### Chapter 4021

The next moment, the golden thunder was dragged into Longwei heaven prison. He wanted to struggle and explode himself, but nothing helped.

With the bloody dragon claws clenched hard, the golden thunder in the prison of longweitian in the palm felt that the myriad worlds of heaven were crushing and directly exploded.

"Bang!"

The golden thunder burst, but it has a majestic atmosphere, full of vitality of the golden thunder liquid outflow, this golden thunder and ye Chen met before are different, with vertical pupil, momentum and power is more powerful, so it contains more gold mine liquid.

"Here you are, master."

At this moment, the blood dragon spreads out its claws. In the Dragon Wei heaven prison, the golden thunder liquid of two small lakes stays in the palm of the blood dragon.

"Oh, I don't need it. Enjoy it yourself."

Ye Chen looks at these two regiments of golden thunder liquid, pour is some heart beat, the golden thunder liquid that he swallowed before adds up, I'm afraid that is the amount of this regiment.

However, no matter what, the blood dragon just broke through, but ye Chen did not intend to take the golden thunder liquid, or left it to the blood dragon to swallow. It is most important to stabilize the foundation. After all, when the blood dragon is strong, it is equivalent to Ye Chen's own strength.

Hearing Ye Chen's words, the blood dragon also has no nonsense, directly through the Longwei heaven prison, absorbed the golden thunder liquid.

For a time, gold thunders burst out of the blood dragon's body, flashing on him. This is because the golden thunder liquid contains too much pure thunder power, which is hard to refine for a time.

The first time the blood dragon refined the golden thunder, it was also a little uncomfortable. The dragon's body trembled slightly and endured the refining of the thunder. However, the tough and bloody dragon scales were more and more bright, and the light was more and more dazzling. Obviously, he got a lot of benefits.

At the same time, the blood dragon has just broken through, and some unstable state is also rapidly stabilized. Looking at the blood dragon's continuous condensed breath and increasing momentum, ye Chen's mouth corners draw a touch of arc.

After a while, the force of thunder slowly dissipated from the blood dragon, and the breath of blood dragon's continuous improvement gradually calmed down. A pair of huge dragon pupils looked at Ye Chen, revealing a sense of joy.

At the next moment, the body of the blood dragon was shocked, but it turned into a human form. Its appearance and body were very similar to Ye Chen. Standing beside Ye Chen, he was like a brother.

"Master, the golden thunder is indeed a good thing."

The blood dragon turned into a human body looked at Ye Chen with a grin and couldn't help exclaiming.

"Of course, I'll lie to you."

Ye Chen smiles and shakes his head. The golden thunder is broken, absorbed and refined by the blood dragon. The vast thunder disaster that blocks the sky from the sky also slowly dissipates. At this moment, the eternal holy king and Yan Kun also come.

"Congratulations, the strength of the blood dragon is further improved."

At the moment, the eternal king looked at Ye Chen and said with a smile.

"Thank you very much."

Ye Chen and Xuelong look at each other, and are very grateful for the help provided by the eternal king. At the same time, they clasp hands and thank the way.

This eternal fierce place belongs to the Eternal Clan. In order to let the blood dragon enter the experience, the eternal holy King paid a great price. He treated Ye Chen and Xuelong so wholeheartedly, and ye Chen and Xuelong were grateful.

At this time, Yan Kun said with a smile: "elder brother, the realm of blood dragon can't be improved again, and you don't have to stay in the eternal land, you can leave."

"After all, there are still people waiting to fight the blood dragon."

As soon as this word comes out, ye Chen's face changes slightly and looks at the blood dragon.

But the blood dragon is a pair of suddenly enlightened appearance, fiercely patted the head.

"If you don't tell me, I almost forget that the date of the engagement with the Dragon Master of the Ming Yang is coming."

The blood dragon's face became serious, sensing the message from the valley of the dragon. In these days of eternal ferocity, the moon and others did not give him less information.

At the moment, the blood dragon also learned what happened in the valley of the Dragon during this period of time from the youyue population.

The state of the dark Yang dragon Zun has been promoted very fast, and has reached the level 8 of heaven and earth. These days, he has been repeatedly provoked and wants him to appear.

The speed of the breakthrough should be related to the emperor yuan hall. There is a dirty agreement between the emperor yuan hall and the Ming Yang dragon Zun.

In this regard, the blood dragon disdains it. No matter how powerful the emperor yuan temple is, if he wants to insert his hand into the valley of the dragon, he should also ask him whether he agrees or not.

The opponent's choice of Mingyang Longzun as a chess piece is definitely a bad move. He will let the people in the Diyuanyuan hall know that with his blood dragon, all his wishful thinking in the palace of emperor yuan will be broken. He will personally suppress the emperor's Yang dragon Zun, so that the people in the Diyuanyuan hall can't get any benefits from the dragon's valley.

"Master, I want to go back to the valley of the dragon and fight with Mingyang dragon Zun."

At the moment, the blood dragon turns to look at Ye Chen. His strength has reached the bottleneck of breaking through, and he can't be promoted in the eternal fierce place. Moreover, the agreement with Mingyang dragon respect is coming soon.

"I hope you can accompany me back to the valley of the dragon and witness the miracle I have created. I will personally suppress the Dragon Zun of Mingyang and reunify the northern and southern factions of the Dragon Valley after countless years!"

The blood dragon looks at Ye Chen with surging fighting spirit in his eyes. Hearing this, Ye Chen draws a radiant smile around the corner of his mouth. Xuelong has such an idea. Ye Chen appreciates it very much and agrees immediately.

"Well, it happens that I have nothing to do recently, so I will go with you."

Hearing this, the blood dragon was very excited. At the next moment, he looked at the eternal holy king and Yan Kun, and then said, "you two, the date of the agreement will be in the near future. I'm sorry I can't stay for a long time, so I'm going to leave."

"Oh, go."

The eternal King gently waved his hand, and ye Chen looked at each other, and nodded slightly.

But on the other side, Yan Kun is to the blood dragon show admiration smile, immediately said: "go quickly, I wish you a victory."

Thank you very much

Blood dragon embraces his fist to thank him, and then he looks at Ye Chen. Ye Chen nods to him. The next moment, the void is torn. Ye Chen and blood dragon directly step into the void passage and leave the eternal evil place.

At the moment, looking at the place where ye Chen and ye Chen disappeared, the smile on the old face of the eternal holy King converged faintly, and his eyes flashed over a dignified look.

"Blood dragon and ye Chen's trip may be very dangerous, but you and I can't interfere in this. It's the fate of the blood dragon. Whether we can survive depends on his hitting nature."

As soon as he said this, Yan Kun's face did not change slightly. He watched the blood dragon go through a battle of life and death in the eternal and fierce land, but he never bowed his head. He had already admired the blood dragon, and obviously did not hope that the blood dragon would fall.

Ye Chen and Xuelong obviously don't know about the worries of eternal king and Yankun. At this moment, they have reached the valley of dragon.

Standing outside the valley of the dragon, ye Chen can see that the mighty and magnificent dragon Qi converges above the valley of the dragon, forming a dragon that is as long as ten thousand feet and blocks out the sky and the sun.

This is the manifestation of the spirit of Dragon Valley, which contains extremely strong power. However, generally, the dragon will not do anything. Unless it is related to the life and death of Dragon Valley, everything has nothing to do with the dragon. After all, the dragon is just the manifestation of rules, and it only acts according to the rules.

## Chapter 4022

At the moment, the blood dragon becomes a human and stands outside the Dragon Valley, but his breath has already spread into the interior of the Dragon Valley.

For a moment, the valley of the dragon was in a state of shock. In the palace of the North Lake school, the eyes of Ming Yang dragon Zun were cold. Through the magnificent palace, it seemed that he saw the real body of the blood dragon, with endless killing intention in his eyes.

In the Nanhu school, a group of dragon people, wearing cheongsam, are exquisite and attractive, and the moon flies out to meet the blood dragon.

"Welcome the return of emperor Zun!"

You Yue and others called out respectfully to the blood dragon, especially when they realized that the momentum of the blood dragon was almost invincible and the realm was unfathomable, which made them feel shocked. They speculated that when the blood dragon disappeared, where they had gone, could they have such a rapid improvement.

Originally, you Yue and others were still worried about whether the blood dragon could defeat the hell Yang dragon Zun. After all, the dark Yang dragon Zun colluded with the emperor yuan hall, and the speed of improvement during this period was too fast, and they had reached the eight levels of heaven and earth.

Now it seems that the blood dragon's realm probability is not as high as that of the Ming Yang dragon, but I'm afraid it has the power of a war, and it won't be crushed.

At the moment, watching youyue and others respectfully greet him, Xuelong is also excited. Thinking of the upcoming war and ye Chen's ability to see him achieve such a feat, Xuelong is extremely excited.

"Go back to the palace!"

The blood dragon raised his hand and ordered with great dignity.

