Chapter 4331

It has been ten hours since Zhang Fengxi came out. During this period, Zhang Fengxi also hunted and killed 20 or 30 first layer sky Ghost demons, as well as two end source two layer sky Ghost demons!

In front of you is the second one!

However, she also suffered a lot of injuries in the battle with the second layer ghost demon of Shiyuan.

The next moment, that ghost demon body a special Yin Qi into Zhang Fengxi's bracelet.

Her eyes twinkled. Now, she has nearly 50 points. With her age, the 50 points should have a chance to enter the top 139.

Now the practice of insurance is to hide like Ye Chen.

However, Zhang Fengxi did not intend to do so.

First, if you want to enter the top 139 without fail, you need to break through 100%!

Second, ye Chen hid to practice, which must not get points. If she could, she wanted to help Ye Chen. After all, ye Chen stood up for her when Yao Jiuxing was in trouble, and the reason why Ye Chen wanted to hide was because of this

Therefore, she should try to accumulate as many points as possible, even ye Chen's share!

Zhang Fengxi took a pill and began to recover.

Can be at this time, Zhang Fengxi is suddenly opened his eyes, toward a certain empty direction to see!

Her beautiful eyes trembled for a moment, her eyes showed a flurry of color, her body moved, and then shot towards the front!

And in the moment of Zhang Fengxi's action, a blood red figure suddenly appeared in her just where she was just now, the terrible ghost claw, hard hit!

There was a big bang, a huge pit appeared on the ground, and the whole space was twisted under this grasp!

Zhang Fengxi looked at the bloody figure, and a look of fear appeared on her pretty face

The ghost demon is a source of three layers of heaven!

Moreover, different from the ordinary ghost demon who only knows how to kill, the ghost demon seems to have a trace of wisdom and knows how to attack secretly!

On the one hand, Zhang Fengxi was able to defeat the ghost cultivation in the second layer of Shiyuan environment, because she was against the heaven and had outstanding strength. In the first layer of heaven, Zhang Fengxi could be said to stand at the top. On the other hand, it was because those ghost demons would only act according to their instinct!

Can, in front of this know how to sneak attack the origin of the three layers of sky Ghost demon, but absolutely not so easy to deal with!

It's terrible!

Zhang Fengxi gritted his teeth, and his body was full of Yin. He poured himself into the white bone sword. On the white bone sword, a blue-green ghost fire was instantly ignited. At the next moment, it turned into a blue-green flame rainbow and shot at the ghost demon!

After hitting this sword, Zhang Fengxi did not hesitate to turn around and flee in the opposite direction, even abandoning the white bone sword!

The ghost demon uttered a shrill cry, and with a casual blow, the blue and green flying rainbow was smashed. Even the white bone sword's aura was dimmed by this blow.

At the next moment, his body flashed and rushed out towards Zhang Fengxi. In a flash, he reached Zhang Fengxi's back. His face was ferocious, his blood claws were dense, and there were countless cracks in the surrounding space. His five fingers were like ghosts and gods that killed all things, and bombarded him down!

Zhang Fengxi saw this, Jiao body trembled, cold sweat DC, under this claw, she felt the crisis of life and death!

A small bone shield flew out of Zhang Fengxi's arms and rose in the wind. It quickly turned into a person's size and blocked in front of the blood claw. On top of the bone shield, there were countless runes. Zhang Fengxi also murmured, pouring the Yin Qi in his body into the bone shield without reservation!

There was another earth shaking sound. The bone shield was hit by the ghost demon, and there were countless cracks on the surface. Zhang Fengxi, who was behind the bone shield, was also affected by the terrible shock force. He spat blood at his mouth, and the whole person flew backward and hit the earth heavily. His delicate body was faint and blurred

Ghost training is the soul body. If a warrior dies, the soul still has a chance to escape, but if the ghost is dead, the soul will be completely destroyed!

And Zhang Fengxi's body shape is blurred, it can be seen that his injury is extremely serious!

With a roar, the ghost demon appeared in front of Zhang Fengxi, with a frightening smile on his face. His eyes were full of the light of killing. He raised his claws and was going to attack Zhang Fengxi fiercely!

In Zhang Fengxi's beautiful eyes, the color of despair emerges. Her consciousness is gradually blurred, and she can't keep awake.

Just as the eyes were about to close and the demon's claws were about to fall, a figure shot like lightning, and instantly appeared in front of Zhang Fengxi. His right leg swept out, and a seal condensed on his leg. The gray and black light flashed and pointed at the ghost demon's face!

The ghost demon was surprised and wanted to resist, but it was too late!

This leg, too fast, too fast! Even if it is the ghost demon with the strength of three layers of heaven from the source, it is too late to respond!

Hit the target in a second!

With a roar, the huge body of the ghost demon flew backward in an instant, smashing countless rocks and trees into pieces, flying tens of thousands of meters, and finally stopped! At the moment, the ghost demon's body is empty!

That head, it was kicked out!

"Ye Ye Chen

Zhang Fengxi saw the visitor clearly, standing in front of him was a young man with a cool look.

He looked at himself and shook his head helplessly.

Not ye Chen, who else?

Indistinctly, Zhang Fengxi felt that her body was held up, and her consciousness fell into chaos at the next moment

Ye Chen looked at her, slightly frowned, Zhang Fengxi's injury is very heavy!

The next moment, his feet suddenly force, toward the direction of Kui Mulin, shooting away!

At the moment, Qin Xiao and others on the top of the black snow are gaping with their mouths wide open. Some of them can't believe the scene in front of them

Ye Chen beat the ghost demon of the first three layers of heaven in their expectation, but what shocked them was this leg!

This second killed the ghost demon's leg!

Qin Xiao looked at the other two people, and some of them couldn't believe it and said, "did you find it?"

The two elders nodded with difficulty

Qin Xiao swallowed his saliva and said, "again Stronger again? "

All of a sudden, he was a little aware that his ancestors let them look at Ye Chen's intention

If they only killed ghosts and demons in seconds, they would not be able to perform like this. The key is that they can see that ye Chen's leg, from the perspective of hundao and Wudao, is no different from that of Yao Jiuxing!

However, the power of this leg is very different!

Ye Chen's kick to Yao Jiuxing was strong, but it was not to the extent of killing three layers of ghosts and demons with one leg!

This shows that ye Chen left his hand before

Or, his strength has improved again!

Chapter 4332

And Qin Xiao three people, more inclined to the latter!

They can see that ye Chen didn't use all his strength when he faced Qin Xiao. However, it seems that ye Chen didn't try his best to kick the ghost demon just now!

There is no difference in the use of two legs, that is to say, if ye Chen had used 50% of the power, now it is still 50%!

But it's different!

Can one day just meditate?

What evil is Ye Chen?

.....

On the other side, ye Chen returns to the cave with Zhang Fengxi.

He looked at Zhang Fengxi's faintly thin and transparent soul, and sighed: "since I promised elder brother Zhang, I won't let anything happen to you..."

