Chapter 431

Ye Chen looked at the land certificate in his hand and shook his head helplessly.

Bai Lixiong walked too fast. In fact, he had one thing to say.

When the old man took Mu Wanning away, he noticed a jade card hanging on his waist.

He has seen the jade plate, which is the symbol of a clan in Kunlun.

At that time, he stepped into Kunlun Xu, because the old man's family only focused on medical skills and other heresy, which was not suitable for ye Chen to practice martial arts.

This is also one of the reasons for ye Chen's doctrines.

The old man knew Ye Chen's determination to revenge, so he took him to Kunlun Xu to worship his master one by one.

But it was met with heartless ridicule.

There is no clan willing to take ye Chen in Kunlun!

Only because of Ye Chen's root and talent!

In their opinion, ye Chen can't step into the realm of separation and separation in his whole life!

Even if ye Chen is allowed to enter their ancestral gate, it will only tarnish its signboard!

Ye Chen clearly remember the proud faces!

In their eyes, fan Gen is not worthy of stepping into Kunlun Xu!

But now, ye Chen has broken the magic spell and stepped into the realm of separation and separation!

Li He state is definitely not his destination, but his starting point!

After being rejected by all wudaozong, the old man can only take ye Chen to another place, where killing and fighting are respected.

It's called the purgatory of the fighters!

The old man thought Ye Chen couldn't last ten days, but he didn't expect Ye Chen to survive in that place.

It is also the nine day xuanyang Jue.

.....

When a cool breeze came, ye Chen recovered from his mind. He looked at the rare stars in the capital and murmured, "when the capital's affairs are finished, it's time to go to Kunlun and take back the things that I owe."

"I don't know how are those people?"

"The old man should be lying on the rocking chair and singing now, Ji Siqing She should have become a strong man that many people in Kunlun look up to... "

"Mr. Ye, where is Kunlun Xu? Who is Ji Siqing?" Zhu Ya said curiously.

She instinctively felt that Ji Siqing was a girl's name and important to Mr. Ye.

Ye Chen shook his head and walked toward the Porsche: "it's just a friend. Let's go. It's late. It's time to go back."

"All right, Mr. Ye."

Ye Chen refused to say, and she could not go on questioning.

But Zhu Ya's eyes showed a trace of loss, which was fleeting.

.....

At the same time, Kunlun Xu.

Under a mysterious temple, there are dark clouds and countless lightning flashes above the sky.

Countless young men and girls heard the movement, rushed out, eyes tightly staring at the gate of a temple.

They held their breath as if waiting for something.

Tension to the extreme!

Suddenly, a pillar of light rose from the depths of the temple!

A phoenix shadow rushed out, straight to the sky!

The Phoenix calls, the stars seem to move!

Seeing this scene, the boys and girls clenched their fists, and their blood was boiling!

"Sister Ji has broken through again! This is the year Lin Fu arched his hands and enthusiastically said: "iron and blood camp section ride the wind! I've heard a lot about you in the Lin family. I don't know what to ask general Duan to come here in person? "

The Lin family still wants to give the iron and blood camp face.

Duan Chengfeng took out a letter of war from his pocket and handed it directly to Lin Juelong. He said earnestly, "this is the letter written by No. 1 himself. Please answer the battle!"

Hearing this, Lin Juelong and his father were slightly surprised.

Lin Juelong's strength is almost the best in China, but there are still some challenges?

You can't die!

Even if there are hidden masters in China, but those hidden masters who have not entered the list of Chinese masters must mean that they are not interested in the challenge! Even more impossible to launch a war letter against Lin Jue long!

The point is, who would be so upset?

Or the old man with the highest power in China wrote it himself!

There's so much behind it.

Lin Juelong snorted coldly and took the battle book and tore it open directly!

"Lin Jue long, ye Chen, Wu Daotai battle!"

His eyes immediately fell on the name below!

The key time point is the day after tomorrow!

The challenger is Ye Chen!

Lin's father saw that Lin Juelong's expression was somewhat wrong and asked, "who wrote the war book?"

Lin Juelong sneers, and his true spirit is released. The battle book is torn apart in an instant!

"Who else, a mole ant, five years ago, I can easily crush him, five years later, the same thing!"

Hearing this, Lin Fu was surprised and said, "Ye Chen?"

Lin Juelong nodded, stood up, looked at Duan Chengfeng, and said in a loud voice: "this book of war has saved his life! I wanted to kill him in person these days. Since he wants to insult himself, I can only promise him! ""You help me tell him that Lin Juelong has accepted the letter of war!"

Chapter 432

In Lin Jue longan, killing Ye Chen is as simple as crushing an ant!

If he doesn't accept Ye Chen's war letter this time, ye Chen must think that he is afraid of him!

Duan Chengfeng nodded with satisfaction, and his task was completed. He said, "the day after tomorrow's wudaotai, the one who will watch the battle in person. Please don't use any special means."

Later, Duan Chengfeng looked at the two strong members of the blood League: "the same is true of the blood alliance. This is not Kunlun deficiency. Please remember it."

One of the blood League elders did not expect that the burly man would dare to threaten him. Just as he was about to stand up, another blood League elder pressed his opponent's shoulder.

Duan Chengfeng did not have the slightest fear, and his eyes fell on Lin's father again: "the last thing, tomorrow, the people behind me will come to Lin's house to negotiate with you. You should be there at that time."

Lin Fu was stunned and frowned: "hundred Li Xiong? He's looking for our Lin family? Why? "

Duan Chengfeng shook his head and said, "I don't know exactly what's going on. It's confidential. If you see him tomorrow, the truth will come out. It's very late. I won't disturb you to have a rest. Goodbye

With that, Duan Chengfeng walked directly to the outside.

After he left, the Lin family fell into a brief silence.

"Did that kid challenge you?" An old man of Xuemeng said, with a faint disdain in his tone.

In his opinion, Lin Juelong is one of the gifted people in the blood alliance, with unlimited potential. Otherwise, he would not be brought into the blood League by an elder.

But now a Chinese boy should challenge Lin Juelong. It's ridiculous.

Lin Juelong sneered and said, "my Lord, it's just a waste. I want to kill him. I don't want to do three moves. When the Lord comes to watch wudaotai, I'll waste his hands and feet. When he feels endless fear, he will ask him something again. I'm not afraid he won't say anything."

The old man of blood League nodded: "that's nature. I believe in your strength. You dare to compete with the sun and the moon with the light of fireflies!"

At the time when all of them were determined, the old man of the blood League frowned and said, "I'm afraid it's not so simple. That's not a mediocre. Since he personally went to war, it shows that he is extremely optimistic about ye Chen."

"That's not the key. Have you forgotten that this boy has been in the place of dragon veins for two days. It's no ordinary person to be able to stay in the place of dragon veins for two days. Besides, we haven't found out the clan behind this son. Recently, I checked the existence of Ye Chen's name in all wudaozong sects of Kunlun Xu through some channels. What's weird is that there are so many disciples of the sect, and none of them is called Ye Chen's, the key even does not have the same name, this matter is a little strange. "

"In any case, you can't underestimate the enemy, but you should be careful."

Lin Juelong's eyes narrowed slightly when he heard this sentence, but in a flash he released his strong self-confidence: "my Lord, you've been thinking too much. In front of absolute strength, there's nothing to belittle the enemy! No matter how strong this son is, I will still crush it! "

The old man of the blood League shook his head helplessly and said nothing more.

.....

At the beginning of the day, teachers' apartment, normal university.

