Chapter 4291

Boom!

The next moment, the long river sky water rolling down, such as the Yellow river sky, breaking the mountains and rivers, roaring thousands of miles, crushing Longmen.

This is the most powerful attack of the green turtle. The great power of Guishui broke out to the extreme. If it was in the war, it would be almost impossible for it to perform such killing moves, because casting takes time.

But now, Yu Yingxue is fighting hard to get a chance to cast.

Endless kuishui River, roaring and rolling down, mercilessly fell to the golden lion dragon.

"Well, how can you force me into such a situation?"

The lion dragon's eyes were angry, and suddenly roared up to the sky. A dazzling golden light shot out from the cliff cave behind it.

The turbulent Geng Jinyuan rune is constantly tumbling.

A golden aura appears in front of the golden lion dragon.

It's Geng Jin Yuan Fu!

"Gengjin sword, cut heaven against the sky!"

The golden lion dragon drank with thunder and blood essence burning violently and poured it into the Gengjin source talisman.

Whoa!

Geng jinyuanfu erupted a wave of golden light source gas, evolved into a huge sword across the void, suddenly cut the sky, tearing the endless space, and chopped on the long river of Guishui of qingjiayuan.

Boom!

The long river breaks and Tianshui disappears.

The terrifying Gengjin sword instantly destroyed all the skills of the green turtle turtle. It was almost to kill the sky. The world was shaking with great momentum.

"Geng Jin Yuan Fu, you You have absorbed the power of the Geng gold source talisman! "

The Green Turtle was shaken all over, and the Tianshui river was cut off. It was also greatly impacted. It vomited blood on the spot, and the turtle shell cracked and seemed to burst.

"Damn it, this evil animal actually controlled the Gengjin source gas."

Rain cherry snow eyes with fear, body tottering.

Gengjinyuan Rune represents the most fierce Gengjin killing. At the moment, Jinjing lion dragon, with a trace of Geng Jinyuan Qi, turns his sword into a sword and cuts the sky. It is so powerful that it is invincible!

Ye Chen looks at all this, is ready to go, he is waiting for his own opportunity!

But, in a flash, ye Chen Mou son a congealing, in front of him as if flashed a picture!

This picture does not belong to foreign countries, but from China!

In the picture, ye Lingtian, his master Duan Huai'an, and Jin Lengyan, who was invited into the dragon soul by him!

The picture is extremely fuzzy and fleeting, disturbing Ye Chen's mind at the moment.

"Did ye Lingtian go to China and have an accident?"

.....

China, grottoes.

The huge tremor spread over a hundred miles.

There were huge cracks in the entire outer ground.

It's like a wonder of the century.

The dragon soul team has to move further!

Because of the high pressure caused by the grottoes, the UAV cannot fly in the sky.

More can not capture the picture!

Zhong Haiming, vice captain of longhun, paced back and forth in the temporary base of longhun, with a frown.

It's been a long time since Duan Huai'an entered the grottoes. The tremor is still lasting. What happened inside?

If there is no more news, he has to take the last action!

Detonate the whole cave!

Only in this way can we stop something.

This is what Jin Lengyan explained after entering the grottoes.

As soon as she entered the grotto, she had made the worst plan.

A few seconds later, there was a knock on the door!

"Come in, please."

The gate opened, and a dragon soul member came in.

He handed over a password box with both hands and placed it carefully on Zhong Haiming's desk.

"Captain, everything is ready."

Zhong Haiming looked at the password box, lost in thought, hesitated for a few seconds, he reached out his hand, fingerprint verification, and then inserted a special card, the password gear turned, the box opened.

It's a special computer inside.

There are only two buttons.

One red, one green.

Once the red button is dark, everything in this cave can be destroyed in an instant.

Of course, including Jin Lengyan and others.

Although the strength of the warrior is strong, the body is immortal, but the power of armed technology is still extremely terrible!!!

.....

And now, in the grottoes.

Ye Lingtian's whole body is actually full of blood.

Jin Lengyan and Duan Huaian are also weak to the extreme!

And in front of the door has been everywhere cracks, seems to be only one step away from the broken!

Ye Lingtian's hand trembles to the extreme!

Although his strength is far beyond the limit of Huaxia and Kunlun, Huaxia's aura is thin!

The warrior needs Reiki recovery, and his speed of absorbing external aura is extremely slow!

And now it's going to work hard again and again!

At this moment, the aura of his elixir field will be exhausted! Jin Lengyan realized the situation and said, "master ye, why don't you have a rest This gate, after so many days, should also be broken! "

However, ye Lingtian directly refused: "the temple master has given me an account and asked me to protect Huaxia well!"

"No matter what, I'll never turn back."

"I will break this door! It will break

Language down, ye Lingtian holding the abyss sin breaking gun, the remaining aura of the elixir field was all blasted on the door full of cracks!

Endless light burst out! The void around is twisted and broken!

Duan Huai'an and Jin Lengyan's expressions are solidified. What has ye Lingtian experienced outside?

Ye Lingtian is like this, how afraid is Ye Chen now?

If ye Chen came to China, what was yuan Daofeng!

Don't talk about yuan Daofeng. Even the people behind him may not be able to break the rules of China at will!

"Boom

A great noise, deafening!

Endless dust rolls in and blocks out the sun!

And the forbidden gate seemed to be unable to bear the force any longer and collapsed completely!

Yuan Daofeng, who is breaking through, appears in the sight of the public!

At the moment, yuan Daofeng is surrounded by runes, and his breath of breakthrough is extremely strong!

Even to all present a great sense of crisis!

Jin Lengyan has dealt with yuan Daofeng many times before. She knows more about yuan Daofeng's strength than anyone else!

But now, yuan Daofeng's realm has broken through too much!

How long has that been!

"Do it!"

Duan Huaian suddenly opens his mouth and wakes Jin Lengyan!

Duan Huai'an, holding a long sword in his hand, splashed ten thousand swords and went towards yuan Daofeng!

And Jin Lengyan also pinched the formula with her fingers. A bloody dagger appeared in her hand. She turned around and instantly appeared behind yuan Daofeng. The bloody dagger stabbed yuan Daofeng's Dantian without hesitation!

The martial arts are physically strong. Yuan Daofeng may know many secrets. He must live now!

And destroy the elixir field, obviously the most effective!

Ye Lingtian is quite weak standing in the distance, motionless. He is now absorbing the rare aura of the outside world to recover. He is very clear that he can no longer hold the abyss conviction gun for a short time!

All depends on Jin Lengyan and Duan Huaian.

Fortunately, yuan Daofeng is now at the key node of breakthrough. Even if he reacts, he will be severely damaged by the backlash!

Look at the two sharp killing will touch yuan Daofeng!

Yuan Daofeng's runes twinkled one after another, and the diaphragm burst, slowing everything down in an instant!

In this instant, yuan Daofeng opened his eyes, his eyes congested, just like the devil!

He was angry, he roared, and he was almost the last trace. He could completely refine the power of the pill and break through the limit!

At that time, the whole China and Kunlun empty, who can stop him!

No one!

Chapter 4292

Yuan Daofeng vomited out a mouthful of blood, his face was pale, and his violent breakthrough breath broke out! His left index finger points to the golden goose's blood dagger! The void fluctuates faintly!

The blood dagger turned into powder on the spot!

At the same time, yuan Daofeng's eyes were directed at Duan Huai'an. He pushed horizontally with his right hand and directly grasped the sword!

The huge obstacle, let Duan Huai'an can't go further!

Duan Huaian can feel how terrible the strength of yuan Daofeng is now!

"Go away!"

All of a sudden, a startling roar rang through!

This is yuan Daofeng's endless anger!

In an instant, Jin Lengyan and Duan Huai'an are all blasted out and hit the stone wall hard!

Two mouths of red blood gradually dyed on the ground!

Ye Lingtian's eyes are full of blood in the distance. He tries to control his body to deal with Duan Huaian, but it is impossible now!

