Chapter 4111

On the ships of the Red Sea, in the main hall.

Xi Yun slightly frowned and said, "are you going to leave so soon? Don't spend more time? "

He didn't expect that ye Chen would come to say goodbye to him as soon as the match was over.

Ye Chen said with a smile: "uncle, I'm sorry, there are many things waiting for me to do outside."

Xi Yun sighed and said, "OK, I know. Ye Chen, and the girl of rong'er, say goodbye..."

Ye Chen's eyes flashed: "yes."

After leaving the main hall, ye Chen came to a wing room and knocked on the door gently.

In the room, came a female voice: "Ye Chen? Come in. "

Ye Chen pushed the door and looked at the girl in front of her. She was silent for a moment and said, "rong'er, I'm going to leave the Sunmoon sea. I'll come again next time. I don't know when it's going to be."

Ye Chen can see that Xi rong'er's feelings for him are not as simple as those between the clansmen.

Xi rong'er seems to have predicted this, and did not show an unexpected color, but in her beautiful eyes, there is still a trace of desolation.

She forced up a smile and said, "you Outside, be careful. "

Ye Chen nods and says nothing more. For Xi rong'er, he is more like treating her as her sister, rather than the feeling between him and Qin Hongyue.

Therefore, he did not want to leave Xi rong'er with too much room for fantasy.

After that, he turned around and was about to go out.

At this time, Xi rong'er suddenly said, "Ye Chen, can I ask you a question?"

Ye Chen said, "ask."

Xirong'er said, "Ye Chen You're not a Xi family, are you? "

Ye Chen smell speech, in the eye flash a silk surprised color, but it is not denied, nodded the head way: "good, how do you know?"

Xi rong'er heard the words, and her pretty face turned red, but she said: "it's not so easy to hide from me. As for how to know Well, it's a secret.

Don't say it's me, Uncle Wu. He should have known that he didn't tear it down because your existence can bring great benefits to the Xijia family. "

Ye Chen smelled the speech and nodded. He didn't mind the Xi family borrowing his own name. This is a little compensation for Xi family after he pretended to be Xi family.

Xi rong'er said with a smile, "OK, you go."

Ye Chen looked at Xi rong'er curiously and said, "why do you ask me this question?"

Xi rong'er looked at Ye Chen, and her beautiful eyes flashed: "Ye Chen, I know you don't like me, but..."

She seemed to muster up her courage and yelled, "you can't stop me from loving you! Since Since I want to like you, of course, I have to confirm whether you are a member of the Xi family... "

Ye Chen was silent for a moment. He reached out his hand helplessly and touched the cerebellar bag of Xi rong'er and said, "girl You know, I can't stay in the Sunmoon sea all the time, and the people in the Sunmoon sea can't leave here easily. It's not a good thing for you to like me

He seemed to think of something. His eyes were a little dim and said: "the people who love each other are separated from each other. Even for the martial arts like me, it is not an easy thing to bear."

Ye Chen thinks of Xia Ruoxue, Wei Ying, Sun Yi, Huoying, Tu Lanxin, and the people and friends in Lingwu

And Qin Hongyue.

For Wei Ying, Xia Ruoxue, Tu Lanxin and others, there will be opportunities to meet in the future, but what about Qin Hongyue?

Xi rong'er suddenly said with a smile, "you are wrong."

"Am I wrong?" Ye Chen is a little puzzled.

Xi rong'er's eyes flashed slightly and said: "the reason why there is such a ban seems to be related to the return of Shen Yuehai to the protoss! Ye Chen, do you know? In the sinking moon sea, there is an old prediction that one day in the future, a very amazing genius will lead the Sunmoon sea back to the protoss

If the Sunmoon sea can be returned to the protoss, the ban will no longer exist! "

Ye Chen hears the speech, her eyes suddenly shine!

Yes, he can't stop here. Sooner or later, he will face the enemy that he and Ren Feifan faced together in his previous life!

In the thousand reincarnations, he could feel that his blood brought some memories.

All people in the world believe that the reincarnation master died in the hands of xuanjiyue and the emperor Shitian.

But is it really that simple?

If the reincarnation master wants xuanjiyue and Emperor Shitian to die, it's just a thought.

After all, in ancient times, no one knew how terrifying the power of reincarnation would be produced by taking the initiative of reincarnation.

His death in a previous life is just to hide people's eyes and ears.

as for the target, I'm afraid only senior Ren knows.

The moon god family should be close to those who exist. Even if the people in the sinking moon sea can leave this sea area, what?

After he left, isn't he going to be separated from them like burning Sakura? What he wants to do is to guard the people around him!

However, ye Chen suddenly thought of Ye Lingtian. Ye Lingtian should have some time to go to China.

Why is there no information at all?

Why didn't he bring back the information he asked him to investigate?

What happened to the change of Chinese aura?

If ye Lingtian doesn't bring back any news, he may consider going to China in person.

Think of here, ye Chen whole person eye God mang big Sheng!

After experiencing all kinds of things in the illusory world, ye Chen understood the heaviness of separation from his beloved. He wanted to change all this!

Just like, he wants to bring Lin Zhuqing into Penglai Xianzong. This time, he wants to bring the women who are waiting for him to the top of the world, which stands at the top of martial arts!

This should be his goal!

Ye Chen vomited out a mouthful of turbid gas and said with a smile, "thank you, rong'er."

Xi rong'er looked at Ye Chen reluctantly, but she still said, "go, ye Chen, I'm looking forward to the day when you take us back to the Protoss."

Ye Chen looked at Xi rong'er solemnly and promised, "I will."

As soon as the voice dropped, his figure flashed and disappeared.

.....

Chihai, a splendid attic, a beautiful woman in red dress, is sitting in front of a desk, holding a jade Jane in her hand, reading something, her pretty face is faintly with a trace of fatigue.

Here, is the headquarters of Beihan chamber of Commerce in Chihai. Naturally, the beautiful girl is Qin Hongyue.

In recent years, in order to help the northern Han chamber of Commerce to establish a firm foundation in Chihai, she has personally handled all the major and minor matters, for fear of any mishaps. You can imagine the hard work involved.

Qin Hongyue works almost 12 hours a day without any rest. Although the martial arts don't need any rest, they can't bear it mentally.

Chapter 4112

There are too many conflicts of interests among them. In order to make the chamber of Commerce in the northern Han Dynasty stand in a more favorable position for development, Qin Hongyue made great efforts.

She put down the jade slips, tasted a cup of red spirit wine on the table, stretched out, then stood up and walked towards the door.

No matter how busy she is, Qin Hongyue's daily bathing habit has not changed.

But at this time, she suddenly looked and turned around, looked at a dark corner of the room, and snapped, "who is it! Get out of here

Qin Hongyue's eyes are quite dignified. You should know that her father sent Huang Lao to guard the headquarters of the North Han chamber of Commerce. But now, someone can sneak into her room quietly!

She secretly clasped a summoning jade Rune and wanted to inform Mr. Huang to come.

But at this time, in the shadow, a figure slowly came to her.

At the moment of seeing that figure, Qin Hongyue's beautiful eyes trembled violently. Even in the face of heavy work and difficult negotiations, Qin Hongyue was able to be happy and angry. At this moment, she can no longer suppress her feelings!

She suddenly forward a step, jumped into the arms of the man in front of her eyes, and called softly: "Ye Chen, where have you been? How come you come back so long?"

In Ye Chen's eyes, a touch of pity flashed over his eyes, and he sighed: "I entered the deep moon sea in order to get the treasure box, so I went to participate in the moon melting contest."

Qin Hongyue's beautiful eyes flashed for a moment and looked at Ye Chen and said, "have you got it?"

Ye Chen smiles to nod a head way: "got."

Qin Hongyue's face is also happy, but soon she seems to think of something. She looks at Ye Chen with a little trembling voice and says, "Ye Chen You are not going to leave the Sunmoon sea, are you? "

After a moment's silence, ye Chen stares at Qin Hongyue's eyes and says, "yes, I'm leaving."

Qin Hongyue's breath, slightly a stagnation, the body's strength seems to be pumped out in general, legs are a little soft.

She had thought of this day for a long time, but she didn't expect it to come so soon.

Ye Chen hugged Qin Hongyue and said, "believe me."

He didn't say much, just three words, believe me.

But Qin Hongyue understood.

