Chapter 401

Ye Tianzheng heard the threat of Lin Jue long and shook his head: "how many times have you asked me? I don't know anything!"

"Since you asked about my father, you should know that he and my mother died suddenly! How can he have time to tell me something or give me something? I advise you not to spend your energy on me

His attitude is extremely resolute!

"You don't want to cooperate, do you?"

Lin Juelong stood up, his eyes extremely cold-blooded, powerful breath let Ye Tianzheng feel suffocated.

This is the difference between practitioners and ordinary people.

Ye Tianzheng's face turned pale in an instant, even gradually turned to iron green, and the sound of severe cough sounded.

"Ye Tianzheng, since you like to keep secrets so much, I might as well let you feel the taste of death! Only the dead can keep a secret

The words fall, a gust of wind surging in the house, Lin Juelong appeared in front of Ye Tianzheng, five fingers a grasp, ye Tianzheng seems to be an invisible force pull!

"Click

After the clear and crisp voice, Lin Juelong's five fingers full of blood have buckled Ye Tianzheng's neck!

Then his arm went straight up!

Ye Tianzheng's body instantly left the ground!

At this moment, ye Tian is hard to suffer the extreme! Blue veins on the neck! Eyes are full of blood!

He tried to struggle, but found it impossible!

"I asked again if your father had left you anything! If you don't give me a satisfactory answer, I will let you understand what torture is

Threat!

A naked threat!

But ye Tianzheng still did not speak. The picture in his mind flashed back and forth. The only thing he thought about was the black stone!

The black stone was given to him by his father, and he was asked to give it to Ye Chen!

Although I do not know the origin, but his father told me that this secret can not be told!

And this stone can only be given to Ye Chen!

In other words, ye Chen was born for the black stone!

This is his destiny!

At that time, ye Tianzheng was very confused. He knew that his parents had always been weird!

On the surface, there is no difference with ordinary people, but there is an indescribable feeling on the body!

It was as if he was hiding something, and sometimes he felt that all the things made by the Ye family in Jiangcheng were false.

When Pei Rong was pregnant, they knew that Pei Rong would give birth to a boy, even named Ye Chen for a long time!

Even the date of birth is extremely accurate!

He always thought it was a coincidence, but when he was in the ghost prison, the more he thought about it, the more wrong it was!

Now Lin Juelong is bound to him, as if to make him open!

But he still did not say what, because once he said it, what happened was Ye Chen!

He is more than 40 years old and has enough to live, but his son's great life has just begun!

At the moment, ye Tianzheng is suffering to the extreme! He tried to bear it!

At this time, a dark shadow rushed out from the outside: "Jue long, stop it for me!"

Lin Juelong was stunned and still did not let go!

"Jue long, if you don't let go, if ye Tianzheng has an accident, you don't want to live!"

The sound of Zhongqi resounds through the room, which makes Lin Juelong completely change color. However, he can only snort coldly and throw Ye Tianzheng on the sofa.

Ye Tianzheng coughed a few times, moved his neck and breathed a few times. His eyes were staring at Lin Juelong.

At the moment, his eyes are ferocious to the extreme, not like the eyes of an ordinary person.

Lin Juelong ignored Ye Tianzheng's killing intention, but said to the old man who came in: "Dad, what are you doing here? I can get what you want from his mouth, and give me some time."

The old man ignored Lin Juelong, but said respectfully to the outside: "master Qiu, come in."

After a while, an old man with white hair and a misty breath appeared. The old dog held his back, held a dragon cane and stroked his sleeves, bringing a breeze.

The appearance of the old man in green robe makes Lin Jue Long's eyes shrink. He even feels a trace of fear from the other side!

Is it Kunlun virtual out of the strong?

"Dad, this is..."

Lin Fu snorted: "master Qiu is a strong man in the depth of Kunlun mountain. His skill can read the memory of martial artists and ordinary people. Instead of forcing Ye Tianzheng to death, it's better to ask a master of this kind of technique to communicate with God."

Lin Jue longmou son shrinks, surprise way: "still father has foresight!"

Lin's father did not pay attention, but made a gesture of invitation to master Qiu, respectfully saying: "master Qiu, please!"

Master Qiu nodded his head, but he didn't talk nonsense. He came to Ye Tianzheng's face one step at a time, and he stretched out his finger on Ye Tianzheng's eyebrows!

Ye Tian wanted to hide, but found a strong pressure bound him, he could not move. Master Qiu's fingers twinkled with a purple light and penetrated into Ye Tianzheng's mind!

There is a trace of arrogance in his mouth. The Lin family paid a huge price to ask him out of the mountain. He thought he wanted to get some strong people's memory, but he didn't expect to be an ordinary person!

Ye Tian is no different from mole ant in his eyes!

It's too easy to get memory!

Lin father and Lin Jue long Mou son revealed the meaning of joy, looking forward to it!

One second, two seconds, three seconds To the fifth second, master Qiu's smile suddenly solidified!

His power was blocked at the moment when he entered the deep mind of Ye Tianzheng!

A strong pressure even shot from the other side's mind!

It made his face change. He just wanted to withdraw his hand! But found a force bound him!

"How could it be!"

His eyes turned to panic and exclaimed!

Lin Fu and Lin Juelong saw the situation and felt something was wrong. They just wanted to talk, "poof!"
Master Qiu spat out a mouthful of red blood!

His hand burst out!

Blood splashing everywhere!

What's more strange is that the blood of the explosion didn't gradually reach Ye Tianzheng!

"Ah

Master Qiu's body flew upside down, like a broken kite, and then hit the wall heavily!

A wall collapsed!

The whole world was silent.

Lin Juelong and his father looked at Ye Tianzheng again, and their eyes were widened to the extreme, even with a trace of fear!

There is a force to protect Ye Tianzheng!

The key is that even master Qiu can't shake such a strong man!

How could it be!

Two people look at each other, see each other's eyes panic.

"Sure enough, there is definitely something wrong with the Ye family in Jiangcheng! Just like the message left by our ancestors... "

Lin father cold voice way, his voice with a trace of fear!

"Dad, what about ye Tianzheng?" Lin Juelong frowned.

The moment when the power burst out just now made him have a trace of fear.

"Let him stay here for the time being. Let's try to find a way. As far as I know, Jiang Peirong and his son are not dead. Ye Tianzheng attaches great importance to love and justice. It is estimated that only these two people can let him speak. As for now, you can take master Qiu down to heal his wounds! He can't do anything, otherwise I can't explain "

" OK! "

Soon, only Ye Tianzheng is left in the whole room. Ye Tianzheng looks at his hands and is puzzled.

.....

Chapter 402

Beijing Normal University, teachers' apartment.

Ye Chen of course does not know what happened to the Lin family. At the moment, he is running nine days xuan yang Jue.

The weak feeling of breaking the sky sword just disappeared.

He thought that after stepping into the separation and separation realm, the breaking sky sword should be able to be used without injury. Now he found that the breaking Sky Sword is much more terrible than he imagined.

It can be seen that the meaning of killing Dao Jun's three moves of sword is so terrible.

Without the intention of breaking the sky sword, he could not have left the Jiang family so easily today.

Mr. Jiang's strength and foresight will inevitably find his sword technique powerful. In the other side's view, his potential is not worth mentioning compared with the intention of breaking the sky sword!

It's ridiculous!

Ye Chen's room is entangled with a blood dragon's virtual shadow, but because of the huge blood dragon's virtual shadow, this room seems to be unable to accommodate it.

One hour later, ye Chen takes the blood dragon back into the body.

"If it goes on like this, the whole room will burst."

Just in time, the people of the dark hall sent some villa or manor site selection in the capital.

