Chapter 4301

"Transport channel..."

Ye Chen's eyes twinkle, and the consideration of Yu Si ye also makes sense. If you enter from the conventional entrance, there must be a risk of leakage.

If you take the transmission channel, it will be much safer.

"This old friend of mine, named master Lei Zhen, tens of thousands of years ago, I went with him to look for the GUI water source talisman, but only subdued the guardian beast qingjiayuan, but the GUI water source charm flew to the sky and disappeared."

Yu Si night mouth with a trace of bitter smile, recall the previous story.

It turns out that Master Yu Si ye and Lei Zhen once tried to capture the GUI water source talisman. Unfortunately, they failed and only took the green turtle.

Now, green turtle turtle is sealed in the blood of rain cherry snow and becomes the guardian animal of rain cherry snow, while GUI water source symbol flies to the upper boundary and is said to be hidden in the Queen's palace.

It was a long time ago, rain Secretary night in retrospect, still a little sorry.

If you can tame GUI Shuiyuan rune, the aura of yuantianyuan will be greatly improved.

"Where is the man in the thunder shock?"

Ye Chen just wants to go to the prison quickly and find Xiao shuihan.

If he can reunite with Xiao shuihan, he can not only make up for his regret in the previous life, but also get a great help when the butcher's assembly begins.

Yu Si said at night: "he tried to get rid of the fire source Rune recently, but he failed. He was chased by jueyan fire python, the guardian beast. He is hiding under the ground of Yuantian courtyard. Lord, I will take you to see him."

"Good!"

Ye Chen nods. It turns out that Lei Zhen is in Yuan Tian Yuan. That's easy.

Yu Si said at night: "my old friend has the mark of Jue Yan Huo python, which makes him unable to get rid of jueyan Python's pursuit. He can only hide here. If the Lord can, he'd better give him some spring water to wash off the mark and escape from the pursuit. It's also a merit."

"Yes."

Ye Chen immediately agreed to come down. In any case, with his current cultivation, he has been able to mobilize a large number of holy waters in the netherworld, which is not bad.

Then ye Chen asked Yu Si ye to take a wine gourd and fill it with holy water. When he was ready, he went to see Master Lei Zhen.

Master Lei Zhen hid in the underground prison of Yuantian courtyard. In order to avoid the pursuit of jueyan fire python, he was very disheartened and extremely embarrassed.

Ye Chen came to the dungeon, and saw a burly old man sitting between them.

The old man's muscles, just like steel casting, were like a piece of iron and steel, and their veins were suddenly protruding, which seemed to burst, showing a very terrible power.

The old man's facial features are fierce and fierce.

There was a big hammer hanging around his waist.

Judging from the size of the hammer, even if it can't kill people, it's enough to kill people by weight alone.

"Ten big source soldiers, four pole earth shaking hammer!"

Ye Chen's eyes shrunk. Suddenly, he felt that on the big hammer, there was a faint implication of the majestic Tianbing source gas, which was actually the four pole heaven shaking hammer among the ten source soldiers.

This old man, of course, is Lei Zhen.

Now he is hiding in the dungeon, dishevelled and dusty. He looks like a mess, but his fighting spirit and pride are not covered up. He is still fierce.

"Old man ray, I've come to see you."

Rain Secretary night smile, opened the door of the dungeon, with Ye Chen into.

"What are you doing? Would you like to join hands with me to kill the boa constrictor? "

Lei Zhen looked at the figure of Yu Si night, and his eyes suddenly brightened.

He was chased and killed by Jue Yan Huo python. He was miserable. Only when he joined hands with Yu Si ye, could he have the chance to fight back.

The rain Secretary rolled his eyes at night and said, "Yuantian courtyard is busy. How can I be free to accompany you?"

Lei Zhen's face twitched and said, "since you don't want to help me, what are you doing here?"

Rain Secretary night smile, way: "I come to give you a gift."

Lei Zhen said: "what gift?"

Rain Secretary night toward Ye Chen made a look, ye Chen nodded, took out the wine gourd with the holy water of the yellow spring, and threw it in the past.

"What, I'm not in the mood to drink."

Master Lei Zhen catches the wine gourd. Ouch, he feels very heavy and can hardly hold it.

"Why is it so heavy? What kind of wine is this?"

Lei Zhen frowned and pulled off the lid of the wine gourd. Suddenly, there was a sound of "hum", and a ray of vast holy light rolled out.

"This This is the holy water of the yellow spring

Lei Zhen looked down. When he saw the holy water in the gourd, he was completely shocked.

The holy water of the yellow spring is said to be derived from the holy river of the yellow spring. It can purify all sins and wash all evil spirits.

Since the fall of the reincarnation master, there is no trace of holy water in the world.

Lei Zhen did not expect that the rain Secretary night actually gave him a gourd of holy water of the yellow spring!

Rain Secretary night smile way: "with the holy water of the yellow spring, you can wash away the mark of jueyan and get rid of the pursuit of jueyan fire python." "Mr. night, you Where did you get the water from

Master Lei Zhen was full of surprise. He did not know the real details of yuantianyuan, the story of the reincarnation master behind the scenes, and the identity of Ye Chen.

He only thought that Yuan Tian Yuan was an ordinary force and had the ambition to compete with emperor yuan palace.

In foreign countries, there are too many people who want to challenge the status of emperor yuan hall, and one of them is Yu Si Ye.

Therefore, Lei Zhen did not think much.

"You don't have to ask so many questions. I'll give you a gift. You can take it easily."

Rain Secretary night smile, nature did not reveal the identity of Ye Chen.

Although Lei Zhen is his good friend, ye Chen's layout is of great importance. Even if he is a close friend, he will not be exposed easily.

Master Lei Zhen was excited for a while, but on second thought, there is no bargain in the world for free. His face sank and he asked, "Mr. night, what do you want me to do with such a big gift?"

Between words, Lei Zhen aimed at Ye Chen and guessed the identity of Ye Chen.

Yu Si said at night: "his name is Ye Chen. He is my disciple. I want to send him to heaven prison for training. You have walked out of the heaven prison with a trace of blood and know where the transmission channel is. I want you to take him to the heaven prison."

Yu Si Ye is still not exposed, only that ye Chen is his disciple.

Ye Chen arched his hand and said, "disciple Ye Chen, I have seen master Lei Zhen."

"What, did you ask me to take him to heaven?"

Lei Zhen was so surprised that everyone jumped up.

Rain Secretary night way: "yes."

Lei Zhen shook his head and said, "no, no! Heaven prison is too dangerous. I used to step in and almost couldn't come back. This boy doesn't have the blood of heaven prison. He can't even enter the gate. How can I get into heaven prison

If you want to enter the secret realm of the heaven prison, you must have the blood of the heaven prison clan.

Once upon a time, master Lei Zhen also paid a great price to find a drop of the essence of the powerful man in the heavenly prison, which was integrated into the meridians and successfully escaped the killing of the heavenly prison law.

Chapter 4302

That time he went to heaven prison to practice, he got the four pole Zhentian hammer, and gained a great deal.

But recalling the dangers of the prison, Lei Zhen still has lingering fear.

Now ye Chen doesn't have the blood of heaven prison. He wants to go to heaven prison for training. It's crazy.

Rain Secretary night way: "Ray old man, you don't have to care so much, although lead the way is."

Ye Chen also arched his hand and said, "please help me."

Lei Zhen still shook his head, frowned tightly, and said: "Heaven prison that place, even the empress should be extremely afraid, if you step in, you will die."

Rain Secretary night beard a horizontal, way: "Luo Li bar Shuo, return the holy water of the yellow spring to me!" Reach out to grab the holy water.

"Hello, Yu Si ye, what do you want to do?"

Lei Zhen turned his eyes and hid the wine gourd in a hurry. Naturally, he refused to return it.

Yu Si night anger way: "since you are not willing to lead the way, then do not want the yellow spring holy water, I will not even give you a drop!"

Lei Zhen, full of doubts, said: "Si ye old man, are you going to send your disciples to die?"

Rain Secretary night way: "don't you tube, you lead the way is."

Lei Zhen's eyes were turning, aiming at Yu Si ye and ye Chen. Vaguely, they felt that they had something to hide from themselves.

"Boy, do you really want to go to heaven prison?"

Lei Zhen shook his head. His rectum was straight and he was too lazy to think about the joints behind him.

He only knew that if there was any secret in yusiye, even he would conceal it. The secret must be earth shaking, involving the cause and effect of the heaven. He still didn't know the best and didn't have to worry.

"Yes, please show me the way."

Ye Chen is polite and does not reveal his secret of being the reincarnation master.

