

Physician 4211

Chapter 4211

Old bamboo is also a happy face, but also save his hand, in his eyes Ye Chen is already a dead man.

Even the passage of tens of meters is full of dangerous phenomena, not to mention the 300 meters?

Ye Chen wants to successfully pass, three words, impossible!

Now, if you want to come back, you can't come back?

GUI Lingyun's face was as pale as death.

Even ye Chen's face was dignified.

However, he did not fear, on the contrary, in his eyes, the war spirit was fierce!

The next moment, directly towards the channel, took steps!

As soon as he stepped into the passage, a violent Yin Qi turned into a hurricane and roared in the sky and earth!

People, looking at the hurricane, their eyes flashed with horror!

How strong!

Every blade in the hurricane is extremely fierce. Even if it is involved in the source area, it will hurt and bleed. How many blades are there?

Ten million!

A breath between, can the origin of the strong twist into nothingness?

In an instant, ye Chen's body will be involved in the hurricane, the hurricane instantly turned into blood, endless blood, with the hurricane and rotation!

GUI Lingyun bit her lips and restrained herself from crying. The blood ran down the corner of her mouth. She asked nervously in her heart, "can ye Chen, Qingyi, survive?"

Qingyi sighed: "girl, this is the eroding Yin wind of that era. I didn't expect that when I came up, it was this kind of means. That boy, it was hopeless..."

"No, I don't believe it! Qingyi, I think you underestimate Ye Chen. He is not a man who will die so easily!"

What else does Qingyi want to say

At this time, suddenly, in a strong wind out!

At the next moment, a blood stained figure broke through the bloody wind. With a flash of body shape, he ran towards the front and ran away!

People see, it is a pupil shrink!

That figure, looks extremely miserable, the whole body flesh and blood has been almost all smashed, the whole person, looks like a bloody skeleton!

Even if the source of martial arts exists, in this case, they are already dead and can't die any more. However, the skeleton, as if nothing had happened, ran at full speed, and in the process of running, its flesh and blood grew rapidly!

In the twinkling of an eye, ye Chen has recovered as before!

Everyone is a ghost expression, strong vitality, but also have a limit?

Ye Chen, this is almost immortal!

GUI Lingyun excitedly said, "Qingyi, you are wrong! Ye Chen, he survived! "

Her eyes were bright again Ye Chen, can really create a miracle

Qingyi was also a little surprised and said, "it's just that I've lost my sight It's a pity that the boy's martial arts talent is really frightening, but he will fall here... "

GUI Lingyun frowned: "Qingyi, what do you mean?"

"Even if the first layer of ghost appears, it's useless, but the first layer of ghost is useless, and the third layer is hard gas."

Ye Chen galloped all the way. Soon, he came to the 30th meter. At the moment, he was scarred and his breath was unstable.

It was even more difficult to cross the distance of more than 30 meters than he imagined. The bone destroying Yin wind and nine days of Yin thunder appeared one after another, even he was seriously injured.

Fortunately, it can withstand it!

Ye Chen is not blindly confident. The reason why he dares to directly challenge the three soul seals is because of his vitality!

On vitality alone, he can even surpass many of the original strong!

Moreover, through the challenge, it is not a battle, as long as it can support to the end!

For a while, the faces of Chifengshan and others were ugly. Ye Chen was far beyond their expectation. Even if the chance was extremely slim, if ye Chen really captured the three soul seals, they would go crazy!

At this time, the old bamboo eyes flashed a cruel color, suddenly to the red wind fir and other people said: "gentlemen, do you want to see this boy so rush through?"

Zhou Qiong eyebrow tip a pick way: "bamboo old this is what meaning?"

The old bamboo looked at Ye Chen's back and said, "this boy is in the passage and can't be avoided. Isn't it a living target?"

When people heard the speech, they could not help but look at him!

This bamboo old lady is insidious!

This kind of behavior is extremely disrespectful in the world of martial arts.

Zhou Qiong frowned: "he is in the test, rashly to its hand, isn't it disrespectful to Jiuyou holy king?"

Old bamboo sneered: "did you not see that when this boy challenged, did not get that gray reward? Do you think the king of Jiuyou will protect him? "

When people heard the speech, they all showed the color of deep meditation. Although what Mr. Zhu said was reasonable, no one dared to do it."If you're worried, let your men have a try, don't you know?"

At this time, the red wind fir face indifferent to open a way: "I agree, this boy, damned."

Lei LuoCha smell speech, in the eye flash a obliteration meaning way: "I also agree!"

Zhou Qiong looked at them and nodded.

Mr. Zhu smiles with satisfaction. The damned boy killed the young master. I must pay for it!

Only one of them was silent.

At this time, Zhou Qiong's eyes flashed slightly: "however, this boy's vitality is somewhat against the sky, almost immortal. To tell the truth, even if I wait to fight together, I may not be able to kill him?"

Red wind fir light way: "in this world, how can there be any real immortality? Even the immortal body in the legend needs a little flesh and blood to be reborn. As long as I wait for my hand to destroy this boy, no matter who he is, he will die! "

Lei LuoCha frowned: "even the means of the nine you holy king can't do it. How can we ensure that it is completely destroyed?"

Chifeng shansen Han said with a smile: "of course, it's not now. The vitality of this boy has obviously declined. If he can really run to 270 meters, it is estimated that he is on the verge of death. At that time, we will cooperate with the attack in the channel, use thunder means, and send him on the road!"

.....

In a twinkling of an eye, 70 meters, here!

Ye Chen's eyes, flashing the color of crazy, a roar, one than the GUI Lingyun bear that nine days of Yin thunder, but also on the thick ten times of the thunder, mercilessly blow down!

Ye Chen stares at the thunder. In his heart, he feels extremely dangerous. Suddenly, a strange scene appears

On that painted black sword, there are mountains, rivers and heaven!

In the mountains and rivers, the atmosphere of destruction is strong to the extreme, and each seal is engraved between heaven and earth!

Chapter 4212

Everyone was surprised. It was Lin Sheng's method

Ye Chen looked at it once and learned it directly?

The talent of martial arts and Taoism has made that God Star list genius look a little gloomy

In terms of talent, they seem to be crushed by Ye Chen in all aspects

Therefore, ye Chen must die even more!

The next moment, Sha sword and thunder, a strong thunder, burst out.

Everyone is staring at the center of the light for a moment!

For a moment, the light converged, and a dark figure appeared in the eyes of all.

Red wind fir and others, are a happy face!

At the moment, ye Chen seems to be completely burnt!

But

The next moment, the sound of the click continues, ye Chen that dark skin, like molting in general, fell off.

His flesh and blood quickly reborn, after a few breaths, the wound on his body has been completely healed!

Ye Chen breathed a breath, and his face was as heavy as water. Just now, a force flowed out of the mark of the heavenly demon, which aroused the vitality in the blood of the demon

If not for this vitality, ye Chen may have been seriously injured.

After all, the thunder just now has the power of all-out strike!

Now, it's only 70 meters!

However, it is useless to think about it now!

He has no way back!

Ye Chen's body moves again and rushes towards the front. However, to everyone's surprise, good luck seems to finally come to Ye Chen. In the next 20 meters, nothing happened!

Chifengshan and others frown at the same time. Is the test over?

At this time, a space wave suddenly appeared in front of Ye Chen!

Ye Chen's face changed slightly and stopped suddenly!

In this passage, a different space stands in front of his eyes. In different spaces, endless Yin Qi surges, and a huge shadow looms in the depth of Yin Qi.

The moment the shadow appeared, all the people present couldn't help but jump in their hearts!

A blood pressure, come again!

It is very similar to the feeling of GUI Lingyun when he wakes up the blood vessels of the heavenly ghost!

Moreover, this breath, they are not unfamiliar

Longwei!

This is the real Longwei!

