, Hou Tian felt a terrible threat. He did not dare to resist like Ye Chen. "Well, even if you can see through it, it's just a temporary recovery of a life, and it's going to last until it falls!"

Hou Tian looks at Ye Chen who has been killed by explosion, but he smiles coldly. The next moment he gives up the art of hiding the bright moon. He is suddenly bitten by a trace of blood spilling from his mouth. However, he himself suddenly flies out of the room and keeps away from ye Chen.

"Do you think this sword can do anything to me? It's so naive. Heaven and earth are beyond the comprehension of such a punk as you

At the moment, Hou Tian looks at Ye Chen with fierce murderous intent. Suddenly, he pinches the Jue with his fingers. The blood moon on the sky floats towards Hou Tian and hovers behind him, making Hou Tian look like the Lord of the moon.

Hou Tian looks down at Ye Chen from a commanding position, with endless indifference in his eyes.

"Damn boy, I'll take you on the road!"

At the moment, Hou Tian smashed his hand, and the blood moon behind him actually passed on to him the mighty power. This palm of Hou Tian gathered the boundless heavy pressure, as if thousands of worlds fell down from the sky, and the mighty blood light poured down with it.

Seeing Hou Tian's palm, ye Chen's face changed greatly, but he didn't return his bow. The soul killing sword had been cut out and could not be taken back.

At the next moment, ye Chen holds a sword, and the power of destruction and spirit sweeps across, and collides with Hou Tian's powerful palm.

"Boom

The impact of destroying heaven and earth swept out, and ye Chen suddenly flew backward. The mighty power of Hou Tian's palm was too terrible, and the heavy pressure poured down, as if all the heaven and earth were pressing on Ye Chen. Ye Chen vomited blood, and there were cracks in his bones.

Chapter 3997

On the other side, Hou Tian's palm and Sha Jian collided hard. At the moment, he also felt a sharp pain. He saw that the palm protected by the great power of the blood moon was slashed with a shocking

wound. There was also a terrible force of destruction and spirit coming into his body to destroy his spirit and body together.

"Hum!"

Hou Tian is aware of this. When his face is cold, ye Chen is no more than the holy ancestral realm. He can burst out such terrible power. If he did not use the power of blood and moon at the moment, he might not have been able to resist the strange power contained in Ye Chen's sword, and he would have been wiped out of his body and soul and fell on the spot.

But at the moment, the blood moon floating behind Hou Tian gathers a steady stream of power into his body, so that Hou Tian can easily expel the power of destruction and spirit, and then he looks at Ye Chen.

"Boy, you make me sick!"

Hou Tian shows a ferocious sneer. He can see that ye Chen's situation is at the end of his tether.

Indeed, as Hou Tian thought, ye Chen fell from the sky at the moment and stood up reluctantly, but his physical body had already suffered heavy damage. If it was not for his vitality against the sky, I would have been in a coma or even died.

Looking at Hou Tian, ye Chen's eyes are cold, but his heart is filled with endless killing intention.

Ye Chen can feel Hou Tian's violent intention to kill him. Although he doesn't know why Hou Tian hates him so much, ye Chen knows that if he can't kill Hou Tian today, he will surely die. Xiaobai can't escape the fate of being sacrificed.

"Boy, you should be honored to die in my hands!"

At this moment, Hou Tian's face appeared a strange color, his palm slowly pushed out, behind him, the blood moon burst out a magnificent light, along the palm of his hand, slowly condensed a bloody long gun.

The coagulation speed of the bloody spear is very slow, and Hou Tian doesn't seem to be in a hurry to kill Ye Chen. Obviously, he has taken Ye Chen as a turtle in a jar and is playing with him wantonly. He just wants to let Ye Chen watch him condense the most powerful blow and then be killed by himself.

"Hum..."

Between the heaven and the earth, the blood colored spear agglomerates and triggers waves, and the mysterious rules in the dark gather quietly.

At the same time, ye Chen looks at Hou Tian's move, but his face is expressionless. However, the sword of falling dust and descending dragon appears in his hand. Behind him, three rounds of blood moon slowly emerge from the sky.

