

Physician 4091

Chapter 4091

That nightmare ten days golden eyes a shrink, obviously, also did not expect this scene to appear!

And Lin Zhuqing is also extremely shocked to see the back in front of him. There is hatred, anger and a touch of complex color in his beautiful eyes!

At the next moment, two black lights burst into the sky at the same time. The fist seal, which was smashed by Lin Zhuqing and weakened by the flame in the sky, was chopped by Ye Chen's sword!

Ye Chen looks back at Lin Zhuqing, who is sluggish behind him. At the next moment, he reaches out his hand and can't help but pick up Lin Zhuqing from his waist. Then he moves and flashes towards the space passage!

There was a look of shame on Lin Zhuqing's pretty face. No man ever touched her body like this!

Now, she's in the arms of this guy who stole his clothes?

However, Lin Zhuqing did not struggle too much. For one thing, although Ye Chen blocked the fist seal for her, now she is seriously injured and has no strength to struggle

Second, if you can live, Lin Zhuqing naturally does not want to die!

Yan Xun's eyes flashed. He was obviously disgusted by the boy who suddenly appeared and destroyed his good deeds. He snorted coldly: "a mole ant, do you want to play a hero to save the beauty? Ha ha, then you die in front of this woman

As soon as the voice fell, Yan Xun's figure flashed, and he appeared behind Ye Chen. On one arm, the black ring was full of light, and he hit Ye Chen with a fist!

Extremely terrifying force, after ye Chen's death, just like the flood and tsunami!

Lin Zhuqing's pretty face turned white, and a touch of despair flashed in his beautiful eyes

Although Ye Chen's speed is not slow, there is still a big gap between Ye Chen and Zhiyan. Now, they are still hundreds of meters away from the space passage

With her strength, she can't resist the attack of yechen?

Ye Chen, I'm afraid you'll die under the blow of Yan Xun?

A wry smile appeared on Lin Zhuqing's pretty face. If ye Chen was dead, even if he fell into the hands of Yan Xun, the demon would not have been able to get the real fire of xuanyue. This is also a blessing in misfortune

At the same time, the sword in Ye Chen's hand suddenly flashed and disappeared.

Lin Zhuqing frowned slightly, and ye Chen put the sword away?

Why is this?

Does Ye Chen know that he can't block the fist of Yan Xun, and has given up the resistance completely?

When Lin Zhuqing thought so, ye Chen suddenly turned around, and the evil spirit broke out from his body!

Ye Chen sends out the prestige, the moment ascends to the peak!

Lin zhuqingmei eyes flashed a touch of shock color, was Ye Chen in the arms of her can clearly feel, ye Chen this body brewing in the terrible power!

But it's not over!

All of a sudden, a purple wrapped silver flame burns on Ye Chen's body surface, and the blood burning formula turns to the extreme!

With a roar, ye Chen's body sent out the thunder like explosion, which seems to be able to crush the universe of flesh and blood force, instant boiling up!

Ye Chen raised a hand like a slow and solid disease, and the muscles on the arm were wriggling wildly, as if there were tens of millions of dragons rolling on the bones of the hands!

That fantastic power, has not yet issued, it makes the space distorted!

Ye Chen gazed at Yan Xun's fist and murmured: "xuanhanyu, give me some strength! Come on! Jiwu: heavy fist

At the next moment, ye Chen's fist erupted a black awn, which was like a planet hitting the earth!

Ye chenmu's sword skill is strong, but if you want to make the body power to the extreme, it is more appropriate to use the fist skill!

This Jiwu: heavy boxing, although it was created by Ye Chen when he was in Lingwu mainland, but with the improvement of Ye Chenwu's attainments in Taoism, this self-made boxing method is not what it used to be!

Even if it is put in foreign countries, the current extreme martial arts: heavy fist, is also a top-level boxing skills!

He knows that if he wants to fight with yenshen, strength is his only breakthrough!

As a high power demon, the attack of pure power has become his weakness under the suppression of the array!

If you use pure power to attack, just like in the preliminaries, ye Chen can produce a very shocking effect against the power demon!

What's more, there is the power of Xuanhan jade!

Yan Xun saw this, but there was a look of disdain in his eyes. Although he was restrained by the array, he was not a cat or a dog that could hurt himself with pure strength!

The lean camel is still bigger than the horse!

The next moment, their fists are like two stars colliding!

Boom!!!

The mountains and rivers are shaking again!

The two forces of defending the world broke out at the same time!

The space around the temple, endless fragmentation!

Originally, also full of disdain of the color of Yan ten days, suddenly flashed on the face of incredible expression!The power of this boy in front of me

It is far beyond his imagination!!!

However, even so, ye Chen can't really surpass Yan Xun in strength. With a bang, a large amount of blood mist comes from ye Chen's body. Lin Zhuqing in Ye Chen's arms can clearly hear the sound of internal organs and bone fractures.

The arm of Ye Chen's fist is even more directly broken!

But!

In Lin Zhu's beautiful eyes, however, there was a look of ecstasy, because ye Chen received the fist of Yan Xun!

This is a miracle!

Ye Chen's eyes sank, and his face showed the color of pain. When he first broke the seal of Yan Xun's fist, he did not punch, but used his sword.

In order to let Yan Xun take it lightly, his purpose has been achieved. He may be worried that the power of his fist is too strong to control, and he kills Lin Zhuqing in Ye Chen's arms. Therefore, this fist only uses 70% of the power

However, even so, this surprise, the outbreak of all the strength of the flesh and blood in a blow, but completely fell behind!

This blow, let Ye Chen hurt not light, can say to spell the result, ye Chen suffered a great loss, at the moment looks quite miserable!

If ye Chen had been on guard at the beginning, the result would have been even worse!

However, that Yan ten days ate Ye Chen this one fist, pour also not have a thing!

Even he is also bombarded by Ye Chen's power to step backward!

Ye Chen is trying to control his body, making full use of the recoil force caused by Yan Xun's fist. He accelerates his body again and goes to the space passage at a high speed!

Under this ebb and flow, ye Chen instantly arrived at the entrance of the space passage!

All these, from saving people, taking out swords, suddenly punching, to using the force of recoil, are all in Ye Chen's calculation!

As long as there is a slightest mistake, ye Chen can not survive!

Chapter 4092

Two people's body shape moves, then disappeared in the space passageway.

However, yenshen, who stepped back half a step, suddenly let out a loud roar. His whole body was full of evil Qi, his eyes were bloodshot, and he was staring at the entrance. He was actually escaped from the hands of these two human beings!

This kind of thing happened to him. It's insulting!

In a twinkling of an eye, ye Chen and Lin Zhuqing have already crossed the space passage and left the moon city. Ye Chen looks back and sees that the figure of Yan Xun has already appeared on the other side of the space channel. His eyes are hard and his heart is sinking to the bottom!

If they catch up, they will die!

At this time, Lin Zhuqing suddenly grasped Ye Chen's hand and said, "Ye Chen, activate xuanyue real fire!"

Ye Chen hears the speech, the vision flickers, although don't understand, but it is still the Xuan flame to release!

Its fingertips, suddenly emerged a touch of purple around the silver flame!

He knew that Lin Zhuqing would not talk nonsense at this time!

A sharp light flashed through Lin Zhu's beautiful eyes, and the remaining spiritual power surged wildly in his body. A jade hand gripped Ye Chen's palm and moved in accordance with a special track.

Ye Chen seems to have sensed something. Cooperating with Lin Zhuqing, he urges the mysterious flame. The silver flame has quickly outlined a talisman in the air!

And at the moment, the nightmare is almost through the space channel!

The rolling devil gas gushes, with endless killing intention, almost drowning Ye Chen and Lin Zhuqing!

Lin Zhuqing's face appeared a touch of forest color, and he snapped: "disease!"

