Chapter 4171

Time flies by, three days and three nights have passed in a flash!

At the moment, there are five exquisite treasure boxes lying in front of Ye Chen's body, which are the treasure boxes of melting moon!

The whole moon god's secret place has almost become void. Now, only Ye Chen is in this position, and there is earth and sky!

In other words, the secret place of moon god has been melted by Ye Chen!

However, ye Chen's state at the moment is extremely bad

His cheeks are sunken, and the breath of the whole person rises and falls. The elixir in front of him is no longer the sun moon dragon pill

In the past three days, the sun moon dragon pill in his hand has been used up!

Even with Ye Chen's physique, ye Chen can't bear to run the spirit power for a long time

However, his eyes are extremely bright, even if full of tired color, but ye Chen is not a bit lax!

He is very clear, now is not the time to relax, every minute, every second should be used!

At this moment, outside the secret place, Cui lien suddenly stood up, his eyes were killing, and the breath of incomparable cold roared out of his body!

Gu Han in the dark area is glad to see the situation. Is this waste killer finally recovered?

Cui lien exudes a strong prestige all over his body. Although it is not as high as his heyday, it has recovered to 90%!

He gazed at the lake, and suddenly his wrist turned over, and his whole body of spiritual power rushed into the dagger. There was a piercing blood light on the dagger. A flash turned into a red rainbow, and he bombarded the lake!

Cui lien's eyes were dazzling. This throwing knife was called xuehongfeisha. It was a must kill skill he had practiced hard. Several strong people in the original environment had fallen under his blood rainbow flying kill!

It was with this skill that he was able to become one of the top five killers of the Mosuo assassin regiment without being self possessed!

Even the strong man in the later stage of heaven and earth with his own nature may be killed by Cui lien!

We can see how powerful it is!

The next moment, there's a big bang!

This blood rainbow flies to kill, hit that piece of seemingly calm lake instantly!

Almost at the same time, under the lake, there was a strong power of the moon. The power of the moon was interwoven into an array in an instant. It was locked in the same place with the deadly blood red!

Cui lien's eyes were dignified, his brows were tight, and his body trembled slightly. He poured all his spiritual power into the dagger!

The whole lake was shaking wildly, as if some could not bear the terrible power!

But

A moment later, the blood rainbow was still defeated by the Yuehua array. The dagger thrown by Cui lien was flying backwards at a very fast speed!

Cui lien's pupil shrinks, a burning pain comes from his cheek, and is cut by the flying dagger!

He gazed at the slowly disappearing Yuehua array and said to himself, "it seems that only when the attack power breaks through the power of this array, can it cause damage to it I'm still too anxious. Judging from the situation that Xuehong Feisha collided with that array just now, I should be able to break through the array defense if I shoot at the peak

As soon as his voice fell, he sat down again, took another pill, and began to breathe quietly!

.....

Bang!

A crack!

Gu Han looks ferocious and smashes the tea cup on the table!

This trash killer continues to attack!

Sit down. What are you doing?

His face is extremely pale, these three days, day and night, Gu Han's spirit, are suffering!

He knew very well that ye Chen would never be a man waiting to die!

Gu Han swallows his saliva and has an intuition. What is Ye Chen preparing now

The longer the delay, the more difficult it is for the killer to defeat Ye Chen!

He couldn't help but picked up the Yufu of xuanxun again and roared hysterically at Jia Lei: "Jia Lei! Call that killer, burn essence, attack at all costs! Don't waste time recovering

Jia Lei's face sank and he said in a cold voice: "master Gu, although you are my guest, you do not have the right. I've helped you by pointing fingers at the killers of the Mosuo assassination regiment and allowing you to watch the war through your mind!

Also, please don't be too impatient. In my opinion, as long as trilian returns to full strength, he can break this array. It will take more time. OK, Mr. Gu, don't contact me again! Otherwise, I may cancel the cooperation! "

He was really upset by Gu Han!

Let Cui lien ignore the foundation of martial arts and burn essence attack? Ha ha

In that case, don't say it's against Ye Chen. Maybe Cui lien will quit the Mosuo assassination regiment directly

Gu Han said anxiously, "no, listen to me! If you want to defeat Ye Chen, you can't give him any chance! You believe me, I have been with him. No one knows better than me how terrible Ye Chen isBut jaray has cut off the communication

Gu Han sits on the bed in a daze. The jade charm in his hand falls to the ground

He suddenly began to regret

Regret, to Ye Chen!

.....

In the secret state of the moon god, suddenly a huge tremor, ye Chen's look changed, and he looked at some void, where there was a faint array of light flashing!

He can feel that trellien has begun to attack the array!

It's just that we can't completely break through the array's defense!

Ye Chen slightly relieved, but this is obviously not a good sign!

He felt vaguely that there was not much time left for him!

The next moment, ye Chen's eyes flashed a decisive color!

He drank, and the essence blood in his body burned wildly. In the void, the speed that the power of the moon flowed to the last treasure box of the moon was accelerated with the burning of Ye Chen's essence blood!

An hour later, the last touch of the moon, also disappeared in the treasure box!

And ye Chen, also completely stood in the darkness of nothingness!

The moon god's secret place has disappeared!

In his eyes, the color of ecstasy appeared, which finally melted the mystery of the whole month!

Ye Chen takes a deep breath, even now he is all flesh and blood shriveled, the whole person looks like a corpse, but he has no intention to stop to recover!

At the next moment, ye Chen pointed a little, and at the fingertip, the silk thread condensed from six spiritual powers shot into the six treasure boxes of the moon!

He said to xuanhanyu in a deep voice: "xuanxianzi, let's go!"

"Ye Chen, are you sure you don't want to recover..."

Ye Chen shook his head and said: "that blow just now should not be the killer's full power. If he recovers to the peak and then attacks, this protective array will not be able to resist. I have no time to recover!"

Ye Chen, who has fought with Cui lien, naturally knows how powerful it is to strike at its heyday!

Now, you're going to burn the jade in a very dangerous way. Are you ready to burn it

Ye Chen nodded his head and said, "let's go!"

Chapter 4172

The next moment, a huge stream of information into Ye Chen's sea of knowledge!

Ye Chen now the spirit of the power of the surge, is not so painful!

As soon as his eyes brightened, he began to mobilize the moon god's secret place which had been completely melted in the moon treasure box according to the refining method. A piece of light flew out of Ye Chen's storage bag, turned into various natural materials and earth treasures, and fell into the six moon melting treasure boxes!

Ye Chen's spiritual power is running in a certain mysterious way, and it turns into a raging flame gradually!

In that treasure chest, the moonlight like water, under the burning of this flame, suddenly had some wonderful change!

Time goes by minute by second.

All of a sudden, Cui lien, who was out of the moon god's Secret realm, opened his eyes, and a strong breath burst out of his body!

His mouth raised a smile of confidence, obviously has returned to full bloom!

He stood up in an instant, and without hesitation, threw the dagger in his hand towards the lake!

Between the endless spiritual power surging, a blood rainbow cuts through the sky and stands on the lake!

The surging moon rose again and turned into an array to block Cui lien's attack!

But

This time, on that array, however, there was an instant crack on the road!

In the lake, a lot of lake water evaporates instantly!

