Chapter 4001

Ye Chen sees that not far away, only evil spirit monsters are bred in the lake. Their strength is more powerful than those killed by Ye Chen before, and they are also more dangerous.

In this lake, ye Chen can't fight with these monsters. Even if he is strong, he can't compare with the mighty YUESHA lake.

The evil spirit of Sha lake is so strong this month that these monsters can't be killed. If you entangle with them, they will eventually run out of strength and die in the lake.

What's more, the place where Xiaobai and Xia Ruoxue encounter the black whirlpool is also the depth of YUESHA lake. There is no need to waste time because there is no black vortex here.

In the face of a ferocious roar, red eyes, killing all over the sky evil spirit monster, ye Chen directly carrying the Sha sword all the way to kill, will soon reach the bottom of the lake.

At the same time, outside YUESHA lake and in the Moon Valley, Hou Tian suddenly opened his eyes and looked at the location of YUESHA lake.

"Hum..."

At the moment, the sky above YUESHA lake has been enveloped by boundless evil spirit and turned into darkness.

Hou Tian was also keenly aware that his seal was broken and someone entered the moon lake.

"That boy again!"

Hou Tian's pupil suddenly congeals, in the eye boundless murderous spirit diffuses but.

Hou Tian knows that ye Chen has a good relationship with Xiaobai, and Xiaobai was arrested by the people of Mingyue valley because Xiaobai and another human family broke into YUESHA lake, the forbidden area of Mingyue valley.

And ye Chen appears here to save Xiaobai, and I'm afraid he wants to rescue the Terran who is involved in the black whirlpool of YUESHA lake.

"Well, you want to save people? Save yourself first. I'll see where you're going this time! "

Hou Tian's momentum suddenly broke out. Last time he was covered by the ghost of the moon spirit, he awakened the vision in his heart and let Ye Chen escape successfully. He felt extremely ashamed.

This time, Hou Tian not only repaired his own burning broken self in the sky, but also specially found a magic weapon to protect his mind and God, so as to ensure that he would not be affected by Ye Chen's strange means.

Therefore, Hou Tian is sure to kill Ye Chen. At the moment, Hou Tian also directly rises to the sky, summoning the ten elders of Mingyue Valley to go with him to YUESHA lake to arrest Ye Chen, who dare to offend the majesty of Mingyue Valley and break into the forbidden area of Mingyue valley.

Ye Chen and Xiaobai are constantly moving forward in the Moon Lake, and their aura is rapidly consumed. The closer we get to the bottom of the lake, the more powerful the evil spirit monsters appear around, and the momentum is magnificent and majestic. It seems that there is no emotion killing machine at all.

In the face of such evil spirit monster, ye Chen can still easily solve it, but he can't help looking at Xiaobai and asking, "did you and Ruoxue encounter these evil spirit monsters when they came to this place?"

Ye Chen frowns, some doubts in the heart, Xiaobai and Xia Ruoxue's strength, even if the promotion is faster, should not surpass him.

But ye Chen wants to kill these evil spirit monsters and reach the bottom of the lake. How can Xia Ruoxue and Xiaobai do it?

"I haven't met."

But at this time, Xiaobai was puzzled and shook her head. On that day, she and Xia Ruoxue went to the Moon Lake, not to mention these terrible evil spirit monsters, even the evil spirits were hiding from them.

"This..."

Hearing this, ye Chen's eyes narrowed slightly, but he guessed that the reason why these evil spirits avoided Xia Ruoxue and did not condense evil spirit monsters was that Xia Ruoxue's Mingyue Tianshu was in his hands.

This moon lake is said to be the place where the valley master of the first generation of Mingyue Valley understood the book of heaven. Therefore, the breath of the book of heaven in the Moon Lake should be regarded as close, so it will not encounter any danger.

At this moment, ye Chen and Xiao Bai have already set foot on the bottom of YUESHA lake, stepping on soft but sharp black gravel. Ye Chen moves in his heart, and then bends down and grabs a handful of sand.

Holding the gravel in his hand, ye Chen can feel the pressure of a mountain peak. Obviously, the gravel is of high quality, sharp and shining with cold light.

"It turned out that the star sand, which was nurtured by evil spirit, turned into this appearance."

Ye Chen's eyes flash with admiration. The star sand is not a precious weapon refining material. However, the star sand at the bottom of Sha lake this month has become the best.

"It's not easy this month."

Ye Chen's eyes flicker. If Mingyue Tianshu will be treated friendly in YUESHA lake, Xia Ruoxue may not be in danger if she is sucked into the black whirlpool. Instead, she has an opportunity.

Although there is a possibility in this respect, ye Chen is still more worried about the safety of Xia Ruoxue. At the moment, he takes Xiaobai to look for traces of black whirlpool at the bottom of YUESHA lake.

YUESHA lake is very large, and the bottom of the lake is vast and dark. Ye Chen and Xiao Bai walk in the dark, sensing the waves of the black vortex and keep searching.

At the same time, there are many magnificent and murderous figures above YUESHA lake. They all look at the YUESHA lake below.

At the moment, YUESHA lake is completely different from the past. It seems to be boiling. There are many shocks coming from the lake. This shock contains terrible collision of power, which makes YUESHA Lake tremble endlessly, and also makes the eyes of Hou Tian and the elders more cruel."That son of a bitch is down there. We must find him this time and take him down!"

At the moment, Hou Tian's eyes were so cold that he said, "this boy, how dare you challenge me repeatedly, and break into the forbidden area of Mingyue valley with that Taiyin jade rabbit. If you can't take him down, it will be a disgrace to me."

Hearing Hou Tian's words, the ten elder's face was silent. At the next moment, they rushed directly into the YUESHA lake. Even if it was for the majesty of Mingyue Valley, they would take ye Chen and Xiaobai down.

YUESHA Lake as a forbidden area, the black whirlpool in the lake is very clear to them. It is the most dangerous place, but it is also said to contain great opportunities.

People in Mingyue Valley dare not enter the black vortex, but will not allow others to enter.

Now there is a Xia Ruoxue into the black whirlpool, even if they believe that Xia ruoshue will die, they will not allow others to enter again.

In particular, ye Chen, the people in Mingyue valley are full of guard against Ye Chen. It is because ye Chen's talent and qualification are too adverse to heaven. They dare not let Ye Chen enter the black whirlpool.

After all, they don't know what chance there is in the whirlpool. If ye Chen gains benefits in the black whirlpool, if the battle power rises sharply, it will be their Moon Valley.

As the ten elders rushed into YUESHA lake, the aura in Hou's celestial body was also shocked. A cold radian appeared in the corner of his mouth, which directly hit the lake like a shell.

"Bang bang bang!"

From the top of his head came the sound of fighting between the warrior and the evil spirit monster. Ye Chen and Xiao Bai looked at each other, and a touch of solemnity flashed in their eyes.

Obviously, the strength of the people from above can be seen at a glance that they are from Mingyue valley. What's more, YUESHA lake is the forbidden area of Mingyue Valley, and most people can't come except those from Mingyue valley.

"Look at the fluctuation of these people. They should be the elders of Mingyue valley. But all the elders are here. Hou Tian, that guy, wants to kill me so much, how can he not arrive?"

A flash of cold light flashed in Ye Chen's eyes. At the next moment, he felt a deep and incomparable breath pouring into the lake. This was obviously the momentum of the middle period of heaven and earth, and it was Hou Tian's arrival.

"I knew that."

Ye Chen said coldly, the next moment with Xiaobai at the bottom of the lake to speed up the exploration, they can not be Hou Tian and a group of elders of the opponent.

Since the other party has found their arrival, they will try their best to catch them. Now the only chance to get away is to find the black vortex!

At the moment, ye Chen and Xiao Bai search the bottom of the lake everywhere, just like two streamers. They search every corner of YUESHA lake, but they have not found the location of the black vortex.

"No, I clearly remember that the last time we just reached the bottom of the lake, the black whirlpool suddenly appeared. Why didn't it come out this time?"

Unable to find the black whirlpool, Xiaobai can't help but get anxious. She is aware of the breath that keeps approaching behind her and can't help crying.

"I'm afraid that the last time the black whirlpool appeared on its own initiative, it was because of the moon heavenly Book controlled by ruoshue."

Ye Chen hears the speech, the vision is tiny twinkle, it is in the heart to guess a way.

At this time, all the elders of Mingyue valley have followed Ye Chen's two people's breath and chased them up.

After all, it is the home of mingyuegu. Even if ye Chen and Xiaobai are astringent, they can't escape the exploration of each other.

Therefore, ye Chen did not hide his figure. Instead, he searched the bottom of the lake for black whirlpool. However, he did not find the black vortex, but the elder mingyuegu caught up with him.

Looking at the two black spots in front of me, the elder of Mingyue Valley showed a happy smile: "you two arrogant people, where do you want to escape? This YUESHA lake is the forbidden area of Mingyue Valley, and also our home. Entering YUESHA lake is your own way to die!"

"If you dare to challenge the majesty of Mingyue Valley, you have to pay the price of your life. Stop, I will give you a pleasure, or if we catch you, we will tear you to pieces and torture you to death!"

At the moment, a series of roars came from behind. Xiaobai could not help but tremble. She was afraid of the cruelty between dialects.

And ye Chen is very disdainful of this, lightly patted Xiaobai's hand, while taking Xiaobai to run away with all his strength, and said: "don't worry, I'm here, they can't hurt you at all."