At the next moment, ye Chen put his hand on Zhang Fengxi's chest. He felt a soft touch between his five fingers. A strange color flashed on his face. Well, I have to say, it's quite comfortable

Zhang Fengxi's delicate body looks rather delicate, but the pair of standing clean white snow peaks are particularly proud, and the feeling of nature is not to be said!

However, it is not that ye Chen wants to take advantage of Zhang Fengxi's coma and take advantage of her. Ye Chen's character is not enough to make such a dirty thing.

The reason why I put my hand here is because the ghost demon's claw aimed at Zhang Fengxi's heart. Although it was blocked by the bone shield, it had broken Zhang Fengxi's sternum under the penetration of that force. The chest is the most seriously injured position of Zhang Fengxi!

Ye Chen wants to heal her wound. Put your hand here, the effect is the best!

Not only is he not taking advantage of Zhang Fengxi, on the contrary, he wants to let Zhang Fengxi take a big advantage!

Ye Chen said with a wry smile: "it's cheap for you..."

At the next moment, a faint black light surges in Ye Chen's hands and melts into the wound on Zhang Fengxi's chest. The broken bone is reborn and healed quickly under the baptism of the black light!

This ray of black light quickly filled Zhang Fengxi's body, and his soul became more and more condensed!

This black light is naturally the xuanming Jue Xi of Ye Chen!

Ye Chen's blood was originally a healing saint, but it was only for ordinary creatures. Although Zhang Fengxi had a body, it was ghost cultivation in the final analysis.

Ye Chen's flesh and blood is also the most precious treasure for Guixiu. However, it has no good effect on healing wounds. However, xuanming juexi can easily recover all the wounds of Guixiu!

Just now, ye Chen has already refined a wisp of xuanming juexi into Zhang Fengxi's body!

This wisp of mysterious breath is equivalent to one thousandth of that contained in the cave. However, if it is taken outside, it is definitely the most precious treasure that can set off a bloodbath in the whole half of the underworld!

Ye Chen investigates Zhang Fengxi's injury. Seeing that there is no major obstacle, he starts to practice closed eyes again.

After a while, Zhang Fengxi slowly opened his beautiful eyes.

She recalled the previous scene, looking at Ye Chen's eyes can not help but some complicated

It was Ye Chen who saved her

Zhang Fengxi looked at his chest again, a little surprised, where the broken bones and meridians, and even the damaged heart, have recovered!

What did ye Chen do?

Not only has the strength far beyond the realm, but also has such a means against the heaven

For a moment, the image of Ye Chen became more and more mysterious in Zhang Fengxi's heart!

Her look, some hesitation, but, still open a way: "Ye Chen Thank you... "

Ye Chen swept her one eye, light way: "entrusted by others, loyal to people."

Although his tone is somewhat indifferent, Zhang Fengxi is not angry at all. On the contrary, his pretty face turns red slightly

She said in secret: "hum, this guy can pretend to be. After he goes out, he must be following him secretly, right? Otherwise, how can you know that you have an accident and appear so timely? "

I care about myself so much, but on the surface, it's such a cold attitude

However, Zhang Fengxi did not resent Ye Chen's attitude.

Well, sometimes men are more attractive when they are a little bit colder.

As long as a woman knows that you care about her, it is enough.

Looking at Zhang Fengxi's beautiful eyes flashing and her pretty face flying red, ye Chen's face color can't help but be strange

What is the woman thinking?

Why do you look at yourself like this?

In fact, ye Chen put all his heart on cultivation. How could he notice Zhang Fengxi?

Just let Shuo Lao leave a mark on his body, and when she is in danger, Shuo Lao reminds him!

After ye Chen absorbed xuanming Jue rest, his strength soared, and he became more and more adapted to this half of the underworld. It seems that his soul and body have the signs of meeting with the half dark place to mend the sky!

This enables him to use the six exterminations and Hongmeng ancient methods in the semi underworld without the restriction of the space law, so as to step on the space, which is extremely easy!Therefore, we can get to Zhang Fengxi in time.

Ye Chen gently coughed and said, "next, you can practice here. I said that practicing here is good for you. Don't run around."

This time, Zhang Fengxi did not directly refute, but asked: "Ye Chen, do you really want to stay here all the time? Then how can we get the score? We have fallen behind others a lot. If we go on like this, we will be eliminated... "

Ye Chen said faintly: "fraction? Can you just grab it? "

Zhang Fengxi was stunned when he heard the speech, and then showed a wry smile on his face. This guy originally made such an abacus

She could not help but say, "Ye Chen, you may not understand that all the time, those geniuses will ally in the ceremony of the Yin Temple. Do you want to rob them? If we look for warriors everywhere, we will have only one end, that is, we will be discovered by the alliance of those talents, and then become their prey

It's not something we can do. Although you are very strong, you may be able to cope with one of the talents, but if you face their alliance... "

Zhang Fengxi didn't go on, but the meaning couldn't be more obvious

The normal way to pass the ceremony is to hunt and kill ghosts and demons in the early stage of the ceremony. On the last day, like Ye Chen, he will find a place to hide until the ceremony is over

Ye Chen light way: "I rob is these genius."

Zhang Fengxi hears speech a Leng, immediately shook his head, ye Chen some too proud!

They don't even pay attention to the alliance of these talents?

You know, although these geniuses may be worse than ye Chen, they can also amaze the existence of the whole half hell place!

However, she did not continue to refute Ye Chen.

It's a good thing for men to have self-confidence, especially young men!

Chapter 4333

If it was not for ye Chen's pride, which comes from his bones and does not bow his head in front of any force, how could he stand up in front of the nine stars?

Ha ha, such as Xu Fengyun that kind of waste, on the surface proud, the result?

When you meet someone who is stronger than yourself, you will be like a dog. Even if you like a woman, you will sell it. This is a fart pride!

And she knows very well that men don't like people to question their decisions. She doesn't know why. Zhang Fengxi is afraid that ye Chen doesn't like it

Her pretty face is red again. Before, she was in front of the opposite sex, but she never had such scruples. This kind of feeling is like

I want to be obedient to Ye Chen, want to please him, and get his liking

Even if the talent of the enemy is no problem.

As for joining the Yin Temple, if you fail, you will fail. In terms of Ye Chen's sharp character, if you fail this time, it will be a good thing for him to be calm!

Next time, she will accompany Ye Chen to attend the meeting. Anyway, the Yin Temple will accept students every year.

Having learned the lesson of this time, with their qualifications, they will be able to join the Yin Temple successfully next time.

Thinking of this, I don't know why, Zhang Fengxi's heart was a little sweet, on the contrary, he was not disgusted with being eliminated.

She also learned from ye Chen's appearance and began to practice. Although she couldn't feel the xuanming Jue, Zhang Fengxi's soul became more and more pure.

.....

In the place of the ceremony, a young girl with a veil and a light blue dress was standing in front of a red corpse. Her beautiful eyes, which seemed to contain countless stars, twinkled with wonder.

In front of me, there was no scar except for the head lost. It seemed that the corpse was killed by someone!

Even she can't do it

With her strength, she needs at least three moves!

