Chapter 4271

Emperor Shitian said with a smile: "I don't know how you are thinking about Suyan. Are you interested in joining my emperor yuan hall?"

Dayuan soldiers incarnate, such strange people, Emperor Shitian has always wanted to recruit.

Especially with the coming of the butcher's assembly, he needs manpower.

Su Yan said with a smile: "thanks to the care of the emperor, if the emperor can find the Geng Jinyuan rune, I can turn to you."

If the quality of Yan Geng can be improved greatly, even if he can be promoted by Jinyuan!

The emperor Shitian said with a smile: "I have found the whereabouts of Geng Jinyuan rune. Within a month, I can take it back and give it to Lord Su Yan."

"Is that true?"

Su Yan's eyes are bright and bright, and the Geng gold source talisman is what he dreams of.

Emperor Shitian said with a smile, "can I still cheat you?"

Su Yanxi said: "if the emperor can find the Geng Jinyuan talisman, I will follow him to the death!"

Emperor Shitian ha ha smile, full of white hair fluttering in the wind, is happy, way: "so good, drink."

"Good, drink!"

Su Yan was also very excited, and they drank each other.

At this time, a disciple ran from the foot of the mountain and handed a bright letter, saying:

"Lord of the temple, the great wizard of Shenxiang mountain sent a letter, saying that there are clues to the Yin and Yang Temple!"

"Yin Yang Temple!"

Smell speech, Emperor Shi Tian slightly moved, took the letter, carefully check.

The temple of yin and Yang is related to the layout of the reincarnation master. If the layout is carried out smoothly, the emperor will surely die.

Therefore, the emperor must do everything possible to stop it!

"Yangzhenyu, Li family, Jiuyi sunset bow..."

After reading the letter, Emperor Shitian's eyes flickered.

Su Yan Ning said in a voice, "what's wrong with emperor Shi?"

The emperor Shitian grinned and crushed the letter. A piece of light law drifted away with the wind and said, "nothing. There is an enemy who is making trouble. I'm afraid we will ask Lord Su Yan to do it."

Su Yan said, "please speak to the emperor."

Since he has decided to join the emperor Shitian, he is naturally willing to serve.

Emperor Shi Tiandao: "I heard that Lord Su Yan is proficient in blood divination. I want to ask you to help me with divination, the whereabouts of a power called Yin and Yang Temple."

"Yin Yang Temple..."

Su Yan murmured in a low voice. He was the embodiment of Liangyi dragon and tiger sword.

Liangyi dragon and tiger sword, dragon and tiger represent the killing of heaven, and Liangyi is the mystery of Taoist divination. In addition to killing people, he is also very good at divination and deduction of Liangyi.

The Yin and Yang Temple is so mysterious that even the emperor Shitian can't find any trace of heaven's mechanism, so he wants to ask Su Yan to do it.

"Yes, it's my honor to share the worries of the emperor. But if you want to do divination, you need specific blood."

Su Yan's voice is dignified. His deduction method is not so simple. He needs corresponding blood to divine through blood to solve the mystery behind the mystery.

This is the mystery of Liangyi's transformation and blood staining.

"Blood No problem. "

The emperor Shitian's eyes narrowed slightly, and the letter from shenxiangshan made it clear that the Li family had been washed with blood, and there were many corpses.

As long as we get the body of the Li family, we can naturally get blood and push the mystery behind the performance.

"Somebody, send someone to Shenxiang mountain and bring back the bodies of the Li family!"

Without hesitation, Emperor Shitian immediately issued an order.

"Yes

The disciple took orders and left.

"Hold on!"

Emperor Shitian suddenly stopped him.

"Lord, what's the matter?"

The disciple asked.

"Come on, you get out of here. I'll take care of it myself."

In the dark, the emperor Shitian caught a dangerous chance.

I'm afraid it's not so easy to go to the Li family in Yangzhen.

If you want to bring back the corpse smoothly, you must not belittle the carelessness of the enemy.

At first, he wanted to send ordinary disciples, but now he thinks about it, I'm afraid he will have to use his cronies.

"Yes."

Please step back.

"Emperor Shi, do you need my hand?"

Su Yan frowned and pressed his hand on the handle of his waist.

The emperor Shitian is not a emperor, but a surname of emperor Shi. He is an ancient Zun family.

"No, Mr. Su Yan is tired. Take a rest. I will deal with it."

Emperor Shitian smiles. Su Yan has just arrived at the palace of emperor yuan. Naturally, there is no reason for him to rush about.

With that, the emperor's body disappeared into a burst of source light.

After a while, he appeared in the depths of an underground palace.

This underground palace, dark and deep, stands four huge statues on a huge underground square.

These four statues, all with ancient vicissitudes, are covered with thick seals. "Cold blooded and merciless, it's your turn."

Emperor Shitian murmured in a low voice and walked step by step to the statues.

It's very fierce, but it's very fierce.

Emperor Shitian raised his hand and held a statue of a flower demon in his palm. There was an endless source of light gushing out of his palm. He whispered, "Xiaomei, it's time to wake up."

Boom!

The statue of the flower demon suddenly vibrated.

Then, the whole statue, with its eyes open, came alive!

This is a charming and moving flower demon. She is not covered by any inch. She only uses a piece of petals to weave into a thin flower garment to cover the vital parts. Her skin is snow and ice, white and shining. Her facial features are extremely flattering. She is full of charming and charming. She is full of heart and soul in every twinkle and smile.

"Emperor Shi, I am willing to serve you."

The flower demon kneels down and kisses the tiptoe of emperor Shitian, with a face of piety, infatuation, worship and admiration.

"Now, the most merciless task of the four emperors is to caress your hair

The flower demon raised his eyes and said, "I don't know what the emperor has to say. Is he going to kill the Queen's palace? I'm ready to sacrifice everything! "

The emperor Shitian shook his head and said with a smile, "I made you to fight against the old days of heaven and earth. But now, I have a cooperative relationship with the empress. It's not urgent to kill the Queen's palace."

The flower demon said, "what task is that? It's my honor to share the worries of the emperor. "

In ancient times, the Lord of reincarnation and the master of destiny jointly created the four guardian beasts of "the wasteland of heaven and the earth" in order to resist the attack and killing of the Lord of heart demons.

In order to break the line of defense, Emperor Shitian created four fierce beasts called "cold blooded and merciless".

They are: cold enchanting flower demon, blood eating ghost owl, heartless poisonous spider, peacock in love.

These four ferocious beasts were completely transformed by the blood of emperor Shitian.

For example, this flower demon is the cold-blooded and merciless flower demon. It is made by Emperor Shitian taking one of his ribs.

At that time, in order to create "cold-blooded and merciless", Emperor Shitian paid a great price, his vitality was greatly damaged and his head turned white overnight.

However, later, xuanjiyue betrayed the reincarnation master and wanted to kill him thoroughly. She went to the emperor to cooperate with him.

Chapter 4272

At that time, the four fierce beasts of the emperor Shitian had not yet been fully formed. Xuanjiyue came to seek cooperation, and he did not need to continue to lose his vitality and create "cold-blooded and merciless".

Cold blooded and merciless, he was completely sealed in the underground palace. Relying on the Hongmeng ancient Qi of Honglian Zijin palace and the aura of Diyuan palace, he grew slowly, and the emperor Shitian did not spend any extra energy.

Now, after tens of thousands of years of vicissitudes, the "cold-blooded and merciless" has been completely shaped, and its strength is comparable to that of "the end of the earth". It is only because they have been sealed for too long that they can not go out and need time to break the seal.

Emperor Shitian stroked the hair of the cold demon and said, "it's the temple of yin and Yang. About the layout of the reincarnation master, I need you to destroy the chess game."

The reincarnation Lord founded the Yin and Yang Temple in order to fight against the superior, but the Emperor didn't know this.

He only knew that he and Xuan Jiyue cooperated to kill the reincarnation Lord, and had already formed a tremendous hatred. If the reincarnation master returned, he would surely die.

Therefore, he must destroy all the layout of the reincarnation Lord and crush all potential threats.

At present, Emperor Shitian briefly told the story of Li family in Yangzhen region to Leng Meihua demon.

Li family is the most important clue to find Yin and Yang Temple!

He needed the bodies of the Li family, extracted blood, and asked Su Yan to divine everything in the yin-yang temple.

"Li's family, shenxiangshan, Yinyang temple..."

The emperor of Li's eyes was sure to come back! Please break the seal for me, and I'll set out at once

Now, the seal of cold enchantment flower demon has not been completely lifted. If you leave the red lotus Purple Palace, you will suffer from reverse attack.

