Chapter 4161

"What explanation?"

Green haze a pair does not understand the appearance, surprised looking at Green Wanjie: "I don't know what you are talking about."

"Well, you are my daughter, and I know you best!"

Qing Wanjie was furious, but he didn't expect that Qinglan had been found by himself and still pretended to be stupid here.

"If you let go the dust night, you have to help him erase the trace. Why on earth is it?"

Qing Wanjie glared at Qinglan and yelled out: "you should know that you are my daughter and the person in the hall of the dead. Why do you want to help a haunted night?"

Hearing that qingwanjie has found out what she has done, Qinglan no longer pretends to look at qingwanjie, and her eyes are extremely firm.

"Father, you should also see that this night's identity is not simple, and his talent is superior. We only restricted him when we stopped him from getting blood."

"I believe that the future of dust night is limitless, and I let him go. Today's cause and effect may be the hope of the future."

A tear appeared in the eyes of Qinglan: "father, I know what you are carrying behind you, and what kind of pressure it is. I hope to find someone who can help you share it."

"Dusty night is not like ungrateful people. Today's affairs will be rewarded in the future. Maybe we can find someone to fight side by side for you."

Hearing this, Qing Wanjie was stunned. He didn't expect that what Qinglan thought was so far away, and he was thinking about himself, so he deliberately let go the dust night.

Looking at the green haze, Qing Wanjie's eyes are complicated, and he shakes his head, "silly boy, what you think is too simple, people's hearts are complicated, who knows who this dusty night is."

Although said like this, but the Qing Wanjie has forgiven the green LAN, after all, the green LAN is for oneself to make such a move.

As for the release of the dust night, xuanjiyue there will be how to react, but qingwanjie does not care.

In the case of the Qing Wanjie has not been exposed, how about xuanjiyue's daring to take qingwanjie with the help of the people above.

While thinking about the Qing Wanjie, we can see that the God of the sky is so powerful that it turns into a whirlpool. The roaring wind sweeps the four sides and destroys mountains.

In the whirlpool, a figure exudes a chilling chill, step by step from the sky above.

"Qing Wanjie! The beginning of the blood vessel

It was Xuan Jiyue who came here to blame the beginning of blood, because she had already realized that the atmosphere of the beginning of blood vessels had disappeared in the hall. She must have been taken away.

"It was my humble eyes that I was taken away by a gangster."

On the night of the moon, she shakes her head and tells her the story.

Hearing this, Xuanji Yue was furious. She suppressed the beginning of her blood in the hall of the dead. She paid such a high price that she paid her wife and broke her army. All the attempts failed, which made her extremely angry.

"This is your death Hall's mistake, is your Qing Wanjie's mistake!"

Xuanjiyue looked at qingwanjie coldly: "today you must give me an account!"

"Account?"

Qing Wanjie looked at xuanjiyue and shook his head: "it's useless what you gave me. It's not my fault that you infuse the aura into it on this dusty night, but it's not my fault."

"It's not only your loss, but also mine. You shouldn't ask me to account for it, but to find the dust night to account for it."

Hearing this, Xuanji moon looks even colder, and then the emperor's power covers the whole hall of the dead. This terrible pressure makes many killers face drastic changes, and they can't help falling to the ground.

"What do you want to do?"

Qingwanjie is aware of this scene, but also a cold face, looking at xuanjiyue suddenly drink asked.

"Let all the people in the hall of the dead who have come into contact with that dusty night come to me!"

Xuanji yuelang roared angrily.

Hearing this, Qing Wanjie's eyes flashed and glanced at the green haze, but he waved his hand, indicating that the killers in the hall of death obey xuanjiyue's orders.

After all, xuanjiyue's request is not too much. The beginning of the blood will be stolen by the night of dust. Anyone who has contact with the night is suspicious.

First of all, xuanjiyue inquired the living killers in the hall of the dead spirit. They were guarding the beginning of blood together with Ye Chen.

It's just that these Tian class killers have not even said anything to Ye Chen. They are just fighting side by side in the face of Ji Siqing, and they don't notice any clue.

However, according to the description of Ji Siqing by several Tian level killers, Xuan Jiyue is vaguely guessing Ji Siqing's identity, and increasingly confirms the suspicious dust night.

Xuanjiyue interrogates every killer once and comes to Qinglan at the moment.

Ye Chen was introduced to Qing Wanjie by Qinglan himself. Ye Chen also saved Qinglan's life. The contact between the two was the most frequent in the hall of the dead. Therefore, Xuan Jiyue asked Qinglan very carefully.

At the moment, in the face of xuanjiyue, Qinglan is also a little uneasy, but the surface still has to show incomparable calm, can not show clues. Xuanjiyue asked a lot of questions, and Qinglan answered them like a stream without any problems.

Just when Qinglan thought he was almost confused, xuanjiyue suddenly asked, "what are you doing when you leave the dust night? Don't you see him?"

Hearing the speech, Qinglan looks stunned. Looking at xuanjiyue's oppressive eyes, she feels that her mind has been dragged into the endless whirlpool, and her consciousness is somewhat vague.

"I, I..."

"Cough!"

Qing Wanjie suddenly coughed.

Suddenly haze green dust in the eyes of the dark cloud, and then I saw the dark green dust in his eyes, did not leave the room

Hearing this, xuanjiyue takes a deep look at qingwanjie. She is vaguely aware of some things. However, there are people in the heaven and human realm behind the qingwanjie. She is not good at tearing her face.

"Hum, let's go immediately and block the dust night in the whole upper Kingdom and outside the territory. If you see it, you will be killed!"

As soon as this was said, the hall of the dead was shocked. One by one, they looked at xuanjiyue in shock. Unexpectedly, xuanjiyue was blocked directly. This method is too terrible.

It's a pity that all the people present don't know that the dust night is just a pseudonym of Ye Chen, and even the appearance is disguised.

It is impossible to kill the night of dust, because the night of dust has evaporated from the world and turned into Ye Chen.

.....

Walking on the edge of a vast river, ye Chen looks deep into the direction of the hall of the dead. At this moment, he has been away from the hall of the dead, completely out of danger.

"Hoo..."

Ye Chen spits out a foul breath. Thanks to Qinglan's letting him go, otherwise, as long as Qinglan delays for a moment, he will not be able to escape from the hands of qingwanjie.

After touching the beginning of blood, ye Chen's eyes flash a touch of excitement. With the beginning of blood, Xiaohuang can completely wake up and become a double pupil nightmare, and her strength will rise greatly.

At present, Xiao Huang is guarding the kingdom of God, so ye Chen also wants to go to the kingdom of God. After all, he has not gone back for some time, so he should see his old friends.

But before this, ye Chen has to do two things!

First, go and see your old friend before you leave! Make sure there's nothing wrong with these people!
Second, refining belongs to their own nature!!!

Chapter 4162

Dark region, Jingzhou.

In the dark depths of the earth, there is a huge void.

In this void, there are countless strange buildings, just like an underground kingdom.

At the moment, a man in a black cloak is walking on the edge of the Kingdom towards a tower built in hiding.

After a while, he came to the tower and pushed the door into it. Inside, there were several men with dark skin and sharp ears.

A few of them stood up at the moment when the black robed man pushed the door in. They were all in the late stage of heaven and earth, or even the peak, or even the origin!

However, the bald young man with violet eyes in the middle said with a funny smile: "unexpectedly, the famous family members in Jingzhou will also come to this dark area."

The man in the black robe slowly took off his hood and showed a cold face. It was Gu Han!

Gu Han coldly glanced at the strange looking men around him. Facing this group of such existence, he was not afraid at all. He glared at the bald man sitting in the middle and said, "are you Jia Lei?"

