

Physician 4311

Chapter 4311

"Xiao shuihan is really ahead!"

Ye Chen's heart is incomparably excited and breaks through the iron shoes, and finally catches the trace of Xiao shuihan.

He hurried on to the far north cliff.

There is a path between two cliffs.

From a distance, you can see a sea behind the cliff.

That ocean, it's all made of blood and water.

The waves of blood are surging, and the strong smell of blood is coming.

Ye Chen faintly saw the deep sea of blood. It seemed that there were shadows colliding, fighting and killing. The voice of killing came faintly, but they were too far away to hear clearly.

"Xiao shuihan is over there!"

Ye Chen is excited and shakes more and more intensely.

Obviously, Xiao shuihan is at the front, and there is no mistake.

However, before ye Chen was close, a dozen disciples of the prison spirit Pavilion guarding the cliff mouth pulled out their weapons and rushed up.

"How can there be outsiders here?"

"Hey, what fresh flesh and blood."

"Although only to mend the sky, but physical fitness seems to be good."

"Kill him!"

The ten or so disciples, all of whom were fierce, rushed up in a swarm, their weapons shaking, and they wanted to divide Ye Chen's body.

Ye Chen is shocked. It is said that all the people in the prison drink blood and corrode their bones. They are all crazy people who only know how to kill.

Just in the prison spirit Pavilion, there was the suppression of the God of heaven prison, and ye Chen sent a pile of gifts, so we could not see the ferocity of the Tianyu disciples.

But now, he saw it with his own eyes.

These ten tianku disciples are crazy, with blue eyes and fangs on their lips. They are like the devil Shura. They want to tear up Ye Chen and eat them alive.

"Destroy Daoyin, open up!"

"Gengjin Magic Arrow, piercing!"

Ye Chen did not talk nonsense, immediately turned out the nine Yi sunset bow, Geng gold source Fu broke out.

One after another, the Geng gold runes are wrapped around the bow body, blooming with bright golden light.

The endless essence of Gengjin is condensed into a golden arrow.

This arrow, which is placed on the bow string, has a high degree of solidification. It is not illusory, but becomes a solid substance, as if it were made of metal and steel.

Bang!

Ye Chen's finger is loose, and the golden arrow of Geng bursts out. The strong atmospheric current runs through the void, and the golden light is vast, which actually converges into a torrent.

A small arrow, completely turned into a golden torrent, like a river across the starry sky, rolling forward and roaring.

The fierce spirit of Gengjin, constantly tearing, the earth shaking violently, was overturned, plowed out a deep ditch, smoke and dust rolling.

In the midst of the smoke and dust, Geng Jin's arrow was fierce, and the Tianyu disciples on the straight line, like paper paste, were torn up in an instant, and turned into blood rain all over the sky.

The nearby Tianguan disciples were also affected by Geng Jin's spirit. They all threw up their blood and fell to the ground to death, losing all their vitality.

An arrow.

It's just an arrow.

Ye Chen shot all the ten Tianguan disciples.

"Geng gold source rune, as expected, powerful!"

Ye Chen is extremely happy, Geng gold source rune, advance can attack, retreat can defend, once the outbreak, can explode the towering Geng gold spirit, block the invincible.

If it is used for defense, combined with the red dust God pulse, it can be concluded absolute defense, which is enough to resist the impact of the strong source environment.

To be able to refine the Geng Jinyuan rune, ye Chen's overall strength, compared with before, can be described as a leap forward.

Whoa!

After shooting and killing the Tianyu disciple who is in the way, ye Chen quickly comes to the cliff in front of him.

Along the two cliffs out of a line of sky path, ye Chen step by step, each step forward, he felt a sharp heartbeat.

Xiao shuihan is right in front of us. He has experienced many vicissitudes for tens of thousands of years. I don't know how he is today.

Finally, ye Chen came to the end of the path.

In front of us, there is a sea of blood red.

It's the far north sky kill sea!

By the sea, black flowers flutter one after another.

It is the flower of heaven prison that never withers.

Ye Chen clearly saw that in the sea of blood, there was a man, tall and straight, wearing a mask, holding a sword in his hand, calm as a mountain, a sword to kill the surrounding enemy.

Around him, there are many powerful people in Tianyu, including elite disciples, semi saints, blood saints and even hell saints.

Although the single breath of these enemies is not comparable to that of the man, hundreds of people united to form one breath. The overall strength of the enemy is very strong. The man also fell behind, with many wounds and blood dripping on his body.

"Xiao..."

Ye Chen looks at the man, his eyes are in a trance.

Although the man was wearing a mask, he recognized it as Xiao shuihan at a glance!

Tens of thousands of years of vicissitudes, Xiao shuihan did not fall, he is still alive!"Master the sword technique!"

Xiao shuihan's long sword is waving, and his sword is powerful. Although he falls behind, he still tries his best to fight to kill a piece of heaven.

His swordsmanship is a martial art created by Ye Chen and Xuan Jiyue in his previous life.

Reincarnation and fate combine, even if the Supreme Master!

This dominating sword technique has the spirit of dominating the world and dominating the universe.

In the previous life, ye Chen has passed on the master sword technique to Xiao shuihan.

Xiao shuihan's sword technique is straightforward. It's very simple in every move. It contains the truth of the most simple way. It has obtained the essence of dominating the sword technique.

None of the surrounding enemies retreated. They paid the price of several lives to break through the blockade of Xiao shuihan's sword Qi. More than a dozen swords were split on Xiao shuihan's body, and blood spattered.

Xiao shuihan is more injured!

Ye Chen looks at this scene, heart faint pain.

"The water is cold, don't struggle!"

"You don't deserve to be the soul saint of heaven prison!"

"This ceremony, you must die!"

"Give up the struggle, we will give you a good time!"

One by one, one by one, one by one, are ferocious.

Xiao shuihan's strong, let them fear.

This killing ceremony is to select the soul saint of heaven prison.

Originally, thousands of people attended the ceremony, but after seven days and seven nights of fighting, only two or three hundred people are left.

Other people, all killed by Xiao shuihan, buried in the sea of blood!

If Xiao shuihan can kill all the people, he can become the soul saint of heaven prison!

This is the rule of the prison hall.

The disciples in the prison spirit Pavilion all exist in the nature of killing.

In this place, if you want to stand out, you can only walk on the bones of others.

A general success, ten thousand bones wither!

If you want to become the soul saint of the heaven prison and get the core inheritance of the prison spirit Pavilion, you must go through this terrible killing ceremony to kill everyone with one enemy!

But obviously, Xiao shuihan can't support it any more.

"Demon master, blood demonized!"

At the critical moment, the cold water is cold, and the sky is pointing to the sky, and hissing and roaring.

Boom!

Thunder concussion in the sky, a wisp of evil gas, suddenly came.

Xiao shuihan's long sword was immediately entangled by the evil spirit.

Endless evil Qi, along the body of the sword, permeated his body.

Whoa!

All of a sudden, Xiao shuihan broke out with evil Qi all over his body. In this instant, he escaped into the devil way!

Chapter 4312

The cold breath of Xiao Shui who escapes into the devil's way is terrible to the extreme!

Even ye Chen couldn't breathe.

But at this time, ye Chen's eyes are flashing across a picture!

It seems to be near a watershed.

There is a man in the valley!

And there's a little girl floating in the sky!

The picture in front of me is too vague to be distinguished by Ye Chen.

But he can be sure that ye Lingtian had an accident!

"Why has this always been the case recently."

"Is there any change in China?"

At this time, xuanhanyu, who had not spoken for a long time, said: "generally speaking, when different planes occur, it is impossible to conduct."

"You didn't leave any image on ye Lingtian."

"But there is another possibility."

"Xuanxianzi, what is it?" Ye Lingtian has a wonderful way.

Xuanhanyu pondered for a moment and said, "China belongs to your hometown, your root, and there are veins under the root."

"And the dragon vein is deeply in crisis, and this is across time and space and is transmitted to you."

"Blur is normal."

Ye Chen looked at Xiao shuihan not far away and murmured: "so you mean I want to put down my affairs and go to Huaxia?"

Xuanhanyu said directly this time: "it's not so. What's important to you now is the hundred day slaughtering ceremony."

"Huaxia calls for you to remind you, not to start at once."

"Didn't you leave something on ye Lingtian?"

"He should not worry about his life, or wait until he tells you to leave."

"Otherwise, if you go to China and harm the eternal king to fall, I'm afraid your Wuzu Taoist heart may collapse."