Emperor Shitian shook his head and said, "it's unnecessary to break the seal by force. It's too harmful to your body. There is only one Li qingmo left in the Li family of Yangzhen. It is only in the middle of heaven and earth. Even if there is a nine Yi sunset bow in hand, it is not enough to be in trouble. You can put a flower petal in the past and you can solve everything. "

"Well, I will obey the instructions of emperor Shi! I will kill Li qingmo, seize Yuan Gong and bring back all the bodies of Li's family! "

The cold enchantment flower demon made a decision at once, her hands were printed, and her petals were bursting, and the gorgeous flying flowers were floating in the void.

In the underground palace, one after another of Mandala, one after another of the red lotus, one after another peach blossom, there are countless roses, roses, pear, lotus, constantly blooming, growing.

Originally dark underground palace, suddenly became a colorful world, very beautiful.

There are also patters of cold rain, flying in the void, mist dense, like a dream.

The tender body of the cold enchantment flower demon turns into infinite petals, explodes and dissipates completely.

.....

At this time, Yang Zhen domain, Shenxiang mountain.

It's morning.

After one night's killing, the four magic guards of music, chess, calligraphy and painting completely killed all the disciples of shenxiangshan and captured the great wizard Tu Magu alive.

Li's residence.

All the bodies have been cleared up, but they have not been buried.

Ye Chen plans to sacrifice the dead of Li family with the head of Tu Magu.

"My Lord, Miss Li, spare your life!"

In front of him, he kneels and trembles.

Last night, the four magic guards of Qin, chess, calligraphy and painting entered Shenxiang mountain, almost destroying all the rebels. Tu Magu had no strength to fight back.

Ye Chen did not speak, just looked at Li qingmo.

Li qingmo, with tears on his cheek, looks at TU Magu's eyes, full of hatred and killing.

"Die for me!"

Li qingmo's voice tears, the sword comes out of the scabbard, and cuts the head of Magu straight.

Ye Chen, with his hands on his back, looked at him coldly. He was already planning to go to Yuantian yuan, find the chance of previous life, and then look for the matter of Geng Jin Yuanfu.

Tu Magu trembled all over, and he was about to land on his head. Suddenly, a green flower vine suddenly pulled out of the void. With a crack, it wrapped around Li qingmo's long sword, and then climbed along the body of the sword, like a poisonous snake and ghost, trying to devour Li qingmo.

This sudden change, Li qingmo's pretty face suddenly changed color.

Next to the four magic guards of Qin, chess, calligraphy and painting, they were also thrilled.

"Be careful!"

Ye Chen's eyes were swift and his hands were swift. As soon as he saw the accident, he immediately put his arms around Li qingmo and drew back. With a flick of his right hand, Xuanyan erupted and landed on Li qingmo's sword.

Hiss!

The mysterious flame explodes the towering fire, will that uncanny flower vine, thoroughly burns.

"Ha ha ha..."

A clear laugh rang out.

Between the sky and the earth, there was a cold and icy rain.

Between the rain, there are a piece of petals, floating with the wind.

The earth, mountains and rivers, countless red lotus flowers bloom.

Elegant flower fragrance, refreshing.

A charming, delicate woman, slowly tearing the void, appeared in front of the public. It's the cold demon!

"Lord God!"

As soon as he saw the cold demon, he was surprised and couldn't help shouting.

He felt the breath of the palace of emperor yuan from the cold demon.

This is obviously the emissary sent by emperor yuan hall!

When the envoy of emperor yuan comes, he will be saved.

"Cold blooded and merciless, cold enchanting flower demon!"

Ye Chen takes a look at Leng Mei Hua demon, and immediately catches the infinite chance, infinite cause and effect, and instantly knows the identity of Leng Mei Hua demon.

Cold evil flower demon is one of the four "cold blooded and merciless" wall breaking beasts. It is a fierce beast specially created by the emperor to break the defense line of "the end of the earth and the old".

Fortunately, ye Chen had already passed the heart demon disaster of emperor Shitian in the sea of Zhenming, and knew the true identity of emperor Shitian. So when he saw the cold evil flower demon, he immediately caught the cause and effect of the Lord of the heart demon and insight into everything.

The cold enchantment flower demon in front of us is not noumenon, but a flower petal.

But even if the petals are separated and the breath of cold and enchanting flower demons has reached the initial stage of the original state, countless flowers are blooming, which is shocking.

"Boy, who are you to recognize me?"

The cold enchantment flower demon is shocked suddenly, the smile on the face is stiff.

She was entrusted by Emperor Shitian to deal with everything here. Originally, she thought it was a very easy task, but she did not expect that her identity was seen through as soon as she arrived.

You should know that the "cold-blooded and merciless" thing is very secret. Even in the palace of emperor yuan, people who know the truth will not exceed the number of five fingers.

Because, this is related to the emperor's strategy of releasing heaven, and the mystery of the Lord of heart demons.

Emperor Shitian is the master of heart demons. This secret must not be exposed, otherwise there will be great trouble.

Even the Queen's palace doesn't know the truth.

Now ye Chen calls the name of Leng Meihua demon, and clearly knows all the secrets.

Cold magic flower demon incomparably moving, if the emperor Shi Tian's identity is exposed, it will certainly cause the surging waves.

"This boy, don't let him live!"

In the heart of cold enchantment flower demon, suddenly flashed the infinite murderous spirit.

"Piano, chess, calligraphy and painting, kill her!"

Ye Chen fiercely drinks, does not wait for the cold evil spirit flower demon reaction to come over, oneself takes the lead to start.

He knew very well that this cold and enchanting flower demon was forged by the blood of emperor Shitian. His martial arts background was very deep, and he had the strength at the beginning of the original territory, which was really hard to deal with.

Chapter 4273

If you want to defeat the enemy, you must strike first!

If it's an ordinary warrior in the early days of Shiyuan, ye Chen is sure to deal with it.

But in front of the enemy, but cold evil flower demon, is the emperor Shi Tian's confidant, absolutely not so simple.

"Eternal night, the devil!"

Ye Chen raised his hand, the boundless darkness, covering the four fields of heaven and earth.

In the eternal night, endless flowers wither, the rain blows and the wind blows away, a mess.

Zheng!

The six fingered harp devil sat cross legged, and the Guqin played an ambush on all sides.

Rapid sharp notes, into iron horse ice, rolling toward the cold demon to kill.

"Eternal Heaven!"

The chess devil also started. The strong ancient spirit of Hongmeng was blown up under his feet and turned into a huge chessboard, which covered the cold and enchanting flower demons.

It's the power of the eternal king!

Ye Chen's pupil shrinks. From the chessboard, he feels the cause and effect of the eternal king.

Obviously, tens of thousands of years ago, the eternal king and the temple of yin and Yang had made friends and taught their magic power.

Although the cultivation of chess magic is not as good as the eternal king, it is also quite good.

Cold enchantment flower demon fell into the eternal chessboard, the whole person has a kind of feeling of being swallowed up.

The book devil and the painting devil also started to fight at the same time. The two splashed ink. In the thick ink rolling, there were endless sky demons and ink shadows. They jumped out of the void and rushed to the cold demon.

"The dark God cuts!"

Ye Chen looks up to the sky and drinks. He slashes his sword wildly. If he wants to tear the earth apart, he cuts it out.

This dark sword is even darker than the night. Even in the eternal night, it still shines with brilliant brilliance and is eye-catching.

"Think more and bully less?"

Cold magic flower demon step back, in Ye Chen and Qin, chess, calligraphy and painting under the attack, suddenly feel great pressure.

"Red lotus industry fire, burn everything out!"

However, the cold enchantment flower demon did not panic. With a wave of slender hands, red lotus blossomed out from the ground, and each red lotus was burning wildly with a towering industry fire.

Chuckle!

Ye Chen released the eternal night devil sky, almost in an instant, was burned by the red lotus industry fire, suddenly collapsed and scattered.

Around the sound of Qin, chessboard, magic ink shadow, in the red lotus industry fire roar, also eliminate.

The cold evil spirit flower demon is just a face-to-face, which breaks the cooperation of Ye Chen's five people.

"Purple lotus" is the red color of the palace

Ye Chen's face changed, and he felt the red lotus industry fire of cold enchantment flower demon, with the towering pressure of Hongmeng, which was obviously the breath of red lotus Purple Palace.

The cold evil flower demon has been sealed for tens of thousands of years at the bottom of the Purple Palace of red lotus. It has absorbed a lot of aura of red lotus industry fire. This release is really the red lotus rolling, the industry fire explodes, burning the sky and destroying the earth, and the blockers are invincible.

"I thought you were so good, but so."

Cold evil flower demon smile, eyes with a trace of disdain.

"Tian Yin GUI Mie stab!"

But at this time, a sharp sound of sword spirit breaking through the air sounded from behind the cold demon.

"Not good!"

Cold demon face suddenly changed, looking back, only to see a girl, is holding a sword to her back.