It's a good way to assassinate the leader of the regiment, and it's a good way to do it

Gu Han's eyes are full of cold flame. Ye Chen makes him lose face in the assessment of the agent. He will recover this account at any cost!

Originally, Gu Han wanted to use the power of the Gu family, but because of Gu Xuan's relationship, Gu Jun, the strongest among the younger generation of Gu's family, was actually protecting Ye Chen!

Although Gu Han has gained some respect in the Gu family, his status is far from comparable to that of Gu Jun

Want to use the strength of home to deal with Ye Chen, it is impossible.

How can Gu Han swallow this breath?

He wanted Ye Chen to be solved by the dead spirit hall in Ming Dynasty. After all, ye Chen came from Ming Dynasty, and there was a lot of Qing Wanjie in the hall of death spirit. His killers were so powerful that he couldn't get in touch with the killers in the hall because he couldn't get in and out of the Ming Dynasty!

He used all his contacts and finally found out that there was a powerful organization famous for assassination in the dark area under the dark area!

It's called the Mosuo assassin group!

Gu Han gazed at Jia Lei and said, "I heard that the Mosuo Assassin's regiment also took on the task in Ming Dynasty. Is it true?"

"Yes, of course, the price is much higher than the average task," Jia Lei said with a smile

Gu Han snorted and waved, and a storage bag fell in front of Jia Lei.

Jia Lei turns to the storage bag. His mind sweeps, and there is a trace of color in his eyes. He quietly closes up the bag and says with a smile, "it's really generous of you to do it. Do you have the information of the target in your hand?"

Gu Han's eyes flashed a touch of flesh pain. All his savings and the martial arts training resources he had spent with his family owner for one year were enough to save the money. However, as long as you can kill Ye Chen and let out this evil spirit, it is worth it!

As long as he is the chief agent in business, he will not be the chief agent!

In the long run, this business is big money!

Gu Han throws a jade slip to Jia Lei with a wave of his hand.

After sweeping the jade slips, Jia Lei's face showed a different color and said: "the cultivation of the holy ancestral realm has at least the strength of the early stage of heaven and earth? Mr. Gu, are you kidding

Gu Han snorted coldly: "have you ever seen anyone make fun of so much money?"

Jia Lei smiles, but his eyes sink. According to his experience, this kind of extremely abnormal target that can jump over the level to fight is often the most difficult to deal with.

After a moment, Jia Lei raised his eyes, gazed at Gu Han and said, "Mr. Gu, the money you give is enough to hire a killer in the early days of heaven and earth. It's just..."

Gu Han looked very satisfied when he heard the speech. In the early days of heaven and earth, he was also a warrior in the Mosuo assassin group who was proficient in the means of assassination. Even if ye Chen was against the sky, he would be doomed to die, right?

"It's just what?" he said with a smile

"It's just that I suggest you continue to increase the money," jarey said seriously

"More money!"

Gu Han smelled the speech, his face changed, and his eyes flashed with anger: "do you know how much money you have received?"! How dare you ask me to add money? What I asked you to kill is just a boy whose strength is comparable to that of the early days of heaven and earth. Do you think you are the strong man in the later period of heaven and earth? "

Although he heard that these dark spirit people in the dark area are very dark and will kill you if they have a chance, Gu Han doesn't want to be slaughtered as a pig, and he thinks that the price he has given is enough!

Don't worry about Jia kunzi's anger at the beginning, but he's not surprised to see that he's a little angry at the beginning? Can you guarantee that his strength is still in the early stage of heaven and earth? "Gu Han was stunned when he heard the speech, and then his face became gloomy

Originally, he was awakened by blood and supported by his family. He thought that the speed of improving his strength was already shocking. However, at the beginning, he could not compare with Ye Chen in the assessment of his agent!

Well, after this period of time, ye Chen may have another promotion

However, it is not beyond the six layers of heaven and earth, right?

Jia Lei said with a smile: "Mr. Gu, you can imagine what the consequences will be if you can't kill this ye Chen?"

Gu Han's body suddenly trembled, and a great fear surged into his heart. How cruel Ye Chen is, he has deep experience! If ye Chen retaliates

He flashed at Jia Lei in his eyes and said, "what do you mean? Threatening me? "

Jia Lei laughed and waved his hand: "Mr. Gu misunderstood me. We still have this reputation. Even if the mission fails, we will never disclose the employer's information However, Mr. Gu should be more aware of Ye Chen's ability, right?

Even if we don't say that, if he is determined to pursue, Mr. Gu is confident that he will not be found on his own head? "

Gu Han's look is more and more ugly. He really can't guarantee that ye Chen can't find out that it's he who asked someone to deal with him

Looking at Gu Han's look, Jia Lei's eyes flashed a smile of success. He said with a smile: "if Mr. Gu wants to hire a killer in the early days of heaven and earth, naturally, there is no problem. Just, I have to remind Mr. Gu that at present, ye Chen is not on guard. It is the best time to attack him.

If this assassination fails, and this young master Ye is bent on hiding or seeking Gu Xuan's protection, it will be difficult for me to attack the Mosuo assassination regiment

And after that, in case, I mean in case If ye Chen finds out what Mr. Gu has done, you can imagine how much trouble it will cause you? "

Chapter 4163

Gu Han bites his teeth, and it is true. If ye Chen hides beside Gu Xuan and the Mosuo assassin group dares to attack, it is against Gu's family!

Although Gu Xuan has left Gu's family, one Gu Jun is enough for the Mosuo assassin group to drink

He was very angry and cried out: "there's no need to say more nonsense. What do you want to say?"

On Jia Lei's face, he grinned with a bright smile and a white tooth, and said, "it's very simple to hire a killer of the eight layers of heaven and earth, or the peak of heaven and earth."

"The killer of the late days of heaven and earth!"

Gu Han was surprised at the speech, but soon, his eyes flashed wildly, and he said in secret: "it's really the safest way to let a killer of the late period of heaven and earth fight. No matter how abnormal that guy is, he can't have the strength above the later stage of heaven and earth..."

Gu Han knew that the later existence of heaven and earth had the Qi of heaven and earth, and the existence before it was almost impossible to have. With the Qi of heaven and earth, the strength of a warrior would change qualitatively!

Ye Chenqiang, strong in leapfrogging to fight, his own cultivation can be said to be very low, but there is a limit to leapfrogging!

As long as you don't get the Qi of heaven and earth, then ye Chen can't defeat this existence!

His mouth, a faint outline of a smile, as if he had foreseen the death of Ye Chen!

Najia Lei took advantage of the heat to hit the railway: "Mr. Gu, this is the first time you do business with us, and I also want to have a family relationship. So, I decided to give you a discount. Originally, to hire a killer at the end of heaven and earth or even the peak to carry out a mission in the Ming Dynasty, it would cost you at least ten times the amount of your reward. But now, as long as Mr. Gu can provide three times more money, I will We will send a very powerful killer to solve this problem for you once and for all

Gu Han hears the speech, in the double eyes, the God awn explodes to flash!

He's excited!

However, he still looked at Jia Lei suspiciously and said, "are you sure you will send a killer of this level?"

These dark spirits are extremely cunning. Don't cheat yourself into spending money, and then send a Shinto to to carry out the mission

Jia Lei said with a smile: "well, please rest assured, you can leave a seed of divinity, which I will give to the killer. If the killer fights with the target, you will feel something. What do you think?"

Gu Han hesitated for a moment. In his eyes, he saw a certain color and said, "OK! You wait, and soon I'll send you the money

After that, he flashed a light in the center of his eyebrows, condensed a seed of divinity, and handed it to Jia Lei.