Zhou Qiong laughed and said excitedly, "ZuLong! And it's blood concentration, close to nine percent of ZuLong! There should be a real difficulty in each floor of the five souls building. The third floor is the dragon

Old bamboo and other people, also have a smile, ye Chen want to die, are difficult!

Xuanhan Yu said in a deep voice, "no, it's the ZuLong clan."

"ZuLong clan?" Ye Chen's eyes flashed: "what about ZuLong people? What's the connection between ye Luo'er's ancestral temple? "

He killed a lot of dragons.

Xuanhanyu said: "Ye Chen, don't underestimate the ancestral dragon clan. The reason why you think the dragon is not worth mentioning is that all the dragon people you meet are of extremely low blood. You may have less than one thousandth of the real dragon blood!

And the existence of Yin Qi, blood concentration, about 9 percent! This kind of blood can be regarded as strong in foreign countries... "

At this time, the Yin Qi dissipated, and the people looked at the huge things that appeared in front of them, and their faces changed slightly

At the moment, appeared in front of them, is a huge white skeleton!

This so-called dragon clan is a dragon skeleton!

Ye Chen's eyes, mercilessly tremble!

He didn't care about the blood concentration. He was shocked by the strength of the bone Dragon

Ye Chen can't judge each other's accomplishments with his mind, but he can feel that the strength of the bone dragon is superior to the original state!

GUI Lingyun anxiously said, "Qingyi, please help Ye Chen..."

No matter how strong Ye Chen is, he can never be the opponent of this bone Dragon

Qingyi said with a bitter smile: "girl, I am now, only a spirit how to save him?"

Moreover, even if there is a way to save it, Qingyi will not.

Ye Chen is a monster, but it is only relative to foreign countries. In Qingyi's eyes, he still can't be compared with the genius of the whole world.

His death here is the best situation for GUI Lingyun.

And Chifengshan and others are excited.

It seems that there is no need for them to do so.

Is there anyone under the age of 1000 living in front of the bone dragon above the origin?

It's impossible to be the first one on the list of God stars, right?

Just then, the bone dragon opened his mouth.

In its eye socket, burning a faint flame, staring at Ye Chen, he said, "you can't help yourself, get out of here."

In the moment, the flame of the Dragon burst out in a moment!The moment the pillar of fire appeared, even the void melted, and the whole golden channel seemed to be unstable. But there was a flash of fear in the eyes of all the people here, and their spiritual power surged wildly to resist the heat wave that was scattered!

Even if a little bit of power, it is enough to let the origin of the existence of the environment, ready!

Ye Chen's face changed, and the sword in his hand danced wildly, and his destructive power splashed into a black sword and chopped at the pillar of fire. However, the sword light was melted by the flame in an instant. At the next moment, the rolling cangyan completely submerged Ye Chen!

"Ye Chen!" GUI Lingyun exclaimed, and her eyes were red.

And Chifengshan, ZhuLao, Zhouqiong, Leiluocha, look at each other, the surface is happy color.

Little bastard, make you crazy?

Now, isn't it dead?

But at this time, a silvery white light, suddenly in the Cangyan, soared to the sky!

At the same time, vaguely, there is an ancient Xuanbei virtual image emerged!

I saw, Ye Chen all over the silver flame, reluctantly resist the burning of Cangyan!

That silver flame, of course, is Xuanyan!

The Xuan stele, of course, is the burning stele in the Xuanbei of reincarnation!!!

Xuanyan's current rank is not low in the list of Shenhuo outside the territory. In addition, with the mysterious burning stele, Ye Chen, it can be said that Wanhua has not invaded in foreign countries

However, even if such a powerful flame and Xuan stele, it is still unable to completely offset the fire of Cangyan!

After all, the strength of Xuanbei is constantly upgraded with the strength of Ye Chen!

But now, Ye Chen's strength obviously can't let the burning stele reach the peak!

Ye Chen's body, has appeared innumerable burns!

He is crazy to run the vitality, constantly yelling, at the moment, ye Chen is life hanging on the line!

The flame in the bone longan flickered for a moment, as if by accident.

However, that's all. When he raises his bone claw, he will press down against Ye Chen, who has done his best to resist cangyan. If he is suppressed by this bone claw, he will only end up in ashes!

Chapter 4213

Ye Chen is biting his teeth and squeezing every potential in his body. Until now, he is still unwilling to give up!

At this time, ye Chen chest, suddenly sent out a strange breath, that breath, actually sealed the breath of the sky demon!

This breath, into Ye Chen's body, is actually with that mysterious samsara cemetery integration, produced some kind of inexplicable change!

All of a sudden, ye Chen's face moved, a strong force, suddenly from the body, so that its injury, quickly recovered!

The bone dragon's claws, instantly solidified in the air!

The flame in his eyes flashed wildly and exclaimed: "this This is samsara breath, boy, why do you have samsara breath! "

All of a sudden, his eyes fell on Ye Chen's chest, and the flame in his eyes flashed again, saying: "it's the mark of that one! You What's the origin of the heaven demon? At the same time, it also has the breath of reincarnation

The bone dragon looked at Ye Chen, and the flame flashed in his eyes, sending out the light of great desire!

For a time, burning the flame of Ye Chen, dissipated!

All of them looked gloomy

What's going on?

Just now, this bone dragon is going to kill Ye Chen completely. Why did it stop suddenly?

However, Gu Long and ye Chen are in a different space, so they don't know what Gu Long said.

Ye Chen gasped heavily, and a sense of happiness rose in his heart. Although he didn't know what the bone Dragon said, he knew it was from the tomb of samsara!

I'm afraid that even the reincarnation masters of the last generation can't completely understand the existence of the samsara cemetery.

This samsara breath, only one silk is Ye Chen's strength, after reaching a certain special state, only, ye Chen could not lead it in any way, so he ignored it.

Now, for the first time, he found that the breath of samsara was so powerful that his vitality could be doubled in an instant with the blessing of samsara breath!

And this is just a trace!

And, according to his perception, the stronger his own strength, the stronger the samsara atmosphere will be!

Ye Chen gazed at the bone dragon and said, "yes, I have a treasure of my own life, which can produce the breath of reincarnation."

Bone dragon is going crazy!

The most precious treasure that can produce the breath of samsara, even if it is the strongest one that has existed since the ancient times, I can't imagine it!

Moreover, this samsara breath is the thing bone dragon needs very much!

Looking at Gu Long's look, ye Chen was more sure of his idea. He said, "master, this samsara breath is very important to you?"

Gu Long was silent for a moment, nodded his head and said, "yes, you can see my present state, and I want to reshape the body and need the breath of reincarnation!"

Ye Chen's eyes flashed and said with a smile, "in this case, elder, you'd better make a deal with me?"

"Trade?"

Ye Chen's complexion has recovered and said calmly: "I can let the elder enter my treasure and absorb the breath of samsara. What can the elder take out?"

First of all, I will tell the elder that only I can control this treasure, and it is impossible for me to get it. Moreover, the stronger my strength is, the better the samsara breath will be in terms of quality and quantity! "

Ye Chen can feel the breath of samsara in the tomb of samsara. Although he has consumed all of it, it is increasing on its own. However, with his strength, the samsara cemetery can only accommodate a little bit.

The bone dragon's face was ecstatic, but there was still some doubt: "what you said is true?"

He knows the horror of reincarnation. If there is a treasure that can produce the breath of samsara

In that case, what kind of soul is printed in front of the treasure is no different from garbage!

Ye Chen said: "if the elder takes out the condition which satisfies me, I can let the elder feel some."

A decisive light flashed through bone longan: "boy! If what you say is true, I am willing to serve you as the Lord, and I will give you the body of the keel to help you refine the keel into your own body! If I want to remodel the body, I can only give up the keel body!

And, to tell you the truth, although your strength is not weak, it is still far from enough to pass the challenge.