Li qingmo is the one who made the move!

She had put on her mask again. Her face was ferocious, and her hand was full of murderous spirit. The fierce ghost gas exploded on her sword body. The sharp point of the sword pierced the air, and the scream was just like the cry of a devil.

This sword, called Tian Yin GUI Mie stab, is the 33 Tianhong Mongolian method passed down by the Li family. It has little power in the face-to-face confrontation, but it is very terrible to attack and assassinate the enemy, making it impossible to defend.

Cold evil flower demon only care about ye Chen and others, did not pay attention to the existence of Li qingmo.

This time, Li qingmo's sneak attack and assassination immediately put her in a desperate situation. There was no room for her to avoid at all, and there was not enough time to escape.

"All flowers are in heaven, open!"

At the critical moment of life and death, the cold enchantment flower demon snapped and suddenly opened himself.

Whoa!

All of a sudden, all flowers are in full bloom.

Numerous peony, red medicine, green lotus, autumn chrysanthemum, peach blossom, and so on, a piece of flowers, layer by layer, covered the whole earth.

The whole world, completely become the world of flowers.

"The law of time, still!"

Cold enchantment flower demon a flick of fingers, the law of time around, seems to fall into a stop.

In this free world, she is the God of domination and can control all laws.

Time seems to stop flowing. Li qingmo's sword body is frozen in the air. She rushes forward with her sword, but the flow of time around her is almost stagnant. Even if she kills by force, the speed of the sword tip's advance becomes snail like.

Cold demon took advantage of this opportunity to step back and finally escaped the assassination.

"Damn ants, dare to attack me!"

The cold demon was furious. Li qingmo's strength was only in the middle of heaven and earth, but she nearly capsized in the gutter just because of her sneak attack and assassination. "Failed..."

Li qingmo was pale and coughed up a trace of blood.

In order to attack the cold demon, she has actually burned her blood essence, and it costs a lot of money.

However, Leng Meihua demon, after all, is a master in the original state. She responds very quickly. She is released from the sky and then controls the law of time to avoid her assassination.

"The flowers are so beautiful that the earth and the earth will be buried!"

The cold evil flower demon's eyes are cold, and when the slender hand is waving, ten thousand flowers burst to the extreme in the sky. Countless peony red medicines, peach blossom and green lotus petals roll together and turn into a series of terrible flower waves, such as the sea waves, which are incessantly devouring Li qingmo.

Li qingmo kneels down on one knee, despairing, closing his eyes and waiting to die.

"Extremely powerful!"

However, ye Chen will not watch her die.

A twinkle in the body.

Ye Chen appears beside Li qingmo, embraces her waist, and flies away.

Boom!

A heavy wave of flowers, hit the place where two people just stood, as if to swallow everything.

"Do you want to run in my own mind?"

Cold evil flower demon hums a, the heart reads to move, the flower wave sweeps, like the tide like the sea, madly pours to Ye Chen two people.

Ye Chen is not in a hurry. He holds Li qingmo in one hand and grabs him in the sky with the other. He grabs Tu Magu's body and throws it into the Hualang.

With a scream of "ah" in Figure Magu, his body fell into the waves of flowers, and was instantly drowned and crushed.

It seems that the beautiful and weak petals, once converged into waves, are enough to bury the heaven and earth, which is simply terrible.

"Burn the sky in heaven, open it!"

Ye Chen is also well aware of the power of the cold enchanting flower demon. Without hesitation at the moment, he directly released himself from heaven.

The world of burning sky, suddenly came.

With Ye Chen as the center, a world of roaring flames is expanding rapidly.

A sea of flowers, in the endless fire, turned into ashes.

Ye Chen's burning sky world, quickly seized a large number of territory, and cold evil demon to compete.

"Why, you can release yourself."

Leng Meihua demon was surprised. You should know that being in heaven is the means that the martial arts of heaven and earth can barely possess. At least, it can be used only when it reaches the heaven and earth realm.

Chapter 4274

But now, ye Chen is just a layer of heaven to mend the sky. It's really surprising that ye Chen has actually released himself from heaven.

At present, ye Chen's burning of the sky is just a product, and the breath is not strong, but the deep inside information makes the cold demon feel a great threat.

"Strange boy, never let him live!"

The cold demon's eyes are more and more murderous. He only feels that ye Chen is full of strange things. If ye Chen is allowed to live, he may cause great trouble to the emperor yuan palace.

Hoo!

Countless flying flowers, rolling.

The breath of cold and enchanting flower demon's origin state, all burst out.

The whole ten thousand flowers from the sky, once again expand, reverse phagocytize Ye Chen's territory.

Ye Chen's burning of heaven is in the sky, shrinking.

There is a huge gap between his cultivation and the cold demon.

Once the burning sky is crushed, he will surely die.

"Burning stele, come out!"

"Long Yan Shen pulse, open!"

At the critical moment, ye Chen immediately sacrificed the burning stele.

The ancient stone tablet, suspended in the world of burning the sky, has a huge "burning" word, constantly blooming with blazing fire.

With the blessing of the burning stele, the whole world of burning heaven is full of flame.

"Roar!"

The roar of the dragon also sounded.

Ye Chenlong's phlogistic pulse opens, and a fire dragon leaps out of his body, circling in the world of burning heaven.

"This is Reincarnation xuanbei! Who the hell are you? "

Leng Mei Hua demon stares at the burning stele, and her eyes are shaking.

According to legend, the reincarnation stele is the supreme treasure of heaven and earth. It originates from the world of the superior and represents the ultimate secret of the world era.

Even the ten source runes and ten source soldiers are not as precious as the xuanbei of reincarnation.

Leng Meihua demon did not expect that ye Chen had the reincarnation xuanbei, but also understood the divine pulse contained in the xuanbei.

This burning stele, infinite flame eruption, the whole burning sky in the sky, are crazy soaring.

Chuckle!

In the world of flowers, the petals are constantly burning and withering.

Attribute Xiangke, her world of flowers, has been afraid of fire attribute of the killing.

Now it has been crushed by the burning stele, and it has been declining.

"Boy, I don't dare to look down on you."

Leng Meihua demon step back, only feel Ye Chen's strength, is not so simple as it seems on the surface, if you don't show all the strength, there is no possibility of victory.

"God of light, wake up!"

Cold magic flower demon hands, looked at the distant god elephant mountain, looked up at the sky chide.

Boom!

All of a sudden, Shenxiang mountain vibrated violently.

"Moo -"

in the next moment, the whole mountain came to life and turned into a god elephant with its trunk curling and shrieking.

This god elephant is as big as a mountain. It's absolutely indomitable and terrifying.

The bright light and the divine radiance were constantly overflowing from the statue. Even the sun in the sky had lost its color, and the dazzling light almost blinded people's eyes.

This is the real image of the God of light!

The guardian beast of the source of light in legend!

Even Tu Magu couldn't wake up the real body of the God of light, so they could only worship them devoutly.

But Leng Meihua demon is the confidant of emperor Shitian. She is the blood and bone of emperor Shitian, so she has the qualification to wake up the bright gods.

Boom!

The God of light strode forward from afar.

Huge as a mountain body, trampling on the earth, issued a deafening roar.

Click.

A huge crack, crazy crack.

Ye Chen, Li Qingmo and others, looking at such a terrible scene, are completely shocked.

The God of light is going to smash everything.

The fury was suffocating.

"Crush them!"

The eyes of the cold and enchanting flower demon are dense and infuse their own spiritual power into the body of the bright God.

Boom!

In the body of the God of light, there was a huge roar like the roar of a volcano, and the Qi and blood burst, and the whole body was even more powerful.

In the legend, the God of light is the embodiment of light, suppressing the existence of demons in hell. It is powerful and domineering.

Ye Chen and others face the real body of the God of light, only feel the tremendous pressure.

The surrounding space, crushed by the steps of the God of light, is constantly breaking and exploding. The fierce source beast Tianwei covers the four fields, and the heaven and earth seem to be destroyed.

"Dark source rune, to dark god pulse, open!"

Ye Chen immediately sacrificed the source symbol of darkness, and then mixed it to the dark divine vein. The boundless black air suddenly diffused out, completely enveloping the mountains and rivers tens of miles around.

Whoa!

However, the God of light, like a mountain like body, dashed around and burst into bright brilliance, crushing all the darkness directly. Even the source of darkness can't stop it.

"What a terrible momentum!"

Ye Chen's face is dignified. This bright god image is worthy of being one of the top ten source animals. Its ferocity is irresistible.

Although he had the dark source symbol and the most dark divine pulse, his own cultivation was still not enough. He had to mend the sky and completely could not resist the collision of the light God image.

Li qingmo, Qin, chess, calligraphy and painting, etc. are also completely frozen in place, deeply shaking the momentum of the bright god image.