After a moment of stalemate between this array and the bloody rainbow, the red rainbow dissipates again, and the dagger flies back!

But this time, there was a smile on trin's face!

A ferocious smile!

He took a rest for a moment, then he gave a cold smile, and once again he used the blood rainbow to kill him!

Roar, is another earth shaking noise!

There are more and more cracks on the array

In the secret state of the moon god, I feel the increasingly violent shock in the void, and the color of worry in the beautiful eyes of Xuanhan jade becomes more and more intense.

However, ye Chen's look at the moment has not changed at all!

His whole mind has been completely devoted to burning the sky!

The power of the moon in the six treasure boxes of the moon surges away, hiding behind Ye Chen and converges into an illusory space!

In that space, it seems to be enveloped by a fire, an inexplicable aura, from the flame, diffuse out!

Looking at the fantastic space, Xuanhan jade beautiful eyes, light micro flash, faint excited color!

This is burning the sky!

In fact, when xuanhanyu taught Ye Chen to burn the sky, he concealed a message

She didn't Tell ye Chen that she had tried to burn the sky at that time. Not only she, but also the reincarnation master of the previous life also tried! But it ended in failure

Obviously, this burning sky is not everyone can practice! Even if it's her and reincarnation master!!!

It is said that the refining method of burning the sky does not belong to foreign countries, but is recorded on a stone tablet flying from the sky!

At the beginning of the creation of heaven and earth, there was a strong man who suppressed the world, who was based on the burning of heaven to reach the peak of the world!

No one knows the real name of this strong man, only knows that his selfishness is different and calls himself burning heaven!

Since that strong man, in fact, no one outside the territory has ever practiced burning heaven again!

Even if the jade can't go up to the heaven, it's only necessary to look up at the heaven!

Even, she vaguely knew that among the higher secrets, there was a legend about burning the sky!

The reason why xuanhanyu let Ye Chen aim at burning the sky is in large part because she wants to see how powerful the legendary burning sky is!

Of course, this is also because she has always believed that ye Chen's qualification will never be weaker than that of the strong one at that time!

Ye Chen naturally can do what the strong man can do!

Seeing that this extremely mysterious burning sky is about to appear again, how can Xuanhan jade not be excited?

However, the vibration in the void is becoming more and more intense

I don't know how long we can hold on to the protective array outside the moon god's secret place!

She secretly said to Ye Chen, "boy, you must be faster..."

One hour, two hours, three hours

The space behind Ye Chen is gradually stabilized under the burning of fire. Mountains and rivers can be seen in the burning sky. There are green plants in the sky!

Xuanhan jade see shape, beautiful eyes in the emergence of a very shocking color!

Generally speaking, the more complex the terrain is, the higher the vitality will be!

It is said that the highest level of freedom is almost the same as the real world!

Inside, they can even produce all kinds of strange creatures by themselves!

And now, even if ye Chen's self-reliance has not yet taken shape, it seems to have a trend of development in this direction! Even with the heart of Xuanhan jade, there is a very happy look in the beautiful eyes!

As long as this burning sky is completed, ye Chen's strength will soar again!

She is confident that even the killer who is close to heaven and earth will not be ye Chen's opponent!

But just then, in the whole void, there was a crack!

A huge crack appeared in front of Xuanhan jade!

The endless moonlight emerges in the void and goes towards the crack, but

The moonlight was quickly lost in the blood!

"Not good!"

Xuanhanyu murmured. This protective array can't hold on at this time!

She quickly looked at the burning sky behind Ye Chen. It seemed that the burning sky was about to take shape. However, how long does it take? Xuan Hanyu did not know!

Her brows wrinkled and her heart sank!

Have you come here, success is in front of you, but to fall short?

The cracks in the empty air are increasing, and finally, in a huge sound of breaking, a man's figure emerges in the secret land of the moon god!

Xuanhanyu looked at the man. His skin was dark and his eyes were sharp. His appearance was different from that of human beings!

It's the hybrid of human and dark spirit, Cui lien!

At the moment, Cui lien's face was beaming and attacked for several hours. He finally entered the secret state of moon god.

But soon, his face color, is a change, quickly toward Ye Chen's position to see!

I saw that ye Chen was sitting in the void at the moment, seemingly oblivious to his arrival!

However, behind Ye Chen, there is a mysterious space with a thrilling charm. Under the burning of the flames, it gradually takes shape!

Feeling the strange and familiar atmosphere, Cui lien exclaimed: "I am in heaven!"

"The holy ancestral realm is in heaven!"

As the later existence of heaven and earth, where can he not recognize it? What ye Chen is condensing is his own nature!

Chapter 4173

Originally, he had guessed that ye Chen had the strength of heaven and earth. The emperor was just a disguise. But why didn't Ye Chen display himself in the battle?

At first, he thought it was because ye Chen's strength and accomplishments might be really low

Therefore, ye Chen should not be able to practice self-reliance.

But now, he found himself wrong!

What's more, it's wrong!

Ye Chen, it's not that you can't do it, but you don't practice it!

Just like himself!

Ye Chen is also in order to get a higher level of self-reliance, has not started refining for a long time!

At present, ye Chen's air behind him is very strange. What's more strange is that even Cui Lian can't see the level of Ye Chen's being in heaven!

However, he experienced countless battles, or from the moment of Ye Chen body, feel the extremely dangerous breath!

Looking at Ye Chen, Cui lien smiles

A very sarcastic smile!

At the moment, the corner of his mouth grinned to the ear root, looking at Ye Chen as if looking at what day big joke!

"Ha ha ha ha ha ha!"

He laughed wildly and said, "boy, what a pity! You are almost ready to become such a self-contained man? However, I ran into it. If I remember correctly, when refining was in heaven, it would be easy for a warrior to be attacked by a little interference?"

Even if it is the origin of the space, the terrorist force that erupts out of the vanishing space will be instantly transformed into nothingness even if it is swallowed by it?

What would happen if I attacked you now

As soon as the voice fell, his wrist turned over, and the bloody dagger reappeared. In an instant, it turned into a red rainbow and shot out, flashing towards Ye Chen's eyebrows!

Originally already some despairing Gu Han, at this moment, the eyes once again bright up!

He exclaimed in his heart, "it seems that God is still on my side!"

Cui lien, Gu Han and Jia Lei's eyes are all focused on the dagger. As long as the dagger hits Ye Chen, everything is over!

The speed of the dagger is very fast. Almost in an instant, it has already crossed thousands of miles of emptiness. It seems that it will be cut on Ye Chen's eyebrows!

But at this time, an inexplicable and frightening breath suddenly broke out!

In front of Ye Chen's body, a woman in a black skirt, holding a Sha sword, coldly looks at the bloody rainbow shooting from her!

Cui lien three people, see this woman's moment, is can't help but get a cold!

Just because of its power, the three spirits trembled faintly!

This woman's virtual shadow is naturally Xuanhan jade!

Behind her, several shariks, which were full of Yin Qi, burst into pieces in an instant and turned into pure Yin death power, which poured into xuanhanyu's body!

These ghost Buddha relics were prepared by Gu Xuan before ye Chen left the dark area!

Xuanhanyu gazed at the bloody rainbow and poured part of his power into his body into the evil sword!

Sha sword suddenly issued a clear cry, and a light of Jingtian sword appeared in the void!

