Chapter 4281

Qin Wufeng laughed and said, "rain, Yingxue, do you want to fight with me? Don't think you're my opponent if you get 95 points. "

Rain Yingxue snorted and said, "Qin Wufeng, don't think I dare not kill you. You are just a good weapon. Without that sword, you are a waste."

Qin Wufeng pulled out Taichu's life taking sword and said with a smile, "it's a pity that I have this sword. You can do it if you want, but if you lose, you should let me handle it!"

Finish saying that, Qin Wufeng's eyes, the evil spirit incomparable sweep rain Yingxue's body, hey hey smile.

"You are shameless!"

Rain Yingxue is very angry and wants to kill him with a sword, but the elders who maintain order on both sides of the square have already rushed over.

"Miss rain, master Qin Wufeng, please don't make it difficult for us to do it."

The elders are quite humble to persuade, Yu Yingxue and Qin Wufeng's identities are very important, they are also very difficult to do.

"Hum!"

Rain, cherry snow, helpless, can only put away the long sword.

Qin Wufeng also put away his weapons, but his eyes were still reluctant to leave Yu Yingxue's body.

Witnessing the whole process of Ye Chen, he did not rashly start, watching coldly.

Li Qingmo, on one side, reached Ye Chen's ear and said in a soft voice, "Lord, Qin Wufeng is so hateful. Don't you teach him a lesson?"

"Just a clown. Don't worry."

Ye Chen's tone is light. Now he has more important things to do.

The test selection continued, and one by one students lined up in the past, some happy and others worried.

Ye Chen was at the end of the line, and he was not in a hurry, waiting quietly.

"Miss Yu, this is Ye Chen and his brothers. They are cultivating themselves to fill the sky, but their real strength is not trivial. They once defeated Qin Wufeng with one sword."

At this time, Qin Tianyu introduces Yu Yingxue, and at the same time, he and Qin Wufeng have lost the assessment qualification and let Ye Chen take revenge on behalf of him.

"Is he qualified to fight against Qin Wufeng?"

Rain Yingxue frowned and looked up and down at Ye Chen, obviously not believing.

It's just a way to mend the sky.

Qin Wufeng, however, has reached the peak of heaven and earth. There is a huge gap between them, and there is little possibility to make up for it.

She did not see with her own eyes, naturally did not believe in Ye Chen's strength.

Ye Chen is also too lazy to explain, quietly waiting.

"Boy, don't play tricks. When the test is over, you'll know at a glance whether you're a God or a ghost."

Qin Wufeng over there is staring at Ye Chen coldly. He has just been repulsed by Ye Chen's sword. He is also very upset. He can't see the details of Ye Chen.

But fortunately, now that the test begins, ye Chen is playing tricks or is he really capable. When the test is over, everything will be clear.

Ye Chen listens to Qin Wufeng's provocation, but is a pair of indifferent appearance, does not care.

Now he has to face the assembly of slaughtering saints, the threat of emperor yuan temple and xuanjiyue, and even a wanxu Temple behind him.

That's a force to be feared for re-election!

His real enemy, it's terrible.

Like Qin Wufeng, just a clown, ye Chen didn't care.

"Next."

The selection test is still going on. Ye Chen came a little late and ranked last.

He was not in a hurry. He waited patiently.

As time went by, it was Qin Wufeng's turn.

Qin Wufeng, full of self-confidence, went to the test stone tablet and pressed his palm on it.

Hum!

The stone tablet vibrates and glitters.

A number emerges:

90!

"90 points..."

Qin Wufeng looked at this value, eyes bright, also feel quite satisfied.

With so many examiners, his score is second only to Yu Yingxue.

In the blood of rain, cherry and snow, there are ten kinds of wild animals, green turtle turtle, whose constitution is very special, and the score is naturally higher.

Qin Wufeng is also very clear, his blood is not compared to the rain cherry snow just, really fight up, win is his big.

"90 points, master Wufeng is so good."

"Is that the second highest score?"

"Master Wufeng is indeed the hope of the Qin family in the future."

People present, see the test value of Qin Wufeng, many people issued praise.

This test selection, the best results, there is no doubt rain Yingxue, and Qin Wufeng, can be ranked second!

"Qin Wufeng, 90 points, can enter the college directly!"

Hong Liang announced the results of the assessment.

Qin Wufeng a face proud, walked down, toward the rain cherry snow way: "rain miss, after we are the same door."

"Bah! You just rely on your weapons. If you take them down, you may not even have 60 points. "

Rain Yingxue dismissive, did not expect Qin Wufeng will have such a good result. Obviously, the existence of Taichu lethal sword greatly improved Qin Wufeng's achievements.

Because the test stone tablet, the test is all aspects of human data, including martial arts, magic weapons, magic weapons and so on.

After all, magic weapons are also part of cultivation.

It's a top-notch magic weapon, which can greatly improve your cultivation.

Therefore, Qin Wufeng has a great source of soldiers in hand, the test results are naturally rising.

Qin Tianyu on one side looks ugly. He didn't expect Qin Tianyu to get such a high score.

If he goes to the test, he will get 80 points at most.

"It seems that magic weapons are also very important. The elders of Qizong say that magic weapons are foreign objects with strange skills and obscene skills. They are not worth mentioning. They are too extreme."

Qin Tianyu vaguely felt that the rules of Qi sect were too extreme.

Of course, the sword clan only emphasizes weapons, not internal skills, which is also extremely extreme.

The best way is to cultivate both inside and outside, but the Qin family has been divided for too long, and there is no possibility of unification unless the reincarnation Lord comes.

Qin Tianyu had no choice but to sigh.

Ye Chen looks at Qin Wufeng's complacent appearance, can't help frowning, thought: "even Qin Wufeng can get 90 points, how much can I get?"

Ye Chen has great confidence in his martial arts foundation and magical skills. He can definitely crush Qin Wufeng.

In addition, he also has many treasures, such as the chart of the yellow spring, the source of darkness, the xuanbei of reincarnation, the Sha sword, the sword of falling dust and subduing the dragon, the spear of the cold and the nether world, and so on.

With so many treasures, God knows how terrible his test scores will be.

"There is no full score. There should be 99, too?"

Ye Chen touched his chin, thinking deeply.

"Last one!"

The examiners yelled, ye Chen is the only one who has not participated in the examination.

"Lord, come on."

Li qingmo cheers Ye Chen.

"Brother ye, depend on you."

Qin Tianyu's eyes also fell on Ye Chen, hoping Ye Chen could avenge himself.

Rain Cherry Blossom show eyebrows locked, but do not believe the inside story of Ye Chen.

After all, ye Chen's realm is only to mend the sky. Where can it be so powerful?

Chapter 4282

"Hehe, boy, it's your turn. Don't take zero points."

Qin Wufeng sneered. The worst person who came to take part in the test was his accomplishments in the middle of heaven and earth, while ye Chen was only a layer of heaven and earth, which could be said to be the bottom of the world.

With such a poor cultivation, Qin Wufeng really felt that ye Chen might get zero points.

Before he was beaten back by Ye Chen's sword, whether it was an accident or whether ye Chen really has the strength is clear from the test data.

Ye Chen looks pale, strides to the test stone tablet, takes out the jade pendant, and simply registers.

"Mend the sky and add a layer of heaven?"

The examiners looked at Ye Chen with a little consternation. Obviously, he didn't expect that a person with such poor accomplishments would be qualified for the test.

And the square, a line of vision, also all focused on Ye Chen.

"How can there be a layer of waste to fill the sky?"

"Where did they come from?"

"How can he get the keepsake of Yuantian courtyard with his little accomplishments?"

People have a lot of talk, a little hard to believe, no one is optimistic about ye Chen.

Only Li qingmo, with firm eyes, believes in Ye Chen's details.

Ye Chen went to the stone tablet, gently stretched out his hand and pressed it on the stone tablet.

The average person carries on the test ceremony, can display the data very quickly.

However, ye Chen pressed his palm and waited for a few breaths. The stone tablet was still motionless, and there was no numerical display.

"What's going on?"

Ye Chen frowned and took a deep breath, trying to run a trace of aura, pouring into the stone tablet.

Hum!

The stone tablet finally vibrated and a bright red value appeared:

zero!

"Zero?"

Ye Chen opened his eyes and thought he was wrong.

The whole audience, seeing this number, burst into laughter.

"Sure enough, it's a mole ant that fills the sky."

"A zero

"Today is an eye opener."

"Where did the boy come from? Is it disgraceful?"

People laughed, Yuan Tian Yuan's recruitment threshold is very strict, a mending the sky realm a layer of heaven, get zero points is not uncommon.