He wanted to use the power of Daoyin and liumie Zhenjue, but the blood moon and the environment here are very suitable for XueYue Tu Tianjian!

Just right!

In an instant!

The blood moon behind Ye Chen is much more majestic than that behind Hou Tian, and its momentum is far beyond.

As soon as the three rounds of blood moon appeared, the blood moon behind Hou Tian even trembled and appeared a tiny crack. It seemed that they could not bear the pressure of the three blood months at all. They were full of fear and wanted to be broken on the spot.

At the same time, the elders and disciples of Mingyue valley also looked at the three rounds of blood moon above the sky in disbelief.

The power of Mingyue Valley comes from the moon. However, at this moment, they find that the three rounds of blood moon behind Ye Chen are far beyond their source of strength, which is beyond their reach.

"Well, how could this be possible?"

Seeing the three rounds of blood moon behind Ye Chen, Hou Tian was also extremely shocked. For the first time, he felt such a fatal danger from ye Chen. It seemed as if there was a boundless hell enveloping him. He wanted to drag him into it and suppress him forever, so that he could not live as if he were dead and suffer from all kinds of torture.

Looking at the three rounds of blood moon behind Ye Chen, a touch of fear appeared in Hou Tian's eyes, and his body even faintly trembled. Compared with those behind Ye Chen, the blood moon behind him is more like a fake.

"No, how can you use such vast power? You can't be qualified!"

Hou Tian looks at Ye Chen and can't help but roar. At the moment, he has no leisure to play with Ye Chen. He feels a strong threat from ye Chen, which can make him die and fall completely.

"Well, frog at the bottom of the well, how can you understand the real power?"

Ye Chen looks at Hou Tian, but he smiles coldly at the moment. The three rounds of blood moon on the sky become more and more solid. It is also a surprise that he can condense three rounds of blood moon. At this moment, the power of blood moon killing heaven must also soar.

Above the sky, three rounds of blood moon were in the sky, forming a faint formation of an array to suppress this heaven and earth. The whole Mingyue valley was shrouded in the mighty pressure of blood moon. Many people in Mingyue valley were shocked.

The magnificent blood moonlight flowed down and reflected on Ye Chen, making Ye Chen look like a god of blood and moon, as if he were the master of the stars in the world. Many people in Mingyue Valley had the impulse to kneel down and worship.

At this moment, ye Chen's body is in the vast blood light, and the falling dust and dragon sword in his hand condenses the power of blood and moon, and blooms the terrible cold light that tears the world and cuts through the whole world.

Seeing this scene, Hou Tian's hair stood on end. He even felt his hands and feet cold. He climbed up along his spine.

"No, you want to kill me, it's a dream!"

At this moment, Hou Tian's eyes are crazy and his face is ferocious. The blood moon behind him erupts completely. The moon's surface explodes and cracks countless cracks. The mighty power also converges into the long gun in front of Hou Tian. "Blood kill Zhutian gun, die for me!"

Seeing the blood colored spear condensing completely, Hou Tian's eyes flashed a touch of excitement. The next moment, he suddenly pushed it out. It blocked the sky and the sun, as if to penetrate the whole world and pierce the eternal time. The bloody spear suddenly fell towards Ye Chen.

"Boom

At the place where the bloody spear swept, the void collapsed and everything disappeared. Even many mingyuegu disciples were affected. They were swept by the mighty power of the bloody spear. They spat blood and fell unconscious on the spot.

The bloody spear with the power of annihilation, crush everything, suppress heaven and earth, toward Ye Chen.

With the bloody spear coming, ye Chen's face changed slightly, and his sight became more and more sharp. The falling dust and dragon sword in his hand also weighed more than ten thousand jin, which made Ye Chen's bones crack.

"Ah

Ye Chen roared and roared at the moment, and his arms were blue and blue, and his fierce and invincible momentum soared into the sky. He suddenly waved the falling dust and dragon sword and chopped at the bloody spear.

"Three rounds of blood moon, blood moon butcher day, give me broken!"

Ye Chen's heart roars, falling dust and falling Dragon Sword instantly meets the bloody spear.

At this moment, the spear that cuts through the sun and moon, tears the world's cold light, and penetrates the sky, vanishes all collides together.