Ye Chen said calmly, but his heart was dignified. He was not afraid of the strength of these elders. In terms of speed, these elders could not catch up with him, but Hou Tian's brother also entered the YUESHA lake.

Now ye Chen and ye Chen are exposed to the elder of Mingyue valley. Hou Tian will get the news and come immediately. The situation will become dangerous at that time.

What to think, ye Chen just worried about hou Tian, the next moment he heard the other party's gloomy laughter.

Chapter 4002

"Ha ha ha ha! You arrogant boy, you dare to run back and die. This time, I must catch you and let you suffer from all kinds of torture

Hou Tian laughs angrily and looks at Ye Chen ferociously. He seems to be a crazy beast. The murderous spirit of his whole body soars into the sky. Even the evil spirit monsters in this month's Sha Lake dare not get close to him. He instinctively avoids Hou Tian.

"Well, what kind of thing are you? I'm here to look for someone. If I want to leave, you really think you can keep me?"

Ye Chen heard Hou Tian's voice behind him and immediately sneered and cursed.

"You want to die!"

Hearing Ye Chen's words, Hou Tian was furious, and his momentum was even more violent. His speed soared again and approached Ye Chen quickly.

Aware of this, ye Chen's eyes narrowed slightly, and was about to speed up, but suddenly found that in the month of Sha lake, because of Hou Tian's momentum impact, unexpectedly emerged a series of inexplicable vast waves.

At the next moment, ye Chen saw a black dot emerging not far from him, and then the dot grew bigger and bigger. Finally, it turned into a mighty black whirlpool and whirled wildly. The dark lake around him was rotated and turned into a towering sea eye.

"Boom

The sound of the black whirlpool whistling in the lake, ye Chen's eyes flashed a touch of excitement, while Hou Tian and a group of elders behind him showed a sluggish expression.

"Damn it, how can this black whirlpool appear at this time? Stop them for me!"

At the moment, Hou Tian watched Ye Chen roar and roar, his breath vibrated, and he burst out like a ray of thunder, and killed Ye Chen violently.

At the same time, all the elders of Mingyue Valley burst out with all their strength. They swept out all kinds of magnificent aura and turned into chains all over the sky. They wanted to pierce and bind Ye Chen and make them unable to move.

Aware of the violent killing behind him, ye Chen's mouth is drawn with a radian, because the black whirlpool is close in front of you, and these people can't stop them.

"Keep up, Xiao Bai."

At the moment, ye Chen looks to Xiaobai and tells him that Xiaobai immediately nods his head and should go down.

Then, ye Chen with small white directly into the black whirlpool, instantly was involved in it, no trace.

Looking at Ye Chen two people do not hesitate to rush into the black whirlpool, Hou Tian and a number of elders explode to kill, but it is the gas gnashing teeth.

They did not dare to enter the black vortex, because they did not know what kind of danger was contained in it. At the same time, they could not understand that ye Chen and others rushed into the black whirlpool in such a way that they were eager to die and reincarnate?

"Bring me the array plate. I will arrange the moon breaking sky array here. If they don't die in the whirlpool, they will die in my hands!"

Hou Tianyan killed Yi senhan in his eyes and roared like thunder.

Hearing the speech, all the elders are looking at the same time. The power of the moon breaking sky array is very powerful and can suppress the existence of heaven and earth.

It seems that Hou Tian has been infuriated by Ye Chen and others to lose his mind, and he hates Ye Chen thoroughly. Otherwise, it is impossible to use the sky array of Mingyue Town.

Hou Tian arranges an array to defend himself in the YUESHA lake. If ye Chen and others die in the whirlpool, it's OK to say that if they don't die, ye Chen and others will be suppressed at the bottom of YUESHA Lake forever!

.....

In the black whirlpool, ye Chen with small white rushed into the black vortex, then felt a whirlwind.

In the black whirlpool, ye Chen is also aware of a mighty evil spirit, as well as the magnificent breath of the moon. He and Xiaobai continue to go deep into the whirlpool.

The deeper the whirlpool, the more terrible the pressure comes, just like the rolling wheel of the heavens, to crush Ye Chen and ye Chen alive.

In the face of this heavy pressure, ye Chen tries his best to resist it. Xiaobai also shows his body to help him resist. Finally, he successfully blocks it. The two men are bright and fall out of the black whirlpool.

"Bang!"

Fall from the black vortex, dizzy Ye Chen two people control not good body shape, directly hit on the earth.

Under the foot is the hard floor, even if has withstood the Ye Chen two people's impact, this green black floor also undamaged, still reflected the translucent luster.

See this scene, ye Chen eyebrows a pick, immediately look around, but found that this is actually a huge ancient city.

The ancient city is very magnificent, but the buildings in the ancient city have been dilapidated and turned into ruins.

This is the bottom of YUESHA lake, so this is a ruins ancient city at the bottom of the lake. Ye Chen doesn't know the secrets of the ancient city, but the ancient city is full of evil spirit and bright moon atmosphere, so he should be cautious.

"Eh?"

At this time, there is a change in the samsara cemetery. When ye Chen hears the voice of the ghost girl of the moon, he can't help but separate out a divine idea into the space of the reincarnation cemetery.

"Master moon soul."

Ye Chen looks to the ghost girl of the moon, but sees the other side's eyes are deep, and quickly shut his mouth, no longer disturb.

In the reincarnation graveyard, the magnificent evil spirit sweeps and howls, and the breath of the moon spirit demon girl vibrates endlessly. After a moment, she returns to her senses, and a chill flashes in her eyes. "This place is actually a battlefield I once experienced in ancient times."

The ghost girl of the moon gazed at Ye Chen and said, "I can sense that the breath of the moon deer once appeared here."

Hearing this, ye Chen immediately understood the meaning of the moon soul witch. Before that, he promised to help her find the moon deer.

Although Ye Chen's heart at the moment is just looking for Xia Ruoxue, ye Chen still looks at the moon soul Witch and solemnly agrees: "master, don't worry, I will help you to pay attention to the moon deer."

"That's good."

Smell speech, the ghost girl of the moon nods with satisfaction, and then covers her figure.

Ye Chen originally wanted to ask about the ruins of the ancient city from the mouth of the ghost of the moon. However, he thought that this was the battlefield that the ghost girl had experienced in ancient times. After such a long time, I'm afraid there are many changes. The situation that the moon soul witch knows should not be much. In addition, last month, the ghost girl has left, and ye Chen died of this idea.

At the moment, Xiaobai looks at the ruins of the ancient city, and his eyes are bright red. This is the ability of Taiyin jade rabbit itself, which should also have a certain exploration effect.

But it's a pity that Xiaobai doesn't find anything. At the moment, she looks a little disappointed and looks at Ye Chen.

"Brother Ye Chen, I can't see through this place, and I can't feel the smell of snow sister."

"Can't you sense it?"

Ye Chen frowns slightly. The ruins of the ancient city should not block the detection, so either Xia Ruoxue is not here, or Xia Ruoxue stepped into the place where God perception is shielded.

After all, both ye Chen and Xiao Bai are very close to Xia Ruoxue. Now that they are here, they can't feel each other. There must be something wrong.

Later, ye Chen took Xiaobai to walk in the ruins of the ancient city, where the evil spirit and the moon breath crisscross, and there is a faint shadow of the moon above the ancient city. It looks very strange, but it also gives people an extremely dangerous feeling, which makes people uneasy.

"There's nothing here..."

Ye Chen stares around. He takes Xiaobai to explore most of the area in the waste ancient city. He does not find any situation or encounter any danger. Why does he feel uneasy.

In Ye Chen's heart wondering why the ruins of the ancient city can bring him uneasy feeling, he and Xiaobai's line of sight suddenly solidified.

In front of the two, a magnificent ancient temple with endless golden light stands here, driving away the mighty evil spirit around.

The ancient temple seems to know that it is old, and it seems to suppress something. It is extremely holy and echoes with the force of the bright moon that overflows between heaven and earth.

"I can feel every place in the ruins of the ancient city, but I didn't even notice it before. If the snow is very likely to be among them."

Ye Chen's eyes slightly coagulate, looks to the small white mouth to say.

"Well, I think so too."

Hearing the speech, Xiaobai waved his fist and said excitedly.

"Then go in and have a look."

At the same time, I don't mind if you don't mind

"OK."

Xiaobai agrees to come down.

After that, ye Chen and Xiao Bai walked into the ancient temple. At the moment of entering the temple, they felt peace of mind. This is the special power of the ancient temple. It is obviously a Buddhist holy land.

In the later process, ye Chen basically explored the ancient temple completely, and did not encounter any danger. Instead, it was full of Buddhist light and bright holy appearance.

Finally, ye Chen and Xiao Bai come to the end of the ancient temple. Here is a large hall. In the hall, there is a supreme Buddha sitting on the lotus, with a statue of high standing, golden light.

In the center of the hall, where the Buddha's eyes look down, a delicate body sits on a futon.

The figure on the futon exudes the magnificent moonlight, while the hall reflects the golden awn, which covers the figure. It looks holy and holy, like a living God's residence.

See this exquisite figure, even if it is back to their own, ye Chen is breathing a stagnation, a glance will recognize that this is summer if snow.

"If snow."

Ye Chen's eyes flashed a touch of excitement, the next moment did not hesitate to go to summer if snow.

