Chapter 4071

Fight on the same level?

Today's Ye Chen, although not yet the opponent of these dark son, but, in the same rank, he is really the strongest!

Su Zi's face flashed a strange smile and said, "that's not sure."

As soon as the voice falls, Su Zi's purple eyes suddenly shine!

Ye Chen can clearly feel that Su Zi's spirit is suddenly weak, but the light in the purple eyes makes Ye Chen's spirit feel dizzy!

A look of surprise appeared in his eyes. He looked at Su Zi in disbelief!

Even if Chu Wuying's attack on the spirit and soul, which is the most precious treasure of the soul Road, has no influence on Ye Chen at all!

Now, under the state of repression, Su Zi has shaken his spirit with the help of this strange spirit way?

That is to say, a spirit attack with the same rank has an effect on Ye Chen?

Ye Chen can be said to be beyond understanding in martial arts. His time of practicing martial arts is very short, but he has already possessed the strength of six layers of heaven and earth!

Its qualification, how terrible, can imagine!

What's more, ye Chen's spirit is not weaker than the real heaven and earth's later existence!

What does that mean?

It means that the purple haired boy in front of him, when he has the same strength, has the power to shake the spirits in the later stage of heaven and earth!

In the spirit above, Su Zi's qualification, even can compare with Ye Chen!

Su Zi said with a smile: "now, Mr. Ye still thinks that I have lost?"

The purple light in his eyes became more and more powerful!

And ye Chen's brain is more and more dim!

The greater power of the spirit surged in the purple light, and the contest between the two had already exceeded the level of Huayue Dabi!

Su Zi's smile became more and more conspicuous. He suddenly turned his head and looked at an old man wearing a mask in the audience. His eyes were so bright that he seemed to tell old Wu who was better in the soul road between him and ye Chen!

But at this time, he saw Wu's eyes, with a strange wave!

Su Zi frowns slightly. Why does Wu old man show such a look?

A man's laughter suddenly rings in Su Zi's ear. The smile on his mouth is stiff. He looks at the source of the laughter in an instant!

I saw, ye Chen looked pale at Su Zi and said, "your soul way is really strong. I didn't think that there was really the same level of existence that could shake my spirit. However, it is not enough to defeat me!"

After hearing this, Su Zi's face suddenly sank. The purple light in her eyes was dazzling, and the extremely surging spirit wave suddenly surged out. He snapped: "now, do you still think that my soul way is not enough to defeat you?"

People in the audience felt the tremble of the spirit and looked at Su Zi with a look of horror!

Su Zi's soul skill is too terrible. At the moment, they only feel that their spirit is like the withered leaves in the storm, which may be crushed at any time!

Not only they, but even those Guanghan hall masters are like this!

Among them, the most incredible is Chu Wuying, who is inspiring the most precious Guqin!

What does it mean to be able to use your soul skill under the attack of your own spirit?

That is to say, their own attack has no effect on the root of purple root!

For a while, his face was a little ugly. Although he was not soul cultivation, he could not be compared by a contestant who was a big match of the moon with the help of soul treasure?

Otherwise, where is his face as the head of the Black Sea hall?

Chu Wu Ying suddenly burst into a drink and said, "don't look down on this God test too much for you kids!"

After that, the essence in his eyes flashed, and his whole body was like a volcanic eruption. The xylophone was suddenly shining, and the spirit was fluctuating. All of a sudden, he became strong!

All of them could not help but look awe inspiring!

This Chu Wu Ying and Su Zi strengthened their own spirit attack at the same time. Can ye Chen bear it?

The purple light and the sound of the piano burst into Ye Chen's sea of knowledge, and his mind suddenly shook. The sea of knowledge has turned into a golden ocean, which is the performance of refining the divine peak to the extreme!

But even so, his knowledge of the sea is still in the purple light and the impact of Qin Yin set off a big Tsunami!

Even, there are cracks on the mountain!

Ye Chen's face color, more and more pale, seven orifices also shed blood, but he still did not fall down!

Suzi's face was completely gloomy!

How could this happen?

He did not expect that ye Chen could really resist his all-out attack!

Even Mr. Wu in the audience was moved.

Others do not know the origin of Suzi, but he is very clear!

In the spirit above, Su Zi can be said from birth is almost invincible existence!Why?

Because, Su Zi's blood is extremely special!

In the ancient times, there was a race that made countless gods fear at that time, which was called the Ancient Soul demon clan!

No one knows where the demons came from, but they left a deep mark in the hearts of countless powerful people outside the country at that time!

At that time, the soul demon clan almost swept across the whole territory with its extremely powerful soul power!

It is said that all the major protoss have certain relations with this demon clan when they leave the territory!

Later, the whole kingdom disappeared, but somehow

Even more sudden than the departure of the protoss, like a sudden evaporation in general

No one knows what happened, but at that time, the people outside the territory could not help but feel relieved, because the disappearance of the soul demon clan, it can be said that it was a catastrophe for foreign countries to live through!

Originally, Wu thought that there was no soul demon blood in the world, until he found Su Zi!

Su Zi's ancestors seem to have inherited a trace of the blood of the demon family, to Su Zi's generation, it is actually the blood back to the ancestors!

Moreover, or will su Zi's soul demon blood to a very pure point!

The probability of this happening is extremely small. It can be said that it will not happen once in hundreds of millions of years

But it happened to Su Zi!

However, this is not the most shocking thing for Wu!

However, Su Zi not only inherited the blood of the soul demon, but also inherited part of the blood of the moon god family. These two blood lines fused in his body, resulting in some variation, which made the extremely terrible spirit even stronger than the ordinary soul demon family!

You can imagine how abnormal Su Zi is in the soul way. To tell the truth, he really can't imagine that someone's soul way talent can be superior to Su Zi.

Su Zi is not the most powerful one among the Sunmoon dark sons in the past dynasties, but if it comes to the qualification of soul Road, it is worthy of No.1!

Even in the deep moon and dark son, there is no lack of talents on the spirit, but there is still a big gap between Su Zi and Su Zi!

But now, what does he see?

In the same realm, ye Chen actually resisted Su Zi's soul attack!

Even when Chu Wu Ying was using the wooden harp soul instrument!

This

Doesn't it mean that ye Chen's aptitude in soul way is more terrible than Su Zi!

Even Mr. Wu, who has experienced numerous storms and waves, and whose strength is against the sky, feels a thrill!

Chapter 4072

At the same time, his eyes also showed the color of excitement!

Maybe

Can ye Chen really create a miracle and defeat the six sunken moons?

The audience also couldn't help cheering for ye Chen. They were all moved by the ferocity of Ye Chen's spirit!

Ye Chen's eyes were full of magic light and fluttered toward purple hair. Su Zi, who was constantly exerting his soul way attack, showed a slightly amusing smile and said, "is this over? It's a bit disappointing for me, dark son... "

Su Ziwen speech, purple eyes, suddenly emerged a touch of rage color!

He has never met an enemy on the soul Road, and has endless pride and glory. No one can despise him on the soul Road, even the old people of the Senate!

But now, ye Chen said he let him down?

What does that mean?

Despise his soul way!

Su Zi's eyes flashed fiercely, and there was a faint chance of killing. He said coldly: "you said that, ye Chen. I didn't want to kill you. After all, you are the one that the old people of the old people's Association like.

However, since you have said so, I will pay for your arrogance. I will never have any place to stay in the next blow!

And you can't survive this blow! This blow is not in the same dimension as the soul skill I am using now

When Su Zi said this, she didn't communicate with her spirit. All the people present could hear her clearly. All of them were shocked to see Su Zi. However, she also showed a certain look in shock!

They were shocked by two.

1、 So far, Su Zi hasn't exerted all her strength yet?

From his words, what he wants to do next is the real killing move!