Because the place where you live this time may be the real birthplace of Ye's family in the capital city, the site selection is particularly important.

the people of the dark hall even called: "Dian Lord, this is the place where the dark palace is currently investigating the capital city, which meets your requirements, and the specific pictures and information are sent to the mailbox of the main hall."

Ye Chen nodded, took out the tablet, and roughly glanced at the information.

He was not very familiar with the capital, so he could only take a look at it from the perspective of Fengshui.

These places have excellent geomantic omen and should be of great value.

Suddenly, he thought of what, the capital, his mother is obviously more familiar than him!

Mother is the apple of the eye of the top families in the capital. In terms of site selection, mother is obviously the best choice.

Ye Chen no longer hesitated, came to the living room, Jiang Peirong was cleaning, saw Ye Chen came out and said, "chen'er, you don't practice?"

"Mom, come here. I have something to ask for your opinion." Ye Chen sat on the sofa.

With a frown on her eyebrows, Jiang Peirong put down her mop and came to Ye Chen's side: "what's the matter? Is it about my daughter-in-law? "

Ye Chen shook his head with a smile and handed the tablet to Jiang Peirong: "Mom, which of these places is the best?"

Jiang Peirong glanced at the contents of the tablet and instantly understood: "chen'er, do you really want to build ye's family in Beijing? Now we're all on site? I think the teacher's apartment is very good. The environment is quiet and no one bothers me. "

"Mom, since you left the Jiang family, you know that everyone in the Jiang family despises our family. They say that father is a waste, I am a villain, and even insult you. I can't swallow it!

Sometimes, rather than erase these people, it's better to block their mouths with action! They think that they are high above, then I will let them understand, how can the firefly light contend with the bright moon! And our family is the bright moon of China

Jiang Peirong's eyes turned red when she heard Ye Chen's determination.

In the past, Zhang fanchen was shamed by countless faces of Zhang Huachen.

The indifference of her father and the Jiang family made her feel cold.

She is under great pressure, guarding Ye Chen, let him grow up like an ordinary person.

She just wants Ye Chen to be safe and secure in her life. She doesn't expect Ye Chen to have any great achievements.

But did not expect, these days just like a dream, ye Chen gave her too much shock, can not add.

For a long time, Jiang Peirong nodded: "chen'er, no matter what you do, mom will support you! Mom also hopes that one day, when everyone hears that Jiang Peirong thinks of not the Jiangs in Beijing, but ye's in Beijing! "

With that, Jiang Peirong carefully analyzed the contents of the tablet, sometimes frowning and sometimes sighing.

A minute later, Jiang Peirong put the tablet on the table and said, "chen'er, if you really want to choose a place where ye's family starts in Beijing, these are not suitable."

Ye Chen a Zheng, he saw these places, no matter whether it is Qi Yun or position is excellent existence, but in the eyes of his mother is not appropriate?

"Chen'er, a top family, has too many things to consider, so it needs to be extremely careful in site selection! Feng Shui Qi Yun is one of them, the pattern of protecting the array is the second, and the third is the Qi of clan movement, which is also the most important existence

Ye Chen's face dew doubts: "the gas of family fortune?"

Jiang Peirong nodded and explained: "I can't tell you exactly what the family's luck is. But when I was a child, I heard the elders of the family and many people mentioned it. The top families in China are generally built on another top family! The Jiang family is no exception. The place where the Jiang family is now is actually the site of a declining top family in the Tang Dynasty. "

Ye Chen suddenly realized that, in fact, he had heard similar statements in Kunlun Xu. Almost all the clans of Kunlun Xu were built on other sects.

"Mom, do you mean that to build a top family, I have to destroy a top family and occupy his place?" If that's the case, he's going to have to think about which family is the best to kill.

However, Jiang Peirong shook her head and flipped on the tablet, instantly showing a vast area to the east of the capital.

But I don't know why. There's no satellite map.

"Chen'er, if I really want to choose, this is the best place to exist. It's just that this place is controversial. For more than 30 years, no family dares to take this land. "

"Why?"

"The owner of this place is called bailixiong. Bailixiong plays an important role in the Chinese military region. He also controls a team called iron blood camp. The iron blood camp has been circulating in the rivers and lakes. I don't know whether it is true or not. It is said that when there is a major crisis and battle in China, the iron and blood camp will take action.

A move, whether ordinary people or ancient warriors, is bound to be a strong suppression. Some of China's top families should also be afraid, after all, the national strength can not be underestimated. "

"In fact, many families have watched over this land, but because of bailixiong's toughness, they all gave up. As for the reason, the disappearance of bailixiong's wife has a lot to do with this place. Bailixiong has sent heavy troops to guard here. No one and no one is allowed to step in! "

Ye Chen heard the three words of Bai Li Xiong, and his eyes twinkled with light.

He has never met Bai Li Xiong, but he has dealt with Bai Li Xiong's daughter Bai Li Bing.

The relationship between Yingqing and bailixiong should be different.

"Mom, since you look after this place, I will try my best to take this place." Ye Chen said earnestly.

Jiang Peirong's face became a little strange: "chen'er, you misunderstood me. I said that this place is the best place, not for you to choose this place. The mother of this place is not extravagant. I have several ideal choices here..."

Chapter 403

"No, mom. I know Bai Lixiong's daughter in this place. I should be able to try a little bit."

Jiang Peirong said that when she saw Ye Chen, she said nothing more.

Some things, only chen'er did, will know the difficulty.

Bai Li Xiong's temper is not worse than Jiang Laozi. Chen'er wants to eat from the tiger's mouth, which is more difficult than climbing to the sky.

The next morning, Beijing Normal University.

Ye Chen received a call from Lei Shuwei and went to the school gate.

Before leaving, he gave his mother a lot of pills and martial arts skills. He knew that her mother was determined to step into the path of cultivation. In this case, he naturally wanted to give her the best thing, which could be regarded as supporting her mother's dream.

To the school gate, a special modified red flag L7 car parked outside the door, looks extremely low-key, but also let many people notice.

The door of the red flag car opened, and Lei Shuwei was also in it.

He waved to Ye Chen: "Mr. Ye, here you are."

Ye Chen nodded and got on the car. The car went to the South directly.

"Mr. Ye, there is a sentence in front of me, which is very important! That is, if you see that person later, please ask Mr. Ye to control himself..." Lei Shuwei warned.

He is afraid of Ye Chen. Although the strength of this guy is strong, he has a headache.

Ye Chen nodded: "I know, naturally will converge, just don't know that will give me the answer."

Lei Shuwei sighed: "I'm relieved that Mr. Ye said so."

What did ye Chen think of and said, "Lei Shuwei, how much do you know about bailixiong?"

When Lei Shuwei heard the name, his eyes flashed a little surprised. Was there any contradiction between Mr. Ye and Bai Lixiong?

If this is the case, it will be really troublesome!

After all, the other party is not a good one.

"Mr. Ye, this is..."

Ye Chen knew Lei Shuwei had misunderstood him and said, "I'll just ask him casually. There's no contradiction. I just heard that this person is a little fierce."

Lei Shuwei's stone fell from his heart. He took a look at the man in the driver's seat and said softly, "in terms of strength, hundred Li Xiong is much higher than me!"

Baili family is a famous martial arts family! No one can shake it.

But I didn't expect that a hundred Li Xiong appeared against the sky decades ago! His strength is very strong, to what extent? A few decades ago, he was the number one master in a short time

"Short time? First?" Ye Chen frowned.

Lei Shuwei continued to explain in a low voice: "it's definitely not bailixiong now. He was cancelled by the official in just ten minutes after he was on the first place! Because of his special status, he can't be on the master list

Ye Chen is slightly shocked, but he did not expect bailixiong to have such a big origin. He finally understood that his mother said these three words at that time, with a look of fear.

It seems that the place is guarded by a hundred Li Xiong. It is reasonable that the general family dare not spy on it.