But at this moment, Xiaobai's eyes are a flash of doubt, can't help whispering: "snow sister..."

Soon, ye Chen has come to Xia Ruoxue, see her whole body covered by the magnificent moonlight, but frown.

Xia Ruoxue's whole body is covered with moonlight, which constantly spreads out violent waves. Such fluctuations contain a restlessness, which is obviously not as calm and stable as it appears.

And ye Chen also saw Xia Ruoxue's face at the moment. He saw that the familiar pretty face was closing his eyes, and there was a moon symbol on his forehead. The moon symbol was emitting mysterious charm, flickering slightly and looking extremely miraculous.

"If snow, wake up."

Looking at Xia Ruoxue, ye Chen's gentle voice calls out, but Xia Ruoxue has no reaction. At this time, Xiaobai also came to see that it was Xia Ruoxue, and Xiaobai was very excited. She only noticed that no matter how ye Chen called, Xia Ruoxue would not wake up. Xiaobai's face was slightly dignified.

Chapter 4003

The next moment, Xiaobai closes his eyes, sensing Xia Ruoxue's situation now.

And ye Chen is still calling Xia Ruoxue, and he has already noticed that Xia Ruoxue seems to be in some predicament, otherwise he will not turn a blind eye to his own call and have no response at all.

However, no matter what ye Chen does, Xia Ruoxue doesn't respond, which makes Ye Chen more worried, and the aura in his body gradually rushes up.

"It seems to be forced to wake up."

Ye Chen said with deep eyes.

Ye Chen's voice just fell, but Xiaobai suddenly opened his eyes, looked at Ye Chen in fear, and said, "brother Ye Chen, don't do it."

"What do you mean?"

Smell speech, ye Chen some surprised look to small white.

"I have just sensed it. There is still a weak connection between me and sister Xue. I found that sister Xue seems to have entered into some strange fantasy. If she is forced to wake up, her consciousness may fall into an endless abyss, and she will never be able to get rid of it."

"Fantasy?"

Ye Chen frowns when he hears the speech, which is somewhat imaginative to the moon soul ghost covering the sky shadow, but there are also many differences. After all, the moon soul concealing the sky shadow is only based on people's inner illusion, and its effect is just a short delay time.

But Xia Ruoxue's fantasy is real, and it has terrible power. It is dangerous to wake up by force.

"But in this case, if snow can't get rid of the illusion, will it not wake up?"

Ye Chen looks at Xiaobai, but realizes that Xia Ruoxue's body suddenly trembles, and then he finds that Xia Ruoxue's vitality is just a little weak.

"No, it's not that you won't wake up, but that your life will run out and you'll die."

Ye Chen looks at Xiaobai in horror.

At the moment, Xiaobai also nodded nervously: "yes, sister Xue's current situation is very dangerous, but if you want to break the illusion, you can only rely on sister Xue herself. We can't help in the outside world, and may even do harm to sister Xue."

Smell speech, ye Chen is more and more worried, Xia Ruoxue is very important to him, he is not willing to let Xia Ruoxue risk, let alone encounter such a fatal danger.

"Can't anyone but herself help?"

Ye Chen stares at Xiaobai.

Looking at Ye Chen's serious eyes, Xiaobai looks slightly changed, and then said: "there is another way, but it is too dangerous, it is likely to let two people fall."

"What can I do?"

"Brother Ye Chen can enter the dreamland of sister Xue. If you can succeed, you can bring sister Xue back."

Xiaobai looks at Ye Chen, and her face is very serious.

"But it's very dangerous to enter other people's dreamland, and if ye Chen can't bring sister Xue back, both of you will be trapped in this dreamland forever."

"I'm not afraid of danger."

After listening to Xiaobai's narration, ye Chen's eyes flash with firmness. For Xia Ruoxue, even if it is dangerous, he is willing to take a risk.

"Tell me what to do."

Ye Chen looks at Xiaobai and asks earnestly.

Ye Chen insists, Xiaobai also no longer says much, directly tells Ye Chen the method.

It turns out that the illusion Xia Ruoxue is experiencing is a kind of spiritual fantasy, and this fantasy is actually the influence of Xia Ruoxue's moon charm. If you want to enter the dreamland, you need consciousness to enter the moon charm.

"I see!"

Ye Chen stares at the moon talisman in Xia Ruoxue's eyebrow. The next moment, his forehead clings to the moon symbol in Xia Ruoxue's eyebrow, and his mind enters the Moon Charm in her eyebrow.

"Hum!"

The spirit of the concussion endlessly, ye Chen felt the whirling of heaven and earth, boundless power and vast and majestic pressure swept over him, as if the moon on the sky would suppress him.

Ye Chen's spirit poured into the moon talisman and felt the boundless pressure and the magnificent brilliance of the bright moon. Then he suddenly opened his eyes and turned into a bloody space.

"This is..."

Ye Chen stares at everything in front of him, which is probably the illusion in Xiaobai's mouth, and also because of Xia Ruoxue's inner construction.

This is a wilderness, but at the moment the wilderness is a sea of corpses and blood, the vast grassland is soaked with blood, turned dark brown, emitting a strong bloody gas.

There was a corpse lying all over the wilderness, shocking, which made people guess how terrible the battle broke out here.

However, ye Chen is acutely aware that most of these corpses were killed by a sword, and they were all killed by the aura of the moon.

"If snow..."

Ye Chen moves in his heart. He realizes that there is a fighting atmosphere coming from nearby. He quickly gets up and flies away. However, he sees Xia Ruoxue fighting madly with the endless enemies that block the sky and the sun.

Xia Ruoxue is surrounded by a group of people, extremely dangerous, which is the enemy constructed from her inner fantasy.

Ye Chen looks at this group of enemies, but suddenly discovers that they are all their own enemies. Some of them have died in their own hands, and some are still alive. Ye Chen even saw Xuanyuan moxie and Mo Xueming among these people. It is obvious that Xia Ruoxue has been concerned about ye Chen and hates Ye Chen's enemies, hoping to help Ye Chen solve these strong enemies.

Therefore, Xia Ruoxue's illusion at this moment will be full of Ye Chen's enemies. This is because Xia Ruoxue thinks for ye Chen, wants to do something for ye Chen, and wants to protect Ye Chen.

"Silly girl."

Seeing this scene, ye Chen's eyes are slightly red, and his heart is extremely touched. At the next moment, he directly rushes towards the surrounding circle. He wants to protect Xia Ruoxue and help her solve these former enemies.

The next moment, ye Chen directly rushed into the crowd that covered the sky and covered the mountains and fields to attack Xia Ruoxue.

The destruction Shinto erupts, ye Chen holds a Sha sword, just like a god of killing, and kills more than ten former enemies with one sword.

The strength of these former enemies is different from that at the beginning. It is totally related to Xia Ruoxue's thought. Take Mo Xueming as an example. When he fell, he was only the Ninth Heaven in the holy ancestral realm. Now he has the strength to supplement the nine layers of heaven in this dreamland. It is terrible.

Ye Chen helps Xia Ruoxue solve these enemies, and approaches Xia Ruoxue at the same time.

But when ye Chen comes to Xia Ruoxue, he doesn't wait for him to say hello to Xia Ruoxue, but she finds that Xia Ruoxue is covered with bright moon, but she comes with a sharp sword.

Xia Ruoxue's sword is aimed at Ye Chen's heart. His killing intention is boiling, and he doesn't leave any love.

"This is..."

Ye Chen didn't expect Xia Ruoxue to be so cruel to himself. He was stunned for a moment. At the critical moment, he avoided Xia Ruoxue's sword and quickly opened his body.

At this moment, ye Chen finds that Xia Ruoxue's breath is violent and completely enveloped by murderous spirit, and Xia Ruoxue's eyes are extremely red, full of indifference and no emotion.

Just a glance, ye Chen can see that Xia Ruoxue has been killed at the moment and has no idea of his arrival.

No wonder Xia Ruoxue fell into this dreamland and couldn't wake up all the time. She had been lost in the dreamland. If she didn't venture into the dreamland, Xia Ruoxue would never wake up, and the final result would only fall.

At this moment, Xia Ruoxue seems to have locked in Ye Chen. He thinks Ye Chen is the most dangerous enemy in front of him. He even abandons other enemies around him and takes the initiative to stab Ye Chen.

Seeing this, ye Chen can't help but smile bitterly. He doesn't want to fight with Xia Ruoxue. If he hurts Xia Ruoxue, he will be upset.

But in the face of Xia Ruoxue, ye Chen has to mention the evil sword to resist Xia Ruoxue's fierce attack again and again.

Chapter 4004

Now.

Xia Ruoxue has been completely lost and killed. To Ye Chen's surprise, Xia Ruoxue's strength has completely broken out, and even can produce strength close to heaven and earth.

In the face of such a Xia Ruoxue, ye Chen must be careful to deal with it. Because of his careless move, he is likely to be severely damaged by Xia Ruoxue, but he can't do his best, because it is likely to hurt Xia Ruoxue.

Under such circumstances, ye Chen has been pressed and beaten, and even the Qi and blood in his body vibrates endlessly and has been injured.

On the contrary, Xia Ruoxue is more brave in the war, and her strength is even slightly advanced, which makes Ye Chen feel extremely depressed.

In this battle, ye Chen constantly resists, and has been trying to awaken Xia Ruoxue's consciousness, so that she can get rid of the control of killing intention, but there is no effect.