Gu Han's eyes were full of opportunities. As soon as he turned around, he left the tower. Even if he borrowed it, he wanted to put the money together!

Ye Chen, you must die!

He walked in the dark of the dark area, hissing: "Ye Chen, I will let you understand what kind of end it will be if you offend me!"

.....

After Gu Han left, a gray haired dark spirit clan said with a smile to Jia Lei: "the commander is really brilliant. After that, we sent the killer in the middle of heaven and earth. As for the God seed, there are countless ways to cheat, and they earn three times the reward in vain! This is a good deal

Several people around him also echoed.

Jia Lei said faintly: "fake? I didn't plan to. "

The gray haired man was surprised and said, "but In the later period of normal employment and even at the peak, the price is six times that of the boy... "

He knew that jaray would never make a loss making business!

With a flash in his eyes, Jia Lei said: "a guy who can possess the strength of heaven and earth in the holy ancestral land is curious. How many treasures do he have in his hand

What's more, I really want to get the contacts of Gu's family. It's good for us to conclude this business with Gu Han. OK, you can go on and inform Cui lien to meet me in the group. "

The gray haired man was surprised and said, "trin!"

Although, they and Cui lien all exist in the eight layers of heaven and earth, but Cui's strength is far above them!

It's only one step away from heaven and earth!!

Especially the assassination technique!

Trellien has a fantastic talent for assassination!

It can be said that trellien is the top five killers in the Mosuo assassination regiment!

Even, there have been several peaks, died in the hands of Cui lien!

Jia Lei is going to use Cui lien!

You know, the cost of Cuilian's sale is not low!

However, the gray haired man has no objection. The dark spirit clan is always extremely cunning and insidious. However, Jia Lei's cunning and insidious are outstanding among the dark spirit clan!

It is for this reason that these powerful dark spirits are willing to follow him!

What they rely on most is not the strength of Jia Lei, but the wisdom of Jia Lei!

Since Jia Lei is such a judge, then naturally there is his reason! Soon, a thin, sharp eyed young man with a dagger hanging from his waist came to the tower. The young man's skin color was much whiter than that of the ordinary dark spirit people. It seemed that he was a mixture of the human race and the dark spirit clan.

The dark spirit people usually discriminate against such mixed race children. However, when they saw the young man in the tower, no one dared to show any scorn or ridicule.

They are very clear, those who discriminated against him, what is the end!

Cui lien saluted Jia Lei Shi, but his tone was not so respectful: "what can I do for you?"

"There is a task for you to do," Jia Lei said with a careless smile

Cui lien was holding his arms in both hands, and said in a somewhat boring way: "this period of time, I'm understanding a magic power, and I don't intend to make a move."

After that, he turned around and left.

Jia Lei said with a faint smile: "this man is in the Ming region. I can open the channel to the Ming region for you."

Hearing the speech, Cui Li en stepped forward and flashed a sharp light in his eyes.

The dark spirit clan is a very ancient race. It seems that before human beings entered the dark region, they had already existed here. Therefore, they were not restricted by Tianyu Pavilion.

However, in order to prevent people of the dark spirit clan from causing trouble in the Ming region under the name of the dark region, the dark area has restricted the access of the dark soul people. The dark spirit family must go through a special channel to enter the bright region, which costs a lot each time.

Moreover, not everyone has the qualification to use this channel!

With a blazing light in his eyes and staring at Jia Lei, he said, "OK, I'll take this task. However, after I finish the task, I'll stay in the Ming Dynasty for three years."

Jia Lei said with a smile: "no problem. Actually, I have something I want you to go to Mingyu to handle for me."

.....

At the moment, ye Chen naturally does not know all this. He has just left the most powerful killer organization in the moon soul domain, but is being watched by the killer in the dark domain? This is really ironic!

At present, for ye Chen, the most important thing is refining and chemical belongs to their own self-reliance!

That can one day become the strongest self-reliance in history!

Chapter 4164

.....

A figure is walking fast in the moon soul domain. Soon, a city appears in front of you. It is Xuantian city!

Ye Chen appeared on the face of a smile, a kind of home feeling.

After entering Xuantian City, ye Chen directly came to Xingyue refining peak. As soon as he sensed the breath of Ye Chen, Xu Shenglong and Lan Ying met him.

Several people are with a look of worry, ye Chen suddenly left that day, there is no news for a long time, even if they believe in Ye Chen's strength, they are still a little nervous.

Ye Chen smiles apologetically. It's not that he doesn't want to contact, but it's difficult to contact the outside world through ordinary jade symbols.

Under the public's inquiry, he said some of his own experiences in the sinking moon sea. After he learned that ye Chen's strength was greatly improved, several people naturally felt a burst of joy!

Ye Chen didn't leave Xuantian city immediately. This time, his strength soared, and he didn't consolidate it. Moreover, he should accompany Jin Shuhui.

A day later, ye Chen said good-bye to everyone, and then he flashed away from Xingyue refining peak.

A escape light from the Xuantian City, toward a certain direction to leave, his eyes flashing, eyes are excited!

Now he can finally have his own freedom!

And this time, he greatly improved his understanding of the destruction Shinto in the Sunmoon sea, Xuantian sword tomb and the hall of the dead!

Although, there is still some way to be perfect, but the level of burning sky can never be very low!

Even, it is possible for him to have a high quality of his own!

In this way, his strength will have a great leap!

However, ye Chen didn't find out that in Xuantian City, a man with a short stature and dark skin and a sly look in his eyes glanced at him. After flying from the star moon refining peak and leaving the dodging light of Xuantian City, a faint smile appeared in the corner of his mouth, and he took out a message jade symbol to inform what.

Ye Chen is galloping in the air rapidly, but can't help but frown slightly. I don't know why, there is always an uncomfortable feeling, lingering in the heart, lingering.

It's like, there is an invisible thorn in his back.

It takes only a few hours for ye Chen to go to the place where the moon god's secret place is. In a flash, he comes to the mountains far away from Xuantian city.

If there is no shadow behind him, the shadow of the dark leaf is not detected!

In the dark shadow, there is a young man with dark skin, different appearance from ordinary human beings, and his eyes are extremely fierce.

This person is Cui lien!

Cui lien stares at Ye Chen not far away and frowns slightly. He suddenly takes out a jade talisman and sinks his mind into it. Soon, there is a cynical voice in the jade Fu and says, "what's the matter?"

"Jarey, there's something wrong with your intelligence," Cui said

"Oh?"

Jarey seemed not surprised and casually asked, "what's the matter?"

Cui Lien said: "first of all, he has a strange smell..."

Jia Lei said with a smile: "what's the matter? This person's strength is far beyond the realm. Naturally, it's impossible to improve the speed of cultivation with ordinary people."

Cui lien's eyes flashed and said: "second, I don't know why, I feel a very strong atmosphere of heaven and earth in the human body. Even, it is not under the strong people in the later stage of the general heaven and earth! If it wasn't for the fact that he didn't cover up his accomplishments, I would even think that he existed in the later period of heaven and earth. "

Jia Lei heard the speech and seemed to be surprised. He was silent for a moment and said, "why, you don't have confidence?"

Cui Lien said with a cold smile: "Jia Lei, you don't have to use your set on me. People, I will kill. Then, I will send his body and storage bag back to you as agreed. However, my reward will be doubled..."

He gazed at Ye Chen's back, but there was a faint dignified color in his eyes. He said: "the feeling this boy gives me is quite dangerous."

Jia Lei, who had always been shrewd and cunning, this time returned decisively: "deal

Cui lien put away the jade rune, and the whole body of Daoyun was faintly condensed. He pulled out the bloody dagger on his side. The dagger was shining with strange blood light.

This dagger is an imperial weapon!