The God of light, also with the help of the cold charm of the flower demon, is lawless, invincible.

"Withdraw!"

Ye Chen pulls Li qingmo's arm and retreats.

The four magic guards of Qin, chess, calligraphy and painting are also retreating.

The power of the God of light is too terrible to be countered by ordinary forces.

"My Lord, what shall I do?"

All of them felt deep pressure.

Now the situation is in a dead end. Even if they are willing to sacrifice themselves, they may not be able to block the steps of the God of light.

After all, there is a cold and enchanting flower demon behind the light God. It is not easy to escape from the heaven.

"Don't panic."

Ye Chen's eyes kept flashing, thinking about countermeasures.

Finally, he took a deep breath and made up his mind.

Boom!

The God of light rushed into the burning world.

Ye Chen's burning of the sky is in the sky, and it's shaking violently.

The whole world of burning the sky, crushed by the God of light, was instantly broken.

Ye Chen did not deliberately resist, put away the burning stele, and retreated again to avoid the threat of the God of light.

"Where else do you want to run?"

The cold enchantment flower demon's mind turns, establishes the heart vein connection with the light God image, and directly sends out the order to crush and kill Ye Chen and others.

The God of light roared up to the sky, and the giant elephant's feet were raised. If they wanted to crush the earth, they would trample on Ye Chen and others.

Boom!

Under this foot, endless space collapses, and the road seems to be going to be worn out. It's terrible.

Li qingmo, Qin, chess, calligraphy and painting, etc. were totally disgraced.

"Nine Yi sunset bow, open!"

But at this moment, ye Chen didn't panic. He offered a nine Yi sunset bow. His whole body was infused with spiritual power, and suddenly opened the bowstring.

Zheng!

Bow like a full moon.

When the bowstring is pulled apart, it makes a sound like gold and iron horse.

Chapter 4275

The whole sunset bow burst out the incomparably bright sun's brilliance, such as the sky and evening sun, blood red staining, wisps of big source gas rolling wildly, the terrible sky soldiers killing and cutting gas, howling and roaring, which is shocking.

Li Yi, one of the ten soldiers, was not even moved.

But at the moment, ye Chen's arm is blue and blue, and his strength bursts out. He actually pulls the bow string completely, just like the full moon. What a powerful physical brute force it is.

"Ancient poison pulse, turn arrow!"

Ye Chen drinks violently when he looks up to the sky. The pulse of ancient poison God is opened, and a trace of intense poisonous gas bursts out in an instant.

The terrible deep poison fog, with the smell of poison killing the stars, condensed on the bowstring, and finally turned into a deep poison arrow.

Having taken away Ji Lin's poison stele, ye Chen has already understood the ancient poison spirit pulse, and has been rarely used because the poison gas is too strong to damage himself.

But at this moment, ye Chen did not hesitate. The ancient poison God pulse broke out to the extreme, and the endless and terrible poisonous fog spread out everywhere.

Chuckle!

Around the world of flowers, a flower, was swept by the poisonous fog, instantly turned into ashes.

"What a terrible gas!"

Li qingmo, Qin, chess, calligraphy and painting, etc., felt the boundless poisonous breath, and hurriedly retreated, far away from ye Chen.

Now ye Chen is the embodiment of poison God.

If they dare to get close, they will be attacked and killed by poisonous gas and corroded into a pile of white bones.

"This is Poison source code? incorrect! This is more terrible than the poison source code

The cold enchantment flower demon over there, seeing ye Chen's sinking yuan poison arrow, is also creepy.

She only felt that the towering poisonous fog was breaking out crazily and seemed to drown everything.

In an instant, she remembered the poison source symbol, which is one of the ten source symbols, and the legend represents the source of the poison gas.

But now, the poisonous gas that ye Chen erupts is more terrible than the poison source rune.

Seeing ye Chen Ning's arrow ready to be launched, the God of light feels the threat. He suddenly looks up to the sky and roars, and tramples on it fiercely. He should first step on Ye Chen.

"Deep poison arrow, kill!"

Ye Chen takes a deep breath, and his strength bursts to the extreme. He suddenly releases the bow string and shoots out with an arrow.

The power of the God of light is so powerful that it is far from an opponent whether he uses the source of dark runes or combats brute force.

The only trick is to use poison!

This arrow contains all the energy of the ancient poison God pulse, as well as the whole killing breath of Jiuyi sunset bow.

The Tianwei of Dayuan soldiers was poured into the Shenyuan poisonous arrow.

An arrow breaks through the sky. If it wants to run through the mountains and rivers, it will send out a very sharp howl.

Endless poisonous gas whistling, in the end of the arrow condensed a series of fog, spread scattered, blocking the sky.

Click!

Finally, the Shen Yuan poison arrow hit the body of the light God, sending out a sharp sound explosion through the earth.

"Moo -"

the bright god elephant sends out a piercing roar, and the piercing sound almost penetrates the eardrum of human beings.

Its skin is thick and flesh is thick, and its body is massive and solid. It is a meat mountain that no one can shake.

However, the Shenyuan poison arrow pierced its body with the help of Jiuyi sunset bow.

Boom!

The poisonous fog broke out.

At this moment, the poisonous smell of Shen Yuan's poison arrow explodes completely.

The endless poisonous gas, like the spread of natural disasters, quickly eroded the whole body of the God of light.

Boom!

The God of light knelt down.

The original towering and shining body quickly turned into purple and black color under the erosion of boundless poisonous gas, and the divine light was completely dimmed. Countless light laws were broken, and Qi and blood were also eroded by the poison, and the body was constantly shriveled.

In just a few breaths, the huge body of the God of light was completely eroded by the poison, leaving only a skeleton.

That vast vitality, like an avalanche of time.

In the blink of an eye, the God of light completely fell down and became a skeleton full of poison. Countless venoms flowed out, and the natural world of cold and enchanting flower demons was also seriously polluted.

"Puff!"

The cold enchantment flower demon opened his mouth and spurted blood, and his pretty face was pale.

She was also poisoned by the light.

In addition to the fact that she was polluted by poison, she was more seriously injured. Now she knelt on one knee and her body was on the verge of falling.

"What, the God of light has been shot and killed by adults!"

"How could that be possible?"

"Your Majesty is mighty!"

When they saw the fall of the bright god, they were completely shocked and dreamlike.

Li Qingmo on one side is also stunned.

Seemingly indomitable and invincible, the God of light was actually shot by Ye Chen. Ye Chen's strength, how terrible in the end.

"Hoo..."

Ye Chen Long Shu out of a mouth of turbid gas, put away nine Yi sunset bow, forehead slightly exudes sweat.

It is thanks to the power of the nine Yi sunset bow and the poison of the ancient poison pulse.

However, Ye Chen also paid a huge physical strength, body bursts of weakness.

The arrow almost emptied him.

"Cold demon, it's your turn."

Ye Chen grinned, and the source of darkness rose. Now the cold demon has been seriously injured. It is a good time to kill her.

"Emperor Shi, help

Cold evil flower demon also feel the disaster, quickly bite the fingertips, dripping blood, and then pop a petal.

Blood stained flowers, breaking the void, to the emperor Shi Tian for help.

"Want to send a message?"

Ye Chen's eyes are awe inspiring. He wants to block the void, but it's too late.

The flower petals of the cold enchantment flower demon, through the void thoroughly, passed back to the emperor yuan palace.

"You have offended my emperor yuan hall. No one can save you in the sky or on the earth. You are a slave and a servant. You have a chance to live!"

The cold evil spirit flower demon staggers to stand up, looks at Ye Chen coldly, sends out the threat.

"Noisy."

Ye Chen's eyes are so cold that he doesn't want to talk nonsense. He throws a sword directly.

"You..."

Leng Meihua demon was shocked. She didn't expect Ye Chen to be so decisive. Knowing that she had successfully reported the news, she still dared to fight. She made it clear that she was the enemy of the whole palace of emperor yuan.

Puff!

Blood spatter.

One blow to the throat.

The cold demon fell to the ground, completely lost its vitality, and then turned into petals all over the sky, scattered with the wind.

She was a flower petal and fell completely.

However, ye Chen did not have a look of joy, only felt the danger of the sky.

The inexhaustible nature of the murderous spirit, the head down.

In an instant, ye Chen captured the extremely dangerous natural cause and effect.

There will be someone to reinforce the palace.

Ye Chen consumes too much physical strength. If he fights a strong enemy again, he will be in danger.

"Lord, what's the matter?"

Li qingmo walked to Ye Chen and asked solemnly.

She has now respected Ye Chen and is willing to offer everything for ye Chen.

See ye Chen heavy face, Li qingmo also feel bad.

"The strong one of the emperor yuan hall is coming, we must go at once."

Ye Chen said in a deep voice.

