

## Physician 4101

### Chapter 4101

Ye Chen's eyes flashed slightly: "what is this chaotic Lingbao?"

Xuanhanyu said: "different from the thirty-three days of Hongmeng, on top of the original tool is the chaotic spirit treasure. Even if it is placed outside the territory and in the upper world, it is extremely rare treasure. If your evil sword devours enough spirits, it is possible to advance to the level of chaos spirit treasure! Now, though, it's still a long way off.

And this board is just a half step chaotic treasure. What's more, it's only a silk thread away from the real chaotic treasure. The most important thing is that the chessboard is just a copy. Even the imitation can become the half step chaotic treasure. Even in the chaos treasure, the real board is probably the best of the best, even if it is possible Above the chaos treasure

Xuanhan jade said in a deep voice: "above the chaos spirit treasure, it is Xuantian Lingbao! Among the ten thousand realms of heaven, there is a spectrum of ten thousand utensils in the sky! There are ten thousand pieces of Xuantian Lingbao on the ten thousand instrument spectrum! And these ten thousand pieces of Xuantian Lingbao are the most powerful of all the ten thousand treasures beyond the origin!

It can be imagined that this Xuantian spirit treasure can be regarded as the top treasure. Even if it can't be listed on the Xuantian Wanqi manual, where it is placed, it can make those who can die out of the territory and fight for it!

However, with your current strength, let alone Xuantian Lingbao, even if it is chaotic Lingbao, the high-level original device can not be used. "

Ye Chen stares at the Wandao chessboard, and there is a flash of fire in his eyes. If you can get the real Wandao chessboard, even if you can't use it, it will be of great help to his martial arts!

Suddenly, ye Chen thought of what: "xuanxianzi, what level does my reincarnation cemetery belong to?"

Xuanhanyu was stunned, and then said seriously, "even Xuantian's ten thousand instrument spectrum is not qualified to earn income!"

"Ye Chen, I can tell you very accurately that the samsara cemetery has long been beyond everything..."

Ye Chen's heart set off a storm! But he couldn't think much about it.

Soon, ye Chen also sat in front of the chessboard, this imitation of Wandao chessboard is very suitable for their two people to fight each other!

If you want to land on this chessboard, what you are competing for is not chess power, but Daoyun!

Blood Maple smile way: "Ye childe, you persist black, still hold white?"

Ye Chen eye God mang one Sheng way: "I hold black son!"

As soon as the voice fell, a black chess piece appeared in Ye Chen's hand. At the next moment, ye Chen was all over the body, and Daoyun was stirring. On top of the chess piece in his hand, a Dao seal appeared. At the next moment, ye Chen shook his wrist and put the black piece on the chessboard!

Originally, I still don't understand why the people who compete with martial arts and Taoism want to play chess. At the moment of Ye Chen's playing chess, their looks suddenly changed!

A startling Taoist rhyme came out of the thousands of chessboards. People only felt that the laws between heaven and earth had changed inexplicably, as if they had come to a universe full of Taoist rhymes!

At this time, countless gods of heaven and earth, under the impact of Ye Chen's destruction Shinto, quickly disappeared!

In front of them, they seem to see the collapse of countless worlds, countless flourishing martial arts civilization, destroyed by some more terrifying force!

The blood Maple sees the shape, in the eye blood awn, suddenly flash, has the innumerable road rhyme birth and death, he extremely surprised looked at Ye Chen one eye, the complexion is also momentarily dignified.

He took a deep breath: "I can't imagine that ye's destructive Daoyun is so powerful that he has such terrible talent in spirit, body and martial arts Originally, I thought it was amazing to be on the Martial Arts Road, but compared with Mr. Ye, it was just the difference between cloud and soil... "

Although the blood Maple mouth is so said, but the eyes are more and more bright, did not give up the meaning!

The next moment, a white piece also fell on the chessboard!

Originally, under the impact of Ye Chen's Daoyun, all the people who felt that they were about to be swallowed up by the darkness of destruction suddenly lit up in front of them!

That countless collapse of Shinto, the broken martial Road civilization is with the fall of blood Maple quickly reorganized!

A white sun shines on the whole universe!

In the sun, there is a breath opposite to that of destruction. Moistening in the sunshine, countless Shinto are flourishing like the plants in spring!

The countless warriors on the scene, at the moment, all have a glimmer of enlightenment in their minds, which makes them feel like they are in the top of their heads!

Even some of the weaker ones, who haven't improved for many years, have the possibility of breakthrough!

Ye Chen looked at the white boy who fell on the chessboard. His pupils suddenly contracted. He looked at the blood Maple with his eyes wide open, and said, "what have you learned..."

Xuefeng said with a smile: "yes, this is the same as ye Gongzi's destruction Shinto, one of the original three creation Shinto!"

It was a thrill to all of you!

This blood maple is also a practitioner with three original ways!

Xiyun's eyes were shining wildly. No wonder Lin Jianqing would say that Xuefeng's Shinto is all inclusive! Ye Chen hears the speech, in the eye war intention burns!

This is the first time he has seen the owner of other primitive three ways! What's more, it's the way of creation just opposite to the Shinto of destruction!

How could he not be excited?

Ye Chen hands a flash of light, once again holding a sunspot fell on the chessboard!

In the universe revealed by the chessboard, change again!

On the white sun, there are countless black spots, rolling dark again!

Two people's Dao Yun, in this ten thousand chess board crazy fighting!

One son, one son, one son!

Ye Chen and Xuefeng fall on the chessboard quickly. Sweat appears on their foreheads, and their fingers tremble slightly. Two equally powerful Daoyun collide with each other, causing great consumption to Ye Chen and Xuefeng!

Ye Chen secretly congratulates, fortunately, in forgetting the mainland, when he takes over the real fire of xuanyue, he completely condenses the destruction seal. Otherwise, he may not be able to fight with Xuefeng until now!

His eyes twinkled with intense brilliance. Looking at his opponents in front of the chessboard, he found that there were many supernatural demons in the world. Originally, Daoyin was formed only in the later period of heaven and earth and even at the peak.

However, the young man with black hair and bloody eyes, like himself, had the ability to coagulate the road seal in the holy ancestral realm!

At least, it is enough to form a seal on martial arts!

The chessboard is full of black and white chess pieces, and the manifest universe is in a mess at the moment. The darkness and white light are eroding each other. Countless shintoids, laws and the world are broken and reorganized again and again!

But they can see it!

The universe is on the verge of collapse!

In other words, the two will soon be the winner!

Chapter 4102

The hearts of the audience can not help mentioning their voices, do not know, in the end, in this universe, the rest will be dark or bright!

At this time, the space in the universe was suddenly broken, and a black whirlpool emerged. In the whirlpool, there was the vanishing meaning of swallowing all things and returning the world to nothingness!

At the same time, the white sun also shine, incomparably dazzling white light, countless Shinto have burst out the rolling Dao rhyme, and that vanishing charm to compete!

But

The endless power of Shinto can not weaken the power of the black hole!

On the contrary, the black hole is still expanding wildly, and it will fill the whole universe!

At the moment, Xuefeng was bloodless and trembling all over. He was biting his teeth, holding a white piece in his hand. It seemed that he was still struggling to fall towards the chessboard!

Suddenly, the invisible concussion surged wildly in the universe. The black hole finally spread to the white sun. Countless colorful rhymes around the sun disappeared one after another, and the white sun was finally polluted by the darkness!

The pupil of blood Maple shrinks, the corner of the mouth overflows a wisp of blood, the white son on the board of ten thousand, disappear quickly!

A moment later, the manifest universe disappears completely, the breath disappears in an instant, and everything is like an illusion.

