Chapter 4121

"Boom

At the same time, the extinction golden light and the giant gun burst at the same time, and the violent impact swept through again.

At this moment, ye Chen and Xuan Yuan Mo Xie, both of whom are strong and powerful, are simultaneously attacking each other and directly smashing the impact. However, the breath in both of them seems somewhat disordered. Obviously, under such collision, both sides have been affected.

"Ha ha ha, now you make me interested in fighting!"

Xuanyuan moxie gazed at Ye Chen and showed a proud and incomparable smile: "you have grown too much than in the past, but the more you are, the more excited I am. I will crush your talents under your feet, so that you can know who is the real favorite of heaven. Looking at your despair, this is the most interesting thing!"

"Is it?"

Ye Chen looked at Xuan Yuan Mo Xie and sneered: "do you want to trample me under your feet? You couldn't do it in the past, and it's even more impossible now! "

"You are too naive, now I use only 30% of my strength!"

At the moment, Xuanyuan ink evil face Ye Chen, but self-confidence incomparable arrogance said.

"Now, I want to be really serious and show you my real strength!"

Xuanyuan moxie roared, and suddenly raised his arms and cried out. There was an inexplicable fluctuation in the surrounding heaven and earth. The violent breath of heaven overflowed, and the mighty source power emerged. This is the breath of water, which made Ye Chen's pupil suddenly coagulate.

Then, the void vibrates, and a divine palace rises abruptly from the void. Although its momentum is not as great as that of Chongguang Shenxia palace, its power is not inferior to that of Chongguang Shenxia palace.

"Heaven and water god palace!"

Xuanyuan ink evil mind concussion, this moment he felt the fighting power boiling, the blood in his body was furious, let him want to never stop fighting.

The mighty power of heaven and the power of water swept across the world, and there was more pressure between the heaven and the earth. Ye Chen felt that the spirit in his body was running slowly.

Ye Chen can see at a glance that this is Xuanyuan Mohe evil condensed by his own strength, but it is filled with the power of killing and cutting, which can bring him a very strong combat power blessing.

At this moment, all kinds of heavenly power will rush into Xuanyuan ink evil body, setting off Xuanyuan ink evil as the real God of heaven. The momentum of his body is constantly exploding, and his strength is constantly climbing.

"Come, fight me!"

At this moment, Xuanyuan moxie roared and roared, and he no longer used magical skills, so he rushed to Ye Chen to collide with Ye Chen's body.

In the face of Xuanyuan Mo Xie's action, ye Chen's eyes also have a violent war intention, his physical strength is incomparable, Xuanyuan Mo Xie dares to collide with his body, which makes Ye Chen feel excited.

"Come on

Ye Chen suddenly angrily drinks, in the face of the fierce rush to Xuan Yuan Mo Xie, suddenly a palm blows out.

Xuanyuan ink evil did not show weakness. He was met with the same palm, and the mighty heavenly power broke out on his body. At this moment, the mighty spirit of the star emperor circled Xuanyuan ink evil, attached to the palm of Xuanyuan ink evil, and burst through.

When ye Chen saw this scene, his eyes were cold and his aura was raging.

"Hiss!"

In the samsara cemetery, the water of the yellow spring is continuously refined. Ye Chen's body has a vast smell of the yellow spring, and the next moment the vigorous Qi of the huangquan erupts, which is no less violent and vigorous than that of the star emperor.

"Boom

The two palms collide, and ye Chen and Xuanyuan moxie shake at the same time, and their breath is disordered. However, in their eyes, they are full of fighting spirit. Their bodies turn into shadows and collide wildly in the void.

"Boom, boom!"

All of them collapse with Xuanyuan.

When the invincible martial arts broke out, ye Chen and Xuanyuan Mo Xie were like two gods of war. Their spirit swept over all directions and crushed everything. Their bodies were cracked and their blood spattered, but no one stepped back.

At the moment, there is a cold flash in Xuanyuan's eyes. He finds that ye Chen's physical strength is too abnormal, even if it is hard for him to shake.

Originally, Xuanyuan moxie thought that with the blessing of the heaven and water god palace, and his strong body of six layers of heaven and earth, he could crush Ye Chen in physical confrontation, but he found that his physical strength could not match Ye Chen.

If Xuanyuan Mo Xie knew Ye Chen was in the moon, I'm afraid he would not have such an idea!

Such a situation is unfavorable to Xuanyuan moxie. If it goes on like this, Xuanyuan moxie will be defeated in Ye Chen's hands, which is something he absolutely does not allow to happen.

"Heaven and water kill!"

At the moment, Xuanyuan moxie and ye Chen slapped each other, and suddenly opened violently. They even took advantage of Ye Chen's unprepared and insidious hand, and the mighty breath of heaven and water vapor condensed, and the violent water source breath and the heavenly way source gas roared, destroying everything, and sweeping out the ancient Fury God awn.

Ye Chen's eyes narrowed slightly when he saw this divine awn, but he did not panic. It was no surprise to Ye Chen that Xuanyuan's evil hand was insidious. In the confrontation between Ye Chen and Xuanyuan moxie, ye Chen was always vigilant. At the moment before Xuanyuan Mo Xie wanted to use his magic power, ye Chen had already realized it. "I knew it!"

Ye Chen Mou son a congealing, look indifferent to look at Xuan Yuan Mo Xie, but in the mouth light drink, suddenly a cold awn shoots out: "cold kills ten thousand boundary light! Soul devouring seal!
Close

Ye Chen angrily drinks in his heart. The cold light seems to freeze the heaven and the earth. He wants to make time still. His power is fierce and incomparable. He instantly meets the water of heaven.

"Boom

Shenmang and Hanmang collide together, and the next moment the void collapses. The collision of shenmang continuously pours out shock waves, while ye Chen and Xuanyuan moxie shake at the same time and fly upside down.

See ye Chen easily resolve their own sneak attack, Xuanyuan Mo evil eyes more and more gloomy.

However, ye Chen's face is full of indifference. This cold kills the light of the world, but it is a Fu Zhao that Wei Ying specially gave Ye Chen when ye Chen and Wei Ying separated. This is a Fu Zhao Wei Ying found in the extreme cold and dark hell prison.

Zhihan Youming prison is used by juehan emperor to place treasures, which is inherited by later generations of juehan emperor's palace. After refining to the cold Youming prison, Wei Ying found this Fu Zhao which can resist the attack of the late heaven and earth and even the top powerful.

Wei Ying wants to follow Su Mo han to leave, worried that ye Chen is in danger, so she gives this Fu Zhao to Ye Chen, which can be used when in danger.

Ye Chen didn't want to use the Taoist Fu Zhao, but he realized Xuanyuan Mo Xie's evil mind, but he thought of this Fu Zhao and used it to resist a sneak attack by Xuanyuan Mo Xie.

After all, although Xuanyuan moxie is only the six layers of heaven and earth, it has already surpassed many of the strong people in the later period of the universe and the earth!

What's more, this place is the territory of Xuanyuan moxie!

"Well, a fair fight with me!"

At the moment, ye Chen looks at Xuan Yuan Mo Xie cold voice to drink a way.

Chapter 4122

Hearing this, ye Chen solved his conspiracy and calculation easily. Xuanyuan Mo Xie felt that there was no light on his face. At the moment, his killing intention became more and more violent, and even rose up in the sky, gathering together with the breath of the heavenly way, so that Huang Huang Tiandao was stained with a layer of gray.

"Since you want to die early, I will help you!"

Xuanyuan ink evil roared furiously, and endless aura swept out of his body. At this moment, the world enveloped by the water flow barrier actually sent out a loud concussion sound.

Infinite water vapor emerges from the void, and in a twinkling of an eye, the water barrier is covered, and then a water world condenses out.

Seeing the world of water, ye Chen's face changed slightly, and he realized that this was Xuanyuan's self-reliance of Mo Xie. Moreover, his self-consciousness was very high, which even brought pressure to him.

Three thousand long rivers are sweeping out at this moment, flowing between the heaven and earth. Each of them exudes the invincible momentum of violence and crushing the sky. The water god palace of Tiandao is suspended in the water world, showing its magnificence and majesty.

Release the water god of heaven, Xuanyuan ink evil eyes flash a smug, sneer at Ye Chen.

"But you think it's your trump card to show yourself in the sky. In fact, it's just to make you die faster!"

