

Physician 4201

Chapter 4201

This man is so overbearing!

You want a light beam?

On that light column, there are seven positions. Chifengshan is a person, all of them are exclusive!

Can, dare to anger, dare not speak!

At this time, Zhou Qiong, with her entourage, also stepped forward and said coldly, "I, Zhou Qiong, want a light column!"

Say, fly straight up, Zhou family, a total of five people all fell on the east of the light column.

The rest of the soldiers, biting their teeth fiercely, became more and more ferocious, but still forbearance!

Zhou Qiong, they can't be provoked either!

At this time, the old bamboo also moved, his body flash, stepped on the southern light column, light way: "that, I'm not polite."

He doesn't pay attention to Ye Chen. At present, it's very important to protect his life. Anyway, there are many opportunities to kill Ye Chen.

Bear it!

Shiyuan old bamboo, they still can't afford it!

However, everyone's eyes were bloodshot and their faces were flushed. They were like the devil of hell. Obviously, they had endured to the extreme!

Now, there are four pillars of light left, and they have a chance to live!

Soon, however, someone spoke again.

"Wanjun Valley leiluocha, want a light column."

"Heaven and man travel home, to a light column."

"Small Xuantian forest Sheng, want a light column."

"A pillar of light is needed for a hundred barren mountains, GUI Lingyun."

In a moment, a stream of evil spirit, around the top of the mountain, almost to the essence!

All seven columns of light are occupied?

The strength of these people who speak is the best among the people on the top of the mountain!

However, we can't refuse to give them a way to live!

I don't know who it is. He yelled: "Damn it! Fight, blood fog is coming. Let's kill all the people who bully people. We can fight for the rest of the position with our strength, and there is still a chance of survival!"

"These big guys are going to kill us? Then, we will cut off their lives first! "

"Kill! Think you can be arrogant here? "

"Kill, kill

For a moment, all the people have put their eyes on the people of several forces who have just spoken!

Between life and death, who cares if you are a big power?

Boom! Boom!

Countless from the sky, overlapping on the top of the mountain, a series of terrorist attacks, swept around, blood, scream, instant rise!

On the top of the mountain, in a blink of an eye, it became the purgatory of the world!

Everyone is fighting for survival!

And the people of those big powers are naturally taken care of!

Blood, instant diffuse, dyed red the whole mountain top, there are soldiers died, all people are stained with blood, one by one like hell devil general!

A bloody scuffle broke out on the top of the mountain!

GUI Lingyun and others are also fighting madly. She has cultivated herself into a heaven and earth eight layer sky. However, because she has the blood of a mountain ghost, her strength is several points stronger than the ordinary heaven and earth eight layer sky. At the top of the mountain, she is a strong person in the upper reaches, but

Why not? There are so many people on the mountain!

What's more, where are the weak who can live to the present?

GUI Lingyun clenched his teeth and waved his bare hands. A green vine like weapon surrounded his body. Every time he waved it, he could tear an enemy apart!

However, there are more enemies, intrepid to rush up!

Soon, GUI Lingyun's wound is more and more, blood, dyed red dress!

As for Guixin and Guiping, they are even worse!

They have the blood of mountain ghosts. They are much more powerful than the ordinary top warriors of heaven. However, they can't defeat a hundred with one!

The sound of roar is endless. Guixin and Guiping have already covered with countless ferocious wounds and skeletons are clearly visible!

Guixin screamed, an arm broke instantly, and a big hole opened in his stomach. He retreated again and again, and the whole person's breath was weakened!

A fat man with a sledgehammer in his hand, a half step warrior from Shiyuan County, with a grim smile on his face, walked towards him, lifted the sledgehammer, and was about to smash his head!

He looked at GUI Lingyun and exclaimed, "Miss, help me!"

GUI Lingyun's beautiful eyes flashed. At the moment, it was very difficult for her to protect herself. However, she was still gnashing her teeth, one hand was facing GUI Xin, and a vine flew away and hit the hammer!

On the seemingly soft vines, a huge force broke out, which blew the warrior holding the sledgehammer upside down and flew directly out of the mountain top and fell into the blood mist!

And GUI Lingyun also because of distracted hands, Jiao body on a number of wounds!

Guixin generation is the servants of their family. Even, Guixin's mother took care of GUI Lingyun when she was a child. GUI Lingyun couldn't be ruthless and watched Guixin die!

Dan GUI took a new medicine and began to take it quickly. Ye Chen's face is plain. Although there are many warriors who rush towards him like crazy, the most fearless thing is this kind of scuffle with Ye Chen's strength and his nearly immortal constitution!

He blocked in front of the long fennel body, low voice way: "follow me closely."

Long fennel at the moment, the face has been scared white, repeatedly nodded, at the same time the heart was moved!

Just now, Zhou Qiong and others agreed well, but now, only Ye Chen is willing to take care of him!

With Ye Chen's strength, even if he protects one person, he is also comfortable on the top of the mountain!

At this time, there was another scream. Guiping, who was following GUI Lingyun, was killed by a sword!

Blood gushed wildly on his face, but it was not over. Another sword fell on his stomach, and his intestines ran all over the ground in an instant!

Even with the vitality of Mountain Ghost, it is hard to support under such serious injury!

While he reluctantly resisted the attacks of several enemies around him, he looked at GUI Lingyun with great horror and said, "miss! help me! I can't hold on! "

GUI Lingyun bit her teeth and said nothing. It's not that she doesn't want to save, but she is really to the extreme!

Self protection plus a GUI Xin, there is no spare time to take care of others!

In Gui Ping's eyes, there was a look of despair. Suddenly, he saw Ye Chen who was rushing towards GUI Lingyun's direction!

In a blink of an eye, ye Chen arrives at GUI Lingyun's side and destroys Daoyun. He kills several warriors who attack GUI Lingyun one by one.

He was helped by Gui Lingyun all the way. In addition, when facing Lin Xiaoshun, Liang Bo saved his life and made a convenience when he entered the Youwang ruins.

Ye Chen did not forget all these things and kept them in mind.

Now, it's his turn to help GUI Lingyun.

GUI Lingyun saw this, and on her pretty face, there was a touch of joy. With Ye Chen's strength, she was able to fight out of the encirclement and win a light column!

At this time, Guiping's scream sounded again, and one of his hands was gone!

Chapter 4202

Guiping eyes, showing a touch of pleading color, looking at Ye Chen said: "Ye childe, please, save my life, I will be your cattle and horses in this life, please!"

GUI Lingyun looks at Guiping, and a trace of unbearable color flashes in her beautiful eyes. Guiping, after all, is her servant, and her heart has always been very soft.

Although we know that Guiping has been disrespectful to Ye Chen all the way, ye Chen doesn't care about him, but it doesn't mean that Gui Ping's behavior has been forgiven

But at the moment, still can't help but say to Ye Chen: "Ye Chen Can you save Guiping? "

Ye Chen smell speech, eyebrow a frown, look at the eyes of GUI Lingyun, suddenly cold a minute!

How many times did Gui Ping abuse him all the way?

How many times do you want him to die?

Now, ye Chen didn't kill him. He has already given GUI Lingyun face. Now, do you want him to save this bastard?

"Are you kidding?" he said coldly

Hearing Ye Chen's words, GUI Lingyun's heart suddenly cools!

She heard the alienation in Ye Chen's words, even disgusted!

For a while, GUI Lingyun felt uncomfortable in her heart, which was even more painful than those wounds on her body.

Ye Chen light way: "Miss GUI, you and Liang Bo's kindness to me, I will return, this person, I will not save."

Then, he looked at Gui Ping indifferently and said with a smile, "don't you think I'm useless? How can I save you? If I do, I'm not holding you back? "

GUI Lingyun's delicate body trembled for a moment, and her heart was full of regret!

Why do you want Ye Chen to save people?

Clearly know how many times Guiping scolded Ye Chen, but also put forward this request, causing Ye Chen's antipathy!