For so many days, he almost devoted all his energy to fighting against the gate that did not belong to Huaxia and Kunlun, but came from outside the country!

What did he think of! Mou son is full of determination, force out a drop of blood essence.

The blood essence burns instantly, and the ancient runes are flowing in the flame.

When he came to China, he didn't want to use this technique.

But yuan Daofeng and the appearance of the palace of emperor yuan, he had to do so!

On the other side, yuan Daofeng was panting violently. The disordered aura in his body made him extremely uncomfortable!

It's just a little short of it!

This trace, let him completely rout!

If you want to make up for this loss, the price is huge!

His ferocious eyes shot at the fallen golden geese and walked step by step.

Jin Lengyan may have sensed the crisis and opened her eyes with difficulty. When she saw that pair of bloodthirsty eyes, she trembled slightly, but she still firmly said: "yuan Daofeng, dragon soul and Huaxia are standing behind me. If you do something to me, you will be responsible for the consequences!"

"I don't know what you're doing in this cave, but it's definitely harmful to this land!"

"I advise you to stop here!"

Yuan Daofeng suddenly smile, incomparably ferocious smile!

"Stop?"

"By what?"

"What did I pay for it, you know?"

"Dragon soul? In my eyes, what's the dragon soul

"From now on, no one can restrict me in this land!"

"Kunlun Xu, you used to believe in Ye Chen."

"Ye Chen may have died in Lingwu land, but now, I will be your God! Your faith

Jin Lengyan is slightly stunned. She can feel the energy in Yuan Daofeng's body. Although she and Duan Huaian interrupted yuan Daofeng's breakthrough, yuan Daofeng's strength is still terrible at the moment!

If he recovers completely, Kunlun Xu and the land under his feet may really be unable to limit this guy!

What to do?

Yuan Daofeng seemed to enjoy this feeling. He grasped it with five fingers, and the golden goose, half buried by the boulder, suddenly suspended. It seemed that there was a pair of invisible big hands, holding her throat and everything.

Jin Lengyan wants to break free, but it's impossible!

"Touch!"

Duan Huaian stood up from the ruins, took a pill, grasped it with five fingers, and the sword flew to the palm of his hand. Without hesitation, he cut yuan Daofeng with one sword!

Yes! In the face of this sword, yuan Daofeng has no intention to dodge. As soon as his eyes coagulate, a golden barrier will protect his whole body!

The sword fell on the barrier and was broken on the spot!

Duan Huaian has stepped back several steps! The powerful anti shock force made his Qi and blood gush up and his mouth overflowed with a trace of blood.

Yuan Daofeng's eyes turned, and finally fell on Duan Huai'an. He shook his other hand, and an invisible bondage suddenly shrouded Duan Huai'an.

Duan Huai'an and Jin Lengyan are in the air!

The face is extremely pale!

"Duan Huai'an, do you think I was once yuan Daofeng?"

"Behind me stands the man who is above heaven and earth!"

"And behind you?"

"Is it the door of the God of medicine, which is respected by medical ethics?"

"Bah! What's the value of medical ethics in front of martial arts! heal the wounded and rescue the dying? Save those ordinary people? "

"Ha ha, among all the ways, martial arts is the root. The ultimate of martial arts is not to live or die. What kind of medicine is needed?"

"Oh, by the way, is there a disciple named Ye Chen behind you? What is the master of Kunlun

"I haven't seen this man, but Kunlun Xu and Huaxia are legends of this boy."

"You say, even if he is not dead, if I kill you, will this boy seek my revenge?"

"Is he entitled to take revenge on me?"

With that, yuan Daofeng burst out laughing, which was unprecedented!

Before that, although his strength is strong, but also subject to the constraints of the rules! But now, he doesn't use it at all! Because he is God!

"Well, what should be said is also said. Next, it's time to send you on the road!"

Yuan Daofeng's eyes are cold, endless killing intention circulation, and two giant swords are suspended in front of him!

Once the giant sword turns, it stabs Jin Lengyan and Yuan Daofeng in an instant!

Life and death are only in a thought!

Jin Lengyan looks at the huge sword, her eyes are a little dim, but she is not too afraid of death.

However, there is still a regret in her heart.

She did not see ye Chen.

From ye Lingtian's mouth, ye Chen is still alive. She knows Ye Chen will return to China and see this land.

She's not willing!

Duan Huai'an's eyes are relieved. He is not afraid of life and death. There is a loyal saying from the door of medical God, which has been passed on for thousands of years.

"All things in the world, only life and death can not be forced."

Since Yuan Daofeng is going to die, it is fate.

He has no regrets. He has no regrets to have an apprentice like Ye Chen in his life.

At this critical moment, a roar resounds through the sky!

"The name of the Lord of my palace is taboo. How can you insult me! The abyss decides the crime, breaks the world! "

The voice comes from behind!

Yuan Daofeng noticed that there was an extreme opportunity to kill behind him!

He felt a fear of death. As soon as he turned around, a black awn seemed to cross time and space, and even penetrated yuan Daofeng's arm!

A huge blood hole runs through!

At the same time, the abyss conviction gun hit the two huge swords!

"Touch!"

A shocking noise, two sword shadows have broken!

A spear full of endless evil spirit was inserted on the wall, and cracks appeared in all directions of the cave.

How terrible this power is!

Yuan Daofeng was surprised. Although he broke through the key to stop the injury, his strength should be that no one in Kunlun and Huaxia could compete with him!

What's going on right now!

He then turned all his attention to another man not far away.

The man looks a little weak, but the whole body is surrounded by the extremely terrifying intention of killing and fighting!

The key to this man's blood, there is an impulse to let him dormant!

This man, never appeared in China and Kunlun Xu!

He kept thinking in his mind, and suddenly, he thought of one thing!

Chapter 4294

Jin Lengyan and Duan Huai'an, who have just rushed out of the grottoes, see the off-road vehicle, and take a look at the constantly collapsing grottoes and get on the car directly!

Four off-road vehicles drive towards the periphery in an instant!

Off road vehicle.

Jin Lengyan is sitting in a critical position. She quickly swallows the pill and sits cross legged. Her spiritual power surrounds her body, and her wound gradually recovers.

As for Duan Huai'an, as the leader of the medical God sect, he has taken some herbs with extremely strong medicinal power from the storage ring, crushed them and took them.

Of course, in the healing, the two people's eyes always pay attention to everything behind the SUV.

Ye Lingtian has not come out yet.

Zhong Haiming seems to have found something, hesitated for a few seconds, just wanted to ask ye Lingtian's whereabouts, a huge explosion resounded!

The sound of the explosion was no less powerful than that of pressing that button!

"Captain gold, the cave..."

They all turned around and looked through the window at the cave that was collapsing!

The Grottoes have been completely destroyed!

Everything seems to be buried!

Who knows what's going on here!

"Master Ye."

"Ling Tian..."

Jin Lengyan and Duan Huai'an stopped to recover, and the SUV also stopped.

People get out of the car and look at the destruction of the grottoes, which is like a great spectacle.

They know it's all over.

But when the feeling of sadness spread, the two figures burst out of the cave in an instant!

A fairytale old man, a man with a long gun in his hand, is incomparably burly!

It's yuan Daofeng and ye Lingtian!

Two people are suspended in the air, the sky is covered with dark clouds, surrounded by thunder and lightning, faintly about to explode!

The wind whirled, the world was silent, as if foreshadowing the calm before the storm.

Ye Lingtian takes a look at the rune in his hand in mid air. There is not much time left!

Yuan Daofeng gasped violently.

He thought that taking the pill of the heart demon lord, China was invincible in the world, who knew that he met such a madman!

Kill him with blood essence burning!

This is a psychopath!

Fortunately, he could feel that ye Lingtian's power began to weaken.

Every blow is weakening.

If you don't break through to today's state, you may really die in ye Lingtian's hands.

Yuan Daofeng swallowed the next pill, adjusted his breath and gave a slight smile: "ye Lingtian, the spear on your hand is good. After you die, this gun belongs to me."