"If I want to see Bai Li Xiong, can you introduce me?" Ye Chen thought for a few seconds, and his words were startling.

"I have a call to his office, but it's not likely to get through. I heard that last month, bailixiong seems to have stepped into the Qinling Mountains and should deal with some things. I don't know if he has come back.

It's no use asking me if you want to see him. It's better to talk with her daughter. Although Baili Bing has been in the state of stocking, Bai Lixiong hardly interferes in her affairs, just to temper Baili ice. This is the rule of Baili family. If you have to, you can't use the power of the family!

However, Bai Lixiong still cares about her daughter. If you want to see Bai Lixiong, this is a starting point.
"

Ye Chen nods, also does not speak, directly closes the eye rest.

After a while, the car stopped and the appointed place arrived.

Ye Chen and Lei Shuwei got out of the car, led by a man, entered the side hall. After a long corridor, they passed through several gates and came to an indoor garden.

Stepping into the garden, ye Chen felt more than a dozen cold opportunities to shoot into!

This killing machine has a strong breath. It seems that as long as he starts, he will surely die!

"Mr. Ye, I won't go in. Remember what I said on the bus just now." Lei Shuwei stood at the gate.

He was still a little worried, but he couldn't go in and listen. It was really worrying.

Ye Chen did not answer, directly stepped in.

There was an old man in the central garden. The old man was upright and was watering the flowers with a kettle in his hand.

From a distance, it is no different from ordinary people.

The old man noticed something and said, "to tell the truth, it's hard to see you."

He put down the kettle, his hands behind him, looking at Ye Chen, his turbid eyes flashed a light.

"During this period of time, I have been hearing your feats from my subordinates, such as wudaotai, Yunhu villa, Huian Province, Yunhe lake Not to mention, in recent decades, apart from that hundred Li

Xiong, no one can do such a thing. ""You are younger and more energetic than he is. You represent infinite possibilities. Sit down."

The old man sat on the stone chair and poured two cups of tea. One cup was pushed gently, and a faint air current covered it. Ye Chen was stunned and quickly grasped the tea cup.

A very strong air wave is coming, ye Chen steps on it, and the blood evil spirit comes out, and the air wave blows away in an instant.

This time, ye Chen was surprised. Who could have thought that the old man was a warrior! The key strength is very strong!

Chapter 404

"This tea is new from Wuyi Mountain. It tastes good. Try it."

The old man took a sip of tea and looked at the time.

Ye Chen drinks the tea, and then puts the cup on the stone table. When he releases his hand, the cup turns into powder. It can be seen how terrible the power of the blow just now is.

The old man took a look at the powder, and his eyes shrank: "Ye Chen, it seems that I still underestimate you. I am not talking nonsense. Today I come to you to investigate your responsibility! Beijing Normal University is a University of China 985 and 211. Countless students are studying in it. You can think about the consequences of such a big stir! "

"To drain the clouds and lakes for one's own selfish desire, it is even more appealing to the capital city. The Huaxia earthquake bureau and the Huaxia Wudao bureau have sued you a hundred times! Do you think about the consequences? "

"The ghost prison was destroyed by you with some kind of power. Seven people died and 100 people were seriously injured. Do you think about the consequences?"

"If those criminals in the ghost prison run out, destroy the society and disturb the order of China, you can think about the consequences!"

As a result, the old man's momentum kept rising, and he was obviously a little annoyed.

After all, ye Chen's rank of major general and chief instructor of dragon spirit were all approved by him under pressure. Now some people in Huaxia have already known what ye Chen has done and have directly participated in this matter with him!

How can he not be angry!

"Ye Chen, some people have listed you as one of the most dangerous people in China, and even asked me to order you to be killed! Now there are 15 top players out there. If I make a gesture, you will be taken down! What do you think I should do? My position does not allow any selfishness

Looking at Ye Chen's reaction, the old man thought that the other party would be afraid of him, but he found that ye Chen had been indifferent from beginning to end, as if he didn't care about anything.

This boy is too big!

Ye Chen's mouth suddenly showed a smile. He was not weak in the old man's aura: "in those days, Lin Juelong destroyed our Ye family in Yunhu villa. Did Huaxia Wudao Bureau investigate it? Our family is just ordinary people. Those who are superior must feel that the lives of the three of us are like ants. It's not worth dying. "

"I broke the ghost prison, so what! I don't regret it! My parents are ordinary people without any accomplishments. I dare to ask what qualifications the ghost prison has to imprison my parents! Don't say it's ghost prison. Even if you are the old man who imprisons my parents, I won't be polite at all. "

Ye Chen's tone suddenly pan cold!

This is the truth!

Since no one gave him fair treatment, he broke all the shackles!

The old man sighed and his momentum was restrained: "Ye Chen, the interests behind the ghost prison are complicated. If you don't stop, I can't protect you. Your strength is very strong, but the martial arts circle in China is not as simple as you think."

"I've stopped both the Wudao Bureau and the Seismological Bureau of Huaxia, but the force behind the ghost prison can only be dealt with by yourself. I can't manage there. There are too many things involved.

Now, that force already knows your existence. I urge you to come forward, apologize to them, and show some sincerity. This is the best way to deal with it. "

Ye Chen knows that the old man is looking for him for the ghost prison, but he didn't expect to make him apologize?

That group of people imprisoned his parents and even wanted to kill his parents and ask him to apologize. It's impossible!

Ye Chen Mou son tiny MI, light way: "since want me to apologize, that total should tell me this force is called what?"

"Xuemeng, a mysterious place between China and Kunlun Mountains, has been encroaching on China bit by bit. Some top Chinese forces are also closely related to this force." The old man explained.

What did ye Chen think of, he took out a pair of patterns and pointed to a Red Gate Sign on the pattern: "this is what you said."

The old man glanced at the pattern and nodded: "Ye Chen, are you really going to apologize?"

Ye Chen sneered and stood up: "I didn't say I wanted to apologize. Even if I had to apologize, they apologized to me."

As soon as the old man's face changed and he was about to speak, ye Chen continued: "I'm here today. I just want to ask you one thing. Lin Juelong took my father away. I want to know the exact location of the Lin family! As long as you tell me, I'm willing to give everything in exchange

The old man never thought that ye Chen not only did not listen to his own words, but also tried to find the trouble of the Lin family!

He is very clear, if ye Chen once gets the position of Lin family, the death is not Lin family, but ye Chen!

"No way." The old man said decisively! No hesitation!

Ye Chen already knew it would be this reply. Next second, a brocade box appeared in his hand!

"Pa!"

The brocade box is photographed on the stone table!

Then open it!

A strong smell of pills spilled from it!

The old man's plain eyes turned into a trace of panic, because he saw a golden pill lying quietly inside!

The grade and pattern of this pill have never been seen in his life! At this moment, his heart set off a storm!

"This pill is called jinlingdan, also known as Taixu jinlingdan. After you take it, most of the injuries on your body will disappear. At the same time, your cultivation will greatly improve, greatly increasing the probability of breaking through the bottleneck. If you take one before soaking in the spirit washing pool and taking jingling lotus, you will have a half chance to break through a big realm

The faint voice of Ye Chen falls!

This is his medicine King Valley countless precious herbal medicine refining day and night! This pill does not have a great effect on him, but it has a very strong effect on ancient martial arts and practitioners!

He doesn't believe it. The other party doesn't feel excited!

The old man tried to suppress the inner vibration, but found that he could not. How could ye Chen have such a rare thing?

Is it made by him!

He knows what happened to Ye Chen in the Chinese medicine League. Is this boy not only a martial artist, but also a very strong alchemist?

"This pill is too expensive. I can't take it. Take it back. I won't tell you the location of the Lin family. It's also to save you."

A few seconds later, the old man spoke.

"Pa!"