Ye Chen ate a full 30 dumplings before going to the living room to rest, not to mention, the taste of mother and ER NV Bao is really good.

The double door refrigerator in the teachers' apartment is almost full of dumplings.

Because the teacher's apartment is three rooms and one hall, one room for ye Chen, one room for Jiang Peirong, and one room for Xia Ruoxue and Sun Yi.

The second daughter stayed for the night.

Jiang Peirong sees at a glance that ye Chen and ER Nu have an ambiguous relationship. Without disturbing her, she directly enters the room and begins to practice.

She was eager to have her grandson early, and she was very fond of both girls.

The figure, face and temperament are all top-notch in China. If this kind of girl marries home, her children will not be bad.

I just don't know who ye Chen will choose eventually. If ye Chen and ye Chen both marry home, it will be the best.

Jiang Peirong is not a traditional woman. She knows very well that since ancient times, powerful men are surrounded by beautiful women. It's nothing to cling to.

This is also human nature.

Before practicing, Jiang Peirong called Ye Chen into the room and earnestly warned, "chen'er, you are not allowed to bully two girls. Their mother has promised to cover them. If you bully any one of them, I will beat you."

Ye Chen smiles and nods again and again.

If ye Chen is afraid of the most at present, his mother.

When ye Chen returns to the living room, Xia Ruoxue is already taking a bath. Sun Yi is sitting on the sofa, wearing pajamas and stretching comfortably, which is quite magnificent.

Even, ye Chen also found that Sun Yi did not even wear a bra.

"Xiaochenzi, come here and I'll tell you a secret."

Sun Yi stretched out her hand, with a trace of joy in her beautiful eyes.

"Do you remember what I said to you when you left Jiangnan province?"

Ye Chen thought, or shake his head: "forget."Ye Chen sits on sofa, side head, curiously way: "what?"

Sun Yi reaches Ye Chen's ear slowly, and her warm breath stirs Ye Chen's heartstrings.

Sun Yibai glanced at Ye Chen and said in a soft voice, "thanks to you, you are still a man. I can't remember this matter. I think about it for you. In fact I don't sleep in that empty room with ruoshue tonight. Hey, we're going to sleep in your room. "

Ye Chen a Zheng, subconsciously thought of what, he knows Sun Yi is very bold, but did not expect Xia Ruoxue will also agree to this?

It's not like Xia Ruoxue's character at all.

Sun Yi noticed something and said, "I bet with Ruoxue. If she loses, she will listen to me. However, you don't want to do anything bad tonight. You can only sleep in your arms, and you can't do anything else."

"Auntie can be nearby. There is too much movement. If snow and I will see Auntie tomorrow."

Sun Yi just want to continue to say what, the bathroom door has a movement, she then red lips kiss on the cheek of Ye Chen, run toward the bathroom.

"Xiaochenzi, I'm going to take a bath in the palace. I'll take your turn to wash after I'm done. What you have to do tonight is to sleep well, hee hee..."

Sun Yi enters the bathroom directly. Xia Ruoxue comes out. Her hair is still wet. She is wiping it with a towel. Even though she is wearing a nightdress, her white and slender thighs are exposed to Ye Chen's eyes, which makes people feel that her mouth is dried up.

Xia Ruoxue takes a look at Ye Chen, and her white face is suffused with a touch of red glow. I don't know whether it is because of the bath or because of the next thing.

She didn't speak and went straight to the room.

It's just not her room and Sun Yi's room, but ye Chen's room.

.....

Chapter 433

Watching Xia Ruoxue walk into his room, ye Chen is sure that what Sun Yi said is true.

These two girls are so hot now?

After a while, Sun Yi finished bathing and blowing her hair. She blinked at Ye Chen and said with a smile, "xiaochenzi, this palace is waiting for you in bed."

Ten minutes later, ye Chen took a bath and entered his room.

Although the light was off, he could see everything in the dark as a practitioner.

Xia Ruoxue and Sun Yi lie on one side, and the other side near the outside is reserved for ye Chen. The bed is two meters. The two girls are in good shape, but they don't take up too much space.

Sun Yi narrowed her eyes and pretended to be breathing heavily.

Ye Chen smiles and shakes his head, opens the quilt, directly lies in.

The second daughter did not respond at all.

"Don't tell me, you're all asleep?" Ye Chen light way.

Sun Yi and Xia Ruoxue still did not make a sound, but ye Chen saw their eyes open in the dark, and even felt the beating of their hearts.

The corner of Ye Chen's mouth outlines a radian, and turns over and hugs Sun Yi.

"Really asleep?"

Ye Chen stretched out his hand and put his arm around Sun Yi's waist, and he kept slipping through Sun Yi's body.

Sun Yi wanted to hold it back, but the next second, she burst out laughing!

"Xiaochenzi, you bully me, I want to talk to my aunt!"

Ye Chen smiles: "it seems that you have not slept."

"Well, you didn't wake me up."

At this time, Xia Ruoxue, who has not spoken, opened his mouth: "xiaoyizi, let him sleep in the middle. I will help you supervise him. If he moves disorderly, we will go to the aunt to complain."

Both of them moved Jiang Peirong out.

Sun Yi turns over Ye Chen's body in the dark and makes his thoughts fly.

Not long, ye Chen was squeezed in the middle by two girls.

Ye Chen can clearly feel the touch of Er Nu's skin.

No matter how he said, he was also a man of high blood. Even if he stepped into practice, his physiological needs were normal.

"Go to bed and get up early tomorrow. There will be plenty of opportunities next time." Summer snow light road.

With that, he closed his eyes and heard a faint breath.

What's more, Xia Ruoxue holds Ye Chen's left hand tightly in both hands for fear that ye Chen will come.

"Xiaochenzi, if snow has spoken, you'd better sleep honestly."

Sun Yi reaches Ye Chen's ear and blows gently.

Sun Yi shows a relieved smile in the dark, and makes Xia Ruoxue accept that kind of thing is not so simple. If she is not there, it is estimated that what will happen to the two people long ago. However, it is very difficult for Xia Ruoxue to do it when the two girls are together.

However, if we can sleep together, we will make enough progress. Before long, Sun Yi believes that Ruoxue will agree.

And she tested the room in the teacher's apartment during the day, and the sound insulation was not good.

At least today is not the best time, but she will not let Ye Chen suffocate.

The next second, her body slightly down, is to drill into the quilt inside.

After a while ye Chen felt a sense of stimulation from his body.

.....

There was no word all night.

The next day, when ye Chen wakes up, she finds that Sun Yi is no longer around.

But Xia Ruoxue is wearing casual clothes and looking at Ye Chen with interest.

"How did you sleep yesterday?"

Ye Chen nodded: "OK, where are you going to dress like this?"

Summer if snow mouth outline a mysterious smile, body forward, red lips kiss on the lips of Ye Chen.

"Although I didn't satisfy you yesterday, I hope you don't get angry. This bed is too small. I'll accompany you when the bed is big enough."

"What's more, Sun Yi and I are going to the center of the city today. There is a negotiation that needs to be dealt with. This is very important for Tianzheng Group. If you have some relationship, you can entrust

someone to help. Shen Haihua is a bit tricky to deal with. If not, the contacts of my Xia family can barely be realized."

Ye Chen nodded. He felt guilty about the second daughter's responsibility. After all, he did too little for Tianzheng Group.

"Ruoshue, it's hard for you."

Xia Ruoxue laughed: "what's hard? Sun Yi and I are working for ourselves. Oh, you all sleep with us. Don't play tricks. Tianzheng Group has our shares."