Although, standing in her own position, in front of human life, she may not care too much, but she can not ask Ye Chen by her own standard!

For a moment, GUI Lingyun was silent.

And Guiping, like a dying mad dog, growled powerlessly: "damn bastard, how can you do this! You can't agree with the young lady when she asks you! Miss, you like you so much

However, before the words were finished, his body had been drowned by the sword light, and his death was extremely miserable!

Ye Chen has no expression on his face and says in a deep voice: "all follow me closely and want to break through!"

At the next moment, the burning sky erupts, and the destruction of Daoyun is stirring. Ye Chen's long sword comes out, and a frightening sword light instantly cuts several warriors in front of him into blood mist!

GUI Lingyun and others' eyes flashed and followed Ye Chen closely. Soon, in Ye Chen's crazy killing, several people came to the edge of the mountain top and jumped into the light column!

Ye Chen here, a total of four people, there are three positions on the light column.

At this time, three figures appeared in front of Ye Chen.

Two men and one woman.

One was wearing a blue shirt, one was wearing a red robe, and the last one, a woman, was wearing a long light yellow dress.

The moment Ye Chen's eyes fall on these three people's bodies is a look move!

These three people hide their accomplishments. However, under the guidance of Ye Chen's application of the Tongyuan method, their accomplishments are no more than that of the original state. You can get rid of the clouds and the three methods together. They bring ye Chen a sense of danger no less than the nine layers of heaven and earth!

It seems that these three people are the other three dark domain agents.

.....

China, Qinghai, Yuning county.

Yuning county is surrounded by mountains and has a small population. It was originally a place of seclusion. However, because there are colorful clouds and mirages over the years, it has entered the public's view.

But many years ago, for some unknown reason, an earthquake broke out here. It is said that there are historic sites in the world. This place is protected for the first time and tourists are not allowed to visit it.

At the moment, helicopters hover over Yuning county.

It's just because the grottoes are so weird.

The roar of wild animals is faintly heard in the grottoes, which makes the silent place more and more dangerous.

The warning line outside the cave continues to expand, and the dragon soul's team-mates are full of melancholy looking at the instruments in their hands.

Captain Jin and Mr. Ye have been in for a few months, and they don't know whether to live or not.

And Mr. Duan stepped into it not long ago, and there was still no movement.

Even the Tianzheng GPS, the highest technology in China, installed by Longhun on Mr. Duan, has completely lost contact.

They took a look at the grottoes and sighed. They didn't know what to do next.

In the grottoes, Yuan Daofeng sat cross legged and made constant breakthroughs in his cultivation. His spiritual power constantly poured into his body!

His face is very full, even a little flushed!

He's excited!

So many days, the drug effect has not been absorbed, can still break through!

He even speculated in his heart that before long, he would become the first person in this land!

His spiritual consciousness continued to spread, and he naturally found golden geese and Ye Lingtian circling in the dark.

Here is the elder's personal arrangement, although he knows that the elder is just a powerful sub body! But such means, ordinary people can't crack it!

As long as a few days later, he will let these two people stay in this cave forever! At that time, he will take over the dragon soul and become the master of Kunlun Xu!

Yuan Daofeng closed his eyes, but a smile appeared in the corner of his mouth!

.....

And another place, ye Lingtian's feet suddenly stop.

He closed his eyes and pinched his fingers. A drop of blood essence burned.

There is a very strange and obscure Rune in the air.

The rune radiates a brilliant light.

And ye Lingtian's face also paled a few minutes.

Obviously, this is a foreign array, which is hard to crack!

And he spent such a big price, can only reluctantly determine the position!

"Go

Ye Lingtian waved his hand and just wanted to step into it with jinlengyan!

All of a sudden, a sudden change and a wave came from the space behind!

Jin Lengyan and ye Lingtian take out weapons one after another!

But when they see the figure in front of them, they breathe out!

The person in front of him is Duan Huaian, the leader of the medical God sect!

Ye Lingtian put down his weapon and arched his hand: "master Duan!"

He is under Ye Chen, and Duan Huaian is Ye Chen's master!

This respect is inevitable!

Jin Lengyan also eased a few nerves and said excitedly, "senior Duan, how did you come in?"

Duan Huai'an came to the two men and made sure that there was no accident. Then he said slowly, "you have been in the cave for half a year. People are worried outside. I have to come in to confirm your safety."

"What! Half a year

Jin Lengyan and ye Lingtian's faces change greatly!

Here, time seems to be stagnant, they have no idea of time.

But in their cognition, guess should be about a month!

And now, I was told half a year!

Ye Lingtian came back to China with a mission. He wanted to investigate the changes of Chinese aura, and the xuanbei of reincarnation that the hall Master explained!

Now it's been delayed for so long by this cave!

Damn it!

Duan Huaian continued to ask, "what have you found?"

Ye Lingtian didn't dare to delay it any more. Mou Zi congealed and looked at a direction. Ning Zhong said: "if you want to know what you found, maybe you have to go there and have a look!"

The next moment, the three figures in a very fast speed towards a direction!

There, it is the place where yuan Daofeng refined pills and made breakthroughs!!!

Chapter 4203

Yuan Daofeng, who was refining pills, obviously sensed three kinds of breath coming towards this side.

His eyes were open and his expression was strange.

"Found out?"

According to reason, the prohibition imposed by the Lord here is impossible for Chinese people to be aware of it.

Duan Huai'an and Jin Lengyan know that they have no such ability.

It looks like there's only one man I haven't seen before.

This man makes yuan Daofeng feel threatened!

The realm of the other side is suppressed by the rules of heaven and earth! But I'm still afraid!

If you don't refine the pill thoroughly, you can't be the opponent under the other party's oppressive state.

His forehead was covered with sweat, and he didn't want to think about it any more. That gate should be able to fight for him for a period of time.

He has only one thing to do now!

Before the door is broken, break through to the extreme! Kill these three!

.....

Soon after, ye Lingtian's three steps finally stopped.

Ye Lingtian looks at the strange Rune on the gate and determines what he thinks.

Some words have appeared in the kingdom of God.

Ye Lingtian had studied many ancient books in the palace of subduing demons!

Although he can't recognize all of them, there are two words above the gate!

Emperor yuan!

"What is the emperor yuan hall going to do? Did the queen of the upper world intervene

"Is the change of Chinese aura the result of their arrangement?"

"Do they know that the reincarnation Lord has been reborn to China?"

"Want to do something about it? It indirectly affects the Taoist mind of the temple master

These are ye Lingtian's guesses.

But he's sure it's not that simple!

"Master ye, what have you found?" The golden goose has a wonderful way.

Ye Lingtian glances at Jin Lengyan and Duan Huai'an, without too much explanation, says: "now, break this door as soon as possible!"

Finish saying, ye Lingtian hand abyss break sin gun and come out, a spear stab on the door!

Unfortunately, the rules of heaven and earth fluctuated slightly, and the power of the abyss judgment gun was suppressed.

Try to suppress it as much as possible, and there is an extremely terrible vibration coming from the whole cave!

obviously, the power of suppression is too strong!

However, there is a crack in the gate!

The gate of the Fuwen of emperor yuan hall appears here, which is obviously not easy to crack.

Jin Lengyan and Duan Huai'an understand ye Lingtian's meaning, and they are not nonsense. Their spiritual power is surging around! Qi Qi bang on the gate!

Another crack in the gate!

And the cracks are spreading.

A blow! Another blow!

The crack of the gate is getting deeper and deeper, but still not broken!

And the three can only continue to blow!

They're racing against time!!

The external dragon soul team members naturally felt the earthquake around them and looked dignified.

They moved to safety and the quake was still strong.

"Lin Cheng, what magnitude earthquake is displayed on the computer?"

Speaking Zhong Haiming, he is the vice captain of dragon soul.

Jin Lengyan was trapped in the grottoes and his life and death were unknown. He could only carry the heavy burden.

The dragon soul team member named Lin Cheng looks at the big screen in his hand with a strange expression.