Ye Chen looked at the blood Maple with a bitter smile on her face, and said faintly, "let me go."

Silence

It seems that people have not yet recovered from the shock of the black hole that engulfs the universe!

The next moment, the entire square, sounded the general cheers of the mountain and Tsunami!!!

Everyone is shouting Ye Chen's name!

Ye Chen also defeated the dark son of the moon in the martial arts!

What's more, it's the only one who has the way of creation and the capital against heaven in martial arts!

Even old Wu, looking at Ye Chen, his eyes are bright Zhanzhan!

He seems to be in Ye Chen's body, saw Ye Chen to lead the Shen moon sea people to return to the future where the protoss is!

Blood Maple some lonely back to the white bird's side, spread out his hands and said: "I now know why you think ye Chen will win in the physical test."

"Oh?" "Why?" he said with a smile

Xuefeng's eyes twinkled at Ye Chen and said: "after fighting with him, I understand more clearly that there is a very unique feeling on his body. I don't know what this feeling is. However, I only know that the indifferent youth in front of me may be beyond your imagination."

In the eyes of the white sparrow, he appeared eager to try. He walked to the square and said, "even if you say so, I'm more and more curious about him."

Wu looked at Ye Chen and said, "do you need a rest?"

Ye Chen shook his head and said, "no need, continue to compete."

What the road test consumes is mental strength and spirit.

There is no big impact on the next competition.

When the white bird came to Ye Chen, he said faintly, "Mr. Ye, we have met again."

Ye Chen's eyes are slightly narrowed. Even now, his strength has been greatly improved, but the white bird still gives him a very dangerous feeling!

Wu said: "the next competition is blood test! Blood test, competition is the blood, the blood of the moon god family! We will be more proud of the moon and the sea of blood

When ye Chen hears the speech, he frowns slightly. In fact, he doesn't have the blood of the moon god. He just muddles through by relying on the spirit moon Dharma body, the divine blood and the samsara blood

And the white sparrow can give ye Chen such a dangerous feeling, it must be even in the moon god family, are outstanding existence?

In this competition, he is more dangerous than lucky

With that, old Wu turned his wrist and took out two pills, which were handed to Ye Chen and Bai que respectively. At the same time, with a wave of his hand, he put a seal into the white bird's body, which suppressed the blood concentration in his body at the state of the holy ancestral land.

Wu continued: "this pill is called Yueshen frost, which is extremely sensitive to the blood vessels of the moon god. After you take it, this elixir will react with your moon god's blood vessels and show the shadow of the moon behind you!

The more bright and true the shadow of the Dharma moon is, the closer it is to the full moon. The stronger the blood of the moon god is, the stronger the blood will win the contest! "

Ye Chen hears the speech and frowns deeper.

His brain was running at a high speed, thinking about how to defeat the white bird in this blood test, but he was at a loss

Is he really going to lose this blood test?

At this time, in the dark son of the deep moon, a blonde boy looked at Ye Chen's expression and suddenly said with a smile: "even if we all lose, the white bird will not lose."

Xuefeng nodded his head and said: "the people who sink into the moon sea are more or less stained with the blood of the moon god. However, after so many years, in fact, most of the people in the Sunmoon sea are no longer different from the ordinary people. Of course, there are also accidents..."

He looked at the white bird and showed a slightly complicated look and said: "if we are all the favored children of the sinking moon sea, then the white bird is the favored one among the heaven's favourites, and the real darling of the sunflower sea!" The golden haired boy, with a bitter smile, said: "Ye Chen may win the blood test if he meets other people. Unfortunately, what he meets is the Sunmoon sea. In history, the moon god has the strongest blood, which is comparable to the evil spirits of the real moon god family..."

It is the white sparrow that let these demons know the real Luna clan, how terrible it is!

Ye Chen sighed in his heart. It seems that this treasure chest of the moon can only be found another way. The elder Wu of the old people's association seems to regard him as the son of reincarnation. Then, it may be possible to get a treasure box from the old people's assembly.

The next moment, two people at the same time that month frost swallow in the mouth!

In an instant, a very bright moonlight covered the two bodies at the same time!

With a faint smile on the white bird's face, when the spiritual power in the body turns, it is extremely easy to refine all the medicinal power!

All of a sudden, all those present felt a shock in their body and mind!

A very huge, bright full moon, emerged behind the white bird!

In the full moon, there is a strong divinity. In the moonlight, there are countless runes, and on the full moon, there are many seals!

It symbolizes the seal of the Shinto of the moon!

According to legend, only the real moon god family can show the God moon with Tao seal after taking the moon frost!

After seeing the moon, many people in the audience stood up and gazed at the full moon. The next moment, a strange scene appeared!

These people actually are one after another, kneel down to the full moon!

As if, like pilgrims, to see the spirit of the general ah!

Instinctively, he knelt down!

Even those royal families, even Wu Lao, saluted the full moon!

It can be seen that the blood of the white bird has fallen against the sky!

Chapter 4103

At the moment, the brothers and sisters of the Xing family are kneeling on the ground, shaking wildly!

They used to complain about the white birds behind their backs!

This is equivalent to disrespect to the moon god!

They were so scared that they fainted!

The white bird is the symbol of the moon god!

Originally, Xi Yun, who still had some expectation for ye Chen, also shook his head. In the face of the white sparrow, ye Chen could not have won the contest

But at the moment Ye Chen, the look on his face, is a little strange

Don't say it's on the moon god's blood, it's better than the white bird

Now ye Chen is full of helpless color. It is unknown whether he can show the shadow of the moon

People look at Ye Chen's look, also strange up, is it, ye Chen saw the performance of the white bird, the idea of connecting to the blood test, have no? They waited for a long time, but did not see any change in Ye Chen's body!

However, ye Chen really does not want to compare is also very normal, after all, win is impossible, in front of the white sparrow, that will only insult themselves!

Wu also slightly frowned, some dissatisfied with Ye Chen's behavior, but also ready to announce the results.

At this time, a sudden change!

After ye Chen's death, finally appeared a round of moon shadow!

What's more, it's a perfect full moon!

The full moon, however, is full of blood to at least be able to compete with the strongest blood among the royal family before it can appear!

But

The full moon is a little weird!

Because, in front of them, not only is the full moon, but also the stars all over the sky!?

Moreover, the moon was still completely dark, like an eclipse!

On the surface of the black moon, there is also a blood rune.

What's going on?

Even Mr. Wu is puzzled

He had never seen this vision, nor had he found it in the classics.

Although not from the vision behind Ye Chen, feel the impulse to worship, but!

That pair of star moon map, also sends out some kind of strange attraction to the public!

They also felt some supreme and vague breath in the map of stars and moons!

This kind of feeling, even, is not in just behind the white bird full moon, sends out under the worship feeling!

Old Wu's eyes flashed slightly at the empty shadow behind Ye Chen. Was it blood variation?

However, in any case, the white bird won the contest.

But at the moment, the white bird is eyes trembling, incomparably shocked at the star moon map behind Ye Chen.

With the ultimate moon god blood, he actually felt a feeling of submission in this star moon map!

The white bird just felt that he was really going crazy!

Have extremely pure blood of moon god, still want to surrender to others?

What is the origin of the boy named Ye Chen!

Is his blood more terrifying than the blood of the moon god?

Just as Mr. Wu was about to announce the winner, a laugh was heard from the white sparrow!

All of us are looking at the white bird for unknown reasons. What is he laughing at?

Is it because of the victory over Ye Chen?

However, the next moment, the white sparrow is convergence of laughter, light way: "this competition, I admit defeat!"

Silence

The whole square is as silent as a deserted Valley, even the sound of breathing has disappeared!

Did the white bird admit defeat?