At the next moment, the flame talisman suddenly glows with silver light and goes towards the suppression of Yenshan!

Just now, he was still full of killing intention. He was eager to cross the space passage and tear up Ye Chen. However, his body was suddenly shocked. In a pair of golden eyes, a touch of fear appeared for the first time!

He uttered a cry of disbelief: "xuanyue is really fire! How is that possible? You've got the real fire of the dark moon! "

Yan Shin's figure flashed, but he wanted to escape from the back!

But it was too late!

He just wanted to kill Ye Chen. He was too fierce! Moreover, this space passageway is extremely narrow, also has no escape space!

The flame talisman seemed to be attracted by yenshen, and was immediately printed on his body!

At the next moment, there was a scream and a roar. The talisman instantly turned into a mass of silver fire. On top of the demon's body, it was burning up. The whole body of yenshen was full of evil Qi and struggled wildly. The powerful force broke the unstable space channel in an instant!

Ye Chen looked at this scene with incomparable shock. He did not expect that the xuanyue real fire had such an adverse effect on Yan Xun!

Lin Zhu said quietly: "the reason why xuanyue zhenhuo is regarded as a holy thing is that it is the enemy of the real devil! Even, this array covering the forgotten land was made by the priests who understood the rules from the real fire of xuanyue and arranged it with the cooperation of the fire spirit of xuanyue. This is why the real devil asked me to help him break the array after obtaining the true fire of xuanyue. "

When ye Chen hears the speech, his eyes brighten. So he should be able to master the array to a certain extent after he has the xuanyue real fire!

Lin Zhuqing seemed to see ye Chen's idea and said in a cold voice: "don't think about it. If you want to control this array with your spiritual power now, you will be directly sucked dry! With the help of countless array masters, Chu Wuying can only use some of the most basic abilities of this array with the help of the best array weapons. "

Ye Chen hears speech to ask a way: "that nightmare ten days can be burned dead?"

Lin Zhu hummed coldly: "you also underestimate this high real devil. Moreover, even among the high true demons, the identity of Yan Xun is absolutely unusual. Otherwise, it is impossible to escape from the seal.

Don't say it's burned to death, even can't let the real devil seriously injured, but it can temporarily hold his feet! Tens of thousands of miles ahead, there is an underground cave. You can use the soul

swallowing seal in the past. That cave is very special, and it is very difficult to find its existence even in Yanshen! "

As soon as ye Chen's eyes lit up, the soul swallowing rhyme gushed out and instantly turned into half a Taoist seal, which turned into gray and black light and covered the two people's bodies. The next moment, ye Chen's body shape flashed, and then it flashed away towards the position Lin Zhuqing said.

Not long after they left, a wave of space surged here, tearing up the void, leaving a dark, smoking figure.

Yan Xun's face was twisted, and his golden eyes swept around him, and his huge mind poured out. At the next moment, his face was ugly!

He couldn't find any trace of them?

Yan Xun sent out a roar: "damn the mouse! Get out of here, otherwise, I will make you regret and live in this world after I catch you

This sound wave is so strong that it covers the whole forgotten continent!

At this moment, ye Chen and Lin Zhuqing have come to an abyss. He looks down at the abyss, the endless darkness, and his eyes flash slightly. Powerful thoughts come out of his eyebrows and go to explore the abyss. However, the darkness seems to have some special power, which can completely shield his mind! If you hide under this abyss, it's really hard for yenshen to find them!

After hearing the roar of Yan Xun, ye Chen looks flat. At the next moment, he jumps into the abyss.

The two bodies, falling rapidly, soon reached the bottom of the abyss. Ye Chen's eyes flashed with light. In the dark, he saw a hidden cave.

He flashed into the cave.

As soon as he enters the cave, ye Chen's eyes are bright. In the cave, there are some fluorites, which disperse the darkness.

In addition, there is a special spiritual power in the fluorite. After the spiritual power is integrated into his body, ye Chen feels a sense of comfort, which accelerates the rebirth of his body, and has a great effect on the recovery of his injury!

At this time, a cold female voice sounded in Ye Chen's ear: "when do you want to hold it?"

Ye Chen hears the speech, the face appears a touch of embarrassed color to smile, released to hold Lin Zhuqing's hand.

To tell you the truth, Lin Zhuqing's delicate body is extremely soft, with a kind of natural fragrance on her body. It's quite comfortable to hold it up. Ye Chen forgot to let go.

Lin Zhu snorted coldly. She walked to the corner of the cave and sat down. You can see that her injury is very serious!

Ye Chen looked at Lin Zhuqing's initiative to open a distance, and he was irreconcilable. He couldn't help but smile and said, "Miss Lin, why do you have to do this? Although there are some misunderstandings between us, how can I say that I saved your life, didn't I?"

When Lin Zhuqing heard the speech, a look of shame and anger appeared in his beautiful eyes. He glared at Ye Chen and said, "misunderstanding? You follow me, steal Peeping at me and robbing xuan Yue real fire are all misunderstandings?"

When I recover, I will kill you myself

Chapter 4093

Ye Chen heard the speech, but he said with some deliberation: "Miss Lin, it's not a good habit to bite the hand that feeds the hand. Moreover, although my strength is not as good as yours, I still want to kill you in this situation."

Lin Zhuqing was shocked when she heard the speech. At the moment, she found that ye Chen, who had been injured more seriously than herself, had recovered 60% at the moment!

Even the injured hand has recovered!

Her beautiful eyes trembled, looking at Ye Chen like a monster

He just suffered a blow from the high real devil!

So fast, it's 60%!?

When she was fighting Ye Chen, she had already seen the adversity of Ye Chen's vitality. But now, she found that she still underestimated Ye Chen

Now ye Chen has the strength to kill her

Seeing Lin Zhuqing's angry and lovely appearance, ye Chen couldn't help but smile. He suddenly waved and threw a pile of clothes to Lin Zhuqing. He said with a smile, "well, this is the second time I've let you go. We should even it out. Although the storage bag fell into the hands of Yan Xun, I can give it back to you"

Say, ye Chen's vision, subconsciously in Lin Zhuqing's delicate body, a burst of swaying.

Lin Zhuqing's eyes fell on the clothes, and a red cloud flew over his pretty face. His eyes flashed with shame and anger, and he suddenly held the clothes in his hands!

Those clothes are not only dresses, but also two white interior clothes!

When he was in the fire spring, Lin Zhuqing only refined the red dress in order to chase Ye Chen as soon as possible

That is to say, now Lin Zhuqing is in a vacuum state!

Ye Chen obviously discovered this

Lin Zhuqing said to Ye Chen, "you! Get out of the cave! If I dare to come in, I will kill you even if I blow myself up! "

Ye Chen shrugged and walked out of the cave, muttering: "what's the hurry? Anyway, I've already seen what should be seen..."

Lin Zhuqing was so mad that he yelled again: "what are you talking about?"

If not now she hurt too much, really want to and ye Chen desperately!

Ye Chen said with a smile, "I mean, you won't peek, Miss Lin, please don't worry."

A moment later, Lin Zhuqing changed her clothes, but the anger in her eyes still lingered. She had been able to deal with everything calmly, but she did not know why. When she met Ye Chen, she seemed to encounter a nemesis, which always made her unable to calm down.

Outside the cave, ye Chen's voice said, "are you ready?"

Lin Zhuqing was silent for a moment, or opened his mouth: "come in."

Ye Chen enters the cave and throws several jade bottles to Lin Zhuqing.

Lin Zhuqing opened the jade bottle, and the fragrance of medicine filled the cave.

Her eyes twinkled and she didn't refuse. These pills were not very precious to her as a sunflower. However, now that she was seriously injured and lost her storage bag, these pills helped her recover from the injury!