"Go away!"

Ye Lingtian a roar, set off again, as if the spear across the sky, Wei Ran! Straight into yuan Daofeng's heart!

And Yuan Daofeng sneered, five fingers pinch Jue, a rune appeared!

The rune is full of things!

A drop of blood essence is forced out and falls on the rune. It's brilliant in an instant!

In the rune, it seems that there is a virtual shadow, and a golden palm print appears in the sky!

Ye Lingtian is stunned. The breath of this Rune does not belong to Huaxia at all!

Yuan Daofeng can come up with such a level of means, I am afraid that he is standing behind the temple of the emperor yuan is inseparable!

Yuan Daofeng's voice came to his ear: "fortunately, the adult left me some things."

"I didn't intend to use it, but now I have to rely on it if I want to get out of trouble quickly!"

"Ye Lingtian, today is your death date!"

Ye Lingtian glanced at the rune in his hand, and his heart sank. He had only one minute left now!

Can't care so much, he must use the last strength to hit yuan Daofeng!

As long as yuan Daofeng can't recover his peak in a short time, the hall master may have a chance to come back!

When the time comes, everything will be solved!

If yuan Daofeng doesn't have an accident, Kunlun Xu and Huaxia are very dangerous because of his current strength of surpassing Huaxia!

Even the stone tablet of reincarnation may be obtained by this person!

Ye Lingtian holds the abyss crime gun in his hand, and his eyes are full of determination. He kills his heart together! A column of light envelops the whole body!

He seems to be integrated with the abyss sin breaking gun in his hand, and the virtual shadow of a fierce beast appears behind ye Lingtian!

"In the name of the abyss, I will judge the crime and punish the evil!"

That giant beast's virtual shadow melts into ye Lingtian's body, and the abyss conviction gun bursts out instantly!

Direct reversal, not towards the golden giant palm! But towards yuan Daofeng!

Ye Lingtian's clothes are torn, showing strong muscles! The resolute eyes are full of no hesitation!

He would rather resist this blow than hit yuan Daofeng hard!

"Madman! What a madman

Yuan Daofeng's eyeballs are congested and he wants to retreat, but the air around him seems to be solidified!

He just had to be brave enough to go up!"Touch!"

The first shocking impact rings through the sky!

There seems to be a mushroom cloud above the sky!

Yuan Daofeng's body directly spilled blood and fell on the ground!

He is already very weak!

His eyes are filled with endless anger!

He hated ye Lingtian, and even ye Chen, who never appeared. This is the hatred in his bones!

He reluctantly stood up, did not dare to stay too much, directly dissipated between heaven and earth!

After all, there are dragon spirits around. If you stay there, it will be very dangerous!

It's safe to go back to Kunlun!

As for ye Lingtian, he believes that ye Lingtian has given up the counterattack of the golden giant palm, and he will surely die!

After yuan Daofeng left, another impact resounded through the sky!

That's the consequence of the Golden Palm hitting ye Lingtian!

Ye Lingtian's whole body constantly comes the sound of broken bones!

A second before seeing Lingxin's time, Lingye has been in a coma.

He is too tired.

Tired to the next second, he closed his eyes.

Fall.

At the same time, the powerful air wave of the explosion abruptly lifted ye Lingtian!

Ye Lingtian disappears in the sight of Jin Lengyan and others.

Faintly fell into a river!

Jin Lengyan quickly reacts from this war!

"Zhong Haiming, immediately mobilize the whole dragon soul and look for master Ye within a thousand miles!"

"Contact Huaxia search and rescue personnel, search and rescue immediately!"

"Live to see people, dead to see corpses!"

"And don't let go of any river basin!"

"Now master ye should be overdrawn and unconscious. Our dragon spirit is racing against time!"

"Yes

Zhong Haiming is leaving at once!

And Jin Lengyan and Duan Huai'an also look at each other, quickly toward the direction of Ye Lingtian's disappearance!

Yuan Daofeng is seriously injured, they need not care for a short time!

Now the most important thing is to find ye Lingtian!

.....

Extraterritorial.

Ye Chen at the moment naturally doesn't know about China.

His mind was bursting with pain, and there were pictures.

But it's too vague!

There is no way to capture the cause and effect between them!

The only clear thing is that ye Lingtian may be in trouble.

It seems that the schedule for going to China should be put forward as soon as possible.

But now the butcher's assembly is around the corner. Does he need to start at once?

Thinking, ye Chen was awakened by the fight!

Then he found out what was the most important thing at the moment!

Geng Jinyuan Rune! Golden Eye lion dragon!

"The aura of Geng Jinyuan on the Jinjing lion dragon is too strong..."

Chapter 4295

The guardian beasts of the ten source runes have been able to absorb the energy of the source runes and turn them into their own use.

If there is no external disturbance, the guardian beast can completely devour the source rune, and once the Tao is achieved, it will soar in the day.

However, it will take a very, very long time.

Now after tens of thousands of years of vicissitudes, the golden eye lion dragon has not completely devoured the source rune, but obviously, it has mastered a trace of Geng Jin Yuan power. This burst out, and the divine sword cut the sky. It is terrible.

"Hum, if you want to capture the source rune, you will die today!"

The golden eyed lion dragon gazed at the rain cherry snow and the green turtle turtle, panting for breath. In order to use the Geng Jinyuan talisman, its essence and blood burned, paying a great price, and his whole body was weak.

However, the situation of yuyingxue and qingjiayuan was worse than that of yuyingxue. It was just weak, but both yuyingxue and qingjiayuan were seriously injured.

"Kill!"

The golden lion dragon's eyes were so fierce that he immediately swung his huge claws and beat him hard against the rain, cherry snow and green turtle turtle.

A trace of Geng gold source talisman, lingering in its claws, vigorous Qi spurt thin, extremely fierce.

Looking at the attack of Jinjing lion dragon, the green turtle dies in peace.

Under the pressure of golden lion dragon, rain Yingxue sits on the ground with a face of confusion and despair in her beautiful eyes.

"The arrow of destruction, piercing!"

At this time, a sunset arrow, mixed with a terrible atmosphere of destruction, burst into the air and burst into the wind.

"Not good!"

The lion dragon with golden eyes was shocked all over. He only felt the murderous spirit of the bow of the heavenly army, mixed with the wave of the destruction. It was suffocating.

It wants to dodge, but the speed of the arrow is too fast for it to escape.

Puff!

An arrow pierces.

The arrow pierced through the giant palm of Jinjing lion dragon, which made it look up to the sky and hiss: "who is it?"

"Evil animal, still want to hurt people?"

Ye Chen's figure, swept from the woods, is holding the nine Yi sunset bow tightly in his hand.

Buzz!

The whole nine Yi sunset bow is full of bright and simple brilliance, just like the light of the setting sun. The murderous spirit of the great source soldiers is constantly roaring and surging. It has evolved the vision that the king of Yi goes day by day, the stars and the moon fall, the heaven and earth run through, and the sky and earth pass through.

It's hard for ordinary people to control Dayuan soldiers, but ye Chen's reincarnation is too overbearing. Even the legendary top ten yuan soldiers, when they are in his hands, can instantly control them without any effort.

Now, ye Chen has clearly mastered the power of the nine Yi sunset bow. With one arrow running through, he bursts out a terrible killing.

"Ye Chen, it's you!"

Rain Yingxue stupidly looks at Ye Chen, completely stunned.

She remembers that ye Chen's cultivation is only to mend the sky. Now, looking at Ye Chen's breath, it is right to mend the sky.

However, it is inconceivable that it can drive the legendary nine Yi sunset bow.

"Nine Yi sunset bow? Who are you and how can you have such a magic weapon? "

The golden lion dragon retreated again and again, but he was also flustered.

Although Ye Chen can only mend the sky, his bow is in his hand, and his source is powerful. He is as straight as the arrow God of the nine heavens. He is as bright as the sun, and his divine light is dazzling, which makes people dare not look directly at him.