At this time, the red light in Xia Ruoxue's eyes suddenly explodes, and the color of the bright moon all over her body changes into pitch black.

"Roar!"

At the same time, when ye Chen and Xia Ruoxue were fighting, other enemies who were constantly intervening were also exploding one after another, turning into blood red, and the blood gas mixed with black gas flowed into Xia Ruoxue's body.

Even the once Mo Xueming, Xuanyuan moxie, and others are also exploded at the moment, becoming the nourishment of Xia Ruoxue, and Xia Ruoxue's breath is more and more violent.

"Hiss!"

Xia Ruoxue, whose strength soars, now looks at Ye Chen, but she stabs out again. On this sword, there is an endless bright moon and blood.

The power of this sword has reached the extreme, even breaking the void and shaking the heaven and earth. Ye Chen stares at the sword and feels extremely dangerous. If he doesn't do his best, even he can't take the sword.

"If snow..."

But ye Chen looks at Xia Ruoxue. Facing this sword, he can't use his powerful magic technique, or he may lose both.

This is Xia Ruoxue's spiritual fantasy and Xia Ruoxue's sea of consciousness. No matter what the outcome of the battle, it will cause damage to Xia Ruoxue's consciousness, so ye Chen has been afraid to let go.

Now it's the same. Ye Chen looks at a sword and stabs it out. Xia Ruoxue, who has been killed violently, has his eyes flashing. Suddenly he puts down his sword and takes a picture from his arms.

Seeing ye Chen's actions, Xia Ruoxue's eyes are red and her consciousness is completely controlled by murderous spirit. At the moment, Xia Ruoxue's eyes are restored. After all, there are too few enemies like Ye Chen who do not resist in the face of absolute killing moves.

At the moment, Xia Ruoxue still doesn't recognize Ye Chen, but her eyes can't help but shift to the photo in Ye Chen's hand. At the moment, her pupil shrinks abruptly, locking the two people on the photo.

The past is surging like a tide!

.....

"Ye Chen, regardless of my family background and everything I have, I am just an ordinary girl."

"I'm also eager for love, I want to watch movies, and I like to eat from roadside stalls. That's what I've always wanted."

"I envy Sun Yi. I really envy Sun Yi. Sometimes I really don't want to be born in Xia family. I really don't want to."

"Today, I suddenly want to feel how ordinary girls fall in love. The Internet says that they want to watch movies, go to the night market, and have a favorite person to accompany me. I want to try this feeling, even if it's only for one day."

"Would you like to be my boyfriend for one day?"

"Fool, I'd like to, but I don't want to be such a day. I want to be forever."

.....

"Ye Chen, I heard from the Internet that when the sky was full of stars, the boat swam to the middle of quieting lake, and there were stars on both sides. It was a pity that the sky was not beautiful."

"It's OK. I'll come here with you next time."

"I don't know if it's next time."

"If snow, since you want to see the stars, I will take you to see them."

"Although I don't know why you are so strange today, it doesn't matter. If you want to see the stars, I'll give you stars all my life!"

"Ten fingers burning the sky!"

Ten rays of light shot out and fell on the spirit stone above the sky!

In an instant, the spirit stone exploded and opened!

As bright as fireworks, and embellishment in the sky, into stars all over the sky!

Innumerable aura surging, the withered vegetation around unexpectedly revived!

One side is full of stars.

Stars on the lake!

Because the spirit of the lake is surging, thousands of Koi in the lake have jumped out of the lake!

The water splashed all over the place, rippling and rippling!

Ask the world girl, which one can not be intoxicated in this scene!

This is the picture of Xia Ruoxue's countless dreams!

She will never forget that day in her life!

Because at the moment, all this belongs to her, Xia Ruoxue!

.....

This picture supports Xia Ruoxue's coming from China to other countries.

She wants to be an ordinary person.

But when she saw the shining man, she didn't want to fall behind. She changed her mind.

She was willing to practice and bleed again and again.

She is willing to feel the boring practice of years.

She is willing to become a butterfly in the crisis of life and death.

Why?

Because the people she loves shine like stars!

Then she will shine more!

She doesn't want to be a vassal of Ye Chen!

She wants to be the pride and gentleness of Ye Chen.

Girl's heart, sometimes it's a sea needle.

But sometimes, it's simple.

Simple as a fool.

.....

Ye Chen takes out the picture, there are stars in the sky as the background, but under the background, it is the picture of Ye Chen and Xia Ruoxue standing on the lake, nestling together.

Xia ruoshue saw this picture, and her eyes, which were full of murderous Qi, also recovered some clarity. She could not help but stop her figure.

Xia Ruoxue looked at this picture with struggling expression. Many enemies around him were smashed, and some of them were born and died. They looked like illusory images, very strange.

But this is the dreamland space transformed by Xia ruoshue's consciousness. All the visions here indicate that Xia ruoshue's consciousness is returning and should be separated from the dreamland space.

Ye Chen can't help but feel happy when he sees the photos. This is the first time that he and Xia Ruoxue experienced life and death. It also makes him cherish them and always take them with them.

At the moment, ye Chen can't help but think of all that happened on the earth, looking at the summer if snow eyes dew tenderness.

"If snow, do you still remember the autumn lake?"

Ye chenrou asked.

Hearing Ye Chen's words, Xia Ruoxue's delicate body is trembling slightly, and a touch of Qingming flashed in his eyes, staring at Ye Chen's face.

At the moment, the killing intention of Xia Ruoxue is dissipating, and her mood is more and more stable. This is a good thing. Obviously, what ye Chen has done is effective.

Seeing this, ye Chen then said, "have you forgotten? The first time you and I dated each other was on the lake... "

With that, ye Chen's eyes also miss him. In those years, he was just a waste of Jiangcheng in the population.

These stories come from ye Chen's mouth, but at this moment, Xia Ruoxue's eyes are clear and bright again, and the water waves are flowing and rippling.

Chapter 4005

Around the enemy are also turned into a wisp of smoke disappeared, the blood of the world has become a round of high hanging pure world.

Girl's eyes, a drop of tears.

Tenderness touches the softest heartstrings.

"Ye Chen..."

Xia Ruoxue's red lips outline, I don't know whether to cry or laugh, suddenly came forward and hugged Ye Chen: "I didn't expect that you still kept this picture. I didn't expect that you would appear here, just like in qiuting lake."

Xia Ruoxue raised his head and moved to look at Ye Chen: "every time I fall into danger and die, you will appear beside me..."

"Fool, isn't that what I should do to protect you."

Ye Chen indifferent smile, the next moment tightly will summer if snow in the arms: "fortunately you wake up, or I will worry about death."

Hear this, summer if snow feel the body will be crisp, hastily shy will ye Chen push away.

"I'm all right now. You helped me break through the illusion, and I feel like I've broken through again."

Xia ruoshue said happily.

"That's good. It's time for me to leave."

Ye Chen looks at Xia Ruoxue's blushing face and smiles indifferently. Then his figure gradually disperses. His mind has left Xia Ruoxue's consciousness space.

Then, Xia Ruoxue's consciousness returns to the flesh again. At the moment, she opens her eyes, but she sees Ye Chen with her forehead close to her forehead, and her bright eyes open. They look at each other, and ye Chen has endless tenderness in her eyes.

"Well..."

Xia Ruoxue blushed again. She was trying to distance herself. However, she noticed that the ancient temple and the ruins of the ancient city outside were sweeping in the endless moonlight. Above the sky, a mighty crescent moon appeared.

This crescent moon contains the most powerful power, as if it can shake the heaven and earth, and make the sun, moon, mountains and rivers overturned, which contains pure original power.

This is the source power, the source of the bright moon, and Xia Ruoxue's Mingyue Tianshu is the way to cultivate the source power.

At this moment, the infinite moonlight aura and the source force rush to Xia Ruoxue. Xia ruoxuegen could not respond, so she felt that the endless power was transmitted, and her realm broke through in an instant.

The moon symbol on Xia Ruoxue's brow twinkles with a magnificent light, which contains the power of the source's breath. The earth and the earth tremble faintly, as if they are submissive to the source force.

Under this scene, ye Chen also shows admiration. Mingyue Tianshu is worthy of Yuanshu. Xia Ruoxue once again promoted Yuanshu cultivation by virtue of Mingyue Tianshu. At this moment, his realm began to break through.

"It seems that Xia Ruoxue's fate has been completely tied with me! Plus some reincarnation There is something in the world that makes her grow. "

Ye Chen stares at Xia Ruoxue. Although Xia Ruoxue's breakthrough speed is slowing down at the moment, he has a better chance to achieve this trend.

Sure enough, ye Chen is right. Xia Ruoxue's breath is constantly shaking, and she is really trying to break through to heaven and earth. But at this time, the source Qi in her body seems to be unable to follow, but it slowly calms down, and the breakthrough has stopped.

"It's only a step away from the second layer of heaven and earth. Although it's still a layer of sky, it's still incredible, but the combat power still can't keep up with..."

Ye Chen looks at Xia Ruoxue and draws a radian around the corner of his mouth. Xia Ruoxue can reach this state. He has a certain self-protection ability when he walks abroad. Ye Chen doesn't have to worry about that.

Hearing Ye Chen's words, Xia Ruoxue is full of smile, and her heart is extremely happy. She is happy not only because of the breakthrough of her realm, but also because of her strength.