Now the soul skill he used has been so powerful that it is more powerful than it?

What's more, it's not strong at all, it's not in a dimension at all!

What is the killing skill?

2、 Is Su Zi's identity!

Since the preliminaries, people have been guessing his identity. Now, after su Zi mentions the Senate, they can almost be sure that Su Zi is one of the legendary dark sons of the moon!

In that case

The audience turned to the other contestants who were extremely evil in the preliminaries, so these people are probably one of the sunken moons!

For a moment, everyone is extremely excited!

Dark moon, this is dark moon!

Even in their identity, they have only heard about it and have no contact with it!

These talents are the real top talents of Shen Yuehai!

Compared with them, the evil spirits in the sea areas are nothing at all!

It's an honor to witness the moon sinking and dark son's hand!

But old Wu heard the speech, but his face suddenly changed. He stood up and yelled: "Suzi, stop it!"

He didn't expect that Su Zi would be really stimulated by Ye Chen to such a degree that even his biggest card would be played because of this so-called contest?

In that case, even if ye Chen's spirit talent is really superior to Su Zi, I'm afraid he will be killed with one blow?

He will never allow this to happen!

An inexplicable aura of terror gushed out of Wu's body and suddenly enveloped the whole square!

Time and space, as if there is a fault. Even if Mr. Wu doesn't show himself in the sky, people just feel that they are in a strange world. When they come to this alien world, they are no longer powerful warriors, but like tiny ants to the extreme. Let alone other actions, they can't even breathe!

The most important thing is that it is not only the audience, but also the masters of Guanghan hall!

How can a strong man who can make the master feel like a mole ant without any resistance!?

The masters of Guanghan hall, who are usually on the top of the mountain, are looking at the old man wearing masks in front of them in horror

However, there are still several people in the field who are not affected by the pressure, that is, the six sunken moon and ye Chen!

However, even Su Zi can't make a move in this pressure!

In his purple eyes, a trace of gloom flashed and said, "Mr. Wu, what do you mean?"

"Su Zi, do you remember what I said when I agreed with you to participate in the Huayue Dabi?"

Su Zi once promised him that he would not be a fool!

Su Zi heard the speech, and a very strong unwilling color appeared in her purple eyes. She said, "today, no matter how, I will share the victory and defeat with him."

Old Wu's eyes suddenly became sharp and said, "boy, are you contradicting me?"

In an instant, the air around Su Zi was thick and thick, and his body was slightly twisted under an inexplicable force. Su Zi's eyes were bulging and covered with blood. Under this force, there was no room for resistance! Even if today is forced to take Su Zi away, old Wu does not allow him to kill Ye Chen!

After all, in Wu's mind, from ye Chen's performance, he is likely to be the son of the prophecy of reincarnation!

All the people are looking at this scene foolishly. Those Guanghan hall masters have already recognized this person. They are the old Wu of the Senate!

Now, Mr. Wu is willing to protect Ye Chen even though he is careful to cultivate Shen Yue dark son?

They are all looking at Ye Chen with a very strange look. What is the origin of this boy?

Even the evening is a dull look!

But at this time, an indifferent man's voice sounded in Wu's ear: "this elder, please let go of Su Zi."

Everyone heard the speech, and was surprised again!

What is Ye Chen saying?

Let go of Suzi?

Even old Wu has taken the move, enough to see, Su Zi's next attack is so terrible!

Su Chen wants to let go of old Wu ziye?

Isn't that for death?

Old Wu also frowned and said, "Ye Chen, don't think that if you can resist Su Zi's soul skill now, you can really defeat him on the soul road. Su Zi's real bottom card, even if it is an old man, is somewhat afraid."

Ye Chen, however, looked at Mr. Wu with a faint smile and said, "what you said makes me want to win with Su Zi. Please rest assured..."

He suddenly turned his head, staring at Su Zi, his eyes burst out with extremely proud glory: "my life is still very hard, it is not so easy to kill me!"

At this time, Ye Chen's temperament is completely different from his previous indifference. He is like the reincarnation of Shura and the God of war in the world!

The whole person, exudes incomparably surging war spirit!

This is the temperament of the reincarnation master who once dominated the whole territory and the upper world and made countless ancestor levels feel frightened!

Lin Zhuqing, standing on one side, suddenly saw his beautiful eyes. He looked at Ye Chen with great energy. He said to himself, "this man's Tao heart is the most outstanding person I've ever seen. A martial artist should be like this."

Chapter 4073

The young man with black hair and bloody eyes flashed an unexpected color on his face and said, "Oh? Better than your exquisite Daoxin? "

Lin Zhuqing heard the speech and said with a faint smile: "soon, I will know."

"Is it?"

Blood Mouth youth does not agree with the way: "I see, you will never have a chance to know this answer."

In his eyes, a wisp of cold light flashed through his eyes and said, "do you want to take the four layers of heaven cultivation in the holy ancestral realm as the next move to receive Su Zi? Even you and I can't do it? "

Mr. Wu looked at Ye Chen and Su Zi quite calmly. He didn't expect that Ye Chen was so proud!

If he continues to stop it, I'm afraid there will be a flaw in both of them?

The more profound the martial arts cultivation is, the more you can understand the importance of a firm heart!

This time, he will probably destroy two talents who can reverse the fate of the sinking moon sea!

The old man's eyes flashed a struggle color, and finally, he sighed: "Ye Chen, remember what you said, don't die."

As soon as the voice fell, the incomparably powerful aura disappeared in an instant, and all the people present breathed heavily!

This divine test has become a duel between Su Zi and ye Chen. Chu Wuying sits in the same place. After old Wu appeared, he did not dare to do anything unnecessary

Moreover, even if he wants to continue to assess Ye Chen and Su Zi, he is powerless

He is not soul cultivation. Even if he wants to shake the spirits of the two with the help of the xylophone, it seems that he can't do it

Su Zi was panting violently, and her face was very pale. Just now she was restrained by old Wu. He seemed to be motionless, but actually he was struggling madly. Therefore, he caused some internal injuries.

However, at the moment, he was looking at Ye Chen strangely with his eyes, and said with a smile: "ha ha ha ha! Good! Ye Chen, you have the seed. If you can survive, we can make friends. However, you should not have this opportunity. "

Ye Chen said with a smile: "I am dead or alive, depending on you, still can't decide."

When Su Zi heard the words, his eyes burst out with a fierce sense of war. He laughed wildly, and the purple light rolled out of the runes on his forehead!

At the moment when the purple light appeared, everyone's awareness of the sea was shocked. Many weak audiences were holding their heads and falling on the ground and wailing. Just a trace of soul power sent out, their spirits could not bear it!

At the moment, the spirits of these people seem to be being cut into pieces!

The extremely frightening soul road rhyme diffuses in the whole square, the instant this rhyme appears, those Guanghan hall masters are pale!

They had a faint sense of danger!

You know, Su Zi is now suppressing cultivation at the same level as ye Chen!

This is not only the suppression of martial arts, but also the suppression of all States, including spirits, in a certain state!

But even so, his soul skill now has enough power to shake them?

If they had not seen it with their own eyes, they would never have believed it!

Su Zi was surrounded by a burst of purple light, and the rune on her forehead came out of her body gradually!

At this moment, almost everyone's spirits were shaking, and the purple Rune seemed to be the nemesis of all living beings and spirits in the world.

Many of the audience, are involuntarily wailing, the spirit of the outbreak of fear, make them almost crazy!

Xi rong'er is holding her head at the moment, but she can't get up. Her beautiful eyes are full of blood and tears. She looks at Ye Chen's direction anxiously and anxiously. She wants to call ye Chen's name, but she can't even speak!

Xi Yun is also face crazy change, die to clench fist, he knows Ye Chen face Su Zi this blow extremely dangerous, but he can't intervene!