The white sparrow, who has nearly the blood of the moon god, even admitted defeat in the blood test!

Everybody's almost crazy!

What the hell is going on here!

Even old Wu, who had always been extremely calm, looked at the white sparrow unexpectedly and said, "admit defeat? Whitebird, why do you give up? "

The white bird gazed at the dark moon star map behind Ye Chen, and the strange light in his eyes twinkled, as if he had witnessed the birth of some miracle!

He said slowly, "I've seen such a wonderful scene. If I dare to say that I won the contest, I'm really shameless!"

Hear this, don't say it is other people, even ye Chen is a pair of unknown look!

Only old Wu seemed to think of something in general, and looked at Ye Chen in horror!

Did the white bird say

For the general moon sinking people, the moon god family is a general concept. It seems that as long as it comes from the moon god family, it is a noble and powerful existence

In fact, there are three or six or nine grades in the moon god family!

Low Protoss, blood strength is even worse than the white Sparrow!

And the most powerful is called the God of God!

At this time, the white bird showed such an attitude and the strange star map behind Ye ChenYe Chen has the blood of the moon god, is it not in the protoss, is also the kind of incomparably noble?

Even, the God of God!

He has heard that if the protoss' blood is strong enough to a certain extent, ordinary warriors will not be able to perceive their blood force until they are fully awakened

I think of Wu Yichen and look at him completely!

Joy in his eyes!

Unspeakable joy!

If ye Chen really comes from the higher Protoss, then the hope of the Shen moon sea people to return to the moon Protoss will be greatly increased!

Yes, only the evil spirits with such blood can become the son of reincarnation!

The white sparrow to Ye Chen said with a smile: "to know that there are people with such a strong blood in this foreign country, this time, I am not in vain."

After that, get out of the game.

Some of them are still in the same place

So you win?

However, after a second thought, ye Chen was relieved. His reincarnation blood must be countless times stronger than that of the moon Protoss

Maybe the white bird really saw something.

Off the field, blood maple and the Yellow haired boy are a pair of ghost look. After the white bird came down, the Yellow haired boy couldn't help asking, "white sparrow, why do you give up so much?"

"What else can it be?" the white bird said with a faint smile? I can clearly feel that ye Chen's blood is more powerful than me Right now, it's a war trial. After you have a competition with him, you will understand. "

Yellow hair youth smell speech, look to Ye Chen, in the eye flash a trace not to accept the color!

Is this man really going to sweep us away?

For him who has always been proud, this result is unacceptable!

And at this time, people are also face showing incredible color, this short time, ye Chen has won three games in a row!

In addition, ye Chen has won four victories in the contest of the moon!

In the history of the sinking moon sea, the best results of the contestants are only two victories in the big match of the moon

Ye Chen has set a new record!

Chapter 4104

Old Wu said: "well, next is the battle test. This competition is about the fighting talent of the warrior! Hua Xuan, come on the stage. "

As soon as the voice fell, a yellow haired boy, a flicker, came to Ye Chen's body, his eyes twinkled at Ye Chen,

Ye Chen looked at Huaxuan, and asked, "demon clan?"

In the face of Hua Xuan, his blood of the demon has some reaction!

When Hua Xuan heard the speech, he raised his mouth. At the next moment, a huge and indescribable evil spirit appeared. From the sky, it covered the whole square in an instant. All the people in the audience felt stiff and unable to breathe!

At the moment, the outbreak of the evil spirit of Huaxuan, in their eyes where or what young?

As if, just like an ancient giant that can swallow up most of the sea area in one bite!

What a horror!

Ye Chen's eyes are also a touch of color!

The blood of Huaxuan is very strong!

Even more powerful than Xu Shenglong, who awakened the blood of the red moon tiger king!

If not have the blood of the heavenly demon, I'm afraid Ye Chen will feel a greater threat than the white sparrow from this Huaxuan!

He gazed at the golden haired boy in front of him. The figure of the young man seemed to be slightly blurred. In a faint moment, a golden, dragon like beast with two wings on its back appeared before ye Chen's eyes!

Ye Chen's pupil shrinks slightly. It seems that Hua Xuan has some kind of dragon blood, but it is obviously a mutated one!

Generally speaking, most of the high blood vessels like the Dragon nationality will not have any good results when they are mutated

After all, the blood of the dragon people has been approaching perfection. If it is mutated again, it will be more than enough

But!

There are exceptions!

In rare cases, the blood of the Dragon nationality changes, on the contrary, it will make its blood become more and more powerful!

If this happens, then, after the mutation of the dragon clan, its blood strength may even be higher than the real dragon!

With the blood of the real dragon, the strength of the beef body has been exaggerated to that extent, and is superior to the real dragon?

Due to the addition of the blood of the War Ghost, the physical talent of Huaxuan may be weaker than that of the captive cattle. However, in other aspects, I'm afraid it will be better than that of the captive cattle?

Especially fighting instinct!

The fighting instinct of higher demon clan is the existence of fantastic!

What's more, it's a mutant dragon that is superior to the real dragon?

Ye Chen's eyes, dignified one point, even if he is extremely confident about his fighting talent, it is not an easy thing to defeat Hua Xuan!

At this time, Mr. Wu said, "next, I will seal all your abilities and even your consciousness temporarily. Your body can only move by instinct!

I will bring you into a state of combat. In this battle of instinct, which side will first hit the opponent with 100 punches is the winner of this battle test! "

Ye Chen's eyes flashed slightly. The test of battle test is the fighting instinct. This kind of closed all abilities, relying on almost intuitive primitive reaction to fight. If you are lucky enough to hit the opponent with one or two punches, it may be said that it is luck, but!

If you can hit the opponent's 100 punches, there is no luck to say!

There is no problem with this competition rule. It can be said that it is the best way to test the fighting instinct of both sides!

The next moment, two golden lights, respectively fell on Ye Chen and Hua Xuan.

In a flash, ye Chen is in front of a black, completely lost the sense of the outside world.

Two people, as if they were two wooden people, stood quietly in the same place

At this time, Wu was facing two people again, bending his fingers to shoot!

A golden silk thread, shot out, drawing two people's fists, bang to each other!

The audience is a little confused, so

They can see that ye Chen and Hua Xuan's consciousness have been completely sealed. In this case, old Wu drives their bodies and makes a fist. What's the point?

As a result, the two men hit each other

In this way, you can also test your combat talent?

But at this time, all people can not believe the scene appeared!

Ye Chen and Hua Xuan, when their fists were about to hit each other, they all dodged each other's blow in a strange way!

The audience, at the moment, are gaping at the two people in the center of the square!

Just now, what's going on!

Is not the consciousness of Ye Chen and Hua Xuan completely sealed?

Why, they suddenly moved

It's a little weird!

But!

This is not over yet!

After dodging each other's punch, the two men actually had the action again!

Hua Xuan dodges Ye Chen's fist while dodging, one foot throws out, swept to Ye Chen's waist! What about ye Chen?

In the face of Hua Xuan's foot, his eyes are closed, and even his divine sense is not sent out, but!

He is suddenly raised the knee, the top to the Hua Xuan swept that leg!

"Bang" a dull sound, ye Chen's knee and Hua Xuan's leg hit a place, two people's body shape a shake, are slightly backward, the next moment, at the same time, hit each other's face!

These two fists, in the air, collide again!

The onlookers are totally stupid

The instinct of a warrior is really powerful. However, no matter how strong it is, there must be a limit?

In the case of consciousness being sealed, how can we fight like this?

And the standard of fighting is extremely high!

Their bodies flashed at full speed, and their fists and feet bombarded each other's bodies at a very fast speed, reaching a dazzled state!