In her beautiful eyes, there was a mist, and she took a deep breath: "OK, I will wait for you. No matter how long you need, I will wait."

Ye Chen's eyes fluctuated for a while, and his heart was moved.

He knew the weight of Qin Hongyue's words.

Ye Chen slowly released Qin Hongyue and said with a smile, "I have another thing to tell you this time."

Qin Hongyue looked at Ye Chen curiously and said, "what is it?"

"In the future, you don't have to worry about the business of Beihan chamber of Commerce."

"Well?" Qin Hongyue said with a puzzled look on her face, "how can I not worry about the golden age when the chamber of commerce is developing now?"

Ye Chen raised a playful smile and said: "from today on, nine sea areas will rush to do business with Beihan chamber of Commerce."

Hearing this, Qin Hongyue looks shocked. She opens her mouth and seems to want to ask something, but ye Chen kisses her lips in advance

The next morning, Qin Hongyue wakes up from her sleep. In addition to her, the bed is empty. The man who accompanied her last night has left.

She sighed a little, but she soon picked up her spirits, ye Chen let her believe him, then, she will believe!

Qin Hongyue put on her clothes and walked out of the house. She was preparing to start her work today. But at this time, an old man suddenly appeared in front of her.

Qin Hongyue took a look at the old man and frowned slightly: "old Huang, what's the matter? Why do you look like that

This old man is the strong man who has been following Qin Xiaofeng, Huang Lao.

Mr. Huang followed his father. He had seen all kinds of storms. On weekdays, he never had any big mood swings. But now, why is he so excited?

At the moment, old Huang was extremely excited, and his face was full of joy. He was like an ordinary person who had won tens of millions of lottery tickets on earth. He said, "miss! I don't know why. In addition to the North Sea, the presidents of the most influential chambers of Commerce in the eight major sea areas sent us invitation for cooperation.

Moreover, these high-ranking and powerful presidents will come here to talk to miss Chihai in person

Qin Hongyue hears the speech and looks unbelievable. How can this happen?

But the top chamber of Commerce in the inland sea is not of the same grade as that of the Beihan chamber of Commerce!

It can even be said that Beihan chamber of commerce is not qualified to cooperate with it!

But now, unexpectedly, all of them have found the chamber of Commerce of Beihan?

Suddenly, her beautiful eyes flashed, and she remembered what ye Chen said yesterday. She murmured: "from today on, all the nine sea areas will rush to do business with Beihan chamber of Commerce..."

.....After ye Chen leaves the deep moon sea.

When ye Chen walked out of the sunken moon sea, he saw a magnificent city at first sight. The city was called the Golden Eagle City. It is said that a generation of sunken moon Eagles emerged from the sunken moon sea, and it has a very long history.

Doubt is, at the beginning Ye Chen entered but did not find here.

It may have something to do with the token given to him by Mr. Wu.

Today, the owners of Golden Eagle City are the Jin family. They are endowed with the blood of the moon sinking eagle, which can stimulate the divine power of splitting the sky. They can also be regarded as the top strength of one side. There are also several post heaven and earth mirrors in the family.

Ye Chen has been dusty all the way. At the moment, he steps into the Golden Eagle City, but he wants to find a place to have a good rest.

In the Golden Eagle City, the most luxurious restaurant is the Golden Eagle tower in the center of the city, which is actually a restaurant suspended in the air.

As a whole, the restaurant is a huge golden eagle with its wings stretched out to block out the sun. It is not a sunken eagle, but has some blood of a sunken eagle.

Just having a trace of blood, it makes the Golden Eagle so huge, which is enough to surprise people. What is more surprising is that the strength of the Golden Eagle has reached heaven and earth.

A golden eagle in heaven and earth is willing to be treated as a restaurant, trampling on the noise, playing and sleeping soundly. What an incredible thing.

All the strong, whether fierce beasts or human beings, have their own pride. It is absolutely a shame for the existence of a world.

Ye Chen, looking at the Golden Eagle tower, can't help but wonder how powerful the people behind it are, so that the golden eagle in heaven and earth is willing to be a restaurant and be trampled on.

Ye Chen is curious about the background behind the Golden Eagle tower. At this moment, he hears someone talking about the related matters of the Golden Eagle tower.

Chapter 4113

Ye Chen is curious about Jinying Tianlou. At the moment, he can't help standing still and listening to each other's words carefully.

It turns out that there is no one behind the Golden Eagle tower. If there is one, it is the master of the Golden Eagle City, the gold family.

The Jin family has a lot of friendship with the golden eagle in front of him. The younger generation of the Jin family all call this golden eagle their ancestor, and they are extremely respectful to it.

And it is precisely because of this, there is no one in the Golden Eagle City who has the ability to force the golden eagle to become a restaurant. All this is voluntary.

It is said that the Golden Eagle practiced a magic skill called moving the heaven and earth. It is to regard itself as a grain of dust in the world, to understand the heaven and earth, and to understand the laws of the world.

Therefore, the Golden Eagle hovers here, but regards itself as a floating dust. It doesn't mind that someone opens a hotel on it, even agrees.

Because for Jinying, the more people they contact, the more various kinds of creatures, the more helpful it is for it to understand the world. Therefore, it later asked the descendants of the Jin family to use their body for business. Therefore, it opened this strange and well-known Golden Eagle tower.

The rules of the Golden Eagle tower are also strange. The sky tower is suspended in the air, but it implies the pressure of the powerful in the heaven and earth. Generally, only the strong people in the holy ancestral land and above can resist the pressure and climb the tower.

As long as those who can climb the Golden Eagle tower, if they are willing to leave a trace of their own aura on the skyscraper, they can consume, eat, dress, live and play for free.

Of course, aura is the most unique proof for individuals. A trace of spirituality can do a lot of things and even lead to death. Therefore, many people do not want to leave aura, and Jinying Tianlou will not ask for it.

At the moment, ye Chen flies up to the Golden Eagle tower and sees a descendant of the Jin family very polite and comes forward with a harmonious smile.

"Would you like to leave a trace of aura? As long as you leave the aura, you will be free of all consumption in Jinying Tianlou. "

This handsome descendant of the Jin family took out a blue ball. Inside the ball was endless aura of ups and downs. The aura in the ball was too vast. There were all kinds of charm in it.

Jinying Tianlou has no requirement for aura. No matter what is good or bad, you can exchange all the fees of Tianlou for free.

Therefore, the breath inside the ball is somewhat complicated, but the amount is huge, and even gives Ye Chen a feeling of looking at the heart of the holy source.

"The heart of the holy source?"

Ye Chen heart a shock, look at the ball again, then look solemn up.

The heart of the holy source is a supernatural existence that combines all the Holy Spirits of the world and fosters in heaven and earth, and has infinite power.

However, this sphere is a collection of aura in the world. No matter how complicated it is, it also has a unique power.

Nowadays, the aura gathered in this sphere is still too thin compared with the heart of the holy source. However, over time, the aura of the whole world will be gathered one day. At that time, the orb will bloom with its own brilliance, and even breed an extremely terrible existence.

"Is this the Golden Eagle's idea or the attention of the Jin family?"

Ye Chen looked at the Golden Eagle under his feet, and his eyes became very deep. Then he raised his eyes to the younger generation of the Jin family.

"No need."

Ye Chen said quietly.

Hearing this, the younger generation of the Jin family looked at Ye Chen with a slightly disappointed look. He had a faint feeling that the spiritual sphere of all living beings was extremely eager for the aura in Ye Chen's body.

Since ye Chen refused, he would not have any idea about ye Chen's aura. Otherwise, if Jinying Tianlou did anything wrong, it would have been turned into ruins by people, and the whole Golden Eagle City would no longer exist.

The younger generation of the Jin family is disappointed and retreats. Ye Chen nods calmly. The service and attitude of this building are very satisfactory.

Then ye Chen ordered a table of wine and vegetables here. After eating and drinking enough, he chose the best tianzihao guest room and entered the closed eyes cultivation.

At the time of Ye Chen's practice, the Golden Eagle under him, the foundation of this restaurant, is now slowly opened his eyes.

Golden Eagle's eyes, is endless vicissitudes, looks incomparably turbid, like a dying old man.

But if you look closely, you can see the depth in the eyes of golden eagle, which is infinite wisdom and open-minded to see through the world.

"Such a breath..."

At the moment, the golden eagle is feeling Ye Chen, who is practicing in the room of Tian Zi, and a touch of shock flashed in his eyes.

