

Physician 411

Chapter 411

Ye Chen witnessed the power of Bai Li Xiong in the picture.

This strength and combat experience are far above him.

Every blow of bailixiong can kill three or four powerful martial arts masters!

Bullets shot at them. Bai Lixiong didn't mean to stop him. His Qi was released. The bullet hit him and suddenly twisted, which showed his strength!

At the moment, bailixiong is a killing tank, any damage to the existence of the iron camp, all dead!

He has no pity at all!

He is not only a warrior, but also an iron soldier!

He had no pity for such a traitor.

"Zheng renjue! If you have seed, fight with me

Bai Li Xiong sounded a startling roar! Holding a big knife full of blood, he decided to go to Zheng Ren without hesitation!

This sword has a long shadow and a black red light. The wind is blowing around. The trees nearby are toppling. You can see weiqili!

Zheng renjue saw the corner of his mouth but showed a smile. He knew that he was not Bai Lixiong's opponent, but he didn't panic at all.

He looked at several old people around him: "a few adults, bailixiong may have something about this dragon vein given to him by the Chinese authorities. Please take him down."

One of the old men with sparse hair nodded: "once we get the dragon vein, we will take eight layers of broken soul gate, and the remaining two layers will be equally divided by your major forces."

Hearing this, Zheng renjue's face changed greatly, and his eyes even had a trace of killing intention. However, the killing intention was fleeting. He laughed and agreed: "it's right to take eight floors in the soul breaking gate."

Several old people nodded, and the next second, they went to bailixiong!

Bailixiong is strong, but it is far from enough in their eyes!

When the sound of gold and iron sounds, Bai Li Xiong is surrounded by the practitioners of the broken soul gate. There is no way to live!

He took a look at the brothers in the iron camp behind him, dead and wounded!

The veins in his neck burst out and he was furious to the extreme.

Who could have thought that this time it was a trap!

Inside out!

A bunch of despicable traitors! Beast!

These brothers of tiexueying followed him for many years. They did not know how many foreigners they had killed. Anbang Huaxia! But now they are going to be mercilessly killed by our compatriots!

"Get out of here

With a roar, he set up a long knife and went away.

Dong

Such as Hongzhong collision, friends spread and open.

Bai Lixiong's body suddenly vibrated.

The huge crisis came, and Bai Lixiong forced his knife to fight against him in the roar!

"The mantis can't do anything to stop the car!"

Looking at the broadsword coming from the crossbar, the strong men of the broken soul gate showed a trace of disdain.

The wind howled.

Kill intention roar, volume anime, the sky is dark and windy!

Flying sand and stone, the wind like a giant beast, toward all directions devour and come.

Bailixiong almost to one enemy ten, but in the face of the endless means of broken soul door or fell into fatigue, his whole body instantly covered with countless wounds, blood flow all over the body, to the extreme!

But even if he was in a mess, he also killed three strong men of the broken soul gate!

The roar was replaced by a dull piercing sound.

Head flying, blood gushing!

And Bai Lixiong also smashed out and became a bloody man!

"General!"

Four seriously wounded soldiers are protecting bailixiong! Eyes determined!

If the general dies, they are willing to fight with blood!

Four people killed red eyes, one of them broke an arm, still guarding Bai Li Xiong.

The world, this moment is quiet.

At the moment, bailixiong and the remaining four strong iron school camp were surrounded by countless strong men and fell into silence.

Bailixiong spits out a mouthful of blood, eyes full of perseverance.

At this time, Zheng renjue came out of the crowd and said, "Bai Li Xiong is a general at all. He has a bright future. Why? Although your strength is at the tip of the pyramid of Chinese martial arts and Taoism, you are facing forces in the depth of Kunlun mountain. Although they are not strong in Kunlun, they have been to Kunlun Xu. There are some things that you can not resist if you want to resist. "

"Look, how many brothers died behind you. You killed all these people."

"I know you have something about the Qinling dragon vein that Huaxia No.1 gave you. Now take it out and I'll give you a whole body."

In Zheng renjue's eyes, he has been invincible.

China's famous hundred Li Xiong in front of him so embarrassed, let him very enjoy!

It's the joy of crushing, the joy of the winner.

Bai Lixiong vomited out a mouthful of blood: "bah! Don't you, beast, know that the dragon vein has been seized, that the provincial and municipal plenary session of China's Qinling Mountains is in trouble, and hundreds of millions of Chinese people will be affected. Do you want your bad name to be known by all of China? "Zheng Ren definitely sneered: "the dead will keep secrets. After you all die, who will know? I will still sit in my position as the director of the General Administration of martial arts in China. Maybe when I become strong, your position will be mine. You can rest assured that I will go to your funeral

It wasn't enough to say that. There was a gloomy smile on the corner of his mouth.

"I heard that you have a beautiful little daughter, and I will propose marriage when the time comes. My son is now a waste man, and your beautiful daughter will marry my son. Ha ha ha ha! She will never know that her father-in-law is her father-in-law's enemy! "

After Zheng renjue finished, he looked at Bai Lixiong's face and wanted to see what kind of reaction he would have after hearing the news.

Bai Li Xiong's eyes are red with blood! Even if the sky rage, but also know the situation! He has to survive!

The next second, a golden Rune appeared in his hand. His blood was stained on the rune and was thrown out directly!

In an instant, the smoke and dust cover the sight!

"Let's go!"

Bailixiong and the remaining four soldiers of the iron and blood camp went to the depth!

Want to run? It's not that easy!

"Chase!"

Zheng renjue and countless figures behind him quickly swept away!

Great momentum!

.....

The picture disappears.

Ye Chen's heart shock and anger can not be increased, he and Zheng Ren decided to have a feud.

He thought the other party was just aiming at himself. Now it seems that this kind of moth is so mean!

As the general of China and the iron and blood camp as an important force to protect the country, Zheng Ren never paid any attention to it. For his own selfish desire, he did everything he could!

It's hard for nature if he doesn't kill him!

He looked at Baili ice. At the moment, Baili ice clenched her hands, her nails were deeply embedded in her flesh, and her palm was covered with blood. Her eyes were extremely cold, and her pale face was only angry!

"Zheng renjue!"

Bai Li Bing's fist hit a huge tree beside him, and his fist even hit bleeding.

She was so angry!

Chapter 412

Zhu Ya looked at Bai Li Bing's appearance. Her heart ached to the extreme. She quickly grasped Bai Li Bing's hand: "Bing Er, uncle Baili is still alive now. What we need is not to vent, but to find uncle Baili. At this time, you must calm down."

Bai Li Bing nodded, thought of what, the eyes fell on Ye Chen's body.

Next second: "plop!" A, kneel directly in front of Ye Chen.

"Mr. Ye, I know that this trip is very dangerous. I also ask Mr. Ye to help my father. As long as Mr. Ye saves his father, I will be a bull and a horse for you all my life!"

Words fall, the head of Baili ice is to the ground.

Ye Chen saw this scene, the arm gently waved, a strong air wave swept from the ground, forcefully pulled up the hundred mile ice.

"You don't have to kneel down on me. Your father, I will save you. I have a long history of enmity with the General Administration of martial arts in China. I will kill Zheng renjue. I will save your father and the surviving soldiers. Let's go in without saying much. "

Baili ice beautiful eyes twinkled with a trace of excitement and nodded heavily: "thank you, Mr. Ye!"

Ye Chen didn't speak much and picked up two common stones from the ground.

Two ancient characters were engraved on the stone. The ordinary stone even spilled a trace of aura.

He gave the two stones to Zhu Ya and Bai Li Bing, and said, "take this stone. If you are in danger, throw it out. At least you can solve some problems."

Zhu Ya and Bai Li Bing took the stone. Although they were confused, they also knew that ye Chen could not give them useless things.

They held on tightly.

"Thank you, Mr. Ye!"

"There can't be any more delay. Get in."