After the fusion of the keel, whether it is the strength, vitality, or your flame, there will be a great improvement. Even if I help you, only by swallowing the keel can you have the hope of surviving!

However, it is said that after I give you the keel, I can't do it easily. Only in front of your real life and death crisis can I help you. Moreover, after each move, I need to sleep for an extremely long time! "

Ye Chen hears the speech, also is the face present joyful!

When life and death crisis comes, it's enough!

If bone dragon has been fighting for him, how can he improve?

Ye Chen nodded and said, "dealWith the improvement of Ye Chen's strength, ye Chen finds that he has more and more control over the reincarnation cemetery.

The existence of this nature of bone dragon can naturally be included in the samsara cemetery.

As for whether the bone dragon will find the secret of the samsara cemetery, ye Chen is not worried at all.

Because when the bone dragon enters into it, its life and death have long been controlled by itself!

Immediately, ye Chen released part of the ban on reincarnation cemeteries. The skeleton dragon's body shape flashed, and it turned into a faint light and integrated into the samsara cemetery.

The samsara cemetery is equivalent to a small world controlled by Ye Chen. With a move of his belief, the bone dragon and the hundred great powers were separated in different spaces.

After the bone dragon entered the stone tablet, it kept flying excitedly. Among the treasures, there was really a breath of reincarnation!

Although very weak, but it is real!

The next moment, he appeared in front of Ye Chen again, staring at Ye Chen, and said, "boy, what's your name?"

"Ye Chen."

The bone dragon solemnly said, "my dragon Tianshuo, swear by the heart of Tao. From today on, I will give priority to Ye Chen, and I will never change my mind until I die, and I will submit to you forever."

Ye Chen's eyes move. There is a kind of connection between the spirit and the bone dragon.

The bone Dragon said: "well, boy, now start to eat my dragon's body. You've made a big mistake this time, the old man of Jiuyou holy king, but he has a strong hatred. If you challenge only a single soul seal, I can easily let you survive, but you have to challenge three at the same time! I don't want the first master in my life to fall away from me... "

Ye Chen hears the speech, some doubt tunnel: "swallow? How to swallow it

Gu Long accidentally looked at Ye Chen and said, "boy, if I read correctly, you should have reincarnation blood? Otherwise, even me, there is no way for you to pass the fifth level of challenge, reincarnation clan, how can it be swallowed up?"

Of course, it's straight away! "

Chapter 4214

Ye Chen eyebrow tip a pick, this bone dragon also saw own reincarnation blood vessel?

He couldn't help asking, "master, what is the samsara blood?"

Gu Long looked at Ye Chen with some doubts and said, "don't you know? This samsara blood is extremely mysterious. I only know that it is superior to the heaven and is comparable to the heaven demon and the supreme existence of the demon ancestor

In the ancient times, I once met a reincarnation being who swallowed up a holy king with the method of reincarnation, so I knew your origin. However, your blood seems to be still dormant... "

This dragon Tianshuo is also smart. He knows that following Ye Chen can not only reshape the body, but also be a reincarnated ethnic group. The future will be limitless!

Otherwise, he would not easily recognize Ye Chen as the Lord.

Ye Chen nodded and said, "in this case, master, I will offend you."

After that, he opened his mouth and bit hard on the body of Gulong!

The sound of the crackling is constant. Ye Chen is extremely hard to chew the jade white keel. Between the teeth, the destruction road rhyme is stirring. The body of the bone dragon is really tough. Even if the bone dragon has no resistance at all, it is difficult to chew it off.

All of us are stupid when we see this scene. Our brains are almost boiling

What is this kid doing?

Just now, I almost died in the hand of the bone dragon. Now, how can I start to swallow the bone dragon!

Does he want to eat raw the existence which is above the origin?

There must be a limit to horror!

Such a strong person, every one can make the existence of foreign tremor!

The bone dragon shook his head and said, "boy, it's too slow. I'll come."

After that, Zhiji Yin Qi surged wildly in his body. With a roar, the whole dragon body was completely broken and turned into pieces of white fragments, which fell in front of Ye Chen.

A dragon soul enters the stone tablet in Ye Chen's body.

Ye Chen is not polite and swallows that bone piece one after another in abdomen!

Chifengshan and others are evil spirits on the list of gods and stars. They are also well-informed. But now, they can't believe their eyes!

Even if the keel is broken, how great is the power?

That's it?

Even if it is the top of the source of the strong, will be shengshengpu burst?

And ye Chen, not only a pair of nobody's appearance, even, full of surprise color!

Long Tianshuo's voice sounded in Ye Chen's mind: "now, I will help you practice the keel into the body!"

Rolling dragon power, instantly surging in Ye Chen's body, that hard and incomparable dragon skeleton, at the moment of contact with this dragon power, turned into a golden liquid and poured onto Ye Chen's skeleton!

"Shit!" Ye Chen's face suddenly changed. This seemingly ordinary golden liquid, unexpectedly, was extremely heavy!

With the hardness of his bones, they are all pressed out of the cracks!!

For a moment, ye Chen's body surface was covered with blood!

Ye Chen showed his teeth in pain and said, "Shuo Lao, you didn't tell me that refining the body of the keel is so painful..."

Long Tianshuo said: "boy, you are also a samsara, not so easy to die."

Ye Chen can't help being speechless. In the past, others were shocked by his vitality, but this old dragon seems to be just as he should be

Even, seeing ye Chen because of the pain of his broken bones, he is not satisfied with his appearance

At the same time, the whole body of the Dragon burst out in a burst of strength!

Whether it is vitality, or physical strength, are crazy rising!

At the same time, a wisp of cangyan poured into Ye Chen's elixir field. Under the control of Shuo Lao, it was easily swallowed up by the dark flame. On the silver flame, there was a touch of green color, and the power in the flame was doubled!

After the time of a stick of incense, ye Chen was dripping with blood all over his body, but his face was full of ecstasy!

It's a success!

He could feel how terrible his body was now!

Today's he, if facing half step source existence, ye Chen, self-confident has the strength of the first World War!

In his heart, GUI Lingyun said with great joy: "Qingyi! I said, ye Chen, not so easy to die! He must be able to create miracles

Even Qingyi is a little shaken now

She knew very well that the bone dragon had existed since the ancient times. Moreover, it was a famous genius among the dragon people. Before his death, his blood concentration was as high as 65%!

Even in those days, even the king of Jiuyou couldn't tame it, so he turned it into this one, guarding the soul seal

Can, this bone dragon is willing to be swallowed by Ye Chen?

This seems to be arrogant incomparable, is not optimistic about the youth, perhaps, not her imagination, so simple!Ye Chen is moving forward at full speed, thunder and hurricane, more and more fierce, but, to everyone's horror, ye Chen's injury is getting smaller and smaller!!!

In a flash, he has reached 200 meters!

"Damn it!" Zhou Qiong looked ugly and said to Chifengshan: "chigongzi, when shall we start? Go on like this, this boy, really want to get the soul seal! "

"Don't worry, the difficulty of the fourth floor has not yet appeared Wait till then, I'll do it later! "

All of a sudden, his wrist turned and a bloody bead appeared in his hand.

Zhou Qiong and others looked at all the beads, and their faces changed. In their eyes, they flashed thick fear and said, "the sky destroys thunder and blood beads!"

Old bamboo said: "chigongzi, good handwriting, Tian Mie Shen Lei, ranked third in the list of God thunder. Is it enough to kill the origin of the territory in one day

Chifengshan's eyes sank and said, "you have seen the talent of this boy. If you can't kill him this time, I don't need to say more about the consequences. Even the forces behind us may not be able to protect us!

So, this time, I hope you don't have any more reservations! "

Chapter 4215

Zhou Qiong and others, look a Lin, heavily nodded!