Ye Chen's eyes flash a touch of cold, the body's breath is more and more violent, the power of destruction is full of.

"I'm crushed!"

Xuan Yuan Mo Xie looks at Ye Chen's eyes of cold, more and more dissatisfied in the heart, suddenly a point out, 3000 long rivers suddenly rolled out.

The power of the three thousand long river is invincible, crushing the sky and destroying the whole world. This huge and heavy pressure is almost more terrible than that of the Huangquan River, which changes Ye Chen's face slightly.

"If you're a little bit of a craftsman, you dare to teach your family how to do it!"

In the face of the three thousand long river, Ye Chen, even if he is afraid, can not show any timidity at all. At the next moment, the power of the spirit in his body sweeps out and destroys the Shinto.

The power of the spirit and the power of destruction are entangled and collided, and all of them rush into the evil sword at the next moment.

"Soul killing sword!"

Ye Chen drinks in the heart, Sha sword blooms out startling sky cold awn, suddenly and three thousand long river collide together.

"Boom

At this moment, it was as if the endless stars collided together, and the whole world would be broken. Even Xuanyuan's God of water, the God of heaven and water, was constantly shaken by the violent impact.

"Bang!"

Ye Chen's body suddenly flew backward, his body cracked and his blood flowed out. He fell like rags on the ground below, smashing a deep hole.

And three thousand long rivers, at the moment, half of them are broken, the other half has become dim, the endless power contained in the long river has to be eliminated.

Xuanyuan Mo Xie's face suddenly changed, and he felt that the power of the fury spirit and the power of destruction rushed into his body to wear away his spirit and his body.

"Poof!"

Xuanyuan ink evil fiercely spurts out a mouthful of blood, uses the endless aura in the body, and pays a high price to expel the power of the spirit and the power of destruction.

"Ye Chen!"

Xuanyuan Mo Xie didn't expect that he would be hurt by Ye Chen by using 3000 rivers to display the heaven and Water God. He was furious at the moment.

At the next moment, the endless aura in Xuanyuan's Mo evil body swept out, and the water vapor lines condensed in heaven and earth, and the source of water and air current turned around, and they were blessed and condensed on the long river in the sky.

At this moment, only half of the long river, which was already broken and consumed, converged again and turned into an invincible force, crushing 3000 long rivers all over the world.

"It's time to end it too!"

Xuanyuan ink evil body concussion, stretch out a finger, 3000 long river fiercely bumps into the deep pit that ye Chen smashes down.

Xuanyuan Mo Xie's intention to kill Ye Chen has risen to the extreme. Feeling the endless crisis brought by Ye Chen, he has made up his mind to kill Ye Chen in one fell swoop, and will not give ye Chen any chance to turn the tables.

At this moment, the incomparable 3000 long rivers poured down, as if the sky and the world rolled over, making the sound of rumbling and breaking from the pit.

But in the deep pit, ye Chen's breath vibrates. Looking at the 3000 long rivers rolled over, there is endless madness in his eyes.

"Ah

Ye Chen furiously roars, the sky demon blood, the God blood, burning blood Jue Qi Qi explosion! With all his strength, he took off from the pit, and the falling dust and dragon sword suddenly appeared in his hand.

At this moment, the mighty breath of the heavenly way and water god in the sky was suppressed, and the boundless and magnificent light of the heavenly way became dim. Above the sky, three rounds of blood moon rose.

The key blood month actually contains the terrible evil spirit and the destruction Shinto!

The endless pressure rolled down, frightening to frighten the sky, so that the shaking power of the world shrouded, the blood light covered the heaven, the water god and the sky.

Looking at the three rounds of blood moon on the sky, Xuanyuan moxie's face changed greatly. He felt the darkness sweeping over him. The blood moon brought him endless fear.

In the face of Ye Chen's impending attack, Xuanyuan moxie felt a terrible crisis, as if to let him fall into the abyss and sink completely.

At this moment, Xuanyuan moxie didn't dare to have a moment's hesitation. Suddenly, he pinched the formula with his fingers, and a trail of shadows appeared. He used his whole body strength to mobilize 3000 long rivers. "Three thousand killing array!"

With a roar of Xuanyuan moxie, 3000 long rivers were separated at this moment. One by one, they were surrounded by each other. They turned into a violent array that covered the sky and the sun. In this array, the endless source of water was surging, and the fierce and incomparable killing intention swept out.

"Boom

The source gas of endless water condenses, along with the mighty power released by 3000 long rivers, together condenses into a terrible broken light column that destroys the sky, and suddenly bombards Ye Chen.

At the same time, ye Chen holds the sword of falling dust and subduing the dragon. The endless blood light reflects on his body, making his breath more and more violent.

Blood light pours into the falling dust and subduing dragon sword. Bless it and let it burst out into an invincible cold light like destroying heaven and earth.

Looking at the column of light crushing down from the sky, ye Chen's eyes are filled with endless fighting spirit and madness. He suddenly roars and cuts out with a sword.

"In the name of the heavenly demon, I bless the destruction of Dao Yin, and the blood moon slaughters the sky! Open it

Ye Chen's hysterical roar, all his strength poured out. At this moment, the cold light of the blood moon pierced through the ages, chopped up the river of time, tore the heaven and earth, and collided with the broken light column.

"Boom

The fury and incomparable impact swept through, majestic, magnificent, Xuanyuan Mo Xie's body suddenly flew out, and his whole body cracked. Even the Tiandao gauze which just urged the Tiandao power to condense was instantly broken.

"Bang!"

Xuanyuan ink evil fell on the earth, all the bones were broken, and the whole person was dying.

And in the pit, ye Chen also suddenly fell down, the whole person's breath was depressed to the extreme, his eyes were dim, and his breath was not smooth.

This blow is beyond the limit of his body!

"Cough..."

Ye Chen coughs softly, but he spits out blood. This collision exhausts all ye Chen's strength and makes Ye Chen seriously injured and dying.

Chapter 4123

Ye Chen and Xuan Yuan Mo Xie were both injured, and all were dying, and their injuries were very serious to the extreme.

"Wheezing..."

Ye Chen breathes heavily in the pit and tries his best to adjust his injury.

It's a pity that this place belongs to Xuanyuan ink evil world. Ye Chen's recovery speed is much slower than usual!

Even if the vitality goes against the sky, it can not be restored in a short time.

On the other side, Xuanyuan moxie looked at Ye Chen's direction coldly, and his whole body was bleeding, but there was a vast source of water. The air flow turned to cling to him, and Xuanyuan's wound was recovering rapidly.

Soon, Xuanyuan Mo Xie successfully stood up from the ground and walked step by step towards the pit where ye Chen was.

When Xuanyuan moxie was walking, the heavenly water god palace above the sky was also suspended behind him. The magnificent god palace set off Xuanyuan moxie, the Lord of heaven.

At the same time, the 3000 long river once again condenses and flies around Xuanyuan moxie, which shows the domineering power of Xuanyuan moxie.

At the moment, Xuanyuan moxie came to the edge of the pit and looked at Ye Chen, who was struggling to get up in the pit. He was still flowing with the source of water gas, just like the ripple of water curtain, recovering his injury.

"Ye Chen, the final winner, is destined to be me!"

Xuanyuan ink evil crazy overlord atmosphere overlooking Ye Chen, there is a trace of contempt in his eyes: "I admit that you did give me a shock, but you are a clown, you will die in my hands!"

"I Xuanyuan ink evil, control the way of heaven, you are the Lord of heaven, inherit the will of the ancient water emperor, control the heaven and rivers, all the water, is the master of the rivers, what do you fight me with?"

"Next year's Day is your death day. Ye Chen, I'll take you on your way!"

Xuan Yuan Mo Xie laughs wildly and roars loudly, the next moment suddenly one hand blows out.

This time, Xuanyuan moxie used the long-standing sword of killing heaven, and 100000 flying swords swept out. These flying swords used the power of water to condense. They not only had a magnificent and magnificent atmosphere, but also had a magnificent source of Qi, as if to destroy everything and crush the heaven and earth.

At this moment, facing the torrent of 100000 flying swords, ye Chen, who has just stood up from the pit, is indifferent and makes Xuanyuan Mo evil's heart jump.

"You are great, but you are no match for me!"

Ye Chen is very calm at the moment, looking at the Xuan Yuan Mo evil, the disordered breath gradually calms down.