Lin Zhuqing looked at Ye Chen. His eyes were a little complicated. He said, "give me your message."

"Well?"

Lin Zhuqing said: "although that Yanshen can't find us for the time being, it can't guarantee absolute safety. Now we have to inform Mr. Wu to come..."

Ye Chen nodded and threw the Yufu to Lin Zhuqing, and then asked, "why do you enter this forgotten land alone? If you take old Wu, you won't have so much trouble?"

Of course, in that case, he would not have a chance to get the real fire of xuanyue.

Lin Zhuqing said: "if the old men of the old Association knew where xuanyue's true fire was, they would certainly have it in their hands. Even if I were a dark son of the moon, they would not give me the real fire. Therefore, I secretly entered the forgotten land..."

She glared at Ye Chen fiercely one eye way: "who knows can be some guy to stare at!"

Ye Chen smiles, and sure enough, his judgment is right. Now he has swallowed up xuanyue real fire. Even if old Wu wants to get xuanyue real fire, he can't help it.

At the next moment, Lin Zhuqing infused the divinity into the jade talisman and condensed a rune.

Soon, there was an old voice in the jade Fu: "who is it?"

"Old Wu, it's me," Lin said

Mr. Wu said unexpectedly, "Zhuqing?"

On Lin Zhuqing's pretty face, it is rare to see a touch of uneasy color. He has said that he entered the forgotten land and was chased by Yan Xun.

In one of the pavilions, Mr. Wu was silent for a moment, and then angrily cried out, "you two are too careless! In this forgotten continent, there are many dangers hidden in it. Can we go there at will? Wait for me, old man. I'll be there soon

After that, he cut off the communication of the jade symbol.

His face was angry, and his eyes were filled with worry. Every dark moon was a very precious talent. He was also a demon bred by the old man with painstaking efforts. Naturally, he could not be easily damaged! And ye Chen is more likely to be the son of reincarnation in the legend, changing the fate of the sinking moon sea!

It can't fall under his nose!

In this way, he will become the sinner of the whole sinking moon sea!

Old Wu's eyes were cold, and his whole body was in a faint agitation, and he said, "Chu Wuying, what have you done? Come and see me in one breath

Chu Wu Ying's voice was immediately passed into Chu's ears. Chu Wuying exclaimed. Blood was rolling in his ears. His face was pale, showing a look of horror. He could not even care about the injury, and disappeared from his original place in an instant.

A moment later, an old man with a gloomy face appeared in the forgotten land. With a flash of God in his eyes, he moved and went in a certain direction. In an instant, he appeared in the horizon.

.....

Ye Chen and Lin Zhu are sitting in the cave. The spiritual power of the fluorite is constantly penetrating into their bodies and recovering their injuries. It has been two hours since they escaped from the hands of Yan Xun.

Ye Chen suddenly opened his eyes, eyes bright Zhanzhan, mouth appeared a smile, awe inspiring has returned to the full state!

But at this time, outside the cave, there was a roar, the earth trembled wildly, and the whole abyss almost collapsed!

Ye Chen's face changed wildly, staring out of the cave!

I saw, that dark, looming out of a dark figure!

Ye Chen and Lin Zhuqing take a look at each other's eyes, both of them see the color of horror in each other's eyes. The next moment, their bodies flash and they rush out of the cave!

Every step the figure takes, the earth will shake violently. There is infinite power in the body. It is the high power magic nightmare!

This nightmare has found the abyss!

Chapter 4094

Yan Xun sneered: "do you think you will be safe if you hide in the place where you can shield your mind from exploring? Ha ha, in that war, this kind of place has already been washed by our real demons for many times! I am very familiar with this forgotten continent

Lin Zhuqing's pretty face sank, and in an instant he grasped Ye Chen's hand. Ye Chen understood it, and the dark flame at his fingertips surged!

The silver fire scattered the darkness in the abyss and reflected the ferocious face of yenshen.

Yan Xun saw the fire, and in the golden pupil, the color of fear loomed!

Between the flash of the fire, a flame talisman is formed again and shoots towards the nightmares!

However, this time, Yan Xun sneered and said, "do you think the same skill will still work for me if I use the same skill for the second time?"

At the next moment, the whole body of Yan Xun was full of evil Qi and turned into a big hand of evil Qi. He grabbed at the talisman. At the same time, his body flashed wildly and disappeared from the original place in an instant!

Xuanyue zhenhuo is indeed the enemy of the real devil. The evil spirit dissipates in a moment under the burning of the flame talisman, but at this moment, the nightmare day is not in place already!

The flame talisman was printed in the empty place, and instantly burst out, burning the void into a little twist!

Ye Chen and Lin Zhuqing's joint attack was easily avoided by Yan Xun!

All of a sudden, ye Chen's eye corner is mercilessly whipped, his arm is forced to dance, unexpectedly is to grasp own hand of Lin Zhuqing, throw out!

At the same time, with a roar, the silver white flame covered the whole body in an instant, and with a violent fist, it exploded out of the darkness beside me!

With a loud bang, the blow fell on the seemingly empty place, but it hit the target firmly!

Unfortunately, this goal is also a fist!

A fist covered with green and black scales!

The fist of Yeshin!

Ye Chen's muscles on his face are stiff, his hand bone is broken, and his body shape flies backwards again!

Hit hard on the cliff of the abyss!

A large number of rock fragmentation, ye Chen's body buried in the stone Dui!

Yan Xun looked gloomy. He took a look at the burning silver flame on his hand. He snorted coldly and suddenly grasped his wrist!

At the next moment, the sound of split brocade reverberated in the dark. Yan Xun actually pulled that hand from his body directly!

When he threw it away, his lifeless palm gradually turned to ashes in the silver flame!

However, at the broken wrist of Yan Xun, there are granulations growing rapidly, and flesh and blood bones are growing again!

The vitality of this high real devil is also extremely powerful!

Lin Zhuqing fell on the ground, and her beautiful eyes flashed a touch of surprise. In this abyss, the power of divinity was suppressed. However, ye Chen discovered the hidden and sudden attack of the nightmare earlier than she did!

Yan Xun looked at the stone pestle in front of the cliff and said with a sneer: "the fighting talent is very good. I can feel my attack by intuition. It's just that the holy ancestral land is so terrible. If we get to the heaven and earth, I'm afraid it will be a giant outside the country, but..."

His voice suddenly sank: "no matter how strong the fighting talent is, it can't make up for the huge gap between strengths."

As soon as the voice fell, although Yan Xun's eyes were still looking at the disordered stone heap, he suddenly raised his hand and made a fist towards his side. The fierce wind of the fist was fierce. The blade of wind alone cut the void into several cracks!

In Lin Zhuqing's beautiful eyes, an extremely tense look appeared. At the same time, the black ring on Yan Xun's arms broke out. At the same time, a black sun like fist seal suddenly fell into the abyss!

Yan Xun actually used that magic dark Yang fist!

If this boxing, ye Chen will be in danger!

As soon as she bit her teeth, she felt a very hot breath all over her body. Although her injury had only recovered by 20%, it was not suitable for operation, but now she can't control so much!

However, before Lin Zhuqing made a move, the black sun had already set in the place where the nightmares were bombarded!

Incomparably violent power surging, will the vast void directly blow to smash!

The power of this fist is unparalleled, but Yan Xun's eyes are sinking!

To his surprise, the punch didn't hit any target!

And in the moment that the fist seal fell, a little silver light instantly tore the darkness in the abyss!

A fist burning with silver flame is pounding hard on the temple of Yenshan!

There was a big bang. Without being prepared, the blow was a direct blow to Yan Xun!

And, rolling silver flame, on the head of Yanshan, burning madly!

Yan Xun sent out a scream. Although it was not used in the form of a talisman, the power decreased a lot. However, ye Chen's attack successfully penetrated the flame into Yan Xun's head!