"Captain The instrument seems to be out of order There is no data... "

"However, the psychic detector seems to fluctuate..."

"This seems to be an earthquake shaken by force..."

Zhong Haiming's expression was stunned, and he looked at the Grottoes in the next second!

It was found that cracks appeared in all directions of the grotto!

What happened in the grottoes!

.....

Ye Chen at the moment naturally does not know what happened in China. He now stares at the sudden appearance of the dark field agent in front of him.

The identity of these people is absolutely not simple.

They either used some very special means to suppress their cultivation, or they had some kind of powerful and extremely powerful ability.

For example, when ye Chen met Su Zi in the deep moon sea, ye Chen's spirit power was not weaker than that of Shiyuan. However, even if Su Zi suppressed the spirit in the holy ancestral realm, he still possessed a terrifying soul power. With his soul destroying seal, he was able to kill the strong one from the source!

The two men, of course, are Lanxi, Xunan.

And the last woman, named Yu Zhen.

At the moment, in order to survive, they also do not care about competition, face.

Lan Xi said to Ye Chen solemnly: "can we enter the light column, Mr. Ye?"

Ye Chen smell speech, the vision is tiny twinkle, finally, still nodded a head way: "come in."

There are three positions. It's good to save their lives. After all, they are all agents in the dark area. If you can help, you can help. Soon, ye Chen's side of the light column has been full of seven people. On top of the other pillars, there are Lin Sheng, you Shaozhi, Lei Luochoa and others. All of them have their own masters.

And the rest of the warriors, are still crazy toward the rest of those pillars of light, but they are killed by Lei Luochoa and others.

Only Lin Sheng and ye Chen took in a few warriors.

Not long ago, a scream, it sounded at the top of the mountain, the blood mist came!

One by one, looking at Ye Chen and others in despair, disappeared in the blood mist.

For a moment, there was silence at the top of the mountain.

Originally, seven light beams could hold 49 people, but in fact, less than 30 people have survived. Lei Luochoa, you Shaozhi, Chifengshan and Zhu Lao are not full of light columns.

GUI Lingyun's pretty face, a touch of unbearable color, the scene is too cruel!

Tens of thousands of warriors, in a flash, they are the only ones left

At this time, ye Chen and others at the foot of the stone, suddenly moved!

Take them, follow the beam of light and fly to the end of the sky.

At this time, Lanxi stares at Ye Chen, and looks hesitant

Ye Chen saw this and couldn't help asking, "what's the matter?"

Lanxi said, "Mr. Ye, can you give me some of your blood..."

Ye Chen's eyes congealed. He didn't expect that Lanxi would make such a request

How can blood be given to others easily?

What's more, his blood has secrets!

Seeing ye Chen's look, Lanxi said, "don't get me wrong. I swear with Dao heart that I won't do anything harmful to him. The reason why I want some blood from him It's to study medicine! "

"Study medicine?"

Lan Xi nodded his head and said, "my blue family is an aristocratic family of poisons, not my boast. In the whole dark area, the skill of using poison is better than mine, and there are no more than five people!"

Ye Chen's eyes flashed. He was surprised

He practiced three methods of removing clouds in seven days. Is it frightening?

It's frightening enough. If he is a peerless genius on the three methods of removing clouds, Lanxi is the one with poison!

Lanxi continued: "however, my poison path has reached the bottleneck. In fact, medical skills and poison techniques are one. If I want to make a breakthrough in my poison technique, I can only look for possibilities in medical skills!

So research is needed, and research needs the blood of powerful creatures... "

Chapter 4204

Originally, he wanted to use the essence and blood of the highest and true spirits in the heavens for research, but!

When he heard of Ye Chen's deeds, his immortal constitution, and his terrible strength of leaping over the ranks, he changed his mind!

Lanxi's intuition tells him that ye Chen's blood is more valuable than those innocent spirits!

Ye Chen frowns, even so, he can not give blood to others at will, just as he opened his mouth, ready to refuse.

Lan Xi was staring at Ye Chen and said, "childe ye, there is a dark wound in your spirit. Am I right?"

"How do you know?"

This time, he was still surprised, but the spirit of the dark leaf could not be recovered, although the spirit of the dark leaf could not be recovered.

But Lanxi can see it?

Lan Xi said with a smile: "I said that poison and medicine are one. If you can't see it, I'm not qualified to ask for this blood with Mr. Ye."

He suddenly shook his hand, and several jade bottles appeared in front of him. The color of each jade bottle was different. Lanxi's wrist was connected, and the bottle cap flew up in an instant.

The jade bottle is full of rich flavor!

Ye Chen's eyes flashed. Some of the bottles were filled with poisonous gas, while others contained infinite medicinal power!

At the same time took out the poison and the elixir, is to do what?

The next moment, an amazing scene, appeared.

Under the control of Lanxi, the poison and elixir in the jade bottle were mixed in a certain proportion!

Ye Chen saw this and his eyes were shocked. He had a certain understanding of the way of elixir through the guidance of xuanhanyu. He could see that these materials had some mutual restraint in their properties!

Under normal circumstances, it is impossible to fuse, unless the proportion of various materials reaches a perfect balance!

If you miss a little bit, you will be thousands of miles away!

Blue river can't do it, but he can't be sure!

Soon, a new bottle of elixir appeared in front of Lanxi. He gasped and wiped the sweat on his forehead.

Obviously, it is not easy for him to configure this elixir.

Lan Xi smiles and throws the bottle of miraculous medicine to Ye Chen and says, "master ye, this bottle of medicine should be able to cure the wound on your spirit and soul."

Ye Chen took the jade bottle and gazed at the blue river and said, "do you want to exchange my blood?"

Lanxi shook his head and said, "no, I just want to express my sincerity. It's Mr. Ye's business whether you want to give it to me or not."

Ye Chen pondered for a moment, or the bottle of miraculous medicine, one drink!

At the next moment, his knowledge of the sea surged, a powerful medicine, into it, towards its spirit, perfusion and go!

Almost in an instant, the dark wound on Ye Chen's spirit recovered as before under the moistening of medicinal power!

Ye Chen's eyes flashed a ray of joy, this silk hurt, invisibly reduced its one point strength, now, he really recovered the perfect state!

Lan Xi's poison road is really good!

Ye Chen took a look at Lanxi, and suddenly with a stroke of his finger, he opened a hole in his wrist and poured some blood into the jade bottle. He threw it back to Lanxi and said, "take it."

A little blood, for him, is nothing in fact, and the secret of Ye Chen's blood is not so easy to crack.

If the general situation, ye Chen will never give, but, his character is happy, gratitude and revenge, Lanxi cured his injury, then, give him a little blood.

Lanxi took over the jade bottle, and his face was full of joy. In fact, this is the biggest purpose of his coming to the ruins of Youwang!

At this time, Xu Nan suddenly said, "look what that is!"

When they heard the speech, they followed Xu Nan's finger and looked at the sky. What they saw was a huge tall building!

The palace was suspended above the sky, and at the same time, at the end of each light column, there was a ladder connecting the tall building!

Ye Chen's eyes twinkled and counted. The tall building is divided into five floors!

And the whole high-rise building was shrouded in a very strong spirit of Yin death!

Just when all the people are staring at the tall building and don't know what will happen next.

Suddenly, a huge, fuzzy figure appeared in front of the tall building.

The shadow could not see his face. He was dressed in a black robe, and his whole body was full of Yin. When he appeared, all the people present were shocked!

Look at the shadow of the eyes, all with a trace of fear!

This figure, it seems, is a spirit of separation, but, only a spirit of separation, give them a feeling, but higher than the sky!

As long as the mind is willing, in a moment, it can kill all of them!

Presumably, this body is left by you king!

Then he glanced at the crowd and said slowly, "I am the king of Jiuyou. In the ancient times, I have been around the world for hundreds of thousands of years. I have never been defeated. I am invincible in the world! After that, he traveled all over the world. In order to seek the ultimate soul path, it took a million years to cultivate thousands of soul seals. Among them, five kinds of soul seals are the best.