Ye Chen holds the dragon sword in his hand and goes towards the deep.

There is already a trace of dragon Qi around him. The appearance of this dragon Qi makes the small dragon vein in his reincarnation cemetery shake up.

With the power of the origin, the excitement of the small dragon is undoubtedly to see its own kind.

Ye Chen knows very well that it is extremely dangerous. His strongest attack is the first sword of the blood dragon combined with the intention of breaking the sky sword. However, it is impossible for this sword to deal with so many strong people. After all, the strength of the practitioners inside is more than a little higher than that of Zhou Yan.

He had no choice but to try the second sword with the intention of breaking the sky sword.

He never used the second sword, but when he killed Daojun, it was a series of visions, which showed terror!

Only at a certain cost!

.....

At the same time, ten li behind Ye Chen, a force is equally in-depth.

Jiang Jianfeng is the leader!

Jiang Jianfeng is followed by several hidden strongmen of the Jiang family and jianghaishan.

Jiang Jianfeng always felt that things were not so simple. The old man hurriedly asked him to go to Qinling Mountains. He said that he got the news. Many forces sent people to Qinling Mountains to get a piece of the cake.

As for what the soup was, he had no idea.

After a while, his mobile phone rang. Jiang Jianfeng frowned and looked at the number and knew it was the old man's.

He pressed the answer button.

"Dad, what did you want me to do here in Qinling? We found a lot of corpses here. It seems that there is a tendency of war. What's wrong with Qinling?"

There was a pause at the end of the phone, and then a serious and old voice rang out: "sword edge, the dragon vein of Qinling Mountain has been broken, and countless forces and families have gone deep into it. I ordered you to step into Qinling with the master of Jiang family, just to strive for a share of this opportunity!"

"The dragon vein is the most important existence in China. If you get it, you can keep the family standing for thousands of years."

Jiang Jianfeng's face changed slightly and he was surprised: "Dad, what do you mean, do you want me to guard the dragon vein, or..."

Before he had finished speaking, Mr. Jiang said, "guard the dragon vein? Hum! I have given Jianghaishan a treasure. It should be able to hold some dragon veins. No matter what the result is, I want you to take as many dragons as possible! At all costs! Once you take it, it won't be long before the position of the master of the Jiang family will be yours! "

Hearing this, Jiang Jianfeng is completely out of order. He never expected that the old man would spy on the Dragon veins of Qinling Mountains!

This is crazy!

Once the dragon vein is destroyed, there will be no suppression, and all the cities near the dragon vein may collapse!

For China, this is a disaster.

"Dad, the Dragon veins are..."

"No, but you have no choice! Speed into it, bailixiong should not live long. As far as I know, there is the shadow of the General Bureau of Chinese martial arts. Maybe they have already defected. If you waste a minute, you will waste some opportunities! Go

"If I'm right, there's a scuffle going on right now. This is your best chance to get involved directly. Your purpose is not to kill people, but the Dragon veins of Qinling Mountains."

The phone was just hung up.

Jiang Haishan came to Jiang Jianfeng's side and said: "young master, it's not too late. Let's go on the road. The master is extremely concerned about this matter. Besides, even if we don't take the dragon vein, other forces will take it. This dragon vein will not affect the trend of the capital. Some ordinary people will die when they die. The interests of the Jiang family are great." Jiang Jianfeng sighed a long sigh, or toward the deep, now can only take a step to see a step.

If the Jiang family had a chance, he would try to stop it.

He has not been aboveboard in his life. He has killed and harmed many people, but he can't do such a thing against his conscience.

.....

At the moment, ye Chen feels that the spirit of the dragon vein is getting stronger and stronger.

The closer you are to it, the more you can feel the change of samsara cemetery.

This change is not only from the small dragon vein, but also from the tombstone.

The cracks in the tombstone are getting bigger and bigger, as if there is a force to rush out.

Is it possible that the great power will take the initiative again?

When ye Chen was thinking, a voice came into his mind!

"Boy, if you get the dragon vein inside, the reincarnation graveyard and you will benefit immensely!"

Ye Chen was almost a mouthful of old blood. He resolutely refused: "don't even think about this dragon vein. If my benefit is based on the life and death of hundreds of millions of Chinese people, don't worry about it!"

The old voice did not ring again, as if in silence.

Ye Chen doesn't care about each other, and his eyes fall on a valley below.

There are hundreds of people outside the valley. They are standing by a cave.

Above the cave, there is a lifelike dragon.

Ye Chen has heard of six dragon veins in China, each of which has an anti sky array guard.

In the array, there is a huge sacrificial platform, which is the beginning of the dragon vein.

If the power of the sacrificial platform is damaged, the protection of the dragon vein will be weak.

It seems that in the long river of years, the array used to protect the Dragon veins of Qinling Mountains has been weakened a lot. Those forces did not know what treasure they got and broke the array.

Chapter 413

Ye Chen and his second daughter looked down at the situation below, and did not find bailixiong and Zheng renjue and others below.

No accident, these people should have entered the cave.

"Mr. Ye, how can we go down? The strength of these 100 people can not be underestimated. Can you notice the guns in their hands?"

There was a trace of worry in her eyes.

Ye Chen Mou son shrinks, surprised way: "that gun has a problem?"

Zhu Ya nodded: "if I'm not wrong, this gun is a special weapon produced by a mysterious military industrial organization in China. It is also a test object. It is specially used to deal with ancient warriors and practitioners. Although its strength is not too strong, if there are dozens of them, the problem will be serious."

"These people have this kind of weapon in their hands. It seems that some departments in China have been eroded by moths for a long time. Mr. Ye, if we force down, there will be danger. "

Ye Chen Mou son tiny MI, just want to talk, a few familiar figures but toward this side.

When he saw these familiar people, his face changed slightly!

Jiang Jianfeng! My uncle! How did he come?

Not only Jiang Jianfeng, but also Jiang Haishan and other experts he has never seen.

Can't Jiang family sit still in the face of Chinese dragon veins?

Jiang Jianfeng obviously did not expect that there would be so many people here. The breath of these people and the weapons in their hands are extremely dangerous.

There was obviously something wrong with the information the old man gave him.

The war was over and he came late. He took a look at the cave entrance and estimated that a large number of people had already entered the land of dragon veins.

"Young master, we'll hold this man down later. You try to get into the cave. The master has given us a death order, either die or send you in."

Jiang Haishan seriously said that the long sword on his waist showed signs of scabbard.

The strong men of Jiang family behind him are all ready to go.

At this time, a figure came towards Jiang Jianfeng from afar.

"Oh, isn't this the young master of the Jiang family? You are a big man in the sun on the list of Chinese masters. What brings you here?" Said a man in a combat suit.

Jiang Jianfeng saw the man and snorted coldly: "Wang Shengbing, can't I travel to Qinling mountains?"

Jiang Jianfeng naturally recognized this man. A few days ago, in the first battle of wudaotai, his opponent was Wang Shengbing!

In the end, Wang Shengbing was defeated in his hands, and he also replaced Wang Shengbing.

The two had a long history of feud.

There is no first in literature and no second in martial arts.

The matter of wudaotai has made Wang Shengbing feel extremely depressed these days!

Now I see Jiang Jianfeng, and my natural enemies are envious!

Only this time, he has the initiative, because he has a decisive position in the General Bureau of Chinese martial arts!

And Qinling Lingmai must be mastered by master Zheng of the General Administration of martial arts in China!

"Travel?" Wang Shengbing sneered, "the Qinling Mountains are not shitting. Are you going to travel? What's more, with so many experts, I think you're drunk, not in the bar. "

Jiang Jianfeng's eyes congealed and sneered: "Wang Shengbing, don't talk to me about anything. Why do you come here? Why do we come here? As far as I know, Qinling is the land of China. It should not be your Wang Shengbing's alone."