Master Lei Zhen laughed and said, "well, since you want to die, I will take you."

After a pause, Lei Zhen glanced at Yu Si ye and said, "if your disciple is dead, don't blame me."

Rain Secretary night way: "don't be wordy, quick start."

"Good!"

Master Lei Zhen didn't talk nonsense. He took off the big hammer on his waist, took a deep breath and said:

"the four poles of heaven and earth break through the void!"

Words fall, Lei Zhen people bent down, hard hammer, hit the floor of the cell.

Boom!

The huge hammer burst out a burst of thunder light, the hammer fell thunder, like nine days of thunder god bombarding the earth.

Click!

The floor of the cell burst in an instant.

A series of silver snake like lights, crazy jump, and eventually evolved into a huge array.

Drop the hammer!

Pa Pa Pa Pa Pa

The space around the array is crushed by the power of a huge hammer. Numerous rules of space are broken into slag, which falls on the ground like sand, and then dissipates into the original aura.

The whole cell, countless space turbulence, whirlwind, crazy blowing.

The clothes of Ye Chen, Lei Zhen and Yu Si ye are hunting in the turbulent whirlwind.

"Boy, let's go

Master Lei Zhen held a huge hammer in his hand. He was as powerful as the God of thunder in the sky and set foot on the array first.

Ye Chen's heart vibrates. The legendary four pole earth shaking hammer is really powerful and powerful. This falling hammer forms an array and blows through the void. It is simply invincible.

"Well!"

Heavy point nodded, ye Chen also stepped on the array, and Lei Zhen standing together.

"Go

Master Lei Zhen took out the wine gourd, raised his throat to drink a lot of holy water of the yellow spring, and washed away the jueyan mark on his body.

Whoa.

A burst of light rose from the array, covering their bodies.

In a flash, ye Chen and Lei Zhen were all transported away, leaving only one person in the prison.

"Well, I'm afraid it's dangerous if you go here."

Yu Si Ye pinched his fingers and calculated the fate of heaven. Although he could not calculate the outcome, he also captured endless opportunities, dangers and traps.

Ye Chen wants to find Xiao shuihan, I'm afraid it's not so easy.

.....

Hum!

Space shock, ye Chen and thunder shock people, were transmitted to a secret sky.

Ye Chen opens his eyes, and the sky is still within the scope of Yang Zhen domain.

The sky is blue as wash, and white clouds around it are like floating jade.

Among the clouds and mists, there is a mirage of the capital city in the sky, Qionglou Yuyu, Tianren emperor palace, and fairy dancing, which is constantly evolving, like a dream.

Ye Chen squints his eyes and looks around. He can see that in front of him, between the clouds and the clouds, there is a vast white light swirl, constantly rotating, which is obviously a transmission entrance.

"Is this the channel of the prison?"

Ye Chen's eyes brightened.

"Yes, the front is the transmission entrance of the prison. If you are not afraid of death, just go in."

Master Lei Zhen took another sip of the holy water of the yellow spring, which was extremely heavy. Moreover, he took the holy water of huangquan Diwei. He lifted his throat and drank it. His body could bear it. It can be seen how strong his constitution is. Under the erosion of the holy water of the yellow spring, the mark of jueyan on his body has also been washed away, so there is no need to worry about being chased and killed by Jue Yan Huo python.

Now Lei Zhen's mood is very comfortable, regardless of Ye Chen's life or death.

"Thank you for your guidance."

Ye Chen thanks a sound, toward the transmission entrance to fly away.

The closer to the portal, the more powerful Ye Chen felt.

This is already the territory of the heavenly prison. People without the blood of the heavenly prison will be strongly suppressed if they are close to it.

Ye Chen has the samsara blood, and his cultivation has not decreased, but the thunder shock master over there has been suppressed to the second heaven of the origin.

Although master Lei Zhen has a trace of heavenly prison's blood, his Qi and blood are so thin that he can only escape from being crushed by the law of heaven prison, but he can't escape the fate of being suppressed.

Ye Chen is trying to go in, but suddenly, the temperature around suddenly soars, a fluffy flame, burning wildly.

Around the sky clouds, in an instant into a fire, the sky in the roaring flames, those Tiangong emperor scenery, mirage illusion, twisted under the fire.

"Thunder shock, where do you want to run?"

In the void, there is a terrible voice.

In the endless flame burning, a huge boa constrictor suddenly emerges.

This boa constrictor, I don't know how huge it is. Its body is endless and hidden in the clouds. It can't see the whole picture at all. Its two big pupils are like the sun, moon and stars. The blood is bright and the scales are like blood crystal. They are poured by steel and covered on its body. They turn into a circle of runes. The red light is bright and shocking.

"Jue Yan Huo python, how did you come here?"

Lei Zhen was shocked and couldn't believe his eyes.

Jueyan fire Python is the guardian animal of Lihuoyuan rune. The people of Lei Zhen tried to seize the fire source Rune and was chased.

But the mark of his pursuit has been erased with the holy water of the netherworld.

In principle, he should be safe. Jueyan can't find him.

But now, jueyanghuo Python is tearing up the void and coming here, which is just incredible.

Master Lei Zhen's scalp is numb. I don't know what happened.

Jueyan fire Python has absorbed half of the energy from the fire source rune. Its strength is very strong, and thunder shock is not an enemy.

Chapter 4303

Now Jue Yan fire Python killed, thunder shock people only feel tremendous pressure.

"Ha ha, I can't believe you found the holy water of the netherworld and washed away the mark of this seat."

"Unfortunately, the holy water of the netherworld can only wash away the marks on the surface, but not the deep traces of your blood. The blood of heaven prison has the cause and effect of the superior. Even if it is the holy water of huangquan, it can not be washed away."

Jueyanghuo Python was in the sky, his eyes were staring at Lei Zhen, and he also caught the breath of the holy water of the yellow spring.

The holy water of the netherworld can purify all the marks of sin, but it does not include the cause and effect of the superior.

The blood of heaven prison, with the breath of the superior, can not even purify the holy water of the yellow spring.

In the blood of master Lei Zhen, there is still a trace of the blood of heaven prison. Therefore, there are still traces of his jueyan mark, which has not been completely washed away.

"Damn it, carelessness!"

Lei Zhen bite teeth, step back, did not expect there are traces left.

"What, the blood of heaven prison has the cause and effect of the superior?"

Ye Chen hears this information, immediately pupil shrinks.

He thought that the secret place of heaven prison, even though it was dangerous, was only a place outside the territory, but he didn't expect that it had something to do with the superior.

He did not see a trace of it.

It is impossible for him to find the trace of the superior.

"Those who dare to spy on this seat will die!"

Jue Yanhuo Python grinned, showing two rows of teeth like Sabre and halberd. His expression was very ferocious.

While speaking, the surrounding fire was raging, all the clouds were burned up, and the mirage illusion disappeared.

The sky is a sea of fire!

Ye Chen and Lei Zhen are surrounded by endless fire, like mole ants.

Ye Chen's face changed, only feel the breath of jueyan fire python, very strong.

Although jueyan's strength can only play to the three layers of heaven in the original state under the suppression of the atmosphere of the heavenly prison, it has absorbed half of the aura of the fire source

Rune and mastered the mystery of the fire source. Its strength is not trivial and is absolutely difficult to deal with.

If you fight alone, ye Chen or Lei Zhen will fall.

Even if they join hands, there is no guarantee of victory.

"Master, come on!"

Ye Chen beckoned and took the lead to drill to the entrance of the transmission.

Jueyanghuo Python's breath is too fierce to be an enemy. If it doesn't have Lihuo source rune, it can fight. However, it has half a source Rune in hand, and even ye Chen feels headache.

Ye Chen just want to avoid the edge, first to heaven prison again.

Now the most important thing is to find Xiao shuihan!

Lei Zhen thought of the dangers of the prison, and his face changed.

But now the situation is critical. If you don't go, there will be no chance to leave.

"Damn it!"

He Lei can only go up to the entrance.

"Ha ha, where else do you want to run in front of me?"

Jue Yan Huo Python laughed coldly, his body was filled with fierce majesty, and the old syllables were chanted in his throat:

"the giant elephant has the power to suppress heaven, I have suppressed it!"

A circle of magic sound, like the waves of shock and out, the void has the phantom of a giant elephant emerge, trample on the world.

Ye Chen and Lei Zhen, both of them, were hit by serious sound waves, their heads hummed and their bodies stopped.

"Space blockade!"

Take advantage of this opportunity, jueyan fire Python operation source force, blocked this piece of space, completely cut off Ye Chen two people to leave the idea.

"Not good!"

Ye Chen's face suddenly changed, looking at the huge body of jueyan fire python, just like looking at the nine day god beast, it is simply invincible.