First, the six spirits

Second, the heavenly ghost

the third, the hell fire

the fourth, the Xuangu

the fifth, the reincarnation

I refined the first four and the fifth, but I still couldn't accept them. Now, I am going to the underworld and can't bear to lose these five soul seals. Therefore, I will leave them in this building for a while Edge.

Since you have come here, you are the king's predestined people. Please remember that one person has to challenge the five soul tower once! If you decide to challenge, come to the building and recite the name of the king! "

After that, his body faded and disappeared into the air.

When people heard the speech, they were shocked and ecstatic!!!

On everyone's face, there is a look of incomparable excitement. The benefits of the Youwang ruins are much stronger than they imagined!

This king of you is the holy king of Jiuyou in ancient times!

Archaic times, compared with the ancient, ancient, wasteland, to be far away!

Moreover, it is also the most powerful era of martial arts!!!

At that time, there was another name, Honghuang!

In the time of famine, all kinds of horrible creatures were living between heaven and earth. If human beings want to survive, they have to become stronger and stronger again!

Therefore, martial arts strong, emerge in endlessly!

And the king of Jiuyou could use his soul path to cross the foreign lands of the ancient times?

How powerful it is!

If this news spreads out, the whole foreign continent will shake!

Even the big families in the heaven and human realm, or the hidden forces, or the super powers such as the demon clan holy land, can't help but fight for it?

Chapter 4205

Originally, although this Youwang relic is not simple, but no one would have thought that it was from a very strong Archaean age!

Now, it's all theirs!

The chance is bigger than the sky!

Even xuanhanyu was shocked and said: "even I'm wrong. However, the Youwang I thought was the descendant of the nine you holy king. Then, you may get the water of the spirit from the ruins!

However, it doesn't matter if there is no water of the spirit. The value of the soul seal is much higher than that of the spirit water. As long as you can get one of them, you also have the qualification to enter the half underworld. Moreover, the nine hell King finally mentioned the underworld!

This relic is in the moon soul domain again, and it is not certain that it can leave clues about the half underworld place! "

Ye Chen nodded, but he also asked, "xuanxianzi, what is soul seal?"

Xuanhan jade said: "the soul seal is a very special mark in the heaven and earth. It is born from the way of heaven. The birth conditions are extremely harsh. The function of the soul seal is also very strong, which can greatly enhance the strength of the spirit and even the body of the warrior! Moreover, the higher soul seal can even change the spirit of the warrior. You know that the powerful ghost and the soul are the most perfect, and the soul seal can blend your flesh and blood with your soul, so as to achieve the perfect state of the powerful soul!

Any one of these soul seals collected by the nine hell holy king is superior to that of other continents. You can't find a better one all over the whole foreign land. If you absorb one, you will be able to hide most of the ghosts in the semi underworld. Moreover, from now on, any attack of the spirit path will be almost invalid to you! "

Ye Chen hears the speech also is the face appears joyful, this soul is printed a bit against the sky!

When people look at the soul seal, their eyes are very hot, but no one really acts

Because, they are very clear, this kind of good thing left by the strong is not so easy to get

It can be seen from the blood mist appearing in the ruins.

If you want to get it, it will be more dangerous!

After all, these strong people will only leave their own inheritance to those gifted generation!

The world in the Archaean era is extremely cruel. It can be said that there are always strong people falling down all the time. If the inheritance is left to those martial artists with less qualification and strength, it will easily disappear in the long history with the death of the warrior.

That would be a waste.

Therefore, the test is necessary.

At this time, Zhou Qiong suddenly looked at an attendant beside him and said, "Zhou Xin, you go and have a try."

Zhou Xin's face turned pale at the smell of the speech. He didn't know that Zhou Qiong wanted him to test water and be cannon fodder!

Zhou Xin stood in the same place for a while, his eyes twinkled. Obviously, he didn't want to go

"Do you want me to say it a second time?" Zhou Qiong said

Zhou Xin looked at Zhou Qiong's expression, trembled for a moment, bowed his head and said: "I dare not, subordinate, I'm going to..."

Zhou Xin, the strength of the eight layers of heaven and earth, challenges the soul seal and has a chance to survive, but disobeys Zhou Qiong

That's death.

The next moment, Zhou Xin's body moved, then fell on the stairs, walked in front of the tall building.

He said sincerely, "younger Zhou Xin, please pass on my six soul seals with the permission of the holy king of Jiuyou."

What he challenges is the first six soul seals. According to the order of Jiuyou holy king, the reincarnation soul seal that he can't even refine should be the strongest. Then, the six soul seals should be the weakest.

The weaker the soul seal, the less difficult the test should be.

As soon as his voice fell, a gray light was scattered in the building of the five souls. The flash of gray light fell on Zhou Xin and rushed towards his body!

Zhou Xin a Leng, the next moment, is the face of ecstasy!

After the influx of gray light, its cultivation is actually soaring!

All the people in the light column were shocked!

At the next moment, Zhou Xin's body suddenly shocked, and his eyes bloomed with piercing divine awn. He seemed to see something very mysterious!

He suddenly raised his head and let out a long roar. His whole body was full of breath and was frantically expanding. Moreover, the spirit of heaven and earth was emitted from his body!

Zhou Xin, is actually in this gray light promotion, the breakthrough!

People are a little creepy!

This gray light, so powerful!

Can you help people break through the realm?

It seems that this gray light is the reward of the king of nine you to the challenger!

Zhou Xin is almost crazy with joy. After breaking through to the nine layers, his strength has greatly improved. Now, even if he challenges the six soul seals, he has a point of self-confidence!

He was a little excited to think, maybe he can really get the soul seal?

That's a blessing in disguise!

The next moment, a golden channel appeared in front of Zhou Xin. The passage connected the first floor of the five souls building!

The soul seal must be in the first layer! Zhou Xin swallowed a mouthful of saliva, and then stepped into the channel!

At the moment when he entered the channel, a strong Yin Qi was in the channel, surging up. Zhou Xin's face changed, and the Yin Qi instantly turned into a ghost claw, and he grabbed him hard at him!

In his hand, Zhou Xin's sword was so terrible that he could drink it

The sword formula trembled and the sword spirit was surging. Zhou Xin's wrists moved continuously. His spirit was like a sea. He poured into the sword. On the long sword, the light of the sword flashed. In an instant, 13 swords were cut out. Each of these swords gave off a strong flavor of antiquity. Obviously, it was inherited from a very long time ago!

The thirteen swords are crisscrossed, and the sword light interweaves with each other. It is a faint charm that the sword cuts the heaven and earth. The fierce sword light, in an instant, collides with the ghost claw of Yin Qi!

At the next moment, there was a roar and a cold breath swept around. Even the warriors standing in the light column were all slightly cold!

And in Zhou Xin's position, burst out a burst of intense white light!

Light convergence, people, are in an instant looking at Zhou Xin's position!

At the moment, Zhou Xin had a ferocious claw mark on his chest. His blood flowed through his chest. He was panting and was seriously injured!

Everyone's face color, is a change!

This is the first step on the steps!

Seriously injured?

Next, how else?

Zhou Xin gritted his teeth and took a pill. He stood up and took the second step with great dignity!

He is full of sword spirit and is ready to shoot again!

But

Quiet

Nothing happened!

Zhou Xin went out the second step safely!

On his face, there was a glow of joy. Was this the first attack?

Now, has he passed the test?

Chapter 4206

This passage is 24 meters long. Now, he has successfully passed two meters!

Zhou Xin's eyes suddenly brightened and stepped forward again!

Nothing!

Nothing!

Nothing!

This time, Zhou Xin, straight forward five meters, nothing!

For a moment, the people in the light column looked strange. This first soul seal was not just got by a servant of the Zhou family, right?

Zhou Qiong's face is also a little ugly, it seems to be in regret let Zhou Xin test water!