People just admire Ye Chen's courage and dare to participate in the selection.

"It's zero! This kid is a waste. "

Seeing this scene, Qin Wufeng was immediately elated and completely relieved.

It seems that ye Chen is really a waste. He was shocked back by his sword before. It was just an accident.

"Qin Tianyu, you friend, where can you say so much?"

The rain cherry blossom is discontented and stares at Qin Tianyu.

Qin Tianyu said with certainty how powerful Ye Chen was. But now, ye Chen's test value is only zero.

Qin Tianyu was also silly. He didn't expect that ye Chen was so poor that he couldn't speak for a while.

"Lord, you can't get a zero score. It must be that the test instrument is broken!"

Li qingmo can't believe it. She has seen Ye Chen's strength with her own eyes. How can it be zero?

"Joke, how can I be zero?"

Ye Chen looks at the dazzling numbers on the test stone tablet, as well as the shameful laughter of the people below. He doesn't have the slightest doubt about his own ideas. He just thinks that there is something wrong with the test tablet.

Think of here, ye Chen a little force, majestic spiritual power, mercilessly poured into the test stone tablet.

Suddenly, the number on the test stone tablet, began to jump madly.

Ten.

Twenty.

Thirty.

Sixty.

Ninety.

99.

One hundred!

After jumping to the limit, the test stone tablet vibrates violently and cracks appear.

Bang!

Finally, the whole test stone tablet, suddenly burst, into countless pieces, flying around.

This sudden change, ye Chen is stunned.

"What, the stone tablet exploded!"

It seems that the most incredible thing in the world.

This test stone tablet is cast by tianwai meteorite. It depicts many ancient big formations. Even if the top experts of shiyuanjing come, they can't explode.

But now, under the pressure of Ye Chen, it burst.

No, to be exact, ye Chen did not exert any force.

The reason why the test stone tablet burst is obviously because ye Chen's qualification is too high and exceeds the endurance limit, so it is smashed.

The people in the square are also staring at this scene.

"How is the stone tablet broken?"

"This guy, just now the value seems to jump to 100, he should not have the potential of 100 points?"

"Even if it's only cherry rain, it can't be cherry rain."

People were talking about it and couldn't believe it. "This boy, he broke the test stone tablet."

Seeing this, Qin Wufeng felt uneasy.

After thousands of years of vicissitudes of the test stone tablet, there has never been an accident, but today it burst under Ye Chen's hand, which is obviously not so simple.

Qin Tianyu and Yu Yingxue look at each other, but they don't know the truth behind them.

Naturally, they can't believe that ye Chen's potential has exceeded 100 points, which can't be detected by this stone tablet.

"My Lord, you are really good!"

Only Li qingmo, who firmly believes in Ye Chen's qualifications, is the absolute dragon and Phoenix among the people, not those present can compare.

"Assessor, how can I calculate my score?"

Ye Chen takes back his palm and looks at the assessor.

Now that the test tablets are broken, what is his score?

The examiners were stunned, but they did not dare to make their own decisions.

At this time, a strong atmosphere of pressure, roaring from the distance.

An old man with a long beard and a long robe came with a group of powerful elders.

Obviously, they all heard the sound of the broken stone tablet and came to check it out.

"See the president, the vice president, the elders!"

The assessor and the elders who maintain order on the scene immediately salute.

The old man with a long beard is the president of Yuantian courtyard, the rain Secretary night!

Next to the rain Secretary night, Qin Zhennan, vice president, is also the leader of the sword clan of the Qin family.

After Yu Si ye and Qin Zhennan, they are many core elders.

At the core of yuantianyuan, except for the elder Qin Xingyun, who went out to look for the Geng gold source symbol, all the others arrived.

"Dad

Rain Yingxue and qinwufeng, see rain Secretary night and Qin Zhennan appear, are surprised to call.

People present, seeing such a big battle, bowed their heads and saluted one after another.

It's just that everyone is puzzled. It's just that there's something wrong with the test equipment. How come all the high-level people of Yuantian yuan come here?

"At last."

Ye Chen squints his eyes and looks at the high-level people in Yuantian courtyard.

All the senior leaders have been deployed, obviously not to deal with the test selection so simple.

Ye Chen can be sure that he is the reincarnation of the reincarnation of the Lord of reincarnation. The high-level of Yuantian yuan should know.

Sure enough, president Yu Si ye and vice president Qin Zhennan saw Ye Chen, and their eyes were full of shock, worship and awe.

This shock look, flash away, two people quickly return to normal, but did not hide Ye Chen's eyes.

Chapter 4283

"What happened?"

Rain Secretary night a face dignified, walked to the test site.

"Report back to the president, the test equipment is broken."

The examiner reported in a hurry.

"Is it?"

Rain Secretary night took a stone tablet and crushed it in his hand, as if feeling something.

Then, with his eyes shining, he looked at Ye Chen and said, "no need to test. This student has excellent talent. I declare that he is the first one selected by Yuantian academy this year."

The voice dropped, and the whole audience was in uproar.

"This boy is just a layer of heaven, how can he be the first?"

"Is the Dean blind?"

"How can you win the first place if you just fill up the sky?"

People can't believe it. They are obviously dissatisfied with the result.

Since ye Chen can be the first place, are they not going to heaven?

"Dad, why did you give him the first place? The first place is obviously me

Rain Yingxue stood out with an angry look on her face.

Yu Si Ye didn't say anything more, his eyes swept the whole room, and his majestic majesty shrouded the four sides, saying: "this is the decision of the college's unanimous research. You don't have to say much, the assessor, and announce the results."

"Yes."

The examiners announced in a loud voice: "on behalf of the president, I officially announce that in this year's selection and assessment, the first is Ye Chen, the second is Yu Yingxue, and the third is Qin Wufeng. These three people can directly enter Yuantian Academy for cultivation. The rest of them can be registered disciples. Those who fail to pass the examination can be registered disciples. If you fail, please come back in a hundred years!"

The results were announced and there was a commotion.

Yu Yingxue and Qin Wufeng were admitted to the hospital successfully. However, ye Chen was admitted to the hospital as the first place. Many people were not convinced.

However, the rain Secretary night did not control the public's voice of opposition, and still insisted that ye Chen ranked first.

"Lord of reincarnation, please follow me."

After a pause, the rain Secretary night voice into the dense, a wisp of sound condensed into a thin line, into Ye Chen's ear.

Ye Chen heart a shock, Yu Si Ye really knew his identity, that also does not need him to explain, saved a lot of trouble.

Rain Secretary night to Ye Chen made an eye, with Vice President Qin Zhennan, there are many core elders left.

Ye Chen nodded knowingly and flew over.

The people present, however, were still in a commotion and were not satisfied with the results.

"Dad

Rain Yingxue stomped her feet, looking at the distant figure of Ye Chen, she was very angry.

Looking at Ye Chen's appearance, she obviously got her father's attention, but she was ignored.

Yu Si takes Ye Chen to the deep of Yuantian courtyard at night. With a wave of his hand, the space ripples and a ban is opened.

People enter the forbidden world, which is completely isolated from the outside world. It is a barren mountain.

"Rain Secretary night, see the reincarnation Lord!"

Rain Secretary night takes the lead to kneel down, tone incomparably respectful.

"See the Lord of samsara

Qin Zhennan and many core elders are also Qi Qi kneeling down with a face of humility.

"Get up."

Ye Chen's heart is excited, but not exposed, still calm on the surface, the voice is light.

Li Shiyue was right as expected. In yuantianyuan, he had a chance of his own.

Now Yu Si ye and Qin Zhennan, a president, a vice president, and so many core elders, kneel to welcome Ye Chen.

As long as ye Chen's arrangement is proper, it will be a force that will astonish the heaven when the butcher's assembly begins in a hundred days.

"Yes

Yu Si ye, Qin Zhennan, and many other core elders all stood up together and bowed their heads and hands, keeping respectful.

They are all the hands left by the reincarnation Lord. Their strength was not high at the beginning, but after endless years, their strength has changed!

"How did Yuantian yuan move to the underground?"

Ye Chen is puzzled. If he hadn't met Qin Tianyu, he might not have found his way. He almost missed the chance.

Yu Si's face was solemn at night, and he arched his hand and said, "report back to the Lord, at the end of time, your previous life has fallen, and Yuantian courtyard has also been exposed. He has been suppressed by the emperor yuan palace, causing countless deaths and injuries."

"At that time, the two elders who established Yuantian courtyard were me and the ancestor of Qin family. I was seriously injured and the ancestor of Qin family was directly killed. I had no choice but to move Yuantian courtyard to underground operation."

