

Physician 421

Chapter 421

Ye Chen thought that the black stone flew out because the reincarnation cemetery had to absorb some of the power of the Dragon veins.

But I didn't expect that the only tombstone that could be moved was broken.

Now all these powers come out by themselves?

Killing Dao Jun, Cang Haiping, and even now Chen Tianli is taking the initiative.

The key is what Chen Tianli is doing now?

He's not in danger at the moment, and it's not really cost-effective to spend time.

Chen Tianli was surrounded by the spirit of the dragon vein. Several swords in the sword box behind him flew out in unison. In an instant, thousands of sword shadows twinkled.

His whole body seems to be wrapped by countless sword shadows!

The momentum is extremely strong!

Ye Chen felt the meaning of the words "Wan Dao Jian Zun" at this moment, that is to say, is Chen Tianli's existence based on sword?

Chen Tianli is suspended on the dragon vein, and the continuous Qi of the dragon vein is absorbed by Chen Tianli, and his body is covered with a trace of gold.

Gradually, the original virtual shadow actually materialized, just like a real person appeared in front of Ye Chen.

Chen Tianli closed his eyes, the light on his body all faded away, the original rolling dragon Qi, all disappeared.

Even the virtual shadow of the blood dragon, which was drilling into the dragon vein, seemed to have noticed something, and bowed his head slightly, as if afraid of the figure.

"This guy..."

Ye Chengang wants to say what, saw that Chen Tianli opened his eyes, a cold light shot out!

Countless swords fly back to the sword box. Everything is quiet!

Chen Tianli stares at Ye Chen. After a few seconds, the corner of his mouth outlines an arc and steps into the air!

He stepped on the air, without any hindrance, and came to Ye Chen's side in the blink of an eye.

"Boy, we've finally met." Chen Tianli said faintly, "the spirit of the dragon vein is a great tonic. Do you really want to take this dragon vein away? If you hold this dragon vein in your hand, you will practice at a very fast speed. It will only benefit you but not harm you. "

"There are all kinds of magic weapons in the world. It is estimated that only the samsara cemetery can bear this dragon vein. After this village, there will be no shop."

Ye Chen shakes his head: "although I am not a good man, but the cultivation is built on the body of hundreds of millions of Chinese people. I still can't do this kind of thing."

Chen Tianli looked at Ye Chen thoughtfully and nodded: "there is no wrong person selected for the reincarnation cemetery. If you are not in the right mind, I may have a different view of you. But what you said just now, I am willing to teach you the sword skills I have learned in this lifetime. However, there is a big gap between you and me, and you can't understand most of my sword skills."

Chen Tianli's eyes fell on the Dragon veins and continued: "you are the first level of the separation and separation environment. Although you can't take away the Dragon veins, it is still possible to break through some realms with the help of the Dragon veins. I will guard for you for one day, and you can break through here."

Ye Chen was stunned. This place of dragon veins can't last for a day. Just as he was about to speak, Chen Tianli continued: "don't worry. I'll repair this array. The dragon vein can't hurt you anything. After a day, I'll take you out of here."

With that, ye Chen felt a strong momentum behind him and pushed him down the dragon vein.

His feet stepped on the Dragon veins, and a strong burning breath came, and he even felt himself melting!

At this time, Chen Tianli pinched his fingers, and a golden barrier formed directly on the surface of Ye Chen.

The barrier is against all forces.

"You practice at ease."

Ye Chen takes a look at Chen Tianli, no longer hesitates. He closes his eyes, and the nine day xuanyang is determined to move. Countless dragon Qi flows into his body. His elixir field seems to be filled with an invisible flame, and the sense of breakthrough comes in an instant!

Chen Tianli looked at the young man in the dragon vein, his eyes slightly narrowed and murmured: "can this person really take us out of that place? Break our destiny? In my twenties, it's a bad place to put it here, but it's so much worse in that place. I don't even see any hope in this boy. "

"This son is regarded by them as a turning man. We all bet all our hopes on this boy. Will it really work?"

"I hope everything is not in vain. Since he has been chosen as the tomb owner of the samsara cemetery, I should also respect that one."

.....

At the same time, outside the cave.

Bai Li Xiong, Bai Li Bing and Zhu Ya are waiting anxiously.

Bai Lixiong takes a look at the time. Ten minutes have passed, but ye Chen has not come out yet.

"Damn it, is there something wrong with Dr. ye?" Bai Lixiong's fist clenched slightly.

"Dad, if it's more than ten minutes, what happens inside?" Bailibeng worried.

Bai Lixiong stares at the entrance, and he can feel a trace of vibration: "more than ten minutes, the dragon's pulse will explode completely in it, and the temperature may even reach several thousand degrees. It is very difficult for ordinary people to live in it. Not only that, but also the ban on the entrance will be activated and the door will be closed. In this way, it is difficult for Dr. ye to think of it."

Hearing this, Bai Li Bing and Zhu Ya's faces changed greatly. The key is that Mr. Ye can come out completely at the moment. Why hasn't he come out yet.

Zhu Ya shook his head: "Mr. Ye can't be in trouble. I know Mr. Ye."

At this time, a strong shock hit, the door of the cave slammed shut!

The dust rises and everything is silent!

The three did not speak any more. They only saw that the door was red, which showed how high the temperature was inside!

While the three people were worried, a voice came from inside.

"You go back first, and I will naturally return to the capital in a day."

It is Ye Chen's voice!

Bai Lixiong's expression is very strange. He knows the Qinling dragon vein better than everyone else!

But at the moment, the tempestuous temperature of Qinling dragon vein has no damage to Ye Chen!

What a monster this is!

He stopped thinking and said to Zhu Ya and bailibeng: "go back to the capital first. This time, I must report to the chief executive. As for Mr. Ye, with his strength, we don't need to worry about his safety. There should not be many people in China who can hurt him."

Zhu Ya and Bai Li Bing looked at each other and finally nodded.

Just as they were about to leave, there was a rustling sound in the jungle. Bai Li Xiong's face changed slightly and he kept the second daughter behind him!

Are there any sneaking forces?

He grasped it with five fingers, and a weapon on the ground was directly held in his palm. The cold killing opportunity and breath were released.

In the atmosphere of tension to the extreme, the jungle drilled out countless soldiers in combat uniforms!

They have a strong breath, and the three characters of "iron and blood camp" are written on their combat uniforms!

Hundreds of people!

When the strong men of the iron and blood camp saw Bai Li Xiong, they stood at attention together and said excitedly, "general!"

The momentum of the sky, is the condensation of a wolf shadow!

Bai Lixiong breathed out his breath and threw his sword on the ground: "unit 1, stay here. Team 2 and team 3 contract Qinling Mountains on a large scale and close all secrets. The rest of the iron and blood camp soldiers, clean up the battlefield with me, collect evidence! Contact the military aircraft. We will return to Beijing in 15 minutes! "

"Yes, general!"

Chapter 422

The iron and blood camp was very efficient and collected all the evidence before the military aircraft came.

Bai Lixiong and ER Nu also got on the military plane.

After all, many people have known about the dragon vein, and many forces are bound to come. Although the two largest forces have been killed by Ye Chen, things are far from easy.

Just after the military plane left, Jiang Jianfeng did not know where he came out. He looked at the closed hole of the dragon vein, and his eyes fell into meditation: "what happened inside? Why did Bai Lixiong close all the news. What's more, why didn't Ye Chen come out of it? Did something happen

He no longer hesitated to broadcast a phone call.

"Dad, I failed. As far as I know, the whole army has been destroyed. "

There was a pause at the other end of the phone and he said, "is Bai Lixiong still alive?"

"Bailixiong and iron blood camp have just left by military plane. It's time to return to the capital."

"I see."

The old man on the other end of the phone was a little lonely, and immediately the phone hung up.

If everyone can't stand the blessing of the dragon vein, it will be a fair ending.