"There is, of course, another plan."

Ye Chen a Zheng, even busy way: "what?"

Xuanhanyu said: "do you still remember that there is a spirit animal in your body?"

Hear the spirit of the beast, ye Chen instantly understand what.

Fenling beast is extremely special. It turns into a part of Ye Chen. It makes a false impression to the enemy in many battles!

However, after the last incarnation into blood mist, ye Chen did not agglomerate for a short time.

"Xuanxianzi, do you mean to use my part to go to China

Xuanhanyu nodded: "if the time really coincides with the butcher's assembly, there will be only this plan."

"However, if you can survive the turbulent flow of space, whether you can survive is the key, so the best way to start is noumenon."

Ye Chen had thought in his heart. At this time, xuanhanyu said: "don't think about this thing at the moment. The prison is very strange on this day. It's not without reason that those superior people reach here."

"And, since you came here, a girl has followed you."

"But the girl seems to have gone somewhere else."

"As for who it is, because I'm sleeping and I don't have much perception."

Ye Chen Mou son one congeals, Xuan Han jade mouth's wench should be one of two people.

Or Ji Siqing! Or Wei Ying!

The blood of these two people can enter here safely, also very normal!

Ancient female martial god, juechan emperor respected later generations, any person's identity is the existence of ancient and modern!

.....

Heaven prison, extreme East, on a bloody peak.

A woman keeps climbing!

There seems to be a bird shadow behind the woman!

Even if there is a strong ban on the bloody giant peak, it can't stop this figure!

For half an hour, the woman finally arrived at the top of the great peak.

When a woman wears a veil, her forceful heroism and beauty blend together, even revealing from the veil.

There is such a woman in the world!

Ji Siqing breathed out a breath. She walked forward a few steps, knelt down on a huge stone, and made an extremely strange move with her hands.

It's like some kind of special ceremony.

At the end of the ceremony, a auspicious cloud appeared on the top of the mountain, and under the auspicious cloud, a bloody vermilion bird shadow appeared, which was integrated into Ji Siqing's body.

Ji Siqing immediately sat cross legged, but his face was full of pain.

As if a very violent energy in her body crazy collision!

This feeling almost choked her.

Fortunately, with the loss of time, Ji Siqing stopped, her face very pale.

"It is true that the past life has left a force here."

"Just why don't I remember what happened here?"

"My memory has come back to life."

Ji Siqing stood up. What she got today was enough for her to digest.

The time of Tu Sheng assembly is only a hundred days, and now some days have passed. She must be as strong as possible. Otherwise, how to guard the reincarnation Lord?

How to save the eternal king?

Just as Ji Siqing was about to turn around and leave, an old man stood in front of her.

"Miss Qu, we meet again."

Ji Siqing is stunned. She has never seen this old man. What's the matter now when the other party says they meet again?

And the other party called himself Miss Qu. obviously, this person and her previous life knew each other!

The old man smiles, and his bent body tries to straighten up, but it is extremely difficult.

Ji Siqing found that the old man's Shouyuan was very few!

Today, he is just lingering on!

Key, this blood peak ban is so big, how does the old man appear behind her without his own discovery?

"Miss Qu, I know you have a lot of doubts in your heart. You saved my life at that time. I never left here."

"I've been waiting for you to show up again."

"Old man, why don't I have any impression?" Ji Siqing is still confused.

The old man touched his beard and suddenly said, "it seems that someone has erased your memory."

"Yes, if you don't erase this memory, those guys in wanxu will find your existence in the cause and effect."

"In that case, you can't be here."

Ji Siqing is more and more confused. The appearance of the word "wanxu" is very strange but familiar!

This kind of feeling instantly let her sober up, someone even erased his memory!

"Please tell me the truth of that year!" Ji Siqing said respectfully.

In her opinion, the old man should not be lying. If you want to attack her, just tell the prison.

The old man's turbid eyes flashed a glimmer of light, turned and walked in a direction!

"You come with me, although the next thing may make me be bitten by the law of heaven."

"But I don't have much time."

"The cause of that year should also let me repay the fruit of today."

The old man forced out a drop of blood essence and fell on a strange black stone!

In an instant, there was a terrible shock from the whole bloody peak!

Then, the giant peak split! In two!

There's a ladder to the ground in the middle!

Under the steps is endless darkness!

But Ji Siqing knows that the dark is the answer to her sealed memory!

Chapter 4313

Ji Siqing's body completely submerged in the dark.

The shadow was boundless over her body.

At the moment, she even had a trace of fear in her heart.

It's a fear of the unknown.

Under the steps.

At last, there was a glimmer of light in the darkness. It was a little blue candle lamp.

The place where the candle lamp leads is a big round altar.

"What is this place, old man?"

Ji Siqing stopped, his eyes full of doubts.

The old man laughed and came to the center of the circular altar. With a wave of his arm, the whole altar vibrated!

Ji Siqing only felt that he had disappeared on the altar!

When I open my eyes, I find that everything around me has changed!

She is not in prison, but in an endless sea.

Some of this sea area is like the Sunmoon sea, and some are like other watersheds.

But in her ear, it is the voice of the old man: "this is my self-reliance."

"I'm a little special in my self-respect. As far as fighting is concerned, it's not even as good as some strong men in the early days of the origin."

"But I can take history as a mirror! It's called the mirror of history

"The sea you are now in is at the end of time, when you and the reincarnation Lord had come here secretly."

"As for the results, find out for yourself."

"Maybe when you find out, I'll be dead."

The old man's voice disappeared completely, and Ji Siqing could recognize his weakness.

I'm afraid that the old man built the world with his own nature and this altar, and the world used to work was connected by the old man's only life and blood.

Ji Siqing looks at the sea area.

Time seems to be still.

She's waiting for something.

Suddenly, two figures appeared in the sky not far away.

That was the reincarnation master and Qu Chenyan!

Just because all this is history, they did not find Ji Siqing, who was floating on the sea at the moment.

"Lord, do you really want to try?" The smoke in the distance had some worried mouth.

The master of the Wei'an figure, with his hands behind him, is holding colorful clouds at his feet. He looks at the Qu Chenyan beside him and says faintly, "Shen Yan, do you think I have a way back?"

"I am in charge of reincarnation, which does not mean death, but represents life."

"If people can't even enter the samsara, die in the world, and become the toys of those guys, can I feel at ease?"

"I don't want to see the people around me leave, and I don't want my faith to die out completely."

"I used to be a mortal, but now I'm like a God."

"The word" responsibility "is poured into the title of the Lord of samsara

"There is no choice."

"This time, you and I are just investigating."

"If it fails, the memory must be erased."

"Otherwise, those guys will be aware of the cause and effect that you and I have existed."

"It's a disaster for us."

Qu Chenyan's eyes flashed a trace of perseverance and said seriously, "I won't let you have an accident!
Never

"Unless they step on my body!"

The reincarnation master's eyes fell on Qu Chenyan's body, with a smile: "if one day, I really fall, maybe for a better future."

"Let's go."

Two figures in an instant toward a direction and go!

Ji Siqing has never heard of this dialogue in the memory of his previous life. It seems that this memory has finally been erased.

Maybe what happens next is the point.

Ji Siqing no longer thinks much about it, but runs away from the sky and pursues the former reincarnation master and Qu Chenyan.

.....

At the same time, the sky prison, the far north of the sky to kill the sea.

Ye Chen looks around the overflow of evil gas, worried.

Is xiaoshuihan really the same as xiaoshuihan?

The endless evil spirit of Xiao shuihan seems to cover the whole world!

One sword dominates, one sword enchants!

Master the sword technique. After practising it perfectly, you can lift the sky with one sword, arouse the source Qi, and incarnate as the immortal devil master.

Immortals are immortals.

The devil is the devil.

The master sword contains the secrets of both immortals and demons. The combination of yin and Yang is a very strong martial skill. If you can achieve the unity of immortals and demons, you can even break out the power of supreme power.

This is a sword technique that is comparable to the supreme source skill!

In the previous life, the master of reincarnation and the master of fate jointly created the master sword technique. They wanted to combine the magic method of the immortal and the devil. They combined Yin and yang to incarnate the Supreme Master and then fight against the master of the heart demon.

It is a great trouble for the master of reincarnation and fate that the master of the heart is wandering and weird. In order to prevent being attacked and killed by the master of the heart demon, the two men came up with various means. In addition to forming the defense line of "the end of heaven and the earth", they also created this master sword technique.

The legendary heart demon curse sword is a stubborn tumor that can't even be washed off by the holy water of the yellow spring.