Jueyanghuo Python's source skill cultivation is very profound, which has reached the point of pushing back Hongmeng.

It just released the giant elephant Zhentian power, which is one of the 33 Tianhong Mongolian laws. Although it ranks the bottom, it is also the genuine Hongmeng ancient law.

As long as one cultivates Yuanshu and understands the supreme mystery of Yuandao, he can draw inferences from one instance and draw inferences from others and deduce thousands of skills in the world.

For example, as long as the source technique is deep enough, it can be deduced backward.

In addition to the top three of the six samsara method, crape myrtle fatalism, Xingdi Haoran Qi can not be reversed, other can be deduced.

This is the horror of the source!

To understand the mystery of the source is to see through the ultimate of martial arts and deduce all the supernatural powers.

Now this extremely hot boa, the source skill cultivation is high enough to push back Hongmeng.

Ye Chen finally knows why Lei Zhen is so scared. In order to avoid the pursuit of jueyan fire python, he even has to hide in the dungeon of Yuantian courtyard.

This extremely hot python, actually reached the realm of pushing back Hongmeng, is really a terrible monster.

"Do it yourself. I can leave you a whole body."

Jue Yanhuo Python licked his lips and looked very ferocious."The dark God cuts!"

Ye Chen gnaws his teeth, waves the Sha sword, and cuts it out with a sword.

Since the road ahead is blocked, kill it. If you flinch, you will die.

Hiss!

The dark sword, mercilessly cut to Jue Yan fire python.

"Ha ha."

A sword is not hard for a moment.

Ding!

Ye Chen's sword is cut on its scales like steel and blood crystal. Even the scales can't be broken, leaving only a white mark that can't hurt him at all.

"What a terrible defense!"

Ye Chen's gaze shrinks and retreats to Lei Zhen.

"Be careful, you stand back and let me do it!"

Master Lei Zhen had his hair and his face was angry.

Now when life and death happened, he had nothing to be afraid of, and his heart was boiling with war.

Boom!

Lei Zhen, the master, waved a big hammer, crushed the air and sent out a roaring shock.

The surrounding space also vibrates slightly. Unfortunately, the blockade of jueyanghuo Python is too tight. Otherwise, even the space will be smashed by thunder shock.

"The four poles of heaven and earth, the God of thunder

Master Lei Zhen roared up to the sky, the sledgehammer danced and fell in the air. The thunder exploded and the electric light leaped. This hammer was like the God of thunder, and it hit the head of the fire python.

Ye Chen is just the three layers of sky. In the eyes of Lei Zhen, he is just a little younger generation.

He can't watch ye Chen die, so he has to come forward!

"How dare you show off in front of me? Tiangang Jue Ming Fu

With a cold snort of jueyan fire python, the divine power of the fire broke out, and the boundless ancient atmosphere of great Mongolia was surging, and seven big characters were evolved in the sky:

kill! Absolutely! Fierce! War! Fight! Remnant! Reverse!

The seven ancient characters, as if with the power of heaven, are constantly flying in the void.

It's a Mongolian law again!

"Tiangang Jue Ming Fu, the secret method of the former seven killing demon sect, and the magic power of green candle dragon!"

Ye Chen is shocked. Tiangang Jue Ming Fu ranks tenth among the 33 Tianhong Mongolian dharmas.

Ye Chen didn't expect that Jue Yan Huo Python's cultivation was so powerful that he could deduce even Tiangang Jue Ming Fu.

These seven Tiangang Jue Ming characters are completely evolved from the breath of Lihuo source symbol, which has the divine power of Tianhuo and the source Qi is vast.

Boom!

Master Lei Zhen smashed down with a hammer and hit the seven characters of Tianhuo source.

Chapter 4304

The seven characters of sky fire, constantly shaking, abruptly disintegrated his hammering.

Hoo Hoo Hoo Hoo!

A fluffy flame, mixed with the breath of terror, was burning along the huge hammer which shocked people. The whole hammer turned red.

In an instant, the fire wrapped around the thunder and shocked people's arms.

"Ah

Under the scorching of the fire, Lei Zhen could not help but scream.

"Master, be careful!"

Ye Chen waved his hand and offered a wisp of yellow spring water to extinguish the flame.

"How long do you want to struggle?"

Jueyan's eyes are fierce, just like looking at two mole ants, overlooking Ye Chen and Lei Zhen.

Its source skill cultivation has reached the point of pushing back Hongmeng, and its strength is absolutely lawless.

"Music, chess, calligraphy and painting, show up!"

"Golden eye lion dragon, come down!"

Ye Chen burst out a drink, also very clear Jue Yan fire Python's fierce, immediately did not keep his hand, directly called out the Qin, chess, calligraphy and painting and lion dragon with golden eyes.

Hiss, hisses!

Four evil spirits came and turned into the four magic guards of Qin, chess, calligraphy and painting.

The bright golden light floats, and the lion dragon with golden eyes roars up to the sky and walks out of the golden light.

Under the suppression of the atmosphere of the heaven prison, the strength of the golden lion dragon can probably play to a layer of heaven in the original state.

On the surface, it's not much different from jueyan.

But in fact, it's a big difference.

Because jueyan fire Python has been able to push back Hongmeng, Yuan Shu cultivation is extremely exquisite, more powerful than the golden eye lion dragon.

"Jinjing lion dragon, how did you turn to this boy?"

Jueyan was surprised and recognized the dragon.

Like it, Jinjing lion dragon is also one of the top ten animals. It has a rebellious temperament and prefers to die rather than surrender.

But now, Jinjing lion dragon has become Ye Chen's Mount, which is really incredible.

Ye Chen's cultivation is only to mend the sky. How can he subdue the golden lion dragon?

"Good chance, kill!"

Ye Chen's eyes are full of murderous spirit, riding on the lion dragon with golden eyes, leading "Qin, Qi, calligraphy and painting", and fiercely rushed out.

When Jue Yanhuo Python is surprised and lost his mind, it is a good time for ye Chen to charge.

"Sword

"The blood moon slays the sky!"

Since he has captured the once-in-a-lifetime fighter, ye Chen will never miss it.

A Ling drink, falling dust Dragon Sword appears in Ye Chen's hand.

He knows the power of jueyanghuo python. If he wants to conquer the enemy, he has to kill him. He must not be hesitant.

Hiss!

Blood light floats, sword light explodes.

The sword of falling dust and descending dragon was tightly held in my hand. With a wave, the sky was dark and dark. Four rounds of blood moon appeared in the sky, scattering pieces of red moonlight.

"What! How can this boy's breath be so strong? "

Jue Yanhuo Python saw this scene and was completely shocked.

At this moment, ye Chen, with his sword in his hand, covers the sky with blood and moon. Obviously, he only has the strength to mend the sky in three layers. However, the momentum erupts, even Jue Yan Huo Python must be afraid of.

Roar!

The lion dragon with golden eyes roared up to the sky, swept across the sky with four feet, and rushed forward with Ye Chen.

There are also Qin, chess, calligraphy and painting, which are also fierce to kill Jue Yan Huo python.

Ye Chen, surrounded by Jinjing lion dragon, Qin, chess, calligraphy and painting, is even more invincible and shocking.

"Damn it, where did Yu Si ye go to find his disciples? It's lawless."

Master Lei Zhen was also stunned. At the moment, the power of Ye Chen was so terrible that it completely exceeded the scope of mendianjing.

He never expected that ye Chen's real strength would be so strong.

Looking at the four rounds of blood moon in the sky, Lei Zhen also felt palpitation. He felt as if he was holding a knife on his neck, and his head was in danger of being cut off at any time.

"Lihuoyuan rune, I suppressed it!"

Jue Yan Huo mang was shocked. He lost his opportunity. Seeing ye Chen's momentum so fierce, he didn't dare to be careless, and urged Li Huo Yuan Fu with all his strength.

Hum!

One after another, the Rune of sky fire evolves into a pillar of fire and kills Ye Chen fiercely.

This is the method of encircling Wei to save Zhao and attacking the enemy.

In the face of Ye Chen's blood moon butchering Tianjian, jueyan Huo Python feels extremely difficult. He can't disassemble it in a hurry. He can only sacrifice the talisman of Lihuoyuan, and the Tianhuo divine pillar goes out to force Ye Chen to return to the sword to defend himself.

If ye Chen insists on attacking, he will definitely be penetrated by the sky fire god column, and he will surely die.

And jueyanghuo python, at most, is seriously injured.

"Kill!"

However, ye Chen doesn't mean to return to the sword and defend himself. His eyes are still cold. The blood moon butcher sky cuts straight down and cuts to the body of jueyan fire python.

