

Physician 4191

Chapter 4191

Life and death war, she also has no chance to intervene!

Zhou Qiong glanced at Ye Chen faintly. This boy is a little self-conscious. Now, dying in the hands of Lin Xiaoshun may be a kind of luck for him. If it falls into his hands, ye Chen will know what real life is like to die!

And the happiest are Gui Ping and Zhang Yan'er.

If this trash is still alive, it's a shame!

A roar, the wind howled, a surging force, suddenly emerged, the world suddenly sounded a cry of sorrow!

It seems that I can't bear this great power!

And the center of this power is Lin Xiaoshun!

At the moment, the anger in his eyes almost ignited the sky!

If you can't say anything, you have to do it directly!

Ye Chen is completely infuriated him!

From small to large, no one dares to be so arrogant in front of him!

Ye Chen is the first one!

And the last one!

Lin Xiaoshun's body is full of intense golden light. The golden thread on his wrist, with a flash of light, quickly unravels it, and flies around Lin Xiaoshun's body!

In the golden thread, there is an extremely fierce sword spirit. If you move slightly, you will cut the surrounding space, even the law of heaven and earth, and cut the cracks in the road!

People's eyes flash, the gold thread is actually a sword!

A top quality sword!

The next moment, that pangran golden light, that boundless sword spirit, instantly locked Ye Chen!

The splendor of the sky and earth, instantly condensed, with the killing intention of freezing the heaven and earth, was beheaded towards Ye Chen!

In the golden light, endless Taoist rhymes burst out, and it turned out to be a Taoist seal in an instant!

When people saw the seal, it was a thrill again!

Worthy of being a genius on the list of gods and stars, the heaven and earth realm has successfully condensed the road seal!

What's more, it's still some kind of Kendo seal with ancient flavor!

Kendo seal, even in the numerous road seal, is also a strong existence!

What's more, the unique ancient flavor is not an ordinary Kendo seal!

Even Zhou Qiong saw this, her eyes flashed a touch of color, this Lin Xiaoshun than the last time they met, and progress!

That seal, good!

Although Lin Xiaoshun didn't show his self-respect, he did his best!

In addition to being in the sky, there is no hand left, enough to crush the boy named Ye Chen 100000 times.

Most of the warriors changed their faces slightly under the air of the sword. They either retreated quickly or supported the light curtain of defense!

But ye Chen faced this terrible sword, but just turned his wrist, a dark sword appeared in his hand!

It's the evil sword!

Click

Before the sword really falls, the space around Ye Chen has already begun to be frantically broken. The endless space storm is surging, but ye Chen is like Mount Tai, but he is not moving!

That golden silk thread, in a twinkling of an eye, has been cut to Ye Chen's body like golden lightning!

It seems that ye Chen's body has appeared in front of everyone, and the scene that is divided into countless pieces by this sword!

The power of this sword is so terrifying that it can not be resisted by the existence of the holy ancestral realm!

Even, some of the powerful people in the world were pale in the power of this sword. Even if they displayed themselves, they might not have the confidence to take over!

However, in this moment, the sudden change!

A very strong evil spirit, suddenly from ye Chen's body, burst out!

Liang Bo, GUI Lingyun and other people who have the blood of the demon clan are instantly shocked!

Mountain Ghost is not a pure demon family. However, with the blood of some demon families, they can become one of the five demon families in the mountain. It can be imagined that their blood is powerful, but when ye Chen burst out the evil spirit, they feel a kind of soul shaking!

That's blood pressure!

To Mountain Ghost clan, can produce blood pressure!?

Ye Chen this demon clan blood, how strong and horizontal to what extent?

But!

This is not over yet!

Among the evil spirits, there was a terrible evil spirit rising!

Let Ye Chen, the whole person, in an instant, just like the incarnation of an evil god!

And in the evil spirit, a silver flame shines in the eyes of all!

The surrounding air, instantly hot up!

The flame

It's the breath of the top fire!

People's faces change again and again!

They look at Ye Chen with totally different eyes!

What kind of existence is this kid?

A guy in the holy ancestral land can emit so many powerful and incomparable breath! No wonder, ye Chen is so crazy, it turns out, is not without confidence!

GUI Lingyun is also beautiful eyes, colorful!

But

Soon, this light, then dim down, not enough

If you want to defeat Lin Xiaoshun, it's not enough!

All of a sudden, the scene of heaven and earth exists, eyes are trembling

Why?

Because they feel the spirit of heaven and earth

All of us look at Ye Chen with a dull look

At the moment, ye Chen, holding a long sword, destroys the whole body, and Dao Yun is stirring. A seal also appears in front of Ye Chen. At the same time

The scenery around Ye Chen is changing rapidly

In the sky!!!

It's a matter of fact!

All of us are stupid and can't understand

Why does a holy ancestral realm exist?

It's just that. The most important thing is that it exudes the spirit of heaven and earth in the sky!

The next moment, ye Chen fiercely brandishes the sword, mercilessly one sword, toward the golden silk thread in front of him, crazy cut down! Dark sword, burst out!

Boom, earth shaking noise!

Gold and black light, interwoven in one place, the powerful afterwave, toward the radiation around, countless rocks, plants, all in this afterwave, into nothingness!

However, soon, the golden seal and rolling sword light were crushed under the suppression of black light!

Completely broken!

Ye Chen's sword actually crushed Lin Xiaoshun's rebellious sword!

What Kendo seal?

What ancient flavor?

In front of Ye Chen, it's bullshit!

And the lacquer black sword awn, after breaking the golden light, is still moving forward, shooting at Lin Xiaoshun!

"What!"

Lin Xiaoshun exclaimed, his face had changed completely!

Where could he not feel the terrible power in this sword?

Originally, he had done a good job of appreciating the scene of Ye Chen's death, with a cruel smile on his face. After all, a holy ancestral realm blocked his all-out sword?

It's a joke

In his opinion, ye Chen must die!

But now, the smile has been gone!

"In heaven!"

Lin Xiaoshun, suddenly drink, no longer dare to have a trace of reservation!

His whole scenery is also changing rapidly, and the breath of the whole person is also rising rapidly. The boundless sword spirit surrounds his whole body, making him like a sword God!

Chapter 4192

As soon as he bit his teeth, he poured his whole body into the golden silk like ancient sword. The golden light of the ancient sword surged wildly and turned into a thin Golden Rainbow again, which hit the lacquer black sword!

Lin Xiaoshun's pupils shrank and his muscles contracted. Finally, the golden light and black light turned into nothingness at the same time

He gasped heavily, sweating all over his body, and looked at Ye Chen with horror in his eyes

He was quite reluctant to block the sword of Ye Chen!

At the moment, ye Chen, who is in the sky, is surrounded by the atmosphere of heaven and earth. In Lin Xiaoshun's eyes, his figure seems to be growing up rapidly!

Lin Xiaoshun's eyes trembled at Ye Chen and roared: "you You hide your accomplishments! You exist in heaven and earth

Once this is said, everyone freezes again!

It's like being sucked into a vacuum of absolute zero, freezing completely!

Heaven and earth exist?

In my twenties, heaven and earth exist!

This is not a joke like this!

You know, when Zhou Qiong stepped into the realm of heaven and earth, her soul was already 100 years old, which made the world shake!

What about ye Chen?

Under thirty

Heaven and earth?

What is the concept?

It's like, a baby born one second, took a minute, got full marks in the college entrance examination, and directly got into Tsinghua University, and spent another cent, directly graduated from the doctor's degree

It's beyond the limit of thinking!

But they can't deny it!

Because they saw it with their own eyes just now. Ye Chen's sword blocked the light of Lin Xiaoshun's sword!