"Well, I don't want to talk to you. It's almost time. I guess I have to queue up there."

Ye Chen is one of the classroom apartments in the capital city, which may not do much for her.

It can be seen that the capital is not easy.

But no matter how ye Chen mixed up, she didn't care. What she had to do was to give ye Chen a huge stage.

After Xia Ruoxue leaves, ye Chen thinks of something and dials the phone of dark hall and Lei Shuwei directly. Let them deal with the Tianzheng Group.

The relationship between the dragon soul and the dark hall should be enough to deal with this matter.

Finish all this, ye Chen washed Susu, then knocked on the mother's door.

Even outside, he could feel the flow of air in the house.

Extremely strong.

Mother even broke through the Kaiyuan realm. It's just a few days' Kung Fu. It's really shocking.

Even if you put the speed of cultivation on Kunlun Xu, it's a monster.

The key mother has missed the best time to practice.

She should have been practicing so hard for her father.

Ye Chen doesn't think much about it any more. He holds the land certificate given by bailixiong and knocks at the door at the same time.

Tomorrow is a battle with Lin Jue Longwu Daotai. It is estimated that he will send his father back.

Tomorrow is also the day for their family to get together.

Before that, he wanted to surprise his mother.

The breath in the room stagnated, and Jiang Peirong came out: "chen'er, what's the matter?"

"Here you are, mom."

Ye Chen handed over the land certificate in his hand.

Jiang Peirong frowned, not knowing what her son was up to.

She glanced at it and knew that it should be something like land certificate.

Does the son want to buy land to build a house?

Yesterday, she learned from her second daughter's mouth that Tianzheng Group was her son's enterprise. She was surprised for a long time, but she was relieved to think that she was injured that day and Chen'er gave her a bottle of spirit liquid.

Chapter 434

With such magical things, those products of Tianzheng Group are nothing.

Unconsciously, Jiang Peirong's son is not Guangwu Dao, and his strength is very strong. His medical ethics is even more spiritual.

Chen'er, this is to enter the real estate?

Jiang Peirong opened the land certificate, just want to say what, the next second, her eyes pan with a trace of panic!

Her eyes fell on the seal and signature in the lower right corner, and her expression became very strange.

Her hands trembled: "this is this the land of Bailixiong? How can it be! "

Naturally, she didn't believe it for the first time, because the things of Bailixiong, not to mention her son, were not qualified to spy on even the Jiang family!

The key to his son's strength in front of hundred Li Xiong is nothing!

Jiang Peirong even has a dream feeling.

"Chen'er, what land is this? Did Bai Lixiong agree? How could it be? "

Ye Chen nods, Mou son shows a trace of affirmation.

"This is the first thing you want to tell mom. I'm not here these days to deal with this matter. Bai Lixiong gave it to me personally. "

Jiang Peirong is still a bit confused. Subconsciously, she sees her son talking and laughing with Bai Lixiong!

But this picture, no matter how you look at it, is not true!

Ye Chen's strength is not bad, but he is not strong enough to let go of the land.

Countless doubts entangled in Jiang Peirong's mind. For a moment, she didn't know what to say.

"Mom, I want to tell you the second thing. Without accident, my father will be back tomorrow."

Although he said in the heart of a general emotional, but still like a leaf.

Jiang Peirong held her breath.

She did not speak, staring at Ye Chen's eyes, want to see that her son is joking.

But she saw that her son's eyes were very serious.

"Are the Lin family willing to let Tianzheng go?"

Ye Chen nodded: "there are some reasons why they can't do it. The last thing is, tomorrow is the battle between me and Lin Jue Longwu Daotai. Some gratitude and resentment should be settled. "

Ye Chen has no need to hide it. It is estimated that this matter will ring through the whole Chinese martial arts circle today.

Mother will know sooner or later.

From other people's mouth that mother will only worry, it is better to give her confidence.

If the previous two things left Jiang Peirong's brain blank, ye Chen's last sentence is like a bolt from the blue that hits Jiang Peirong's mind.

"No way!" Jiang Peirong said decisively.

She knows the strength of Lin Juelong, and recently she has learned about Lin Juelong's specific information through various channels.

This person is not only powerful, although ranked second in the list of Chinese masters, but many people think that Lin Juelong has the strength of the first in the list of Chinese masters.

If it was not for the existence of the first one, it would have disappeared. It is estimated that the first place in the list of Chinese masters has been firmly occupied by Lin Juelong.

What's more, Lin Juelong has practiced for decades and has a strong talent. He even stepped into the depths of Kunlun Mountain, and the sect behind him is mysterious.

My son has only been in martial arts for five years. Although I don't know why Ye Chen's strength is so strong, he is undoubtedly looking for death to deal with Lin Juelong!

She didn't want her son in any danger!

"Chen'er, you can't go to wudaotai tomorrow. You didn't fight with Lin Juelong. You don't know how powerful this person is. Ma has been gathering people recently. The one from Hui'an province is already

in the capital. If she adds a few more people, she can barely fight against Lin Juelong. Ma doesn't want you to do anything stupid, and..."

Jiang Peirong just wanted to say something, the mobile phone in the pocket rang!

From Jiang Jianfeng!

Press the answer button, and you can hear Jiang Jianfeng's urgent voice: "Peirong, how did ye Chen and Lin Juelong agree on the first battle of wudaotai! Now the whole capital martial road world is this news! Ye Chen is not with you, are you still in Beijing Normal University? "

"The Lin family has sealed off the whole capital, and they are monitoring you secretly. It is estimated that they will never let you leave the capital!"

"Wudaotai in the capital city has begun to prepare, and the black market has begun to bear odds. This is really a big deal!"

Jiang Peirong realized that something was wrong. She took a look at Ye Chen, who was calm and calm. She asked Jiang Jianfeng, "in other words, we didn't even refuse? Chen'er has to fight? "

"Nonsense! Since ancient times in China, wudaotai has been the place where disputes can be settled. It is impossible to refuse! The key is that ye Chen personally wrote the battle book. The old chief is also a witness. This is the most serious one in wudaotai in more than ten years!

The master also asked me for advice today. If ye Chen is willing to hand over those martial arts skills, he may consider saving Ye Chen's life in a critical moment! Otherwise, the consequences will be at your own risk! "

"Don't think about it for a second. Don't give me a reply."

Jiang Peirong takes the phone away and stares at Ye Chen. Although she believes in her son, she did not expect her son to make such a sudden decision. The key is that this decision not only makes her not optimistic, but also almost everyone!

"Chen'er, my mother only asked one thing. How sure are you about the battle of wudaotai? Lin Juelong, as the second place in the list of Chinese masters, has almost all-round strength. If you want to defeat him, it's very difficult. This is the truth. "

Ye Chen stretched out a fist.

"Zero floor?" Jiang Peirong's tone was somewhat reproachful and disappointed.

"Wrong, ten percent. Ma, since I am sure of the next war, I will kill Lin Jue long tomorrow. "

"What you have to do is to wait for our family to reunite under wudaotai tomorrow."

"Even though Lin Juelong is very powerful, even though he comes from the depths of Kunlun Mountain, and even it is said that Lin Juelong comes from hell, so what! I Ye Chen is not an ordinary person, the power behind me is far more than he thought. Now, just once, mom

"Tomorrow I will take the head of Lin Juelong down!"

At the moment, ye Chen burst out of a strong self-confidence.

Jiang Peirong took a look at Ye Chen, bit her teeth, picked up the phone and said to Jiang Jianfeng, "you can help me refuse the old man. It's not necessary. That's all."

At this moment, Jiang Peirong chose to believe her son.