More reason, in fact, is the emergence of Ye Chen, Xia Ruoxue fell into a dreamland, her heart has already despair, that she must die.

Under such circumstances, Xia Ruoxue's desire is actually to see ye Chen, but Xia Ruoxue did not expect that her inner wish was not only realized, but ye Chen also successfully saved her and took her out of the dreamland.

At this moment, Xia Ruoxue looks at Ye Chen and is very moved. Her bright eyes can't help but shed tears. The next moment, she hugs Ye Chen without hesitation, and sobs softly to tell her missing feelings.

Ye Chen and Xia Ruoxue embrace each other, enjoying the warm embrace of Ye Chen and the incomparable peace of mind of Xia Ruoxue.

At this time, ye Chen went to realize that in the hall of the ancient temple behind Xia Ruoxue, there was a stone tablet, but there was a paragraph of text on the stone tablet.

See the words on the stone tablet, ye Chen can't help but eyebrow a pick, some surprised.

The stone tablet records the deeds of the ghost girl of the moon. It says that the ghost girl of the moon is a god killing existence. After the first battle of the ghost girl, she became a magic land. When the ancient Buddha came here and realized the powerful evil spirit, he established this magnificent Buddha Hall to suppress the killing breath and demonic nature caused by the moon spirit witch.

At the same time, there are also records of the moon spirit witch, the moon deer information, it seems that the moon deer is going to a mysterious dark place.

The stone tablet did not indicate the whereabouts of the moon deer, but said that the moon deer went to a place of endless darkness and mysterious destruction.

According to the description of the stone tablet, the place of destruction should be extremely terrifying. At the moment, the ghost girl of the moon also stepped out of the tomb of reincarnation. Looking at the

carved words on the stone tablet, her eyes flashed, but she was silent. Do you know where you are going, master Yue

Ye Chen a trace of God into the reincarnation cemetery, looking at the moon soul witch curiously asked.

If the moon spirit witch knows where the moon deer is, it will be a good thing for ye Chen. After all, the process of looking for the moon deer will be much simpler, and there is no need for him to find the specific location of the moon deer.

Hearing Ye Chen's words, the ghost girl of the moon is hesitant to look at Ye Chen. She first nods, and then shakes her head.

See the ghost girl of the moon like this, ye Chen can't help but look silly. What does this mean? Do you know or don't know.

Just when ye Chen was ready to ask seriously, the ghost girl of the Moon said again, "even I am not sure where the place described on the stone tablet is, or even whether it really exists, so I can't be sure."

Hearing this, ye Chen can't help but flash a touch of disappointment in his eyes. However, since the ghost girl of the moon is not clear, ye Chen doesn't ask any more questions. He leaves the cemetery with a farewell.

.....

At the same time, in the outside world, the elders of Mingyue valley have all retreated, but Hou Tian is standing on the sky in the sky. Under his feet is a magnificent and powerful array, as if to suppress the heavens, covering the whole YUESHA lake.

At the moment, Hou Tian is in charge of the array, but he sees that the evil spirit in YUESHA lake is rapidly transforming into pure moonlight and aura, sweeping towards the black whirlpool in the lake.

YUESHA lake is the forbidden area of Mingyue valley. It is also a place with rich aura. However, the aura here is shrouded in evil spirit and cannot be absorbed.

But now the evil spirit has been transformed into pure moonlight aura, and the Moon Lake has become a treasure land in an instant.

However, Hou Tian was not at all happy with the change, because all the aura of YUESHA Lake poured into the black vortex, which clearly showed that the people who entered the black whirlpool got the chance.

Chapter 4006

Although I don't know whether it's Ye Chen or Xiaobai, the Taiyin jade rabbit, or the first Terran woman to enter, Hou Tian will not allow them to live.

YUESHA lake is the forbidden area of Mingyue Valley, which is the thing of Mingyue valley. In Hou Tian's opinion, ye Chen and other people are totally taking food from the mouth of the tiger, which makes him hate him very much. He feels that he has no face and is extremely painful. After all, even he can not get the chance of YUESHA lake.

"Well, since I can't get it, you don't want it. No matter who is still alive in it, go to die! "

at the moment, Hou Tian looks ferocious and crazy. His breath vibrates, and his aura sweeps out along the soles of his feet, even connecting to the big array under his feet.

This is the moon breaking sky array, which has the terrible power to fight against the strong in the middle period of heaven and earth. Now hou Tian wants to use this array to directly destroy YUESHA lake.

At that time, no matter what chance Ye Chen and others get, as long as YUESHA lake is destroyed and they are still in the black whirlpool, they will be destroyed together, and there is absolutely no possibility of turning over.

It has to be said that Hou Tian is really crazy, or he hates Ye Chen a few people. Otherwise, he can't destroy such an important forbidden area as YUESHA lake with his array.

At this moment, with Hou Tian's control, the power of the moon breaking array condenses, and the magnificent moonlight condenses in the large array. The moonlight changes constantly, and finally turns into giant pillars, which are suspended in the array.

"Ha ha ha ha ha!"

Hou Tian tried his best to gather the 88 Tianshen pillars of Moonlight Town, which was to ensure that everything was safe and to crush the YUESHA Lake thoroughly and turn it into Nirvana powder.

A flash of madness flashed in his eyes. Hou Tian gazed at the Moon Lake, staring at the black whirlpool which was still absorbing the moonlight and aura, and pressed his palm.

"Destroy them all, and die for me!"

Hou Tian's roar resounded from all directions. In the continuous Valley, many mountains and hills were shaken by Hou Tian's roar. Many creatures shivered when they heard the endless killing and madness contained in Hou Tian's words, and they felt very scared.

Just when the 88 heavenly pillars of Moonlight Town were about to hit YUESHA lake and smash the whole YUESHA lake into Nirvana powder, the three figures suddenly burst out of the black whirlpool.

These three figures are ye Chen and Xia Ruoxue, and Xiaobai.

See three people rush out, Hou Tian's face suddenly twitches a few times, look is more crazy.

Hou Tian has decided to kill Ye Chen at all costs, so he uses all his strength to urge the moon to break the sky array, condensing 88 moonlight pillars, and destroying YUESHA Lake in one fell swoop, making Ye Chen and others fall into the sky.

However, he did not expect that ye Chen three people would rush out of the black whirlpool at this critical moment, and he had tried his best to condense 88 moonbeams. It is impossible to stop the moon god pillars. The destruction of YUESHA lake has become inevitable.

"Damn it!"

Hou Tian couldn't help cursing wildly. In order to kill Ye Chen and others, he was willing to give up YUESHA lake.

But at the moment Ye Chen three people have already rushed out of the black whirlpool, but he is destined to destroy the moon Sha lake. This is totally to compensate his wife and break the army. How can Hou Tian not be angry.

"I want you all to die!"

Eighty eight pillars of moonlight fell, and ye Chen's eyes flashed with horror.

As soon as ye Chen and his three men broke out of the black whirlpool, they saw such a terrifying scene. The 88 pillars of moonlight, even the terrible force that could suppress all the people present, could not resist.

"Hou Tiantian is a madman. Does he want to destroy the moon lake?"

Although the moon will not be destroyed by the moon, they will not be hurt by the moon.

"This madman."

Xia Ruoxue stares at Hou Tian with a flash of disdain in her eyes. At the next moment, her delicate jade hand suddenly waves, but she sees a pure and pure line, containing the power of the bright moon's source gas. Along her palm, she directly flows into the YUESHA lake. Without the evil spirit, it has become clear in the lake.

"Hum..."

At the moment when the source gas of the moon enters into YUESHA lake, YUESHA lake suddenly vibrates. The mountains around this valley are constantly collapsing. The whole YUESHA Lake vibrates violently, and the next moment it flies directly into the air.

Seeing this, Hou Tian became more furious. Especially Xia Ruoxue's moon source Qi made him jealous and crazy. He was already a strong man in the middle of heaven and earth, but he didn't have much understanding of the source gas. Why did this woman understand the source gas so deeply.

At the moment, the eighty-eight pillars of moonlight are still smashing down, but YUESHA lake is suspended in the air at the moment, but it turns quietly and shrinks rapidly.

By the time the eighty-eight moon pillars were about to hit YUESHA lake, YUESHA lake had become the size of a man, easily avoiding the bombardment of the moon god pillar. At the same time, it was still shrinking, and finally became the size of a fist. The streamer generally ran into Xia ruoshue's hands.

Seeing this scene, ye Chen and Xiaobai are very surprised. The Moon Lake is so vast and contains such rich aura. Even there is space inside, it is a magic weapon?What's more, Xia Ruoxue can easily put this magic weapon into his hands. What's going on? Will Sha Lake recognize the master of the source gas of the moon?

Ye Chen guesses in his heart, but he sees Xia Ruoxue spreading his hands. Originally a vast lake, now it looks like a stone. In the middle of the stone, there is a wave of glittering moon.

"Pretty good."

Ye Chen's mouth curled up a radian, vaguely felt that this stone, palm size of the moon Sha lake, if hit out, I'm afraid it can break through the mountains, and even shake the world.

The eighty-eight moon pillars did not hit YUESHA lake, but fell on the earth where YUESHA lake disappeared and became a deep pit.

At the next moment, the eighty-eight pillars of the moon directly burst through the ground, all of them roaring and crashing into the vast earth, forming 88 huge holes.