At the same time, the blood dragon also looked at Ye Chen and said respectfully, "master, go to my palace first. When the battle begins, I will prove myself to you."

Hearing this, ye Chen shakes his head and smiles, looking at the blood dragon's eyes full of praise.

"You don't need to prove yourself to me. In my eyes, you are always the strongest existence."

Hearing this, Xuelong couldn't help smiling.

But this scene of the moon and others in the eyes, but is stunned, blood dragon is the emperor of Dragon Valley, is their reverence, the supreme existence in the mind.

But at the moment, the blood dragon is so respectful to the humble Terran in front of him, even worships the Terran as the main force. How can it be.

"Emperor Zun, who is this human race? How can you worship him as the Lord?"

At this moment, you Yue can't help but say.

"Yes, my dragon family is proud of the universe. When do you want to submit to the human race, Emperor Zun, this is a disgrace to the dragon clan!"

"Our dragon clan only knows the strong. If this Terran is strong, it's OK. But how can you give priority to him in the holy ancestral realm?"

One after another, the blood dragon has already set foot in the field of South Lake with Ye Chen. At the moment, all the dragon people in South Lake are inspired by Ye Chen's appearance, and they all speak out their doubts one after another.

For a moment, ye Chen encounters a thousand people's accusations, but for this, ye Chen looks indifferent and doesn't care at all.

Instead, it is the blood dragon. At the moment, his eyes are shining with fire, and his heart is even more ashamed. He wants Ye Chen to see his performance, see his miracle, and unify the feats of Nanhu two factions.

But the blood dragon did not expect that the subordinates of Dragon Valley would question Ye Chen. Ye Chen is his master, and no one can question Ye Chen.

"Enough!"

The blood dragon suddenly roared and looked at every dragon clan, including the moon.

The blood dragon's momentum broke out, and the fierce dragon power of the seven layers of heaven and earth swept all directions. All the Dragon families in South Lake trembled in succession. They looked at the blood dragon with disbelief. They didn't expect that the blood dragon had such a great improvement in a short period of time.

At the same time, you Yue and other dragon people did not expect that the blood dragon would be furious because of a celebrity. This is clearly just a humble family in the holy ancestral realm. Why should we pay so much attention to it.

You Yue and other people's doubts have not been answered. At the moment, the dragon power of blood dragon is released, which frightens the whole audience. However, all the dragon people in Nanhu just shut their mouths and dare not speak any more.

Even if they are dissatisfied, these dragon people dare not say any more questions about ye Chen. After all, the dragon people respect the strong, the blood dragon is the emperor, and the heaven and earth are seven layers of heaven and earth. This is enough to make these guys shut their mouths and suppress their inner resentment.

At this moment, it seemed that the dragon power of the blood dragon broke out, and a laugh came from afar. Then, a figure with a momentum as deep as the sea and violent as thunder rose into the sky and appeared in front of the people of Nanhu sect.

"Blood dragon, you finally dare to appear. I thought you were afraid and ran away secretly!"

The man who came here laughed wildly. He was wearing a black robe, and the Ming Yang dragon Zun was looking at the blood dragon with evil eyes at the moment.

Blood dragon heaven and earth state seven layers of heaven, the Ming Yang dragon Zun see clearly, eyes not from slightly narrow, a glimmer of cold flash, but not too afraid.

After all, with the help of the emperor yuan hall, Mingyang Longzun has reached the eight levels of heaven and earth. The higher the realm is, the greater the gap between each small state is. Therefore, the emperor thinks that he can easily crush the blood dragon.

"Thanks to my intelligence, I cooperated with emperor yuan hall in advance."

At the moment, Mingyang dragon Zun is staring at the blood dragon, but he can't help thinking so. In the eyes of Mingyang Longzun, the speed of blood dragon's promotion is too fast. If he didn't cooperate with the emperor yuan hall, I'm afraid that even the six layers of heaven and earth will not be able to reach now. At that time, the blood dragon will be crushed.

But fortunately, he prepared for a rainy day and kept everything in his hands.

The last draw was just the reason why he suppressed the same realm.

If you don't suppress this time, the blood dragon will die!

"Well, I'm afraid?"

The blood dragon looked at the arrogant Ming Yang dragon Zun, but there was a flash of disdain in his eyes. He said with a sneer, "you're so collusive that you've done some shameless things. The guy who lost my face in the valley of dragon is not worthy of my fear."

As soon as this was said, the face of Mingyang Longzun suddenly changed. He was very clear that the blood dragon was alluding to his cooperation with the emperor yuan hall. However, he thought that his cooperation with the emperor yuan hall was very secret, but he did not expect to have been exposed to these guys.

"Well, I don't understand what you're talking about!"

The Dragon Zun of Ming Yang angrily yelled, but he turned the subject aside and said, "now the appointed time has come. There should be a war between you and me!"

Mingyang dragon Zun showed a ferocious smile and noticed Ye Chen beside the blood dragon. His eyes were strange: "such a waste of the holy ancestral realm, you even brought him into our Dragon Valley, and you are so respectful to him. You are the disgrace of our dragon family."

The blood dragon doesn't care what Mingyang Longzun says about himself, but he even says something to humiliate Ye Chen. The blood dragon is furious. He has gone through countless deadly battles in eternal ferocity, and the cultivation of anti heaven killing suddenly breaks out.

The magnificent intention of killing swept across the sky and shocked the whole dragon valley. Even Mingyang dragon Zun felt his body frozen for a moment, and his face became extremely dignified.

Chapter 4023

"What did you just say?"

The blood dragon looks at the dark Yang dragon Zun coldly and asks in a cold voice.

Looking at the blood dragon's angry appearance, Mingyang dragon Zun's eyes flashed at Ye Chen and then said, "hum, it seems that you are eager to fight. In this case, I will send you on the road!"

Mingyang dragon Zun directly rose to the sky, looked at the blood dragon and said with a sneer: "if you have the courage, come up and fight with me, I will let you know what is really powerful!"

"Well, you're such a jerk?"

Blood dragon disdain sneer way, the next moment is not hesitant to fly up, directly to the sky.

On the ninth day, the blood dragon and the Ming Yang dragon are in opposition. In their eyes, the fierce fighting spirit is flashing. In the sight of each other, there seems to be invisible thunder colliding.

The vast blood light and the dark light constantly collide on the sky, and the blood dragon and the Ming Yang dragon Zun fight each other, making the sky change color.

"Let me see what you've been hiding for so long, and dare to come out and compete with me!"

Mingyang dragon Zun looks at the blood dragon, and the powerful aura sweeps out. At the next moment, he suddenly cuts at the blood dragon with a sword.

"Click!"

The sword of Mingyang Longzun unexpectedly attracted endless cold light. The endless spirit of heaven and earth condensed towards the blade of Mingyang dragon Zun. It turned into a frightful cold light. It even cut the sky with a sword and cut it hard towards the blood dragon.

"How dare you teach your skills like this?"

The blood dragon looked at the cold light shaking the world, as if to cut off the terrible cold light of the sky, but there was no fear in his eyes, instead, he was full of disdain.

"Tiancanwu Dao!"

The blood dragon drinks in his mouth. His eyes are bright and his array is condensed. The five heavenly remnant blades are flying out. The fierce fighting spirit and smoke are sweeping, which directly collides with the long sword of Mingyang Longzun.

"Boom

There was a great shock between heaven and earth, even the sky seemed to collapse, and the endless space in the sky was broken, revealing a dark and deep void.

Seeing this scene, many dragon clans around the Dragon Valley showed a shocking look, while Ye Chen was staring at the Mingyang dragon Zun and the blood dragon. He saw that under this collision, the strength of the blood dragon was no less than that of the Mingyang dragon.

"If the strength of the Ming Yang dragon Zun is like this, then the blood dragon will surely win the game."

Ye Chen looks at the battle on the sky and says in his heart.

At this time, after a collision between the blood dragon and the Ming Yang dragon Zun, each of them shook their own bodies, and then opened their distance.

The blood dragon looked at Mingyang dragon Zun, licked his lips and showed a disdainful smile: "is that it? It's just that. "

On hearing this, Mingyang Longzun's eyes were grim. He found that although the blood dragon was a seven layer heaven in heaven and earth, which was a little weaker than him, his strength was not inferior to him, which made him feel incredible and full of pressure.

"It's just a random sword. What if you block it? Now I'll let you kneel down and beg for mercy

In the eyes of Ming Yang dragon Zun, his anger surged and he cried in a cold voice. However, he no longer hid his strength and suddenly raised his voice to the sky.

"Roar!"

The dragon's body was so huge that it could not be seen from the sky.

"Die away! Ants

In this dark world, countless mountains have grown into dragon people, and countless long rivers are also like dragon people.

Even the white clouds flowing between heaven and earth, and the sun and moon floating in the sky, are turned out to be black dragons, some circling, some winding, deducting into all things in the world.