However, if you master the sword technique, you can break the happy devil with one sword!

This is the only sword technique that can break the heart demon!

Ye Chen looks at Xiao shuihan, holding the sky with a sword, escapes into the devil's way, and immediately captures the various causes and effects of the previous life.

The master of swordsmanship is also in my mind.

Xiao shuihan's sword cultivation is obviously very high, but it is not perfect.

Because, if he really practice to the peak, that moment, he should be the incarnation of the immortal master, not into the devil.

If you incarnate as a demon master, it is easy to lose your mind and become a walking corpse.

Boom!

When Xiao shuihan waved his sword, the evil spirit rolled and killed the people around him.

"What's going on?"

"How did he suddenly become so strong?"

"What a terrible evil spirit!"

Around the day prison strong people, see Xiao shuihan suddenly burst out, all startled off the eyeballs.

"Xuanjiyue, I will kill you!"

Xiao shuihan hissed and roared, his eyes became red and his breath was extremely heavy.

He looked around and saw everyone, who seemed to be xuanjiyue.

"Kill, kill, kill!"

The rage of killing is surging in my heart. Xiao shuihan seems to be really the master of the demons. The long sword sweeps, and the light of the sword rolls, rolling up thousands of blood and surging waves.

Puff, puff, puff!

For a long time, the strong men in the prison were killed one by one.

No matter who touches the sword of Xiao shuihan, his body will be torn like paper paste, and there is no possibility of survival.

At the moment, Xiao shuihan completely escapes into the devil's way, killing the sky.

Boom!

This piece of sky killing sea is shaking violently.

One after another, the waves were surging.

Each spray contains the spirit of a demon sword, which is murderous.

"Run

"Xiao shuihan has gone crazy!"

"What's the relationship between him and the queen of the upper kingdom? How can he keep calling out her name?"

"Damn it, he thinks of us as queens. Let's go!"

In a flash, more than 40 people were chopped into corpses by Xiao shuihan.

The rest of the day prison strong people, panic, run away.

Xiao shuihan, who is the master of the evil way, has a sharp increase in combat effectiveness. He is simply a killing weapon and is invincible.

Chapter 4314

It is the first time for many powerful men to see Xiao shuihan's bottom card.

It is also the first time to know that Xiao shuihan and xuanjiyue have deep hatred. Even if they are lost in the devil, they still call out xuanjiyue's name.

The people did not dare to stay, one by one, escaped to the sea.

Ye Chen is standing on the beach.

In the extreme north of the sky to kill the sea, an outsider broke into it.

The faces of many powerful men in the heavenly prison are puzzled, surprised, angry and murderous.

If in peacetime, they may have been a surge up, ye Chen will be broken to pieces.

But at the moment, Xiao shuihan looks up to the sky and shouts "xuanjiyue" in his throat and pursues him with a sword.

Where do they dare to stay and flee in a hurry, they are afraid to be killed by Xiao shuihan, and they have no mind to take care of Ye Chen.

"Xuanjiyue, where do you want to run?"

Xiao shuihan shouts and shouts, looks like a madman and rushes to the shore with his sword.

Ye Chen is standing in front of him.

"Xiao..."

Ye Chen looks at the lost Xiao shuihan and calls softly.

"Xuanjiyue, take your life!"

However, Xiao shuihan has lost his mind as a demon. Looking at Ye Chen's face, he also has an illusion that ye Chen is xuanjiyue. He kills him with a sword.

Ye Chen's face was silent. He pulled out the evil sword and struck Xiao shuihan's sword with a sword, which just hit his weakness of Qi.

Xiao shuihan's weakness is hit, and he is suddenly in the same place like a sculpture. The sword front intersects with Ye Chen's, and he seems to have noticed something.

Only one person knows the weakness of dominating sword technique.

That is the Lord of reincarnation!

At the beginning, the reincarnation master and xuanjiyue cooperated to create this sword technique. He deliberately left a hand and left a weakness.

Even Xuan Jiyue doesn't know where this weakness is.

Now, CHEN Ye, it's still accurate.

"You You are... "

Xiao shuihan stood in the same place, the evil spirit in his eyes gradually faded away.

"This What's going on? "

"Who is this boy who has blocked Xiao shuihan's sword?"

"It's impossible to block the cold of Xiaoshui even if it's just to mend the sky!"

Those who escape the prison of heaven, see ye Chen and Xiao shuihan confrontation, immediately stunned.

In their eyes, the madness of Xiao shuihan was blocked by Ye Chen, which is really incredible.

At the moment Ye Chen, and Xiao shuihan stand opposite.

They are like sculptures. Their bodies are still.

The two swords are close together.

Whoa!

The wind blew.

The petals of Tianyu flowers dance around the two people, reflecting the blood light of Tiansha sea, which is like a dream.

"Wake up, Xiao!"

Ye Chen's eyes suddenly sharp, suddenly step forward, the sword spirit Tu Sheng.

"No!"

Xiao shuihan was covered with black fog, and the evil Qi which had just faded away attacked his eyes again.

"You are not xuanjiyue! who are you? Are you the Lord of the devil

Xiao shuihan, with tears in his eyes, was so excited that he roared again and again. Suddenly, he shook his sword and chopped Ye Chen.

Ye Chen's feet move and his body flickers. He easily avoids Xiao shuihan's sword.

Ye Chen has just recovered from all the memories that dominated the sword technique in his previous life. Therefore, he has completely seen through Xiao shuihan's movements.

Xiao shuihan crazy sword dancing, even a sleeve of Ye Chen can not touch.

"Xiao, wake up quickly!"

Ye Chen roars again, trying to wake Xiao shuihan.

However, Xiao shuihan turned a deaf ear, as if completely lost, only know to kill.

Chuckle!

The wild spirit of the demon sword is raging around Ye Chen.

Even if a strong man from the source area comes and is crushed by such terrible sword spirit, I'm afraid it will be broken to pieces.

However, ye Chen's figure, like a butterfly, shuttles through the gap of sword Qi. The leaves do not touch the body, so it is very natural and unrestrained.

Those escaped prison strongmen, standing nearby, saw this scene, all of them were shocked and forgot to escape for a time.

The scene in front of me is really incredible.

In their eyes, like a troll like the terrible Xiao shuihan, but even a hair of Ye Chen can not be hurt.

You know, ye Chen has only three layers of sky!

"Ah, ah!"

Xiao Shui shivers under, still can't touch Ye Chen, thoroughly crazy.

His eyes suddenly ferocious, abandoned Ye Chen, and killed the strong man in the nearby heaven prison with his sword.

"No! Here comes the madman. Run

Many of the day prison strong people were shocked and turned around in a hurry to flee.

They are also aggressive. They usually drink blood and eat bones. They all look like crazy people. But now, in front of Xiao shuihan, everyone is scared. No one dares to resist and just runs for his life. Because Xiao shuihan at the moment is the real master of the demons. The evil spirit is extremely domineering, which is enough to suppress the blood of ordinary heaven prison strongmen and crush their fighting spirit.

Puff, puff, puff!

Xiao shuihan took up his sword and cut several weak Tianyu strongmen into two.

Although he can't hurt Ye Chen, it's easy to kill those who are strong in heaven.

It's no joke to dominate the power of sword technique.

Once incarnated as the master of the demon, you demon's murderous spirit erupts, and the power of the sword move is close to the supreme source skill, and no one can stop it.

If ye Chen hadn't awakened the memory of his previous life and re understood the magic formula of dominating sword technique, he would have been broken to pieces by Xiao shuihan.

"Hahaha, xuanjiyue, you are dead at last!"

Xiao shuihan killed several people, cut off a person's head, put it in his hand, looked up at the sky and laughed, looking very ferocious.

"Well? Why is there a Xuanji moon? Here, too. How many? "

However, the next moment, Xiao shuihan witnessed the figures of those who fled, looking a little confused.

When he lost his mind, everyone he saw was xuanjiyue.

"Kill, kill, kill!"

Xiao shuihan is extremely irritable. He just wants to kill all the "xuanjiyue" with his sword.

And the rest of the heaven prison strongmen fled in panic.

Originally, the people in the prison of heaven were fierce and determined to die. They would never be afraid of death.

Even if their heads are cut off, they will not hum, which is the indomitable will engraved in their blood.

But now, Xiao shuihan has become the master of the demons. His magic power is too powerful, which directly crushed their will. No matter how strong he is, he has become a lost dog.