Before he finished speaking, ye Chen clapped on the stone table again. This time, it was a very valuable martial art!

There are four big characters written on it!

"This martial arts skill is far higher than any martial arts skill in Chinese martial arts circle, and more precious than this golden elixir! Change the position of two things! How about it

Ye Chen is strong to the extreme.

"Gollum."

The old man swallows and salivas, which is higher than any martial arts skill in Chinese martial arts circle! These words show the value of this thing!

He is not only a leader, but also a warrior. Can he not be moved?

He knows Ye Chen. What he did in Jiangcheng wudaotai was not the martial arts skills of the Chinese martial arts circle. Obviously, he had great opportunities and secrets! What's wrong with what he takes out! And the other party this time is iron heart want the position of Lin family!

Chapter 405

Finally, the old man pushed the thing back: "you give me more things, my answer is the same. You go. "

"Xiao Guang, see off the guests!"

Not long, a strong breath, wearing a military uniform man came in, looked at Ye Chen: "Mr. Ye, please."

Ye Chen Mou son tiny MI, stand up, brush off!

Since No. 1 doesn't say it, it's a big deal for him to find his own way!

When ye Chen walked a few steps, the phone in the old man's pocket rang. The old man looked at the caller ID and pressed the answer button!

Suddenly, the old man's face changed greatly, his eyes were full of panic and anger!

He hung up the phone directly, looked at the cold and proud figure who left, and said, "Ye Chen, stop!"

"But if you want to know my position, you must do it!"

Ye Chen one Zheng, the footstep stops, Mou son pan a silk dignified: "what matter."

The old man looked at the light and said, "you go out first."

"Yes! Chief

After Xiaoguang goes out, only the old man and ye Chen are left in the whole indoor garden.

The old man pressed a button, his figure vibrated, and the glass and windows on his head were all closed.

The sky garden becomes a confined space!

No one can see everything inside.

Ye Chen Mou son one congeals, felt the situation some is not right.

At this time, the old man came to Ye Chen's side with a black face and opened the door to see the mountain road:

"Ye Chen, I don't talk nonsense. I just received a phone call and Qinling changed! A month ago, bailixiong and 20 strong men of iron blood camp entered the depth of Qinling Mountains. In order to complete the national mission, bailixiong brought his own team! But just two hours ago, all the life information on 21 people was interrupted! It's very likely that everything has gone wrong! "

"I'm not sure what happened in the Qinling Mountains, or whether they were alive! Now Huaxia has sent strong men and troops in-depth, but it is not enough. If you can find Bai Li Xiong, no matter what the result is, I will tell you the position of the Lin family! "

The old man's tone was serious and nervous.

He had no choice.

The Qinling Mountains thing is too big.

If something happens to bailixiong, Huaxia will lose a great general, and the consequences will be unimaginable!

Although Huaxia has taken emergency measures to find people, he suspects that the problem lies in Huaxia!

And ye Chen's identity, and the interests of all parties have no contact! Coupled with the character and force of the other side, it is definitely the best candidate!

"Why me?" Ye Chen Dao.

"No reason. If you agree, this deal will be concluded. You will fly to Qinling immediately! In the front, you will not have any reinforcements, and the state will not give you any help. Qinling Mountains breed a dragon vein of China. You should also know the danger in the depth! Choose yourself

The old man looked at the time, and it was obviously urgent. Then, he broadcast a phone call and said in a cold voice: "two things. First, arrange immediately. An emergency meeting will be held. Within half an hour, everyone will arrive. Second, five minutes later, prepare a private plane. "

Hang up the phone, the old man glared at Ye Chen: "what is your choice?"

Ye Chen can't refuse. Bailixiong is very important to him. Even if it's not for the land, he will do it for the Lin family.

"I promise." Ye Chen Dao.

"Good." When the old man came to a wall, his fingerprint was pressed on a position. The next second, the wall opened, and a hidden cabinet appeared in his sight. He input the iris to unlock, and the cabinet opened. He took out a mobile phone without a logo from inside and handed it to Ye Chen.

"Don't ask bailixiong what to do in Qinling. This mobile phone has information about these people, and once the mobile phone is close to the chips implanted in these people's bodies, it will vibrate, and there is a code of iron blood camp on it."

"Remember, you can't tell anyone about this matter. Lei Shuwei is the same. You can't contact the dragon spirit. Even if you go there, you can't contact the Chinese military force! If anyone asks, you can say you can go on a tour! "

Ye Chen felt the fear and seriousness of the old man's eyes for the first time. He nodded and said again: "I leave the capital these days, you must ensure the safety of my parents!"

The old man hung up and promised: "your mother, I will send strong people around to protect him. As for your father, I will put pressure on the Lin family. They will not move him for the time being. It's too late. Someone will take you to the plane. "

Not long, ye Chen was a stranger on a private plane.

The plane is not a Chinese military aircraft. It is extremely ordinary. Maybe it is to hide people's eyes.

He looked at the information in the mobile phone, and felt more and more strange. What happened in Qinling Mountains in China? Did he need the presence of Bai Lixiong to lead people in-depth?

It's not easy.

I don't know how long after that, the plane finally landed at an airport near the Qinling Mountains in Western Shaanxi Province.

Qinling Mountains. It starts from Kunlun in the west, passes through Longnan in the middle, and reaches Dabie Mountain and Zhangbaling near Bengbu in the East.

In Fangcheng and Nanyang, the mountains are faulted and subsided, forming Nanxiang pass road. Tongbai mountain is at the junction of Henan and Hubei, Dabie Mountain is at the junction of Henan, Hubei and Anhui, and the trend changes to northwest southeast. To Huoshan and Jiashan in southern Anhui, it is hilly, and its trend is northeast southwest. Qinling Mountains are the watershed of the Yangtze River and the Yellow River.

Ye Chen got off the plane and felt himself surrounded by huge peaks.

It's hard to find people here. Maybe it's because there is no development for tourists here. Ye Chen looks around and finds no one else.

On the contrary, there are helicopters and airplanes crossing the sky, which is obviously the rescue of Huaxia.

Ye Chen found that the mobile phone sent a coordinate point, the above remark is Bai Li Xiong and others disappeared.

It's a long way from his position.

Ye Chen shook his head helplessly, and quickly plunged to the depth of Qinling Mountains.

Along the way, ye Chen is found around the traces of fighting, but also very fierce.

The strength is not even lower than ourselves.

More than a dozen giant trees were smashed directly, showing their power.

When ye Chen is ready to continue to go deep, a bullet cuts through the air and shoots directly at him!

Ye Chen Mou son shrinks, knee erupts, jump to a giant tree directly!

Climbing up the branches, he came to the highest place, and instantly noticed that a dozen foreigners in camouflage combat uniforms were searching under the tree.

They should be mercenaries.

Obviously looking for him.

Ye Chen brows a frown, oneself did not offend this group of people, why to start suddenly?

At the extreme of his doubt, a small UAV suddenly appeared in the sky!

Then a gust of gunfire swept through!

"Looking for death!"

Ye Chen Mou son pan cold, in the hand shoots out a wind blade, accurate hits above the UAV.

The UAV turns into a flame in an instant!

Chapter 406

Ye Chen's eyes are directed at the group of foreigners. He snorts coldly and jumps up and down from the giant trees of dozens of meters! Hit the man hard!

Those people naturally found a dark shadow above the sky, their faces slightly changed!

Who could have thought that a Chinese boy would dare to jump down and die!

"Do it!"

A bald head!

Ye Chen roared, the next second, the true Qi of the Dantian gushed out, pinched by his fingers, rolled up a golden barrier all over his body!

Crisis, all stagnation!

Those foreigners with blonde hair and blue eyes were completely frightened when they saw that they couldn't hurt the Chinese!