There is no impact of destroying the heaven and earth, but the world at this moment seems to fall into a silence, time seems to stop, and all people's expressions seem to be frozen, staring at the place where the cold light collides with the tip of the gun.

The void collapses and everything disappears. One black hole after another is born and explodes. Even the black hole can't bear the terrible power of shivering and colliding with the spear at the moment.

At this time, when everyone thought that Han Mang and the spear were going to go on like this, Han mang suddenly burst into endless brilliance, and all the people around him stabbed and closed their eyes suddenly.

Chapter 3998

At the moment when everyone closed their eyes, XueYue Tu Tian cut the spear in two and turned into a streamer, which instantly appeared in front of Hou Tian.

"No! No way

Seeing the sword coming, Hou Tianmu was shocked. Even though he was a strong man in the heaven and earth, he could not resist Ye Chen's sword.

"Damn it! Damn it

Hou Tian cursed wildly, and the cold light had already arrived. He had no time to dodge. He only had time to break out. A scarlet shield of blood gas appeared in front of him, and a hexagonal exquisite mirror flew out of his eyebrow.

"Bang!"

At this moment, the cold light of the blood moon tore the sky and swept down. The majestic sword power was incomparable and awed the whole world.

The hexagonal exquisite mirror is Hou Tian's most precious magic weapon to protect his life. It can block the fatal blow of the strong in the heaven and earth, but it is broken in an instant under the cold light of blood and moon.

"Poof!"

Once the hexagonal mirror was broken, Hou Tian's breath was suddenly withered, and a mouthful of blood suddenly gushed out. However, he did not wait for him to react. The cold light shield of blood gas had been cut off and directly cut into Hou Tian's self being.

"Ah

In the second half of the day, the body was cut into two and a half days.

However, at this moment, the power of the bloody moon was exhausted, and he could not kill Hou Tian completely. However, it also made Hou Tian suffer a heavy blow. He was in two, full of wounds, and his flesh was full of blood and looked extremely miserable.

"Cough..."

Ye Chen holds the sword of falling dust and subduing the dragon. He coughs softly. His Qi and blood are surging in his body. He uses the triple blood moon to kill the sky, which makes Ye Chen consume a lot. Now he can only barely keep moving.

See ye Chen in bad condition, small white face slightly changed, regardless of the danger directly came to Ye Chen.

On the other side, Hou Tian falls to the ground with endless humiliation and killing intention in his eyes. Ye Chen is now at the end of his strength, but the elders and disciples of Mingyue Valley dare not attack Ye Chen, which is completely suppressed by Ye Chen.

Even Hou Tian himself did not expect that he could not capture Ye Chen's holy ancestral realm. He almost died in Ye Chen's hands, and his own heaven was broken and almost destroyed.

"Ah, ah!"

Hou Tian lay on the ground, soaked in blood, but suddenly he was not willing to roar. The next moment, he was surrounded by broken and self-contained, which even sent out the most magnificent power.

This mighty power contains a sense of madness and recklessness. When you feel Hou Tian's momentum at the moment, everyone's faces are changed.

"Not good!"

At the moment, ye Chen also looked at Hou Tian with shocked eyes, but saw that the other side's injury was recovering rapidly, and he flew from the ground with fierce intent in his eyes.

However, the self-consciousness surrounding Hou Tian's body burst out a flaming fire, which was unreal. It seemed that the flame of another world was burning, which could only be seen but could not be touched.

"This madman, even burning his own self-confidence!"

At the moment, ye Chen can't help scolding.

Burning in the sky is also a card for the strong in the heaven and earth. It can only be used when you are in danger. After all, being in heaven is too important for a strong man in heaven and earth, and no one is willing to use it casually.

If the self is burned out, those who are strong in heaven and earth are likely to fall directly into the realm of replenishing heaven, and even the realm of this life can not be further improved.

At the moment, Hou Tian is obviously completely crazy. He even takes the initiative to burn his own selfishness in order to kill Ye Chen and wash away his shame!

"Boom

Hou Tian's whole body's flame soared into the sky. His momentum was as fierce as thunder, and he burst the sky. At the moment, he looked coldly at Ye Chen.