The situation in China remains unchanged, which is a good thing for his Jiang family.

As for ye Chen's original utterance, Mr. Jiang would not believe it.

In his eyes, ye Chen is nothing but his powerful martial arts skills.

It has no influence on the Jiang family and even the Chinese martial arts Bureau.

A humble boy who wants to shake the stable situation for thousands of years is undoubtedly a fool!

And now, the land of dragons.

Ye Chen's whole body is red, and there is a blood dragon on top of his head.

The blood dragon's body expanded a bit, but there was a flame on the key body.

It's like the blood dragon has mastered the fire attribute.

In the land of the Dragon veins, there are many dragon chants.

With the opening of pores around the body, ye Chen suddenly felt a strong and boundless energy pouring into his body.

The nine days xuanyang is determined to move, ye Chen's whole person seems to turn into a black hole, endlessly devouring the gas of the dragon vein!

This energy is more than dozens of times of the ordinary practice outside?

Under the strong energy impact, let Ye Chen can't help showing a look of pain.

A surge of energy, as if to tear Ye Chen's body, will burst his muscles!

"Broken!"

Ye Chen roared, and the Dragon veins around him seemed to turn into liquid and roll up!

The spirit of Ye Chen's body is just like the tide, rising day by day!

Extremely easy to cross the second level of the clutch.

But the breakthrough is far from over.

Time has passed by one day unconsciously.

Chen Tianli frowned and looked at Ye Chen from a commanding position. He was surprised and said, "this boy, is still insisting?"

"It's not easy for me to stay away from home for a day."

The whole dragon vein, at this moment, turned into a huge whirlpool.

Ye Chen sits quietly in the whirlpool, crazily absorbing energy.

What a thrilling practice like this.

Another day later, ye Chen suddenly opened his eyes and shot out a cold star.

The blood dragon with fire on top of his head also penetrates into Ye Chen's body.

Ye Chen mouth corner outlines a radian: "the third layer of the clutch environment, not bad."

He exhaled a long breath of turbid air, then stepped out, the body incomparably light! Directly came to Chen Tianli's side.

"Thank you for protecting me

Chen Tianli nodded: "yes, it's two days. It's time to leave here. In the next few days, I'll go out and do something. You can do it yourself."

Ye Chen was stunned and looked at Chen Tianli strangely. He was surprised and said, "master, you are just a spirit empty body. Can you leave the samsara cemetery?"

Chen Tianli put his hands behind his back and said, "there is a reason why I let you step into the land of dragon veins. Every dragon vein in China has a drop of holy dragon water. I broke the ban of reincarnation graveyard just for the holy dragon water of Qinling dragon vein. The holy dragon water combined with the secret method of my Wandao sword statue can condense the entity for ten days in a short time."

"Although there are entities, but the power is bound a lot. This time, I want to go to a place to do something for you, which can be said to be for the sake of reincarnation cemetery. You will know in the future."

"Five days later, I will come to you. These five days, you try to be more leisurely. At that time, in the reincarnation cemetery, I clearly perceived that the capital is not as simple as you think, and those masters hiding in the dark can also pose a threat to you."

All of a sudden, Chen Tianli took out a sword from the sword box behind his back and handed it to Ye Chen: "take this sword. It's called Youyang sword. It looks like a sword, but it's actually a sword formula. When necessary, use your blood essence to activate this sword formula. No one can defeat it in China. ""I wanted to teach you something, but there are many things that you can't control right now. I'll talk about it when I get back."

Ye Chen took over the sword. The body of the sword was made of dark iron and thin, with a faint cold light. The handle of the sword is a Golden Dragon carving case, which is extremely dignified. The blade is extremely sharp and the blade is like autumn frost.

"Well, it's time for me to get out of here, too."

Chen Tianli goes to the cave entrance with a gentle wave of his arm. The prohibition of the whole place of dragon veins is directly broken. A glimmer of light shines in and the figure disappears in an instant.

Ye Chen quickly chased out, but found that the Qinling Mountains, where there is the shadow of Chen Tianli.

This guy's going to work? Is it Kunlun Xu?

"Mr. Ye!" When ye Chen hesitated, two young men in combat uniforms said, "Mr. Ye, we are from the iron and blood camp. The general arranged a military plane 100 meters away. If Mr. Ye wants to return to the capital, he can take this plane to leave."

Ye Chen glanced at the sign of two people's chest, nodded: "good, send me back to Beijing."

"Yes, Mr. Ye!"

Ye Chen just ready to leave, suddenly realized what, cold eyes toward the depth of the jungle to a direction!

For a moment, he felt the cold killing opportunity coming from that place!

Ye Chen no longer hesitates. Canglong's magic body Jue surges, and the true Qi erupts in both feet. The soldiers of the two iron and blood camp are completely stunned. They just feel that there is a shadow in front of them!

Too fast!

Soon, ye Chen came to a place hundreds of meters away! But there is not a shadow!

Ye Chen frowns tightly, that kind of feeling can't be wrong, someone must be here just now.

The blood dragon in his body is more restless!

He looked around for a few minutes, and suddenly found something. He squatted down and saw two deep footprints not far away.

The footprints are very deep, which means that at the moment of their departure, the other party noticed something and disappeared directly.

The speed is not lower than him!

Chapter 423

.....

Capital airport.

Ye Chen got off the plane and went straight to normal university.

Before he left, he sent a short message to Jiang Peirong. After he turned on the phone, he did not receive a reply from Jiang Peirong.

When I got off the plane, I also deliberately made a few phone calls, but I didn't answer them.

Although there is the assurance of that, mother certainly is nothing wrong, but the heart is still a little worried, he immediately quickened the pace.

Ten minutes later, ye Chen came to the teacher's apartment, the door was open, but there were a few laughter.

The laughter is familiar.

Ye Chen pushes open the door. When he sees the scene inside, he is momentarily confused.

Mother is not in practice, but in the living room dumplings, the key inside not only a mother, but also two beautiful girls.

Sun Yi! Summer like snow!

They came to the capital?

Jiang Peirong seems to be in a good mood and has been smiling. She glanced at Ye Chen at the door: "I'm back."

Then, there was no more to follow.

Jiang Peirong seems to focus all her attention on Sun Yi and Xia Ruoxue.

Key at the moment, their mouth is not sweet, funny mother laugh.

The whole hall was full of laughter.

Xia Ruoxue seemed to notice Ye Chen. She went to the kitchen to wash her hands. With a wink of her eyes, she said, "we have just arrived this morning. The business focus of Tianzheng Group is mainly in the first tier cities. This is undoubtedly the best place for headquarters. Tomorrow, Tianzheng Group will be in normal operation."

"You don't care. How much is your bank card worth?"

Xia Ruoxue said with a smile that she knew Ye Chen didn't care about money, but that string of figures also made men have a sense of accomplishment.

After all, Tianzheng Group started from Jiangcheng, and now it is only about half a year.

In the past six months, many enterprises are still struggling for survival, but Tianzheng Group has become one of the most profitable groups in China.

Xia Ruoxue poured a glass of water for ye Chen, and suddenly thought of something. Mei Mou looked at Ye Chen curiously and said, "just now, a beautiful female neighbor came to your house with something in her hand. But when she saw us, she ran out. Her aunt chased her out, but it was gone. Would you like to call her?"

Xia Ruoxue faintly can feel that the beautiful girl and ye Chen have some relations, but she doesn't have too much jealousy in her heart. The key is to see ye Chen's choice.

Wei Ying?

Ye Chen's face changed slightly. At the moment when he broke the ghost, Wei Ying helped him too much and even suffered a lot in silence.

There are only two endings for those who are evil in blood and cold in body.

First, the evil blood cold body attack, bear all kinds of pain, and finally perish.

Second, step into the way of cultivation, and suppress the evil blood cold body with the skills and cultivation, and even strengthen the evil blood cold body.