What's more, it's still a piece of nine grade emperor's ware!

The surging Daoyun infuses into the dagger, and the blood light becomes more and more powerful, and gradually turns into a bloody Dao seal, which is engraved on the blade!

The next moment, Cui lien suddenly to Ye Chen, a knife out!

The extremely fast sword light, with the speed of lightning, cuts towards Ye Chen quickly!

The power of this Dao light is extremely introverted. In terms of the attack power of the eight layers of heaven and earth, this sword is not very strong, but!

But it is completely transparent, quietly from the sky, people have no sense!

If you can't find the light, how can you avoid it?Cui lien raised a sneer at the corner of his mouth. This knife is a must hit one!

And even if the heaven and earth realm exists in the later period, if he is suddenly cut by his own knife, he will be immediately dragged into his fighting rhythm!

Although the indifferent young man in front of him felt strange and dangerous, he was not really in the later stage of heaven and earth. Cui lien was confident that as long as the other side was hit by his own knife, he was doomed to die!

.....

At the same time, dark regions.

In a wing room of Gu's house, Gu Han sits on the bed, and the light in the center of his eyebrows looms.

He is observing the battle between Cui lien and ye Chen through the seeds of divinity!

When Cui lien cut out the most strange knife, Gu Han could not help but show a very excited look!

He can clearly feel the power of that knife!

Although Cui lien's knife goes a strange way, its attack power is still at the later stage of heaven and earth!

Such a knife, even if ye Chen's vitality is strong, it is likely to be killed by a knife second?

A happy smile rose from the corner of his mouth.

Ye Chen is dying at last!

He can't wait to see the scene of Ye Chen being cut into two pieces!

Jia Lei in the dark area is actually holding a glass of wine to appreciate the battle between Cui lien and ye Chen. His eyes flash, but he doesn't want Ye Chen to die so easily.

This time, he did a loss making business

On the contrary, Cui Li en has a lot of money.

However, if his judgment is right, ye Chen's storage bag should be hidden with unimaginable secrets!

If you die so easily, it means that ye Chen is just like this!

This deal is likely to be a loss!

At the moment when the transparent knife is about to cut Ye Chen, ye Chen's pupil shrinks wildly, and the destruction of Daoyun comes from his feet. He smashes the void, and his body moves tens of steps to the side!

Chapter 4165

The knife light from ye Chen's location, will not be far away from a very high mountain, from the mountainside in two, the mountain collapsed!

For a moment, three people look different!

Trellien was shocked and angry.

His extremely satisfied knife was evaded by this boy?

However, more is shock!

He knew that his hidden blade had not been discovered by the gods. The reason why Ye Chen could avoid it was completely his fighting instinct!

This is a little bit too abnormal!

The enemies with strong fighting instinct are also the most difficult ones for the killers.

Ye Chen's fighting instinct is going beyond the limits of human beings!

Jaray was happy.

His eyes, as expected, are not wrong!

As for Gu Han

At the moment, it is all over the body cold sweat straight, face incomparably pale up!

Ye Chen, unexpectedly escaped the attack of the later existence of heaven and earth!

What's more, it's still such a hidden blow!

He knew that ye Chen was strong again, but not a little bit stronger!

Ye Chen's strength has a leap of promotion!

How could that be possible?

How long did ye Chen leave the dark region?

How can it be so strong in such a short time?

Gu Han is going crazy!

Then there is fear!

In case, the killer in the later period of heaven and earth hasn't solved Ye Chen

He didn't even dare to think about it!

Ye Chen said in a deep voice: "sure enough, someone is following me. Moreover, judging from the knife just now, this man has the strength of eight layers of heaven and earth."

Ye Chen's strength is soaring now. He is confident to face the existence of the seven layers of heaven and earth. However, there is still a big gap between Ye Chen and the eight or nine layers of heaven and earth!

The next moment, the evil sword fell into Ye Chen's hands, he frowned, suddenly turned around, toward the back, swept out a sword!

The destruction of Dao Yun condensed, powerful power, the sharp sword light, turned into a star river of death, toward Cui Li en, like a storm wave, surging!

He didn't know the specific position of Cui Li en, but he judged the location of Cui Li en by the angle of the hidden edge of the borrower!

In Cui lien's eyes, there was a flash of surprise. In the light of the sword, there was a seal!

What's more, it's one of the original three ways of destruction!

Even Cui Li en, who has always been proud, can't help sighing that ye Chen is really a little too evil!

Beyond the fighting instinct of human beings!

Gu Han in the dark region felt the fatal breath in the light of Ye Chen's sword, but his body suddenly collapsed!

His eyes were shaking wildly. The sword was so terrible!

Gu Han even thinks that the assassins in the later period of heaven and earth can't win Ye Chen!

However, Cui didn't care too much about ye Chen's sword. He danced the bloody dagger in his hand. With a huge amount of murderous spirit, the extremely powerful Daoyun burst out and turned into countless fierce blood light, just like a bloody arrow rain. In an instant, he penetrated the wave of sword light coming towards him!

The destruction sword, in the bloody arrow rain, sustained for a moment, and finally disappeared!

Cui lien's attack is much stronger than that of the hidden blade!

It seems that his real attack power is not weak!

Among the eight layers of heaven and earth, it belongs to the top existence!

Seeing this, Gu Han's expression just eased a point, at the same time secretly congratulated, hired Cui lien, is really a correct choice!

Just as Cui lien is ready to continue to attack, the three are surprised at the same time!

Ye Chen's figure suddenly disappeared!

Cui lien's face became more and more ugly. He could not find Ye Chen!

Obviously, ye Chen, like him, has also practiced a very powerful method of concealment!

Gu Han's eyes are congested and nervous to the extreme!

He didn't want Ye Chen to run away like this!

Jarey frowned slightly.

At the moment, ye Chen is hiding his body shape, displaying the soul swallowing rhyme, and flying to the front at a high speed!

His eyes are extremely dignified. There is still a long way to go from the moon god's secret place. It is not an easy thing for him to face a man who is close to the peak of heaven and earth to reach the moon god's secret place!

Moreover, from the point of view of the hidden blade strike just now, and the martial arts skills that Cuilian used to resolve his own destruction of the sword, this man is by no means an ordinary strong man!

His moves are strange, full of ruthlessness and killing!

This person is likely to be a professional killer!

Did the hall of the dead find itself?

How could it be!

"Do you think you can escape this way?" trellien suddenly snorted. The next moment, he instantly revealed his body in the air, and now it's meaningless to continue to be invisible!

He suddenly waved the dagger in his hand. The blood flashed suddenly and cut his palm in an instant. The blood gushed out and was absorbed by the dagger. In an instant, a touch of strange blood was blooming on the dagger!

The powerful Taoist rhyme was poured out with the Qi of heaven and earth, and condensed into a Taoist seal on the dagger!

On this seal, an extremely terrifying force broke out, and the void within tens of thousands of miles was shaking up!

Cui lien whispered, his whole body spirit power rushed into the dagger crazily, and the green veins on his forehead leaped wildly!

At the next moment, a breath of silence will directly envelop the space within the ten thousand miles!

Ye Chen's face changed slightly in flight, and there was a very bad premonition!

At the same time, Lingyue Baoshang, the body of TIANYAO, the formula of burning blood, and the ancient method of Hongmeng are all fully inspired!

A bloody lightning burst out from the dagger, and trileen roared. The whole person was like a God who controlled a bloody thunder!

That terrible thunderstorm, the instant will be a million miles completely submerged!

Everything within ten thousand miles, from the mountains to the earth, even the air, began to turn into nothingness in this terrible power!

Although Ye Chen's escape speed is not slow, it can't cross the distance of thousands of miles in an instant!