He shouts with his head in his arms, and bursts of evil Qi surge. Finally, he suppresses the silver flame!

Yan Xun's golden pupil turned back and forth, his eyes swept around, and his eyes finally showed a touch of shock! Obviously, he underestimated Ye Chen's fighting talent just now!

All of a sudden, Yan Xun's eyes flashed, and suddenly swept out with a strong force. The compressed air cut a deep gully on the cliff of the abyss!

But

This leg, but again kick empty!

Yan Xun's face was ugly in an instant!

If it's not twice, it's a fluke!

The combat talent of high level true demon is several grades higher than most human beings!

In this abyss where the mind cannot be used, the gap between combat talents will be displayed incisively and vividly!

Originally, Yan Xun thought that ye Chen and Lin Zhuqing fled to this kind of place to seek death!

This is the home of the real devil. Those two humble human beings are already turtles in a jar!

And yenshen's fighting talent, even among the high true demons, is also the top existence!

But who would have thought that he had met a man with more fighting talent than himself!

Yan Xun's eyes were burning with anger, and he said, "damn boy! Do you think I really can't do anything about you? "

As soon as the voice fell, the ten black rings on the arm of yenshen burst out a burst of black light again, and the golden Rune flashed faintly in the black light!

In the next moment, the monstrous power was surging up from the demon body. He raised his right arm and roared: "the real devil's dark Yang fist!"

At the next moment, a huge fist seal, which almost covered the whole abyss, appeared on the top of Yan Xun's head. With the movements of Yan Xun, he faced down and suppressed him fiercely!

Lin Zhuqing saw this, and her beautiful eyes trembled in an instant!

There's no room to avoid this blow!

Although in this way, the power in the seal is dispersed, but even so, for ye Chen, it will still cause great damage!

Chapter 4095

But now, she doesn't even have the spare power to worry about ye Chen

Because she is also under the shadow of this seal!

In her present state, even if yenshen doesn't kill her, she will be seriously injured and lose her fighting power

As soon as Lin Zhuqing clenched his teeth, the red sword light suddenly became strong around his body, and now he can only do his best to resist it!

The corner of Yan Xun's mouth raises a sneer. The damned human beings think that they have strong fighting talent?

Do you want to challenge me with combat talent?

Ha ha, in front of the real strength, all talent and fart, meaningless!

In a flash, the seal directly filled the whole abyss!

With a loud earth shaking sound, the whole forgotten continent seems to have sunk a minute!

In the abyss, the dust filled the sky, and yenshen gave out a very happy laugh and waved his hand. The palm wind brought by the powerful power swept the dust away in an instant!

Now, yenshen seems to be standing on a very high stone pillar!

Why is there a stone pillar in this abyss?

That's because, in addition to the position of yenshen standing, the whole abyss has dropped by 300 meters!

This 300 meters is the hole that Yan Xun's fist blows out!!!

The earth and stone at the bottom of the abyss is pure black. It's not ordinary soil. It's very strong. It's not easy for ordinary warriors to smash a hole 100 meters deep in the abyss

And yenshen, with one blow, blew out a 300 meter deep pit covering the whole abyss?

It can be seen that the power in this fist is terrible to what extent!

Yan Xun looks satisfied and looks down on his masterpiece. He is shining in his golden eyes. He ignores the deep darkness and looks for ye Chen's figure. He wants to know how miserable the mole ant is now?

Soon, a shadow was found in the ground!

A figure in a pool of blood!

I saw, a woman in a red dress, at the moment all over the blood flow, breath if not, obviously, seriously injured to the point of death!

With a cold smile, the woman is Lin Zhuqing.

Originally, with Lin Zhuqing's strength, she would not have been hurt like this by Yan Xun's fist. However, she was seriously injured and her hand was very reluctant. Naturally, she couldn't resist the blow of 300 meters.

The reason why she hasn't died is that Yan Xun thinks that this woman is still useful and deliberately keeps her hand. Otherwise, that fist just now is enough to kill Lin Zhuqing!

Although Ye Chen has obtained xuanyue real fire, it is difficult to leave the forgotten land. However, Lin Zhuqing is a descendant of a priest. Even if there is no xuanyue real fire, if the breath of xuanyue real fire can be purified from the woman's body, his chances of breaking through the battle will be greatly increased!

His eyes flit past Lin Zhuqing and continue to look for ye Chen's figure.

But soon, Yan Xun's eyes were gloomy!

No?

He searched the whole abyss, but he didn't find the damned Terran boy!

What's going on?

Even if the blow just now is not enough to kill Ye Chen, he should be injured, right?

But at the bottom of the abyss, there is no trace left!

As if, this person evaporated out of thin air in general!

Although Yan Xun is confident in the power of his fist, he knows very well that the boy who has taken 70% of his strength and just broke his arm will never be smashed by the fist seal just now!

Just now, what happened when I punched myself!

His fist directly blocked the whole abyss, even if ye Chen wanted to escape, he couldn't escape!

Yan Xun's eyes flashed wildly, and suddenly her eyes lit up. She seemed to think of something!

Did this kid run away before he punched himself?

If so, everything seems to be explained.

Yan Xun looks ugly and snorts.

Human beings, as expected, are timid and afraid of death. However, this is also the most reasonable choice.

Even he couldn't help admiring Ye Chen's ingenuity.

If ye Chen steals away directly, he can feel something by instinct even if he can't use his mind to explore. However, ye Chen doesn't do this, but relies on his strong fighting talent. He first fights with Yan Xun, provokes him, and forces him to exert a blow that covers the whole abyss. In this way, ye Chen has a chance to concentrate all his energy on his fist Live a chance to escape!

That is to say, ye Chen can only succeed if he anticipates all the reactions in the battle perfectly!

Otherwise, it will be too late to wait for Yan Shien to get ready to run away.

Yan Xun takes a look at Lin Zhuqing who falls into a pool of blood. Although he is not satisfied, ye Chen is not his main target. The reason why he pursues and kills them is that the xuan Yue real fire breath in the blood of the priest! Ye Chen swallowed up the real fire of xuan Yue by Xuanyan. However, after fighting with Ye Chen, he knew that he could not get the Xuanyan no matter how he used it.

At the next moment, Yan Shin's body moved and fell at the bottom of the abyss. As soon as he reached out, he grabbed Lin Zhuqing on the ground. He was about to leave the abyss and find a safe place to extract the dark moon fire in Lin Zhuqing's blood.

But when he grabbed Lin Zhuqing, his golden eyes suddenly contracted!

There was a small hole hidden under Lin Zhuqing's body. At the moment, a young man with blood all over his body was standing in the small hole, facing him with a strange smile.

At the tip of the youth's finger, a seal appeared. In the seal, the breath of destruction stirred, and instantly turned into a black light, which shot at his eyebrows!

This youth is Ye Chen of course!

At the moment, ye Chen stares at Yan Xun and says only four words.

"In the name of the blood of my reincarnation and the way of Xuanhan jade, destroy the divine light!
Open "

in this very close distance, even yenshen has no time to dodge!

But at the same time that the black light rises, it has already penetrated into the thigh of Yan Xun!

Time is still at this moment!

The next moment, a scream tears the silence in the dark!

Yan Xun held his thigh and retreated quickly. Blood gushed from his wound wildly. Lin Zhuqing, who was caught in his hand like a seriously injured man, slowly opened his eyes, gave a cold look at Yan Xun, and broke free from his hands!

Although Lin Zhuqing was injured, he was not as serious as he imagined!

Ye Chen's eyes twinkle at yechen's retreat. After he has condensed into a seal of destruction, he feels the destructive power of the light of extinction, and a qualitative change has taken place!