Although there is no suitable skill for her now, as he stepped into the separation and separation realm, some of Luo Yuntian's closed skills have been clear.

One of them is called "cold heart determination". At present, it should be relatively suitable for Wei Ying.

Sun Xiaoyi, if she doesn't have a bad look in her eyes, maybe she doesn't have a bad look in her eyes

Xia Ruoxue's reminder is not unreasonable. Ye Chen dials Wei Ying's phone, but shows that it is off.

Then ye Chen calls Ying Qing. With the dragon spirit system, he wants to find out Wei Ying's whereabouts. It's too simple.

Two minutes later, Ying Qing returned a phone call: "Mr. Ye, Miss Wei is now in the sting bar in Sanlitun, capital city."

"Send someone to guard her for me. You can't let her have an accident or let her have a drink."

"Yes, Mr. Ye!"

Ye Chen shook his head helplessly, hung up the phone, and directly took a taxi to Sanlitun.

Wei Ying's drinking capacity is something he has seen before. He even learns from others.

Sting bar in Beijing.

Wei Ying appeared in the bar, almost lighting up the whole bar.

After all, the girls who come and go to bars are usually those with heavy make-up. Some men are tired of watching them for a long time, but they haven't seen such goods as Wei Ying several times.

Even the bartender's eyes were startled.

"Beauty, what do you want?"

"With That's right. "

The bartender frowned, but still nodded: "good."

Soon, a cup of light red wine will be placed in front of her.

"Beauty, please use it slowly."

Wei Ying stretched out her hand and suddenly stopped. She thought of what Ye Chen had told her. Ye Chen told her not to drink. Even if she drank, she had to be accompanied by Ye Chen.

She shook her head, looked at the wine in front of her, and drew back her hand. Forget it. Don't drink it.

Just then, several tattooed men came up.

"Beauty, drink alone?"

One of the men wanted to put his arm around Wei Ying's waist. At this moment, his hands seemed to appear out of thin air.

"Click!" A sound, the man's hand was directly broken!

Strong attack, the man is merciless was thrown out!

The other men close to Wei Ying have the same consequence!

The tattooed men who fell on the ground were full of anger. They just wanted to crack their words, but they found that there were five more people around Wei Ying!

The key is that these five people are all men over 1.9 meters tall and standing upright!

Five people emit a very dangerous breath, cold eyes swept at the public, all of them subconsciously retreat.

Words to the mouth and swallow down!

No one dares to stand near Wei Ying. The men seem to surround Wei Ying.

One of them even took the glass in front of Wei Ying directly.

"Miss Wei, Mr. Ye won't let you drink."

Wei Ying heard Mr. Ye's three words, and then looked at the five men with strong breath. Her face changed slightly.

She didn't expect Ye Chen to be so skillful that she not only found herself easily, but also let these people guard themselves and not let her drink.

"Is he back?" Wei Ying was surprised.

The leader nodded: "Mr. Ye, you are on your way."

Hearing this, Wei Ying's pale face showed a trace of joy. She stood up and said, "let's go. I don't drink today."

Chapter 424

Wei Ying was directly sent out of the bar by several soldiers, just in time to see ye Chen getting out of the car.

"Mr. Ye."

The men said respectfully.

They don't belong to the dragon spirit, but they are the preparation team of the dragon soul, and they just carry out the mission near the capital.

This is also the reason why I arrived here at the first time. I didn't even have time to change my clothes.

Ye Chen nods, those several people then toward the dark place and go.

Their mission has been completed, so there is no need to stay here.

"Drinking?" Ye Chen's tone is a little unhappy.

Afraid of Ye Chen's scolding, Wei Ying shook her head in a hurry: "no, I just don't come here for a walk. I don't want to drink, really not."

"I believe you." Ye Chen light way.

Wei Ying was afraid that ye Chen would continue on this topic. She said, "Ye Chen, where have you been these days? I went to your place several times, only aunt was there

"Go out and do something. Don't talk about me. I'm going to tell you something serious. You have to give me an answer anyway

Ye Chen's tone became serious.

Hearing this, Wei Ying's heart fluttered up.

Is Ye Chen going to tell her?

"What's the matter, you say..." Wei yingdao.

"You also saw the cloud and lake affairs that day. I didn't have time to explain some things to you. I asked you, do you want to learn martial arts? If you want to, I'd like you to be an apprentice. "

When Wei Ying heard this sentence, her body trembled and her heart felt extremely lost.

She shook her head fiercely: "my mother asked me when I was very young, but I didn't have much interest. I was a girl after all. I didn't like to fight and kill. Moreover, I don't want you to be my master. I don't want you to be my master."

Ye Chen frowned and continued: "then I'll tell you another thing. You are different from other people. You have evil blood and cold body. If you don't step into Wudao, you may die."

With this sentence, ye Chen finds that a tiny crack has appeared on the Earth Spirit Xuan stone on Wei Ying's neck.

It won't last long.

"The necklace around your neck is to suppress your evil blood and cold body, but at present, it won't last long."

"In a way, you don't have the right to choose."

Ye Chen's words become more and more serious. In fact, he wants to choose a proper time to tell Wei Ying, but now it seems that he can't delay any more.

It's better to cut through the mess quickly.

Hearing Ye Chen's words, Wei Ying's face is covered with frost. She tries to look at Ye Chen's eyes, trying to distinguish the other party's lying, but she only sees seriousness.

Die of cold?

If this is true, she has no choice.

At this time, ye Chen pocket phone rings, is a special number.

Ye Chen did not pay attention, but to Wei Ying: "I give you three days of opportunity to consider, no matter what, I respect your choice, you now close your eyes."

Wei Ying subconsciously closed her eyes with long eyelashes.

Ye Chen points out Wei Ying's eyebrows, and the skill of "cold heart resolution" instantly enters Wei Ying's mind.

Wei Ying felt something and suddenly opened her eyes: "this is..."

"This is the skill I'm going to teach you. If you practice this cold heart resolution, you can at least suppress the evil blood and cold body on you. In these three days, you can call me if you make any decision."

When ye Chen finished, he took out the phone that was still ringing and pressed the answer key. A majestic voice rang out: "I am in a courtyard in Beijing. There will be a car to pick you up. Since you have rescued bailixiong, there are some things I should tell you."

The voice is no doubt number one!

It's time for something to surface.

"Good."

Ye Chen hung up the phone, and soon there was a car made in China with Beijing a license plate stopped in front of Ye Chen.

"Mr. Ye."

A man came down and took the initiative to open the door for ye Chen. Ye Chen recognized this man, who had driven a red flag car to pick him up last time.

However, this time, the other side seems to be deliberately low-key, it is estimated that is also to consider the safety of that.

Ye Chen took a look at Wei Ying and asked her to sit up. At the same time, he said, "go to Beijing Normal University first."

"Good."

.....

At the same time, the Lin family in Beijing.

Lin's hall, the atmosphere is dignified to the extreme.

Two old men in black sat on the imperial chair, while Lin Juelong and Lin Fu sat at the bottom respectfully with a trace of fear in their eyes.

If you look carefully, you will find that there is a pattern on the neck of the two old men in black with terrible breath.

A bloody door!

Blood alliance!

One of the blood League elders with a folding fan in his hand said: "this time we came to China, mainly for two things. First, the door of ghost prison was broken, and the two disciples of my blood League all died. The people above were very unhappy. The mole ants of China, who are not qualified to move our blood League, no one!" An invisible pressure and anger are released! The breath of the two blood League elders is strong to the extreme.

Lin Juelang's eyes shrank and quickly respectfully said: "my Lord, I've heard about the ghost prison. According to the disciple's recent investigation, the breaking of the ghost prison and the two people's accidents should have something to do with a young man named Ye Chen. However, ye Chen obviously has no strength to break through the ghost prison, and on that day, he created an extremely powerful vision in the capital, I suspect that there is a strong man behind Ye Chen that day. "

"What's more, the man in power in China has threatened us several times in secret these days. Let's not move the people around Ye Chen. I think that there is a great power behind this son, otherwise, the one who is in power will not be able to threaten us in person."