However, when Zhou Xinfei quickly walked to the ninth meter, the vision reappeared!

This time, however, it was a long ice crystal sword condensed by Yin Qi. It suddenly emerged and chopped at Zhou Xin at a lightning speed!

Originally, is full of joy, want to until the end of Zhou Xin, face color suddenly changed!

This long sword seems to have no prestige, far less powerful than that ghost claw, but!

Zhou Xin is feeling endless danger, stimulating his nerves!

The warrior's intuition told him that the sword was terrible!

The warriors in that light column are also a congealed face!

From their eyes, we can see that this ice sword is much better than ghost claw!

Zhou Xin resisted the ghost claw, and he was almost full. How to block the ice sword!

His eyes were filled with blood, and then his face was red again!

He burned his blood essence!

"Ancient thirteen swords!"

Zhou Xin roared and gave all his strength to the sword without any remaining. The spirit power in his body was poured into the long sword. Thirteen swords flashed out in a flash, and they were chopped on the ice sword in an instant!

At the next moment, there was a great noise, which broke out. The thirteen sword lights, with extremely fierce momentum, bombarded down!

But

All people are instantaneous pupil contraction!

Ice crystal sword, under the impact of the sword light, not to mention broken, not even a crack!

Seeing this, Zhou Xin saw a look of desperation in his eyes. After a flash of his body, he fled to the rear, shouting: "young master! Young master, help me

Zhou Qiong stood in the light, but her face was cold and indifferent. Let alone that he did not dare to intervene in Zhou Xin's trial now. After all, it is very dangerous to interfere in the trial left by Taigu great power at will, which means disrespect to the great power.

Even if he can, he won't.

In case, the six soul seal really got Zhou Xin, what to do?

Although Zhou Xin is a member of the Zhou family and is loyal to himself, he is only a servant. Can a servant be able to get hold of such things?

In a flash, the ice crystal flying sword has been cut to Zhou Xin's back. His face is already pale. He presents a white bell. The bell makes a light sound, and a white light curtain blocks Zhou Xin's back.

But it's useless.

Ice crystal flying sword, easily hole through the light curtain, Zhou Xin issued a shrill Scream: "no

Before the scream was completely sent out, a blood hole was pierced out of his chest. A flying sword full of Yin Qi shot out of the blood hole. Zhou Xin's eyes lost their vitality in an instant, and even his soul was smashed by the sword spirit.

His body fell straight to the ground and slowly sank under the golden passage.

A warrior who has just advanced has disappeared without a sound

The faces of the people in the light column are not very good-looking

Many of them are confident that their strength is above Zhou Xin. However, this is the test of the first soul seal. Is it so difficult?

Originally those several quite self-confident favored son of heaven, now, the heart also thoroughly sank down.

For a moment, in front of the building of the five spirits, the crowd was silent again.

Suddenly, a young man, could you try my eyes

This young Youjia is also a servant. His accomplishments are the same as Zhou Xin's. However, his real strength is stronger than that of Zhou Xin!

You Shao, a young master of you family, heard his words and said, "you Cong, you must be careful. That ice sword is not easy to deal with."

You Cong smell speech, in the eye flash a shrewd color, smile way: "I will pay attention to."

After that, he fell in front of the high-rise building, and said with a trace of interest: "I'd like to meet the king of Jiuyou, younger generation. I'd like to challenge the seal of six souls!"

The next moment, a gray light lights up again and falls on you Cong's body.

People's eyes flash, this gray light than Zhou Xin challenge, to more than double!

You Cong's face is enjoying himself very much. His breath is soaring. Soon, he breaks through the nine layers of heaven and earth!

Moreover, after his breakthrough, the gray light still did not disappear, and his cultivation was more stable than Zhou Xin! After the gray light dispersed, you Cong slowly stepped on the golden channel, but this time, the Yin Qi claw did not appear!

When an attack occurs, it should be random.

You Cong stops for a moment, then continues to walk forward, one step, two steps, the third step, ghost claw reappearance!

With Zhou Xin's warning, you Cong is already ready. In a moment, you Cong has a boxing set in his hand, and a fist blows out. The powerful fist power collides with the ghost claw and vanishes one after another!

It was quite easy for him to block the attack.

However, all of them have no difference. The key lies in the second attack!

However, you Cong just smiles. As soon as he turns around, he leaves the golden channel and says, "Oh, this channel is too difficult. I don't want to challenge any more. Now I decide to give up!"

Everyone was stunned, and then they all looked strange.

You Cong is smart, so even if he can't get the soul seal, he will be able to gain something. He doesn't need to take any risks.

For a while, many people were eager to try.

However, at the moment you Cong left the golden channel, his whole person was suddenly frozen!

After that, you Cong will explode directly in front of the public!

Everyone was shocked to see this

It seems that playing smart is not a good choice in front of Jiuyou holy King

This challenge, once started, can't we quit?

Or, even if you quit, you have to do your best!

Zhou Qiong frowned. To tell the truth, he was moved. He wanted to challenge the six soul seals. With his strength and the gift from the king of Jiuyou, he was 90% sure that he could successfully pass through the golden channel!

The difficulty of the back passage is not sure. He doesn't want to return empty handed!

Can, at the moment, ye Chen, Chifengshan and others are indifferent, completely do not want to challenge the meaning!

That is to say, the goal of these people is to have a stronger soul seal. With Zhou Qiong's pride, they are not willing to show weakness in front of these people!

At this time, Lin Sheng looked rather dignified and said, "I'd like to have a try!"

Chapter 4207

The next moment, he moved and fell in front of the tall building.

Lin Sheng comes from xiaoxuantian, which can be regarded as a hidden place not recorded on the map outside the territory. However, xiaoxuantian's martial arts are also quite powerful, and Lin Sheng is the son of xiaoxuantian's first family!

He bowed to the high-rise building and said, "elder Lin Sheng, please allow me to challenge the six soul seals!"

In a flash, a huge amount of gray light, whistling out, toward Lin Sheng, crazy surge!

Lin Sheng sees this, the whole person is incomparably excited!

Lin Sheng's martial arts talent was obviously against the sky. The gray light that appeared at the moment was extremely solid and poured in, which was several times more than Zhou Xin and you Cong combined!

At the next moment, the gray light moth to the fire melted into Lin Sheng's body. In a moment, his breath was frantically inflated, with a roar of thunder. From Lin Sheng's body, his cultivation broke through to the original state directly!

The Lin family's attendants were all surprised and cheered!

You know, the original state, even those demons, want to improve a realm, it is difficult, and every breakthrough, the strength will be earth shaking changes ah!

After breaking through the original source, the gray light was almost consumed. Lin Sheng's breath was restrained and calmed down. At the next moment, his body moved and directly stepped on the channel!

In the third step of the passage, the ghost claw appears. Lin Sheng snores coldly. He has a long golden sword in his hand. When his wrist turns over, it is a sword cut out. Between the golden light floating, the ghost claw disappears in an instant!

It was almost a breathing time. Lin Sheng had already arrived at the thirteen meters. At this time, the Yin Qi was surging wildly. The ice crystal flying sword appeared again, and it was slashed at Lin Sheng!

Faced with the ice crystal sword, even Lin Sheng, who lived in the original region, was dignified. He murmured: "dark gold breaking soul sword!"

Lin Sheng's figure, accompanied by the golden sword in his hand, danced wildly. A sword seal appeared in front of Lin Sheng. The golden sword turned into a golden universe. The universe full of sword spirit collided with the ice crystal flying sword!

Even ye Chen's eyes also slightly appear a touch of amazing color, Lin Sheng's sword sense is very strong, the road seal is also very strong, compared with the sinking moon sea of Lin Jianqing also not to let!

Especially after he broke through the original territory, his strength was soaring!

Sure enough, although Lin Sheng's face was reluctant, and his wrist trembled a little, he still held his sword move. The light of gold and gray mingled with each other. Under the impact of the golden light, there were cracks all over the long ice crystal sword!