That thunder light instantly hit Ye Chen!

There's a big bang!

Ye Chen's face suddenly changed, and the most terrifying force fell on his body, which actually made him have a kind of blood to evaporate for, and the whole person would be split up in general!

Although the scope covered by the bloody thunder is very wide, its power is not weak at all!

For a moment, ye Chen's body shape can't help being blown down from the air by Cui lien!

Thunder convergence, thousands of miles, no grass, void broken, the original tens of thousands of miles of mountains have disappeared, the mountains of all the destruction!

And the whole land has turned into a huge and indescribable pit!

You can see how terrible the blow was!

Chapter 4166

Cui lien's eyes flashed, only to see a dark figure, fell to the bottom of the cave, and Gu Han and Jia Lei also perceive this scene clearly!

Two people's eyes are flashing a touch of joy!

At the moment, trileen's consumption seemed to be huge, his chest heaved violently, but his mouth was filled with a sneer.

He is very clear about the power of this move of blood thunder. Despite its wide coverage, in fact, the thunder light will transmit most of its power to the target at the moment of hitting the real target!

Even if the later existence of heaven and earth was hit by this blow, he would be seriously injured, not to mention the boy?

His body shape a flash, then toward Ye Chen and go.

But at the moment when he was close to Ye Chen, a sudden change occurred!

The dark figure in the fall suddenly turned around in the air. The fierce evil spirit, evil spirit, and turbulent atmosphere of destruction broke out in the extreme. It turned into a sharp sword light, and it was slashed towards trisyn!

Trellien's eyes are jumping!

This boy has resisted his own blood thunder, but he still has enough strength to fight?

What's more, this sword is more powerful than the previous one!

Ye Chen, at the beginning, he has left his hand!

Cui lien's face became more and more ugly. For the existence of heaven and earth, it was a shame for him to shoot twice in a row!

Top killers are all about killing with one strike!

Naturally, it's the same with trellien!

But now, even out of two moves, but still failed to kill Ye Chen!

Even Cui Lian, who has always been calm, is a little creepy

What kind of monster is this boy!

In the face of Ye Chen's sword, which is just like destroying the abyss and emitting the breath of swallowing all things, Cui lien's face becomes more and more ugly. He has just finished his blood thunder killing, which consumes a lot of martial arts, and the operation of the spiritual power in his body can't keep up for a while!

He thought Ye Chen had been hit by his own blow, even if he didn't die, he had only one breath left?

What's more, ye Chen is now covered with soul swallowing road seal, which makes Cui lien unable to fully perceive Ye Chen's state.

Because of this, he will be close to Ye Chen!

But who would have thought that ye Chen's vitality was so strong?

The skin of Cui en is growing fast, and his skin is falling off!

It's recovered?

Cui lien drank and said: "the blood rain destroys the blade!"

He forced the spiritual power in his body, regardless of the burden on his body, and madly poured the power into the bloody dagger. Suddenly, his wrist trembled and he threw the dagger towards the sword light!

At the same time, with countless sharp blood rain, it collided with the dark sword that ye Chen cut out!

Cui lien forced the operation of spiritual power, suffered some internal injuries, and a touch of blood flowed out of his mouth. However, the destruction sword was also broken under the impact of bloody dagger and blood rain!

And ye Chen also took advantage of this moment's opportunity to hide again!

At the same time, his eyes flashed slightly and his mind turned wildly!

Cui Li en is willing to force his hand, but also to break his sword light?

Even if the general heaven and earth exist in the later period, if you use defense means, you should be able to take your own sword.

At most, it's just skin injury. It's much better than internal injury!

But why did trellien choose that?

His eyes suddenly brightened!

Cui lien's attack power is superior to the later existence of ordinary heaven and earth, and also has this kind of terrorist means with a large range of attacks!

But it could come at a price!

That's trellien's defenses are terrible!

I dare not even take the sword that I just did!

Ye Chen in the eyes of God flash, perhaps, this is their own chance to defeat Cui lien!

Cui lien's face was a little ugly. His body moved. He adjusted his breath and frantically released his mind, looking for ye Chen's position!

Ye Chen has just been injured, and his vitality is bound to have some fluctuations. Ye Chen is in full bloom, and Cui lien may not be able to find out. However, ye Chen in this state will eventually leave a trace!

Soon, Cui lien is a bright eyes, in a certain direction to chase and go!

Although he can not 100% lock the specific position of Ye Chen, but still sense the general direction!

Ye Chen, who is in flight, also finds this point, and his eyes cannot help sinking!

Soon, Cui lien's breath had calmed down, his face flashed with ferocious color, and roared: "die to me!"

The next moment, that terrible thunder light comes to the world again!

It's just like nine days Thunder God is angry and wants to send down thunder punishment to this world!

The same scene is staged again. The bloody thunder lights are surging wildly and vanishing everything. In the mountains and forests, countless howls are heard. In the thunder light, there is a figure that flickers and appears. Under the bombardment of blood thunder, it is crumbling! This time, Cui lien did not rush close, but adjusted his breath while preparing to launch the next attack!

Ye Chen is biting his teeth, and his face is suffering. At the moment, his body is full of blood, and his flesh and blood have been completely torn by the thunder light. The powerful vitality rushes into the wound to contain the further deepening of the injury!

He breathed out a mouthful of turbid gas and suffered two attacks from Cuilian in a row, which was not good

If it goes on like this, he may not be able to support it before he reaches the secret place of Luna!

Ye Chen can't help but think of the ancestor of Daoyin, but no matter how he calls, there is no movement in the reincarnation cemetery!

Obviously, with xuanjiyue, the ancestor of Daoyin consumes a lot!

Ye Chen could only ask xuanhanyu, "xuanxianzi, what should I do now? Is there any way to break the game? "

Xuanhanyu solemnly opened his mouth and said: "this man is very strong. He can fight beyond the level. He can't stay in the moon god's Secret realm only by escaping! If we want to enter the secret land of Luna successfully, we have to take risks

Ye Chen's eyes flashed: "adventure? What does that mean? "

Xuanhanyu said: "what you guessed just now is not wrong. This person's defense should be extremely weak, even your attack. As long as you can hit him, it may cause great damage to him!"

Once he is injured, it is not so easy to use the large-scale blood thunder attack! One is not good, even, it may be backfired!

That is to say, before your combat ability is seriously affected by the injury, you must fight with this person! Of course, we don't have to fight to the end, as long as we can hurt him

Ye Chen hears the speech, in the eye flash instantly a wipe of resolute color!

Originally, escape is not his character!

Since there is a chance to hurt each other, then, he will not escape!

Chapter 4167

As Cui lien shortens the distance between himself and ye Chen, he is secretly vigilant against Ye Chen's attack. When he and the two who watch the battle with the seeds of divinity think ye Chen will continue to escape.

Ye Chen is standing in place, not moving!

All of a sudden, let three people can't believe a scene, appeared!

Ye Chen, actually holding a long sword, turned around fiercely in his eyes and gazed at Cui lien!

Even Cui lien was a little silly when he faced the sudden turning Ye Chen

What does this kid want?

At the next moment, Cui lien, Gu Han and Jia Lei all smile

A sarcastic smile

They can see that ye Chen is going to fight!

I want to fight with Cui lien, the assassin who is close to nine layers of heaven!

It's not about death. What is it?

Among them, the happiest is Gu Han!

Sitting in the room, he even laughed wildly and said, "what a proud Ye Chen, what a proud son of heaven, you will die for me because of your pride!"

This kind of situation, is Gu Han most wants to see!