Talk between, rain Secretary night finger light, a wisp of light, gather a picture.

In the picture, there is a terrible picture.

A huge owl that blocks the sky and the sun, stretches across the sky and brings countless masters of the imperial yuan palace to the Yuantian courtyard.

Yu Siye and the ancestor of the Qin family led the disciples of Yuantian yuan to fight to death.

Ye Chen looks at the picture with wide eyes, but he seems to have heard the killing and roaring of ancient times, which is very exciting.

In that war, Yuan Tian Yuan took the upper hand and defeated the imperial yuan palace masters. But at this time, the night owl giant bird in the sky fell to the ground and turned into human form. The whole body burst into blood and burst into a terrible power, crushing everything.

Yusiye, the ancestor of Qin family, and many disciples of Yuantian Academy were crushed by this owl. All the disciples were killed. The ancestor of Qin family also died. Only yusiye escaped.

"Cold blooded and merciless, blood swallows ghost owl!"

Ye Chen stares at the figure of the owl, and his eyes are extremely fierce.

The sky is vast, ye Chen recognized it at a glance. The figure of the owl is the confidant of emperor Shitian, "cold blooded and merciless" one of the four fierce beasts, blood swallowing ghost owl!

This blood eating ghost owl is still in its embryonic stage. However, it has a strong blood of emperor Shitian and is extremely powerful.

Obviously, in order to eradicate Yuantian courtyard, Emperor Shitian did not hesitate to spend his own blood essence, and took advantage of the blood to eat the ghost owl's hand and exterminate the Yuantian courtyard.

After the war, only Yusi survived at night.

Whoa.

The picture disappears.

Ye chending in situ, eyes still with a huge shock.

In this ancient war, Yuantian courtyard was uprooted by the roots, and only Yusi night survived. I really don't know how he survived these tens of thousands of years.

"Lord, this is the cause and effect of yuantianyuan in the previous life."

"In that war, only I escaped seriously. I always believed that the reincarnation Lord would not die easily. Therefore, I survived and painstakingly rebuilt Yuantian yuan under the ground."

"Today's Yuantian courtyard, although still not comparable to the hegemony of ancient times, but also absolutely can not be underestimated, can help you achieve hegemony."

Yu Si has a bleak voice at night. In the past tens of thousands of years, he has experienced too much and suffered too much. He lives in fear every day for fear of being discovered by the emperor yuan palace.

Fortunately, the emperor yuan Temple thought that the Yuantian courtyard had been completely eradicated, and did not waste any more time to pursue it, so that Yuantian court had a chance to be reborn.

"Hard work for you."

Ye Chen was suddenly silent. In the past tens of thousands of years, it was really not easy for Yu Si ye to rebuild Yuantian yuan successfully and to keep a share of the power of the reincarnation Lord.

"Lord, today's Yuantian yuan is in decline, and it is no longer qualified to train strong men for the yin-yang temple. However, under my reconstruction, it is also a strength. I have secretly cultivated a source God army, which can help you fight for hegemony in front of you!"

Chapter 4284

In the ancient war, Yuantian courtyard was damaged so badly that even if Yusi was rebuilt at night, it would not be able to restore the glory of the past. It was no longer qualified to deliver fresh blood to the Yin and Yang Temple.

However, yusiye didn't give up. He set up a heavenly army, which can still help the reincarnation Lord fight for hegemony for a short time!

"The original celestial army?"

Ye Chen's eyes brightened.

"Zhennan, take the Lord down to have a look."

Rain Secretary night looked at vice president Qin Zhennan.

"Yes, Lord, please follow me."

Qin Zhennan is respectfully leading the way. He is the leader of the sword clan of Qin family and the father of Qin Wufeng.

However, he did not have the arrogance of Qin Wufeng. In front of Ye Chen, he was very humble, respectful and loyal.

If he knew that Qin Wufeng dared to offend Ye Chen, he would break Qin Wufeng's leg!

Ye Chen nodded and followed Qin Zhennan.

Many core elders are accompanied by them.

Ye Chen frowned. There were more than ten core elders present.

It's not a good thing that so many people know his identity. If there is a traitor, it will be in trouble.

Qin Zhennan also saw Ye Chen's mind, and even said: "Lord, please rest assured that these core elders have all fed the puppet ghost Dan. They do not have their own intelligence. They are purely puppets and will never betray. Only the president and I, as well as the elder, know your identity."

"Elder Geng, I'll take you back to Tianyuan mountain for a few days."

Smell speech, ye Chen nods, immediately feel relieved a lot.

His identity is very important. The less people know, the better.

Between Qin Zhennan's words, the palm pinches the Jue, the barren mountain Huoran opens, revealing a gap.

"Please."

Qin Zhennan made an invitation gesture and took Ye Chen in.

Ye Chen nodded slightly and entered it.

In this barren mountain, however, a tomb underground palace has been built, and those who want to come to the God army are hidden in this tomb.

Ye Chen looked around, and suddenly remembered that long ago, in the temple of the underworld, Mo Xueming invited himself to inspect the hundred thousand demons in the hell hall.

That was a long time ago. The 100000 demon army was not ye Chen's, but now ye Chen is going to review his own forces!

"The original celestial army, I don't know what kind of existence it is."

Ye Chen's heart is boiling, just want to see the source God army quickly.

Qin Zhennan took him all the way to the depth of the tomb.

This mausoleum, however, has no depressing atmosphere, only filled with the Teng Teng war spirit.

"Lord, since the ancient war, when our ancestors of the Qin family fell, the Qin family has split into two schools, Jianzong and Qizong. They have been fighting for tens of thousands of years. Now you return to yuantianyuan, just ask you to reorganize our Qin family, let Qi clan submit and complete the great cause of unification."

While leading the way in front of Qin Zhennan, he cautiously asked for ye Chen's support.

Tens of thousands of years ago, Yuantian court was killed by emperor yuan palace, and the ancestor of Qin family fell down. Later, Yu Si Ye rebuilt Yuantian courtyard and found descendants of Qin family.

To assist the reincarnation master is a mission engraved in the blood of the Qin family. Naturally, no one is against it.

However, when the Taichu lethal sword left by the ancestors of the Qin family was handed down to the descendants of the Qin family, there were two schools of sword sect and Qi sect.

In these tens of thousands of years, neither of them has decided.

Now, Qin Zhennan seeks Ye Chen's support.

As long as ye Chen is willing to speak, he can unify the Qin family and solve the division.

Ye Chen laughs and says, "why is Qi Zong obedient? Can't you disband your sword clan?"

On hearing this, Qin Zhennan's face changed and said: "Lord, the Qi sect is too extreme. He regards magic weapons as foreign objects with strange skills and obscene skills. What's the difference between them and wild animals? Man is a man who can use tools. If he doesn't use any tools, it's not as good as wild animals. "

Ye Chen said with a smile, "it's not necessarily a good thing to use tools and ignore one's own conduct."

Qin Zhennan suddenly said, "Lord, do you mean..."

Ye Chen waved his hand and did not entangle him. He said, "wait until the elder comes back."

Qin Xingyun, the elder of Yuantian yuan, is the leader of Qi sect.

How to solve the dispute between the two schools of Jianqi naturally requires his presence.

Now Qin Xingyun is looking for the Geng gold source symbol in the magic moon mountain range, but has not come back.

Ye Chen estimated that before long, Qin Xingyun would return empty handed.

The location of Geng gold source symbol is very secret. If there is no treasure map, it is almost impossible to find it.

Ye Chen doesn't believe Qin Xingyun has such good luck.

"Yes."

Qin Zhennan bowed his head to answer, sweating.

His accomplishments are much higher than ye Chen.

But in front of Ye Chen, he did not dare to breathe. This is the suppression of blood.

The blood of Qin family, with the brand of reincarnation, is destined to protect the reincarnation master.

This is an innate mission!

After tens of thousands of years of desalination, Qin Tianyu, Qin Wufeng and other young people may not feel the pressure of reincarnation.

But for Qin Zhennan, ye Chen's blood pressure is too intense, he dare not have the slightest idea of disobeying.

While they were talking, they had already reached the square in the center of the mausoleum.

A voice of startling the sky is constantly coming!!!!

Here, dozens of people are practicing martial arts.

They were all in armor, armed with swords, spears, swords and halberds.

When the weapons are waved, the sharp wind is fierce and fierce.

"This is the original celestial army?"

Ye Chen opened his eyes and felt that the cultivation atmosphere of these hundreds of people was very strong, and they all reached the original state!

Dozens of experts from the original territory, what a terrible force!