"Xuanjiyue, where do you want to go? Fight with me

Xiao shuihan roared loudly, just like a lion. He took his sword to chase down the dogs who lost their homes, and instantly chased out more than ten li.

"Xiao, come back!"

Ye Chen saw Xiao shuihan far away, suddenly frightened and rushed to catch up.

However, Xiao shuihan's speed was too fast. His body was like a ghost. In a flash, he disappeared. A shrill scream came from the distance, and someone was killed by him.

"Not good!"

Ye Chen's face changed and looked around, but he could no longer see the figure of Xiao shuihan.

It's so fast!

Chapter 4315

"Damn it!"

Ye Chen took out six seek shadow plate, along the direction of the instructions, desperately catch up.

Xiao shuihan's loss is different from ye Luo'er's.

Ye Luo'er's loss is very difficult. Ye Chen spent a lot of hard work before and after, and finally saved it.

But Xiao shuihan's loss was not so serious. He just lost his reason temporarily because of the evil spirit.

When the breath of dominating swordsmanship is silent, the evil Qi dissipates, and Xiao shuihan can return to normal.

As before, ye Chen also had a time of being possessed by the devil. When the enchantment is over, everything will return to normal.

Ye Chen estimates that at most two hours, Xiao shuihan can completely recover.

At that time, he can take Xiao shuihan to leave.

But now, Xiao shuihan is gone.

Ye Chen can only follow the six shadow seeking plates and keep catching up with them.

It was getting dark and night was falling.

Between the sky and the earth, a violent fluctuation of source gas suddenly arose.

These source gases are not pure at all, with strong impurities.

Click, click, click.

The earth at the foot of Ye Chen suddenly split, and magma erupted.

These magma, actually containing the breath of the fire source symbol, is very hot. If it is burned, I'm afraid it will be seriously injured.

Bang bang!

A flurry of magma, like a column of fire, rose, dyed the night sky red, magnificent.

Ye Chen steps forward, avoiding the impact of magma.

He has just awakened the memory of dominating the sword technique, and his reincarnation blood has further recovered. His strength has improved obviously. Although his cultivation is still to mend the three layers of heaven, his body method and steps are much more flexible.

Woo Hoo Hoo!

Before ye Chen could breathe slowly, a storm suddenly blew up on the flat land in the distance.

The black tornadoes roared all over the world.

Countless grains of sand, gravel, cactus trees, have been swept up, smoke and dust rolling.

The violent wind disaster, like a nightmare, attacks and kills Ye Chen.

Ye Chen quickly ran to a hill behind, to avoid the attack of the wind.

Boom!

The storm has not stopped, there are thunder raging in the sky, one by one thunder and lightning like boa constrictor, frantically bombard and down, the earth cracked, flying sand and rocks.

"Fire, wind, thunder, thunder, the elder is right. At night, there will be countless natural disasters."

Ye Chen's face was dignified and thought of Lei Zhen's words.

Obviously, Mr. Lei Zhen was right.

The secret place of heaven prison is the place where the superior once cast ten source symbols.

Here, there are ten source symbols of miscellaneous gas, all of which are dregs. When it comes to night, it will cause natural disasters. Whoever dares to stay in the wild must be in danger.

However, under the bombardment of natural disasters, the ancient treasures hidden under the earth are likely to be turned out.

This place, after all, is a secret place where ten source runes were once cast. There are many treasures left under the ground.

Most of these treasures are the corner materials left by the superior.

In the eyes of ordinary practitioners, the corner material in the eyes of the superior is naturally a first-class exotic treasure. If you can get it, there will be great fortune.

Therefore, for tens of thousands of years, many people have flocked to it, risking to enter the prison just to find what the superior left behind.

However, ye Chen has no interest in it. The purpose of his trip is to find Xiao shuihan and take him away.

But now, Xiao shuihan is gone, and there are endless natural disasters around him. Ye Chen is unable to walk.

"Damn it, we'll have to wait for dawn."

Ye Chen holding six seek shadow plate, see the light of this instruction continuously fade away, Xiao shuihan is gradually away, in the heart incomparably anxious.

But it's no use to worry. If you rush out, you will only be engulfed by the natural disaster of endless source gas.

"When Xiao shuihan returns to his senses, he should take the initiative to look for me."

Ye Chen comforts himself secretly in his heart. If Xiao shuihan can return, it will be better.

The long night, finally passed.

Ye Chen sleepless all night, always thinking of Xiao shuihan back, but did not see anyone's figure.

"It's dawn at last!"

Ye Chen looks at the sunshine on the horizon in the distance, and suddenly gets excited. He stands up and wants to continue to look for Xiao shuihan.

But all of a sudden, there was a "click" sound from the six shadow seeking disks, which actually broke!

"What's going on?"

Ye Chen's face suddenly changed. He felt that the law of heaven prison around him was much stronger.

"Damn it, it's the God of heaven! He cut off the cause and effect of Xiao shuihan! "

Ye Chen is absorbed in the induction, but finds that the causal breath of Xiao shuihan is completely cut off.

Obviously, there is great power to cut off the cause and effect of Xiao shuihan and prevent his breath from leaking.

There is no doubt that it is the God of heaven!

The God Emperor of heaven prison not only cuts off the cause and effect, but also expends his own energy to continuously strengthen the law of heaven prison, relying on the pressure of the law to crush the outsiders! Ye Chen took a step, only feel the pressure on his shoulders, as if carrying two mountains.

The gravity here is more than twice that of yesterday!

"The God of heaven is against me!"

Ye Chen's face became very ugly. Yesterday, he offended the God Emperor of heaven prison and was pursued and killed. However, after he escaped, the pursuers did not continue to kill him. Obviously, the emperor of heaven prison didn't get to the point of breaking through the net and never dying.

But today, the God Emperor of the heavenly prison actually expended his energy to strengthen the authority of the law of the heavenly prison. This shows that he wants to kill Ye Chen without dying!

It is estimated that in the prison spirit Pavilion, there have been countless strong men.

In an instant, ye Chen catches the endless danger of heaven, and there is a murderous spirit in all directions.

The God of heaven will kill him!

There is no doubt that Xiao shuihan returned to the prison spirit Pavilion last night, and was discovered by the God of heaven prison.

Therefore, the heavenly prison God Emperor is determined to kill, just want to get rid of Ye Chen.

"Xiao, don't we really have a chance to reunite?"

Ye Chen's heart is cold. The strong man of the prison spirit Pavilion is almost killed. If he doesn't go, he will die.

But Xiao shuihan is in front of you. It's not easy for ye Chen to leave?

He is not willing to!

Chuckling

Time, however, does not wait.

When ye Chen is still struggling, there are strong men in the sky around him, tearing up the void and quickly killing and plundering.

"Boy, do you want to run after offending the emperor?"

"You've made master Xiao lose his mind and commit a terrible crime. Leave your life as soon as possible!"

"Kneel down quickly, I can still leave you a whole corpse in the prison spirit Pavilion!"

There are at least dozens of strong men in the prison. They are fierce and come around.

Once the encirclement is formed, ye Chen cannot escape.

"Why!"

"Almost!"

Ye Chen struggles in his heart. Yesterday, he could take Xiao shuihan away.

"Yesterday, I should stop Xiao shuihan from becoming a demon, and join hands with him to break the killing ceremony. With my help, he won't have to be possessed."

Ye Chen regretted that his intestines were all green, which was very painful.

Yesterday, he saw Xiao shuihan and was shocked. He forgot to help him for a moment. As a result, he made a big mistake and could not be retrieved. Now he really regretted that his heart, liver, spleen, lung and kidney were in pain.

Chapter 4316

Xiao shuihan has mastered the master sword technique. If ye Chen can take him away, he can not only make up for the regret of his previous life, but also get a great help when the butcher's meeting begins.

Unfortunately, it's too late to say anything.

Around the heaven prison strong people, the worst is the elite disciples, there are many half saint, even a heaven prison blood Saint level master.

The crowd quickly formed a encirclement and surrounded Ye Chen like an iron barrel.

Ye Chen this time, it is really difficult to escape.

"Master the sword technique!"

"The master of fairyland, I'm the immortal, come down!"

However, ye Chen has no intention of escaping.

His heart, intense pain.

All the pain has evolved into a murderous hatred.

When the falling dust and descending dragon sword is offered, ye Chen roars up to the sky and tears his heart and lungs. The sword points to the sky and releases the killing moves that dominate the sword technique.

Boom!

The gray sky, suddenly the auspicious gas spurts thin, one after another Xianxi falls from the sky.