At this time, old Shuo opened his mouth in Ye Chen's mind: "Ye Chen, next, there are two difficulties, the fifth layer of difficulties, you have the blood of reincarnation, you can easily pass through, the key lies in this fourth level!

The fourth level of difficulty is the Zhou Tian ghost extermination array composed of 100000 evil spirits. Even if you swallow the keel now, a bad one will disappear in an instant under the impact of 100000 evil spirits! "

Ye Chen heart a Lin way: "that, how to pass?"

Old Shuo said: "hum, the old man of Jiuyou holy king, who trapped me for 300 years with this array, I still found the eye of the array. However, if the real ghost exterminates the big array, you can never reach the eye of the array. Fortunately, the holy king of Jiuyou still has some human nature. The cloth in this channel is weakened by thousands of times, as long as you can follow my instructions perfectly The action, should have 50% assurance, can break that eye smoothly!

Ten meters ahead, the battle is coming! "

Ye Chen takes a deep breath and rushes forward without hesitation.

In a flash, ten meters has arrived!

The sky and the earth seemed to be darkening rapidly. Endless Yin Qi surged in the sky and poured into the golden channel. A large array was formed quickly!

The piercing cry of ghosts shakes the sky. In the rolling sound and waves, even those who are strong in the first half step of the light column are all white, and their internal Qi and blood are in a frenzied shock!

That one hundred thousand evil spirits are really terrible!

"This time, isn't this boy still alive?" said the old bamboo

Chifengshan said: "don't be careless. If this boy has any sign of breaking through the battle, we will take action!"

Zhou Qiong looked at one of her attendants and said, "Zhou Zhu, wait a minute. You know what to do."

"Yes

Before they make a move, they will let Zhou Zhu do it a moment in advance!

At the moment Ye Chen entered the array, the ghost of the whole world roared towards his position. The original golden channel turned into a deserted plain at the moment of the formation.

At this time, old Shuo said: "Ye Chen, go east for 30 meters!"

Ye Chen looks to the East, and his pupils shrink in an instant. He sees that the ghost army of Zhou Dynasty is full of Yin Qi, which is 50000!

In this Zhou Tian ghost army, one by one, Yin Qi is extremely strong. In this big array, it has the strength comparable to all existence. If 50000 heads are attacked at the same time, even with Ye Chen's current constitution, it can't be guaranteed to be able to withstand it!

As soon as he gritted his teeth and held the sword in his hand, he rushed to the east 30 meters away!

The frightening sword light is all around the body. The ancient method of burning the sky is shrouded in the body. The new words of the six exterminations' true formula run to the extreme. The newly promoted Xuanyan also roars out!

All means have been used to the extreme!

At the same time, tens of thousands of channels of Yin Qi ghost claws, bombarded and down, the sky shaking bang, burst out!

Blood, splashing!

On Ye Chen's body, there is a scar that goes deep into the bone marrow. The breath fades down in an instant. On the skeleton, the golden light flows. If it had not devoured the keel of Shuo Lao, this blow would have killed him!

However, although extremely miserable, but ye Chen did, he was born under the attack of the 50000 evil spirits, 30 meters ahead!

"Ten meters to the North!"

"Three meters to the southwest!"

Ye Chen according to Shuo Lao's instructions, constantly moving, the body's injury, more and more serious, that one hundred thousand ghosts, faint, has to completely surround him!

His face color, also more and more ugly up, but at this time, ye Chen's eyes, but suddenly a bright!

A round bead full of Yin Qi appears in front of you!

The 100000 evil spirits all gave out a roar of impatience and anger. With a loud bang, the ghost claws of 100000 evil spirits were condensed into a sea of Yin Qi, and they were oppressed fiercely towards Ye Chen. Before the ocean really touched Ye Chen, his body was already cracking!

Ye Chen gave a long scream, under endless pressure. Between life and death, the sword in his hand did not tremble. He cut it out at a high speed. The sword's meaning was turbulent, and the Dao Yun was surging. It suddenly exploded on the bead of Yin Qi!

At the moment, the sea of Yin Qi has reached the top of Ye Chen's head, and a burst of blood mist burst out from his body

At the moment when ye Chen was about to be completely drowned by the ten thousand ghosts who seemed to be able to turn the whole world into ghosts and ghosts, ye Chen was about to be completely drowned. With a roar, the plain collapsed quickly, and 100000 evil spirits were also in bursts of screams, which turned into nothingness, and the sea of Yin Qi dissipated

"Hoo..." Ye Chen heaved out a breath heavily. It has not been so breathtaking for a long time

He appeared on the face of a touch of ecstasy, will be dozens of pills into the mouth.

As long as you pass the ghost killing array, then, the front is convenient and unimpeded!

Those three Heaven level soul seals are all his Ye Chen's! But at this time, the voice of Shuo Lao and Xuan Hanyu sounded in Ye Chen's mind at the same time: "Ye Chen, be careful!"

Poop, a sword light pierced his back

Ye Chen frowns and turns around to see that a member of the Zhou family is slowly withdrawing his sword.

And Chifengshan, ZhuLao and others are all looking ferocious and staring at him!

Chifengshan shouts: "no problem, do it!"

The next moment, a bloody thunder, from the hands of the red wind fir, burst out, toward Ye Chen bombarded!

In the hand of old bamboo, there is a section of golden bamboo wood. His whole body is full of spiritual power. The bamboo and wood instantly turn into a golden light and fly towards Ye Chen!

Lei Luosha's whole body was full of magic power, and suddenly broke the corner of his head. In that corner, the thunder flashed, and a thread was as good as the thunder of nine days of Yin thunder, bombarding and coming!

Zhou Qiong also took a green pill. The Green Qi surged in the meridians, and the breath suddenly rose. The Mitsubishi sting in her hand shocked the sky!

People, have played their cards, in order to kill Ye Chen!

Old Shuo said: "Damn it, boy, run away. You have annoyed the king of nine you and can't get his protection!"

Escape?

Ye Chen has a wry smile on his face. He wants to escape, but he can't escape even in his current physical condition

"Ye Chen

GUI Lingyun saw this, pretty face completely pale down, she can't believe, these God Star list genius, actually shameless to this point!

The next moment, ye Chen's figure is completely submerged by the four powerful attacks.

If ye Chen is in full bloom, even if they join hands, they can't really hurt him

Unfortunately, ye Chen has reached the limit in order to break through the ghost killing array

Chapter 4216

After a moment, the light converged, and there was only a charred, extremely broken corpse

Ye Chen's head and heart seem to have disappeared completely.

As if, already dead can't die again!

"No way..."

GUI Lingyun's feet are floating and her brain is dizzy. She doesn't believe it. Ye Chen is dead

The next moment, her beautiful eyes suddenly burst out of surprise, that day ghost blood, crazy outbreak, a burst of horror, covering the whole world!

GUI Lingyun's hands are full of green vines. In an instant, he is facing the red wind fir, surging away!

The space burst, the gale, this ivy, if enough to cut across the ages!

The pupil of red wind fir shrinks, the figure flickers, evades this record of green vine, his face is fierce, to Gui Lingyun angry shout: "Gui Lingyun, what do you do?"

GUI Lingyun seems to be about to make another move, but at this time, a woman's voice suddenly rings out in the sea of knowledge: "Lingyun, stop it! Now, you are not the opponent of the forces behind these people. If you really want to avenge the boy, stop!

With your martial arts skills and my guidance, these people, even the forces behind them, will soon be wiped out! "

GUI Lingyun smell speech, beautiful eyes, flash a touch of struggle, this just slowly take back the green vine.

At the same time, Zhou Qiong and others are in high spirits. However, up to now, the building of five souls has not been restored. In this case, they dare not challenge

Suddenly, the blood mist quickly dispersed, a door, appeared in front of everyone.

All the people present felt that their bodies were light, and the prohibition of emptiness seemed to have lost its effectiveness.