Chapter 4096

Today's God of extinction, even if the other side shows himself in the sky, is enough to kill the general universe in the early days.

And in the face of such a strong person, burning the blood of reincarnation, coupled with the power of xuanhanyu, ye Chen is confident that he will be surprised and seriously injured!

However, although it seems to be extremely painful, and the breath changes from high to low, his injury is not so heavy!

The vitality of this high real devil is still ahead of Ye Chen's expectation!

I'm afraid that as long as a stick of incense, the nightmare can be completely recovered!

Yan Xun covers his eyebrows, and his golden eyes are full of anger and surprise. He is fully operating the evil Qi in his body. The black ring on his arm and the golden Rune flash wildly suppress the destructive rhyme surging in the wound!

At that moment, Yan Xun felt the breath of death!

If it wasn't for the boy's destruction, Dao Yin was only the first level. That blow would have killed him!

Dao Yin is divided into nine levels!

The higher the realm is, the stronger the power is. If the Tao seal is cultivated to the nine levels, it can really touch the origin of Tao.

No matter what kind of Shinto, if you practice its seal to the nine levels, you will have the ultimate power against heaven!

Yenshen, known as the true demons, is a genius who has never been seen before. But even if it is the power contained in the seal of the two realms, its power has already been comparable to the destructive Daoyun of yechen's first realm!

You know, the destruction of Shinto is one of the original three. It can crush any Shinto except the original three!

It can be seen how great the difference is between different realms of Daoyin!

Yan Xun yelled at Ye Chen: "damn mole ants, how dare you hurt yourself like this!"

He was totally wrong!

Ye Chen not only did not escape, but also secretly prepared to launch this fatal attack?

Standing beside Ye Chen, Lin Zhuqing is also looking at Ye Chen with an incredible look in her beautiful eyes.

Just now, at the moment before the fist fell, ye Chen suddenly appeared in front of her and blocked the blow of Yan Xun for her!

She knows that ye Chen is not only to save her, but also to calculate that the location where Lin Zhuqing is located is the weakest spot of Yan Xun's fist seal!

After all, Lin Zhuqing is Yan Xun's only hope to escape this forgotten continent, but she does not want her to be directly bombed and killed under this blow.

However, even so, this fist still blows Ye Chen's muscles into pieces, and his whole body is stained with blood. The blood on the ground is Ye Chen's!

If the blood was found by Yan Xun, he would definitely be on guard. Therefore, ye Chen let Lin Zhuqing lie in the pool of blood as if he were seriously injured. At the same time, he hid himself under Lin Zhuqing and displayed the light of extinction!

Although the power of the light of extinction has been improved, it still takes time to put it into effect. Under normal circumstances, you can't hit Yenshan at all!

What he grasped was the moment when Yan Xun took Lin Zhuqing away!

Even if Lin Zhuqing is such a monster, he can't help but be thrilled by Ye Chen's fighting talent!

Unfortunately, even if ye Chen material in everything, but still did not beat Yan ten day, the strength gap between the two sides, too big!

Yan ten day a pair of gold eyes, dead staring at Ye Chen, he now looks, quite embarrassed, but the heart is sneer!

Ye Chen has shed so much blood, and the smell of blood has been completely recorded in his mind. Even if the invisible magic weapon is no longer covered, Yan Xun is confident to lock in Ye Chen's position!

The reason why he deliberately shows weakness and retreats is that he is injured in his thigh and his movement speed is greatly reduced. If he takes the initiative to attack, he may be dodged by the other party!

So, he's waiting!

Waiting for ye Chen to attack himself!

At that time, he will seize the opportunity, a move will end the battle!

And if ye Chen doesn't attack?

That's better. Soon, his injury will be completely recovered. At that time, it will be ye Chen's death!

Oh, damned human, do you think only you can calculate?

But at this time, ye Chen's action was once again beyond the expectation of Yan Xun!

He grabbed Lin Zhuqing's jade hand without hesitation. His figure flashed, and then he went up to the top and flew away!

Ye Chen escaped directly

Or extremely decisive to escape!!!

Yan Xun, I'm so stupid

He was clear in his heart that ye Chen could calculate everything to this degree. If he wanted to escape, he would have escaped when he blew out his fist!

But he did not do so, but chose to take the risk to attack yenshen to the extreme!

In Yan Xun's opinion, ye Chen must be a very belligerent and confident man!

It's impossible to escape!

But it turned out that he was wrong againYe Chen flew toward the sky and said with a sneer: "do you think I will attack you? As a high power demon, you are powerful, but your brain doesn't seem to work well, right

Hearing the speech, Yan Xun's face was distorted in an instant, and his anger in his eyes was about to turn into substance. When he moved, he ran after ye Chen crazily!

The speed of his leg can't be recovered for a long time!

Yan Xun's face is very ugly. How can he not understand how ye Chen thinks!

If you want to escape, why risk attacking yourself?

If there is a slightest mistake, ye Chen is dead now, right?

In fact, most of what Yan Xun thought was right, but he forgot a little.

If ye Chen runs away directly, it means that he will abandon Lin Zhuqing!

The two men escape from the hands of Yan Xun. Ye Chen regards Lin Zhuqing as a companion and friend in his heart.

Abandon the companion, this is Ye Chen even if die, also won't do!

He is not a good man, but he has his own principles!

The true demons cultivate the evil mind. How can they understand Ye Chen's beliefs and principles when they obey their own selfish desires?

The man and the woman are flying in the mountains and turning into black!

Lin Zhuqing said solemnly: "Ye Chen, the leg injury of yechen has been recovered. If we go on like this, we will be caught up with soon."

Ye Chen is also frowning. Now he is completely locked in the mind of Yan Xun. Even if he displays the soul swallowing seal, he can't shake off the other party

Are they going to die in the hands of the devil in the end?

At this time, ye Chen was suddenly moved. At the next moment, a shining jade talisman appeared in his hand!

Lin Zhuqing and ye Chen look at each other, they see the color of ecstasy on the aspect!

Wu's voice came from the jade Fu: "boy, I'm coming. Three breaths! Give me three more breaths

Chapter 4097

At this time, a fist seal suddenly appeared behind Ye Chen and Lin Zhuqing!

Yenshen has been able to catch up with the position!

Ye Chen takes a deep breath, in the arm, the huge force surges wildly, suddenly pushes Lin Zhuqing out!

And then he turned behind him and smashed it hard at the blow!

Turning around, ye Chen whispered: "the first breath..."

On his fist, the black light explodes and collides with the fist seal of yenshen!

Compared with sword technique, boxing is more effective in dealing with Yan Xun!

However, even so, this blow also broke Ye Chen's arm, fell upside down, and smashed the hill into pieces!

At the moment Ye Chen half kneels on the ground, all over the body, not a good place, thoroughly turned into a blood man!

Even the vitality, which has always been surging, began to decline rapidly

After a series of attacks, even ye Chen has reached the limit!

At the next moment, a demon figure appeared in front of Ye Chen. He looked down at Ye Chen, who was half kneeling on the ground, and his face showed a very happy look!

What the hell is going on?

Finally, it's not to die in the hands of the Lord!

Now ye Chen, has not even the strength to stand up, right?

Yan Xun's smile becomes more and more ferocious. On his arms, the great force surges wildly, and he wants to kill Ye Chen thoroughly!

But at this time, ye Chen is suddenly raised his head, a mouth spit out a silver flame!

Yan Xun's face changed slightly, and this flame was extremely pure!

This kid's dying, still struggling?

However, at the next moment, a touch of sarcasm appeared on his face!

No matter how pure the flame is, it must be able to hit the target, so as to have the effect!

He made a mistake in his steps, and in an instant avoided the mysterious flame that ye Chen vomited out!

This is the second breath.