"My self-respect is that the dragon family dominates the world. I am the supreme of the dragon family, and I will dominate everything!"

Mingyang Longzun laughed. His ambition was huge, but his character was very conservative, and he didn't dare to take risks. Therefore, his ambition was very difficult to realize in this life.

At the moment, Mingyang dragon Zun looks at the blood dragon and suddenly takes a breath of dark black dragon, which penetrates the void and roars towards the blood dragon.

"Hum!"

This dark black dragon breath contains the original dragon Qi of the Ming Yang dragon Zun. It vanishes everything and devours everything, just like darkness. It is necessary to melt the blood dragon.

In the face of the dark dragon breath, the blood dragon is not afraid. On the contrary, its body vibrates and manifests itself.

The blood dragon scale is shining brightly in the sky and the sky. The fierce and murderous spirit sweeps through the sky and frightens the whole world. The blood dragon is so powerful that it even surpasses the Ming Yang dragon Zun which is higher than him.

The dragon body of the blood dragon is no smaller than that of the Ming Yang dragon. At the moment, it is suspended above the sky, and it is also the Dragon Valley. All the Dragon families scream with astonishment.

The shape of the blood dragon is much better than that of the Ming Yang dragon. What's more, the blood dragon is still the real emperor of the Dragon Valley. There are dragon beads of Yunlei emperor on the forehead. The mighty dragon Qi and imperial power permeate the four fields, which is the source of the Dragon spirit of all the heaven. The blood dragon's whole body is the source of the air flow, coldly looking at the dark dragon breath coming from his face, he also spits out a mouthful of blood red dragon breath.

This is the dragon breath which contains the blood dragon's original dragon Qi. It contains infinite fighting intention and infinite killing intention. At the moment, it collides with the dark black dragon breath, but the void is constantly collapsing and everything is breaking down.

The collision of the two dragon breath sent out a series of terrible shock waves, which wiped out the void around, but no one could do anything about it. After a moment, it exploded.

At the moment, the body of Mingyang dragon Zun passed through the endless broken void caused by the impact, and directly exploded to kill it. The dragon claw seemed to overturn the heaven and earth, and fiercely grasped the blood dragon.

"Die for me!"

From the roar of the Dragon Master of the Ming Yang, he is only using the dragon breath to test the blood dragon. Now it is the real battle.

Seeing this, the blood dragon's eyes are filled with endless killing intention, and the same claw is patted to the Ming Yang dragon Zun.

"You are looking for death!"

The blood dragon sneers and slaps the same claw at the Dragon Zun of Mingyang. The blood dragon claw is like glass, but it is flashing with a terrible chill that makes people feel scared.

"Bang!"

At the next moment, the Dragon claws collided, and the dragon body of Mingyang dragon Zun suddenly trembled. A touch of horror flashed in his eyes. A wound appeared in the heart of his dragon claw. Drops of dragon blood dripping down from the dragon's power were quietly disappeared by him with his aura.

But on the other side, the blood dragon's eyes are cold, the dragon's claws are not damaged at all, but this collision, high and low judgment.

"How can this guy grow up to such a level? He is obviously a weaker state than me. This is not the heaven God realm, not to mention the holy ancestral realm. How can he fight over the steps?"

Mingyang Longzun's heart was shocked, and his eyes became more and more intensely killing. He decided that he must wipe out the blood dragon. Otherwise, when the blood dragon grows up, he will always be under the pressure of the blood dragon and will not turn over.

Chapter 4024

"Wild hybrid dragon, next year today is your death day!"

The killing intention of Ming Yang dragon Zun breaks out. The powerful aura and dragon Qi are swept out. The blessing is on the dragon body, and the strength increases sharply. The next moment, it directly kills the blood dragon.

As a result, the blood dragon's fighting spirit soared to the sky and rushed to the dark sun dragon Zun without fear. Under the sunlight, the bloody dragon's body burst out the terrible power of destroying the heaven and the earth, and collided fiercely with the dark sun dragon Zun.

At this moment, the blood dragon and the Ming Yang dragon Zun didn't use any magical skills. They just collided with each other and made the sky change color. The whole Dragon Valley trembled endlessly under their fight. Even many weak dragon families were affected by the battle and fell into a coma.

"Boom

When the blood dragon moves carelessly, he is directly hit by a claw of the Ming Yang dragon Zun, and suddenly falls towards the high mountain, crashing down the vast mountain peak.

At the moment when the blood dragon flies backward, the dragon tail of the blood dragon is also fiercely swung, and it directly sweeps the Mingyang dragon Zun. As if struck by lightning, the Mingyang dragon Zun flies upside down and directly bumps into the deep pool below. For a time, the deep pool disintegrates, and the vast pool rises and falls into all directions.

"Damn you!"

Mingyang dragon Zun flies from the deep pool, his eyes are ashamed and angry. He didn't expect that the blood dragon can collide with him to this step. Such a blood dragon can't stay!

At this moment, Mingyang dragon Zun didn't want to keep any hands. The dark dragon scales were blooming and cold. The next moment, they stood up one by one, and then broke away from the dragon body and shot out towards the blood dragon.

This piece of dark black dragon scales rose in the wind, and suddenly turned into a series of forest long knives tearing the heaven and earth, and fiercely cut down towards the blood dragon.

"Tianyou cold knife, kill everything!"

It seems that the long sword of terror is going to cut the sky into pieces, and to cut and tear the whole world. It's terrible to the extreme.

In the face of this day's cold sword, the blood dragon's eyes are slightly heavy, and the next moment he takes a claw.

"Longwei heaven prison!"

The blood dragon's heart was filled with rage. The mighty dragon power swept through the dragon's claws, and a heaven prison was condensed to meet the endless cold sword.

"Bang bang bang!"

Longwei heaven prison takes the infinite long sword into it, and the terrible force of repression crushed all the long swords and turned them into pure power, which was refined by the blood dragon.

At this moment, the blood dragon was unstoppable, and his eyes were heavy. With one claw, he wiped out all the infinite long swords. Then, with his strength not reduced, he took a straight shot at the dark Yang dragon Zun.

"Looking for death!"

Seeing this, the dragon of Mingyang was furious, and the cold light in his eyes flashed. At the next moment, a dark and extremely dense God awn pierced through.

"Heaven kill you, cold light!"

Mingyang dragon Zun roared and roared, and the divine awn shot at the dragon claw of the blood dragon. At this moment, the Dragon Power heaven prison could not suppress the divine awn, and it broke into pieces. The divine awn then penetrated the dragon's claws of the blood dragon, and then disappeared.

"Roar!"

The dragon's claws pierced and scarlet blood flowed down from the sky. The blood dragon couldn't help but take a breath of cold air. Then his eyes became extremely fierce. He wanted to prove his strength to Ye Chen. He hoped that Ye Chen could see that he crushed the Mingyang dragon Zun, but he was not hurt by it.

"I'll make you pay for it!"

At this moment, the blood dragon's momentum erupted. Looking at the Ming Yang dragon's exalted intention to kill, the brilliant blood red dragon scale bloomed with endless brilliance, as if the incarnation of the supreme Dragon God who controlled the blood, the invincible dragon power swept all over the place.

"The sea is dark and dark!"

In the blood dragon's heart, the mighty aura and the Dragon Spirit swept through. Between the two corners of his head, the vast rules of vicissitudes emerged, and the mysterious and mysterious rules flowed around, and the mysterious waves overflowed and dispersed.

The runes appear in the air, condense continuously, and turn into a translucent cold light between the two corners, and suddenly burst out towards the Dragon Zun of Mingyang.

Seeing this translucent cold light, the scales of the dragon of the Ming Yang dragon Zun all rose abruptly. He felt a fatal crisis enveloping him, as if the boundless hell was sweeping through. He wanted to eat him in and suppress him forever.

This cold light could even threaten the life of Mingyang Longzun, which made his eyes startled and determined to kill the blood dragon at all costs.

"Damn Zalong, if I hadn't you, I would have unified the valley of dragon. Now I still want to be rampant with me. I want you to die without doubt!"

Inside the dragon's body and the heart of the huge dragon race, a black fruit like pearl blooms with black light.

This pearl is also full of magical runes, full of boundless power. This is the card that Mingyang Longzun asked for from the emperor yuan hall.

You Ming evil bead! This is the bottom card that the emperor yuan hall gave to Mingyang Longzun. It is full of the netherworld and the most evil treasure of Youxie great power.

At the moment, Mingyang dragon Zun refines this ghost bead, and the inner part of the dragon body is filled with powerful dark evil power. At the same time, there are even a round of strange ghost marks on the black dragon scales of Mingyang dragon. These runes even swim like tadpoles.

The dragon's evil spirit has spread from the dark world to the dark sky. "You forced me to do all this!"

The Ming Yang dragon worshipped the blood dragon, and the terrible momentum of destroying the heaven and the earth shocked the whole Dragon Valley, making all the Dragon families close their mouths in horror.