And the surrounding heaven and earth, also because of the eighty-eight pillars of the moon, concussion endlessly, representing the Moon Valley of thousands of miles, continuous Valley, now I do not know how many collapses.

In the valley where YUESHA lake was originally located, among the 88 caves like the abyss, there were terrible shocks from time to time, as if all the heaven and the world were melted in it.

Even some holes, at the moment, also spewed out magma, a raging heat wave swept across the world.

Just like this, it made Mingyue Valley seriously damaged, so that countless lives were wiped out. Hou Tian was contaminated with great cause and effect, and he bore endless reputation.

Chapter 4007

"Damn it, damn it!"

Hou Tian was dizzy with his eyes red, and he was staring at Ye Chen's three people. He wanted to swallow up Ye Chen's life and peel them off. Only in this way could he eliminate the evil spirit in his heart.

In Hou Tian's opinion, all blame Ye Chen three people. If ye Chen three people don't enter the YUESHA lake, how could he want to use the array to destroy YUESHA lake.

But if Hou Tian wants to destroy the YUESHA lake, ye Chen and Xia Ruoxue don't rush out and Xia Ruoxue doesn't collect YUESHA lake, how can he cause such terrible damage to the heaven and earth.

At the same time, Hou Tian is also very clear that YUESHA lake is a magic weapon, but even he can't control it completely, so he can only put it here. How can he think that Xia ruoshue could take YUESHA

lake into his pocket. In this way, Hou Tian not only lost his wife but also lost his army. He lost his fortune and lost his fortune!

"If you disgrace me, I'll kill you!"

At the moment, Hou Tian looks at Ye Chen's three people with fury. The fierce and magnificent aura erupts, and the bright moon shines everywhere.

His eyes were red, and the killing intention in his heart even affected his aura. At the moment, the original bright moonlight aura turned to dark brown, and even the moonlight reflecting on the four sides turned into scarlet color.

"You are all going to die!"

After Hou Tian's death, the scarlet blood light soared into the sky, and a monstrous monster with open teeth and claws was gathered behind him, and the three people of Ye Chen were killed.

See, ye Chen eyebrows a pick, and Xia Ruoxue is to show a smile, they two people at the same time Xiaobai protection in the back.

Although Xia Ruoxue is not equal to Hou Tian, she is familiar with Hou Tian's skills!

She knows Hou Tian's weakness!

"Be careful, this guy."

Ye Chen and Xia Ruoxue said in unison. They could not help but look at each other. There was endless tenderness in their eyes.

At the moment, Hou Tian, who was shrouded in scarlet blood light, has already exploded to kill him, and the scarlet monster behind him is also hit with a violent palm.

Ye Chen can see the strange lines on the monster's huge palm, and the sharp fingernails on the palm of the monster's hand.

However, in the face of this monster, ye Chen has no fear at all. Instead, his aura vibrates in his body. He doesn't retreat but advances. The evil sword is in his hand and he cuts it out with one sword.

"Bang!"

At the moment when Sha Jian collides with the monster's huge palm, the destruction Shinto erupts, and the mighty destructive power sweeps out and directly pours into the monster's body.

However, a moment later, the monster's palm and arm exploded, which was the result of Hou Tian's quick discovery and timely stop loss.

If you allow the destructive power to spread in the monster, no more than three minutes, ye Chen can guarantee that the whole scarlet monster will completely explode and turn into fly ash.

While ye Chen is dealing with monsters, Xia Ruoxue is also on Hou Tian who has been killed by explosion.

See Xia Ruoxue palm Jue, the body has a wisp of moonlight quietly emerge, this moonlight with the vast source of Yuehua gas, let the world shake.

Originally reflected by the scarlet aura of Hou Tian, a bloody sky is now shrouded in boundless darkness. A bright moon rises slowly in the darkness.

As soon as the moon appears, it seems to be the center of the universe, with endless rules and endless aura beginning to circulate around the moon.

At the same time, the cold moonlight from this round of bright, and Xia Ruoxue on the body of the same source of gas, but also vaguely with Xia Ruoxue's own breath to form a special rhythm linkage.

"Hum..."

Between heaven and earth, one after another is mysterious and abnormal, which contains the vast and profound rules that can't be understood at all. Xia Ruoxue looks at Hou Tian, and suddenly the source gas of the moon comes out.

Xia Ruoxue is surrounded by the brilliant and vast Yuehua source gas, which sets off her as if the master of the moon and controls the mighty power.

"Flying mirror under the moon, cloud born sea Tower!"

"I will kill all the enemies for the source of the moon!"

Xia Ruoxue looks at Hou Tian indifferently. With a lift of her slender hand, a full moon appears in her palm. In the floating shadow of the moon, it is clear that there is a tree on the full moon and a magnificent palace, with complicated runes.

She shakes the full moon out. The whole round of moon is bright and brilliant. There is even a sound of Phoenix from the palace inside. The tree is shaking with hundreds of branches, casting endless light.

All kinds of huge weather, in this moment.

This does not seem to be the full moon formed by spiritual power, because it is too real, as if the precious moon in the sky really fell in her hands, the aura is pressing.

Seeing the bright moon, Hou Tian's face was extremely ugly. He could never have imagined that ye Chen and Xia Ruoxue could be so strong that he could not easily crush him as a strong man in the middle of heaven and earth.

"How could I be defeated by you? Don't dream!"

Hou Tian roared, his eyes suddenly lit up with endless scarlet light. A scarlet moon was reflected in his eyes, and a magic sword could be seen bursting out of the scarlet moon.

"Bang!" At the next moment, the void was broken, and a long sword of evil Qi that swept through the sky and destroyed everything actually burst out of Hou Tian's eyes and came straight to the full moon.

Next, the moon is mighty, and the full moon with divine power flows collides with the long sword that destroys the sky and destroys the earth.

"Click!"

At this moment, the sky and earth seemed to be breaking, and the terrible collision of skills made the heaven and earth tear and die away.

The full moon and the long sword of magic Qi vibrate endlessly, and the next moment they are broken, and the faces of the people present are changing again.

"You have learned the book of the moon!"

Hou Tian stares at Xia Ruoxue and says word by word.

"Hum, as the master of Mingyue Valley, it's shameful that you should practice magic skills!"

At the moment, the summer if snow is also coldly looking at Hou Tian, slightly angry way.

Xia Ruoxue's magic power of the full moon is too powerful, and it also contains a vast source of Qi. As long as you have touched it, you can basically see that Xia Ruoxue has studied the book of the moon.

However, Xia Ruoxue was shocked by Hou Tian's magic power, which was daring to give her a familiar feeling.

"Magic sword breaking the sky method!"

Xia Ruoxue stares at Hou Tian. This magic Sabre breaking method is a magic skill suppressed by Mingyue valley. After she and Xiaobai come to Mingyue Valley, they know the origin of this skill.

The magic Sabre breaking heaven method and Mingyue Valley skill are mutually restrained, so the valley master of the early Ming Yue valley will suppress this magic skill, but he did not expect Hou Tian to practice this ancient method.

"Well, your eyes are poisonous."

At the moment, Hou Tian looked at Xia Ruoxue and snorted coldly, then showed a strange smile: "yes, this magic knife breaking the sky method is my Mingyue Valley's suppression skill, which is known for thousands of miles."

"But who can imagine that if I practice this skill, who can know? In fact, this magic knife breaking the sky skill is matched with the moon covering sky skill. If I practice the two methods together, I can control the bright moon and the magic moon, and can condense them into the blood moon!"

At the moment, Hou Tian's voice is more and more rampant and domineering. It seems that he still has a trace of relief. His breath is more and more terrible. The evil spirit around him is more powerful and his strength is growing.

Chapter 4008

After Hou Tian's death, the scarlet monster's body has been attached with a strong evil spirit, which has become a black and red interlaced appearance. The breath is more violent, more crazy, and full of endless desire to kill.

At this time, ye Chen listened to Hou Tian's words, but he disdained to look at him, "blood moon? The blood moon that you condense is just a superficial one

On hearing this, Hou Tian could not help but get angry. In fact, the moon blood festival was just to provide strength for himself. The blood moon on the sky was just made by him with the bright moon and the magic moon.

However, Hou Tian did not expect that he would meet Ye Chen. Ye Chen had the blood moon Tu Tian Jian taught by Ren Feifan. He was able to use the strongest power of the blood moon in the world. Ren extraordinary's blood moon power is not comparable to Hou Tian.

Therefore, in front of Ye Chen's blood moon Tu Tian, Hou Tian's blood moon is like a fake, which is instantly compared with him and is extremely disgraced.

"That's just the power you borrowed. What I have mastered is the power of the blood moon that really belongs to me."

Hou Tian has a strong sense of killing. He stares at Ye Chen and says with gnashing teeth: "you've ruined my good things and robbed me of YUESHA lake. Each pile has been doomed to your death!"

As Hou Tian's voice fell, the black and red monsters behind him roared up to the sky, and on top of Hou Tian's head, a bright moon rose slowly.

"March on the same day, suppress everything!"

Hou Tian roared, the same is three round full moon, but it is a bright moon, a blood moon, a magic moon.

The three full moon reflects all kinds of brilliance, suppressing this part of the world, the mighty power swept down.

Hou Tian was shrouded in the moonlight. The monster behind him became red, black and white. A pair of strange eyes with three colors interlaced were staring at Ye Chen and ye Chen.