Whoa!

The endless immortal spirit falls on Ye Chen.

All of a sudden, ye Chen seems to be the master of fairyland. The whole human God is flaming and golden, just like the Immortal Emperor who lies in the sky of Jiuchong. He is invincible. His eyes open and close, as if he wants to crush the mortal world and bury hundreds of millions of corpses.

A piece of fairy light turns into a torrent of the road around Ye Chen. The mystery of the whole universe and stars seems to be dominated by Ye Chen.

This is the supreme profound meaning of dominating sword technique!

There are two supreme mysteries that dominate the sword technique. One is the demon master who broke out yesterday by Xiao shuihan, and the other is the immortal master that ye Chen broke out at the moment.

Once the two supreme mysteries are combined, you can see the secret of the supreme source technique and kill the heart demon's tumor.

Ye Chen's cultivation can not reach the level of the unity of immortals and demons, but it is more than enough to point to the sky and make the immortal spirit come and incarnate as the master of fairyland.

"What's the matter? How did the boy's breath suddenly become strong?"

"What a frightful immortality!"

"It's weird!"

Around the day prison strong people, see ye Chen suddenly incarnate immortal way master, suddenly shocked.

At this moment, ye Chen is full of immortality, and his sword is in his hand. He is invincible.

The domineering spirit of immortality is rolling out, and the whole law of heaven prison seems to be shaking.

"The immortal sword is broken and killed!"

Ye Chen roars up to the sky, and his inner pain evolves into a sense of war, and he wields his sword to kill him.

This sword, as if to dominate all things, such as the Immortal Emperor standing high in the sky, killing the mortals.

The blade of the sword ran over the void and made a very sharp sound explosion. It seemed that the law of the road would be wiped out.

It's a sword with the spirit, which is fierce and dominates the sky.

Puff!

In front of Ye Chen's sword spirit, there are more than a dozen strong men in Tianyu. Their bodies seem to be pinched by mud, and they are cut off by a sword on the spot.

The domineering sword light, mixed with rolling immortal Qi, vibrates in the surrounding void.

Puff, puff, puff!

Nearby, one by one, the strong men in the prison were shocked to death, and their seven orifices were bleeding.

Only four or five people standing in the distance escaped.

These four or five survivors were completely shocked by Ye Chen's sword spirit.

This is what a domineering sword, it is to dominate the world, crush the earth, not people can resist.

A sword, just a sword.

The pursuers, who had just been surrounded by iron barrels, almost died in an instant. Only a few survived, shivering.

With a sword, ye Chen takes a deep breath and recovers his original appearance.

The internal organs vibrated violently, puffed, vomited blood and fell into weakness.

He incarnated as the master of the fairyland. Although he oppressed the heaven and ran invincible, the burden of replenishing the heaven with Ye Chen was still too heavy, and there were side effects in an instant.

"It's time to leave."

Ye Chen's mouth showed a bitter smile. Now he has calmed down and knows that if he stays here, he will die.

This time, he and Xiao shuihan have no chance to reunite.

Although regret, although regret, but things have happened, it is useless to regret again.

Ye Chen was quick to calm down, thinking about the future countermeasures.

He strode away, the remaining days of prison strong, knowing that he was weak, but also did not dare to block.

Because ye Chen has just incarnated as the master of fairyland, and his strength is too strong. They are deeply shocked and dare not act rashly.

Ye Chen along the transmission exit, completely leave the prison.

Back to the outside world, the sky is blue, white clouds float, and there is a faint smell left by the fire source symbol in the air.

Under the mountains and rivers, there are also large areas of ruins.

That is the destruction caused by the war between Ye Chen and Jue Yan Huo python.

Looking around, there was no sign of jueyan fire python, and the golden lion dragon. When ye Chen left the dragon with golden eyes, now he is not here.

"Where is the golden lion dragon?"

Ye Chen frowns, slightly deduces the natural mechanism, and suddenly discovers the cause and effect of Lei Zhen.

"Did Lei Zhen take away the golden lion dragon?"

Ye Chen is a little puzzled. Master Lei Zhen left Tianguan first yesterday and didn't accompany Ye Chen any more. In order to protect himself from disaster, ye Chen doesn't blame him.

But what does it mean to take away his pet?

"We'd better go back to Yuantian court first."

Ye Chen does not understand, ready to return to the yuan Tian Yuan, but at this time, a sharp pain hit again!

His spirit is like a knife stirring!

The sharp pain came from his mind. Even with Ye Chen's ability to endure the pain, he could not help but cry out. He was sweating all over his body and burst into a frenzy. He even couldn't hold the sword in his hand and fell on the ground!

Ye Chen knows that the damned spirit has come again!

He forced himself to calm his mind and roared, turning the body of demon recitation and refining peak at the same time!

In an instant, a large amount of golden light poured out from the refining peak and covered the whole sea of knowledge!

A shadow of a sacred peak appears above the sea of knowledge!

The sea of knowledge, originally under the power of terror, was almost boiling. In the suppression of the golden light, the pain on Ye Chen's spirit was relieved.

At the moment of the appearance of the holy peak, ye Chen's eyes turned into pure black. The power of the spirit surged in an instant and resisted the tearing power!

But even so, the pain did not go away!

Ye Chen is extremely crazy and painful! Psychic power around the whole body!

An hour Two hours At the fifth hour, ye Chen barely opened his eyes.

His body almost collapsed, and his whole body was like being fished out of the water.

Fortunately, it broke out after getting out of danger safely. If it broke out just now when the powerful man of Tianxun pursued and killed himself, the spirit of God and soul fell back.

I'm afraid he's dead in prison.

At this moment, ye Chen has to face up to the problem of the soul's counterattack again!

Because it's deadly!

At the critical time point of the centenary massacre, if you break out, let alone save the eternal king!

"Damn it!"

Ye Chen bit his lips. What did he think of and said to xuanhanyu, "xuanxianzi, what should I do next?"

Xuanhanyu was also worried, but she could only say, "I said that only half of the underworld is possible. But after you come out of the secret place of Youwang, Shuo Lao doesn't respond. If you want the result, wake up Shuo Lao immediately."

Chapter 4317

Shuo Lao is a powerful bone dragon in the secret place of Youwang.

Ye Chen Mou son a sink, no longer hesitates, directly awakens Shuo Lao!

Not long ago, a weak and old voice sounded: "boy, what are you doing to wake me up at this time?"

Ye Chen opened his mouth and said, "I need to enter the half underworld immediately."

Ye Chen has no choice!

If this thing happened again, he might fall into the situation of irreparable disaster!

Who will save the eternal king, who will solve the Chinese Affairs, and who will wake up the lost Xiao shuihan?

Who is going to fight against those who are superior and complete the main layout of reincarnation!

At present, the half dark place is the most important thing!

Old Shuo glanced at Ye Chen and was slightly surprised. He thought Ye Chen was still the holy ancestral realm, but now it is the three layers of heaven that mends heaven!

The real strength should be at least at the early stage of its origin.

And ye Chen is so weak, I'm afraid this half underworld place is related to life and death.

Now plastic old can be said to be tied with Ye Chen in a boat, ye Chen must not have an accident.

"According to the time node, the entrance of the half underworld place should be almost weak a little bit, plus your strength, you should barely enter."

"If you so request, follow my instructions."

"You should know the location of Youwang's secret place."

"Go back first!"

Ye Chen's eyes twinkled with determination and nodded: "good!"

.....

At this time, in the prison.

Those who survived the prison, looking at the corpses all over the ground, were still deeply shocked.

Ye Chen incarnated as the master of the fairyland, and his divine power was like a prison, which completely crushed their fighting spirit.

"How can that boy's magic power be so similar to Xiao shuihan's demon sword spirit?"

"Yesterday, the evil spirit of Xiao Shui broke out. He chased and killed the remaining participants of the ceremony and went back to the mountain gate. If it wasn't for the divine emperor, I'm afraid the whole prison spirit pavilion would be slaughtered by him."

"It's terrible. Yesterday, Xiao shuihan was full of evil spirit, and the blocker was invincible!"

"It's strange that the boy's supernatural power is magnificent. It's totally different from Xiao shuihan's spirit of heavenly magic sword. However, I feel that both the immortal and the devil have the spirit of dominating the world, and the source is interlinked."

"Go back and report to the LORD God. It's not easy!"

Several people have been talking, gradually out of fear, aware that the matter is not simple, and hurried back to prison spirit Pavilion.