With the use of Youming evil beads, the blood dragon can greatly improve its strength and burst out such a terrible momentum and strength. At the moment, the blood dragon is like a boat in the rough waves, and it seems that there is no resistance in front of the dark sun dragon Zun.

"What did you use?"

Facing the Ming Yang dragon Zun, the blood dragon slowly narrowed his eyes. He was very clear that what the hell Yang dragon Zun used must have come from the emperor yuan hall, because he sensed the same breath as the emperor yuan hall.

Only in the palace of emperor yuan can you bring out a treasure like Youming evil pearl, not to mention the common forces. Even if you turn over the valley of dragon, I'm afraid that you can't find a treasure that can improve the Ming Yang dragon Zun to a small level in a short time.

However, in the agreement between the blood dragon and the Ming Yang dragon respect, it is obvious that the treasure given by other forces can not be used. At the moment, the Mingyang dragon Zun has violated the rules.

At the moment, many people watching the battle in the Dragon Valley are also aware of this. You Yue and others are very ugly, but they dare not speak more. Because the momentum of Mingyang dragon Zun is too terrible at the moment, they are afraid that they will be killed directly if they offend the emperor.

In the face of powerful forces, all rules and agreements can be ignored. Strength is the real rule of Dragon Valley.

But at this time, the Ming Yang dragon Zun heard the blood dragon's words, but showed a proud and playful smile.

"It doesn't matter what I used, it's important that you die in my hands now!"

In the eyes of Mingyang dragon Zun, there is an opportunity to kill the heaven. A dark evil cold light suddenly shoots out from the cold dragon pupil.

Chapter 4025

"Hiss!"

This evil cold awn is full of strange rules, everything along the way withers, even the space withers and withers, turning into endless Nirvana powder.

At the moment, there was also a fear in the blood dragon's eye. The dark Yang dragon Zun refined the dark evil pearl, and his strength was enhanced to nine layers of heaven and earth. His strength was greatly increased. He also mastered the strange law of the dark, which gave him a sense of great threat.

"Blood pupil congeals!"

The blood dragon murmured, and countless blood lights appeared in his eyes. He even solidified everything he could see, and even time and space were still at this moment.

The blood light covered the dark evil cold awn, which made the dark evil cold light stagnate in the air, but at the moment, the sky trembled. A moment later, the void suddenly burst, the blood light broke, and the evil cold awn broke free and attacked the blood dragon.

"Poof! "

the cold light of Youxie directly penetrates the blood dragon's solid scale. The terrible power of you evil is rampant in the blood dragon's body, and the rules of you evil collide with each other, and the muscles and blood of the blood dragon are withered.

Just a dark evil cold light, let the blood dragon suffered a lot of injuries, at the moment even spit blood, the color of the blood is gray, full of withered and decayed flavor.

"Ha ha! You are doomed to die in my hands

At the moment, watching the blood dragon being hurt, Mingyang Longzun laughed excitedly. The treasure of the emperor yuan palace was extraordinary, and he was born to fit in with himself. Unfortunately, the Youming evil bead was consumable. If he could be promoted to the nine layers of heaven and earth and master the law of the nether world, he would go beyond the realm of heaven and earth.

Looking at the Ming Yang dragon Zun's complacent appearance, the blood dragon's heart is incomparably calm, and his eyes are deep and staring at him.

"Do you really think you're in the game?"

The blood dragon looked at the Mingyang dragon and said coldly.

Hearing this, Mingyang dragon Zun looked at the blood dragon's indifferent look. Somehow, he felt uneasy.

"You are the running dog of the palace of emperor yuan. You enhance your strength with the help of the treasures of the palace. You have broken the rules, and you are also the culprit of the valley of dragons!"

The blood dragon suddenly snapped: "and I will not violate the rules set by myself, but it does not mean that I have no means to enhance my strength. I want to take you in an aboveboard way and let you know what is the real power!"

While the blood dragon roared, the Dragon bead of Yunlei emperor on his forehead erupted a magnificent source of dragon Qi. The mighty dragon power covered the whole Dragon Valley, and the source gas blocked the sky and the sun.

In the endless source gas, the dragon ball of Yunlei Di is in full bloom. However, inside the dragon ball, there is a red and bloody ball.

This ball is not a magic treasure, but a blood bead accumulated by the blood dragon in endless battles.

In the eternal ferocious land, the blood dragon has experienced countless battles of life and death, and killed many terrible and fierce beasts with profound crimes and towering ferocity.

Every time an enemy is killed, Yunlei emperor's Dragon beads can absorb each other's blood and ferocity. The blood dragon has been accumulating this power. Until now, the dark sun dragon Zun has the audacity to violate the rules and enhance its strength with the help of the dark evil beads in the emperor yuan palace.

The blood dragon does not intend to hide its strength any more. Inside the Dragon beads of Yunlei emperor, the vicious blood beads float out and fall directly into the mouth of the blood dragon. It turns into a pure ferocious force and melts into the blood dragon's body.

"Boom

For a time, heaven and earth fell into a state of panic. The blood bead of evil spirit contained endless ferocious power. Now, under refining, the fierce power burst out and turned into countless cruel and extremely fierce virtual shadows between heaven and earth.

These virtual shadows seem to break the sky and kill the whole world one by one. Their eyes are filled with endless madness and killing. Even the dragons in Dragon Valley are shocked at the moment.

At the same time, there is endless blood in the blood bead of evil Qi. The blood dragon refines the blood gas, and the wound just suffered is healed instantly, and its own strength is also increasing wildly.

"Roar!"

The blood dragon roared up to the sky. The blood light and ferocity wreaked havoc on the sky. His realm suddenly broke through the shackles and temporarily broke through the eight layers of heaven and earth.

Seeing this scene, the pupil of Mingyang dragon Zun shrinks fiercely, and his most worried thing happened.

Knowing that the blood dragon had great potential, he could even fight over the ranks. Therefore, he chose to cooperate with the emperor yuan hall, and asked for such treasures as the Youming evil bead from the emperor yuan hall as the bottom card.

However, Mingyang Longzun couldn't think of it. He calculated so much and prepared well, but he still didn't calculate. The speed of blood dragon's promotion was too adverse. Moreover, he also mastered the means to enhance his strength in a short period of time, which made him confident to win the heart of blood Dragon.

"Well, let's show you what real power is."

The blood dragon refines the fierce Qi and blood beads, which frightens the sky like an invincible master. He looks down at the dark Yang and says coldly.

Hearing the speech, the dark Yang dragon Zun's face was chilly. "Hum, you're too big to be ashamed. Even if you can promote yourself by force, you'll have to give me a cut!"

Mingyang dragon Zun said in his mouth, the dragon body suddenly danced, turned into a dark evil black awn, and instantly rushed to the blood dragon.

"Youming evil chop!"

The cold light flashed in the eyes of Mingyang dragon Zun. The evil spirit of the dark world swept through his mouth. He turned into a long sword in his mouth. His dragon head bit the blood dragon fiercely, and the long sword was cut off immediately. This long sword is full of the evil spirit of the nether world and contains the law of the nether world. Everything along the way is withered and broken, and the blood dragon's face changes slightly. It feels that the Qi and blood in the body will collapse.

"You are a crooked family, and dare to teach others how to do it!"

At the same time, the blood dragon retreated and dodged. On the other hand, it was running the endless blood in his body, and the endless ferocity that covered the sky swept out.

"Blood kills fierce blade!"

At this moment, it turned into a bloody and ferocious long sword, which directly met the Youming long sword in the mouth of Mingyang dragon Zun.

"Bang!"

The next moment, the long sword collided, and the mouth of Mingyang dragon Zun exploded, blood splashed everywhere, and the sharp dragon teeth were all broken, and the Youming long sword in his hand exploded.

On the other hand, the state of the blood dragon is much better than that of the Ming Yang dragon. However, the body vibrates and the aura is slightly disordered.

After all, the Youming evil chopping of Mingyang Longzun used his mouth to chop, and the force of long knife collision inevitably hurt him. At the moment, he was extremely embarrassed and made him completely angry.

"Damn Zalong!"

The dark black dragon scale on his body is blooming with brilliance. The ghost runes flowing on the dragon scale are actually turned into thin lines and continuous on the body of Mingyang dragon Zun.

"Hum..."

Strange waves flow between heaven and earth. At this moment, the dark thin lines on the body of Mingyang dragon Zun actually outline a prototype of the world, and then fly up from his body and hang in the air to cover the heaven and earth.

"Nether world, Nirvana everything!"

The Ming Yang dragon looked at the blood dragon and cried angrily in his heart.

But at this moment, the small world outlined by the dark thin lines suddenly becomes bigger and covers the blood dragon in an instant. The terrible power of confinement emerges, making the blood dragon unable to break the space and get rid of the repression.

Chapter 4026

"Die for me!"

The dark world is full of endless darkness. It is necessary to suppress the blood dragon in the darkness. The darkness also contains the terrible power of nirvana. Everything along the way is twisted and defeated and turned into nothingness.