"Bastard, I want you to know what will happen if you offend me, mingyuegu and Houtian!"

Hou Tian is completely crazy, and doesn't care that his own self-reliance has been fragmented. He burns wildly and gains strength. He condenses a long gun in his hand, and suddenly stabs Ye Chen.

Seeing this, ye Chen's pupil shrinks. Hou Tian's shot is obviously not as good as the bloody spear before. However, ye Chen can't use the blood moon to kill the sky. At this moment, he can't stop Hou Tian.

"It's over

Ye Chen's heart is cold, in the face of Hou Tian, he still mentions the evil sword, and does not shrink back to meet Hou Tian.

Seeing that it is the end of a strong crossbow, facing Hou Tian, who is burning in the sky and is intent on killing, and ye Chen is still standing up. Xiaobai's eyes are filled with emotion, and two lines of tears flow down.

"Brother Ye Chen, how can Xiaobai let you face it alone? This time I will protect you!"

At this moment, Xiaobai Taiyin jade rabbit body erupted out of the fierce, powerful and ferocious spirit swept out, Xiaobai directly leaped over Ye Chen to meet Hou Tian's shot.

"Xiaobai, don't!"

Ye Chen takes the initiative to step forward to worry that Xiaobai is in danger. However, he did not expect that Xiaobai would take the initiative to protect himself. At the moment, it is too late to stop him. He can only watch Xiaobai collide with Hou Tian. "Ha ha! You guys are really friendly? But don't worry, you're all going to die

Hou Tian showed a ferocious smile. With a shot, he directly cut off the skin of Xiaobai, and the blood splashed out. The breath of Xiaobai was also withered in an instant and flew backward.

"Xiaobai..."

Ye Chen sees that Xiaobai is hit by a gun and flies back. He reaches out to catch her and looks at the bloody appearance of Taiyin jade rabbit. A touch of pain flashed in Ye Chen's eyes.

Ye Chen is angry, and he can't protect Xiaobai. Now he even wants to let Xiaobai protect himself and is so badly hurt.

At the moment, facing the burning Hou Tian, ye Chen has no way to deal with it. The mark of the witch clan cannot be opened, and the seal of Tao has no power to use, unless he is not afraid to expose his identity and attract the prying eyes of those who are supreme beings

But at this moment, Hou Tian is already smiling wildly, a face ferocious explosion to come.

When ye Chen is determined to do everything and kill Hou Tian at all costs, a sudden change comes from the reincarnation cemetery, and a voice suddenly rings out.

"Hum, I didn't expect this old man to be so crazy. I'll help you to hold him down. You can run away with the jade rabbit."

This is the ghost of the moon talking, ye Chen's heart a joy, the next moment will feel a mighty force swept out of the tomb of reincarnation.

"Boom

At this moment, Hou Tian, who was assassinated by Ye Chen, suddenly found that the sky and the earth were covered by the endless dark moon awns. The moon awns scattered from the sky and shrouded the four fields, making it impossible for people to see anything clearly. Not only Ye Chen and Xiaobai were missing, but also the elders and disciples of Mingyue Valley and even the surrounding valleys could not be seen.

Here, he appears in the boundless space.

Chapter 3999

"What's going on?"

Hou Tian's self existence is still burning. The flaming fire is the only light in the dark space, but it can't light up all around, so Hou Tian can see himself clearly.

"No, what kind of magic is this?"

At the moment, Hou Tian can't help but be angry. He burns himself in the sky, and every second is a huge loss. Unexpectedly, he was dragged into such a magic trick. This is a kind of magic art like an illusion, but the illusion can be broken, and he feels unable to break it here.

"The bright moon is shining in the sky, break it for me!"

At this moment, with the moon, the sword will break the sky.

But at the moment, the sword light is cut out, but it is quietly eliminated, as if it is swallowed up. All the power here is quickly eroded. It seems that it is a boundless hell. If you are trapped here, you will never be able to escape.

"Ah, ah, ah!"

At the moment, Hou Tian is already crazy, chopping wildly in the dark.

On the other side, ye Chen is able to see everything in the boundless darkness. This is the magic skill of the moon soul witch. The moon soul conceals the shadow of the sky. Of course, it will not affect him.