The power contained in the sword light is not so powerful, but!

The meaning of the sword is beyond description!

Cui lien's eyes were wide open and his eyes flashed. As a late existence of heaven and earth, he actually saw the martial arts way far superior to himself in this sword!

This powerful martial art magnified the power of the sword light countless times. At the moment of collision between the sword light on the Sha sword and the bloody dagger, though it did not break the bloody rainbow, it made the bloody rainbow have a strange deflection!

Flying by Ye Chen's side!

Beheaded in the void far away!

A look of horror flashed across trinn's face!

Can you kill your blood rainbow with such a little strength?

How this woman exists!

However, he soon found that xuanhanyu was obviously weak after cutting out a sword!

Cui lien's mouth raised a smile and said: "master, it seems that your state is very bad? It's hard for the rest of us to maintain our existence, right? I want to see how many attacks you can block for this boy

As soon as the voice fell, Cui lien's breath had been adjusted to the best state. With a wave of his hand, the far away dagger became a bloody rainbow, and he again chopped at Ye Chen's position!

Xuanhan Jade's face is dignified, and the evil sword in his hand makes a strange arc and falls on the blood rainbow precisely!

This time, the blood rainbow was also hit to fly, but Cui lien could see that Xuan Hanyu's shot this time was obviously much more than the first time!

The smile on his face became more and more intense, and a red rainbow was constantly shuttling through the void!

In a moment, xuanhanyu had already resisted Cui Li en's attack three times. However, in her beautiful eyes, there was a look of great anxiety. She knew that she could not stop it! Just then, the fourth sword came!

Xuanhan Yujiao drinks and melts all the remaining strength in her body into the evil sword and cuts it down!

This sword, once again cut the bloody flying sword

However, xuanhanyu's figure gradually dissipated in the void

Her strength is exhausted, now, let alone the hand, even, to sleep for a long period of time to wake up

Before Xuanhan jade dissipated, in the beautiful eyes, she looked at Ye Chen apologetically and said, "I'm sorry..."

The next moment, the figure of this black skirt woman, then completely eliminated.

Only the evil sword still hangs quietly in front of Ye Chen.

Cui lien's eyes flashed with joy at the same time!

Ye Chen is like a lamb to be slaughtered!

At the next moment, Cui lien's eyes flashed wildly, and his whole body was full of spiritual power. The bloody dagger made an arc in the void, then turned into a red rainbow and shot at Ye Chen!

Between the blood explosion flash, the dagger has reached Ye Chen's body in the blink of an eye!

Cui lien and Gu Han's faces at the same time emerged a ferocious smile!

It seems that the boy who can't be killed is going to die at last!

There was a big bang, and a dazzling blood color of light broke out!

No one found that in this blood light, the Qi of heaven and earth in Ye Chen's body was madly poured into the space in the flame behind him!

The whole space in this heaven and earth gas injection at the same time, an instant smart up, the powerful force of law, surging in the space, in the sky, the road of dark thunder, the thunder emitting rolling destruction of the rhyme!

Gu Han stood up with great excitement!

The scene that he thought about day and night finally came true!

However, Cui lien's face changed slightly. In his eyes, he was puzzled

It seems that there is something wrong with the feeling of this flying sword?

Chapter 4174

All of a sudden, his pupil shrinks wildly, and the flying sword that originally stabbed Ye Chen flies back at a faster speed than before!

With the lightning like speed of reflection, Cuilian turned around desperately, and the flying sword shot past his head!

A drop of cold sweat, falling from the forehead

The moment of flying sword passing over his head, the terror power contained in it, actually made Cui lien have a kind of thrilling feeling!

If he didn't dodge in time, I'm afraid the flying sword would hurt him a lot!

And the smiles on Gu Han and Jia Lei's faces also solidified in an instant

With all his powers and powers, he took the dagger into his hands and looked ahead with an unbelievable look on his face.

Cui en stood in front of him with a long black sword!

For a time, this turned into the empty secret of the moon god, as if into eternal darkness, a dead silence!

Cui lien's eyes trembled wildly

How could that be possible!?

Ye Chen is actually in the flying sword is about to hit his last moment, wake up?

And!

He didn't leave a hand when he hit the flying sword just now!

But is Ye Chen, so easy to hit back and fly back?

Doesn't that mean

Cui lien's heart, constantly calm, heart warning big Sheng, a very dangerous feeling, crazy to stimulate his nerves!

He can be sure that ye Chen at the moment has already possessed extremely terrible strength!

Even above yourself!

For many years, trellien has been hiding in the dark. He has never felt the taste of fear when he was assassinated

But now, in the face of this young man who had been chased by himself, his eyes trembled uncontrollably, and a chill ran straight into his mind along his spine!

At the next moment, Cui lien's body suddenly moved, and a shadow flashed in front of him. In an instant, the place where he had just stood was empty, and his body completely disappeared!

Ye Chen quietly looking at this scene, eyes, there is no fluctuation, but, it makes people feel more and more cold up!

He has already broken through to the seventh heaven of the holy ancestral realm!

Of course, it doesn't matter. What matters is that he burned the sky successfully!

The corner of his mouth outlined a very cold smile: "after killing me for so long, do you still want to go? Now, the situation has turned upside down. It's my turn to hunt you down. "

A flame, from behind it quickly burns up, where the flame passes, the dark void, it is an instant change!

Ye Chen opened his mouth in a low voice and slowly read out two words: "burn the sky!"

Almost in an instant, the flame covered the whole void!

In the blink of an eye, the originally empty darkness dissipated like a cloud

Instead of mountains and rivers, clear sky!

This seemingly ordinary landscape, but filled with incomparable surging force of law!

At the moment, ye Chen stands on this landscape, just like a supreme God who can reverse the heaven and earth with a flick of a finger!

Cui li'en, who is hiding his tracks and fleeing towards the exit, suddenly looks frightened!

He has also fought against hundreds of late existence

However, I have never felt that any guy has such a strong power of law!

But

At the next moment, ye Chen and Cui Lian's faces appear strange at the same time

Although the power of law in the burning sky is powerful, it can

In the two people's induction, the burning sky is a product of heaven

The most rubbish in heaven!

How could this happen?

Why can a product be so powerful in law?

However, this is clearly not the time to think about it!

Under the blessing of burning heaven, ye Chen found Cui Li en's place in an instant!

At the next moment, he suddenly pointed a little towards where trin was!

The extremely strong force of space surging, it is the moment that completely imprisons that space!

Cui lien's face changed slightly, and he knew that his method of invisibility was in vain!

As soon as he clenched his teeth, his bloody dagger suddenly shot away, and he chopped towards the front. A seal appeared on the bloody rainbow. The powerful breath of heaven roared out with the dagger, just like a whirlwind sweeping through the confined space!

At the next moment, there are cracks in the space. Cui lien looks ecstatic and sees that the confined space is about to be broken under his attack!

As long as he can escape from the exit and get rid of Ye Chen's self-confidence, he has a great chance to evade Ye Chen's exploration with his concealment skill in full bloom!

At the same time, a flame of resentment flashed in his eyes! If he survives this time, he must directly leave the Mosuo assassin group!