Ye Chen stares at Cui lien, his whole body is full of strong rhymes, and exudes amazing prestige. Just when all three people thought Ye Chen was going to make a move, his body suddenly disappeared in front of the three people again!

Three people see the situation one Leng, this boy, do what?

It turns out to be bluff?

However, Cui lien suddenly frowned, and his eyes flashed a sharp color. The next moment, his whole body shadow flashed and disappeared from his original place!

The whole into a desolate, broken landscape of the earth, empty, seems no one exists!

This time, it's Gu Han's turn to get confused with Jia Lei

What are these two guys doing?

Suddenly playing hide and seek?

Just at the moment when they thought so, a sword that could divide the whole world into two and send out the breath of annihilation suddenly appeared and cut down towards a certain position!

And the sword light cut down the position, is also burst out a surging blood light, instantly the sword light stirred to pieces!

In the air, there are two figures, ye Chen and Cui lien!

In the face of the blood light that tore up the sword and continued to strangle himself, ye Chen showed a crazy color on his face. He didn't retreat, but went forward instead. He waved the evil sword and flew towards the blood light at the same time!

If you want to hurt Cui lien, you must give full play to his attack power. Then, close combat is the best choice!

At the moment, the distance between the two has been much closer, ye Chen just hide body shape, is to shorten the distance between each other!

Originally, he may not be able to determine the location of the invisible Cui lien!

However, after entering the combat state, and after trellien was injured, the effectiveness of his concealment method also decreased a lot!

There was a big bang, and there was a rain of blood in the sky!

Ye Chen's chest is penetrated by the blood light, and endless blood gushes from it!

But!

Ye Chen but also against this blow came to Cui lien's body!

Cui lien's face sank. He seemed to be relying on his strong fighting intuition. He faintly felt the danger and wanted to distance himself from ye Chen. However, how could ye Chen make him happy?

Ye Chen stares at Cui lien and murmurs: "the sky demon God rope!"

The next moment, a blood red chain, the moment appeared in the body of two people!

Cui lien looks a change, when even found that the distance between himself and ye Chen was controlled!

He couldn't pull it off!

His face suddenly became gloomy and said in a sharp voice, "boy, do you think you will hurt me if you lock me in and fight me close? Ha ha, before that, I have enough to kill you ten times! "

With a roar, the majestic blood light gushed from Cui lien's body. His body shape flashed, and he wielded a dagger at Ye Chen and cut it down!

A strange smile appeared on Ye Chen's face. He did not dodge the blow cut by Cui lien. His muscles were trembling, and the silver fire on his body surface was even more powerful. Boundless power poured into the dark sword, accompanied by the destruction of the seal, he collided with the dagger in an instant!

The earth shaking noise, a terrible shock wave, radiated around, leaving a dark crack in the void!

Sharp blood light instantly on Ye Chen's body, added several ferocious wounds, its breath is faint and some unstable!

Such a head-on confrontation is much more serious than suffering from the blood thunder!

However, Cui lien, who was full of murders and was extremely confident, suddenly changed his face. A tremendous force surged from the dagger to his arm. His mouth was torn in an instant. At the same time, there was a faint sound of cracking. Obviously, his hand bones were not spared, and there were cracks!

Cui lien looked at Ye Chen, who was bathed in blood all over the body at the moment, just like the devil in hell. He finally took a look of horror in his eyes! Did this kid really hurt himself?

Although it's just a minor injury

But, a guy who didn't even reach the sky level hurt him, trin?

But Gu Han is very anxious at the moment. Suddenly, he picks up the Yufu, and the voice of Jia Lei is soon heard.

Gu Han yelled at Yufu: "Jia Lei, what's the matter with the man you chose? Isn't he the late existence of heaven and earth? Why don't you show yourself in the sky! As long as you display your self-respect, you will be able to crush Ye Chen! "

Jia Lei was silent for a moment, then said with a helpless smile: "Mr. Gu, it's not that he doesn't want to use it, but he can't use it..."

"No use?"

Gu Han frowned and said, "what are you talking about? Heaven and earth exist, how can we not use ourselves?"

Jia Lei said with a wry smile: "you know, master Gu, it's not easy to improve your grade once you've refined yourself. Even if you practice again after being broken, you can only keep the original grade

Cui lien is a very arrogant guy. In order to achieve strong self-reliance, he has not started to refine self-reliance until now... "

"What!" Gu Han hears words, the whole person is almost petrified!

For the sake of the legend of the existence of high-level heaven, to the end of heaven and earth haven't begun refining?

You know, whether you have the self-reliance will seriously affect the strength of the warrior!

Jia Lei said with a wry smile: "the reason why he chose to be a killer has something to do with it After all, the best way to fight is to attack by stealth and kill with one strike!

In this way, the other party may not even have the opportunity to display himself in the sky, and these two skills coincide with the killer!

Cui lien joined the Mosuo assassination regiment, in large part, because he wanted to hone his own assassination skills in the regiment! "

Gu Han, a little speechless

This Cui lien, it seems that ye Chen is the same type of madman!

Chapter 4168

Boom!

Another big bang!

A blood red figure was blown back again, hit the earth heavily, hit a deep hole!

Strangely, another figure is pulled towards the ground by an inexplicable force!

The next moment, under the ground, the young man, whose whole body was dyed red with blood, jumped to the ground again. With a long black sword in his hand, and with infinite power, he fiercely chopped down at the man with dark complexion in front of him!

Cui lien's eyes are boiling with killing intention. He and ye Chen have fought for dozens of times. At the moment, Cui lien actually has a lot of scars on him!

His two arm muscles were broken a lot, blood was flowing, there was a not too deep sword wound on his waist, shoulder bones were also crushed by great force!

He Cui lien, the top five killers in the Mosuo assassination regiment, was injured in the hands of a boy in the holy ancestral realm!

His defense has always been one of his weaknesses, but!

It's not that any cat and dog can hurt him!

The key is that ye Chen's vitality is far beyond his expectation!

Originally, he thought Ye Chen was looking for death to fight with himself!

But now it seems

It's not so easy to kill Ye Chen!

He has been seriously injured Ye Chen dozens of times. As a warrior in the later period of heaven and earth, he has died more than ten times, right?

But what about ye Chen?

Still can fight!

At the moment, facing Ye Chen's chopped sword, Cui lien's expression is dignified. He drinks a lot, throws the dagger in his hand, and his whole body's spiritual power surges. The Dagger's blood light is generous and turns into a red rainbow, which shoots at Ye Chen's eyebrows!

The power of this blow is more powerful than that of Cui lien before!

The evil sword contains the terrible destruction of Daoyun. Obviously, ye Chen was killed with the intention of cutting Cui lien, but Cui lien also wanted to take this opportunity to end the battle!

The bloody rainbow almost hit the blade of Ye Chensha sword in an instant!

But at this time, ye Chen's eyes flashed a touch of ruthlessness. He turned his sword, and instantly avoided the bloody rainbow!

Cui lien's face changed when he saw this!

This kid is crazy!

He just threw a dagger and broke out a strong attack. At the moment, the whole person was panting slightly, some overdrawn. In his opinion, this flying knife can instantly eliminate the sword light of Ye Chen!

Although they may be affected by the shock force, a little injury, but!

It is not easy for ye Chen to survive under this Throwing Knife!

But what he didn't expect was that the indifferent young man was not afraid to die to such an extent!

Ye Chen, this is to fight against Cui lien with flesh!

The purpose of this is to cut his sword to Cui lien's body completely!

For a moment, the eyes of the top killer who killed countless people trembled slightly!

Ye Chen's attack power, how terrible, he is very clear!

If you are cut by Ye Chen's sword

His face was suddenly gloomy, and his whole body was full of blood. In front of him, he interweaved a bloody light shield. On the light shield, there was a strong mark of Dao Yun!