The moon soul covers the sky is actually a kind of psychic magic. All people are trapped in their own inner illusions, but the outer sky will also be shrouded in darkness, so as to better let people fall into illusion.

At this time, ye Chen saw that Hou Tian and other elders and disciples of Mingyue valley were shouting in the darkness with their eyes closed.

Hou Tian, in particular, is crazy, just like a madman. His murderous spirit keeps soaring, and people can't help worrying that he will be blown up by the constant emergence of murderous spirit.

Ye Chen is holding Xiaobai, who is also influenced by the shadow of the moon, and does not let her move. He looks at Hou Tian, who is wildly burning in the sky. He has a strong sense of killing in his eyes.

"He is now in a state of illusion. Why not seize the opportunity to kill him, but run away?"

Ye Chen asks the ghost girl in his heart. He hates Hou Tian very much and wants to wipe Hou Tian away directly here.

Hearing Ye Chen's words, in the reincarnation cemetery, the ghost girl of the moon sits in the air. She is holding the moon soul to cover the sky, but now she opens her eyes and looks at Ye Chen.

"The moon soul concealing the sky can cause illusions in people's hearts, but the duration of dealing with heaven and earth is too short. If you attack Hou Tian now, before you meet him, he will be awakened from the illusion by your killing intention, and then it will be you who will die."

With a solemn look on her face, she said, "leave now. There are so many people in the valley. The moon soul covers the sky and consumes too much. I can't keep it!"

Smell speech, ye Chen's face slightly changed, take back the murderous eyes of Hou Tian, pull Xiaobai, turn to fly away from the valley.

Not long after ye Chen left the valley, Hou Tian and a group of elders of Mingyue Valley, including their disciples, woke up one after another. Looking around, they found that they had just fallen into illusion.

Hou Tian and all the elders and disciples looked at each other, and then looked around. Where were ye Chen and Xiao Bai.

At this moment, Hou Tian almost fainted with anger, and immediately stopped burning. Even so, he burst out a mouthful of blood, and the whole person fell to the ground.

"Damn it, don't let me find you for ever

Hou Tian couldn't help but scold Ye Chen and was full of hatred for ye Chen. He burned himself in the sky and was blinded by Ye Chen's illusions. He spent so much energy in vain, which made him fall into a deep blow. He felt that he had been teased by Ye Chen again.

In the valley, Hou Tian's roar spreads everywhere. No matter who hears it, they can detect the meaning of fury. The elders and disciples of Mingyue valley are afraid to say more, for fear that the Furious Houtian will take them as a vent and be torn by life.

.....

I don't know how long, in a dark room.

The ferocious Houtian appeared here.

His eyes were cold and he looked into the darkness. A light column suddenly appeared.

The whole world seems bright!

And this room is full of people who have been tortured to death!

Not only demon clan!

There are even Terrans!

As the master of Mingyue Valley, Hou Tian has his own darkness.

Although he was far superior to the others in the study of Mingyue Tianshu, he was possessed by demons for a long time.

Tormenting others and destroying everything is his only hobby and excitement.

He walked towards a man who was in a coma and was imprisoned

Blood surrounded him.

Like the devil in the dark.

The man seemed to notice something. He opened his eyes with difficulty. When he saw Hou Tian, his pupil only had fear!

He was a cloud spotter in the dark world! He has his own family and lovely daughter. But when the devil appeared, he was destroyed! He watched his wife and daughter die in this devil's hands!

Even if he wants to blow himself up!

He can only be imprisoned in the dark world, suffering!

"Please, let me go..."

Hou Tian laughs and laughs ferociously.

.....

At the same time, a thousand miles away from Mingyue Valley, ye Chen and Xiaobai are sitting on the top of a mountain where the wind is howling.

Ye Chen and Xiao Bai face Hou Tian, are seriously injured, the first time to escape from Mingyue Valley, they immediately adjust their state.

And Xiaobai's human body was also destroyed by the blood moon of the blood sky sacrifice of the moon. In a short period of time, they could only show themselves by themselves. In this case, ye Chen and ye Chen could not be seen in crowded places.