Since his son said ten percent, he could not be defeated.

In her eyes, ye Chen could not lie on such a serious matter.

"Chen'er, I have only one request. No matter what the result will be tomorrow, you will step down from wudaotai alive. Do you understand?"

Ye Chen nodded: "don't worry. I also think about Dad's braised fish. "

Not long, ye Chen's mobile phone rang up, swept a glance, will know the other party with what purpose.

It's all about tomorrow's wudaotai war.

A dozen calls in a row, let Ye Chen some upset, so directly hang up the phone.

Chapter 435

.....

Lin family in Beijing.

Family meeting room.

Bai Lixiong took two strong men into the conference room.

At the moment, bailixiong's injury almost recovered, and the strong man's breath also showed up.

If it had not been for the trick of Zheng renjue and the broken soul gate that day, he would not have been in such a mess in the land of dragon veins if he had been injured by hundreds of strong men.

In terms of qualification or comprehensive strength, he is more powerful than Lin Juelong.

Lin's father took a look at Bai Li Xiong and his eyes narrowed slightly: "what wind brings you here today? Why don't I ask my servant to make some delicious food and stay here a little longer? "

Bai Lixiong shook his head and didn't want to talk nonsense: "no, I'm here for one thing and hand over Ye Tianzheng."

Hearing this, Lin Fu and Lin Jue long Mou son shrink.

They didn't expect that Bai Lixiong came here just for this!

Key Ye Tianzheng's secret has not been obtained, how can they release it!

Lin's father said directly, "general Bai Li, you can't talk nonsense. Who is Ye Tianzheng? I don't know who Lin is, and how to hand it over?"

Bai Lixiong snorted: "Lin Ao, this room is just a few of us. You don't need to cover up. I'm here to negotiate today. I hope to be friendly. Even if you Lin family is the top family in China's martial arts circle, it's not impossible if I really want to move the Lin family!"

"And! You should be very clear that there are still guardians in China! "

Bai Lixiong's words showed a hint of threat.

In his opinion, ye Chen gave his wife's whereabouts, but also saved him and bailibeng. No matter what, ye Tianzheng, he must protect.

Lin AO and Lin Juelong stand up one after another!

"What a great prestige, Bai Li Xiong, I can understand that you are threatening me?"

Bai Lixiong nodded: "if you want to understand it like this, ye Tianzheng is involved in the secrets of China and must be taken away! If you Lin family don't know each other, Huaxia will have to pay a price, but you can think about it. Who will suffer more in this matter? "

Bailixiong to do is strong, otherwise want to suppress the Lin family, very difficult!

Lin Juelong and Lin Ao's face changed completely, and the killing machine on their bodies was covered!

They never thought that Bai Lixiong would dare to threaten the Lin family!

"Bai Li Xiong, you should be very clear. If we want to kill you, you don't want to go out. Even if you are very strong, can you and some strong men of iron and blood camp stop us? Hum

Lin AO and Lin Juelong go to bailixiong!

Not only that, but also the powerful members of the Lin family.

"Pa!"

Bailixiong clapped his hand on the conference table in front of him, which directly became a fragment!

"Do you want to touch me? Do you really think that I am a vegetarian

"You may as well take a look at what's going on outside before you make a decision."

Lin Ao feels something is wrong. Just as he wants to speak, a strong Lin family member comes in a hurry.

"Master, the Lin family has been surrounded by people!"

Hearing this, Lin Ao felt that Bai Lixiong was playing real this time.

If you are defeated today, the two elders will not be hurt!

Lin Ao hesitated for a long time, and then said, "to hand over Ye Tianzheng, you can! But I have a premise that ye Chen must survive the battle of wudaotai tomorrow! If he doesn't even have the qualification to live, even if he hands over Ye Tianzheng, he will eventually fall into the hands of the Lin family. "

"This is the biggest compromise of our Lin family. If you don't allow it, it will be the first World War. Our Lin family has been standing in China for so many years, and it is not a vegetarian!"

Bailixiong went to the corner to make a phone call. Soon he came out and nodded: "OK, if ye Chen loses, Huaxia will not investigate. But if Lin Juelong loses, he must release him on the spot!"

Lin Juelong snorts coldly. Will he lose? Of course not!

He not only wants to win, but also torments Ye Chen!

Even if this son stands behind Bai Li Xiong and Hua Xia that how!

On wudaotai, no one can stop it! Only strength is respected!

.....

At the same time, Kunlun Xu.

Wanjianzong, zongmen hall.

The leader of wanjianzong and the elder of Yigan all knelt on the ground, shivering!

These people smell terrible, and they have a supreme position in Kunlun.

But at the moment, their hearts only fear!

Not even the qualification to head up!

On the top of the main hall of zongmen stands a man of immortality.

Behind him was a huge sword box and his hands. Standing there quietly, he also gave birth to a sense of coolness.

Like a God.

It's Chen Tianli!

"My Lord, we really don't know where to offend you. Please show mercy. Wanjianzong has been established for thousands of years. I don't want this foundation to be destroyed by me. I will give you whatever you want."The master of wanjianzong turned pale, and his voice of fear and trembling sounded out!

The key person in front of me is so terrible!

He has no enemy at all!

Pressure is enough to crush everything!

The key opponent also knows the martial arts of wanjianzong!

He was afraid that he would kill all the thousands of disciples and elders of wanjianzong when the other party waved! Destroy wanjianzong once!

How could he be worthy of his master and his ancestor!

Chen Tianli glanced at the speaker indifferently and said, "did I ever say that I want to destroy your family?"

The leader of wanjianzong was stunned: "why did you come to wanjianzong?"

Chen Tianli sneered: "I only ask you one question. Is luojian the man of your ten thousand swordsmen?"

The master of wanjianzong changed his face: "my Lord, the shape of falling sword is the founder of wanjianzong. I don't know..."

"That's fine." Chen Tianli pauses for a moment and says, "falling sword shape is my useless apprentice. Today I come to wanjianzong for another person!"

Once this word was said, the whole wanjianzong was silent!

Is the founder the disciple of this man?

How could it be!

However, when he thought that he was very familiar with the martial arts of wanjianzong, the key opponent's martial arts skills of wanjianzong were extremely strong, and the same moves were 100 times stronger in the opponent's hands!

They can only believe it!

The most terrible thing is the cultivation of the other side!

Let them face the abyss!

"Master, I don't know why you came here?" Wanjianzong master trembled.

Chen Tianli offered a jade pendant in his hand. The jade pendant was suspended above the hall, and a voice like thunder sounded:

"if you see someone holding this jade in the future, you can see him as if he were the emperor!"

Chapter 436

All the people who saw the jade pendant with their eyebrows suspended.

The jade pendant is very simple, with six long swords carved on it.

The back of the key jade pendant is engraved with four characters, Wan Dao Jian Zun.

Is this mysterious man the king of swords?

All of a sudden, the leader of wanjianzong thought of something. His mind moved and a painting appeared in his hand!

When the painting is unfolded directly, you can see that there is an old man in the painting. There are six swords floating around his body.

strange, as like as two peas of six blades in the jade peg, these six swords are exactly the same.

The master of swordsman's eyes fell on the old man again!

And he looked up at Chen Tianli.

is as like as two peas in appearance and hairstyle.

At this moment, the master of wanjianzong was a little wrong.

The origin of this painting is special. It comes from the hand of the founder of the founding school, Luo Jian.

Although I don't know the meaning of this painting, it is said that the falling sword also protected the painting before it died.