So many masters are willing to condescend in the underground mausoleum and practice martial arts every day. Without a firm will, they can't do it at all.

Ye Chen was shocked. He didn't know how Yu Siye managed to do it. He even trained dozens of experts from the original state, and let them gather into an array to form an army.

The breath of this army is so strong that it can block out the sky and the sun. When their weapons are dancing, the void is shaking. If they rush out, they may crush the heaven and earth and crush the mountains and rivers thousands of miles away.

"Welcome to the vice president!"

When you see Qin's army, it's like a big bell.

However, they didn't care about ye Chen. They didn't seem to know ye Chen's identity. They thought he was an entourage of Qin Zhennan.

"Lord, these people are the original celestial army. Most of them are in the early stage of the original state, and a few of them are in the middle stage of the original state. They should be able to help you fight for hegemony."

Qin Zhennan lowered the voice and blocked the spread of the voice, only let Ye Chen hear it.

Ye Chen is shocked. Dozens of experts from shiyuanjing have formed an army. He dare not think about it. Yuantian courtyard has been built after tens of thousands of years of hard work.

Chapter 4285

"They don't know who I am?"

Ye Chen is a little confused.

Qin Zhennan still blocked the voice and only said to Ye Chen: "I don't know, Lord, your identity is too mysterious. If you are known by too many people, it is likely to shake the heaven's secrets and be found

out by the enemy. We cultivate this source God army and tell them that their mission is only to fight against the Imperial Palace and wash away the humiliation and hatred tens of thousands of years ago."

"Enough to fight against emperor yuan palace."

Ye Chen nods, Yuan Tian Yuan, in the final analysis, can only be regarded as a branch of the Yin and Yang Temple.

Naturally, he did not expect to rely on Yuantian yuan to fight against wanxu temple.

This army of heavenly spirits, able to fight against the palace of emperor yuan, has been a great help.

Ye Chen is in need of their help at the butcher's meeting one hundred days later.

Qin Zhennan saw that ye Chen didn't mean to blame. He immediately breathed a sigh of relief and said to the source God army, "listen to all orders!"

"Here it is

Yuan Tianshen army immediately formed its formation, and its military appearance was serious, and it was arranged in front of the southern part of the Qin earthquake.

The murderous spirit of terror permeated from the army, shaking the moving mind.

This army, if you choose one person at random and put it outside, is a first-class expert, let alone dozens of people assembled into an array. Its arrogance is lawless.

"Tens of thousands of years ago, the emperor yuan palace killed our yuan Tian Yuan. These deep-rooted feuds need you to go to snow wash! Today, I'll find you a general. His name is Ye Chen. In a hundred days, he will lead you to kill the temple of God and crush all enemies! "

Qin Zhennan did not expose Ye Chen's identity, and planned to arrange Ye Chen to be a general to command the army.

"Is he a general?"

"This boy, is it just a mole ant that mends the sky?"

"Are you kidding? What is his right to lead us?"

After listening to Qin Zhennan's words, the whole scene immediately set off a great disturbance, and countless people were angry.

Because, they are all strong in the original state, and ye Chen, only mends the sky.

It is absolutely impossible for them to submit themselves to Ye Chen.

"Shut up!"

Qin Zhennan's eyes were sullen, and he said, "the military order is like a mountain. What do I ask you to do? Do as you please. Is it possible that the yuan Tian Yuan has been planning for tens of thousands of years, will I destroy it on purpose?"

As the voice dropped, the whole audience was in awe of the heavenly army, and no one spoke again.

Obviously, they are an iron army, which is forbidden.

Since Qin Zhennan ordered, they had nothing to say.

Military orders are like mountains, so execution is.

Even if Qin Zhennan told them to surrender to a mole ant, they would not resist, because it was an order!

However, they are masters of the original realm. They really want to condescend to a mole ant. No matter how obedient they are on the surface, they are dissatisfied in their hearts.

Ye Chen looks at yuan Shenjun in silence and finds that although they obey orders, everyone's eyes are cold and contemptuous, obviously looking down on him.

"I'm against it!"

At this time, a sergeant with a sword on his waist seemed to have made a great determination and stood up.

"What are you against?"

Qin Zhennan was furious and his eyes were full of murderous spirit.

The sergeant said: "my brothers have been practicing hard for many years. They are burning with anger in their hearts. Endless years of boring experience are just for killing the temple of God, crushing down the emperor and releasing heaven, and reviving Yuantian courtyard. Now let an ant who mends the heaven will lead us. I don't accept it! I can't look at my brothers' efforts in vain! He is not qualified! "

With that, the sergeant looked at Ye Chen, his eyes full of determination and anger.

"On the contrary, on the contrary! Do you know who he is, and dare to be presumptuous here

Qin Zhennan was so angry that he only wanted to show Ye Chen's identity, but he could not. His face suddenly turned blue and white. He pulled out his sword and wanted to turn the sergeant into dust.

"Ah, vice president, forget it."

Ye Chen stopped Qin Zhennan, looked at the sergeant with a smile and said, "if I want to be your leader, how can I be qualified?"

The sergeant drew out his sword and said in a murderous manner, "let's defeat me."

His cultivation is enough to reach the original state of heaven, while ye Chen has just stepped into the realm of mending the sky.

There is a huge gap between the two.

If he fights, he is absolutely sure to crush Ye Chen.

He is already the weakest part of Yuantian Shenjun. If even he can crush Ye Chen, ye Chen naturally has no qualification to be a general.

Ye Chen smiles and says, "OK, I'll try with you. If I beat you with one move, you will surrender to me sincerely. How about that?"

The voice falls, the whole field source God army's soldier, suddenly in an uproar.

"What a big voice

"Just mend the sky, but I want to defeat the original heaven."

"It's all bragging. Where did the vice president find this wonderful flower?"

All the soldiers whispered and did not put Ye Chen in his eyes. "Respect Ye Chen, never

Qin Zhennan is also flustered, hastily dissuades.

Although he knows that ye Chen has reincarnation, strength is not as simple as it seems.

If he fought with all his might, he also believed that ye Chen had the qualification to defeat shiyuanjing.

But now, ye Chen actually said that he wanted to defeat the enemy with one move, which was impossible.

It's just a matter of mending the sky. How can you defeat the original heaven with one move? No one believes it.

However, ye Chen's mouth is with a smile, seems to have absolute confidence.

"You want to beat me?"

The sergeant was stupefied and thought he had heard something wrong.

"Yes, if I fail, I will leave immediately."

Ye Chen nods.

The sergeant bit his teeth, his eyes flashed and said, "good! I want to see how you can defeat me in one move

After that, he clenched the long sword, and the breath of the original state broke out to the extreme. When he stepped on the ground fiercely, his body shot out. He took the initiative to cut off Ye Chen's head. Endless pressure covered everything!

This is the source of power!

Looking at the soldier's sword, ye Chen's eyes were sharp. He stepped back and took a deep breath. The sword of falling dust and descending dragon was sacrificed. His strength was condensed and he held it tightly in his hand.

"The blood moon slays the sky!"

Ye Chen drinks violently and cuts out with a sword.

Hum!

A huge roar of sword came from the body of the falling dust and dragon sword. It swept out like a storm and almost pierced the eardrum.

A layer of bloody sword light, in an instant, covered the whole tomb.

The dome of the mausoleum, in an instant, turned black, as if the night, no light.

In the darkness of the eternal night, four scarlet moons appear.

The moon is full of blood.

Boom!

At the same time, ye Chen's feet, exploding a raging fire.

Burn the sky in the sky, quickly open!

The magnificent world of burning the sky suddenly spread out under the tomb.

Chapter 4286

There are numerous mountains, rivers, flowers and trees around, looming in the burning sky and fire, showing the weather of the vast world.

Buzz!

Under the cover of the world of burning the sky, ye Chen's majesty soared, and the falling dust and dragon sword in his hand became more and more terrifying, and a violent and destructive atmosphere broke out.

The seal of despotic destruction appears on the sword.

With the blessing of the world of burning the sky, the seal of destruction and the source of darkness, ye Chen's sword has been filled with a towering power before it is killed.

The whole court lost color.

All the soldiers of Yuantian Shenjun look at Ye Chen's sword with great consternation.

No one thought that ye Chen could condense such a strong sword move.

You should know that being in heaven and Tao Yin are the means that can be possessed only after heaven and earth.

It's incredible that the sky can only be filled by the sky.

"What a strong sword spirit!"

The sergeant's face suddenly changed. He only felt that ye Chen's sword was so murderous that he wanted to tear the world apart, which was hard to resist.