"This madman!"

Jue Yan Huo Python's face changed greatly. Unexpectedly, ye Chen was fighting for both jade and stone, and wanted to attack.

Puff!

Ye Chen's sword Qi comes first, and he cuts the snake's body. This sword, blood moon Tu Tian, also with the help of Jinjing lion dragon's momentum, has great lethality.

Jueyanghuo Python's body was immediately cut out of a ferocious wound, deep visible bone, blood rolling straight, gathered into a waterfall fall in the sky.

There are also pieces of scale, flying all over the sky, a mess.

Ye Chen's sword directly hurt jueyan Huo Python!

However, Jue Yan fire Python's killing moves, also fell on Ye Chen.

From the fire source symbol erupts the flame God pillar, hits Ye Chen fiercely, wants to penetrate him.

"Red dust God pulse, open!"

At the critical moment of life and death, ye Chen's eyes are sharp and suddenly open the pulse of red dust God.

Hum!

All of a sudden, a golden bell cover, appeared on Ye Chen's body.

The golden bell cover has a layer of aura of Gengjin, and countless mysterious Gengjin runes, with the breath of Dayuan art, are constantly flowing.

Boom!

Jue Yanhuo Python's fire god column thundered and killed, and thundered fiercely on the golden bell jar.

The whole golden bell jar, in shock, was burned into a red flame, and then in the rolling fire, melted into nothingness.

However, Jue Yan fire Python's attack was completely disintegrated by the golden bell cover, and did not kill Ye Chen.

"What, it's Geng Jin Yuan Fu!"

Jue Yanhuo Python is completely shocked. The golden bell cover that ye Chen just released has the breath of Geng gold source talisman.

"Can't you think of it?"

Ye Chen grinned grimly and wiped the blood from the corners of his mouth.

Although there is the protection of the golden bell cover, but under the impact of the source fire of jueyan python, ye Chen's viscera also suffered a lot of shock, and the corners of his mouth oozed blood.

However, ye Chen's injury is not serious, still in the bearing range!

Geng gold source talisman, advance can attack, retreat can defend.

After refining the Geng gold source rune, ye Chen's red dust divine pulse transformed against the sky, greatly improving his defense. Even if it was jueyan fire Python's most powerful strike, he also withstood it.

"This boy He is not a disciple of Yu Si Ye! "

Lei Zhen was stunned by Ye Chen.

At the same time, Huaxia.

Qinghai basin, lower reaches.

The whole basin is full of ships. They have only one mission! That is to search for a man who is seriously injured!

The man's name is ye Lingtian!

Over Qinghai, there are countless helicopters and even tens of thousands of UAVs.

Generally speaking, it is impossible for the Chinese search and rescue team to use such resources to find a person.

But this person is too important.

Chapter 4305

In a tent in the upper class, a flag is flying, and there is a dragon above the flag.

Dragon soul!

A girl in a camouflage dress looked at the flat in her hand and frowned: "it's been so long, there's no news yet?"

"What do you eat?"

Jin Lengyan doesn't want to get angry, but at the moment, she is a little confused!

Ye Lingtian is to her accident, no matter how, live to see people, die to see the body.

The reported dragon soul team member was eager to speak.

"What do you want to say, just say it!" Golden Goose Road.

After hesitating for a few seconds, the team member still said, "Captain, we have been searching and rescuing for some time. All the land, sea and air have been sent out, and many UAVs, helicopters, salvage boats and even divers have been sent out."

"But the Qinghai river basin is so big that it's no different from looking for a needle in a haystack."

"And the hope is really slim."

Jin Lengyan stepped out of the tent, and the air billowed in the tent. She gazed at her men in front of her and said word by word: "what is the fifth item of dragon spirit and dragon training?"

The player was stunned and immediately replied, "never make excuses for your incompetence."

"What are you now?" Golden Goose Road.

The team member looked serious and said, "Captain, I know I'm wrong. I'll send someone to look for it."

Jin Lengyan nodded and immediately thought of something. He asked, "is there any news from yuan Daofeng?"

"Did he go back?"

The team member turned around and continued to reply, "some special events have been captured by several Chinese monitors. We have compared them. It should be yuan Daofeng."

"However, yuan Daofeng was more cunning and entered the Xushen mountain of Kunlun and did not return to his power."

"But there is one more thing that may be troublesome."

Jin Lengyan looks strange: "what?"

The team member took out a document and handed it to him: "master ye and Yuan Daofeng had a battle, and it was impossible to block the news. Many strong men in China and Kunlun Xu have now passed on yuan Daofeng as if they were the Savior. Now many people are ready to go to yuan Daofeng."

"It's not a very good situation."

"Once yuan Daofeng recovers, the whole world of martial arts and even Kunlun Xu will experience a great reshuffle."

"At that time, I'm afraid we will not have much right to speak."

Jin Lengyan glanced at the documents in her hand. She had a headache. This news is really disadvantageous.

"You go down, let go of yuan Daofeng's affairs first. Now the first task on hand is to find someone!"

"Yes The player left completely.

In the tent, only the golden goose was left.

Jin Lengyan sits on the chair with a sense of loss. She is a little tired.

Of course, she is the leader of the dragon soul and has great authority. But now, her strength and resources have been limited.

She thought of something and picked up a picture from her pocket.

The photo is a young man with his hands behind him and his eyes like an eagle.

The young man's hands are behind him, and he is dressed in ordinary clothes, but his spirit is like a scabbard sword!

Invincible!

"Mr. Ye, where are you now?"

.....

The Yunhai river is a direct current downstream of Qinghai River Basin.

The Yunhai river is turbulent and steep.

The point here is no man's land.

Basically no one will come. There is not even a gas station within a hundred miles.

But in the calm Yunhai River, suddenly appeared a suspended substance.

If you look closely, something strange happens.

This is a man!

The man was covered with blood and scarred, even the clear Yunhai river was dyed red!

This person is ye Lingtian naturally!

But now ye Lingtian only has a weak vitality.

He went all out to hurt the enemy even if he was seriously injured!

Right now, if you don't wake up for a short time, you're in danger.

But after a long time, he was the only one floating on the Yunhai river.

An hour later, all of a sudden, the void around me was distorted.

There was a hole in the sky of Yunhai river.

There was a little girl in a skirt with delicate features.

The little girl was suspended in the air and looked at ye Lingtian from a commanding position. She held her chin and murmured to herself, "I watched that war for a few minutes. Your martial arts are like the martial arts of the kingdom of God, but they are not close to the outside world."

"And some of yuan Daofeng's things have already touched foreign countries."

"Those dirty foreign forces really want to reach out to this pure land?"

"Read in your guard, for the first time I broke the rule to save you."

The next second, the little girl's five fingers spread out, the palm of her hand unexpectedly appeared a thunder and lightning! Soon, the thunder and lightning condensed into a huge thunder ball, and then, hard and hard to throw to ye Lingtian!

The thunder ball continues to expand, when it touches ye Lingtian's body, it is shrouded in an instant.

Ye Lingtian seems to be wrapped by a giant egg and gradually flies to the shore!

The little girl stepped out and even came to the shore directly from high altitude. She gazed at ye Lingtian's wound and shook her head in secret: "the wound is a little heavy. When we started, the Chinese rules also dealt with you."

"I'll help you again."

With that, the little girl closed her eyes. At the next moment, a stone tablet appeared behind her!

The stone tablet is engraved with ancient characters, which is extremely mysterious!

If ye Chen is here, he will surely find that this is the Xuan stele of reincarnation that he has always been dreaming of!

The little girl stretched out her fingers and pointed at ye Lingtian's eyebrows, rolling spirit power towards ye Lingtian's severely damaged body!

Ye Lingtian's pale face has a trace of ruddy.

For a long time, his eyes suddenly opened. When he saw a man in front of him, a terrible killing opportunity flowed: "yuan Daofeng, I..."

But before he had finished speaking, his body stiffened.

It was as if a terrible prohibition was controlling his body.

"Who are you?"

Ye Lingtian's angry voice rang out.

The little girl yawned and said, "you human beings are really funny. If I hadn't saved you, you would have died here. Now you still talk to me in this tone?"

Ye Lingtian calms down, and Yu Guang glances at his body. It seems that there is a trace of special spiritual power around him.

It was the little girl who saved him.

He is very aware of how serious his injury is, can not wake up in a short time!

But how does this little girl do it!

Suddenly, ye Lingtian noticed the shadow of a dim stone tablet behind the little girl!

For reincarnation xuanbei, he is also very familiar with!

The shadow of the stone tablet behind it is very similar to the burning stele and dust stele of the hall master!

even as like as two peas in the old language!