Although you can't use Lingli, Hongmeng ancient method, Daoyun and so on, you can!

After reaching a certain level of martial arts, every move naturally contains the wisdom of heaven and earth. The strength of the two is not weak at all!

In the air, the sound of explosion and collision constantly sounded. The two people's movements were very fast, which dazzled people. The shock color in their eyes became more and more intense!

This speed, let alone the state of consciousness being sealed!

Even in the normal state, ordinary martial arts, I'm afraid, can't react to it?

If they stand in the position of two people, let alone a hundred punches, they can be hit by a million punches in an instant!

But, until now, ye Chen and Hua Xuan are perfect to resist each other's attack!

At this time, there was a huge bang, and a figure was hit backward and hit hard on the light curtain under Wu laobu. The people's eyes were focused on the flying figure in an instant!

First punch!

Finally, someone broke the deadlock and hit the first punch!

Soon, they saw the figure flying out of the sky. It was Ye Chen!

Hua Xuan, as a mutant dragon's fighting talent, is really powerful!

Is it true that the winner of this competition will be Hua Xuan, who is the dark son of the moon?

Yes, it's too hard to win all the Games in the face of sunken moon!

Chapter 4105

Hua Xuan's body moves, and instantly rushes to Ye Chen's body. He doesn't give ye Chen a chance to breathe. If he only looks at the battle between them, no one will think that their consciousness has been sealed!

And ye Chen, however, is also an instant bullet, to avoid the pursuit of Hua Xuan, two people fight again in one place!

This time, the time for both sides to fight is much longer than before. There are tens of thousands of times of fist and foot collision, but no one has successfully hit each other!

Is it just a coincidence that Hua Xuan's fist just now is luck?

People's eyes, are bright up, they subconsciously, are hoping Ye Chen can create a miracle!

But

It's as if I heard the voices of the people!

Another loud noise came. Hua Xuan made a hard fist, which changed his fist. It was very strange to penetrate Ye Chen's defense and hit him on the chest!

Ye Chen's body, fly again!

Second punch!

Hua Xuan hit Ye Chen again!

The fighting instinct of the two men is extremely strong, between Bozhong, but now it seems that Huaxuan is better!

But this time, ye Chen did not bump into the light curtain, but turned around in the air and fell on the ground. He avoided the sweeping leg of Huaxuan!

Wu, who was watching the war, saw something in his old eyes. He seemed to find something, but he hesitated and couldn't believe it!

The next battle was far beyond all expectations!

Although Ye Chen and Hua Xuan fight each other for a long time, they often have to fight for thousands of times before ye Chen is hit once

But!

Ye Chen until now, still did not hit Hua Xuan's!

They had thought that since their fighting talents were between Bozhong and Bozhong, they should have played both ways. How could this situation be so one-sided?

On the faces of all the people, there is a faint look of disappointment

Soon, ye Chen has been hit 60 times!

And until now, Hua Xuan has not been hit once!

It seems that the victory or defeat of this battle test has been decided

No matter how strong Ye Chen is, he can't win all the six competitions. If he can win four times, he can already be called the devil among the demons!

Even compared with the dark son of the moon, I'm afraid it is also the most powerful existence of martial arts!

In almost all people, have identified Ye Chen, will be defeated by Hua Xuan!

Another muffled sound sounded in the ears of all!

A body, was blasted on the ground, will the square on the earth, all big and small cracks!

All of us are subconsciously looking at the man on the ground. In their subconscious mind, they have judged this person as ye Chen.

But

When they see the face of the man on the ground, they can't help but be a little stunned

After a short silence, it is the general cheering of the mountain!

The audience are shouting Ye Chen's name!

This time fell on the ground, impressively is before has been suppressing Ye Chen's Hua Xuan!

One side of the blood Maple eyebrow a wrinkle, some don't understand the way: "how to return a responsibility? Hua Xuan, how did you get hit? "

In his opinion, Huaxuan's fighting instinct should be one notch higher than ye Chen's, and he was well suppressed before. How could he suddenly be hit?

Is it luck?

It can only be so.

Then, he said with a smile: "relying on luck, hit a punch, but there is no impact on the results."

At this time, however, the white bird's eyes flashed slightly: "it's true..."

"Well?" Blood Maple looked at the white bird and asked, "what is so?"

Baique said with a smile: "you say ye Chen hit Hua Xuan by luck? I don't think so! "

Xuefeng said: "Oh? What do you think? "

Baique said: "in the next three fists, ye Chen will definitely hit Zhonghua Xuan twice, and then, the situation will completely reverse!"

Xuefeng smell speech, some disapprove of the tunnel: "now the two hit number, such a big gap in the case, can also reverse? Don't talk about the reversal. I don't even think ye Chen has a chance to fight Zhonghua Xuan again! "

Sure enough, the next moment, ye Chen kicked out a foot, then was Hua Xuan, easily escaped.

Blood Maple spread out his hands and said, "look at it..."

But

His words have not finished, Hua Xuan's figure was again bombed, this time, and ye Chen before, hit the protective light curtain heavily!

Blood Maple open mouth, a time some can not close!

Hit again!

In a short time, Huaxuan has been hit twice!

His eyes are fixed on the two people in the center of the square, which is not really like what the white bird said. At the moment of his idea, Hua Xuan was punched in the abdomen again by Ye Chen!

In the next fight, the situation is really like the white bird said, upside down!

The number of times that Hua Xuan hits Ye Chen is less and less!

When Ye Chen was hit 70 times, Huaxuan was hit 60 times by Ye Chen!

Obviously, according to this momentum to fight, Ye Chen will soon be anti-Chao Huaxuan, right?

Blood Maple eyes concussion, this is why in the end!

There was a flash of essence in the prisoner's eyes. It seemed that he had found something. However, a touch of inconceivable color appeared on its surface. He said, "was Ye Chen trying before?"

"Trial?" Blood Maple eyebrow tip a pick, what does this mean?

In the case of both sides losing consciousness, as long as you can understand the opponent's shooting habits, it will be very helpful. However, the key is that the consciousness of both sides has been sealed!

How can we try?

Now, they are like two beasts fighting with instinct!

But suddenly someone said that one of the beasts was sharpening his sword. Anyone would be puzzled!

However, the prisoner's eyes flashed and said: "the reason why Ye Chen was suppressed by Huaxuan before he was trying to test the opponent's strength, moves and so on

Ye Chen won the contest

The man who can rely on instinct to test the way the other party attacks, even in the eyes of a captive cow, is fantastic to the extreme!

He can't even believe that there are people in the world who can surpass Ye Chen in fighting talent

Sure enough, in the next battle test, the situation was completely reversed. In a moment, ye Chen had already bombarded Huaxuan with hundreds of fists!

At the same time, ye Chen and Hua Xuan recovered their senses and came to their senses at the same time!

Ye Chen and Hua Xuan, looking at Mr. Wu at the same time, just now their consciousness is imprisoned. They don't know what happened

"Battle test, winner, ye Chen!" said Wu

Chapter 4106

Hua Xuan hears the speech, the complexion changes instantly!

He looked at Wu Lao in astonishment and said, "how could it be like this? I lost? "

As a mutant dragon, Huaxuan is also a kind of mutation in a good direction. Even if his fighting talent is placed in the big world, he is one-class existence. Even if he only competes with the fighting instinct in the face of the old men's assembly, he is confident to achieve full success!

But he lost!

Hua Xuan's eyes flashed wildly at Ye Chen, and suddenly remembered the words of the white bird in his mind

Now he has some understanding

Even if his consciousness is sealed, and he can't remember what happened, but after fighting with Ye Chen, his body still seems to have the fear of Ye Chen!