What's more, it's almost crush!

"No!"

At this time, a young man with a delicate face and almost a little feminine brow frowned and said, "he is not the existence of heaven and earth."

A man next to the boy said, "do you know that again? It's not the existence of heaven and earth. How to block Lin Xiaoshun's sword? "

The young man looked at him faintly and said, "I do know, because I am Wang Junyuan!"

Wang Junyuan!

Wang Junyuan, a nine star genius?

The nine star sect is also a big force in the heaven and man domain. What the nine star sect is good at is to observe the heaven, the earth and the people!

There is a very unique magic power, named "life star God eye"!

This magic power, can let the warrior, have the power to see through the camouflage of others and see the real power!

No matter how skillful the method of suppressing cultivation, concealing the appearance and changing the age, we can't hide from the eye of the God of life star!

Therefore, Wang Junyuan said that ye Chen is not the existence of heaven and earth, then, it is really not!

However, soon, Wang Junyuan also showed a puzzled look on his face. His eyes flashed wildly and said, "his age is true, and his cultivation is also true. But how can we explain his strength, his self-reliance and his spirit of heaven and earth..."

Wang Junyuan, who has always been a good judge of people, doesn't understand!

And people's looks, is also more complex, ye Chen's figure in their eyes more and more mysterious!

Holy ancestral realm is better than heaven and earth?

Under the sky, there is such an adverse existence?

A young man in a long blue shirt looks at Ye Chen, his eyes twinkle slightly, and he doesn't know what he is thinking.

Ye Chen looked at Lin Xiaoshun lightly and said with a smile, "why, are you afraid now? I don't hide my accomplishments, but my strength is far beyond my realm... "

After all, his body flashed and suddenly stepped out of the space. He appeared in front of Lin Xiaoshun in a flash. With a dance of his sword in his hand, he took mietian Juli and cut him down in the face of Lin Xiaoshun's head!

Lin Xiaoshun's face changed wildly, and his sword Qi was surging all over his body. The ancient golden sword, like lightning, was blocked in front of him. The silk thread was interwoven quickly. It was actually a small golden array in front of Lin Xiaoshun's body!

In this array, the sword Qi condenses. The originally sharp and sharp sword power turns into a heavy one in an instant!

Everyone's eyes lit up!

What a beautiful Kendo!

Sharp attack, heavy defense!

There is no delay in the change of attack and defense!

Lin Xiaoshun is really a genius in kendo!

At the moment, Lin Xiaoshun's sword light, even with a trace of God!

It's like the sword of God!

In a flash, the dark sword collided with the golden sword array!

Click, click, click!

The vast expanse of void is broken and broken again!

Those warriors, the whole body protection spirit light, more dazzling up!

In the earth shaking explosion, a figure flies backwards in an instant!

Hit a huge mountain!

In an instant, the huge mountain will collapse!

At last, the young man with purple face was standing behind himThe figure flying out of the sky is Lin Xiaoshun!

He was directly blasted away by Ye Chen's sword!

Ye Chen looks at his arm, and blood gushes from it. The heavy sword, head-on collision, makes Ye Chen's hand bone shake out silk cracks, but that's all!

What's more, the crack on the bone recovered almost a breath time!

Lin Xiaoshun crawled out of the rubble in confusion. He was covered with blood and walked unsteadily. He opened his mouth and vomited out a mouthful of visceral debris

Ye Chen's sword smashed many of his bones and internal organs!

Moreover, that destroys the Dao Yun, invades the body, causes the injury to be more serious!

If he had not displayed his own nature, and his body was full of divine blood, his vitality was far beyond that of ordinary martial arts. I'm afraid that this sword would have killed him!

At the moment, he looked at Ye Chen's eyes, has completely turned into panic!

The indifferent youth in front of me is too powerful!!!

Although, he is not defeated for a while, but if it goes on like this, he can't defeat Ye Chen!!!

Suddenly, he regretted. Regret why we should agree to fight life and death!

All of us are looking at monsters, watching Ye Chen even stop breathing

Even Zhou Qiong's eyes have changed!

Ye Chen's strength is beyond everyone's expectation!

Lin Xiaoshun: a sword to suppress heaven and earth?

Although Lin Xiaoshun has just stepped in recently, he is not a cat or a dog!

Originally, the waste of the holy ancestral realm that people despised became one of the demons present in this short period of time!

This reversal, too strong, people can not accept for a time!

Among them, the most unacceptable is Zhang Yan'er and Gui Ping

Their faces turned pale in an instant

Ye Chen was just a bug in their eyes

One, annoying bug

But now?

They found out that this is not a worm, but a real dragon!

Both of them are very glad that they didn't really start with Ye Chen

Otherwise, by now, they may have been dead

Chapter 4193

Only GUI Lingyun, beautiful eyes flickering, shocked, also excited!

Sure enough, as Liang Bo guessed, ye Chen is not as simple as on the surface!

At this time, Lin Xiaoshun suddenly opened his mouth and yelled: "kill him, old bamboo!"

By now, he has completely ignored the face and other things. If he continues to fight with Ye Chen, not to mention the remains of the Youwang, he may not be able to leave here alive!

The old man with purple stripes heard the words, and his whole body was full of murderous Qi. A purple light suddenly burst out of his body. In the purple light, the world suddenly changed!

This bamboo old, a hand then display oneself in the sky!

Ye Chen's performance just now, even he was a little bit frightened. Therefore, he would not leave any room for him. He should try his best to ensure that ye Chen is killed!

Lin Xiaoshun is also surrounded by the golden sword. The golden ancient sword twines around his body and instantly turns into a golden rainbow and flies back to the rear!

Ye Chen saw this, his eyes sank, and his face was full of opportunities to open his mouth: "life and death war, do you still want to go?"

Said, a red light suddenly appeared on Lin Xiaoshun's body, is that day demon God rope!

Lin Xiaoshun's flying back body suddenly stopped. He bit his teeth, and his whole body was full of spiritual power. He was running 200 percent. His sword Qi was surging wildly, and the vast void was smashed into pieces. But

He seems to be frozen in place in general, body motionless, no matter how can not get rid of the day demon God rope of the shackles!

"Damn it!"

Lin Xiaoshun scolded him. He could only turn around and face Ye Chen. The golden sword array was once again condensed into a sword array with heavy breath. He knew that as long as he could hold on for a while, it would be OK for him to kill the boy!

At this time, the old bamboo is also a hand!

A purple bamboo stick appeared in his hand, and the purple lines on his face suddenly flashed. On the bamboo stick, the purple light surged wildly. At the next moment, he pointed out a stick, and the road seal condensed. A purple electric dragon roared out of the bamboo stick and rushed towards yechen!

All the soldiers on the scene took a breath of cold air one after another!

As soon as the purple dragon came out, they felt the breath of destroying heaven and earth!

As if this is from the nine days of the God of destruction thunder general!

The source of the existence of the scene, really extraordinary!

Even ye Chen is very dignified in the face of the purple Thunder Dragon. The thunder light reflects on his face, and the space around him is completely locked, so that he can't step out of the space to dodge!

But the purple Thunder Dragon, sends out the breath, even is Ye Chen, also feels extremely dangerous

If he is hit directly by this blow, he will not be killed by the second, but the damage will never be light!

Make a deep breath in this case!

His whole body silver flame is more and more intense, that turbulent evil spirit, also more surging up, in his knowledge of the sea of 100 evil mark, light, crazy devour Ye Chen's vitality, his cheek quickly shriveled down, but the breath actually quickly rose up!

And the sword spirit on the Sha sword is becoming more and more powerful. An inexplicable aura surrounds it. It is obvious that Xuan Hanyu has also made a move!