Next moment, boom!

The flying sword, finally broken!

Lin Sheng's eyes flashed with joy and continued to move forward. Soon, he came to 20 meters away!

At this time, Lin Sheng's body suddenly sank. His face changed slightly and stopped his steps!

Rolling Yin Qi, like a mountain, pressed on Lin Sheng's body. It was just like supreme gravity!

The sweat on Lin Sheng's forehead surged out in an instant. He yelled: "Xuanjin Jiulong body!"

The nine golden dragons soared from Lin Sheng's body in an instant. They became dragon patterns and were engraved on his body. At the moment of Jiulong's appearance, Lin Sheng's strength soared in an instant and took a step forward against the infinite Yin Qi!

With a bang, the whole sky seemed to shake!

"Double cultivation of Dharma and body"

Ye Chen picks his eyebrows. Lin Sheng's martial arts qualification is quite good. He not only practices Kendo, but also cultivates his body?

It seems that these six soul seals will belong to Lin Sheng.

Lin Sheng roared. Every step he took, his bones were broken. When he stepped out of the third step, he was covered with blood, but his eyes were as bright as ever!

It's only one step to get into the gate!

Lin Sheng took a deep breath and kneaded it with both hands. His self-consciousness suddenly converged on Lin Sheng's body surface like a thin film.

Lin Sheng's self-reliance is a big mountain. At the moment, people can see that there are many trees and rocks growing on his body. After using this secret method of controlling self-reliance, Lin Sheng's whole human breath is suddenly elevated and finally stepped out!

However, there are also cracks in the sky, which are obviously damaged!

But it's worth it!

The next moment, the gate opens, and there is a stone platform in the center of the first floor of the five souls building. On the stone platform, there is a mark with blue light curtain, which is the six soul seals!

Lin Sheng's face was full of joy, and his body flashed. Before he came to the soul seal, he saluted respectfully and began to absorb it!

The soul seal has been refined by the holy king of Jiuyou. It is not difficult to absorb it. Soon, Lin Sheng is in a state of meditation.

Zhou Qiong's eyes were gloomy, and Lin Sheng got the first soul seal!

Now, there are only four tracks left. At this time, Ye Chen secretly opened his mouth to Gui Lingyun: "Miss GUI, if you want to get the ghost seal, it's best to challenge the ghost seal on this day. It's the most suitable one for you."

This is what Xuanhanyu told him. According to Xuanhanyu, the Mountain Ghost clan is likely to be the descendant of the Tiangui clan. The Tiangui ghost seal naturally matches GUI Lingyun.

Ye Chen inherited GUI Lingyun's love, even if he resented GUI Lingyun's previous request, he would not conceal the news.

At the moment, GUI Lingyun is hesitating. Suddenly, she hears Ye Chen's words. A glimmer of joy flashed in her beautiful eyes. Her first reaction is not that her soul seal is suitable for her, but she is happy. Ye Chen talks to herself!

Immediately, without any doubt, she nodded and said, "OK, I'll listen to you."

GUI Lingyun's body moved and was about to jump towards the high-rise building. But at this time, a thunder light suddenly hit her!

GUI Lingyun's pretty face flashed a little startled, and was about to make a move, but Ye Chen moved ahead of time.

A sword light flashed by, which instantly extinguished the thunder light.

Both of them are looking in the direction of thunder and lightning. It's thunder LuoCha!

Lei LuoCha sneered: "this child, want to challenge this day ghost seal."

When Zhou Qiong heard the speech, she didn't say anything. If it had been, he might have defended GUI Lingyun. But now, seeing the way she gets along with Ye Chen, Zhou Qiong's attitude towards her has

changed. Instead, she looks at them sarcastically and sneers: "ha ha, two people, very loving? The lunatic in Wanjun Valley is not easy to provoke. "

He now hopes that Gui Lingyun and ye Chen will have bad luck!

GUI Lingyun Xiu eyebrows wrinkled tightly, she is not the opponent of Lei Luochoa, GUI family is not the opponent of Yin Lei tribe!

So she didn't dare to argue

But at this time, ye Chen opened his mouth.

"Is it?"

Ye Chen and Lei Luochoa looked at each other and said faintly: "you want to challenge, but you just attacked my lady. I'll give you a sword, isn't it too much?"

Chapter 4208

After all, ye Chen's whole body was destroyed, and the Taoist rhyme was agitated, and the blood burning formula, the body of the celestial demons and the hundred evil bodies of the Mongolian Dharma broke out one after another. One sword seemed to be the light of the sword that could divide the heaven and earth into two, and roared toward the leiluosha!

Originally thought that Gui Lingyun was bound to give in, and Lei Luochoa, who was about to go in front of the high-rise building, suddenly changed his face. He roared: "darn boy, dare you

While the servants around, the whole body breath together want to resist leiluocha, but in the face of the terrible pressure of the sword light, for a time, they are pale, even dare not to hand!

Lei Luosha's face sank and roared, and the whole body flashed with electric light. At the same time, a huge axe appeared in the hand. The whole body of the axe was dark, and there was blood thunder around it. It interweaved with the electric light of the whole body of Lei Luocha!

Then, with his arms raised high, the thunderbolt burst out in an instant, and the shadow of a lightning axe rolled toward Ye Chen's sword!

There was a big bang, and the thunder light sword awns hit each other. The pupil of Lei Luocha shrank, and the body cracked. A trace of blood spilled from the corner of his mouth!

Then, thunder light and sword awn soon disappeared. This Lei Luocha is a heaven and earth nine layer sky existence, the strength is strong, but, and ye Chen fight, although blocked the other side's attack, but also suffered a little light injury.

Ye Chen said to Gui Lingyun, "go now."

GUI Lingyun nodded and her figure flashed. She was in front of the tall building.

Lei Luocha looked in his eyes. Although he looked ugly, he didn't stop

He was injured, although it was only a slight injury, but even Lei Luocha was very confident, he did not dare to challenge the five soul building with the injured state. If he was not good, he would die!

Lei Luocha bit his teeth and roared at Ye Chen: "remember for me! I will never let you go

Ye Chen smile, lazy to pay attention to, he offended people are still few?

GUI Lingyun worships the high-rise building. The gray light against the sky rises again, facing the GUI Lingyun, pouring.

Look at the scale of gray light, and Lin Sheng is almost the same!

The atmosphere of GUI Lingyun is constantly climbing, and soon, it has reached the origin of half step!

She has an impulse to break through to the original place directly, but GUI Lingyun doesn't do this

Instead, he stifled and began to suppress cultivation!

Ye Chen saw this, and a smile appeared in the corner of his mouth.

If he did.

No matter how strong the gray light is, it is also an external force. If you make such a breakthrough directly, the foundation of martial arts will inevitably be unstable. However, GUI Lingyun's best practice is to use the gray light to consolidate the foundation. Her foundation and potential can be improved!

However, in the face of this challenge, how many people dare to take risks to consolidate the foundation? At this time, enhance the strength of the benefit is greater!

Soon, the gray light dissipated, GUI Lingyun also took steps!

On the second level, no one has challenged him. GUI Lingyun mentioned that he was extremely careful!

The first step, nothing, GUI Lingyun slightly relieved, continue to move forward.

The two golden channels, connecting the second floor of the five souls building, have been increased in length, about 36 meters.

Soon, most of the people present were looking at GUI Lingyun with a gloomy face

Why?

Lucky for her!

GUI Lingyun was even after 16 meters, have not been attacked?

People are jealous!

In particular, leiluocha, eyes flashing with resentment, should have stepped on the channel should be him, lucky should be him!

Even GUI Lingyun did not believe her luck any more. Her pretty face was full of joy!

Ye Chen said with a smile: "maybe, good girls, luck is better."

But at this moment, suddenly, came!

Extremely strong Yin Qi, surging in the channel, a cloud suddenly appeared on the top of GUI Lingyun!