But his sword has been out, there is no room to take back, can only go forward, mercilessly to Ye Chen.

"Broken!"

Ye Chen's eyes are sharp, and the blood moon butchers the sky completely.

Bang!

When the sword blows, it is as powerful as a prison.

It is a sword that combines the world of burning the sky, destroying the seal and the source of darkness. Its power is simply earth shaking.

Ye Chen killed with this sword, the sergeant's sword was immediately cut off, and his body was heavily cut, resulting in an extremely ferocious wound.

"Puff!"

The sergeant's blood gushed and he was completely defeated.

The sky's defense from the beginning could not block Ye Chen's sword.

Ye Chen's sword is so powerful that it seems that even the sky can be broken with one sword. It's just terrible.

Now the sword moves have fallen, and on the tomb dome, the four rounds of blood moon have not yet completely dissipated, and there is still a sense of terror.

And the world of burning the sky is also a raging fire, burning around.

A move.

It's a real move!

Ye Chen used only one move, and with one sword, he defeated the sergeant of the first level of heaven.

"Hiss..."

Witnessing this scene, all the soldiers of the yuan Tianshen army all sounded a cool voice.

If it wasn't for what they saw, they wouldn't believe it.

The mole ants in the sky mending area are really in the middle of a sword, and they defeat the experts in the source area.

One side of Qin Zhennan, is also completely silly eyes.

He didn't expect that ye Chen would be so fierce.

Across the two realms, one sword defeated the enemy against the sky. There is no language in the world to describe this terrible achievement.

Ye Chen smile, put away the long sword, look around the audience, way: "now, I am qualified to be your leader?"

Smell speech, source God army people look at each other, the face shows admiration.

Ye Chen crossed two realms, defeated the enemy with one sword, and completely convinced them.

"See the general, serve the general!"

All the people of the yuan God army knelt down, worshipped and bowed completely.

"Good."

Ye Chen narrowed his eyes and nodded with satisfaction. With the help of the heavenly army, he would not have to fight alone in the future.

Qin Zhennan, on one side, is also completely relieved.

Ye Chen with his own strength, won the yuan God army's submission, compared with his mandatory order, no doubt much better.

Hum!

But at this time, ye Chen felt a little dizzy, the body a burst of empty.

Just a sword defeated the enemy, instantly burst out all his breath, consumption is too huge.

Now that the battle is over, the side effects suddenly appear.

"After that, we will start to train well after you step on the temple of the emperor."

However, in front of the source God army, ye Chen did not reveal it, left a word, and then turned away.

"Yes, general!"

Yuan Tianshen army agreed in unison, and all of them were excited.

Qin Zhennan saw the difference of Ye Chen, and quickly followed up, quietly said: "Lord?"

Ye Chen grinned bitterly and said, "it's OK. I'm exhausted and need to rest."

Qin Zhennan said: "I see. Please don't worry about it. I'll arrange accommodation for you right away."

At present, Qin Zhennan took Ye Chen away from the tomb underground palace and arranged a secluded residence for ye Chen in Yuantian yuan.

At the same time, Qin Zhennan gave Ye Chen a college token.

With this token, ye Chen goes to the earth's surface and wants to return to yuantianyuan. He can use the token to open up the Forbidden Space and return to the underground city.

As for Li qingmo, he was recruited as a registered disciple and arranged separately. Qin Wufeng and Yu Yingxue also entered Yuantian courtyard. However, they did not know ye Chen's real identity. They were still full of dissatisfaction. They did not understand why the president Yu Siye valued Ye Chen so much.

.....

Ye Chen had a night's rest in Yuantian courtyard.

In the morning of the next day, ye Chen fully recovered his physical strength and spirit, and quietly left Yuantian courtyard and went to the magic moon mountain alone.

"Geng Jinyuan rune is in the magic moon mountain range!"

"If I can get Geng Jinyuan rune, my strength will certainly advance by leaps and bounds!"

Ye Chen's eyes twinkle, speeding up the pace to fly forward.

Now Qin Xingyun, the great elder of yuantianyuan, is also looking for the Geng gold source symbol.

I don't worry about being robbed of Jinye.

Because the treasure points of Geng Jinyuan Rune are too secret. If there is no treasure map, it is impossible to find it easily.

And treasure map, in Ye Chen's mind!

The magic moon mountain is on the earth's surface. Yuantianyuan has a special transmission array that can transmit to the earth's surface.

However, if you want to return from the surface world to the underground city, you must use the token specially made by yuantianyuan to open the space prohibition, which is the only common keepsake.

Ye Chen steps on the transmission array and returns to the surface.

In front of us is the ruins of Yuantian courtyard.

Tens of thousands of years of vicissitudes, dust.

Compared with the prosperity of the underground city, it is like two worlds.

Ye Chen narrowed his eyes and looked to the far north of the ruins of Yuantian courtyard.

A continuous mountain range, located in the far north of yuantianyuan.

Thousands of mountains and valleys, lush vegetation, a faint roar of wild animals, shocking people.

"That's the magic moon mountains."

Ye Chen's eyes congealed, and immediately flew toward the magic moon mountains.

Geng Jin Yuan Fu, he is determined to win!

.....

And at this time, the emperor yuan palace, deep underground palace.

Emperor Shitian came back to the underground palace, and the petals were floating.

In the stone sculpture square, Emperor Shitian saw the cold demon.

The cold enchantment flower demon fell apart and suffered a serious blow to her body. Now she has fallen into a coma and lies on a bed with petals piled up, her eyes closed.

"Xiaomei, it's hard for you."

Emperor Shitian walks over and gently touches the cheek of the cold demon.

The battle of Li family in Yangzhen region is related to the layout of the reincarnation master. The cold evil flower demon was defeated, and the emperor Shitian did not blame her.

After all, such a large layout is not a cold demon alone can shake.

There is no doubt that the most critical point of the layout is the butcher's assembly!

As long as the slaughtering meeting can be held smoothly, the layout of the reincarnation Lord will be completely broken!

Boom!

A stone sculpture vibrated in vain.

Click.

The body of the sculpture was smashed, and the pieces of stone fell down one after another. A man walked out slowly and came to the emperor Shitian and knelt down respectfully:

"Lord Di Shi, I'll serve you."

The man, dressed in a bloody robe, was thin and pale, with claw covers in his hands, and ten sharp iron claws, which had already bounced out, twinkling with bright cold.

This man is the bloody ghost owl in the "cold-blooded merciless"!

"Go to the magic moon mountain and capture the Geng gold source Rune for me."

The emperor Shitian ordered him to go on. He needed Gengjin Yuanfu to fulfill the promise made by Su Yan, the "Dragon Tiger sword".

"Magic moon mountain, near Yuantian yuan?"

The blood swallowing ghost owl's eyes were turning, and he thought of the event that he had exterminated yuantianyuan tens of thousands of years ago.

The magic moon mountain range is not far from yuantianyuan.

"That's right. You go and get the Geng Jinyuan Rune back! However, you should be careful not to wipe out the source of death

emperor Tian Tian's influence is very large, and his eyes are all over the world. Although the yuan Tian Yuan tried to hide it, he also received quite a lot of intelligence.

I'm afraid it's not so easy for the blood swallowing ghost owl to capture the Geng gold source rune.

After all, the magic moon mountain is the territory of yuantianyuan. If you are not careful, you will end up in a place where you are not buried.

"I see, Lord Di Shi. I will be careful."

The blood eating ghost owl touched the steel claw, but there was a murderous spirit floating in his eyes. He thought that if he met the remaining evils of Yuantian courtyard, he would kill them directly.

Emperor Shitian nodded and said, "that place is too dangerous. I don't trust others to go there. You have been to Yuantian courtyard before. You are the best to carry out this task."

While speaking, the emperor Shitian pinched his hand, and a wisp of light came from the distance. Originally, he took the light source symbol to torture the eternal holy king and returned to his hands.

"The source of light, the light breaks the sky!"

With a light drink from the emperor, the source of the light blooms with a magnificent divine radiance, which is as bright as the sun, shining on the void.

The surrounding space, violently twisted.

Then, a picture of treasure map slowly emerged.

In the center of the picture, there is a resplendent aura, which is the Geng gold source symbol!

"This is the treasure of Geng Jinyuan rune. You can remember it."

When Emperor Shitian waved his hand, this bright and shining picture was branded in the head of the blood eating ghost owl.

If ye Chen was here, he would be very surprised.

Because, relying on the light source symbol, Emperor Shitian actually illuminated the treasure point of Geng Jin source Rune!

Compared with other source runes, the light source Rune has a very unique effect, that is to break through the heaven's mechanism and find the natural materials and earth treasures.