It's an instinctive fear

As a mutant dragon, he was instinctively afraid. What kind of existence was this indifferent young man in front of him!

Hua Xuan slowly left the center of the square. After this lesson, he felt that the world he knew was about to collapse

For the first time in his life, Hua Xuan met his own incomprehensible existence!

For the first time, he understood what it means to have someone outside, to have a heaven out of the sky!

The audience, they are a little crazy! All the people in the seats stood up!

Ye Chen, really won again, has won five games in a row!

Now, just need to beat one more person, ye Chen can crush the legendary Sunmoon and dark son in six competitions!

Hua Xuan slowly walked down the center of the square. Looking at Lin Zhuqing, who had never spoken, he said, "next, depend on you. You must bring back a city for our sunken moon."

Lin Zhuqing doesn't pay attention to Hua Xuan, but walks to Ye Chen in front of her.

She looked at Ye Chen's eyes as if to see a stranger, forgetting all kinds of things happened in the mainland, as if they had completely disappeared from her mind like clouds.

Today's Lin Zhuqing, beautiful eyes, fighting spirit, her only idea now is to defeat Ye Chen in this heart test!

When ye Chen was forgetting the mainland, Lin Zhuqing was astonished by all kinds of performances, both in the face of her and in the face of Yan ten days!

Even in the temple, when Lin Zhuqing could not shake Ye Chen's Daoxin, it had been proved that ye Chen's Daoxin was so strong that it seemed that ye Chen was still on top of her exquisite Daoxin!

However, Lin Zhuqing, who has always been proud, will never admit defeat like this!

Her eyes are full of flame. On top of this heart test, she will prove that her exquisite Daoxin is the most powerful Daoxin in the world!

At this time, Mr. Wu said again, "next, let's have a final competition, a heart test! What is tested by the heart test is naturally the Tao and heart of the warrior! "

With a flip of his wrist, Mr. Wu took a pearl with seven colors of aura in his hand and said, "next, I will drag your consciousness into the Pearl of illusions! In this illusory world, you will gradually forget everything about yourself

In this illusory world bead, your mind will be sealed. If you want to wake up from the reincarnation world in the illusory world, you can only rely on your Dao Xin!

In each life, you need to remember your own identity and embark on the road of martial arts to break the illusion and enter the next reincarnation. The person who first experiences the thousand reincarnation and breaks the illusion is the winner of this mental test! "

When ye Chen and Lin Zhuqing heard the speech, they both looked surprised!

Even if they are extremely confident in their own Dao Xin, they can't help but get nervous!

This magic pearl is also a half step chaotic treasure!

You can imagine the difficulty of breaking away from the illusory world created by this half step chaotic Lingbao only by virtue of Tao Xin!

What's more, in which reincarnation will last for thousands of years?

Every time he experiences a fantasy, the connection between the warrior who is trapped in it and the reality will be weakened. If he has the illusion at the beginning, ye Chen still has the confidence to break the illusion, but after thousands of years, it is not necessarily

The next moment, a seven color light, instantly from the illusory world bead, burst out, will cover the body shape of two people completely!

At this time, ye Chen's blood is boiling!

As the Lord of reincarnation, who is qualified to let him feel reincarnation!

Reincarnation is driving out the magic Pearl! And the pearls of fairyland are to be broken!

Xuanhanyu's voice suddenly sounded: "as the master of reincarnation, you can win this game directly, but your identity will be exposed in the sea of sinking moon..."

Ye Chen understood the meaning of Xuan Hanyu, and in the next second, he suppressed his reincarnation!

Ye Chen only felt the light flash in front of his eyes, his brain was dizzy, and his consciousness gradually became hazy. The memory of the past passed quickly from his mind

The sky before dawn is even more somber and dark. It seems that the whole capital city is shrouded in a depression. It seems that there are women's painful voices echoing in the city. This city is called Shangdu.

At the moment, in the center of the commercial capital, in a very luxurious mansion, it seems extremely busy and tense at this dawn.

This residence is the residence of the Ye family. Ye Tianzheng, the head of the Ye family, is also the manager of the largest business firm in the commercial capital!

A middle-aged man, who is dressed in a brocade robe, has extraordinary bearing and looks handsome. He is walking anxiously back and forth outside a wing room. This man is Ye Tianzheng!

If you let others see him like this, you will be very surprised. The manager of Ye's business, who is known as stable as Mount Tai, will be extremely surprised. How could ye Tianzheng, the manager of Ye's firm, be so stable as Mount Tai!

And that wing room is the source of women's painful voice!

All of a sudden, the cry of pain stopped suddenly!

Ye Tianzheng steps suddenly, tiger eyes look at the door, pupil slightly trembling, face tight, obviously nervous to the extreme!

With a creak, the door of the wing room opened slowly. A middle-aged woman with sweat on her face welcomed her and said, "Congratulations, my wife gave birth to a little young master. Mother and son are safe!"

In an instant, the brilliance of the morning sun dispelled the darkness and fell on the earth. The whole business capital seemed to be brightened up in an instant.

At the same time, a baby's cry sounded in the room.

Ye Tianzheng burst into laughter and stepped into the wing room eagerly.

On the bed covered with brocade quilt, there was a woman with pale face and extremely beautiful appearance.

This woman seems to be very weak, sweat soaked hair, close to the side of her face, but at the moment, she did not lie in bed, but holding a newborn baby.

On the woman's face, it is with incomparable gratification smile, the beautiful eyes are full of gentle color to look at their children.

Generally speaking, the skin of a newborn baby is wrinkled and not good-looking. However, the baby in the girl's arms seems to be different, with beautiful features and bright black and white eyes, flashing with a vivid light.

However, in this smart, it seems, there is still a point of confusion.

Ye Tianzheng came to the bed, looking at the woman, some pity way: "Peirong, hard you."

Chapter 4107

Jiang Peirong said with a smile, "husband, give the child a name."

Ye Tianzheng pondered for a moment and then opened his mouth and said, "since this child was born at dawn, it is called Ye Chen."

.....

In front of a beautiful and lovely baby, there are copper coins, brushes, daggers, Buddha beads, etc. in front of the baby, there are also a man and a woman, ye Tianzheng and Jiang Peirong.

At the moment, both of them are looking at the children on the ground with a smile, with a faint look of expectation in their eyes.

Today is Ye Chen's day to catch up with the week.

Ye Tian is the shopkeeper of Ye's firm. Naturally, he hopes Ye Chen can catch the copper coin, which can be regarded as a good prize winner.

To this end, he also played a special trick, other objects, are placed quite far away, only copper coins, from ye Chen nearest.

However, soon, both of them looked strange

Because, regardless of one side servant girl, how to guide, ye Chen is always sitting on the ground, motionless, seems to be thinking about what?

Ye Chen's black and white eyes were staring at the dagger, and his eyes were constantly flashing. The cold blade gave him a very familiar feeling, as if involving his own dusty memory, but no matter how hard he tried, he could never remember anything.

Suddenly, ye Chen's young body moved and climbed toward the dagger. In his mind, if he took the dagger to his hand, he might think of something?

But at this time, a mountain like figure, in front of Ye Chen.

Ye Chen looked up and saw a middle-aged man, with a gentle smile, looking down at himself and saying, "chen'er, this sharp thing can easily hurt you, but it's not good."

Then he pointed to the copper coin beside him and said, "look at that, isn't it much more fun?"

Jiang Peirong smiles and shakes her head, but she can understand Ye Tianzheng's mood.

Ye's family is a great businessman. She pays attention to making money by being gentle. The most taboo is this sharp weapon. Even she doesn't want her children to dance swords and guns all day long and learn from those people in the Jianghu.

Ye Chen looks at Ye Tianzheng and hesitates on his small face.