In this dark world, the blood dragon felt as if he had appeared in the real hell. He could not get rid of it. Everything was covered by darkness and he would be swallowed up.

This scene also shocked all the Dragon families in the valley of dragon. Looking at the darkness above the sky, the blood dragon's body disappeared completely. The dragon people of Nanhu school were anxious.

Even ye Chen is sweating for the blood dragon at the moment. The strength and talent of the blood dragon is really good, but the Ming Yang dragon Zun is a high level of bleeding dragon, and ye Chen is not sure that the blood dragon will be able to defeat the blood dragon.

On the other side, a group of dragon people of the North Lake school were extremely excited. Although they knew that the Ming Yang dragon Zun had colluded with the emperor yuan hall, it was nothing to them. After all, they were not the lunatics of the South Lake school, who were dreaming of breaking the whole foreign dream.

In the view of the dragon clan of the Beihu school, the Ming Yang dragon Zun killed the blood dragon, unified the Dragon Valley, and led the line with the emperor yuan palace. The Dragon Valley will surely develop better.

In the nether world, the blood dragon has a dignified face. He is surrounded by infinite blood light, blocking the darkness from sweeping away. However, the darkness annihilates everything, and his power is also rapidly consumed.

"You can't go on like this. You have to break this place!"

The blood dragon's eyes were cold. He knew that the longer he stayed in this place, the more dangerous he would be.

At this moment, the blood of the blood dragon was galloping, just like the sea experienced a strong wind and turned into a rough sea. There was a deafening roar.

And the body of the blood dragon also increased in an instant, even more than doubled, especially his claws.

"Seize the sky and crack the empty claw!"

The blood dragon roared up to the sky, and the fierce power broke out. The claws increased several times. With the endless power brought by the soaring body, the blood dragon slapped at the edge of the nether world.

"Click!"

In the darkness, there was an endless burst of light, and the world was full of light.

In the outside world, Mingyang Longzun tried his best to control the nether world, and wanted to kill the blood dragon directly. At the moment, his body suddenly trembled, and a mouthful of blood suddenly gushed out.

"This madman!"

Looking at the cracked nether world, the dragon of the nether world was shocked. The power of the blood dragon was so terrible that it could shake the dark world condensed by the law of the nether world. You should know that this is the law of heaven and earth. How can it be shaken.

However, in the dark world, the blood dragon who saw the dawn was very excited. The Dragon beads of Yunlei Di were blooming, and a road of dragon's source gas swept out and attached to the huge dragon claws of the blood dragon.

"Break it for me!"

The blood dragon grinned grimly and slapped hard on the barrier of the nether world again.

At this moment, even if Mingyang Longzun tried his best to stabilize the nether world with all his strength, it was of no use at all. The mighty power, not to mention breaking the nether world, would even break the heaven and earth.

"Boom

The whole world was shocked by the huge dragon paws.

Looking at the infinite power of the blood dragon, the invincible dragon body appears in front of you again. Ye Chen is relieved and nods with satisfaction.

The magic dragon clan of the Nanhu school was even more excited, especially when they saw that the nether world was broken and the blood dragon was undamaged, while the Ming Yang dragon Zun was spitting blood and his breath was even more dispirited.

"Hum, what about collusion with emperor yuan hall? Emperor Zun wants to lead us to smash the palace of emperor yuan. The cooperation between Mingyang Longzun and them is just the fate of being crushed. "

"Yes, Emperor Zun is gifted and powerful. No one can stop us."

"When Emperor Zun wins the treaty war and unifies the northern and southern factions, it will not be long before the valley of dragon will be able to unify the outside world, smash the palace of emperor yuan and crush the upper boundary!"

Hearing the words of the magic dragon clan of the South Lake sect, the North Lake sect hated each other, but did not reply. Instead, they looked at the dark Yang dragon Zun above the sky.

The world of the nether world was broken by the blood dragon fury, and the dark Yang dragon Zun was also severely attacked. At the moment, his dark light was dim and his breath was withered. It seemed that he was doomed to defeat.

"I really didn't expect that you, the miscellaneous dragon, could force me to this step!"

At the moment, the Ming Yang dragon is staring at the blood dragon, but his eyes are full of resentment and hatred.

"Hum, you collude with the emperor yuan hall and eat inside and pick on the outside. I will let you obey the law today and make an example to others."

The blood dragon looked at Mingyang dragon Zun, looked scornful, and cheered.

Hearing this, the magic dragon people of the South Lake sect again cheered. Mingyang dragon Zun's eyes became more and more indifferent. He glanced at a group of dragon families below, and then looked at the blood dragon.

"I admit you have some skill, but that's it!"

"I won't keep any more hands, and I won't give you any more chances!"

There is endless hatred in the words of the Dragon reverence of the Ming Yang. All the aura in the body is mobilized. The powerful aura sweeps through the sky, which makes the world change colors and vibrate endlessly.

At the same time, there are also mighty dragon Qi and netherworld Qi sweeping out, along with boundless aura, constantly converging on the dragon body of the Ming Yang dragon.

Gradually, an evil spirit of the dragon family was enveloped in the body of the Ming Yang dragon. The shadow of the dragon family was more grand and majestic than that of the Ming Yang dragon. It was like an invincible Dragon God, full of endless imperial power.

"You Ming dragon god, suppress everything, help me to kill the evil enemy!"

At this moment, the shadow of the Dragon God on the Dragon Statue of the Ming Yang is completely condensed. The deep dragon pupil looks at the blood dragon as if he has consciousness, revealing endless cold.

"Roar!"

At the same time, the Dragon Zun and the shadow of the Dragon God roared at the same time, and the towering dragon power swept over the sky. This was the oppression of the Dragon God. He wanted to suppress everything and control the heavens.

In the face of the virtual shadow of the Dragon God, the blood dragon is also slightly heavy in his heart. However, the blood dragon does not care about the towering pressure. He is born with the intention of killing and has experienced countless battles of life and death. No one can make him fear in the momentum, even the Dragon God.

"With the help of external forces, it is a heresy after all. I want you to see clearly that only one's own strength is the strongest!"

At the moment, the blood dragon gazed at the dark Yang dragon Zun, and roared with great fury. The next moment, the blood dragon suddenly opened its mouth, and the endless blood light poured into the blood dragon's mouth.

"Kill everything, destroy everything, kill all dragon blood!"

Chapter 4027

The blood dragon's heart was furious. At this moment, the endless blood light gathered, and the Dragon beads of Yunlei emperor on his forehead emerged, and the source gas of the mighty dragon also melted into the blood dragon's mouth.

The most terrible thing is that the body of the blood dragon has shrunk greatly at the moment, as if the whole body's blood had been squeezed dry. It was crazy to gather the blood light in the entrance.

At this moment, the blood light in the blood dragon's mouth is brewing and forming, and a terrible wave of destroying the heaven and earth, killing all ages and erasing together, is transmitted.

Even Mingyang dragon Zun was shocked when he saw this scene. He felt that even if the shadow of the ghost Dragon God could protect himself, he could not resist the attack of the blood dragon, and he would be killed directly by the blood dragon.

In the face of such terrible dragon blood all killed, the Ming Yang dragon Zun also thoroughly panicked, did not dare to have any hesitation for a moment, mobilized all his strength, did not leave a trace, all into the shadow of the ghost Dragon God.

"You Ming dragon god, the blood of extermination, help me kill the enemy!"

At this moment, he even overdraw his vitality and merged everything into the shadow of the Dragon God. In return, he got a drop of blood slowly oozing from the forehead of the ghost Dragon God.

The blood is extremely dark, dark and deep. It exudes the terrible breath of extreme evil and nirvana. Moreover, it seems that there is a world in this drop of blood, which has a very terrible pressure. The moment it condenses, it makes the void collapse and all collapse.

The blood of extermination, which is a drop of blood of the ghost Dragon God, has an unimaginable terrible power. The mighty power of the Dragon God sweeps through, making the whole Dragon Valley fall into a fear of extinction.

At this time, the shadow of the ghost Dragon God was staring at the blood dragon, and suddenly pointed out that the blood of extermination instantly penetrated the void and burst out towards the blood dragon.

At the moment when the blood burst out, the ghost of the Dragon God disappeared.

On the other side, the blood dragon looked at this drop of blood that pierced through the void and suddenly appeared in front of him. He didn't dare to have any hesitation. The dragon blood that had just been brewed out of his mouth suddenly shot out to meet the blood of extermination.

"Boom

Before the blood light and the blood of extermination had not touched each other, the Invisible Rules collided with each other, which made the heaven and earth shake endlessly.

The terrible breath of killing the world circulates around, and the mighty impact spreads continuously. To make the sun and the moon overturn and the heaven and earth collapse, the whole Dragon Valley seems to burst.

Looking at this terrible scene, everyone's breath will stop. They are staring at it. They dare not move their eyes for a moment. They dare not relax, for fear of missing the most important scene.