Jia Lei, this damned bastard, thought that this guy had some brains. Maybe he could bring some benefits with him

Now it seems that Jia Lei is a complete fool among the fools!

Did you take on such a mission?

Even if you accept it, you should at least send the top three killers in the organization to deal with this talent!

I ran into this incredible monster!

Yes, it's the monster!

Even in the eyes of the top killers who kill countless people, ye Chen is definitely a monster!

Seeing the distance from the exit, closer and closer, the light in Cui lien's eyes became more and more bright!

But at this time, his body in front of a very strong destruction of the rhyme, but burst out!

Ye Chen almost blinks across the void between them and appears in front of Cui lien.

At his feet, a seal of destruction flashed away. Obviously, it was the crazy words of the six extermination secrets, which broke the space with one foot.

Ye Chen's face appears a touch of surprised color.

Did not expect, in this burning sky, he stepped out of space will be so easy?

If he wanted to span such a long distance outside the burning sky, he would have been bitten back by the force of space

Although he knows that in his own nature, all laws are dominated by the martial arts, and will hardly be eaten back. However, ye Chen did not expect that he would be so relaxed?

Ye Chen's eyes flashed a touch of excitement, no wonder, with a self-contained martial arts, the strength will soar!

Now, he felt it completely!

You can imagine how terrifying a warrior who can blink at will!

He looked in front of him, and the startled Cui Li en laughed

Ye Chen now finally knows that it's a pleasure to have a fight between a warrior who is self-contained and a warrior who is not

It felt like a duel between an unarmed opponent and a gun!

At the moment, Cui Lian looks like he has eaten something poisonous

Chapter 4175

Originally, as a killer, he is proficient in assassination techniques, and can often kill the rest of the world before his opponent shows himself in the sky!

Or sneak attack first, make the other party seriously injured, and completely drag the battle into their own rhythm. Even if the other party shows his or her own initiative at this time, it will not help!

In the worst case, he can escape from the enemy with the most exquisite stealth method

But these advantages of their own, in the face of Ye Chen, it seems that all of them are invalid!

Not only that, it can even be said that ye Chen completely restrained!

Ye Chen's powerful fighting intuition has escaped his sneak attack. The demon's supreme vitality has withstood his attack. Now, even the invisible method has completely failed in Ye Chen's self-consciousness

For a while, this countless killer who brought despair to others has experienced the taste of despair for a long time

At the next moment, Cui lien suddenly let out a roar, the blood on his body surface was generous, the red meridians quickly emerged, the meridians were beating violently, and the breath of Cui lien was growing stronger and stronger!

In this desperation, Cui lien has completely forgotten what the foundation of martial arts and what high-level is. Now he only wants to leave Ye Chen alive!

He suddenly grasped the bloody dagger and inserted it in his chest. The blade pierced into his heart and stained with the blood of his heart!

Cui lien roared, his hair turned to blood red instantly, and his hands also gave birth to claws as sharp as the blade of a sword!

For a moment, Cui lien seems to be incarnated as a demon!

Seeing this, ye Chen flashed a look of surprise in his eyes. It seems that the bloody dagger still has some very special power, which can turn a warrior into a strange monster?

He can clearly feel that Cui lien in this state, together with the secret method to stimulate his potential, has successfully overcome his weakness in physical defense. Not only that, his vitality, strength, spiritual power and so on are more powerful than the ordinary eight level heavenly warrior in heaven and earth!

It can be said that trichine has strengthened all aspects!

However, ye Chen's eyes also just flashed a surprise, no more look.

Cui lien a pair of blood red eyes, staring at Ye Chen, eyes full of resentment!

Now, his strength has soared, but at the cost of sacrificing his martial arts foundation!

Although this blood demon secret method is powerful, it will overdraft its potential!

Originally, even if Cui lien died, he did not intend to use this ultimate successor, but in that unbearable despair, he almost lost his mind!

What he wants to do now, just run!

As long as he escaped from here, he vowed to let Ye Chen pay the price!

Cui Li en roared, his two claws danced, and his blood color was shining. He chopped at ye Chenji!

The blood light that is cut off casually is not weaker than the power of the blood rainbow flying to kill!

Ordinary warriors in the later period of heaven and earth would be torn to pieces under this attack, even if they displayed their own nature?

However, Cui lien knows that it is not enough to deal with Ye Chen, who can move in a flash, in this natural world

Of course, Cui lien did not mean to fight ye Chen in the sky.

The reason why he did it was to push back Ye Chen, so that he could have a chance to escape from the heaven.

However, in the face of Cui lien's attack, ye Chen is pale, with no intention of dodging!

He raised the evil sword in his hand like a slow and solid disease, and murmured: "thunder

Next time, the sky is suddenly covered with dark clouds!

Rolling black thunder, flashing in the clouds!

All of a sudden, a black thunder, black light, from the sky, bombarded down, instantly fell on Ye Chen's long sword!

At the moment when the thunder hit Ye Chen's sword, a seal with a strong sense of destruction appeared in the void.

Ye Chen's whole person is covered by the extremely powerful destruction rhyme, just like the real God of destruction!

Rolling thunder light, wrapped in the body of the sword, in the face of the quickly chopped claw shadow, ye Chen just waved a sword at will!

In a thunder, the dark thunder turned into the sharp sword light like the tide, and rushed away!

The several claw shadows disappeared in the dark tide of sword light, but this is just the beginning!

The light of the sword flashed, and then came to Cui lien at an incredible speed!

Even the incarnation of blood demon, Cui lien, whose vitality soared, felt the abyss of destruction at this moment and appeared in front of him!

In front of the abyss, his whole body trembled involuntarily. The blood light from his body soared into the sky and interweaved into a bloody shield, which was blocked in front of him. On the shield, a series of seals flashed wildly!

Unfortunately

All these things, in front of Ye Chen's sword light, are like paper paste in general, vulnerable to a blow! Blood shield broken, rolling sword light, instant will drown Cui lien!

This extremely amazing dark area killer, eyes wide open, looking at the impending death in front of him, issued a desperate cry: "no

Almost in an instant, tricorn's body dissipated like dust in the destructive force.

Ye Chen's eyes flashed, and the soul eating road was printed in front of him. The gray light surged wildly, turned into a chain and shot out. In an instant, he tied up a bloody soul and dragged it to the direction where ye Chen was, regardless of the soul's howl.

After that, ye Chen opened his mouth and inhaled the soul of Cui Lian!

For ye Chen, the soul in the later stage of heaven and earth is a great tonic for strengthening the spirit. He doesn't want to waste it.

Gu Han and Jia Lei look at the scene in front of them

This late killer of heaven and earth, just died

Is Ye Chen like a crush to death an ant general, easy second kill?

It's just a matter of practice. Why did the boy's strength grow to such a level!

Gu Han sent out a hysterical roar and smashed all the furniture in the room into pieces!

Ye Chen, really survived

Jia Lei is useless for nothing!

What Mosuo assassin regiment? It's bullshit!

The garbage killer sent out is the waste among the wastes!

However, Jia Lei is different from Gu Han, who is furious. He seems to realize something. A look of panic flashed in his eyes, and he actually cut off the connection between gods and minds in an instant!

The pictures in my mind disappear in an instant!

Why did jaray cut off the connection so suddenly?

The reason is simple

Because, trellien is dead!