No matter where they are hidden, they are illuminated by the source of light.

This is the dread of Guangming Tianwei. It really penetrates everything and sees through the vicissitudes.

"Yes, please rest assured that I will live up to my trust."

The blood eating ghost owl was aware of the picture, and immediately changed into an owl, burning blood essence, sacrificing a feather, and wanting to evolve into a separate body.

His real body, like the cold demon, can not break the seal of the underground palace.

Therefore, he can only set out for the magic moon mountains.

"Wait a minute."

Emperor Shi Tian suddenly called.

"What else can I tell you?"

Asked the bloody ghost owl.

"The layout of the reincarnation master has started now. If you go to find the Geng Jinyuan rune, you may be killed by the reincarnation master."

Emperor Shi Tianmu light dignified, cold charm of the flower demon's warning, in front of you.

He can no longer tolerate failure!

"This Fu Zhao contains the energy of the reincarnation star flame. You can take it and make sure it's safe."

The emperor Shitian took out a Fuzhao, which was surrounded by layers of starlight and reincarnation flame. The breath was very fierce.

"Reincarnation star flame? This is the imperial edict of the empress xuanjiyue

The blood swallowing ghost owl catches the star flame Fu Zhao, and his heart suddenly trembles.

Reincarnation star flame, is the empress Xuanji moon's divine fire, has the incomparable formidable.

This star flame Fu Zhao, if burst out, I'm afraid it will be enough to instantly kill the experts in the early stage of Shiyuan."Well."

Emperor Shitian nodded gently and said, "I have now cooperated with xuanjiyue. In order to ask her to take a Xingyan Fuzhao, I gave her the Xiri Tianshu."

Hearing this, the blood swallowing ghost owl's heart was shocked. Xiri Tianshu is one of the four volumes of "sword, sun and moon". Although it is a small source skill, it is also of great value.

For a star flame Fu Zhao, the emperor Shi Tian sent out a letter to the sun, which can be described as a huge cost.

For a moment, the blood eating ghost owl also felt a huge pressure on his shoulder.

The capture of Geng Jinyuan talisman this time is absolutely not allowed to lose.

Otherwise, the loss of emperor yuan hall will be very heavy.

"Please don't worry about it. I will take back the Geng Jinyuan Rune if I die!"

The blood eating ghost owl took up the star flame Fu Zhao, and did not talk nonsense at the moment. He released a feather and blood essence to separate himself, tearing the void and going to the moon mountain.

.....

At this time, the magic moon mountains.

Ye Chen, holding a sword, has stepped into the mountains.

It is surrounded by cliffs and woods.

As soon as ye Chen went in, he heard the roar of fierce beasts coming out from the mountains and forests, and he was on guard.

Looking around, ye Chen only feels that the mountains and rivers here are very familiar, which is completely consistent with the treasure map in his mind.

"Geng Jin Yuan Fu is in a cave thirty miles to the West."

Ye chenpan thought, according to the guide of the treasure map, he quickly captured the location of the Geng Jinyuan rune, and immediately ran away with the sword.

Roar!

Suddenly, a tiger roared.

See a black tiger fierce beast, suddenly from the side of the woods, pounce out, straight toward Ye Chen.

"The dark God cuts!"

Ye Chen is not in a hurry. The sword is waving, and a ray of dark source gas erupts, condenses into a sword awn and cuts it out quickly.

Hiss!

With only one sword, ye Chen cut the fierce black tiger into two pieces and killed him in a flash.

With his current strength, ordinary ferocious beast has been unable to hurt him.

Therefore, even if he is alone, he dares to wander in the magic moon mountains.

All the way, all of a sudden, ye Chen heard a fight in front of him, and there were two very familiar breath.

"Qin Wufeng, Qin Tianyu!"

Ye Chen feels these two familiar breath, the vision slightly one congeals, hurriedly walks up to have a look.

Through the gap between the branches and leaves, ye Chen clearly saw that there were two groups of men and horses in front of him, who were fighting fiercely.

The leaders of these two groups are Qin Tianyu and Qin Wufeng.

Chapter 4288

On Qin Tianyu's side, there are about 17-8 people, all wearing the clothes of the Qi clan of the Qin family.

On the other side of qinwufeng, the number of people is similar, but they are wearing the clothes of the sword clan of Qin family.

The two sides were fighting, and the fight was inseparable. Several bodies were lying on the ground.

"Qin Tianyu, you son of a bitch, you don't even have the qualification to enter Yuantian courtyard. What are you going to fight me with?"

Qin Wufeng wields Taichu's life taking sword and suppresses Qin Tianyu.

Qin Tianyu's weapons were not comparable to those of Qin Tianyu. He gritted his teeth and said, "Qin Wufeng, you're just relying on the power of the source soldiers. There's a way to put down the source soldiers!"

Qin Wufeng laughed and said, "I'm a weapon. What can you do for me? I met you today, you don't want to leave alive! "

While speaking, Qin Wufeng's long sword was waving, and the light of the sword was rolling. Countless heavenly soldiers' source gas broke out continuously, breaking the air and breaking the wind.

Ye Chen saw Qin Tianyu's failure, and his eyes suddenly became cold.

"Nine Yi sunset bow, broken!"

At this juncture, ye Chen did not talk nonsense. He directly took out the nine Yi sunset bow and pulled the bow like the full moon. The continuous rays of dark source light condensed into a dark magic arrow, which was smashed and killed severely.

Hiss!

The dark arrow flies across the void, sending out a sharp whistling, pointing directly at Qin Wufeng's head.

Qin Wufeng was fighting when he saw the dark arrow coming. He suddenly changed his face. He didn't expect that someone was hiding nearby, so he quickly raised his sword case to block it.

However, ye Chen's attack is not so good to resist.

Just listen to the "Ding" sound, the dark arrow hit the long sword of qinwufeng fiercely, the huge arrow force burst out in an instant.

All of a sudden, Qin Wufeng felt only a burst of strong force, the mouth of the tiger cracked, the sword could not be held firmly, he was hit on the spot, and "bang Dang" fell to the ground.

"Puff!"

Under the impact of the huge arrow force, Qin Wufeng's whole person also spurted blood and stepped back in confusion.

"Master Wufeng!"

The disciples of the sword sect all around him were stunned and went to help Qin Wufeng.

"No matter how powerful your weapons are, are you better than me?"

Ye Chen holds Jiuyi sunset bow and strides out. He stares at Qin Wufeng with a sharp tone.

"Ye Chen, it's you!"

Qin Wufeng opened his eyes and couldn't believe it.

"Brother Ye!"

Qin Tianyu was also shocked. He didn't expect to meet Ye Chen here.

At the moment, ye Chen, holding Jiuyi's sunset bow tightly, is full of sharp and domineering heavenly soldiers' killing and cutting Qi, constantly whistling and rolling, and faintly there is a terrible atmosphere of destruction, which is shocking.

"Ten big source soldiers, nine Yi sunset bow! How could it be in your hands? "

Qin Wufeng stares at Ye Chen, his eyes cracked.

Jiuyi sunset bow, like Taichu's life taking sword, is also one of the top ten source soldiers, with the same quality.

But ye Chen holds the nine Yi sunset bow, the momentum is obviously stronger than Qin Wufeng.

His martial arts background is too terrible, combined with the nine Yi sunset bow to kill the sky, the whole person is simply brilliant as the sun, people dare not look directly.

Qin Wufeng did not expect that ye Chen also had a great source of soldiers.

"Ha ha, you deserve to have Dayuan soldiers?"

Ye Chen glances at Qin Wufeng and takes a picture of his palm in the air. He grabs the Taichu lethal sword that has fallen to the ground.

With the sword falling, ye Chen suddenly feels familiar.

In a previous life, this Taichu life-taking sword once belonged to the reincarnation master, and was later awarded to the ancestor of the Qin family.

Now that things return to their original owners, ye Chen's heart is in peace.

"Dare you take my sword? What are you doing? Kill him

Qin Wufeng was very angry. He pointed to Ye Chen and drank loudly.

The strong swordsmen around him, as if they were waking up from a dream, raised their weapons one after another, and cried out to kill Ye Chen.

Among these strong swordsmen, there are also the worst in the middle of heaven and earth, and several good hands in the later period of heaven and earth. More than a dozen people united together, and their combat effectiveness is quite fierce.

"Tianlong eight gods sound!"

Ye Chen's eyes are sharp, but he doesn't put them in his eyes. He holds the Taichu life-taking sword tightly. With a sword, he tears the void and sends out loud and clear Hongmeng syllables.

Oh!