Ye Chen believes that Hou Tian must send people everywhere to search for the whereabouts of the two of them. However, the appearance of Xiaobai Taiyin jade rabbit is too conspicuous. If it is seen, Hou Tian will get the news immediately, and then they will be in trouble.

"But this Hou Tian's injury is not light, even if he wants to find trouble, he is also powerless now."

Thinking of this, ye Chen slowly opened his eyes, benefited from his terrible vitality, his body injury has been restored to 7788, also let his mind move up, look at Xiaobai.

At the moment, Xiaobai's injury is almost recovered, and he realizes that ye Chen's eyes are also opened.

"What about snow? Why only see you, you should be together

Ye Chen immediately asks Xiaobai. What he is most concerned about is the safety of Xia Ruoxue. Xiaobai is in danger of being sacrificed. Xia Ruoxue has never helped. Obviously, he is in a bad situation.

"Sister Xue..."

Speaking of Xia Ruoxue, Xiaobai's eyes suddenly turned red, and her two round eyes blinked. "Sister Xue and I have been looking for places related to the letter of the moon everywhere in order to strengthen ourselves."

"Some time ago, sister Xue and I learned that the master of Mingyue valley was at the bottom of YUESHA Lake in Mingyue Valley to comprehend the book of heaven. This is the only chance for sister Xue to become stronger. We can't give up."

Chapter 4000

Hearing this, ye Chen can't help frowning. He hasn't heard that there is a YUESHA Lake in Mingyue Valley, which is probably the forbidden area of Mingyue valley.

And ye Chen guess is not wrong, Xiaobai said at the moment: "but this month Sha lake is the forbidden area of Mingyue Valley, snow sister and I can only sneak in."

Speaking of this, Xiaobai could not help but flash a touch of pain in his eyes, and then said: "I just didn't expect that sister Xue and I took the risk to dive into the bottom of the lake, but encountered an accident."

"Somehow, a black whirlpool burst out from the bottom of the lake. Sister Xue was directly involved in it. Sister Xue and I were directly scattered by the whirlpool. Before I could find the trace of sister Xue, the elder of Mingyue Valley appeared and tied me up."

"Black vortex?"

Ye Chen heard here, eyes slightly narrowed, thoughts in the head one after another.

"By the way, if the snow is involved in the black whirlpool, is the elder there? Did they not expect to enter the vortex to catch people?"

Ye Chenmeng looked at Xiaobai and said.

"They all saw it."

At the moment, Xiaobai suddenly thought of this, and his face became more ugly.

"People in Mingyue Valley dare not go to the whirlpool to find people, which shows that the vortex is very terrible. What can we do now?"

"Brother Ye Chen, sister Xue, she can't..."

Small white eyes with tears look at Ye Chen, can't help but say.

"Of course not."

See, ye Chen did not hesitate to open his mouth said, his eyes deep to see the direction of the Moon Valley.

I'm afraid the Moon Lake is very dangerous. The people in Mingyue Valley saw Xia Ruoxue inhaled into the black whirlpool, but they didn't take her out. Even Hou Tian, a strong man, did not dare to do so. This shows that there is something wrong with the black whirlpool and even the death crisis in YUESHA lake. Otherwise, the people in mingyuegu will not ignore it completely.

However, even if the evil lake is terrible this month, ye Chen can't give up Xia Ruoxue. This is his woman, and he has to save it anyway. Even if the black whirlpool is a boundless hell, ye Chen will also break into it and stir the whole world upside down.

"Xiaobai, you can recuperate for a while, and your condition is completely restored. You will take me to YUESHA lake to have a look."

Ye Chen looks at Xiaobai and says.

Hearing the speech, Xiaobai nodded solemnly, knowing that ye Chen was going to wait a little longer to go to YUESHA lake. On the one hand, he wanted to recover from the injury, on the other hand, he also wanted to gather himself together.

After all, the body of Xiaobai Taiyin jade rabbit is so evil that it even rushes into the sky. If you go to YUESHA Lake in this way and wait for them to get close, I'm afraid the people in Mingyue valley will notice it. At that time, the crazy man of Xiaobai Taiyin will fight furiously with ye Chen.