"Your biggest mistake is to fight against me. No one can stop me, not even the heaven and earth. What's more, you are the Lord of heaven and rivers!"

Ye Chen murmured, to the cold Youming gun suddenly held in his hand.

Looking at the long gun with cold air and dark smell, Xuanyuan moxie felt an infinite uneasiness in his heart. He was soaked in cold sweat inexplicably, and felt the boundless threat.

"Why, why does this gun give me such a terrible feeling?"

Xuanyuan Mo evil heart can't believe, ye Chen at the moment in his eyes, is already on the sticky board of fish, let him kill.

Even if ye Chen is given a magic weapon, ye Chen does not have the strength to wave again. Why does he feel endless crisis at the moment.

Under Xuanyuan Mo Xie's astonished gaze, ye Chen raised his gun to the cold and dark world, and suddenly roared at the flood of 100000 flying swords.

"To the cold and dark light!"

"Hum!"

At this moment, the heaven and earth tremble, the heaven and the water god will be broken, and a cold light suddenly rushes out from the gun to the cold and dark place, and the void collapses along the way, and everything disappears.

Looking at this cold light, Xuanyuan Mo Xie's eyes became extremely frightened. He had a premonition that Zhutian Shenjian could never stop the cold light.

Just as Xuanyuan ink evil guessed, the cold Youming light collided with 100000 flying swords, but it was as easy as crushing a mole ant. It destroyed the withered and decayed flying sword and killed Xuanyuan ink evil.

Endless crisis shrouded him, Xuanyuan moxie seemed to see the terrible hell to drag him into it and sink forever.

"If you want to kill me, you can't do it!"

Xuanyuan ink evil eyes bloom out of a strong unwilling, suddenly angry, the next moment his body for a while, on the skin of a water vapor God lines suddenly appear.

"The body of the water god!" Xuanyuan ink evil like crazy roar.

The symbol of 3000 water sources was condensed, and all the 3000 long rivers flew to Xuanyuan moxie and surrounded it.

"Boom

At this moment, 3000 long rivers were attached to Xuanyuan moxie and turned into a huge armor. The armor was gathered by the water, but it was shining with indestructible luster like a rock.

Once the armor was put out, the Xuanyuan ink evil was as high as ten thousand feet. Every move could make the heaven and earth collapse. The mighty power swept over, as if the ancient water god was born again and wanted to destroy everything.

At this moment, to the cold Youming light has exploded to kill, Xuanyuan ink evil furiously drives the water god's body's arm, mercilessly smashes to the cold Youming light.

"Hiss!"

At this moment, the cold and dark light bloomed to reflect the cold light of the sky. At the next moment, it pierced the arm of the water god, and then with the rapid thunder, it suddenly penetrated the water god's body, and passed through the Xuanyuan moxie's chest. "Bang!"

Xuanyuan ink evil thought of the emperor Shitian to his deception mirror! Just want to use, but it's too late! There was a huge blood hole in his chest, in which the cold and dark breath was raging, which made the blood hole on his chest continue to explode, and the water god's body that enveloped him was suddenly broken. Even his self-consciousness and the God of water appeared cracks, which fell down and dissipated.

At this moment, Jin Shuhui has been guarding outside the water barrier, worried about ye Chen's comfort, but saw this extremely shocking scene.

I saw Xuanyuan ink evil fall from the sky, blood flowing from the chest, surrounded by the source of water, trying to drive out to the cold and dark breath, but could not do it at all, and the wound could not be cured.

Fall on the ground, Xuanyuan ink evil breath is dispirited, but the eyes are endless unwilling, he exhausted his whole body strength to stand up from the ground, so straight standing, dead staring at Ye Chen.

"Ye Chen! I don't want to die in your hands. I should be the master of all the heaven and earth. I want to crush the palace of empress and crush the palace of emperor yuan. How can I die in your hands? "

Xuanyuan Mo Xie's domineering words seem to have touched the sky. Clouds gather together and thunder blows in the clouds.

Ye Chen uses the gun to the cold and the dark. After releasing the light of the cold and dark world, the strength of the strong support is also completely dissipated. At the moment, he almost falls on the ground. He is also hard to stand still and looks at Xuanyuan moxie and shakes his head indifferently.

"I Xuanyuan ink evil, is the Lord of heaven, is the Lord of thousands of rivers, I am not willing, unwilling ah!"

Xuanyuan Mo Xie stares at Ye Chen, "if there is no you, my grand ambition will come true. Why, why will you appear as a strange guy? I hate it!"

Xuanyuan moxie looked up to the sky and roared, but his eyes were gradually dim down, and the bright light in his eyes was weakening.

And that deception mirror slightly twinkles with light, as if absorbing the vitality of Xuanyuan ink evil.

Chapter 4124

"Ye Chen, if there is an afterlife, I will not be defeated by you again, I will certainly kill you!"

Xuanyuan's dying vitality suddenly burst out, and his dim eyes were shining. He roared, but then his breath completely disappeared, and the whole person stood in place like a sculpture.

Xuanyuan ink evil light back, said the heart of the ambition, finally, the ambitious hero completely fell.

At this moment, the sky under the blood rain, countless thunder roar, but it seems to be for the fall of Xuanyuan moxie, the overlord.

Looking at Xuan Yuan Mo Xie's death, ye Chen's eyes flashed a touch of complex emotion, slowly shook his head.

"Even if you have a reincarnation, you will not be my opponent, because I am the Lord of reincarnation!"

Xuanyuan ink evil body meteorite, in the face of such an opponent, ye Chen wants to give a trace of respect, not to his body how.

But ye Chen turned to go, but suddenly saw in Xuanyuan Mo evil body somewhere flashing light.

It's like a mirror.

But when ye Chen looks at it carefully, the demon in the deep place even shoots out a strange light!

The void fluctuates, but the mirror disappears completely.

"Damn it, it's a deceptive mirror!"

Xuanhanyu's voice suddenly rang out.

Ye Chen frowned: "xuanxianzi, what is deception mirror?"

Xuanhanyu hesitated for a few seconds and did not explain it too much. Instead, he said: "it seems that Xuanyuan ink evil suddenly takes a hand on you this time. Someone is in charge of it."

"The disappearance of the deceptive mirror is a bad sign for you."

"Fortunately, that day, the ancestor of the demon destroyed something."

"In a short time, it's impossible that the man wants to attack you."

Ye Chen was just about to ask what he was about to ask. He suddenly raised a strange pearl, which was blue in color, like a myriad of water flowing together. There was a water ripple rippling, which looked very wonderful.

At the same time, there is a vast ancient breath flowing on the bead, which is extraordinary and makes people feel relaxed and happy. Just smelling this breath, you will feel that the recovery speed of internal injury is accelerated, and the recovery speed of aura is also accelerated.

Ye Chen's eyes were slightly bright, looking at the bead, he waved suddenly, without using any aura. However, the bead seemed to have wisdom and floated to him.

Seeing this, ye Chen held out his hand to hold the bead. He saw that the magic was extraordinary. The beads fell in his hands, but the blue light suddenly disappeared. All the visions, including the magnificent and strange ancient breath, disappeared and became extremely ordinary, just like a common stone bead.

"This..."

Ye Chen's eyes are deep, looking at the bead, vaguely feel its strangeness, which is probably a good thing.

"I'll call you shuishenzhu for a moment."

Ye Chen looked at the bead and named it shuishen bead. After observing for a moment, he found that it seemed to have really become a stone, so he stopped studying it and put it away.

Then, ye Chen eyebrows slightly pick, think of a thing, casually a move, from Xuanyuan Mo evil is about to freeze the body to suck out a drop of blood essence, collect.

Ye Chen specially collected this blood essence to save a part of the trapped samsara cemetery. Although the Chongguang Shenxia palace is in ye lu'er's hands, it is easier to save the reincarnation cemetery with Xuanyuan moxie.

Then, ye Chen no longer stops and turns to look at Jin Shuhui.

At the moment, Jin Shuhui saw Ye Chen's breath withered, but she survived successfully. Her eyes were flushed, and she could still see the traces of tears she had cried.

"It's very kind of you to be OK."

Jin Shuhui can't help holding Ye Chen, but she touches Ye Chen's injury. Ye Chen grins in pain, and Jin Shuhui quickly releases him.

"Are you all right?" Jin Shuhui looks at Ye Chen carefully.