The next second, someone reacted and said in a cold voice, "the ancient Chinese warrior!"

But it was too late, ye Chen arm a shock, that dense killing machine all turn over, toward the dozen people shoot!

All of a sudden, blood splashed all over the place, except for a bald head! Blood splashes!

The bald head felt something wrong and quickly retreated behind him! The whole body curls up a little vigor! Faster and faster!

"Well? There is still a trace of cultivation? "

Ye Chen sneered, the old illusory God will surge, blink of an eye will appear in front of the bald head:
"who are you, why do you want to me?"

Bareheaded eyes shrink to the extreme, waist out of a dagger, with bursts of strong wind toward Ye Chen tear away!

"I don't know how to live or die!"

Ye Chen's five fingers directly grasped the dagger, "click!" Direct fragmentation!

Not only that, the bareheaded arm can't bear the power of Ye Chen's true Qi. It's completely broken and the bones are exposed!

At the same time, ye Chen's five fingers are hard toward the bald neck button!

Strong pressure, so that even bald head may not breathe.

"You should be able to understand me. I'll ask you for the last time, who are you, why you're here and why you're doing it!"

The bald head, neck and cheek are full of blue veins, pupil congestion, ferocious to the extreme, he pointed to his neck hard, obviously want to speak.

"Say it

Ye Chen directly smashed his bald head on the ground, and the other side couldn't help spitting out a mouthful of blood!

After a few seconds, he said in fluent Chinese: "the dragon's veins have been destroyed. We're only here for minutes..."

The words have not finished, a strong breath rushed over!

Ye Chen's face slightly changed, quickly retreated, a loud noise, the bald head and flesh exploded! Into a blood mist.

Now his eyes are shining cold.

He finally understood why Hua Xia was so nervous, and why he used Bai Li Xiong to deal with this matter!

Once the dragon vein is destroyed, or taken away by someone with some kind of technique, the consequences are unimaginable!

It is estimated that bailixiong had not brought back the news before he had an accident.

On the occasion of Ye Chen's deep thought, several rustling voices sounded, and the key to each other was filled with a good breath.

Ancient warrior.

Ye Chen jumped up and instantly disappeared in place.

Not long ago, seven old people appeared nearby. Ye Chen's eyes, which were hiding the breath on the tree, suddenly suffused with a trace of anger!

Some of the seven old people he knew were actually Zheng renjue's!

One of them was the old man who seriously injured him in Huian province!

He even remembered the ugly face of the other party that day!

Is Zheng renjue also looking for Bai Lixiong?

Under the tree.

The old man in the robe glanced around, and his eyebrows twisted into a Sichuan character: "there are strong people around here. These people should have died in the hands of the strong, and even have no ability to fight back."

"Next, please pay attention to it. We are not sure about the origin of this man. This time, not only the strong in Kunlun mountain will fight for it, but master Zheng is also determined to win it."

A middle-aged man looked around, looked at the robed old man in surprise, and asked, "Mu Lao, isn't the dragon vein guarded by strong men all the time, and it's hidden underground. Why is it destroyed? Is master Zheng going to attack the dragon vein

Hearing this stupid question, Mr. Mu waved it out. The middle-aged man had a big hole in his chest. He couldn't react at all. He didn't think he would have an accident!

Looking at the body of the middle-aged man, Mu said in a cold voice: "some people died of talking too much. You should understand what this incident means. If you talk nonsense again, it will be the same end. Go and meet Master Zheng quickly!"

"Yes, Mu Lao."

Just as the six people were ready to leave, the leaf Chen which covered the breath on the tree directly fell down.

He finally understood why the old man told him not to touch anyone!

Zheng renjue is in the wrong position in the dragon vein, let alone other people!

Six people looked at the sudden figure, body a meal, when they see the youth in front of them, is Qi Qi exclaimed: "Ye Chen!"Who can think of Chen ye here!

Mu old Mou son is suffused with a faint light, cold voice way: "just now, did you hear?"

Ye Chen stretched his back and said, "Zheng renjue had such great ambition! It seems that I underestimated him

Hearing this, Mr. Mu's expression suddenly changed! If this secret is leaked, it will be really troublesome!

"Last time in Hui'an Province, someone helped you. This time, I want to know who else will save you here!"

Then, he looked at all the people and said angrily, "let's fight together and kill this son!"

In Mu Lao's opinion, their strength is enough to kill Ye Chen!

Six figures quickly swept away, showing the cold sword one after another!

The sword meaning twinkles, takes the cold killing opportunity to the leaf Chen thorn.

Ye Chen does not move like a mountain, coldly looking at people, the strength of Hui'an province at the beginning and now is not the same.

Kill him?

It's impossible!

At the moment when the six swords were about to fall, ye Chen held out a finger: "kill you, one finger is enough!"

"Arrogant boy, look for death!"

Old Mu roared, and his sword idea stopped!

And ye Chen also points out.

The terrible waves, like a tsunami, swept in all directions.

"All to me!"

Looking at the collision between one finger and six long swords, ye Chen shows a sneer at the corner of his mouth!

The powerful meaning directly breaks through the bodies of three of them! Dead on the spot!

The remaining three people were shaken out!

Mu Lao spits out a mouthful of blood and smashes it on a giant tree!

Face fright!

Chapter 407

After a few seconds, Mu wants to support himself.

But found that his whole body bones almost scattered!

"Poof!"

He spat out a mouthful of blood, pale!

His eyes fixed on Ye Chen, exclaimed: "how possible, your strength has grown to this point!"

Who can understand the shock in Mu's heart at the moment!

From Hui'an province to now, only how many days!

The strength of the other side is several times stronger!

One finger can defeat them, and only master Zheng can do it!

But in front of me, the boy in his twenties has already reached this strength!

Who the hell can explain that!

His heart set off a storm, want to say something, but can't say it again!

He wanted to glare his eyes out!

Ye Chen stepped out and came to Mu Lao's face: "it's hard to feel right now. I was so in Hui'an province. Do you remember?"

Mu Lao spits out a mouthful of blood again. At the moment, he is suffering to the extreme!

The fracture of his rib went straight into the most vulnerable part of his body! He spat out blood and took out a dagger from his waist to end his life!

But when he just wanted to move the dagger, an invisible pressure came over him!

He can't move!

Ye Chen stood at the top of the mountain and said, "I just want to know one thing. How much do you know about the Qinling mountains?"

Old Mu sneered: "I am a dying man, I will always keep the secret, ha ha! You don't want to know! "

Ye Chen shakes his head, a dozen silver needles appear in his hand, and all the silver needles shoot out!
Keep shaking!

The next second, Mu Lao's face was frightened, and the pain of bone erosion was all over his body!

This feeling is extremely hard!

It's like dying!

"You treat me What has been done to me! "

Mu's trembling voice rang out. He saw the silver needle on his body and knew that this matter must have something to do with each other!

The key is that even the warrior can't bear the pain!

Ye Chen took out a cigarette from his pocket and quietly lit it: "the acupoints of the human body are very magical. He can control people's pain and cheat the human body. I don't know if you can withstand the time of a cigarette. I'm optimistic about you."

Old Mu felt more and more intense pain in his body. His whole body was shaking, his pupils were red and his mouth was foaming!

He wants to bear it, but he can't bear it at all!

"Cheer me up, I said! I say everything

At last, Mu Lao began to compromise.

Ye Chen put out the cigarette in his mouth and found that he had only smoked half of it. He grasped it with five fingers, and several silver needles flew out, which made him feel better.

"Go ahead." Ye Chen light way.

"This time, there are many forces involved in the accident of Qinling dragon vein. Although the dragon vein is related to the Qi of China, it is a great tonic for the ancient martial arts and practitioners. Once the power of the dragon vein is absorbed, its strength will certainly increase greatly." Mu Laodao.

"Go on..."