Red wind fir eyebrow a frown way: "nine you holy king, this is to let me wait to leave the meaning?"

Therefore, we were not qualified to face the challenge

The red wind fir snorted coldly: "you also see how dangerous the challenges in the next few layers are. It's a good thing for us. Besides the boy, it's not a gain, is it? Let's go

At the next moment, the crowd moved and flew towards the gate.

GUI Lingyun finally took a look at the motionless Ye Chen lying in the golden passage and wiped away the tears on his face. A decisive color flashed in his eyes and said, "Ye Chen, I swear that I will avenge you!"

Lan Xi and other dark area agents all sighed and shook their heads, and left with GUI Lingyun. Soon, there was no one in the ruins of the Youwang!

.....

In a mountain forest, Xunan and Lanxi walk side by side.

Xu Nan looked lonely and said, "Ye Chen, it's a pity..."

Blue river smell speech, but in the eyes flash a touch of thinking color: "Xu Nan, do you think there is something, very strange?"

"What?"

Blue river way: "Since ye Chen has died, why did the golden channel not disperse?"

Xu Nan smell speech, suddenly eyes a shock! Is

But soon, he was a wry smile and shook his head: "that kind of state, how can anyone survive?"

Lanxi smell speech, also low ground sighs a, but suddenly, he is a slight change in the face, suddenly stopped the pace, a touch in his arms.

Xu Nan said, "what's the matter?"

Lanxi froze for a moment, with an incredible look on his face, and said, "that bottle of blood is missing..."

.....

At the same time, China, Qinghai, Yuning county.

The vibration of the Grottoes is getting stronger and stronger.

It's thousands of kilometers around. It's all cracks!

The picture sent back by UAV is a big net spreading in all directions with the center of the grotto!

This big net is spreading!

In the name of all the villages around in advance!

The sky black clouds rolling, and with one after another thunder and lightning, lightning from the high altitude, down the ground, countless burning pits appear, just like a scene of doomsday!

Looking at the top of the mountain, Hemingway's soul is on top of the mountain.

He is also a practitioner. He can feel that the aura changes greatly in this area. Captain Jin and he have been investigating the change of aura.

Now it seems that this grotto may be the key to the change of aura.

If in a few days, Duan Huaian doesn't get news, then he can only take plan B.

What a mess!

Zhong Haiming was just about to put down his telescope. Suddenly, he felt a blur in his sight. A high-speed shadow seemed to pass in front of him!

As a cultivator, he knew that it was not dazzling!

Someone appeared in the camera just now!

"Inform the people of longhun Research Institute to check the surveillance video frame by frame! If you find anything, let me know immediately! ".....

The void above the grottoes.

The thunder and lightning, which contains the extremely terrifying rhyme, is constantly winding around.

No one can survive here.

Even if Kunlun practitioners are in this environment, they will die!

And thunder light, actually emerged a small figure.

The figure was suspended in the air, and the thunder and lightning fell down. It was so weird that it avoided the figure.

Like thunder and lightning in fear!

This is incredible!

As the camera zoomed in, a more bizarre scene appeared.

The master of this figure is a little girl!

At the moment, the little girl's hand is holding a sweet cone, ziziwei eating.

However, her eyes always fell on the direction of the grotto, that deep darkness.

"It's really annoying. I've been walking around the world, but it's just the beginning?"

"However, those sweet cones in foreign countries are really bad to eat. They are still delicious in the shop in Qingchun street, Jiangcheng."

Speaking of this, the little girl directly ate the remaining cone, and even licked her lips.

Then, her expression of enjoyment turned to ice cold, stepped out of the void, and went straight to the cave.

The little girl looked at the grotto's strange runes and snorted: "it seems that the emperor yuan hall is going to speed up the process of spiritual change."

"As an extraterritorial force, they even interfere with the rules of the earth. Doesn't that guy care about the reversion of Tao's heart?"

"Unfortunately, I can't interfere too much."

"According to the current progress, even if these people can stop yuan Daofeng, they can't stop that person's layout."

"What should happen will still happen."

"However, if someone can stop it, maybe it's the guy named Ye Chen."

"No, this guy has been out there for so long, won't he die outside?"

"That's a bit of a pity. Anyway, it was the first day of China..."

Little girl no longer think much, the figure has appeared in ye Lingtian, Jin Lengyan and others behind.

And ye Lingtian's abyss sin breaking gun, is one shot after another in that door.

Chapter 4217

Every blow is the best ye Lingtian can play!

Now he has the martial arts of the divine Kingdom, which is too much higher than the Chinese plane. Every blow is extremely accurate!

But it can only destroy the gate little by little.

But the results of these days have been obvious!

He believed that as long as he persisted, everything would be broken!

All of a sudden, ye Lingtian seems to be aware of something, fiercely stopped, looking at the back of his eyes!

It's a pity that there is nothing behind!

"Strange, how can I feel someone staring at me behind my back?"

Ye Lingtian awakened the power and blood of our ancestors. The natural sense is different from ordinary people!

Jin Lengyan said strangely: "master ye, what's the matter? Why did it stop all of a sudden? "

Ye Lingtian shook his head: "nothing, let's continue, we don't have much time left."

"The ban on the gate has weakened a little bit. I vaguely feel that there is an extremely strong medicine and breakthrough breath inside. If I am not wrong, yuan Daofeng is breaking through it!"

"We have to do it as soon as possible!"

.....

At the moment, Zhong Haiming looked at the big screen in front of him.

He manipulated the mouse and zoomed in on one of the pictures!

In the picture, it is the figure of the little girl!

Maybe the little girl didn't expect that in this strange environment, it would be recorded!

Sometimes, martial arts and spiritual power can decide everything and surpass all living beings!

But modern science and technology, it is in another way forward in one direction!

"Start face recognition and capture, as well as 3D modeling, I personally authorized to call dragon soul global database! I need to restore this fuzzy figure. "

At Zhong Haiming's command, the Dragon Spirit researcher behind him began to operate.

Half an hour later, the progress bar on the computer has reached 100!

The appearance of a pretty little girl is completely revealed!

Although it is not 100% consistent with the little girl, the similarity is as high as 90%!

Zhong Haiming printed out the picture, eagle eyes staring.

A dragon soul team member came up and said, "Captain, is this little girl a cultivator?"

Zhong Haiming shook his head, thinking.

After a few seconds, he murmured, "if I guess right, this little girl is not a human being."

"Not a man?" The dragon soul player is also confused. What's the explanation.

Zhong Haiming ignored the team member, but directly ordered: "clear all the data on the computer! Today, no little girl has ever appeared above the grottoes, and we have never restored any portraits! "

"What's more, what happened today is classified as a national SSS secret!"

"Once leaked! Global pursuit

The dragon soul team immediately understood the seriousness of the matter and quickly retired.

After the dragon soul team left, Zhong Haiming looked at the portrait in his hand, and his eyes fell on the cave storm again. He murmured, "Captain Jin, if I'm not wrong, this should be the so-called reincarnation xuanbei that you and master ye are looking for."

"Painting, I'll keep it for you."

"I hope you can come out safely this time and give me a chance to give this painting to you."

With that, Zhong Haiming locked the portrait in a safe with Ancient Runes engraved on it.

This safe is a combination of Kunlun Xu's top craftsmen and modern technology.

The cultivator can't open it, even the box can't be destroyed!

Generally only used to store top secret!

Who would have thought that there was only a picture of a little girl in the box?

.....

Among the ruins of Youwang, a jade bottle is suspended above the body of the burnt black body. The lid of the bottle is opened and the red blood is poured down.

There seems to be a ray of vitality in the original completely dry corpse, slightly palpating!

The burnt black skin and flesh fell off, and on the golden skeleton, the granulation grew out. On this remnant corpse, there was a new life!