"Pa!"

The old man of Xuemeng who took the folding fan closed the folding fan, and his eyes were very cold: "no matter how strong the power of the guy named Ye Chen is, he must not be stronger than the blood League! What's more, since the Chinese authority still dares to threaten the disciples of the blood League, he can't find death! It's a big deal. I'll send someone to erase it directly! "

When Lin Juelong heard this, his eyes shrank and even said, "you don't need an adult to do it. I'll send someone to take ye Chen back!"

The person in power is not as simple as these two old people think. If they do, those people standing behind Huaxia will surely do it!

It will be absolutely troublesome!

Hearing Lin Juelong's words, the old man of the blood League was less angry. He continued: "the first thing is for you to do. You can't fail. This son must be brought back to the blood League.

As for the second thing, you should have heard about Qinling dragon veins. "

Lin Juelong nodded: "my Lord, I heard that thousands of people died in the Qinling dragon vein, and countless forces were destroyed there. No one got any benefits. I don't know, my lord..."

Before Lin Juelong finished speaking, the old man of blood League stood up: "wrong! absolutely wrong! One person got the benefit! And he stayed in the land of the dragon for two days

Chapter 425

Lin Juelong and his father changed their faces when they heard the old man's words!

The Lin family also wanted to spy on the Dragon veins of the Qinling Mountains!

However, it was too late to get the news, coupled with the fact that ye Tianzheng has been dealing with recently!

When they react, the dragon vein of Qinling Mountains has been closed!

Not only that, most of the forces are directly destroyed!

Bailixiong is seriously injured!

It can be seen how heavy the losses of the major forces of Qinling dragon vein this time!

But now, the old man of the blood League even said that someone stayed in the land of dragon veins for two days?

The Dragon veins are extremely hot, not to mention the ancient martial arts. Even the practitioners may not be able to stay at this temperature for too long.

Lin Juelong frowned and asked, "my Lord, is your source reliable? Adults, do not misunderstand, after all, Qinling Mountains dragon veins in China, China is full of linen's eyeliner, on the news channel... "

"Hum!" The old man of blood League snorted coldly, took out a photo and threw it out, "the photo given to me by my blood League disciple personally. What else do you have to say?"

"What's more, besides Ye Chen, you have to take down one person, the boy in the picture! The boy has been in the land of the dragon vein for two days, and he has a treasure in his hand

Lin Juelong took a look at the photo. When he saw the cool and proud youth in the photo, his pupil almost enlarged!

Lin's father also glanced, and his expression suddenly became frightened!

The old man of blood League felt something wrong and asked, "do you know this son?"

Lin Juelong's eyes were covered with cold murders. The photo was directly pinched in the palm of his hand. He raised his head and said, "my Lord, this is Ye Chen whom I just mentioned! The only suspect in the destruction of the ghost prison! "

Hearing this, the old man of blood League couldn't help but take a breath of cold air!

So young, can break the ghost prison, and can survive in thousands of people, and stay in the land of the dragon for two days!

This son either has the secret, or is behind has the big power support!

"What's the origin of this son? Do you know his school? " The old man of blood League said.

Lin Juelong shook his head: "this ye Chen was a waste five years ago, but after five years, I don't know why he came back with a very strong strength. I don't know where he went no matter how I investigate. As for the school behind him, I don't know where to start."

"I suspect that this man went to Kunlun Xu, otherwise he could not explain his cultivation."

Lin Jue long road.

He actually suspected that ye Chen had something to do with it.

But if ye Chen really gets that thing, he can't be a waste for so many years, let alone watch his parents being killed and remain indifferent.

The best explanation is that ye Chen went to the virtual or mysterious place of Kunlun and got some inheritance!

The old man of Xuemeng pondered for several seconds and said directly: "no matter what the origin of this son is, I will give you two days to bring this son alive to me! I'll be at Lin's house these two days! "

"Yes, my Lord!"

.....

A remote courtyard in Beijing.

The car stopped, and the driver took Ye Chen through a long lane. The lane was wet and cold, and there were several garbage cans, which emitted a trace of stench.

Ye Chen really can't imagine that the old man with the strongest power in China will be in this place.

However, he had felt several pairs of eyes staring at him in the dark.

Extremely dangerous.

"Here we are, Mr. Ye. Please come in."

The driver pushes open the gate of a courtyard. Ye Chen goes in and sees No. 1 sitting in the courtyard. In addition, there are Bai Li Xiong and a strange girl.

The girl is pressing her shoulder for the old man and talking about the recent events. Her eyes are like crescent moon, which is very lovely.

When he saw Ye Chen coming, the old man stood up and was obviously a little excited: "sure enough, it's a hero who comes out of youth, OK! Good! Good

The old man said three good things, his face was ruddy, and he was very excited.

Can he not be excited!

Ye Chen killed hundreds of people and held the dragon vein of Qinling Mountains!

Not only that, but also saved Bai Lixiong!

Bailixiong is of great significance to China!

A thousand soldiers of iron and blood camp, Gao Wu soldiers, only listen to one hundred Li Xiong!

When Bai Lixiong dies, who can defend the elite of protecting the country!

They are bound to be exiled to the Chinese martial arts world. Who will guard the safety of China?

Looking at the past few decades in China, it seems stable, but this stability is guarded by this group of people!

Some battles don't depend on guns and ammunition! Only martial arts to suppress!

Ye Chen's move and rescue is too important for Huaxia!

When the girl heard her grandfather's high evaluation of Ye Chen, she looked at Ye Chen carefully.

She can't see any respect from ye Chen, even a trace of cold pride. Her face is a little unhappy. Who in Huaxia is not respectful when he sees his grandfather. He is a good boy, just like his grandfather.

"Mr. Ye, we meet again." Bai Lixiong said respectfully.

Unknowingly, he also changed his name to bailibeng.

Ye Chen is not only a doctor, but also a martial artist. Ye Shenyi is not enough to call each other.

This respectful tone makes the girl slightly open her mouth, and her beautiful eyes are full of confusion.

Uncle Baili is a general with military power. She has never heard of Uncle Baili treating a person like this!

The girl suddenly became curious about ye Chen.

"Ye Chen, this is my granddaughter rong'er. You are about the same age. Sometimes you can play together. After that, it will be your young people's world."

Ye Chen nodded and did not mean to introduce himself. He said directly, "I just want to know where the Lin family is."

For him, the safety of his father is more important than anything.

As for making friends, he doesn't have so much time.

The girl's eyes are wide, and her anger is not good!

As the daughter of the old man, who dares to treat her like this? Can't she compare with the Lin family?

"Stinky boy, who do you think you are, I..." As soon as the girl wanted to discuss with Ye Chen, the old man said, "rong'er, you go back to the room first."

"Grandfather, can you see this guy doing this to me?"

"Go back to the house!"

When the girl heard her grandfather's voice of anger, she reluctantly went back to the room.

Silence returned to the courtyard in an instant.

You really want to ask Lin Ye? Do you know that the Lin family is closely related to some forces? Even Kunlun Xu has a great connection. Today, I heard that there are two very strong masters in the Lin family. They are likely to come from the depths of Kunlun mountain! If you go to Lin's house now, you'll be hit by a gun! " The old man advised.

Ye Chen is also very important to China, and his achievements may be far beyond Bai Li Xiong.

He didn't want Ye Chen to die early.

"I save bailixiong is a trade between you and me. I respect you, but I also hope you respect me. I just want the position." Ye Chen's attitude is extremely serious.

The old man shook his head helplessly, and finally took out a piece of paper from his pocket with a specific address and coordinates on it.