Although there are many strong men behind Wang Shengbing, Jiang Jianfeng is naturally not afraid.

With that, Jiang Jianfeng said to the strong Jiang family behind him: "let's go!"

"Yes

Just before Jiang Jianfeng was ready to head for the entrance of the mountain, Wang Shengbing lifted his arm slightly, and in an instant dozens of people blocked Jiang Jianfeng.

Jiang Jianfeng's eyes suddenly turned cold and said, "do you really want to stop our Jiang family? You should not represent the General Administration of Chinese martial arts. "

Wang Shengbing shook his head and said, "Jiang Jianfeng, I may not be able to represent him at other times, but master Zheng is in there. He has issued a death order. Any forcible intruder, kill!"

In words, the dozens of powerful men in the General Administration of martial arts and Taoism in China raised their weapons and all aimed at Jiang Jianfeng.

As long as Wang Shengbing says a word, Jiang Jianfeng is bound to be dangerous!

Jiang Jianfeng could only suppress all kinds of anger in his heart. He snorted coldly and waved his big hand: "let's go!"

It is impossible for us to enter the land of dragon veins. We have to think of another way.

Just as Jiang Jianfeng and Jiang Haishan were ready to turn around and leave, a faint voice sounded: "did I let you go?"

"Master Zheng left a word."

"Anyone who enters here can't stay! Do it

The next second, Jiang Jianfeng's face changed greatly. He felt the cold killing opportunity behind him. His body twisted and turned into a remnant shadow in place and went to one side.

He didn't think that Wang Shengbing was also a master of China. His means were so mean!

Even dodging, a special bullet had broken through the barrier on his body's surface and entered his left hand. He can feel the blood in his left hand as if it coagulates. As long as he exerts force, the speed of coagulation will be accelerated!

"Everyone is scattered! Get out of here first

Jiang Jianfeng can't care about everything. His feet gather strength and go in one direction.

At this time, several people came back from behind!

As the top ten Chinese masters, even one hand is enough to deal with these people.

He grasped it with five fingers, and a sword on the ground appeared in his palm. The strength swept over him. He retreated and went towards the dark shadows around him!

The sword meaning twinkles, several Chinese Martial Arts General Bureau strong person instantaneous head body separation.

"How could you know that you were like a swordsman in Jiangtai?"

A yell came, Wang Shengbing appeared in the hands of two black axes.

This is his life weapon. No matter what, since he met Jiang Jianfeng today, he will not let the other party leave!

Roar of the axe, volume animation, dark wind!

Every step Wang Shengbing took, the ground would shake.

"Not good!"

Looking at Wang Shengbing's attack, Jiang Jianfeng's heart thumped.

"Get out of here

With a strong breath, Jiang Jianfeng resisted with his sword.

Ding

I just heard a sharp crash, which exploded in an instant.

The sword in his hand broke directly.

Jiang Jianfeng breathed a breath, with a look of horror, like a broken kite, was directly shaken away.

Touch

After flying ten meters, Jiang Jianfeng fell into the grass in the distance!

Poop

The Qi and blood in the body is rolling, the internal organs are broken like glass, and the whole skeleton is like falling apart!

Jiang Jianfeng's face was pale. He could not help but spit out a mouthful of blood. His body trembled violently.

He found that Wang Shengbing's strength was even stronger!

Although there is a big gap in weapons, although he was hit by the special bullet, it is impossible to have such a big gap if it is not seen in a few days!

Chapter 414

Wang Shengbing sneered and walked towards Jiang Jianfeng step by step: "are you surprised that my strength has become so much stronger?"

Jiang Jianfeng did not speak, forced himself to stand up.

Wang Shengbing, holding a huge axe, said word by word: "although ancient martial arts are powerful, science is not weak. The bullets shot into your body are the most cutting-edge technology in the world. They can not only solidify your blood, make you unable to use strength, but also reduce your accomplishments."

"Also, I have some special drugs injected into my body. It's easy to kill you!"

Jiang Jianfeng's eyes were cold and his fists clenched: "this kind of trick can only be used by waste! I can kill you in wudaotai that day, but I can do the same today! "

"Ha ha ha Jiang Jianfeng! I'm afraid you didn't understand the situation. You are no different from little mole ants in my eyes, and want to resist. Today, I will tear you into pieces! "

Two giant axes make a tiger grow wind! Wang Shengbing's face is ferocious to the extreme!

Today, he will use this double evil axe to display his skills and turn Jiang Jian Feng into a dead soul under the axe!

"Kill!"

Think of this, a burst of howling, Wang Shengbing again toward the river sword front and go!

Boom!

Jiang Jianfeng only heard a loud noise, and Wang Shengbing's double axes sent out the breath of frightening the earth.

Boundless air waves swept up, but in a flash, these waves turned into storms, and the scarlet light covered the sky and the earth.

The strong and sharp air, but also will Jiang Jianfeng the whole body of the giant trees broken!

Means to heaven!

The meaning of the axe is like thousands of beasts rushing forward, as if the tide will sweep the front of the river.

"I didn't show my martial arts skills that day, but today I can make you feel it!"

Seeing the red air surging, Jiang Jianfeng's pupil couldn't help but shrink for a moment.

He snorted coldly, ignoring everything. Just about to start, a black light came out!

"Ding!"

I saw a cold sword breaking through the sky and hitting the axe! The sound is clear and clear, and the fire is shining violently!

Wang Shengbing's face changed greatly. He has a master!

He was just about to react, only to find a young man standing in front of him.

The familiar face of the young man was clear to him!

Ye Chen!

It is the enemy of master Zheng!

If it had not been for too many things recently, master Zheng would have sent someone to deal with Ye Chen.

The value of dragon vein is far more than ye Chen! This is one of the reasons why Ye Chen can live so long.

Jiang Jianfeng's expression is strange to the extreme. Who would have thought that ye Chen would appear here!

The key is that there is no force behind him. What is he doing in Qinling?

"He's my uncle. You can't move. If you do, my mother won't like it."

Ye Chen light words fall, he naturally found Wang Shengbing body breath strange, that medicine and enhance the strength of the pill almost, but the side effect is extremely big.

Wang Shengbing's eyes twinkled with anger: "Ye Chen, it's just right for you to come. If I take your head to give it to master Zheng, maybe master Zheng will be happy, and I will have the blessing of dragon veins!"

"You think too much, I only give you a choice, do it yourself or do I do it?"

Wang Shengbing seemed to hear some funny joke: "do you want me to do it? Move your mother

Boom!

While speaking, Wang Shengbing's double axes were dancing fiercely.

Air waves, such as giant tiger toward Ye Chen.

But in the blink of an eye, the giant tiger is killed in front of Ye Chen.

That strong sense of axe, swept by the speed is too fast.

Heaven and earth seem to solidify, ye Chen's retreat in all directions is sealed.

There is no escape!

"Ye Chen, be careful, this guy's strength is very strong!" Jiang Jianfeng reminds us.

Ye Chen did not speak, the blood dragon gushed out of his body, pinched the finger, and the talisman of his life was also sacrificed!

He drew a rune on the spot!

"Thunderbolt, fall!"

Boom

Words fall, the sky seems to change color, a sudden formation of a thunder cloud, is constantly issued deafening hissing.

Crackling

The next moment, in the sharp roar, the thunder suddenly fell down.

Gu Cang Ping can not live up to his Linghai test.

Wow

In the critical moment when Wang Shengbing rushed out of the golden light, the thunder light slanted down all over the sky.

If the Milky way falls in the ninth day, the terrible thunder light will devour Wang Shengbing in the roar.

"Ah..."

Surrounded by thunder light, Wang Shengbing's body trembled, and his feet were severely stunned. His mouth was full of heartrending roars! This is thunder and lightning! Who could have thought that this young boy could lead to the sky thunder above jiuxiao.

Can he resist the thunder and lightning?

Under the destruction of the majestic energy, Wang Shengbing's face twisted and he struggled madly.