Ye Tianzheng is his father and his closest family. Since his father wants him to take the copper money, he should not let his father down

For a moment, the tall figure, as if turned into a giant mountain that could not be crossed, blocked Ye Chen's way towards the dagger.

Ye Chen lowered his head, turned around and climbed toward the copper coin.

Ye Tianzheng saw this and showed a satisfied smile.

But at this time, ye Chen's pupil, suddenly contracted!

"Poop His heart leaped violently, as if something had gripped his spirit!

An indomitable will, surging from the chest!

Ye Chen's eyes, instantly bright up!

It's just someone in the way, so what?

Act according to your heart. Even if you are facing a sea of fire, you should move forward without hesitation!

His future should be decided by himself. He has never been a person who will give up so easily!

At the next moment, ye Chen's body shape turned around Ye Tianzheng at a speed far higher than that of an ordinary baby. Even before he could react, he had already come to the dagger and suddenly picked it up!

Ye Chen looks at the dagger in his hand. He feels connected by blood and comes from the handle of the sword!

Boom, in the mind, as if there is something broken!

Memory, like the flood burst into Ye Chen's mind!

He smiles, it seems that this first life, he is through.

The whole body of all kinds, suddenly blurred up, in a burst of seven colors of light, slowly disappeared.

Ye Chen is immersed in the light of seven colors, his eyes flicker slightly, and a touch of dignified color looms faintly. Just now, when he turned into a baby, even his state of mind and so on completely became a baby's state!

In the face of Ye Tianzheng's obstruction, he was subconsciously about to comply with his father's wishes!

Just the test of the first world is so difficult. How difficult is it to break the illusion!

All of a sudden, ye Chen's face moved, and the five colors around him flashed. A woman's figure appeared in front of him.

Lin Zhuqing takes a look at Ye Chen and frowns slightly. Obviously, ye Chen breaks through the first generation faster than he does!

Ye Chen smiles and is about to say something, but suddenly, the five colors are brilliant, and ye Chen's consciousness falls into obscurity again, and Lin Zhuqing's figure in his eyes gradually fades away.

.....

In the school, a three-year-old child left his books aside. He was holding a small sword and was cutting the branches into the shape of a wooden sword.

At this time, a violent drink sounded in front of the hall.

"Ye Chen! What are you doing if you don't read? "

A skinny middle-aged man, armed with a ruler and full of anger, came to the child. Looking at the wooden sword in Ye Chen's hand, he became more and more unhappy "What are you doing! I've been tossing about this kind of out of fashion stuff! What can you do if you don't read and fiddle with them? Do you still want to learn from those savages in the lake and rob the house? Now, throw that wood away for me and copy the three character scriptures 10000 times! "

The children in the school seem to be looking at Ye Chen and Mr. Huang with some fear.

Ye Chen is a well-known child prodigy. At the age of three, he has already learned ten thousand words. Even he can write several poems. People in the village say that ye Chen will definitely be the number one scholar in the future!

Even Mr. Huang, who has always been strict, let him go to the school to listen to the class!

But who knows, after arriving at this school, ye Chen actually is to disappoint a gentleman's preference, cut wood there all day long!

How nice today. I was finally found out by my husband!

Ye Chen, however, seems to be possessed by a demon at the moment. He ignores Mr. Huang and just cuts the branch.

Mr. Huang's eyes flashed a color of hatred for iron but not steel. As long as the child is willing to read, his future will be limitless. Can he have to give up his bright future and do such meaningless things? Don't even listen to what the teacher said?

He gritted his teeth and said, "well, although you are intelligent, you don't even know the principle of respecting teachers and respecting teachers. How can you be a good man? Today, being a teacher is going to set things right! "

He suddenly raised the ruler in his hand, and he was going to hit Ye Chen's little hand!

Ye Chen looks at the ruler, but his action is not affected at all. Even in his eyes, there is no fluctuation!

Just at the moment when the ruler was about to hit Ye Chen, Mr. Huang and the whole school were blurred.

.....

In a dilapidated temple, there was a middle-aged beggar who was filthy and covered with family clothes.

At this time, the temple door opened and a gust of wind and snow blew in. In the wind and snow, a boy of six or seven years old, dressed in a robe, with a red face and shivering with cold, entered the temple with a casserole in his arms.

#### Chapter 4108

The young man's Brocade robe was originally very luxurious, but now it is so dirty that it is almost indistinguishable from that of a beggar.

He put the heavy casserole in front of the beggar and said respectfully, "master, please have dinner."

The beggar cast a cold glance at the boy and said, "who is your master?"

After that, he opened the lid of the casserole lazily. There was hot porridge inside. His eyes flashed with light.

He slowly put down the lid of the pot, looked at Ye Chen and said, "young master, you have not come back this month. You have learned to be a beggar from me and beg everywhere. Although the people who reward porridge are generous, they have to kneel for three hours in front of his house before giving alms. The snowy weather is not afraid to freeze you to death?"

Ye Chen said faintly: "master, don't worry. I'm not so easy to die. The master said that if I could serve the master for a month like a little beggar, I would be a disciple. Is the pot of porridge satisfactory to the master? If you don't want to eat, I will ask for something else. "

The middle-aged beggar was silent for a moment and gazed into Ye Chen's eyes. For a month, ye Chen went out to beg. In fact, he followed him secretly. Originally, he thought that the child was born into a rich family. He thought that he would be opportunistic and go home to get some food.

After all, how could the young master, who was rich in clothes and food, suffer so much?

But, he is wrong, this month, ye Chen is actually enduring the wind and snow and humiliation, every day to beg for a pot of food!

The middle-aged beggar sighed and stood up slowly and said, "well, from today on, you are my su Qi's Apprentice."

As soon as the voice fell, the surrounding scenery turned into nothingness in a burst of seven colors.

Ye Chen took a light breath, frowned and said to himself, "the 630 II, even I, almost couldn't hold on and sink in it. The alertness brought by Daoxin is becoming weaker and weaker. I don't know how long I have to live in this illusory world to break the illusion?"

A person's life is limited. If he can't break the illusion before his old death, he will sink into this fantasy world and can't continue to challenge.

He has a wry smile on his face, let alone a breakthrough in the millennium. Whether he can enter the millennium is a question.

At this time, a seven color light came and flooded Ye Chen again.

After the disappearance of Ye Chen's figure, several hours later, a woman's figure also appeared here. It was Lin Zhuqing.

However, at the moment, Lin Zhuqing, in her beautiful eyes, was actually flashing the color of struggle. She held her forehead and said, "I Who am I? I'm Lin ya'er, the princess of the Dynasty No, no! "

In her ear, suddenly rang a exquisite sound, look gradually calm down.

Lin Zhuqing lowered his eyes and said, "I'm Shen Yue dark son, Lin Zhuqing..."

She was silent for a moment. Her pretty face was full of dignified color and murmured, "it's only 630 II. The influence has been so strong? After breaking the illusion, I was still in a trance

Ye Chen should have entered the next reincarnation, I have to catch up with him! "

.....

In the cave, there was a faint fire, and two shadows were pulled out.

A man and a woman are kneeling in front of a bluestone.

There are two red candles burning on both sides of the bluestone, and the word "heaven and earth" is engraved on the bluestone.

The two worshipped the bluestone.

The woman lowered her head, and on her pretty face, she appeared extremely shy, as if embarrassed to raise her head.

The man helped the woman to stand up, with a smile on his face, pinched the woman's chin and said in a soft voice, "from now on, you will be my wife."