It turned out that yesterday Xiao shuihan turned into a demon master. He chased and killed him all the way to the gate of the prison spirit Pavilion. Finally, he was suppressed by the God of the heavenly prison and crushed all the evil Qi in him.

Now Xiao shuihan has recovered his intelligence and kneels in front of the God Emperor in the prison spirit Pavilion.

The empty shadow of the heavenly prison God Emperor, floating and standing, is obviously much lighter than yesterday.

He suppressed the evil Qi of Xiao shuihan, and then strengthened the law of heaven prison, which cost a lot of energy.

"Cold water, do you remember? Who is that young man named Ye Chen

Heaven prison God Emperor looked at Xiao shuihan and asked slowly.

"I I don't know. "

Xiao shuihan covered his head with pain, but he couldn't remember.

He incarnates as a demon master. If the evil Qi dissipates automatically under normal circumstances, his intelligence will not be damaged and his consciousness can be fully restored.

However, the problem is that the emperor of the heavenly prison forced his hand yesterday and crushed his evil spirit, leading him to wake up in advance. The spirit was seriously impacted and many memories were lost.

"Yesterday that ye Chen came to me and said that he wanted to see you. The relationship between you and him is absolutely extraordinary."

"In the prison spirit Pavilion, my most important disciple is you."

"I'm old. Sooner or later, the position of prison spirit Pavilion will be passed on to you."

"Over the past tens of thousands of years, I have shown great kindness to you, but you say that you have another master and you will leave sooner or later."

"Ye Chen, is that the person sent by your master? He wants to take you, doesn't he? You said that one day, God and man will come to take you out of the bitter sea. The eternal foundation of my prison spirit Pavilion will still have the figure of the superior behind. How can it be the bitter sea

"I appreciate your loyalty, but you can't leave me with so much effort to cultivate you. At least, you have to solve the problem for me."

The tone of heaven prison God Emperor is tired, lonely, and even a trace of Aggrieved.

He likes Xiao shuihan too much. His talent and determination make him see his figure when he was young.

If he could, he would like to pass on the foundation of the prison spirit pavilion to Xiao shuihan.

In this way, even if he died, Xiao shuihan could take his last wish to make up for his regret.

However, Xiao shuihan has a master.

This point, tens of thousands of years ago, the heavenly prison God Emperor knew.

Xiao shuihan had another Ming Lord, who was loyal and loyal, and the God Emperor of heaven prison also appreciated him very much. But the problem is that he spent so much effort to cultivate Xiao shuihan into a heaven prison dark saint. He must not let Xiao shuihan go without saying a word.

Otherwise he will lose too much!

Now, the emperor of heaven prison only thinks that ye Chen is a subordinate sent by the old lord Xiao shuihan to take Xiao shuihan away.

He never thought that ye Chen was the old master of Xiao shuihan!

In the final analysis, ye Chen's cultivation is still too low to cause too much conjecture of the heavenly prison God Emperor.

"Tell me, who is Ye Chen, who is your old master, and what kind of enmity do you and xuanjiyue have?"

"What's more, you incarnated as the master of demons yesterday. Where did you learn such supernatural powers? Who taught you, your old master? "

Heaven prison God Emperor repeatedly questioned, he can not helplessly watch Xiao shuihan leave him.

"Lord God, I I really can't remember anything. "

Xiao shuihan has a painful face and a sharp pain in his head. As soon as he hears Ye Chen's name, he feels that there is a sharp knife in his head, and his consciousness is almost crushed.

"Well, it seems that the shock to your spirit is really serious. It's my fault."

The God Emperor of the heavenly prison regretted. Yesterday, Xiao shuihan was possessed by the devil and killed the gate of the prison spirit Pavilion. The whole prison spirit pavilion was in danger.

Under the crisis, he put a heavy hand on it and completely crushed Xiao shuihan's evil Qi, which not only made Xiao shuihan recover in advance, but also severely damaged his spirit, leading to the concussion of consciousness.

"Newspaper!"

At this time, a disciple of the prison spirit Pavilion bowed his head and ran in quickly, whispering to the God of the heavenly prison, explaining clearly the details of encircling and killing Ye Chen, and finally being dominated by Ye Chen as a celestial being.

"The boy ran away?"

The emperor's face sank and his eyes were angry.

"My subordinates are incompetent. Please be kind to me

The disciple knelt on the ground, shivering.

"A bunch of rubbish, what can I do for you?"

The emperor of the heavenly prison was furious. With a wave of his hand, he crushed and killed him. The disciple's body burst and turned into a blood mist. He swallowed him on the spot, and there was no residue left.

Chapter 4318

When dealing with Xiao shuihan, the emperor of Tianyu was caressing him with great kindness. However, he treated ordinary disciples with life and death, and killed them directly without any mercy.

Xiao shuihan covered his head and was trapped in the pain of the concussion of the spirit.

"The water is cold, you go back and have a good rest. Maybe in a few days, you will be able to recover."

The emperor of heaven prison sighed and waved his hand. His face was tired.

"Well, I'll go back first."

Xiao shuihan got up and left, his steps trembled a little, and murmured in his mouth:

"Ye Chen, who is this man?"

"My old lord, who is it?"

After Xiao shuihan left, after a while, there was a huge figure, entering the attic.

It's the black cloud bear.

Black cloud bear's hand, carrying a big hammer.

It's a weapon of thunder shock. It's four pole heaven shaking hammer!

"Black bear, what's the matter? Why did old Lei Zhen's hammer fall into your hands?"

The God of heaven prison is a little confused.

The hammer was still stained with blood, shocking.

Black cloud bear grinned grimly and said, "Lord God, I didn't find Ye Chen, but I met the old man Lei Zhen. He fought with him for most of the day and robbed him of his weapons. He was also seriously injured by me. Although he escaped by chance, he was seriously injured. It is estimated that he will not live long."

It turned out that yesterday, Lei Zhen said goodbye to Ye Chen and left first.

But unexpectedly, I met the black cloud bear on the road.

The two fought fiercely for most of the day. Last night when ye Chen was avoiding natural disasters, they were still fighting a duel.

As a result of the battle, Lei Zhen was seriously injured and defeated, and even his weapons were taken away.

"Lord God, this weapon is for you."

The black cloud bear presents the four pole earth shaking hammer, which is one of the top ten source soldiers. It has a strong sense of killing and cutting.

"No, keep it for yourself."

The heavenly prison God waved his hand.

Hearing this, the black cloud bear was overjoyed and said, "thank you very much for your reward."

He grasped the handle of the hammer and waved it casually. He felt that it was just fierce and domineering.

The black cloud bear is big and powerful. He has no weapon to use. His sword, spear, sword and halberd are too light. This four pole earth shaking hammer is extremely heavy, but it is very suitable for him to use.

A hammer in the hand, black clouds bear down when showing domineering power.

"Lei Zhen, the one who is going to die, don't worry about him."

"Ye Chen, that boy, has already run away now. Black bear, you take three heavenly prison blood saints out and bring the boy's head back! You have a four pole earth shaking hammer in your hand, and your strength is soaring. I think that boy is not your enemy. "

Heaven prison God Emperor's tone is gloomy, just want to kill Ye Chen quickly, and then borrow Ye Chen's body to push forward the cause and effect of heaven behind the performance.

He wanted to know who the old master of Xiao shuihan was.

There is Xiao shuihan and xuanjiyue's enmity. What is going on.

Xiao shuihan actually has a feud with xuanjiyue. This is not a trivial matter. Although the heavenly prison is powerful, and he is not afraid of the sharp edge of the upper world, after all, the God Emperor of the heavenly prison is old. Before finding a suitable successor, he does not want to tear his cheek with xuanjiyue.

"Lord God, I can go alone without help."

The black cloud bear waved a hammer and was in high spirits.

"It's better to be careful in everything. Bring three heavenly prison blood saints to make sure everything is safe."

"Yesterday, when ye Chen was worshipping the mountain, I had already left a mark on him. You can follow the mark, find him, and kill him directly without mercy."

Between the words of the heavenly prison God Emperor, a spiritual talisman was offered.

This talisman, flashing red light, can trace the trace of the mark, so as to find the location of Ye Chen.

"Yes, Lord God, I will set out at once!"

Black cloud bear turns to leave, immediately takes three days prison blood saint, leaves the secret place, goes out to pursue Ye Chen.

Half a day later, the black cloud bear and three people came out of the secret place of Youwang.

However, at present, the secret place of Youwang has been closed and everything is empty.

Black cloud bear's expression is extremely strange: "how possible, why the mark disappeared here?"