"Yield to me, or die!"

Ye Chen stares at the golden lion dragon coldly, and his hand bows to Ruixia.

If the top of the game, he is not sure of winning.

But now, the golden lion dragon and rain cherry snow fight, breath consumption is too much, into weakness, it is the time ye Chen to suppress.

Since it can be suppressed directly, there is no need to dodge and steal amulets.

"You want me to be obedient, dream!"

The lion dragon with golden eyes snorted coldly and suddenly moved Geng Jinyuan Rune to fight back.

"You want to struggle? Burn the sky in the sky. I've suppressed it! "

Ye Chen's eyes suddenly sharp, a foot step, a pengpeng fire, from his feet, instantly build a world of roaring fire.

Burning the sky comes from the sky and is released directly.

The dragon will not give the dragon a chance to struggle.

The law of annihilation, the God of destruction, the law of killing, the law of space, the law of time, and so on, are all powerful and powerful, which are shaking in the world of burning heaven.

Ye Chen throws out the nine Yi sunset bow, and the divine bow is suspended in the free sky, as if it incarnates the spirit of the world. The whole burning sky is in the sky, which is stained with a trace of fierce spirit of the heavenly army, and the pressure of the law is even stronger.

"Ah

The lion dragon with golden eyes uttered a terrible howl. He had been trapped in a weak body, and was crushed by the law of burning the sky. He was even more miserable. His body was crushed to the ground and lost the strength of resistance.

"Yingxue, who is this guy?"

Looking at Ye Chen's domineering appearance, the green turtle is afraid and asks Yu Yingxue.

"I don't know."

Rain cherry snow eyes, but also full of shock look, only feel Ye Chen's identity, absolutely not the surface looks so simple.Bang!

Ye Chen pulled out the evil sword, crossed over to the golden lion dragon, pointed to its eyes, and said in a cold voice, "I'll give you another chance. Are you willing to surrender?"

Hum!

Between Ye Chen's words, a wisp of vigorous Qi of the yellow spring emerges from the evil sword, which is the result of the burning of the yellow spring water, but it is covered by the dark source symbol and is not exposed.

Yellow spring water can purify all sins and suppress all thoughts of resistance.

The lion dragon with golden eyes is rebellious and rebellious. Even if he died, he could not submit to Ye Chen. But now, under the impact of the yellow spring energy, his mind is shaking violently and his head is dizzy.

"I am willing to yield. Please forgive me."

Finally, the golden lion dragon will be crushed, completely surrender, front feet kneel on the ground, eyes devout.

"What! This guy actually subdued the golden lion dragon

Witnessing this scene, Yu Yingxue's scalp is numb, thinking that he is dazzled.

Jinjing lion dragon is very angry and would rather die than surrender. But now, he kneels down in front of Ye Chen. If he hadn't seen it with his own eyes, Yu Yingxue would not believe what he said.

"What is this guy's identity?"

Green turtle is also shocked, unable to guess the details of Ye Chen.

"My Lord, this is Geng Jin Yuan Fu. Please accept it with a smile."

The lion dragon with golden eyes is extremely respectful and presents Geng Jinyuan talisman.

The whole Amulet of Geng gold source is suspended in the air, with golden light and flame, and bright clouds. The bright essence of Geng gold is continuously diffused out.

"Good."

Ye Chen touched the head of the lion dragon with golden eyes. He felt a burst of excitement in his heart. He immediately received the Geng Jinyuan Rune and held it in his hand.

Starting with the source Fu, ye Chen only felt a burst of pain in his skin. The sharp golden light Gang Qi was raging like a sword, which was very fierce.

"If I refine the Geng Jinyuan rune, the red dust divine pulse will certainly be able to transform, and then my cultivation will also be able to make rapid progress."

Ye Chen was very happy and calculated that if he could successfully refine the Geng Jinyuan rune, he could definitely break through the realm of cultivation.

Red dust God pulse, should also be able to transmute.

His strength can soar further!

Rain Yingxue sees Geng Jin Yuan Fu falling into Ye Chen's hand, and is suddenly silent.

Chapter 4296

She also wanted to capture the Geng gold source talisman, but now she is not as good at skills, and she has nothing to say.

After all, ye Chen's strength is much better than her.

This is the source of Geng gold talisman. Naturally, the strong live in it.

"Are you all right?"

Ye Chen goes to rain Yingxue and reaches out his hand to pull her up.

This time, it was thanks to the sacrifice of Yu Yingxue.

"It's OK."

Rain Yingxue looks complicated, and finally gives a sigh. With the help of Ye Chen, she stands up unsteadily.

Although she made a sacrifice in the early stage, ye Chen was able to capture Geng Jin Yuan Fu more by her own strength, and she did not complain about anything.

After all, even the golden lion dragon has turned to Ye Chen. You can imagine how terrible Ye Chen's strength is.

"How did you come here?"

Ye Chen is a little curious. The treasure point of Geng Jinyuan rune is very hidden, and I don't know how the rain, cherry and snow are found.

"It was the green turtle that guided me to come. It was the original beast and the source was interlinked. It caught the breath of Geng Jin's source talisman and asked me to come and seize it. It's a pity..."

The rain, cherry and snow waved and took the injured turtle back into his body with a trace of regret.

"I'm sorry, Geng Jin Yuan Fu belongs to me. I need this source Rune very much. As compensation, when I return to the college, how about refining a batch of pills for you?"

Ye Chen shrugged his shoulders and put away the Geng Jin Yuan Fu.

"I don't need to say that you are lucky enough to be lucky, but I don't need to say that you are lucky enough to be lucky

Rain cherry snow up and down looking at Ye Chen, seems to want to see through the bottom of Ye Chen, but nothing is clear.

"I'm afraid I'll scare you to death. Let's go."

Ye Chen smiles quietly and takes the golden lion dragon into the world of the yellow spring map and strides away.

Rain cherry snow feet stagger, dragging the injured body, also follow to leave.

Boom!

However, they did not take a few steps, and the void around them exploded in vain.

Fierce flame, from all sides of the explosion, rolling like magma, toward the two people attack and kill.

These flames, with a trace of samsara breath, and the brilliance of stars.

"Reincarnation star flame! Is the moon coming? "

Ye Chen's face changed greatly. He quickly dragged the rain, cherry snow, and flickered around to avoid the attack of the reincarnation star flame. At the same time, he waved the evil sword and danced the sword like splash ink to resist the erosion of the fire of the star flame.

"What xuanjiyue, you don't mean the queen of the upper world?"

Rain cherry snow creeping, pretty face a pale.

The name of the queen of the upper world, she is naturally like Lei zhener.

Now ye Chen actually said that Xuanji moon came, and she was naturally frightened.

Even in her heyday, she could not have been an opponent of xuanjiyue, let alone now that she was seriously injured and lost her combat effectiveness.

"Jie Jie, Jie Jie..."

Just then, a sharp cry of the owl sounded.

Whoa!

In the strong wind, a huge owl with red feathers and ghostly air hovered in the sky.

The huge wings spread, the sun was covered, cast a large shadow.

Strands of reincarnation star flame, from the owl giant bird body, constantly released, covering the sky, sweeping the mountains and rivers.

Within a radius of more than ten miles, all of them were crushed by the recurrent star flame. The forests, trees, cliffs and rocks were all burned to ashes. A piece of space was also burned through. Countless laws were turbulent and turbulent, just like the end of the day.

"Cold blooded and merciless, blood swallows ghost owl!"

Ye Chen's pupil shrinks, and the owl giant bird in the sky is actually the blood eating ghost owl in the "cold-blooded merciless".

It is not Xuanji moon that releases the reincarnation star flame, but the blood swallowing ghost owl!

The blood swallowing ghost owl flapped its wings, and its flames were like a magma riot.

Under the influence of the rolling magma fire, it fell from the sky and turned into a thin figure.

A red robe, if haunted by ghost, the claw cover worn by both hands, and ten sharp claws are vigorous, which is also beating the breath of reincarnation star flame.