The skill of Jinying's cultivation is called moving the heaven and earth. It can understand the heaven and earth, and can also peep at the heaven and earth with the help of all living beings.

However, Jinying observes Ye Chen at the moment, but he finds that ye Chen is not in this part of heaven and earth. The leaf Chen he perceives is gray and covered by endless great power, so he can't observe it clearly.

"This is a man with great cause and effect..." The Golden Eagle's eyes flashed, but its body could not move, because it was carrying a restaurant.

At this time, the golden eagle looked at Ye Chen's eyes slightly bright, he vaguely remembered that not long ago, a man with extraordinary temperament and extraordinary strength came to him, and he could observe one or two. Just the golden eagle in that person, saw now will ye Chen Group shrouded in the fog, there is obviously something between the two people.

"Childe, I have a piece of information that I can sell to you on the condition that you have a trace of aura. Do you want to?"

Ye Chen is practicing, then suddenly heard a deep voice in the room, not from the eyebrow micro pick.

"Are you?"

There is light in Ye Chen's eyes. The only people who can talk to themselves in this way in the Golden Eagle tower are

"Young master, I'm at your feet."

The other side chuckles, the words are very polite, but let Ye Chen slightly nod, he did not guess wrong.

"You said there was information. I don't know what it was?"

Ye Chen asked curiously, the Golden Eagle here as a restaurant for countless years, I am afraid the information collected is countless.

I'm afraid it's not some simple information that can be exchanged by the Golden Eagle.

"Related to child, he is a man, a man with extraordinary talent and extraordinary temperament."

"I'm afraid this man has a close relationship with the young master. I don't know if he is willing to exchange the news with a trace of aura," he said

Hearing the old golden eagle's words, ye Chen is even more confused. He has extraordinary talent and temperament, and has a close relationship with himself. Who will such a person be?

Just although curious, but the old Golden Eagle wants his aura, ye Chen is how can not exchange.

Ye Chen will not exchange intelligence with laojinying in any case. It is because ye Chen's identity is too grand and invincible to reveal any trace of it. Therefore, his aura can not be handed over to the existence of laojinying who specially collects aura.

"I'm sorry, I can't trade with you."

Ye Chen shakes his head: "but I can use other people's aura to exchange with you, do not know how?"

Chapter 4114

"The aura of others?"

The old golden eagle was obviously stunned for a moment, and then began to speak in a somewhat disappointed tone: "if you can't get your excellency, others' aura is OK, but there must be something strange to do, otherwise you can't exchange information."

"Don't worry, this aura is absolutely strange. You can get this aura with your information. It's worth the money."

Ye Chen hears speech indifferent smile way.

Hearing this, laojinying did not doubt, but said that he was inconvenient to move. He would soon arrange for the younger generation of Jin family to come to trade with Ye Chen. I hope Ye Chen will forgive me.

After a while, the door of Ye Chen's room was knocked, and only the voice of the younger generation of the Jin family, who looked handsome before, rang out, "young master?"

"Come in."

Ye Chen waved his hand indifferently, and the door opened to both sides. The younger generation of Jin family immediately stepped in.

"Young master, meet again."

Looking at Ye Chen, the descendants of the Jin family smile politely, but then they take out the ball again, that is, the spirit ball of all living beings.

"Young master, listen to the Golden Eagle ancestor, you want to make a deal with him?"

"Of course."

Ye Chen raised his eyebrows slightly when he heard the speech, and then pointed to the spirit ball of all living beings. However, he saw a spirit with endless evil meaning flying out of Ye Chen's fingertips, and then integrated into the spirit ball.

"Hum!"

At this moment, the light blue spirit ball of sentient beings even vibrated, and countless auras inside trembled. Then the spirit ball of sentient beings turned into the color of gray defeat of evil Qi.

Seeing this scene, the eyes of the younger generation of the Jin family are extremely shocked and look at Ye Chen in disbelief.

Ye Chen doesn't understand why the spiritual balls of all living beings have changed like this, but the descendants of the Jin family do know that the color of the spiritual balls of all living beings is manifested according to the spirit Qi with the highest qualification and the strongest strength in the spirit ball.

Previously, the most qualified and powerful aura in the spirit ball of all living beings comes from the legendary Jiuyou blue sea, a fairy who specializes in cultivating the aura of water attribute. This fairy's strength is unpredictable, and her aura also makes the color of all living spirit balls turn light blue.

At the moment, ye Chen casually took out a piece of extremely evil aura, which made the spirit ball of all living beings change color. Obviously, it is because the master of this evil spirit is more powerful than the fairy in the blue sea. What kind of state will it be?

For a while, the younger generation of Jin's family looked at Ye Chen's eyes and became extremely respectful. At the moment, he said politely, "thank you for your generous hand. This is the envelope that the ancestor asked me to give you."

The descendants of the Jin family bowed respectfully, took out an envelope and handed them to Ye Chen.

The envelope is pure white color, which reveals a faint fragrance and faint aura. Ye Chen nods slightly, and the Golden Eagle keeps his promise.

"Well, you go down."

Ye Chen reached for the envelope, and then waved to indicate that the younger generation of the Jin family could leave.

Hearing this, the descendants of the Jin family said goodbye respectfully, bent down and bowed out of the room, helped Ye Chen close the door, and then stood upright and strode downstairs.

At the same time, the voice of the Golden Eagle also rang out in the minds of the younger generation of the Jin family.

"It's a great deal. It's just Ah

The old Golden Eagle sighed, but let the younger generation of the Jin family not understand the big eyes.

"Ancestor of golden eagle, this evil spirit is so powerful that it can surpass the spirit of the fairy before. How can you still sigh?"

"What do you know?"

"The aura of that young man is the most unique. I can feel that if the spirit ball of all living beings can collect a trace of his aura, it may be able to cross countless processes and directly breed..."

At this point, the old Golden Eagle suddenly closed his mouth, and then he was disappointed: "it's just a pity that all living beings can't be forced to mend the way of cultivating the spiritual sphere. Otherwise, I'd like to ask the young master to leave a trace of aura, even if I tell him those amazing secrets!"

Ye Chen is obviously unaware of the conversation between Laojinying and the descendants of the Jin family. At the moment, he is looking at the envelope in his hand and is very interested in the contents on it.

on the envelope is the information that Laojinying disclosed to Ye Chen, but he is saying that a mysterious man came to the Golden Eagle tower once a while ago, and the mysterious man has a fog related to Ye Chen. There was causal entanglement between the two men in Ming Dynasty.

A mysterious man in white, with a strong breath of heaven

These are all the descriptions of the man by the Golden Eagle, which makes Ye Chen's eyes even more strange. I'm afraid that there are not many people practicing the way of heaven in foreign countries, and few of them can be paid attention to.

And Ye Chen's mind is that there is a person in line with this standard, but if it is really that person, Ye Chen will think of a way to erase the other side.

"Xuanyuan ink evil, you have been silent for so long, and no action has been spread out..."

Ye Chen's eyes become chilly. The only person in his mind who meets this standard is Xuanyuan Moxie, and Xuanyuan Moxie's extraordinary talent also has a great cause and effect. It would be a bad thing for Ye Chen to let Xuanyuan Mo Xie grow up. What's more, the hatred between the two people would not be broken. Even if it was only for the sake of the elders who were imprisoned in Chongguang Shenxia palace, Ye Chen would kill Xuanyuan Moxie by himself and give them a bad breath.

Then, Ye Chen leaves the room, ready to go to the eternal ferocity to see how the blood dragon is.

The news that Xuan Yuan Mo Xie was born gives Ye Chen a sense of urgency. Therefore, he is ready to return to the eternal land as soon as possible. He will not waste such a long time on the road because of his leisure.

But at this moment, a voice is to cause Ye Chen's attention, let Ye Chen's eyes suddenly light up.

"I heard that the genius who was born not long ago also came to this golden eagle tower."

"What's the big deal? What's so strange about that genius who has traveled all over the world? "

"Oh? The genius you are talking about, but the master of Tiandao palace in the kingdom of God, Xuanyuan moxie

"The kingdom of God, I only know the Lord of reincarnation, but it's a pity that the Lord of reincarnation was released by the queen and the emperor of the upper world..."

"This is a taboo. Although we all know it, you can't talk about it casually."