But

The target of this sword is not the purple Thunder Dragon whistling, but Lin Xiaoshun surrounded by golden light!

Ye Chen has no plan to defend himself. He wants to attack Lin Xiaoshun with a sword!

Too cruel!

It's a total fight!

Lin Xiaoshun's face turned white in an instant. The moment he was staring at by Ye Chen, he felt a faint breath of death!

"Help me!"

Lin Xiaoshun suddenly called out to the elder bamboo, "Mr. Zhu, first stop this blow for me!"

Old bamboo frowned slightly, even he was shocked by Ye Chen's ruthlessness!

A dark sword light suddenly roared towards Lin Xiaoshun. Old Zhu's eyes sank and he murmured. He forcibly reversed the most powerful attack to Ye Chen. The Thunder Dragon roared and turned his head and hit the dark sword light!

The wrinkles on the old bamboo's face trembled, and a reluctant color appeared in his eyes!

Lei, the main attack, is fierce. Originally, it is extremely difficult to control the energy. But now, he is out of all his strength. When Lei long is about to hit Ye Chen, he changes his moves and changes his direction. Even for old bamboo, the huge energy is a little hard!

What's more, it also makes the power of his move lose a lot in the process of turning!

However, it is still extremely powerful!

The Thunder Dragon and the black light are interwoven in one place. The afterwave is even more powerful than ye Chen and Lin Xiaoshun before. They are sweeping around. The weak warriors are very hard to resist!

Thunder Dragon and black light disappear at the same time, and ye Chen's pupil shrinks. All of a sudden, there are purple electric lights around the whole body. That is, after the Thunder Dragon has lost the black light, the remaining energy bombards him! Ye Chen's sword can't completely counteract Zhu Lao's attack!

His body suddenly flew back, smashing a mountain behind him into pieces!

Even though the power of this attack is lost in the process of forced switch attack, the power contained in the Thunder Dragon is still incomparably adverse to the sky as he is a strong person in the original environment!

And all this happened in a flash!

I saw the sky where ye Chen was, the light flashed, the scene restored to its original state, and the burning sky dissipated.

Ye Chen is hit by a blow, Lin Xiaoshun, Zhang Yan'er, and Guiping are all happy!

Countless warriors were swept out of their minds and headed for the rubble. After a while, their eyes moved and their looks were complicated

Among the broken stones, you can't feel the breath of Ye Chen

In other words, ye Chen is dead

But think about it, it's reasonable

Although Ye Chen is very amazing and rebellious, which is beyond their martial arts thinking, after all, it is only the cultivation of the holy ancestral realm. It is a very normal thing to be killed by seconds under the existence of the original environment. It is not surprising.

Among the young people present, they can bear such an ending.

Lin Xiaoshun with a sneer, looking at the collapse of the mountain under the impact of Ye Chen, sarcastic eyes.

Ha ha, this thing that doesn't know whether to die or not, still fight with my child?

What do you think I will really abide by?

What's the use of being powerful?

Bad brain or dead!

Lin Xiaoshun and old bamboo are also in a flash of brilliance. They put up the self in the sky, which consumes a lot. Since the boy is dead, there is no need to continue to use them.

GUI Lingyun was stunned, and then her pretty face was cold. In her beautiful eyes, she was full of anger and gazed at Lin Xiaoshun and said, "Lin Xiaoshun! What do you mean by a good fight for life and death?"

"

Chapter 4194

At the same time, Liang Bo is also full of breath, staring at Mr. Zhu. He snorts coldly and says nothing more.

He is not Liang Bo's opponent, but Liang Bo has a task in his body, so he can't easily get into trouble.

Lin Xiaoshun looked at GUI Lingyun and said, "Oh? Why don't I remember? "

All of them looked at Lin Xiaoshun strangely. They didn't expect that the genius on the list of God stars didn't want to face such a degree?

Just promised others life and death war, in a blink of an eye directly play to rely on, do not recognize account?

At the time when everyone thought that ye Chen, the demon that people can't understand, fell down and suddenly changed!

A figure, suddenly appeared in front of Lin Xiaoshun, a figure covered with blood!

Lin Xiaoshun looks at the young man who looks like a sea of blood and Shura. His face is full of evil. His smile solidifies instantly!

His eyes showed a look of incomparable horror, a scream, the golden ancient sword, surging out, instantly turned into a heavy sword array in front of him!

Ye chensen's cold smile, the evil spirit, the evil spirit, the silver flame, and the destruction of Dao Yin erupted together. At the same time, the space around Ye Chen's sword was twisted, and the sky burning started around with the sword as the center!

Almost at the moment of the formation of the sword array, a long sword with the force against the sky has been blasted off!

This sword is like a world!

The golden and black light flashed wildly again. After all, the sword array with heavy breath was arranged by Lin Xiaoshun in a hurry. It was inevitable that there was a flaw in the array. Facing Ye Chen, a more powerful sword than before, it was shaking wildly and could not resist the penetration of the black light!

The earth suddenly collapsed, and in the center of the light, a scream rang through the heaven and earth!

In a flash, the light had dissipated. People looked at the place where Lin Xiaoshun had just stood. They could not help but change their faces!

In front of me is a thrilling scene!

A huge pit appeared in front of them, and at the bottom of the pit was a figure stained with blood. His whole body looked very weak, and an arm disappeared from his shoulder!

He is Lin Xiaoshun!

Standing on the top of the cave, you look down on the young man of Lin Xiaoshun

Nature is Ye Chen, who was thought to be dead before!

Ye Chen didn't die?

What's more, the most frightening thing is that although Ye Chen looks a little miserable and has ferocious wounds all over his body, his vitality is still vigorous!

In other words, the old bamboo did not really hurt Ye Chen!

At least, no serious injuries! Ye Chen's combat power has not been affected at all!

And ye Chen also suddenly appears, a sword seriously injured Lin Xiaoshun!?

What happened!

The corner of GUI Lingyun's mouth, however, raised a smile, which was not unexpected.

She just sensed that ye Chen was not dead. Instead, she used the method of concealment and approached Lin Xiaoshun quietly!

And the reason why she spoke, of course, is to distract the attention of Lin Xiaoshun and Zhu Lao!

Ye Chen's concealment method was not even discovered by Liang Bo. Even she knew Ye Chen's existence only by sensing Ye Chen's blood and breath!

Therefore, the present warrior did not feel Ye Chen is very normal!

Lin Xiaoshun thought Ye Chen was dead. He relaxed his vigilance and put himself away from heaven. At this moment, ye Chen suddenly appeared!

Even if Lin Xiaoshun's combat experience is rich, it is inevitable that there will be a bit of panic. The sword array arranged in a hurry is not perfect, and there is no chance to display his own will!

It has to be said that ye Chen's fighting talent is too strong!

Originally, the old bamboo shot for ye Chen, is a huge crisis, but he just turned this crisis into a good opportunity to launch a surprise attack!

Hit Lin Xiaoshun by surprise!

That is, the power of the God's blood was too strong to save Lin Xiaoshun's life.

The old bamboo looked at Lin Xiaoshun, whose eyes were filled with blood, staring at Ye Chen, and said, "you're looking for death!"

On its purple face, say to shine again!

But at this time, GUI Lingyun was facing Liang Bo and nodded.

Liang Bo smiles. If ye Chen was just a warrior in the holy ancestral realm without any value before, it is totally different now. If you are with Ye Chen in the ruins, the safety of the journey to the ruins of Youwang will be greatly improved!

Moreover, if you can get Ye Chen's help, you will have a better chance to complete the task!