Three days later, a perfect body appeared in the passage. Ye Chen slowly opened his eyes and said in a deep voice: "Shuo Lao, if you didn't do it this time, or if I didn't have a chance to leave a bottle of blood, then I would really die..."

In the sea of knowledge, a weak voice said: "boy, now I am in the state of spirit and soul, I can only break out the strength of the initial source. However, if you swallow the three soul seals and increase your strength greatly, the breath of reincarnation will be more powerful. Then, my strength will also improve rapidly. I don't want to encounter this kind of thing again!"

Old Shuo is also very angry. Today, he and ye Chen can be regarded as both prosperity and loss. He is an archaic existence, and he was almost trapped by several half step beginners?

In Ye Chen's eyes, Han mang flashed: "do you want to do it to me? Ha ha, I will let these people pay the price! "Chifengshan, ZhuLao, zhouqiong, leiluocha, these people are going to die!

Ye Chen slowly stood up and walked toward the front of the passage. Suddenly, a golden figure that could not see clearly appeared in front of Ye Chen.

His eyes flashed, the figure looked very strong, but ye Chen did not feel the slightest pressure, on the contrary, he was a little close to the breath of the figure!

"What is this?"

Shuo Laoning said: "a wisp of shadow left by reincarnation! Don't underestimate this shadow, that is, you have reincarnation blood, otherwise, the general origin peak existence, will be shocked by this shadow! "

Ye Chen smelled the speech and went directly to the shadow. The shadow swayed for a moment, but it was in the moment when ye Chen passed through that that it melted into his body!

Ye Chen looks surprised and checks his body. He finds that there is no abnormal color before he puts down his heart.

Soon, ye Chen stepped into the five soul building.

In front of him, there are three soul marks!

They are samsara soul seal, Xuangu soul seal, and hell fire soul seal!

He was not polite and immediately began to refine!

Seven days later, a very strong breath, rising from the sky!

Ye Chen's eyes twinkled with surprise. At the moment, his breath suddenly broke through to the nine layers of heaven in the holy ancestral realm!

Other people's practice is one step at a time, but ye Chen is flying! Directly across two small realms!

However, this, pour is still next, the most important is, ye Chen's strength, soars again!

These three soul seals not only make his soul power, vitality and strength go up several steps, but also make his spirit and body perfectly integrated. As long as he is willing, his physical strength and spirit power can be perfectly transformed!

How terrible will ye Chen's physical strength turn into the power of spirit?

And after three Heaven level soul seal blessings, if the powerful soul power is transformed into physical strength, it can not be underestimated!

Ye Chen can also be transformed into a state close to spirit.

At this time, ye Chen asked Shuo Lao, "Shuo Lao, do you know the existence of the half underworld?"

"The land of the dead?" Shuo Lao said: "of course I know. Moreover, among the ruins, there is the entrance to the semi underworld place!"

Chapter 4218

Ye Chen heard Shuo Lao's words and was very excited: "Shuo Lao, where is this entrance?"

"I'm going to get into it now!"

Old Shuo stopped for a while, and said in a good voice: "boy, your spirit and body, and even vitality are extremely strong."

"But there's still a little bit to go into that entrance."

"If you rush into it now, I can guarantee that you will be mercilessly torn apart by the turbulent flow of that space!"

Ye Chen was stunned and just wanted to say something, but Shuo Lao continued: "however, according to the time, the power of the entrance will be changed every ten thousand years. This conversion process is when the entrance is weakest. This may be your opportunity."

"For now, do your business first, and then I'll arrange it."

Hearing the words behind the old Shuo, ye Chen's heart lit up a glimmer of hope.

He had no chance to stay.

Before getting the beginning of blood, it's time to look for Xiaohuang and let Xiaohuang refine this blood vessel!

Of course, there is one more thing to do.

That is the reincarnation xuanbei in zining's body. He has the ability to take it out completely now!

.....

A few days later, ye Chen finally drove back to the kingdom of God from abroad. As soon as he entered the kingdom of God, Xiao Huang, who was bored and lying down in the demon hall, opened his eyes fiercely.

"The master is back!"

Xiao Huang's eyes were excited. At this moment, he couldn't contain the power in his body. The magnificent red and blue light reflected everywhere, and soaked the sky of the whole kingdom of God.

At the same time, Xiaohuang also runs to the sky, the breath of Ye Chen overflows and spreads, and the vast and powerful invincible momentum sweeps all over the world, and the whole world is shrouded in the pressure of Ye Chen.

"It's the Lord of the temple. The Lord is back!"

"Welcome to the master of the hall!"

"Ye Chen, you are back at last!"

At this moment, a series of surprise sounds, the soldiers and a number of strong men in the fumor hall kneel down on the ground to welcome Ye Chen's return.

At this moment, even the whole kingdom of God was in a state of turbulence. The vast and regular circulation turned into golden lotus flowers, which fell from the air one after another, as if celebrating Ye Chen's return.

Above the sky, ye Chen looks at Xiao Huang, who is excited to come to him. He also shows a sincere smile. His body flashes and appears directly in front of Xiaohuang.

"You're stronger again."

Ye Chen gently caresses Xiao Huang Shuo Da's head, and Xiao Huang keeps rubbing against Ye Chen. He is extremely close to each other.

Ye Chen is sitting on Xiao Huang's back, one man and one beast are stepping on the sky and returning to the demon hall.

At the moment, a group of people went out to greet them, and ye Chen exchanged greetings with them for a long time.

After a day's rest, ye Chen suddenly opened his eyes and looked to the east of the hall.

"Zi Ning, come and see me."

Ye Chen called softly, his voice into the ear of Zi Ning.

Zining has been bound by the body's reincarnation xuanbei, ye Chen was helpless in the past, but now his strength and Dan skill can solve this problem.

A moment later, zining rushed to the hall, she seemed to have guessed what ye Chen was going to do, and her eyes were a little excited at the moment.

"Ye Chen."

Zining looks at Ye Chen and shouts.

"Yes."

Ye Chen nodded slightly, and then said, "I'll help you to release the shackles of reincarnation xuanbei, but this requires you and me to be frank with each other."

Hearing this, purple Ning pretty face can't help blushing, shyly looking at Ye Chen, but without any hesitation.

"Yes."

Purple Ning red face said, and then take off the clothes on the body.

Looking at the white skin like snow a little bit open in front of him, ye Chen breathing slightly heavy, and then closed his eyes.

Ye Chen also took off his clothes and clothes. He came to zining and carefully observed every corner of her body. Her eyes were cautious.

"I see."

Ye Chen nods, then points on his body, and a rune appears at the place where ye Chen drops his finger.

as like as two peas on the same body, there is a identical rune.

In the text, there is an empty symbol, which is formed by a circle.

At the moment, ye Chen's eyes carefully take out the elixir and throw it directly into the air.

"Bagua Tiandan technique, a cauldron furnace of fortune!"

Ye Chen drinks lightly, and a cauldron with endless vitality and great power of creation flies out of the eight trigrams.

The cauldron furnace is burning with the fire of creation. It is like the highest artifact that breeds heaven and earth, and the magnificent divine power spreads all around.

Ye Chen took out the elixir, at the moment are slightly trembling, and even kneel down to the furnace.

Seeing this scene, ye Chen eyebrows slightly pick, did not expect that his understanding of the Zaohua cauldron furnace, unexpectedly has such power.

Without Ye Chen's hands, the elixir flew to the cauldron of fortune, melting in the fire of creation and turning into the purest medicine. The colorful liquid medicine flows in the fire of creation like a long river.

Ye Chen's eyes were awe stricken, and he suddenly vomited out a divine awn containing the spirit of reincarnation. The divine awn was shot into the tumbling liquid of medicine. For a moment, a sound of explosion came from the furnace of Zaohua cauldron.