He even told his disciples that the painting was very important and that it should be preserved at all costs. Even if the sect disappeared, it could not be destroyed.

At this moment, the leader of wanjianzong realized the seriousness of the matter.

He even believed that the mysterious man on the stage was the master!

At the thought of this, he began to sweat on his forehead.

Chen Tianli glanced at the crowd and grasped it with five fingers. The jade pendant suspended in the air appeared in his palm.

"Can you write down this jade pendant and what I told you?"

"Master, I will write it down." The master of wanjianzong respectfully said, "if you see this jade pendant, you can see your master! I'll pay attention. "

"Good."

Chen Tianli nodded and there was a white mist all over him.

This is one of the things he can do for ye Chen.

Now that it's done, it's time for him to go back.

I don't know how the boy is now in China?

It's time to go back and have a look.

The fog disappears, and Chen Tianli's figure is not there, leaving behind only the people of wanjianzong who are ignorant!

.....

Ye Chen naturally did not know about Chen Tianli. At this time, he and Jiang Peirong came to the land.

Because yesterday Ye Chen told ye Lingtian that he was responsible for the establishment of the Ye family. When they arrived, the original wasteland had already changed.

Hundreds of workers are working together to build, with a clear division of labor.

Even the main building is roughly formed.

"Temple Mr. Ye. " A man in a hard hat came up, dark and armed.

"So efficient?" Ye Chen some surprised way.

The man with a hard hat grinned: "Mr. Ye, we started construction when we received your call yesterday. It's also easy for the government to examine and approve, and there are special personnel to connect with us. In addition, several well-known construction companies in China have contacted us, and some teams have been integrated to determine the drawings."

"This group of workers are the most professional presence in China. Mr. Ye can rest assured that by 12:00 p.m., this group of workers will have a rest, and another group of workers will continue. This time, the price we give is 20 times that of their usual. This group of people are full of energy."

Jiang Peirong didn't expect the efficiency to be so high. She subconsciously said, "isn't that a week or so?"

The man with a hard hat grinned: "it may not be needed in a week. It starts 24 hours a day. There are enough workers. The materials are advanced in the world. The machine is also imported from China. It can be completed in four days at least. However, it should take some time for greening and surrounding areas."

Jiang Peirong nodded. With such manpower and money, it is really much easier to establish a family.

"It's hard. Take this pill." Ye Chen had a pill in his hand and threw it out directly.

Thank you very much. Thank you very much

"Well."

Later, ye Chen and Jiang Peirong looked around and were satisfied with everything.

The whole Ye family not only covers a huge area, but also has mountains and water.

When ye Chen received the drawing yesterday evening, he even found that there were several training rooms on the drawing, all of which were made of basalt stone, so that there would not be too many changes in practice.

Today, some basalt stones have arrived.

This is also necessary for the existence of Tianzheng Group. At least in China, money can make many things simple.

Whether it's building the Ye family, or something else.

Ye Chen of Tianzheng Group holds 100% of the shares, and the cash flow almost overflows. Let alone establish a Ye family, even if we set up one hundred ye family, his capital is more than enough.

However, Jiang Peirong is a little worried. It is estimated that the construction work here will soon disturb those people.

The birth of Ye family in Beijing will inevitably touch the interests of many people.

Not only the Lin family and the Jiang family, but the rest of the Wudao family in the Chinese capital will inevitably notice the existence of the Ye family. Plus tomorrow's wudaotai war, the water of wudaotai in the capital is really going to turn over.

Those guys naturally think ye Chen can't win. Then, this land must become the most abundant meat in the eyes of those guys.

"Chen'er, in fact, it's easy to establish the Ye family, but it's very difficult to keep the Ye family. As far as I know, this land is concerned by many families. After all, it can benefit the top families and bring luck to the family. If it wasn't forced by bailixiong, those top families in Beijing would have been fighting for this place..."

Ye Chen laughed: "Mom, don't worry. Since I dare to build the Ye family, I'm naturally ready to deal with it. If someone doesn't have an eye, it's a big deal to leave him."

Jiang Peirong could only nod, then got on the bus and headed for the classroom apartment.

The car has not been driving far, suddenly, a loud noise from the rear hit!

Ye Chen Mou son shrinks, hastily lets the driver turn around!

When the car drove in again, it was found that there were six or seven Hummers near Ye's house!

One of the converted Humvees hit the half built wall directly.

Countless bricks and stones were flying, and most of the hard work of those workers was destroyed.

Not only that, the four workers were covered with blood and were crouching on the ground, covering their wounds.

Ye Chen opens the door and rushes down. Regardless of the Humvees, he directly comes to the injured worker. He pinches his fingers and covers it with a faint light. The blood stops instantly.

The strong man in the dark hall with a hard hat found something wrong and went to the place where the accident happened.

Ye Chen examined the four injured workers. Except one of them was seriously injured, the other three were only fractured or slightly injured.

Ye Chen came to the worker who was seriously injured. He took out a healing pill and let the other party take it. The wound was barely stopped.

"How do you feel?"

The worker's expression is somewhat ferocious and uncomfortable. He bites his teeth and is covered with sweat. He probably knows the identity of Ye Chen, but he is the boss.

"Boss, I don't feel any sense in my hands My daughter is still in college, and my wife is taking medicine. What should I do if I can't work... "

Chapter 437

Ye Chen has a silver needle in his hand, which shoots on the arm of the seriously injured worker. The latter can feel a warm current stimulating his arm, even making him feel comfortable.

"Don't worry, it won't be a big deal."

Ye Chen took a look at the workers who didn't have a big obstacle behind him: "help me take care of this person."

"OK Boss. "

After all this, ye Chen's eyes fell on the Hummer.

Humvee door opened, down a few boys and girls, without exception, this group of people have martial arts strength.

Not only that, but also a proud young man and two old men came down from the refitted Humvee which broke the wall.

The old man protects the youth's side, the eye only has vigilance and the ice cold.

The strong man in the dark hall with a helmet was standing at the door, his eyes were cold, staring at these people, and said in a cold voice, "who are you! Why destroy this place? "

The leading youth did not pay any attention to it. Then he glanced at it and said, "this land, bailixiong agreed with you to build it?"

He Jianqi, the young man, is the eldest son of his family.

He family is also one of the top families in Beijing. Although it is not comparable to the Lin family and the Jiang family, it should not be underestimated.

The key family can not be juxtaposed with the Lin family because of their position. Once they set up the family on a treasure land, their luck will definitely change!

Maybe you can become a top family!

Over the years, the only land he's ever seen in the capital is this one!

How many times did they negotiate with bailixiong, and even used all means, bailixiong did not let up.

They can't do anything about it.

At least, it's fair that no family in the capital can take the land.

But just a few hours ago, he family received the news that the land had started to be built. The key speed was extremely fast!

They can't sit still, and that's what we're seeing.

He Jianqi's eyes fell on the strong man in the dark hall and asked, "this land, is Bai Li Xiong relaxed? Who is behind you? Which family? "

Dark hall strong pointed to the destruction of the Hummer, word by word: "you first move the car out! What's more, those injured workers should also apologize and compensate! If you don't want to, you can take legal action. "

He Jianqi seemed to hear some funny jokes and said in surprise: "you and I talk about the law? FA you ma! Answer Laozi's question first

Words fall, his feet are carrying a strong wind, directly to the dark hall strong kick!

Naturally, the strong man in the dark hall is not vegetarian. When he turns his body, his five fingers open and directly clasps the other party's feet. Just when he is ready to exert himself, an old man appears beside him with a palm towards his shoulder!