Therefore, he did not hesitate to move his body, and then blocked Ye Chen's body. In his gray eyes, he suddenly burst out a strong breath of stillness, and his green and black face became more and more ferocious. His palm turned into a ghost's claw, and he grabbed him hard!

As soon as his face changed, he yelled, "what are you going to do?" His whole body purple electricity surge, into purple palm print, and Liang Bo's ghost claw, hit a place!

There's a big bang!

There was a flurry on the face of old bamboo! A trace of blood overflows!

And Liang Bo didn't get hurt!

Mr. Zhu looks complicated. If he is entangled by the old GUI family

Bamboo old toward Ye Chen just standing position to look, sure enough, there is no one there!

Ye Chen appears in front of Lin Xiaoshun, overlooking the seriously injured Lin Xiaoshun on the ground.

But at the moment, Lin Xiaoshun, who has that God Star list of arrogant appearance?

His body trembled wildly and looked at the indifferent man in front of him. He was just like a child. His eyes were full of helplessness!

Even such a monster is the same when facing death.

Ye Chen said coldly, "I said, you don't deserve to instruct me, do you still remember?"

As soon as the voice falls, he will cut it out with a sword!

"No Lin Xiaoshun, send out a cry of despair, golden sword light flash, seems to want to resist Ye Chen's attack, but, useless!

With Lin Xiaoshun's present state, how can you stop Ye Chen?

Old bamboo roared wildly, waving his bamboo stick wildly. He made countless thunder dragons and bombarded Liang Bo. He wanted to pass him and rush to Ye Chen. However, Liang Bo wore ten rings, each of which was directly above, with a sharp claw like blade. Between his waves, there was a sinister sword spirit with Dao seal, which stirred and blocked him to death!

At the moment, the old bamboo saw this scene, his eyes were splitting, and he was very anxious to shout: "young master

The gold light flies fast to break, the black long sword, mercilessly cut in the head of Lin Xiaoshun!

This time, even if the God's blood is powerful, it can't save Lin Xiaoshun

A blood light suddenly blew thunder, and Lin Xiaoshun turned into a blood mist and dispersed with the wind

Ye Chen's eyes twinkle, devour the soul to the sky, instantly devour the spirit of Lin Xiaoshun!

The Qi of heaven and earth in his body is more and more powerful!

Chapter 4195

There is a smile on Ye Chen's mouth. Lin Xiaoshun is worthy of being a demon with God's blood. After swallowing it, whether it is the spirit of heaven and earth, or the increase of spirit, it is far beyond the comparison of ordinary powerful people in heaven and earth!

If someone else is threatened by the spirit, I'm afraid that he can't continue to devour other people's spirits.

But ye Chen is different!

In any case, he wanted to solve the problem by swallowing the spirit. What's the use of stopping it now?

But it's just an escape.

And ye Chen never escapes!

Seeing this, Mr. Zhu's eyes were filled with grief. He struck with a stick and drove back Liang Bo. He stepped back. He looked at Ye Chen and GUI Lingyun with bloodshot eyes. He said in a sharp voice: "boy, there are GUI family girls. You killed my young master. No matter Tianjue or Lin family will give up!"

After that, his body flashed and turned into a thunderbolt, shooting towards the distance and disappearing in the blink of an eye.

However, before leaving, Mr. Zhu also took a look at Zhang Yan'er, with a faint look of resentment in his eyes!

All of us are looking at this scene with suffocation

Is Lin Xiaoshun really dead?

Killed by Ye Chen, a holy ancestor?

They can't believe their eyes!

Zhou Qiong looks at Ye Chen, the killing intention in the eye is more and more strong up!

Even if he is proud of him, he has to admit that ye Chen is excellent, so excellent that even if GUI Lingyun looks on Ye Chen, it's not strange!

What's more, the evil spirit that ye Chen sends out

Joan's eyes were more gloomy.

Mountain Ghost is a very special race between heaven and earth. The origin of its ancestors is very mysterious!

And the blood of the Mountain Ghost clan is also very special. Their blood contains the spirit of evil, divinity and ghost!

Among the general Mountain Ghost clan, the ghost spirit is the most powerful!

However, if you are like GUI Lingyun, you will be more powerful if you have a unique existence among the mountain ghosts!

This is also why GUI Lingyun can perceive Ye Chen, but other members of the Mountain Ghost clan can't.

At the same time, the Mountain Ghost clan has an ability!

That is, as long as you give birth to descendants with a strong blood race, you are likely to give birth to people with extremely evil talents!

Among them, the blood of demon clan is the most suitable!

Even though some human beings are against the sky, their blood is not so strong

That is to say, even in Zhou Qiong's opinion, his own strength is above Ye Chen, but the GUI family is likely to prefer Ye Chen!

Therefore, ye Chen must die! He does not allow anyone to compete with him for GUI Lingyun!

Zhang Yan'er's pretty face is completely pale!

She looked at the hole where Lin Xiaoshun died, and she was going crazy!

Originally, she just wanted to crush an ant

But now?

It was her fiance who died!

Originally, if she was in the ruins of Youwang, she and Lin Xiaoshun would have a good chance to win benefits from the ruins! But now?

Don't even talk about the benefits

She secretly looked at Ye Chen and saw that ye Chen gave her a cold smile. Her heart couldn't help shaking violently!

Now she has offended Ye Chen, the existence of this murderous God, how dangerous it is!

For a moment, Zhang Yan'er's delicate body can't help but shudder. She remembers the scene in which ye Chen killed Lin Xiaoshun. The coolness in her heart is more and more intense!

Even the heart of Tao is covered with a shadow!

Suddenly, she said to the middle-aged blonde behind her: "I We're going back to taitianshendu

She couldn't bear it. Even if she gave up the benefits of the Youwang ruins, she would never want to give ye Chen any chance to attack herself!

After entering the ruins, there is no strong source to protect themselves!

The middle-aged man with golden hair frowned slightly and said, "Miss, what is in the ruins may be very important."

Zhang Yan'er suddenly screamed: "I don't care! I don't want any good, I just need to get out of here

Looking at Zhang Yan'er's appearance, the middle-aged man with golden hair sighed and looked at Ye Chen deeply and said, "OK, go back."

Even if she enters the ruins, she won't get much.

What's more, what worries middle-aged people with blonde hair is the look of old bamboo!

Lin Xiaoshun will die. It can be said that he has a great relationship with Zhang Yan'er. After all, Lin Xiaoshun did it for Zhang Yan'er

From then on, the relationship between the Zhang family and the Lin family will be over. Even, it may attract resentment between the Lin family and tianjumen family!

I'm afraid the position of the Zhang family will be shaken!

But Zhang Yan'er's brain didn't think about it at the moment. When she heard the middle-aged man with golden hair saying so, her face showed great joy. Actually, without even looking at the ground, he flashed his body and walked towards the distance!

GUI Lingyun saw this and couldn't help laughing. This time, she finally let her opponent, a total failure!

Later, Zhang Yan'er did not dare to raise her head in front of her?

Even, the Zhang family will be implicated because of this matter!

At this time, the rune above the black iron gate suddenly burst out a burst of white light!

At the same time, a very harsh metal friction sound into the ears of all!

The black iron gate opened slowly, and behind the door, the white light flashed, and there was a passage!

It's like a way to another mysterious world!

You king ruins, open!

For a moment, all the soldiers on the scene were fierce. Their breath surged wildly and their bodies moved. Then they rushed towards the passage and rushed away!

Everyone knows very well that if you can enter the ruins one second earlier, the possibility of gaining benefits will increase by one minute!

But at this time, a huge bang, a palm print suddenly hit in front of the gate!