"This is the specific position of the Lin family, but you may not be able to break the Lin family's array. Take care of yourself."

Chapter 426

Ye Chen took the note directly, held it in the palm of his hand and turned away: "in this case, it won't disturb you."

But ye Chen had not gone a few steps, the old man said again, "Ye Chen, wait a minute."

Ye Chen stopped his steps and said, "if you still want to persuade me, you don't have to say it. I have decided."

The old man shook his head and said, "if you go to the Lin family now, have you considered your mother? And Xia Ruoxue and Sun Yi? "

"Do you believe it or not, as long as you set foot on the Lin family, there will be problems with the safety of these three people. The Lin family is not an ordinary person. There is hidden power behind any top family in China. The Jiang family is the same as the Lin family. "

The old man approached Ye Chen and firmly said:

"you just want to save your father. If you give me three days, Bai Lixiong and I will use our power to pressure the Lin family to release your father."

"Although the Lin family is the top family in China's martial arts circle, the influence behind my position is not weak, otherwise someone would have overthrown me. If you give me three days, I will give you a reply."

The reason why the old man said this was for the sake of China.

Ye Chen is extremely important to China, so is the Lin family!

If either side goes wrong or both sides lose, it will be a painful price for China.

China's martial arts and Taoism have been in balance for many years. If it is broken again now, it will be in chaos!

Sitting in this position, the elderly naturally have to consider long-term interests.

The less internal fighting in China, the more favorable.

Ye Chen shook his head: "I not only want to save my father, but also kill Lin Juelong. You should know what happened in Yunhu villa. How can I swallow what Lin Juelong did to my family? I will not be a man until I kill him. "

At this moment, the old man hesitated.

It seems that the battle between Ye Chen and the Lin family is inevitable.

When ye Chen was about to leave, Bai Lixiong, who had not spoken, said: "Mr. Ye, since this is the enmity between you and Lin Juelong, why don't you solve it in wudaotai?"

"The chief and I will try to rescue your father, and the enmity between you and Lin Juelong will end in wudaotai."

Hearing this proposal, the old man nodded: "Ye Chen, this is the best plan for you. The incident in those years was the intention of Lin Juelong alone. It was also Lin Juelong's intention to take away your father. If you destroy the Lin family, there will be many innocent souls in the capital.

What's more, the matter of wudaotai can't be obstructed even by the two strong men from the depths of Kunlun mountain. This is the rule. "

Seeing ye Chen hesitated, the old man continued to hit the railway while it was hot:

"Ye Chen, as long as you nod, I will send your father to you in three days! Never break your promise

The old man said very seriously!

Ye Chen's eyes narrowed slightly and thought for a few seconds. He said directly, "I can't wait for three days. Two days at most! The day after tomorrow, I will not only see my father, but also fight with Lin Juelong in wudaotai! "

"Good!" The old man picked up his pen and began to write the war book!

The impact of this war has been reduced to the minimum, and Lin Juelong is the second one on the list of Chinese masters.

And ye Chen is the genius of Huaxia Wudao bureau!

No matter whether they win or lose, they will surely shake the world of martial arts in China!

The old man wants Ye Chen to win! But he was not sure of the outcome of the war.

"Goodbye, I won't go to trouble with the Lin family for two days, but if there is any problem in any link of the Lin family, I will kill the Lin family and kill all of them!"

Ye Chen left this sentence before he left.

Maybe it was too loud. The girl in the room also came out. The girl snorted coldly: "grandfather, this boy wants to fight with Lin Juelong? Isn't this for death? "

"Depending on his strength, Lin Juelong killed him with only one hand."

The old man glared at the girl: "don't be rude! Rong'er, I know your temper. No matter what, you must not offend Ye Chen, or I can't save you at that time. "

Instead, she said, "grandfather, I really don't understand why you and uncle Baili are so optimistic about this boy. His martial arts strength is not worthy of his temper. He is so arrogant that he may die when he dies. It is estimated that he is something that his parents have not taught him..."

"Pa!" he said The old man slapped the girl in the face!

"Rong'er, if you dare to say such words again, don't blame me for not having your granddaughter!"

The old man is very popular. This granddaughter is too spoiled by her family. If she continues to indulge, the consequences will be unimaginable!

The girl obviously didn't expect that her grandfather would slap herself for an outsider!

This is the first time my grandfather hit her!

Her eyes were filled with tears and anger!

"Grandfather, you beat me up for this stinky boy!"

"A day of confinement! Don't step out of the house The old man said coldly. Although he loves this precious granddaughter, but if he indulges in the matter of Ye Chen, it is harmful to her.

The girl heard the order and ran directly to the courtyard.

The old man shook his head helplessly and didn't intend to take care of it. Let the girl calm down.

Then the old man wrote the battle, put it into an envelope and handed it to Bai Lixiong: "Bai Li Xiong, this matter is up to you. If the Lin family doesn't let Ye Tianzheng go, they will use that strength."

"Yes, chief!"

.....

Ye Chen left the courtyard, just came to the street, a white Porsche stopped in front of Ye Chen.

When the driver's door opened, a sexy girl came down, blinked her eyes and said with a smile, "Mr. Ye, I'll take you back."

Ye Chen is surprised to see this sexy girl. She is actually Zhu ya!

Zhu Ya seems to dress up specially, a long and elegant curly hair draped on his shoulders, the big, watery eyes sparkling men's frenzied autumn waves; the face of the melon seed is covered with a light makeup, and the eye shadow is just the same, and the red lips of water and water are sexy and charming.

The neckline of the dress is very big, slightly inclined, you can see a touch of attractive business line.

Beige clothes will be her original white skin appears more white tender.

"How do you know I'm here?"

Zhu yapo said mysteriously, "Mr. Ye, guess? Come on, don't tease you. Get in the car. Binger told me

Ye Chen did not hesitate to get on the car.

The car rode away.

At this time, a girl just came out and saw this scene naturally. Her eyes were cold and her cheek had a red palm print.

"I even got on a woman's car. I guess you're also a loser who depends on women. I'd like to see what's shining on you that Bai Lixiong and his grandfather admire so much!"

"In Beijing, I've seen many men like you who don't want to make progress and rely on women's supremacy."

The girl got into a Bentley and ran after it.

Chapter 427

At the gate of Beijing Normal University.

The Porsche stopped slowly.

"Mr. Ye, bing'er asked me to ask you when you have time to go to the land. Of course, if you don't have time, you can count it." Zhu Ya stops the car and turns to look at Ye Chen in the back seat.

Ye Chen thought about the establishment of the family. The teacher's apartment is really too small. Once you take the land of bailixiong and use enough capital and manpower, it can be built and lived in a short time.

Since No. 1 promised to send his father back and arranged for him to fight Lin Juelong in wudaotai the day after tomorrow, he was not in a hurry to find the Lin family.

At present, the best way to solve this problem is that there is no solution to the problem.

"Tonight or tomorrow, I'll go and have a look when I have time. I'll contact you in advance. You should have bailibeng's contact information."

Zhu Ya nodded: "yes, Mr. Ye."

"By the way, Mr. Ye, I've been in Beijing all this time. I just bought and registered this car. If you have any plans to go out, you can contact me. I live near here."

As long as she stayed with Ye Chen, she would feel at ease. This kind of feeling is very good, just like those days in Jiangnan province.

The stronger Ye Chen's strength, she found that the distance between her and ye Chen became more and more remote. She was afraid that one day, she would never see ye Chen again.

Ye Chen takes a look at Zhu Ya and nods. He has no plan to buy a car, because it is really unnecessary. If he wants to drive, he can buy several famous automobile manufacturers with his current assets.

Xiang Chengdong's previous car, ghost prison after the end of things, he no longer need.

Originally, I planned to arrange a strong man in the dark hall to drive him. Now it seems that it is unnecessary.