The bodies of the other strong men of the General Administration of Chinese martial arts were even more blown apart!

Wang Shengbing subconsciously wants to block with a giant axe, but he didn't expect that the axe absorbed the thunder and lightning and penetrated his whole body instead!

His body was suddenly black, and there were cracks.

Puffs of smoke swept through.

Everything is quiet.

In the thick smoke, he saw Wang Shengbing bending down and kneeling on the ground. If it wasn't for the support of the double axes in his hands, he would not even have the qualification to kneel down!

"You..."

Wang Shengbing just wanted to speak, ye Chen's arm gently waved, and his head was directly cut off!

Ye Chen no longer hesitates and turns to look at Jiang Jianfeng, whose eyes are dull at the moment!

Jiang Jianfeng is like a ghost now!

This ye Chen is what means, blood dragon empty shadow also calculate, now incredibly even sky thunder and lightning can trigger?

This kid is too fucked up.

Ye Chen shot a few silver needles in his hand and stabbed them firmly on Jiang Jianfeng's arm: "after about five minutes, the solidification meaning of your arm will disappear. Actually, there is a special liquid medicine on the surface of the bullet, which is not a big problem. As for the land of dragon veins, I don't want the Jiang family to take action."

Finish saying, ye Chen then looked at not far away Zhu Ya and Bai Li Bing, way: "let's go."

At the time of chaos, it is undoubtedly the best opportunity to enter the land of dragon veins.

Jiang Jianfeng looks at the back of Ye Chen and ER Nu, and sets off a storm in his heart.

In a trance, he still remembered the scene of meeting Ye Chen in Jiangnan provincial park that day. In just a few months, the boy grew up to this point.

He even recalled Ye Chen's words at the gate of Jiang's house. This time, his father really looked away.

For ye Chen's martial arts, he gave up such a powerful man.

Once he belongs to the Jiang family, is he afraid that the Jiang family can not surpass the Lin family?

It is estimated that before long, the Ye family, the first Chinese family, will be born.

It depends on whether ye Chen can withstand the squeeze of those families and forces.

Chapter 415

.....

Ten minutes later, ye Chen has settled down some people and stepped into the land of dragon veins with Zhu Ya and Baili ice.

As soon as she stepped into the cave, a strong heat came. The temperature of the whole cave was extremely high. Before walking a few steps, the two girls were soaked through. Even the color of the bra and the gully were extremely clear.

Ye Chen shakes her head helplessly, releasing a trace of blood dragon's gas. The two girls feel comfortable, and even the sweat on them disappears.

Suddenly, ye Chen pocket's special mobile phone rings!

Bailixiong is nearby!

Ye Chen Mou son tiny MI, heard some movement in the south, but the mobile phone instruction is in the West!

At this time, Baili ice seems to feel something and go in one direction!

The hot feeling of that place is more and more intense. After walking dozens of steps, it is found that it is a cliff!

The cliff is full of broken arms and bodies, almost a hundred! One after another, the corpses were covered and piled up into hills. The blood was ferocious and terrifying!

But under the cliff, it is rolling magma!

"Mr. Ye, I don't know why. I feel my father is nearby. Did he fall into the magma?"

Baili ice tried to find the existence of his father.

But even if you look through all of them, you still can't find them!

"Did it fall?" Baili ice lost his soul.

She even saw the bodies of the four soldiers in the iron and blood camp, except those who had no father.

A clear spread of uneasiness.

Ye Chen did not speak, the mobile phone screen flickered with intense red light, which shows that one thing, bailixiong is not dead, and he is nearby!

Ye Chen glanced at the whole scene and suddenly thought of something. He stepped out and saw a dying body hanging on a rock under the cliff!

The body is covered with blood! The clothes are worn out! There are huge blood holes in the chest!

The blue - blooded hand clings to the edge of the cliff with a protruding rock!

Hands full of blood!

Bai Li Xiong!

Bai Lixiong is seriously injured at the moment! Almost unconscious! How many people in China can kill so many practitioners and ancient martial artists?

Only bailixiong exists like this!

At the moment, Bai Lixiong's hand is completely dependent on the will to hold the rock! I don't know how long it lasted!

He wants to live!

Live to protect his mountains and rivers, protect China! Guard Qinling dragon vein! Guard the hundreds of millions of people!

This is his duty and mission as a soldier and a general!

If he dies, the conspiracy of the General Bureau of Chinese martial arts and those forces will succeed!

China will be destroyed once!

Ye Chen's eyes touched to the extreme, no longer hesitating, one step off the cliff, five fingers grasp Bai Li Xiong's clothes, a foot on the cliff, the whole person flew up.

Bai Li Bing and Zhu Ya naturally notice the Bai Li Xiong in Ye Chen's hand.

Baili ice is rushed up, tears in his eyes: "Dad!"

Ye Chen gently put Bai Li Xiong on the ground.

At the moment, Bai Li Xiong did not breathe, his heart stopped suddenly, and he was scarred.

Ye Chen doesn't need to find the way to find out how much the other side's injury is, and almost half of his foot steps into the gate of hell.

If you don't save it, you will die!

Ye Chen took out a pill and let Bai Li Xiong take it directly, but he didn't look any better!

Bai Li Xiong's body was hit by the true Qi of those broken soul gate, and his internal organs were seriously injured!

Although he was once a top fighter in Chinese martial arts, he was a man, not a machine. This war cost him too much power!

Coupled with the fall of the cliff, bear the magma burning, not die is already a miracle!

This tone is entirely supported by his will.

"You two protect Dharma for me, and he must be treated immediately."

Ye Chen finish saying, then regardless of two people, in the hand appeared several spirit stone, the spirit stone shoots out, a formation suddenly forms!

At the same time, the silver needle in Ye Chen's hand is like a beating note, which shoots into Bai Li Xiong's body!

Bai Li Xiong's body is covered with silver needles in a hurry!

Ye Chen's fingers pinched, and there seemed to be a line between the silver needles, and there was a continuous flow of strength.

It's like an array!

At the same time, ye Chen takes out some medicinal materials from the samsara cemetery, holds them with five fingers, condenses them into liquid medicine, and the rolling liquid permeates Bai Li Xiong's body.

Ye Chen sits cross legged and points at the top of Bai Li Xiong's eyebrows. His eyes are closed, and a faint breath of genuine Qi converges among them!

This is the most critical step. It will last for five minutes before bailixiong can be rescued.

Time goes by slowly.

Zhu Ya and Bai Li Bing are anxious.

Just then, a burst of laughter resounded!

"I'm curious who dares to step into the land of the Dragon veins. It's you who don't know how to live or die!" Words fall, more than a dozen people appear not far away!

The leader is Zheng renjue and the strong man of Huaxia Wudao general bureau!

Not only that, but also the strong men of the broken soul gate and other forces!

These people are almost the strongest in Qinling Mountains! Only the strongest existence is qualified to step into the land of dragon veins.

Hearing the sound, Zhu Ya and Bai Li Bing's heart almost sank to the valley.

They looked at Ye Chen and found that each other's eyes were closed and did not mean to open them at all!

They know it can't be interrupted!

But how can their strength stop this group of people!

What to do?

Seeing ye Chen ignore himself, Zheng Ren naturally noticed that ye Chen was transmitting his true Qi.

He laughed and said, "boy, your heart is so big that you even want to save a dead man! Bailixiong has long been dead, but my people have left the magma with their own hands! I didn't expect that the corpses were not destroyed. It's a pity. "

"But do you really think of yourself as omnipotent? Want to save him, dream! "

"If I'm right, you can't interrupt now. If you interrupt, you will be eaten back."

Zheng renjue's mouth outlined a gloomy smile. Then he looked at a strong man beside him and said, "Lv Zhen, help me bring the boy's head back!"

LV Zhen is one of the strongest people around Zheng renjue. It's enough to deal with Ye Chen!