Behind it, a star flame Fu Zhao, is bursting out a bright light, the white reincarnation star flame, constantly flowing out.

"How could the empress Fu Zhao fall into his hands?"

Ye Chen's heart vibrates. He only feels that the star flame Fu Zhao, with the essence and blood spirit of xuanjiyue, is obviously spent a lot of hard work to build.

If released, Xuanji Moon itself will also be damaged.

The blood swallowing ghost owl is under the emperor Shitian. Now he holds the imperial edict.

It's obvious that even the emperor of Ji and the moon can cooperate with each other more and more.

Ye Chen has a dignified heart. When the assembly of Tu Sheng begins, the enemy he has to face is not as simple as emperor Shitian, but there is a Xuanji moon behind him, which is extremely difficult.

"Jie Jie, boy, hand over the Geng Jin Yuan Fu, and I can leave you a whole corpse!"The blood swallowing ghost owl stares at Ye Chen. He doesn't know ye Chen's identity.

Just now the battle between rain Yingxue and Jinjing lion dragon, and ye Chen's capture of Geng Jinyuan rune, he hides in the dark and can see clearly.

However, he had a separate body, only the strength of the original territory in the early days, so he did not start it easily.

Now, when Jinjing lion dragon is weak, qingjiayuan is seriously injured, and yuyingxue is also seriously injured, he will be thunderstruck.

Mantis catches cicada, yellow finch is behind!

Ye Chen's face changed. Unexpectedly, the blood eating ghost owl has been sleeping in the dark.

If it is a normal duel, he has at least 67% confidence that he can kill the blood eating ghost owl.

After all, the other side is just a sub body.

But the problem is, there is a star flame Fu Zhao in the hands of the blood eating ghost owl!

The star flame Fu Zhao is constantly shaking, and the recurrent star flame is like volcanic magma. The earth has been covered with fire, and there is no place to settle down.

Blood phage ghost owl is very careful, a hand to use the cards, pressure did not give ye Chen a chance to turn over.

Even the golden lion dragon was taken in by Ye Chen. He did not dare to be careless.

"Ye Chen, I I feel so bad. "

Rain Yingxue holds Ye Chen's arm, her delicate body is crumbling, and her whole body is fragrant and sweaty.

Under her serious injury, she couldn't resist the burning of the samsara star flame. She felt that the fire was burning and almost burst. She was very uncomfortable.

Ye Chen's face changed, and he quickly helped the rain and cherry snow.

Yuyingxue is the daughter of yusiye. If she dies, yusiyue must be in agony, which will have a serious impact on the layout of the reincarnation master.

Therefore, ye Chen must not watch her die.

"Take a rest first."

Ye Chen is no nonsense. He takes the opportunity to receive the rain and cherry snow in the world of the yellow spring map.

With Ye Chen's current cultivation, it is very convenient to control the chart of the netherworld. You don't need to sacrifice it. You can bring people into the world of the netherworld with a single thought.

"Eh?"

Blood phage ghost owl see rain cherry snow disappear, immediately Leng Leng Leng.

"Good chance!"

Aware of the blood phage ghost owl's loss of consciousness, ye Chen's eyes are cold, instantly seize the opportunity, grasp the evil sword, suddenly a sword burst out.

Chapter 4297

"You want to be a finch, but it's not so easy!"

The evil sword, with a terrible wave of destruction, cuts down the blood eating ghost owl.

The blood eating ghost owl's eyes were startled, and he quickly raised his claw block.

Zheng!

Ye Chen's sword edge was cut on the iron and steel claw of the blood eating ghost owl, making a fierce sound of gold and iron collision. The reincarnation star flame twining on the sharp claw, a little bit cracked, and the stars were bright.

Push! Push!

The blood eating ghost owl was shaken back more than ten steps. Although he was not injured, he was also very embarrassed.

"Damn it, this boy, just mending the sky, how can it be so powerful?"

Blood phage ghost owl teeth clenched, staring at Ye Chen, the mind inexplicably a panic.

Although he had seen the power of Ye Chen in front of him, he had to fight in person and contact him from zero distance before he really felt the horror of Ye Chen.

Although it's just to mend the sky, the real martial arts Tianwei, even the master of the original realm, should be afraid.

If it was not for the protection of reincarnation star flame, he might have been seriously injured.

"Destruction arrow, through kill!"

Ye Chen gave the bloody ghost owl no chance to breathe. He turned out the nine Yi sunset bow and the destruction Shinto rolled out and condensed into an arrow. With the sharp breath of the sky and the earth breaking through the mountains and rivers, he shot out with one arrow, pointing directly at the head of the blood eating ghost owl.

"The blood ghost is in heaven, open it!"

Seeing ye Chen's arrow shooting, the blood swallowing ghost owl's face is slightly pale, and immediately released from heaven.

Hum!

All of a sudden, a hell of the underworld like being in heaven, instantly emerged.

In the sky, the blood light floats, turns into an owl, and the ghost gas explodes, forming a head of Shura evil ghost, evolving into a world of incomparable terror.

However, ye Chen's nine Yi sunset bow, Tianbing's murderous spirit is too fierce, and then infused with the destruction Shinto, this arrow is simply penetrating the mountains and rivers, even the blood swallowing ghost owl's self existence can not be stopped, a head of night owl evil ghost, all were torn, turned into nothingness.

The blood eating ghost owl was full of terror. Among the electric lights and flints, he tried his best to urge the star flame Fu Zhao, and said:

"reincarnation, star flame, fusion!"

All of a sudden, wisps of reincarnation star flame, with elegant and bright star light, and the blood devouring ghost owl's self-consciousness, completely integrated together.

Those night owl evil spirits, in the baptism of reincarnation star flame, suddenly become extremely holy.

The atmosphere of the whole self-contained law also soared in an instant.

Ye Chen's arrow has been shot in front of the blood eating ghost owl, which is just a little bit close to penetrating the head of the blood eating ghost owl.

But at this time, the rules of space around suddenly became solidified, and the arrows in flight stopped abruptly, as if they were trapped in the mire and could not break free.

Integrating the samsara star flame in the sky, the law has become more and more powerful, which is almost invincible.

"Damn it."

Ye Chen saw this scene, suddenly revealed ferocious color.

"Ha ha ha, boy, I have the queen Fu Zhao in my hand. Do you want to kill me?"

The blood eating ghost owl looked up to the sky and laughed, and the star flame Fu Zhao energy broke out completely and completely integrated into his self-consciousness.

His self-respect, also completely transformed into the star flame world.

"Ha ha, I can't believe you dare to offend xuanjiyue."

Ye Chen sneered and sneered, his eyes cold.

Xuanjiyue borrows Xingyan Fuzhao, which can be used by outsiders, but can not be used indiscriminately.

Because the star flame Fu Zhao contains the essence of Xuanji moon.

The blood eating ghost owl merges the star flame Fu Zhao, which is equivalent to sucking the blood of xuanjiyue. This is a big disrespectful act. It will violate the heavenly power and will be punished by heaven. When he returns to the emperor yuan palace, the blood eating ghost owl will not come to a good end.

"Jie Jie, the boy with sharp teeth and sharp mouth, don't talk nonsense. Die for me!"

The blood swallowing ghost owl snorts coldly, does not move, the palm swings, infinite law turbulent, toward Ye Chen to suppress and go.

He is very clear, ye Chen is to use words to stimulate, let him show flaws.

But he won't be fooled.

Although, he offended xuanjiyue, he must bear the terrible punishment after he went back.

However, he was ordered to capture Geng Jinyuan rune, even if he paid all, even the cost of life, he would not hesitate!

This is the order of emperor Shitian. He will finish it even if he dies!

Boom!

Ye Chen's face changed, only felt the infinite law pressure, from all directions to crush, very terrible.

In the sky of this star flame, the blood eating ghost owl is the absolute master.

Ye Chen is like a mole ant, to be crushed to death by the law of heaven and earth.