With the same reason for old Wu to stop, now if you interfere in the duel between the two people, I am afraid Ye Chen's mood will leave a flaw!

And old Wu's look is very deep. He secretly clasped a holy medicine to repair the spirit. He hoped that if something happened, there would be room for rescue!

Even ye Chen, who was very confident at the moment when he saw the mark coming out of his body, was crazy. Before the rune was printed into his own sea of knowledge, the holy peak of refining was already in the crazy vibration!

Xuanhanyu's startled voice suddenly rings out in Ye Chen's mind: "no, it's the soul destroying seal! What's more, it's a congenital death mark! Although not complete, but also strong enough!

Ye Chen, only those soul practitioners who have reached the top of the soul path have a chance to understand this seal. But Su Zi, somehow, seems to have some of the power of the soul killing seal.

Even if your spirit is different from ordinary people, and you have the body of refining the sacred peak and reciting the devil, under the power of this soul destroying seal, there is also a danger of dying out! "

"Shit!" Ye Chen can't help but scold, this kid unexpectedly conceals so rebellious means?

This time, he really underestimated the power of Sunmoon! However, in the face of this life and death crisis, ye Chen's eyes have become more and more calm!

He asked xuanhanyu, "xuanxianzi, how can I resist the blow of the soul destroying seal?"

Xuanhanyu said: "even as far as I know, there are very limited means to resist the soul destroying seal. Most of them are not what you can do now. Ordinary martial artists have no chance to block the ultimate blow of the soul road in your present state..."

Ye Chen frowns and looks more and more dignified.

Can't we resist it?

However, at this time, xuanhanyu said again: "but, ye Chen, are you a general warrior?"

Ye Chen hears the speech, the twinkling of an eye is bright!

Xuanhanyu said: "the soul eating and heaven eating power passed on to you by the evil spirit is also the top level soul road magic power. Otherwise, how can you easily swallow the spirit of the martial arts in the later stage of heaven and earth?"

Ye Chen's face was beaming with joy: "do you mean that it can resist the blow of the soul destroying seal?"

Xuanhan Yu said in a deep voice: "it's not enough for you to eat the soul and connect with the sky now. Unless you can condense part of the destruction road seal like when you bear Lin Jianqing's sword, otherwise, you still can't compete with Suzi's soul killing seal!"

These dialogues, seemingly complex, actually, just happen in a flash!

Ye Chen bit his teeth and flashed a decisive color in his eyes. The next moment, bursts of soul swallowing rhyme came from ye Chen's knowledge of the sea!

In this very short period of time, it is not a simple matter to condense the soul swallowing seal?

Ye Chen's attainments in the destruction Shinto are far better than that of soul devouring. But even so, he was extremely reluctant to complete half of the destruction seal before Lin Jianqing hit himself with a sword

This is almost impossible!

But!

As long as there is a glimmer of hope, he will not give up!

Even if there is no hope to create!

The spirit of heaven and earth is integrated into the soul eating rhyme. Ye Chen's eyes are becoming more and more powerful. Bursts of black light surround Ye Chen's body. The soul swallowing mastered by him is undergoing some inexplicable change!

The body of reciting the devil is displayed to the extreme. The virtual shadow of refining the divine peak also appears behind Ye Chen. On Ye Chen's face, there is a flash of joy. Surrounded by the majestic rhyme of Tao, he catches something faintly!

But at this time, the purple Rune finally took shape and shot towards Ye Chen's eyebrows!

In a flash, the purple Rune was printed on Ye Chen's eyebrows. A burst of purple light instantly submerged his body shape!

Chapter 4074

The dazzling brilliance burst out, and all the people in the square could not help but close their eyes!

After a moment, the purple light converged, and the people opened their eyes again. At the moment, Su Zi, as if he were empty, was sweating. Even sitting on the futon, it seemed that they were very reluctant. However, on his face, it was with a look of incomparable pride!

Why?

Because he knew that he was the winner in this fight!

In front of him, a young man had fallen to the ground, and blood flowed from his seven orifices and dyed the ground red.

At the moment, ye Chen was like a corpse in general, lying motionless on the ground!

If someone can see his eyes, they will find that ye Chen's eyes have no trace of vitality

As soon as Wu's face changed, he seemed to rush to Ye Chen's body and take the pill to restore the spirit. However, he did not take this step. He gazed at Ye Chen for a moment and sighed. From the youth who should have a promising future, he could not feel any fluctuation of the spirit

This means that ye Chen's spirit has completely disappeared!

Even if it's such arrogance, it's impossible to defend the soul destroying seal with the cultivation of the holy ancestral realm

Xi rong'er looks at Ye Chen who falls on the ground. It seems that she is not willing to accept the scene in front of her. At the next moment, tears gush out of her eyes uncontrollably

She didn't know what was wrong with her. For the warrior, death was no stranger. Why did her heart ache when she saw Ye Chen fall in front of her?

Xiyun is also pale, he is holding his fists, even, have the idea of fighting with Su Zi!

Su Zi reluctantly supported her body, so she had to stand up from the ground. The spirit evil spirit was extremely hard to stand up at the moment. The soul destroying seal is the top magic power of the soul road. Even if Su Zi was born with the Death soul seal, how could it be so easy to use?

What's more, in a state of repression

Now, he has been extremely serious, even the spirit has been hurt.

When Su Zi was about to stand up, suddenly, a strange sound echoed in the square.

The moment the sound appeared, the whole square was silent!

Everyone, is looking at the source of the noise!

Su Zi's purple eyes, suddenly a tremor, his neck some rigid rotation, eyes, locked on the ground that body!

Ye Chen's body!

What's that noise just now?

Everyone's heart can't help but jump!

Just then!

A wisp of spirit wave, suddenly rippling from ye Chen's body!

The "corpse" slowly propped up his body and climbed up from the ground.

Ye Chen wiped away the bloodstain on his face, and showed a thrilling smile to Su Zi: "although I didn't kill me, this blow did not disappoint me. However, I have suffered so many attacks from you. Now, it should be my turn to take the attack?"

Everyone seems to be petrified

Ye Chen is not dead?

Bear the soul of the seal of a blow, did not die!!!

Su purple face color a change, pupil trembling looking at Ye Chen exclaimed: "impossible! You can't block my death mark

Ye Chen cold smile, just really extremely dangerous!

At the moment, in his sea of knowledge, Lian Shenfeng is full of cracks and is on the verge of collapse. I'm afraid it will take some time to repair it.

However, it is precisely because of the spirit of refining peak under the seal of death for a moment, he has the opportunity to condense the soul eating road seal!

At the critical moment, it has resisted the attack of soul destroying seal!

However, even so, the remaining energy in the soul destroying seal still caused a lot of damage to his spirit. If it was not for his spirit, which became more and more pure under the influence of heaven and earth, he would not wake up even if he did not die.

Rao, with the tenacity of his spirit, nearly broke up under the attack, and finally stabilized his soul. This is why he did not send out the fluctuation of the spirit just now.

However, ye Chen doesn't know that Xuanhan jade is full of shock

Ordinary people can't condense the spirit again on the edge of the collapse of the spirit!

Even if it is the reincarnation master of the previous life!!

She more and more understood why the reincarnation master of the last life chose to take this road.

Perhaps, ye Chen is the hope of reincarnation! It's the hope of this universe!

At the moment, the soul of his eyes is a black charm!

When Su Zi saw the rune, her pupil shrank suddenly and exclaimed, "soul swallowing seal?"

The purple light in his eyes seemed to be about to gather his soul power to resist it. But his brain was dizzy for a moment. Just then, the soul killing seal hit him. The consumption was too big!The next moment, the soul eating road seal, a flash appeared on the top of Su Zi's head!