This palm with the whistling wind, once dropped, the consequences are unimaginable!

"Bang!"

Even if the dark hall strong want to dodge, or bear a blow, pedal pedal pedal, back a full six steps.

In the sixth step, an air current covered his back, which stopped his pace.

He looked back and found that it was Ye Chen. He even said, "the Lord of the temple..."

"I'll take care of it." Ye Chen Dao, the tone is very calm.

"Yes, Lord!"

The strong man of the dark hall retreated to the back, and ye Chen came to he Jianqi: "who are you? Who sent you? "

He Jianqi was not happy to see a young man standing in front of him. He said in such a tone: "who the hell are you? I asked the people behind this place. What are you?"

The words have not finished, ye Chen moved, Canglong phantom body definitely surging, has appeared in front of he Jianqi!

The next second, a kick out!

An extremely relaxed foot!

In the moment that the foot blows out, faintly, can hear, ye Chen's right leg, the muscles and bones sing together, sends out the crackling sound!

Like a tiger roaring in the sky!

At this moment, ye Chen is full of fury!

He Jianqi didn't expect that the other party would start suddenly!

Not even the two old men thought of it!

Key Ye Chen's speed is too fast! They're not even qualified to react!

"Bang!"

This kick, directly kicked on he Jianqi's abdomen, he Jianqi's whole person flew out like a broken kite!

A mouthful of blood!

Face almost twisted!

Even a few ribs seem to be broken!

Under that terrible momentum, the whole ground was shaking faintly.

Ye Chen's sudden attack made everyone confused!

No words, no conflicts, just one foot!

I'm afraid the boy is crazy!

The rest of the boys and girls quickly helped he Jianqi up."He Shao, do you have anything to do..."

He Jianqi pushed everyone away, took out a pill and took it down. Staring at Ye Chen, he roared: "is there anything wrong with me? You won't look at it, grass!"

"Mr. Qiu and Mr. Yu, help me get that little beast!"

The two old men with terrible breath nodded and went towards Ye Chen.

At this time, Jiang Peirong in the car clearly recognized the origin of these people, and quickly got out of the car and came to Ye Chen's side.

"Chen'er, who are these people from the capital? I've met those two old people. I can't underestimate them. They are also the old Wudao family in Beijing. The key is that they seem to be interested in this land all these years..."

She knows Ye Chen's character and hopes that ye Chen can stop his hand a little bit.

After all, as a mother, she doesn't want Ye Chen to have too many old enemies.

The Jiang family and the Lin family are already hard enough to cope with. If you add another family, it will be really troublesome.

Ye Chen's eyes did not change at all, and he said, "how does he compare with Lin's?"

Jiang Peirong shook her head: "it's not comparable to the Lin family."

You can make an example of a chicken's death

Jiang Peirong's face changed, and she even said, "chen'er, he family is not a chicken. They have been in the capital for thousands of years. No matter their strength or their relationship network are not ordinary, it's better not to be too much, otherwise it will be very troublesome..."

"Mom, I know. Just leave it to me."

Seeing that she could not persuade Ye Chen, Jiang Peirong could only pray in her heart.

Ye Chen step out, there is no chance of killing, but a trace of evil intention can not help but drill out of his body!

Two old people also came to Ye Chen.

"Boy, you and my young master have no enmity and hatred. Why do you have to lay such a heavy hand on it?"

Old Yu said, his tone of voice with a trace of threat, invisible pressure is toward Ye Chen cover and go.

Ye Chen took a look at the Hummer that drove into the wall and the several innocent injured workers, and said faintly: "these things, should I have an explanation?"

Chapter 438

"Oh? Why do you want to explain us? Are you sure?" Old Yu's voice cooled down.

He could hear he Jianqi groan in pain behind him.

If this thing can't be done well, then he really doesn't have to be a guest Secretary any more!

He Jianqi because of swallowing pills, the body is better a little bit, one by one lame came over: "and this guy nonsense what, directly take down!"

"Yes, young master."

The next second, two figures toward Ye Chen, blink of an eye appeared in front of Ye Chen, two daggers suddenly appeared, tearing cold light, toward the heart of Ye Chen!

Obviously, they have no intention to stop!

Jiang Peirong wants to help Ye Chen, but she stops when she sees Ye Chen's indifferent appearance.

She believes in her son.

See two cold light is about to touch, ye Chen eyes bloom a light: "you let me very disappointed."

Hearing the sound, Mr. Yu and Mr. Qiu seemed to feel wrapped up in a sense of death. They were no longer hesitant. They just wanted to increase their strength. Their hands had been firmly clasped on their wrists!

Cold light can't move on!

"How dare you kill me if you don't even enter the top ten of the Chinese masters list?"

"Click!"

The next second, that cold light actually abruptly from the middle, the edge is neat, the incision is regular!

Between the electric light and flint, the weapons in their hands disappeared directly!

In turn, they feel that their neck is penetrated by a force, the meaning of senhan covers the whole body!

"This..."

The two old men subconsciously raised their heads and found that their weapons had been inserted into their necks!

Extremely cold!

Not only that, their robes are full of blood!

Two people stare at Ye Chen, only fear!

They are completely silent!

The eyes have shrunk to the extreme.

They are not the most powerful in any family, but the master can let them protect he Jianqi, which proves that their strength is strong enough!

At least in the capital, as long as you don't meet the top ten evil spirits of Chinese masters, you can't have an accident!

They are arrogant, they are arrogant! Is disdain in front of Ye Chen!

But did not expect that the boy in front of him killed them with one move?

It is to smash their pride completely!

What strength is this?

"Bang!"

The bodies of the two old men fell to the ground with their eyes open, but there was no intention of death.

The children of he family were stunned. Who could have thought that things would develop to this extent.

He just asked them to inquire about the situation, but he didn't expect to find out, but he met an evil spirit!

What's more, it angered the evil spirit!

They have done their homework. This land is not taken over by any Wudao family in Beijing!

Otherwise, there will be news!

Since it is not those families, which family has enough qualifications to accept!

But at present, not only he Jianqi was injured, but the two guests of the he family died directly!

They realized it wasn't that simple!

Ye Chen is walking towards he Jianqi and those young men and girls step by step!

Even though they have a certain ancient military strength, the two guests are dead. They can't have the qualification to resist!

"You, come on your knees and apologize!"

At the moment when all the people are lost, the faint voice of Ye Chen falls.

But with a hint of cold.

He Jianqi must be the person he refers to.

He Jianqi subconsciously and the others stepped back: "I am the eldest son of he family, you can't move me! My family is the top family in Beijing! If you touch me again, my father's anger is not something you can bear

Ye Chen glanced at he Jianqi with a playful glance in his eyes. He was silent for a little while, but he was very angry and laughed, "finished?"

He Jianqi was stunned and did not dare to say anything more for a moment.

"Now that you're done, come back!"

Ye Chen's five fingers open, the powerful Qi is released, and an invisible force is wrapped!

There's a strong wind around!

He Jianqi even felt that there was an invisible force behind him, and he was pulling him!

This feeling is very uncomfortable!

The rest of the boys and girls want to catch he Jianqi, but they find that they are not qualified at all!

You know, ye Chen has stepped into the realm of separation and separation!

What is the state of separation and separation!

Heaven and earth are separated, and strength is condensed!

"Click!"

In the blink of an eye, he Jianqi is strongly sucked in front of Ye Chen!

An invisible pressure fell from the sky!

He Jianqi knelt directly on the ground, almost bending his body!

His face is full of humiliation!As the eldest son of his family, who dares to make him kneel down!