"Why did Xuanyuan ink evil appear outside the territory? Is there any change in the kingdom of God? Strange, strange

The discussion in the restaurant immediately attracted Ye Chen's attention.

Hearing the names of these people, ye Chen suddenly burst out a violent killing idea.

"Xuanyuan ink evil? Is it really you? "

Ye Chen's eyes are cold. There is an irreconcilable contradiction between him and Xuanyuan Mo Xie. If Xuanyuan Mo Xie is really born, there must be a life and death battle between Ye Chen and the other party.

Chapter 4115

At the moment, the people in the restaurant did not find Ye Chen's strange, but still discussed warmly.

"The Xuanyuan ink evil heard that he had a rare encounter in ancient times and mastered the pure water method. His strength was superb."

"Yes, he seems to have come out of the land of nine deaths, which has been extremely mysterious and contains endless opportunities since it came out."

A voice of discussion sounded, ye Chen's eyes narrowed slightly. At the beginning, Xuanyuan Mo Xie and ye luo'er fell to the realm of nine deaths.

However, in order to find ye luo'er, ye Chen has no time to take into account Xuanyuan's Mo Xie. Unexpectedly, Xuanyuan's Mo Xie gets a big chance in the nine dead state.

At this moment, ye Chen learned the whereabouts of Xuan Yuan Mo Xie from these people. Xuanyuan Mo Xie wanted to travel all over the country, every long river and stream in the world.

It is said that this is Xuanyuan ink evil, majoring in water, to understand the world's water.

The jinyingling River, not far from the Golden Eagle City, is close to the Sunmoon sea, where its tributaries converge for thousands of miles. Xuanyuan moxie came to Jinying city not long ago for the sake of the Golden Eagle spirit river.

According to people's speculation, there is also the general trend of Xuanyuan moxie. The next stop of Xuanyuan moxie must be to the south of jinyingling river. There is a place named Gushang city. There is a moliu River in the ancient Shang city, which is the target of Xuanyuan moxie.

Knowing the whereabouts of Xuanyuan Mo Xie, ye Chen's intention to kill rises in his heart. Without hesitation, he flies directly to leave the Golden Eagle tower. He wants to rush to the ancient Shang city.

Ye Chen decides to kill Xuanyuan Mo Xie in the ancient Shang city, and does not give the other party a chance to rise completely.

Otherwise, for a long time, maybe he really did not have the qualification to kill each other.

And in Ye Chen rush to the ancient Shang city moment, Xuanyuan Mo Xie has left from the ancient Shang city.

Xuanyuan moxie arrived at Gushang City three days ago, and he stood in front of the moliu River in the ancient Shang city for a moment and quietly collected the water vapor of the origin of the Moliu river.

Along the way, Xuanyuan moxie declared that he wanted to travel all over the world. He had seen every river and felt the water in the world. In fact, he wanted to collect the water vapor from each river.

Xuanyuan ink evil got an adventure in the land of nine deaths. He practiced in a valley with the source of vast water, and reached the heaven and earth realm in it.

After the breakthrough to the heaven and earth, Xuanyuan moxie is also a feeling. The source of water is the valley. In fact, it is the source of all rivers and water vapor.

In this cave, Xuanyuan ink evil feels the whole foreign water source breath, at the same time also absorbs the water source gas in the cave, which is pure, scale free source gas.

Then Xuanyuan moxie left the realm of nine deaths and went to the world to collect the source gas of each river in the world. This is the source gas that has experienced the endless waste of time in the universe, which is the opposite of the source gas without scale.

Collecting the source gas of these rivers, Xuanyuan moxie's realm will break through quickly, so he has become a famous genius in this area.

But basically no one knows that Xuanyuan moxie collected the source gas of these rivers, but it is a heinous thing, because the source gas of the river was taken away, and it would take endless years to gather again.

Before the source gas is condensed, these rivers will no longer have aura. People living on these rivers will be unable to drink the water full of aura, and their offspring will be born with lower talent and poorer qualification.

Fortunately, Xuanyuan Mo Xie did not have the chance of Ye Chen, and could not enter the sea of sinking moon. Otherwise, if you have the opportunity to absorb the source gas of the sea, I am afraid the consequences will be unimaginable.

Of course, if people in this area know what Xuanyuan moxie's action will bring to the heaven and earth, I'm afraid Xuanyuan moxie can't live for a day, and he will be surrounded and killed by countless angry warriors in minutes.

Because of this, Xuanyuan moxie went to every place, collected the source gas of the river, and immediately left, but this time he was blocked on the Moliu river.

endless darkness swept as like as two peas, and the heart of the mighty spirit permeated all around him. He was mad in Xuanyuan's evil spirits. He remembered this kind of breath. When he was fighting with Mo blood, he never used his heart magic charm to make him feel like the breath of the moment.

"Lord of the heart demon!"

Xuanyuan ink evil face changed greatly, looking around, at this moment he was in the world has been covered by endless darkness, he was brought into a dark space.

In the endless darkness, there are many strange beams of light flowing, with the breath of the heart demons, which makes people creepy. Xuanyuan Mo Xie avoids these strange beams, and dies for fear of being infected.

At this moment, an empty and majestic voice sounded, and then the male and female were indistinguishable. The mighty emperor Shitian appeared in front of Xuanyuan moxie. His eyes were cold and staring at Xuanyuan moxie.

"You, you are..."

Xuanyuan ink evil this is the first time to see the true face of the Lord of the heart demon. At the moment, his face is stagnant and his subconscious finger is stretched out.

"Ha ha, Xuan Yuan Mo Xie, you have been bad for me many times."

In the face of the panic Xuanyuan Mo Xie, the emperor Shitian coldly smiles, but at the next moment he quietly reaches out his finger and gently points at Xuanyuan Mo Xie."Hum!"

At this moment, in this dark world, the vast flow, endless strange beams of light actually condensed, and then turned into a creepy God awn, suspended on the top of Xuanyuan moxie.

At the moment that emperor Shitian pointed out, Xuanyuan moxie felt something wrong. He just wanted to escape, but he didn't know how to escape from the dark world. What's more, the space around him was locked, and his body couldn't move.

"What do you want?"

Xuanyuan moxie looks at the emperor Shitian, and the cold sweat flows behind his forehead. He dares to compete with xuanjiyue or emperor Shitian for supremacy. However, his strength is still too poor for such a frontal collision.

At the moment, Xuanyuan moxie can't help gripping his teeth. If you give him another hundred years to collect the source of water in the world, maybe he will have a chance to shake xuanjiyue and Emperor Shitian.

"How?"

The emperor Shitian gazed at Xuanyuan moxie, with a deep vision, as if he could see through the thoughts of Xuanyuan moxie.

"You've been bad at me many times. I should have sent you on the road, but now I can use you. I can give you a chance to redeem myself."

The light of the emperor's heavenly eyes suddenly fell, and the endless murderous spirit swept out. The divine awn on the top of Xuanyuan moxie's head suddenly fell down, making Xuanyuan moxie's body stiff and cold.

"It depends on whether you are sure." Emperor Shi Tian finished all this, severely frightening Xuan Yuan Mo Xie, and then said.

Emperor Shi Tian's words were introduced into Xuanyuan Mo Xie's ears, but he made Xuanyuan Mo Xie's face change.

In the face of emperor Shitian, Xuanyuan moxie is definitely not an opponent, but Xuanyuan moxie will not listen to Emperor Shitian's words. This is his temperament and will never bow to anyone.

"I want to know what you want me to do."

Xuan Yuan Mo Xie looks at emperor Shi Tian and asks coldly.

Chapter 4116

"For what?"

The emperor Shitian's mouth curled up a curve, and then said: "you have been driven out of the kingdom of God by others, and you have lost your family. Now you have nowhere to go. It's better to join the emperor yuan hall and be my subordinate. The first thing I need you to do is..."

Emperor Shi's weather suddenly broke out, and his fierce killing intention rose into the sky. His eyes were still looking at the distance.

"Cut off the roots!"

Smell speech, Xuan Yuan Mo Xie is stunned, did not expect emperor Shi Tian to have so much hatred to Ye Chen, unexpectedly is to let him hand to kill Ye Chen.

But for Xuanyuan Mo Xie, the hatred between him and ye Chen is irreconcilable, and the two people have reached the degree of impossible coexistence.

Xuanyuan Mo Xie believes that if ye Chen has a chance to kill himself, he will not give up, and he will not spare his life. Therefore, Xuanyuan moxie is also full of killing intention to Ye Chen.