So

Now that trison is dead, why can they still see the picture?

Chapter 4176

Jia Lei's eyes trembled, which shows that

Ye Chen engulfed Cui Li en's spirit, and suddenly his face moved. He was slightly stunned, and then, a smile full of evil spirit rose from the corner of his mouth.

All of a sudden, ye Chen's mind moved, vaguely catching some kind of connection!

At the next moment, Gu Han, who is venting his anger, suddenly shakes everything in front of him!

And then

A face, which he was very familiar with, appeared in front of him!

That is Ye Chen's face!

Gu Han's brain will burst in an instant!

This What's the matter!

Why, ye Chen suddenly appears in front of his eyes!

Well, the matter of buying a murderer by yourself has probably been exposed!?

Ye Chen looks at Gu Han's dull and frightened appearance, and smiles slightly. It seems that when he swallowed up Cui Li en's spirit, he unintentionally established a connection through Cui's spirit.

This is an unexpected joy, saving him a lot of Kung Fu!

After all, with Ye Chen's character, he will never let go of the person behind the scenes who arranges the assassin to attack him. Therefore, he will definitely find out the bastard who released the task of assassinating himself!

Now, the answer is in front of him.

At this time, Gu Han seemed to have regained his mind. After a look at Ye Chen, he was frightened to shiver and cut off the contact between them.

Ye Chen's face instantly disappeared from Gu Han's selfishness, and in less than a breath, Gu Han was soaked through and a lot of cold sweat poured out from his body!

He was paralyzed on the bed.

He had a premonition that he was really finished this time

Ye Chen's body spirit moves, then will burn the sky to put away, at the same time took away Cui lien's storage bag.

This man is a killer in the dark area, and he should be rich in wealth.

Ye Chen is not anxious to return to the dark domain revenge idea, even, will this matter inform Gu Xuan's plan has not.

This kind of thing, he always likes to solve in his own way.

At the next moment, ye Chen passed through the broken exit of trilian, and then flew away towards Xuantian city.

His eyes flashed slightly. He had just practiced burning the sky and needed to be consolidated.

Moreover, in order to protect him, xuanhanyu falls into a deep sleep. Ye Chen wants to wait until xuanhanyu wakes up and starts to act.

With xuanhanyu at his side, it is very important to help Ye Chen.

.....

Seven days later, ye Chen's face suddenly moved. In his perception, Xuan Hanyu, who lives in the evil sword, seems to be waking up!

This time, it took only seven days for Xuan Hanyu to wake up, which was greatly beyond Ye Chen's expectation.

Xuanhanyu opened her eyes and swept around, but it was hazy. She tried hard to wake herself up. When her eyes fell on Ye Chen, she felt a very close feeling, and her consciousness became clear quickly!

When she was sure that what she saw was ye Chenzhi, she was extremely happy and excitedly looked at Ye Chen and said, "Ye Chen, you are not dead! Excellent!

I know that no one can take your life easily

Ye Chen remembers the scene of xuanhanyu apologizing to him before he finally dissipates

He couldn't help but smile and said, "I really don't die so easily. Besides, Xuanxian, it's not you who should apologize, but me!

It's my fault that you didn't practice burning the sky before you exhausted your strength, which made you fall into a deep sleep... "

Xuanhanyu smelled the speech and laughed faintly. He didn't say much.

At this time, ye Chen asked again: "Xuan Xianzi, you said that the level of burning heaven will be improved with my understanding. However, with my attainments of destroying the Shinto, it is obvious that there can not be only one product."

"What's more, I feel that the burning sky is in a sealed state, and it seems that it can't be used casually."

Xuanhanyu shook his head and said with a smile: "after the practice of burning the sky, it's a good thing."

"Good? What do you mean

Ye Chen frowns slightly. The higher the level of self-reliance, the stronger the power. Although the burning of heaven of this product has far more power than that of one, why is it a good thing to burn heaven?

Xuanhanyu continued: "as long as you have a stage of progress in the understanding of martial arts and the way of heaven, burning heaven can be upgraded to a level, and a product of burning heaven can be upgraded nine times! This, of course, is a good thing! "

When ye Chen heard the speech, he was happy in his heart and continued to ask, "xuanxianzi, what kind of promotion are you talking about

Xuanhan Yu said with a smile: "you should have known that Dao Yin is divided into nine heaven?"? Your current seal of destruction is just a seal of heaven. In the future, every time you raise the level of heaven burning, it will be upgraded to a higher level. At the same time, the power of burning heaven will soar with the upgrading of the level! "In the beautiful eyes of Xuanhan jade, there is a twinkling of excitement. If ye Chen cultivates the destruction of Dao Yin to the realm of jiuchongtian and cooperates with burning the sky, it will be almost invincible even in the realm of heaven and man and the upper world?

Reincarnation of the Lord at all costs, I am afraid it is for the future of Ye Chen!

And ye Chen is getting closer and closer to the final form of the layout!!

Ye Chen is also in the eyes of the divine light, now his burning the sky, although only a product, but, in his view, the real power is not in Lin Zhuqing's use of Phoenix essence blood, after the promotion of the heaven!

If Dao Yin is upgraded, the sky burning power will soar again!

Just think about it, ye Chen feels a little crazy! What a shock!

However, there is another problem

Ye Chen said to xuanhanyu again: "xuanxianzi, the Qi of heaven and earth in my body is like..."

Xuanhanyu's face moved and frowned: "why can't you feel the Qi of heaven and earth in your body?"

Ye Chen's eyes twinkled and said: "at the end of burning the sky, the Qi of heaven and earth was poured into the burning sky. Although my strength did not drop, and the seal of Tao could be condensed at will, the Qi of heaven and earth could not be felt in my body..."

On Xuanhan Jade's pretty face, there is a sudden color. At the beginning, the strong man known as burning the sky has another characteristic, that is, no one can accurately tell his cultivation!

Most likely, it is because the Qi of heaven and earth can not be perceived!

After all, although cultivation can be covered up, once a warrior enters the original state, his perception of the Qi of heaven and earth will be extremely keen, which can't be fake!

Yes!

The strong one burning the sky is just like Ye Chen. The Qi of heaven and earth is completely integrated into the self in the sky!

Although, being in heaven and martial arts are the same, it will not have any impact on the strength of the martial arts, but others can not perceive the existence of the Qi of heaven and earth!

Chapter 4177

"It's normal," she said with a smile. "It won't have any bad effects. It's a good thing for you."

"By the way, I'd like to explain why you now feel that the burning sky is sealed. This is the self-protection consciousness of burning heaven. You can't use it casually. Only when it is most dangerous, the seal will open itself."

When ye Chen hears the speech, a smile appears in the corner of his mouth. Fighting over the level is his card. However, because of the existence of the Qi of heaven and earth, the martial artists in the heaven and earth will be more wary of him. However, as long as he does not take the initiative to show himself, no one knows that he has the Qi of heaven and earth!

After solving the doubt, xuanhanyu has also awakened, and ye Chen's eyes twinkle with cold, so he plans to deal with Gu Han's problem.

On that day, he did not kill Gu Han on the spot, but he did not expect to cause himself such trouble. This time, no matter who is standing behind Gu Han, he will die!