"Sword

As soon as life and death occur, ye Chen sacrifices the falling dust and descending dragon sword, just trying to break through the blockade regardless of everything.

Chuckle!

But at this time, a strong breath, roaring.

Qin Tianyu, accompanied by an old man, swept in the air.

Behind them, there are more than a dozen strong Qi clan of the Qin family. People stride into the sky, the star flame in the sky law, is still turbulent, but scattered over the people, the pressure is greatly reduced.

"Qin Tianyu, it's you."

Ye Chen relaxed a lot, looked at Qin Tianyu, and then looked at the old man beside Qin Tianyu.

The old man's breath is deep, such as Yuanyi Yuezhi. He is Qin Xingyun, the father of Qin Tianyu and the elder of Yuantian yuan!

Qin Xingyun looks at Ye Chen with an excited look in her eyes. She clearly recognizes Ye Chen's identity and says, "wheel Ye Chen, are you ok? "

"It's OK."

Ye Chen is relieved to see Qin Xingyun coming.

Qin Xingyun's accomplishments have reached the peak of the source environment. It is very strong, and it is the core high-level of yuantianyuan.

Although he has just been shackled by magic, he just can't understand the heresy. If there is a direct confrontation between the real sword and the real gun, he can crush the blood eating ghost owl.

"Jie Jie, I'm calling for a helper."

The blood eating ghost owl swept the audience. When he felt the powerful breath of Qin Xingyun, he did not show any panic.

Because, here is the star flame's own world, he is the Supreme Master!

"Emperor Shitian's eagle claws, I call you to pieces today!"

Qin Xingyun hums and strides out. The breath of the peak of the source environment explodes instantly.

"The source is in the sky, open it!"

Qin Xingyun wants to open himself up and crush the ghost owl.

However, an amazing scene appeared. With the sound of Qin Xingyun's drinking, he did not appear in the sky. Instead, his breath was suppressed by the reincarnation star flame, and he almost vomited blood.

"This What's going on? "

Qin Xingyun looks astonished. He is a strong man at the top of the source realm. He wants to crush a blood eating ghost owl like a mole ant.

It's impossible to trap the bloody ghost owl.

But now, he has been suppressed and can't even free himself.

"Hahaha, in the Queen's world, you also want to release yourself? A fool talks about dreams

The blood eating ghost owl looked up and laughed.

In fact, this self-contained world does not belong to him, but to the empress xuanjiyue!

Around the burning recurrent star flame, is Xuanji moon's divine fire, with the supremacy of the upper world.

Chapter 4298

The blood eating ghost owl controls the star flame in the sky. If the empress comes in person, it is powerful enough to suppress everything.

Although the Qin nebula is powerful, it is impossible to break through the sky power of Xuanji moon.

"Damn it, it's the queen who is making trouble!"

Qin Xingyun bit her teeth and looked ugly.

"Empress starflame, I have suppressed it!"

With a wave of his hand, the bloody ghost owl does not talk nonsense. He tries his best to motivate himself. Countless stars explode and turn into a column of fire, which is fierce towards Ye Chen and others.

In this world, he is the absolute master.

Ye Chen and other people's breath, are all suppressed, can not resist at all.

"Let's do it together. Run out."

Ye Chen's face is dignified, under the cover of empress Tianwei, she also feels great pressure.

He held the sword of falling dust and falling dragon tightly, ready to do his best to rush out at any cost.

"Don't be impulsive, empress Tianwei. It's not so easy to break through."

Qin Xingyun stopped Ye Chen, immediately decided to raise her hand, and said, "Qi Zong's scholars listen to the order!"

"Yes

A group of strong Qizong echoed in unison.

"Break the Queen's blockade

Qin Xingyun issued an order with a loud voice.

"Yes

After hearing the order, a group of strong Qi clan people rushed out without any hesitation. Then they made a seal on their hands, and their whole body was burning with Qi and blood. They all yelled:

"the devil disintegrates, the Dafa explodes!"

Boom, boom, boom!

In a flash, more than a dozen strong gas clan, in situ exploded into a pengpeng fireworks.

Violent explosion wave, crazy swept out.

The surrounding laws, under severe impact, continue to vibrate.

A piece of space, such as a mirror, crash burst.

One after another, the recurrent star flame, swept by the terrible explosion, also swayed and weakened rapidly.

Ye Chen witnessed this scene and was completely shocked.

Under the self explosion of more than a dozen strong Qi sects, the whole star flame was blown up, and the heaven and earth were empty.

"Puff!"

The blood swallowing ghost owl was shocked by the explosion, and his eyes showed a look of fear.

He did not expect that Qin Xingyun was so decisive.

What's more, those who are strong in Qi sect are so determined that they will explode themselves when they say that they will die. They do not disobey orders, and they are quick and quick.

This is iron will, iron discipline.

In order to successfully communicate with Hongmeng and trigger the disintegration explosion, it is impossible to use a puppet to explode. The self exploding person must have complete consciousness and must be voluntary.

That is to say, those who are strong in Qi sect are really willing to sacrifice, and they are ready to die.

"Old man, you are so good!"

The blood swallowing ghost owl bit his teeth and changed into a giant owl, and flew away into the distance.

He must return to the palace of emperor yuan and report to the emperor.

Yuan Tian Yuan in the past has risen and cultivated a large number of elite. All of them are not afraid of death. It is stated that they want to fight with emperor yuan hall.

This news, he must tell emperor Shi Tian to make preparations.

"You want to run? Eternal night

Ye Chen sees that the blood swallowing ghost owl wants to run away. He waves his hand immediately, and the endless dark atmosphere diffuses out. The great devil comes at night, and the heaven, earth, mountains and rivers fall into absolute darkness.

"Not good!"

The bloody ghost owl's face changed greatly. In the eternal darkness, he suddenly lost his direction and did not know where to fly.

Ye Chen takes advantage of this opportunity to turn over the nine Yi sunset bow, a destructive arrow, and shoots it in the air. The arrow penetrates the body of the blood eating ghost owl and shoots directly.

It's dark all over the sky.

The corpse of the blood eating ghost owl falls to the ground and turns into a feather.

His real body, also sealed in the palace of the emperor yuan palace, is now shot, only a sub body.

"Hoo..."

Ye Chenshu took a mouthful of turbid Qi. Although it was a separate body, one shot of an arrow was enough to cut off future troubles.

At least, the details of Yuantian courtyard have not been exposed.

Even if emperor Shitian investigates, he can only investigate the external information, and can not really know the details of Yuantian court.

"See the reincarnation Lord. Please forgive me for the delay of my rescue."

Qin Xingyun kneels down and doesn't hide anything. The only people who don't know are Qin Tianyu.

"You are the reincarnation master

Qin Tianyu's eyes were shocked. Although he had expected it in his heart, he was shocked to hear Qin Xingyun say it himself.

"Tianyu, please kneel down to worship."

Qin Xingyun has a look at Qin Tianyu.

Qin Tianyu trembled all over, and the worship and awe in the deep blood constantly stirred up and wanted to kneel down. "Forget it. Don't be too polite. Go back."

Ye Chen waved his hand, vaguely between, only feel the height is too cold.

"Yes."

Qin Xingyun and Qin Tianyu are both descendants of the Qin family. They are willing to pay everything for the reincarnation master.

Then the three returned to the dungeon and returned to Yuantian yuan.

Deep in Yuantian courtyard, on a secluded barren mountain.

Night falls, stars and moon dot.

Ye Chen presents the picture of the yellow spring and releases the rain, cherry and snow.

Yuyingxue's injury has recovered a lot.

She looked at Ye Chen, her eyes flickering like thousands of stars, and said in a daze:

"you Are you the Lord of reincarnation? "

She was resting in the chart and had guessed everything.

The chart of the yellow spring is the magic weapon of the reincarnation master. Ye Chen is in charge of the chart of the yellow spring, and his identity is very clear.

Rain cherry snow eyes, full of shock.

She finally knows why Ye Chen's strength is so much more powerful than it seems.