"OK, I'll contact you if I need to. I'll go first and talk back."

Ye Chen opens the door and goes directly to the teacher's apartment.

Zhu ya did not leave immediately, but watched Ye Chen go far away.

She didn't notice that there was a Bentley in the back, and a girl in the car had a pair of sad and angry eyes.

Not long ago, a young man in his thirties rushed to the Bentley and knocked on the window.

Xi wanhu, a young man named Xi wanhu, is a young housekeeper of the Xi family in the capital city, and a strong man who protects the granddaughter No. 1 all the year round.

He just heard the anger of the eldest lady on the phone just now, so he rushed over with something.

He knows Xi Rong better than anyone else, because Xi Rong is the only daughter in the family and protected by an old chief executive. Looking at the whole capital, Xi Rong is almost untouched, which also creates her arrogant and domineering character. Anyone who makes her unhappy is willing to help her erase it.

"Miss, here's the information you need. The Porsche is a new car. It has just been registered in the capital. The owner is a woman named Zhu ya. Behind Zhu Ya is the Zhu family in Jiangnan province. The Zhu family has a certain reputation in the martial arts circles of China.

The peak period was hundreds of years ago. At that time, the Zhu family was one of the top sword casting families in China. At that time, they had forged swords for countless powerful people. Many of them still owe their gratitude to Zhu family. However, in recent years, the Zhu family has become lonely, and most of the things they do are the wind and rain

"What's more, Zhu Ya has a good relationship with Baili ice of the Baili family. This car was purchased with Baili ice. I don't know what you want this information for, miss. Did Zhu Jia offend you?"

Xi wanhu was quite surprised. Suddenly, he noticed something. The Porsche that the lady asked him to investigate was actually at the gate of Beijing Normal University.

Xi Rong turned over the information on her hand and sneered at her: "I thought what kind of woman was that boy was next to. It turned out that she was just a family in Jiangnan Province, Zhu family? Ha ha, what is a lonely family in my Xi family's eyes? "

"It is estimated that the boy is not only interested in the woman's money, but also in the relationship between the woman and the Baili family. In this way, the attitude of Uncle Baili and grandfather to the boy can be explained, probably in the face of Baili ice..."

Xi Rong's smile is getting colder and colder.

When she found that ye Chen's figure disappeared completely, Xi Rong opened the door and went to the white Porsche.

When she couldn't see ye Chen at all, she said to herself, "Mr. Ye, if time could go back, I would love you without hesitation when I was in Jiangnan Province..."

With that, she pressed the start button.

Just when the car started, the door was opened directly. She was surprised to see the strange girl outside the car.

"Are you?"

Xi Rong looked at Zhu Ya from a commanding position and said in a cold voice, "you get off the bus now. I have something to tell you."

Her attitude seemed to be very high, which may be a little ugly in other people's eyes, but it was extremely normal in her eyes.

The key is that when Xi Rong sees that Zhu Ya's sexy and beautiful is far better than her, as a woman, her tone is inexplicably with a trace of hostility.

Zhu Ya frowned, but still got out of the car, as cold as frost: "who are you? We don't know each other, and I don't like the way you talk to me! Xi Rong didn't expect that Zhu Ya would dare to take such an attitude, and said directly, "I came to see you. I just want to persuade you that you'd better stay away from that man. This kind of man doesn't deserve you. He's just taking advantage of you."

What did Juya think of? Her face was a little chilly: "do you say Mr. Ye?"

Hearing Zhu Ya's address, Xi Rong said, "yes, it's something that has a mother but no father to teach! If you keep in touch with this boy again, your Zhu family may not be able to protect yourself! "

When she heard the other party insult Ye Chen, she had a trace of anger on her face: "you are not allowed to insult Mr. Ye. Besides, no matter who you are, I will be with you as long as you are willing. You have no right to hinder me."

With that, Juya turned to get into the Porsche.

Since the other party knows her Zhu family, she still dares to take such an attitude. The other party must have good power and dependence in the capital. She doesn't want to cause trouble. Leaving is the best choice.

But before she got into the car, a slender hand clasped her shoulder!

"I'm not finished yet!"

Xi Rong's cold voice rings out!

Juya's eyes shrunk, the next second, the body a turn, directly break free of each other's hands.

"You and I don't know each other. Who do you think you are? What's the right to get in the way of other people's lives? If you do this again, don't blame me for being rude! " Zhu Yadao!

Xi Rong's mouth appeared a disdainful smile: "in the capital, my Xi family really has this qualification! I came to you just to remind you! Even if Bai Li Bing stands here, she will be respectful to me

Chapter 428

What does Juya think of when she hears this sentence, Xi family, and can make Baili ice fear?

She instantly guessed the identity of the girl in front of her!

Is that granddaughter?

If that's the case, she really can't afford it.

Don't say she can't be provoked. Looking at the whole China, who dares to provoke?

Seeing the fear of Zhu Ya's eyes, Xi Rong said haughtily, "you should have guessed my identity. Ye Chen has no idea of the superiority of heaven and earth. What's more, he wants to fight with Lin Juelong on wudaotai. Do you think he has a chance to live? I advise you to look for another man. With your beauty, the young masters of some families in the capital can choose from you. "

Hearing this, Zhu Ya's eyes were extremely firm, and said word by word: "in my eyes, Mr. Ye can't lose. Moreover, even if you are that granddaughter, you are not qualified to help me make a decision!"

"If you stop me from leaving again, I will..."

Words have not finished, a palm wind hit!

"Pa!"

Let all people did not expect to happen, Xi Rong even slapped in Zhu Ya's face.

This slap is incomparably crisp!

And with a trace of martial arts, Zhu Ya even has no qualification to react!

Xi Rong was a little annoyed and tried to persuade her, but the woman in front of her was like her grandfather. She was so infatuated by the boy that she defended him everywhere! Even ignore their own identity!

Since this woman loves that boy so much, let this woman repay the slap that her grandfather gave her!

Zhu Ya was full of anger. Who could have thought that her granddaughter was so mischievous!

She respects that person, but does not mean that she should also respect his younger generation!

The key to this girl is to look at the existence of spoiled!

She no longer hesitated, one hand toward Xi Rong, at this time, has been watching Xi wanhu stand.

His mission is to protect the young lady. If she is injured, how can he explain to the master!

His eyes are full of killing intention, five fingers clasped Zhu Ya's wrist, and then gently pushed Zhu ya to the ground.

He stood in front of Xi Rong and said, "no one can move her. No matter who is right or who is wrong."

Xi Rong enjoyed the moment very much. She looked at Zhu Ya from a commanding position and said confidently, "zhuya, this is not Jiangnan Province, but the capital. Your identity is far from enough here! I don't want to embarrass you. As long as you apologize to me, I can consider letting you go. "

Juya stood up and said angrily, "dream! Even if you are powerful behind you, you don't know Mr. Ye at all. If you annoy him, he will not be afraid of your identity or even the people behind you! That's the only thing I can tell you! "

"No apology?" Xi Rongyang grinned with his chin, and then looked at Xi wanhu, "wanhu, some people have a hard mouth and ten palms."

Xi wanhu a Zheng, facial expression some hesitation: "Miss, otherwise this matter will forget."

"I said, ten times! Don't forget who you are

Xi Rong's cold voice rings out!

"Yes, miss!"

Xi wanhu step out, just want to hand, a figure in front of Zhu ya!

He is a middle-aged man with a long scar on his face.

Middle aged man with a trace of evil spirit, like a killer!

His identity is extremely special, that is, the dark hall arranged near the Capital Normal University.

Not for the protection of the temple master, but the Capital Normal University any and temple Lord related matter, must report!

He naturally knew Zhu Ya and wanted to hide in the dark, but he couldn't help seeing Xi wanhu start.

Not only that, he immediately reported this matter to ye Lingtian!

"Miss Zhu, are you ok?"

the middle-aged man said faintly.