Therefore, it is not too much to ask the emperor to interpret heaven.

Thinking of this, Xuanyuan Mo Xie's eyes narrowed slightly, and then looked at the emperor Shitian, "I can promise you to join the emperor yuan hall and cut down the roots of these two things, but I'm faced with a lot of guy means, and I'm not sure."

After hearing this, the emperor Shitian didn't agree. It doesn't matter whether Xuanyuan Mo Xie is sure or not. At the moment, Xuanyuan moxie is just asking for benefits. After all, whether he is sure, Xuanyuan moxie will have a war.

For emperor Shitian, Xuanyuan moxie is willing to be a man in the palace of emperor yuan and a fighter under his command, which is a good thing for him. After all, Xuanyuan moxie has great strength and outstanding talent.

The key is that this person has ambition!

"Ha ha, don't worry. Since you are willing to join the emperor yuan hall and cut off the roots, how can I stand by and watch."

Emperor Shi Tian sneered, his whole body destroyed like great power rippling, but his palm was raised, infinite weird beam condensed a black mirror.

"This is a deceptive mirror. If you have it, you will be able to get rid of it."

Emperor Shitian throws the black mirror at Xuanyuan moxie, but Xuanyuan moxie doesn't dare to pick it up with his hands. He carefully runs the aura of the sky, and wraps up the mirror tightly and then puts it away.

Xuanyuan moxie, as the name of deceptive mirror, has been heard of. It is a strange magic power of emperor Shitian. It can condense one's illusion, make people sink into it, and even make people's spirits disappear and fall into it.

"You only have ten days. If you can't get rid of the roots, you're not worthy to be my servant."

Emperor Shitian's body shape soared from the sky, standing high overlooking Xuanyuan Mo Xie, "if you don't deserve to be my servant, you'll have to die. You can do it yourself."

With these words, the emperor Shitian's body was in a flash and disappeared in an instant. Meanwhile, the dark world was also shattered, and Xuanyuan ink evil returned to the outside world.

Looking at Mo Liuhe running in front of him, Xuanyuan Mo Xie's eyes flashed a sense of obliteration. Emperor Shitian was so domineering that he felt extremely angry, but now he could not shake emperor Shitian and could only endure temporarily.

"Hum, let me be your emperor Shitian's running dog? I Xuanyuan Mo evil is you can drive, I kill Ye Chen first, when I rise up, I will also send you on the road

If emperor Xuanyuan wants to kill him, he can't release the evil spirit from the sky.

As for Xuanyuan moxie, in terms of his current state strength, if the emperor Shitian attacked him, he could not resist at all. Therefore, if he could not kill Ye Chen within ten days, he must have died.

So Xuanyuan Mo Xie is also very urgent at the moment, he wants to find Ye Chen immediately and kill Ye Chen.

However, it is so big in foreign countries that it is not easy to find Ye Chen. Once delayed, a long time will be wasted. He must find Ye Chen in a short time.

For Xuan Yuan Mo Xie, who is very familiar with Ye Chen, at this time, as long as you catch a person who ye Chen is very concerned about, you can force Ye Chen to come out and fight with yourself.

Therefore, Xuanyuan moxie went directly to find Jin Shuhui. As long as he caught Jin Shuhui and took him away, he would surely threaten Ye Chen to fight against him.

.....

At the same time, ye Chen learned from the Golden Eagle city that Xuanyuan Mo Xie was born in the sky. He successfully arrived at the ancient Shang city and came to the Moliu river. However, he learned from the nearby population that Xuanyuan Mo Xie had left not long ago.

This time, Xuanyuan moxie left Gushang city and went not to huabaiwan not far away, but to the East, where the rivers were all passed by Xuanyuan moxie.

In this way, Xuanyuan Mo Xie's walking pattern has been interrupted, and people can't speculate where Xuanyuan Mo Xie went.

Ye Chen lost the clue of Xuanyuan Mo Xie, but he was a little upset. Looking at the Moliu river at the moment, he was vaguely aware that there was a familiar breath in the river, which was left by Xuanyuan ink evil.

Ye Chen's eyes twinkle with light, and immediately frightens this silk breath. Then he uses the Tianmo cave to make his eyes clear. He wants to peep at the natural mechanism and find the location of Xuanyuan's ink evil.

"BoomIn the sky, thunder blows and clouds gather. Ye Chen peeps at Xuanyuan's Mo evil, but only sees a mist, which leads to the disaster and makes his face slightly coagulated.

Forced investigation may not be able to see the cause and effect, ye Chen thought, gave up to continue to peep.

Just scattered Tianmo cave bright eyes, ye Chen is found, under the foot of the Moliu river even concussion.

The water vapor is boiling at this moment. The Moliu river seems to have been attacked by some mighty force. At the moment, the long river of tens of thousands of miles is shaking.

At the same time, ye Chen is also aware that many of the long rivers outside the territory seem to have changed, vaguely, it seems that all of them are the long river that Xuanyuan ink evil path has gone through.

"What does that mean? Xuanyuan moxie, this guy, will gain the ability to control the river when he passes through these rivers? "

Ye Chen's heart frets, is very surprised, if is really like this, Xuan Yuan Mo Xie is afraid to become the Lord of ten thousand rivers at the moment.

The name of Xuanyuan moxie, the master of heaven and rivers, is very famous and has made great achievements. However, what does he want to do to urge these rivers at this moment?

Ye Chen is guessing in his mind, but suddenly he finds that the moliu River blows with a bang, and the infinite water vapor rises into the sky, and then condenses together to form a mysterious rune, flying to the sky, and then bumping into the void and disappearing.

Looking at the scene in front of him, ye Chen's eyes flashed, and he vaguely felt that those mysterious runes contain the powerful charm of water. I'm afraid Xuanyuan moxie specially wanted to collect them. As for what to do, though it's not clear, it's absolutely important to do something.

"This guy..."

Chapter 4117

Ye Chen has a murderous spirit in his eyes. After these mysterious runes fly up, they directly escape into the void, making him unable to trace them. Otherwise, he can follow these runes to find the location of Xuanyuan's Mo evil.

Now ye Chen has no way to find Xuanyuan Mo Xie. He can only try to find out about Xuanyuan Mo Xie and see if he has a chance to find this guy.

But at this moment, ye Chen is not clear, Xuanyuan moxie mobilized all the water source symbols contained in the water flow that he passed through, but in order to break through.

Three thousand Flower Valley, this is a beautiful valley surrounded by ten long rivers. Now Xuanyuan moxie sits in the middle of the valley.

In the void in all directions, there is space breaking from time to time. Ye Chen has just seen many mysterious runes flying out of the void and converging towards Xuanyuan moxie.

These are the symbols of water source. Each river has its own unique water source symbol. Absorbing and refining these symbols can control the long river and become the real master of these long rivers.

At the same time, each refining a symbol of water source can also improve the cultivation.

Therefore, Xuanyuan moxie collected the water vapor source of rivers, but did not immediately collect the water source symbol. He wanted to pass all the rivers in the world, and then use his breath left in the river to absorb all the water source symbols of all rivers.

If we can do that, Xuanyuan moxie will be able to fly into the sky and become the real master of thousands of rivers. At the same time, the realm will also advance by leaps and bounds, even stepping into the original realm at one stroke.

But at the moment, Xuanyuan Mo Xie was threatened by the emperor Shitian and had to fight with Ye Chen in 10 days. However, his plan failed.

Xuanyuan moxie is now the world of heaven and earth. Although he is confident that he can defeat Ye Chen, he is not 100% sure.

And ye Chen's means and cards emerge in endlessly. Xuanyuan moxie is very familiar with Ye Chen. He knows that ye Chen is a great Qi Yun and a great cause and effect existence. If you want to kill Ye Chen, you'd better prepare well.

Therefore, Xuanyuan moxie chose to refine all the water source symbols of 3000 long rivers within ten days, and obtain a vast aura. Then, count the deceptive mirror that God gave him, and then he would be sure to kill Ye Chen.

At this moment, Xuanyuan moxie is sitting on the upper wall of the sky, refining and refining the symbol of water from thousands of miles through the void. His breath is more and more fierce and magnificent.

The vast water vapor circulates around Xuanyuan ink evil, and it is still increasing. There is also boundless heaven's Qi in the sky to protect Xuanyuan's ink evil, so that Xuanyuan's ink evil can be refined with half the effort and speed.