Seeing her appearance, ye Chen couldn't help shaking his head and laughing. Then he said, "of course I'm ok. Now Xuanyuan ink evil has been solved. When I recover some of my injuries, I will personally send you back."

Hearing this, Jin Shuhui is about to say something, but the void suddenly vibrates. Ye Chen's eyes are suddenly cold, and Jin Shuhui's face changes greatly. At the next moment, she even takes a step and stops in front of Ye Chen to face the shocking void.

"Cough..."

The void opens, and an old voice comes out of the space passage. Then a strange old man in a Taoist robe, with gray hair and two eyebrows dragging to his chin, walks out of the passage.

Seeing the old man, ye Chen and Jin Shuhui are both facing a great enemy, because the old man's breath is deep like the sea, which gives them two endless sense of threat. Obviously, this is an existence with great strength.

At the moment, ye Chen is seriously injured, and Jin Shuhui is not strong. Facing the old man, he is certainly not an opponent. However, Jin Shuhui still stands firmly in front of Ye Chen and vows to protect Ye Chen.

Seeing this scene, the Taoist robe old man is showing a funny smile, and then he looks over Jin Shuhui and looks at Ye Chen. "Little friend, I don't mean anything. I'm here just for one thing."

The Taoist robe old man looked at Ye Chen, and the light in his eyes flowed: "I just noticed the smell of this thing, but now it has disappeared. You must have collected it. This thing actually belongs to me. If you give it to me, I can exchange a message with you."

After that, the Taoist robe old man seemed to be afraid that ye Chen would not agree with him, and then stressed a sentence: "any news is OK."

Hearing the speech, ye Chen's eyes narrowed slightly. He was able to realize that the old man in the Taoist robe did not mean anything. What's more, he didn't need to say so much about what he wanted to do at the moment.

Ye Chen is seriously injured, and there is no combat effectiveness, and Jin Shuhui is certainly not the opponent of the Taoist robe old man. If he does, they will be easily wiped out.

The Taoist robe old man was so sincere that ye Chen's eyes narrowed slightly. While he was thinking, the Taoist robe old man suddenly said, "I know, you seem to be looking for a strange deer."

"Fawn?"

Ye Chen's face changed slightly, but he thought of the moon deer, the old man deliberately mentioned that he knew he was looking for the moon deer.

According to Ye Chen's current information, some of the great powers of the samsara cemetery are currently in Chongguang Shenxia palace, that is, ye lu'er.

As long as ye Chen sees ye lu'er again and has the opportunity to awaken ye lu'er's sealed memory with the heart of the holy source, Chongguang Shenxia palace will be able to get it, and then it will be able to rescue that part of the great power of reincarnation.

The rest of the reincarnation graveyard's powers should be related to the empress of the upper kingdom. Ye Chen can't shake the empress of the upper Kingdom yet. However, it is said that the moon deer can find the ghost of the moon. That is to say, with the moon deer there, you may find the remaining great powers.

Thinking of these, ye Chen no longer hesitated, immediately nodded his head and promised to come down, and said, "OK, I'm willing to exchange with you, the elder."

Chapter 4125

After that, ye Chen reappears the water god bead in his hand. It seems that the water god bead really belongs to the Taoist robe old man. As soon as it appears, it reappears the vision, and the ancient breath overflows. Even ye Chen even feels that the bead is transmitting ideas to the Taoist robe elder.

At the moment, the Taoist robe old man looked at the water god bead, but also showed a smile, without any bad thoughts. With a wave of his hand, a volume of portrait flew to Ye Chen.

Ye Chen takes over the portrait and opens it to see a portrait of a woman. The woman is beautiful in appearance, with compassion and luster in her eyes. Her temperament is excellent, and she has a sense of detachment from vulgarity.

Looking at the woman on the scroll, ye chenmu looks puzzled. He can't help but look at the Taoist robe elder.

"Ha ha, this woman is Yuelu. She was trapped in a dangerous situation for thousands of years, but now she has developed into an adult form and escaped from the predicament. She calls herself the soul searching saint, which means looking for the moon soul witch."

Looking at Ye Chen's surprised eyes, the Taoist robe old man chuckled and touched his long eyebrows. Then he went on to say, "although the soul searching saint is very powerful, she is still not strong enough to shake the empress of the upper world, so she has been dormant."

"Do you know where the spirit seeker is now, old master?"

Ye Chen asked in a hurry.

"Of course."

The Taoist priest nodded, and then said, "at present, the soul searching saint is hidden in the female sect of the moon soul domain outside the territory. In the soul searching sect, they are waiting for the opportunity."

Hearing this, ye Chen nodded slightly. Although the Taoist robe old man didn't look like a liar, he couldn't judge whether it was true or not.

But at this moment, the long silent samsara cemetery suddenly comes a change. The ghost girl of the moon is in the samsara cemetery. Hearing the news of the moon deer, she is already paying attention to it. When she walks out of the tombstone, she opens her mouth and says, "he's right."

Smell speech, ye Chen heart clear, immediately give water god bead to Taoist robe elder.

Seeing this, the Taoist priest couldn't help smiling. He looked at the water god bead flying over and reached out to catch it. He touched the water god bead with a smile and then put it away.

Ye Chen knows that what the Taoist priest told himself is true, and he is also very grateful. After all, it is related to many great powers of the reincarnation cemetery.

At the moment, I want to thank the old man, but I find that the Taoist robe old man has disappeared. On the contrary, it is a meaningful, containing a unique charm of words into Ye Chen's mind.

"Yin and Yang converge and eventually enter samsara."

"This

The light in Ye Chen's eyes vibrates, and the words of the Taoist robe old man make him shake in his heart. Although Ye Chen doesn't quite understand this, there is no doubt that it must have something to do with the Yin and Yang Temple.

"Is it difficult to succeed? This old master is a strong one in the yin-yang Temple besides the master Qi Yunshu?"

Ye Chen guesses in his heart, but no one can tell him the answer. It's meaningless to think more, even if he no longer wants to.

Now that he has been informed of the news of the moon deer, ye Chen has promised to find the moon deer. At this moment, he will sit cross legged and adjust his breath.

Ye Chen has already decided to send Jin Shuhui away when the wound is healed. After that, he immediately goes to the soul searching sect in the moon soul region.

.....

At the moment, lianzong Huizhong is going back to Jinmian mountain for several hours.

Along the way, ye Chen inquired about many information about the soul searching sect. According to his previous understanding of the soul searching sect, he now roughly knows what kind of sect it is.

The soul seeking sect is a very strange sect, and it is also extremely mysterious. Because it does not participate in any activities related to other forces, it is completely different in all the heavenly realms. It does not mingle with any forces, and even has never participated in the ceremony of ascending the sect.

Therefore, many people do not even know the name of the soul searching sect, but those who know the name of the soul searching sect are taboo to the soul searching sect.

This is because no matter who enters the soul searching sect, they will disappear in the end. No one has ever walked out of the soul searching sect alive. This also leads to the soul searching sect being called the soul seizing sect, which penetrates people to the extreme.

After a period of time, ye Chen successfully arrived at xuhunzong. The door of xuhunzong was very dilapidated, and there was no one to guard in front of it.

Seeing this scene, ye Chen does not pick her eyebrows slightly, and remembers those rumors about the soul searching sect. It seems that it is indeed infiltrating.

However, ye Chen knows the details of the soul searching sect. This is the place where the moon deer is located. Therefore, he doesn't worry too much, so he strides into the soul searching sect.

However, ye Chen has just stepped into the soul searching sect, and before he has time to see the internal facilities and scenes of the soul searching sect, he feels the spirit and soul concussion, and the magnificent and powerful terrible breath sweeps in, which makes people feel headache and crack, but he has no clear consciousness and wants to sleep in the past.

"This place is really weird!"

At this moment, ye Chen's heart was shocked, his spirit looked out of the country, all called on the evil spirits, and now, it was shaken!

His fierce urge to destroy Shinto, the destructive power swept out, this surging strange breath was expelled, this just felt sober some. Ye Chen's eyes were cold, and he directly used his broken magic pupil to observe the surroundings. However, he found that there were strange runes floating in the void around. These runes were flashing with a terrifying soul biting seal.

"This is..."

Seeing this scene, ye Chen's face was not dignified. He suddenly realized that these runes and Taoist seals seemed to be related to the legendary array, which originated from the Ancient Soul seizing array.

"Ancient Soul seizing array!"