"Die for me! Under the same day of March, I am the invincible God

Hou Tian roared and roared, but his body suddenly disappeared. The next moment, he suddenly appeared in front of Ye Chen and slapped him hard.

Hou Tian's palm is powerful and heavy. His strength seems to have increased several times in an instant, which makes Ye Chen's face dignified.

"The six true secrets of extermination, destroy the Shinto, break out for me!"

Ye Chen drinks in his heart, and the evil sword directly stabs out, and the six exterminations true secrets are displayed. It seems that ye Chen has the power to destroy all things, and the sword is like a dragon!

At this moment, the shock of the body and the heart of the Marquis is more than five hours, but the shaking force is felt in the body for more than five hours.

At this time, Houtian had disappeared again, and then appeared in front of Xia Ruoxue.

"Be careful!"

Looking at Hou Tian raising his hand, the black, red and white monster behind him is also under the shadow of evil light. Ye Chen can't help being impatient. He looks at Xia Ruoxue and yells.

At this moment, ye Chen also knows what kind of power the same day in March has. It's actually similar to that in heaven. No wonder Hou Tian dares to burn his own self-reliance. He still mastered the skill of March with the sky.

As Hou Tian said, he was like an invincible God in the same day of March. He was as powerful as an invincible God.

Under such circumstances, Hou Tian launches an attack on Xia Ruoxue, which is a little far away. Ye Chen can't get to Xia Ruoxue's side in time at the moment, so he can't help worrying about Xia Ruoxue.

Looking at the fierce momentum, under the same day in March, as in the general omnipotent Hou Tian to Xia Ruoxue, ye Chen can not help but change his face, very worried.

But at this time, Xia Ruoxue looked at Hou Tian who had been killed by explosion, but her face was indifferent. Her eyes did not have a trace of fear, but showed a strong disdain.

"You know what? Whether it's the bright moon, the magic moon, or the blood moon, it's just a change in the source force of the moon. "

Xia Ruoxue's eyes are blooming. She looks at Hou Tian and calmly says, "all the power you master is just what I give you."

"The book of heaven on the bright moon reflects all things, captures the soul and suppresses the heaven!"

Xia Ruoxue drinks a soft drink. A wordless Tianshu suddenly floats behind Xia Ruoxue's head. When Xia Ruoxue talks, the Mingyue Tianshu turns slowly. On the originally empty page, however, there is a dense and mysterious Rune containing endless power and powerful source Qi.

Then, the magical Rune flew out of the paper, converged and flowed over the sky, and bloomed with endless brilliance.

At the same time, Hou Tian suddenly felt a terrible force sweeping through his heart, which directly suppressed all the forces in his body.

"Boom

Above the sky, the three full moons were shrouded in the brilliance of the magical runes, which broke in an instant. Hou Tian below also spewed out a mouthful of blood, and his breath was completely withered.

"Remember, in front of my bright moon source Lord, you are just a mole ant."

Xia Ruoxue's eyes flashed a obliteration, standing high, overlooking Hou Tian, who was suppressed on the ground, disdained to say."You

Hearing Xia Ruoxue's words, Hou almost burst out blood. What the master of the moon's source is just the master of the moon's heavenly book. He can understand the source of the moon and suppress him with the power of the moon's heavenly book.

Hou Tian saw Xia Ruoxue using the power of the moon before. He just thought that Xia Ruoxue had learned the Mingyue Tianshu, but he could not have imagined that such a treasure as Mingyue Tianshu was still controlled by Xia Ruoxue.

As for those who practice the power of the moon, the book of the moon has great restraint on them, which leads to the fierce Hou Tian. In the same day of March, it seems invincible, but Xia Ruoxue easily suppressed it.

"What do you want to do?"

At the moment, Hou Tian was unexpectedly suppressed by Xia Ruoxue, and he did not dare to be arrogant again. After all, Xiaoming was pinched in the hands of others, and he could not help asking.

"What are you doing?"

Xia Ruoxue looked at Hou Tian coldly, "all of this is not your aggressive, you want to kill us, we are just defending ourselves against it."

Smell speech, Hou Tian Leng for a moment, but speechless, he really hate Ye Chen three people, want to kill Ye Chen three people.

But at this time, ye Chen raised his eyebrows slightly, looked at Hou Tian and asked, "do you know anything about YUESHA lake and all the records in YUESHA lake?"

Ye Chen had always thought that this month Sha lake was a spiritual place, but he didn't expect it was a magic weapon.

However, YUESHA Lake contains extremely strong and powerful spirit of the moon, which is very unusual. What's more, there are also news about the moon spirit Witch and her moon deer in YUESHA lake. Ye Chen wants to know about it.

Hearing Ye Chen's question, Hou Tian's face changed and he didn't answer immediately.

"You only have the right to speak!"

Seeing this, Xia Ruoxue's face was cold, and the paper of Mingyue Tianshu suspended in the back of his head flipped and was suppressed by an incomparable and terrible force. Hou Tian immediately howled, and his whole skeleton was broken, and he was about to be crushed into Nirvana powder in the next moment.

Chapter 4009

"I said, I said!"

Hou Tian was frightened by Xia Ruoxue, and did not dare to have the slightest hesitation.

"Say it."

At the moment, looking at Hou Tian's miserable appearance, Xiaobai is actually feeling out of a bad breath. He holds up his small fist in a fox's disguise, and waves several times at Hou Tian's threatening manner.

Hou Tian turned a blind eye to Xiaobai's actions. After a short breath, Hou Tian said, "the YUESHA lake is indeed a treasure. I can tell you the secret about YUESHA lake, but you must promise that I will tell you what you want to know, and you will spare my life."

Hou Tian's eyes were firm and fixed on Xia Ruoxue. He swore that whenever he had a chance, he would torture the two people in front of him!

Never live beyond life!

He even wanted to torture the two people to death!

No longer think about it, Hou Tian said one word at a time: "otherwise, I promise you will never learn from me what you are interested in."

Hou Tian is so threatening that Xia Ruoxue's eyes flash with cold light, but she smiles at the next moment.

"Well, even if you are spared your life, what storm can you make? I promise you

Seeing that Xia Ruoxue is so confident, Ye Chen can't help but look up at Xia Ruoxue. This woman's experience is still too little. How can such a guy as Hou Tian be easily let go? This is the existence of the middle period of heaven and earth. Xia Ruoxue seems to despise each other, but in fact, he can't bear to kill people, but this will bring us big trouble.

And Ye Chen's guess is also true. Hou Tian hears that Xia Ruoxue is willing to spare his life. He looks happy on the surface and thanks again and again, but in his heart he sneers.

"Stupid and arrogant woman, is not the letter of the moon? This time I survive, I will use all my strength and all my contacts to kill the three of you thoroughly and wash away the shame you have brought to me

Hou Tian's heart was boiling with murder. He hated Ye Chen for a long time. Even if Xia Ruoxue spared him his life, he would not have the slightest gratitude. Moreover, he had been in the position of master of Mingyue Valley for so many years, and his accumulation of means and contacts had been terrible.

Even if Xia Ruoxue is in charge of Mingyue Tianshu, it is easy for Hou Tian to revenge and kill Ye Chen. After all, other people will not be restrained by Mingyue Tianshu.

"Now that you have promised, I will tell you everything."

At the moment, Hou Tian looks at Xia Ruoxue with a flattering smile and tries to make his performance harmless to human beings and animals.

But Hou Tian's performance is full of flaws in Ye Chen's eyes. The direct contradiction between them and Hou Tian is irreconcilable. Hou Tian hates them to the bone. If he doesn't kill Hou Tian, he will have endless troubles.

"You are still too kind."

Ye Chen takes a gentle look at Xia Ruoxue and makes up his mind. When Xia Ruoxue asks everything he wants to know from Hou Tian's mouth, he will kill Hou Tian. Such a huge threat, if alive, will make people uneasy.

But at this time, Hou Tian is under the sign of Xia Ruoxue, opening his mouth to tell everything about YUESHA lake.

It turns out that the YUESHA lake is actually a treasure of an ancient moon god. At that time, the first valley master accidentally acquired YUESHA Lake in a magnificent ancient tomb. Later, the valley master of the first generation placed YUESHA Lake in Mingyue valley.

In addition to the YUESHA lake, the valley owners of the early dynasties actually found real remains of the moon god in ancient tombs. The remains are the real tombs of the moon god, burying everything belonging to the moon god.

However, the valley master of the first generation was not qualified to enter the moon god ruins. Only those who had cultivated the Mingyue Tianshu and controlled the Mingyue Tianshu could enter.

Yes, Xia Ruoxue's Mingyue Tianshu is just the manifestation of the law of the real Mingyue Tianshu. The real Mingyue Tianshu contains infinite power, the most original and pure source power of the moon.

If you want to master the real moon god, you must find the ancient moon god.

As for the inside of YUESHA lake, Hou Tian knew nothing about the carved stone tablets about the story of the moon ghost and the moon deer, because they had never entered the space of YUESHA lake, and even the early Valley owners of Mingyue Valley had never stepped into it.

After listening to Hou Tian, Xia Ruoxue's face changed. Unexpectedly, she could get the news of the ancient moon god.

"Do you know where the moon god remains?"

Xia Ruoxue stares at Hou Tian and asks coldly.