Chapter 4276

"But, my parents and people..."

Li Qingmo looks back at the Li family residence. The bodies of her parents and people were just sorted out last night and are ready to be buried today.

Now that the whole army of Shenxiang mountain has been destroyed, she has revenged her great revenge. She just takes the blood of Shenxiangshan to sacrifice the spirits of her parents and people.

"It's too late. We have to cremate it on the spot."

Ye Chen shook his head, a wisp of dark flame, condensed on the fingertip.

"What!"

Hearing the speech, Li Qing Murton's eyes shrank, and her delicate body shocked.

"Sorry."

Ye Chen gently touched Li Qingmo's hair and sighed softly. Without hesitation, he bent his fingers and popped out the dark flame, and the raging fire diffused out.

Li's residence is in a sea of fire.

All the bodies, cremated.

Ye Chen did not leave a trace, because the Li family took the cause and effect of the Yin and Yang Temple. If it was traced back to the heaven by the emperor Yuan Hall, the consequences would be unimaginable.

So, he had to destroy everything.

Li qingmo knelt on the ground, took off his mask, covered his face and cried bitterly.

Ye Chen is silent.

Between heaven and earth, I do not know when the heavy rain.

Everything in Li's residence was washed away by rain.

The bones of the God of light also looked pale and fierce in the rain.

A piece of petals, scattered buried in the soil.

I don't know how long after, Li qingmo wiped his tears, his hands were printed, and he used the technique.

Boom!

Li's residence has been transformed into a tombstone of Zhentian.

"Come on, I'll bring you back one day."

Ye Chen gently soothes, and the breath of natural mechanism killing and cutting is getting closer and closer.

The strong man of the palace of emperor yuan is coming.

"Well."

Then he nodded and left with the mask.

The four magic guards of Qin, chess, calligraphy and painting all returned to the huangquan map.

.....

At this time, the emperor yuan hall, on the top of the pavilion.

Emperor Shitian and Su Yan are drinking.

There are several elders waiting respectfully.

Suddenly, the space split and a petal fell out.

"My confidant has sent a letter back."

Emperor Shitian smiles, holding the wine cup in one hand and the petals in the other hand. His posture is elegant.

But the next moment, when he knew clearly that the petals were carrying a distress message, his face changed.

Click!

The glass in the hand is even more broken.

"Emperor Shi, what's the matter?"

Su Yan's voice was dignified. He knew that the emperor's interpretation of Tiancheng was deep, and his joy and anger were not reflected in his expression. However, he was so disrespectful. It must have been a great accident.

"Oh, it's nothing. My incompetent man had an accident."

Emperor Shi Tian's face returned to calm and looked at several elders waiting on the side.

The elders bowed their heads and bowed their hands. They had already understood the meaning of the emperor's interpretation of heaven, and were ready to set out.

Su Yan said: "emperor Shi, if there is an accident, please let me go with me. Since I am determined to surrender, how can I sit back and let nothing happen to our emperor yuan hall?"

Emperor Shitian pondered for a while and said, "OK, Lord Su Yan, I'll trouble you."

With the character of emperor Shitian, he didn't want to neglect the VIP, especially when Su Yan had just given in. He didn't want to trouble the latter.

However, the affairs of the Li family are related to the Yin and Yang Temple and the layout of the reincarnation master.

If there is a slight difference in this layout, there is no doubt that emperor Shitian will die.

He did not dare to be careless. It would be better for him to go to the scene and have a look at it.

At that time, Su Yan followed several elders, tearing up the void, and rushed to the Li family in Yangzhen region.

When they arrived, ye Chen and Li qingmo had left. There was no one here but the sound of rain.

The former residence of the Li family has now become a tombstone of Zhentian, with no body left.

What remains here are only the bones of the God of light, and the petals of withered flowers.

"Leng Mei is dead!"

Several elders looked at each other with extremely ugly faces.

They don't know the real identity of Leng Mei Hua demon, but they also know that she is the confidant of emperor Shitian. Even if she is just a sub body, she also has the strength of the initial stage of the original state.

Now there are scattered flowers all over the ground, and the cold demon's body has obviously fallen down. I'm afraid the body will be seriously injured and comatose. It's impossible to recover before the start of the slaughtering ceremony.

"The God of light is dead!"

"Who killed the God of light?"

"There's a terrible poisonous smell here."

"All the people of Shenxiang mountain are dead."

The elders looked around and were stunned.

The skeleton of the God of light, like a mountain, stands in the rain, with a trace of terrible poison still lingering on its bones. The picture here is so amazing that the giant of Di Yuan palace suffered such setbacks, and the enemy even disappeared.

"Elders, investigate patiently."

Su Yan was wearing a bamboo hat. The rain dripped down along the edge of the hat. He could not see his face clearly. He only heard his voice calm and thick, but there was no panic.

Although the bones of the God of light are not cold, it is obvious that the enemy has not left for a long time, there will always be a little breath of cause and effect.

Su Yan looked for it patiently.

The elders calmed down and searched for clues.

Finally, they found the bodies of a group of disciples of Shenxiang mountain, which is the only clue.

"Lord Su Yan, can you deduce anything?"

An elder asked cautiously.

Now there is no body left in the Li's house. Only Shenxiang mountain is left.

Su Yan didn't speak. He pulled out his knife, and the cold light came out of his sheath.

His knife, plain and unadorned, is an ordinary machete.

However, he held the handle of the sword, and the whole sword erupted a powerful spirit of killing and cutting, which had the power of a great source of soldiers.

The elders were shocked.

Su Yan is the embodiment of Liangyi dragon and tiger sword. It contains the murderous spirit of dragon and tiger pride. Any weapon in his hand will evolve into dragon tiger heavenly power, which is very powerful.

Su Yan fell with a knife and cut the corpse to dye the blood.

The body of a disciple of Shenxiang mountain was stained with fresh blood on his blade.

"Liangyi metaplasia, blood flushes the immortal dome!"

Su Yan also pointed out that when he made a stroke on the blade, the Taoist Miaoyuan of yin and Yang kept rolling.

Hum!

The whole knife's blood light burst out and turned into a blood column, which went straight to the sky.

In the blood column, an amazing picture emerges.

Four people, all covered with evil spirit, are chopping and killing in Shenxiang mountain, and the blockers are invincible.

"Qin, chess, calligraphy and painting are the servants of the reincarnation master."

Su Yan pinched his fingers and divined through blood. He immediately captured many natural secrets.

"These four are servants of the Lord of samsara?"

"Is the layout of the reincarnation Lord about to begin?"

"Where is the Lord of samsara now?"

"Can you find out where the Yin and Yang Temple is?"

The eldest brother was surprised and asked in a hurry.

The layout of the reincarnation masters is related to the life and death of the emperor yuan palace, and they are also very anxious.

"I can't find out. The reincarnation master has left. I don't know where he is. There is also the Yin and Yang Temple. It's too secret. I can't deduce the specific position."

"Now it can only be determined that the layout of the reincarnation master has begun."

"It's going to change."

"Elders, be careful."

Chapter 4277

"If you are free, please remember to go to Yuantian court for me to find the whereabouts of Geng Jin Yuanfu."

Su Yan's brows were locked. There were too few clues. He could not deduce anything. He only knew that the layout had begun. The situation of emperor yuan hall was very dangerous.

In the previous life, the reincarnation Lord was in the Ming Dynasty, and the palace of emperor yuan was in the dark.

But in this life, the situation has reversed.

The reincarnation Lord hides in the dark, the emperor yuan hall is on the surface, and the emperor Shitian is hanging his neck by the Heavenly Sword, so he can't sleep and eat well.

Now Su Yan can't do anything. He just wants to find the Geng Jinyuan Rune as soon as possible.

It is said that the treasure point of Geng Jinyuan talisman is near a ruins called Yuantian yuan.

The source beast, named Jinjing lion dragon, is very powerful.

Su Yan was not sure how to deal with it, so he could only entrust the emperor yuan palace.

This is also the condition for him to join the emperor yuan hall!

.....

At this time, ye Chen, with Li qingmo, rushed to Yuantian yuan.

According to Li Shiyue, yuantianyuan was specially established by the reincarnation master of previous generations in order to cultivate the disciples of the yin-yang temple.

If ye Chen goes to take charge of Yuan Tian Yuan again, there will be great benefits.

After leaving the Li family this time, ye Chen disposed of the bodies of the Li family, but did not burn the bodies of the disciples of Shenxiang mountain, leaving some clues on purpose.

He wants to confuse the emperor yuan hall, let the emperor Shi Tian think that this layout is only for him.

But in fact, the existence of Yin-Yang temple is to fight against wanxu temple!

This secret must not be exposed.

Otherwise, it will be known by the superior and will not know how to die.