"Yes, master Zheng!"

LV Zhen quickly towards Ye Chen!

Zhu Ya and Baili ice Mou son serious, just ready to start to stop each other, ye Chen opened his eyes, such as stars in the night!

"You come behind me! Come on

Zhu Ya and Bai Li Bing face changed greatly, hesitated for a moment, or came to Ye Chen's back.

They will die if they do it!

Lu Zhen's mouth showed a cold smile, a sword split out, the sword wind whistling, very powerful!

But he knows Ye Chen's danger and dare not take it lightly!

His whole body's skeleton, also faintly trembles! All the power is perfectly mobilized and poured on this sword.

He was extremely satisfied!

The power is violent, and the whirlwind is moving! The whole cliff seemed to be in the middle of shaking.

Vaguely, the sword meaning of LV Zhen seems to be transformed into a huge tiger, like a king in the world. In the roar, he was like a tiger pouncing on food, showing his sharp claws and teeth! Straight take ye Chen key.

Chapter 416

Just when this strike is about to fall on Ye Chen, ye Chen still sits cross legged, and his right hand is tightly on Bai Li Xiong's eyebrows.

However, he held out his other hand, the evil spirit and the true spirit burst out, two rays of light coiled around the palm, five fingers opened, and held the sword!

Lu Zhen's face changed greatly, and he felt his strength and strength all disappeared at this moment!

Ye Chen not far away is like a lake, absorbing everything!

"You are not qualified. Killing you is just a matter of thinking."

Ye Chen's indifferent voice falls down!

The next second, only heard a click, ye Chen five fingers a grip, the sword broke out! Into countless pieces!

One of the pieces is tightly held in the palm of the hand by Ye Chen!

The debris is coming out! The sharp cold light is too fast!

It's so fast that you don't even have a chance to react!

LV Zhen wanted to hide, but an invisible pressure bound him!

"Poof!"

The debris penetrated LV Zhen's body, and the roar suddenly exploded.

The whole person fell to the ground.

"How could it be!"

LV Zhen's body couldn't help shaking, and the corners of his mouth spat out blood and widened his eyes.

The other side sits cross legged and can kill him with a single outstretched hand. What kind of monster is this?

This makes LV Zhen unable to accept, unbelievable!

He wanted to say something, but found that there was no strength, his eyes were black and his consciousness was blurred.

This scene changed Zheng renjue's face in the distance!

Who could have thought that ye Chen, in such a situation, killed people without any effort?

The key is that Zheng Ren decides the strong man around him.

At this time, a hunchback old man of the broken soul gate said: "this son is a practitioner, probably the cultivation of separation and reunion. If you don't kill them, the consequences will be unimaginable. Master Zheng, you can't kill him. "

Zheng renjue's face was livid, and he snorted coldly. To the dozen people behind him, he said, "start directly, don't leave this son!"

"Yes

More than a dozen figures swept toward Ye Chen, countless cold lights flickered. Seeing that he wanted to touch Ye Chen, ye Chen roared: "sword

The sword of chopping the Dragon flew directly into his palm and held tightly with five fingers!

He forced the Qi to move, and part of the Qi ran on the dragon sword and split it horizontally!

Under the terrible sword idea, more than ten weapons are broken together!

Under the endless sword spirit, the strong men of the General Bureau of martial arts in China did not know how many wounds had been drawn.

The red blood, in that bloody sword light, is particularly strange.

The great crisis finally came. The breath of death, diffuse.

"Broken."

Ye Chen takes back the sword and inserts it on the ground. With his other hand, he continuously transports his true Qi to bailixiong. At the same time, he pulls out some silver needles. Bai Lixiong's face has a trace of ruddy color!

Twenty seconds to give him life!

With the fall of the word Ye Chen, the more than ten bodies actually fell together!

Blood!

At this moment, the whole land of dragon veins is quiet to the extreme!

A sitting man, and still healing others, a hand! How could you crush so many martial arts masters!

"Gollum."

Everyone could not help but take a breath, even those practitioners of the broken soul gate frowned.

They found that they still underestimated Ye Chen.

Zheng renjue's face almost turned black. Although he was surprised that ye Chen's strength had grown to such a change, it was not the time to think about it.

Now is undoubtedly the best time to kill Ye Chen!

"Boy, since you want to die, I will personally send you on the road!"

"Not only can you save the dead man today, but you don't want to live yourself!"

Zheng renjue's figure disappears and turns to appear in front of Ye Chen. At this moment, ye Chen just merges his true Qi into Bai Li Xiong's body!

He can only spare one hand and directly collide with Zheng renjue!

"Bang!"

Two powerful waves broke out, and Zheng renjue's strength was so strong that he didn't stop at all!

He's going to blow ye Chen into a blood mist!

"Poof!"

Ye Chen's body does not move like a mountain, and his mouth is spitting out a bright red blood, pale face.

He has seen the meanness of the General Administration of Chinese martial arts.

"Not dead? Interesting, I think you can take it a few times! "

Zheng renjue roared.

With the decision of Zheng Ren, the whole world seems to be cold down.

The hot feeling of magma gradually disappeared.

Feeling the powerful momentum, looking at Zheng renjue, ye Chen's pupil shrank.

At this critical moment, a groan sounded, and Bai Li Xiong suddenly opened his eyes! Wake up!

Ye Chen exhaled a breath, the whole person stood up in an instant, and the sword of cutting dragon also flew to his palm!

" Now I'd like to know what your odds are! "

"Brush..."

The wrist trembles and the cold light in the hand twinkles.

Then there is a powerful sword.

"Breaking the sky sword means the first sword, Qianlong cuts the sky!"

The momentum of terror suddenly soared and went towards Zheng renjue.

"How could..."

Feeling Ye Chen's momentum at this moment, feeling the terror crisis contained in Ye Chen's sword, his body was like falling into the ice cellar, and Zheng renjue showed a trace of fright.

There was a threat in his heart! Threat from ye Chen!

"Kill!"

Zheng renjue roared, clenched his teeth and flew towards Ye Chen.

In an instant, the silver light and the red light crossed, interlaced together.

"Bang!"

Two forces suddenly collide!

A fierce roar burst open, in the roar, two kinds of light like two long dragons, in the staggered bite.

"Hum! Get out of here

At the moment, the corner of Ye Chen's mouth shows a sneer.

"No..."

The weapon in his hand broke, and Zheng Ren roared in disbelief.

The body was hit and flew out! Big mouth spit out blood!

With one sword, he was defeated!

His pride, as if also at this moment, like a sword general fragmentation!

Chapter 417

Zheng renjue flipped in the air, stabilized his body and stared at Ye Chen not far away!

Who could have thought that the boy's strength was so strong!

Separation and reunion?

Even if it's the clutch, it can't be so strong!

At this time, the hunchback old man of the broken soul gate came to Zheng renjue's side. He was short of breath and said: "you lost to this son not because of his strength, but because of his sword skill. His sword skill is very strong, which is a powerful sword technique I have never seen before! Don't say it's in the world of Chinese martial arts. Even in Kunlun, it's not weak! "

"Breaking the sky sword? Why have I never seen and heard of this sword technique? No, this sword skill must be obtained! This kid got this sword idea. It's just a cruel thing! He doesn't deserve it! "

The eyes of the hunchback old man of the broken soul gate are all blazing hot!

If you can harvest the dragon vein and the sword against the sky this time, maybe he will be able to reach a higher level in the broken soul gate!

Not only that, once his strength is strong, once he steps into Kunlun again, he also has confidence and qualification!

Zheng renjue's face changed slightly. He was staring at Ye Chen, but his angry eyes turned into surprise!

From Jiangcheng to now, the boy is so rebellious that he has such a strong sword sense! There must be treasure!

"It's hard to know that this man's secret will not be completed in five years, even if he has been promoted for five years, he will be more valuable than that of other people."