That cloud condenses in the vanishing thunder light, actually is makes the present Tianjiao people, is a burst of panic!

"Dead! This woman is dead

Lei Luocha was more furious and looked at Ye Chen fiercely and said: "this is the real nine days Yin thunder, which is higher than the Yin thunder inherited by my Yin Lei tribe!

Ye Chen, you killed him

Ye Chen doesn't pay attention to Lei Luocha, but his look is also congealed

The thunder is really terrible

If you don't come, you'll have to!

GUI Lingyun instantly fell from heaven to hell!

GUI Lingyun's beautiful eyes looked at the thunder light, and her pretty face was white. She took out a section of old dead wood and poured it into it without reservation. The dead wood seemed to recover its vitality, and instantly grew into a giant tree, blocking GUI Lingyun's head!

The huge wood, emitting a very calm spirit of wood, people's eyes, a flash of color, even the original source of bamboo, no confidence can break the defense of this giant wood!

But

The power of the thunder light, obviously beyond the level of the source, the giant wood in the thunder bombardment, is actually rapidly broken up! GUI Lingyun saw this, a trace of despair appeared in her beautiful eyes. Did she really want to fall here?

Lei Luocho, Zhou Qiong and Zhu Lao all laughed!

They wish GUI Lingyun would die!

Ye Chen sighs, the world of martial arts is so cruel

If you want to succeed, you have to take risks!

But at this time, a scene beyond everyone's expectation appeared!

The second floor of the five souls building, the closed gate, was suddenly opened automatically!

Behind the gate is an emerald soul seal!

What's more, after the emerald soul seal flashed, it took the initiative to shoot at GUI Lingyun!

All of us are dumbfounded and dumbfounded

What's going on?

Isn't it true that only by passing the test can we inherit the soul seal?

Is it possible for the soul seal to find a host?

Ye Chen's face is also startled. At this time, xuanhanyu said, "the breath of GUI Lingyun has changed!"

Ye Chen's eyes flashed, just at this time, behind GUI Lingyun, suddenly emerged a virtual shadow, a very beautiful woman's virtual shadow!

As soon as the shadow appeared, everyone felt stiff!

A kind of blood pressure, coming down!

Ye Chen murmured: "blood wake up?"

You Shao saw the pupil contract and exclaimed, "the blood of the ghost? That's the blood of the gods

When people heard the speech, they were all awed by their hearts. No wonder they felt the pressure of their blood

The ancestor of the Tiangui clan, according to legend, was the daughter of Xuanyuan emperor, who was transformed after she died.

Therefore, the blood of the heavenly ghost clan is no worse than that of the higher Protoss, which is extremely powerful in the big world!

It can be imagined that the day ghost blood terror to what level!

And the ghost seal that day was probably attracted by Gui Lingyun's blood!

Indeed, no one is more suitable to be the inheritor of Tiangui seal than Tiangui clan!

Xuanhan Yu said in a deep voice: "the origin of this girl is certainly not simple! She not only wakes up the blood of the heavenly ghost, but also matches the blood of the ghost of the day

Chapter 4209

"Ye Chen, you have to work hard. From now on, GUI Lingyun, the girl, will step up to the sky and her martial arts qualification will change dramatically. She may even leave you behind!"

Ye Chen smell speech is surprised, his progress speed is fast enough? Can GUI Lingyun still leave him behind?

He couldn't help but say, "what's the meaning of 100% fit? Heaven and ghost blood, so against the sky?"

Xuanhanyu said: "let me tell you, even among the Tiangui people, those who can 100% match the blood vessels are also gifted. In fact, there are very few pure blood vessels in the world. Most of the blood veins are complex, so they can't fit the body perfectly.

For example, Xu Shenglong's awakened blood of the red moon tiger king is not weak. If he grows to the extreme, he will be equal to the heavenly ghost clan. But in fact, Xu Shenglong is much worse than GUI

Lingyun, because his blood is not pure enough! Even if we wake up, we still can't fit in perfectly. The degree of agreement is only about 10%

Although GUI Lingyun's blood is complex, it can fit perfectly. I don't know why, so I said she was not simple! "

At this time, the ghost seal had been blocked in front of GUI Lingyun's delicate body that day, unexpectedly, a force broke out to resist the nine day Yin thunder for her!

The thunder light flickered for a moment, but in the end, it was unable to tear up the defense of the sky Ghost seal and disappeared

GUI Lingyun, at the moment, seems to have fallen into a coma because of the awakening of his blood. However, the ghost seal was actively integrated into GUI Lingyun's delicate body that day.

All of us are looking dull

GUI Lingyun actually fused the ghost seal in the channel?

The soul seal fused so quickly that Gui Lingyun's cultivation broke through in an instant!

Although the breakthrough, but the foundation of martial arts is extremely stable!

What's more, ye Chen can feel that Gui Lingyun's body, spirit and so on have undergone a qualitative change!

Soon, GUI Lingyun woke up. Although her pretty face was full of joy, there was a touch of cold and dignity in the original fresh and natural temperament. That was the temperament brought by the blood of ghosts.

At the moment, GUI Lingyun, who is cultivating himself in the first level of heaven, actually has the strength of no less than two layers of heaven in the source of cultivation!

She flashed back into the light.

Ye Chen said with a smile, "congratulations."

GUI Lingyun looked at Ye Chen gratefully and said, "Ye Chen, because of you, I can awaken my blood and get my soul seal. Thank you!"

Ye Chen said: "don't thank me. It's your own chance. Otherwise, you have just died."

At this time, a woman's voice rang out in Gui Lingyun's mind and said: "girl GUI, I advise you not to care too much about this boy. Your blood is too strong. You are destined to leave here and go to a higher and stronger place. Although this boy is still excellent, he is not worthy of you."

Hearing this, GUI Lingyun frowned.

This woman, named Qingyi, is a strong man from the ancient times. In ancient times, she is a great woman!

Qingyi was once in this secret place by mistake. He fell down unexpectedly. He had no choice but to lodge the remnant in the ghost seal and fell into a deep sleep

Meanwhile, GUI Lingyun fused the ghost seal of heaven, and Qingyi also formed a symbiotic relationship with her.

GUI Lingyun secretly said, "Qingyi, don't say ye Chen like that!"

Qingyi snorted coldly and stopped talking.

At this time, another person fell directly in front of the high-rise building, and could not wait to open his mouth: "the holy king of Jiuyou is up, younger generation, willing to challenge the third floor!"

This man is a young old bamboo!

Seeing GUI Lingyun's experience, Mr. Zhu also wanted to have a try!

In case, what kind of blood can you wake up to?

Even if he can't, after all, he is a strong veteran with many means to protect his life. He should be able to retreat safely from the channel and get a gray reward!

However, this time, the gray light did not appear

Bamboo old face color is ugly, again way: "please give me gray light!"

However, there is still no movement

It seems that Zhu Laoshi's means have entered the secret realm, but they can't get the approval of the holy king of Jiuyou

He had to go back to the light column, and at the same time, he looked at Ye Chen faintly. He didn't know what he was thinking.

At this time, xuanhanyu opened his mouth and said, "Ye Chen, which floor of the five soul building do you want to challenge?"

Ye Chen said, "which level do you think I should challenge?"

Xuanhanyu said: "nature is the fifth layer. You are the master of reincarnation. You should have something to do with this reincarnation seal! What's more, the reincarnation soul seal can't even be refined by the king of Jiuyou. You can imagine how strong it is

Ye Chen but smile: "No

"No?" Xuanhanyu was surprised. What would he challenge if he didn't challenge reincarnation?

Ye Chen said in a deep voice: "I want all the soul marks that other people can't successfully challenge."

"What?" Xuanhanyu was a little worried, "Ye Chen, you are likely to violate the king of nine you!" Ye Chen said with a smile, "how can it be? First of all, the king of Jiuyou said that one can only challenge once, but he didn't say that he could challenge several soul seals. Then, it's not that I didn't give other people a chance to challenge. If they failed, it would be better to give me the soul seal than to stay here and be buried? "

Xuanhanyu couldn't help laughing bitterly. Ye Chen was really too jumping off, too bold!