Ye Chen is awe inspiring. I'm afraid this array is one of the reasons why so many powerful people have fallen down after stepping into the soul searching sect.

At this moment, a soul swallowing Rune in the soul seizing array is in full bloom. The brilliance gathers together and turns into a monstrous monster in the next moment.

As soon as the monster appeared, the terrible breath of soul biting would come out violently, even shaking the sky. Ye Chen felt that his spirit was unstable, and he felt like a candle in the wind and rain.

At this moment, the monster looked at Ye Chen, suddenly opened a huge strange mouth, a fierce suction.

"You want to kill me? That's not enough! "

Ye Chen coldly smiles, and the next moment the evil sword suddenly stabs out, destroys the Shinto to to explode, directly borrows the monster's attraction, stabs into the monster's mouth.

The next moment, the monster's body began to rise and shrink oddly, like an inflatable ball, magnificent, endless destructive force crazy into the monster's body.

"Bang!"

The monster exploded, and the soul eating runes floating around the void were fierce, and the light was a little dim.

Just then, these runes burst into a more dazzling light, one by one monsters do not need money to condense out, and in a twinkling of an eye, hundreds of soul eating monsters appear around Ye Chen.

Chapter 4126

As soon as these monsters landed, they opened their huge mouth to Ye Chen, and the violent suction gushed out. Ye Chen's body had no feeling, but the spirit felt the force of pulling around.

Ye Chen's spirit is like a cloud. These monsters want to divide Ye Chen's spirit. However, ye Chen keeps his mind steady, but the spirit shakes but can't separate at all. These monsters can't make ye Chen's spirit split.

"Die for me!"

Ye Chen roared and stabbed with a sharp sword. The piercing cold light came out. The destructive power swept all directions and chopped at a soul eating monster, which exploded one by one.

However, under such circumstances, there are still a lot of soul eating monsters. Even if they are half killed by a sword, the strange runes in the void are still blooming, and only one soul eating monster can not be killed.

At this moment, in the face of this only soul eating monster, ye Chen's eyes are more and more cold.

"Hum, you dare to teach me how to do it in front of me

Ye Chen murmurs, and the spirit devouring and destroying deities merge violently into the evil sword in his hand, and the terrible breath of annihilating all things diffuses out, and the soul eating monsters around even show fear.

"Soul killing sword!"

Ye Chen murmured and chopped the four sides with a sword. The fierce cold awn swept out and could not be resisted at all. The sharp edge killed all the monsters along the way.

This is a sword that combines the power of spirit and the power of destruction. It is very efficient to deal with these soul eating monsters. All the soul eating monsters are cleaned up at once.

At this moment, the soul eating runes flashing in the void are suddenly dim and seem to have been hurt a lot.

But then, the brilliance of these soul eating runes changed their color and their charm.

In the void, one by one soul swallowing silver needles condense. These silver needles are cold and sharp, as if they can penetrate the sky. At the moment, they shoot down towards Ye Chen one after another.

Facing the soul eating silver needle, ye Chen's face changes slightly. These strange runes seem to have a sense of mind. He knows that the soul eating monster is big and will be easily solved by himself. He even changes his attack.

The strange runes condense these soul eating silver needles, each of which is more than ten times smaller than that of the soul eating monster. However, its power is not inferior, and it is dense and everywhere. Ye Chen is extremely troublesome to parry.

"Well, do you think you can do anything to me?"

Ye Chen coldly smile, the next moment momentum concussion, palm print.

"Fahua is dead from the sky, and the voice of the eight gods of heaven and dragon!"

Ye Chen roared in his heart, and the grand and majestic spirit of Hongmeng surged out. A line of Buddhist light junction suddenly condensed, and there were many Hongmeng notes bestowed on the Buddha light boundary. Eight divine dragons swept out and smashed the silver needles.

"Bang bang bang!" Countless silver needles hit the scales of eight dragons and the light of Buddha. However, the boundary between the dragon and the Buddha light was not too worn out.

At this moment, the strange Rune of soul swallowing changed again, and condensed a soul swallowing thunder bead.

These thunder beads hit the Buddha light boundary and the dragon one after another, and they exploded one by one, and the explosion of the Buddha light boundary and the Dragon never stopped shaking.

However, the enchantment and the dragon still have not much loss, and the soul eating Rune can not help changing the attack again.

At this moment, the strong wind, heavy rain, and the dark clouds that block the sky and the sun are bombarded by all kinds of strange attacks condensed by soul eating power.

It's just that the light of Buddha and the dragon have a certain restraining effect on the soul eating power. At this moment, they are not broken, as if they are indestructible.

It seems to be aware that such an attack will not work, and the light of the soul eating rune is dimmed again, and it changes the attack again.

At this moment, the illusory world began to turn into reality, and the roads and walls condensed by the power of spirits and spirits formed one after another.

For a moment, ye Chen found himself in an ancient city with a long history of life. In this city, the roads are complicated and people are dazzled.

"Well, do you want to stop me like this?"

Ye Chen has a radian in the corner of his mouth, but he has the existence of Wuzu Daoxin!

He suddenly stabbed his sword to the wall beside him, but when he went down, ye Chen found that the wall was indestructible. His arm was hurt, but the wall was intact.

At the same time, ye Chen is also aware of the increasingly strong breath of soul biting that overflows between heaven and earth, and his spirits feel uncomfortable, and a sense of uneasiness lingers in his mind.

As the breath of soul swallowing continues to be strong, ye Chen also finds that the spirit feels more and more pressure, which makes him feel drowsy.

"This place seems to have some strange rules of heaven and earth."

Ye Chen's eyes are slightly narrowed. This strange city can't be indestructible. Now it can't be destroyed. It must be blessed by the great power of heaven and earth.

And all the things blessed by heaven and earth have specific rules to follow. The road of this ancient city is so complicated that it seems like a labyrinth.

I'm afraid that such a structure is the rule of heaven and earth. If we can successfully walk out of this maze like city, we can solve this crisis. At the moment, ye Chen can't help walking in this strange city. However, no matter how long he walks, ye Chen can't walk out of the city. The road here seems to be endless. Every turn is a brand-new passage that has never been passed.

As time went on, the pressure felt by the spirit became more and more heavy. Ye Chen felt as if there were all kinds of heaven and earth pressing on the spirit, which made his consciousness become fuzzy and the things in front of him were not clear.

But at this time, the reincarnation cemetery in Ye Chen's body suddenly comes a change, and then ye Chen hears the voice of the ghost girl of the moon.

"Hum, the Ancient Soul seizing array is easy to defeat you by such means, but for me, it's just easy to break it."

Hearing the words of the ghost of the moon, ye Chen can't help but feel happy.

Immediately, ye Chen hears the moon soul evil girl to continue to say: "now, look at the front."

Hearing the speech, ye Chen immediately followed the instructions of the moon spirit witch, staring at the gray and broken stone wall in front of him. Then he felt the power of the moon spirit witch coming from his eyes. When he reached his eyes, he immediately saw a Rune of soul snatching appeared in the maze like city.

After that, the power of the ghost girl of the moon converges to her eyes. Ye Chen finds that these soul grabbing runes have changed and become a young girl.

These girls are very beautiful, but the breath on them seems to be very cold, as if they seldom contact with people.

These dozens of young girls are the people who control the Ancient Soul seizing array.

Seeing that the array was controlled by people, ye Chen immediately began to drink and asked, "who are you? Why do you have to use this array to deal with me?"

"I'm here just to see the soul searching saint. I hope you fairies will open up a little bit!"

Chapter 4127

Hearing Ye Chen's words, dozens of young girls turned into soul eating runes also changed slightly, realizing that their hiding had been seen through by Ye Chen.

At the moment, a young girl who looked dignified said: "it's impossible to see our Lord, because he has been closed for a hundred years, and has never been out."

Then, the girl said, "I see you look good, but you don't look like a bad person. I can give you a chance to quit the soul searching sect immediately. I can spare your life, or you will die here."

After hearing what the girl said, ye Chen was slightly calm. He didn't expect that the soul searching Saint had been closed for such a long time. However, since he has come here, he must see the soul searching saint. It is impossible for him to leave.

At the same time, ye Chen's mind, also sounded the voice of the ghost of the moon.

"These little girls are interesting, but you don't have to worry about it. I can break the Ancient Soul seizing array. As long as I break this array, I will certainly alarm the moon deer. Then she will go out of the pass to meet me."