And the best way to keep a secret is to release a little smoke bomb.

As long as the real secret of yin and Yang Temple is not exposed, the situation is still under the control of Ye Chen.

Thinking of emperor Shitian because of the layout of the reincarnation Lord, and the appearance of restless sleep and food, ye Chen's heart is incomparably happy.

It's almost time to pay off the blood debt of the previous life!

Within a few days, ye Chen and Li qingmo arrived at Yuan Tian Yuan.

However, the scene in front of them surprised them.

The so-called Yuantian yuan has now been reduced to ruins, with luxuriant grass and a piece of debris.

The plaque of Yuantian courtyard fell to the ground and was covered with dust. I don't know how many years of vicissitudes have passed.

"I can't imagine that Yuantian courtyard has been abandoned."

Ye Chen was suddenly silent and stepped into the ruins of yuantianyuan.

Looking around, the terrain here still retains abundant aura.

Ye Chen plans to arrange the six schools here.

"Lord, here is a statue of your previous life."

Li qingmo points to the front. Now she and ye Chen have come to the square ruins of Yuantian courtyard.

In the ruins of the square, stands a statue of the reincarnation of the Lord, covered with mottled green moss, years of vicissitudes.

Ye Chen squints his eyes and looks at the statue in front of him. Vaguely, he catches the breath of living people!

"Someone has been here!"

Ye Chen's eyes are bright and alert.

This piece of ruins, someone has appeared, the breath has not completely dissipated, he can clearly feel.

"Can it be emperor yuan hall?"

Li qingmo is also on guard. She and ye Chen have just left the Li family to avoid the eyes and ears of the emperor yuan hall. Is it that the emperor yuan hall is so powerful that it has been pursued?

"No way, even if the emperor yuan hall is more powerful, it is impossible to pursue the door so quickly."

Chen Yuan shakes his head, which has nothing to do with it.

"Who would that be? Is there anyone else here? "

Li qingmo looked around, but only saw the desolate ruins. Yuantian courtyard had been completely abandoned, and no one could see a person again.

Ye Chen frowns tightly, also feel strange.

Step, step, step.

Just then, a footstep came from outside.

Ye Chen looked back, but found a young man with a huge sword on his back and strode over.

"Hello, are you also here to attend the registration ceremony of Yuantian academy? My name is Qin Tianyu. Would you like to join us

The young man carrying the sword seems to specialize in swordsmanship, but his attitude is polite and cheerfully greeting Ye Chen.

When ye Chen saw Qin Tianyu, his whole body was full of murders, but it was just the breath of supernatural powers. He did not deliberately aim at him. He felt a little relieved and said, "brother, isn't Yuantian courtyard abandoned? What else would you like to attend? "

Qin Tianyu was a little surprised and said, "don't you know the entrance? What are you doing here? Yuantianyuan is a secret place. Without the introduction of an informed person, outsiders can't know the location. "

Before ye Chen answered, Li qingmo on one side said: "I looked through the secret script of my ancestors and saw that the martial arts of Yuantian academy have a deep foundation. So I came here with my Lord to have a look, but I didn't expect that this place has been reduced to ruins.""Lord?"

Qin Tianyu looked at Li qingmo and ye Chen. He was surprised.

Although Li Qingmo wore a mask and could not see her face clearly, her breath in the middle of heaven and earth was not hidden.

Ye Chen, however, just mends the sky.

Li Qingmo actually called Ye Chen Zunzhu, which was beyond Qin Tianyu's expectation.

However, Qin Tianyu did not ask more questions. Seeing that the two men were not malicious, he said with a smile: "Yuantian courtyard is still in operation, but in order to avoid other people's ears and eyes, it has moved underground."

"Underground?"

Ye Chen was surprised.

"I'll show you."

Qin Tianyu, with a bright smile, came to the statue of the reincarnation master, knelt down respectfully, kowtowed, paid a visit, and immediately offered a token.

This token, carved with an ancient inscription, shakes the earth as soon as it is sacrificed. The statue of the reincarnation Lord moves away, revealing a secret cave entrance. It is dark and deep, and I don't know where to go.

"There's a hole in the sky."

Ye Chen eyes a bright, did not expect here will be a mysterious entrance.

Did Yuan Tian Yuan really move to the underground in order to avoid people's attention?

"Let's go."

Qin Tianyu smiles and takes the lead in drilling the secret cave.

Ye Chen and Li qingmo look at each other and follow in.

Boom!

After the three enter, the statue of the reincarnation Lord automatically moves back to its original position.

On the surface, yuantianyuan is still a ruin.

No one thought that there was a hole in the ground.

Ye Chen and Li qingmo, following Qin Tianyu, went down. At first, it was dark and gradually saw the light.

This secret cave tunnel, continuously extending down, there are innumerable bifurcations on both sides of the tunnel, and there are forks in the fork road. It is a maze like world.

If there is no one to lead the way and plunge into here, you will definitely get lost and die.

Ye Chen is surprised. Seeing the real location of Yuantian courtyard, it is very secret. Even if there are enemies killed, it is impossible to find the location easily.

After bypassing many fork roads, ye Chen and Li qingmo, following Qin Tianyu, arrived at the bottom of the earth.

The underground world, however, is a huge underground city. There are very spacious streets and a lot of people. On both sides of the street are various shops and wine shops. The noise is endless. It is no different from the outside world.

Chapter 4278

The only difference is that this is a real underground city, there is no sunshine, only constant lights day and night.

"My God, is this the world of yuantianyuan?"

Li qingmo looked around curiously and thought he had come to some big city.

Ye Chen is also curious to look around, in the heart of guess, who is in the operation of the underground city, Yuan Tian Yuan behind who?

"Come with me. I'll take you to Yuantian yuan."

Qin Tianyu was very energetic. He had been here and was very familiar with the way. Now he took Ye Chen to the center of the underground city.

A huge college stands in the center of the underground city.

On both sides of the magnificent gate, two living lions crouch on the ground, growling faintly, showing a domineering power.

A huge plaque, hanging on the gate of the courtyard, with three words printed on it, is exactly "Yuantian yuan"!

"The original source is here."

Ye Chen opens his eyes and follows Qin Tianyu with Li qingmo.

First of all, ye Chen saw a square.

the layout as like as two peas in the outside, the statue of reincarnation is also placed.

Looking around, the whole Yuantian courtyard is arranged the same as the outside world.

However, the yuan Tian Yuan of the outside world has been reduced to ruins.

Yuan Tian Yuan here is full of vitality. There are countless disciples in the robes of the Academy, walking around, talking and laughing.

Some lawns and forests, there are still people in silent practice.

This Yuantian courtyard is built in the underground world, closer to the earth's veins, and has a strong aura.

"Today, Yuantian courtyard recruits new people. Every hundred years, Yuantian courtyard will issue 100 jade pendants. From these 100 people, we will select the most talented three people, and the conditions are very harsh."

When Qin Tianyu spoke, he took out a jade pendant from his arms with the word "source" printed on it.

"New jade pendant? We don't have it. "

Ye Chen's face sank. He didn't know the rules of Yuantian court.

His plan is to directly meet with the high-level of Yuantian yuan, take charge of Yuantian yuan again, and regain the chance of previous life.

But now it seems that if you don't pass the recruitment examination, I'm afraid you won't even have the qualification to enter Yuantian hospital.

"I knew you didn't have one. Come with me. I know the elder of Yuantian court. He has a new jade pendant for you."

Qin Tianyu grinned and seemed to be very enthusiastic.

But the next moment, he blinked his eyes and said with a smile: "however, I'll send you to recruit new jade pendants. You should exchange things for them. Hongmeng's most precious treasure, Jiupin emperor's utensil, Shiyuan ware and superior pills can be used, as long as the value is enough."

"As long as I can get the jade pendant, I will give you enough reward."

Ye Chen also knows that there is no free lunch in the world. If Qin Tianyu can really get a new jade pendant for him, he doesn't mind paying a little.

"Good, easy."

Qin Tianyu was overjoyed, and immediately took Ye Chen and they quickly walked to Yuantian courtyard.

"Hello, master Qin."

"Don't be hurt, young master Qin."

Along the way, many students were saying hello to Qin Tianyu.

Obviously, Qin Tianyu's status is not low in yuantianyuan.

When the students around saw Ye Chen and Li Qingmo, they thought they were Qin Tianyu's servants, and they did not pay attention to them.

After a while, Qin Tianyu and Ye Chen came to a simple attic.

"The great elder lives here."

When Qin Tianyu spoke, he came to the gate of the attic.

"Hello, master Qin."

The chambermaid bowed slightly and saluted.

"Well, is the elder there?"

Qin Tianyu nodded and asked.

The maid said, "I'm sorry, master Qin, the elder has gone to the magic moon mountain range, but he hasn't come back yet."