When the woman heard the speech, she was short of breath, but she still managed to calm down and said: "it's my dream to find the Penglai Xianzong who has the supreme martial arts. I I promise you, I just want to enter the immortal sect... "

The man said with a smile: "if it wasn't for me, they were both aiming at Penglai Xianzong, and would not come together. I promise you, no matter what, I will take you into Penglai Xianzong!"

In the dark cave, the candle lights the faces of the two men and women.

The man looks a little indifferent, and the woman looks beautiful and refined

.....

Ten years later.

In a barren mountain.

Ye Chen is digging hard in the land, his eyes, suddenly flash, took out a green fruit from the ground.

There was a glow of joy on his sunken cheek, but when he saw the fruit in his hand, which was only the size of a baby's fist, he could not help frowning, and the color of loss flashed through his eyes.

He trudged into a cave.

In the cave, sat an equally emaciated woman.

Seeing ye Chen back, Lin Zhuqing's pretty face rose with a touch of joy.

Ye Chen took out the fruit, handed it to Lin Zhuqing, and said with a smile, "eat it. This green fruit contains a trace of spiritual power, which can restore some vitality to your body. In the next three days, you will not be troubled by hunger and thirst." Lin Zhuqing's beautiful eyes lit up and took the green fruit. Some of them could not wait to send the fruit into the mouth. However, her action was a sudden meal. She looked at Ye Chen and said, "did you eat it?"

Ye Chen said with a smile: "a total of two, I have eaten, eat quickly, full, we continue on the road, Penglai Xianzong, should not be far from here."

When Lin Zhuqing heard the words, he slowly lowered his head, covered his pretty face with a layer of haze, and his green fruits rolled down to the ground.

Ye Chen looked at the green fruit, and his eyes flashed. He picked up the fruit, wiped the dust and handed it to Lin Zhuqing again. He said with a smile, "eat it. How can you even have no strength to take the fruit?"

Hearing this, Lin Zhuqing seemed to have been stimulated by something. A look of anger appeared on her pretty face, and with a sudden wave of her hand, she beat the fruit in Ye Chen's hand. With tears in her beautiful eyes, she snapped: "Penglai Xianzong! Penglai Xianzong! In order to find this illusory Penglai Xianzong, we have suffered a lot in the past ten years! Every time, it's almost there. When can we get there? "

She hid her face and cried, "Ye Chen, I I don't want to spend my youth in Penglai anymore

Ye Chen was silent for a moment, then gently hugged Lin Zhuqing and said in a soft voice, "OK, let's go home."

.....

Ye Chen and Lin Zhuqing have no real home. The so-called going home is just an excuse to end the vagrant life.

It took them five years to get out of the thousands of mountains and live in a small town that is neither lively nor desolate.

It took them another three years to settle down in the town.

Chapter 4109

At night, Lin Zhuqing and ye Chen nestled in bed. On his pretty face, Lin Zhuqing said with a faint smile: "when I was young, I pursued Penglai Xianzong wholeheartedly, and imagined that only stepping on martial arts was my real destiny. But now I think, this ordinary and comfortable life, perhaps, is the most suitable for us, isn't it?

At least, we don't have to sleep in the wilderness, we don't have to starve, we don't have to face those fierce beasts... "

Ye Chen suddenly looked at Lin Zhu Qing and said, "do you regret it?"

Lin Zhuqing slightly a Leng, a moment later, shook his head and said: "do not regret."

Ye Chen said with a smile, "go to sleep, it's late."

.....

The next day, Lin Zhuqing slowly opened his eyes, but he saw that the room was empty, and ye Chen was not seen.

Her heart suddenly tightened and she got up. On the table, there were ten gold ingots and a letter.

Lin Zhuqing looked at the gold ingot and the letter. The whole person seemed frozen by the cold wind for a long time. Then he stretched out his hand tremblingly and took the letter into his hand.

In the letter, only a simple sentence was written.

"No matter what, I will take you to Penglai Xianzong."

Lin zhuqingmei's eyes wavered and her thoughts returned to the cave in those days

She took the letter's finger, more and more force, the letter paper will be wrinkled, there are drops of water on the paper, will gradually melt the handwriting.

Lin Zhuqing suddenly got out of bed and ran out of the town. But when she faced the deep mountains, she finally stopped.

A middle-aged man full of wind and frost, climbing on the cliff, although his face is a little old, but still can be distinguished, he is Ye Chen.

This cliff is only a hundred miles away from the barren mountain where ye Chen and Lin Zhuqing left. However, it took him another five years to return to this place.

I don't know how long, ye Chen finally climbed to the top of the mountain. He looked up and saw a palace with incomparable style looming in the clouds!

Above the palace, there are faint jewels, a huge card face, hanging in front of the mountain gate, the word Penglai is written.

A smile appears on Ye Chen's face, and Penglai Xianzong finally arrives.

At this time, the seven color aura flashed, and the Penglai immortal sect and everything around it, in an instant, turned into a cloud and disappeared.

Ye Chen and Lin Zhuqing both felt dizziness in their brains. When they opened their eyes again, they had already returned to the square.

Both of them seemed to be in a trance.

Ye Chen looked at Wu Lao and saw him suddenly open his mouth: "the first thousand generations, the first to break through, ye Chen!"

Now, three days and three nights have passed since the beginning of the heart test.

With the announcement of Mr. Wu, ye Chen became the winner of the heart test.

The square is quiet for a moment!

All people look at Ye Chen as if they are looking at something rare, with an incredible look in their eyes.

Even those dark moon children were petrified, with a dull look.

On top of the moon melting contest, six games in a row have been won, and the demon who has won all the treasure boxes of the moon has really appeared

The most important thing is that what he conquered is not the ordinary evil spirits, but the legendary dark son of the moon

This is enough to be recorded in the history of the scene, happened in front of everyone!

The next moment, the square will send out the sky shaking cheers, the sinking moon sea out of a wonderful genius!

And Xi Yun sat on the main seat, laughing almost silly!

Xijia has a Ye Chen. Is this really about to rise?

Ye Chen naturally is also a happy face, however, more to his surprise, his heart is actually pure and stable a point!

This magic world bead's thousands of years of travel, unexpectedly, still has the wonderful effect of pure Taoist heart?

Lin Zhuqing also came back to her senses at the moment, and her beautiful eyes showed a look of great shame

Myself, in the last life, was completely lost!?

And

And, I don't know why, the most let her can't accept is that she didn't accompany Ye Chen to the end!!!

Thinking of her weak appearance in the barren mountains, she would like to slap herself!

Thinking about it, Lin Zhuqing can't help but remember the scene of her marriage with Ye Chen, the worship of heaven and earth, and the intimacy after they became husband and wife. He can't help but blush with shame. When he thinks of the letter left by Ye Chen, he is inexplicably sad and somewhat disappointed

Ye Chen succeeded in breaking the illusion. Presumably, she found the Penglai Xianzong and completed the agreement with her. Lin Zhuqing smiles bitterly. She thinks that the heart of Tao is the best in the world. But who would have thought that once she lost her mind, she would be a weak woman even if she had exquisite Daoxin

What about ye Chen?

She is very clear, even if ye Chen's heart of Tao is strong, she can't alert Ye Chen in a thousand years!

In other words, ye Chen is completely dependent on his own willpower, toward the goal of ah!She suddenly understood why she was not as good as ye Chen

Linglong Daoxin can understand everything thoroughly, see different aspects, and make the most correct choice

But, can't create miracle!

It's a miracle to find Penglai Fairy Island in the body of mortals, crossing countless mountains and rivers!

However, at the same time, in the eyes of Linglong Daoxin, it is also the most unreasonable choice!

At this time, Chu Wu Ying came forward and gave all the remaining treasure boxes to Ye Chen.

After ye Chen took over, his eyes were more joyful!