Some of the faster, but not the strength of the martial arts, the moment in this palm, into the blood mist dissipated!

A bald, one eyed, scarred old man stood in front of the gate and slowly retracted his hand. All the people looked at the old man and their eyes trembled!

This man is an old man who came with Zhou Qiong. He is the source of cultivation!

The purpose is obvious!

Zhou Qiong gave a cold smile and her figure flashed. Then she and her entourage, who followed her, entered the passageway first.

This strong man, for a time, became the gatekeeper!

What he wants to do, of course, is to let Zhou Qiong take the lead in the ruins!

Naturally, the old man was over a thousand years old and could not enter the ruins. However, doing so would also help Zhou Qiong!

For a while, the surging tide of people stopped. Most of the martial arts practitioners, such as loose repair, didn't bring anyone. How can we get past the strong people in the original territory?

Chapter 4196

But at this time, a young man in a black fur coat, with a pair of dark corners on his forehead, a faint electric light flickering on his body surface, his face was extremely cold, and his whole body was full of endless evil spirits, but he came out of the crowd and walked towards the gate calmly!

He was followed by several retainers.

The bald old man looked at the young man, his eyes flashed, but he didn't stop him.

Because, behind this young man, there is also a middle-aged man with double horns, who is also a source of existence!

Even in the whole region, the origin of the territory belongs to the elite among the elites, and there are few beyond this realm!

Moreover, their status is against the heaven to the extreme!

Even if the big clans in these hidden forces can be sent out, they will be the highest guardians!

This young man is Lei Luocho from the Yin Lei tribe of Wanjun Yougu!

At this time, there are several people to jump up and go to the gate, everyone behind is a source of strong!

Liang Bo looked at Ye Chen and said, "Mr. Ye, go in with the young lady. If you can, in the ruins, please take care of my young lady. I'm very grateful."

Ye Chen's eyes flashed slightly and nodded: "Liang Bo is polite."

After that, they entered the gate with GUI Lingyun and Gui Ping.

Soon, all the warriors with background entered the ruins.

And the rest of the warriors were gloomy, staring at the old guard, but none of them dared to make any changes!

A young man in a long water blue shirt, his eyes flickered slightly. At this time, a voice suddenly rang out in his ear: "blue river, don't you do it? Ye Chen has already gone in just now. If we don't go in, we will fall behind. "

It's obviously another dark domain agent.

Blue river cold hum a way: "Xu Nan, I am not your hand."

However, he said in a low voice: "this old thing is really in the way. When I do it later, you know what to do..."

Xu Nan smelled the speech and said with a smile: "still use you to teach? Let's get started

As soon as the voice fell, blue Creek fingers, suddenly a little more crystal powder, suddenly a stab!

In silence, a purple fog suddenly shrouded the front of the gate, a range of thousands of miles!

All the warriors changed their looks and exclaimed, "what's the matter with this fog?"

"Who did it?"

"However, the fog doesn't seem to do us any harm..."

Although these warriors were shrouded in fog, they looked as usual.

But!

The old guard and several other original places were in the moment when they were shrouded in the fog, and their looks changed!

This fog, which has no effect on the warriors in the original territory, has become a strong poison to them!

For a time, even those who are strong in the original environment also need to part of their strength to resist the purple fog!

In the fog, a handsome young man in a flaming red robe said with a smile: "your boy's poison will not disappoint me every time. OK, now, it's time for this young master to do something."

This person, Huran is another dark domain agent, Xu Nan!

Xu Nan suddenly opened his mouth and said, "gentlemen! You see, those original strong men, who have been eroded by the poisonous gas, are trying to resist the invasion of toxins. Now, it is the best chance for us to break into the ruins. Rush

The crowd was stunned at the speech. Then, they looked at the bald old man in front of the gate. Sure enough, the old man's breath was unstable!

What's more, Xu Nan's voice seems to contain some kind of mysterious power. When his words enter the public's ears, the spirit is faintly turbulent, which makes people unconsciously want to obey Xu Nan's words!

"Kill

"Go, go

The next moment, the crowd suddenly burst out of endless drinking, that countless warriors have body flashing, toward the black iron gate!

The bald old man's face changed slightly. He suppressed the toxin, and then he burst out a few palms at the same time!

Many of the warriors turned into blood fog under their attack. However, these people are just like fighting chicken blood at the moment. They are not afraid of death at all. They are rushing madly!

At the same time, these warriors actually launched attacks on the bald old man one after another!

For a moment, all kinds of aura filled the sky. Even those who were strong in the original environment could not help frowning in the face of the joint attack of so many warriors!

The old man snorted coldly, and his whole body was full of rhyme. It seemed that he was going to show himself in the sky. But at this moment, his face changed slightly. At the moment when he showed his self-reliance, the suppressed toxin in his body was suddenly stimulated to a general level and activated!

The old man was full of spirit and strength to resist the outbreak of the toxin. For a while, he couldn't open it from the sky! At this time, those warriors seized the opportunity and suddenly accelerated, and many people entered the gate!

Lanxi and Xunan are also eyes flashing, under the cover of others, successfully set foot on the white light channel.

.....

Ye Chen's brain was dizzy and the white light flashed wildly in front of him. When the white light disappeared, he had come to a strange world.

The first feeling is cold!

In the ruins of the Youwang, there is a very strong Yin Qi, which is extremely cold!

Ye Chen looked around, but at the eye is a gray barren land!

And GUI Lingyun and others are not around him. It seems that, as GUI Lingyun guessed, the location after entering the relic is randomly transmitted.

He asked xuanhanyu, "xuanxianzi, now that we have come in, what are we going to do among the ruins of Youwang?"

Xuanhanyu said: "first of all, you should find the residence of the king of you, and get a strange treasure called the water of the spirit from it."

Ye Chen's eyes flashed a puzzled color: "the water of the spirit? What is this? "

He had never heard of such a thing.

Xuanhanyu said: "do you want to enter the half underworld with your body? In that way, the ghosts of the whole half underworld will rush to devour your flesh and blood!

So, you need the water of the spirit!

The function of the water of the underworld is to temporarily transform the body of a living creature into a spirit state!

As far as I know, the king of you had a lot of water from the underworld, so there should be many in his residence! What's more, getting the water from the underworld is of great use to your soul swallowing way and even to me. After all, the water from the underworld is also one of the most precious treasures of the soul way! "

Ye Chen hears the speech, flash in the eye a touch of joy!

The way to eat the soul has been improved, and it also has a certain role in withstanding the evil spirit!

Chapter 4197

At the same time, if Xuanhan jade absorbed some of the water from the underworld, he could appear temporarily to help him fight!

If you can get xuanhanyu's help, ye Chen even has the power to fight against the strong at the beginning!

This, I have to say, is not a small harvest!

Immediately, he moved forward in the wasteland, searching for the room of the king.

But the more you go, the more frightened Ye Chen is!

The ruins of you king are extremely huge!

It's like a small world!

After walking for so long, ye Chen always got nothing!

At this time, his ear faintly sounded the sound of metal collision!

His face moved. It seemed that the metal gate was closed!

At the same time, the sky suddenly appeared rolling black clouds!

In the dark clouds, gray thunder flash, between the whole heaven and earth, it is an instant sent out a taste of death!

Scarlet, like blood like rain, fell from the sky on the barren land!

Ye Chen Angtou looked at the sky and the blood rain, and frowned slightly. The sudden blood rain gave him a very bad feeling!

However, although the blood rain is strange, it seems that there is no difference between it and ordinary rain. Even, it will not make people red.

But all of a sudden, the earth under Ye Chen's feet was shaking violently!