Hearing this, Hou Tian hesitated for a moment, then looked at Ye Chen and narrowed his eyes. The news about the moon god remains is so important that he doesn't want to tell anyone. But Xia Ruoxue's experience is less, I'm afraid he can't hear his lies, but this ye Chen doesn't look so good.

In order to protect his life, Hou Tian finally sighed and said, "the remains of the moon god are in the hometown of the moon near the sunken moon sea. You should have heard of the hometown of the moon?"

"Hometown of the moon?"

Ye Chen frowns, the hometown of the moon in the deep moon sea is a legendary existence, has been people as an illusory story to spread, did not expect to be true.

"Are you sure you're not talking nonsense?"

Ye Chen gazed at Hou Tian: "as far as I know, the hometown of the moon is illusory. Only in the special Christmas festival can people step into it.""I didn't lie to you." Seeing ye Chen's question, Hou Tian quickly shakes his head, "the hometown of the moon does exist, and the legends are true. The gate of the hometown of the moon will indeed appear in the sunken moon sea on Christmas day, but ordinary people can't see it at all. Only those who practice the power of the moon can see it."

"So..."

Ye Chen smell speech not from squint eyes, gaze Hou day for a moment, make sure this guy did not say lies.

"I've told you all the news you want to know. Now let me go."

At the moment, Hou Tian looks begging and looks at Xia Ruoxue. He is suppressed by the Mingyue Tianshu, as if he is calm in the universe. If he suppresses for a while, he will die here.

"Let you go?" Ye Chen gives a cold hum in his heart and looks at Xia Ruoxue. If Xia Ruoxue doesn't have the heart to do it and wants to release Hou Tian, he will do it and kill Hou Tian directly.

At this moment, Xia Ruoxue looks at Hou Tian and sees a struggle in his eyes, which makes Ye Chen a little surprised, because he knows that, according to Xia Ruoxue's previous nature, even if he knows how big the threat of Hou Tian is, he can't do it.

But now, summer if snow unexpectedly hesitates, this lets Ye Chen some surprise.

But in the next moment, Xia Ruoxue's hesitant eyes suddenly firmed down and turned into endless senhan. She gazed at Hou Tian, and her tone was extremely cold.

"Don't blame me for my cruel hand. I can only blame you for threatening Ye Chen so much that I can't keep you!"

Hearing this, Hou Tian's face suddenly changed. He didn't expect Xia Ruoxue to suddenly break out with such a murderous intention, which was totally different from what he expected.

Chapter 4010

After that, Hou Tian saw the pages of Mingyue Tianshu floating behind Xia Ruoxue's head, overturning the terrible power of suppressing the heavens.

"You can't, you can't kill me, but you promised to let me go. You can't be a man..."

After that, he was crushed by the snow, even though he was crushed in the air.

Seeing this scene, ye Chen and Xiaobai are extremely shocked. Xiaobai has been following Xia Ruoxue. Knowing Xia Ruoxue's character, how can Xia Ruoxue be ruthless and kill Hou Tianzhen.

On the contrary, ye Chen is slightly touched in his heart. He vaguely understands why Xia Ruoxue has such a big change.

There is only one reason for all this, that is, Xia Ruoxue has just experienced the fantasy, that world is all the illusion of his enemies.

Xia Ruoxue always wants to help Ye Chen and protect Ye Chen. What she experiences in the dreamland lets Xia Ruoxue know how dangerous Ye Chen confronts and affects her mind.

If you want to protect Ye Chen and do something for ye Chen, Xia Ruoxue must continue to be strong, and at the same time, he must be ruthless, just like killing Hou Tian. He will not be soft on the enemy, or he will leave endless troubles.

Looking at Xia Ruoxue, ye Chen's eyes are moved. At the moment, Xia Ruoxue is looking at Ye Chen, a pair of eager to talk and stop.

"What's the matter?"

See Xia Ruoxue so, ye Chen some strange, can't help but open his mouth to ask.

"I I want to know the gap between me and you, we leave here first, and then I hope you can fight me with all your strength

Hearing this, ye Chen is stunned. He didn't expect Xia Ruoxue to put forward such a request.

Although Xia Ruoxue has just been able to easily suppress the suppressed Hou Tian, it is the natural suppression of Hou Tian, a martial arts practitioner who practices the power of the moon, by the Mingyue Tianshu, which has no effect on Ye Chen.

Therefore, Xia Ruoxue's strength in the eyes of Ye Chen at the moment is slightly inferior. If two people fight against each other, they can't ensure that they won't hurt each other. Ye Chen is not willing to hurt Xia Ruoxue.

Just looking at Xia Ruoxue incomparably insistent eyes, ye Chen shook his head, or helplessly agreed to come down.

"Well, I can fight you with all my might. Let's get out of here and talk about it."

Ye Chen raises his eyes and looks around. The breath of the elder and disciples of Mingyue Valley looms around, which indicates that the people of Mingyue valley have already noticed what happened here.

Xia Ruoxue suddenly thought of something, looked at the darkness and said, "there are many people trapped and tortured by Hou Tian. Since Hou Tian is dead, we will rescue them, which is also a cause and effect understanding."

The next second, three people disappear.

In fact, when Hou Tian was suppressed by Xia Ruoxue, the people in Mingyue Valley had discovered that there was abnormal fluctuation in YUESHA lake, except for the terrible fluctuation of Ye Chen and others fighting Hou Tian.

Also because the Mingyue Tianshu is too powerful for all the people in Mingyue Valley, it is difficult for them to realize it, so they come here one after another.

However, when the people from Mingyue Valley arrived at the scene, ye Chen and Xia Ruoxue had already left with Xiaobai. There were only eighty-eight huge holes in the deep pit of YUESHA lake without lake water. As for Hou Tian, it turned into a blood mist all over the place

.....

Heiyunling is a mountain that is always covered by black clouds. It is thousands of miles away from Mingyue Valley, and it is also a place of death.

At this moment, ye Chen and Xia Ruoxue, who have rescued Houtian's trapped people, are standing on the sky above. Xiaobai looks at them nervously. She can see Xia Ruoxue's fighting spirit.

"Fight with me, don't keep your hands!"

Xia Ruoxue firmly looks at Ye Chen, and the next moment his palm is raised, it is a round of full moon condensed out. On the full moon, there is a treasure tree heavenly palace, which is invincible.

Xia Ruoxue shakes his arm and shakes out the full moon, sweeping directly towards Ye Chen.

The magnificent moonlight reflects on the sky, and the mighty power destroys everything.

In the face of Xia Ruoxue's attack of the full moon, ye Chen's eyes narrowed slightly, but he felt a slight threat.

To deal with the full moon, we should use the technique to deal with it. However, ye Chen is afraid that Xia Ruoxue will be hurt. However, ye Chen only relies on his physical strength, surpasses the sword technique, and directly carries the full moon's divine power to break it, and he is slightly injured.

"Do you want to keep your hand?"

See this scene, summer if snow is dissatisfied to look at Ye Chen, the breath on the body is more and more mighty.

"The moon splits the sky wheel!"

Xia Ruoxue's eyes flashed with a sharp color, and the vast moonlight gathered behind her, forming a cold and dense moon wheel, shaking the void and sweeping towards Ye Chen.

Even ye Chen had to take it seriously, so he had to kill his sword and explode.

"Bang!"

The moon wheel collides with the divine light, and the mighty impact sweeps across. Ye Chen hears Xia Ruoxue's light hum, and her face changes slightly. She feels distressed. This woman is just too stubborn. Later in the battle, Xia Ruoxue broke out with all his strength, without leaving any hands, but ye Chen kept putting up with it. Even if he hurt his own hand, he should ensure that he would not hurt Xia Ruoxue.

At this moment, looking at Ye Chen's breath more and more dispirited, Xia Ruoxue's eyes flash a touch of anger.

"Ye Chen! What's the use of letting me do now? Will he let me in the face of enemies I meet in the future? "

"If you don't fight with me today, even if I win, what's the benefit? I want to understand the gap between you and me, and understand the fighting skills, not your avoidance, not surpassing you!"

Xia Ruoxue's eyes are firm and resolute. She looks like a fairy in the sky under the moonlight. She is extraordinary and refined, and even has a trace of supernatural charm between her words.

Smell speech, ye Chen is silent down, he found that Xia Ruoxue is right, even if he keeps avoiding, not hurt Xia Ruoxue, let Xia Ruoxue win, but the significance of doing so is not big.

Even if Xia Ruoxue follows him, there will always be danger. Those enemies will not be like themselves, leaving hands everywhere for Xia Ruoxue.

"I see."

Ye Chen looked at Xia Ruoxue with deep eyes, and drew a radian around the corner of his mouth, "since you insist, then fight with all your strength!"

"Good!"

Summer if snow exhibition Yan a smile, beautiful eyes flow, but the whole body of moonlight is surging up, straight into the sky.

"Bright moon town mountain river!"

Xia Ruoxue drinks with a loud voice, and the bright moon is like a waterfall falling from the nine days, falling down one after another, sweeping toward Ye Chen.

Looking at the mighty competition, ye Chen eyebrows slightly pick, Xia Ruoxue's attack is more and more powerful, even if he is the moonlight competition, he can not easily resist.

"Destroy Shinto, crushed by me!"

Ye Chen stabs out a sword, the destruction Shinto erupts, the destructive power surges surging, just like the mighty river, the moonlight of this road will be tempered and destroyed.