Yan ten day's figure appeared behind Ye Chen, sneering: "little waste, ha ha, is not very unwilling?"

As soon as the voice fell, he hit Ye Chen's head with a fist!

A huge bang, a reincarnation xuanbei emerged!

This is the dust tablet!

But the light shield of the dust tablet soon dissipated.

Ye Chen's head crack spot, under the body appeared a big pit, blood crossflow.

At the moment, ye Chen is only one step away from death!

Yan Xun grabs Ye Chen's head with great pleasure, puts his body in front of him, stares at Ye Chen's dim eyes and says, "what do I ask you? Didn't you hear me? Well? "

He suddenly some not willing to kill Ye Chen, this damned human let himself repeatedly injured, so let him die, too cheap him!

Can, at this time, the corner of the mouth of Ye Chen, is suddenly raised, appeared a if you have no smile, what is still whispering in the mouth.

When he saw the smile, he felt extremely dazzling. His pupils shrank, and his face was very gloomy. He said, "boy, what are you laughing at? Can you laugh when you're dying? "

He is close to Ye Chen's mouth, carefully listening to Ye Chen's whispering words.

"The third breath, here it is."

The third breath?

Yan Xun frowned. What does that mean?

In his heart, there is a very bad premonition!

However, at the next moment, he was full of killing intention in his eyes, holding the arm of Ye Chen's head, the black ring light flashed, the way of power was surging wildly, boundless huge force gushed out from the arm, five fingers one tight, he would crush Ye Chen's nearly broken body completely!

Anyway, he's going to kill the damn boy first!

With a click, there are more and more cracks on Ye Chen's skull, which is only one step away from the complete burst!

But at this time, the golden pupil of Yenshan shrank suddenly, and a breath like a God was suppressed on his body. The fierce and extremely high real devil was filled with a storm like fear in his heart. His muscles were tense. At the moment, he could not even send out a trace of strength!

At the moment, in Yan Xun's eyes, which still has the slightest intention of killing, violent?

The rest, only panic and puzzled!

How can such existence appear in the forgotten continent!!!

Even if he is not suppressed by the array, he will be killed by the other side with one stroke and a second

Behind him stood an old man with white hair. Beside the old man, there was a girl in a red dress with refined temperament.

The old man, of course, is Mr. Wu!

Yan Xun's eyes trembled wildly, and the spirit would burst!

He wanted to turn his head and look at the people behind him, but no matter how the surging power in his body worked, he could not even move his neck!

"You can't kill me! My father is about to wake up. If he knows that I am dead in your hands, the whole Sunmoon sea will be dyed red with your blood! Old Wu looked at Yan Xun indifferently and said, "is that right? Unfortunately, you will never know the result. "

As soon as the voice fell, a golden light suddenly came out of Wu's body and cut it out!

"No Yenshen screamed. Even though he didn't make a sound, he disappeared in the golden light like smoke

A great devil who has existed in the world since ancient times has been obliterated by old Wu so lightly!

Ye Chen's body, fell to the ground, in the moment before the fall, but a pair of jade hands to hold him.

Lin Zhuqing holds Ye Chen's body, and his eyebrows frown slightly. A look of worry appears in his eyes.

Ye Chen looked at Mr. Wu and said with a smile: "thank you, master..."

As soon as the voice dropped, he was completely unconscious.

With a flash of his eyes and a lift of his hand, old Wu fed a pill into Ye Chen's mouth. The powerful force of the pill surged through Ye Chen's broken body, and his pale face was relieved.

Seeing this, Mr. Wu felt a little relieved. If he had just arrived one second late, ye Chen would have died in the hands of Yan Xun.

At the same time, Mr. Wu's look at Ye Chen also flashed a shock.

Ye Chen's cultivation of the holy ancestral realm is actually able to support up to now in the hands of that nightmare!

He was more and more sure that ye Chen was the son of reincarnation in the legend!

In Lin Zhu's beautiful eyes, there is also a faint joy.

Unconsciously, ye Chen is no longer the shameless thief in her heart.

The next moment, Mr. Wu, together with his two men, fled to the safety area of the forgotten place.

.....

In a wing room, a young man is lying in bed. In front of him, there are two very beautiful girls with totally different temperament. They are Xi rong'er and Lin Zhuqing.

The beautiful eyes of the two women are staring at the young man in bed without blinking.

All of a sudden, the young man's eyelashes trembled slightly, and the two women's beautiful eyes were bright!

Ye Chen slowly opened his eyes, a familiar woman's face reflected into the eyes, he was slightly stunned, then, a smile appeared in the corner of his mouth.

Chapter 4098

The color of concern in those smart eyes is clearly visible.

Xi rong'er pretty face almost stuck in front of Ye Chen, and asked anxiously, "Ye Chen, how do you feel?"

One side of Lin Zhuqing saw this, but he didn't say anything. He turned around and walked toward the door.

Ye Chen looked at Xi rong'er and said, "I feel my life is in danger now."

Lin Zhuqing, who had already reached the door, turned around in an instant.

Xi rong'er was also very nervous and exclaimed: "ah!? I'm going to invite Mr. Wu to come here now! "

Ye Chen said with a smile: "don't be so troublesome. It's just that you are too close to me and I can't breathe."

"You Xi rong'er hears the speech, and her pretty face turns red in an instant. She quickly steps back from ye Chen's body.

Lin Zhu snorted coldly, glared at Ye Chen, and pushed out the door.

Ye Chen sat up from the bed, his mind swept, and the smile on his face was stronger. When he was in a coma, he vaguely felt that old Wu had given himself a pill.

Presumably, the grade of the pill must not be simple. At the moment, his injury has completely recovered!

At this time, xuanhanyu said: "boy, you have been hurt a little seriously this time. Because of your constitution, you have been in a coma for several days. Today is the day of the physical examination."

Ye Chen smell speech, eyes flash, suddenly stand up, then walk toward the room.

Xi rong'er stopped Ye Chen and said, "Ye Chen, where are you going?"

Ye Chen said with a smile, "of course, I went to participate in the physical examination."

Xi rong'er frowned: "you just wake up. If you take part in the physical test, in case..."

Ye Chen said: "I have recovered completely, but are you not going to participate in this test?"

Xi rong'er said with a bitter smile: "you fought against Su Zi at the time of God's test. Everyone already knows that Shen Yue has participated in this Huayue contest. Who has the heart to compete? Besides you, it's just a shame that other contestants have gone... "

This year's Huayue Dabi has become a contest between Ye Chen and six sunken moons!

.....

On the square, a very tall young man with a pair of horns on his forehead was standing in the meeting hall with his arms in his hands and a sneer on his face.

This man, named prisoner cow, has bulging muscles all over his body, just like steel. The whole person is just like the embodiment of strength!

No one would doubt the physical strength!

The young man with black hair and blood eyes said with a smile to the white haired youth beside him: "white bird, who do you think will win this test?"

The white bird hears speech, silver Mou tiny flash way: "Ye Chen."

Hearing the speech, the young man said unexpectedly, "are you serious? I admit that the boy's talent in the spirit is really terrible. Even Su Zi, who is the first in the dark son of the moon, was defeated by him. However, you don't really think that this man can defeat us in all six competitions, do you?"

The physical qualification of the captive cow is not as good as Su Zi's spirit. However, it is also the most powerful one among the Sunmoon darksons under the age of 500! Do you know the life of the captive cow

Every sunken moon and dark son is a man of great talent. Even Su Zi, a genius in spirit and spirit, is far superior to other martial arts men of the same rank in terms of physical strength. It can be imagined how terrifying the qualification of a captive ox in the flesh!

The white bird nodded her head and said, "the captive cattle are from the War Ghost family. The flesh of the War Ghost family is extremely against the heaven, and can even be compared with the real spirits in the heavens! Even compared with those in the upper world, the warlords are among the most famous races for their physical bodies.