There was a terrible evil in his eyes. Gu Han is now one of the agents in the dark region. Sooner or later, he will come to the Ming region. At that time, no matter how powerful the Gu family is, he will not be able to protect him?

Ye Chen takes out the message Yufu, just want to contact Gu Xuan, ask about the dark area agent, when to start in the Ming domain action, but at this time, his face, but suddenly changed!

A sharp pain came from his mind. Even with Ye Chen's ability to endure the pain, he could not help but cry out. He was sweating all over his body and burst into a frenzy. Even he could not hold the jade symbol in his hand and fell on the ground!

Seeing this, Xuanhan Yu exclaimed, "no! It's the soul of God! Ye Chen, the body of refining the spirit peak and reciting the devil, to the extreme

Ye Chen's face is twisted, and an inexplicable force is tearing his spirit. If it were not for his spirit's tenacity, which is far more than that of ordinary warriors, it might have been torn to pieces by this force!

Hearing xuanhanyu's words, he tried to calm his mind and roar. He ran the demon reciting body and refining peak at the same time!

In an instant, a large amount of golden light poured out from the refining peak and covered the whole sea of knowledge!

A shadow of a sacred peak appears above the sea of knowledge!

The sea of knowledge, originally under the power of terror, was almost boiling. In the suppression of the golden light, the pain on Ye Chen's spirit was relieved.

At the moment of the appearance of the holy peak, ye Chen's eyes turned into pure black. The power of the spirit surged in an instant and resisted the tearing power!

Even if you press, the pain doesn't disappear!

If you were an ordinary warrior, I'm afraid Daoxin would have collapsed under the severe pain, let alone revolt. Even if the spirit was not destroyed by this terrible force, he might not be able to bear the pain and commit suicide directly!

Ye Chen, however, insisted on carrying that inhuman will power. After dozens of hours, the terror power in the sea of knowledge finally weakened

Dozens of hours later, ye Chen's consciousness of the sea, sounded a very unwilling howl, that tear the spirit of the force, only gradually dissipated

At the moment, ye Chen is already very pale, eyes full of blood, a pair of experienced hundreds of years of continuous fighting appearance!

Under the torture of that terrible power, his body and spirit have exceeded the limit. However, up to now, he dare not have the slightest relaxation, for fear that the strange force will make a comeback when he relaxes!

In this way, ye Chen maintained the state of extreme operation, refining Shenfeng and reciting demons, which lasted for seven days!

Just light spit out a breath from the beginning of the sharp pain, slowly lifted the defense in the sea of knowledge.

And his whole person, in the moment of lifting the defense, it was as if he had collapsed and collapsed on the ground.

Ye Chen's bloodshot eyes are flashing wildly!

This sudden, unreported pain was so dangerous!

If ye Chen's willpower and Daoxin were not abnormal, they would have disappeared by now

Xuanhanyu also has a deep complexion. She is very clear about the tense situation these days!

Ye Chen took a few pills to restore the spirit, slowly climbed up and asked xuanhanyu, "xuanxianzi This is... "

Xuanhan Yu said in a deep voice: "what you have encountered is the pain of the spirit! Ninety percent of the warriors, no matter what the level, will die when they are attacked by spirits! Especially, for the first time! Fortunately, you survived... "

Ye Chen frowned and said, "does the spirit bite back? What is that? "

Xuanhanyu said: "all of this will start with your soul swallowing power It can devour spirits and turn the soul power of a warrior into his own use. Even the Qi of heaven and earth can be swallowed However, such supernatural powers are not without side effects... "

In the beautiful eyes of Xuanhan jade, the light flashed and said, "this side effect is the soul's counterattack! Although the spirits of the warriors and demons you devour have dissipated, they have planted a seed of resentment in your sea of knowledge. When the resentment accumulates to a certain extent, it will erupt without warning!Even if the spirit of the warrior is extremely tough, it is often unable to bear the terrible pain!

The most important thing is that once there are too many seeds of resentment accumulated in the sea, it will be very difficult to dissipate. The spirit will bite back and often accompany the martial arts all his life... "

Ye Chen's face changed slightly: "what! In other words, the seeds of resentment are still in my sea of knowledge? When will the next wave of backfire come? "

In his present state, if he experiences the spirit to bite again, just think about it, ye Chen feels that he is going to vomit blood!

Xuanhanyu said: "you don't have to be nervous. Although the seeds of resentment are terrible, they have not gone against the weather to such an extent. Now the accumulated power has been exhausted temporarily. There is still a certain period of time before the coming of the next time. At least, it will take a month or half a year. There is no rule to speak of."

When ye Chen heard the speech, he felt a little relieved. But soon, he was smiling bitterly again

If you have to suffer from this kind of regurgitation every month, it is really fatal

The most important thing is that if he is suddenly attacked by the spirit while fighting with others, he will die in the hands of his opponent even if he is not bitten by the force of the reverse and tear up the spirit.

It seems that everything has a price. He gets the huge amount of Qi of heaven and earth. At the same time, the power of God and soul is greatly enhanced, even surpassing most of the heaven and earth. Although the benefits are not small, but also bear the risks.

Ye Chen's eyes congealed and said: "xuanxianzi, this resentment seed, is there no way to eliminate it?"

Chapter 4178

Xuanhanyu was silent for a moment, then slowly opened his mouth and said, "yes!"

Ye Chen hears the speech, in the eye reveals the color of great joy!

This seed of resentment is a big problem in his heart and must not be left behind!

Xuanhanyu said: "not only there are, even, can let you never be afraid of the seeds of resentment!"

Ye Chen couldn't wait to say, "what is this method? Why didn't you tell me earlier? "

Xuanhanyu sighed: "do you know that the characters of the moon soul domain come from the moon god family. At that time, the moon soul domain was controlled by the moon god family, and where did the soul character come from?"

Ye Chen shook his head and waited for Xuan Hanyu to explain.

Xuanhanyu said: "in ancient times, the moon soul domain was actually a boundary area bordering on the underworld earth. In this underworld, various powerful spirits far beyond the imagination of ordinary people were in charge of. This is the origin of the word soul!"

In Ye Chen's eyes, a touch of surprised color appeared and said: "the hell earth? Soul? What is this? "

Xuanhanyu said: "the underworld can be said to be an alien world. The interface between the underworld and us is different. What is most abundant there is not aura, but the dark Qi that is very suitable for the soul to absorb!

This dark Qi is countless times higher than Yin Qi, dead Qi and so on!

Do you know why martial arts aspire to higher plane? One reason is for the martial arts of the higher plane, and the other is for the Holy Xuanqi which only exists in the higher plane!

This holy and mysterious Qi is a higher aura. It's hard to imagine the benefits to the martial arts. For example, your physical strength is extremely adverse to the sky, but you have not brought your potential into full play, because there are still very few impurities in your body!

If you absorb the holy and mysterious Qi, you will be able to easily remove impurities, so that your constitution has a further improvement! This is only one of the functions. The benefits of Shengxuan Qi are far from simple! "

When Ye Chen hears the speech, he can't help but look shocked to the extreme!

He has used all kinds of anti heaven means to wash the marrow of Yi Jin for many times. Even so, he can not completely eliminate the body impurities in the body. Relying on this holy and mysterious Qi, he can easily remove it?

How rebellious is this holy and mysterious spirit!