Also finally know, why her father Yu Si ye, will so value Ye Chen.

Because ye Chen is the Lord of reincarnation. Ye Chen built the yuan Tian Yuan!

Whether it is rain Secretary night, or Qin family, are ye Chen's former subordinates!

Rain cherry snow Jiao body trembling, from the blood worship, loyalty, submission, constantly tossing up.

"Didn't scare you?"

Ye Chen smile, he will rain Yingxue income chart, in fact, also has the meaning of identity.

Anyway, Yu Yingxue is the daughter of Yusi night. His identity will be disclosed sooner or later. It's better to announce it earlier, so that Yu Yingxue is ready.

The day of the assembly is getting closer and closer. Ye Chen needs more people.

"No No

Rain Yingxue was dumb and speechless, and her heart was surging. I didn't expect Ye Chen to be the Lord of reincarnation.

Ye Chen said with a smile: "well, you go back first, and when the butcher's assembly begins, I still need to use your place."

"Yes..."

Rain Yingxue Zheng Zheng should a, still have a kind of dream like feeling.

The Lord of reincarnation wants to establish the achievements against the heaven, take charge of the reincarnation of the heaven, and determine the good and evil in the world. With such a magnificent spirit, Yu Yingxue has worshipped the reincarnation of the reincarnation Lord with her own eyes. She seems to be in a dream and shiver all over her body!

She was terrified at the thought of having offended the reincarnation Lord.

"I should have guessed long ago, who can kill Shiyuan Fenshen with the realm of mending heaven, but who will be the reincarnation master?"

Chapter 4299

With excitement, adoration and disbelief, yuyingxue turns to leave.

A long breath of snow leaves.

Later, ye Chen offered a sacrifice to Geng Jin Yuan Fu and sat on the top of the mountain with his knees crossed.

Buzz!

The resplendent Geng gold source Rune continuously releases a vast amount of golden light, buzzing, pieces of runes and fairyland interweave, and the divine light is brilliant, like the ups and downs of the road.

Indistinctly, ye Chen feels the pulse of red dust God in his body, which is also ready to move.

Obviously, there are many things in common between the spirit pulse of red dust and the breath of Geng gold source talisman.

Just like the deep dark pulse, it is connected with the source of darkness.

If you can refine the Geng Jinyuan rune, ye Chen is not only a breakthrough in cultivation, but also can transform the red dust God pulse, and further awaken the reincarnation blood vessel!

"Western Taibai, Geng gold shining, all kinds of source gas, gather me!"

Ye Chen's eyes are sharp and sharp, and he begins to refine the Geng Jinyuan rune.

He already has the foundation of dark source runes. It is much easier to refine other source runes.

Chuck!le!

The whole piece of Geng gold source talisman immediately turns into a continuous golden awn.

Among the twisted golden awns, they evolved into swords, spears, swords, halberds, axes, axes, axes, hammers and whips.

Endless heavenly soldiers roll into Ye Chen's body.

Boom!

Ye Chen only felt that his whole body was about to crack, and countless heavenly soldiers rushed into the body, frantically smashed and crushed, almost tearing his body apart.

Fortunately, ye Chen's constitution is strong enough to hold back.

Ye Chen endure, drop by drop sweat on his forehead.

Gradually, all the golden light gathered in the elixir field and was completely absorbed by Ye Chen.

Hum!

Ye Chen feels that there seems to be a golden sun rising in his elixir field.

His blood, especially the red dust, was boiling violently and burning like a volcano.

The second layer of sky is mended.

The three layers of sky are mended.

In the blink of an eye, ye Chen's accomplishments soared wildly.

In a short time, it soared in three days!

"Good, good!"

"Geng Jin Yuan Fu is really extraordinary!"

Ye Chen's eyes are shining and his heart is overjoyed.

Now he has completely absorbed the breath of Geng Jinyuan rune. The whole person has completely degenerated, and his cultivation has broken through crazily, and he has soared to the three levels of sky mending realm at one stroke!

This is an incredible leap forward!

The energy of the ten source symbols in the legend is really magnificent.

Last time's dark source Rune let Ye Chen break through the barrier of the great realm and soar from the holy ancestral realm to mend the heaven realm.

This time, the Geng gold source Rune also soared rapidly, which made him reach the three levels of sky mending.

If you are an ordinary warrior who mends the sky, it's hard to break through the promotion.

But now, ye Chen, with the help of Geng Jin Yuan Fu, has achieved something that ordinary people can't do.

A golden bell like shield, shrouded in Ye Chen's body.

On the golden bell cover, countless bright Geng gold source symbols are constantly flashing.

After refining and refining the Geng Jinyuan rune, ye Chen's red dust divine pulse has also made a great breakthrough.

At this moment, the red dust God veins protect the body, so solid and heavy gold bell cover, I'm afraid that even the strong people in the ordinary source area are hard to shake.

"Congratulations to the Lord and the breakthrough of cultivation. Congratulations."

At this time, a figure swept away from the sky, looking at Ye Chen's appearance of so rapid progress, is also smiling congratulations.

"Master Siye."

Ye Chen smiles and gets up. It's the dean of Yuantian courtyard, the rain Secretary night.

"It's a long way to go for the master's cultivation, step on the palace of emperor yuan, crush the upper world, and take the reincarnation again. It's just around the corner."

Yu Si Ye praised Ye Chen for his quick breakthrough in cultivation. If you give him enough time, he may be able to make up for his regret and kill all the powerful enemies.

"Don't sit back and watch. It's still early."

Ye Chen shook his head, there is no pride.

He is very clear that his own cultivation is far better than that of God's interpretation of heaven and xuanjiyue, not to mention those superior people behind him.

The rain secretary said at night: "the Lord's martial heart is stable, and there will be a time when he will be heavy on the ninth day."

Ye Chen said with a smile, "I hope so."

At this point, what did he think of and asked, "what's the matter with you?"

Smell speech, the rain Secretary night face rectification, way: "Lord, I want to tell you about the whereabouts of Xiao shuihan."

"The water is cold!"

Ye Chen's eyes shrunk.

"Yes, I know that Xiao shuihan of liudaozong was a disciple valued by the Lord in his previous life."

"In those years, Xiao shuihan and xuanjiyue were seriously injured in the first battle, but they did not fall."

"Trapped in a Jedi, he was accidentally rescued by a mysterious man in black." "At the end of the time, the Lord, your previous life has fallen. Xiao shuihan once came to Yuantian courtyard and asked about your information. He learned that you were killed by xuanjiyue. He was hurt and shed tears all night in your training yard."

Rain Secretary night voice slowly, telling the vicissitudes of thousands of years ago.

"Is Xiao still alive?"

Ye Chen listens to the words of rain Secretary night, immediately incomparably excited.

He had seen the shadow of Xiao shuihan last time, but he didn't know whether Xiao shuihan's real body was dead or alive.

Yu Si night shook his head and said: "I don't know, he did not die in those years, but tens of thousands of years of vicissitudes, the years are merciless, I do not know whether he is still alive."

Ye Chen clenched his fist and said, "Xiao must still be alive! Since xuanjiyue couldn't kill him at that time, no one could kill him for tens of thousands of years! "

Boiling blood, in Ye Chen heart turbulence.

Before that, ye Chen had already got the six seeking shadow disk in liudaozong. If he could feel the body of Xiao shuihan, he would change.

If you can find Xiao shuihan, ye Chen's previous regret can be resolved.

Moreover, ye Chen can also get great help!

Once Xiao shuihan comes back to him, he will be killed at the butcher's meeting, and his chance of winning will be greatly improved.

Yu Si said: "Lord, tens of thousands of years are too long, the road is merciless, and the cause and effect are hard to predict. If you have the intention, I will take you to your previous life's training center to have a look. Maybe we can deduce some natural mechanism and find the whereabouts of Xiao shuihan."

"Is the convent still there?"

Ye Chen is a little surprised.

"Well, Lord, please follow me."