"Moon mountain? Do you want to look for Geng Jinyuan Rune

Qin Tianyu was surprised. The magic moon mountain is near the Yuan Tian Yuan. It is a very mysterious mountain. It is said that the Geng gold source symbol is buried.

For many years, Yuan Tian Yuan has been searching for it, but the Geng Jin source symbol is very deep hidden, and no trace has been found.

Moreover, it is said that the guardian animal of Geng Jinyuan rune is called Jinjing lion dragon, which is extremely powerful. Even if someone finds the Geng Jinyuan Rune by luck, he will be killed by the golden eye lion dragon. There is no possibility of seizing the Geng Jinyuan Rune at all.

The maid said, "I don't know. The elder will come back in a few days. Master Qin, you can ask him then. Now the recruitment examination is about to start. Don't be late."

Qin Tianyu "Oh" a, frown, turned back to Ye Chen two people.

"How?"

Ye Chen frowned and heard the conversation between Qin Tianyu and his maid.

Qin Tianyu shook his head with a wry smile and said, "brother ye, I'm sorry, the elder is out, and I don't have any extra new jade pendant for you." "Really..."

Ye Chen touched his chin, pondered for a while and said, "brother Qin, when the elder comes back, I want to see him. Can you introduce me to one or two?"

Ye Chen only wants to meet the senior officials of Yuantian college and take charge of the college again.

Since this college was founded by the Lord of samsara, the senior officials of Yuantian college should recognize him.

"No problem, brother ye, you want to see my father Well, no, what do you want to see the elder? "

Qin Tianyu asked curiously. He seemed to miss something carelessly.

Ye Chen ears move, just as did not hear, way: "nothing, some things want to consult just."

It seems that Qin Tianyu is the son of the great elder of Yuantian academy, but for some reasons, it has not been completely disclosed.

At this time, a loud bell rang from the deep of Yuantian courtyard.

"Recruitment assessment is about to start! Come on, brother ye, I'll take you to open your eyes

Qin Tianyu's eyes brightened and he took the lead.

Ye Chen thought for a moment, then took Li qingmo and followed Qin Tianyu.

Although he did not have a jade pendant and was doomed to be disqualified from the examination, it was also good to broaden his horizons.

"Oh, isn't this Mr. Qin?"

As they were walking, they met several young people.

The first man wore a long sword at his waist. The sword did not come out of the sheath, but it had a strong spirit of killing and cutting by the heavenly soldiers. It seemed that he was going to capture people's lives.

It's actually the top ten source soldiers, Taichu's life taking sword!

Ye Chen's eye pupil shrinks, unexpectedly this person actually has the source soldier, obviously is not the ordinary person.

"Qin Wufeng, it's you."

Qin Tianyu's face sank. He was on guard and whispered to Ye Chen:

"this man is the son of vice president Qin Wufeng, and I belong to the same family. However, I am an illegitimate son, and he always despises me."

Smell speech, leaf Chen suddenly realize, slightly nodded.

The accomplishments of Qin Tianyu and Qin Wufeng are both at the peak of heaven and earth, with the same realm.

However, Qin Wufeng has a large number of soldiers in his hand. If there is a fight, Qin Tianyu may not be an opponent.

"Qin Tianyu, do you also want to participate in the college selection?"

Qin Wufeng pressed his right hand on the handle of the sword, and his eyes were slightly murderous.

Chapter 4279

"Why, what do I want to do, you have to take care of it?"

Qin Tianyu simply pulled out the huge sword behind his back, and his whole body was full of killing opportunities.

His murderous spirit is different from Qin Wufeng.

Qin Wufeng's murderous spirit mainly comes from Taichu's life taking sword, which is the killing and cutting of the original soldiers.

However, Qin Tianyu's motive of killing was derived from his own cultivation, which was dignified and magnificent.

"Ha ha, just a gas son of a son, you also want to pass the college selection, don't dream."

Qin Wufeng did not hide his intention of war, with disdain and ridicule in his eyes.

All of the dog legs around him pulled out their swords and swords with a murderous look.

"Hum, some swordsmen are useless. They only rely on weapons. I'm more qualified than you to enter Yuantian courtyard!"

Qin Tianyu was not willing to be outdone. He had a fierce sense of war between his words.

Ye Chen listens to two people's conversation, suddenly the natural mechanism penetrates through, knew many secrets.

It turns out that Qin Tianyu and Qin Wufeng are both disciples of the Qin family.

The Qin family is the elder family of Yuantian yuan. In those years, they followed the reincarnation master and established Yuantian yuan.

The ancestor of the Qin family was under the reincarnation master. When he was in charge of Taichu's life taking sword, he killed many powerful enemies.

After the death of the ancestors of the Qin family, Taichu's life taking sword was passed down from generation to generation.

However, there was a serious division of the Qin family, which was divided into Qi sect and Jian sect.

Qizong believes that the most important thing in the cultivation of martial arts is its own foundation, and weapons are only external.

However, Jianzong believes that Dayuan soldiers have a divine power against heaven. As long as they are in charge thoroughly and understand the origin of the killing and cutting of heavenly soldiers, they can soar in the sky and make rapid progress without having to work so hard.

The two factions held their own views and did not give in to each other. For tens of thousands of years, the struggle continued and never stopped.

Qin Wufeng is the sword of Jianzong. He was born with auspicious color, which resonated with Taichu's life taking sword. Therefore, he was in charge of Taichu's life taking sword.

Qin Wufeng has always wanted to eradicate the Qizong and unify the Qin family. So when he meets Qin Tianyu, he does not hide his murderous spirit.

"You son of the sword clan, if you want to take part in the selection, ask me first."

Qin Wufeng "Qiang" a sound, pull out Taichu life-threatening sword.

All of a sudden, the fury of the sky soldiers killed the cutting gas, crazy rolling.

Several of the attendants around him were in a hurry to retreat, for fear of being killed by the sword.

When the sword of the heavenly army was roaring, a cyclone storm was formed in the field, which was very fierce.

"You want to do it?"

Qin Tianyu's eyes were cold.

One side of Ye Chen, looking at the two people's swords, eyebrows immediately tight wrinkled.

Qin Wufeng has a big source of soldiers in his hand. Most of Qin Tianyu can't defeat him. Ye Chen wants to stop him, but Qin Wufeng has already killed him with his sword and yells:

"Qin Tianyu, I have a bet. If you lose in this battle, don't participate in the selection, or you will be disgraced!"

"All right, bet! I'm still afraid of you? "

Qin Tianyu's eyes were sharp, and the huge sword suddenly waved. With a clank, he blocked Qin Wufeng's life-threatening sword.

The two swords intersect, and sparks are splashing.

Qin Tianyu felt numb at the mouth of the tiger. He could not help but step back as he felt a ferocious air from the sky.

Qin Wufeng's Taichu lethal sword is a genuine Dayuan soldier. He is famous for his sharp cutting. Although his cultivation is not bad, his weapon suffers a great loss and falls into the downwind as soon as he meets him.

"Ha ha ha ha, you bastards of Qi clan. Don't you say that the foundation of martial arts is firm and you don't care to rely on weapons? Why can't I even block a sword? "

Qin Wufeng laughs wildly, waves his sword to attack repeatedly, one sword after another. The domineering source gas is wildly wielded, which turns into infinite killing law and one sword kills people's mind.

His weapons were so fierce that Qin Tianyu could not breathe.

"Seven kill, kill and kill!"

Qin Tianyu took a deep breath and stopped his steps. His whole body was full of opportunities to kill. With a fierce sword, all the spirit of Qi and blood was condensed on the body of the sword. A brilliant sword of killing was erupted, and Qin Wufeng was killed directly.

This is the outbreak of his own cultivation, which is more rebellious than the natural army source gas.

"Little skills."

Qin Wufeng was calm and did not pay any attention to Qin Tianyu's attack. At the beginning of Taichu, the life-threatening sword was waved, and the killing rules and the life-threatening sword spirit evolved into a torrent of sky sword, which was like a god like a devil, which instantly annihilated Qin Tianyu's attack.

"Taichu's life taking sword is so powerful?"

Qin Tianyu's face suddenly changed. His accomplishments were quite similar to Qin Wufeng's, but the quality of his weapons was not as good as that of Qin Wufeng. His strength gap was so big.

Are external weapons more important than their own accomplishments?

Qin Tianyu was shaken. He felt that the hard training of Qizong for many years was not as powerful as a weapon.

"Ha ha, or what do you think? Is the legend of the top ten soldiers, is it a children's play? Taichu's life taking sword has been suppressed by meQin Wufeng roared with laughter, fiercely attacked Qin Tianyu with a powerful sword, without any mercy.

Qin Tianyu's eyes were dignified, and he quickly raised his sword case to block it.