And when Xuanyuan moxie did all this, there was a beautiful figure under him, trapped in a prison condensed by the sharp and incomparable water vapor.

If ye Chen was here, he would be able to recognize the trapped man at a glance. It was obviously Jin Shuhui!

Jin Shuhui's appearance here is exactly what Xuanyuan Mo Xie did.

He specially caught Jin Shuhui here. He was ready to wait until the breakthrough, and immediately threatened Ye Chen with Jin Shuhui.

Although Jin Shuhui doesn't know what Xuanyuan moxie wants to do, she also understands the contradiction and hatred between Ye Chen and Xuanyuan moxie. At the moment, this guy grabs himself, which is obviously not good.

Looking at Xuanyuan moxie refining the water source symbol of 3000 rivers, this grand scene also shows that Xuanyuan moxie's strength is terrible.

Although Jin Shuhui's present situation is dangerous, she can't help but think of Ye Chen. Facing such Xuanyuan Mo evil, ye Chen is afraid to be unable to resist.

"This damned guy, his strength has been improved so fast. It seems that he wants to use these water vapor runes to make a breakthrough after refining. If he succeeds, ye Chen may have a big problem."

Jin Shuhui's own situation is not good. She even has time to worry about ye Chen and stares at Xuanyuan moxie. In her heart, she even gives birth to the impulse to interfere when Xuanyuan moxie breaks through.

Although Jin Shuhui is now trapped in the water vapor cage of Xuanyuan moxie, she can destroy the cage if she explodes herself. At the same time, she can cause a lot of trouble to Xuanyuan moxie. What she moves is the self exploding mind.

If Xuanyuan Mo Xie knew Jin Shuhui's idea at the moment, I'm afraid he would be stunned and couldn't help cursing a crazy woman.

Above the sky, more and more water source symbols appear through the void, just like meteors falling from the sky, each shining brilliantly.

Xuanyuan Mo evil's momentum is also more and more violent, for the water source rune, all inhaled in the body crazy refining.

When the last and the third Rune of water source was successfully refined by Xuanyuan moxie, Xuanyuan moxie instantly broke through the six layers of heaven and earth, and infinite water vapor broke out on him.

This water vapor contains the heavy pressure of crushing the sky and the mighty power of breaking the whole world. It rises in the sky for a time. Even the heaven and earth are covered and turned into a world of water.

In this world of water, there are 3000 long rivers running, some in the sky, some on the earth, some even in the void.

Every long river is engraved with a symbol of water source. Xuanyuan moxie stands in the center of the water world, his hair is flying, and his clothes are hunting. The whole person is like a supreme master, and is the supreme of the water world."Up

Xuanyuan moxie looked at the 3000 long rivers, and his face was extremely majestic. With a move of his hand, all the three thousand rivers rose up in the sky.

Then, with a wave of Xuanyuan ink evil's hand, 3000 long rivers roared toward the East, and the void along the way was crushed by the mighty power. The violent power of suppressing the heavens could destroy everything.

This 3000 long river is completely driven by Xuanyuan ink evil and manipulated at will, just like his arms. The power of the 3000 long river is also incomparable, which makes people feel shocked.

But at this moment, the sky above the shock again, followed by a piece of Tiandao ribbon, suddenly dropped from the sky above.

Xuanyuan moxie refined 3000 long rivers, controlled the source of water gas, incarnated as the master of thousands of rivers, but he is not only the master of rivers, he is also the Lord of heaven!

All of them gathered on Xuanyuan moxie, blessing him, and finally turned into a heavenly gauze.

Then, in the world of water, there is a palace which is magnificent to the extreme and full of the flavor of heaven. It stands in the center of the world of water.

Xuanyuan moxie stood on the top of the Tiandao palace, looking at the Tiandao palace, his eyes twinkled with God. Without Chongguang Shenxia palace, he would gather one by himself!

Chapter 4118

The Tiandao palace was formed, and the mighty Tiandao Qi turned into fog, flying around the Tiandao palace.

At this time, among the 3000 long rivers in the world of water, a stream of water also flew out one after another, sweeping towards the palace of heavenly way. Finally, it turned into a series of graceful, dazzling and shining water god patterns, engraved on the Tiandao palace.

For a time, in addition to the strong atmosphere of the heavenly way, there was also a stream of water source gas, which made the palace more magnificent and powerful.

At this moment, looking at this heavenly palace, Xuanyuan moxie is excited.

"I'll call you the God of heaven and water palace!"

Xuanyuan moxie looked up to the sky and roared. The whole world of water trembled. Three thousand long rivers exploded. Countless rivers rose into the sky and fell from the sky, as if there was a heavy rain, cheering for Xuanyuan moxie.

At the moment, Xuanyuan moxie is a giant in the world of water. It is powerful.

This world of water is just the heaven cultivated by Xuanyuan ink evil. The Tiandao palace is called Tiandao shuishen Palace by Xuanyuan moxie. It is precisely because of this self-contained artistic conception that it is the heaven water god!

At this moment, on the outside sky, endless dark thunder clouds are surging, and the column of destructive thunder flashes in the dark clouds, revealing from time to time.

At this moment, the whole heaven and earth are gathering their strength to build a terrible thunder robbery to wipe out everything, and to kill Xuanyuan moxie who crossed the loot.

It is true that Xuanyuan Mo Xie's talent is too adverse to heaven. He not only became the master of heaven, but also became the master of thousands of rivers. He was destined to experience a devastating thunderstorm. Only if he survived, could the gifted man go further, or it would disappear.

Jin Shuhui also saw this magnificent and terrible thunder robbery. However, although the thunder robbery was powerful and invincible, it seemed that no one could survive under such a thunder robbery, but Jin Shuhui was still worried.

It's really the feeling of Xuanyuan ink evil to Jin Shuhui. She knows that Xuanyuan ink evil is not a simple existence. No matter how powerful the thunder is, I'm afraid that Xuanyuan ink evil can't be done.

Therefore, Jin Shuhui is still thinking about how to disturb Xuanyuan moxie at the critical moment of his crossing the heist, and let him fall, or at least be seriously injured and dying.

But at this moment, Jin Shuhui did not expect that Xuanyuan ink evil was rampant and appeared on the sky like an invincible master. The heaven and water god surrounded Xuanyuan ink evil.

I saw Xuanyuan Mo Xie's body shape rushed towards the thunder robbery. Before the thunder struck down, Xuanyuan ink evil suddenly launched his hand. With a wave of his hand, three thousand mighty rivers swept out of the river and hit the thunder robbery in an instant.

"Boom

The dark cloud that covered the sky was broken in an instant. Under the method of Xuanyuan ink evil driving 3000 long river, the thunder robbery was as fragile as a piece of paper and was directly broken.

This curtain fell in Jin Shuhui's eyes, but it made her eyes look startled. She was shocked to the extreme. Xuanyuan ink evil broke through and was so powerful that even thunder robbery could be broken instantly. In this world, who can be the opponent of Xuanyuan moxie.

At the moment, Jin Shuhui's shocked expression fell in Xuanyuan's eyes, but he couldn't help but smile and fell from the sky.

"You say, if I fight ye Chen, who will win?"

Xuanyuan Mo Xie looks at Jin Shuhui and asks in a playful tone.

Hearing this, Jin Shuhui's pupil shrinks. At this moment, she also realizes what Xuanyuan Mo Xie's purpose is.

"You shameless fellow

Jin Shuhui glared at Xuanyuan moxie for a moment. Ye Chen's temperament was very clear to her. If Xuanyuan moxie threatened him and asked Ye Chen to fight to the death, ye Chen would not refuse.

At that time, ye Chen faced with Xuanyuan Mo Xie, who had already broken through and had such terrible strength, was bound to be extremely difficult and die.

"Ha ha, you're smart enough to see what I mean."

Xuanyuan moxie looked at Jin Shuhui's angry appearance, but looked up to the sky and laughed. Then he said, "don't worry. My goal is only Ye Chen. You are just a tool for him to come. I won't hurt you."

Xuanyuan moxie said it and raised it casually. The mighty water vapor swept out of his arm. In an instant, the whole water vapor was imprisoned and enveloped. Jin Shuhui was trapped in it and could not even transmit his voice.