Ye Chen murmured: "swallow the soul to connect the sky!"

On the road seal, the gray and black light was in full swing, and it was suppressed in Su Zi's consciousness sea!

Rao is the spirit of the demon who inherited the blood of the Ancient Soul demon family, but also can't help but send out a cry of pain, blood gushing in the seven orifices, body a stiff, heavily fell on the ground!

Before losing consciousness, Su Zi's mouth could not help but smile bitterly

This is the first time that he has been hurt by a soul power

Old Wu took Su Zi's body and shook his head helplessly. He put the pill in his hand into Su Zi's mouth. He didn't expect that this pill was actually used on Su Zi's body!

Ye Chen took a breath and looked at Su Zi's eyes. A touch of appreciation appeared.

Although Su Zi was defeated, he did not untie the suppression of spirit and cultivation until the last moment!

This proud young man is a respectable opponent in Ye Chen's eyes!

Su Zi took pills, after a moment, then opened his eyes, he looked lonely to Ye Chen and said: "I, lost."

At the next moment, he untied the limitation of cultivation, and the power of the spirit increased rapidly. He suppressed the wound on the spirit by force, and he had to turn around and leave.

At this time, ye Chen is opening a way: "where are you going?"

Su Zi said: "I've lost. What's the point of staying here? Do you want to humiliate me

Ye Chen said with a smile: "you forget, just now you said, if I don't die, you and I can make a friend? In that case, you should stay and have a drink with me after the end of the big match. "

Su Ziwen speech a Leng, he and ye Chen looked at each other for a moment, suddenly a smile said: "good, but, you'd better not be too happy too early, the other five guys, can not be better than me to deal with."

At this time, Mr. Wu looked at Chu Wuying, who was still in a daze and said, "master of Chu palace, can we announce the result of this God test?"

Chapter 4075

Chu Wu Ying heard the words, and then came back to God. This God test is estimated to be the most fantastic one in the history of Shen Yue Hai!

He coughed and said in a loud voice: "Huayue Dabi, the first God test, winner, Red Sea contestant, ye Chen!"

Chu Wu Ying's voice just fell, the scene is a burst of cheers!

All the audience are excited to shout Ye Chen's name!

This is a wonderful test!

Ye Chen, who defeated the dark son of Sunmoon, will also be famous in the whole Sunmoon sea after the end of the big match!

Chu Wu Ying looked at Ye Chen and said with a smile, "Mr. Ye, congratulations."

After that, the light in his hand flashed, and a silver and gold colored casket, which was full of precious light, was engraved with all kinds of moon elephants.

Ye Chen saw that box, eyes a bright, it is the treasure box of the moon!

Chu Wu Ying said, "the second competition is a physical examination."

The test started immediately after the end of the test. The original test did not really cause much harm to the participants. You can continue to take part in the test after taking a rest. But now, ye Chen is obviously not in the best state because of the battle with Su Zi!

Ye Chen is now a demon in the eyes of the elders. In the future, his status in the sinking moon sea may even be superior to the royal family. Chu Wuying naturally does not have the idea of offending Ye Chen.

After glancing at Ye Chen, he said: "in view of the fact that some contestants were injured in the God's test, they were suspended temporarily. After seven days, after the injured had adjusted, the physical test would continue!"

When they heard the speech, they all nodded, and no one objected. In their eyes, there was a look of great expectation!

I don't know what performance Ye Chen will have in the body test?

At the beginning, ye Chen directly blows the force demon into the blood fog scene, but gave them a great shock!

For a while, they returned to their respective warships to have a rest.

The next morning, sitting in the room, ye Chen suddenly opened his eyes, eyes bright Zhan Zhan, a short time, then returned to full bloom!

What's more, he had a vague feeling that his spirit was even more condensed after he had carried the death seal?

However, ye Chen did not immediately leave for the square where the physical examination was held. Instead, his eyes flashed slightly to Xuan Hanyu and asked, "xuanxianzi, do you think my body can be improved?"

He asked because he was too reluctant to win the war with Su Zi.

If he also meets a monster of the same level as Su Zi, even if he has a strong confidence in his body, he is not sure. When Chu Wuying gives him seven days, he should make good use of the next six days.

After a moment's silence, xuanhanyu said, "yes! Ye Chen, do you think it's strange for this continent to hold preliminaries? "

When ye Chen heard the speech, his eyes flashed: "it's true. On this continent, whether the number of real demons or the array strong enough to suppress the power of the real demons on the whole continent are somewhat fantastic. Although the martial arts of Shen Yuehai are strong, they are not strong enough to this level even in ancient times."

He alone killed more than 200 demons in the preliminaries. Without the suppression of this array, these demons would be enough to fight against the nine seas if the elders would not intervene?

Moreover, in the preliminaries, it is obvious that all the real demons were not released. It is hard to imagine what happened on this continent! Who can seal all these real demons?

Xuanhanyu said in a deep voice: "if I guess correctly, this place should be the forgotten land of the sinking moon sea!"

"Forget the mainland?"

Xuanhanyu said: "yes, it is said that in ancient times, there was an extremely vast continent in the Sunmoon sea. Most of the residents in the Sunmoon sea lived on this continent. But later, a catastrophe happened here, which led to the withdrawal of the residents who originally lived on the mainland. From then on, nine Guanghan halls were set up.

After this catastrophe, the name of this continent has become taboo and will not be mentioned any more. When later generations discover it again, it will be called the forgotten continent.

Now, countless years have passed, and almost no one can remember what the catastrophe that swept the forgotten continent was. Presumably, the nine royal families wanted to bring the forgotten continent back into the public's view by means of the moon melting contest, and prove that they have the ability to ensure the safety of the mainland through the fight between the competitors in various sea areas and the real demons! "

Ye Chen nods. If the real demons can be defeated even if the heaven and earth exist under the suppression of the array, they will be quickly suppressed by Guanghan hall even if there are any accidents that lead to the real demons escaping the seal!

Ye Chen said: "do you mean that Guanghan palace wants to take over the forgotten continent again?"

Xuanhanyu said: "yes, the forgotten mainland has a lot of Tiancai Dibao that has long been extinct in the Sunmoon sea. These nine royal families naturally don't want to miss."

Ye Chen said: "however, what does this have to do with me?"

Xuanhanyu said with a smile, "you don't want to improve your physique? Your body is already very powerful, but there is a kind of sacred thing in the deep moon sea in ancient times, which may help you

to improve your physique! Although the sacred object has long disappeared, there may still be a chance to find it in this forgotten land! "Ye Chen hears the speech, in the eyes, instantly appears a touch of joy!

However, he frowned and said, "but how can I get into this continent?"

Xuanhanyu said: "go straight to Chu Wuying! He can send you into the mainland. Obviously, the Black Sea has mastered the way to control this array! "

Ye Chen was stunned and said, "Chu Wu Ying? Why did he help me? "

Xuanhanyu said with a smile: "you are the demon that the elder will look after now. Why doesn't he help you? Besides, you still have the spirit marrow of moon liquid, don't you? "

Ye Chen's eyes are bright!

Yes, he had entered the deep moon sea, but he wanted to use the spirit marrow of moon liquid as a chip?

Immediately, he moved and disappeared from the room.

.....

Xi Yun's face was surprised and looked at Ye Chen and said, "you say, do you want the jade mark of Chu Wuying's message? Here you are, but what do you want to do with Chu Wu Ying? "

Ye Chen's eyes flashed slightly: "Chu Dian Lord delayed the physical examination for me this time. I should have come to the door to thank you for your kindness."

He didn't say the real purpose, but he didn't doubt what Xifu was, but it was rather troublesome to explain. After all, he couldn't tell Xi Fu, was it Xuan Hanyu who told himself that there was something useful for him in the forgotten continent?