Cui lien stares at Ye Chen and says, "I want to see if your vitality is enough to survive under my flying knife."

Gu Han, who saw this scene, was ecstatic. He didn't care about the life and death of trilian. Ye Chen's reckless adventure was the result he wanted to see most!

"Ye Chen, are you doomed to die this time?" he murmured in his eyes

Ye Chen has a crazy look in his eyes. A smile rises from the corner of his mouth. At the center of his eyebrow, the destruction of Daoyun is surging, and the new words of liumiezhenjue are running wildly. A seal suddenly appears on Ye Chen's eyebrows!

At the next moment, the dark sword suddenly fell on the blood shield, and the blood shield was shining. At the same time, the bloody Throwing Knife also hit Ye Chen's eyebrow. The endless destruction of Daoyun also broke out from ye Chen's eyebrow!

There were two deafening explosions and endless energy swept around. The void around them was frantically broken. The space storm was raging on the earth. The laws of heaven and earth collapsed. The thunder rolled between the wind and the sky. It was a scene of doomsday!

Two bloodstained figures flew backward at the same time, hitting the earth heavily.

For a moment, there was no sound except the sound of wind and thunder!

Gu Han and Jia Lei are both nervous. What is the result of their desperate fight?

At this time, there was a light sound on the earth, as if someone was struggling to stand up.

A young man with dark complexion and fierce eyes slowly straightened up from the ground. There was a ferocious knife wound on his chest, and his internal organs were clearly visible! Cui lien's face is extremely ugly. He has not suffered such a heavy injury since he stepped into heaven and earth!

As a hybrid of Terran and dark spirit, he has unique talent in attacking and hiding, but

Compared with ordinary martial arts of the same rank, the body is extremely fragile

In the case of already injured, he was hurt to such an extent by a hard frontal attack against Ye Chen!

However, soon, Cui lien's mouth appeared a cold smile, looking at the far away, together with a pool of blood in the figure.

Endless blood, almost the whole earth, all into a sea of blood!

Although he was injured heavily, ye Chen was hit by his most powerful throwing knife at the key point. The end can be imagined!

At the moment, ye Chen's eyes are straight ahead, without a trace of vitality. A blood hole is blown out of the eyebrow center, and the flying knife is directly through Ye Chen's head!

Ye Chen is really dead!

"Ha ha ha ha ha ha ha ha!!! Well done, well done Gu Han in the dark region, seeing this scene, couldn't help laughing wildly!

This insulted his own boy. Now he is dead!

My revenge, at last, is revenge!

Cui lien was seriously injured at the moment, but he didn't immediately heal him. Instead, he was fierce in his eyes and full of spiritual power. The bloody dagger inserted on the ground suddenly flashed with blood, and then flew up again. Under the control of Cui lien, with thousands of blood rain, he aimed at Ye Chen who looked like a corpse on the ground!

As a killer, he knows very well how important it is to mend the sword in the face of Ye Chen's enemies with life force against the sky!

Almost in the blink of an eye, that blood rain is about to hit Ye Chen's body!

But at this time, trellien's pupil shrinks!

Ye Chen's figure, unexpectedly is suddenly a flash, disappears from the spot!

That thousands of blood rain, bombarded in the air!

With the destruction of Daoyun, somewhere a hundred meters away, a figure emerges.

And Gu Han's laughter stopped abruptly!

Chapter 4169

Trinken looked at the figure with an incredible look on his face. He saw a man with a very pale face, and his whole body was shriveled. It seemed that the consumption was very serious. He was looking at him coldly!

A big man's eyebrow is healing slowly

This person is Ye Chen!!!

He's not dead!

Ye Chen glanced at Cui lien, who was a little sluggish. In front of him, he instantly condensed into half a Taoist seal. His body flash, then disappeared from the original place and flew away towards the distance.

However, at the moment, ye Chen's breath is extremely unstable. Even if he hides his body shape, Cui lien immediately finds the direction of Ye Chen, but he can't determine the specific position!

Cui lien's face changed again and again. He didn't expect that the task which could be easily completed in his eyes had evolved into the present situation!

However, he still body shape move, then toward Ye Chen leave direction, chase and go.

Ye Chen suddenly coughed up a mouthful of blood and his eyes flickered slightly.

Just now Cui lien that hit, really nearly killed him!

Even ye Chen once thought that he was going to die like this

However, at the last moment, a ray of power suddenly flowed out of the seal of the sky demon seal by the air transportation. Under the stimulation of this power, the blood of the heavenly demon instantly burst out a trace of vitality, supporting him and withstanding the fatal blow

Ye Chen asked xuanhanyu, "xuanxianzi, just now, what was that about?"

Xuanhanyu also said with dignity: "it seems that even if this mark is sealed, the demon doesn't want you to die like this..."

For a moment, ye Chen's mood became more complicated. Although the demon wanted to use himself, he also helped him through several life and death crises

Ye Chen takes a breath and puts it down temporarily. At present, what he needs to concentrate on is the killer behind him!

Ye Chen said: "xuanxianzi, with the killer's present state, should have been unable to display that range of great attack?"

Xuanhanyu said: "yes, although you nearly died in this adventure, but it is absolutely valuable! Now, you should be able to safely reach the moon god's secret place... "

If ye Chen didn't fight to death, he would definitely be grinded to death by the large-scale attack of this triliansheng before he arrived at the secret land of moon god!

The power of the sky demon is not omnipotent. In the end, the sky demon just activates part of the power in the sky demon blood that ye Chen can't give full play to

If even these forces are exhausted, then ye Chen still has to die!

On the way to the moon god's secret place, how many attacks can Cui Li en perform if he is not injured?

I'm afraid it's not a few hundred times, is it?

The result can be imagined!

At the moment, Cui lien, who is following Ye Chen, looks very gloomy. He knows that ye Chen has been seriously injured to the extreme! As long as you use the blood Lei Wan Sha, and attack several times, even with Ye Chen's abnormal vitality, you can't resist it!

However, with Cui lien's physical condition, if he uses blood Lei Wan Sha, even if he successfully displays it, his martial arts foundation will certainly be damaged!

He can fight with Ye Chen, but he will never accept that the foundation of martial arts is damaged!

If the foundation is damaged, I'm afraid, in this life, he will not be able to refine his inner self-reliance!

At present, he can only recover from the injury, while following Ye Chen, waiting for an opportunity to move!

Like a snake waiting for its prey to show its flaws!

After a few hours, ye Chen finally came to the mysterious lake that had been led by Huang Rushan.

This lake is the entrance of the moon god's secret place!

Ye Chen eyes a bright, instant in front of the lake, stopped body shape.

Cui lien's eyes flashed, sensing Ye Chen, as if stopping here

Boy, what are you doing here?

With his powerful spirit in the later stage of heaven and earth, he naturally felt that the entrance to the moon god's Secret realm was not as simple as it seemed.

Ye Chen stares at the lake under his body. Suddenly, the whole body of the moon is in full swing, exerting the spirit moon Dharma body to the extreme!

At the moment, ye Chen is like the ancient moon god. The moon power between heaven and earth, like moths to the fire, has poured into his body!

In the sky tonight, there is only a round of bloody crescent, which is not in line with the phase of the moon into the secret realm of the moon god. It seems to echo with the force of the rolling moon. The lake is flooded in an instant and turns into a whirlpool of high-speed rotation. In the whirlpool, the moonlight shines, and a gate opens slowly!

Ye Chen sees form, in the eye flashed a touch of excited color!