The sound of roaring is endless!

The earth is sinking fast!

Ye Chen's face was startled. Looking around, he saw a mountain in front of his sight!

Only this mountain hasn't sunk yet!

And the mountain, it seems, is quite far away from him!

Ye Chen's eyes are constantly flashing. What does this sudden occurrence mean?

And in the whole Youwang ruins, almost all the warriors are thinking about this problem!

And everyone's eyes are also focused on that mountain!

All of a sudden, ye Chen's face moved, and his whole body's aura flashed, and he was about to fly away, but

As soon as his body was in the air, it seemed that he was being pulled by an invisible force and fell to the ground at full speed!

"Can't fly away!"

Ye Chen exclaimed, it is impossible to use the method of flying and escaping in the ruins of Youwang!

At this time, xuanhanyu's voice suddenly rang out in Ye Chen's mind: "Ye Chen, what is that?"

Ye Chen raised his head and looked in a certain direction. He saw that there was a blood red fog, which was spreading rapidly on the whole land!

Ye Chen saw the moment of the fog, is unable to help the pupil shrink!

The fog gave him an extremely frightening feeling!

His physique is very strong, and he has a poison tablet, and is invincible of all kinds of poisons. However, ye Chen is terrified in the face of the fog. He can be sure that if he is infected by the fog, he will never come to a good end!

What's more, the speed with which this weapon spreads is incredible!

"Shit!" Ye Chen low scolded a, fiercely toward that mountain to see!

At this speed, the fog will soon cover the whole land. In the case of no escape, only that mountain is safe!

And in this moment, the blood mist almost reached Ye Chen's back!

Ye Chen takes a deep breath and drinks, burning blood formula, body of heavenly demon, reincarnation formula of God and demon, and hongmongolian method is used one after another. With endless force, it surges wildly in his body. At the same time, it destroys the rhyme of Tao to reduce the law of heaven and earth here as much as possible. The speed limit of this place is the next moment!

Ye Chen's feet suddenly force, on the ground hard step, on the earth, the instant emergence of spider like cracks, toward the surrounding, spread thousands of meters away!

And ye Chen the whole person, also like the shell general, towards the front shot out, toward the peak of rapid forward!

He took a look at the blood mist behind him. It was like a giant beast that chose people to eat. It chased him crazily. The speed of its spread was accelerating!

Among the relics, some martial artists with slow reaction and weak strength were engulfed by the fog and screamed in the sky and earth one after another. These soldiers drowned in fog never came out of the fog again

Everyone is running, running towards the only safe mountain!

Some soldiers were caught up by the bloody fog and disappeared on the way to the mountain!

In the twinkling of an eye, only one third of the warriors who entered the ruins survived!

One third of them are the elites of the people who entered the ruins this time!

At the moment, ye Chen has already set foot on the high mountain and rushed towards the top of the mountain. He can see many warriors around him. Like himself, he is rushing towards the top of the mountain. There are people around him who are suddenly chased up by the fog. A shrill and unwilling cry reverberates in his ears! Ye Chen looks dignified. He knows that the ruins of Youwang are dangerous, but he didn't expect that it would be so dangerous as soon as he came up!

Soon, most of the ruins, except for the mountain, were covered with blood red fog, which was still rising!

Ye Chen looked up at the top of the mountain.

The mountain, thick below and sharp on the top, is not large in area!

In other words, there are not many warriors on the top of the mountain!

Ye Chen takes a deep breath, and his whole body is full of great strength, which improves the speed to the extreme!

At this moment, entering the ruins, all the living warriors were forced by the terrible blood mist behind them, and concentrated on the top of the mountain!

Many martial artists, in order to get to the top of the mountain earlier than others, are actually fighting against the people around them!

In the pursuit of this blood fog, fight!

After all, the location on the top of the mountain is limited!

However, no one is paying attention to Ye Chen. Before the ruins, ye Chen's battle with Lin Xiaoshun is obvious to all!

A roar, a figure shot to the top of the mountain, it is Ye Chen!

When he looked up, there were people rushing to the top of the mountain, including Zhou Qiong, Lei Luochoa, GUI Lingyun and so on!

Zhou Qiong took a look at Ye Chen and quickly withdrew her eyes. Although he wanted to kill Ye Chen, it was obviously not the time to start.

Now, the key is to survive!

At the moment, there are less than 1000 warriors left on the summit!

All of them were slightly relieved and their temporary safety was guaranteed.

But it's not over!

The blood mist is still in the air, it seems that even the top of the mountain will be submerged!

Even with Ye Chen's heart, the moment he saw this scene, his face changed, not to mention other people!

Isn't this a dead end?

Is it that the ruins of the king of you are just a trap?

The warriors on the top of the mountain, one by one, looked frightened and growled.

Chapter 4198

"Damn it! damn! How could this be so in this place! "

"What remains of you king is a trap at all!"

"Laozi is a genius! How can a genius with a bright future die in such a place! "

"I want to go out. Let's break through the space and escape!"

In the eyes of those martial artists, they were all crazy. They were really turbulent. Daoyun was surging towards the surrounding space, attacking and leaving. For a moment, the light on the whole mountain top flashed!

These warriors can be called genius outside the territory. Their strength is not weak naturally. Powerful forces erupt around the mountain top!

But

Useless

Even if these nearly 1000 people join hands to attack, the space barrier is still motionless!

Don't say it's broken. There's no crack!

The whole top of the mountain fell into silence, and almost everyone's eyes showed the color of despair.

Now, only Ye Chen, Zhou Qiong, Lei Luocho and so on can keep calm.

.....

In the deep mountain, an old man with purple stripes suddenly fell in front of a green bamboo. The purple light in his eyes flashed wildly and his face was excited!

This old man is just old bamboo!

"Tianqingzhu, it's tianqingzhu! I didn't expect to meet you here

The old bamboo hand waved, a purple shot away, carefully wrapped that day's green bamboo in his hands.

Holding the moment of that day's green bamboo, the vitality of the old bamboo's body was suddenly powerful! Even the face also faintly recovered young!

He suddenly turned his head and looked in the direction of the Youwang ruins, and a cruel color flashed on his face!

"On this day, green bamboo and my physique fit very well, which can make me recover my youth temporarily! In this way, I also have the possibility of entering the ruins! "

"Now, the ruins may have been closed, but maybe, there is still a chance to get into them," he said with a fierce light in his eyes

At the thought of this, he suddenly moved and flew towards the direction of Youwang ruins again!

Ye Chen killed Lin Xiaoshun. If he can't give Lin family and tianjumen an account, he will be punished even if he has the strength of Shiyuan!

So, as long as there is any chance to kill Ye Chen, he will try!

Not long ago, old bamboo came to the ruins!

At the moment, the gate stood alone in the void, surrounded by no one.

Among the major forces, the original strong ones have left.

Because this is the entrance of the Youwang ruins, but not the exit. It is meaningless to stay here.

The old bamboo saw this, the whole body thunder light, suddenly burst flash, a flash of body shape, then hit the gate!

"Ah, ah, ah, ah

In the light of thunder, the old man with blue veins on his face sprang up and let out a roar. He pressed his hands on the door, as if he wanted to push the gate open!

All of a sudden, the gate made a click, and it was really under the efforts of the old bamboo that a crack was opened!

This gap, barely able to accommodate a person through, but at this moment, the whirlpool behind the door, exudes an inexplicable force, blocking the old bamboo, into which!

However, even so, in the eyes of the old bamboo, there was a color of ecstasy. The green bamboo suddenly appeared in front of the old bamboo and did not enter his body!

Originally the old face quickly young up!