If spread out, how can he still mix in the circle of Beijing!

"I I want to see the man behind you! I want to see Bai Lixiong! I want to see the owner of this place. If you dare to kill me, you will surely be enemies with whom... "

He Jianqi looked at Jiang Peirong behind Ye Chen and roared: "you not only want to die, but also the woman behind you. If you dare to move me, she will die! Not only to die, but also to rape countless people... "

Before he had finished speaking, he felt a chill.

"Who is it?"

Ye Chen narrowed his murderous eyes and looked up and down at he Jianqi. "Since you want to know all the people here, I will tell you."

"From today on, this place belongs to Ye family in Beijing! If anyone dares to enter here, he will die! "

"And if anyone insults my mother, he will die!"

The cold voice rings through everyone's ears!

Everyone's expression is smothered, an invisible opportunity to kill is open!

Suddenly, a cold light flashed, and he Jianqi's head was directly held in the palm of his hand by Ye Chen!

Ye Chen casually threw it into the hands of those boys and girls.

"If any family wants revenge, find me ye Chen, I'll wait at any time! Go away

As soon as the words came out, the legs of all the people were almost scared and softened.

He Jianqi is dead!

Not only was he dead, but his head was taken off!

Is this kid crazy?

And the Ye family?

Where is Ye's family in Beijing!

Suddenly someone thought of something! Ye Chen these two words seem to explode in their hearts!

Looking at the whole capital, ye Chen is really familiar with these two words!

Because tomorrow's war will be ye Chen's battle with Lin Juelong, the second in the list of Chinese masters!

The key is that this guy not only challenges Lin Juelong of the Lin family, but also sets up his own house? Under the stable situation in the capital, the Ye family was established?

Is this guy going to declare war with the whole family in the capital?

The young men and girls dare not think about it any more. One of them looks at the ferocious head on the ground, and his face shows a touch of panic. He quickly takes off his clothes and wraps up the head of he Jianqi. He doesn't even want a car and runs in the opposite direction!

Who could have thought that ye Chen would have such a big move!

Tonight, ye Chen's name must ring through the whole capital!

After these people left, Jiang Peirong frowned and came over: "chen'er, did you deliberately let them go?"

Chapter 439

Ye Chen nodded: "he Jianqi is also looking for death. I didn't want to cause trouble, but he just hit the muzzle of a gun. The head of this person will frighten at least some people. I let those people go, but I release a signal with them."

"From today to tomorrow, those people in the dark will definitely not want to come here again. As soon as the result of wudaotai comes out, the Ye family in Beijing may become the real top family! Now it's tomorrow. "

"Mom, let's go. It's windy here."

Jiang Peirong looked at the headless corpse and nodded.

When ye Chen grows up, some things are left to him to decide, and the result can only be borne by himself.

This is the cruelty of Chinese martial arts. This is the reason why she did not practice even though she was gifted.

This dirty world, she as a woman, just want to avoid.

But are you really hiding?

She is now on the path of cultivation and has been changed by the world.

Born in the Jiang family, she has no choice.

Now the change of chen'er makes her have no choice.

In the past few nights, she even thought that maybe after listening to master Jiang's words and stepping into cultivation, he would be able to protect his children and husband.

.....

Capital, a manor in the west of the city.

Inside the manor is a European style building.

Villa quiet to the extreme, a few boys and girls kneeling on the ground, pale to the extreme.

There was a package in front of them.

The package opened, is a blood sparkling head.

The head of he Jianqi.

At the top of the living room sat a middle-aged man and an old man.

The middle-aged man is the father of he Jianqi and the head of his family, he Guowang.

As for the old man, he Shenghai is the real one in power!

At the moment, the two people's faces rose red, and the murders broke out!

He Guowang couldn't help but stand up directly: "do you mean that the owner of the land is Ye Chen? Ye Chen killed two guests in front of you, and even took off Jianqi's head? "

A man with some beard nodded repeatedly: "master, there is nothing wrong! The key is that ye Chen set up his own house and said it was Ye's family in Beijing... "

"Pa!"

He Guowang clapped on the desk beside him: "Ye family! Hum! He said that he wanted to build a family in Beijing! If you dare to kill my son, I will take down the head of this arrogant boy myself today, so as to avenge my son! "

"He family masters, listen to the order!"

He Guowang just wanted to say something. He stood up and suppressed his anger. He said faintly, "Guowang, things are not as simple as you think. This time, Jianqi is reckless. He doesn't want to think about it. How could he relax his mouth and give him a suckling boy when he has been in the field for so many years."

"As far as I can tell, that boy has seen that one! Not only that, but there may be traces of that boy in the Qinling Mountains. Although it is not sure, it seems that eight or nine are inseparable from ten. "

"This son dares to challenge Lin Juelong tomorrow. It's definitely not as easy as you think. Anyway, Jianqi is dead, and he is going to die. It's not appropriate to do anything today. Tomorrow, let's go to see the end of wudaotai."

He Shenghai's words are flat to the extreme. Even if his grandson is killed, he should be rational even if he is angry.

He saw a trace of strange things on Ye Chen's body.

He didn't know where ye Chen's accomplishments and martial arts came from.

Who is standing behind this son?

This is the most terrible place.

The unknown is the most frightening.

He Guowang didn't expect that his father would say so. He was upright and wanted to calm down, but he found it impossible.

Looking at his father, he can only say: "Dad, that boy is likely to be killed by Lin Juelong. What should he do if he doesn't die or wins?"

He Shenghai hesitated for a few seconds, and a smile appeared at the corner of his mouth: "if he wins, it's the best. Then we can do it again!"

"Although the rules of wudaotai are dead, people are alive. Ye Chen must have provoked public anger. When the time comes, he will unite with all the families in wudaojie in the capital. How can the boy survive?"

"As far as I know, although Jiang Peirong is a member of the Jiang family, the contradiction between master Jiang and his son has been upgraded. It is impossible for him to help a villain. Ye Chen is arrogant, and no one else can help him. Tomorrow, he Shenghai wants to know how he will face the whole kingdom of martial arts if he faces the Lin family alone

.....

In one day, almost all the families in the capital city and the people in the martial arts circles knew what happened today. He Jianqi's head was cut off and he's family was angry. Ye Chen set up his own house to establish the Ye family, which is almost the most controversial event in the martial arts circle in recent years.

Originally, I didn't have the slightest impression of the boy who fought with Lin Juelong tomorrow.

Today's event, let the family of martial arts circles in the capital completely remember ye Chen's name. It's just with all the sneers.

Originally thought that ye Chen is just beyond his capacity. Now all people still know ye Chen's arrogance.

For a while, ye Chen was named as a borer of the martial arts world by the heads of several top families!

At the same time, Jiangjia in Beijing.

Mr. Jiang narrowed his eyes and played with two spirit stones.

The spirit stone exudes a faint aura.

Suddenly, the old man stopped and said with a cold smile, "that boy really wants to set up his own house? Ha ha, you are a fool

He vaguely remembered Ye Chen's heroic words in the Jiang family a few days ago.

There may be many families that the Jiang family can look up to, but it can't be the Ye family!

Just then, Jiang Jianfeng couldn't help it and said, "Dad, are we going to watch the war tomorrow? Will you do it then? "

Master Jiang snorted coldly: "such a grand event, how can our Jiang family not watch the war? I just want to know what kind of death that arrogant boy will eventually be!