The most important thing is that there is not too much fluctuation of Yin Qi here, and there is no trace of fighting around. The person who made the move may have solved the ghost demon lightly!

Is there such a powerful presence in the land of rites?

This girl looks very young, a few years younger than Zhang Fengxi, but she has already sent out the breath of three layers of heaven!

She is the mysterious Yin spirit!

All of a sudden, the spirit of Yin moved, and the blue gauze skirt on her delicate body flashed. The whole person turned into a shadow that was almost empty, and by the way, the corpse of the ghost demon disappeared.

At this time, two ghost Xiu passed by. One of them said excitedly, "have you heard? Cangming, the son of Haiyao family, Shang Heyang, the son of the Five ghosts and the king of heaven, Xia Xuanyin, the young master of Jiusi mountain villa, have joined hands! It is said that they plundered countless ritual people and killed nearly ten thousand ghost demons, which has become a trend against the heaven!

And in this alliance, the most powerful is Yao Gongzi! It can be said that whoever Yao wants to be qualified will be qualified! Even those who want to join the hall of death can join it!

The most important thing is that you are offering a reward now!

A reward of 500 points is offered for the whereabouts of Ye Chen who offended him before the ceremony! "

Another person's face appears the color of ecstasy: "500 points! Well, he joined the hall of death! Even 250 points is enough! What else do we risk hunting? How about looking for ye Chen? When you find it, divide it equally

Ye Chen is strong, but Yao Jiuxing just wants them to find people, not to kill them!

However, soon the ghost Xiu frowned again and said, "however, I don't know where Xia Gongzi is. If they find Ye Chen, how can we inform him?"

The ghost monk who spoke earlier said: "it's easy to do. The person who told me the news said that Yao childe found a ghost's nest in the southeast of this place. There may be a piece of ghost bone in this nest!

Yao Gongzi and others seem to be going there to capture the ghost bone! "

Their bodies disappeared quickly. Yin Su Ling reappeared, looked southeast, and said to himself, "it is said that after the death of a very few ghosts and demons, the ghost bones can be born in their bodies. This ghost bone is a rare foreign treasure for ghost cultivation. If you can bear the strength of this ghost bone, you can make great progress by swallowing it!"

Although she was afraid of the Nine Star Alliance, she was unwilling to see the ghost fall into other people's hands. After a moment's hesitation, she still moved towards the southeast.

.....

In front of a very deep valley, there were countless corpses of ghosts and demons, and the blood was everywhere. These fierce demons seemed to have been killed completely!

In the valley, on a very simple altar, there is a piece of bone shining with black and blue light!

Although ghosts and Demons know how to kill, their instincts still let them know that the breath of the nether bones can enhance their strength. Therefore, they worship them and let them all get benefits! However, even if the ghosts and demons are dead, the battle has not stopped!

Those ghost Xiu, in order to fight for the ghost, and crazy fight!

Suddenly, a figure rushed to the altar in the valley, and at the same time, he yelled: "block them, I want to refine the ghost bone!"

"Yes

Nine figures instantly blocked the entrance of the canyon, each figure, even exuded not weaker than the origin of the atmosphere! One of them, is close to the source of two days of strength!

Moreover, the nine men were obviously proficient in some kind of joint attack. They stood in a certain formation and communicated with each other in Yin Qi. For a while, they burst out a rather huge force!

Ghost repair on the scene, see someone to get ahead of the rest, all face a change, crazy toward the nine people rushed to kill!

However, the formation of these nine men was beyond everyone's imagination. Even if they joined hands, they could not break it for a while!

The young man, who was flying towards the netherworld, dressed in a white robe and somewhat feminine in temperament, was overjoyed when he saw it. In a blink of an eye, he came to the altar!

This soft young man is full of breath, but also quite powerful. He is a source of two layers of heaven!

The child's eyes fell on the bones of the dead. Seeing that the treasure was within reach, his hands trembled with excitement!

The next moment, he did not hesitate to pick up the ghost bone and swallow it directly into his mouth!

He sat down with his knees crossed, as if to refine the bones!

The people who attacked the big array composed of nine ghost monks showed that they were extremely unwilling and envious!

But the nine people, although already all over the body is injured, but the face appears the color of ecstasy!

With Childe's strength, and then devour the ghost bone, can at least break through the source of three layers of heaven?

Chapter 4334

In that case, none of the people present were rivals of the young master!

But at this time, there was a cold hum in the sky.

"I can't help myself!"

They were stunned and looked up, but their eyes trembled in an instant!

In the sky, I don't know when hundreds of figures have emerged!

At the head of the group are three young men of extraordinary momentum!

These three people, awe inspiring is Yao nine star, Shang Heyang, Xia Xuanyin!

Dressed in a red robe, Shang Heyang looks like a child under ten years old. He is young and lovely, but in his eyes, there is a very cruel light!

If anyone looks down on him because of his appearance, the end will never be too good!

Its strength is also extremely terrifying. It has three levels of strength from the beginning!

Xia Xuanyin, beside him, wore a long silver shirt with a gentle smile and a folding fan in his hand.

However, its folding fan, but emitting a strong smell of blood, I do not know how many creatures died under this folding fan!

Xia Xuanyin is also the first three layers of heaven cultivation!

And speak, is standing in front of two people half step Yao nine star!

As for the hundreds of people who followed them, they were the attendants brought by the three families! Among them, most of them are the existence of the first layer of heaven in the source world, and even there are more than ten strong people in the first level of heaven!

They are undoubtedly the most terrifying force in the land of rites!

The martial arts people at the bottom are all frightened. They know that even if Yao Jiuxing doesn't fight, it won't be too difficult for these people to kill them all!

Too powerful!

However, it is strange that Yao Jiuxing and others are looking at the young man who is Yin and soft, swallowing the bones of the underworld without the intention of stopping them?

But, they all have a touch of irony in their eyes!

At this time, the Yin soft man who devoured the bones of the nether world, but his face suddenly changed. He saw a thick color of panic in his eyes and screamed: "how could this be so!? This... "

Without waiting for him to finish speaking, all they heard was a roar. The feminine man from the first two layers of heaven was blown into nothingness!

The nether bone fell to its original position

All of them could not help but swallow a mouthful of saliva

They now know why Yao Jiuxing and others don't do it!

No one is qualified to swallow this ghost bone!

They are all secretly lucky, fortunately, the first to rush to the front of the netherworld, not themselves

At this time, several figures came.

A person full of evil spirit, a head of white hair, it is Sihuai, the ceremony ranked second!

A human body with green light and dense ghost spirit was named Zhao Jun, ranking the eighth among the rituals!

There is also a man with a pair of bony wings on his back. He is very thin and pale, just like a skeleton. His name is longyasha. He ranks the fifth among the rituals!

The three walked quietly into the field.

Sihuai three people, the same is the source of three days exist!

Six of the top ten rituals have appeared!

Many people, it seems, are ready to leave here

In the face of these six demons, how can they get the ghost?

And even if you get it, you dare not swallow it

But at this time, Yao Jiuxing said: "who let you go?"

For a time, thousands of ghost repair were frozen in place!