Eight golden dragons, also instantly exploded on the body of the sword, with the murderous spirit of Dayuan soldiers, mercilessly cut forward.

Puff, puff, puff!

At that time, more than a dozen warriors in the middle of heaven and earth, even in the later period, were all chopped by Ye Chen, seriously injured and fell to the ground in confusion.

"What!"

Seeing this scene, Qin Wufeng was shocked.

Qin Tianyu here, everyone also felt scalp numbness, unbelievable.

More than a dozen strong swordsmen were killed seriously by Ye Chen.

How terrible is Ye Chen's strength?

Is this a layer of sky mending?

Qin Wufeng and Qin Tianyu both feel strange. If they didn't see it with their own eyes, they would not believe it. "No way! My sword, how can you use it

Compared with Qin Tianyu, Qin Wufeng's inner shock is more intense.

Because ye Chen just used his sword.

It was not an ordinary long sword, but the Taichu life-threatening sword among the top ten source soldiers. Qin Wufeng did not know how many years had passed before he managed to establish a trace of contact.

But now, ye Chen wields his sword like water. The Taichu lethal sword seems to be a part of his body. It runs smoothly and harmoniously, almost reaching the point of body and sword integration. Even Qin Wufeng can't do it.

"Who says it's your sword, my things, and you'll get your fingers?"

Ye Chen laughs and waves his hand. Taichu's life taking sword turns into a ray of light and escapes back into his body, as if it were a part of his body.

Qin Wufeng is totally stupid. The scene in front of him is so amazing that he has completely broken his cognition.

"Go away."

Ye Chen snorted coldly. He had left his hand just now. He didn't kill the strong man of the lightsaber clan. He was only seriously injured.

Now, he has no interest in killing Qin Wufeng. He is not worth mentioning.

What's more, Qin Wufeng is the son of vice president Qin Zhennan. Ye Chen doesn't want to do too well in Qin Zhennan's face.

Qin Wufeng shivered all over and his face was completely pale.

Today, when he saw Ye Chen's hand, he felt that ye Chen was powerful.

No wonder yesterday, the president of the rain Department night will personally Ye Chen as the first.

With Ye Chen's strength, he won the first place, more than enough.

"I'll fight with you!"

Qin Wufeng's eyes were cracked, but he was not willing to admit defeat easily. His eyes exploded with hatred and suddenly flew up. His palms were like mountains and seas, and he beat Ye Chen's heart hard.

"Stubborn."

Ye Chen frowned, but Qin Wufeng dared to be presumptuous.

"Destroy Daoyin, chop!"

Ye Chen is too lazy to talk nonsense. He sacrifices his life-threatening sword and cuts him down.

"Keep people under the sword!"

Seeing that Qin Wufeng was about to be killed, suddenly, a shout came.

I saw a figure that killed like a ghost. With a flick of his finger, ye Chen's sword was opened. At the same time, he pulled Qin Wufeng's body and retreated in a hurry.

"Dad."

Qin Wufeng turned pale and looked at the figure in front of him.

It was Qin Zhennan who came.

Bang!

Qin Zhennan slapped hard, fan in Qin Wufeng's cheek!

Chapter 4289

All of a sudden, a swollen and red palm print appeared on Qin Wufeng's face.

Qin Wufeng looked at his father's ferocious and angry appearance, completely ignorant.

"My Lord, the dog is so offended, please forgive me!"

Qin Zhennan kneels in front of Ye Chen, extremely respectful.

"Lord? Dad, what do you call him

Smell speech, Qin Wufeng whole person is silly, did not expect Qin Zhennan will call ye Chen to do venerable Lord.

Qin Tianyu over there was also stunned.

He was very clear about the identity of Qin Zhennan, who was the vice president of Yuantian academy and had a very high status.

But now, Qin Zhennan actually respects Ye Chen. What identity is Ye Chen?

"If you offend the Lord, you deserve to die. Don't apologize quickly!"

Qin Zhennan slapped the other side of Qin Wufeng's face.

Qin Wufeng's head was buzzing. Suddenly, he remembered the old family legend.

About the legend of reincarnation!

All of a sudden, Qin Wufeng seemed to understand something. The whole person was scared to death. Fear and awe from the depths of his blood constantly stirred up.

"Are you..."

Qin Wufeng stares at Ye Chen. He can't believe it.

In a trance, he seems to see a towering figure behind Ye Chen. It seems that he is in charge of the reincarnation of the heavens, and his hegemony has reached the extreme.

Ye Chen stood in the same place and did not speak.

Bang bang bang!

Qin Wufeng knelt down and kowtowed desperately. His tears and snot ran straight. He said, "Lord, I should die, I should die!"

With that, he kept slapping himself in the face.

The strong men of sword clan and those of Qi clan were completely shocked and couldn't touch their heads.

Qin Wufeng, who had just been extremely arrogant, shivered and knelt down to beg for mercy from ye Chen. He also called Ye Chen the Lord.

What's going on here?

They are completely in the dark.

Only Qin Tianyu, the deep blood shock, seems to be surging up.

With his eyes locked, he seemed to have discovered something terrible.

"Come on, get up."

Ye Chen didn't care too much. Anyway, he had recaptured Taichu's life taking sword.

The descendants of Qin family are too useless. He is going to arrange this sword separately.

"If Xiao is still alive, it would be nice to give him this sword."

Ye Chen thinks of Xiao shuihan, a disciple he valued highly in his previous life.

Unfortunately, Xiao shuihan is seriously injured by xuanjiyue. His life and death are unknown, and where he is reduced.

If he could see Xiao shuihan again, it would be better for ye Chen to give this sword to him than to waste it in Qin Wufeng's hands.

"Thank you, Lord!"

Qin Wufeng stood up from the ground in confusion if he was granted amnesty. Now he has vaguely guessed Ye Chen's identity. His internal organs are almost broken and his forehead is covered with sweat.

As for Taichu's life taking sword, which was originally the reincarnation master's thing, he naturally did not have the courage to ask for it again.

"Lord, the dog is blind to Taishan. I will teach him a good lesson when I go back."

Qin Zhennan, full of fear and apologies, immediately took Qin Wufeng away.

The strong men of Jianzong left with panic, confusion and shock.

In the field, only Ye Chen, Qin Tianyu, and the strong men of Qi clan were left.

"Qin Tianyu, I avenged you. The cause and effect is over."

Ye Chen smiles. Qin Tianyu gives him a new jade pendant. In return, he completely defeats Qin Wufeng and takes Taichu's lethal sword to avenge Qin Tianyu.

This cause and effect is over.

In the future, no one will dare to bully Qin Tianyu.

Qin Wufeng without Dayuan soldiers is just a waste.

"Ye..."

Qin Tianyu wanted to address him as "brother Ye", but suddenly he felt his heart beating and his blood throbbing.

He suddenly shuddered all over his body, instantly clear that he was not qualified to sit flat with ye Chenping.

"You Are you that man? "

Qin Tianyu kept his heart beating wildly and asked in a low voice.

The legend of the reincarnation master, all kinds of love and hatred in ancient times, Qin family is old legend, Qin Tianyu is also unforgettable.

Compared with the hatred of the reincarnation Lord, his fight with Qin Wufeng is nothing but a child's family.

Ye Chen said with a smile, "guess."

Qin Tianyu looked at Ye Chen with a free and easy look. He was in a panic, sweating and speechless.

Ye Chen didn't break the story. He asked, "how can you come to the moon mountain?"

Qin Tianyu regained consciousness, took a deep breath, and stopped guessing Ye Chen's identity. He said:

"I received my father It's the big elder's call for help. He didn't find Geng Jin Yuan Fu. Instead, something happened in the mountain. I'm going to save him. "Ye Chen frowned and said, "with the great elder's cultivation, how can you get lost easily?"

Qin Tianyu said: "it's the Jinjing lion dragon who is playing tricks. The Jinjing lion dragon is the guardian of Geng Jinyuan rune. All kinds of magic skills are extremely exquisite. It displays illusory skills and has trapped my father."

Ye Chen said, "can I help you?"

Qin Tianyu said, "no, just magic. I can crack it. Ye Elder brother ye, don't say it for a moment. I'm going to save people. Goodbye. "

With that, Qin Tianyu said goodbye to Ye Chen and took people away.

Ye Chen nods, also did not catch what sinister natural chance, want to come big elder can be safe and sound.

He put his heart down and left alone and went on.

Jinjing lion dragon is the guardian animal of Geng Jinyuan rune. Its strength is extremely strong, even worse than the bright god image Ye Chen has seen.