At this time, the blood light and the blood of extermination were in real contact with each other, the magnificent blood light was constantly worn away, the blood of extermination was constantly shaking, and there was endless darkness and blood light blooming, which even enveloped the heaven and earth.

The world fell into a black and red color, enveloped by the terrible shock wave, as if trapped in the doomsday.

This situation did not last long. Soon, the darkness began to crumble. A bloody light broke through everything and crushed everything. It suppressed the endless darkness with an invincible posture, and suddenly penetrated through.

"Bang!"

The blood of extermination and the blood of dragon are all killed. However, the blood light becomes dim, but it still has the terrible power and shoots directly into the body of the Dragon Master of the dark Yang.

"Ah

At this moment, the dark Yang dragon Zun, who was already exhausted of his breath and strength, could not help howling. He felt that everything in his body was invaded by the blood light. If he was to be completely melted, he would die.

"Even with the help of emperor yuan temple, you are just like this!"

At the moment, the blood dragon kills all the dragon's blood. Although it consumes a lot, he doesn't melt almost all his blood into the blood light as he did in the eternal ferocious place. Therefore, he still has a certain strength and appears directly on the top of the Ming Yang dragon statue.

At the next moment, the blood dragon's cold claws directly pierced the dragon body of Mingyang dragon Zun, lifted up his trembling body and looked coldly at his dragon pupil.

Mingyang Longzun was lifted up by the blood dragon like a dead dog. Looking at the blood dragon's killing eyes, he was shocked. He realized that the blood dragon really wanted to kill him, and he really dared to kill him!

"What do you want to do?"

Mingyang Longzun's eyes were terrified. He could not help but roar. The dragon's body was pierced by the sharp claws of the blood dragon, which made him feel colder and colder, and the cold spirits would freeze.

"What are you doing?"

The blood dragon looks down at Mingyang dragon Zun. At the moment, his condition is not good. The Dragon scales are dim, but he is much better than Mingyang dragon Zun.

With a chill in his eyes, the blood dragon Tong was cold and merciless, as if he were the Supreme Master. He said calmly: "it is a crime for you to collude with the emperor yuan hall. It is against the rules of the battle agreement. This is another crime. You are the sinner of the Dragon Valley, and you want to kill me. Today is your death date!"

The blood Dragon said in a cold voice. The dragon's claws were full of blood and ferocious power. They directly rushed into the body of Mingyang dragon Zun. In an instant, they destroyed all the internal organs of the emperor, and they wanted to destroy him directly. At the moment, the boundless fear came, and the dark Yang dragon Zun felt that all his life was dissipating and his vitality was rapidly passing away. He couldn't help shouting.

"You can't kill me, you can't kill me. I'm the descendant of Taishang Longzun. If you kill me, Taishang Longzun won't let you go!"

The vitality of Mingyang Longzun is getting weaker and weaker. He stares at the blood dragon. His eyes are full of resentment and hiss and roars.

"Tai Shang long Zun?"

Hearing this, Xuelong frowned. He knew that Taishang Longzun had been sleeping deep in the valley of the dragon. His strength was very strong. In the valley of the dragon, he was highly respected by the dragon and had a detached position.

I didn't expect that there was such a relationship in the Ming Yang dragon Zun. He was the descendant of Taishang Longzun.

The blood dragon's eyes are slightly cold, but they don't care about it. Even if there is a relationship between Mingyang dragon Zun and Taishang dragon Zun, they can kill the hell Yang dragon Zun without politeness by virtue of the fact that the hell Yang dragon Zun wants to kill himself. What's more, the Mingyang Dragon Zun also eats inside and outside and colludes with the emperor yuan hall.

"Hum, even if it's Taishang Longzun, it can't protect your life!"

The blood dragon coldly said that the fierce and fierce blood that rushed into the body of Mingyang dragon Zun was more violent. When he heard this, he looked at the blood dragon and couldn't help despair. He didn't expect that the blood dragon was so crazy. He moved out of the background of Taishang Longzun, the blood dragon didn't care and dared to attack him.

You should know that the reason why Mingyang Longzun dared to compete with the blood dragon for the throne of emperor was that he thought that there was Taishang dragon Zun behind him. He could not be afraid of everything, and did not have to worry about life and death. That's why he was so presumptuous.

Now, the biggest card of Mingyang Longzun is ignored by the blood dragon. He can't believe it. At the same time, he is completely desperate. He only believes that Xuelong is a madman, extremely arrogant madman.

"Even I can't keep him!"

Just at the moment when the Dragon Zun of Mingyang was about to die, a magnificent voice suddenly sounded, which shocked the whole valley of the dragon and even spread all over the sky.

Chapter 4028

Then, the mighty ancient dragon power swept out, blocking the sky and controlling everything. The supreme dragon body was suspended above the sky, and the indifferent and vicissitudes dragon pupil looked down on the blood dragon.

In the dark dragon, the dragon's mouth is shining like the dark dragon.

Seeing the appearance of Taishang dragon Zun, the blood dragon's face changed slightly, while the other dragon families in Dragon Valley, whether they were Southern or northern schools, or a group of elders, bowed down respectfully at the moment.

"I've seen the Dragon King."

He turned a blind eye to the salutation of the people. The dragon body of Taishang Longzun approached the blood dragon slowly in the air. His eyes were cold and cold, and the fierce dragon power rolled over him.

"Are you going to kill my offspring?" The emperor asked in a cold voice.

The accountability attitude of Taishang Longzun made Xuelong feel dissatisfied and frowned slightly. He regarded Taishang Longzun as an elder, so he didn't want to be rude, but the other party didn't seem to treat him as a descendant.

"I advise you to let him go now and not do too many wrong things."

Taishang Longzun's attitude is extremely arrogant. He just glances at the blood dragon, and orders the way in an unquestionable tone.

At the moment, Mingyang dragon Zun, who was held in the dragon's claws by the blood dragon, also felt that he had survived. The supreme dragon Zun woke up at the critical moment, but saved his life.

"Blood dragon, let me go. Didn't you hear what Taishang Longzun said? If I die, you will die too! "

At the moment, Mingyang dragon Zun is extremely proud. Looking at the blood dragon, he can't help shouting.

Hearing this, the blood dragon's eyes are more and more dissatisfied. Taishang Longzun is completely different in treatment. Relying on his own strength and status, he bullies himself and wants to make himself bow. But when can he bow his head to others!

In the face of the clamor of Mingyang Longzun, the corner of the blood dragon's mouth suddenly draws a cold radian, and the dragon's claws clench fiercely. He only listens to the miserable howl of Mingyang Longzun, and the blood dragon has already looked at the Taishang dragon Zun.

"Tai Shang long Zun."

The blood dragon looked directly at the proud dragon Tong of Taishang dragon Zun and said: "this is an irreconcilable contradiction between me and Mingyang Longzun. It is a battle of life and death. If he is defeated today, death is his destiny."

"Taishang Longzun asked me to let him go. If I lost today, would Taishang Longzun let him let me go?"

Hearing the words of the blood dragon, Taishang dragon Zun did not respond. Instead, he gazed at the blood dragon, clenching the claws of the dragon's body, and spoke coldly.

"Are you looking for death? This is my order. Dare you not obey it

The Dragon Zun of Taishang suddenly roared. The fierce dragon power swept out and directly covered the whole dragon valley. I don't know how many dragon families could not bear it and fell to their knees.

Seeing this scene, ye Chen's eyes flashed a touch of anger. Taishang Longzun was so aggressive and unreasonable that he forced the blood dragon to bow down, which made him extremely angry.

And at this moment, the supreme emperor Longzun angrily cried again: "I don't want to listen to your nonsense. Now release the Mingyang, or you can die!"

"Taishanglong respects the tyranny

At the moment, the blood dragon looked at the Taishang dragon Zun and suddenly sneered: "you are domineering. I am more domineering than you. Do you want to force me to compromise? Just because you are not qualified! "

The blood dragon laughs. Without waiting for the Taishang dragon Zun to react, his body is filled with endless blood and Qi, and the fierce and ferocious power all pour into the body of Mingyang dragon Zun.

In an instant, the body of the dragon was stretched out like a balloon, and then the vast energy swept through, directly destroying all the internal organs and six internal organs of the emperor.

"Ah

Mingyang dragon Zun didn't realize that the blood dragon would suddenly make a move. Even in the face of Taishang dragon Zun, he dared to be so presumptuous. At the moment, he had no time to react. He felt that the darkness was coming in front of him, and his vitality was rapidly passing away.

The blood dragon hands in anger and directly uses his whole body strength to wipe out the hell Yang dragon Zun.

At this time, Taishang dragon Zun also noticed what the blood dragon was doing. He could not help but see the cold light of Lu Sen, and he was furious and roared: "you bastard, you dare to disobey me, you are too rampant!"