On hearing the speech, Xi Yun's face showed a sudden color and said: "so it is. Although your performance in the Huayue big match is enough to make Chihai get rid of the reputation of the weakest inland sea, it is not a bad thing for us to have a good relationship with Chu Wuying. OK, I will give his mark to you."

Chapter 4076

With a wave of his hand, a jade amulet fell into Ye Chen's hand. There was a rune on the jade talisman, which was the mark of Chu Wuying's message.

Ye Chen said with a smile: "thank you very much."

After that, he moved and left his room.

After ye Chen left, Xi Yun frowned slightly. As the master of Guanghan hall, he had rich experience in communication. Naturally, ye Chen didn't really want to thank Chu Wuying

If you want to thank you, why rush for a moment?

It is the best time to thank in person when taking part in the test and to draw closer to the relationship between the Red Sea and the Black Sea in front of the many famous Sunmoon sea celebrities!

However, he is also very clear that even if ye Chen is a member of the Xi family, there are some things that should not be interfered with among the martial arts, even their relatives.

He sighed: "I hope this boy, before the physical examination, don't cause anything."

.....

In a dark warship, there is a very luxurious hall. At the moment, there are only two figures in the hall!

These two people, one sitting on the main seat, the other sitting at the head, are Chu Wuying and ye Chen!

At the moment, Chu Wu Ying was beaming with joy, and he obviously welcomed Ye Chen's unexpected arrival. He took a sip of Lingcha and said, "how is your injury, Mr. Ye?"

Ye Chen said lightly: "it's all right. Thank you for delaying the body test for ye. I have a chance to recover to my best condition."

Chu Wu Ying said with a smile: "what do you say, as the organizer, these are all what I should do!"

Ye Chen said: "however, I am here because there is one thing I want to discuss with Chu Dian Lord."

Chu Wu Ying's eyes flashed: "Mr. Ye has recovered now, but he wants to have a physical test ahead of time?"

Ye Chen shook his head and said, "it's not so. Since it's set in six days, then, it's going to be carried out after six days..."

Suddenly, his eyes twinkled at Chu Wuying and said, "this time, I want to let the master of Chu palace allow me to enter the mainland."

"What!"

Chu Wuying looked at Ye Chen in great surprise and said, "what are you going to do in this continent? You know, although we randomly teleport you to this continent during the preliminaries, in fact, we have controlled the transmission range in the safe area we have already discovered!

This continent is full of many dangers that can not be faced even in the original territory. What are you going to do in it? "

Ye Chen nodded. If not, how could he meet so many competitors on such a vast continent and give them magic crystal?

However, it is meaningless to enter the safe areas, which have been explored by the nine major sea areas, and even if there are any good things, they have already fallen into the hands of the nine major sea areas.

Ye Chen opened his mouth again and said, "Master Chu, you should also be very clear about the origin of the forgotten mainland. Since I want to enter the mainland, I naturally have my purpose."

Chu Wu Ying heard the words and said, "no way! First, it's for your safety. Second, the forgotten land is of great importance and has something to do with the future of the whole Sunmoon sea. Even if the array covering the forgotten land is controlled by the Black Sea, we can't let you into it rashly! "

He snorted in his heart: "this boy thinks that he can do whatever he wants because he is favored by the old man? How many treasures are hidden in this forgotten land? How can you enter it? "

However, even if ye Chen goes in, he doesn't think ye Chen can really get anything!

Why did the nine major sea areas join hands to develop only a part of the safe areas?

It is because it is too dangerous to forget the mainland!

Although Ye Chen is the most evil spirit against the heaven, but do you want to travel alone in the forgotten continent?

Then the result is likely to stay in this forgotten continent forever.

If ye Chen disappears suddenly, he will have to bear the responsibility. I'm afraid both Xijia and the elder will come to visit.

When ye Chen hears the speech, he suddenly reaches out to Chu Wuying. A drop of water dripping with moonlight suddenly appears in front of Chu Wuying!

Seeing this, Chu Wu Ying first looked puzzled and then exclaimed, "this is The soul of the moon

In ye chenmu, shenmang said: "Lord Chu, if you trade with the spirit marrow of this month's liquid, will you let me enter the forgotten land? I still have a lot in my hands. "

Chu Wuying heard the speech, his eyes were shaking, and his face was hesitant. The Black Sea is the most prosperous area of Wudao in the inland sea. However, it is not easy to sit firmly in the position of the master of the Black Sea hall!

The merits of the Black Sea hall master are higher than those of other sea areas!

If he had the spirit marrow of this month's liquid, it would have been enough to ensure that he was the Lord of the Black Sea hall for a period of time!

But now, Chu Wu Ying can't refuse this temptation!

Why?Because now he needs to focus all his energy on the development of the forgotten continent, that is to say, he will concentrate all the strength of the black sea here!

This is not only to get more treasures in the forgotten continent, but also to ensure his future status in the forgotten continent!

However, in this way, we may not be able to deliver the results that the Senate will be satisfied with in a short period of time.

Those old guys don't care what you're doing. All they want is results!

Once you have the spirit marrow of the moon liquid, you can solve this problem easily!

How can Chu Wuying not be moved?

After a moment, his eyes flashed a decisive color and took a deep breath: "how many moon spirit marrow do you have in your hand?"

When ye Chen hears the speech, a smile appears on his face.

At the next moment, in front of Ye Chen, a strong moonlight appeared, and a water ball the size of a fist appeared in front of Chu Wuying!

Chu Wu Ying sees the appearance, first is a Leng, then the face appears extremely shocking color!

Ye Chen has such a number of soul marrow of moon fluid!?

There was a flash of ecstasy on his face, and he said in a dark way: "if there are so many soul marrow of moon liquid, can I sit in the position of the Black Sea for hundreds of years?"

For hundreds of years, it is enough to fully develop the whole forgotten continent! "

Ye Chen saw Chu Wu Ying's look, and the smile on his face was more intense.

In fact, this water ball is just a drop in the ocean for him.

Chu Wu Ying took a deep breath, nodded his head and said, "OK, I can agree to let you enter the forgotten land, but you must make sure that you return before the start of the test! In other words, you can stay in the forgotten land for only six days

Ye Chen said, "yes."

Chapter 4077

With a wave of Chu Wu Ying's hand, a piece of colorful jade falls in front of Ye Chen. He stares at Ye Chen and says, "also, inject your mind into the jade, which is to ensure your safety. Once you encounter a crisis of life and death, the jade will warn me. At that time, I will inform Mr. Wu of the Senate and ask him to help!

After all, if you die in the land of oblivion, I, who let you into it, will also be very troublesome. "

When ye Chen hears the speech, his eyes flash. If this matter is known by Mr. Wu, the matter will be complicated. In the worst case, he even has to tell the information about the sacred objects in the forgotten mainland.

Although Mr. Wu seems to attach great importance to Ye Chen now and may not embarrass him, he is a strong man who has no way to deal with him for the time being. He has never liked to leave his fate to others to decide.

Of course, all this is in the case that he still has hope to survive!

The next moment, ye Chen will be a God into the jade, if really to the time of life and death, he also do not care about what sacred things.

Chu Wu Ying put away the jade and went out with Ye Chen.

Soon, they came to the edge of the forgotten continent.

Ye Chen tried to take a step towards the front, but in front of him, there was a flash of five colors, and a powerful force pushed him back in an instant.

Even with Ye Chen's frightening physical strength, there is no resistance at all!

His face was slightly shocked. This array is more powerful than he imagined!

Chu Wu Ying said with a smile, "don't say it's you. Even if we have the nine sea areas together, if we don't have the token that I accidentally got, I'm afraid we can't enter this forgotten continent by force in a short time."

After that, he took out a very ordinary looking bluestone token and waved it to the front.