"You are..."

The middle-aged man did not explain too much, and the murder was released: "you are too much. If you hurt Miss Zhu, the hall master will not like it, and the consequences will be very serious."

Xi Rong frowned at the sudden appearance of the middle-aged man, and told Xi wanhu: "give you ten seconds, the man's useless, the woman's palm!"

"Yes

Wind curls, Xi wanhu with countless Palmprint and go, the cold killing machine released! The powerful air wave even moved the white Porsche a little bit!

The strong man in the dark hall felt the danger of Xi wanhu, and without hesitation, smashed out with a fist!

"Bang!"

Two forces collide in an instant!

Dark hall strong person retreated ten steps, and Xi wanhu motionless! The gap is too big!

The middle-aged man's status in the dark hall is not high, otherwise he would not be arranged to observe in Beijing Normal University. Xi wanhu is one of the top ten masters of the Xi family. After all, Xi Rong's status is noble!

How can these two fight!

Not yet waiting for the middle-aged man to react, Xi wanhu in situ into a shadow, a claw toward the middle-aged man's Dantian grasp! ~Once touched, the light will be lost, and the heavy will be dead!

Just at the moment when Xi wanhu's five fingers were about to touch, a flat and suppressed voice of anger came from the cold!

"My man, you dare to move

Xi wanhu eyes a shrink, he clearly found that the air in front of him seems to condense into a wall, he can not move forward!

At the same time, a young man suddenly appeared in front of him!

Youth's eyes are extremely cold, just like the devil!

"Go away!"

Ye Chen blows out with a fist!

A light punch! But in an instant came the word "click The voice of!

Xi wanhu's right hand is directly broken and bleeding!

"Bang!"

The powerful air wave swept, Xi wanhu's whole person was flying backwards, just like a broken kite!

Everything changes too fast!

At the moment, everyone's eyes are on a young man!

Ye Chen!

Ye Chen received ye Lingtian's call at the first time, and then rushed down directly.

After a long time, Xi Rongcai reacted and said to Xi wanhu, "how are you?"

Xi wanhu spit out a mouthful of blood, shaking his head, did not speak, but took out his mobile phone and pressed a set of numbers.

Xi Rong saw that all his people were like this. He held out his finger at Ye Chen and blamed him: "Ye Chen, you dare to move my Xi family's people!"

Ye Chen ignored and said to the strong man in the dark hall: "it's OK."

"Temple master, I'm fine!"

Ye Chen nodded and then looked at Juya. Naturally, he noticed the palm print on her cheek for the first time.

He reached out and tried to touch, but he took it back.

"That woman did it?"

Zhu Ya shook his head: "no No, I didn't

She knows the identity and strength behind Xi Rong. If ye Chen offends, it will not be good for ye Chen!

"Oh."

Ye Chen nods, can't see expression!

Suddenly, ye Chen moved!

In situ into a remnant shadow, facing all people's surprised eyes, he slapped Xi Rong three times on the spot!

"Pa!"

"Pa Pa Pa!"

Xi Rong had swollen half of her face, and ye Chen's three slaps made her whole face swollen!

Chapter 429

Xi Rong covers her cheek and looks at Ye Chen.

"How dare you hit me? My grandfather... "

Words have not finished, ye Chen smile: "don't mention your grandfather, even if your grandfather is here, I dare to fan you! The Xi family will not teach you how to be a man. I will teach you by Ye Chen! "

"Besides, I dare not only to beat you, but also to kill you, believe it or not?"

Hearing this, Xi Rong covered Mori's painful cheek, stupefied.

She knew Ye Chen was crazy, but she didn't expect to be so crazy!

No madman!

Perhaps because Xi wanhu's mobile phone input a string of numbers, not long after a car appeared at the gate of Beijing Normal University and stopped.

Five or six figures appear beside Xi Rong.

"What can I do for you, miss?"

The head of an old man said.

"The man beat me and wanted to kill me. Help me kill that boy." Xi Rong saw the people around him and gnawed his teeth.

The head of the old man's eyes fell on Ye Chen's body, originally wanted to hand, when saw Ye Chen's appearance, frightened pale.

My heart was shaking.

How did miss offend this evil spirit!

"Miss, go back. We can't move this man!" Why is the old man.

Xi Rong could still feel the pain on her cheek and said angrily, "if I don't kill this person, I will never go back."

Words fall, strange things happen, ye Chen even through those people's bodies, directly came to Xi Rong's front!

Five fingers clasped Xi Rong's neck and lifted it up directly!

One second, backhand!

"Those who want to kill me are dead. You are no exception. "

Almost instantly, Xi Rong felt the cold killing machine wrapped her, her eyes widened!

At this moment, she felt that ye Chen really dared to kill her!

She can't see any respect from ye Chen's eyes, only cold death!

Those old people did not expect Ye Chen's body method and strength to be so ghostly.

Xi Rong can not have an accident, otherwise the consequences are extremely dangerous!

"Mr. Ye, please be merciful! Miss's fault, I will let the master punish

Ye Chen snorted coldly and threw Xi Rong out directly!

"For your grandfather's sake, I won't kill you today! But if there's another time, I'll kill you even if your grandfather pleads! "

Xi Rong felt his whole body bones were scattered, angry eyes staring at Ye Chen, just wanted to talk, her pocket phone rang up!

It's her grandfather!

"Grandfather, someone..."

Before she finished her words, a voice of exclamation rang out: "Xi Rong, get back to my family right now! From today on, one year's ban! And give ye Chen a call

"Grandfather..."

Xi Rong's face was pale. She couldn't think of it. Her grandfather was forbidden to speak to her in this tone for a year!

She trembled and handed the mobile phone out. An old man took it and wanted to give it to Ye Chen, but ye Chen had no intention of accepting it.

On the contrary, she looked at Zhu ya, condensed her true Qi into her palm, stroked her cheek and said, "are you better? Would you like to go to my place

"No No need to..." JUA blushed.

Ye Chen glanced at the people behind him. Afraid that Xi Rong would do something extreme, he opened the door of the car and sat in. At the same time, he ordered, "contact the Baili family, and now take me to see the land."

Zhu Ya reaction back, quickly into the driver's seat, start the car, and use the car phone dial Baili ice's mobile phone, the car to the other direction.

"Yes, Mr. Ye. I'll contact you right now."

.....

Twenty minutes later, the Xi family.

Xi Rong covered her cheek and complained in front of her parents. She added fuel to the matter!

In his words, ye Chen is undoubtedly a madman!

Although the father's face does not know her mother's face!

What is their daughter's identity? She was beaten! The consequences are too serious!

Xi's mother was distressed and her daughter even said, "rong'er, don't worry. Since the boy dares to fan you, his mother will surely seek justice for you! Even if the boy surnamed Ye is very strong, how about it? Is it better than our old man? I'll send the elder to bring the boy to you now

Xi's father frowned and advised, "that's it. We've only heard rong'er's one side of the story. Maybe rong'er was wrong first. This time, he kicked the iron plate as a lesson."

"Dad, why is that boy so arrogant that he can get away with it?"

As soon as Xi Rong's words fell, there was an old voice outside: "arrogant, I think you are the real arrogance!"

When Xi's father and mother heard this, their faces changed slightly. They stood up and looked at the old man who pushed the door in. They even said, "Dad, how did you come?" The old man came directly to rong'er and said word by word: "if I don't come again, your spoiled daughter will break the sky!"

"Grandfather, are you for an outsider Xi Rong didn't agree with her.

"Outsiders?" The old man just wanted to put out his hand and slap him, but he stopped to see Xi Rong's red and swollen cheek. He said in a cold voice, "rong'er! I didn't have time to explain Ye Chen to you just now! What a fool you are! Do you know who ye Chen is? He is the chief instructor of dragon spirit! I have personally conferred the rank of major general! "

"Not only that, he is the most likely to become the first person in China!"