However, if successful, the benefits are also great!

Just after the old bamboo returned, Chifengshan suddenly looked at Ye Chen and said with a smile, "your name is Ye Chen, right? It's your turn to challenge. "

Although he was laughing, he was in a commanding tone!

Obviously, I want to test water with Ye Chen!

Ye Chen smell speech, eyes flash, looking at the red wind fir way: "you challenge first, I challenge finally."

"The final challenge?"

A cold color flashed over the surface of the red wind fir: "what makes you finally challenge?"

He suddenly looked at you Shaozhi, Lei Luocho, Zhu Laoren and so on: "do you agree with his final challenge?"

Old bamboo and others, at the same time, laughed sarcastically. No one would offend Chifeng fir for ye Chen's sake.

Besides, two of them still have a grudge against Ye Chen!

They all said in one voice: "disagree!"

Chifengshan looked at Ye Chen and said, "did you hear me? If you don't want to challenge, we don't mind giving you a ride. "

Originally, they thought Ye Chen would be unwilling and angry, but!

This time, ye Chen even smile, and also smile very happy?

Ye Chen looked at the red wind fir and other humanitarian: "thank you, in this case, I am not polite."

After that, he fell in front of the tall building.

Thank you?

A few people, a little silly, is this boy OK?

Forced to test water, thank you?

Qingyi also sneered: "girl, did you see it? This guy has no backbone at all. Although his choice is very wise, his achievements in martial arts will not be too high! "

Chapter 4210

GUI Lingyun's beautiful eyes, with a puzzled color, she frowned: "no, ye Chen is not such a person..."

She is very clear, ye Chen in the face of Lin Xiaoshun is how strong, overbearing!

Qingyi sighed and said, "silly girl, you are just the beauty in the eye of the lover. You have a good impression on him. When he was in the scenery, can Lin Xiaoshun compare with Chifengshan and ZhuLao?"

GUI Lingyun's beautiful eyes twinkled for a moment. Is Ye Chen really a counsellor?

Suddenly, she bit her lip and stopped Ye Chen and said, "Ye Chen, you Don't challenge, if it's because of the threat from the redwood and others... "

In Gui Lingyun's beautiful eyes, a touch of cold light appeared and said, "I will not let them fight you!"

At the moment, GUI Lingyun wakes up the blood of the heavenly ghost and obtains the seal of the ghost. Her strength soars. Even if she is against Chifengshan, she is confident that she has the power to fight. Although, if Chifengshan and Zhu Laoren join hands, even GUI Lingyun can't win, she can still do it!

"What are you doing, girl! It's not worth it for this boy

Can, ye Chen is light to see GUI Lingyun one eye way: "thank you for your concern, I can solve the matter myself."

Hearing this, GUI Lingyun trembled. Her big eyes were full of grievances and looked at Ye Chen

She is obviously concerned about ye Chen, for ye Chen is good, but why is Ye Chen's coldness?

The distance between her and ye Chen seems to be farther away.

Even Qingyi smell speech, are a Leng, ye Chen refused GUI Lingyun is what she wanted, but, ye Chen's tone let her angry!

Qingyi snorted coldly: "hum, the boy who wants to die so much, let him die! The soul seal can be divided into four levels: the heaven and the earth xuanhuang. The six soul seals and the heaven ghost seals are all the earth level soul seals. Even in the foreign countries, the earth level soul seals are rare treasures, but!

The back three layers are all sky level soul seals! It is the most precious among the treasures, and the most powerful will slaughter the treasures of all worlds for it!

But how easy is it to get the heaven level soul seal?

Even at that time, he had to be an immortal genius to pass the examination of the king of Jiuyou. There was a big difference between the difficulty and the first two levels. This boy is dead! "

What is the concept of genius?

In other words, the top 1000 evil spirits on the list of foreign gods and stars were not even as good as ordinary people in ancient times

The genius of that time, unimaginable!

GUI Lingyun hears the speech, his mind is in a flash, and seems to want to say something, but ye Chen has already jumped up and landed in front of the tall building.

The red wind fir in the distance saw it, and a touch of satisfaction flashed in his eyes.

He aimed at Ye Chen in part because GUI Lingyun!

Originally, although GUI Lingyun was beautiful, she was born in the Guijia family of a hundred barren mountains, but she could not enter the eyes of Chifeng fir.

His vision is very high.

But now, it is different. After GUI Lingyun wakes up the blood of the heavenly ghost, in the view of Chifengshan, she is really worthy of her own woman!

Therefore, he wants to make ye Chen make a fool of himself in front of GUI Lingyun!

Even kill Ye Chen directly!

It seems that the purpose has been achieved.

Ye Chen stands in front of the tall building, Xuan Hanyu suddenly opens a way: "boy, you are a little too much to that girl, she is concerned about you."

Ye Chen said faintly: "what I need is not care. What I like is the kind of woman who can support me silently behind my back. Even if I want to kill all nations and all living beings, I can also believe in me. For example, Ji Siqing, such as Xia Ruoxue.

GUI Lingyun is really kind, but she is not. "

Ye Chen looked at the tall building and said with a smile: "the holy king of Jiuyou is in the first place. Ye Chen, in the recommendation of the challengers, challenges first and hopes to challenge the third, fourth and fifth floors at the same time."

It's not that he doesn't give other people a chance, but other people force him to challenge first. What's the way?

I can only thank them for giving me this opportunity.

As soon as the words were said, the whole sky was silent!

Even if has been, the complexion is indifferent, the calm red wind fir, is all gaping at Ye Chen!

Everyone seems to have been struck by the lightning of Wanjun God. They are totally stupid

Ye Chen wants to challenge the remaining three layers?

Can it still be like this?

Isn't this a death hunt?

Crazy, there must be a limit, right?

Reincarnation soul seal is the existence that even the king of nine hell cannot accept!

GUI Lingyun is pale. She knows better than others how terrible the remaining three challenges are. According to Qingyi, it is impossible to pass all the remaining three challenges even if the strong ones from the original territory come here!

But there is no joking in front of the king. If you say it, you can't go back

In Gui Lingyun's eyes, the color of despair appears, and her steps are a little unsteadyYe Chen, it's over.

Qingyi was silent for a moment and comforted: "Miss GUI, forget him. I admit that I was wrong. As a martial artist, I appreciate him very much. However, it is too extreme. Such a person will die even if he goes against the weather. Your future is far more brilliant than you think. In the future, you will see many better men than he is..."

In Qingyi's opinion, no matter how rebellious the foreign demons are, they are not worthy of GUI Lingyun. They will only become a burden on her pursuit of martial arts. Even if GUI Lingyun really wants to find a man, she must be at least one of the top demons in the big world.

Ye Chen is not enough, so it's a good thing to die.

Even the spirit of Jiuyou holy King seems to be infuriated by Ye Chen's crazy talk!

That gray light, actually did not fall!

Ye Chen touched his nose, he seems to be a bit too much, but, no violation of the rules, the spirit of the body should not take their own how to just.

The gray light in Ye Chen's view is not so important, he wants to break through the realm is much more difficult than ordinary people, this gray light at most let him break through a few small realms.

It's nothing compared to getting three soul seals.

At the next moment, the top three floors of the five souls building are really integrated into one!

Everybody, it's pupil trembling again!

Can you really challenge three levels at the same time!?

In people's eyes, there is a faint color of jealousy

Feel by Ye Chen, take advantage of!

At this time, the golden flash, a golden channel, appeared in front of Ye Chen.

The people who were originally jealous of the passage laughed when they saw the passage

The channel of others is a straight line, but what about ye Chen?

Ye Chen in front of the passage, nine curved 18 curved, looks, length, even more than 300 meters!

Chifengshan sneered: "presumptuous boy, think he is very smart? That's what happens when you get angry with the king. "