The rain Secretary flies against the wind at night, plundering to the depths of Yuantian courtyard.

Ye Chen follows closely, thinking of the opportunity to find Xiao shuihan, can't help but feel restless.

Soon, the rain Secretary night with Ye Chen, came to the forbidden area deep in Yuantian courtyard.

Here, there are layers of strict prohibitions.

"Eternal vicissitudes, today's hole is broken, open!"

Rain Secretary night finger a bit, open the ban, with Ye Chen in.

Within the prohibition, it was a simple courtyard.

Years of vicissitudes, this courtyard, has been covered with dust and spider web.

Yu Si said at night: "when the emperor yuan palace was killed in Yuantian courtyard, in order to preserve the cause and effect, I paid a great price to use the" heaven and earth moving "technique to transfer the training center intact to the ground, and the ancestor of the Qin family fell."

Chapter 4300

At that time, the blood devouring ghost owl led people to destroy Yuantian courtyard. In fact, the ancestor of Qin family might not die. It was only because he wanted to protect Ye Chen's cultivation institute that he paid the price of his life.

Ye Chen is suddenly silent, quietly looking at the courtyard, only feel under the dust of the years, seems to cover up a trace of cause and effect.

It's the cause and effect of Xiao shuihan!

Yu Si said at night: "Lord, Xiao shuihan left you a clue. He said that if you have the day of reincarnation and rebirth, you can follow this clue to find his existence. Maybe you still have a chance to reunite."

"A chance to reunite..."

Ye Chen murmured in a low voice and walked slowly into the yard.

This courtyard is the place for him to practice and rest in Yuantian yuan in his previous life.

Tens of thousands of years have passed and vicissitudes have changed.

Ye Chen's eyes are bleak and look around.

Then, in the corner of the yard, he found a black plant that looked like a Chinese rose.

The black rose, not covered by the dust and vicissitudes of life, is full of dew and frost, water mist is dense, the petals are faint, slightly swaying, after years, it has not withered.

"It's the clue left by Xiao!"

Ye Chen's eyes brightened, and went to the black rose, a burst of cool fragrance of flowers hit, refreshing, the whole flower seems to have black magic light flow, light zhanran.

"Open your eyes to the devil's cave

Ye Chen immediately opened the eye of the demon cave, along the black rose, deduced the natural mechanism behind, and explored the ancient cause and effect.

Black fog surged.

Ye Chen's eyes were full of evil Qi, and instantly penetrated through the fog of tens of thousands of years and saw many pictures.

In legend, there is a place of death between heaven and earth, which is called "Heaven prison".

Inside the prison, there is a flower that never withers, called the sky prison Youhua.

The black rose in front of Ye Chen is the flower of heaven prison!

"Xiao shuihan joined the prison?"

Ye Chen's heart vibrates and deduces the scenes of heaven's secrets.

Heaven prison is a very special organization. They have no purpose and interest. They live for endless fighting and killing and become stronger in the baptism of blood and fire.

They're not killers, but they're more vicious than any killer organization.

The strong men in the heaven prison, who drink blood to destroy bones and kill people like hemp, never need a reason. They are overseas lunatics and have been famous in ancient times.

Ye Chen preliminarily determined that after losing to xuanjiyue, Xiao shuihan joined the heavenly prison. He constantly refined himself by fighting and killing and became stronger.

However, tens of thousands of years, the history is too vicissitudes, in a short time, he can not thoroughly see through.

"The source of darkness, the devil runs through it!"

Ye Chen worships the dark source symbol, and bursts out the grand source Qi. The magic Qi in his eyes is suddenly full of, and layers of years' fog are constantly penetrated.

The bright eye of Tianmo cave explodes to the extreme!

Rain Secretary night negative hand standing at the door of the hospital, looking at Ye Chen slightly crazy appearance, lips buzzing, seems to want to dissuade something, but after all, no mouth, quietly watching.

One night in a hurry, ye Chen's Tianmo cave is bright, peeping at the natural mechanism, and has been operating for a full night.

His eyes, sharp pain, shed two lines of blood, ferocious abnormal.

"Lord..."

Yu Si night heart trembling, ye Chen in order to find the trace of Xiao shuihan, is simply not to die.

"It's OK."

Ye Chen gnaws his teeth and closes his eyes.

At this moment, he finally knew the whereabouts of Xiao shuihan.

Xiao shuihan is in heaven prison!

Today's Xiao shuihan has become a dark saint of heaven prison!

There are four organizations in the prison: blood, hell, darkness and soul!

These four organizations, the strongest part of the people, known as saints, are the heaven prison blood saint, the heaven prison hell saint, the heaven prison dark saint, and the heaven prison soul saint.

Among the four saints, the heaven prison soul saint has the highest status.

But Xiao shuihan has already become a dark saint in the heaven prison. He is attacking the supreme state of the soul saint of the heaven prison.

Once the impact is successful, he will be reborn and qualified to compete with xuanjiyue again!

"I'm going to heaven prison!"

Ye Chen looks at the rain Secretary night, eyes firm, cheek two lines of blood hiss evaporation.

Since the location of Xiao shuihan has been determined, ye Chen will not hesitate any more.

"Lord, are you going to heaven prison?"

Rain Department night big is vibration.

"Yes, during the time I left, you can develop Yuantian courtyard."

Ye Chen has made up his mind and just wants to get back together with Xiao shuihan.

"Lord, please think twice!"

"No one is allowed to enter the heaven prison. This place is not even a foreign power, but a secret place of death hidden between heaven and earth. If a nightmare envelops people's hearts, all the powerful people in the heaven prison kill people without blinking an eye. They are completely insane!"

"If Xiao shuihan is really in heaven prison, it's his chosen road and his own robbery. The Lord doesn't have to risk crossing each other. If he really shouldn't fall, he will break out." Rain Secretary night face heavy, repeatedly dissuade.

"No, I'm going. It's hard for Xiao shuihan alone to break through."

Ye Chen shakes his head, he peeps at the sky all night, and naturally knows the danger of Tianjian. That place is the real death place. Any outsider who goes there is in danger of falling.

However, even if it is dangerous, ye Chen has no intention to retreat. He can't watch Xiao shuihan sink. He has to pull him!

Yu Si said at night: "Lord, you don't have the blood of the heaven prison clan. How can you go in? You should know that Tianyu is a rare place outside the country where no one is guarding. Only those who have the blood of the heavenly prison can enter. If other people, even the strong ones at the top of the original territory, break in, they will fall. "

Heaven prison is a very strange place. There is no one to guard it and there is no prohibition. The entrance is completely open.

But even so, in tens of thousands of years, there are very few people who can enter the prison.

Because, if you want to step into the heaven prison, you must have the blood of the heaven prison family.

If there is no corresponding blood, if you rush rashly, you will be punished by heaven. Even if you are a strong person in the original territory, you will also be destroyed.

Ye Chen smile, way: "you forget who I am?"

Smell speech, Yu Si night a Leng, immediately heart big shock, way: "I understand, you are the reincarnation of the Lord, reincarnation blood!"

Ye Chen is the reincarnation of the Lord of reincarnation. His reincarnation blood is the top blood between heaven and earth. The taboo rules of heaven prison can kill others, but not him.

Ye Chen's blood is much stronger than that of Tianyu. The law of Tianyu can't hold him down.

This point, ye Chen in peeping at the time of heaven, has already understood.

Ye Chen looked sharp and said, "well, it's not too late. I'm going to start."

Speaking of this, ye Chen wants to leave.

Rain Secretary night called Ye Chen: "Lord!"

Ye Chen frowned and said, "do you have anything else?"

Yu Si pondered for a while at night and said, "the distance from the butcher's assembly is getting closer and closer. The emperor yuan temple and the upper boundary must be filled with searching for the trace of the Lord. If you enter through the entrance of the heavenly prison, you may be in danger of leaking. I have an old friend who knows that there is a special transmission channel, so that he can send you to the heaven prison by hiding the sky and the sea."