Mr. Mu took a deep look at Ye Chen and continued: "even if something happened to the dragon vein of Qinling Mountains, it would not affect the capital. Master Zheng and those forces had already laid out their plans a few months ago. This is a highly confidential matter, and I have only recently known about it."

"What about bailixiong? Do these people set a trap against Bai Lixiong?" Ye Chen asked.

Mu Lao shook his head: "as for bailixiong, I don't know. I only know that the General Bureau of martial arts in China has found the bodies of several iron and blood camp strongmen. The story of the Qinling dragon vein has been known by many people, and those people also want to take a share. Now the situation is out of control. More and more forces are pouring into the Qinling Mountains, not only in China, but also in other countries. "

"What about Zheng renjue?"

"Master Zheng is 30 Li to the west of this place. It is deep in the Qinling Mountains and the place where the dragon vein happened. If I guess correctly, Bai Lixiong should also be in it. That's all I know. Please give me a good time..."

Ye Chen Li thought, 30 miles west of here is almost where Bai Li Xiong disappeared. The other side didn't say it was desolate.

He nodded and turned to the West.

Mu Lao sees the other side does not start, Mou son shows a glimmer of joy, suddenly, a few cold light shoots!

The dreadful fear came again!

"Ye Chen, you mean person! Ah... "

A heart rending sound resounded.

And ye Chen at the foot of the agglomerate bursts of true Qi, quickly swept away!

Kindness to the enemy is cruelty to yourself!

Mean? So what! The rules of the world are made by the winner!

Ten minutes later, ye Chen did not have much distance from the coordinate point.

The closer he was, the more he found the smell of blood around him!

The ground is full of corpses, even some of them are bloody, shocking! We can see what kind of fighting broke out here not long ago!

Not only that, ye Chen also found that a hundred meters away, someone has blocked the periphery, no one is allowed to step in again!

And these people, in addition to the people of the General Bureau of Chinese martial arts, have practitioners!

Some of them have strong breath! Up and down the clutch!

Is it from the depths of Kunlun mountain?

On second thought, the dragon vein here is destroyed. If the cultivator gets the dragon vein, it is only good for cultivation, not bad for it!

Even Da Neng of the reincarnation graveyard is still worried about the small dragon vein, not to mention the Qinling dragon vein!

This is one of the main veins of China!

As ye Chen pondered, a quarrel broke out. As soon as he fixed his eyes, he found that two girls in the distance were preparing to rush into it by force, but they were stopped by some powerful men of the General Bureau of martial arts in China!

Even pushed to the ground, there is no pity on the jade!

When ye Chen's vision noticed the two girls' side faces, their faces changed slightly, because these two girls were not others, they were bailibeng and zhuya!

How did Bai Lixiong's daughter appear here?

And why did Zhu ya come here?

They are not in Jiangnan Province, they even came to the Qinling Mountains!

Bai Li Bing's hand has appeared several wounds, she looked at the person in front of her coldly: "my father is Bai Li Xiong, are you sure you want to move me like this! Can you bear the anger of my Baili family? "

"I know my father is in there. If you don't get out of the way, all of you will die!"

There are also several wounds on her body, and she holds a sword with blood on her hand, but the blood is not hers.

Obviously, JUA killed people, and judging from her momentum, not only one person was killed!

Ye Chen really does not understand these two people's strength is not strong, what to do in the depth of Qinling mountains?

The biggest possibility is that bailibeng knew that his father had an accident, so he and zhuya came here.

Ye Chen looks at several people who guard the entrance in the distance. When they hear that bailibeng is Bai Lixiong's daughter, their eyes become sharp and even more icy.

Chapter 408

"Are you Bai Li Xiong's daughter?"

A middle-aged man in uniform said, his tone with a trace of cold.

There is no intention of hiding.

Because Bai Li Bing's hair is a little messy, entering Kunlun Xu is to hide people's eyes and ears. She deliberately smears several layers of black on her face.

If you haven't seen it, you don't have to recognize it.

Bai Li Bing and Zhu Ya are not stupid. They feel this strong killing opportunity in an instant.

Bai Li Bing thought that the three characters of Bai Li Xiong would become the pass of the land of Qinling Mountains, but he didn't expect that the people who decided by Zheng Ren had a chance to kill!

Obviously, this Qinling incident is not so simple!

Could it be that the General Administration of Chinese martial arts was involved in the accident of his father? Otherwise, how dare these people kill themselves?

Bai Li Bing no longer thought about it. He laughed and shook his head. "I'll talk about it casually. Since we can't step in, we won't disturb you. Goodbye."

"Juya, let's go."

They turned around and were ready to leave. At this moment, a voice of exclamation suddenly rang out: "since you are here, please confirm your identity before you go."

"Run

Zhu Ya and Bai Li Bing no longer hesitated, and quickly went in one direction.

In terms of strength, they must not be the opponents of this group of people. They have no other choice but to run!

"Want to go, dream! Leave it for me! You are beautiful. To tell you the truth, I don't know what it's like to press Bai Lixiong's daughter under me! "

The middle-aged man's five fingers opened, a gust of wind rolled up all over his body, and went directly to Bai Li Bing and Zhu ya.

Seeing that his hands are about to touch two people, the corner of his mouth has already shown the evil desire smile!

Suddenly, a dark shadow shot rapidly!

His smile was stiff, and he quickly resisted the shadow!

The shadow came closer and closer, and it was completely revealed.

It's a huge tree. It's amazing. It's a huge tree. It's so fast!

"How could there be such a thing?"

He did not think about it any more. He took a picture of the tree. He thought the tree would break apart under his own hand, but he did not expect that the tree was not broken, but his body was hit and flew!

The strong air wave made it impossible for him to fight back.

"Bang!"

The giant tree hit the middle-aged man's body on top of another giant tree. The powerful force made his body squeeze out of shape and die on the spot!

Those left at the door of the strong feel something wrong, also ignore what, toward the second daughter!

But it hasn't taken a few steps, and a few strong wind blades are coming!

As soon as their eyes shrink, they quickly retreat. There are several deep pits in the same place, which shows the power of the wind blade.

"Who is it?"

"Who is in the dark, come out!"

"Stop Bai Li Xiong's daughter quickly, this person can threaten Bai Li Xiong!"

Several exclamations were heard, and one of the old men with terrible breath left. In the blink of an eye, he appeared in front of Baili ice.

"A group of rubbish from Huaxia Wudao Bureau, I must do it in person! Sorry, little girl, you can't go

The voice of indifference falls, the old man slaps toward the back of Baili ice!

I'm about to shoot Baili ice, "hiss!"

There was a sharp sound of breaking the sky in the air. I saw a long sword like a meteorite across the sky!

With a roar of strength!

The old man didn't have the slightest fear, and the long sword was pulled out from his waist. The two swords collided, and the sound of gold and iron mingling resounded.

Two swords fly out together!

One of the swords fell on Zhu Ya's not far away. When she saw the sword, she subconsciously covered her mouth!

This sword is familiar to her!

Cut dragon sword!

Her sword made by Zhu family!

At this moment, her steps suddenly stopped!

Baili ice noticed something was wrong and hastened to say, "Zhu ya, what are you doing? You can't walk any more!"

Juya's mouth showed a smile, beautiful eyes such as water, excited voice sounded: "ice son, we don't have to go, he's coming."

"Who's here?" Baili ice is in a daze, but also stops.

"Ye Chen."

Hearing Ye Chen's two words, Bai Li Bing was stunned at first, then her eyes were overjoyed to the extreme!

It was just in time for the evil spirit to come.

Sure enough, a figure came out of the jungle. It was a young man.

The youth's body is straight, his hands are behind him, his eyes are covered with a trace of cold, and a faint breath is around him.