His pupils are dilating!

Is this the reincarnation xuanbei that the hall Lord asked him to look for in China!

Can, reincarnation xuanbei why to save themselves!

Chapter 4306

The little girl's indifferent eyes swept from ye Lingtian's body, and even produced a trace of killing intention. She said faintly: "some things, don't guess at random, or you don't know how to die."

Language down, as if an endless pressure shrouded!

Ye Lingtian even felt unable to breathe!

The strength of this little girl is so terrible.

"There are still some hidden injuries on you. I won't help you."

"China's aura has already had a big problem."

"In the past, aura could be absorbed and practiced by martial artists, but now, if a warrior absorbs this aura, it will have a great impact."

"If you came back from the kingdom of God a few years ago, I'm afraid the rules of heaven and earth here can't suppress you so much."

The little girl said lightly, and ye Lingtian eyebrows twisted into a straight line.

Sure!

He had a deep understanding of the grottoes during this period.

China's aura seems to repel him!

This is also an important reason why he and Duan Huai'an have come to such an end!

If China's aura is the same as it was a few years ago, even if he absorbs it slowly, he can't be so embarrassed!

Ye Lingtian sat up with a very difficult support, and continued: "why does China's aura change so much?"

The little girl, with her hands behind her, looked at the calm river and said, "this may be the cause and effect of China."

"The earth once had a martial arts civilization hundreds of millions of years ago. At that time, Wudao was even superior to the present foreign countries!"

"At that time, martial arts and science and technology almost reached the limit of development!"

"At that time, a world of struggle for hegemony was born!"

"But civilization has an end."

"At that time, it died out in the fire of war and pain, and the earth no longer even had life. After a long time, the era was restarted, the first microbial recovery, the extinction of dinosaurs, the birth of apes, prehistoric civilization, 5000 years of China, the Renaissance, the rise of great powers You can check these in any Chinese library. "

Ye Lingtian's face is now dignified to the extreme. He seems to have grasped something, and seems to be unable to grasp anything.

"By causality, do you mean that this land will also experience the catastrophe of extinction?"

The little girl heard ye Lingtian's words, her body was stunned and seemed a little lonely: "I don't know."

"The world itself is a game of chess, the game of those in charge."

"They see everything like a game. We have no choice."

"Ye Lingtian, you are not qualified to touch that level of things."

Ye Lingtian wants to stand up, but he still has no ability. He clenches his teeth and says word by word:
"I'm not qualified. Is the hall master qualified?"

"Lord of the temple?" The little girl's eyes for the first time had luster, she hesitated for a long time, and finally said, "his existence, perhaps, is to challenge those superior people."

"The word reincarnation, do you understand its true meaning?"

"Reincarnation blood, reincarnation Lord, samsara clan, let me understand how terrible the power of faith is."

"Well, I've told you so much today that you should go to sleep."

"When you wake up, you have bigger problems to face."

"Yuan Daofeng's existence is the interference of foreign forces. The camp is going to change, and there will be a strong wind in this land."

The little girl said here, it seems that all the years of vision fell on ye Lingtian's body: "wake up, this dialogue, you will completely forget, I have never appeared."

The language falls, the little girl's hand points on ye Lingtian's eyebrows. Ye Lingtian only feels something as if it is peeling off. The brain is extremely painful. He almost faints from the pain, and finally falls to the ground again.

"It's better to know less about some things. My task is not to disturb the balance of the world."

"Although I also like this world very much, but if its destiny is destruction, then I can only go back to samsara and become a xuanbei in the void."

The void around the little girl seemed to be torn apart mercilessly.

She disappeared completely, leaving no cloud.

And now, dragon soul camp.

Jin Lengyan squints for a while. She hasn't slept for a long time.

For such a long time, Mr. Ye's news is still not available!

The longer the time, the worse the situation!

Jin Lengyan rubbed her eyes and just wanted to stand up. Suddenly, her eyes fell on the map of Qinghai in front of her.

On the map of Qinghai, there is actually a gold needle that keeps shaking.

She was sure there was no one here!

But what about this needle!

Jinlengyan's eyes narrowed slightly and found that the place where the gold needle was inserted was an uninhabited area near the Qinghai River Basin.

No one has been sent to search and rescue this area. In principle, ye Lingtian can't fall into this place.

But for now, the sudden appearance of this golden needle is really weird.

Career is telling her, as if it's guiding something.

Take out seven pieces of clothes for the walkie talkie with me

"Yes, captain."

Two hours later.

Jin Lengyan and the team of seven came to the place where the gold needle was inserted.

It's a bit deserted, and there are few animals.

It's weird.

Looking at the map in his hand, Jin Lengyan felt that he was a bit reckless. How many people could easily come to the base in China?

A needle left?

Just when Jin Lengyan felt ridiculous, an observer in front of him yelled: "Captain, there seems to be someone on the shore ahead!"

"What!"

"start now!"

Jin Lengyan did not say a word and then took the people to a direction!

When Jin Lengyan saw ye Lingtian who was unconscious on the bank, he breathed quickly and said excitedly: "it's master Ye!"

The next second, she took out a pill to feed ye Lingtian immediately.

This is the product of Kunlun Xudan pagoda. It is of great value. It should relieve ye Lingtian's injury.

A few minutes later, ye Lingtian finally opened his eyes. He looked around in doubt and murmured, "Captain Jin, where is this?"

"What happened to yuan Daofeng?"

Ye Lingtian touched his head, he vaguely felt what he had lost, but no matter how he thought, he couldn't think of what it was.

Jin Lengyan helped ye Lingtian to the car and then said, "the whereabouts of yuan Daofeng have not been determined yet. Some of yuan Daofeng's party members have started to toss about."

Ye Lingtian clenched his fist: "if it wasn't for the change of Chinese aura, how could I have lost to yuan Daofeng?"

"Damn it! When I get better, I will cut off yuan Daofeng's head! "

Jin Lengyan handed ye Lingtian a bottle of water and said, "these are not important. You need to take good care of your wounds at present."

Ye Lingtian fell into meditation and did not continue to speak. He murmured to himself: "reincarnation is the word Why do I always feel like someone has spoken to me? "

"Who told me about reincarnation?"

.....

Chapter 4307

At the same time, extraterritorial.

Lei Zhen looked at Ye Chen in front of him and fell into meditation.

Ye Chen's sharp edge is too fierce, his fighting spirit is too fierce, and his strength is too strong. This kind of person is destined to be a dragon and Phoenix in human beings, and he can't bend to others.

Master Lei Zhen never believed that Yu Si ye could have such a powerful disciple.

Because the rain Secretary night does not have such a big spirit, can suppress Ye Chen.

"His identity is not simple!"

Lei Zhen was staring at Ye Chen, guessing in his heart.

A terrible thought came into his mind.

But the idea was so amazing that he didn't dare to think about it.

"The lion dragon with golden eyes, leave the queen behind!"

On the other side, ye Chen resolutely orders that the golden lion dragon will stay behind, and at the same time, he will take back the picture of the yellow spring.

Just now, the fire shock of the fire Python was too strong. The music, chess, calligraphy and painting were affected by Yu Wei, and they were also injured. Fortunately, there was no major obstacle. You can recover after a few days' rest.

Now ye Chen's sword Tu Tian has cut Jue Huo Python heavily. Instead of fighting, he quickly retreats, leaving behind only the lion dragon with golden eyes.

He knew very well that if he went on fighting again, jueyanghuo Python would be in a desperate situation. Even if he could win, he would have to pay a huge price!

Therefore, ye Chen chooses to retreat, leaving one minute leeway.

The purpose of his trip is only to find Xiao shuihan, there is no need to entangle with jueyan fire python.

"Master, let's go!"

Ye Chen returns to Lei Zhen and asks him to leave.

Now we can be sure that Xiao shuihan is in the prison, but ye Chen doesn't know the exact location.

Master Lei Zhen has been to heaven prison before. Ye Chen wants to go with him to find Xiao shuihan. The chance to find Xiao shuihan will be greatly improved.

Master Lei Zhen was still shocked by Ye Chen's sharpness. Hearing Ye Chen's words, he couldn't raise the slightest idea of resistance, as if his blood had been suppressed, and he followed Ye Chen.

Ye Chen goes to the entrance of the transmission, and the surrounding space has been blocked. Fortunately, jueyan Python is seriously wounded by XueYue Tu Tian, and the pressure of the blockade is greatly weakened.

"Broken!"

Ye Chen a wave of palm, ferocious force burst out, bang, crushing space, the first to drill into the transmission entrance.

"Boy, don't die!"

Seeing this, Lei Zhen wakes up like a dream. He comes back and stares at him.