Yao nine star light way: "want to go, can, leave your bracelet!"

They don't even have a chance to escape

Many ghost repair have handed in their own bracelets, only a few people still maintain a hard, no reaction!

Hand in the bracelet, it means elimination!

You know, some ghost monks who attended the ceremony did not come from any family power. They spent a lot of money to get the qualification, so they were not willing to give up easily!

They stand together, breath congealed, seems to be demonstrating!

Yao nine stars see, cold smile, eyes in the cold light flash way: "Heyang, these people give you to solve, OK?"

Tough with him?

Well, that's good. Then die.

Shangheyang heard the words and said with a ferocious smile: "no matter how good!"

At the next moment, this shangheyang body shape together, then turned into a startling Blood River, toward that many ghost cultivation swept away!

Actually, he didn't say a word, but started directly!

Those ghosts, with their faces changed, broke out one by one with Yin Qi all over their bodies. They used their means to attack the blood river!

However, at the next moment, the hearts of these people seemed to be dug out and thrown into the sea of ice, completely frozen! Their attack, falling on the river of blood, was like a bullock into the sea without even stirring up a little spray!

Almost in an instant, there were several ghost repair, screaming, swallowed by the blood river!

For a moment, those ghost monks did not have any resistance any more!

One by one, they screamed, "spare me! I am willing to hand over my bracelet. Please forgive me

"I I'm willing to follow Yao, don't kill me

"Please let go of master Yao. If I join the Yin Temple, I will be his dog all my life!"

With the cry of these people, the terrible river of blood is really stagnant in the air, as if waiting for the instruction of the nine stars!

Yao Jiuxing said with a sneer: "now beg for mercy? Late? Kill me

"No

"Please

"I'm wrong

At the next moment, the sound of screams was heard all the time. The dozens of ghost practitioners were instantly stirred into nothingness by shangheyang and swallowed up!

Those ghost Xiu who hand over the bracelets are all looking at this scene in horror! Shaking wildly

If, just now, they were hard tempered, they were dead!

Yao Jiuxing, too cruel, Shang Heyang, too violent!

However, a few people are still standing quietly in place, it is Sihuai three people.

Shang Heyang did not attack them, but fell on the side of Yao Jiuxing.

Yao Jiuxing said faintly, "well, now, you can go..."

Those ghosts and monks will be scattered immediately!

Only some people, still staying in the distance, quietly observe the movement of the valley before.

At the moment, in addition to Yao Jiuxing, there are only three people in the field.

Sihuai three people!

These three people, obviously very proud!

Yao nine stars looked down on them and said, "how, three, don't want to go?"

On hearing this, longyasha flashed a rage in his eyes and said with a sneer: "Yao Jiuxing, it's OK for you to frighten those rubbish. Do you really think that this ceremony place is owned by your family? If you can get it, I will fight for it

The other two did not speak, however, apparently with the same meaning as longyasha!

Yao Jiuxing hears the speech, but he laughs ironically

The next moment, the nine big stars appear behind the Yao nine stars!

Chapter 4336

.....

Ye Chen, deep in the ground, suddenly opened his eyes. At the moment, the dark and absolute rest in the cave has been swallowed up for it!

There was a look of great joy in his eyes!

After refining the xuanming absolute rest, ye Chen is very consistent with the law of the half dark place. In this half dark place, ye Chen has confidence, and even in the face of the genius of the origin of four or five layers, he also has the power to fight!

And its real strength, is also stable, to fill the sky four layers!

Ye Chen, with a touch of self-confidence in his eyes, looked at Zhang Fengxi, who was still practicing with his eyes closed, and said, "how long is it from the end of the ceremony?"

Zhang Fengxi opened his eyes and said, "well There are about six hours left... "

Ye Chen said with a smile: "well, almost, let's go out."

When Zhang Fengxi heard the speech, her pupils moved a little. She knew that ye Chen said that she was going to rob those talented bracelets

Although, she believes in Ye Chen's strength, after all, ye Chen killed the first three layers of ghost demon with one stroke, but she was still a little nervous.

I don't know why, she has a bad feeling in her heart.

They soon left the ground, out of the gray forest.

.....

On the other side, the highest mountain in the land of rites, on top of it.

Yao Jiuxing sat alone on a piece of bluestone. There were nearly 7000 people around him, standing respectfully!

Xu Fengyun and others are among them!

These 7000 people, basically, are all the warriors who participated in the ceremony and survived

And these people, all chose to follow Yao Jiuxing, loyal!

If you don't have loyalty, don't say you can't join the Yin Temple. Direct is death!

At the moment, Yao Jiuxing is full of gloomy color. Although he is in the process of looking for ye Chen, he has conquered all the rituals, but the biggest target, Zhang Fengxi and ye Chen, has not been found!

He bit his teeth and said rather reluctantly, "this rubbish is very good at hiding. He is a genius of counsellor, which can be called against the heaven."

Even Yao nine stars did not expect, the 7000 people, looking for a whole day, did not find the trace of Ye Chen!

If it goes on like this, the ceremony will be over

Although he can kill Ye Chen after the ceremony, he must be in a lot of trouble!

At this moment, Xu Fengyun, standing at the bottom, his eyes are flashing, he is looking forward to Ye Chen and Zhang Fengxi to be found!

At that time, he can step on their heads to prove that their choice is correct and wise. What about ye Chen and Zhang Fengxi?

It seems arrogant and dignified, but what about the result?

It's just being trampled to death by master Yao!

Don't say it was him, even Sihuai, did not choose to obey?

Hehe, ye Chen, Zhang Fengxi, do you think you have backbone?

You don't have backbone, just stupid!!!

He wanted to say these words to the two men, and he was going crazy!

Now, though, he has one more thing to do!

Xu Fengyun took a look at Yao Jiuxing and said in secret: "the ceremony is coming to an end. Yao Gongzi, you are going to give some points now?"

after all, in Yin Temple, we need to cultivate a trusted person. And who can enter the Yin Temple, who can join the death hall, has the final say by Yao nine star!

With a flash of his eyes, he knew that he had to please Yao Jiuxing and win a place to join the death hall!

Xu Fengyun racked his brains, thinking about how to make Yao Jiuxing satisfied with himself!

At the same time, ye Chen is moving in a certain direction, and Zhang Fengxi is following him.

During this period, they met several ghost demons, but ye Chen ignored them, and those ferocious demons, somehow, did not intend to attack them.

Zhang Fengxi was a little anxious. It was all scores. If he had collected all of them, he still had a glimmer of hope to join the Yin Temple!

However, she did not say anything, she knew that ye Chen's goal was only to snatch those gifted scores!

Since ye Chen is such a decision, then, she will comply with!

At this time, ye Chen suddenly looked moved, stopped and looked at the side of somewhere, Zhang Fengxi see, some puzzled, ye Chen this is how?

Suddenly, ye Chen looked at the position, as if there was a wave of turbulence rippling open, the next moment, a very graceful figure, then appeared in front of two people.

The woman was wearing a veil, but even so, she could not completely conceal her beauty!