Bang!

However, Qin Wufeng's Heavenly Sword was as powerful as thunder. With only one blow, he flew his huge sword, and then chopped it down with the trend. It hit his body hard and made a deep bone wound.

"Puff!"

Qin Tianyu was seriously injured. He spat blood and staggered back.

"Hey, a bastard is a bastard, a loser."

Qin Wufeng sneered coldly. He held his sword and pointed at Qin Tianyu's heart. He wanted to kill him with a sword.

Ye Chen's face changed. He didn't expect Qin Wufeng to be so cruel. He immediately pulled out the evil sword, and a stream of dark breath burst out, and the horizontal sword blocked Qin Tianyu.

Zheng!

The blade of Qin Wufeng was cut off and cut on the evil sword of Ye Chen. Suddenly, he felt a huge shock force coming, and he could not help but step back three steps.

And ye Chen's body, but towering as a mountain, without the slightest shake.

"Who are you?"

Qin Wufeng was greatly surprised and looked up and down at Ye Chen.

Ye Chen's cultivation is only to mend the sky, but with a sword, he unexpectedly retreats from Qin Wufeng.

Qin Wufeng only felt strangely, and several of his followers around him also looked at Ye Chen with great consternation.

You know, Qin Wufeng is a master at the peak of heaven and earth. In principle, he should be able to crush Ye Chen easily.

But now, it is Ye Chen who has defeated Qin Wufeng.

Ye Chen didn't answer. He turned to help Qin Tianyu. The Bagua Tiandan technique was released and cured his injury. He said, "is everything ok?"

Qin Tianyu bit his teeth and said, "it's OK. I can't die."

"The boy is strange!"

Qin Wufeng, on the other hand, is totally focused on Ye Chen. He only feels that ye Chen's real strength is not as simple as it seems on the surface.

"Qin Tianyu, you lost the bet. According to the agreement, you are not qualified to participate in the selection of Yuantian yuan!"

Qin Wufeng did not dare to stay any longer for fear of an accident. He immediately put down a cruel word and took people away.

Ye Chen's details, he always can not see through, only know that it is difficult to deal with.

Now the selection of Yuan Tian Yuan is about to start, and he doesn't want to make a fuss.

Chapter 4280

Qin Tianyu's face turned pale. He gambled with Qin Wufeng. The loser was not allowed to participate in the college selection. Now that he is defeated, he can't take part in it.

"Brother Qin, what are you going to do?"

Ye Chen asked in a deep voice.

Qin Tianyu chuckled miserably and said, "I'm not good at skills, I have nothing to say."

After a pause, Qin Tianyu took out the jade pendant and handed it to Ye Chen. He said bitterly, "brother ye, this jade pendant is for you. You can actually beat back Qin Wufeng with the body of mending the heaven. You want to come to Yuantian courtyard and revenge for me!"

"You want to give me the jade pendant?"

Ye Chen was surprised. He didn't expect Qin Tianyu to make such a decision.

"Yes, you avenge me!"

Qin Tianyu bit his teeth. In his opinion, since he lost this opportunity, he might as well give it to Ye Chen!

If ye Chen can step into Yuantian yuan, there is still a chance to avenge him.

Ye Chen pondered for a while, then nodded his head and took the jade pendant. He said, "OK, I will avenge you."

Qin Tianyu said, "thank you very much."

Ye Chen, Qin Tianyu and Li qingmo went to the selection site of Yuantian yuan.

Qin Tianyu is seriously injured, but under the treatment of Ye Chen's Bagua Tiandan technique, he can barely recover a trace of vitality and walk.

He wants to see the results of the selection and know ye Chen's potential in martial arts.

Yuantian yuan has a special test stone tablet to test the potential of martial arts practitioners in various aspects, such as martial arts, skills, magic power, and so on.

The higher the value, the better the qualification!

Soon, ye Chen three people came to the site of the selection test, on the top of the mountain behind yuantianyuan.

This place, built a huge square, and at the north end of the square, is a black test stone tablet.

At the moment, the square is already full of people.

The test ceremony has begun, one by one freshmen, holding a jade pendant, waiting in line.

"Next."

The examiner in charge of the test is an old man with white hair and strong voice.

When his voice dropped, a young man came up to him.

"Name."

"Roton."

"Cultivation."

"There are seven layers of heaven and earth."

"Let's go."

After a simple registration, the assessor waves to indicate that it can start.

This young man named Luo Tong went to the stone tablet and took a deep breath. He put his hand on the stone tablet.

Hum!

The black stone tablet, slightly shocked, immediately appeared a numerical value:

59!

The stone tablet is tested for all-round qualifications, such as martial arts, martial arts, magic power, etc. the full score is 100 points, and 60 points is considered qualified.

The young man named Luo Tong suddenly became very ugly when he saw his figure.

"59 points, unqualified, next one!"

The assessor announced the result mercilessly and crossed out the name of Luo Tong on the registration form.

"My Lord, I'm one point short. Can I be flexible?"

With a bitter look on his face, Luo Tong began to plead.

"If you fail, you will fail. If you miss one point, you will fail! That's the rule

The assessor's tone was stern and showed no mercy.

Hearing this, Luo Tong had no choice but to step down.

"Heaven and earth in seven layers of heaven and earth can only get 59 points. This test is too strict."

"No, the test selection is based on all-round qualifications. It's not just about accomplishments, but on other things."

"It's not easy to take these 60 points."

People waiting for the test were talking about it.

Although the entrance examination of Yuantian academy is a test of all-round qualifications, the seven layers of heaven and earth can only get 59 points. It is conceivable how strict it is.

A total of 100 people took part in the test, and they had to achieve at least 60 points before they could enter the Yuan Tian Yuan.

However, when you step into the threshold, you can only be a nominal disciple, and you can't touch the core skills of Yuantian Academy.

Only the top three in the test value can be truly included in Yuantianyuan and master the ancient magic power and many secret history.

A large number of students waiting for the test do not expect to be able to ascend the sky one step at a time. They only hope to pass the test. They should first become a nominal disciple and then slowly seek opportunities.

The next test, however, was a girl in pink, with a delicate and charming face, wearing a short skirt, revealing a pair of round long legs, walking with wind and attracting countless eyes.

"It's the dean's daughter, Rain Cherry Snow."

"It's said that it's the peak of heaven and earth. The master who touches the source of the first half step is about to reach the original state."

"It's said that the blood of the green turtle turtle is sealed in her body!"

"Qingjiayuan, it's the guardian beast of Guishui rune, one of the top ten source animals."

"I don't know how many points can be obtained with the qualification of rain and cherry snow." All eyes of the audience fell on the girl in pink.

The girl in pink named yuyingxue is graceful and graceful. She walks to the test stone tablet, closes her eyes and gently puts her palm on it.

Whoa!

Wisps of vast water breath, from the rain cherry snow slender hands diffuse out, perfusion into the stone tablet.

Buzz!

The stone tablet vibrated for a while, and then showed a distinct value:

95!

Rain Yingxue opened her eyes and looked at the number on the stone tablet. She immediately showed a happy and excited smile and squeezed the powder fist tightly.

"Ninety five percent!"

"Worthy of being the president's daughter!"

"This number, too terrible."

"This year's test, I'm afraid Miss Yu's highest score?"

People were shocked to see the number.

With a full score of 100, Yu Yingxue got 95, which proves that her cultivation, skills, blood and other aspects of potential, are absolutely first-class, fully qualified to enter the Yuan Tian Yuan.

"Rain, cherry and snow, 95%, the highest qualification! You can join the college directly! "

The examiners announced the results in a loud voice with shock.

I don't know how many years have not seen such a high value of 95%.

According to the rules of Yuantian college, as long as the number reaches 90 or more, regardless of the rank, they can join the college directly.

"Thank you."

Rain cherry snow smile, showing two lovely little tiger teeth, turned back down.

"Miss rain, congratulations."

Under the field, a young man to the rain Yingxue arch congratulation, it is Qin Wufeng.

Yu Yingxue smile convergence, eyes a little disdain, obviously a little hate Qin Wufeng, but out of courtesy, she did not show, just "um" a, directly left.

"Congratulations, Miss rain."

Qin Tianyu also thanks Yu Yingxue. He coughs during his speech. He is obviously seriously injured.

"Qin Tianyu, how did you get hurt?"

Rain Yingxue looked at Qin Tianyu's injury and was surprised: "who hurt you?"

Qin Tianyu said with a bitter smile, "I'm fine. Thank you for your care."

Rain Yingxue's pretty face was cold. From Qin Tianyu's wound, he felt the breath of Taichu's life taking sword. He said in a cold voice: "did Qin Wufeng hurt you? I'll do it for you

With that, Yu Yingxue pulled out his sword and glared at Qin Wufeng.