If a person without the blood of heaven prison enters the secret state of heaven prison rashly, he will be crushed and killed by the law of heaven prison. There is no possibility of survival at all.

Now ye Chen goes in directly. Lei Zhen frightens out a cold sweat. He is only afraid of Ye Chen's accident, and rushes into it.

"Come back to me!"

Jue Yanhuo Python saw Ye Chen and Lei Zhen and ran away. He roared and rushed over.

"Jue Yan Huo python, your opponent is me."

The golden lion dragon stopped in front of Jue Yan fire python.

Now jueyan Python has been seriously injured, it is enough to fight.

"Get out of here

Jueyanghuo Python was very angry, and threw a mass of magma like fire from his throat, and splashed his head on the golden lion dragon.

The lion dragon with golden eyes is calm and calm. It can resist the wind and cloud and avoid driving away.

"Damn it!"

Jueyanghuo Python's eyes burn with hatred. Unfortunately, the body wound is still bleeding under serious injury. It has not enough strength to suppress the golden lion dragon.

The two original beasts are facing each other.

.....

And ye Chen and Lei Zhen sent them to the world of heaven prison.

"Is this heaven prison?"

Ye Chen looks around, this is a desolate desert, north wind whistling, dust rolling, the sky is gray color.

In the desert, there are no people, only a giant cactus tree, a mountain filled with wind and sand, and a crow in the sky.

"Hello, boy, are you all right?"

Lei Zhen standing beside Ye Chen, staring at him.

This is the world of heaven prison. People without the blood of heaven prison will be crushed by the law of heaven prison if they break in.

But now, ye Chen is relaxed all over, but has not been crushed appearance, live well, did not fall.

To see this scene, the thunder shocked people naturally was extremely surprised.

"It's OK."

Ye Chen's face is calm, the reincarnation blood is above the heaven, and the law of heaven prison can't hurt him.

"What's your status, boy?"

Lei Zhen was full of doubts and a trace of fright.

Ye Chen smiles and says nothing more.

"Are you really here for experience? There are no monsters to kill you in the prison. If you dare to move the disciples in the prison, it's almost like looking for death. "

Lei Zhen eyebrows tightly frown, but also guess Ye Chen's idea.

"Master, to tell you the truth, I want to find someone who probably In this direction. "Ye Chen sensed the nature, vaguely caught the breath of Xiao shuihan and pointed to the north.

He probably felt that Xiao shuihan was in this direction, but the specific location was uncertain.

"You want someone? Do you have friends in the prison? "

Lei Zhen a burst of consternation, more and more can not guess the idea of Ye Chen.

"Yes, I deduce the secrets of heaven, probably divining that my friend is in the north, but I don't know the environment of the prison. I don't know the danger when I go to the north from here. Please show me the way."

Ye Chen vaguely sensed that the world law of the heavenly prison was very strong, which did not belong to the outside world or the upper world. It might be the law of the superior!

Here is the figure of the superior!

Since there is the cause and effect of the superior, ye Chen naturally dare not be careless.

"You can also deduce divination?"

Master Lei Zhen is even more surprised. The prison law is strict. Even if he and Yu Si ye can't deduce anything, ye Chen can calculate the cause and effect. It's incredible.

Ye Chen said, "it's not worth mentioning that you're a little bit of a craftsman."

Master Lei Zhen's face was dignified, and he said: "on the way to the north from here, there are three storm Dead Sea, two corpse gas marshes, and a flesh and blood mud pool. As long as we avoid it, there is no danger. But according to the rules of the heaven prison, we should go to the prison spirit pavilion to worship the mountain before leaving."

Ye Chen said, "prison pavilion?"

Lei Zhen said: "well, the prison spirit Pavilion is the guardian force of the heavenly prison. The leader of the pavilion is known as the" heavenly prison God Emperor ", and his cultivation is unpredictable."

"If an outsider comes to the prison, whatever the purpose, he must first go to the prison spirit pavilion to worship the mountain, give a gift, and then explain his intention."

"Only with the permission of the heavenly prison God, can you move in the heavenly prison. Otherwise, it will be regarded as blasphemy and immoral, and will be killed by the strongmen of the heavenly prison."

Ye Chen heard the four words of "Heaven prison God Emperor", and vaguely understood the nature of heaven, and actually caught the cause and effect of the superior!

This heavenly prison God Emperor must have something to do with the superior!

Aware of this, ye Chen's whole body vibrates, and his eyes are extremely creepy. Unexpectedly, he will find a trace of a superior person in the prison.

Chapter 4308

Seeing ye Chen's appearance, master Lei Zhen thought he was frightened and said, "you don't have to worry. As long as you prepare the gift and speak well, the emperor of heaven prison will not embarrass you. Come with me."

At the moment, Lei Zhen, with Ye Chen, walked forward.

"Under the command of the prison spirit Pavilion, there are four major organizations, from weak to strong, namely, the blood Pavilion, the Ming Pavilion, the dark Pavilion, and the soul Pavilion. These four organizations, the most powerful part of the people, are called saints, and are the core of the prison spirit Pavilion. The number of people is very small."

"Below the saints are semi saints, elite disciples and ordinary disciples. When you go to worship the mountain with me, you must prepare gifts, and you must take care of them from all walks of life. You must not offend people."

Master Lei Zhen ordered him to take out some pills, magic weapons, weapons and so on, ready to give gifts.

Ye Chen's heart is full of awe. The organizational structure of the prison Lingge is very complicated. He used to deduce the nature's secrets, but he also deduced a trace of outline. Now when he heard the words of master Lei Zhen, he became more aware.

If you want to see the God of heaven prison, you must prepare a lot of gifts and arrange them up and down.

"Xiao shuihan is a dark saint in the heaven prison, and the dark Pavilion is the strongest one. He is not in the prison spirit Pavilion, but goes to the north. What does he want to do?"

Ye Chen also prepared some pills, as well as a bottle of holy water of the yellow spring, and then used the Mongolian method of Hong to create Fuzhao and prepare enough gifts. He guessed the trend of Xiao shuihan in his heart.

From the bottom to the top, it is divided into ordinary disciples, elite disciples, semi saints, Tianyu blood saints, tianyuming saints, tianyudark saints, tianyuhunsheng and tianyushendi.

Since Xiao shuihan is a dark saint in the heaven prison, his status is absolutely not low. Ye Chen is eager to know what he has experienced in the heaven prison.

Along the way, ye Chen followed Lei Zhen and finally came to the prison spirit Pavilion!

Ahead, is a desolate mountain top, the precipice, as cold as iron.

On the barren mountain, there is no vegetation, only the craggy rocks, like swords.

The old and simple buildings are scattered in the mountains, with a faint dark atmosphere, surrounded by fog and shadows.

"Is this the prison hall?"

Ye Chen looks at the buildings on the mountain. There is no brilliant atmosphere in this prison Pavilion. It is only gloomy and hazy and suffocating.

"Be careful, don't offend people."

Master Lei Zhen told me to go to the foot of the mountain.

There is a big bell at the foot of the mountain.

Master Lei Zhen took off the big hammer, took a deep breath, and struck the clock hard.

Dang!

The sound of the bell suddenly reached the mountain.

"The first source of thunder shock old, butianjing Ye Chen, admire the heavenly prison God Emperor reputation, especially to worship the mountain!"

Lei Zhen was named in the newspaper, and the loud voice was conveyed far away.

Hiss!

After a while, the void is torn, and a gray shadow flies down and falls in front of Ye Chen and Lei Zhen.

It was a huge bear, hairy, wearing armor, standing like a man, with a ferocious face and fierce momentum.

"Ten big source animals, black cloud bear!"

Ye Chen's pupil shrinks, and immediately recognizes that this giant bear is actually the black cloud bear among the ten big source animals, and the guardian beast of the legendary green wood source rune.

From the black cloud bear body, ye Chen did not feel a trace of green wood breath, only fierce beast, endless ferocity.

Obviously, the black cloud bear was tamed by the prison spirit Pavilion at a very young age, and had not yet absorbed any green wood source gas.

The legend of the origin of the green wood, presumably also in the hands of the prison spirit Pavilion.

"Thunder shakes people. Long time no see."

The fierce eyes of the black cloud bear fell on the man.

"It's the emperor's pet. Get ready for the gift."

Lei Zhen said to Ye Chen in a low voice. Then he arched his hand toward the black cloud bear and said with a smile, "Lord Tianxiong, long time no see."

While talking, Lei Zhen sent a lot of pills.

"I've met Lord Tianxiong in xiayechen."

Ye Chen also has a kind of learning, sent a batch of pills out, and sent a few bottles of holy water.