Ye Chen's eyes are slightly bright. From his experience, we can judge that if this woman takes off her veil, her appearance should still be on Zhang Fengxi!

However, what makes Ye Chen amazing is not only the woman's appearance, but also her cultivation!

Its age, no more than 20 years old, but it is the origin of three layers of heaven!

The woman to Ye Chen slightly line a salute way: "Ye childe, my body name is Yin Su Ling."Yin Su Ling?

In Zhang Fengxi's beautiful eyes, a touch of startled face flashed. Among the rituals, the third most mysterious female genius, Yin Su Ling!

Why is this woman looking for ye Chen?

Inexplicably, Zhang Fengxi was wary of Yin Su Ling.

Ye Chen nodded his head and said, "what's the matter?"

He knew that they did not meet by chance. Yin Su Ling came to find himself.

Yin Su Ling said solemnly: "I came here to provide a message to Mr. Ye! A message about life and death

"Oh?" Ye Chen eyebrow tip a pick way: "is what?"

Yin Su Lingdao: "Ye childe, you made a correct judgment before, hidden! Now, we should continue to do so, hiding until the end of the ceremony!

Because now Yao Jiuxing is chasing you

"Is it?" Ye Chen was indifferent and unmoved.

Yin Su Ling was not surprised, because she knew that the headless ghost demon was probably killed by Ye Chen!

According to her judgment, the ghost demon is likely to die under the leg technique!

the powerful leg!

And ye Chen kicks the leg of Yao nine stars, very similar!

Therefore, ye Chen should be very confident, because he believes that his own strength is above the Yao nine stars!

Originally, maybe it is

But!

After the Obsidian nine stars devour the nether bone, the situation is completely different!

Not to mention, he has almost conquered all the genius who still live in the land of ceremony!

Seven thousand talents are also a force to be reckoned with!

Yin Su Ling continued: "Ye Gongzi, you don't know. Today's Yao Jiu Xing is not the previous Yao Jiu Xing. He devoured the Ming bone in the ghost's nest, and his strength has soared. He is the source of four layers of heaven's strength!

Moreover, even Sihuai, Zhao Jun and others were taken in by him, and even, around him, 7000 ritual people had gathered!

Therefore, you should hide, Mr. Ye! "

When Zhang Fengxi heard the speech, his face changed!

The biggest reason why she didn't object to Ye Chen's snatching points was that she believed that even if ye Chen was defeated, his life would not be in danger!

Chapter 4337

But now, it's different!

How close

Zhang Fengxi was lucky in the dark. Fortunately, there was a report from Yin Su Ling!

Even if she believes Ye Chen very much, she can be told rationally that ye Chen today is by no means an opponent of Yao Jiuxing!

To the surprise of Yin Su Ling, ye Chen was not afraid after hearing the news. On the contrary, his eyes lit up. He asked Shuo Lao, "Shuo Lao, what is this ghost bone?"

Old Shuo said, "good thing! One of the most precious treasures that may be born in the body of ghosts and demons! Although the talent of that Yao Jiuxing is good, it is not enough to completely devour the Styx in such a short period of time. It should still be in his body! "

Ye Chen hears the speech and smiles, eh, still in the body?

Then pull out his bones. Isn't that his own?

At the next moment, ye Chen took a slight smile on his face and said to Yin Su Ling, "why do you want to remind me?"

He didn't know and had nothing to do with Yin Su Ling, but when Yin Su Ling reminded him, he risked offending Yao Jiuxing!

When Yin Su Ling heard the words, her beautiful eyes seemed to flash for a moment, and she said in a low voice: "nothing I don't want to see you die in such a place... "

To tell you the truth, ye Chen's performance in Wanyin mountain is appreciated by Yin Su Ling. Whether it's the courage to speak for Zhang Fengxi, the arrogance to contradict Yao Jiuxing, or the decision to make a move as soon as you say it, are very attractive to women.

However, the main reason why she helped Ye Chen was because of his talent!

Since childhood, Yin Su Ling has a kind of loneliness, invincible loneliness.

Among the peers, no matter who they are, they do not have their own excellent loneliness!

Even, he lost his enthusiasm for practice. Anyway, how to do it, he is the first

She wants a rival to compete with herself!

Yin Su Ling's family background is very strong, and even, it is not under the Yin Temple. The reason why Yin Su Ling sneaks out to participate in the ceremony of Yin Temple is that she wants to see the talents outside!

At the beginning, she was disappointed that none of the rituals she met along the way could match her!

Until the appearance of Ye Chen and Yao Jiuxing!

Especially Ye Chen!

Ye Chen, also in her twenties, is not a few years older than herself!

In fact, the force has been above themselves!

Therefore, she did not want Ye Chen to die, but hoped that ye Chen would become her opponent and encourage her to move forward!

Ye Chen nodded his head and said, "thank you."

After saying that, they continue to move forward, that position is the direction of Yao Jiuxing and others!

Yin Su Ling slightly a Leng way: "Ye Chen, where are you going?"

Ye Chen said, "go to see the nine stars."

What!?

Yin Su Ling and Zhang Fengxi are both unbelievable!

Yin Su Ling has warned Ye Chen so much that he still wants to see Yao Jiuxing?

Is this man suicidal?

Yin Su Ling said anxiously, "Mr. Ye, do you think I'm lying to you? I'm telling the truth

Zhang Fengxi was also dissuaded: "Ye Chen, I also believe in the words of the Yin fairy..."

Otherwise, Yin Su Ling is full of food to support, specially comes to look for ye Chen? Just to let Ye Chen hide?

Zhang Fengxi knew that it was not so easy to find Ye Chen.

Ye Chen shook his head and said, "I believe you."

Yin Su Ling was stunned when she heard the speech. The puzzled color in her beautiful eyes became more and more intense. She asked, "well, why do you want to see Yao Jiuxing?"

Ye Chen light way: "these days, I have been practicing, no points, to rob him."

His tone was flat and he seemed to be saying something for granted.

Yin Su Ling and Zhang Fengxi are very dull looking at Ye Chen.

For that reason?

Still grabbing points?

Ye Chen is not on the source of four layers of heaven, 7000 genius, these words, no concept ah!

Yin Su Ling was a little angry. For the first time, he was so considerate of others that he was ungrateful!?

What a shame!

She said coldly: "I have already reminded you, if you want to die, then, I have no way."

When Yin Su Ling finished, his body flashed and disappeared.

At this time, Zhang Fengxi also said with a pale face: "Ye Chen, we still don't want to go. It's too dangerous. The ceremony, there's still a chance next time..."

She was afraid that ye Chen would be killed by Yao Jiuxing!

Ye Chen smelled the speech and glanced at Zhang Fengxi. He said calmly, "if you want to hide, you can go back to the underground cave before. You don't need to follow me. If I get the score, I will give it to you."

Then he walked forward.

There is a point, Zhang Fengxi thought right, men do not like women to question their decisions, at least Ye Chen is like this.

However, Zhang Fengxi's fear is also human nature. He can understand that he will not blame her for this, and even let her pass the ceremony. However, ye Chen will be a little disappointed.

Only rational women, ye Chen will not like.