In the secret realm of moon god, he left a mark with the spirit marrow of moon liquid. He has already had some mysterious connection with the secret place. Others may have to wait for the secret place to open before they can enter it, but ye Chen doesn't need to be like this!At the next moment, his figure flashed, and he entered the secret realm of the moon god!

Not far away, Cui lien saw this scene, a flash of color in his eyes, and he murmured: "damn boy, I want to hide in this secret place!"

The next moment, he moves, will follow Ye Chen, into the moon god secret place!

But

At this time, a very strong force of the moon suddenly burst out of the door, turned into a round of terrible full moon, towards Cui Li en, suppressed!

Cui lien's face changed suddenly. He roared, and the bloody dagger shot out, and collided with the full moon!

The full moon was smashed by Cui lien. However, Cui lien himself vomited blood from his mouth. He was hit upside down by the explosive force in the door. His injuries were even more serious!

Cuilean smashed several big trees and stopped. He looked at the gate in the whirlpool with a fierce look on his face. In front of him, the gate closed suddenly!

This moon god's secret place, obviously repels Cui lien!

But he didn't expect that there was such a powerful force in the secret place!

Soon, the whirlpool had returned to calm, and the gate in the void was slowly dissipated, as if all were illusions.

In the dark area, Gu Han, who saw this scene, was shaking all over his body and his teeth were trembling!

He picked up the Yufu and yelled at Jia Lei: "how do you deal with the Mosuo assassin group!"!!!

Let that kid run away!? Jia Lei, I warn you, you'd better send more killers to solve this boy for me! Otherwise, not only Ye Chen will settle accounts with you in the future, but my family will never give up!
"

Jia Lei, who has always been calm, can't help but smile bitterly. It seems that he has made a mistake in this business

Chapter 4170

In his life, Jia Lei seldom regrets, and he has made almost no mistakes in his judgment

But now, if you give him a chance to choose again, even if Gu Han pays ten times the price, he will never accept the Commission

Ye Chen gives him a very strange feeling!

His eyes flashed wildly. To tell the truth, if he could, he also wanted to send a few more killers to Mingyu. However, it was difficult here!

It's not easy to send a dark spirit people out. Even with the power of Mosuo's assassin group and his means, it is almost impossible to send another strong man to the Ming region

He sighed: "Cui Li en, now, can only see you, but don't let me down..."

Cui lien covered the bleeding wound again, and walked around the lake for several times. Although the protective array at the entrance of the secret place was powerful, it had existed for countless years, and its power had been reduced a lot!

If you are in full swing, you can break the array with all your strength!

At the thought of this, trison's face appeared a cruel smile!

At that time, ye Chen will never have any chance to survive!

He turned his wrists and took out a pale gold pill from his storage bag. On the pill, there were two faint lines of Danshen!

This is a healing elixir with two Dan lines!

A touch of flesh pain flashed in Cui's eyes. The next moment, he put the pill into his mouth and sat on his knees beside the lake. The incomparable power of the medicine filled all his limbs and bodies in an instant. A touch of pain appeared on Cui's face, and his whole body's spiritual power whirled wildly. He mobilized the power of the medicine and condensed towards the sword wound on his chest!

.....

On the other side, ye Chen at this moment has come to the secret state of moon god.

The spirit marrow of moon liquid has been taken away by Ye Chen. Now, in the secret place, it is no longer like a snowy sky, but it is also extremely desolate.

Ye Chen's heart is a little loose, body shape a tremor, unexpectedly is directly fell on the ground.

"Ye Chen, are you ok?"

Ye Chen breathed heavily, reluctantly from the storage bag, took out a bottle of healing pills, and then a bite teeth, it was directly the whole bottle of pills, all into the mouth!

His brain became more and more dim, the darkness came towards him, and his consciousness gradually left him

Xuanhanyu could not help but emerge a touch of heartache in her eyes.

This time, ye Chen was hurt too much

To tell you the truth, even on the way to the moon god's secret place, it's not strange that he falls at any time.

Can support here, rely on Ye Chen's will power completely!

Now, ye Chen has finally entered the secret realm of moon god, and his body has finally reached the limit

Ye Chen said with a bitter smile: "it seems that I'm going to sleep for a while..."

As soon as his eyes were black, the whole person fainted, and the powerful medicine in his body was rapidly recovering from his injury.

Half a day later, ye Chen opened his eyes again. He felt the surging vitality and couldn't help smiling.

He asked xuanhanyu, "xuanxianzi, how long has it been

Xuanhanyu said: "half a day has passed, ye Chen, how do you feel?"

Half a day

Ye Chen frowns slightly. He knows that the killer must be recovering at the moment, preparing to destroy the protective array at the entrance of the moon god's secret place!

And before that, he must practice burning the sky!

In other words, ye Chen is racing against time!

Ye Chen smiles at Xuan Hanyu and says, "I'm ok."

At the moment, he can clearly feel that his body has recovered to its best!

Ye Chen slowly stood up and looked around. Now it's time to start refining that burning sky!

And the first step of burning the sky is to melt the whole mysterious place of the moon completely!

With a wave of his hand, six miraculous lights fell in front of him and turned into six exquisite treasure boxes, which he got in the sinking moon sea!

Ye Chen flashed a dignified color in his eyes. He murmured, and his whole body was full of spiritual power, just like the sea embracing all rivers. He poured out towards the six treasure boxes of the moon!

The next moment, the six treasure boxes of the moon, with their bright lights, are shooting away in six directions!

At the beginning, ye Chen left his mark in this moon god's secret place, and it's shining in an instant!

With a click, six treasure boxes will be opened at the same time!

The moment the treasure box was opened, it seemed that the mystery of the whole moon was trembling!

At the same time, among the six treasure boxes, some mysterious power emerged, the secret realm of moon god, which was slightly distorted in the power of the treasure box!

With a loud bang, the earth suddenly collapses, the sky breaks, and the rolling force of the moon escapes from the crack and converges towards the treasure box of the moon!

On Ye Chen's forehead, sweat is rolling down, and his face is tense. Obviously, it is not an easy thing to refine the place where the ancient moon gods lived! Even if there is a mark left by Ye Chen, it makes him extremely hard!

The spiritual power in his body was almost exhausted in an instant. Ye Chen's face changed slightly. With a wave of his hand, several sun moon Hualong pills with Dan patterns appeared in front of him. He opened his mouth and inhaled one of them!

Powerful spiritual power, instantly filled in some empty meridians

Xuanhan jade saw the situation and laughed. Only with Ye Chen's terrible constitution, could he quickly refine the pills with Dan lines to supplement consumption and melt the secret place of moon god!

If you let other warriors see it, you will be surprised to drop your chin

However, even so, xuanhanyu's beautiful eyes still appear a touch of worry.

Under normal circumstances, ye Chen would have no problem refining the moon god's Secret realm, but

Now, an existence close to the nine layers of heaven and earth is outside the secret realm. If he breaks into the secret realm of moon god, then all efforts of Ye Chen will be wasted!

What's more, the most important thing is that in the process of refining the moon god's Secret realm, ye Chen can't stop refining, let alone fighting against the enemy. Otherwise, it's very easy for ye Chen to be unable to control the extremely huge power of Yuehua, and be eaten back!

Her eyes flash slightly, now can only hope that ye Chen will burn the sky before the killer!

The mysterious state of the moon gradually turned into a rich and extremely bright moon, which flowed away towards the treasure box.

On the other side, Cui lien, beside the lake, is gradually becoming stronger and stronger!

Half a day later, a location of the treasure box, suddenly light a convergence, closed the box cover, fly back to Ye Chen's side.

Ye Chen's eyes, emerged a touch of joy, one of the location of the moon god secret, has been completely refined!

As long as the remaining five directions of refining completed, then, you can start refining that burning sky!