In a twinkling of an eye, it turned out to be a full head of black hair, purple stripes, a grim look of the youth!

"Yes! It's a real success Zhu Lao exclaimed excitedly, the inexplicable force that blocked him disappeared!

The next moment, his body flash, then disappeared behind the gate, a roar, the door again closed!

GUI Lingyun's beautiful eyes twinkled, her eyes swept from the top of the mountain. It seemed that she was searching for something. Suddenly, she saw the figure of a man, and a smile appeared on her pretty face!

Ye Chen is not dead!

In this desperate situation, seeing ye Chen, GUI Lingyun's heart felt inexplicably comforted. She went to Ye Chen and said, "Ye Chen, are you ok?"

Ye Chen smelled the speech and nodded his head and said: "fortunately, pay attention to the surroundings. The ruins of the Youwang should not give us any chance to survive."

Most of the relics have mechanisms and traps, but they also contain vitality. Otherwise, the relics will become a simple death ground.

If you want to kill all of them, what are you going to do?

GUI Lingyun nodded and glanced over the top of the mountain. Zai Zai carefully searched for clues to break the desperate situation. However, he found nothing

All of a sudden, ye Chen's eyes flashed and yelled at the crowd: "everyone, jump up!"

People smell speech, eyebrow a frown, although no one will take ye Chen as a waste, but suddenly call them to jump up?

What do you mean?They are not monkeys!

Ye Chen saw people's look, explained a way: "we have things under our feet!"

Zhou Qiong and others reacted the fastest and looked at their feet. They could see the lines and lines!

Just now, people were thinking of avoiding the blood mist. When they stepped on the top of the mountain, they didn't look at their feet carefully. After a large number of people, they were covered by the people. Moreover, the lines were very thin. In this case, who could notice?

Only Ye Chen can keep calm at this time, and never give up, and constantly looking for a breakthrough, can find the existence of this line!

A glimmer of light reappeared in the dim eyes of the public! Like a drowning man, caught the last straw!

Immediately, Zhou Qiong, Lei Luocho, GUI Lingyun, these God Star list talents, one after another, said: "everyone, jump up!"

At the moment, it's important to live. What ye Chen said is reasonable. You should listen!

All people, at the same time, jump up, look down at the body, a very complex pattern, revealed in their eyes!

The moment Ye Chen sees that pattern, eyebrow a frown, he does not recognize.

He secretly opened his mouth and asked xuanhanyu, "xuanxianzi, do you know what this is?"

Xuanhanyu pondered for a moment and then began to say, "very old patterns should come from ancient times, but I don't recognize them either..."

Ye Chen is smiling bitterly. Although Xuan Hanyu has a wide range of knowledge, she can't expect anything. It's normal to have things she doesn't know.

Soon, under the restriction of the forbidden force, these warriors fell back to the top of the mountain.

And that group of martial arts, almost all of them are like Ye Chen, frowning like

I don't understand!

No one can understand the pattern!

On that pattern, depicting mountains and rivers, human beings, skeletons, dragons and phoenixes, as well as some bizarre characters, are extremely complex and seem to contain profound meaning. However, no one knows what it represents!

A lot of people's faces turned pale again and said, "I'm dead..."

"I don't understand. What's the use of finding it?"

Chapter 4199

"The blood mist is coming up..."

Ye Chen looked at the blood mist, and his face became more and more dignified

The blood mist is coming. The time left for them is only three sticks of incense

Is it really over?

Now, even Zhou Qiong, Lei Luocho and others have already lost their eyes

Just then!

A voice, suddenly sounded.

"I remember! I remember what these things are

A young man in black, his face was excited and yelled, and all of them, Shua, looked at the young man.

It seems that this young man is not very old, and his strength is only three layers of heaven and earth. Among the martial arts present, it can be said that he is at the bottom of the list!

It's a miracle to be able to live on the top of the mountain!

The top of the mountain is noisy for a moment!

Countless warriors were excited to shout at the young man: "what is this thing?"

"Can this pattern prevent the erosion of the blood mist?"

"Help us quickly. If you want any thanks, just open your mouth."

Ye Chen saw this, frowned and cried out: "shut up for me!"

In his big drink, he took the power to eat the soul. Those martial artists who were crazy to ask questions were all in a state of mind and calmed down for a time.

Zhou Qiong, Lei Luocho and others also said, "don't talk."

"Let the boy say, if you quarrel again, you will die for me!"

At the moment, the teenager seems to be extremely nervous, was yelled by the crowd, the brain is a little confused, stay in place, a bit at a loss.

Ye Chen said gently, "brother, don't panic. We still have time. What's your name? Can you tell me what this pattern is? "

The young man took a deep breath: "my name is Long Fen. I like to study all kinds of ancient characters and ancient history. The reason why I entered the Youwang ruins this time is not for any benefit, but to see if there is any discovery in the ruins..."

Ye Chen's eyes flashed. The young man's interest seems to be quite similar to that of modern archaeologists.

This is undoubtedly an alien in the world of martial arts. However, it is precisely because of the existence of people like him that the development of martial arts can be promoted in an invisible way. Even the evil spirits like Ye Chen and Zhou Qiong have to rely on this young man to have a chance to live!

Long Fen continued: "if I am not mistaken, this design is left by an extremely mysterious tribe in ancient times. This tribe, called the nine Yin tribe, has the ability to communicate with ghosts and gods in legend."

Ye Chen looks moving, communicating with ghosts and gods?

This Youwang is probably related to the half underworld, but it's not the stream of ghosts. If he comes from the Jiuyin clan, everything seems to be explained

Long Fen's eyes flashed, carefully recalled every detail of the pattern he saw. After a moment, he said, "I have studied the nine Yin clan specially. If I am not wrong, this is the array of the nine Yin clan. I should have the ability to activate it, but it takes time!"

Time!

At present, the distance from the blood fog to submerge the mountain peak is less than three inches, ah, it still takes time to crack!

For a while, many people's looks changed. Originally they thought hope was coming, but now it seems to be disillusioned

And ye Chen is a flash of vision, the more to this time, he knows that the more can not give longfennel any pressure!

Otherwise, longfennel's performance is worse, and their chances of survival are even more slim!

Therefore, he pretended to be relaxed and said with a smile: "long fennel, you can concentrate on cracking it, otherwise, you don't have to worry about it."

Zhou Qiong several people, also is nodding way: "good, the heart is good."

As a genius on the list of God stars, the nature of mind is also extraordinary.

Long fennel nodded his head and began to crack the array, looking for ways to activate it!

Drops of sweat fell from his forehead!

Time passes by minute by second. In a twinkling of an eye, the time of three incense sticks is coming!

The blood mist will soon spread to the top of the mountain!

People standing on the mountain can smell the bloody smell!

All of us are very nervous, feeling death, approaching step by step, the sound of heart beating, resounding over the whole mountain!

People look at the long fennel eyes, more and more crazy up!

Why?

Because it's almost three sticks of incense. What about longfennel?

Still staring at the ground!

What the hell is this for?

Break the array quickly!

Finally, someone couldn't help it. With a crash, a young man with dishevelled hair pulled out a long sword. The cold light was everywhere. The man moved and appeared beside longfennel. The sword pointed at longfennel and roared wildly: "boy! What are you doing in a daze? Break the array quickly! Still in a daze! The next second, if you don't act, I'll cut your leg! "Long fennel smell speech, eyes tremble for a while, his brow heart is tight wrinkly, seem to have been disturbed!

When Zhou Qiong heard the speech, her eyes flashed sharply. The next moment, without saying a word, she pointed out the Mitsubishi thorn in her hand. The next moment, the man with long hair fell on the ground, and there was a blood hole in his eyebrow!