"Did this guy get into it?"

One of the other three said, "what should I do next?"

The black cloud bear fiercely smashed the four pole earth shaking hammer to the ground, the murderous spirit erupted: "wait!"

"I'm afraid Ye Chen has entered a secret place. I don't believe that he can hide for a lifetime."

.....

Ye Chen returns to the five soul building of Youwang's secret place again.

The three heavenly level soul seals in the body may be something that they feel, rush out of the body and surround the whole body.

Shuo Lao said: "next, you may have to understand the spirit seal of the heaven order, because it is very important in the semi underworld."

Ye Chen doesn't think much about it any more. He sits cross legged, and the three heavenly level soul seals burst out into bright light! One day later, ye Chen opened his eyes, and Shuo Lao's weak voice sounded: "follow my guidance and fly to the East."

Ye Chen left the building of five souls, moved his body, and headed for the East. Now the prohibition of emptiness is no longer effective. With Ye Chen's escape speed, in a blink of an eye, he arrived at what Shuo Lao said.

Here, actually is a cold pool, the cold pool is suffused with blue and blue color, it seems that there is nothing special about it.

Ye Chen's eyes move, and the next moment he sneaks into the cold pool. As soon as he enters the pool, what ye Chen first feels is cold and overcast!

His pupil shrinks, in this cold pool, Yin Qi is very rich!

Under the impact of this strong Yin Qi, with his physique, he dived into the cold pool, which was quite laborious

I'm afraid that ordinary martial artists from the original frontier can't go deep into it

At this time, three strange runes with the fluctuation of soul path appeared around Ye Chen at the same time. They were the three soul seals.

In the soul seal, a mysterious wave melts into Ye Chen's body. In an instant, ye Chen's body suddenly has a kind of inexplicable change, which seems to be somewhat empty and transparent.

This is one of the abilities Ye Chen acquired after refining the three soul seals, Linghua!

Its effect is similar to that of the water of the underworld. It can make the living things change into a state close to the spirit, but it is countless times higher than the water of the spirit!

The effect of the three heavenly level soul seals makes Ye Chen's spirit and body perfectly integrated. This kind of spiritual state is even more pure than most spirits and ghosts!

For a time, there was still some piercing Yin Qi, which instantly became very close to Ye Chen. Being in it was like being in a hot spring. It was extremely comfortable!

Even when ye Chen's heart was moved, the rolling pure Yin Qi was integrated into Ye Chen's body one after another!

In this state, the effect of Yin Qi on Ye Chen is no different from that of aura.

His face is satisfied, while swallowing the surging Yin Qi, he goes to the deep of the cold pool.

Soon, they reached the bottom of the pool.

Ye Chen's eyes flashed, and soon found a dark cave at the bottom of the pool.

Old Shuo said: "boy, this is the entrance of the half underworld."

Xuanhan Yu also said: "Ye Chen, now you have swallowed three Heaven level soul seals, and the spirit path has been greatly improved. You have nearly perfect spirit body, and the magic power of transforming soul power and physical force into each other. You have the strength equivalent to the early stage of the original state. With your current strength, you can enter this semi underworld to have a look."

Chapter 4319

Ye Chen nodded, the next moment, the body moved, then sneaked into the cave.

A whirling sensation poured into Ye Chen's mind.

.....

At the same time, a message spread in the dark.

What's the news?

Ye Chen, the news of falling in the secret place of Youwang!

After all, ye Chen came to the Yangzhen realm because of Qi Yunshu.

At that time, those dark envoys who came out of the secret place of Youwang stayed a little longer in the Ming Dynasty for some reasons and made some chances.

Not long ago, they returned to the dark region and told them that ye Chen had died in the secret place of Youwang.

In the dark region, the underworld.

Lanxi sighed and said, "master Gu, this is what happened..."

Lanxi, one of the emissaries of the dark realm, may have made a lot of chances in the Ming Dynasty after he came from the secret place of Youwang, and felt a sense of breakthrough.

Gu Xuan's pretty face, without a trace of expression, after a long time, just open a way: "know, you go."

Blue river to Gu Xuan line a ceremony, get up to leave.

Gu Xuan slowly from the main seat above, stood up and said: "xiaorou from today on, the affairs of the state of hell, to you to take care of, I want to close life and death."

In her beautiful eyes, the cold light suddenly flashed, and her extremely horrible killing intention filled her mouth and said: "God stars list talents? I want them dead

.....

After opening his eyes, ye Chen has come to a strange world, and his eyes are full of pale color.

Ye Chen looks at everything in front of him, his eyes flash slightly.

This is the half dark place?

His first feeling is Yin Qi!

As xuanhanyu said, the Yin Qi here is extremely rich, and it is essentially different from that of other countries!

That is extremely pure!

Pure to produce qualitative change!

This is the holy land of practice!

In a sense, this place is similar to the place where Xiao shuihan lived.

However, this is not what ye Chen is concerned about.

He asked xuanhanyu, "xuanxianzi, what are we going to do in this half dark place?"

Xuanhanyu said: "there is a secret place name in the half hell place, which is the holy place of praying for the underworld. In the holy place of praying for the underworld, there is a stele of tongtianming. On the stele, there is a nameless soul art. It is said that this soul art can refine the spirits of the heaven and make up for itself with resentment.

However, since the existence of the half underworld, there are very few soul and ghost practitioners who can understand this nameless soul skill. However, I believe you can do it. "

"This is the key for you to solve the problem of ghosts and spirits."

when ye Chen heard the speech, his eyes flashed slightly. It seems that the first thing he had to do was to go to the holy land of praying for the dead.

At this time, all of a sudden, a ghost roar faintly passed into his ears. Ye Chen looked in a certain direction, and his mind swept. He saw that a black purple, Hill sized ghost was attacking a group of people who were pale and white.

Ye Chen sees form, some doubt tunnel: "this ghost also can attack each other?"

Xuanhanyu said: "the monster is called the ghost demon, which only knows how to kill, but has no reason. Moreover, the ghost cultivation in this half of the underworld is different. The pure Yin Qi makes them even have the body and give birth to offspring, which is no different from normal human beings."

At this time, under the attack of the ghost demon, that group of ghost Xiu has been stretched out of support. Ye Chen pondered for a moment, and suddenly his figure flashed and appeared in front of the ghost demon.

When the ghost demon roared, the black purple claw would tear Ye Chen to pieces. Ye Chen saw what he saw. He saw a flash of cold light in his eyes, a wave of his sword finger, and a gray black sword was cut out!

What he is doing is the skill of soul force!

In the semi underworld, pure martial arts are difficult to exert their power. In addition to the soul skill, ghost monks use this soul martial art!

Only with the soul road integration, can let the martial arts play a certain strength!

.....

A few days later.

Under a blue sky, there is a gray and gloomy earth.

At the moment, there is a line of pale, lifeless people passing through a white wood forest.

At the end of the line, a young man with a cool look was at the end of the line. Beside him, a man who looked about 30 years old walked with him.

Ye Chen opened his mouth and said, "brother Zhang, I heard that this session of the ceremony of entering the temple of extreme Yin is about to start?"

The man standing next to Ye Chen, named Zhang Heng, comes from Zhangjia, Tianyin city. The last time he met the ghost demon in the process of business, it was Ye Chen who rescued them.

Zhangjia is a more powerful force in Tianyin City, but Zhang Heng is only a miscellaneous deacon, and his strength is not strong.

When Zhang Heng heard the speech, he looked at Ye Chen unexpectedly and said, "why, brother ye, do you want to participate in the initiation ceremony of the Yin Temple? This Yin Temple is the top power in the dark world. It's not easy to join it. "Ye Chen nodded: "I want to try."

Zhang Heng said: "yes, brother Ye's strength is far beyond the realm. Even the ghost demon can be easily killed. Moreover, the soul of Ye brother is so pure and his talent is so high that we can look up to him. We really have a chance to pass the ceremony of the Yin Temple.

However, the ceremony of the Yin Temple will be held soon. Brother ye, if you want to participate in the examination, you can't do without the order of Yin God. "

The so-called soul body is the body of half soul and half flesh condensed by the ghost cultivation in the place of half hell.

Ye Chen's body and spirit are top-notch, and he has refined three soul seals. His soul body is so pure that it can crush 99% of ghost cultivation.

"Yin God order?" Ye Chen didn't know that it was necessary to take part in the examination.

However, this is normal. The operation of Tianyuan hospital is similar.