On the blue stone token, countless golden runes flashed away. At the next moment, ye Chen opened a colorful gate!

Ye Chen's eyes flashed a touch of joy, and then to step into the door.

But at this time, Chu Wu Ying said, "wait a minute."

Then he threw a jade slip to Ye Chen.

Ye Chen took over the jade slips and looked at Chu Wuying with some incomprehension.

Chu Wu Ying said: "this is a part of the map compiled by the nine major sea areas to explore the forgotten continent and collect the information that has been left behind. Although I don't know what you want to do when you enter the mainland, this map should be of some help to you. Take it."

Ye Chen looked at Chu Wu Ying unexpectedly, nodded his head and said, "thank you very much, Chu Dian Lord."

The next moment, his body flash, he directly into the five color gate.

Chu Wu Ying sighed and left.

But just a few minutes after Chu Wuying left, two figures appeared in situ!

It is Ren Feifan and ye Lao.

Ye Lao takes a look at the array and steps into it directly. The array which originally obstructs Ye Chen and others has no effect on Ye Lao at all!

Like air!

Can be in leaf old want to enter completely among them, Ren extraordinary called ye old, way: "you don't trust ye Chen?"

Leaf old body a stagnant, return to head way: "not be at ease, but, you also know what is inside."

"If ye Chen really meets those, maybe this chess game will be over."

"And that wench also went in, although Ye Chen is against the sky, but if there is conflict with that girl, it is obviously a situation of death."

Ren fan shook his head: "this guy's life, no one can take away."

"Don't forget, his blood is in control of other people's reincarnation life and death."

.....

Soon, ye Chen came to a canyon.

He looked around, but he had some impression of the canyon, which he had passed during the preliminaries.

It seems that he is now somewhere in the safe zone.

Ye Chen asked xuanhanyu, "xuanxianzi, what is the holy thing you are talking about? How can I find it? "

Xuanhanyu said: "it is said that there was a congenital fire spring in the forgotten land. Somehow, the fire spring was full of the strong power of Yuehua. More importantly, the combination of the power of Yuehua and the vigorous fire power in the fire spring actually gave birth to the legendary xuanyue real fire!

Xuanyue zhenhuo, even among the moon gods, is one of the most powerful ones. After the man in the deep moon sea found the xuanyue zhenhuo, he worshipped it as a sacred thing given by the moon god family. He built a temple outside the fire spring and worshipped it day and night!

Xuanyue zhenhuo ranks seventh on the list of foreign divine fire! If you get the real fire of xuanyue and swallow it with Xuanyan, Xuanyan will advance again

When ye Chen hears the words, his eyes are bright. If Xuanyan is advanced to the seventh rank of Shenhuo in foreign countries, the effect of blood burning formula will be greatly improved. In this way, with the strengthening of blood burning formula, his physique can go up to a higher level!Ye Chen asked excitedly, "where is this xuanyue fire?"

Xuanhanyu said: "I don't know the exact location, but I should forget the central position of the mainland. After all, when the nine Guanghan halls were not established, the most prosperous city in the mainland, named Yuecheng, was in the center of the mainland!"

When ye Chen heard the speech, he opened the map Chu Wu Ying gave him. According to the map, they are now at the edge of the mainland.

He distinguished the direction, then body together, toward the center of the forgotten continent, and went away at a high speed!

Flying at full speed, half a day later, ye Chen came to the edge of the safety zone.

If you go further, you will enter areas that have not been explored even in the nine major sea areas.

According to Chu Wuying, this forgotten land has become extremely dangerous after countless years of evolution, and he has to be careful.

A flash of light on Ye Chen's body, the whole person turned into a nearly transparent shadow, disappeared.

When he was ready to move on, his pupils suddenly shrank and looked in a certain direction!

A figure appeared there!

In this forgotten continent, there are other people besides myself!?

Is it Chu Wuying who sent people to follow him to protect his own safety?

When ye Chen is in doubt, Xuan Hanyu's voice suddenly rings out in Ye Chen's mind: "Ye Chen, follow the method I taught you, run the soul biting road seal! Come on

When ye Chen hears the words, he is puzzled, but the extremely pure soul swallowing rhyme is still surging from his eyebrows. The Qi of heaven and earth is integrated into the seal, and it is quickly interwoven into a half rune, which is the soul swallowing seal!

As soon as the seal appeared, ye Chen Ran the seal according to the method of Xuanhan jade. The gray and black light flashed on the seal, and it turned into a light dark shadow and shrouded Ye Chen's body!

At this time, the shadow of the far away place also came to Ye Chen's body not far away.

After seeing this person's face clearly, ye Chen can't help but be surprised!

Chapter 4078

She is very elegant

This woman is one of the six sunnies!

He remembered that the woman, named Lin Zhuqing, had a delicate Daoxin that could even compete with her own Wuzu Daoxin!

He frowned slightly, and his eyes were full of doubts. Why did Lin Zhuqing appear here?

Ye Chen looks at the direction of Lin Zhuqing's departure, and his eyes sink in an instant!

Lin Zhuqing seems to be in the same direction as himself!

Is it possible that Lin Zhuqing is going to the moon city?

At this time, xuanhanyu said again, "Ye Chen, keep up with her!"

"Follow her?"

Ye Chen frowned and said, "Lin Zhuqing is the peak of heaven and earth. Although I don't know why she didn't find me just now, isn't she looking for death with her? Besides, we are here to find the real fire of xuan Yue. "

Lin Zhuqing came to this forgotten continent alone. I'm afraid, I don't want too many people to know, right?

If she finds her own existence, she will not let go of her own

However, ye Chen's eyes flashed a puzzled color

Lin Zhuqing's strength is so strong that he didn't find himself?

Although he used the method of concealment, he still could not hide the spirit of heaven and earth?

Xuanhanyu said with a smile: "don't worry, the soul devouring Shinto is also a very powerful one. Since you have condensed into a soul swallowing seal, you can't detect your existence even if it's the spirit at the top of the heaven and earth realm with the method I just told you to use!

What's more, Lin Zhuqing is in the same direction as you, so it's likely to be going to Yuecheng. Instead of you and me searching like headless flies, we'd better follow her and take a chance. If we find her heading in another direction, we'll change our course no later! "

Ye Chen's eyes flashed slightly. After a moment, he nodded and moved. He ran after Lin Zhuqing!

.....

A flash of white light, a monster then issued a scream, fell on the ground, blood crossflow, completely lost vitality.

Lin Zhuqing looked at the monster indifferently, and then went to the front again.

Ye Chen, who hides her figure and follows Lin Zhuqing, quietly swallows her saliva. This woman is really terrifying. Can she kill her contemporaries so easily?

However, he was also fortunate that he followed Lin Zhuqing. Otherwise, he might encounter a lot of troubles along the way.

At the same time, ye Chen is almost sure that Lin Zhuqing is heading for the moon city!

Now, two days have passed since they entered the forgotten continent. Now, they have come to the center of the forgotten continent!

To be exact, he came here half a day ago. After that, Lin Zhuqing didn't move on. Instead, he came to the forest and seemed to be looking for something.

At this time, Lin Zhuqing suddenly stopped in the air and looked down at a forest under his feet. His beautiful eyes flashed and seemed to be thinking about something.

A moment later, a touch of joy appeared on her pretty face and fell into the forest.

Lin Zhuqing walked to a big tree, around the big tree, with some strange footwork, around the big tree!

Ye Chen looks at Lin Zhuqing's movements and asks xuanhanyu, "xuanxianzi, what is Lin Zhuqing doing?"

Xuanhanyu pondered for a moment. Suddenly, she seemed to think of something. She yelled at Ye Chen: "Ye Chen, remember all her footwork! Perhaps, with this footwork, we can enter the moon city! "

Ye Chen hears the speech, instantly all attention is focused on the footstep of Lin Zhuqing!