Zheng renjue said excitedly.

Elder he of the broken soul gate frowned, but he came to a trace of interest. In five years' time, he stepped from a waste to a separation and separation state. It is really strange.

Without a secret, it's impossible. Maybe he has a big chance.

Yes, it must be!

As long as he gets this great chance, he may be the head of the broken soul sect!

At this moment, he was so excited.

At this time, a burst of cough resounded, and Bai Li Xiong, who had been lying down, sat up!

At this moment, all people's eyes fell on Bai Li Xiong's body, and their eyes widened!

It's like hell!

Zheng renjue and elder he seemed to stop breathing, staring at Bai Li Xiong, who was sitting up, with his mouth wide open.

They killed Bai Lixiong himself and saw that his chest was almost pierced. Even if he didn't fall into the magma, he couldn't be saved!

They're sure!

But in front of me, this guy is completely awake!

It's like a pair of invisible hands slapped them hard!

Sleeping trough!

"Gollum."

All people subconsciously swallowing saliva, forget everything, only shock.

Living dead, cure white bone! This is what kind of magic.

"Dad

Baili ice was excited to the extreme, and his face was buried in bailixiong's chest. No matter the blood was dripping, the tears kept flowing down.

"Binger, why are you here?"

Bai Li Xiong's eyes are wide open. His first reaction is a dream, but he soon overthrows it. This is reality!

"I survived How can it be! "

He is a warrior, and he is the kind of warrior standing at the top of the Chinese martial arts Bureau. He knows more about his body than anyone else.

But at the moment, he can clearly feel his vitality gathering.

Even he himself was fantastic.

Bai Li Bing raised her head, and her beautiful eyes looked at Ye Chen and said excitedly, "Dad, it's Mr. Ye who saved you! Without Mr. Ye, both of us will die. "

"Mr. Ye?"

Bai Li Xiong's eyes fell on a cold and proud figure a few meters away.

He suddenly thought of something, as if there was a warm current rushing through his whole body. He knew it was true Qi.

Someone pulled him back from the gate of hell with true Qi and magic!

The key is such a young man!

There was a ripple in his calm eyes.

He is a hundred Li Xiong, because this young man should not be doomed!

"I thank Dr. ye for his help! Great kindness, great kindness, unforgettable! "

At this time, ye Chen turned around, glanced at Bai Li Xiong, and said, "your injury is still very heavy. Don't talk and practice cross legged."

"Ye Chen?"

Bai Lixiong saw the real face of the youth and subconsciously made a voice.

Ye Chen this period of time to do things, he also heard, plus a hundred miles ice praise, he also noticed a few points.

But for a long time, he only knew that ye Chen's martial arts strength was good in the younger generation, but he didn't expect that he still had this kind of medical skill of communicating with God.

It's a miracle that a man of ordinary roots has stepped into martial arts. How can he still have the energy to control this powerful medical skill?

His heart was like a huge wave, and he was shocked.

At this time, Zheng renjue reacted and sneered: "Ye Chen, it seems that I don't know enough about you. Although I don't know how bailixiong was saved by you, it doesn't matter. How about saving life? Today, both of you are going to die!" After that, he looked at elder he of the broken soul gate and said, "elder he, the General Bureau of Chinese martial arts and Taoism is willing to join hands with the broken soul gate. I will never spy on the boy's secrets. He will distribute them all! Even if it's a dragon's pulse

Elder he nodded with satisfaction: "OK, I haven't paid attention to these two wastes. It's too simple to kill them."

"The disciples of duanhun sect listen to the order, gather together the broken soul killing array and capture the four people!"

"Yes

The next second, after he Chang's body, the six disciples went to Ye Chen and Bai Li Xiong. They were surrounded by them tightly, and their steps were extremely strange.

Six fingers pinched, forced out a drop of blood essence, blood essence collided, a light blood mist unexpectedly covered.

The smile of He Chang's mouth is ferocious, and the victory is in hand.

The broken soul killing array is the strongest array of the broken soul gate. The power yuan that breaks out is not a small generation in the separation and reunion environment can resist!

Unless this kid is at the top of the clutch realm, there's no chance of winning!

Bai Lixiong saw that the six men had gathered their array and wanted to fight, but he found that his lower body couldn't move!

A pair of hands is pressed on his shoulder: "here to me, you need to recuperate, very weak, as for the hands, or don't think about."

Bai Lixiong shook his head, and his voice was full of energy: "doctor ye, I have heard of this broken soul killing array. It's a very strong array on the side of Kunlun mountain. I can barely resist my peak state. Now you can't stop it."

Ye Chen laughed and turned his back: "I didn't pay attention to this kind of rubbish array. Today I will let all of these people die!"

Cang Haiping said to him that a magic charm is more mysterious than an array!

It can even be said that the array is a branch of the spirit Rune!

If he can't even break this rubbish array, he will lose his face!

Ye Chen's fingers pinched, one step, two steps, three steps, he stepped out of the strange step, the ground even sent a huge vibration!

The sense of vibration is getting stronger and stronger!

When the seventh step, ye Chen shoots a spirit stone in his hand. The spirit stone bursts out and shoots at the eye of the broken soul killing array!

Chapter 418

"Mr. Ye?"

Bai Li Xiong's eyes fell on a cold and proud figure a few meters away.

He suddenly thought of something, as if there was a warm current rushing through his whole body. He knew it was true Qi.

Someone pulled him back from the gate of hell with true Qi and magic!

The key is such a young man!

There was a ripple in his calm eyes.

He is a hundred Li Xiong, because this young man should not be doomed!

"I thank Dr. ye for his help! Great kindness, great kindness, unforgettable! "

At this time, ye Chen turned around, glanced at Bai Li Xiong, and said, "your injury is still very heavy. Don't talk and practice cross legged."

"Ye Chen?"

Bai Lixiong saw the real face of the youth and subconsciously made a voice.

Ye Chen this period of time to do things, he also heard, plus a hundred miles ice praise, he also noticed a few points.

But for a long time, he only knew that ye Chen's martial arts strength was good in the younger generation, but he didn't expect that he still had this kind of medical skill of communicating with God.

It's a miracle that a man of ordinary roots has stepped into martial arts. How can he still have the energy to control this powerful medical skill?

His heart was like a huge wave, and he was shocked.

At this time, Zheng renjue reacted and sneered: "Ye Chen, it seems that I don't know enough about you. Although I don't know how bailixiong was saved by you, it doesn't matter. How about saving life? Today, both of you are going to die!"

After that, he looked at elder he of the broken soul gate and said, "elder he, the General Bureau of Chinese martial arts and Taoism is willing to join hands with the broken soul gate. I will never spy on the boy's secrets. He will distribute them all! Even if it's a dragon's pulse

Elder he nodded with satisfaction: "OK, I haven't paid attention to these two wastes. It's too simple to kill them."

"But for the sake of safety, master Zheng, let's do it together!"

"Good!"

Two figures are coming towards Ye Chen!

One is Zheng renjue, the seventh in the list of Chinese masters!

One is elder he of the broken soul gate!

Elder he, the seventh layer of Lihe realm, is the main person in charge of the Qinling dragon vein! It's also the strongest person from the broken soul sect!

In the eyes of the broken soul gate, elder he's strength is enough to make these Chinese martial arts people look up to!

He represents the hope of the broken soul gate!

At present, two top strong hands, ye Chen how to play!

Bai Lixiong's face changed slightly. Although he didn't know how ye Chen broke the killing array, the two men made a move in person. It's not a joke!

Ye Chen is only one person!

Bai Li Xiong can't care about everything. He shoots a drop of blood essence from his fingers.

Only by burning blood essence and cultivation can his body be better in a short time.

Although not to restore the peak strength, but at least can help Ye Chen a few points!

Ye Chen has no chance of winning against the two men!