As time goes by in a hurry, Xiaobai recondenses her body and looks like the little girl before.

At the moment, ye Chen and Xiao Bai's faces are covered by a layer of thick fog to prevent people from prying and exposing their identities. Then they go quietly to the place where Mingyue Valley is located.

YUESHA lake is at the end of Mingyue valley. It is a forbidden area of Mingyue valley. There are many elders guarding it. No one is allowed to approach it.

Just because of what happened yesterday, there was a big shock in mingyuegu. Many elders were recalled to their families. Most of the left behind were absent-minded, but they gave Ye Chen and Xiaobai a chance.

In the absence of anyone's awareness, ye Chen brings Xiaobai to YUESHA Lake successfully.

This month Sha lake, as expected, is like its name. It is in the shape of a curved moon. It is full of evil spirit and even condenses into a ferocious monster. Ye Chen and ye Chen roar and roar.

Just looking at the appearance, you can see that Sha lake this month is definitely not a good place, full of endless danger.

But for the sake of Xia Ruoxue, ye Chen has no choice but to go directly to the YUESHA lake. After getting close, ye Chen looks ugly.

At the moment, the Moon Lake is covered by the power of the moon. It is obvious that someone has used a technique to seal the moon lake.

"Look at the strength of the seal, Hou Tian used a lot of imperial vessels, this damned guy!"

Ye Chen looks at the seal, can't help gnashing his teeth, more angry with Hou Tian.

The seal set by Hou Tian contains far more power than his own, which can not be broken by ordinary means.

"This technique seals..."

In Ye Chen's eyes, the divine awn blooms, and he stares at the moonlight barriers. Above the moonlight barrier, runes are constantly revealed, and the weakness of this seal immediately appears in front of Ye Chen.

"Here it is!"

Ye Chen's face suddenly congeals, the next moment holds the Sha sword, the destruction Shinto erupts, directly stabs to the first weakness.

"Boom

With a loud bang, the first layer of moonlight barrier broke.

Ye Chen draws a radian at the corner of his mouth, with a little white, and strides directly towards the interior. At the same time, one sword stabs another on the weakness of the seal of the technique.

The power of destroying Shinto is incomparable and can destroy all seals.

Ye Chen's eyes are in full bloom, and the seals are broken. Soon, ye Chen broke all seals and saw the Moon Lake in front of him.

This month, the water of Shahu Lake is dark and full of evil spirit, which makes people feel very dangerous.

But ye Chen stares at the moon Sha lake, but without any hesitation, he jumps directly to the lake with Xiaobai.

At the moment, Xiaobai is looking at Ye Chen and admonishes him: "brother Ye Chen, be careful from here. This month Sha lake is very dangerous, there are many strange things."

Smell speech, ye Chen is indifferent nod, he also realized this month Sha lake is not simple.

At this moment, as the two people jump to the lake, the originally dark lake water seems to suddenly boil, a huge bubble floating from the lake, and then burst.

"Bang bang bang!"

These bubbles burst and set off waves. At the same time, they also sent out boundless heat waves. Ye Chen's face changed slightly. With a wave of his hand, he swept out with a magnificent aura, protecting himself and Xiaobai.

"Roar!"

Just at this moment, the aura has just stopped the huge heat wave, and countless black fog has swept out of the lake. With the continuous burst of bubbles, a strange shape and ferocious looking monster has been formed.

As soon as these monsters appear, they contain tremendous evil spirit, which is obviously formed by the condensation of evil spirit. They open their bloody mouths to Ye Chen and bite them directly.

"Looking for death!"

Seeing this, ye Chen's eyes flashed a touch of coldness. At the next moment, the evil spirit sword in his hand drew a cold light, and killed the evil spirit Monster without hesitation.

At this time, ye Chen also successfully jumped into the dark water of YUESHA lake with Xiaobai.

Suddenly, a terrible vision broke out in YUESHA lake. The boundless evil spirit swept over the sky, and the lake water was like a pot of sudden boiling heat wave, not only heard the explosion.

Ye Chen and Xiaobai are in the lake, feeling the explosion and wave from the impact around, and the aura in their bodies is rapidly consumed.

"You have to get to the bottom of the lake at once."