But these days down, he had already born a trace of friendship to Zhang Fengxi.

Zhang Fengxi smell speech, slightly a Leng, she heard a trace of alienation in Ye Chen's tone!

The next moment, an inexplicable grievance, in Zhang Fengxi's heart, broke out!

Ye Chen thought she was afraid of death?

Dare not follow?

What she worries about is not herself, but ye Chen!

Zhang Fengxi yelled angrily: "good! Ye Chen, do you think I'm afraid of death? Don't insult people! Since you are going to die, I, Zhang Fengxi, will follow you to the end! "

Compared with death, ye Chen's misunderstanding and disappointment make her hurt more!

Ye Chen slightly a Leng, some accidents, but, but did not say what, continue to move forward, just a bit more mouth if there is no smile.

After Zhang Fengxi had made a decision to relax, what was he destined to do?

It's better to enjoy the last days of life.

She looked at the back of the man in front of her, and a wry smile appeared on her pretty face.

Even she couldn't believe it. She thought it was good to die with Ye Chen?

Even, a little bit happy?

After they left, a figure appeared in the same place. Yin Su Ling gazed at Ye Chen's direction of leaving, and coldly hummed: "hum, don't listen to my dissuasion. I'd like to see how you died!"

.....

At the top of the mountain, Xu Fengyun stood on the edge of the top of the mountain, paying close attention to the surroundings.

He wants to please Yao Jiuxing, but how can he please him?

Xu Fengyun thinks about it and has only one way!

That is to find Ye Chen!

Although the possibility is very small, ye Chen may appear near here, isn't it?

All of a sudden, Xu Fengyun's pupil shrank for a moment and looked in a certain direction. Even he was stunned

Yeah? In front of you, it seems that someone is coming towards here?

Poop! Poop! Poop!

Xu Fengyun's heart was beating wildly, and his face was very excited. He poured his spirit into his eyes, and the vague figure became clear immediately!

Chapter 4338

Come, is a man and a woman, the man's look is indifferent, the woman's face is peerless, not ye Chen and Zhang Fengxi, who is it!?

Ye Chen actually appeared!

Besides, it seems to be coming towards the top of the mountain!

At that moment, Xu Fengyun rushed to the mountain stone, and suddenly knelt on the ground. Facing Yao Jiuxing, who was refining the Ming bone with his eyes closed, he said in a high voice: "master Yao, I have found something!"

Yao Jiuxing frowned, slowly opened his eyes, glanced at Xu Fengyun, some unhappy way: "say!"

Xu Fengyun looked excited and said: "subordinate, found Ye Chen and Zhang Fengxi

"What?" Yao nine stars smell speech, immediately stood up, eyes big bright way: "where?"

Xu Fengyun pointed to a direction: "childe, please look!"

Immediately, Yao Jiuxing came to the edge of the mountain and looked in the direction pointed by Xu Fengyun. He looked very happy and laughed: "this boy, is he really here? What's more, it seems to be coming here? "

He patted Xu Fengyun on the shoulder and said, "well done, you can join the death hall."

When people around him heard the words, they all looked envious!

Xu Fengyun was praised by Yao Jiuxing, but he puffed up his chest with pride. He completely forgot that he betrayed and there was a woman he liked originally

After a while, the two figures came to the top of the mountain. Yao Jiuxing sat on the top of the mountain and said with a smile, "all of them get out of the way."

Immediately, Yao Jiuxing appeared in front of a space, ye Chen and Zhang Fengxi came to his eyes.

Standing behind Yao Jiuxing, Sihuai sees the situation, shakes his head and looks at Ye Chen's eyes with a touch of disappointment.

The reason why he spoke for ye Chen in Wanyin mountain was that ye Chen gave him a very different feeling.

So, he wants to make friends!

Even after being humiliated by Yao Jiuxing, Sihuai didn't regret it, because he thought that it was right for ye Chen to hide. Now he forbore, so that he would have the chance to kill Yao Jiuxing in the future!

But now, Sihuai is regretful

Ye Chen's pride, courage, worthy of admiration, but, stupid.

Now, how can we face such a special talent!

.....

On the top of the black snow, several elders such as Qin Xiao frowned. Qin Xiao said, "Laozu, do you want to stop it?"

Ye Chen and Yao Jiuxing both show their incomparable talents. If they join the Yin Temple, maybe within a thousand years, there will be two more super powerful ones in the Yin Temple!

So, they don't want a conflict between the two, and

This is not a fair fight!

In the face of Yao Jiuxing and the 7000 talents, let alone Ye Chen, there are four layers of sky or even five layers of sky. If one is not good, it may fall down!

The soul body cultivated by ghosts has both advantages and disadvantages. For example, it is fragile

The soul body is much more fragile than the human warrior's body!

Therefore, even better than the other side, in the face of a certain number of enemies, it is possible to capsize in the gutter!

Ye Chen such a demon, so fell, too pity!

But that wooden ran woman, is light way: "do not need."

Qin Xiao and others are worried

What do you mean, ancestor?

Clearly optimistic about ye Chen, but now, why stop them?

This, is not watching Ye Chen die!

However, they dare not question the existence of any decision!

Ye Chen and Zhang Fengxi came to Yao Jiuxing.

People around him looked sarcastic, as if they were looking at two dead people.

Yao Jiuxing looks down at Ye Chen. His face is a little strange. He can't help but say: "counsellor, don't you know how to hide? Have been hiding for two days, why now, out of the nest? I'm curious. Can you tell me? "

He is really a little curious, what is the reason, let Ye Chen so upset, from kill?

Ye Chen smell speech, eyes a narrow, some interested in looking at Yao nine stars.

Why interested?

Because, he is very curious, what kind of performance will this guy, who calls himself a counsellor, wait a minute?

Well, sure, it's interesting.

The next moment, ye Chen said: "give you a chance to live, I want to score, give me what you have in your hand, and then, kneel in front of me, apologize for what you said."

For a moment, the whole mountain was silent

People are inexplicably looking at Ye Chen, completely did not expect that he would say these words to ah!

Even Xu Fengyun and Xu Baohui are surprised. They know that ye Chen's brain is abnormal, but they didn't expect it to be so abnormal

Yao Jiuxing heard the speech, not only did not get angry, on the contrary, he burst out laughing!

He looked at Ye Chen with incomparable sarcasm and said: "don't tell me that you came to die for robbing my score?"Ye Chen nodded his head and said, "yes."

Yao Jiuxing hears the speech and shakes his head. He suddenly feels that he is not worth it. What is his anger with a fool? Their way of thinking is different from that of normal people!

Although there are very few in this world, there are some idiots who do whatever they want to do regardless of the consequences. It has nothing to do with pride. These people are just in the brain.

At this time, Yao Jiuxing's eyes fell on Zhang Fengxi.

His eyes, faintly appear a touch of fiery color!

To say that ye Chen is abnormal, Zhang Fengxi, though proud, is absolutely normal.

At the thought that he had been repeatedly rejected by this woman, the desire to conquer rose from his heart again!

I'm really reluctant to kill you like this!