The liquid medicine is boiling and blending, and the strong fragrance of medicine is scattered, which makes people relaxed and happy, as if they have inhaled a breath of innate immortal Qi.

Even in the floating fragrance of medicine, there is the shadow of the grand world, in which there are all living things, which are extremely grand.

Seeing this scene, ye Chen became more and more cautious. The pill he refined, called samsara Chuangsheng pill, has infinite power. It can live the flesh and bones of the dead, regenerate nature, reincarnate and refine the body.

At this moment, as the pills in the furnace of Zaohua cauldron gradually take shape, the skills in Ye Chen's body also start to work, with invisible waves sweeping all directions.

Many samsara xuanbei were pulled out at this moment, suspended in the air one after another, revolving around Ye Chen.

The shadow of the xuanbei of reincarnation in front of Zi Ning's body is also slightly shaken at the moment, and a reincarnation xuanbei roars out of zining's body.

This is the spirit stele in the xuanbei of samsara, which represents the revival and rebirth, and represents the vitality and vitality of the warrior.

The spirit stele is detached, the breath of Zi Ning is suddenly dispirited. She looks at Ye Chen with her eyes blankly. She is in a coma directly and falls backward.

"Zi Ning."

Ye Chen stretched out his hand in a hurry and stopped zining. He did not touch the body of zining. He let Ye Chen shake in his heart and quickly stabilized his mind.

After that, ye Chen did not hesitate to open his wrist and feed his blood to zining. In the furnace of Zaohua cauldron, samsara Chuangsheng pill also took shape.

"Hum!"

The breath of samsara vibrates and is blocked by the array arranged by Ye Chen, and a series of reincarnation visions emerge, which are also erased by Ye Chen's hands.

At this moment, in the cauldron of fortune, the endless air flow of nature turns, and a bright pill is turning, absorbing and swallowing all the Qi of nature.

In the end, the pill, which was fragrant and shining all over the world, converged all the visions, flew out of the furnace of the heaven and fell into Ye Chen's palm.

Chapter 4219

Holding the samsara Chuangsheng pill, ye Chen felt that his body was slightly heavy. It was just a pill, but it was as heavy as the universe. It also showed how pure and terrible the medicine contained in the samsara creation pill.

"This pill will make you safe and sound."

Ye Chen stares at zining's pretty face, and then gently puts samsara Chuang Sheng Dan into the red cherry mouth of zining.

At the next moment, the mighty vitality emerges in Zi Ning's body, and the breath of samsara and the great power of creation are released, and the weak consciousness and body of Zi Ning recover in an instant.

Even, the breath of zining is constantly climbing, and her realm is rapidly improving. For a time, there are many visions of heaven and earth, endless rules surrounding zining, and even the eulogy from Archaean.

Zining moved her eyes, but slowly opened her eyes. Under the effect of samsara Chuangsheng pill, she successfully woke up.

Aware of the vast vitality in the body, as well as the continuous flow of majestic power, zining looks at Ye Chen with some surprise.

"Don't talk. Concentrate on refining this power. It's good for you."

Ye Chenchong said with an indifferent smile.

Hearing the speech, zining nodded. She also understood how powerful the power in her body was. Refining would surely make her have a lot of improvement.

Zining closed her eyes and refined the power of samsara Chuangsheng pill, but ye Chen withdrew her sight and looked at the mysterious tablets of reincarnation suspended in front of her body.

Among them, the spirit tablet flying out of Zi Ning's body is shining with vitality and majestic brilliance at the moment, and even waves pass to Ye Chen's mind, with a faint intention of invitation.

Ye Chen knows that this is the spirit tablet in inviting himself to be tested.

Such as dust stele, poison stele, dark stele, wind stele and burning stele!

Without any hesitation, ye Chen faces the spirit tablet, steps on his body and goes directly to the tablet.

At the same time, on the stele of spirit, the vast vitality surged and turned into an entrance.

The entrance is deep, mysterious and magnificent. Ye Chen enters it directly. He sees ripples in the entrance and then dissipates between heaven and earth.

At present, is a piece of red land, ye Chen saw a broken long spear thorn in the earth, surrounded by a red river by blood.

The world here is filled with a strong smell of gunpowder smoke. It seems that there has been a great war, and this is the world in the spirit stele.

Standing in the world of Lingbei, ye Chen smelled the smell of smoke in the air, and his eyes were dignified.

At this time, a slightly illusory figure emerged from the sky. His body was rippling like water waves, and his breath was ethereal and uncertain. He was the watcher of the spirit stele.

"This test is vitality."

Shoubei people disillusioned voice sounded, ye Chen eyes moving, looking at each other.

"If you get three marks of life, you can pass the test, but if you can only use your physical strength and use any other means, it will be regarded as a test failure."

With a wave of his arm, he pointed to a mountain in the distance, "go, where is the first mark of life."

Smell speech, ye Chen nods, without any hesitation, runs toward the peak directly.

At this moment, the sky and the earth suddenly began to rain. The raindrops were dark red, as if they were blood. They fell on the earth and formed huge holes, showing their terrible weight.

Aware of this scene, ye Chen eyes a cold, think of the monument keeper's reminder.

Only physical strength can be used, otherwise it will be regarded as test failure.

This makes Ye Chen feel a certain pressure. If he can use aura, these raindrops can't get close to him at all, but now he should be treated with caution.

At the moment, the evil sword is in hand, ye Chen cuts out a cold awn and cuts every drop of rain under the sword.

The drizzle became more and more serious. In a twinkling of an eye, it turned into a torrential rain. Ye Chen, with the fierce rain, waved his evil sword and kept approaching the mountain in the distance.

"Bang!"

There are too many raindrops and they are too heavy for ye Chen to resist. At the moment, there are raindrops falling on Ye Chen's shoulder.

The shoulder is broken in an instant, and the bones are all turned into powder. Ye Chen hums in silence, and pays more attention to the test of Lingbei.

The majestic vitality is flowing in the body, the smashed shoulder is healing rapidly, and the cold light of Sha Jian is even more brilliant. Ye Chen is more and more careful to resist the rain all over the sky.

At this moment, the raindrops seem to have a spirit. They seem to realize that ye Chen has no choice but to gather together in the air. They turn into long guns, big knives, and even daggers, and they shoot at Ye Chen from all directions.

"Damn it!"

Seeing this scene, ye Chen's indifferent expression can't help moving, can't help but curse a voice, the next moment speed up abruptly.

"Six exterminations! Open it for me

Ye Chen murmured and displayed his sword skills. The sword suddenly became unstable, like a feather shuttling among the weapons condensed by raindrops.

Under the Sha sword, a rain of weapons have been broken, cut in front.

However, the sword idea is to form an invincible guard, and protect Ye Chen firmly. No weapon can penetrate the barrier of sword light and hurt Ye Chen. Unable to use aura and Hongmeng ancient

methods, ye Chen relied on his physical strength to display his martial arts skills. His martial arts skills had already reached the peak, and he was fearless in the face of the heavy rain.

The sword light barrier guards, the leaf Chen turns into a streamer, toward the mountain peak rapid approaching.

At this time, the heavy rain became more and more urgent, and even a handle of raindrop weapons in the sky gathered together again and turned into a giant of water standing in front of Ye Chen.

"Boom

The giant of water blows out with one blow, and the void is broken. The ripples ripple between the heaven and the earth, destroying everything along the way.

In the face of this blow, ye Chen's eyes were cold, but he did not shrink back, and even took the initiative to face up.

"Pour the sky and cover the sea fist!"

Ye Chen murmured furiously, and the water giant ran into collision.

Under the double fists, ye Chen's body is fierce for a while, the Qi and blood in his body is surging, and his internal organs are all damaged and cracked.

On the other side, the giant of water is exploded and killed by Ye Chen.

At this moment, across the burst of rain all over the sky, ye Chen step out, directly to the foot of the mountain.