After breaking through the six layers of heaven and earth, Xuanyuan ink evil's strength is more terrible, and his control of one of the water channels is more comprehensive.

At the moment, gazing at the sky, Xuanyuan ink evil thought of Ye Chen's face, in the eyes can not help but emerge endless killing intention.

It was Ye Chen who forced him to flee from the kingdom of God like a dog who lost his family. It was also because ye Chen made him lose Chongguang Shenxia palace and fell to the point of death.

All of this, Xuanyuan Mo Xie attributed the mistake to Ye Chen, and his hatred for ye Chen was also strong to the extreme.

"Hum!"

Xuanyuan ink evil mouth light rebuke, a stream of water vapor actually condenses and gathers in the void, finally turns into a piece of information, turns into streamer, and goes to the void.

This message, however, was passed on by Xuanyuan Mo Xie to liudaozong. Xuanyuan Mo Xie couldn't find Ye Chen, and he couldn't contact Ye Chen, but liudaozong could. So Xuanyuan moxie sent the information to liudaozong and asked liudaozong to inform Ye Chen. After that, he just had to wait for ye Chen to come to the door.

However, Xuanyuan ink evil is afraid how also can't think of, not only he wants to fight with Ye Chen, ye Chen also wants to fight with him.

At the same time, the nine ditches outside the territory, which is a desolate city outside the country, has no characteristics, except that there is an inexhaustible Heishui river that seems to spread from hell.

Ye Chen walked all the way to here, asking about Xuanyuan Mo Xie's news, but there was no harvest.

Just as he was about to leave the chaotic place, ye Chen found that the token of the chief disciple of the six Taoism schools was shocked, and his face changed slightly.

The next moment, ye Chen takes out the chief disciple's token and gets the message from the six schools. It turns out that Xuanyuan moxie has captured Jin Shuhui and wants to fight with himself.

"Damn it!"

Ye Chen's eyes are full of murderous intent. Xuanyuan moxie is too shameless. The matter between them should involve Jin Shuhui, which makes him extremely angry. If Jin Shuhui encounters any danger, he will not let Xuanyuan moxie die easily. He must do everything possible to make him suffer forever!

The news from the six clans mentioned that Xuanyuan moxie had captured Jin Shuhui and asked Ye Chen to go to the three thousand Flower Valley outside the country to fight for life and death.

At the same time, Xuanyuan moxie also demanded that no one who had nothing to do with the war could go there. Ye Chen could only be alone, or he would directly kill Jin Shuhui.

In this regard, although Ye Chen was angry, he did not lose his sense. He was very clear that since Xuanyuan moxie dared to invite the war so blatantly, he must be sure.

To deal with such Xuan Yuan Mo Xie, ye Chen should also be sure.

Chapter 4119

Then, ye Chen rushes to sanhuagu, but on the way, he inspires aura and continuously converges into the cold Youming gun.

The big harvest is not enough, even the road seal may not be enough to deal with.

Xuanyuan moxie must have a card in his hand, and ye Chen can't be unprepared for nothing. The cold Youming gun can burst out a destructive blow, which is exactly the base card of Ye Chen. He wants to make the energy accumulation of Zhihan Youming gun complete before he reaches 3000 Flower Valley.

Fortunately, after coming out of the donghanyuan, the gun was in the process of accumulation and was about to be filled.

One day later, ye Chen succeeded in accumulating enough energy for Zhihan Youming gun. At the same time, he also arrived at the 3000 Flower Valley, which was surrounded by ten long rivers and was extremely rich in water vapor.

Ye Chen, standing outside the Flower Valley, has already understood the idea of Xuanyuan ink evil. This place can be regarded as the place with the strongest water vapor in the tens of thousands of miles.

And Xuanyuan ink evil can now control the water vapor, choose this place, must be his home, want to use the terrain to suppress himself.

Just as Ye Chen's eyes flashed, he thought about how to destroy the ten rivers and weaken Xuanyuan's home advantage. However, in the middle of Huagu, a figure has already risen from the sky, hanging above the sky, looking at Ye Chen coldly.

Obviously, this figure is Xuanyuan ink evil, Ye Chen noticed the other side, also not from the eyes of micro MI.

It has to be said that at the moment, Xuanyuan ink evil momentum is fierce, powerful, and surrounded by water vapor and heaven's Qi, it looks extraordinary and gives people great pressure.

The most important thing is that the Xuanyuan Mo evil breaks through the six layers of heaven and earth, or even close to the seventh layer of heaven and earth. Ye Chen can sense the violent breath on the other side.

If you are an ordinary person, Ye Chen can be awe inspiring even in the later period of heaven and earth. However, Xuanyuan's evil spirit is different. Ye Chen knows very well that this guy has extraordinary luck and extraordinary talent. Now he has broken through the six layers of heaven and earth, it needs Ye Chen's 100% attention.

"Ye Chen, since you are here, come and fight with me."

Looking at Ye Chen, Xuanyuan moxie stands on the sky in the middle of Baihua Valley, showing a cold smile.

Hearing this, Ye Chen is a tiny squint in his eyes and despises the shamelessness of Xuanyuan Mo Xie.

"Well, don't you choose here to use the power of these ten rivers to deal with me? If I enter the Flower Valley, I'm afraid I'll be in the formation you're ready for. "

Ye Chen is not polite and directly debunks the sinister intention of Xuanyuan ink evil.

However, Xuanyuan moxie didn't care about it, but showed a very proud smile, as if ye Chen was praising him.

"Hahaha, I'm not surprised you guessed that. You can fight with me if you don't want to enter Huagu."

Xuanyuan ink heresy, a move of the palm, a group of water vapor cage suddenly rose from the air, appeared around Xuanyuan ink evil.

"Scatter!" Xuanyuan ink evil with a wave, the vast water vapor dispersed, but revealed Jin Shuhui's body shape.

At the moment, Jin Shuhui is looking at the outside world blankly. She suddenly sees Ye Chen. Her eyes are facing each other. In Jin Shuhui's eyes, endless worries and remorse emerge.

"Ye Chen, you go, this guy wants to..."

Jin Shuhui hasn't finished, but Xuanyuan's ink evil moves again. The endless water vapor sweeps through, and turns into a cage to cover Jin Shuhui again.

"Ye Chen, if you don't want this woman to die, you'd better go into the valley."

Xuanyuan Mo evil eyes slightly squint, looking at Ye Chen incomparably proud smile way.

Seeing this scene, ye Chen's eyes twinkled with cold light, and his heart was suddenly killed. Xuanyuan moxie threatened him with Jin Shuhui, which made him very upset. But at the moment, he could not refuse Xuanyuan's request. After all, ye Chen could not ignore Jin Shuhui.

"Bang!"

Ye Chen puts his foot on the void, and at the next moment the void is broken. However, ye Chen's body shape bursts out and directly enters the hundred Flower Valley.

At this moment, the valley of flowers immediately trembled, and then the ten rivers that crisscross around the valley of flowers, this moment has actually risen into the sky.

At this moment, the endless mighty river flows out, interweaving in the air one after another mysterious array runes. Finally, a water barrier blocking the sky and the sun condenses, covering Ye Chen completely in the valley.

Ye Chen is in the Baihua valley. Looking at the water barrier covering the heaven and earth, ye Chen can feel that the world outside is isolated, and his own strength is suppressed by 10%. Xuanyuan's evil methods are endless. In order to deal with himself, he is also scheming.

"Now you are free?"

Ye Chen stares at Xuan Yuan Mo Xie, tone indifference, can't hear sad and joyful say.

Now you said, you will not hurt the water vapor, but I will not hurt you

Hearing this, Jin Shuhui's face changed slightly. She looked at Ye Chen with shame, "Ye Chen, i..."

Seeing this, ye Chen is a gentle smile, softly said: "don't say much, even if you don't get caught by this guy, I'm looking for him." "You get out of here, and I'll kill this guy before I go out to see you."

Ye Chen confidently says to Jin Shuhui.

Hearing this, Jin Shuhui's eyes trembled when she looked at Ye Chen. Although Xuanyuan's moxie seemed invincible to her, ye Chen was a person who could repeatedly create miracles in her heart. At the moment, she could only hope that ye Chen could defeat Xuanyuan moxie.

"Well, I believe you."

After Jin Shuhui said that, he listened to Ye Chen's words and walked away directly. Xuanyuan moxie did not deliberately stop him. He directly let the water vapor barrier open the door and let Jin Shuhui go.