Xuanhanyu continued: "and the ghost Qi, for the soul, is equivalent to the martial Saint Xuan Qi! Now you know what kind of place the hell is? "

On Ye Chen's face, he could not help but appear a touch of horror. He said, "this dark earth is equivalent to the high-level military plane of those spirits. The spirits among them must be so powerful as to be unimaginable!"

Xuanhanyu nodded his head and said: "yes, although the boundary with the moon soul domain is only a half underworld place, which is regarded as the lowest level of the underworld. It is different from the really high hell earth, but it is still a terrible place! It's hard for a living person to come out alive even if it's the peak of Shiyuan... "

Ye Chen's heart sank slightly and said, "Xuanxian, is it because..."

Xuanhanyu sighed: "yes, if you want to solve this resentment seed, you have to enter this half underworld. So, I didn't tell you this before

Even now, if you have the strength of the later stage of heaven and earth, it is extremely dangerous to enter the semi underworld.

And there's a second question... "

Ye Chen can't help but smile bitterly. The first problem is so difficult to solve, there is still a second one?

Still, he asked, "the second question, what is it?"

Xuanhanyu said, "that is Now, I don't know the way to get into this semi underworld..."

When ye Chen hears the speech, he is silent for a while

If the luck is not good, it will not be long before the spirit will erupt again. At that time, whether he can survive, even he himself is not sure!

There is not much time left for him!

In the next time, whether he can find the way to enter the semi underworld is unknown, let alone solve the problem of the spirit's reversion in the semi underworld

Even ye Chen, in this case, has a feeling that he is at a loss

At this time, the jade rune that fell on the ground suddenly sent out a wave of divinity.

Ye Chen's face moved and immersed the power of the spirit into the jade Fu. A beautiful and familiar woman's voice sounded in his mind.

The person who sent the message was Gu Xuan!

The color of helplessness on his face was deeper and heavier. At this time, did the dark region come to the task?

If so, there will be less time left for him

Ye Chen some low ground open a way: "Gu Xuan, is dark area that side, have a task?"

Gu Xuan said with a smile: "eh, how do you know?"

Ye Chen smell speech, the face is a bit black, in he is in need of time when the task? That's what happened?

Gu Xuan didn't know ye Chen's idea, and went on: "Ye Chen, a top secret message has been received from the dark house. There is a secret place named Youwang ruins in the moon soul region, which is about to open!

According to legend, this Youwang relic is very likely the place where a very mysterious strong man once lived in the ancient times. The high-level people in the dark house are very concerned about the ruins. However, as you know, people in the dark area are not allowed to leave the dark area easily. Therefore, after discussion, those high-level officials decided to send you to explore the Youwang ruins!

All you have to do is to find out what kind of secret is hidden in the ruins of Youwang! As for the rest of the harvest in the ruins, you can leave it on your own. "

When ye Chen hears the speech, his eyes flash slightly. It seems that this task is of great benefit. If he usually does, he will not hesitate to promise to come down

However, at present, the most important thing for him is to find out the way to enter the semi underworld and go to the kingdom of God to bring back Xiao Huang. Therefore, after thinking for a moment, he wanted to find a reason to refuse.

But at this time, xuanhanyu was surprised and said, "Ye Chen, don't refuse! This remains of Youwang may be the place you want to go

"What!" Ye Chen's eyes flashed slightly, and his mind turned. He said to Gu Xuan, "OK, I've accepted this task."

Since Xuan Hanyu said so, it is likely that the ruins of the Youwang are related to the half underworld place!

Gu Xuan said with a smile: "well, next, you can go to the place I said at the appointed time, where you can get the goods and materials needed to enter the Youwang ruins. This time, there are other agents to go to the ruins. It seems that the dark house has no requirements for you, but in reality, it is a test for you.

After all, the agent is not strong enough. If you want to get more support from the dark domain in the bright domain, you should perform well this time! "

Chapter 4179

Ye Chen hears the speech, the vision tiny twinkle way: "Gu Han can also be in these a few people?"

Gu Xuan said: "it should not be there. I don't know who these people are. However, it is said that the senior officials of the dark mansion were not satisfied with the results of the agent assessment last time. The senior officials seem to have personally selected three martial artists with accomplishments below

the original territory to become the agents of the direct subordinates of the dark mansion. These three people should also participate in this task."

Ye Chen's eyes narrowed slightly. Originally, he thought this was a good opportunity for Gu han to succeed

However, in this view, the top management of the dark mansion wants them to select three agents to compare with their own representative in the state of Hades, who is the first one in the examination

Ye Chen didn't care about this. To tell the truth, with his current strength, he didn't think that any warrior below the original territory could threaten him.

Not everyone is able to jump over the ranks like him.

It's not a boast, it's a fact.

Later, Gu Xuan tells Ye Chen a place. In ye Chen's memory, it is a remote and inaccessible mountain area in the moon soul region.

With Ye Chen's current escape speed, it takes several hours to get there.

However, Gu Xuan told him that the time is at midnight tomorrow, and time is still abundant.

Ye Chen cut off the message, did not do anything else, but directly fell asleep!

In order to resist the spirit's attack, his spiritual consumption is too great. He must have a good rest.

It wasn't until noon the next day that ye Chen woke up. He stretched out his waist. He had a comfortable sleep, and his mental fatigue was swept away!

Ye Chen stood up and told Xu Shenglong and others, and then left for the agreed place.

A few hours later, ye Chen falls down in a seemingly desolate mountain. According to Gu Xuan's instructions, he comes to an ancient wood which looks like a palm. He uses his spiritual power secretly and makes a magic decision. The ancient wood trembles, and several arrays emerge out of thin air. Ye Chen takes out the token of the agent in the dark area and points them to those arrays a little bit, above the array, suddenly Shining with a wonderful light, a brocade box appeared in front of Ye Chen!

Ye Chen took the brocade box and opened it. There was a jade bamboo slip and a very strange blue and black ancient jade.

This ancient jade looks like a black human bone!

Ye Chen picked up the jade slip and put it on his forehead. His mind sank into it. After a moment, he slowly put down the jade slip in his hand. His face was dignified and murmured: "it seems that this trip to the ruins of the king of you is not as simple as you expected..."

The dark kingdom of the underworld has only one information to pay attention to this time!

It is said that several mysterious forces will also enter the ruins of Youwang!

These forces, even the dark areas, can not find out the details

According to intelligence, these forces may come from secret places like the Sunmoon sea, or hidden forces in several other boundaries, or even from the upper world!

However, the most likely is the secret man.

In short, this matter is more complicated than ye Chen imagined!

Ye Chen opened his mouth to xuanhanyu and said, "xuanxianzi, do you know which hidden secret places are equivalent to the strength of the Sunmoon sea in this month's soul domain?"

Xuanhanyu pondered for a moment and then said, "as far as I know, there are three kinds of mountains, i.e., the mountain of hundred barrens, the capital of Taitian gods and the valley of Wanjun. Among the mountains, the most powerful one is the demon clan. It is said that there are five demon families in the mountain, which are no different from the royal family in the deep moon sea.

However, the people in the God city of Thailand attach great importance to blood and exclude foreigners. Therefore, the blood in the God city is much stronger than that in the shenyuehai people.