This time, his harvest can be described as great!

First of all, the spirit of heaven and earth!

Now, after he covered up his accomplishments, even if he claimed that there was a later period of heaven and earth, no one doubted.

Of course, ye Chen's strength now has reached the sixth heaven of the holy ancestral realm. If he gets the burning sky, he may have a chance to fight in the face of the later period of heaven and earth and even the peak existence!

Then there was the upgrading of Daoyin and Xuanyan, which greatly improved him.

At this time, old Wu suddenly said to Ye Chen, "Ye Chen, I have something to say to you, follow me."

After that, he can't help but wave his hand, a golden light spills out, will ye Chen involved in it, the next moment, two people will disappear from the square.

.....

In a warship, old Wu and ye Chen sit in the hall.

Facing the strong man who is likely to be superior to the original environment alone, ye Chen's heart rate is also somewhat accelerated.

All of a sudden, old Wu waved and threw a dark token to Ye Chen.

Ye Chen took the token and said, "Mr. Wu, what is this?"

Old Wu said lightly: "the token of the dark son of the deep moon. I told you to come here. I just want you to be the dark son of the moon."

Hearing this, ye Chen could not help but frown and said, "master, the younger generation is not actually a man of the sinking moon sea. The reason why he entered the sea of sinking moon..."

Wu Laoyi waved his hand and said, "do you think I don't know? Well, to tell you the truth, the reason why Sunmoon Darko did not leave identity information in the Sunmoon sea is to let them freely enter and leave the sea. This token can open all the transmission doors in the Sunmoon sea and the exit to the outside world at will.

Boy, don't try to refuse. You break into the sea of the moon, pretend to be a dark son of the moon, or pretend to be a royal family. Any of these is enough to make you die ten times. "

Chapter 4110

Ye Chen's heart a Lin, it seems that his roots have been touched clearly by old Wu

He had no choice but to smile bitterly and say, "well, the younger generation is better than respectful..."

Old Wu snorted coldly: "others want to be a dark son of the moon, but they haven't got a chance yet. You're good. You look like I've taken advantage of you..."

Ye Chen said with a smile: "I don't have this intention. I won't refuse to join Shen Yue dark son. However, there is one thing I still want to ask the elder to help..."

It seems that there is no harm in becoming a dark son of the moon. The reason why Ye Chen is a little uneasy is that his identity is a little too complicated

Now, he is not only attracted by the existence of heaven and man, but also part of the plan to return the dark region to the bright world. Now, he has become a sunken moon and a dark son?

Vaguely, he seems to have been involved in a huge whirlpool. Even the whole foreign future will be changed because of his choice

Of course, such identity is not without benefits, for example, all kinds of privileges!

Old Wu snorted coldly: "if you want to become a dark son of the moon, do you even want to discuss terms with me? Why don't you tell me

.....

After a moment, ye Chen's face showed satisfaction and said with a smile: "if the elder has nothing else to do, I'll leave first."

Wu nodded his head casually and said, "go ahead. Be careful outside. Don't die."

After ye Chen left, old Wu's eyes twinkled and murmured: "boy, the future of all the people in Shen Yuehai is on your body. Don't let me down..."

After that, he suddenly picked up a jade talisman and ordered something in a low voice.

You can hear a few words of the chamber of Commerce in the northern Han Dynasty

Ye Chen walked out of Wu's room, passed through the corridor and went out of the boat. At this moment, his eyes flashed and a graceful figure came into view.

On the corridor, a beautiful girl with refined temperament was leaning on the edge of the corridor, as if waiting for someone to pass by.

This girl is Lin Zhuqing!

Hearing Ye Chen's footsteps, Lin Zhuqing raised his head nervously.

They are looking at each other in the corridor, their eyes are a little complicated

In that fantasy world, their relationship is not ordinary. Although it is just an illusion, this experience, which seems like a dream but not a dream, has changed the relationship between Ye Chen and Lin Zhuqing.

For a while, ye Chen is not sure what attitude he should take to face the girl who once wanted to kill her

After a moment's hesitation, you walk to the bamboo forest Are you going to leave the Sunmoon sea? "

Ye Chen nodded his head and said, "yes, I entered the deep moon sea for the treasure box of melting the moon. Now the goal has been achieved. Outside There are still people waiting for me. "

When Lin Zhuqing heard the speech, her beautiful eyes fell into darkness. But soon, she recovered her original cold appearance. She gazed at Ye Chen and said, "I'm sorry..."

Ye Chen is stunned. However, he quickly reflects why Lin Zhuqing apologizes. What Lin Zhuqing apologizes for is that she did not accompany Ye Chen to the end in a dreamland. Even if she chases out of the village, she still stops.

After all, in the eyes of Lin Zhuqing at that time, there was no hope that he could find the so-called Penglai Xianzong

Linglong Daoxin can find out the smallest possibility. As long as there is a glimmer of hope, it can make the warrior persist

Although powerful, but it has its limits!

That is, when things do not change at all, even if Linglong Daoxin can not support the warrior to move forward.

And the so-called miracle is born in the impossible!

This is where Wuzu Daoxin is really powerful!

Wuzu Daoxin, let the martial arts have the power to turn impossible into possible!

Lin Zhuqing, who has always been proud, has to admit that this time, she lost completely!

Ye Chen said with a smile: "I don't blame you. At that time, you and I had completely forgotten our identities. In that fantasy world, they were just ordinary mortals. From a mortal point of view, your choice was completely correct, but I, on the contrary, looked like a madman. If you want to say I'm sorry, I have something I'm sorry about. "

In the fantasy world, Lin Zhuqing is his woman. However, he failed to protect her and let her suffer. Finally, although Ye Chen left a note and vowed to bring Lin Zhuqing into Penglai Xianzong, what's the difference between leaving her family like this?

If ye Chen did not find Penglai Xianzong, Lin Zhuqing would have to spend the rest of his life alone.

It can only be said that ye Chen chose martial arts between family and martial arts!

When Lin Zhuqing heard the speech, a wry smile of self mockery appeared on his pretty face and said, "mediocre mortal? I may be, but... "

In her beautiful eyes, a very bright light suddenly appeared, staring at Ye Chen and saying: "Ye Chen, no matter what kind of environment, no matter what kind of identity you are, you will never be a mediocre person. Perhaps, you are a madman in the eyes of the world, but if someone can stand out in the world, then you will definitely be one of them!" After saying this, Lin Zhuqing's pretty face appeared a very bright color, as if, she is not talking about ye Chen, but her own general!

There is a flash of surprise in Ye Chen's eyes. He didn't expect that Lin Zhuqing recognized him so much

It felt as if Lin Zhuqing was proud of him.

Lin Zhuqing seemed to have realized something. Her pretty face turned red and turned her back to the front. When she was about to walk out of the door, she slightly stopped. Looking back at Ye Chen, she said with a brilliant smile, "next time, I will never stop."

Ye Chen looks at that beautiful smiling face, one time can't help but shake his mind!

The whole world, as if with Lin Zhuqing's smile, and bright up, Yu Sheng Hui!

He did not expect that Lin Zhuqing was so beautiful!

Although Lin Zhuqing seems gentle and polite all the time, she keeps a distance from others, which makes her have a cool and refined temperament. Although she didn't find out, Lin Zhuqing has completely restrained her charm

At the moment, when the distance disappeared, she was smiling at Ye Chen, even ye Chen felt dizzy!

At this time, Lin Zhuqing's figure flashed and disappeared outside the door. After a long time, ye Chen came back to his senses.

He said with a helpless smile: "in the future, I should meet again..."

After ye Chen left, ye Chen did not have the opportunity to meet Lin Zhuqing. Moreover, he would come back.