After Jin Shuhui leaves, Xuanyuan moxie looks strangely at Ye Chen, with a faint water vapor flowing in his eyes.

"You said you were looking for me, too? Do you really want to kill me

"Oh?" The corner of Ye Chen's mouth draws a radian.

"Why, don't you know that I want to kill you?"

Ye Chen smiles contemptuously at Xuan Yuan Mo Xie and says.

"Ha ha! It's impossible. What are you, and you want to kill me? "

Xuan Yuan Mo Xie laughs at the moment and makes a mockery of each other.

"As the Lord of the heavenly palace and the Lord of rivers, I can trample you at will in the kingdom of God, as well as outside this country."

"You want to kill me? What confidence and qualification do you have? "

Xuanyuan ink evil suddenly burst out of the sky killing gas, endless water vapor burst, violent power swept across the four sides.

"I'll let you know today that you are not qualified to be my opponent, and you can't kill me!"

In the eyes of Xuanyuan ink evil, the cold light blooms, suddenly a wave of the palm, the vast water vapor condenses, turns into a series of water vapor spears, the cold light is dense, and instantly shoots at Ye Chen!

Chapter 4120

"It's just such a small skill. I'd better not show it in disgrace."

Facing this water vapor spear, ye Chen is disdainful, his body is indifferent, a wave of destruction swept out, these water vapor spears are not close to Ye Chen, they are directly broken, it is impossible to cause any trouble to Ye Chen.

Seeing this scene, Xuanyuan Mo Xie's eyes narrowed slightly. He looked at Ye Chen's realm, but he didn't expect that ye Chen's strength was more and more terrible. This tentative attack had no meaning for ye Chen.

At this moment, Xuanyuan Mo Xie's eyes are also more and more attention, he has found that ye Chen's strength is not much weaker than himself.

Although Ye Chen's realm is low, but he has such strength, it is simply a sensational and strange event, but Xuanyuan moxie has seen Ye Chen's rebellion and knows that ye Chen is not a simple person.

"Very well. In that case, I'm not polite."

Xuanyuan moxie roared, and the air of heaven around him exploded violently. All the streamers of heaven suddenly burst out and poured down towards Ye Chen.

At the same time, the water vapor is flowing all over the sky, which is actually attached to the Tiandao ribbon, and turns into a water vapor divine pattern engraved on the ribbon, which adds a trace of the supreme charm of water source gas and makes the power soar.

"Boom

At the moment, ye Chensha sword in hand, a sword cut through a Tiandao ribbon, but more Tiandao streamers are coming.

Ye Chen didn't care much about this, and his face was not moved at all.

Although the Tiandao ribbon is strong, it integrates the water vapor divine pattern, and makes the power of the ribbon soar, it is still too weak for ye Chen. He does not even need to urge the destruction of Shinto and the seal of Tao. He can easily resist these Tiandao ribbons with his physical strength.

At this moment, ye Chen cuts one and another Tiandao ribbon, and Xuanyuan ink evil sees this scene, but also is equally incomparably indifferent.

For ye Chen's performance, Xuanyuan ink evil has long guessed, and now we have to use the heavenly ribbon to bombard Ye Chen, but to consume Ye Chen's aura.

Xuanyuan moxie uses the ten long rivers of 3000 Flower Valley, specially condenses the water barrier, the purpose is to let Ye Chen not get the aura supplement, but has enough aura to squander. In this way, even if it is consumed, he can easily consume Ye Chen.

At this moment, a series of heavenly ribbons pierce through the void and explode. Ye Chen's eyes are cold. He has already guessed the idea of Xuanyuan's ink evil. He also knows clearly that this war must be ended as soon as possible, otherwise the more it drags on, the more unfavorable it will be for him.

"Destroy Daoyin, let me explode!"

Ye Chen suddenly roared, and the sword in his hand broke out with the power of violent destruction. The next moment, it swept out, and the ribbons of heaven were shattered.

Destroy Dao Yin, destroy everything, extinguish the starry sky, and sweep away towards Xuanyuan Mo Xie.

Seeing this scene, Xuanyuan Mo Xie's face changed slightly. Unexpectedly, after a short time, ye Chen had grown to this stage, and the power burst out made him feel afraid.

"Ye Chen can't stay long. This guy is the most threatening person."

Xuanyuan's evil spirit of killing was furious. At the next moment, the palm of his hand suddenly waved, and the water barrier burst out a mighty force of suppression. The violent pressure directly rolled down, and ye Chen's body suddenly sank.

"If you fall into my array, you will be at my mercy, and you will surely die!"

Xuanyuan's evil spirit of killing is fierce, and there is endless cold blooming in his eyes. The next moment, the water barrier that blocks the sky and blocks the sun actually shoots out a series of violent water flows, which are integrated with the Tiandao ribbon, and then combined with the endless water vapor between the heaven and the earth, the condensed water vapor divine pattern suddenly explodes down.

At this moment, the power of Tiandao ribbon soared again, ye Chen's face was slightly dignified, and the next moment his body suddenly shook.

"The road seal gathers, the Hongmeng reappears, the fahua extinguishes the sky, the Tianlong eight gods sound!"

Ye Chen's heart was filled with rage, and the vast sound of Zen was heard between heaven and earth, and the endless light of Buddha reflected around him. It seemed that there were hundreds of thousands of gods and Buddhas from all over the world who were praising him at this moment. The magnificent and majestic light of Buddha was condensed to protect Ye Chen.

At the same time, a series of Hongmeng notes flew out, and the mighty Hongmeng flavor enveloped the heaven and earth. Eight dragons roared and broke all kinds of Tiandao ribbons. The Hongmeng notes were printed on the Buddha light boundary to send blessings, which greatly increased the protection power of the Buddha light boundary.

Although Ye Chen seldom used the ancient method of Hongmeng in the Huayue Dabi, his breakthrough in strength made his hongmengfa not the same as before!

Ye Chen's own momentum also soared at this moment. He was furious and unmatched. With one sword, the void was broken, the sky and earth roared and cracked, and the ribbons of heaven's way collapsed and disintegrated.

At this moment, ye Chen, under the protection of the Buddha light boundary, suddenly burst out, and took the initiative to kill Xuanyuan moxie. The evil sword burst out with a mighty edge and wanted to kill Xuanyuan moxie with one sword.

"Die for me!"

Ye Chen roars and shakes the sky. His fierce intention to kill breaks out. The sword in his hand is extinguished. The golden light and cold light reflect the world. The sharp breath penetrates through the ages and comes to Xuanyuan moxie in an instant.

"Well, if you want to kill me just like this, you look down on me too much!"

Xuanyuan Mo evil glared at the moment, the endless heavenly breath was raging, and the mighty water vapor roared."Star fingerprints!"

Xuan Yuan Mo Xie angrily drinks, this is his special skill, now displays again, actually far surpasses before.

The vast atmosphere of the heavenly way is blessed on it, and the infinite starlight is sweeping down. The water vapor divine patterns are condensed in the palm. This palm seems to crush and crush the whole territory.

In the face of Ye Chen's death, Xuanyuan moxie is not afraid at all. The big hand print of the stars is suddenly covered. At the next moment, the violent impact like destroying the heaven and the earth suddenly erupts and sweeps the four sides.

"Boom

It seems that the universe and stars are going to be broken in this collision. The endless sharp breath and violent star power have broken the endless void.

At this moment, the extinction golden light suddenly penetrates the star fingerprint and kills Xuanyuan moxie violently. On the other side, the star fingerprints that have been pierced are not broken, but they are rolling down toward Ye Chen violently.

"Well, I'll kill you!"

In the face of the violent suppression of the big star print, ye Chen's eyes are cold, his body suddenly shakes, and the next moment he is not afraid of it, he even goes straight against the star big hand print.

"Bang!"

The Buddha light border, which guards Ye Chen, suddenly collides with the star fingerprint. The next moment, the star fingerprint is directly broken and becomes endless starlight vapor, which disperses in the void.

Smash star big handprint, ye Chen body slightly shakes, then coldly looks at Xuan Yuan Mo Xie.

At this time, Xuanyuan Mo Xie felt the cold light penetrating through the sky in the face of the fierce killing of the golden light. He also sneered and pointed out suddenly that the breath of the mighty heavenly way condensed with the long river and turned into a big gun like the sky, which collided with the extinction golden light.