Blood essence just ready to burn, a indifferent figure sounded: "I said, you just need to adjust your breathing, these two people, is my gratitude and resentment, I solve one person."

There is no doubt about his voice!

"But..." Bailixiong's eyes are serious to the extreme!

One man? What are you going to solve!

Before he had time to think about it, elder he and Zheng renjue had already appeared in front of Ye Chen.

The momentum of both men has risen to the extreme! Anger won't stop them!

"Damn it!"

Bai Lixiong no longer hesitated and continued to burn his blood essence. However, Zhu Ya said: "Uncle Zheng, Mr. Ye, you are worthy of unconditional trust."

Hearing this, Bai Li Xiong looked at Ye Chen in surprise and took back the essence.

He is very clear, in fact, burning blood essence is just a delay for some time, his injury is too heavy.

Everything depends on Ye Chen.

"Die for me, little beast!" Zheng renjue directly towards Ye Chen!

How many of his men have ye Chen killed in the past six months! Even more, he abandoned his son!

It's hard for nature to accept this son!

And elder he is even more terrible, his whole body actually condenses a virtual shadow!

It's a huge black snake!

The snake's shadow is ferocious, its tusks are cold and full of killing opportunities!

Ye Chen's eyes are serious, the strength of the two people, he has some difficulties to deal with.

The key is that he Changlao gives him a sense of danger.

He patted Zheng Ren with one hand, "bang!" Two forces collide!

The earth shook faintly.

In the terrible palm wind, ye Chen and Zheng renjue are in a fixed frame.

Between them, two rays of light came out.

"Little brute, you destroy my son and the General Administration of martial arts in China. When you die, I want your family to live worse than death!"

Zheng renjue's cold voice rang through. He hated Ye Chen!

Once again, a drop of blood essence is forced out. The blood essence burns on the arm, and the strength suddenly expands!

"Little beast, have you ever felt despair! Ha ha

"Burning blood essence will kill me, too?" Ye Chen mouth appeared a touch of Mori cold, "unfortunately I hate others to threaten my parents, so you die!"

With the fall of the words, ye Chen stepped on the black dragon, and his body shape flickered strangely. His life talisman was sacrificed directly!

A talisman is formed in an instant, which is held in the palm of his hand, and is directly crushed and exploded!

His palm instantly gushed out countless thunder and lightning!

The wind blows and the wind changes.

Within ye Chen's body, with the Dantian as the center, the endless true Qi is drawn out like the surging flood.

Almost all one's strength is concentrated on one move!

Driven by the powerful Qi, the power of terror burst completely!

Zheng renjue felt something was wrong, and the powerful air wave swept him away!

"I can't even defeat this son's power by burning blood essence? How could... "

At this time, a dark shadow falls, and ye Chen's five fingers buckle on Zheng renjue's neck.

"From now on, the enmity between me and the General Administration of Chinese martial arts will be over."

Zheng renjue's eyes widened and wanted to resist, but he found that the thunder and lightning in Ye Chen's palm twined his whole body, and he couldn't move!

"You..."

Words have not finished smoking, his neck is directly pinched by Ye Chen burst! Blood gushes out like a fountain!

At the same time, elder he's palm has fallen. Ye Chen subconsciously gathers the barrier to block it. The barrier is broken. Ye Chen smashes and flies out, and falls steadily on the edge of the cliff! There was a trace of blood on the corner of his mouth.

The snake virtual shadow with a very cold cold toward Ye Chen, ye Chen reached out and wiped the blood from the corner of his mouth, and said indifferently, "the snake is your pride?"

"Blood dragon, come out!"

The roaring sound falls, and the images of heaven and earth are moved by Ye Chen.

The magma under the cliff tumbles, a blood red evil spirit emanates from ye Chen's body!

Elder he widened his eyes and subconsciously exclaimed.

Ye Chen is clear that he has been forced into a desperate situation, he is clearly the end of his tether. But now, what's going on?

Ye Chen, who was in a desperate situation, had such a terrible momentum.

All of a sudden, a hundred foot blood dragon gushed out of Ye Chen's body. The moment the blood dragon rushed out, it directly penetrated into the magma.

A few seconds later, a blood dragon wrapped in a rolling flame rushed out of the magma and emerged behind Ye Chen!

The flame blood dragon is just like heaven and earth, which makes people feel cold.

The Dragon chant resounds, and the shadow of elder he's giant snake is shattered directly!

in front of the blood dragon, all the shadows will be bubbles!

Chapter 419

At this moment, the whole land of dragon veins is quiet.

Bai Li Xiong, who is ready to burn blood essence at any time, seems to stop breathing.

He was staring at what he saw.

One man and one dragon stand tall and upright between heaven and earth.

The youth is cold and arrogant, and his body is full of imperial air. The Dragon roars and overlooks the people from above.

This picture, he vowed to never forget!

He thought that the sound of the dragon's voice made him awake!

Ye Chen has a blood dragon in his body!

Baili ice is also scared, looking at the blood dragon full of fire, sitting on the ground.

The key picture shocked her!

She was born in the Baili family, and she has seen some of the world, but at the moment, she really can't tell.

Zhu Ya was calm. She had seen the blood dragon more than once.

But compared with the last time, the blood dragon is a lot bigger.

Will the blood dragon grow with Ye Chen's strength?

Will one day, ye Chen really master a dragon, flying nine days?

Thinking of this picture, Zhu Ya could not help but take a breath.

This It should not exist.

Elder he was speechless in the distance, and the sudden blow was like a heavy hammer, which split his heart into pieces.

He can become the elder of the broken soul gate, relying entirely on this giant snake shadow!

He's already a genius.

This giant snake shadow did not know how many powerful people he killed, but at this moment, it was completely broken!

The key point is that he can't condense again!

How can snakes be compared with dragons!

"Who the hell are you?"

Elder he could not believe that he stepped back a few steps and said in horror.

"The one who killed you!"

Language down, ye Chen rushed out, chopped dragon sword in the palm of his hand, with blood dragon around, a dragon with a very strong momentum rushed out!

Elder he woke up and snorted coldly: "even if you have the shadow of blood dragon, how can you win me when you have just stepped into the state of separation and separation?"

He Changgen didn't care about everything and killed Ye Chen directly. Never stop killing Ye Chen!

If the shadow of the giant snake is destroyed, it is equivalent to destroying his foundation!

"Boom

Although there is a big gap in strength between the two, he Changgao has a few small realms. After the separation and reunion, the small realm is not simple.

But with the blood dragon and powerful martial arts blessing, what is his fear!

"Kill!"

The two swords collided, and their swords broke away from their arms!

There was a strong shock.

Elder he retreated one step, and ye Chen took three steps!

There was a surge of blood.

"It seems that just a few small realms, the gap is also huge." Ye Chen suppresses the blood gas, murmurs a way.

Elder he saw that ye Chen was so vulnerable that he laughed: "just stepped into the Li He state, you dare to fight with me. As long as you tell me all your martial arts skills, I can consider letting you go! If you don't know the truth, I'll use the secret method to get your secret later

At the moment, elder he is strong to the extreme!

He even forgot the existence of the ferocious blood dragon!

Ye Chen grasped it with five fingers, and the sword of cutting dragon appeared in his palm.

He raised his head and his eyes twinkled with light: "you say, do you want my martial arts skills?"

Elder he nodded: "you and I have a huge gap in strength. If you hand it over, I can consider to let bygones be bygones."

Ye Chen smiles, and the real Qi of Dantian condenses. He takes several pills: "in fact, the martial arts skills you just saw are not my strongest. I have a strong presence here. Send it to you. Do you want it?"

Elder he heard this sentence, Mou son shrinks, although vigilant, still way: "what martial arts skill?"

"Breaking the sky sword, the second move! Falling stars

Ye Chen roared, and the blood dragon fell directly from the sky and poured into his dragon sword. The sword seemed to burn!

He never used the second sword!