The emperor roared. The blood dragon did not give face, which made him feel endless shame. He immediately waved the huge dragon claws that covered the sky and beat the blood dragon hard. He wanted to crush the blood dragon directly and tear it into slag to vent his hatred.

And when the supreme dragon master made a move, the mighty power of the blood dragon had already poured into the body of the Ming Yang dragon.

Ming Yang dragon Zun couldn't even ask Taishang Longzun for help. He could only look at Taishang Longzun with his desperate Longtong. The next moment, it turned into a vast fog and dissipated between heaven and earth.

"Hoo..."

After killing the Ming Yang dragon Zun, the blood dragon directly devoured all his Qi and blood, and the power consumed in the first World War was also rapidly replenished. At the moment, looking at the Dragon claws attacked by Taishang Longzun, the blood dragon's body was shocked and the vast space was broken. Then the blood Dragon appeared at the other end of the sky.

"Very well, you have succeeded in angering me!"

Taishang dragon Zun looked at the blood dragon fiercely. The mighty and magnificent dragon power swept out, and his huge dragon claw suddenly grasped it, and the endless aura spread to all directions. "Heaven and earth are forbidden!"

Taishang Longzun murmured, and the space of thousands of miles in the Dragon Valley square garden was immediately banned and could not jump in the space. This was to prevent the blood dragon from escaping.

"Your destiny is doomed to die. I want you to be buried with Mingyang!"

Taishang Longzun roared and shot the blood dragon with one claw. His appearance was very similar to that of Mingyang dragon, but his strength was far beyond that of Mingyang dragon.

At the moment, Taishang Longzun took a picture, which made the wind and clouds surge between heaven and earth. The terrible power of killing the world swept down, and the blood dragon's look changed dramatically.

"Well, you don't have the ability to kill me!"

The blood dragon roared and roared, and the endless blood light appeared in the claw. The prison of one side of the dragon was condensed from the dragon claw.

"Longwei heaven prison!"

The blood dragon's claws meet the supreme dragon Zun and collide with each other's claws without fear.

"Click!"

In this collision, the claws of the blood dragon were suddenly broken, and the scales and flesh were flying. Even the dark gold, indestructible keel was broken one after another, and the sharp bone stubble was exposed, which was shocking.

"How dare you disobey me even with this skill!"

Taishang Longzun broke the dragon's claws with one claw, but he was undamaged. Looking at the blood dragon with a heavy look, he sneered and said, "the next moment is another claw.".

"I'm going to shoot you to death today, so that you can know the end of disobedience to me!"

The blood dragon didn't listen to the dissuasion, and killed Mingyang dragon Zun by force, which made Taishang Longzun angry. At the moment, he wanted to torture the blood dragon to death, so that he could vent his fierce anger.

At the moment, in the face of the Dragon claws that Taishang Longzun is constantly photographing, the blood dragon tries its best to resist, but every time it is crushed by the supreme dragon Zun, the dragon body is constantly injured, and it is soon severely damaged.

"Poof..."

The blood dragon was smashed from the sky by Taishang dragon Zun, and the scarlet blood was constantly spitting out. The dragon body fell on the Dragon Valley, shaking the whole dragon valley. The Dragon scales on his body were broken one after another, which looked extremely miserable.

Chapter 4029

The breath of the blood dragon was withered and had suffered heavy damage. However, at the moment, Taishang Longzun did not give up and dived from the sky, and the huge dragon claws were photographed again.

"Enough!"

At this time, a roar of anger rang out. Ye Chen rose directly into the sky and blocked the blood dragon. The mighty spirit swept through, and the boundless Hongmeng Qi surged out. Ye Chen's invincible momentum broke out, which made the actions of Taishang Longzun slow down for a moment.

"Terran?"

Looking at Ye Chen in front of the blood dragon, the supreme emperor Longzun squints his eyes and stares at Ye Chen. He can detect that there is something strange about ye Chen, which seems to involve endless cause and effect. He does not want to provoke Ye Chen, but only if ye Chen does not stop him from killing the blood dragon.

"Why are you here? Do you want to protect this rebellious hybrid dragon?"

Taishang Longzun's indifferent Longtong stares at Ye Chen, and asks in a solemn tone.

"Blood dragon and Ming Yang dragon Zun are the battle of life and death. Even if he killed the emperor, he did not break the rules. Why are you so aggressive? You should leave a line of life to see you in the future. It's the same to be a dragon!"

Ye Chen is not afraid to look at Taishang Longzun, with senhan killing intention surging in his eyes.

Hearing Ye Chen's words, Taishang dragon Zun was so angry that he burst into a rage and said, "hum, how dare you come to take charge of my Dragon Valley? The blood dragon really doesn't understand the rules, and even brings you such a humble race into my dragon valley. "

"I tell you, if he dares to disobey me, he will surely die, and you will die here today!"

The supreme emperor Longzun was furious. He knew very well that since Ye Chen was involved in a terrible cause and effect, if he wanted to kill the blood dragon today, he would certainly offend Ye Chen and cause trouble.

Anyway, no matter what, it's always troublesome. It's better to kill Ye Chen and Xuelong, and it's less dangerous.

At the moment, Taishang Longzun's intention of killing is majestic. Ye Chen's face changes slightly and his eyes can't help narrowing.

At the bottom, the blood dragon realizes that Taishang Longzun wants to attack Ye Chen. Regardless of the injury, he brings up his final strength and rushes to the sky and comes to Ye Chen.

For Xuelong, his most important person is always ye Chen. If anyone dares to hurt Ye Chen, he must pay a heavy price.

"As an elder, you are so shameless. I will join hands with my master today to ask for advice. What skills and qualifications do you have that are respected by the dragon clan of Dragon Valley?"

The blood dragon tore up his face completely, and said angrily.

As soon as he said this, Taishang Longzun's body trembled with Qi, and the dark dragon scales all burst into flames. This was the reaction of his rage. In his indifferent and vicissitudes of life, his killing intention even turned into a flame and was burning fiercely.

"Good! Good! You are a picky hybrid dragon. You have given priority to human race. You have disgraced me in the valley of dragon. I will kill you two with my own hands today

Taishang dragon Zun roared suddenly. The terrible black dragon breath was gestated in his mouth. The mighty dragon power swept out, which made the heaven and earth tremble endlessly, as if to crush everything.

At this moment, the dark black dragon breath condenses into shape and bursts out in an instant. Everything along the way is completely destroyed, and the terrifying power of killing the world roars.

Taishang dragon Zun was completely enraged, and killed Ye Chen and blood dragon directly. A breath of black dragon breath erupted and destroyed everything.

Seeing this, ye Chen's face is extremely dignified, and the blood dragon under his feet is roaring, and a mouthful of blood red dragon breath spurts out to meet the other party.

However, ye Chen suddenly pulled out his sword, and half of the seal was opened!

That Lich mark, also thoroughly opens!

Destruction Shinto erupts!

Ye Chen wants to do his best!

At this moment, the evil sword broke out, and ye Chen cut it out.

Even if you know that this power is not enough, ye Chen can only fight for it!

"I walk out of Jiangcheng and coexist with the blood dragon!"

Ye Chen drinks in his heart, tears the cold awn of the sky, cuts through the endless void, echoes with the blood red dragon breath, and severely bumps into the dark black dragon breath.

"Boom

The terrible impact of destroying the heaven and the earth spreads out. The bodies of blood dragon and ye Chen suddenly fly backward, while the Taishang dragon Zun is undamaged. The dragon's body suddenly bursts out.

"I don't know how to live or die!"

Taishang Longzun appears in front of Ye Chen and his giant claws, which cover the sky and the sun, are suddenly photographed. The endless cold light sweeps across the sky, and the mighty dragon power and majestic power suppress the sky.

In the face of this claw, ye Chen and Xuelong have bleeding on their mouths, and they are directly hit before they can react. At the next moment, a man and a dragon fall down like a cannon ball and crash into a huge mountain not far away. With a roar, the peaks are all collapsed, and ye Chen and they are under the pressure of endless ruins.

"Hum, two mole ants!"

Seeing this scene, the supreme emperor Longzun scorned to sneer, but it was the nothingness of dragon claws. Endless strange streamers emerged from the void, and black runes with rich ghost flavor emerged one after another, and converged among the Dragon claws.

A wave of terror spread out and spread to all directions. All the dragon people in the valley of dragon were shocked, and felt their muscles and bones were soft. They even had the impulse to kneel down on the spot. This is from the fear of death. "What means is this?"

Some dragon people couldn't help but ask in horror.

"It's said that Taishang dragon Zun can get to this stage by his unique skill of becoming famous. The ghost can swallow everything, even the black hole can't resist it!"

"The ghost devours? Taishang Longzun didn't just want to kill the Terran and the blood Dragon Emperor. I'm afraid he had already made up his mind to let the Terran and the blood Dragon Emperor vanish in the dust, and his soul would be driven out of his wits, and he would never be able to live beyond life

One after another, the sound of shock rang out. They felt that Taishang Longzun was cruel and resolute, and they also looked at the ruins of the collapsed mountain.