After all, Gengjin represents the Western Taibai Venus, which is sharp in killing and cutting, and the lion dragon with golden eyes, as a guardian animal, naturally has a sharp edge.

If face-to-face, even ye Chen is not sure of winning.

Fortunately, he has a treasure map in his mind. According to the route of the treasure map, he can bypass the golden lion dragon, sneak in from the rear secretly, and steal the Geng gold source talisman quietly. There is no danger of being found.

Ye Chen goes all the way, getting closer and closer to the hidden treasure cave of Geng Jin Yuan Fu. He is trying to make a detour to the back, but suddenly, ye Chen hears a terrible fight.

Boom!

In the distance, the earth is shaking and the mountains are shaking.

Fierce collisions are coming.

"Jinjing lion dragon, hand over the Geng Jinyuan rune, and forgive you for not dying!"

A clear female voice came, it was the voice of rain and cherry snow!

She also wants to capture Geng Jin Yuan Fu!

"Hahaha, little girl, don't think you can be presumptuous in front of me if you have a head of Xuanwu."

The roaring laughter of the golden lion dragon shocked the mountains and rivers.

"The rain, the cherry and the snow?"

Ye Chen's face changed slightly, and his feet flew over. He rushed to see the rain and cherry snow. He was wearing a college robe. He was graceful and stood on the back of a head of Xuanwu.

The Xuanwu was huge and towering like a mountain. It was filled with wisps of vast water vapor. The shell was green and dark, and there were ancient patterns floating on it.

It's the top ten wild animals, green turtle turtle!

Chapter 4290

Yu Yingxue stands on the turtle shell of the green turtle turtle, which is a little higher than the next cliff. You can imagine how huge the green turtle is, and it is suffocating.

Obviously, for the sake of the blood seal of the turtle, gengyue also called for the blood seal.

In front of yuyingxue and qingjiayuan, there is a huge and ferocious beast. It is also as big as a mountain. It is shaped like a lion. A pair of eyes are like gold casting. The whole body is also dazzling with golden light. It is the guardian animal of Geng Jinyuan rune, the golden eye lion dragon!

A lion dragon and a Xuanwu are facing each other.

"I'll give you another chance. Would you like to hand over the Geng gold source talisman?"

Rain Yingxue holds the sword in his right hand, and his voice is sharp.

"Jinjing lion dragon, you'd better hand over the Geng Jinyuan rune. You are not our enemy."

The green turtle also made a deep and deep sound.

"Ha ha ha ha, joke, you two trash, also want to take my source Rune?"

The lion dragon with golden eyes looks up to the sky and laughs like thunder.

Between the mountains and forests, as if a storm, countless trees broken.

"In that case, there's nothing to say. Keep fighting."

Rain Yingxue stood with his sword and said, "green turtle, rush!"

When the voice dropped, the green turtle roared loudly and boldly, and the body rushed forward.

Bang bang bang!

The earth cracked, and a stream of water gushed out suddenly, just like a sword and halberd burst out from the bottom of the ground, and cut all the way to the golden eye lion dragon.

Qingjiayuan is the guardian animal of GUI water source talisman. He is proficient in water system technique. He has an endless water column, which shows great power. Within a radius of tens of miles, there are many water columns exploding, countless forests and mountains are washed to pieces by the water column.

Mountains collapsed and smoke billowed.

Ye Chen's side, also has a water column to rush up, he hastily moves the body, avoids the water column's attack.

"What a powerful technique!"

Ye Chen is frightened. The green turtle is worthy of being one of the top ten wild animals. If you are hit by such a fierce water system technique, you will be seriously injured if you are hit by it.

However, in the center of the battle, the golden eyed lion dragon, regardless of the impact of the Green Tortoise turtle technique, braved the water column, stepped on the ground with four feet, and burst into a golden sword, a golden sword, a golden spear and a golden halberd, which converged into a torrent of golden light heavenly soldiers and rolled out fiercely.

Bang!

The bodies of the golden lion dragon and the green turtle turtle collided with each other first, blowing up the sky shaking waves. A circle of invisible cyclonic storm swept around wildly. All the trees, cliffs and waterfalls that could be seen by the eyes were completely flattened and reduced to ruins in an instant.

Only the cliffs behind the golden lion dragon were forbidden to protect and not destroyed.

The Geng gold source talisman is also hidden in the cliff caves!

Zheng Zheng Zheng Zheng Zheng!

Then, the golden lion dragon's golden light heavenly army torrent, all killed in the green turtle body.

However, the green turtle skin is thick and flesh is thick, and the tortoise shell is indestructible. A golden sword, a golden sword, a golden spear and a golden halberd were cut on it, but they failed to break through its defense.

"The original beast in the legend is really terrible!"

Outside the battle circle, ye Chen looks at the collision of the two big source animals, and his eyes shrink slightly.

Whether it is golden lion dragon or green turtle turtle, they are first-class big source animals. Their momentum is too terrible and shocking.

"The golden eye destroys the light of God!"

The golden eyed lion dragon roared deeply, and his eyes suddenly had the evolution of Gengjin rune. The endless Gengjin law and the killing law were constantly fluctuating, and finally turned into two long rainbow like golden lights, which were shot hard at the green turtle's eyes.

The green turtle is covered with dark shell, thick skin and thick flesh. It is almost invulnerable, but its eyes are weak.

Golden Eye lion dragon's release time is very good.

"Guishui shield, guard!"

The Green Turtle was not in a hurry. Its front feet bombarded the earth, and the earth cracked and the water column exploded. It turned into a blue and Blue Shield in front of one of its eyes.

The Guishui shield can only protect one eye. The other eye of the turtle is still in danger of being shot through.

However, the green turtle did not panic because it was not fighting alone.

"Big river star falls to chop!"

With the sound of rain, cherry and snow, the body suddenly moved, and the sword flew down in the air. The sword Qi rolled like a river, and silver fell for nine days. The whole body breath broke out to the extreme.

Hiss!

Rain, cherry snow and a sword like the sky, crushed the golden lion dragon's pupil light, and then waved the long sword to stab the golden eye lion dragon's eyes.

Yu Yingxue's strength has reached the peak of heaven and earth, and has almost stepped into the origin of the world. It is not far away from the real origin.

Now, if the snow dragon and the snow dragon fight with each other, she has no potential.

The rain, cherry and snow at this moment is no different from the real experts at the early stage of Shiyuan. This sword is very fierce and can kill the weakness of Jinjing lion dragon. "Not good!"

The golden lion dragon's eyes turned pale, and his body quickly retreated. Seeing the long sword of rain and cherry snow, he was filled with the essence of Gengjin, which formed a layer of terrifying golden vigorous Qi in front of him.

"Broken!"

Yu Yingxue's eyes are sharp, and her graceful body wrapped in her robe completely ignores the obstruction of the golden vigorous Qi and stabs fiercely with her sword.

Chuckle!

This layer of golden vigorous Qi, which contains a strong source of Geng gold gas, constantly evolved into swords, spears, swords, halberds and other heavenly weapons.

As soon as the rain Yingxue rushed in, he was attacked and killed by the spirit of the heavenly army. His robe was almost torn, and blood stains appeared on his skin.

However, rain Yingxue's eyes are still fierce, completely regardless of their own injuries, crazy stabbing with the sword, like a meteor attacking the moon.

"This madman!"

The lion dragon with golden eyes suddenly turned pale. I didn't expect the rain and snow to be so fierce.

Puff!

The sword of rain, cherry and snow broke through the obstruction of the spirit of the heavenly army and stabbed the dragon's forehead.

All of a sudden, a blood hole appeared on the forehead of the golden lion dragon. The blood kept rolling and was seriously injured. The empress of footcang retreated and broke the land of mountains and rivers.

"It's a pity..."

Yu Yingxue drew back his sword and went back to the back of the green turtle turtle. He held the sword and gasped. His whole body was dripping with blood. His pretty face was pale and his injury was not light.

Her sword, resisted by the spirit of the heavenly army, lost its aim and failed to hit the key point of Jinjing lion dragon.

The flesh and blood of lion dragon with golden eyes is too thick. If you stab it on the forehead, it will be seriously injured, but not fatal.

"Damn it!"

The lion dragon with golden eyes retreated from time to time. This time, it was defeated by rain, cherry and snow.

But the problem is that Yu Yingxue is not alone. There is a green turtle next to him. It is in a desperate situation.

"Kuishui Weili, I have suppressed it!"

The green turtle saw the opportunity, drew his neck and inhaled. On the ninth day, the thunder roared and the water vapor continued to condense.

Finally, a magnificent long river, condensed in the sky, endless kuishui divine power, crazy rolling.