He is very curious about the power of the second sword. With the blessing of the Li He state and the blood dragon, he can barely use a sword!

He wanted to sacrifice the second sword with the blood of elder he!

Ye Chen's momentum is released, and his powerful Qi is surging all over his body. The dragon sword in his hand is crisscross.

The sword body is killing. It breaks out completely!

The sword is like a star!

Dense, nowhere to hide!

Feeling the terrible momentum, elder he's face changed greatly!

His heart even gave birth to fear, do not know why, he felt that he could not stop this sword!

"This kid is not just a clutch state. Even if there is a blood dragon, it can't be so terrible!"

If you are hit, you will die! Elder he didn't think about it any more. He forced out a drop of blood essence. Before the blood essence was shot out, his sword sense had already fallen!

Like a meteorite to the earth!

He tried his best to dodge, but found that there was no place to hide!

He blocked it with his sword, but it broke!

At the moment, he seems to have met with the obstruction of the mountain, and the endless force is shaking back, making elder he's arms just feel like breaking.

The sweat flows down in an instant. Looking at Ye Chen, elder he's face is unbelievable!

He blocked it with his hand, and his hand was broken!

The barrier of true Qi broke in an instant, and countless swords fell on him. His whole body was full of blood holes!

Shocking!

"I am a broken soul..."

Before he finished speaking, elder he fell into a pool of blood.

Ye Chen also felt that the true Qi of Dantian had disappeared. He had already controlled the power of the second sword of breaking Heaven Sword, only to exert the power of six layers.

Six levels of strength consumed his true Qi. If he broke out with all his might, he would be dead.

He took a lot of pills to make his breath feel better.

Unconsciously, he was covered with sweat.

At this time, a beautiful shadow appeared beside him, a handkerchief with rose fragrance carefully wiped for ye Chen.

"Mr. Ye, how are you feeling?"

Chapter 420

Ye Chen looked at Zhu Ya's slender hand and the white handkerchief and shook his head: "it's OK."

Then, his eyes fell on Bai Li Xiong and Bai Li Bing.

Both of them were petrified and their eyes would stare out.

Who could have thought that it was a young man who could have come back from nowhere!

Bailixiong's martial arts strength trembles in China.

For so many years, I have never been shaken by one thing.

But at this moment, he really wavered.

This time, he was trapped by Zheng renjue and the broken soul gate. He was surrounded by thousands of people and thought he would die.

But ye Chen became the one who broke the game!

He not only pulled him back from the ghost gate, but also killed Zheng renjue and the strong man of the broken soul gate. He really wanted to know how ye Chen did it!

The feeling of Bai Li's eyes: "how does the hurt leaf come over?"

Bailixiong moved his lower body, arched his hands and said, "except for the numbness of his feet, the rest is not a big problem. Bailixiong thanks Dr. ye for saving his life here. I also thank Dr. ye for Huaxia."

"If you really want to thank me, I want the piece of land you keep in the capital." Ye Chen opened his mouth.

This is his mother's wish. Whether it is for his mother, or for his father, or even to fight back at the heartlessness of the Jiang family, he will establish the first Chinese family!

Since the crisis disappeared, ye Chen raised the matter.

Bai Li Xiong was stunned, but he didn't expect Ye Chen to mention the land.

"Doctor Ye really needs this place? There is no connection between this place and my wife. I have stayed here in recent years to leave clues at that time. I hope that one day, with advanced technology, we can find some things. "

"Whether my wife is dead or alive, I will not give up."

Ye Chen heard Bai Li Xiong's words and said curiously, "your wife disappeared suddenly? Or why? "

Bai Li Xiong's eyes are a little lonely, and people of iron and blood also have tenderness.

"I don't know the details. The only clue I can find out is that she appeared in the place before she disappeared, so I used my strength to take this place. Doctor ye, I'm really sorry... "

In fact, Bai Li Xiong has some guilt in his heart. Ye Chen saves him, but he can't agree to the other party's condition.

Ye Chen Mou son tiny MI, thought of what: "if I can find your wife's whereabouts, can this place belong to me?"

Ye Chen's words are like throwing a huge stone on the calm lake. Bai Lixiong stands up directly regardless of the injury of his feet. His five fingers grasp Ye Chen and excitedly says, "doctor ye, what you say is true?"

Perhaps aware of his gaffe, bailixiong quickly released his hand and apologized: "doctor ye, I'm really sorry. I'm a little excited."

Can he not be excited!

If ordinary people said this, he would not believe it, but ye Chen said it!

There is no doubt that ye Chen's strength has been revealed just now. Maybe Ye Chen really hopes to find his own wife with such a magical method.

Bai Li Bing also came over excitedly, his chest was up and down, and he said seriously, "Mr. Ye, you Can you really find my mother's whereabouts? "

Ye Chen didn't dare to promise: "I'm not sure. I can only have a try. I'll wait until I return to the capital."

"Good."

Bai Lixiong clenched his fist, and he had made up his mind. No matter what, as long as he was in China, he would protect Ye Chen at all costs.

Bai Li family owes Ye Chen too much!

"Dr. ye, we..."

Before Bai Li Xiong finished speaking, a loud voice came! The air of endless dragon veins is coming!

The feeling of blazing heat seems to devour people at any time!

The three people's faces changed greatly. Bai Lixiong thought of something: "no, the Qinling dragon vein has been destroyed! If it goes on like this, the power of the dragon will be completely lost! We have to leave right now. I want to completely close this place! Let's go

Ye Chen is still, staring at a direction, the reincarnation cemetery constantly sounded a voice.

There was even a faint control over his step into that direction.

Bai Lixiong noticed something and said, "doctor ye, do you want to enter it?"

Ye Chen still nodded.

Bai Lixiong hesitated for a few seconds and took out an array plate from his pocket.

"Doctor ye, this is the one who gave me to seal the Dragon veins of Qinling Mountain in China. If you want to have a look, take it. But the temperature inside is extremely high, and the trend is rising. Doctor ye, you can only stay for ten minutes!"

When ye Chen takes over the array plate, he can feel that the array plate is not ordinary, and even the breath inside is highly coincident with that dragon vein.

"Good. You go out first, and I'll come out later. "

Bai Lixiong and ER Nu no longer hesitated and went to the exit.

And ye Chen is toward the Qinling dragon vein.

With the temperature rising, ye Chen releases the blood dragon from his body, which makes him feel better. The deeper he was, the stronger he could feel the small dragon vein of samsara cemetery!

Even the only remaining tombstone is constantly cracking, as if it can be born!

Suddenly, ye Chen stopped, his eyes were shocked by the scene in front of him!

He came to an open land, a full kilometer long dragon appeared in front of him!

Innumerable golden, red streamers flicker in it.

Strong aura wrapped Ye Chen, almost let him groan out.

If you look closely, ye Chen even found that the Qinling dragon vein is composed of nine giant dragons. The nine dragons are lifelike, colorful and lifelike.

Some dragons seem to be flying in the clouds and flying to the sky, some with round eyes and angry eyes, some with teeth and claws, some with fierce and murderous attitude, and some looking back and calling for companions!

"Is this the dragon vein of China?"

At this time, the sudden change protuberance, the blood dragon in Ye Chen's body rushed out and directly penetrated into the dragon vein!

Not only that, but the black stone in his pocket seemed to be under some kind of guidance. He rushed out of the bag and suspended on the dragon vein!

Crazy absorption of the Dragon Gas!

The black stone is shining with gold! The reincarnation graveyard appears on the dragon vein in an instant!

Countless tombstones began to shake violently!

And the light of the tombstone that can be moved is more and more bright, accompanied by a loud noise!

Blow up the tombstone!

A figure even rushed out!

A white robe, ethereal spirit, black hair drooping.

Behind him is a huge sword box!

Like a god!

"Wan Dao Jian Zun Chen Tianli has come out!" Ye Chen suddenly exclaimed!