Xu Fengyun, on the other side, keenly caught Yao Jiuxing's eyes, and immediately said: "Yao childe, Zhang Fengxi, this woman, although stupid, offended you, but at least it is also my Xu family's old friend. If this woman apologizes to Yao, can you spare her life?"

Yao nine stars smell speech, eyes a bright, face is appreciative color.

I have to say that Xu Fengyun is really suitable for being a dogleg. His ability to observe and see things is so excellent!

On the surface, he asked for Yao nine stars, but in fact, he gave Yao nine stars a step!

Yao Jiuxing nodded his head and said, "look at your face, OK."

Xu Fengyun said with a knowing smile: "Yao childe, how do you want her to apologize?"

Yao Jiuxing said with a smile: "well, my childe's legs are a little sour. Let her kneel down and beat my legs for me, and I will forgive her!"

Xu Fengyun looked at Zhang Fengxi and was pleased in his eyes. He whispered, "Zhang Fengxi, do you hear me? This is the kindness of Yao childe and the only chance for you to survive. Don't you come and kneel down? "

He couldn't wait to see the haughty woman kneeling down like a servant, and dressed like a star.

Xu Baohui also has a sneer on her face. Zhang Fengxi is really better than herself. Unfortunately, she has a bit less insight than herself. The most important thing for a woman is to choose a man's eye!

Hehe, what if it goes against the weather?

She chose Ye Chen. Now, she can only kneel in front of Yao Jiuxing!

This is the gap!

Chapter 4339

See Zhang Fengxi facial expression indifference, not moved, Yao nine star light way: "take it for me."

The next moment, the whole peak, seems to be an earthquake!

It's moving, the 7000 people, moving at the same time!

Seven thousand geniuses, one by one, were gloomy, and the body was full of Yin. They came towards Zhang Fengxi!

The pressure of seven thousand demons condensed into a sea of Yin Qi, which covered the mountain. For a time, the wind and cloud changed, and endless evil spirits rolled, just like the roar of evil beasts, demons and countless terrors came one after another!

The seven thousand days erupted at the same time. The breath was connected, and it became a force to destroy the sky!

Zhang Fengxi's face changed wildly. Under the impact of this momentum, her body was unable to move. She could only tremble, let alone resist. She couldn't even breathe. It seemed that there was a monster watching her. It was cold and frightening, which made her blood coagulate for it!

Don't mention her, even the invisible Yin Su Ling and her beautiful eyes are full of shocking color. Even she can't stand the pressure!

Seven thousand geniuses unite. It's terrible!

Zhang Fengxi Jiao body a paralytic, actually is involuntarily, wants to kneel down, wants to yield!

Her heart, in a crazy struggle, but the body is not to do!

Xu Fengyun and Xu Baohui are more and more happy. They can see that Zhang Fengxi, the proud goddess, is finally going to kneel!

But at this time, a figure but block in front of Zhang Fengxi, at the same time, a hand, around her slender waist, will her in the arms.

Zhang Fengxi gasped and felt the warmth of his arms. The pressure of the whole sky was suddenly dissipated.

For the first time in her life, she was held in her arms by a man. However, she felt extremely comfortable and did not mean to struggle at all.

In an instant, Yao Jiuxing's face became gloomy!

He stares at Ye Chen holding Zhang Fengxi, as well as, Zhang Fengxi's submissive appearance!

In my eyes, there is a flame coming out!

Zhang Fengxi and ye Chen hid together for a few days. Now, they follow this guy and come to die?

Originally, Yao nine stars in the heart, then uncomfortable!

Lonely men and few women, together in a certain place, stay for a few days, what can happen?

But seeing Zhang Fengxi's attitude now, he has been able to confirm!

This damned trash, the woman I adore, dare you move?

Good, good, then you go to die together!

In a flash, the opportunity to kill boiling, Yao nine stars completely broke out!

"Kill me!" he snapped

Seven thousand geniuses heard the speech and said in unison, "yes!"

With a roar, the strong wind swept over, and the whole ceremony place seemed to be shaking!

The breath of seven thousand talents is already so terrible. What's more, it's 7000 talents, and they're fighting at the same time?

For a moment, all kinds of martial arts skills broke out on this mountain top!

White bone flying!

Blood is shining!

It's full of Yin!

The black devil is rolling!

The whole world, all dim down, as if the end of the general!

Everywhere, with the flavor of dying!

The countless skills of soul and martial arts, merged into a cloud of death, to suppress Ye Chen!

On the top of the black snow, Qin Xiao and others are sighing

Sigh for the fall of genius

They know that ye Chen is finished.

Although Yao Jiuxing hasn't made a move, and even the top ten of Sihuai have not done so, the attack of 7000 talents has already reached the extreme. Ye Chen wants to block it, and it is almost impossible.

Even the woman with a wooden face, her eyes fluctuated for a while.

.....

On the peak, Zhang Fengxi closed her eyes and was ready to die. Yin Su Ling did not want to see ye Chen die.

Yao nine stars also smile, see ye Chen, is actually standing in place, motionless, not a trace of hand!

This kid, I guess you're scared to be stupid? It's all dead!

Ha ha, did not expect, fool, also can be afraid.

He's a little boring. It's revenge. It's too easy.

But at this time, ye Chen, moved!

To be precise, it's the opening!

He looked at the suppressed clouds coldly, and said coldly, "Qisha Qijue: Soul swallowing to the sky!"

Just eight words, but it seems to freeze the time!

The next moment, in Ye Chen's eyes, when the cold light is flourishing, the soul body is transformed into infinite power. In an instant, it turns into a rolling soul force. Vaguely, it turns into a little white light and appears on the top of Ye Chen's head!

Soul force into shape!

That's a phenomenon only after the soul power is strong to a certain level!

But this is just the beginning!

That little white light, suddenly towards a certain point, converged and turned into a frightening Rune with bursts of rhyme! Bite soul road seal, come out!

At the same time, the three soul seals fly out of Ye Chen's eyebrows and merge with the soul swallowing road seal!

At the next moment, a dark whirlpool appeared in front of the public. In the whirlpool, there was a very uncomfortable breath for many ghost practitioners!

All of a sudden, the whirlpool trembled, and a giant came out of the whirlpool and appeared on the top of the mountain!

One, can not see the face clearly, but, incomparably great giant!

The giant exudes the majesty of the world, just like a king in the world of gods and demons. In his hand is a long sword, a sword with a mysterious ancient flavor. At the same time, there is a dark fire dragon around the demon!

Long sword in hand, fire dragon around, people's eyes, as if it is a really broken from the demon God!

Ye Chen's face is a little pale. Since he got three Tianjie soul seals, he hasn't done much research. In recent days, he began to study deeply in the cave, how to integrate the power of the soul seal with his own soul eating seal!

Finally, a few days later, he successfully created a new soul eating Tongtian!

That giant is the power of the spirit seal of the gods and demons!

That ancient sword is the power of Xuangu soul seal!

The fire dragon is the result of the power of the fire soul seal!

The corner of Ye Chen's mouth raised a faint smile. Well, although it's hard, he is very satisfied with the power!