His eyes gradually became more and more dignified. This seemingly ordinary footwork, however, coincided with some martial arts connotation. It was quite difficult to imitate it completely!

Under Ye Chen's gaze, a moment later, Lin Zhuqing's figure flashed and disappeared directly from ye Chen's eyes!

Ye chenmu said in a brilliant way: "it's true! It seems that only by mastering this set of footwork can we enter the moon city! If Lin Zhuqing didn't happen to enter the moon city, I'm afraid I would have failed this time! "

The next moment, ye Chen moved and fell in front of the big tree. He closed his eyes and carefully recalled a detail of Lin Zhuqing's Footwork and its implication. He took the first step with his memory!

Lin Zhuqing, a total of 8100 steps, each step has a slightly different meaning!

Ye Chen had just walked three thousand steps, and he was already sweating, obviously very hard!

The rhyme between his steps is constantly changing. This kind of high-intensity transformation of meaning and rhyme has a great impact on the consumption of mental strength!

Finally, ye Chen almost can not support, when his mind is a little fuzzy, he finally stepped out of the 8100 step!

The next moment, ye Chen's body also disappeared in front of the big tree!

.....

Ye Chen gazed at the deserted city in front of him, and a touch of shock flashed in his eyes. This once the first city of Sunmoon sea had already turned into ruins! At the moment, Lin Zhuqing has entered the city!

Ye Chen does not hesitate to keep up with her. Lin Zhuqing even knows the footwork of entering the moon city. His understanding of the forgotten continent is even on Xuanhan jade!

Although the moon city seems to have been completely abandoned, but who knows if there will be any hidden danger in the city?

Without being discovered, following Lin Zhuqing is obviously the best way to explore the moon city!

They walked in the moon city one after another. Soon, a very magnificent temple appeared in front of them!

This temple is also the only one that hasn't been destroyed in the moon city!

Ye Chen saw the temple, his eyes suddenly lit up. He felt the extremely pure fire attribute from the temple. Obviously, this is the place where xuan Yue real fire is worshipped!

But very soon, he was a congealed face!

Lin Zhuqing even walked towards this temple!

Is it true that her purpose is the real fire of xuanyue?

If this is the case, it is almost impossible for him to capture the real fire of xuanyue from Lin Zhuqing!

Ye Chen takes a deep breath, steps forward, and keeps up with Lin Zhuqing. At present, he can only take a step and see one step. The xuanyue real fire is extremely important to him. As long as there is one point of hope to get the real fire, ye Chen will never give up!

Wu Dao, this is against the sky, if you encounter any difficulties, then retreat, he can not go to today!

What's more, the real fire of xuanyue is related to the next body test. He is bound to get six treasure boxes!

Although he did this, I feel sorry for Lin Zhuqing. After all, it can be said that he was able to get here because of the existence of Lin Zhuqing. With Ye Chen's character, even if Lin Zhuqing didn't know about it, he also remembered Lin's help to himself. However, the world of martial arts is like this. Even if you don't want to fight, you have to fight!

Chapter 4079

If you have to give in to everything, how can you practice martial arts?

To Ye Chen's surprise, there was no protection in the temple, so they entered the temple very easily.

As soon as Fang stepped into the hall, ye Chen's first feeling was heat!

Unspeakable heat!

With Ye Chen's physique and general temperature changes, he has been unable to affect him for a long time. But now, ye Chen is sweating all over his body, and even the surface of his skin is faintly showing signs of burn. Only under the influence of Ye Chen's antagonistic vitality, he recovers instantly.

However, it is enough to see how high the temperature is here!

Ye Chen only felt that he was in the core of the sun!

He looks at Lin Zhuqing. He thought Lin Zhuqing must be worse than him. After all, ye Chen's physical strength is higher than that of ordinary strong men.

However, when he saw Lin Zhuqing, his eyes were wide open. At the moment, Lin Zhuqing was walking in the heat wave, but he was not abnormal at all!

Ye Chen's face changed slightly, and asked xuanhanyu, "xuanxianzi, is her body strength higher than me?"

Xuanhanyu said in a deep voice: "in my opinion, it is not so. The reason why she is not afraid of the abnormal high temperature is that she is the descendant of the temple priest."

"Temple priest?"

Xuanhanyu said: "ordinary martial arts can't bear the high temperature of this fire spring. Even if the peak of heaven and earth exists, it will damage the body and even affect the foundation of martial arts. However, since the xuan Yue real fire is regarded as the holy fire by the sunken people, the temple naturally needs long-term management!

Therefore, there are a group of warriors who, regardless of the damage to the foundation, guard by the real fire of xuan Yue day and night for generations, and these people are called holy fire priests!

Over time, these flame priests have gradually acquired the ability not to be affected by the hot spring!

It is said that this is because they are contaminated with a trace of xuanyue real fire breath

Ye Chen nods, which explains why Lin Zhuqing was able to enter the forgotten continent and understand it quite well.

At the next moment, his body moved, and he walked towards the inner hall. The first thing that came into view was a piece of red!

In front of him, there was a sea of fire!

The sea of fire was burning, and the fire spirit was so strong that it turned into liquid!

This is the legendary fire spring!

Ye Chen looks at this fire spring, can't help but a tremor in his eyes. Even if he falls into the fire spring with his constitution, he will be burned to death, right?

After the fire spring, there is an altar. On the altar, there is a flame. The flame looks silvery white and burns quietly. The soft fire light released by the fire spring is opposite to that of the fire spring. When it shines on people, it doesn't feel hot at all, but it's a little cool, just like the moonlight at night!

However, seeing the moment of the silver flame, ye Chen's dark flame was a flicker, as if in fear of the silver flame in general!

Ye Chen stares at the silver flame, which is obviously the real fire of xuanyue!

Ye Chen's heart can't help but feel uneasy. If now, Lin Zhuqing wants to collect the xuanyue real fire. What should we do?

Facing the enemy, ye Chen is not Lin Zhuqing's opponent. His eyes flashed wildly and said in secret: "it seems that only when he is unprepared, can he swallow the real fire of xuan Yue directly into his body, and then fight to death to escape..."

Such a practice is very risky. If he is not careful, he will die under Lin Zhuqing. However, he has to fight with his life to win the xuan Yue!

In Ye Chen's whole body spirit power crazy turn, ready to hand, make him incomparably unexpected scene, appeared!

Lin Zhuqing is actually in front of him. Take off disrobe?

Ye Chen's thoughts turn disorderly in an instant. What does this woman want to do?

What kind of ceremony must be carried out to show the sincerity of the people?

However, the next moment, Lin Zhuqing again made a shock to him!

She actually jumped directly into the fire spring and threw a handful of fire liquid on her jade neck!

Ye Chen looked at the white skin which was burned by the fire and turned red slightly. It was extremely exquisite. Although it was less enchanting than Qin Hongyue, it had more fresh and delicate body, but it could not help feeling lost!

At this glance, he could see everything clearly!

What's more, Lin Zhuqing didn't know ye Chen was in the temple. He acted boldly and without any cover. Although the fire liquid was red, it was extremely clear and transparent. Even if there was a fire barrier, ye Chen could still see the fresh and refined fairies clearly in the bath!

Especially in the setting off of the sea of fire, Lin Zhuqing actually sent out a kind of extremely strange charm!

That kind of stimulation, unimaginable!

Under the impact of the heat wave, a drop of sweat slipped from ye Chen's solid muscles. His mood was slightly shaken. If Lin Zhuqing's strength was not incomparable, it was extremely dangerous. Ye Chen even felt that he could not control it! He took a deep breath and used his mind to suppress the seven passions and six desires. He calmed down his restless mind. Looking at Lin Zhuqing, who was bathing in the sea of fire, his eyes finally regained his calmness!