The old man in the distance was staring at the youth and said, "who are you? Why do you want to damage my good deeds of Zhou Yan? "

Obviously, this powerful old man is called Zhou Yan.

The young man went to the middle of the two girls and ignored him. Instead, he said, "what are you two women doing here in Qinling?" Bailibeng saw that it was really Ye Chen. He took a breath and directly found a stone and sat down: "Ye Chen, come here. I can't bear it. I'll give it to you next time. You kill hard, I won't catch you. "

With joy in her eyes, Zhu Ya Mei bowed slightly: "Mr. Ye, we have met again."

Ye Chen nods. He actually has a good feeling for Zhu ya. In Hui'an province at that time, if Zhu ya did not come forward, the consequences would be unimaginable.

He reached out his hand and held it over Juya's slender arm: "those guys are responsible for these injuries?"

Zhu Ya laughed: "Mr. Ye, it's no big problem. It's just some minor injuries."

"Then I'll take it as a group of people."

Ye Chen's tone suddenly cooled down.

Seeing ye Chen appear, Zhou Yan is in love with his second daughter. He has no intention to pay attention to him. His face is red with anger.

"Stinky boy, are you listening to me! You can't die! "

Language down, he five fingers a grip, the sword fly back to his palm, is toward Ye Chen and go!

"Noisy!"

Ye Chen roared and the sword flew back to his palm.

The other side is also separated and separated, but ye Chen has the determination to crush!

A silver sword light, like a dragon and a snake, ripping away toward Zhou Yan.

Not only that, but Zhou Yan's sword broke directly!

"Get out of here!"

The cold light in Ye Chen's eyes flashed by, and madly mobilized the true Qi in his body, and the blood dragon's empty shadow directly gushed out.

With a burst of roar, the red light of the dragon sword in Ye Chen's hands flickers!

In the midst of a roar, out of the rage!

Just for a moment, ye Chen's sword in his hand suddenly vibrated.

The red light suddenly blooms, like the sun rising into the sky.

A stream of sword Qi condensed into essence.

The essence of sword Qi! This is a means that only the strong people above Zhenyuan can achieve.

And ye Chen at the moment in the blood dragon's assistance, even across a realm to do.

"How could it be!"

Seeing ye Chen burst out with such an amazing momentum and feeling the terror and killing opportunity emanating from ye Chen at the moment, Zhou Yan has no time to react and wants to retreat, but the sword shadow transformed into essence has penetrated Zhou Yan!

There's only a blood mist left!

Chapter 409

Originally, several people wanted to do it together, but when they saw Zhou Yan dead under Ye Chen's sword, they were completely stunned.

No one moved.

They know Zhou Yan's strength. In China, it is very difficult for ordinary warriors to compete.

Not to mention such a young boy!

But the picture of Zhou Yan being killed completely appears in front of them. The key is that they don't have the courage to bear ye Chen's sword now!

Ye Chen takes back the dragon sword. His eyes fall on Zhu Ya and Bai Li Bing's body and says, "how can you appear here?"

Bai libing stood up, looked at some people in the distance, and explained, "Zhu Ya and I were originally working in Sichuan Province. On the way, I received a call from my home. They hesitated, as if they

wanted me to go back to my family. I realized that something was wrong. I asked a lot of people and found that my father could have an accident in the Qinling Mountains. I was supposed to come alone, but Zhu Ya didn't. Don't worry. I'll follow you. "

Bai Li Bing knows that Ye Chen is the only one who can help her.

She believes in Ye Chen regardless of her strength or character.

From Jiangcheng to Jiangnan Province, then to Huian province and Beijing, she has been paying close attention to Ye Chen, just to know how far this person can go! The things she didn't believe were done by Ye Chen.

Now the appearance of Ye Chen is undoubtedly the best development!

"Ye Chen, the deeper Zhu Ya and I went, the more we found that things were not so simple. Many experts and forces appeared in the Qinling Mountains. When the General Administration of martial arts in China and those old men knew my identity, they even wanted to kill me! Absolutely wrong!

What's more, Juya and I killed a man before, and we learned from each other that there might be something wrong with my father! No matter what, ye Chen, you must take me in! My Baili ice or Baili family owes you a great favor

Bai Li Bing's voice is very serious!

Zhu Ya took a look at Ye Chen. She didn't want Ye Chen to be bound by Baili ice. She said, "Mr. Ye, if you don't agree, we won't be hard for you. We're very grateful that you can save us."

Ye Chen's eyes fell on that group of people, and the corner of his mouth outlined a sneer: "even if you don't let me interfere in this matter, I'll also intervene. Let's go, I'll take you in."

At the moment, the whole body of Ye Chen releases evil spirit, and the cold killing opportunity covers it.

Bai Li Bing and Zhu Ya follow Ye Chen, and they go to the place where they are pulling the warning line.

Several people from the General Bureau of Chinese martial arts and two other practitioners took a look at Ye Chen and subconsciously blocked the front entrance.

One of the strong men in the General Administration of martial arts said: "I'd like to tell you two adults. This son is called Ye Chen. He is the enemy of master Zheng and our General Bureau of martial arts in China. This son is extremely arrogant. Please join us to kill this son! Once this son stepped into the land of the dragon vein, the consequences would be unimaginable! "

The two adults nodded. Although they were afraid, if they joined hands, they might not fall behind.

No matter how the other side says that there is only one person, the key still has two encumbrances.

It's easy to kill him.

"This man killed our elder martial brother of duanhun sect. If we don't kill him, we can't explain to the elder martial brother inside. Let's do it together. We can't spare any strength!"

One of the old men with white eyebrows said.

The old man with white eyebrow is Qiu Tianlei, and his other younger martial brother is Cui qianjue. Both of them are disciples of the broken soul sect who have entered the separation and separation realm.

Qiu Tianlei and Cui qianjue are on the second floor and Cui qianjue's on the first floor. Together with these ancient warriors from the Chinese martial arts Bureau, it's enough to kill a boy who has just stepped into the Lihe realm!

"Do it! Not one of them

Qiu Tianlei roars, a sword toward Ye Chen!

A cold hum, the long black sword buzzing, black light.

This touch of black light, particularly strange, people feel scared.

Brush brush

The sword danced and the smoke rolled.

Sword across the land, as if the wind swept, waves surging.

Cui Qian is not weak. He holds a long knife in the palm of his hand and strides out step by step to get the key point of Ye Chen.

Stab

Bursts of tearing sound came, this moment the two broken soul of the disciples, go all the way!

Not only that, those masters of the General Administration of Chinese martial arts also went to Zhu Ya and Bai Li Bing.

It is impossible for them to deal with Ye Chen, but it is enough to distract Ye Chen with the danger of these two girls!

Ye Chen indifferently looked at the crowd and said to the second daughter, "you hide behind me and give me three seconds."

He didn't want to waste time. Bai Lixiong didn't know what kind of crisis he was in.

Although he has nothing to do with bailixiong, the benefits are worth his doing!

In an instant, ye Chen's body is surging with a breath of cold, the kind of cold deep into the bone marrow.

The sound of dragon chanting resounds!

A blood dragon directly rushed out of Ye Chen's body and flew to the height of 100 meters, looking down at the people from above! Cui qianjue and Qiu Tianlei see this scene, their faces change greatly, just want to talk, ye Chen moved!

"Blood dragon, come on!"

Ye Chen roared, and the blood dragon on the sky dived down and directly rushed into the sword in Ye Chen's hand!

"Qianlong cuts the sky!"

The light of blood evil breaks out on the body of the sword, and the sword of chopping the dragon is turned into swords.

Boom

The ultimate light, like a rainbow running through the sun, cuts through the sky, opens the sword meaning and the shadow of the sword, and goes straight to the two disciples of the broken soul sect.

Blood dragon's blessing, let Ye Chen's strength continue to be strong!