The black cloud bear received the gift and saw the holy water of the yellow spring. He was very happy and said, "it is the holy water of the yellow spring! Very good, very good. What do you want to do for the prison? If you need to use my place, please do not hesitate to ask

It accepted heavy gifts, and even spoke politely.

Ye Chen only remembers Xiao shuihan in his heart, and even says, "I want to find Xiao shuihan. He is the dark saint in the heaven prison. Can you make it convenient for the Lord Tianxiong?"

Smell speech, black cloud bear smile immediately convergence, face stiff, stare at Ye Chen way: "you You want to find Mr. Xiao shuihan? Who are you? "

Ye Chen said, "yes, I am his friend."

In the prison spirit Pavilion, the black cloud bear has a very high status, and is the emperor's favorite servant. However, it respects Xiao shuihan as an adult.

Obviously, Xiao shuihan's status is also very high, even higher than the black cloud bear!

"You Are you a friend of Lord Xiao? This I can't be the master of this. Go with me to see the LORD God. Black cloud bear's tone is heavy, it seems that the three words "Xiao Shui Han" involve some terrible cause and effect, and it can't make up its mind.

Ye Chen frowned, vaguely caught a trace of dangerous nature, but now, he can not shrink back, said: "please lead the way."

"You come with me."

Black cloud bear nods, immediately with Ye Chen and Lei Zhen Shangren, step into prison Lingge Mountain Gate.

The Mountain Gate of the prison spirit Pavilion is heavily guarded. There are guards every other section of the road.

Ye Chen and Lei Zhen had prepared their gifts early, and they went all the way.

Soon, they followed the black cloud bear and came to an attic.

The attic door is locked.

"Lord God, some people ask to see him. They say they want to see the dark sky and the cold water."

Black cloud bear stands in the attic door, respectfully report.

"Well, let them in."

In the attic, a bleak voice came out.

The door of the attic creaks and opens automatically.

The black cloud bear said in a deep voice: "the God Emperor calls you in."

Ye Chen thought to himself, "the emperor of heaven prison God, I don't know who he is." Stride into the attic.

Lei Zhen cleaned up his face and followed him in.

A shadow, suspended in the middle of the attic.

It was an old man with gloomy breath, dressed in black robes, with layers of fog hanging around him, like a demon in hell.

It's just a shadow, not the real body.

But ye Chen and Lei Zhen, seeing the virtual shadow, felt extremely huge shadow.

"See God in heaven!"

Master Lei Zhen knelt down directly. He had to kneel down. His blood was completely suppressed by the empty shadow of the heavenly prison God Emperor. He could hardly breathe.

The God Emperor of the heaven prison was covered with fog, stirring and enthusiastic, and evolved into a sea of corpses, a sea of blood, hell, and the roaring of demons, which captured people's hearts and minds. It was very strange.

Ye Chen is also under great pressure, but he did not kneel down.

Chapter 4309

His reincarnation was superior to the heaven, and the heavenly prison God could not hold him down.

"I have seen the LORD God."

Ye Chen just bows and salutes, the tone is not humble or overbearing.

"Eh..."

Seeing that ye Chen had not knelt down, the God Emperor of Tianyu was surprised and asked, "you have the dark source Rune and Geng gold source Rune in your hand. No wonder you are not affected by the law. What's your name?"

The heavenly prison God Emperor is aware of the breath of active talisman on Ye Chen's body.

He only thought that ye Chen was not affected because of the protection of active talisman. He did not expect Ye Chen to have reincarnation blood.

"In xiayechen."

"Well, are you looking for Xiao shuihan?"

Heaven prison God's eyes twinkle, if there are stars floating, I don't know what is planning.

"Exactly."

Ye Chen didn't hide it, because this is the territory of the God Emperor of heaven prison. It's useless to hide it, and it can't hide from each other.

"Who are you?"

Heaven prison God Emperor's tone suddenly sharp, seems to be aware of something strange.

Ye Chen said, "I am his friend."

"No, you are not his friend!"

The heavenly prison God Emperor's eyes were bright, his whole body was full of fog, and his whole body was full of breath. The attic rattled and seemed to collapse.

In the fog, the attic seems to have become the main hall of Senluo. In the void, there are endless Shura ghosts emerging.

"Xiao shuihan said that one day, when he fell into the bitter sea, a God and man from heaven would come to rescue him from the bitter sea and take him away."

"The God and man in heaven will not worship the emperor and will not be oppressed by the law of heaven prison."

"I deduce the mystery of heaven. The God and man in heaven seem to be talking about you!"

"Who on earth are you? Are you a superior clan? Xuanjiyue's dogleg? "

The heavenly prison God Emperor's eyes were murderous, his fingers pinched the formula, and calculated repeatedly. Under the insight of the natural mechanism, he found that ye Chen's identity was strange, and he was not Xiao shuihan's ordinary friend.

But he couldn't see who ye Chen was.

With his accomplishments, you can calculate the cause and effect of the heavens and observe all the mists, but he can't see through the details of Ye Chen!

At this moment, the heavenly prison God Emperor thought that ye Chen was the superior family and a subordinate of xuanjiyue. He wanted to rob people with him.

Xiao shuihan's qualification is very good. The emperor of heaven prison attaches great importance to him. He doesn't allow anyone to take Xiao shuihan away!

"God, please don't be angry. We are not the Queen's people!"

One side of Lei Zhen, seeing the God Emperor of Tianyu angry, only felt that the sky was falling apart, and there were faint signs of collapse in the surrounding space.

"Let's go!"

Ye Chen did not defend anything, he only felt that the nature was dangerous.

Heaven prison God has moved to kill the heart!

Ye Chen made a quick decision and immediately pulled Lei Zhen up, then turned and ran.

If you don't run, you won't have a chance!

Xiao shuihan's identity is obviously not simple, and the heavenly prison God Emperor also attaches great importance to it.

Ye Chen wants to take away Xiao shuihan, which is equivalent to gouging out a piece of the heart of the God Emperor of Tianyu. The other party will never allow it!

"Come on, kill these two people, don't leave any alive!"

The emperor of the heavenly prison roared loudly, and the shadow was constantly shaking. It seemed that because of some law restriction, he could not do it himself, and he only hated to gnash his teeth.

Outside the attic, the black cloud bear is still waiting. Seeing ye Chen and Lei Zhen running out, he hears the order of the God of heaven prison. He is stunned.

After hearing the order, the disciples of the prison at the foot of the mountain rushed up.

Ye Chen and Lei Zhen looked at each other. They had a tacit understanding and immediately flew to the sky against the wind.

Hum!

However, there is a layer of ban in the sky, which forbids people to fly.

The figure of the two people was stopped immediately.

"You want to run?"

At this time, the black cloud bear wakes up like a dream and wakes up. Suddenly, his eyes show fierce light. With a sound of "Zheng", he pops up ten sharp claws, and then changes his body to show his original shape.

Its original shape, actually has 100 meters high!

A 100 meter high terrible bear, Qi and blood issued a roaring roar, the whole body muscles were almost cracked, showing incomparable domineering power, as if it could smash mountains and rivers with one hand.

Layers of black clouds, layers of magic mist, rolling on the black cloud bear.

It roars up to the sky and sends out the sound wave that shakes the world. Its sharp claws pierce through the void, and strikes Ye Chen and Lei Zhenshang.

"What a mighty force

Ye Chen moves to avoid the attack of the black cloud bear.

Lei Zhen also took off, holding a big hammer in his hand, and smashed the ban on the sky, trying to rush out.

Bang!

The hammer hit the forbidden system as if it had hit the iron wall, making a heavy concussion sound, and pieces of gray prohibition runes flickered.

"Kill them!" Black cloud bear's face is ferocious, his eyes flash with blue and dark fierce light, and orders the disciples of the prison spirit Pavilion running down the mountain to kill Ye Chen and ye Chen.

Ye Chen and Lei Zhen's face became very ugly.

The prison spirit Pavilion is as powerful as clouds. Even if the emperor Shitian and xuanjiyue come to visit in person, they should be afraid of their sharpness.

With their strength, they can't stop the killing of the prison spirit Pavilion.

"Lend me the holy water of the netherworld!"

Lei Zhen roared and the hammer in his hand burst out.

"Take it!"

Ye Chen's palm waved, a large number of holy water, as if the sky River surging, flowing in front of Lei Zhen.

"The yellow spring pours, purifies everything!"

Master Lei Zhen waved the hammer, and all the holy water of the yellow spring was poured into the hammer.

Buzz!

Suddenly, the whole hammer, burst out of the ancient yellow light, endless breath of the yellow spring, if there is reincarnation of great power.