Not only that, but also inherited the blood of the real dragon. The blood of the dragon and the blood of the War Ghost clan. Even in the War Ghost clan, the captive cow is a genius among the geniuses. Even if it is placed in the heaven and man realm, I'm afraid that there will not be too many more powerful than its physical qualification! "

The puzzled color in the eyes of the young man with blood eyes became more and more serious: "since you know, why do you think ye Chen will win? Don't you think it's impossible to have the ultimate talent on both the spirit and the body? "

The white bird's eyes flickered slightly and said with a smile, "is it possible? We'll know soon."

The young man with blood eyes heard the speech and looked at the square. He saw a young man with a somewhat indifferent look and walked slowly to the front of the prisoner.

Although Ye Chen is not short, but, compared with the prison cow, it seems a little thin and small.

Many people, are shaking their heads, not optimistic about ye Chen.

It's not because of the size, but because of the performance in the preliminaries!

Ye Chen in the preliminaries, second killed the power of the devil, can be said, extremely shocked, but!

The performance of captive cattle is even more frightening!

When he faced the power devil, he only made one move

To be exact, it's a finger!

At that time, in the face of the powerful devil's heavy blow, the captive cow just bent his finger and turned the huge demon head into blood mist directly! But Ye Chen, although also is the second to kill, actually hit many fists!

At the moment, the captive cow looked down at Ye Chen, his eyes were cold and said coldly, "you shouldn't have come."

He is advantaged in the physical body. For the War Ghost clan, the strength of the body is the basis of their pride!

How dare a human dare to challenge his gift in the flesh?

This is an insult to the war ghosts!

It's an insult to him!

"Oh?" Ye Chen said with a smile, "are you afraid?"

The cold in the eyes of the prisoner was more intense, and his bones burst out a burst of sound: "hope, your madness does not come from your stupidity. In that case, you may survive under my fist."

At this time, an old man slowly walked to the two people, and the people looked at the old man, and they were all shocked.

This old man is the old man Wu of the Senate!

Wu old light mouth way: "the next month big ratio, by the old man presided over, you have no opinion?"

In the face of Mr. Wu, let alone the audience, even the master of Guanghan hall dare not have any opinions!

After all, Chu's performance was not as good as that of the audience.

However, this also can't blame him, can only say, Shen Yue dark son and ye Chen are too abnormal!

Only with the existence of Mr. Wu, can he be able to host the current Huayue Dabi!

Old Wu suddenly raised his hand, and two golden lights fell on Ye Chen and the prisoner, turning into two runes.

Ye Chen and the captive cow all look to move, feel inside the body more some kind of inexplicable imprisonment!

"The rules of the physical examination are very simple. When you fight, the person who knocks down the other side or I judge that the opponent can't fight again will win the competition. However, in the battle, all you can use is the strength of the body. Not only the mind, the charm of Tao, but also the fighting instinct and cultivation aura have been sealed by me Is it white? "

Two people smell speech, is a look one Lin, nod a head way: "understand."

If all these things are gone, it means that two people are completely on the same starting line.

It's a battle of pure power.

Chapter 4099

Ye Chen looks at the captive cow with his eyes flashing slightly. He knows that the seal not only imprisons other forces except the flesh, but also limits the physical strength of the captive cattle to the state of the holy ancestral realm!

Wu said, "let's start."

As soon as the voice falls, a gust of wind is surging out of the square!

Most of the audience in this square exist in the heaven and earth, but they are also unsteady under the wind!

And the source of the gale is a captive cow in the center of the square!

At the moment, the muscles of the prisoner cow were surging, and a faint golden light appeared on its body surface. A virtual shadow of a five clawed golden dragon was walking upstream of its body. A force that made people tremble all over the place, and the extremely frightening pressure fell on the square!

That pressure does not come from the realm, but, as if the lower life meets the higher life, the fear generated from the soul!

But the gale on the square is caused by the breath of the captive cow!

Just breathing can produce a strong wind that makes the martial arts in heaven and earth unstable!

Just think about it, it makes your brain burst!

What kind of power is this!!!

It is said that in ancient times, there were powerful martial arts masters who became saints with their flesh and reached the top of the mountain. Is that just the case?

Ye Chen looks at the captive cow, and his eyes flash slightly. The prisoner's physique is really strong, especially in strength!

If the captive cattle do their best, their physical strength may still be higher than the higher true magic nightmare in the forgotten continent!

Even if the cattle are imprisoned, the physical strength, vitality and so on are suppressed at the level of the holy ancestral realm. I'm afraid that with all our efforts, there may even be a blow to kill heaven and earth!

At the next moment, the prisoner's feet trampled heavily, and the ground under his feet was suddenly broken. His body was like an arrow. He rushed to Ye Chen at full speed, and his whole body was flowing with great force. He hit Ye Chen's face with a hard blow!

There is only muscle power in this fist!

But!

The moment of this blow out, not only is a large space frantically broken, but even the laws of heaven and earth have signs of collapse!

The extremely strong wind pressure howls, some of the lower strength of the existence, have to face the color of pain, in this wind pressure, actually feel that the body will be torn ah!

Don't say it's this punch, even the wind pressure is a little unbearable

Mr. Wu saw that a trace of aura came out of his body and enveloped the audience. Only then did those people's expressions soften down.

When people saw this scene, their eyes were shaking wildly, and even the masters of Guanghan hall were shocked and inexplicable!

What is one force breaking ten thousand methods?

This, is called a force to break ten thousand methods!

Xi Yun and Xi rong'er are extremely nervous!

They know that ye Chen's body is very strong, but no matter how strong it is, it can't compete with the existence of the prison cow, which goes against the heaven to the extreme?

At the same time, ye Chen's eyes flashed wildly, facing the bull's blow, the same boxing out!

At the same time, the evil spirit, evil spirit and Hongmeng gas burst out from ye Chen's body in an instant!

The fists of the two men have not yet completely collided, and the wind pressure between the fists is frantically pounding. The terrifying hurricane suddenly emerges and the vast void is shattered!

In a flash, boxing and boxing are like two universes, hitting one place!

At the moment of touching the huge fist of the prisoner, a pure silver flame suddenly covered Ye Chen's fist!

There was a deafening explosion, and a strong afterwave swept around. In the sea, under the afterwave, hundreds of thousands of meters high waves were set off. All the warships berthed on the shore were shaking wildly in the wind and waves!

Everyone is staring at their fists!

The next moment, a blood flower blooms between fists

People's faces are changing rapidly with the blooming of this blood flower

From shock, to disbelief, to fear, and finally to reverence!

Looking at his fist, the prisoner's face twisted rapidly. His steel arm was constantly deformed. The sound of bone breaking, muscle breaking and blood gushing came into his ears at the same time!

In the prisoner's mind, only a nuclear bomb exploded!

In his whole life, he has never been so shocked by the power of other warriors!

The huge force poured into his body along his fist, which only made him feel like a wooden boat in the rough waves, and could be submerged in the endless sea at any time!

He jerked up his head and looked at the young man in front of him!

See, ye Chen showed a light smile to him: "now, you still think, I can't survive in your fist?"

As soon as the voice fell, the violent force instantly tore the arm of the prisoner. Even, most of his body was twisted with muscles. His bones and viscera were frantically broken. The whole person was like a shell, which was blown upside down by this blow! Seeing this, Mr. Wu's whole body flashed with golden rhyme, which turned into a ray of light and blocked his body. However, the body of the prisoner's cow hit the light screen hard, leaving a shocking bloodstain on the light screen. The whole island seemed to shake violently with it!

And the body of the captive cow fell to the ground.

He gritted his teeth and struggled, as if to get up from the ground

He comes from the War Ghost clan, the physical strength is the pride of all the War Ghost people, he does not allow himself to fall here!