At the moment Ye Chen went to the foot of the mountain, the sudden stop of the torrential rain filled with heaven and earth suddenly stopped. The sky covered by dark clouds reappeared bright, but it was a fire of red light falling down, which made people feel extremely hot and dry.

And at this time, there are shadows on the mountain, these figures have jumped down from the top of the mountain and rushed to Ye Chen violently.

Seeing these figures, ye Chen's face is dignified. This is a strange man with sharp blades all over his body, twinkling with piercing cold light.

These strange people's eyes are cold, full of killing intention, and their breath is cold, as if a handle of peerless soldiers general, very terrible.

In a short period of time, this strange man filled the whole mountain peak. Their bodies twinkled with chilling cold light, dense and inexhaustible in general, all rushed towards Ye Chen's murderous intention.

These strange people make ye Chen feel very tricky, and make ye Chen look solemn. He knows that it is not so easy to get the first life mark, except for the terrible shower and these strange knife people.

Chapter 4220

"Dao man" is the name Ye Chen gave to these strange people, because they are so cold and full of sharp blades, just like a long sword with a handle, which is born with wisdom and transformed into shape.

At the moment, a sword man has rushed to Ye Chen and waved his arm without hesitation. The blade on the arm is in full bloom, and he cuts down to Ye Chen.

"Looking for death!"

Ye Chen's eyes are cold, and a sword pierces through the heart of the swordsman.

But at this moment, ye Chen found that Dao man didn't seem to have been hurt. He even had no reaction. He still waved his arm and chopped at himself.

"Hiss!"

Because I didn't expect that the Dao man could ignore the vital points and be hurt. Ye Chen couldn't react for a moment, but he was directly cut in the shoulder by the sword man.

A startling wound appears. Ye Chen can't help gripping his teeth and holding back the pain. At the same time, the evil sword is in full bloom and goes directly to the head of the Dao man.

This time, the Dao man raised his arm to resist the sword. The blade on his arm met the Sha Jian, but was cut off directly. Then the head of the Dao man fell to the ground.

"Poop."

This time, Dao man's body fell on the earth, but it didn't like penetrating the heart. It didn't react and fell directly.

Seeing this scene, ye Chen's eyes flashed. He knew that the Dao man had no vital point, only his head was their most important part.

After the Dao man fell to the ground, ye Chen's eyes were also slightly coagulated. He found that the body of the Dao man was gradually disappearing into a broken long sword.

"This is..."

Ye Chen was a little surprised, and then found that the head of the Dao man who fell aside turned into the tip of the knife, which showed that the Dao man was originally a long knife.

"It's really like a long knife!"

Ye Chen is shocked and looks at the swordsmen all over the mountains. How many long swords are born and how many wisdom can gather together.

When ye Chen realized that Dao man was shaped by a long sword, ye Chen was shocked. There are so many long knives on the mountain, isn't it Dao mountain?

"Go up the mountain and go down into the sea of fire."

Ye Chen feels very strange. The first mark of life has to go through shangdaoshan, and the second is probably under the sea of fire. What about the third?

In the heart guess, ye Chen also saw a Zun Dao man straight to his own, at the moment also had no time to think, immediately with the sword to meet.

"Bang bang bang!"

Sha sword collides with the blade on the body of Dao man, and the electric light and flint appear one after another.

Ye Chen knows that the key of Dao man lies in his head, so every time he makes a sword, he runs straight to his head, but the blade of the sword is unstoppable. Even if these swordsmen try their best to resist it, their blades can't stop the evil sword.

All the swordsmen were cut by Ye Chen's sword, but they were too many. They were everywhere all over the mountains and fields. Ye Chen could not resist them. He killed one after another. In a flash, his body was covered with wounds.

Blood dripping and knife people fight together, ye Chen's life is magnificent, the wound is healing rapidly.

However, even if it is so, even if it is so injured and consumed in the battle, ye Chen will fall on the hands of this endless knife.

Ye Chen is aware of this in his mind. At the moment, he looks to the top of the mountain. There is a mark of life with great vitality floating in the air, spreading a vast wave of life to the four sides of the world.

"Only when we rush to the top of the mountain can we get rid of these difficult guys."

Ye Chen knows what he wants. He doesn't have to fight these Dao people endlessly. He just needs to get the mark of life, and he can be regarded as passing the test of closing the sword mountain.

At the moment, ye Chen and endless knife people fight, but also constantly toward the top of the mountain.

With more and more wounds on his body, ye Chen's power of wielding Sha sword becomes weak. He realizes that his state is more and more unbearable, and he can't help but feel a little anxious.

After fighting for such a long time, ye Chen only came to the mountainside, half way from the top of the mountain. What's more, these swordsmen seem to have noticed Ye Chen's intention. The attack is more and more fierce and fearless of death. They rush forward and pester Ye Chen, making him unable to move.

"You forced me

Ye Chen's mouth is full of rage, and his body is full of Qi and blood. Unexpectedly, there are lines full of power emerging all over Ye Chen's body.

At this moment, these lines are shining brilliantly. Ye Chen's strength soars, and his sword cuts out a series of withering and decaying awns, crushing a sword Zundao man.

"Die to me!"

Ye Chen roars and rushes toward the mountain peak in a rage. The evil sword in his hand shakes repeatedly. All the swords are swept out, and even turns into a fierce dragon. He dashes and kills countless swordsmen among the swordsmen.

In such a violent offensive, ye Chen's forward speed has also increased a lot, getting closer and closer to the top of the mountain.

However, such an outbreak, ye Chen's consumption is also huge, now the wheezing sound is more and more heavy.

At this time, there was a change among the Dao people. Unexpectedly, a sword worshiper showed its original shape and turned into a long sword, which was suspended in the air and gathered together. In a twinkling of an eye, I don't know how many long swords are flying. They even condense into a torrent of long swords and come towards Ye Chen.

The long sword is so cold that everything along the way is crushed and the void is broken. The terrible edge even makes the sky shake. The endless Dao people are still transforming into the original form and constantly integrating into it.

In the face of the raging torrent of long Dao, ye Chen can't help but shrink his pupils. Unexpectedly, Dao man still has such means, which makes him more and more dignified.

"Breaking the sky and breaking the sea sword!"

Ye Chen suddenly roars, Sha sword stabs out, the world a regular flow, attached to the Sha sword.

At this moment, the sky broke into two pieces, and the terrible cold that destroyed the sky poured out. The whole world of Lingbei was reflected by the cold light.

"Hiss!"

When the cold light bumps into the torrent of the long knife, the sound of breaking constantly rings. The breaking sound of the long knife, which makes people's scalp numb, is transmitted, and even shatters the eardrum.

Under such a collision, the torrent of long knives is consuming rapidly, but the swordsmen all over the mountains and fields are crazy to join them, so that the long sword torrent will never stop.

Aware of this scene, ye Chen's face became more dignified, and his body became more and more furious. He wanted to take advantage of the opportunity of the cold light dragging the long knife torrent to directly seize the mark of life.

However, ye Chen's idea is very good, but the long sword torrent is too violent. After a moment's delay, he is completely crushed by the long sword torrent.

Then, the terrible torrent of the long sword, which crushed everything and destroyed the sky, came again towards Ye Chen.

And ye Chen is still a distance from the top of the mountain.

"What a trouble!"

Ye Chen can't help gritting his teeth. The test on daoshan is extremely difficult. However, he can't use any other strength. He can only resist with his physical strength, which makes his heart boil with anger.

"Just a knife mountain, how can I stand in my way!"

Ye Chen roars in his mouth. The golden power Rune on his body is even shining, and ye Chen's strength is also improved again.

Just like this, it is the consumption of Ye Chen's own Qi and blood. At the moment, ye Chen's body becomes dry and his flesh and blood are squeezed dry.