"Broken!"

In the next moment, Lei Zhen hit the sky with a hammer.

Whoa!

The whole sky is forbidden, as if broken like glass, block by piece of forbidden runes, washed by the holy water of the yellow spring, turned into nothingness.

The holy water of the netherworld can purify all the prohibitions of heaven. Even the prohibition of the prison spirit Pavilion can not resist the impact of the holy water.

"Rush out!"

Taking advantage of this opportunity, Lei Zhen and ye Chen's body flashed and flew out together to the north.

"Chase!"

The black cloud bear stopped drinking and immediately took people after him.

Ye Chen and Lei Zhen escape from prison spirit Pavilion, but they are not safe.

Behind him, the black tide like pursuers, like gangrene with bones, did not let them off.

"Master, it seems that we can't escape. Let's join hands and kill the big black bear first!"

Ye Chen stops and his eyes are full of war.

Black cloud bear's huge body, towering as a mountain, it is the head of this pursuit team, as long as you kill it, disrupt morale, there is still a chance to win.

"Don't be impulsive. The prison spirit Pavilion is too powerful to be an enemy."

Master Lei Zhen was very aware of the horror of the prison spirit Pavilion. Seeing that the pursuers were approaching, he stood still, swung a big hammer, and said:

"heaven and earth are infinite, shaking through the void!"

Hit the earth with a hammer.

Boom!

The earth broke and the sky shook.

A bright array emerges under the thunder shock.

Drop the hammer!

Chapter 4310

The most powerful part of Lei Zhen's four pole Zhentian hammer is not just a fierce attack, but a wonderful way to form an array of falling hammers.

The four poles represent the four sides of heaven and earth.

The four pole earth shaking hammer can shake the four sides and condense into a transmission array, which can transmit to the heaven and the world at will.

"Let's go!"

As soon as the transmission array appears, Lei Zhenshang takes Ye Chen and steps on the transmission array to leave.

Whoa.

A white light, covering the two figures.

Wait for the black cloud bear to kill, ye Chen two people have been completely transported away.

The next moment, the white light flickers, ye Chen two people's figure, appears in the sky prison north of a piece of wasteland.

"Puff!"

Lei Zhen was pale, kneeling and vomiting blood.

The law of heaven prison is strict, and he has made a hard fall and paid a great price.

"Master, are you ok?"

Ye Chen releases the eight trigrams heavenly elixir technique to Nourish Qi and blood for Lei Zhen.

"It's OK. It's not going to die."

Lei Zhen stood up unsteadily, and his original magnificent body was obviously weakened.

Ye Chen is suddenly silent. This time, in order to escape the pursuit of the prison spirit Pavilion, Lei Zhen pays too much.

"Who are you looking for, Xiao shuihan? I heard that Xiao shuihan was the leader of the six Taoism sects in ancient times. Who are you? "

Master Lei Zhen questioned Ye Chen's identity. In fact, he is not a man of many affairs. But he is being pursued by the prison spirit Pavilion, and his life and death are uncertain.

He just wants to find out the identity of Ye Chen, so that even if he is killed, he can also close his eyes.

"I can't say that."

Ye Chen shakes his head. This is the secret place of the heavenly prison. There are rules. As long as he says the four words "reincarnation master", he will certainly shake the heaven's secrets. He will not only let the heavenly prison God Emperor know, but also may be perceived by the higher authorities behind him.

Lei Zhen's face was gloomy and his eyes were constantly changing. At last, he sighed and said, "well, the secret of you, even the night old man, must be very important. It's useless for me to know it."

Ye Chen said: "thank you for your understanding."

From the beginning to the end, master Lei Zhen did not guess the identity of Ye Chen. Although Ye Chen has the holy water of the yellow spring, it is not too strange.

Because in the world of heaven and earth, there are many businesses that store the holy water of the netherworld, which can be exchanged at a cost.

The holy water of the yellow spring is regarded as the first-class natural material and treasure, but not the evidence of reincarnation of the reincarnation master.

"You want to find Xiao shuihan, his direction in the north?"

Lei Zhen also did not ask, looking to the north.

Now he and ye Chen are in the north of the secret place of the heavenly prison, and they are not far from the far north.

"Yes, there should be no mistake."

Ye Chen takes out six seeking shadow plate, six seek shadow plate has not changed, obviously Xiao shuihan is not nearby.

But ye Chen can't be wrong when he deduces the secrets of heaven.

Xiao shuihan should be in the north, as long as you go past, there will be changes in the six way shadow seeking plate!

Master Lei Zhen narrowed his eyes and said, "this is the north. If you go further, you will find the Tiansha sea in the far north. That is the place where the prison Lingge holds the killing ceremony."

"Killing ceremony?"

Ye Chen frowned.

"Well, the strongest part of the prison spirit Pavilion, known as saints, can be divided into the heaven prison blood saint, the heaven prison hell saint, the heaven prison dark saint, and the heaven prison soul saint. I have already told you."

"Tiansha sea in the far north is the place to select the soul saint of Tianyu. As long as you pass the killing ceremony, you can become the soul saint of Tianyu, ranking second only to the God of Tianyu."

"Xiao shuihan, you said, is a dark saint in heaven prison, and he is in the north. Maybe he is participating in the killing ceremony! Want to impact on the status of heaven prison soul saint! "

Master Lei Zhen calculated out a trace of eyebrows. If Xiao shuihan was really in the far north of the sky to kill the sea, it was definitely for the purpose of attacking the soul saint of Tianyu.

"I see!"

As soon as ye Chen's eyes brightened, he pushed Xiao shuihan's performance as early as possible, but he didn't know the details.

Now from Lei Zhen's population, he knew that Xiao shuihan might be taking part in the killing ceremony. No wonder he was not at the Mountain Gate of prison Lingge.

"Master, let's go quickly."

Ye Chen just wants to find Xiao shuihan quickly to make up for the regret of his previous life.

"No, you go by yourself. I want to live a few more years."

Lei Zhen shook his head and did not plan to accompany Ye Chen.

"Master..."

Ye Chen is stupefied.

Lei Zhen said: "we have already offended the prison spirit Pavilion. Even the empress of the upper Kingdom and the strong man in the heaven and man domain dare not rush to fight with the prison spirit Pavilion, because there is a superior figure behind the heaven prison God Emperor. We must leave as soon as possible, or we will die when the prison spirit Pavilion pursues soldiers."

Smell speech, ye Chen face a heavy, think of black cloud bear towering fierce appearance, also a burst of fear.

Reason tells Ye Chen that he must leave Tianyu as soon as possible, or he will be found by the howling pavilion's pursuers, and he will not know how to die. However, Xiao shuihan is in front of him. How can ye Chen leave here?

"Master, you go first. I can't leave yet."

Ye Chen takes a deep breath and makes a decision in his heart.

Master Lei Zhen was suddenly silent. He knew Ye Chen's determination and didn't dissuade him. He said:

"since you insist on staying, you should be careful."

"There are no monsters in this secret place, but the environment of heaven and earth is extremely bad. At night, there will be storms, poisonous fog, light disasters, earthquakes, magma eruptions and other disasters. Even if the strong source comes, there is also a risk of falling."

"Because in this place, legend is the place where the top people cast the ten source symbols in the ancient times."

"At that time, there was a superior person who cast the ten source symbols here. Therefore, there was a mixture of the ten source symbols in the heaven and earth here. Every night, there would be natural disasters."

"If you want to find someone, you must make a quick decision. If you wait until night and natural disaster comes, you will not be able to survive."

Following the instructions, Lei Zhen turned away.

He accompany Ye Chen to here, is the utmost benevolence and righteousness.

He can't stay any longer, or his life will be in danger.

Thank you very much

Ye Chen looks at the distant figure of Lei Zhen, and thanks silently in his heart. He immediately converges his mind and runs to the far north.

If it's true that thunder shocks people, ye Chen must be quick.

Otherwise, it will be delayed until the evening, when natural disasters come, I don't know how dangerous it will be.

Whoa!

Ye Chen's body is like the wind, and he keeps running forward. He doesn't encounter any monster on the road, and there is not a trace of danger.

It seems that there is no monster in this prison. It is very safe during the day.

Whoa, whoa, whoa.

Ye Chen all the way forward, more and more close to the far north, ears have heard the sound of water waves.

"Ahead is the far north tianshai sea?"

Ye Chen's eyes brightened, but he saw two cliffs in the distance, standing opposite each other. The sound of the waves came from behind the cliffs.

Buzz!

At the same time, six seek shadow disk, also appear violent change!

The whole six shadow seeking disks are constantly shaking, and a ray of red light emerges, and the red light points to the front.