Ye Chen looks at the prisoners on the ground, and a glimmer of appreciation flashed in his eyes. These dark moons are excellent both in their aptitude and in their disposition.

But

It's not anything. It can be made up by heart.

The vitality of the captive cow is also very strong, but even if he is sealed in the holy ancestral land by Wu Lao, even he can't bear the power of Ye Chen's fist!

Ye Chen is invincible in the world!

"Poof!" Standing half of the body of the captive cow, suddenly spit out a mouthful of blood, the light in his eyes is dim, like a hill like, fell on the ground, completely lost consciousness!

Scene, silent!

A crowd of audience are speechless looking at this scene, all people's eyes are focused on Ye Chen's body, at the moment, their eyes are no longer appreciative

It's real worship!

The powerful talent of sunken moon and dark son has refreshed their understanding of demons!

But now, it's someone who has won two dark moons in a row on different qualifications!

A lot of people, eyes are showing a very moving look!

In their eyes, ye Chen is the reincarnation of the moon god!

Only the reincarnation of the moon god, it is possible to go against the sky to this degree!

The real Luna clan, coming to the sunken moon sea, must have pity on them, who have inherited a trace of the moon god's blood, to lead them back to the protoss!

This is the dream of everyone in the deep moon sea!

Chapter 4100

The white bird looked at the scene in front of her eyes, her eyes flashed slightly, but her mouth raised a smile.

And the young man with bloody eyes on one side has been totally stunned!

What the hell's going on here!?

Even if ye Chen wants to win, don't win such exaggeration!

One shot and a second?

Ye Chen killed the captive cow with one fist and a second!

This young man with bloody eyes is really stupid this time. He was originally dismissive of the so-called reincarnation son, and his heart can't help shaking

That's a captive cow! In the realm of Yang Zhen, in the body of talent, are standing on the top of the evil!

In the heart of blood eyes youth, is the existence of the top three!

Don't underestimate the first three. You should know that the top demons of Yangzhen realm and Tianren realm can be called as the existence of adverse heaven even if they are placed at a higher level and in the real world!

Is Ye Chen really the legendary man who can lead Shen Yuehai back to the existence of the protoss?

Ye Chen takes a look at his fist. Although he beat the prisoner with one fist, his fist is also blood and fractured.

Although this little injury was nothing to him, it was enough to show how powerful the power of the cattle was!

In the same realm, it is estimated that ye Chen can be injured in the flesh. It is estimated that there are few people outside the territory.

In particular, ye Chen absorbed the real fire of xuanyue and the power of burning blood Jue soared, which made his power more powerful!

Although, according to Ye Chen's estimation, even if it did not devour the real fire of xuanyue, the captive cattle in the holy ancestral realm should not be their own rivals, but it will never be so easy to win as now!

With a wave of his hand, Mr. Wu lifted the seal on the prisoner's body. At the next moment, the surging vitality of the prisoner's body broke out in an instant. The wound, like dust blown by the wind, disappeared in an instant.

He slowly got up from the ground and looked at Ye Chen in a complicated way. Suddenly, he bowed heavily to Ye Chen and said, "you are a real fighter, worthy of respect. I apologize for the words that offended you before."

The War Ghost clan is very proud and proud of their physical strength. For foreigners, they are basically despised.

However, if you encounter in the physical body, superior to their opponents, the War Ghost clan will pay the highest respect!

Ye Chen waved his hand at will and looked at Wu Lao Dao: "Wu Lao, have a competition next time."

Old Wu glanced at Ye Chen's fist, and his pupils shrank slightly. At this moment, ye Chen's fist had been completely restored.

He nodded his head and said, "well, the next competition is the Dao test. As the name suggests, it will test the contestants' understanding of martial arts."

Old Wu looked at the young man with black hair and blood eyes and said, "blood maple, come up."

The young man with black hair and bloody eyes touched his nose with a bitter smile. If he had known Ye Chen's existence against the heaven, he would not have been in this muddy water at first

Blood Maple slowly walked to the front of Ye Chen and said with a smile: "Ye childe, under the blood maple."

Ye Chen nodded his head and said, "I heard that you defeated Lin Jianqing?"

He heard Xi ronger talk about it.

Xirong'er finds out that what ye Chen is facing is the legendary dark son of the moon. He asks Xifu to help him find out some news.

When ye Chen and Qin Hongyue and Lin Jianqing come to Chihai together, Xifu naturally does not know. Since ye Chen and Lin Jianqing are friends rather than enemies, the first thing Xi Xuan finds is Lin Jianqing.

After contacting Lin Jianqing, Xi Xuan knows that Lin Jianqing is injured

This can't help but make Xi Fu a little surprised. Although Lin Jianqing, the leader of Xihai law enforcement hall, only exists in the later period of heaven and earth, he has the combat power comparable to the limit. Who can hurt him?

When Lin Jianqing heard that ye Chen was going to fight Xuefeng on the top of Huayue Dabi, she said to Xi Xuan with great dignity: "master Xi, tell me to master ye that his subordinates are incompetent and have little knowledge of martial arts. Even though there is nothing about the Shinto that Xuefeng cultivates, he is defeated by him

The only thing that can be confirmed is that Xuefeng's martial arts are all inclusive, far from ordinary martial arts, and can be compared with In this world, I can't imagine any Shinto that can bring such terrible power. "

After hearing that, the whole person was almost frozen!

How shallow is martial arts?

Lin Jianqing has condensed into the existence of Kendo seal!

Even if it is placed in the whole Sunmoon sea, it can be regarded as a genius on Kendo!

How can you claim that you are not good at martial arts?

This blood Maple's martial art is against the sky to what level!

When Xuefeng heard Ye Chen mention Lin Jianqing, he couldn't help but feel a little stunned. Then he said with a smile, "master Lin's swordsmanship is really good. I'm just winning by a narrow margin."

Ye Chen faint smile, did not say what.

In the eyes, it is a faint dignified color! Lin Jianqing's swordsmanship is very strong. Ye Chen, who has endured one of his swords, is very clear!

However, from the realm of Daoyin, Lin Jianqing's Daoyin is only a little worse than that of yenshen. It should be the peak of chongtian Daoyin!

This seal realm is much higher than ye Chen!

However, even Lin Jianqing can only be regarded as superficial martial arts in front of this bloody Maple

You can imagine how terrible this person's ability to understand martial arts is!

With a wave of his hand, Mr. Wu dropped a golden Rune on Xuefeng's body, suppressing his martial arts understanding in the holy ancestral realm. He was ready to open his mouth and announce the rules of the game.

But at this time, the blood maple is suddenly to Ye Chen smile way: "Ye childe, I see today you still have a few competition, you and I, not suitable to start, as well, we have a fight, you see how."

"Wendou?" A touch of curiosity flashed in Ye Chen's eyes.

Between the warriors, there is a fight?

Blood Maple tiny smile, see to Wu old way: "Wu old, can that ten thousand chess board, lend me a use?"

Hearing this, Mr. Wu's face moved, but there was no objection. He waved a piece of ebony chessboard engraved with gold thread and placed it in front of them.

Xuefeng sat in front of the chessboard and looked at Ye Chen and said, "Mr. Ye, let's play a game of chess. What do you think?"

People heard the speech, a burst of uproar!

Playing chess?

No, do you want to have a martial arts competition?

How did it become chess?

Ye Chen stares at that ten thousand chessboard, on the surface gradually appeared a touch of shock color!

On this chessboard, there are countless rhyme mechanisms!

As if it contains all the secrets of martial arts in the world!

Xuanhan jade is also some unexpected way: "incomplete chaotic spirit treasure? Although it's just a copy, the ten thousand chessboards are priceless treasures outside the territory. "