Hearing this, ye Chen settled down in his heart and nodded.

Then, ye Chen looked at these young girls and said frankly, "all the fairies, I'm here, but I can't leave without seeing the soul searching saint."

"Since you are determined to obstruct, don't blame me for your action!"

"You do it?"

Hearing this, dozens of young girls began to laugh: "hum, you're such a big guy. How can you do it? We want to see if you have the ability to break our magic palace

At the moment, the light in Ye Chen's eyes flashed, but there was no words. Instead, he was in front of his eyes, guiding the light and extending to a girl.

This light is the spirit condensation of the moon soul witch. She specially points out the way to break the array for ye Chen. They are ten girls who incarnate soul swallowing runes. Their clothes are different from those of other girls.

The other girls are all blue, but these girls are dark green. Although there is no big difference, they can still be seen at a glance. Ye Chen guesses that these ten girls are the elders of the soul searching sect, and they are also the key to control the Ancient Soul seizing array.

At this moment, the voice of the ghost of the moon rings in Ye Chen's mind.

"Ten of them, according to the order I told you, can break through the battle one by one!"

Hearing this, ye Chen eyes a Lin, the next moment suddenly hand, destroy Shinto erupt, Sha sword instantly stab.

In a flash, ye Chen stabbed the void with a sword, and directly killed a girl suspected of an elder.

Seeing ye Chen's sword, the girl's face changed greatly. She wanted to dodge, but it was too late. Because she wanted to control the Ancient Soul seizing array and could not defend well, she was directly cut by Ye Chen's sword.

Fortunately, ye Chen knows that the people who search for the soul are all related to the soul searching saint. Therefore, she did not lay heavy hands on it, but temporarily lost her ability to control the big array.

Then, ye Chen stabbed out one sword after another. Each sword was accompanied by a clear cry of surprise and the concussion of the Ancient Soul seizing array.

When ye Chen's tenth sword was stabbed out, the city, which was already about to be broken, turned into light spots all over the sky at this moment, and the Ancient Soul grabbing array was also instantly broken.

The external scene is revealed. Ye Chen sees a valley with beautiful mountains and clear waters, beautiful scenery and full of aura, just like a fairyland.

In the valley, dozens of young girls are standing around themselves, while ten suspected elder girls in Tibetan blue clothes have fallen to the ground, and all of them look at Ye Chen in horror.

"How can you break the Ancient Soul seizing array? Who are you?"

A disciple couldn't help exclaiming.

"The Ancient Soul seizing array, but even the strong ones in the original place can be trapped and even wiped out. How can you break the Ancient Soul seizing array if your realm is so weak?"

With the sound of unbelievable voices, all the people of the soul searching sect were startled and flew out to look at Ye Chen, the first one in history to break the existence of the Ancient Soul seizing array.

At this moment, the eyes of some disciples flickered, but they realized the seriousness of the problem.

Although Ye Chen's realm is so low, it can break the terrible existence of the Ancient Soul seizing array. Moreover, if you want to see the patriarch by name, ye Chen is definitely not a simple person. I'm afraid that no one can solve today's affairs except for the patriarch.

The disciple left quietly, but went to the Houshan of the soul searching sect to inform the soul searching saint who was in seclusion to inform the other party of the matter.

Ye Chen is surrounded by all the people of the soul searching sect. One elder disciple stares at Ye Chen one after another. If it wasn't for ye Chen's breaking the Ancient Soul seizing array, this move is too shocking. They would have all rushed to kill Ye Chen.

.....

At the same time, in a magnificent palace in the Houshan of xuhunzong, the disciple who informed Ye Chen, the saint of soul searching, knelt on the ground. A terrible and magnificent breath burst out, which was strong enough to destroy the sky.

The soul seeker wakes up!

When ye Chen broke the Ancient Soul seizing array, the soul searching Saint had already sensed it, because the Ancient Soul seizing array was specially arranged by her, and she certainly felt when the big array was broken. Knowing that ye Chen is arrogant, she even dares to break the array she has set up. The murderous spirit of the soul searching Saint girl rises into the sky, covering the whole soul searching sect in an instant. All the disciples of the soul searching sect are shocked. They all kneel down on their knees and look excitedly at the direction of the soul searching saint's breath.

Ye Chen feels the breath of the soul searching saint, and his face changes slightly. The strength of the other party is indeed unfathomable. No wonder the Taoist priest he met before told him that the soul searching saint is very powerful now.

as like as two peas of the old robe, the beautiful figure of Qianli appeared on the sky. Her clothes were floating and beautiful, and her temperament was so cold that she saw the same figure as the one on the portrait.

"It's a soul searching Saint indeed."

Ye Chen is excited in his heart, but he also sees the fierce killing in the eyes of the soul searching saint.

At the moment, the soul searching Saint looked at Ye Chen and said coldly, "hum, I should be holy. You are such a arrogant boy. If you dare to come to my soul hunting sect to make trouble, you are still the first one to die for me!"

The murderous spirit of the soul searching Saint breaks out and suddenly flies out with a sword.

The sword, surrounded by endless moonlight, blooms with endless cold light, as if it is going to cut through the sky, and the terrible breath diffuses.

The power of this sword is too terrible. Everything along the way vanishes one after another. The void falls. Ye Chen knows clearly in his heart that if he is stabbed by this sword, he will surely die.

But at the moment, facing this terrible sword, ye Chen did not have the slightest fear, so he looked directly at the soul searching saint, even motionless, and did not mean to resist.

Chapter 4128

Seeing this, many people in the soul searching sect showed a strange look on their faces. Some even said, "it's worthy of being the patriarch. Once he made a move, he was completely scared to be stupid. He didn't even dare to fight back. With such goods, he would dare to make trouble in our soul searching sect and kill him."

"Yes, the Lord's divine power shocked the whole world. Seeing the patriarch, the boy certainly had no idea to resist him. He knew that he was going to die. He was waiting to die."

Many young girls are now talking, listening to their words, but ye Chen's mouth hook up a radian.

Looking at the radiance of Ye Chen's mouth, looking for the soul saint is even more strange. Why does the boy not dodge and show such an expression instead? Can he have a big card?

"Hum, even if you hide any means, you will be killed with a sword in front of me, and there is no possibility of survival."

Looking for the soul of the saint, the sword is still towards Ye Chen.

However, at this moment, on Ye Chen's body, the vast moonlight gradually diffuses out, and the magical power of the moon permeates the fields. At the same time, a strange and extraordinary line appears in Ye Chen's eyebrow. A glance makes people want to sink into the moon.

Seeing the pattern of Yuehua, the soul searching saint was shocked. The sword that was about to hit Ye Chen stopped abruptly. She was hanging in front of Ye Chen and staring at Ye Chen. Her face was full of shock.

"Who the hell are you?"

Looking for the soul saint, she looked at Ye Chen and asked.

Seeing how the soul searching Saint looks like this, the people who originally believed Ye Chen would die are shocked.

What kind of strength is the patriarch? They are the people who know the most clearly. How can anyone let the cold hearted patriarch behave like this.

But Ye Chen looks at a moon pattern that belongs to the moon spirit witch, so she is so moving. However, there is a soft light in his eyes, which shows that the soul searching saint is loyal and affectionate to the moon soul witch. Ye Chen appreciates such a person most.

Then, Ye Chen's mind rings out the words of the moon spirit witch. He says word by word according to the words of the moon soul Witch: "the moon reflects the world for thousands of years. I promise to live with you forever."

Hearing this, although they don't understand the meaning of Ye Chen's words, the people of xuhunzong can feel the great ambition and sincere feelings contained in this sentence. They can't help but move one by one.

At the moment, they saw the soul searching saint, but they were shocked again, because they found that the soul searching Saint actually cried.

You know, the patriarch can be ruthless in the face of everything, as if he were a heartless person. How could it be that the world has changed or they have fallen into a dreamland?

People in the soul searching sect can't understand that the soul searching saint can even cry, but ye Chen is extremely clear. The soul searching Saint looks cold, but in fact, she devotes all her feelings to the moon soul witch. Only the moon soul witch can warm up the cold heart of the soul searching saint, even move her face and cry.

"Master..."

Looking at Ye Chen, the soul searching saint is whispering in her heart.

Ye Chen's poem is exactly what the ghost girl of the moon once said to the soul searching saint. At that time, the soul searching saint was just a moon deer.