Ye Chen said to Xuan Hanyu, "xuanxianzi, why does Lin Zhuqing want to bathe in this sea of fire?"

Xuanhanyu said: "she should want to use the power of this fire spring to fully stimulate the breath of the real fire in the xuan Yue body. Otherwise, it would be extremely dangerous to rush to collect the real fire of xuan Yue.

After all, not everyone has the physical strength against the sky like you, and the flame that can swallow evolution. "

When ye Chen heard the speech, he took a look at the altar, and it seemed that there was a passage extending toward the underground. In his eyes, he burst out a fine light and said, "xuanxianzi, I think of a way to win the real fire of xuan Yue!"

Xuanhanyu has not yet spoken, he is a body move, the moment appeared in the fire next to the spring!

Xuanhanyu saw the situation, suddenly startled, and said: "Ye Chen, what are you doing!? Even if you display the soul swallowing seal, it is possible to expose it at such a close distance! Did you think of a way to win the real fire of xuan Yue? Don't tell me, you're confused by desire. Do you want to conquer Lin Zhuqing or something

If this is the case, she really misread Ye Chen!

At this time, such a stupid idea came into being?

Sure enough, when ye Chen was close to the edge of the fire spring, a look of surprise appeared on Lin Zhuqing's pretty face. Then, the suspicion turned into fury!

In her eyes, there was a sense of violence and violence in her eyes. Staring at the empty place in front of her eyes, she said, "who is there?"

Chapter 4080

After saying that, the whole body road rhyme is agitated, that sea of fire condenses out a red long sword, suddenly to Ye Chen's place, a chop and go!

The extremely cold sword idea and the burst fire spirit power were perfectly combined and turned into a fierce and violent sword light. The moment the sword light appeared, the whole forgotten continent seemed to shake for a moment!

That sword light, suddenly appeared in the top of Ye Chen's head!

Xuanhanyu sighs and knows that it's over. If ye Chen insists on rushing to Lin Zhuqing, he can't avoid the sword. Even if he doesn't die after hitting the sword, he is seriously injured. Facing Lin Zhuqing, there is no room for him to turn the tables again!

However, ye Chen did not move on, or even looked at Lin Zhuqing's clothes and storage bag at the edge of the fire spring!

The red long sword on the top of the head was a little short of hitting Ye Chen completely. However, the heat and the sword Qi emitted by it had already made countless sword marks appear on Ye Chen's body, and the skin surface was blackened!

At this time, ye Chen suddenly waved his hand and put all the clothes and storage bags in the bag. Then, he stepped out with one foot and broke the void. The whole person suddenly appeared at the other end of the fire spring!

With a loud bang, the fatal sword hit the empty place. There were cracks in the void, and the temple shook. But that was all!

Ye Chen is standing at the other end of the fire spring, panting constantly. At the critical moment, he evades the sword in danger and danger!!!

Xuanhanyu is stunned by Ye Chen's actions

Just now, ye Chen almost died!

And he risked his life to get all the clothes Lin had taken off?

What on earth does he want to do!?

Ye Chen is also looking at Lin Zhuqing with flashing eyes. He is a little relieved. Just now, he is only one step away from death!

Fortunately, as he expected, Lin Zhuqing is still a woman even if she has a delicate heart of Tao. Moreover, she is a very pure and refined woman. How can she not be surprised when she is peeping into her bath? How can we not be ashamed and angry?

In such a state of mind, and because the mind can not completely capture the breath of Ye Chen, even Lin Zhuqing, one of the dark sons of the moon, can not be perfect.

So this hit, left a trace of gap, failed to completely lock the space where ye Chen is!

Because of this, ye Chen can step on the void to avoid the other side's sword!

However, this move, its breath is completely exposed, invisible nature also has no meaning!

Lin Zhuqing turns around in an instant and stares at Ye Chen with a pale face!

Even if ye Chen's back to her, she still can see that ye Chen is a man, and still a man she knows!

In the beautiful eyes of Lin Zhu, a look of incomparable shame and indignation appeared in a flash. Her temper is very good in the dark son of the moon, and she has hardly been really angry!

But now, she is angry, know the sea to boil general anger!

She snapped, "what a reincarnation son, is that how she peeps at the women's bath? No matter who is here today, you can't be protected! "

All of a sudden, a very strange wave surged into Ye Chen's mind. Ye Chen's face moved, and he felt that there were inexplicable pictures and voices appearing in his eyes and ears. It seemed that he was persuading himself to retreat, persuade him to surrender, and let him not make unnecessary struggle again!

The woman bathing in the sea of fire is as tall as the only God in the world!

However, ye Chen was staring at Lin Zhuqing and said with a smile, "Linglong Daoxin? It's really strong. It's so easy to shake other people's mood and make flaws in their martial arts. It's a pity that it's useless for me

As soon as the voice falls, ye Chen's eyes suddenly burst out with a very concise light, and the whole person exudes a momentum of stepping on the sky under their feet!

All the pictures and sounds, as well as Lin Zhuqing's awe inspiring power, disappeared under the charm of Ye Chen!

In Lin Zhu's beautiful eyes, an incredible color flashed through her eyes!

Her exquisite way of heart, actually can't affect Ye Chen at all?

On the contrary, ye Chen's indomitable will permeated her spirit!

Although she knew Ye Chen's Daoxin was excellent, she didn't expect to be so excellent!

However, although Lin Zhuqing was surprised, the killing opportunity in her eyes was not reduced at all. Almost at the moment when the influence of her Daoxin was broken by Ye Chen, another red flame sword flew out!

This time, Lin Zhuqing's mind has completely locked Ye Chen's space!

Ye Chen's face was deep. He knew that there was no chance for him to avoid this sword. He suddenly drank a low voice, and many hongmengfa, TIANYAO's body, blood burning formula, hundred evil bodies and so on were used one after another. Then his body flashed and appeared beside the xuanyue real fire on the altar!

When Lin Zhuqing saw this, his pupils shrank suddenly. At the next moment, an incredible scene appeared! Lin Zhu Qingmei's eyes opened, and ye Chen opened his mouth directly, and he inhaled the xuanyue fire into his mouth!

Even Lin Zhuqing, who has a delicate Taoist heart, can't help but feel shocked at the moment!

How could that be possible!?

Ordinary people don't say that they swallow the real fire of xuanyue into the entrance. Even standing on the altar, it will trigger the terrible fire and be turned into ashes!

Eat xuanyue real fire directly?

Even if the fire is the most powerful monster to come, will be burned to destroy the body and spirit?

Can ye Chen even made this kind of near suicidal action, but still alive!

How could this be possible!

For example, someone detonated a 100 billion tons of nuclear bomb nearby, which directly destroyed the earth, but even so, he was still alive!

You can imagine how great the impact was!

The most important thing is that the real fire of xuan Yue was the sacred object of her ancestors!

For Lin Zhuqing, it is an extremely sacred existence, and no one is allowed to defile it! The flame is the only one who is a descendant of a priest who is qualified to worship!

This time she went into the forgotten land without telling old Wu that she wanted to get back the real fire of xuan Yue!

But now, this true fire actually fell into Ye Chen's hand!?

Lin Zhuqing said with a big drink: "you dare!!! Damn little thief, spit out xuan Yue's real fire for me

Ye Chen naturally ignored Lin Zhuqing, and instantly forced xuan Yue zhenhuo into his body. The spirit was destroyed and Daoyun was agitated. He suppressed the xuan Yue real fire, which was constantly struggling to break out of the body, in the elixir field!

However, the moment Ye Chen swallowed the real fire of xuan Yue, his complexion changed wildly. Countless silver flames burst out of his body, almost melting his flesh and blood, bones, meridians, viscera, etc!