Zhou Qiong said in a cold voice, "no one is allowed to disturb him, otherwise, he will die."

People's mind is awe inspiring, the crazy color in the eyes, just dispersed a point.

However, Zhou Qiong and others are extremely ugly at the moment, because time is really not much!

And at this time, longfennel surface appeared ecstatic color, said: "I know!"

The next moment, he did not hesitate to face the pattern on the ground, playing several Dharma decisions. The light of the Dharma decision accurately fell on several symbols and images!

This nine Yin clan array, suddenly burst out a gray light, between the flash of gray light, it was on the top of the people, turned into seven stars! It was really activated!

At the top of the mountain, people couldn't help cheering!

Even ye Chen was smiling at Longfen and said, "well done!"

But, all of a sudden, longfennel's face color, but suddenly a change!

He was a little flustered, looking anxiously at Ye Chen, Zhou Qiong and other strong men on the top of the mountain and said, "this There's something wrong with this array... "

"Is there a problem?"

Ye Chen looked heavy and said, "what's the matter? This array can't resist the bloody fog? "

Long Fen shook his head and said, "this is not However, this array is in accordance with the number of seven stars and can drop seven beams of light! The light of the seven stars can disperse the blood mist, but Of the seven beams, there are only seven positions! Each location can only accommodate one person You, give me a place... "

When people heard the speech, their faces turned pale in an instant!

There are nearly a thousand people at the top of the mountain!

And the seven seven star beams, according to Longfen, can only protect 49 people!

That is to say, the remaining nearly 900 people can only die!

Chapter 4200

In an instant, the whole mountain was covered with a murderous spirit!

Nobody wants to die!

Ye Chen said to Longfen: "I promise you, I will guarantee you a position!"

Zhou Qiong and others also said, "don't worry."

"If I live, I will not treat you badly."

"Activate the array, I'm the first to take you into the beam of light!"

Long Fen nods heavily. At the moment, he has no other way but to believe

As soon as he is full of spiritual power, he will completely open the array!

At this time, there was a sudden flash of thunder in the sky, and a figure appeared. The figure looked like a young man with purple stripes on his face. As soon as the young man appeared, his complexion changed slightly, and his figure fell uncontrollably towards the blood mist below!

This person, of course, is old bamboo.

Looking at the blood mist under him, Zhu Lao's eyes flashed a look of extreme panic. He roared, and his eyes instantly locked on the people standing on the mountain top!

At the next moment, a chain of thunder light was shot from his sleeve, which pierced the chest of a warrior in the blink of an eye! Wrapped around his body!

The warrior didn't seem to react. He took a look at the chain on his chest and looked dull!

With a strong force, old bamboo pulled the body of the warrior.

As soon as the warrior's face changed, he murmured, his feet pounded heavily on the ground. At the same time, he had an iron stick in his hand, which was also inserted into the soil!

Seeing this, Mr. Zhu's eyes showed a glow of joy. He fixed the body of the warrior and pulled his body to the top of the mountain.

He took a look at the blood mist around him and congratulated himself. If he had not been lucky, he would have died in the vicinity of the mountain.

For a moment, all the people present cast their eyes on Zhu Lao, with a look of fear in their eyes!

Although they have come back to the old bamboo, they don't know how to recognize it!

It's not good news that a strong person from the beginning appears at this time!

Old bamboo soon found Ye Chen. However, he also saw that the situation was very dangerous. It was not the time to find Ye Chen to avenge him. So he just stood still and did not make any abnormal move.

And longfennel drink a low, spiritual power crazy surge!

With a roar, a pillar of prayer light suddenly appeared in the sky, falling like thunder, and the blood mist illuminated by this light column actually dissipated in an instant!

In the light column, there are seven stones with starlight. This stone, only the size of a foot, can only stand on a stone!

For a moment, the whole mountain was quiet!

All the people's hearts were raised and looked at the seven beams of light eagerly, but they did not dare to act rashly!

At this time, a young man suddenly went out of the crowd and walked towards one of the pillars of light and said, "this is the pillar. I want it."

Whoosh, the fierce murderous air, the moment is like the wave surging!

Several people standing by the side of the warrior, even if they directly put their hands on it, there is even a heaven and earth nine layers of heaven and earth!

They glared at the young man one by one and roared, "who are you? Just grab a place? "

"Die for me!"

"This position is mine!"

Between life and death, these people do not have the slightest hand, a hand, is full strength, is crazy!
Even in the sky!

But

Soon, a strange scene appeared!

Time and space, as if there is a moment of stillness, that attack the youth of several people, are a stiff body, fixed in place, even from the sky, can not fully unfold!

Then, bang, directly burst into a blood mist!

Even the existence of the nine layers of heaven and earth is no exception!

Ye Chen's pupil shrinks and looks at the young man.

He had red hair, a silver Rune in his eyes, a purple robe and a scornful smile on his mouth!

At first, no one paid attention to him, because his strength was not strong. It was just eight layers of heaven and earth

But now, the youth's breath soared in an instant. Every step forward, his breath surged a minute. In the blink of an eye, his back was like a mountain that could not be climbed!

Its breath, unexpectedly is directly soared to the source!

Obviously, the young man suppressed the cultivation at first!

Bamboo old eyes flash fear color, this young man is a real young man, but the strength seems to be on their own!

The origin of a thousand years old!

What a monster this is!

Suddenly someone said, "it's him! Among the nine realms of Yangzhen, the genius of Bailing realm, Chifengshan! "

"The red wind fir that ranks more than 8000 in the God Star list?"

"The genius who killed the strong man in the world?"

"It is said that even some forces in the heaven and human realm have come to specially recruit the genius?" For a moment, the mountain is full of people's exclamation!

Ye Chen hears the speech and his eyes flash!

Yangzhen region, a vast territory, is divided into nine regions!

The people of the moon soul realm, commonly referred to as the Yangzhen realm, generally refers to the weakest of the nine realms of Yangzhen.

There is a big gap in the strength of each of the nine areas.

The first-class forces in the blazing heart region, if placed in other areas, may only be regarded as second-class forces, or even third-class forces!

Therefore, the strength of the forces in the Yangzhen region can not be judged completely by their grades!

Among these nine domains, it is recognized as the most powerful force, and is collectively referred to as the thirty sixth house of Yangzhen!

This is the real top power of Yangzhen!

These thirty-six houses are not all family forces, but also sectarian. Another name of the thirty-six houses is four halls, eight gates and twenty-four families!

Among them, the four halls are the strongest, the eight gates are the second, and the twenty-four are the most.

But even one of the 24 families is enough to crush most of the first-class forces in Yangzhen's nine fold region.

This Chifengshan is from the three yuan Taizhen gate, one of the eight gates!

For a moment, the public looked at the redwind fir. Although they were angry, no one dared to refute

The thirty six mansion of Yangzhen is even more powerful than many of them in heaven and human sphere. They can't afford to provoke

What's more, Chifengshan, from the three yuan Taizhen gate, has the strength to crush people, and no one has the ability to provoke them!

Red wind fir see shape, arrogant smile, body shape already fell on the first stone in the light column in the West.

At this time, a warrior's eyes flashed suddenly. While he was focusing on the red wind fir, he was also heading for a stone in the Western light column!

People were surprised and seemed to want to raise themselves, but

Red wind fir is to that person to stretch out a little bit!

The next moment, with a bang, the warrior was like a watermelon thrown down from a height of 50000 meters, and it exploded.

Everyone can't help but take a breath!

Chifengshan said with a smile: "you may not have heard clearly. I want this beam of light."

When they heard the words, their eyes lit up with anger!