He is confident that the soul skill he is now exerting will be regarded as a peerless existence in the whole half of the underworld!

This is only Ye Chen can display the soul devouring heaven!

The next moment, the giant moved. He held up his long sword, and fiercely faced the cloud in front of him. With one sword, the Dragon roared and merged with the black sword spirit into a black sword dragon, flying out!

What the ghost cultivation uses is the skill of soul and martial arts. If the spirit is injured, is it not self defeating?

With a roar, nearly 7000 skills of soul and martial arts, the cloud composed of them exploded in an instant!

At the moment of Jianlong's coming into the world, the sound of scream reverberates on the top of the mountain!

One after another, the ghost Xiu hugged his head and rolled wildly. Most of them, the whole sea of knowledge, was burning. A black flame burst out of their seven orifices. Then, the whole body gradually faded and began to dissipate!

Chapter 4340

And even those who didn't die were seriously injured and rolling on the ground!

The essence in Ye Chen's eyes flashed wildly. After those ghost cultivation dissipated, all kinds of pure and incomparable congenital ghost power poured into the black whirlpool like the sea embracing all rivers!

It was completely swallowed up by the soul devouring the sky!

Ye Chen's soul force has gone up a step again!

After cutting out a sword, the God gradually dissipated.

Heaven and earth return to Qingming. If it were not for the ghost repair which fell to the ground and thousands of people disappeared directly, no one would dare to believe that what happened just now is true!

Zhang Fengxi is stupid, Yin Su Ling is stupid, and all the people who are still alive are stupid!

Don't say it's them. Even Qin Xiao and others on the top of the black snow are stunned and speechless!

What did ye Chen do?

A blow to resolve the 7000 talent attack, but also killed thousands of them!?

This can't happen at all!

However, ye Chen has a light look. It is abnormal that ye Chen can't do it because he has the strength comparable to the existence of Shiyuan's four layers of heaven in the semi underworld, and the soul biting Dao Yin, which is specially used to restrain ghost cultivation. In addition, even in the higher world, it is not normal that ye Chen can not do it.

On Ye Chen's face, with a plain smile, he looked at the Obsidian nine stars which seemed to be frozen. He said, "now, do you still think that I come to take your score, is it ridiculous?"

For a moment, Yao Jiuxing's face changed wildly, and the nine big stars suddenly appeared behind it. At the same time, a black light burst out from its ribs. In the black light, surging power!

With a roar, the strength of the first four layers of heaven broke out completely!

Yao Jiuxing, holding a soft sword, yelled: "let's go, let's go!"

Seven thousand genius, no, but Sihuai and other top ten demons, but still!

Yao Jiuxing is crazy at the moment!

Boundless fear, in the bottom of his heart, he just want to kill Ye Chen, regardless of everything to kill Ye Chen, this guy is a monster!

Can, Si Huai and others, but are hesitant, dare not move!

Ye Chen just that hit soul skill, too shocking!

Yao Jiuxing's eyes were full of sinister color, and secretly swore: "damn traitor, when I kill this monster, I will kill you one after another!"

The light of the nine stars, blending into the soft sword, seems to carry the nine worlds, towards Ye Chen, bombarding down!

Ye Chen looks at the chopped soft sword. He holds a dark sword in his hand, which destroys Daoyun and soul swallowing Daoyun. At the same time, the sword is dancing. A gray and black sword awn suddenly surges out and collides with the soft sword!

There was a big bang, and the heaven and earth moved greatly. The whole ceremony place seemed to be shaking. Countless mountains collapsed, and the surging afterwaves radiated around!

Yu Wei, the only two people to fight, then let Sihuai and other top ten talents, can't help but face crazy change, quickly retreat!

But, at the moment, what makes them more frightening is not the aftereffect, but the scene that appears in front of them!

I saw that the nine stars on the soft sword were broken one by one!

And the nine black lights of the world!

"No way!"

Yao Jiuxing's face looks unbelievable and roars wildly!

Why is this?

He devoured the bones of the underworld, and his strength broke through. Even though ye Chen's soul skill was a little shocking, he should be killed by his own all-out sword!

But why, it is their own attack that is broken in an instant!

"Damn it! damn! Damn it

Yao Jiuxing roared and retreated. His eyes were full of crazy color. The nine stars had broken eight times, and the last one seemed to be on the verge of collapse!

Yao Jiuxing's eyes were red with blood. Suddenly, a ferocious meaning appeared in his eyes. He took a look at his rib position, and an idea circled in his mind

"If I further integrate with this ghost, I will surely defeat this boy..."

In the past few days, Yao Jiuxing has not been idle, constantly refining the Ming bone, but even with his qualifications, it is still a drop in the bucket!

I don't know how long it will take to refine the Styx thoroughly!

However, soon, Yao Jiuxing found that there was more than one way to integrate with the netherworld!

One way is to melt and polish with Yin Qi, as he is doing now.

And the other is to make their own flesh and blood blend with it!

If you use the second method, Yao Jiuxing can be sure that with its nine star soul body, the power that this ghost brings to itself will soar several times!

Of course, this method also has disadvantages!

That is to say, directly refining the ghost bone with flesh and blood may cause evil spirit to enter the brain and become like ghosts and demons, only knowing the existence of killing!

Originally, Yao Jiuxing would never use this method, but now, facing Ye Chen, he can't manage so much! Now in his mind, there is only one idea, that is, kill Ye Chen!

At this time, the ninth star finally burst!

And the gray black sword, still moving forward, a shadow of death shrouded in Yao Jiuxing's heart!

"Damn it

Yao Jiuxing has been forced into a desperate situation now!

"Ye Chen! You forced me! Good, good. I want you all to die here!

Bones of the nether world, give me fusion

The next moment, Yao Jiuxing's whole body blood gas, in an instant toward the body's ghost bone gallop away!

Even if the incarnation only knows how to kill the monster, it is still in the hands of Ye Chen!

Yao Jiuxing's eyes turned red in an instant. A condensed Yin Qi interwoven with strong evil spirit enveloped his whole body. His skin gradually turned black, and there were light blood lines on his body surface. His original handsome face was also exposed with fangs, which made him extremely ferocious.

Behind it, there are even bone spurs!

At the moment, the Obsidian nine stars in front of everyone were like ghosts and demons, emitting endless killing breath!

And the most terrifying thing is that the actual force, climbing again, has already broken through to the source of five layers of heaven!

At this time, the light of the gray black sword finally arrived in front of the nine stars. A roar reverberated in the ears of the people. Nine stars appeared again, but!

This time, the stars no longer shine, but into pure black color!

Yao Jiuxing's wrist moved, and he cut out a sword again. The grey and black sword awn finally disappeared!

After the mutation, Yao Jiuxing is quite easy to block the sword of Ye Chen!

Zhao Jun's eyes trembled and exclaimed, "no! Yao Jiuxing was actually melting the Ming bone with blood. At the moment, its consciousness was occupied by the evil spirit contained in the ghost bone, and became a senseless killing demon! Run away

He said, it is a flash of body, will face the distance, run away!