I admit that he has good strength and strong martial arts skills. But after Lin Juelong came back from that place, he became extremely terrifying. Not only did he crush the boy with his strength, but also he was not weak in martial arts. In this battle, the answer is very obvious. The evil will die. "

"Dad, if you save Ye Chen at the critical moment, maybe Ye Chen will hand over his martial arts skills..." Jiang Jianfeng's face changed slightly. At present, he could only persuade him.

Master Jiang sneered: "save him? Although his martial arts are against the sky, I am not stupid enough to save him in wudaotai! Do you know that all the martial arts families in the capital have united. No matter what the outcome of the war tomorrow, ye Chen will not want to walk out of wudaotai alive! "

"If there is a chance against heaven, even if there is a chance, it will be destroyed in his hands."

Jiang Jianfeng bit his lips, or left. He wanted to dial Ye Chen's phone number to remind the other party, but the phone was turned off.

When he called Jiang Peirong again, the phone was turned off.

"Well, ye Chen, tomorrow, you can only seek your own happiness."

Chapter 440

Beijing Normal University, classroom apartment.

Ye Chen closed his eyes in the bedroom. Today, Xia Ruoxue and Sun Yi did not disturb Ye Chen. They lived in another room in silence.

Although they were worried, they could not say much.

They don't know Lin Juelong or wudaotai. They can only choose to believe Ye Chen without hesitation.

Jiang Peirong tried several times to open Ye Chen's door, but in the end she did not.

At the moment, ye Chen is in the samsara cemetery, and the spirit of the dragon is constantly surrounding him.

The top of the blood dragon circled, bursts of dragon chant as if to show the blood dragon's anger.

Since the dragon vein of Qinling Mountains came back, the blood dragon has been carrying a flame all over its body. Sometimes, it can even raise the temperature of the samsara cemetery by several points.

Ye Chen's momentum keeps climbing. He wanted to cross a realm in wudaotai, but the more he went, the more difficult it was to practice.

Fortunately, ye Chen's realm is already at the peak of that small realm.

It won't take long to break through.

After one night's practice, ye Chen opened his eyes and released the cold killing opportunity.

It was light outside, and the sound of mother making breakfast came from outside.

Ye Chen washed and ate as usual. Jiang Peirong, Sun Yi, or Xia Ruoxue did not mention any words about wudaotai. It seemed that what would happen in the future was a very common thing.

Eight in the morning.

Ye Chen went downstairs and a Porsche stopped at the door.

"Mr. Ye." Zhu Yadao.

"Well."

Ye Chen sat in the co pilot while Jiang Peirong and ER Nu sat in the back.

The atmosphere was quiet.

When Zhu Ya's eyes are closed, it's just like a person driving.

She can clearly feel her heart beating faster, not only her, but also the three women behind her.

Who can be really calm?

Half an hour later, Wudao gymnasium in Beijing.

As soon as the car stopped, there were countless glances.

Apathy.

Disdain.

Ridiculous.

All kinds of negative emotions come and go to the gym.

The stadium is very old and open-air. There are security personnel at the gate and even many military experts to maintain order.

"Mr. Ye."

Lei Shuwei guards at the door. When he sees the appearance of Ye Chen, his eyes shrink and he quickly respectfully says.

"The chief executive will watch the whole battle."

Ye Chen nodded, did not say any more nonsense, went directly to the stadium, security personnel know ye Chen's identity, also did not check.

There are not many people in the gymnasium. There are many empty seats, but there are 100 people sitting down.

When Ye Chen appears, the two figures are coming face to face.

It is he Guowang and he Shenghai.

He Guowang stopped and looked at Ye Chen coldly. He said, "Ye Chen, you killed my son yesterday. Today, you don't want to walk out of wudaotai."

Ye Chen doesn't pay attention to it. In his opinion, it's just ants. He doesn't care about it.

It's the man on the Wudao stage who really wants to start!

At the moment, on the wudaotai stage, a man with some facial features stands proud.

His body released a very strong killing machine, just standing there, gives people a very strong pressure!

Ye Chen stares at the man on the Wudao stage!

A trace of heartless anger ferments, and he steps out step by step.

Every step forward, a scene of Yunhu villa appeared in front of his eyes!

Ferocious, killing, crazy in his mind.

Before stepping on wudaotai, bailixiong appears beside Ye Chen.

"Mr. Ye, if you win this battle, ye Tianzheng will bring it back."

"There are also strong guards from my iron and blood camp outside, but wudaotai has rules. The official power of China can't be involved in it. But if something happens, I will try my best to save you."

"Mister, the two men from the Northern Alliance are extremely wrong. According to my guess, the two men are from the Northern Alliance

Ye Chen glanced at the north. Two old men were squinting at him, outlined by a bloodthirsty smile. Next to them was the patriarch of the Lin family.

Bai Lixiong reminded the two old men that there was a red door on their necks.

"I didn't expect that the blood alliance people should have such a relationship with the Lin family."

Ye Chen slightly surprised.

Not far from the Lin family is the Jiang family.

Mr. Jiang, Jiang Jianfeng and others were present.

All that should or should not have come has arrived.

Ye Chen no longer hesitated, and stepped on the Wudao stage.

The blood dragon of the body seems to rush out of the body, covered with an invisible evil spirit! Wudaotai, the cold wind is bleak!

"It's about to start!"

"Life and death! Ye Chen's brain was kicked by a donkey! How dare you go up there

"It is said that the odds offered by the black market are astonishing, and few people who buy Ye Chen win..."

"You don't want to think about it. How many years has the legend of Lin Jue long lasted Since ye Chen was born? Which brain disability can buy Ye Chen? I'm afraid it's for death. "

"Don't mention, someone really bought Ye Chen. I heard that Bai Lixiong bought Ye Chen and won 10 million yuan If he wins, he will make hundreds of millions of dollars. "

"Bai Lixiong's daughter didn't stay in Jiangcheng for some time. I guess she has something to do with Ye Chen."

"Ha ha Since we all know that ye Chen will die, I am very curious, how will ye Chen die? Be killed in one move? Or was he tortured to death? "

Looking at the two figures standing on the high platform in the center of wudaotai, the crowd around is boiling!

Ye Chen will be defeated, all the people present have the same judgment, without exception!

No one is optimistic about ye Chen!

Even when ye Chen stepped on wudaotai, the crowd only hissed!

Ridiculous boos!

Everyone looks at Ye Chen. Everyone seems to be looking at a dead man.

Such waste, even if it is dead, is not worth cherishing!

Perhaps hearing the news, Lin Juelong of wudaotai opened his eyes, and his mouth showed a bloodthirsty sneer: "waste, we finally met. Five years ago, if your mother didn't push you down to Dongqian Lake, you might have died long ago. To tell you the truth, I have some regrets. If I killed you in those years, there might not have been such a moth thing. "

"Even if you step into martial arts and have amazing talent, how long do you think you can stay under my control? One or two? "

In Lin Juelong's eyes, there is only indifference!

Ye Chen's expression is indifferent, as for the opening: "five years ago, my Ye family was destroyed by you, five years later, I not only want to kill you, but also let you feel endless fear."

At this time, a strong breath of the referee across the wudaotai, just want to state some of the wudaotai's rules, two voices from different directions sounded: "no need!"

The referee's face changed, took a look at the two people's reaction, quietly walked down the stage.

The bell rings suddenly!

"Wudaotai war, start!"

Language down, Lin Juelong's cold killing opportunity and pressure are released!

Feeling the breath of killing, feeling the pressure from the opposite side, ye Chen suddenly closed his eyes and mobilized every bit of genuine Qi in his elixir field.

The whole body is wrapped with evil spirit, as if it is suffused with red light!