There are three God surnames in the God capital of Thailand! The children of these three God surname families are called Shenzi. They are supreme among the gods in Thailand!

Finally, it is the Wanjun valley. The residents in this valley are the most special. It is said that they are the mixed blood of human race and thunder demon clan. The thunder demon clan is also a very terrible race. The human demon mixed blood in Wanjun Valley is born with the ability to control magic thunder. The supreme existence in Wanjun Valley is the four thunder tribe. It is said that these four thunder tribes have four kinds Mutated magic thunder, this magic thunder is strong, even surpasses the general thunder demon clan

Ye Chen nodded. Even if he had the strength of the original state, he would not be able to get any benefits in the face of the strong in these secret realms.

The next moment, he would move in a certain direction.

According to Gu Xuan's information, the ruins of the Youwang are located in a place called ancient forest. He wants to go to the ancient forest first.

.....

In the dark.

In Jingzhou, there is a very luxurious restaurant named tianyinlou.

The food and wine of this day's Guide building are top-level in the whole dark area. The pattern, layout, service and so on are more impeccable! You can imagine the cost of dining in such a restaurant!

However, if you want to have a meal in this day's Yinlou, it is not enough just to have money. Tianyinlou only entertains guests with certain background in the dark area!

On the top floor of Tianyin building, there is only one room on the whole floor. This huge and luxurious room is also the most senior private room in the whole restaurant!

However, customers familiar with Tianyin building know that this private room will not be open.

Because, if you want to eat in this private room, you need 100 VIP cards sent out when Tianyin building was founded!

Every customer who owns these VIP cards can make the dark world vibrate endlessly. Almost all of these strong people are very difficult to meet them. How can they eat in this restaurant easily?

However, today, the top floor of Tianyin building is full of lights, and a strange smell comes from it. It is actually that someone wants to eat in this private room!

For a while, Jingzhou was shocked, and the streets were talking about it. I don't know who is the strong one in the private room?

At the moment, in the top floor of Tianyin building, there is a young man with a cold look and shaking eyes. He looks a little nervous

The young man is Gu Han!

Gu Han walked back and forth nervously in the room. He turned a blind eye to the table of delicious food and wine, which was extremely rich, delicious and gave off an intolerable aroma!

A pair of eyes kept looking at the door.

All of a sudden, a figure flashed. A young man dressed in a water blue long shirt and a light complexion walked into the room carelessly. His eyes swept through the luxurious private room, and his eyes could not help showing a touch of surprise: "it is indeed the top-level private room in Tianyin building. Any decoration in this room is worth a lot of money if you take it out?"

Chapter 4180

Finally, he looked at Gu Han and said with a smile: "I can't believe that you really opened this top room to invite me to dinner, Mr. Gu."

Gu took a deep breath: "Mr. LAN, you said you would invite you to dinner on the top floor of Tianyin building before you met me. Gu has already done it. Now, can we start to talk about business?"

His eyes were a little gloomy. In order to get the VIP card, he had to work hard to get it from the owner. Even, it caused a little dissatisfaction from the owner!

But now Gu Han is in a hurry

Since ye Chen knows that he is the person behind the scenes directing the killer to attack him, Gu Han has not had a good night's sleep!

Even if ye Chen doesn't come to kill him, he will go crazy!

Therefore, he must do everything possible to let Ye Chen die!

Gu Han's eyes flashed slightly, looking at the blue shirt youth in front of him. His real identity was one of the three agents selected by the high-level of the dark mansion!

When Gu Han learned that Lanxi and ye Chen should carry out a certain task together, he moved his mind!

Lan Xi said with a smile: "OK, but let's talk while eating."

Immediately, two people sit down at the table, can Gu Han's mood now where to eat meal?

The table of food and wine, basically, was swept away by Lanxi itself.

Gu Han slightly frowned: "blue childe, have you had enough?"

Lanxi belched and exclaimed, "it's really the food and wine of tianyinlou. It's delicious. It's comparable to the food cooked by the cooks of those old guys."

He swept aside Gu Han, who had a stiff face, and said with a smile, "OK, Mr. Gu, what's the matter, please tell me."

This time, you know that a man named Kuo Yeh is carrying out this task

Lanxi nodded and a flash of light flashed in his eyes and said, "I naturally know that the agent of Mingzhou is also the first one in the assessment, ye Chen."

Gu Han's face was filled with resentment and said, "it's him. I'd like to ask Mr. LAN to do me a favor this time."

Lanxi took a sip of wine and said, "what kind of busy?"

Gu Han said fiercely, "I want this boy to die! It's said that Mr. LAN is a master at using poison. Even if he is in the original state, he may be poisoned by you unconsciously! Blue childe, I hope you poison Ye Chen in the task!

Although the boy's constitution is against the sky, young master LAN's poison may not kill him. However, it is said that this mission will bring many strong men, which is extremely dangerous. If the boy is poisoned, he will probably die in the task, isn't he? "

His eyes were bloodshot, and he almost screamed, "I want him to die!"

Lanxi slowly put down his glass and said in a low voice, "what did you say just now?"

Gu Han is stunned and looks at Lanxi in horror

Why does Lanxi ask?

Is he and ye Chen friends!?

No, it's impossible. Lanxi has an unknown origin and is always protected by the dark house. It's not easy for ye Chen to get to know Lanxi. How could he be a friend

Thinking of this, he bravely said to Lanxi: "Er, I said, I want that boy to die..."

Can, blue river smell speech, but shook his head way: "is not this sentence, you say my poison kills not to die this ye Chen?"

Gu Han heard the words and said in a hurry: "I don't mean to despise the young master LAN. It's just that the vitality of Ye Chen is really a little weird! That's why I said that... "

Lan Xi's eyes flashed: "fantastic? How fantastic is it? "

Gu Han hesitated for a moment, and then said, "he has resisted several attacks against the nine layers of heaven and earth, but he did not die!"

Originally, he didn't want to tell Lanxi too much for fear of scaring Lanxi away. However, since Lanxi asked, he could only answer truthfully.

When Lanxi heard the speech, a startling color flashed in his eyes. After a moment, he slightly lowered his head and seemed to be thinking about something. He was speechless for a moment.

Gu Han saw this and suddenly took out a jade box and handed it to Lanxi: "Mr. blue, this is my present."

Lan Xi glanced at Gu Han, took the jade box, opened it, and saw a dark herb lying in the jade box.

His eyes lit up and said, "the black blood grass of ten thousand years? Mr. Gu has a heart. "

However, soon Lan Xi threw the jade box back to Gu Han and said, "however, I can't help you with this."

Gu Han changed his face and said, "young master blue, are you afraid? Even with the poison of blue childe, you can't hurt Ye Chen? "

Lan Xi gave Gu Han a cold look, which made Gu Han couldn't help but step back.

He said with a smile: "I'm not a killer in Lanxi. I only kill people for myself. You want to kill people. Do you understand me?"Gu Han's face was unwilling, but he still nodded. Even though he came from the family, he did not dare to offend the mysterious youth in front of him.

However, Lanxi soon showed a trace of fun on his face and said, "however, you have told me an interesting message. Maybe this young master ye can help me a little..."

After that, his figure flashed and disappeared from the original place.

There is only Gu Han standing in place like ashes below.

.....