The moon soul witch named Qing'er for the soul searching saint. This sentence is to reveal the feelings of the soul searching saint. Their feelings are like the eternal moon, and they want to live forever together.

This sentence has never been mentioned to anyone else. Therefore, after hearing this, the soul searching Saint confirms that ye Chen knows the moon spirit witch.

At the moment, looking for the soul of the saint looked at Ye Chen, but the tears in her eyes twinkled and her words choked and said, "please follow me to the hall."

After saying to Ye Chen, the soul searching Saint looked at the people of the soul searching sect, and her face became cold and fierce: "everyone, do not go near the hall, or you will be killed!"

After that, the soul searching Saint took Ye Chen and left and came to the hall of the soul searching sect.

.....

Standing in the hall, the soul searching Saint looks at Ye Chen with trembling eyes, and her mouth is open and closed. At the moment, her heart is in a state of fear. She is afraid that what she asks is something she can't accept.

At this time, however, a concussion comes from the reincarnation graveyard in Ye Chen's body. The moon soul witch looks at the soul searching saint with gentle eyes, and steps out of the reincarnation cemetery at the next moment. The imaginary image of the spirit comes directly to the outside world and appears in front of the soul searching saint.

Seeing the ghost girl of the moon, her body suddenly shakes. At the next moment, she kneels down directly in front of her body. She turns into a miraculous moon deer reflecting the light of the moon and looks at her with tears in her eyes.

"Master, it's really you."

The moon deer's voice trembles to the moon soul witch to say.

The moon soul witch looks at the moon deer gently and reaches out to touch her head.

The reunion of the two is a reunion across countless years and a proof of sincere feelings. At this moment, heaven and earth seem to be celebrating for the moon spirit and the soul searching saint.

Time seems to go back to ancient times, reappearing the beautiful picture of a young girl walking with the moon deer in the sky.

The ghost girl of the Moon said a lot of words with the moon deer. Finally, she waved her hand and said, "OK, get up quickly. I have something to ask you." Smell speech, the moon deer body a flash, but once again turned into the soul of the saint, extremely respectful stand in front of the moon soul witch body.

"I ask you, do you know where I am?"

Hearing the words of the ghost girl of the moon, looking for the soul saint is a deep light in her eyes and nods fiercely.

"Of course I know, master, I have never given up looking for you for ten thousand years, and with the help of the connection between you and me, I have basically determined where you are."

"Oh?"

Hearing this, the moon soul demon girl's eyes also lit up, and hurriedly asked, "where is my real body?"

"Your real body should be trapped in the area of Xuantian sword tomb. This Xuantian sword tomb has completely cut off my possibility of looking for you."

The soul searching Saint said this, her eyes became sad.

However, the moon soul witch was also suddenly stunned. Obviously, the name Xuantian sword tomb shocked her so much that her eyes were dimmed.

Ye Chen looks at the two people's appearance, not from the heart strange, can only see to seek the soul Saint daughter, the other party also timely answers for him.

"This Xuantian sword tomb is one of the top ten forbidden areas in foreign countries. It is a terrifying place that even the strong people from the original territory may fall down."

The soul searching Saint said, with a touch of hatred in her eyes, "and this Xuantian sword tomb was sealed by the queen of the upper world many years ago. Only she can step into it."

Hearing this, ye Chen's face is dignified. At present, he can't shake xuanjiyue. However, Xuanji's seal under the moon cloth can only enter by herself. Even if she finds Xuantian sword tomb, I'm afraid she can only look at it and sigh, and can't set foot at all.

At the moment, the moon soul witch's eyes have been completely darkened. She knows that it is almost impossible to rescue her real body. Her heart has been extinguished and her heart is dead!

Chapter 4129

But no matter what, the ghost girl of the moon has been reading for thousands of years and wants to save her real body. At the moment, she can't help looking at Ye Chen.

"Ye Chen, I know it's very difficult and impossible to do this, but I still want to go to Xuantian sword tomb to have a look."

The words of the ghost girl of the moon contain a lot of emotions, such as loneliness and reluctance, but more despair. She has given up her heart and knows that Xuantian sword tomb is sealed by Xuanji moon, and she can't rescue her real body.

When ye Chen hears the words of the ghost girl, he nods without hesitation and agrees directly, "OK, master yuehun, don't worry, I will take you to Xuantian sword tomb."

Ye Chen promised to be so cheerful, because the ghost girl of the moon did things for him, and several life and death crises were passed by the ghost girl's hand. Ye Chen will not forget the kindness of the ghost girl.

The moon soul witch knows Ye Chen's identity, and she also knows what danger Ye Chen is risking when she approaches Xuantian sword tomb. Under such circumstances, ye Chen can still promise so simply, which also touches her heart.

The ghost of the moon doesn't want Ye Chen to see how moved she is. She immediately responds and returns to the reincarnation cemetery.

Ye Chen agrees to the request of the ghost girl of the moon. She is also happy to find her soul. Her long cherished wish for so many years is to save her and see her again.

Now ye Chen can let her meet with the ghost of the moon ghost. She has already regarded Ye Chen as a benefactor, and ye Chen has agreed to the request of the moon soul witch, so her attitude towards Ye Chen is more friendly.

Looking for the soul of the holy girl to see the ghost left, but suddenly the body a flash, again turned into a deer.

"Come on me. I'll take you to Xuantian sword tomb."

Hearing this, ye Chen is a little surprised, but looking at the eager eyes of the soul searching saint, ye Chen can't refuse, and immediately rides on the moon deer.

At this moment, the moon deer body a shock, ye Chen can feel the surrounding void from the wave, in the tremor, in the broken.

The next moment, the moon deer body suddenly broke through the space, rushed into the vast and magnificent void, turned into a streamer, the speed was extremely fast.

After a while, the moon deer took Ye Chen to the outside of Xuantian sword tomb.

There are so many places where swords are buried.

Even if the sword falls, its edge will not be reduced. The chill makes people's hands and feet cold. If ordinary people come here, they will be scared by the cold, and their legs will be softened and they will not be able to walk.

Looking at the mountain like a long sword, ye Chen felt the incomparable edge of the sword, the magnificent and majestic atmosphere of killing and cutting, and ye Chen's eyes shook.

At the bottom of the mountain, there is a valley, which is the way to the inside of the sword tomb. In the deepest part of the valley is the entrance of the sword tomb. This is what the moon deer told ye Chen.

At this moment, the moon deer has once again turned into a soul searching saint and walked into the valley with Ye Chen.

At the moment Ye Chen steps into the valley, the terrible pressure emerges. The pressure seems to pour down from all over the world, making people's shoulders sink suddenly and can't stand up at all.

And this is not to be crushed in the eyes.

"I've been here many times, and it's never happened."

The face of the soul searching saint is changeable, but she is in a hurry. The majestic moonlight sweeps over Ye Chen, covering Ye Chen, helping Ye Chen relieve the violent pressure.

As soon as this terrible pressure appears, the soul searching saint has become solemn in her heart, and the moon soul demon girl also walks out of the reincarnation cemetery and looks at Ye Chen.

"Ye Chen, since you have seen Xuantian sword tomb, you might as well leave. It's useless to go deep here."

"No, since I'm here, why do I have to go to the entrance of Jianfen? Maybe I have a chance?"

Ye Chen has a light in his eyes, which is extremely firm. The ghost girl of the moon is desperate and dead, but it makes Ye Chen feel sad. For the ghost girl who has repeatedly saved his life, ye Chen hopes to do something for the other party, at least to wake up the other party's heart, so as not to let her despair.

At the moment, looking at Ye Chen's firm appearance, the ghost girl of the moon was stunned for a moment, and then nodded.

"What you said is also reasonable. Then you can rest assured and move forward. Qing'er and I will guard you and prevent you from being hurt."

Later, under the support of the moon spirit Witch and the soul searching saint, ye Chen continued to go deep into the Xuantian sword tomb. However, the deeper the depth was, the more terrible the pressure would be. Finally, he could not bear the spirit seeking saint.

Fortunately, at this moment, ye Chen and his party finally came to the entrance of the sword tomb. Looking at the black paint as if it were a cave, it was sealed by the endless fury God pattern. Ye Chen's eyes were cold. All this was done by xuanjiyue.

And at this time, ye Chen also suddenly found clues, the strange pressure of this place, it seems that because of his step into the change.

Because, on the sky, there is a statue of ancient virtual shadow emerged, all of them are furious and incomparable to kill Ye Chen.