Da Neng of the samsara cemetery said that the blood dragon is his real card!

Although he is the same as these two people, but with the blood dragon, he is enough to crush the clutch!

One sword startles ghosts and gods. With the improvement of Ye Chen's strength, he becomes more and more powerful.

It's a move that's coming out of nowhere.

Powerful killing machine, in an instant toward the two people shrouded away.

"Not good!"

Seeing ye Chen's sword as powerful as thunder, breaking through all of them, they look very surprised. They want to retreat, but it is impossible!

The key is that they have practiced for so many years. They have never heard of a practitioner who can gather the blood dragon on the sword!

The key force is several times stronger!

What the hell is this operation!

"Boom!"

The place where the sword's meaning reaches, completely explodes, a burst of light chants, and the sword light soars to the sky in an instant!

This sword swept out, fast to the extreme, like thunder across the sky!

In a flash, the sky was full of sword Qi, and the cold was pressing!

The whirling wind, like the howling of evil spirits, takes people's heart and soul!

"Bang!"

A sword fell, the two people directly shake fly, and ye Chen has rushed out, five fingers for claws, directly twist Cui qianjue's head!

Blood spray!

"Younger martial brother!" Qiu Tianlei roared and wanted to help, but he couldn't protect himself!

Before he could speak out, the young man who twisted off his younger brother's head had appeared in front of him!

The youth seemed to hold a flame in his hand and hit Qiu Tianlei hard!

When the fire broke out, Qiu Tianlei was instantly submerged in the sea of fire.

"No one dares to stop where I want to go!"

A voice of indifference fell slowly.

Chapter 410

The faces of those people changed a lot!

I wanted to take the second daughter to hold Ye Chen in check, but I didn't expect that the two strong men like gods in their eyes could not even hold up for three seconds in Ye Chen's hand.

What strength is Ye Chen!

It's frightening to the extreme!

Just when they were about to touch Baili ice and zhuya, a cold and proud figure had already fallen.

That pair of cold eyes just stare at them like this!

They stopped at the same pace, and their bodies were stiff!

Ye Chen can even kill the strong men of the broken soul gate, not to mention them!

"Mr. Ye, please let us go."

"Plop!" Zheng renjue, the leader, was about to kneel down and beg for mercy.

Ye Chen has already moved!

Vaguely between, can only see a shadow around a few people through!

Everywhere you go, it's all blood!

At the moment, ye Chen seems to be on his own, killing thousands of troops, sweeping the sky and earth, harvesting life!

Those people don't even have the right to beg for mercy and kneel down!

Now he's like a demon coming out!

Cold death covers.

In the jungle, the silence is to the extreme.

Baili ice looked silly, she knew Ye Chen was very strong, but she didn't know it was so strong!

This strength almost almost almost catches up with her father and those top family strongmen!

She had no idea that there would be a young man in Huaxia to achieve such an achievement.

When Bai Li Bing was surprised, ye Chen had already returned to the original place and said to Zhu Ya and Bai Li Bing, "come on, next, you two must follow me. You can't leave me ten meters."

"Yes, Mr. Ye..." Bai Li Bing changed her address unconsciously.

Zhu Yamei eyes such as water, did not speak, has quietly come to Ye Chen's side.

She always believed that she would feel at ease with this man.

Ye Chen goes to the deep, his eyes are extremely serious.

There was so much blood in it that at least a thousand people died.

Who could have thought that such a thing would happen deep in the Qinling Mountains.

Along the way, are corpses, countless trees have been mercilessly cut, sword marks, knife marks everywhere.

The marks of bullets and weapons of mass are extremely clear.

"Mr. Ye, do you know why the General Administration of martial arts in China is so? They should have come to rescue the iron camp and my dad. " Baili ice is a wonderful road.

Ye Chen picked up a sword on the ground, glanced at it, and replied, "only interests can make the existence of this level rebel. This interest enables them to abandon even the state. This is the root of human nature."

"It's not just Zheng renjue. Next, no one will believe it. Except your father, remember what I said."

Bai Li nodded his head and said nothing more.

Juya also picked up a few pieces, looked carefully, and even touched her fingers, a trace of blood oozed out.

She quickly seized Ye Chen's hand and said in surprise, "Mr. Ye, this is a fragment of a spirit sword. It's of high grade, but it's broken. It shows what kind of strength it is to smash this sword! As far as I know, there are few powerful people in the martial arts circle of China! What's going on here? To shatter so many bodies and weapons? "

Zhu's ancestors all cast swords. In this respect, she has enough right to speak.

Ye Chen Mou son tiny MI, thought of what, open a way: "want to know what happened here, very simple, can be reunited."

Zhu Ya frowned when she heard the words: "Mr. Ye, there is no camera equipment here, and no one can take pictures. How can we reunite?"

Ye Chen holds that piece of fragment in the palm of the hand, sneer: "look at is."

With that, ye Chen sat cross legged and closed his eyes.

It seems that Zhu Ya and Bai Li Bing are more and more suspicious.

What is Mr. Ye going to do? Practice?

The next second, ye Chen pinched his finger, then gently danced in the air, and drew a rune directly!

Step into the way of talisman, he will display some skills will be more simple and powerful!

A strange Rune suddenly appeared in the air in front of him.

He released his hand, and a fragment floated up, clinging to the rune.

"The way to the end"!

Ye Chen keeps saying something in his mouth.

Can break the vitality, thousands of miles to find people!

With Ye Chen's speaking speed getting faster and faster, the runes and fragments in front of him even float up!

Next second, direct combustion!

The flame is blue! It even forms a strange shape.

"Now!"

Ye Chen bites his finger and shoots out a blood essence! When the blood essence hits the flame, the fire lights up!

This time, there was a picture in the air!

It's like a projector!

In the picture, a middle-aged man with a Chinese face stands in the center, surrounded by 20 strong men in combat uniforms. A medal is engraved on the chest of the combat uniform!

On the medal, there are three bronzing words of iron and blood camp!

Baili ice saw the picture in front of her. Her eyes were surprised and subconsciously covered her mouth: "Dad!"

Red eyes! More tears!

But Zhu Ya is trembling, slightly open mouth, beautiful eyes, colorful waves, deeply staring at Ye Chen, beautiful face is full of shock!

She knows everything about Chinese martial arts and Taoism, but no one can use this kind of magic art!

This is almost beyond her understanding!

The key is how the man did it. At this moment, countless conjectures flew through his mind, but Huaxia's current scientific system could not explain it at all.

Ye Chen's eyes are fixed on the picture.

In the picture, bailixiong and 20 people in the iron blood camp are surrounded by a group of strong men inside and outside!

There are many dangers!

Zheng renjue is also among them!

Not only that, but also dozens of powerful practitioners whose eyes twinkle with indifference and madness!

Bai Li Xiong did not frown, holding a big knife in his hand!

The cold killing machine released, staring at Zheng renjue, angrily said: "Zheng renjue, has Huaxia treated you badly! Did you forget who gave you blood

Zheng renjue's eyes were indifferent and his hands were behind him. He opened his mouth and said, "hundred Li Xiong, you can't intervene in the Dragon veins of Qinling Mountains! As long as you abandon your accomplishments and let my people erase their memories, I can give you a way to live! Otherwise, no matter how strong you are, you still have a chance to win in front of so many people? "

Bai Lixiong laughed, and his furious voice resounded: "even if I died in battle, I would die for China! I shed blood to my country, to my children! And you, Zheng renjue, can only live in the world! "

"Iron and blood camp, dare you fight a bloody way!"

"Dare!"

Bursts of roar ring through the mountains, a bloodthirsty war broke out!

In the picture, Bai Li Xiong shuttles through the crowd, and everywhere he goes, he is in a mess.

Blood, broken arms, death, cold, covering the battlefield!