Ye Chen and Xuelong are under the ruins, but at the moment there is no news. They even suspect that ye Chen and Xuelong have been beaten to death by Taishang Longzun. After all, it is not surprising that taishanglongzun has the invincible combat power for countless years.

At this moment, the terrible dark light of Taishang dragon's Zun claw heart is constantly converging, and the waves overflowing are more and more terrifying, giving people a sense of despair. The whole valley of the dragon is shrouded in this sense of despair.

Under such circumstances, ye Chen and Xuelong are in the ruins, bathed in blood, and their breath is very weak. The strength of Taishang Longzun is too terrible. Even if they join hands, it is difficult to compete with Taishang Longzun.

At this moment, ye Chen and blood dragon can also sense the endless killing intention of the outside world, as well as the terrible wave of destroying and swallowing everything. They are very clear that this is the supreme Dragon King who wants to kill them.

In this regard, ye Chen and the blood dragon look at each other, ignoring the body injury, the aura swept out, fiercely shaking the surrounding waste rocks.

Seeing ye Chen and blood dragon emerge from the ruins, all the dragon people in Dragon Valley stare at them.

On the other hand, long Zun's eyes flashed with cold light and suddenly showed a grim smile: "hum, it seems that you two are ready to take the initiative to die!"

Chapter 4030

The dark light of Taishang dragon's Zun claw heart is more and more bright, like a dark sun. The vast dark light covers the whole Dragon Valley, and even the heaven and earth fall into the dark color.

Looking at the light of the nether world, ye Chen and Xuelong are both extremely dignified and feel the incomparable terrible pressure. The ghost of Taishang Longzun devours, the power is terrible to the extreme, as if to destroy the heaven and earth, to break the whole world, and even to make life unable to resist, to accept the fate of death.

"It's not so easy to kill me!"

At the moment, ye Chen suddenly roars, his voice contains endless fighting intention, and suddenly expels the lingering miscellaneous thoughts. Meanwhile, the blood dragon under Ye Chen's body is trembling and his eyes are clear.

This ghost swallowing is not only powerful but also has the strange ability to influence people's mind and spirit. If ye Chen's mind is not stable and abnormal, they will be trapped in endless despair and sink completely. They will not be able to make any counterattack in the face of the ghost devouring. They will be completely crushed and swallowed up and become nothing.

Seeing that ye Chen has broken the enchanting effect of the netherworld devouring, Taishang Longzun sneered at him. Originally, the enchanting effect was just an additional effect of the nether swallowing the invincible power. It doesn't matter if it is broken.

At this time, the blood dragon is awakened by Ye Chen, with a touch of solemnity in his eyes. While he is full of fear for the ghost, he is also full of endless fighting spirit. The more terrifying his opponent is, the more he will make the blood dragon's fighting spirit boil.

"Master

At the moment, the blood dragon suddenly looks at Ye Chen, opens his mouth to drink low, his eyes are crazy.

"Yes."

Looking at the eyes of Xuelong, ye Chen nods firmly. He knows the meaning of Xuelong.

At the moment when they were just shot into the mountain by one claw and covered by endless ruins, ye Chen and Xuelong also had a trace of understanding of the blood moon butchering the sky.

Ye Chen realizes that the blood dragon is the result of his intention to kill today, and he is no different from you and me. Under such circumstances, he can use the blood moon to kill the sky, and the blood dragon can also.

It's just that blood dragon is different from ye Chen after all, and there is no sword for falling dust and descending dragon. Therefore, only when ye Chen is around, can blood dragon try to use blood moon butcher sky chop, and can only gather a round of blood moon.

Therefore, ye Chen has been thinking about whether the blood dragon can combine the power of the blood moon and gather the power of the blood moon when he uses the blood moon to kill the sky. Maybe they can burst out more terrible power.

But at the moment, facing the extremely terrible Taishang dragon Zun, the dark world like a dead star devoured, ye Chen suddenly realized, and thought of how to join hands to gather his strength with the blood dragon to break out a powerful blow.

"The blood moon slays the sky!"

Ye Chen in the eye essence awn explodes flash, stares at Tai Shang long Zun, suddenly angrily drinks a way.

"Hum!"

Above the sky, the world covered by endless dark black light suddenly burst into three blood lights, and then three rounds of powerful and powerful pressure, the endless breath of blood moon emerged in front of the public.

Seeing the blood moon, Taishang Longzun's pupil shrank suddenly. He realized that ye Chen's attack was not enough to hurt him, but the power contained in the blood moon made him extremely frightened.

The moon, the sky, and even the sky.

"The power..."

Taishang Longzun was not afraid of Ye Chen, but he was full of fear of the power behind the three rounds of blood moon, and his face suddenly changed.

"This son can't stay long!"

Taishang Longzun's killing intention is even more serious, endless power emerges, and madly merges into the dark light in the dragon claw.

At this time, Taishang Longzun saw that there was a new blood moon on the edge of the three blood moons. The blood moon was very small, only one tenth of the size of the three blood moons, but the breath was of the same origin, and it also contained a unique blood gas killing intention.

Taishang dragon Zun's face was strange, and his sight suddenly shifted to the blood dragon. He saw that the blood dragon and ye Chen were all covered by the magnificent blood moonlight, and the dragon power and killing intention of the blood dragon gathered to the four blood moons above the sky.

"Hum!"

For a moment, the terrible waves between heaven and earth sprang up, which was the endless roaring and killing gas, the mighty power of the earth shattering, like a supreme God's residence, which made the heavens tremble and crumble.

At this time, on top of the four rounds of blood moon, the vast killing intention of dragon power gradually condenses into four dragon patterns and sits on the blood moon, making the blood moon more powerful and powerful.

"This one dragon has the same strength and is able to exert this skill together!"

At the moment, Taishang Longzun looks at Ye Chen and Xuelong in disbelief, and is shocked.

Although we don't know that ye Chen and Xuelong are using the blood moon to kill the sky, the Taishang dragon Zun knows very well that this kind of skill is not created by Ye Chen or Xuelong.

This skill must have been taught by an expert, and ye Chen and ye Chen can change the technique, apply their own strength, and exert them together. This shows that their talent has reached the level of adversity.

"This dragon and this son must not stay, otherwise, I am afraid there will be endless troubles in the future."The Dragon King of Taishang made up his mind. The killing intention in his eyes even turned into a raging flame, burning with scorching emptiness.

At this moment, the ghost light of Taishang dragon's paw heart is also completely solidified, endless swallowing and vanishing meaning overflows, and the vast fear envelops the world.

"Die for me!"

With a swing of his arm, Taishang Longzun's arm was engulfed by the nether world, and the darkness swept the heaven and earth. Everything along the way, whether it was the void or the mountains and rivers, or even the laws of heaven and earth, were devoured and eliminated.

At this moment, the nether world swallows to attack Ye Chen and blood dragon, and the endless death crisis is also approaching.

A chill from behind suddenly rushed up to the scalp along the sole of the foot, and ye Chen and the blood dragon eyes showed fright. The breath of the nether world was too terrible. Even if they understood how to combine the power to perform the blood moon killing, they had no confidence to resist it.

"No matter what, I will not bow my head!"

At the moment, ye Chen looks at the dark world that destroys everything and sweeps up. Endless fighting spirit flashes in his eyes, and the strength in his body is wildly converging into the falling dust and dragon sword in his hands.

Meanwhile, the power of the blood dragon under his feet is constantly pouring into Ye Chen's body. The dragon power and killing intention are equally crazy into the sword.

At this moment, there are three big and one small four rounds of blood moon on the sky. The boundless blood light covers one person and one dragon. Under the infinite blessing of great power, the sword of falling dust and falling dragon blooms with the cold light of extermination.

As soon as the cold light comes on, it seems as if the sky and the earth will be cut apart. An arc appears in the land of Dragon Valley. Everything along the way, including many dragon people, find their arms suddenly broken, and the fracture is smooth as a mirror. Before they realize any danger, they have been seriously damaged.

"Watch out for the Terran sword!"

At the moment, an elder looked at the falling dust and subduing dragon sword in Ye Chen's hand, and flashed a look of horror in his eyes, and quickly drank.

Hearing this, all the dragon people looked up at Ye Chen, and saw that the falling dust and falling dragon sword in Ye Chen's hand was blooming with endless forest cold light. Just looking at this cold light, all the dragon people felt that their eyes were about to crack.

"It's so terrible. It's sharp and cold. Even if it's the sword God, it's just like this?"

There is the thought of the dragon people.

At this moment, ye Chen's muscles and muscles are cracked, the green tendons of his arms are like iron and steel, and his whole body bones are constantly making a click sound of unbearable burden. The sword of falling dust and descending dragon in his hand seems to become the world of heaven and earth. The heavy pressure makes people unable to lift his waist.