"Also, in the Qinling incident, ye Chen slaughtered thousands of people and personally rescued Bai Lixiong from the sea of blood! Huaxia owes him too much. How dare you provoke him? "

"Even I dare not provoke you! This son is of great significance to China. After this incident, I can tell you exactly that if you have to choose one person between bailixiong and ye Chen, I will not hesitate to choose Ye Chen! "

"Finally, I will hold a meeting tomorrow. This meeting is directly related to Ye Chen. I decided to move Ye Chen's military rank! The position of major general is not worthy of him, at least lieutenant general! No matter what, Huaxia must keep this person! "

"Huaxia has him and is not afraid of all battles! Rong'er, do you understand? "

The last sentence was almost roared by the old man.

The whole hall was extremely silent, echoing the old man's words.

Xi's father and his mother were stunned. They knew something about Qinling. The old man didn't sleep for several days for this matter.

Once there is an accident in the Qinling dragon vein, the consequences will be unimaginable.

But who could have thought that all this was saved by a young man?

The key is that this young man slaughtered thousands of people?

One is worth a thousand?

Xi Rong is also open mouth, an incredible look.

Her cold eyes twinkled in her mind.

That kid is going to be awarded a lieutenant general?

How old is he!

The key person's value is even greater than uncle Baili!

An invisible chill covered her whole body.

"Grandfather, I was wrong. I will never dare again."

She slumped on the sofa, trembling.

Chapter 430

Beijing, intersection of Dayuan road and Jingbei Avenue, West.

Walls and cordons.

There were five or six men outside, with cold eyes on everyone.

When the car drove into the gate, several men made gestures. When the window rolled down, he saw Ye Chen in the back seat, and quickly showed a smile.

"Mr. Ye!"

"Let go!" One of the soldiers said.

The car drove inside, because it was a piece of wasteland, and Juya stopped at any place.

Ye Chen got out of the car, her eyes swept around, and instantly felt an air current fluctuating.

"Well? This place... "

Ye Chen feels something wrong, squats down and picks up a stone on the ground. With a slight force on both fingers, the stone turns into powder.

At the same time, there are a few wisps of aura overflowing.

"In history, many top families have been born here. It should be because the trend of this place is that thousands of clouds are rising. In ancient times, living here might have achieved hegemony, and the fortune of China is too mysterious." Ye Chen murmured.

He can clearly feel that the aura of this place is stronger than that of the outside world, and even better than the location of Jiang family in the capital city.

"It seems that my mother said that this land is the best choice to build the Ye family, and it is true. Once the Ye family is built here, it will protect the family for at least a thousand years. "

Ye Chen turned around and suddenly found something. His face changed slightly and he went to a position quickly.

Zhu Ya also followed up and said in surprise, "Mr. Ye, is there anything wrong with this place?"

Ye Chen's mouth outlined a smile: "this position is the eye of the array. To a certain extent, this is a large natural array, but because it is too old, China's aura is thin, and the array is almost damaged. If it is repaired, even shells will not come in here."

Although she didn't understand Ye Chen's meaning, she could see that ye Chen had to get this terrain.

Just then, a Hummer came in.

Hummer stopped, bailixiong and bailibeng came down. Not only that, but also several strong men stood behind.

"Mr. Ye."

"What have you prepared?" Ye Chen Dao.

She took out a hundred Li before she took out the comb.

"Mr. Ye, can you find her with a comb

Ye Chen shook his head: "not necessarily, can only try, after all, time is too long."

Bai Li Xiong arched his hand: "then Mr. Lao Ye."

Ye Chen comes to the position of the array eye, pinches it with his fingers, and the spirit runes together. His feet step out, and an air current suddenly appears around him.

A golden Rune appeared in the palm.

Ye Chen holds the rune in his hand and says something in his mouth. Then, he slaps the rune on the comb.

The next second, the comb was golden, suspended in the air.

Bailixiong saw this scene, eyes filled with a trace of panic.

However, this panic was soon suppressed by him. Even if ye Chen did something shocking to the world, he couldn't compare with the blood dragon in the place of dragon veins!

Yu Long people, this is only immortal talent has the means!

The whole wasteland suddenly blew a black wind, and the body of Baili ice was almost blown.

Ye Chen brows slightly frown, this black wind is not he to arouse.

On the contrary, the appearance of black wind is to stop him!

Seeing the black wind coming from the wind, ye Chen snorted coldly, and a talisman was offered directly!

Split the black wind in two in an instant!

But these two parts have formed two ghosts, with cold killing intention, towards Ye Chen.

"Black wind evil charm?"

Ye Chen is surprised a little bit, canghaiping teaches him a spirit talisman to have this Rune!

Isn't the key talisman a long time ago gone, but someone has mastered it?

At the moment when the ghost shadow was about to touch Ye Chen, ye Chen's life talisman was offered. In a flash, the two ghost shadows seemed to have seen something extremely terrible and wanted to escape, but in a flash, a strong attraction came from his life talisman!

"Jie Jie!" Two voices, all dissipated!

The whole wasteland is calm, and ye Chen's head also forms a picture!

In the picture, a young woman appears in the wasteland. She stops quickly and looks around, as if she is looking for something!

Bai Li Bing and Bai Li Xiong's eyes twinkle with excitement!

Because the young woman in the picture is mu Wanning, Bai Lixiong's wife!

In the picture, the young woman waited here for three minutes. After three minutes, a bent figure came out of the darkness.

"Are you sure you want to leave them alone and go to kunlunxu?"

Mu Wanning hesitated for a few seconds, or nodded: "sure."

"You don't leave them a letter or a message? Leave without saying goodbye?" The old man said lightly. Mu Wanning took a look to the South and sighed: "no need. Once they say it, they will go there to find me. What I can do is almost the same. There is no one in China for the Baili family. Bing'er has grown up. They don't need my help any more. Now it's time for me to go back to Kunlun. It's been too long. I've forgotten my mission. "

"Well, let's go."

The old man didn't have any nonsense. The black fog curled up and they disappeared into the wasteland.

The screen is interrupted.

Ye Chen didn't expect that Bai Li Bing's mother came from Kunlun Xu and was also a practitioner. He took a look at Bai Li Xiong and found that his expression was incomparably calm and even had a sense of surprise, as if he had already guessed it.

"Sure enough, she went to that place."

He clenched his fist.

Everyone knows that a few decades ago, a hundred Li Xiong was born in the sky. His talent was against the heaven, and he was the first person in China at that time!

Everyone marveled at Bai Lixiong's genius, but only Bai Lixiong knew that all his achievements came from Mu Wanning, the woman behind him!

Mu Wanning gives him skills and teaches him to practice! Let him soar! Become the patriarch of Baili family!

Even the training of iron and blood camp is made by Mu Wanning behind his back.

He did not know the strength of his wife, but the little bit of life let him guess his wife's terrible.

There was a mysterious woman in countless battles. Looking back, he was sure that the mysterious woman was his wife.

"Dad, mom went to Kunlun mountain? She... " Bai Li Bing trembled in his voice.

She was full of doubts.

Bailixiong did not answer his daughter, but went to Ye Chen and took out a land certificate: "Mr. Ye, I am not good at expressing, but I still want to say to you, thank you! This is the land certificate of this place. From today on, this place belongs to you. I'll let the person in charge of Huaxia take care of it. "

Ye Chen can feel Bai Li Xiong's hand shaking when he hands out the land certificate. He doesn't know whether he is angry or excited.

"Goodbye, Mr. Ye. I hope you can win the battle with Lin Juelong the day after tomorrow."

Bai Lixiong turned around and went to the military vehicle!

"Binger, let's go home. I'll explain some things to you slowly."

The Hummer soon drove out of the wasteland, leaving only yechen, who was frowning, and Zhu ya, who was lost.

.....