The breath of the ancient empty shadow is deep like the sea, stronger than the soul searching saint. Moreover, the killing intention is fierce, and it is endless. One by one, they all rush out and all rush to Ye Chen! Seeing this scene, ye chenmu was not only shocked, but also the soul searching saint and the moon soul witch. Even they had never seen such a terrible scene.

At this time, the soul searching Saint rushed out without hesitation, and at the same time, he cried angrily to Ye Chen: "take the master away quickly, I'll help you block it!"

No one doubts the authenticity of this ancient shadow. Their breath is too terrible and their killing intention is too violent. No one can survive.

It's very easy to go to the ghost of the dead, and it's very easy to go to the upper and lower parts of the body to find the ghost of the female.

But at this time, without waiting for the soul searching saint to make a response, ye Chen's pocket was suddenly moved. Ye Chen looked stunned. The black stone was the carrier of the reincarnation cemetery.

From China to foreign countries, little vibration!

Is

Then, the black stone in the pocket suddenly flew out, without any supernatural performance, and no power was released. It was that the black stone flew to those ancient virtual shadows.

It is just such a plain move, but it seems to have a great divine power, as if the Supreme Master of the general, the appearance of black stone even let those ancient virtual shadow face change, the next moment one after another, all disappeared.

All calm down, ye Chen and the soul of the saint, as well as the ghost of the moon are a face of the afterlife.

Looking at Ye Chen, especially the black stone that has fallen back to Ye Chen's hands, makes her feel up and down, and can't figure out what identity Ye Chen is.

A piece of black stone, which seems to be extremely ordinary and extremely common, can actually force back the invincible ancient shadow. Ye Chen's identity is too elusive.

Chapter 4130

Looking for the soul of the saint is still surprised what kind of identity Ye Chen is hiding, ye Chen is looking at the black stone eyes flashing.

"What does this mean?"

.....

At the same time, in the upper world, on a magnificent mountain, xuanjiyue, who is practicing with her eyes closed, suddenly opens her eyes. This is her noumenon. At this moment, her eyes are full of horror.

Xuanjiyue noticed the fluctuation of the breath of samsara. She was shocked and surprised at the same time. What shocked her was that the breath came from Xuantian sword tomb.

Xuantian sword tomb was sealed by xuanjiyue. She knew what the meaning of the tomb was, and the breath of reincarnation appeared in Xuantian sword tomb, which made her uneasy.

"I will go in person!"

There is endless killing intention in xuanjiyue's eyes. She plans to come to Xuantian sword tomb and spy on everything!

.....

At the Xuantian sword tomb, ye Chen is about to put away the black stone. Before he has time to ask questions in his heart, they all realize that there is a wave in the void behind Ye Chen.

Endless pressure swept over, as if to control the sky, the world's Supreme Master.

At this moment, the face of the ghost girl and the soul searching Saint changed greatly. They had already realized that this was the breath of Xuanji moon, and they were too familiar with it.

Ye Chen also found the crisis at the moment. The breath of xuanjiyue came here, and there was a wave in the void. Obviously, it was because they came to the Xuantian sword tomb that the news just happened shocked xuanjiyue and touched the rules of xuanjiyue.

If the moon of Xuanji falls, neither ye Chen nor the demon girl of the moon soul will survive. They have not shaken xuanjiyue's power, and they can't even escape. After all, they are in the valley of Xuantian sword tomb and have no way to go back!

At this critical moment, the black stone in Ye Chen's hand flew out and directly hit the seal with the divine pattern at the entrance of Xuantian sword tomb. At this moment, the seal was broken.

Ye Chen looks at the hole and is shocked. He knows that he can step into it and enter Xuantian sword tomb.

However, the Xuantian sword tomb will fall down even if it enters the original place, and ye Chen is almost doomed to die when he enters.

The wave from the void is more and more terrible, the breath of Xuanji moon is getting closer, and the eyes of the soul searching Saint bloom with endless cold light.

At this moment of life and death, the soul searching Saint suddenly blows out her hand, and the raging moon China pours out endlessly, crashing into the broken void passage one after another.

The soul searching Saint must exert all her strength to delay the arrival of Xuanji's moon. At the same time, the ghost girl of the moon is also determined to stand by her side and fight with her.

"Ye Chen, I asked you to come. Even if I dissipate my mind, I will block it for you!"

Seeing this scene, ye Chen's eyes are moist. The ghost girl of the moon and the soul searching Saint daughter want to use their own life to delay time for themselves.

Especially for the soul searching saint, the moon soul witch is just a shadow, but the soul searching saint is the real body. When Xuanji moon comes, she will surely die.

At this moment, ye Chen doesn't want to leave. He wants to advance and retreat with them, and rushes forward. Sha sword and falling dust and dragon sword are in hand. Three rounds of blood moon appear above the sky. Ye Chen also uses all his strength to fight against xuanjiyue.

But at this moment, looking for the soul of the saint and the ghost of the moon is suddenly looking back at Ye Chen, eyes with endless determination and war.

"Ye Chen, if you enter Xuantian sword tomb, you may still have a chance to live." Looking at ye shengran, the spirit of Ye was suddenly found.

"Ye Chen, go in!" The language of the ghost girl of the moon is more concise, with an unquestionable flavor.

At the same time, the moon spirit Witch and the soul searching Saint daughter are also fighting at the same time. The vast moon covers Ye Chen and directly bumps him into the seal opening of the black stone.

"No!"

Ye Chen can't resist the power of the moon soul Witch and the soul searching saint, and he has no choice. He roars and roars. Looking at the shrinking back of the moon soul and soul searching saint, he suddenly bumps into the entrance of Xuantian sword tomb.

Ye Chen is sent to the entrance of Xuantian sword tomb by the moon soul demon and the soul searching saint. He doesn't know his life or death.

.....

On the other side, at the crack of the trembling void, the moon spirit Witch and the moon spirit girl jointly launch a crazy bombardment on it. Only at this moment, the Moon Flower appears a little dim, and the spirit of the moon soul witch has consumed too much.

"Hum!"

At this moment, a white and flawless hand, as if the most exquisite works of art in heaven, slowly emerged from the void cracks.

"You are so brave that you have the courage to attack me!"

The voice is cold, but it contains endless majesty and anger. The next moment, this slender jade hand suddenly bends its fingers and flicks.

"Hiss!"

The fierce aura swept out, with a strong sense of fatalism, like destroying the withered and decaying, breaking the magnificent and rich moon in an instant, as if blowing open a piece of smoke.

"Poof!" The soul searching saint can't help but spit out a mouthful of blood at the moment, but the moon soul witch's body shape is more and more illusory. Looking at the void crack in her arm, a touch of sadness flashed in her eyes.

"Qing'er..."

The ghost girl of the moon looks at the soul searching saint. Her eyes flash with firmness, and then she rushes to the broken void without hesitation.

"The moon soul breaks the sky and explodes!"

The ghost girl roared in her mouth. At the moment when she was close to the void crack, her body suddenly inflated, and the mighty moon spirit breath vibrated endlessly and was full of violent breath.

Aware of what the moon soul Witch wants to do, Xuanji moon, who is about to step out of the void crack, can't help but look angry. Her arm that pokes out the void crack suddenly swings to the moon soul witch. The purple air all over the sky seems to wipe out the heaven and the earth, turning into a blank.

Under the terrible attack of obliterating everything, the ghost girl of the moon saw it with a smile of disdain: "xuanqunt, you are a step late!"

At the next moment, the phantom body of the moon ghost girl exploded, and the endless heat wave of explosion swept through. The ghost girl sacrificed herself, forming a terrible explosion, which broke up the heaven and earth, and the stars of heaven were crumbling.

The void crack was immediately shrouded in an apocalyptic scene. The soul searching virgin's eyes were sad and her tears fell. She was staring at the ruined picture like destroying the sky and the earth. I wonder if the void crack in the rear still exists.

And at this time, a cold voice, as if across endless years, came from the darkest place at the beginning of the opening of heaven and earth.

"Well, stupid people, if you dare to offend me, you will all die!"

With a gentle wave of an arm as white as jade, the heat wave generated by the explosion, the broken space debris, and even the endless moon spirit and evil spirit full of heaven and earth are swept away at this moment.

A beautiful figure appears, her face is indifferent, and there is endless majesty between her actions. It is xuanjiyue.