Zhang Heng said with a smile: "the Yin Temple is one of the four halls in the dark world, the top of the top. Every year, there are countless ghost practitioners who want to join the Yin Temple. Naturally, no one is qualified to participate in the examination. Therefore, there is the order of Yin God.

Brother ye, to tell you the truth, Miss Zhang Jia is going to attend the initiation ceremony of the Yin Temple this time. Would you like to return to Zhangjia with me?

You saved elder brother Zhang, and he didn't know how to repay you. Brother Zhang was in Zhangjia, and he could say a few words, that is, he would go out of his way to give up his old face, and he would also say for you and Miss Zhang that he would try his best to win a place for you. What do you think? "

Ye Chen smell speech, eyes a bright way: "that, thank big brother Zhang."

Zhang Heng said with a smile: "what can I thank you for? It's on brother Zhang!"

Ye Chen no longer says anything, but secretly records Zhang Heng's help in his heart, following the Zhangjia caravan toward Tianyin city.

Originally, he only went along with the Zhangjia caravan just because he was on the way to the Yin Temple. By the way, he learned about the information of this half underworld place. He had the opportunity to get the order of Yin God, but he got a surprise.

The reason why Ye Chen wants to join the Yin Temple is very simple.

It is the holy place he wants to enter, which is one of the holy places of the Yin Temple!

If you want to enter, you have to be a disciple of Yin Temple.

As for Qiang Chuang

Ye Chen's strength is good now, but there is no lack of strong men in this half dark place!

Not to mention the top power like the Yin Temple.

There is no difference between trying to break into the shrine of yin and seeking death.

If you can't solve the problem again, I'm afraid there will be something wrong with the butcher's assembly!

Chapter 4320

One day later, ye Chen arrived in the city of Tianyin.

Tianyin city is a third-class force in the land of half hell. As the top family in Tianyin City, Zhangjia is also a third-class family.

Every year, the Yin Temple assigns some orders of Yin gods to the third-class forces in the Hei Ming region. Only children born from the upper third-class forces are eligible to join the Yin Temple.

Zhangjia, among the third-class forces, can also be regarded as the top, so it has been allocated five places.

According to Zhang Heng, all the candidates for the ceremony are decided by Zhang Fengxi, the third young lady of the family.

After entering Zhangjia, Zhang Heng took Ye Chen to visit Zhang Fengxi.

Soon, under the leadership of Zhang Heng, ye Chen entered the living room of Zhang Jia.

On the main seat of the hall, sat a beautiful girl. She was wearing a long blue dress embroidered with stars. Her face was extremely exquisite and her figure was slender and graceful. Even ye Chen couldn't help but shine in front of her.

However, although the woman's face is beautiful, a pair of Danfeng eyes, but with a indifferent and arrogant.

This daughter is the third miss of Zhang Jia, Zhang Fengxi!

When ye Chen looks at Zhang Fengxi, there is no special feeling. Although Zhang Fengxi is beautiful, she can be regarded as a top beauty. However, the looks of the women around Ye Chen, such as Xia Ruoxue, Ji Siqing, Jin Shuhui and Chu Ying, are not at all under Zhang Fengxi. Even, they are even better.

And Zhang Fengxi in the eyes of arrogance, but let Ye Chen not like very much.

However, Zhang Fengxi does have a proud qualification!

In Ye Chen's eyes, a faint flash of startled face, this Zhang Fengxi, age, not more than 25 years old, but has been the source of a layer of heaven's cultivation!

Moreover, its soul body is also incomparably pure!

Although, she can be so old, to reach this level, there is a reason why the Yin Qi of the half underworld is extremely pure, but her talent is also a thrill!

Ye Chen knows that there are two kinds of ghost cultivation in the semi underworld. One is the offspring born by the combination of two ghost practitioners. These children may be born with pure soul body. The other is the ghost cultivation that was born by ghost cultivation but failed to possess the soul body, or the ghost cultivation who entered the semi underworld by chance.

These two kinds of ghost cultivation can only be cultivated into soul body by the day after tomorrow. Naturally, the purity is much lower than that of the ghost cultivation with natural soul body.

The purity of the soul body is very important for ghost cultivation. The purer the soul body is, the faster it can absorb Yin Qi!

Because of this difference, ghost cultivation is also divided into congenital ghost cultivation and acquired ghost cultivation.

Zhang Fengxi is obviously a congenital ghost cultivation, but his qualification, even in the congenital ghost cultivation, is also the existence of the extreme against heaven!

Seeing that Ye Chen saw Zhang Fengxi, he just stood still and did not react at all. Zhang Heng couldn't help but change his face a little. He quickly looked at Ye Chen and said, "brother ye, why are you in a daze? Give me a gift to the third lady!"

Ye Chen smell speech, this just reacts to come over, touched a nose, to Zhang Fengxi Shi a courtesy way: "see three young lady."

He has not saluted people for a long time, and with Zhang Fengxi's strength, he really has not the qualification to let him salute. For a time, he forgot that he was looking for her help.

Zhang Fengxi glanced at Ye Chen. A trace of displeasure flashed in the deep of her beautiful eyes. She was just a mending heaven realm, but she was in awe of herself. Was she so presumptuous?

She looked at Zhang Heng and said, "brother Zhang, is this

Zhang Heng said with a big smile on his face: "this is Ye Chen, ye childe, miss. This time, on the road, we met a ghost demon who started half a step from the source. But the guard of Zhangjia happened to be injured and was almost in danger. It was Mr. Ye who helped us keep us safe."

Zhang Fengxi's beautiful eyes, a flash of color, ye Chen is just to fill the sky, the existence of three layers of heaven, can actually kill half step of the source of the ghost demon?

What's more, she could see that Ye Chen's soul and body were extremely pure, almost no less than her own. She was only 30 years old, but she could cultivate to mend the sky. She also had the strength of nearly half a step to the source of origin, which was regarded as a gifted talent.

Such people are really proud.

However, Zhang Fengxi beautiful eyes in the look, is more cold a point, pride can also be distinguished to whom!

In her opinion, although Ye Chen is good, it is far from her own. After all, there is a big difference between not entering the source and stepping into the source!

And ye Chen faced himself, that kind of casual, indifferent, as if he was better than himself in general?

Zhang Fengxi's arrogance is blind.

The next moment, Zhang Fengxi nodded his head and said: "in this case, you take him to get some reward."

Hearing this, Zhang Heng said with a smile: "it's such a third lady. Mr. Ye is going to attend the ceremony of the Yin Temple Therefore, I want to ask the young lady for an order of Yin God... "

"What!"

Hearing the speech, Zhang Fengxi's tone suddenly cooled down and said: "brother Zhang, you have worked for Zhangjia for a long time. How can you not be so modest? Do you still bring him to see me? When Zhang Heng heard the speech, his face changed, but he still insisted: "Miss, please give me some accommodation..."

He knelt down in front of Zhang Fengxi.

Ye Chen saw this, his eyes were slightly heavy and frowned: "brother Zhang, don't be so..."

He glanced at Zhang Fengxi faintly and said: "since the third Miss doesn't agree, it's OK. I'll try my best."

Zhang Fengxi looked at Zhang Heng kneeling in front of him, but he was also silent.

Zhang Heng is a relative of Zhang's family. Zhang Heng's grandfather died in the war for the master of Zhang's family and Zhang Fengxi's great grandfather!

Therefore, although Zhang Heng was only a servant and deacon in Zhangjia, his status was somewhat special.

He knelt down and asked, and Zhang Fengxi didn't give any face.

She said faintly: "well, brother Zhang, you get up."

Said to prepare to turn to leave Ye Chen way: "you wait a moment."

Ye Chen hears the speech, but does not stop at all the meaning.

Zhang Fengxi saw this, this time, the face has been angry!

A mending day exists and ignores itself?

Until Zhang Heng stood up, he quickly pulled Ye Chen and said, "brother ye, listen to the young lady..."

Zhang Xiye stopped looking at her.

Zhang Fengxi said coldly: "there are only five places in Zhangjia, but there are many children in Zhangjia who are better than you. It's hard to say that you can hardly pass the ceremony. On the contrary, you will kill yourself. Do you still want to participate?"

She wants Ye Chen to retreat in the face of difficulties.

Ye Chen is light way: "I can take good care of myself."

Zhang Fengxi listened to Ye Chen's tone, more uncomfortable.

She suddenly said, "to tell you the truth, there are four places left in our family except me. When we attend the ceremony, all of them have to act for me to achieve better results. Are you sure you are helpful to my ceremony? I don't want to be a burden. "
